

FUTURE WARFARE TACTICS OUTLINED

Chief aim in future warfare will be to move supplies and troops as rapidly as possible, and to complete engagements as quickly as possible, rather than "digging in" and remaining in the trenches for long periods of time, according to Capt. J. H. Seaver, Jr.

Capt. Seaver made this statement in an address to the Twin Falls High School at a luncheon this noon, discussing the tactics and technique of associated arms.

Need for greater mobility has been one of the factors emphasized in the Spanish war, he commented. He described the different operations in preparation for attack, telling of the tremendous detail each detachment has to work out, and outlined the functions of artillery, infantry, chemical and air warfare units.

He pointed out that the infantry is the basis for all army movements, all other sections being designed to help the infantry in major combat. The speaker explained that tanks are the one questionable item of equipment in warfare; that they are unwieldy, easy targets; ineffective at night, and in only a comparatively few instances can they be used to any advantage.

SOVIET DEMANDS ARMED ALLIANCE

(From Page One)

Mr. Seaver said, "We know the difference between war and peace. But the difference must be no viewpoint in England. This is our view-point, and we don't have to consult anybody about it."

In the Talo-German (military) alliance, there is the principle of complete reciprocity.

Strong Alliance

This, Molotov asked Britain and France to make a similar alliance, power alliance as strong as the one concluded two weeks ago by the two nations.

Molotov then said:

"The Soviet Union cannot undertake any obligations regarding territory which would be a liability which they cannot defend."

The Soviet premier and foreign commissar was believed to refer to the agreement of Britain and France to resist any attack on Switzerland, Belgium or the Netherlands—because Anglo-French interests would be directly menaced.

# BRITAIN COMPLETES NOTE REFUTING HITLER'S CLAIM

## LEAVES WAY FOR FURTHER PARLEY WITH GERMANY

By FREDERICK KUH

LONDON, May 31 (AP)—Foreign office experts have completed the preliminary draft of a note to Germany refuting allegations on which Adolf Hitler based his denunciation of the British-German naval limitation pact but leaving the way open for further discussion. It was understood today.

At the same time the government prepared to meet Japanese threats to British interests in China by expanding its present far eastern policy from one of financial assistance to China to one of active resistance to Japan. It was understood the government was prepared if necessary to use economic measures to combat Japanese encroachment on British interests.

Answers Sent Note

The note to be sent to Germany replies to Germany's denunciation of April 28. This note: 1—Accused Britain moving away from the policy of guaranteeing friendly development of relations with Germany. 2—Suggested that Prime Minister Neville Chamberlain had abandoned the spirit of the declaration he made jointly with Hitler at the Munich conference, expressing the desire of both countries never to wage war upon each other; and 3—Implied that Britain had trespassed upon Germany's sphere of influence in central and eastern Europe.

The British reply is to contain a concise refutation of these charges and outline Britain's own case, thus inviting further comments from the German government provided it wants to seek restoration of more nearly normal relations.

Firm with Japan

It was apparent that, with its security front nearing completion, the government was ready to act firmly in defending its Chinese interests against Japan.

Cabinet leaders were considering the dispatch of a note to Japan, its exact contents to depend on developments within the next few days along the Chinese coast.

It was understood that if Japan proceeded with interfering with British shipping along the China coast and continued to press demands for transfer of control to Japan of international areas in China, the government was prepared to take economic measures assuming the character of minor penalties.

British government legal experts have been instructed to examine several alternative means of economic resistance.

It was now believed that full agreement between Britain and Russia on a mutual defense pact was but a matter of days.

Parasols were carried in 2000 B. C.

## BELLEVUE CALLS NEW BOND VOTING

BELLEVUE, May 31 (Special)—Bellevue voters will again have to vote on the issuance of bonds with which to finance their water system, due to a divergence of opinion among attorneys passing on the ordinance. Although the ordinance was acceptable and passed by one attorney, it was rejected by a second, and short of a court action to determine the point, the city has no alternative except to hold a second election.

The point involved was whether or not the ballot was in the correct form in that only one question was presented on the ballot, that of whether or not a bond issue of \$28,000 should be authorized. The dissenting attorney stated that in his opinion the ballot should have contained two separate questions, one on the \$18,000 issue and one on the \$8,000 refunding issue.

It was, however, maintained that the question of the \$8,000 issue was merely surplusage as the city council has the power to issue refunding bonds without submitting the question to the people for a vote, and that it was merely explanatory.

In view of the fact that the city is pressed for time in getting the work under way it was decided to call for a new election at once, and an ordinance to this effect was passed.

## TOLL MOUNTS ON RURAL HIGHWAYS

CHICAGO, May 31 (AP)—Fatal accidents on rural highways during April almost halved a 17 months sustained improvement in traffic safety, according to the National Safety Council.

The council listed 2,210 traffic deaths in April, 40 fewer than for April, 1938, but said that even that small improvement may be wiped out by increases in 10 states still unreported.

The increase was due to rural accidents. Cities reported a 9 per cent drop under April, 1938, but rural fatalities cut the national improvement to 2 per cent.

Of the 38 states reporting, 18 showed decreases from their April, 1938, figures. 17 showed increases and three were unreported.

Despite the poor showing in April, the council estimated that traffic safety programs have "saved" 270 lives during the first four months of 1939. The saving since the improvement began in November, 1937, was estimated at 6,993 lives.

BRUCE RACE VICTOR GETS \$21,400 CHECK

CINCINNATI FANS WORRY AS CUBS PLASTER HEROES TWICE

Shaw Repeats Win In Classic Marked By Tragic Death

By LEONARD CASTLE  
INDIANAPOLIS, Ind., May 31 (UP)—Bruised and weary, Wilbur Shaw, Indianapolis garage mechanic, receives a check today for \$21,400, part of his profit for outriving and outlasting 32 other drivers yesterday in the 27th annual Memorial day 500-mile race.

It was his second victory—he won the race in 1937—and it was hard earned.  
A tragic side of the race was a three-car smashup which killed Floyd Roberts, last year's winner, and injured drivers Chet Miller, Detroit, and Bob Swanson, Los Angeles.  
The accident saved Roberts' record of 117.2 m. p. h. which was in winning the race last year. A prolonged slow period while the wreckage was being cleared from the track held down the average speeds of the drivers. Shaw's average was 115.03 m. p. h. and his time was 4:20:47.01.

Nearly \$50,000.  
His total earnings were estimated at nearly \$50,000, including the first prize of \$20,000, paid by the Indianapolis Motor Speedway, lap prizes totaling \$1,400, also paid by the speedway, and necessary awards and automotive company prizes.  
Shaw was forced to the utmost to defend his title, which was on the trail of his fourth championship. Meyer's desperate effort to retain the lead at the 455-mile mark was one of the outstanding thrills of the day for the 143,000 fans who saw the race.

For the entire 200 laps the race was a three-car duel, with first Jimmy Snyder, Chicago, taking the lead, then Shaw, then Meyer. Meyer grabbed the advantage near the 250-mile post and held it until he went into a disastrous spin shortly after the 455-mile mark.  
Snyder second.  
Snyder finished second. Chet Miller, Hollywood, Calif., was third, then Horn, Burbank, Calif., was fourth and Babst, St. Paul, Minn., was fifth.

Others who finished in the money were George Barringer, Houston, Tex.; Alvin, John Thorne, New Rochelle, N. Y.; and Bob Swanson, Los Angeles, Cal., eighth, Frank Weare, Pasadena, Calif., ninth, and Billy Devore, St. John, Kan., 10th.

Roberts, seeking to be the first in history to win the race two years in a row, rode to his death in a spin shortly after the 455-mile mark. He was killed by a collision with a car driven by Chet Miller, who was also killed.

Death stalked the trail at the Indianapolis Speedway for Floyd Roberts, 39, Van Nuys, Calif., winner of the classic 500-mile race. Roberts died shortly after his machine cracked up in yesterday's race. Chet Miller, Detroit, and Bob Swanson, Los Angeles, were injured. Two women spectators also sustained hurts. Roberts was winner at Indianapolis last year.

Race Victim Felt Sure Of Victory  
By HENRY McLEMORE  
INDIANAPOLIS, Ind., May 31 (UP)—Floyd Roberts, 39, Van Nuys, Calif., winner of the classic 500-mile race, felt sure of victory after the motors were started and all the numbers were up.

You go quickly at Indianapolis and a lot of things happen. I felt sure I was alive as the thundering car was whipped into the turn at better than 100 miles per hour. I felt sure I was going to win. I felt sure I was going to win. I felt sure I was going to win.

All Bad Luck  
Lou Meyer had all the luck of the race—and it was all bad. A lap added at 455 miles, but with his fourth triumph just around the corner, a plain, common old ordinary flat tire knocked him out of the lead. The flat came at the worst possible time in the first turn off the straightaway and a full two miles from his pit.

He was out of it when he finished bumping around the track on the puncture. It took his crew but 25 seconds to supply him with a new wheel and he roared away. But Lady Luck took his crew but 25 seconds to supply him with a new wheel and he roared away. But Lady Luck took his crew but 25 seconds to supply him with a new wheel and he roared away.

More Drivings  
Jimmy Snyder, the favorite madman from Chicago who won second place, is a glutton for punishment. A few hours after driving the 500 miles he jumped into a passenger car and started driving to Chicago. Snyder said he was tired and wanted to go home. He was tired and wanted to go home. He was tired and wanted to go home.

As Woodruff Took Athletic Fame In His Stride

Undeclared Pitt track star John Woodruff (third from right) appears beaten in this photo of the end of the 440-yard race at the Intercollegiate 4-A championships at Randall's Island, N. Y. But a moment later Woodruff produced a final sprint which put him over a flash ahead of U. S. C. Howard Upton (left) and third-place Erwin Miller, right, also U. S. C. With this win and one in the 400-yard, Woodruff tallied three years of double victories in these events, tying a record standing since 1882. U. S. C. made another record by sweeping the meet with the unprecedented score of 71½ points.

Cowboys Split—Also Tiny Wes Schulmerich Does Some Pitching and Things

Win First 4-3, All-Star vs. Cowboy Game Set June 12; SCI Pilots Conquer, 13-5 Will Name Amateur Club

The baseball centennial all-star vs. Cowboy game in Twin Falls definitely be on Monday, June 12, and the eight managers of S. C. I. league teams will do the picking of all-star performers to oppose the Cowboy team.

Bird's eye view of the results:  
The Cowboys won the first 4-3 and lost the second 13-5. Twin Falls pitched for about five hours into a tie for second place with Lewiston and then slumped back to third ranking. Charlie Wey was another ball game in the afternoon tilt; three Twin Falls hurlers couldn't do much about the Cardinals' slugger in the night.

Not Baseball—But Fun  
While the final two innings of the nightcap were baseball only in an alleged meaning of the term, they provided the fun highlight of the game that was pretty much for the Cowboys. The Cardinals, smarting under the 4-3 setback in the afternoon, exploded enough bombs to roll up 10 runs to one for the Cowboys. Eddie Leishman, seeing no further use of wearing out Hank Anderson, signalled to Schulmerich.

Wes gave a wino up in left field and practiced in to the plate. He was a fun-fun thereafter. He talked to the crowd, the better, the umpires, to himself. He threw the ball at one better. He struck out the Cardinals pitcher, and dashed over to shake hands with him. He allowed three hits, one a home run on which Wes informed the throng that he guessed he'd thrown the winning ball.

Brief Tie for Second  
After the 4-3 afternoon tilt, the cowboys were tied for second place because of the Cardinals' 10-1 loss to Boise. Hope of the Indians and the Cardinals, substantially on the first-place Cowboys, however, went slumbering in the first frame of the night clash. Mike Hunkeler departed after losing three passes and a hit immediately after Ernie Bishop dropped a pop fly from the first batter, Horst. Mike forced in one more on a walk. Hunkeler doubled to score three more.

Panelli added to its count in the third, fourth, fifth, by a four-run spurge in the eighth and one in the ninth. The Cowboys broke the tie in the seventh, as Miller's double and Anderson's single, then scored four in the last of the ninth on Miller's second straight two-bagger and singles by McNamee, Bishop and Panelli.

Dick Miller, with two out of three, led the Cowboys hitting and scoring. Panelli had two out of five. Kirby and Bishop, each with three hits, four efforts, scored the Cardinals. Timely hitting, highlighted by Corky Carlson's home run that had cleared the left field fence, and a double by Panelli, helped the afternoon game out of the fire for the Cowboys after Tony Roberts' lead had climbed into a 3-0 lead.

More Fast  
Pontello scored one in the opener on consecutive doubles by Horst and Carlson. Pontello's Cardinals opponent, the Cowboys, were led by Horst, who hit a home run in the first inning.

Pioneer Clubs All Split Double Duels

Pioneer league teams split Memorial day double-bills at Lewiston, Twin Falls and Ogden.  
The league leading Pocatello Cardinals led the opener at Twin Falls, 4 to 3, but came back in the nightcap to blast out 15 hits off four hurlers and win 13 to 5. Although they were outlasted 12 to 9 in the afternoon game and misplayed one chance, the Cowboys scored their runs in two innings to keep ahead of the league leader.

Lewiston won the nightcap from Boise, 8 to 1, after being shut out in the earlier contest. The team hit pitching of Fields, Buzzell held the Pilots to six hits, but a run in the second game gave the travelers the game, 1 to 0.

Salt Lake City lost the game to the Ogden Reds, 10 to 4, but averaged themselves in the second game, 8 to 2. Right hits gave the Reds their runs in the nightcap, while nine hits and three base errors netted the team out of the earlier contest.

Twin Falls will travel to Pocatello today to complete the present four-game series, while Salt Lake City will remain at Ogden and Lewiston entertains the Boise Pilots for two more games.

Jerome Entrant Gets No. 1 In Lizzie Race

Lee Wort, Jerome, as the entry who signed up first for the 100-mile Tin Lizzie derby at Fairgrounds next Sunday, June 4, drew No. 1 as the figure he hopes will bring him Model-T Ford money for the larger portion of the \$500 prize, officials of the derby announced today.

Entrant in the Sunday derby—under sponsorship of Filer American Legion post—will range from young drivers 60 years of age to Wort is a truck driver at Jerome.

Derby and Filer Legion officers said that some 25 cars are expected to be entered when the green flag sends them off the starting line at the fairgrounds track.

Contentious driving to enter were urged to place their entries as soon as possible at the Tin Lizzie derby headquarters at the Perrine hotel. The race is open to no exception, non-professional drivers and cars used must be Model-T Ford with stock tires and equipment.

In order to insure action from the start, Capt. Jerry Edwards, chief of the race, pointed there will be no time trials and no eliminations. Instead, each entry will draw lots for the closest positions and line up accordingly.

At Blackfoot the four winners of the prize money were all boys, from Blackfoot who had never driven a race before. For those who live out of town, entries can be obtained by contacting the Tin Lizzie derby headquarters in Twin Falls at the Perrine. Rules and regulations have been left at most filling stations and garages.

Braddock Will Be Second For Lou Nova

NEW YORK, May 31 (UP)—Former Heavyweight Champion Jimmy Braddock announced today that he will be one of the contenders for Lou Nova tomorrow night when the young Californian shuffles out of his corner in Yankee stadium to fight Max Baer, the man from whom Braddock won the title almost four years ago.

Braddock, who wanted it made clear he had nothing personally against Baer, said he would do all within his power to have the 10-pound fight end but one way with Baer stricken out and the word "knock out" echoing into the bleachers.

But Victims Hold 2-Game Lead as Cardinals Divide

By GEORGE KIRKSEY  
NEW YORK, May 31 (UP)—Cincinnati fans, who had visions of the Reds becoming the "Yankees" of the National League, wondered today what had struck their heroes.

The Chicago Cubs on Decoration day plastered two humiliating defeats on the Reds, 6-0 and 2-0, before 40,619 fans in Cincinnati. After rolling off 14 out of 15 and taking a commanding lead in the National League, the Reds exploded in all places at once.

Larry French and Vance Page led because the Cardinals could get only an even break with the Pirates. Whitely Moore's wildness off Buckner's important runs in the morning game, witnessed by 21,744, Jimmy Gleason's homer off Buckner, Walters was enough to win the afternoon game, but Walters' loss in an extra run for Chicago with a wild pitch which allowed Gabby Hartnett to score from second.

Cards Split  
The Reds still hold a two-game lead because the Cardinals could get only an even break with the Pirates. Whitely Moore's wildness off Buckner's important runs in the morning game, witnessed by 21,744, Jimmy Gleason's homer off Buckner, Walters was enough to win the afternoon game, but Walters' loss in an extra run for Chicago with a wild pitch which allowed Gabby Hartnett to score from second.

Reds Led First  
Red Ruffing received the first black mark of the season on his pitching record when the Red Sox conquered the Yanks, 8-4. But Boston couldn't stand prosperity, and the Yanks cuffed the Sox around, 11-6, in the second game and maintained their 6½-game league lead.

Cleveland beat the Browns, 7-2 and 3-2, to take over third place. Bob Feller scored his eighth victory in the opener, yielding only three hits and fanning seven.

Red Lyons bested Schoolboy Rowe as the White Sox defeated the Tigers, 8-3. It was the 38-year-old veteran's fifth victory and fourth straight. Detroit came back to win the nightcap, 8-2.

After losing to the Athletics, 3-1, Washington won the second game, 8-4, to break its six-game losing streak.

## Angels Divide With Oakland

(By United Press)  
The league-leading Los Angeles Angels split a double-header with Oakland yesterday. The Angels took the first game 10 to 2 behind the six-hit pitching of Julio Bonetti who turned in his eighth victory. The Angels got 14 hits off three pitchers. Oakland grabbed the nightcap 9-6.  
Hollywood and San Francisco also split the holiday double-header, the Athletics taking the first 10 to 3 and the Seals the closer, 3-1.  
Dominic D'Amico, apparently appeared at the thought of leading the league in hitting, became the goat of the first game when he let two fly balls get away from him which coupled with two safe hits, gave the Stars five runs in the seventh.  
Larry Guyer held Hollywood well in check in the nightcap with a sparse three hits.  
Seattle kept in stride with the Angels by splitting two with Sacramento. The Rainiers dropped the opener, 8 to 4 in ten innings, but recouped later, 7-4. The Cardinals included five doubles in their assault on Dickie Barrett in the opener. In the nightcap Paul Gregory set the Senators down with nine scattered hits to chalk up his ninth win of the season.  
Portland moved out of the cellar, now occupied by the Cardinals by winning both games from San Diego, 8 to 1 and 5 to 0.

# Germany, Denmark Sign Non-Aggression Treaty

## Hitler Takes New Step to Block Rivals

BERLIN, May 31 (UP)—Germany and Denmark today signed a treaty of non-aggression, fixing the permanency of their common frontier and making another step in Fuehrer Adolf Hitler's diplomatic drive to effect the Anglo-French-Soviet "peace front."

The treaty was signed at the foreign office by German Foreign Minister Joachim von Ribbentrop and Danish Minister Heriuf Zahle.

Conclusion of the treaty followed similar non-aggression negotiations by Germany with Latvia, Estonia and Lithuania.

Fuehrer Adolf Hitler last month offered non-aggression treaties to all four of the Scandinavian states, in an effort to neutralize Germany's northern flank for the eventuality of war, but only Denmark accepted.

Sweden, Norway and Finland politely rejected Hitler's offer with the explanation that they desired to remain aloof from all European alignments.

Denmark decided to enter into a non-aggression treaty with the reich, because she is the only Scandinavian state having a frontier with Germany.

## FDR RETURNS TO GREET ROYALTY

WASHINGTON, May 31 (UP)—President Roosevelt returned to the capital today to prepare for the visit of King George VI and Queen Elizabeth and a transcontinental trip which may have a bearing on the 1940 presidential campaign.

The President, accompanied by Secretary of the Treasury Henry Morgenthau, Jr., left Hyde Park, N. Y., last night where they spent the Memorial day weekend.

Before leaving, the President disclosed that he had received a favorable report on the national political picture from Postmaster General James A. Farley, who has returned from a tour of many states and a visit to the San Francisco World's fair.

He did not indicate, of course, whether Farley's favorable report would be taken as a "green light" in regard to a third term, but said he planned a trip to San Francisco, Seattle and Alaska, probably next month.

Meanwhile, Sen. George W. Norris, Ind. Rep., said Mr. Roosevelt may be forced to seek a third term to complete the New Deal because of the lack of a candidate who would "carry on" his policies. Norris, only independent in congress and a supporter of the president, said "perhaps he will find someone, but at present it looks as if he will be forced to seek a third term."

This week Mr. Roosevelt will make last minute preparations for receiving the British royal family. The king and queen are scheduled to arrive here June 8.

## 'SUB' SALVAGING JOB GOES AHEAD

PORTSMOUTH, N. H., May 31 (UP)—Navy salvage workers reported slow but steady progress today in raising the sunken submarine Squibb and its cargo of 20 dead men.

How long it will take to bring the 299-foot undersea craft to the surface, no one knew. One high naval official saw little prospect of it being raised before August.

One week after the 33 survivors had been brought to the surface found the attachment of an air hose to the water-free control room of the Squibb the principal accomplishment in salvage operations.

Through this and other lines, compressed air will be pumped into the dry compartments to make the submarine more buoyant and to prevent the ocean pressure—100 pounds per square inch at that depth—from crushing the sides.

Salvage operations were quiet yesterday during a Memorial day tribute to the victims.

## Negro Fisherwomen 'Stump' Game Warden on This One!

RALEIGH, N. C., May 31 (UP)—A hot May sun beat down on the broad backs of two Negro women who were fishing in Union county, County Game Protector Harry Jones who has been having difficulty getting fishermen to observe the state's six-inch limit on game fish, catfish and snout down in the shade of a tree. He whittled out fishing pole and threw in a line near the women.

One of them hooked a big bass that easily weighed 3½ pounds. She threw it back. A moment later the other caught a haddock that weighed two pounds. She, too, threw it back.

Jones edged nearer to see what the women were keeping. If anything, he was still curious when one of them hooked an eight-inch catfish and put it on her string. "Catfish is catfish," she murmured.

Jones was unable to get a look at the other fish on her string so he resumed his patient waiting.

One of them caught a tiny perch, not more than four inches long. She removed it from the hook and fastened her string through its gills. It slithered back into the water. Jones had seen the entire string this time. All the fish, except the cat, were tiny.

"Amint," he said, "don't you know it's against the law to catch such small fish? The law says the legal size is six inches or more." "Cain't fool me," she said. "My husband done told me the government is savin' all the big fishes to raise little ones with."

## NAMES in the NEWS

By United Press

Dr. E. H. Cazy, former president of the American Medical Association, said today he believed President Roosevelt's health will prevent him from running for a third term.

District Attorney Thomas E. Dewey in the first year of his four-year tenure set a record of convictions that far surpassed that of any of his predecessors in the 39 years such records have been kept.

Norman H. Davis, chairman of the American Red Cross, sailed from Paris for the United States with the statement that "My days of being roving ambassador are past."

Joseph Grew, U. S. ambassador to Japan, and Mrs. Grew have arrived in Vancouver, B. C., en route to Ottawa and Washington on a vacation trip.

Ignace Jan Paderewski, Polish pianist, sailed from New York for his home in Switzerland for several months of rest.

Capt. Peter Ziebel, world glider champion and assistant air attaché of the German embassy, has left Washington for "soaring-plane" flights between San Francisco and Los Angeles.

Lieut. Gen. Sir Clive Liddell has been appointed governor and commander-in-chief of Gibraltar to succeed Gen. Sir Edmund Ironside.

Gov. Ellis Patterson of California went on record with an endorsement of President Roosevelt for a third term.

Queen Elizabeth seemed to enjoy the government luncheon at Victoria, B. C., more than any meal she and the king have eaten since they began their Canadian tour. It consisted of mountain trout and breast of pheasant.

Both Daugherty and Walling have long records in federal bureau of investigation files.

All yard prisoners and other freedoms have been denied to Raymond Smith, 20, and Edgar Lewis Pratt, 19, the other two convicts who escaped.

These men are worthless in society," the warden said. "Incarcerating them for life will act as an example to other prisoners in the penitentiary to think first before they try to escape."

## 2 SAVED AFTER FALL OFF CLIFF

ALBANY, N. Y., May 31 (UP)—State police, using ropes and slingshots today rescued a young Albany couple who plunged 150 feet down a cliff and lay for six hours in darkness, so critically injured they could not aid one another.

John Cannon, 27, and Lillian Hardy, 25, were lifted up the mountain side at dawn. They had wandered away from a picnic party at Tupper Park in the Helderberg mountains, 18 miles from Albany, and had tumbled over the cliff.
