Striking CIO Auto Workers Clash With Police Versions Differ

Rocks at Employees
MILWAUKEE, Wis., June 13 (U.P.)—Striking members of the United Automobile Workers (CIO) hurled stones and eggs today at street cars carrying office workers into the mile-square Allis-Chalmers plant. Police and deputy sheriffs repulsed the attack with tear gas.

Two policemen and four special deputy sheriffs were injured, none seriously. Approximately 2,000 pickets tried to prevent office workers entering the plant. The barrage of stones and eggs scattered windows of street cars carrying the employees.

Tear Bombs Thrown
Guards threw four or five tear gas bombs, which exploded among the pickets and drove them back behind a cloud of dense white gas.

About 50 police and deputies participated in the battle, which was staged before the company's main entrance, with a spectators' gallery of 1,000, including many women and children.

Workers Arrive
The company announced later that all office workers expected today had gained entrance.

The disorder presumably was witnessed by military observers sent by Col. Julius Helt to determine whether national guards should be assigned to guard the strike-bound plant, largest in Wisconsin.

CIO AND AFL CLASH
FLINT, Mich., June 13 (U.P.)—AFL pickets clashed twice with CIO flying squadrons and police here today but all Communist leaders reopened again and were operating nearly normal despite the attempted strike by Homer Maxwell United Automobile Workers. There were no serious casualties.

Company officials announced all strikers were functioning as usual. The apparently more men reported for work today than yesterday.

PRESTON POSSE SEEKS 2 YOUTHS
PRESTON, Ida., June 13 (U.P.)—Two youths, identified as Neal Randall, 23, and Paul Heddon, 23, half-brothers of Ogden, Utah, were captured early today at a ranch house near the mouth of Strawberry canyon by Bear Lake County Sheriff Asa Athey Paris.

Sheriff W. D. Head of Preston and Ogden officers went to Bear Lake to take the boys to Ogden where they will be turned over to federal authorities on charges of breaking the Dyer act.

PRESTON, Ida., June 13 (U.P.)—A sheriff's posse searched the hills in the vicinity of Strawberry canyon, 30 miles north of here today for two youths who eluded pursuers after stealing a car, guns and ammunition in Ogden, Utah.

The youths were identified as Neal Randall, 23, and Paul Heddon, 23, half-brothers of Ogden, through social security cards and Boy Scout cards found in a car they abandoned near here when a posse chased them.

Also found in the car were three revolvers, two black locks, handknives and three knives. They still possessed two revolvers, authorities believe.

The men were seen when they abandoned their first car, alone a second and headed off into the hills. When the posse was hot on their trail, they abandoned the second car and took to the underbrush.

All roads in the area were blocked. The federal bureau of investigation was asked to assist because the Dyer act prohibiting interstate transportation of a stolen automobile, was violated.

4 NATIONS GRANT HAVEN TO JEWS
LONDON, June 13 (U.P.)—All 970 German Jewish refugees aboard the liner H.M. Lohr were saved from being returned to Germany today by a governmental committee of refugees.

The committee induced Belgium to grant temporary refuge to 250, the Netherlands 184, France approximately 200 and Britain the remainder.

The United States joint distribution committee offered to pay for their maintenance.

Refused refuge in Cuba or elsewhere, the new wave of refugees were being taken back to Germany. The captain of the liner had allowed down to create delay which might result in some such solution as announced today.

NOMINATION CONFIRMED
WASHINGTON, June 13 (U.P.)—The senate today confirmed the nomination of William D. Leahy, retired chief of naval operations, as governor of Puerto Rico. He succeeds plantation Winship, resigned.

Move Toward New Water Source Wins Council Approval for Survey

MAYOR GRANTED POWER TO HIRE NOTED ENGINEER

Mayor Joe K. E. Koehler's drive for a new source of domestic water supply for Twin Falls took another step forward last night when other members of the city council granted the city executive the right to contract with a nationally known engineer who, if hired, would make a field survey of several sources suggested within the past few years.

The well-known engineer is J. C. Stevens, Portland, Ore., who is recognized as an authority in this field. The engineer will meet with the council and the city planning commission at a special district meeting Tuesday June 20. He will be met at Pocatello by Mayor Koehler and other members of the governing body of the city and will be brought to Twin Falls by motor.

Discretionary

Although the council gave the mayor the right to hire the engineer at a fee of \$500 if he so desired, it was stipulated that such a step was mandatory.

If Stevens is hired by the city he will make a comprehensive report of the sources of water for Twin Falls and

SKIPPED

Although both Councilman Lionel A. Dean and Mayor Joe Koehler last Friday introduced resolutions governing action by the council as a whole before major purchases are made by department heads, neither of the two plans was mentioned at the meeting last night.

At Friday's session Dean called for action by the entire council if the purchase amounted to \$300 or more while the mayor asked that action if the purchase came to \$500 or more.

Both said at the time that the matter would be brought up again last night but no mention was made of either of the two resolutions.

As Royal Party Goes into the Home Stretch

ENGINEER TELLS HIGHWAY REPORT

SHOSHONE, June 13 (Special)—District Engineer C. A. Kelly of the state highway department is home from Albion, where he viewed a contemplated road project extending about 12½ miles out of that locality.

A new all-weather road from Ketchum to Sun Valley is to be laid, and a section of road south five miles from Hansen is in the program. A secondary federal project from Tipperary corner in Jerome county is progressing.

Federal aid on a five mile stretch from Salmon is partially completed, and 4½ miles of the Buchanan road between Mackay and Challis is nearly complete.

Rock creek bridge, near Twin Falls, a part-steel structure of 400 feet and costing \$60,000, will be finished in about six weeks, states the engineer.

Surveys are being made in Cassia county on WPA projects, one from Oakley to the City of Rocks, and another out of Malia. Widening of road shoulders is done and the force is ready to give it the oil, though weather conditions have not been good for that purpose during the past week.

Broadening of the road out of Kimberly will be finished within a few days.

In Shoshone the state plant has been peeled and grounds are as clear and clean as a floor. The new system under which the department is working has proved enjoyable and lucrative and every man is on an assigned job. The office is one of the largest plants in the state and heads of departments are constantly on the route to improve traffic and better road conditions. Few accidents have been reported in this end of the district during the past month.

Job's Daughters Hold Ceremony

JEROME, June 13 (Special)—Installing new officers for the coming season and presenting the impressive Book of Gold ceremony, members of Jerome Bethel chapter of Job's Daughters conducted their Thursday. Parents and visitors from Jerome, Wendell, Gooding and Hagerman were present.

Presiding at the installation ceremonies were past honored queen, Barbara Peterson, Helen McConnell and Marian MacQuiver. Wendell, Miss Peterson acted as installing officer, Miss McConnell as installing guide and Miss MacQuiver, installing marshal.

Installing senior custodian was Mrs. Lenora Barquet, Bonnie MacQuiver, Wendell, acted as installing junior custodian; Miss Jean Parsons, Hagerman, was installing recorder, and Miss Martha Kappel, Wendell, was installing chaplain. Cheryl was little Sue McMahon, a new girl from the members who had inscribed their names in the Book of Gold during the ceremony. Guests were privileged to write their names also in the Book of Gold presented to the new queen, Miss Faye Handy.

Among the officers installed were queen, Faye Handy; senior princess, Eleanor Henry; junior princess, Ann Burdick; Marjorie Freeman, guide; Merle Thompson, marshal; Louise Pfeichtner, chaplain; Irene Callen, treasurer; Edith Treadwell, recorder; Janice Freeman, musician; Jerry Sullivan, Hagerman, first messenger; Barbara Smith, second messenger; Peggy Wallington, third messenger; Orla Johnson, fourth messenger; Mable Dellinger, senior custodian; Bonnie Jean Dellinger, junior custodian; Eunice Cooke, inner guard; Helen Overdick, outer guard, and members of the celestial choir.

During the evening, Mrs. Barbara Peterson was presented with a past honored queen's pin and Miss Margaret Halbert sang, "Is My Name Written There?" during the Book of Gold ceremony. Pianist was Miss Josie Handy, and Rev. W. F. Willis, minister of the Jerome Presbyterian church, was reader.

Starfish Named After Roosevelt

WASHINGTON, June 13 (UP)—A new species of starfish has been named after President Roosevelt, according to a permanent place in scientific literature, the Smithsonian Institution announced today.

The species was discovered by Dr. Weldon L. Schmidt of the institution, when he accompanied the president on a vacation trip to the Galapagos islands last year.

The name accorded the species is "holbrooki roosevelti," and in keeping with the custom of scientific nomenclature the Roosevelt part loses its capital "R."

Trainers See Heavy Volume of Business

SHOSHONE, June 13 (Special)—Trainers on the Halley-Ketchum branch out of Shoshone report an unusual volume of business at this season, and trucks and other equipment at the local station bear out the assertion.

Freight has been a heavy item, both ways, while stock shipments continue in fine manner. Many lambs are going to market. Hatters to Sun Valley are numerous and several conventions have recently occupied the attention of the staff of the hotels at Sun Valley. In addition fishermen have been flocking to favorite streams in the Wood river and Silver creek country, and Saturday nearly every other car towed an outboard motor boat.

Fishing is exceptionally fine on Silver creek, and great catches are being made from Wood river. Most summer homes up Wood river and Warm Springs creek, are in full swing and considerable improvement is noted in the property. At Crony Cove, one of the oldest sites on Warm Springs creek, an electric lighting plant and a pumping plant, done as well of pure water have been installed.

NATIONAL INCOME HITS 64 BILLION

WASHINGTON, June 13 (UP)—The national income in 1938 was \$64,000,000,000, Secretary of Commerce Harry Hopkins announced today. The figure was 80 per cent above the depression low in 1932, but \$16,000,000,000 short of President Roosevelt's goal of \$80,000,000,000.

The 1938 figure represented an average income of \$500 for every man, woman and child. It was 11 per cent below the 1937 recovery high of \$72,000,000,000. Declining prices and a reduced volume of income were held responsible for the \$16,000,000,000 drop.

The figures were given in a report to Congress by the Federal Reserve Board.

TWO THRIFTY PEOPLE...AND HOW THEY BOUGHT A MONEY-SAVING CAR!

JANE: There you go, getting the Martini Dodge again. Why, I'd be only too delighted to decide on Dodge, if we could afford to buy a big car.

DICK: Afford a Dodge? Listen, dear, don't you realize that the new Dodge costs even less than last year—only a few dollars more than a small car!

JANE: And look at what Dodge gives you! That new gearshift at the steering wheel doesn't cost a cent extra...the front seat is wide enough for three...and there's that new windshield that's bigger than ever!

JANE: It's certainly a luxurious car, too...and it has the smartest-looking front end I ever saw!

YOU MEAN THIS \$815*

BIG DODGE COSTS ONLY

All Federal taxes and all standard equipment included. Transportation, state and local taxes (if any), extra. See your Dodge dealer for your local delivered price.

Why Don't You, Too, Go To Your Dodge Dealer TAKE A LOOK THAT'S ALL DODGE ASKS

That's the ideal way to select your new car? Isn't it better to see the evidence with your own eyes? And then decide?

That's exactly what Dodge thinks. Instead of choosing your car with claims, we simply say: "Take a look...that's all Dodge asks!"

Check All The Facts! Before you decide on any car, go to your Dodge dealer and take a look at this exciting new car from every standpoint—body, luxury, new ideas and so much more. Don't miss a thing. Check all the facts!

And after you have done this, then take a look at the price tag! That's the best sign of all—for this bigger, finer Dodge costs even less than last year's Dodge!

OGDEN AIR BASE IS DEFENSE LINK

OGDEN, Utah, June 13 (AP)—The recommended \$8,000,000 Ogden depot air base located at the mouth of Weaver's pass, strategic outlet through the Rocky mountains, would be the first such establishment in the United States. Others are located at Sacramento, Calif., San Antonio, Texas, Fairfield, O., and Middletown, Penn.

Plans for the depot, vital links in the war department's expanded national defense program, had been discussed at length today at the hearings in Washington by army officials who expressed hope that work could be underway shortly after July 1.

General H. H. Arnold, chief of the army air corps, said establishment of the depot at Ogden for the repair and storage of planes and the handling of ammunition for coast air bases was essential for national defense.

Arnold said that while the war department had authorization and appropriation to purchase up to 2,500 acres for the Ogden development, it planned to buy only 1,200 acres additional. Entire area of the arsenal and air depot would be approximately 4,200 acres.

Largest sums would be spent for the following: Main building, flight test and inspection hanger, 925 by 600 foot repair dock, and 177 by 74 foot equipment repair building, \$2,420,000; depot supply building, 935 by 441 feet, \$1,000,000; and shop equipment, \$1,000,000.

HOME FINANCING RECORD LOOMING

TACOMA, Wash., June 13 (AP)—New records for home financing can be expected in the Pacific northwest for 1939, Fred W. Catlett, Seattle, member of the Federal Home Loan bank board, predicted at the opening of the annual two-day convention of savings and loan executives of six northwest states.

Economic conditions in the northwest show an "exceptionally favorable" trend, Catlett said, supporting his prediction.

All savings and loan associations of Oregon, Washington, Idaho, Wyoming, Utah and Montana accounted for \$840 home mortgages totaling \$12,825,000 during the first four months of 1939, Catlett said, representing 13.6 per cent of the dollar value of total home mortgage business.

A plant employing 500 men and women to make synthetic rubber from coal, stone and alcohol is being planned at Ferrara, Ital.

Mystery Cyanide Killer Tries 3 Family Murders

A fruit jar placed in this window of Cincinnati home and pouring forth deadly prussic acid fumes almost brought death to Henry Kesse, shown in window, his wife and daughter.

By NEA Service
CINCINNATI, June 13—A mysterious assassin who works at night with deadly cyanide gas has attempted to asphyxiate three Cincinnati families, and has police baffled.

Each family has narrowly escaped death and in the last case it was only the light slumber of a housewife which saved the lives of herself, her husband and daughter.

"We had left the window open for ventilation," recalled Mrs. Eleanor Kesse, wife of 45-year-old Henry Kesse, a former grocer. "I was sleeping fitfully and suddenly I awakened. It was shortly after 3 a. m. There was a rumbling noise. It sounded like a thousand kettles boiling at once."

Mrs. Kesse began to choke, her throat burned. The half-light of early morning faintly showed a fruit jar on the ledge of the bedroom window. Clouds of gas poured forth.

"Henry," she screamed, pulling her husband, "throw out that jar!" Sleepy-eyed Kesse found his way to the window. Covering his nose and mouth with one hand, he used

the other to dash the jar of death to the ground below. He saw a man running from the yard.

City Chemist Otto P. Behrer said the gas, which gives off deadly prussic acid fumes, was the same used in an attempt on the lives of Frank Kramer and his family, who live nearby.

In the attempt on the lives of Mrs. Ora B. Craig and her two daughters, the assassin turned on all six jets of the kitchen stove. The three might have been asphyxiated had he not attempted to close the bedroom window. Helen, one of the daughters, was awakened and found gas flowing from the side-open jets.

None of the three families can supply a motive for an attempt to kill them. It is the work of a madman.

CITY WON'T PUBLISH NOVEL
ALAMEDA, Calif. (AP)—Lorena Beale, city clerk, received a letter asking if the city of Alameda would undertake to publish a novel, the writer asserting the city had authority to do so. Beale took it upon herself to advise all authors that Alameda would not print a novel for anyone.

POWER STOPPED IN BRIEF BREAK

Electrical service to a portion of the business section of Twin Falls, and some residences, was disrupted for 10 minutes this morning when power wires in some manner became short circuited.

Officials of the power company said cause of the short was not known, although something evidently fell against the wires.

A power crew, working nearby, noticed the flash and investigated immediately with the result service was continued in a short time. The break came at 8:15 a. m. The short occurred at a point near Second avenue north and Fourth street.

Brilliant Social Calendar for Eastern Star State Delegates

Highlighting the social aspects of the grand chapter, Order of the Eastern Star of Idaho, in session here today, tomorrow and Thursday, will be three banquets, two luncheons, one breakfast and a garden tea, planned in elaborate detail for the entertainment of the out-of-town guests by the three hostess chapters, Twin Falls, Filer and Hollister.

Worthy grand matrons of four adjoining states, in addition to Mrs. Anna Hamilton, Nampa, worthy grand matron of Idaho, will be distinguished guests at the past grand matrons' and past grand patrons' banquet at 6 o'clock today at the Masonic temple.

The program will feature music by the Buhl quartet. Assisting Mrs. Landon in making arrangements for the banquet are Mrs. Ella Keefe and Mrs. Maude Dwyer, Twin Falls; Mrs. Edna Davis and Mrs. Lena Sikes, Filer, and Mrs. Ruby Dean, Hollister.

Colorful climax to the social events of the three-day session, will be the garden tea at 4:30 o'clock Thursday afternoon at the home of Mrs. Emma Clouche, 327 Fifth avenue east.

Mrs. Clouche, charter member of the Twin Falls chapter, and Mrs. Maude McRobert, Twin Falls, past worthy grand matron, are co-chairmen. A Mexican atmosphere will prevail, heightened by the rich standings of the flowers now in bloom in the garden, and the quaint stone wall, and the Mexican peasant dress, will assist in setting the scene.

The tea table will be appointed in vivid pottery, and covered with an authentic Mexican cloth.

Girls who will serve are Miss Beth Oyler, Miss Doris Ann Sherwood, Miss Marilyn Brooks, Miss Shirley Thompson and Miss Mary Jane Shearer.

These Will Pour: Mrs. Ledham, Lewiston, and Mrs. Blanche Kleinman, Los Angeles, past worthy grand matron, will be at the services when the first guests arrive. Mrs. Kleinman is the house guest of Mrs. McRobert.

During the second period, Mrs. Stella Phinney, Coeur d'Alene, grand treasurer, and Mrs. Loula Carpenter, Salmon City, grand secretary, will be asked to pour.

Final tea hour honors will go to Mrs. Hamilton and Mrs. Stocker. In the receiving line with Mrs. Hamilton and Mrs. Clouche will be Mrs. Stocker, Mrs. Ages, Mrs. Cedach, Mrs. Cox.

Courtesy cars, manned under the direction of Carl Sanburg, will transport the guests to and from the tea.

Refreshments were served by the co-hostesses, Mrs. Ingber and Mrs. Lena Strain.

THETA RHO CLUB COMMITTEES NAMED: An important committee featured the business meeting of the Theta Rho club last evening at the Odd Fellows hall.

Miss Shirley Wilson, president, conducted the meeting and announced the following committee appointments:

Program, Miss Audrie Smith, Miss Marjorie Richardson, Mrs. Cora McNeill.

Refreshments, Miss Betty Bicknell, Miss Ruby Mason and Mrs. McNeill.

Four Rebekahs were admitted as new members, including Mrs. M. W. Watkins, Mrs. Clarence Wolter, Mrs. McNeill and Mrs. H. Tarr.

Next meeting of the group will be held June 19 at the Odd Fellows hall.

CLARKS UNIT: FOR SUMMER PICNIC: Thoroughly enjoyed by members of the Berean and Altruist classes of the Church of the Brethren and their families was the joint picnic party Sunday at the Twin Falls county fairgrounds, Filer.

Approximately 30 members and their families attended. Horseback riding and baseball contests were diversions for the men; the women spent the afternoon socially, and sang and entertained the children.

Mr. and Mrs. A. J. Turner, Minidoka, and Mr. and Mrs. L. E. Turner and son, Murrough, were guests.

Mrs. Martell assisted the hostess in serving refreshments.

Mrs. J. E. Wynn with material club at the next meeting.

Magici-Y Names YWCA Delegate

Official delegate from the Magici-Y club to the Sun Valley conference of business and industrial girls of the northwest affiliated with the Y. W. C. A. will be Miss Kathryn Goff, president. The dates of the meeting are July 8-15.

A special meeting at the home of Miss Goff was held at the home of Mrs. Nola Order, club members also discussed plans for the convention, and ways and means of raising funds to send their delegate.

A benefit candy party was scheduled, the place to be announced later. Miss Helen Swope and Miss Lucille Long were named to take charge of the evening.

Mrs. Helen Henderson, guest speaker, told of her experiences at the Y. W. C. A. conference of secretaries and Y. W. C. A. leaders several weeks ago in Denver.

A special sing will be held Friday evening at the home of Mrs. B. L. Price, sponsor of the group, to study in preparation for the Sun Valley conference.

Two house guests of Miss Arlene Snider, who are here from Nebraska, were present in addition to the members.

AMOMA CLASS PLANS FOR PICNIC: Amoma class of the Baptist Sunday school met at the country home of Mrs. Myrtle McDonald Monday evening with 14 members and one visitor present.

Mrs. Genevieve Tucker, newly-elected president, was in charge of the business meeting. Mrs. Ruth McBride led the devotionals.

Mrs. Roy Barrett read three poems as program features.

Plans were made for the annual picnic at the home of Mrs. Tucker July 7. The president named her committees for the next year.

Polyannas were chosen for the coming year.

Refreshments were served by the co-hostesses, Mrs. Ingber and Mrs. Lena Strain.

Hitler "Nice"

Adolf Hitler is "very nice" and a "good-looking man," reported Wanda Cochran, American dancer who met him in Weimar, Germany, who is pictured above on her return to New York. After her introduction to the German chancellor he turned over to her his box at the opera, where she saw his favorite operetta, "The Merry Widow."

Bride-Elect Is Guest at Party

Cleverly appointed was the miscellaneous shower arranged Sunday for Miss Reba Fern Hartley, whose marriage to George Rowen will be solemnized June 17. The event took place at the home of Mrs. Mabel Pearson.

Assistant hostesses were Mrs. Floyd Sharp, Mrs. Gall Montgomery, Mrs. Vernie Hartley and Mrs. Oliver Hartley.

Fifty friends of the bride-elect were present at the occasion.

Martha Mae Sharp and Gary Hartley, dressed as a bride and groom, threw a pink-decked, gift-laden wagon into the living room and presented it to the bride.

Refreshments and decorations featured a color scheme of pink and a bridal motif.

WALTER-JOHNSON NUPITAL ANNOUNCED: Mrs. E. J. Johnson, Filer, announces the marriage of her daughter, Miss Bernice Johnson, to Henry Walters, Oakland, Calif.

The marriage took place May 28 at Elko, Nev.

Mr. and Mrs. Walters will make their home in Twin Falls.

Chapter D Has Record At State Convention

Final session of Chapter D, P. E. O. Sisterhood, until next September, took the form of a picnic at the home of Mrs. W. G. Sampson, Hansen. Thirty-three members of the chapter were present to enjoy the alfresco supper, served on the lawn, and to hear reports of the state convention last week at Sun Valley.

Chapter D, with a representation of 20, had the largest number of local delegates at the three-day session, the records showed. Many stayed for the entire three days, and others were present at one or more sessions.

Bride Honored: Miss Helen Warner, former member of the chapter, and now affiliated with a Boke P. E. O. chapter, was presented with an attractive wedding gift from the group.

Miss Warner's marriage to Mark Swan, Seattle, will be solemnized tomorrow.

Also a guest of the chapter last evening was Miss Katherine Shovel, Eureka Springs, Ark.

Miss Jessie Foster, president, and Mrs. Jessie Husted, official delegate, enumerated convention highlights.

The business meeting was held indoors, and the rooms were trimmed for the occasion with bouquets of choice roses from the Sampson garden.

18 Students Dropped For Branding Jew

BALTIMORE, Md., June 13 (U.S.—) School authorities today suspended 18 students at Gwynedd Falls Junior high school in an inquiry into the reported beating and "branding" of a 15-year-old Jewish student and a fight between the boy's friends and alleged pro-Nazi classmates.

The mass suspension was the first result of an investigation launched by Dr. David E. Weigelin, superintendent of public instruction.

Authorities did not make public the names of the suspended students. However, it was understood those suspended allegedly participated in the outbreaks.

The alleged assault on the Jewish boy, Melvin Bridge, occurred last Friday. The five, said the youth, a friend of Bridge, went to school with him yesterday to protect him in event he was attacked a second time.

"During another recreation hour," Cohen said, "I am informed boys from the neighborhood, including Bridge, in the altercation that ensued blows were struck. Rosen was charged with striking them."

During the altercation, Bridge was struck on the head by a brick.

4,000 FORMER CZECH ARMY MEN CROSS BORDER TO POLAND

NAZI MOVEMENTS OF TROOPS TOLD BY NEW ARRIVALS

WARSAW, June 13 (AP)—Four thousand men of the former Czechoslovak army have escaped across the frontier to Poland, it was disclosed today as new arrivals reported German troop movements along the Slovak-Poland border.

Officers, non-commissioned officers and privates were among those who have arrived in Poland during the last few days, it was revealed.

Refugee Camps
All were taken to refugee camps which Polish military authorities established for them, pending their further disposition by the government.

Gen. Lev Pechala, of the former Czechoslovak army, who is in refuge here, visited the camps yesterday.

Newly arrived refugees alleged the Czech civil population was bearing the cost of the German military occupation.

Troop Movements
Their reports of German troop movements along the Slovak-Poland frontier came after persistent rumors in recent days that German troops were to occupy Slovakia, though the treaty establishing a Slovak protectorate provided Slovakia should maintain its own army.

Aside from the soldiers and other refugees here, Poland was a haven today for a Czechoslovak political leader who escaped the country, and for six Slovak aviators who flew three heavily armed Slovak bombers across the frontier in fear of the rumored German military occupation of Slovakia.

Statesman Dies
Wojta Benes, 62, brother of former Czechoslovak president Eduard Benes and a former member of the Czechoslovak parliament, arrived here with his wife last night after fleeing across the border from Bohemia.

He hoped, when his health had improved with rest from the strain and anxiety of recent months, to continue to the United States to join his brother.

The three Slovak bombing planes, loaded with bombs and carrying machine guns, arrived late yesterday at the Doblin military airport. Polish authorities temporarily interned the flyers while they questioned them.

Teachers "Bulwark" for Americanism, Bott Says

ALBION NORMAL COLLEGE, Ida., June 13 (AP)—The American teaching profession is one of the greatest bulwarks today against un-Americanism, Gov. C. A. Bottolfsen told the normal college graduating class.

"The responsibility devolving upon our teachers has been intensified by the national and foreign scene," Bottolfsen said. "Our national problems have so multiplied that they have gone beyond the wildest dreams of 20 years ago."

The governor said the modern teacher is being forced to recognize and choose between indoctrination—"that of the dictatorial variety," and evolution of intellectual freedom.

"The greatest crime of modern education is committed when a teacher so far forgets his duty that he merely puts a book beneath the collective noses of his class and expects them to absorb it," Bottolfsen said.

A teacher must guard against slipping from a basic interpretation into the more elastic realm of theory with resulting detriment to the student, the governor said.

and Mrs. Paul Davis entertained for the honor. Roses and peonies in pink and white carried out the color scheme. Prizes for bridge were received by Valrie Green, Mrs. Frank Titus and Mrs. Paul Smith.

BOYS' BATTLE SALT LAKE TONIGHT

Hurler, Infielder Added to Club; Edge Stars, 15-11

After dropping two out of three games to Boise last week and slipping to third place in the Pioneer league, the Twin Falls Cowboys will be gunning for a win when they clash with the Salt Lake Bees tonight in the first of a three-game series.

Bill Schubel will take over the mound assignment for the first game, Mike Budnick is slated for the second, and Charley Wry for the third encounter, said Eddie Leishman, injured shortstop-manager.

Leishman announced the release of Hank Anderson last night, saying he was returning the hurler to the Seattle Rainiers.

Jerry Soule, right-handed pitcher, will join the Cowboys Wednesday, replacing Anderson, said Leishman. Steve Reynolds will arrive in Twin Falls today from Spokane to take over shortstop duties in place of the injured Leishman.

With these reinforcements, the Cowboys will meet the fourth place Salt Lake Bees Tuesday, Wednesday and Thursday. The Salt Lake Bees will arrive in Twin Falls today from Spokane to take over shortstop duties in place of the injured Leishman.

The Cowboys defeated an all-star team from the South Central league 15 to 11 last night as the centennial of baseball was observed in Twin Falls.

Players started the game in regular positions, but what positions they filled after the start of the contest, or how many places they took, no one knows.

Wes Schulerich started out as first sacker for the Cowboys, but the eighth inning saw him holding down the mound for the all-stars and letting his team mates down with one hit and no runs after he had declared loudly to the crowd that, "I'm mad and I'm going to play for these fellows." Not only that, but he smashed out a hot single in the ninth inning.

Starting out in a serious manner, the Cowboys tallied two runs in the last half of the first in a single, an error and sacrifice hit. In each, the second and third singles, one run was added to the figure on the scoreboard. No runs were scored by the Cowboys in the fourth inning.

Big Fifth
Then came the big fifth. On two walks, three singles, a double and a homer, the Cowboys tallied seven runs and battled all the way around. In the midst of the melee, with no runs out and one on, Steve Reynolds, pitcher from Tuttle, Porterfield, pitcher from Tuttle, replaced Don Hess of Buhl. After four innings, the score was 2-0. Hess went to bat for Anderson, who went to bat for Buhl. Hess went to bat for Anderson, who went to bat for Buhl.

Thousands Pay Tribute to Baseball at Centennial

Pity Poor Craig Wood, Licked by Miracle Shot in U. S. Open, Says Expert Mac

By HENRY McLEMORE
PHILADELPHIA, June 13 (UP)—Byron Nelson could stand on the fourth fairway of the Philadelphia country club and hit No. 1 iron toward the green for the rest of his life without sinking one for an eagle two.

Gene Sarazen could plant himself on the fairway of the 13th hole of the masters' course in Augusta and fire No. 4 woods until his beard swept the ground without holing one for a double eagle.

Such shots are miracles, not golf. The chances against them are 1,000,000, 2,000,000, or 3,000,000 to 1. Without taking too much for granted, a man has the right to believe that his journey through life won't be marred by a million to one chance working against him.

How, then, do you suppose Craig Wood feels today? What must be the emotions of a man who, with the first shot of four years, has had two opponents blight his hopes by bringing off 1-100,000 to 1 shots? Nelson brought one off in the second playoff for the National Open golf championship yesterday. It was a brilliant battle between two fine golfers until the Texan uncorked his No. 1 iron shot on the fourth hole to send the ball 210 yards and into the cup.

Wood knew then that the open championship had been snatched from his grasp, and his mind must have turned back to that afternoon in Georgia in 1935 when Sarazen frustrated him in the Masters' tournament by holing out a No. 4 Wood on a par five hole. Wood already was in the clubhouse, receiving congratulations on his triumph, when word came in that Sarazen had pulled off one of golf's "impossibilities" and was coming in to tie him for the title.

It was Craig's first wedding anniversary, and thinking he had won, he told his pretty and charming wife that the Masters' victory was his anniversary present.

Mrs. Wood was here yesterday when Nelson fired his miracle shot. She took the blow amazingly well. Her only comment, as she walked from the final green with the cheers of the crowd for Nelson ringing in her ears, was:

"It hardly seems fair, does it? I mean, for a fellow to sink such a shot in a play-off for the National championship. And it is always Craig who suffers from such shots."

With no thought of disparaging Nelson's play (after all, you can do much better in golf than Byron Nelson's final three rounds of 68-68-70), Wood certainly is the tough luck boy of golf.

Inspiration
Even House Wagner, the "Flying Dutchman" called by many the greatest ball player of all time, paid tribute to Mac as his inspiration: "I don't think I would have entered baseball if it hadn't been for Connie Mack. When I was a kid I hit a buggy ride to see him catch. I saw him and made up my mind to do a little ball playing myself."

All the other immortals—Ty Cobb, Tris Speaker, Walter Johnson, Larry Lajoie, Eddie Collins, George Sisler, Cy Young, Grover Cleveland Alexander and Babe Ruth paid their respects in their various ways to Mack, who for 38 years has been managing the Athletics and has won nine pennants and five world's championships.

Mack stood up under the trying celebration program as well as the younger fellows.
Tomorrow he'll be back at his regular routine.

As a fitting tribute to his 50 years in the game, Mack managed the American league club against the National league in the All-Star game at Yankee stadium July 17.

He was a spectator, along with 10,000 others, at the climax game of "The Cavalcade of Baseball" yesterday which a team managed by "Honus" Wagner beat a team led by Eddie Collins, 4-2, in seven innings.

THROUGH HOSTILES SOCIALIST CHIEF

JERSEY CITY, N. J., June 18 (AP) — A crowd of several hundred hostiles and lesser Norman Thomas Socialist leader, as he left for New York last night after civil liberties union's mass meeting at Journal square.

The crowd followed him and Dorothy Dunbar Bromley, newspaper columnist, from the square to the subway station. Thomas, ignoring their taunts, described the meeting as a "notable victory" over Mayor Frank Hague.

"Challenge"

The meeting was called as a "challenge" to Hague by liberal leaders. They sought to determine whether he would keep his promise to abide by the United States supreme court's recent decision declaring unconstitutional Jersey City's ordinance restricting public meetings.

The meeting itself was calm. There were only occasional attempts at heckling. The contrast was marked between it and former attempts by Thomas to speak at Journal square. Before, he had been pelted with eggs and stones by the mobway by Jersey City policemen.

Crowd Closes In

But when Thomas and Miss Bromley started to leave last night, the police who had guarded the meeting dispersed. A hostile crowd closed in, shouting "Communist" and "Get out of town."

When Edward Hunt, Jr., a Columbia university student, protested, he was seized by members of the crowd and thrown down a flight of stairs. He was not injured.

Thomas and Miss Bromley were not seriously molested.

Approximately 500 spectators at the meeting, there was no concerted attempt to interfere with speakers.

NAMES in the NEWS

(By United Press)

King George VI dispatched to President Roosevelt a telegram that raised the praises for him a host and for the American people's display of friendliness and good will.

Rep. Hamilton Fish, R., N. Y., denounced the administration's neutrality bill as a "fake" and criticized Great Britain for "feasting on her war debt to this country at a time when she was lending \$240,000,000 to other nations."

Col. Leonard P. Ayres, Cleveland economist, urged that America take advantage of its \$16,000,000,000 gold hoard and pay the dollar's value permanently.

Secretary of the Interior Harold I. Ickes assailed "brutalitarian" dictatorship abroad and warned New York group of newly-naturalized citizens against following the leadership of native Americans who "talk of dictatorship."

U. S. Sen. Joseph C. O'Mahoney of Wyoming told the second round of the Senate action congress at Cleveland that he thinks the country's economic troubles can be solved.

The case of Joan Stevens will be examined at Nesquehoning, Penn., to determine whether the 14-year-old school girl was mistreated before she was shot fatally by a Pennsylvania motor police corporal.

Eleanor Young, society's 1938 glamor girl, and her husband, John Bacon, Jr., prominent clubman, were married in April in Washington, Va. It was disclosed today.

Dr. Helen H. Elliot, New Jersey commissioner of education, ordered reinstatement of Olive P. Jordan, Wenonah borough school teacher, who has diminished her reputation for telling "horror tales" to her first grade pupils.

Rep. Hamilton Fish, R., N. Y., asserted that "governmental censorship of radio broadcasts" is an opening wedge toward destruction of free press and establishment of a dictatorship in this country.

Secretary of Commerce Harry T. Hopkins will be permitted to spend \$135,000 for experts to act as liaison agents between government and business.

Helmut Wohltat, Nazi economic expert, has arrived in Spain in order to discuss with the Spanish authorities the future development of economic relations between the Reich and Spain.

Landon Says F R Nullified Federal Pump-Priming

BOSTON, June 18 (AP) — Alfred M. Landon, 1936 Republican presidential nominee, said today that President Roosevelt had nullified his "pump-priming" program by "constantly throwing money wretches" into the machinery of business and government.

"The political strategy of the President has constantly been one of giving us a devil to hate," Landon told the Massachusetts Women's Republican club. "Latterly he has extended his strategy to members of his own party in the congress."

STRAWBERRY GIVES THANKS

BANTA, CALIF., June 18 (AP) — New A. R. Hogue believes it. When W. P. Bryant told Hogue that if he would eat his meat as a fertilizer for his strawberry plants, it would greatly improve their quality and quantity. Later when he picked a strawberry in the form of fat, Hogue admitted Bryant was undoubtedly right.

Silence in the Court

This is a climax scene of Chicago court drama, in which all three principals were dead-mutes. By turning head, Mrs. Marie Chambers of Shelbyville, Tenn., refuses to sign language of Ben Hall, whom she met while attending school in Chicago. Looking on is her husband, Graham Chambers, who charged his wife had left him for Hall. Finally: Mrs. Chambers decided she didn't love either man, signaled that she'd like to go home.

BOOK FEE PLAN FOR 7TH GRADE

Extension of the district-owned textbook plan, by which students pay only a nominal rental fee per year, had been voted today by the seventh grade in junior high school by the Twin Falls board of trustees.

The board authorized Sup. Homer M. Davis and Principal Vera C. O'Leary to extend the rental plan to seventh graders. The system now includes all lower grades from first through sixth.

Fee at \$1.25

For seventh graders was set at \$1.25. The pupils buy their own work books; the lower-priced volumes that are used up in course of one year.

Since seventh grade is "departmentalized," purchase of texts under the district-owned plan need not mean buying one book for every pupil. Sup. Davis told the board, instead, a quantity of books can be bought for each departmentalized room and the books left always in the room.

The district-owned book plan probably will be extended to eighth grade for 1940-41.

Among other problems discussed at last night's meeting was that of the expected influx of new pupils as a result of the projected federal farm village and migratory workers' camp. Trustees expressed concern at probability of a heavy influx of new students but agreed that any possible remedial action must await actual experience to determine just what the added load will be.

Caldwell Worried

Caldwell school district, in a letter from its attorney, requested that the attorney and R. P. Parry, counsel for this district, as to possible solution of the problem. Caldwell now has such a farm camp.

Outline of summer improvement work in all school buildings was submitted by Sup. Davis, showing that bulk of the task will be done with the district's own maintenance force. It will include general refurbishing, painting and deck varnishing.

School Board Saves \$4,000 On Bus and Coal Contracts

Emphatically economic, the Twin Falls school district today had savings in excess of \$4,000 for the coming school year.

The economies were achieved in granting of contracts for purchase of the year's coal supply and for allotment of eight of the 10 school buses which carry pupils of the district.

Strict Supply Rules

By accepting bids on continuance of present buses—with strict safety regulations—the trustees saved approximately \$3,400 from what brand-new vehicles would have cost under fully contract.

By accepting the Magic City Fuel and Fuel company's coal bid, trustees shaved approximately \$700 off the amount of the coal bill paid for the school year just past.

Magel and Warberg

Two-year bus contracts went to Magel Automobile company, for the seven vehicles it now operates, and Warberg Brothers Coal and Transport company, for continuation of the one vehicle for which contract had expired. Warberg also operates two other buses on which the contract runs through the 1939-40 year.

Transportation cost under the two contracts will be \$5.50 per bus per day. There are approximately 174 days on which transportation will be needed.

If new buses had been anticipated, the cost would have been \$5.50 per day for each machine.

Magel and Warberg were the only firms bidding. Rates were identical.

Low Mileage

The eight vehicles which thus will be retained in service for two more years were new four years and three years ago. None has mileage above 30,000; one is only 21,000. All have been kept in top-notch condition.

Strict specifications for safety were written into the contract by R. P. Parry, attorney for the district, and Sup. Homer M. Davis. These include regulations for drivers; stipulation that mechanically each bus must be "safe and adequate from every point of view," because of liability insurance from \$100,000 to \$200,000 per bus; provision that each bus be insured to be the sole judge as to whether any vehicle is not safe, and is to have the right to

HULL DENOUNCES DISCRIMINATION

WASHINGTON, June 18 (AP) — Secretary of State Cordell Hull today observed the fifth anniversary of the reciprocal trade treaty program by denouncing "discriminatory" foreign trade methods such as those used by Germany and Italy.

The bill was reported by a party vote of 12 to 8. The Republicans reserved the right to file a minority report. Rep. Hamilton Fish, R., N. Y., was paired against the bill with Rep. Robert Allen, D. Penn. Democrats were missing, and two members voted "present."

In a formal statement commending enactment of the trade program five years ago, Hull said "excessive and arbitrary checks on economic activity" lead to chaos and destruction.

He did not mention Germany nor Italy by name, but he has criticized their foreign trade policies specifically in similar words.

LOW IDAHO FRUIT CROPS PREDICTED

BOISE, June 18 (AP) — Idaho cherry production will show a 10 per cent drop in 1939 compared to 1938 and corresponding drops in production of other fruits will occur, agricultural statistician Richard C. Ross predicted today.

Ross estimated the 1939 cherry crop at 1,710 tons compared to 2,460 in 1938. A new record in the nation at large is anticipated.

The Idaho apple crop was considerably below normal and production of peaches, plums and prunes was down.

IDAHO GETS AAA WHEAT INCREASE

WASHINGTON, June 18 (AP) — The agricultural adjustment administration announced today allotment to states of the \$2,000,000-acre wheat allotment for 1940.

The \$2,000,000-acre allotment, which was announced on May 16, compares with an allotment of 85,000,000 for 1939. The \$2,000,000-acre increase is absorbed in larger state allotments with all major wheat producing states receiving acreage increases for the coming year.

Idaho's allotment, which was 805,549 acres in 1939, was increased to 898,702 acres.

BOARD PROBING FUND SHORTAGE

BOISE, June 18 (AP) — An investigation of legal technicalities surrounding a \$4,000 shortage in the \$71,000 building fund of the state hospital in Blackfoot today had been referred to Atty-Gen. J. W. Taylor by the state board of examiners.

The board discussed the shortage with Dr. J. O. Cromwell, hospital superintendent, and Curtis Richmond, architect whose claim against the institution was protested.

Claims outstanding total \$7,630.54 while only \$3,082.19 remained of the money appropriated for the purpose.

A part of the appropriation was used for remodeling an old building. Cromwell said instead of being used for construction of a new dormitory. He said the remodeling was necessary.

A claim against the state for \$1821 made by the Erb hardware company of Lewiston for goods provided to the Lapwai game farm, was denied by the board. Atty-Gen. J. W. Taylor protested the material was purchased without being submitted to competitive bid. State Senator R. S. Erb is the head of the Erb Hardware company, the board indicated.

Mock Trial on Jaycee Roster

With local attorneys in charge, a mock trial was the highlight of the membership meeting of the Twin Falls Junior Chamber of Commerce held last night at the Park hotel.

Defendants in the trial, charged with obtaining money under false pretenses, were Robert E. Warner, Alton Young and George Detweiler. Lionel T. Campbell was the judge, Edward Babcock, prosecuting attorney, and J. H. Blundell was appointed by the court to represent the defendants.

Highly was keynote of the proceedings. Officials of the "court" wouldn't reveal identity of the complaining witness or trend of the testimony.

The mock trial was staged after dinner had been served. No regulation business meeting was held since many of the Jaycees attended the Cowboy-All-Star baseball game.

U. S. Can't Outdo Us, Britons Say As They Plan Ovation for Rulers

LONDON, June 18 (AP) — Britons, still expressing their astonishment at the enthusiasm with which King George and Queen Elizabeth were greeted by Americans, planned today to give the royal couple the greatest ovation they ever had been accorded on their return to England.

The general view seemed to be that it was up to Britons to eclipse anything in the way of receptions the king and queen had received during the Canadian and United States visit.

A national thanksgiving service at St. Paul's cathedral or Westminster Abbey, was discussed. An immense program of gala events in London's west end was in preparation. Hotels, night clubs and restaurants planned a special celebration. It was expected that the entire 70 mile railroad route from Southampton, where the king and queen entrain, to London, would be lined with cheering people. Police made special preparations to handle crowds at stations, bridges and crossings.

GREEN CHARGES NLRB IS BIASED

WASHINGTON, June 18 (AP) — President William Green of the American Federation of Labor asserted before the house labor committee today that partial and biased administration by national labor relations board members had distorted the Wagner act into an instrument of labor oppression.

Green appeared before the committee in support of Wagner act amendments introduced in behalf of the AFL by Rep. Graham Barden, D., N. C. One of the amendments would abolish the NLRB as presently constituted and establish a new five-man board to administer the Wagner act. Green charged NLRB decisions have favored the Congress of Industrial Organizations over the AFL.
