

NAVY STARTS TASK OF BRINGING UP 'SQUID'

PNEUMONIA PERIL STILL HAZARDOUS, CONVENTION TOLD

Pneumonia is still a dangerous disease in spite of recent advances in serum therapy, said Dr. L. B. O'Meara, Los Angeles college professor and principal speaker at the opening business meeting of the 34th annual convention of the Idaho Osteopathic association which was underway at the Rogers hotel this morning.

First Picture of Rescue Operations in Submarine Disaster

The remarkable airship above shows the rescue of the first seven men to be taken off the submarine Squalus. The arrow at right points to the great diving chamber, just breaking the surface, as seamen aboard the navy submarine rescue ship Falcon hoisted it up from the Squalus, 240 feet below. This was the first time in history that men have been rescued from a semi-flooded boat lying in such a great depth of water.

Divers Begin on Raising of Ship And Death Cargo

PORTSMOUTH, N. H., May 26 (AP) — The navy today began the task of bringing up the super-submarine Squalus and her 26 dead from the bottom of the Atlantic.

Man at Controls Casts Doubt on Valve Failure

By GARDNER FROST
PORTSMOUTH, N. H., May 26 (AP) — The navy today began the task of bringing up the super-submarine Squalus and her 26 dead from the bottom of the Atlantic.

Oddities

By United Press
NEW YORK, May 26 (AP) — Stanley Vogel, 19, was arrested at the New York World's fair today on a charge of stealing a pocket book from the women's rest room in the Temple of Beligion.

Time Turns Back for Draft Dodger as He Waits Court Martial

NEW YORK, May 26 (AP) — The hands of time turned back 20 years today for Grover Cleveland Bergdoll, the draft dodger. He was back where he started—in military prison awaiting court martial.

3 CHECKS NAMED IN HALE CHARGES

Prosecution efforts to prove that former County Agent Harvey B. Hale embezzled \$550 will be based on three checks, two for \$250 each and one for \$50, according to a statement filed in district court today immediately after Judge J. W. Porter granted demand of Hale's counsel for a bill of particulars.

JAPAN STIRS UP REPRISAL THREAT

By JOE ALEX MORRIS
United Press Foreign News Editor
Japan stirred up grave threats of retribution in the far east today against the decision of Great Britain and France to pool their armed strength with Soviet Russia in connection with the European security front.

2 TRIES CLAIMED TO MURDER DUCE

PARIS, May 26 (AP) — The newspaper Paris Soir, in a dispatch from Nice, claimed today that two attempts had been made to assassinate Premier Benito Mussolini of Italy.

Nazi Bund Chieftain Held in \$5,000 Bail

NEW YORK, May 26 (AP) — Fritz Kuhn, "father" of the German American Bund, was held in \$5,000 bail today after pleading not guilty to all 12 counts of an indictment charging him with grand larceny and forgery in connection with alleged shortages in the organization's funds.

Idaho Victim

Robert Wald, Kasaan, Ida., was among the officers who perished in the Squalus disaster.

STUDY WILL EYE BAN ON PEDDLER

Merchants' bureau of the Twin Falls Chamber of Commerce will study the "Green River Law," designed to keep transient and non-resident peddlers and peddlers in cities, and if found applicable, will urge the city council to adopt it for Twin Falls.

ECONOMY GROUP WINS BIG SLASH

WASHINGTON, May 26 (AP) — The Senate Appropriations Committee today slashed \$25,000,000 from the rivers and harbors and flood control sections of the war department non-military appropriation bill.

TOWNSEND BILL GETS 'GAG' RULE

WASHINGTON, May 26 (AP) — The House rules committee today granted little of way to the Townsend bill, which would force the use of "gag" rule pending settlement and limiting debate to four hours.

800 Trying for Game Positions

BOISE, May 26 (AP) — More than 800 persons have made application to the Idaho Fish and Game commission office service examining board for 77 positions and the board expected the number applying to be more than 1,000 by June 1.

Clipper Due Saturday

NEW YORK, May 26 (AP) — Pan-American Airways announced today that the Yankee Clipper was expected at Port Washington, N. Y., at about 8 a. m. EDT tomorrow.

MICHIGAN FORMALLY PUTS VANDENBERG INTO G. O. P. RAC

MOVE ABRUPTLY SERVES WARNING ON DEWEY, TAFT

By LYLE C. WILSON

WASHINGTON, May 26 (U.S.)—The Michigan Republican congressional delegation today unanimously endorsed Senator Arthur H. Vandenberg, R., Mich., for the 1940 Republican presidential nomination. The move abruptly posted Michigan against treachery by other contenders.

Vandenberg now is certain to be the favorite son candidate of the Michigan delegation to the Republican national convention next year. He has not announced his candidacy but this week informed a questioner that:

"I wouldn't decline the nomination—but I do not have the remotest idea that the situation will develop any such necessity."

The United Press was informed that a deal has been arranged whereby District Attorney Thomas E. Dewey of New York will not attempt to coach on Vandenberg's Michigan preserves. Dewey was born in Michigan.

Vandenberg might have had the 1940 G. O. P. nomination if he had battled for it. His privately expressed opinion long before the June 1936 Republican national convention was that the nomination that year was of no value because President Roosevelt would be re-elected.

Today's endorsement is notification to Dewey and Senator Robert A. Taft, R., O., that they are in for a fight for 1940 top honors. They, with Vandenberg, consistently have topped polls reflecting Republican sentiment in the state of the Michigan in the G. O. P. entry is Governor John W. Bricker, of Ohio. Every Republican member of the Michigan delegation signed the endorsement in the form of a letter submitting to the senate a previous endorsement of Vandenberg as Michigan's choice for 1940.

Gov. L. D. Dickinson, seven other top Republican officials and 33 members of the legislature signed the "draft" document and forwarded it to Representative Carl E. Mape, R., Mich., who represents Vandenberg's district.

Canadians Call King Rainmaker

By WEND MILLER

ABOARD ROYAL PILOT TRAIN, EN ROUTE, May 26 (U.S.)—King George VI— "George the Rainmaker"—to wheat farmers of Saskatchewan—arrives with Queen Elizabeth today at Calgary where they will have their first view of the Rocky mountains.

Thousands of cheering farm folk, many of them from lands plagued by drought in 1938, were among the crowd which greeted the royal couple at Regina and Moosejaw last night. Little rain had fallen in weeks and there was threat of another drought. But a heavy downpour accompanied their majesties' arrival—rain which meant much to newly seeded wheat.

"Rainmaker"—The farmers thereupon informally hailed their king as "the rainmaker."

The royal couple left Regina at 8:10 p. m., M.S.T., and arrived 20 minutes later at Moosejaw for a formal reception by city officials and a procession through the city. The royal couple stopped there only half an hour, then proceeded to Waldeck where the royal train was shunted onto a siding for an overnight stop. They passed for a brief visit at Medicine Hat this morning, and will arrive at Calgary late this afternoon.

Resume Westward Trip

At Calgary they will be greeted by city officials and the Hon. J. A. MacKinnon, member of the federal cabinet from Alberta. After a reception and tour of the city they will resume their journey westward.

The king will be wearing two fingers of his right hand which he caught in a door jam Tuesday night. Despite the injury he shook hands at least 200 times at Regina yesterday.

FILER

A health unit committee meeting was held at the home of Mrs. George W. Potter to plan for the summer round-up of pre-school children at the Victory school building, Friday, June 2. Dr. J. W. O'Neil and a dentist will be in attendance and inoculations for smallpox and diphtheria will be given, if desired.

Paul Reichart has returned from Wallace where he attended the 36th annual grand commandery meeting of the Knights Templar.

Mr. and Mrs. David Travis were hosts on their wedding anniversary at their home Monday at a dinner. A decorated cake was the center of attraction on the table. At midnight the prizes were awarded to J. M. Brennan and Ralph Cedarholm. The guests were Mr. and Mrs. J. B. Brennan, Mr. and Mrs. Harold Johnson and Mr. and Mrs. Ralph Cedarholm.

W. C. Musgrave returned Sunday from a visit with relatives in Los Angeles, Livermore and other points in California.

The Pourcave club met last week with Mrs. Homer Dantzell. Mrs. Irene Johnson was in charge of the program. Several book reviews were given. A large bouquet of flowers was sent to Mrs. Elizabeth Gibson, who is ill.

Bucket Battle in Harlan

Swinging a bucket at his opponent, non-union miner, left, engages in fast fist-fight with United Mine Workers' picket, one of several hand-to-hand scraps as anti-union miners returned to work in Harlan county, Ky., coal fields.

NIPPON AIMS AT BRITISH QUARTER

SHANGHAI, May 26 (U.S.)—Chinese sources reported today that Japanese agents intended to stir up disorders in the British concession at Tientsin to make an excuse to occupy it, as a first move toward invading foreign areas in China.

It was alleged Chi Wen-Ping, former Chinese military leader in eastern Hopei province who is now operating with the Japanese, intended to lead 2,000 men into the British concession.

British police tightened control of the Tientsin concession borders. It has been reported for some time that Japan might move first against the Tientsin foreign area in a campaign to exert control in foreign settlements along the coast.

The situation at Kuantung, where American, British and French marines were landed as a result to a Japanese occupation, remained undisturbed and the Japanese were increasingly angry at the refusal of the other marines to leave.

FARM EMPLOYE HELD IN MURDER

SALT LAKE CITY, May 26 (U.S.)—Benjamin Eugene Floyd, 23, who for two years worked on a farm at Randolph, Utah, as Ben Burton, was in the county jail here today under an indictment for the murder of a county road gang guard at Manchester, Tenn., in 1935.

Federal Bureau of Investigation officers yesterday arrested Floyd on the farm where he had been working. Jay C. Newman, agent in charge of the Salt Lake bureau, revealed.

Newman said Floyd was wanted in Tennessee on the murder charge and by the federal government under a charge of fleeing to escape prosecution.

The F.B.I. agent said Floyd admitted his identity and the shooting of guard Ben McCullough. He will be held here pending arrival of a U. S. marshal from Tennessee.

Floyd was serving the final day of a 30-day sentence on a Tennessee road gang for stealing corn in 1935 when McCullough was detailed to take him to his home while he changed clothes. Newman said he allegedly obtained a revolver while in his home, shot McCullough when he emerged, and fled.

Return of romance to screen has produced a new love team in lovely Irene Dunne and handsome Mac Murray. "Revelation" is their first film together.

I. C. C. Receives Senate Okeh for Water Transport

WASHINGTON, May 26 (U.S.)—The senate today had approved, 70 to six, the Wheeler-Reed bill giving the Interstate Commerce Commission authority to regulate inland waterway transportation companies as well as railroads and other common carriers in interstate commerce.

Passage came after four days of bitter debate which became more heated late yesterday when Sen. Burton K. Wheeler, D., Mont., co-author of the measure, charged that the U. S. maritime commission has staged several \$10-a-plate dinners at the government's expense in an attempt to stimulate business for the government subsidized Dollar steamship line.

F. D. R. PRAISES RESCUE EFFORTS

WASHINGTON, May 26 (UP)—President Roosevelt today praised the navy for its work in bringing to the surface survivors of the sunken submarine Squalus.

He expressed regret at the death of those men trapped in the flooded compartment of the submarine, and observed that human ingenuity had not yet perfected a machine that was perfect.

He asserted, moreover, his happiness that all preparations had been arranged for emergency of the kind that any American submarine requiring rescue and salvage operations in recent years.

The president pointed out that the depth of 240 feet at which the Squalus lay was 100 feet deeper than that of any American submarine requiring rescue and salvage operations in recent years.

The president said that the success of the rescue devices used on the Squalus proved the worth of spending a great deal of money on experimental work.

Son of Famed Russian Officer Graduates from Navy Academy

Vadym Ugoff, only native Russian member of 1939 graduating class at Annapolis.

HIGHLIGHTS FROM LATEST BOOKS

WHEN BOME HAD A NEW DEAL

H. J. Haskell, editor, Kansas City Star, has written a startling comparison of government reform measures in modern America and ancient Rome. Typical of the interesting analogies Mr. Haskell draws the following from "The New Deal in Old Rome" (Knopf, \$2.50).

This essential policy of prudent spending by Tiberius... brought on hard times which culminated in the panic of A. D. 33... Distressed debtors, perhaps stirred up by agitators, began to prosecute their creditors for usury. There were so many cases that the government allowed a period of 30 months in which offenders might adjust their affairs in accordance with the law. This precipitated a crisis because loans were called and land values collapsed. To bolster the market the Caesarian law was revised and lenders were ordered to invest two-thirds of their capital in Italian land.

The effect of the edict was the direct opposite of what was intended. With a falling market, re-investment in land was postponed for lower prices, and the collapse continued. Thereupon the government set up a Home Owners' Loan Corporation, the modern HOLC... It was authorized to lend distressed landowners five million dollars from the treasury, without interest for a period up to three years...

By EVELYN BART
(NEA Service)

ANNAPOLIS, Md.—Another interlude in a drama which began in Russia 25 years ago will be climaxed when Vadym Ugoff, only enrolled midshipman of Russian birth, marches in graduation exercises at the United States Naval Academy.

Attending the ceremonies will be Baroness Leda Wrangell, the boy's mother. Once she was the wife of the late Admiral Com. Victor Ugoff of the Imperial Russian Army.

Midshipman Vadym was born in Sebastopol, Crimea, in the midst of fury and turmoil surrounding the Russian revolution of 1917. His birth was marked by an incident which, but for the bravery of his father, might have ended in sudden death for an entire family.

Escaped Death.
Madame Ugoff saw shooting at a target in the yard of the family home in Sebastopol, practicing with the army revolver given her by her husband for protection. Two Red soldiers, passing on the road nearby, heard the shots and threatened to kill her if she did not stop.

Commander Ugoff, joined the group and laughingly explained to the excited soldiers that his wife was using a toy pistol, convincing them by pointing to the St. George's cross on his breast and inviting them to shoot the sun at his side if they doubted his word. The soldiers, grinning sheepishly, accepted the incident as a joke and returned to the road.

Madame Ugoff collapsed, dropping the loaded pistol at her husband's feet. Vadym was born the following day.

This same fearless nonchalance prompted Commander Ugoff to perform daring feats of heroism during his being the first officer to receive the St. George's cross during the World War. Prior to the outbreak of the revolution and Russia's withdrawal from the war, Ugoff was awarded the Legion of Honor and several other decorations for bravery in action.

His Father His Ideal.
His spectacular career has been the major factor in determining the pattern of his son's life. Vadym plans to continue his father's work from the point of its interruption by death.

Now ready to enter active service for his adopted country, he recalls the day when his father, realizing his duty to return to the vocation which had first intrigued him. After coming to the United States, Commander Ugoff was recruited by the navy to serve as a naval aviator.

For a time, he drove a taxi in New York City, but after a series of failures, he was persuaded that success was attainable only in the field for which he had been trained and in which he had revealed unusual brilliance. He became a member of the coast guard service, aviation division, at Gloucester, Mass.

The fate which protected the Russian midshipman's career during the war was turned back in October, 1930, when his coast guard plane crashed up outside Boston. He is buried in Arlington cemetery with America's national heroes.

The young midshipman also recalls the exciting days at the Ugoff home on Long Island when Igor Sikorsky and a group of enthusiastic Russians were building the first Sikorsky airplane in the Ugoff back yard.

The boy's world collapsed with the crash-up of his father's ship but it has been reconstructed gradually through his faith in the idea of carrying on his father's ideals of service and spectacular courage.

Mother Admiral's Daughter.
Vadym's mother was the daughter of an admiral of the Imperial Russian navy. The death of her husband left her alone in an unfamiliar country, with the full responsibility of supporting four children.

Despite her background of luxury and leisure, she did not hesitate to accept work in a New York department store and later she served as hostess in a Russian restaurant. Her lectures on various phases of Russian culture, delivered to select audiences, supplemented her regular income. The orthodox Russian ceremony which celebrated the mar-

Baroness Wrangell, her midshipman-son was born during Russian revolution.

Two-Ton Tony Plays Romeo (No Fooling!)

NEW YORK, May 26 (UP)—"Romeo, Romeo, wherefore art thou, Romeo?" pleaded red-haired Nancy Juliet Carroll, and up popped Tony Galeoto, a two-ton Romeo.

"She speaks... she speaks," Tony gushed, "yet she says nuttin'... Oh gush! that I were a glove upon her hand!" (Sigh of relief.)

"I'll molder you for dat," Juliet muttered aside when Tony muffled his coo. Then Tony came back like he might at the count of nine. Tuffy happily, he blurted out:

"Alack, dere lies more peril in dine eye dan 20 of dere sword."

The kid was a broadcasting gas last night after program directors had a good time lining up the principals. It was reported that first tried to get Katherine Hepburn for the Juliet number, but she refused somewhat abruptly. "Bah! Bah! Bankrupted!" just hung up the telephone. Even Tony balked at first but his manager, Joe Jacobs, persuaded him that it would be good build-up stuff for his forthcoming fight with Joe Louis. Nancy Carroll thought it would be a swell gag.

The program directors decked out Tony in a colorful Venetian costume of the 17th century and planted him under an improvised balcony where Miss Carroll was standing.

Tony, crouching below the balcony, heaved his chest and blurted his. All went well until Miss Carroll handed him the line about her better be careful or the soldiers would get him.

"I've a night's clock (the music clock) to hide me from dere eye," he said.

Tony brightened considerably after the broadcast and even forgot to call Miss Carroll a bum. However, he did crack:

"Shakespeare's a bum!"

Stage of Madame Ugoff to Baron Charles Wrangell in 1937 attracted national attention.

MUSICIANS GIVE RUPERT CONCERT

RUPERT, May 26 (Special)—Under the direction of Robert M. Orville, assisted by Albert Southall, pupils of the federal music project presented a concert in the municipal auditorium at 8:15 p. m. Wednesday in the following program:

NAMES in the NEWS

(By United Press)

Queen Mary of Great Britain still was confined to her room, recovering from bruises and shock she suffered when a truck struck her motor car. She was 72 years old today.

Marshal Klement Voroshilov, Russian war commissar, has been invited to attend British army maneuvers in September, evidence that early conclusion of a mutual aid pact between Britain and Russia may be expected.

At Stockholm, Leopold Stokowski, conductor of the Philadelphia orchestra, conducted his first seasonal concert to a crowded house which included King Gustaf V and members of the royal family.

Dr. Sam H. Higinbottom, internationally-known missionary layman and president of Alahabad college, India, has been elected moderator of the Presbyterian church in the U. S. A.

Major Ernest Brown, Washington police chief, said he expects more than 500,000 persons to view the parade for King George and Queen Elizabeth from Union station to the White House on June 3.

Dr. Francis F. Townsend began a speaking tour of Colorado today when the prediction that congress would defeat his pension measure. He believed, however, that the bill ultimately will pass.

Morris Diamond, 53, business manager of a seaman union in New York City, was shot to death by an unidentified gunman who pumped five bullets into him.

Brig. Gen. George Marshall, recently named as chief of staff of the U. S. army, is in Rio de Janeiro conferring with Brazilian military leaders on the way to defend the western hemisphere from possible foreign attacks.

Proposals Charted For Taxpayer Unit

Twin Falls county legislative delegation and directors of the county Taxpayers' league last night mapped proposals to be submitted to a general meeting of the league soon, according to C. P. Bowles, secretary.

Announcement of the suggested proposals will be withheld until they are submitted to the league.

FINNS MAY DEFEY SOVIET ATTITUDE

HELSINKI, Finland, May 26 (UP)—Reliable sources indicated today that Finland might propose for fortifications of the strategic Aland islands despite the objections of Soviet Russia.

Although no official information was a definite decision, indignation was mounting in responsible government circles against the attitude of Moscow which has insisted on postponement of a decision on the islands and the islands has indicated suspicion of Finland's motives.

The Aland Islands at the mouth of the Gulf of Bothnia might be used in war time to bottle up the Soviet fleet and would be of vast importance to Germany in keeping open her communication lines with Sweden's iron mines.

Finland officials expressed hope Britain and France would join them in persuading Russia to accept the fortification proposals. Failure to achieve a satisfactory settlement of the question, it was indicated, might influence the attitude of Finland and Sweden toward the League of Nations.

Finland and Sweden which have said they sought only to strengthen their neutrality by fortifying them.

WILL BACK RUSSIA

PARIS, May 26 (UP)—Diplomatic quarters reported today that France and Great Britain would back Russia in a refusal to agree to fortification of the neutralized Aland islands at the mouth of the Gulf of Finland in the Baltic.

To a Woman, Every Day is "EXPOSITION" Day

"Wait a minute!" says the typical woman, faced by a camera. "Why? Because that picture is a 'looking' 'Exposition'... she must look her best."

Tastes are "focused" on coffee

Remember this about coffee—it is the lasting "Exposition" of the meal. And tastes "take it"—rich or poor in flavor—just as they find it in the cup. How important then to serve Hills Bros. Coffee! For 61 years its marvelous flavor has satisfied the most sensitive tastes. The millions of men and women who drink Hills Bros. Coffee daily make this candid remark over and over again—"Now that's what I call good coffee!"

HILLS BROS. COFFEE

BRITAIN MAY ANSWER JAPAN BY ECONOMIC REPRISAL

LONDON SEEKING U. S. ATTITUDE IN CHINA BLOCKADE

By FREDERICK KUH

LONDON, May 26 (U.S.)—Great Britain may answer Japan's virtual blockade of the China coast by resorting to economic reprisals.

For the moment, the government awaits further details from Ambassador to China Sir Archibald Clark Kerr and Admiral Sir Percy Noble, commander in chief of the fleet in China.

Consult 6. S.

It was believed the government had already taken steps to consult the American state department to find the attitude of the United States toward Japan's new step, announced by a Japanese navy spokesman at Shanghai.

"Without admitting the legal existence of a state of war with China Japan appears to be arrogating to herself full belligerent rights," a spokesman said.

Japan never has declared war on China.

Before announcing its intention to halt foreign ships within an area extending 200 miles out from the China coast to see if they carried "contraband," the Japanese halted the British liner Kangaroo and the French liner Aramis on the high seas. This brought angry protests from the British and French navy commanders in chief in Chinese waters.

Convoys Suggested

It has been suggested that all British ships flying the China coast should be provided with navy convoys. This would be most expensive, and also might necessitate the dispatch of more warships to China.

As an alternative, navy experts considered the practicability of a naval patrol along the coast.

Under such a plan, British warships would be scattered at fixed distances ready to reply to an SOS call from any British ship which might be challenged. It was believed possible that if any such proposal were adopted, French and British warships would cooperate.

In HOLLYWOOD Today

(By United Press)

A group of German and Austrian refugees of the Nazi regime, banded together as the Continental Players, made its American debut last night in Frederick Schiller's drama, "William Tell," before an audience of Hollywood notables.

After three weeks presentation here, the play will be taken to San Francisco and New York. Sponsors of the group include Frank Capra, Norma Shearer, Basil Rathbone and Paul Muni.

Production of short subjects by Warner Bros. studios is being transferred from Brooklyn to Hollywood. Studio officials said the change was being made because of the greater availability of talent here.

Jean Harsholt, president of the Motion Picture Relief fund, said he had appointed James Roosevelt, son of the President, as chairman of the pension plan committee.

ON NEEDLEWORK IN YEARS

HALSEY, Ore. (U.S.)—Eighteen years ago Mrs. Herman Koch started sewing on a fancy bodysuit. She sewed in more than a mile of thread a year until this year the spread has 26 miles.

Rotarians Shown Indian Trophies

JEROME, May 26 (Special)—Enjoying a unique program on Tuesday of this week the members of the Jerome Rotary club were shown the collection of Indian arrowheads of W. A. Curtis, Rupert.

Mr. Curtis has collected some 400,000 arrowheads from 17 different states.

Among the visitors at the meeting were Earl N. Grandall, Salt Lake City; Blaine Simons, Salt Lake City; and H. E. Tuxley, Boise.

Because of the fact that the next regular meeting will fall on Memorial day, a national holiday, the club will dispense with their luncheon.

Trumpet Trio Gives Program for Rotary

RUPERT, May 26 (Special)—Delbert Lambing, Kimberly, Ralph Tharnberg, Yakima, Wash., and Rex Walgreen, Preston, all students at Albion State Normal school, provided music for the luncheon meeting of the Rupert Rotary club Wednesday at the Carleton Hotel.

Accompanied by Miss Doris Marjorie, Rupert senior, the boys played "Bells on a Silvery Sea" and "Trumpeters Three" as trumpet trios. Community singing, with Mrs. Edna Sinclair at the piano, and a talk on "International Relations" by H. V. Oreson completed the program.

CITY STUDIES MALNUTRITION

ST. LOUIS, Mo. (U.S.)—The board of education has ordered an investigation of malnutrition and other bodily impairments among children living in the central business and industrial district here to determine the connection of health with more than the usual amount of failures throughout the area.

HAGERMAN

Mrs. W. Dickenson, who have spent the past week visiting at the home of his parents, left Saturday for their home in Salt Lake City.

Mr. and Mrs. John Rider and family left Saturday for a week's visit in Twin Basin.

Ozell Talbot and Martin Bardsley spent the week-end in Weber visiting at the home of Martin's brother, N. M. Bardsley.

Miss Joy Little, Emmett, was a week-end guest at the George Martin home.

Mrs. Lee Fawson of Pocatello spent the week-end at the home of her sister, Mrs. Jack Chipman.

Mr. and Mrs. G. P. McReynolds and daughter, Avonnie, left Saturday for a three-week trip through the southern states. Mr. and Mrs. Nick Haight, Shoshone, will run the drug store while they are gone.

Chips Fly

AUGUSTA, Me. (U.S.)—Perry Greene is justifiably proud of his wood-chopping prowess. He recently chopped through an axe-knife-dried hard pine timber in 16 3/8 seconds.

Using a 10-pound axe, he severed the timber with six "chips" on one side and four on the other.

BRITAIN WIDENS WAR MANEUVERS

LONDON, U.S.—Great Britain's war games will be held from Sept. 15 to 23 on a battle front "somewhere in Yorkshire," 200 miles from the base camp.

Troops operating on a full war-time scale, with the Royal Air Force and tanks in support will clash in this year's army maneuvers.

"Allied" forces, as well as the "enemy" will be represented, but the activities of these troops will be to some extent controlled.

An entire army corps, brought up to war strength, will make a strategic road-and-rail move from the great south-western military base at Aldershot to the boundaries of Yorkshire, about 180 miles. Special trains and thousands of road vehicles will be used.

Strong air forces will cooperate with the "enemy" particularly with a view to attacking the strategic move north.

The war office states that the reason for the exceptionally long continuous period of the maneuvers is that it will impose a greater strain on the troops.

This, however, will have the advantage of allowing all ranks to become accustomed to their duties.

In shorter exercises officers and men, and particularly the staffs, frequently work continuously without rest and these are able to get a false impression of war conditions.

With an exercise lasting several days they are compelled to organize their work in relief.

The strategic move north will be made between Sept. 16 and 18. To supply the troops after arrival, special trains will run, as in wartime, carrying gasoline, ammunition and food.

If "enemy" action, particularly from the air, is judged to have interrupted the chain of supply, the ability of the force to maneuver will be handicapped accordingly.

Steals Clothing

JEROME, May 26 (Special)—Guy Irish, transient, assessed a fine of \$15 and court costs of \$7.20, and was committed to the Jerome county jail on a charge of having stolen a leather jacket and a pair of shoes from Earl Eder May 20.

After he appeared before Probate Judge J. H. Folsom, May 24, Irish pleaded guilty to committing the misdemeanor.

DRAB STRUCTURE HOUSES HISTORY

ST. LOUIS, Mo.—Once an outstanding structure in a booming frontier town and a center of activity in the pioneer west, a big, three-story building now stands drab and unused on St. Louis' waterfront.

It went unnoticed until research experts of the national park service identified 207 North First street as St. Louis headquarters of the historic Overland Mail. There it was, beginning in 1838, that passengers and mail started on a 24-day journey to San Francisco—fastest transportation of the day.

The 30-year-old building was the office of American Express company, which together with the Adams, National and Wells-Fargo companies controlled the mail and passenger service of the Great Southern Overland Mail.

The service operated by train to Tipton, in central Missouri, terminus of the old Pacific railroad line. From there it went by six-horse coach and covered spring wagon to Springfield, then the Memphis branch of the Overland at Fort Smith, Ark., and headed westward across the plains to Los Angeles and up the Pacific coast to San Francisco.

Running time for the 2,768-mile trip usually was better than the drab contact time.

For the twice-weekly trip, mail, the Overland received \$100 a year from the government. Passengers paid \$20 each for the journey, hailed by the newspaper, "The Overland Mail," in 1838 as "the fastest and safest travel line in the world."

trip usually was better than the drab contact time.

ALFALFA WEEVIL DANGERS POINTED

JEROME, May 26 (Special).—The dangers of damage from attacks of the alfalfa weevil on this year's alfalfa hay and seed crop brought pointers on control from county agent, Eugene W. Whitman, this week as recommended by Dr. W. E. Shull, extension entomologist.

Alfalfa weevil chews the plant leaves, feeding on the tender tips and developing buds, often preventing further growth. Injured plants may have but little fiber and tissue left when time for the first cutting arrives, and a badly infested field assumes a gray, lifeless appearance.

"An infestation of alfalfa weevil, considered of little importance in a hay field, is often sufficient to render seed production unprofitable," Whitman said.

A parasite has been imported to feed on the weevil but at the present time there are too many weevils for the number of these parasites, thus it becomes important to materially reduce the weevil population.

Recommended control measures by the extension entomologist is by spraying. Calcium arsenate is applied at the rate of two pounds per acre and costs about \$1.25 per acre. The amount of water to be used will vary with the type of alfalfa machine. It is not poisonous to livestock.

"Farmers should be prepared for spraying within a short time," advises County Agent Whitman. "Machines should be promptly repaired and made ready for this job."

JEROME

Third in a series of bridge occasions was given last week at the home of Mrs. Roy Smith with Mrs. William Peters co-hostess. Spring flowers of tulips and iris decorated the home. Six tables of bridge were in play following a dessert with prizes being received by Mrs. H. Maine Shoun, Mrs. D. E. Smith and Mr. F. Shoups.

Mrs. Jesse Rigney and daughter, and son, Doris and Jimmy, Bole, were guests last week at the home of Mrs. Nellie Roberts and Mrs. C. Ott, aunts of Mrs. Rigney. They left this week for Nashua, Mont., where Mr. Rigney is employed in service work at Fort Peck, Mont., during the summer months. Mrs. Rigney is known in Jerome by friends as the former Josephine Popkey. She is a teacher near Nage, and will return there next fall.

Rela Kappa chapter of the Delphian society met Monday at the home of the president, Mrs. O. R. Peterson. The lesson was on the American poet—Walt Whitman. Mrs. Floyd Beddell was in charge. The next meeting of the society will be held in three weeks on June 12 at the home of Mrs. Bert Silimlin. The lesson will be on the American humorist, Mark Twain and the satirist, John O. Squire.

Mr. and Mrs. Robert Spach entertained the members of the dinner bridge club this week. Four tables were in play, prizes being received by Mrs. B. L. Thorpe and Harry Carlsbom.

Mr. and Mrs. E. A. Kaurin, Los Angeles, Calif., left for Montana this week after they had been house guests of Rev. and Mrs. Earl J. Kaurin, Jerome Baptist church.

Mr. and Mrs. Carl Schultz, Napa, O., have been guests of Frank Pettig.

Concluding a series of bridge occasions this week, Mrs. Roy Smith and Mrs. William Peters were co-hostesses Tuesday at the Smith residence at the fourth event. Following dessert six tables were in play with prizes being received by Mrs. L. O. Hawley, Mrs. Fred C. Reed and Mrs. L. W. Crandall.

Miss Helen McCabe, daughter of Mrs. D. McCabe, left last week for Oakland, Calif., where she is employed after being a guest here at the home of her mother. Miss McCabe was on vacation from the California city.

After a thorough investigation of various breeds of hogs throughout the country, it has been found that it makes little difference which direction a hog's tail turns, clockwise or counter-wise, just so long as it curls.

National Guard in Harlan

National guardsmen, ordered to Harlan, Ky., as coal mines were reopened, are pictured loading trucks with weapons and supplies.

CAPE TOWN ISLE TO BE FORTIFIED

CAPE TOWN, South Africa (UP)—The "Island of Desolation," as Robben Island, facing Cape Town, is known, may become South Africa's "Singapore."

New batteries are to be erected at various points and the island will form a key point of the proposed coast defenses.

Oswald Pirow, minister of defense, and general staff officers have been making inspections of the island, which has been taken over by the military for fortification. Access to it by sea is forbidden, and fishermen and tourists must keep clear.

This is not the first time that the island has been fortified. Toward the end of the 17th century several four-pounders were sent over as a protection from attack and to command a part of the Table bay. Now 15-inch guns are to be mounted on the island.

Once Planned for Tourists

Before the critical developments of the past year, the South African tourist department had intended to develop the uninhabited island as a pleasure ground. Plans had been drawn up to equip the island with a casino, a beach and amusement ground. Other schemes being considered were to use the island as South Africa's "Ellis Island."

At one time the government tried, unsuccessfully, to encourage the establishment of dangerous industries on the island.

Now, in face of the pressing need for defense, all these schemes have been abandoned.

The island covers an area of only two square miles, and is inhabited mainly by rabbits, said to be descended from one pair introduced years ago. Several thousand men and women once lived on the island but it has reverted back to nature since the labor compound was destroyed five years ago. Now scabbers make their nests in the deserted buildings.

Isle Old Penal Colony

At one time Robben Island was a penal colony, convicts being sent there to hew the bluestone for Cape Town houses, and collecting shells for the lime kilns. Their treatment was said to have been compared with that on Devil's Island at its worst. Often the only food they got was refuse thrown overboard from ships and washed ashore.

Later the island was used simply as a dumping ground for lunatics. The unfortunate people were sent there and left to spend the remainder of their lives among convicts and criminals. Eventually the inmates were joined by lepers. The population once consisted of 500

G. R. CAMP THEME IS WORLD'S FAIR

Theme of the annual Girl Reserve summer conference to be held from June 21 to 30 on the shores of Payette lakes will be World's Fair.

The camp has been held annually since it was established 20 years ago. During these years literally thousands of Idaho girls have found inspiration in work and play and friendships at camp.

For them on June 25, alumnae day will be observed, with all past Girl Reserves who have attended camp invited to visit. A special program is planned for the day.

Site of the camp is the congressional conference grounds northeast of McCall. Girls from local clubs are selected to go, and must work for that honor.

Among the activities in which the girls take part are camp craft, work services and discussion groups. Recreation includes hiking, swimming, boating and outdoor living. Girls live in small tent houses, equipped with stoves and beds.

On the grounds will be a bookshop supplied with the latest books and equipment for Girl Reserves, where delegates may look over and purchase material for their own clubs.

Included in the list of equipment for camp were listed warm clothing, camp clothes, a musical instrument, and a nationality costume.

Delegates to the conference must have a doctor's examination before attending, and it is suggested that they have their serum inoculations. A registered nurse is on camp grounds at all times.

Keystone of British Defense

Keystone of Britain's Mediterranean defense system is the great naval base, pictured above, on the island of Malta, 55 miles from the toe of the Italian "boot." Bristling with guns and stuffed with underground stores of food and munitions, it provides a vital base for land, sea and air forces.

Church Plans for Special Program

RUPERT, May 26 (Special).—Sunday will be observed at the Christian church as "ret-acquainted day." All members and friends are urged to be present to meet the new pastor, Eugene Stump, who will speak at 11:30 a. m. on the subject, "Forget and Go Forward"

and at 2:30 p. m. on "Men and Trees."

Special features will be presented in the various departments of the Bible school at the 10 a. m. worship period. Special music for the 11 a. m. church worship service will be provided by the ladies' double trio, Mrs. E. W. Gaffell, Mrs. Edith Hunter, Mrs. Gordon Goff, Mrs. William J. Squire, Mrs. Fred Schuepbach and Mrs. Clyde Ben-

son, directed by Mrs. Floyd Britt. A special song service will be conducted at 8 p. m. by D. L. Carlson with Mrs. Britt at the piano. The public is invited to attend all these services.

Junior Christian Endeavor, under the supervision of Mrs. L. V. Carpenter, will meet at 11:30 a. m. All children under 14 are invited.

Dogs were used as pack animals by the North American Indians.

100 FROM BURLEY TO GET DEGREES

BURLEY, May 26 (Special).—Ten students from Burley and seven from nearby communities are among the 100 candidates for degrees at the University of Idaho's 44th annual commencement June 8.

Burley's prospective delegation in the university's 1939 graduating class follows: Virginia Gertrude McDonald and Herman E. Skipton, bachelor of arts; Carl Henry Huntington and Ole Clyde Williams, bachelor of science in education; Karl J. Wilson, bachelor of science in music education; John Leonard Gaskill, Jervis Edna Lowe and Jerome B. Weiler, bachelor of science in business; Frederick W. Cator, Jr., bachelor of science in geological engineering; and Marvin Whitney McLaughlin, master of science in education.

Vance T. Smith and Earl T. Smith, Malia, bachelor of science in agriculture; Pierre B. Nelson, Hayburn, bachelor of science in education; Lee Hans Peterson, Paul, bachelor of science; Philip B. Borup, John M. Corless and Melvin W. Hollinger, Paul, bachelor of science in agriculture.

Camera Shy

SAN FRANCISCO (UP)—Photographs of 20,000 people taken at the Golden Gate International Exposition reveal that men are camera-shy and women just love it. All of the shots at women showed them smiling happily, while nearly all the men had a look of distress on their faces.

Supreme Court Hears Test Suit Vital to Counties

SPECIAL SESSION SEEN IF DECREE UPHOLDS TAYLOR

BOISE, May 26 (U.S.)—Constitutionality of allocation by the state of \$1,000,000 annually in gasoline tax revenue to counties to reimburse them for reduction of auto license fees to a flat \$5 was argued today before the state supreme court.

A special session of the state legislature to right county finances that would be thrown into a chaos by an adverse supreme court decision would be necessary, county promoters agree.

Ada County Prosecutor Kenneth O'Leary contended the allocation made by the 1939 legislature, a constitutional amendment and a writ of mandamus to force State Auditor Calvin E. Wright to give out the funds.

The objections voiced by Atty. Gen. J. W. Taylor were that the law ignores requirements of the board of examiners to pass on all claims; infringes on state duty to raise funds for state purposes only; unlawfully creates a debt; attempts to obligate the state's credit; allocates money for roads now owned by the state.

Local Dairy Cow Sets up U. S. Record

A United States record for production in milk and butterfat has been achieved by the registered Holstein herd of L. J. Tencknick, Twin Falls dairyman, according to an announcement made this morning by the Holstein-Friesian association of America.

In the national herd test of the association, Mr. Tencknick's herd maintained a six-year average of 11,500 pounds of milk and 410 pounds of butterfat.

The record is the highest in the United States and is held twice a day milking for the six-year period.

The national association simultaneously announced that a five-year-old registered Holstein in Tencknick's herd has completed a record of 15,788 pounds of milk and 484 pounds of butterfat on a twice-a-day milking.

The cow is "Colantha Poles Koba." She is bred by Colonel Koba McKinley, 10th, outstanding Canadian herd sire used by Tencknick. Daughters of this bull have played a major part in helping win the high six-year average for the local dairymen.

Many Join 4-H Units in Jerome

Jerome, May 26 (Special)—Announcement was made this week by Eugene W. Whitman, Jerome county extension agent, that there have been 117 4-H club members who have enrolled for 1939 club projects in Jerome county, according to the enrollment blanks received up to this time.

The enrollments are included in 13 clubs, three of which are boys' groups and 10 of which are girls' groups. Fourteen boys have registered for the dairy project; two for sheep; one for beef cattle, and 16 for various projects.

The girls' groups are registered in clothing, room improvement, nutrition, poultry and canning projects.

Additional club enrollments are expected within the next few weeks to bring the enrollment up to approximately 175 members, an increase of about 40 members over the 1938 enrollment.

Storage Waters Called into Use

BOISE, May 26 (U.S.)—Streams throughout Idaho have fallen below the flow necessary for irrigation and storage supplies in reservoirs already have been drawn upon, federal engineers said today. Allocations are being placed in effect in most places to conserve supplies.

Camp Fire Girls

HONOLULU—Janet Pink of the Netopew group of Camp Fire has been awarded a national honor for written thought for her broadcast two weeks ago. Mrs. W. A. Van Engelen is guardian of the group.

Mrs. A. W. Bowman, assistant guardian of the Tulelake group, has been awarded torchbearer's rank in folk lore by Mrs. Robert Haller, of the Camp Fire council.

Beatrice Thomas, of the Netopew group of Filer, will speak over the regular Camp Fire broadcast Saturday on the first law, "seek beauty."

Premiums for 4-H

Jerome, May 26 (Special)—According to members of the Jerome county fair board, \$400 for premiums has been sold as prizes for 4-H club entries.

The premiums book will stress 4-H club features and considerable reduction in cost of the fairground building will be done to accommodate the 4-H club exhibits and contests.

Dishing up Summer Smartness

(Photo Kurek, New York)

Recipe for summer chic: Take one utterly flattering navy sheer dress, with slashed panels skirt and an unusual bow of crisp white pique at the neckline, add a large, swirling bag of satiny calfskin in lemon yellow, watermelon green and raspberry stripes. Season with snowy white gloves. Top with an off-the-face hat of navy linen in stripes matching the bag. Serve on any daytime occasion when you want to be pointed out as "a smart young woman who knows how to look cool in spite of the heat."

15,000 Wait—But Paderewski May Never Play Concert Again

Vets, Families, Receive All of Poppy Proceeds

Tomorrow is Poppy day in Twin Falls and throughout the United States. Millions of little red poppies will be worn in honor of the war dead, and hundreds of thousands of dollars will be contributed for the welfare of the war's living victims, the disabled veterans, their families and the widows and orphans of the dead.

Members of the Twin Falls unit of the American Legion auxiliary will be on the streets here early tomorrow morning with baskets of poppies made by disabled veterans at Boise veterans' hospital.

They will be assisted by the Camp Fire Girls, the American Legion drum and bugle corps, and other interested persons. The bugle corps will parade at 11 a. m., and later will join in offering the flowers for sale.

Distributors of the poppies will ask no price for the poppies but will give them for any contribution the wearer feels able to make. Every penny of the money contributed will go into the relief and welfare funds of the Legion and auxiliary. Where it will work for needy veterans and veterans' families during the coming year, Mrs. C. D. Fryer, president of the auxiliary, pointed out today.

Court Reverses Taylor on Fund

BOISE, May 26 (U.S.)—Disbursement of \$2,700,000 annually in state funds through a revolving fund was upheld as constitutional in a state supreme court decision on file today.

The industrial accident board sued State Treasurer Myrtle P. Mink to force distribution of the fund after Atty. Gen. J. W. Taylor held it unconstitutional.

ACCIDENT MAPS TOURISTS' TRIP

Their tour marred by a costly automobile accident near Rogerson Thursday morning, three tourists, two from Montana and the third from California, prepared yesterday to continue the trip by train.

Treated by Twin Falls physicians yesterday for injuries received when the automobile in which they were riding overturned were Mrs. Marie Bertrand, driver of the car, and her husband, E. L. Bertrand, both of Butte, Mont., and Mrs. Bertrand's mother, Mrs. Blanche Peterson of Martinez, Calif.

Head Lacerations
Mrs. Peterson was the most seriously injured. She sustained deep head lacerations and suffered from shock due largely to advanced age. The Bertrands escaped with minor cuts and bruises.

Attendees at the garage where the car was towed estimated damage at \$300.

The Bertrands, after a visit in California, were en route home, when the accident occurred. Mrs. Peterson was returning with them as a guest.

Lieut. Howard E. Carlson of the state police said that Mrs. Bertrand apparently lost control of the automobile on a turn two miles south of Rogerson on U. S. Highway 23.

Skipped Too Abruptly
Mr. Bertrand informed the state officer that "she tried to skid it out too quickly and the wheels jammed, causing the car to roll over two and one-half times."

He estimated speed at less than 50 miles per hour.

The car landed on its top, jamming the doors shut and imprisoning the trio. Bertrand said he kicked out a window and crawled out, later rescuing his wife and mother-in-law.

"I hate to think of what might have happened if the car had caught fire," he later said.

Third at Spot
State police recalled it was the third serious accident that had occurred in the past five months on the road two miles south of Rogerson.

On Jan. 15 Russell Allen, 70, Emmett, and his two sisters, Mrs. Nellie Reader, 65, and Mrs. Mabel Knight, 62, both of Las Vegas, were killed as their car skidded from the snow-covered highway and overturned.

April 9, William D. Fales, Gooding, overturned near the same point, injuring himself and several of six 4-H club youths from Gooding, who were passengers. They were returning from the San Francisco World's fair and livestock show.

Man Sentenced

Sentence of 60 days—with 40 days of that total suspended—was meted out today by Justice H. M. Holler to Guy Culbertson, 45, route three, open, waiting for the old masters fingers. The audience buzzed with anticipatory conversation. The hour for the concert passed. The audience clapped hands impatiently. A voice boomed out over the public address system.

"Mr. Paderewski will be forced to postpone the concert because he has been subjected to a slight heart attack."

The 75-year-old pianist and statesman was taken from his dressing room to his private railroad car in Grand Central terminal.

During the night, his representatives canceled the rest of his tour and his attendants made plans for an early sailing to his home in Switzerland. Dr. Theodore Dunham described his condition as "fair."

Paderewski's place in music was attested to by the reaction of last night's audience. For several minutes after the announcement, the people seemed stunned. No one moved. Then they filed out slowly, many in tears.

The master was nearing the end of his 18th year of the United States made over a period of 40 years.

PLEASE! ANOTHER CUP OF THAT SWELL TEA! AND FILL MY THERMOS WITH SOME OF THIS FLAVORY LIPTON'S! IT'LL TASTE GREAT THIS NOON

IT IS SATISFYING AND ECONOMICAL, TOO. EVEN TEA AS FINE AS LIPTON'S COSTS LESS THAN ANYTHING WE DRINK EXCEPT WATER!

YORK—4 reasons why Lipton's is America's most popular tea:
1. World-famous flavor—smooth, full, rich, delicious.
2. Tender young leaves—and luscious, flavorful buds—give extra fragrance and bouquet.
3. Distinctive blend—with choice tea from Lipton's own Ceylon gardens.
4. Second-to-none—you use less Lipton's per cup—it's so rich in flavor.

BERGER

Little Ronnie Brady is recovering satisfactorily from an accident which occurred last week. He caught his right hand in the cogs of a cream separator and suffered the loss of two fingers and the third one being badly lacerated. Berger school held its annual picnic last week at Nat-Boo-Pah. A number from this vicinity attended the commencement exercises of the Hollister high school last week.
