Held After Shot at Duchess

Vainly trying to hide his face, Ledwidge Vincent Lavier, left, is pictured after his arrest on suspicion of firing a sawed-off shotgun at the Duchess of Kent as she emerged from her Belgrave Square home in London. Lavier, a recently arrived Australian, worked as a welder's assistant.

Seven Held for Mass Insurance Slayings

PHILADELPHIA, June 8 (AP)—A woman was freed of charges in her husband's death, seven key figures were held for the grand jury on murder and conspiracy charges and a three-judge court took under advisement a new trial petition for Herman Pettilio in legal proceedings today connected with Philadelphia's mass murder for insurance syndicate.

Mrs. Rose Smigel Shenneman was released by Judge Harry S. McDevitt, after Capt. James Kelly of the homicide squad testified that an autopsy on the exhumed body of her first husband, David Smigel, failed to reveal traces of poison.

Those held on additional murder charges were Herman and Paul Pettilio, Cesare Valenti, Morris (Louis the Rabbi) Bolter, Dr. Horace Perlman, David Brandt and Mrs. Grace Giovanni. All had been in custody and Bolter has pleaded guilty to a murder charge.

The petition for a new trial by Herman Pettilio, dapper, baldish spaghetti salesman convicted of first-degree murder with a jury recommendation of death, was heard by Judges McDevitt, James C. Grumlich and Albert S. C. Miller.

Those held on conspiracy charges were Herman and Paul Pettilio, Cesare Valenti, Morris (Louis the Rabbi) Bolter, Dr. Horace Perlman, David Brandt and Mrs. Grace Giovanni. All had been in custody and Bolter has pleaded guilty to a murder charge.

Figure for Span Places Definite O. K. on \$482,000

BOISE, June 8 (Special)—Final approval for purchase of the Twin Falls-Jerome intercounty toll bridge by the state of Idaho was voted today by the governor's bridge commission, which authorized purchase for \$482,000 and empowered Gov. C. A. Bottolfo to notify State Treasurer Myrtle Enking to proceed with issuance and sale of treasury notes.

Closing of the deal for the toll span was voted after Bruce C. Shorts, president of the Twin Falls-Jerome Intercounty Bridge company, Seattle, informed the commission that the concern will be ready to sign a contract of sale "prior to June 13."

The bridge will become a toll-span structure owned by the state by July 1, commission members said after final authorization of the purchase. Oliver O. Haga, Boise, made the motion for the purchase, and A. E. King, Boise, seconded the resolution. It carried unanimously.

Notes Authorized The motion stipulated that "the purchase of the Twin Falls-Jerome intercounty bridge for the sum of \$482,000, and that the governor be authorized and empowered to notify the state treasurer to proceed with issuance and sale of treasury notes as authorized by the last legislature."

With the \$482,000 price thus made definite, Vern Thorpe of Jerome presented a motion which commission members expect will mean the state can receive at least one-half that sum from the federal government under a measure now pending in congress. Actually, the state will receive considerably more than the \$482,000 in the form of "matching" road grants.

Seek Federal Aid Thorpe's motion provided that the state take "every step to avail itself of federal participation under the pending congressional bill." The motion stipulated that the governor be authorized to take such steps. The bill now before congress would grant federal funds to aid in purchase and elimination of toll bridges on main highways throughout the nation.

Prior to opening of today's meeting, Mr. Shorts sent his assurance of completion to the board in form of a telegram. He said:

progress in securing satisfactory completion of our contract and the sale from our creditors and the state of Idaho. It was the possibility of securing federal aid. Letters were read from Sen. D. Worth Clark.

George VI, Elizabeth Greeted By Wildly Cheering Thousands

English King First Ruler Of Empire to Visit in U.S.

IRISHMAN FREED AS KING ARRIVES

WASHINGTON, June 8 (AP)—U. S. immigration officials today telegraphed orders to Detroit immigration authorities to release Sean Russell, 36-year-old Irish Republican army leader, even as King George VI and Queen Elizabeth reached Washington.

Officials approved Russell's bond after a clan of fighting Irish members of the house, led by a McGarrity and a Sweeney, had threatened to boycott tomorrow's congressional reception for the king and queen unless the Irish leader was released.

Turner W. Battle, assistant to Secretary of Labor Frances Perkins, signed the order directing release of Russell, who was arrested in Detroit on charge of overstay—30-day visitor's permit.

Battle said that Russell would be given a hearing in Detroit Saturday on a deportation warrant.

Russell was arrested as he stepped off a train in Detroit Tuesday, a few hours before their British majesties were scheduled to arrive in Washington across the Detroit river from Canada.

He is chief of staff of the Irish Republican army, which has been charged with terrorist acts against the British government in England and Ireland.

Accused Killers Align Attorneys First degree murder charges against two ex-convicts will be tested Saturday by an array of at least three defense attorneys. It was revealed today as William D. Daniel, Williams, 31 and William D. Hale, 28, was tentatively set for June 11.

J. M. Lampert, Boise lawyer, has been retained to defend Hale, Prosecutor Everett M. Sweeney and Sheriff Art C. Parker were informed.

Seek Dunn and Nerdan The family of young Williams, accused as the trigger-man in fatal shooting of Patrolman Craig T. Strickland last May, is now negotiating to retain an Elzy attorney whom the family hopes will be associated with W. A. Dunn, Twin Falls, as defense counsel.

If Dunn accepts the post in connection with the Elzy lawyer, it will make the second time that he will be actively identified at present. He is also counsel with Thomas M. Robertson, Jr., for Dunne and McD. Johnston, who appear in pending before the Idaho supreme court. Johnston received a life term on conviction of murdering George I. O'Brien, 30, in 1934.

Asks Arrangement of Williams and Hale has been tentatively scheduled within a week, Attorney Lampert at Boise requested McD. Johnston, who appears in pending before the Idaho supreme court. Johnston received a life term on conviction of murdering George I. O'Brien, 30, in 1934.

Mexican Rioters Charge Sabotage In Flier's Crash MEXICO CITY, June 8 (AP)—Two hundred police broke up an anti-American demonstration near the U. S. embassy today.

About 400 students demonstrated against the "murder of Sarabia," charging sabotage in the crash of Francisco Sarabia, Mexico's ace flier, in a take-off from Washington yesterday on a projected non-stop flight to Mexico.

Gen. Cesar Lora, acting chief of police, with a heavy force of police on foot and in 24 motorcycles, charged the crowd and dispersed it for the night.

Those who arrived included David Bush, secretary of the association, and E. M. Peterson, assistant secretary of agriculture. Gov. C. A. Bottolfo will speak Friday.

The state advertising commission also will meet here this week-end.

London Paper Says America Not So Crazy

LONDON, June 8 (AP)—Headlines announcing that New York harbor was to be swept for mines to protect King George and Queen Elizabeth, and assurances that America was not so crazy a land as it might seem from the news reels, puzzled Britons today as they centered their interest on the arrival of the royal couple in the United States.

Newspapers published vivid descriptions of a visit of the king and queen, in raincoats, to the famous Cave of the Wind and Niagara falls. The visit was cancelled, but this made no difference as the stories had been in news advance.

25 GIRLS CHOSEN FOR CAMP GROUP

Twenty-five girls from Twin Falls county were selected for McCluskey Memorial health camp, older girls division, when applications for enrollment were considered at a special meeting of the Twin Falls County Anti-Tuberculosis association this week at the home of Mrs. Orr Chapman, county chairman.

The girls have been sent notification cards of their acceptance. The older girls' camp will open June 11. Plans were made for an open house to be held Saturday, July 8, at the camp, when it will be in readiness for the children's camp which opens July 9.

On that day donations of fruit, vegetables, cream and eggs will be most welcome, according to Mrs. Chapman.

Mrs. L. P. Runyon, camp treasurer, reported the following donations: First District Nurses' association, \$5; Twin Falls Business and Professional Women's club, \$12; Daughters of the American Revolution, \$18; Abigail Produce company, 10 bushels potatoes; Junior Red Cross of the Rogerson school, case of fruit and vegetables.

Mrs. Harry Capps reported \$18 in cash donations and 150 quarts of fruit from the Rural Federation.

A special meeting of the association will be held Friday, June 30, at the home of Mrs. Chapman, when applications for the children's camp will be considered.

SCOUTING HEADS CAMP OVERNIGHT

An estimated 20 Scout leaders of the Twin Falls district will be given a taste of "roughing it" Saturday afternoon and night as they camp out at a point where Goose creek enters Rock creek, up the latter canyon near the CCC camp.

The overnight camp is being staged as a part of a course now being taken by the leaders. By camping out, it is stressed by Gordon Day, Scout executive, the men will gain experience in camp management, health and safety and recreation over this section of Idaho this summer.

The party will prepare camp Saturday afternoon, returning to Twin Falls and other communities of this area on Sunday afternoon, Day said.

FUNERAL AUTOS TO BURN LIGHTS

Cars which are a part of funeral processions in Twin Falls will hereafter have headlights burning during the trip from local mortuaries or churches to the cemetery. It was announced this afternoon.

Announcement that this procedure would be followed was made by local police who pointed out that this would enable such processions to be more easily identified by other motorists. Flags, placed on some cars of each procession, will continue in use but because they were unavailable for all cars it was decided to ask those operating motor vehicles in funeral processions to leave their lights burning while en route to the cemetery.

Klaxa Moon, 103-year-old Negro at Camarino, South Africa, suffered only abrasions when a motor car struck him and ran over both legs.

Busy Jarbidge Far From "Ghost Town" These Days

JARBIDGE, Nev., June 8 (Special).—To some few of the pioneers in this country, mention of the town Jarbidge brings a memory of one of the most prosperous gold camps ever operated in this particular section of the west. However, to the average man on the street, Jarbidge means nothing more or less, than the name of a ghost mine camp located some 100 miles south and west of Twin Falls, deep in one of the most desolate stretches of country in this northwestern territory.

Few indeed, are those who know the true story—that Jarbidge is far from a ghost camp. Were a person to investigate from some of the men who have been prospectors and miners all their lives—and who have been in Jarbidge since the first camp was taken from the prospectors' pan some 30 odd years ago—he would find that, today, there are some 250 men now working in the mines at and in the immediate vicinity of Jarbidge.

He would find no less than 15 mines are operating, either in development or actual production processes. He would find that the properties, mills capable of handling capacities of from 25 to 200 tons of ore in one day. Not only would he find mines operating and men working, but he would find that they are being operated by such companies as the Great Range Mines, Inc., whose general manager is E. R. Lund, and the New Mount Mining company, one of the largest mine developing companies in the United States.

Also, he would find that hardly a

AUTO ACCIDENTS DECLINED IN '38

CHICAGO, June 8 (AP).—Death, injury and property damage on the highways cost the nation \$1,500,000, 000 in 1938, the national safety council reported today, but for the first time in more than 30 years traffic set the pace in a general decline of all types of accidents.

The council estimated that 11,000 lives were saved in all types of accidents last year, 12,000 of them because of "increased traffic safety." The decline in traffic deaths was 18 per cent compared with reductions of 13 per cent in occupational deaths, 8 per cent in public fatalities and 2 per cent in fatal accidents in the home.

Despite the decrease, the council

Nanette Musser, Elburn Pierce Pledge Vows at Church Nuptial

With members of both families having prominent roles in the bride party, the marriage of Miss Nanette Musser and Elburn Pierce was solemnized this afternoon. Hour of the ceremony was 3 o'clock, and the locale was the Methodist church at Filer.

The bride is the daughter of Mr. and Mrs. L. Musser, Filer, and the bridegroom is the son of Mr. and Mrs. H. A. Pierce, Twin Falls.

Rev. I. S. Motz, pastor of the church, read the marriage service in the presence of dozens of friends and relatives.

Lovely in Lace

Full skirted and circular train was the bride's white lace gown over satin, which was fashioned in long sleeves squared at the shoulder and ending in points over the wrist. A pearl pin closed the diamond necklace and a full length bridal veil cascaded in filmy folds over the gown and train.

Item of sentiment was the exquisite lace handkerchief, given by the bride's mother, which was worn by the bride.

A token which has represented the "something old" in numerous brides' wedding attire.

Completing the bridal ensemble was a bouquet of calla lilies.

Similarly Dressed

Duplicated in style were the gowns of the honor attendants, Misses Henderson, Twin Falls, and bridesmaids, Miss Jean Pierce, Twin Falls, and Misses Elburn and Elburn, Twin Falls.

The bridesmaids wore a full length gown, which was fashioned on basque lines, with a low square neck, minute puffed sleeves, and a bouffant two-tiered net skirt which fell to the floor.

They wore a picture hat of matching blue hosiery, and carried a net over-bridal and trimmed with a blue satin bow, and carried a circular bouquet of white gladioli, roses and lavender snapdragons, tied with pink tulle.

Given in Marriage

Before the flower-decked altar, the bride was given in marriage by her brother, Dean Musser.

To the bride were assigned the duties of bridesmaid, her brother, Dean Musser, and her sister, Kimberly, cousin, and W. R. Pierce, Twin Falls, brother of the bridegroom, Richard Musser, Filer, brother of the bride, and W. M. Bunce, Jr., Filer.

Prize in Marriage

The bride's short black frock of yellow satin and a yellow bow was the sister Natalie Musser, diminutive sister of the bride, who as flower girl carried a basket of rose petals. Jackie Pierce, young nephew of the bridegroom, completed the bride party, carrying the ring in the heart of a rose. He wore a gray suit.

Nuptial Music

The bride party entered the church to the strains of the Wagnerian wedding march from "Lohengrin," played by Miss Barbara Breen, who also played Mendelssohn's wedding march at the reception.

Don Musser, brother of the bride, sang "Sweetest of All Dawdles." Later at the church reception, during which the couple received the congratulations of their friends, the bride sang "Because" and "The Sweetest Story Ever Told."

Prize in Marriage

The ceremony was performed in a garden setting. Early summer blooms were used in profusion, their colors enhanced by a background of deep greenery.

Mrs. William Bunce supervised the decorations, assisted by Mrs. Glover Davis, Mrs. Price and Mrs. Elburn.

Music Instructor

For the wedding, Mrs. Musser and Mrs. Pierce were afternoon frocks and colorful shoulder corsages.

Mr. Pierce was supervisor of music in the Filer rural high school the past season. He is a graduate of Twin Falls high school and of the University of Idaho, Moscow.

Music Instructor

Mr. Pierce, a graduate of Filer rural high school, attended Albion State Normal school the past year. Following the marriage festivities, the couple left on a brief wedding trip to an unannounced destination.

MORNINGING GLASS

OBSEVER'S GUEST DAY

Pink and gold, colors of the Morning Glass club, were featured in the refreshments and the decorations when the group entertained at the annual "guest day" luncheon yesterday afternoon at the home of Miss Mary Klein.

MORNINGING GLASS

Mrs. C. J. Davidson conducted the brief business session, during which plans were made for the annual July at Harmon park. White elephant went to Mrs. Mark Jensen. Mrs. Dorothea Putner was in charge of the program.

MORNINGING GLASS

Miss Frances Henchfield sang several numbers, accompanied by herself on the accordion. Miss Beverly Block and Miss Lucille Jenkins played piano solo; also two accordion duets, and Miss Block presented an accordion solo.

MORNINGING GLASS

Highlight of the program was the talk by Mrs. Lloyd E. Oake on her recent trip to Europe and Africa, rambling particularly her observations of Egypt.

MORNINGING GLASS

Mrs. Nettie Peterson, Mrs. Orin Puller, Mrs. G. E. Jones, Mrs. J. W. Porter, Mrs. A. S. Hanson, Mrs. Josephine Klein, Mrs. Dorian Putner, Mrs. Mary Armstrong, Mrs. C. A. Mary Wright, Mrs. Fred Abbott, Miss Block and Miss Jenkins were guests.

Society News

Miss Bernice Smith Plans Evening Rites

Prominent among this week's nuptials will be the marriage this evening of Miss Bernice Smith, daughter of Mr. and Mrs. J. W. Smith, and Ernest Campbell, son of Mr. and Mrs. Clarence Campbell, all of Twin Falls.

Coming from Nampa to officiate at the nuptials will be Rev. Glen Griffith, Idaho-Oregon district superintendent of the Church of the Nazarene. He will be assisted by Rev. L. D. Smith, local pastor of the Church of the Nazarene, where the marriage will be solemnized at 8:30 o'clock.

Guests Explore Garden During Study Session

Unscheduled on the program, but a delightful feature of yesterday afternoon, was a tour of the gardens at the attractive country home of Mrs. John S. Feldhusen by members of the Twin Falls Garden Study group and a number of guests. The garden is alive with the muted colors of early summer blooms at this season of the year.

Melodies Lend Charm to Party

Toasted in song was Miss Dorothy Case, bride-elect, at the "miscellaneous" shower and tea yesterday afternoon at the home of Mrs. D. L. Beamer, Filer. A touch of old-time sentiment was the fact that the musical accompaniment was played on an heirloom melodeon.

Guests Explore Garden During Study Session

Members and guests brought flowers and containers were divided into groups of four to arrange flower demonstrations. Later the floral arrangements were critiqued by the group as a whole, the study of decoration being carefully applied.

Guests Explore Garden During Study Session

Mrs. O. T. Koster discussed floral photography; Mrs. Feldhusen spoke on edging, and Mrs. F. Larson on how to make a rose ar. Their suggestions were especially appreciated by the group.

Guests Explore Garden During Study Session

Announcement was made that Mrs. R. A. Sutcliffe would discuss "Herbs and Their Uses" at a meeting at the home of Mrs. H. C. Dickerson June 21. All persons interested in gardening are invited to attend these study group meetings.

AS WEIGHT GOES DOWN PEP STAYS UP on the safe **BREAD DIET!**

Follow This Bread Diet Outline*

This simple Diet Plan gives about 1000 calories a day, the ideal allowance for a moderately active woman, whose ideal weight would be 120 lbs. but who is 10 to 20 lbs. overweight. For more extensive overweight, consult your doctor about reducing.

BREAKFAST
1 glass fruit juice
Small serving lean meat, fish or eggs
2 SLICED TOAST, with 4 squares butter
Cocoa coffee with 1 tsp. sugar
LUNCH OR SUPPER
Moderate serving lean meat, fish, fowl or eggs
Asparagus, string beans, vegetable
2 SLICED BREAD, with 4 squares butter
Apples serving fruit salad 1 glass milk (16 oz.)
DINNER
1 glass fruit or tomato juice
Generous serving lean meat, fish or fowl
Asparagus 2 vegetables, one green
2 SLICED BREAD, with 4 squares butter
Small serving simple dessert
Coffee or tea (6 oz.) 1 tsp. sugar

*Make sure, of course, that your overweight is not caused by a condition that requires medical treatment.

Be splendidly energetic while you reduce—instead of weak, tired and irritable from extreme diets. Recent scientific tests show that the Bread Diet helps keep energy up as weight goes down.

Bread is an effective combination of protective proteins and energy giving carbohydrates. In this reducing diet, bread helps to burn up fat you lose.

So if you're overweight and want to reduce safely—no need to give up bread. Enjoy 6 slices every day on the energy-giving Bread Diet.

JAPANESE LEADERS DISCUSS PLAN TO END WAR IN CHINA

PROGRAM CALLS FOR COALITION IN GOVERNMENT

TOKYO, June 8 (U.P.)—A program aimed at ending the Chinese war is being discussed at various conferences of high Japanese leaders, it was understood today.

Discussion centered on the possibility of forming a coalition government in China under either Wang Ching-wei or Pei-Fu, Chinese leaders alienated from the present Chinese government.

Bitter Criticism
The possibility also was discussed of reversing Japanese policy and negotiating directly with Chiang Kai-Shek, head of the Chinese government. Leaders realized such a course would bring bitter criticism from some Japanese quarters and that if negotiations failed things might be made worse.

Means of ending the war have been discussed both at conferences here and among Japanese liaison agents in China. The inner cabinet, composed of five key leaders, has taken up the problem, it was understood.

Currency Problems
Recent disturbances in Chinese currency quotations have convinced leaders, it was said, that some sort of Chinese government must be forced which Japan can recognize and under which stabilization of currency might be effected.

Despite the government's pre-occupation with China, a visit by Tadéuz Romer, Polish ambassador, to Foreign Minister Hiroto Arida caused revival of reports that Japan might seek to mediate a settlement of the Polish-German dispute regarding Danzig.

Incidents along the China coast have caused renewed bitterness in Japanese comments on Great Britain.

LAMB POOL FINDS WEAKER MARKET

Although the shipments arrived on a lower market at Denver June 5 and 6, Twin Falls county lamb shippers divided a net total of \$3,084.44 today on the latest pool sponsored by the county livestock marketing association.

The bulk shipment which left June 2 totaled 480 head with an aggregate weight of 41,345 pounds. Net total was \$3,291.72, with shrink at 5.6 per cent, a figure higher than average.

The Twin Falls carload, shipped a day later, brought a net of \$1,607.12 on six per cent shrink. In that car there were 275 head totaling 24,095 pounds. Twenty-nine ranchers participated in the bulk shipment and 11 in the car from Twin Falls.

Weekly Livestock Sale Price Slow

With the market listed as "slow" and with top quality cattle absent 275 head were sold yesterday during the regular weekly auction at the Twin Falls Livestock Commission company, M. M. Daniels, manager, announced.

Prices follow:
Fat steers, \$7 to \$8.25; culler cows, \$4 to \$4.85; fat cows, \$5 to \$6.05; canner cows, \$3.15 to \$3.75; fat heifers, \$5.30 to \$7; calves, \$4.50 to \$5.85; bulls, \$4 to \$5.30.

Auditor's Test Will Produce Far-Reaching Effect in Idaho

BY WILLIAM MENEMAN
BOISE, June 8 (U.P.)—Far-reaching effects upon the entire cabinet system of state government in Idaho concentrating power in the hands of the governor will result from court interpretation of a suit to test constitutional powers and duties filed by State Auditor Calvin E. Wright.

The suit, in which Wright demands the return of certain powers turned over to State Comptroller Don Callahan by the 1939 legislature, has been presented for decision to District Judge C. P. Koelsch in Ada county. A constitutional amendment may be proposed ultimately to decide the dispute.

Each succeeding governor has desired more freedom and more power to control his own administration. Through the legislature, when under

his domination, he worked to gain more patronage and power through taking over duties formerly held by elective officials.

The department of law enforcement, now under control of the governor, formerly was under the secretary of state. Taxation powers now are in the hands of a governor-appointed tax commissioner. Other instances exist.

The suit case is the first in which this trend in state government has been openly challenged. If Wright wins his case, other suits by elective state officials to gain back powers taken away from them by legislative act and turned over to the governor's cabinet undoubtedly will be filed.

The result could be a disruption and rearrangement of the entire state governmental structure and more troubles for the administration.

Primary officers sponsored a social for the children Wednesday—Mr. and Mrs. Douglas Walton and two sons, Jay Lake City, Mrs. Dell Brown, Pocatello, and three sons were visitors at the home of Mr. and Mrs. Wesley Hurst during the week.

Mrs. Mont Wynn and son, Doc, returned Friday from Logan and other Utah points.
Mrs. M. H. Manning returned Tuesday from Logan, where she attended graduation exercises of her son, Richard Chambers.

Jay Marchant spent last week in Salt Lake City and returned home Friday. He was accompanied by his wife, who spent the past year teaching school in Phipps, Utah.
Primary meeting will be held during the summer Wednesdays at 3 p. m. All children are invited to come.

BAIT READY FOR WAR ON 'HOPPER

The war on grasshoppers was underway in Twin Falls county today.

County Agent Bert Bollingbroke said that poisoned bran for 'hopper bait may now be obtained at 10 cents per sack.

Major sectors in which the grasshoppers offer a menace at present are the Rock Creek territory and the farm area east of Hansen.

"The 'hoppers should be killed now while the menace is small," Mr. Bollingbroke said.

He advised distribution of the bait during warm mornings with the mercury reading from 65 up to 85.

Colder weather restricts 'hopper feeding and lessens efficiency of the poisoned bait.

Stewart Severns, Kimberly, is handling mixing and distribution of the bait, which is stored at the W. B. Savage warehouse in the same community. Severns may be contacted either in Kimberly or through the county agent's office. Buyers of the 'hopper bait are to provide their own sacks.

Better Business Plans Discussed

BUFFALO, N. Y., June 8 (U.P.)—Better business bureau executives of 51 cities had moved today to straighten out difficulties in consumer-business relations which were brought to light at a two-day conference of buyers, sellers, government officials and educators.

They considered specifically: Abuses in comparative prices by merchants; lack of adequate labels and grade standards on much merchandise; and need for an agency having the confidence of consumers to provide wide instruction on how to obtain fair value for money.

COYBOYS SEEK EDGE OVER BOISE TONIGHT

Twin Falls Hangs On Cards' Trail With 7-2 Victory

Even-up with Boise and hanging grimly on the trail of Pocatello's league-leading Cardinals, Eddie Leishman's Cowboys tonight will seek to keep right on where they left off in wallowing the Pilots into submission Wednesday, 7-2.

Mike Budnick, husky guest from Seattle way, will lead them in Twin Falls tonight at 8:30. Manager Andy Harrington elected Rasmussen to try roping the Cowboys, a job that two hurlers couldn't achieve last night as George Farrell and "Junior" McNamee blasted home runs over the walls.

Deadlocked Now

The 7-2 win deadlocked the series at one each, and tonight's duel will conclude the current fray with the Boise club, after which crews move to the capital city to renew hostilities there Friday.

Despite some unsympathetic work by Umpire Holmes, Bill Schubei had the Pilots subdued most of the time last night. And his mates went to work with a will to reverse the 4-0 shellacking of the opener. Pocatello's wild pitch, Twin Falls' left-center fence on the first ball Harold Fields served up. That set the pace, a sparkling array of defensive thrills by Wes Schumacher, plus some neat fielding by Leishman, throttled half a dozen Boise three-liners thereafter.

The victory kept the Cowboys within one and a half games of first place. Pocatello maintained their margin by uncorking a landslide 10-4 win over Salt Lake City.

More Scoring

After Farrell's fence wallop in the first, inning the Cowboys coasted until the fourth, when Schumacher angled, Leishman doubled against the left field fence and Wes scored on a wild pitch. Twin Falls added two more in the sixth when Wes and Eddie both scored. Schumacher walked to open the frame, Bill DeCarlo walked. Wes moved to third and Bill was forced at second on Leishman's infield ball, and Junior McNamee and Schubei both singled.

Final two scores came in the eighth as DeCarlo rapped out a single, and then went clear to center on Pritchard Snyder's overthrow in an effort to catch the runner off first base. With Leishman and DeCarlo traced for home and was three-fourths of the way in before Snyder pitched to Eddie, who laid down a perfect bunt although the ball came in shoulder high. After that squeeze play, McNamee strode up to the plate with the determined look, picked out a likely offering and smashed it clear over the scoreboard in right-center.

Bitter Scores

Boise did all its scoring in the seventh and eighth. Hal Ritter and Eddie both singled and Ed Sheehan scored Ritter on a long sacrifice fly. In the eighth, Walt Lowe smacked a double out to the left field fence and Eddie Ritter scored him with a single.

Schubei got into serious trouble in only one other inning when he walked the ninth, when he walked Tommy Kones, Boise's new acquisition, and then did the same thing for Sheehan and Gomez. After an interlude of vigorous discussion between Umpire Holmes and McNamee, Schubei laid down with the bases loaded to strike out Lowe, a dangerous hitter.

McNamee, Farrell and Schubei kept the Cowboys' lineup hitting with two apiece. Ritter was able for the Pilots with a pair of singles.

Woe Does Things!

Defense highlights of the night were Wes Schumacher's three sensational catches out in left field—every one backing him against the fence or within a few feet of it. In the first case Wes made a spectacular one-handed stab of Lowe's long drive, going back to the fence and shuffling in the jumping in the bumping back into the fence to rob Harrington of at least a two-bagger. And in the eighth he caught Don Origa's long fly drop in the fence zone.

Nokes duplicated Schumacher's one-handed stab when he speared Carlson's long drive to right center, nabbing it one-handed on the run.

Leishman, who shifted himself to second base to fill the gap left by injured Ernie Blinn, provided the infield spark with half a dozen fast fielding plays.

PRISON BREAK PLACES PARDON BOARD IN BAD POSITION

PUBLIC OPINION CENTERS AGAINST PAROLE ACTIONS

BY WILLIAM MCENAMIN
BOISE, June 8 (UP)—The Idaho pardon and parole board is in a critical position as a result of a recent prison break in which four prisoners sawed their way out of the penitentiary and were recaptured, statehood politicians believed today.

The action concentrated public attention throughout the state on inadequate jail facilities. The slaying of a policeman in Twin Falls recently further concentrated wrath and editorial onslaughts on the pardon board.

The board is faced with the necessity for keeping incarcerated habitual criminals and repeat offenders in their full terms and following a strict policy in handling parole cases in the future. But it also is confronted with the difficult problem of overcrowding within the penitentiary itself. Unless some action is taken, the population of the penitentiary, ever increasing, will reach a critical state. Warden P. C. Meredith already is predicting the largest overcrowded condition in Idaho penitentiary history. The appropriation made by the last legislature, although not as large as the previous one, is still deemed insufficient to provide sufficient guards.

The cell blocks, prison officials and other administrative leaders agree, are inadequate to properly care for prisoners. Hardened criminals are thrown together in what amounts to a crime school. Facilities for rehabilitation of socially-misfit men are inadequate, they assert.

Atty.-Gen. J. W. Taylor has voiced the sentiment of board members to clamp down on paroles and parole violators. Gov. C. A. Bottolfsen has already planned a policy, instituted at the beginning of his administration, of making prisoners serve at least their minimum sentences before they are released.

Eyes Across the Ocean

What kind of eyes does it take to make a trans-Atlantic sky skipper? The owl eyes at left are those of Capt. Arthur E. LaForte of the Canker Clipper. In contrast, those of Capt. Harold E. Gray of the Atlantic Clipper, other over-ocean airmen, are keen, piercing, studious.

APPENDICITIS

Today there are, the country over, as many deaths from appendicitis as there were in 1900. In 1937 it killed 46 people in Idaho, and in 1938, 76; but there is no steady decline in the number of deaths from year to year as there is in many other infections.

Some Facts

The appendix is a small elongated pouch off the first portion of the large bowel. It is about as big around as a pencil and from 1 1/2 to 5 inches long. It serves no known useful purpose in the human being, but unfortunately it is prone to infection.

Appendicitis was recognized in 1789 but no definite treatment for it was established until about 50 years ago.

The disease occurs in babies and in octogenarians but is commonest between 10 and 30 years and in men. It is seen more often in civilized people and city dwellers than among primitive tribes and persons living in the country. It is thought that habitual constipation favors its occurrence.

Danger Signals

Symptoms in the order of their importance:

(1) Pain. Begins suddenly. Is cramp-like or occurs in surges. May be generalized over whole abdomen or be localized in one spot, N. P. in the pain improves when the appendix bursts.

(2) Tenderness. Tenderness and spasms of the muscles over the appendix develop early. Location of tender spot depends on position of appendix and so varies greatly in different persons.

(3) Fever. Usually not very high.

(4) Vomiting. This is more common in children than in adults and may not occur at all.

Diagnosis

The only safe thing is to call a doctor when people have the stomach ache. In order to make sure that he is not dealing with some of the many things that imitate appendicitis, such as gall stones, kidney stones, ruptured ulcer of the intestine, and pneumonia (the latter particularly in children), he will make a careful examination of the patient and have certain laboratory tests made — e. g. a count of the white cells and the sedimentation rate when infection is present.

Treatment

If the appendix is removed while the inflammation is confined to it, the outlook is excellent. But if the appendix has burst or the infection has spread through the abdomen the prospect of cure is poor. Therefore operation must be done as soon as possible.

When you wait three or four days to call the doctor, he is confronted with a terrifying dilemma, compelled to decide whether the risk of immediate operation is less or more than that of waiting for the infection to subside or the pus to gather into a wall-off abscess. Under these circumstances his best judgment may be wrong, and the responsibility for the patient's death must rest on the person who neglected to get a physician early.

The Reason for So Many

Appendicitis Deaths

The reason there are so many deaths from appendicitis is that people disregard the "stomach ache." Not only do they fail to call

WATER FLOW TO BE CUT IN JUNE

BURLEY, June 8 (Special)—Snake river reports indicate that Hurley irrigation district's normal flow rights will be cut off early in June, about six weeks earlier than in 1938. The district must depend thereafter upon stored water.

Hurley irrigation district's storage rights in Jackson lake and Lake Walcott were 100 per cent filled this year. Jackson lake right is 139, 180 acre feet and the Walcott right is 31,885, a total of 171,665 acre feet. This storage alone is not sufficient for the needs of the district during the remaining crop-growing months of June to September, inclusive, under the usual rotation system. The extent of the shortage will depend on weather conditions, but it is estimated at from 45,000 to 65,000 acre feet.

Efforts are being made to lease additional water to cover the shortage. If these are unsuccessful it will be necessary to shut the water available, as was done in 1934. Charges under the allotment system, if used, will probably date from June 1.

During the months of June, July, August and September of 1934 the district delivered 1,05 acre feet of water to farms. There is now estimated to be available in storage enough water to deliver about 1,80 acre feet to farms.

Water users are urgently requested to cooperate with the riders and the management by getting their orders for water, both on and off, into the hands of the riders not later than 6 p. m. of the day before the change is desired. More notice will be appreciated. Water changes must frequently be made at the dam, and this advance notice will assist in regulation and cut down losses.

FDR Suggests Post For Library Post

WASHINGTON, June 8 (UP)—President Roosevelt had nominated today Archibald MacLeish, Pulitzer prize poet and war-time artillery officer, to be librarian of congress.

MacLeish, 47, now is associated with Yale university and was nominated from Connecticut. He will succeed Dr. Herbert Putnam, who last year was made librarian emeritus by act of congress after serving as custodian of the world-famous library since 1899.

Owsley Named as Chairman of Board

HAGERMAN, June 8 (Special)—Ed Owsley was elected chairman of the town board Monday. Charles Dickerson was retained as clerk.

The business of the board included the passing of an ordinance forbidding the sale of the crackers for not more than one week prior to and one week after July 4.

The board also voted to spend \$150 toward employing a man to run a tractor to level the park site.

CATTLEMEN WANT BRAND INSPECTOR

BOISE, June 8 (U.S.)—Determined to secure some form of protection against cattle rustlers, a delegation of Idaho livestock men conferred with Gov. C. A. Bottolfsen Wednesday on a plan for appointment of a state brand inspector.

The officer would be an ex-officio member of both the department of law enforcement and agriculture. E. N. Pettigrove, commissioner of agriculture and Harry Rayner, commissioner of law enforcement, also conferred with the governor on the proposal.

The action would be in the nature of a compromise. The governor vetoed a bill passed by the 1939 legislature setting up a bureau of brands. The constitutionality of the veto was questioned by Secretary of State George Curtis.

Leaders of the Idaho Cattle and Horse Growers association, headed by its president, Max D. Cohn, of Arimo, were making a concerted effort to get the appointment through. The livestock men decided at a recent convention to press a court test of the vetoed bureau of brands bill. This action probably will be withheld if a compromise can be reached.

He passed.
