

GERMAN MINORITY ENTERS INTO POLISH-NAZI DISPUTE

LEADER SUBMITS LIST OF ALLEGED OPPRESSION ACTS

WARSAW, June 14 (UP)—Poland's German minority entered the "aggression" bitter Polish-German dispute today, Senator Edwin Hasbach, minority leader, handed the government a memorandum detailing alleged grievances of Germans in Poland.

It was understood the memorandum was rejected and Hasbach was named any minority complaints must be submitted to the competent district government.

Representing 740,000 Germans in Poland, the memorandum was submitted to the Polish government.

Polish quarters described the memorandum as one of "purely propagandistic" character.

Sharp exchanges of notes between Poland and Danish authorities over alleged attacks by Danes on Poles and by Poles on Danes; exchanges of unpleasantness by Polish and German newspapers; and, in the last few days, the arrival of Czech and Slovak refugees from Germany, had marked previous stages in the dispute.

There were thousands of Czech refugees in the country, including the Czech army who have been put into special camps near Cracow.

LAUNDRY FIGHTS DAMAGE VERDICT

Notice of appeal to the district court has been filed with Probate Judge C. A. Bailey today after he returned a judgment for \$75 in favor of W. D. Denton, in an auto accident damage claim against Troy-Parishian, Inc.

Counsel for the laundry firm served the appeal notice yesterday afternoon immediately after Judge Bailey advised them he would rule for the claimant.

Denton, through a guardian ad litem, had asked \$100 for wrecking of his car on the highway east of Hansen Dec. 24, 1938. The laundry concern asked \$500 damages plus other sums bringing the total to \$618 in its counter-claim.

Testimony indicated the laundry truck had been struck by a car which was pushing the Denton machine. The car vehicle was owned by W. L. Kloppenburg and driven by Buell Vanderpool. Wendell Brown was driver of the Parishian machine.

Civil trial occupied two days this week in probate court without a jury. Denton's counsel was J. H. Barnes; Chapman and Chapman and Lionel T. Campbell represented the defendants.

The lone bulb was sent to Mrs. Tilberg by friends in California. This afternoon Mrs. Tilberg said that anyone wishing to see the rare plant is welcome to visit her garden although she added that after tonight the flower would probably not remain open longer as it has been out some time at present.

DWORSHAK HITS EUROPEAN WAR PROPAGANDA IN U. S.

IDAHO LAWMAKER SAYS AMERICANS RAP "MEDDLING"

WASHINGTON, D. C. June 14 (AP)—The so-called European demagogues are disseminating propaganda in the United States to create a war hysteria and involve this nation in another world conflict, Rep. Henry Dworshak, R. Id., said in a nationwide broadcast over the Columbia network last night.

Dworshak spoke as a member of the national committee to keep America out of foreign wars.

"Those who visited Europe during the past few months declare there is less public concern there over the possibility of war than agitation in our own country," Dworshak said.

"We hear much talk about the necessity of preserving democracy in Europe, but I challenge any student of political science to show me one genuine form of democratic government in existence in Europe today."

"I desire to point out that these so-called democracies have principles of government entirely foreign to us."

Neutrality Favored

Dworshak insisted the majority of Americans were overwhelmingly against intervention in foreign disputes and decidedly in favor of preserving our neutrality and independence.

Neutrality does not mean just refraining from military action, but means refraining from becoming involved in controversies between others, Dworshak said. He attacked the President for his friendly attitude toward France and Great Britain and asserted they would turn a "shoulder" to any of our appeals for aid if we were in trouble.

Democracy Overlooked

"Failure to adhere to a strict policy of neutrality was responsible for our involvement in the World War," Dworshak said. "After the World War, the principles of democracy were completely overlooked by our allies as they greedily 'grabbed' more than one million square miles of colonial possessions from the central powers."

"Our policy in regard to Europe, nevertheless, remains the same, which is not to interfere in the internal concerns of any of its powers; to cultivate friendly relations with it, and to preserve these relations by a frank, firm and mainly policy."

American Susceptible

Dworshak insisted the greatest menace to the United States is the susceptibility of our people to European propaganda.

"We fought the World War to legislate by aggression by allies," Dworshak said. "Must we fight again to protect their rights to retain possession of those territorial gains?"

"Our country has the superb production of two great oceans, which minimizes the possibilities of invasion. Adequate military and naval preparedness will reinforce that defense position."

The nation should conserve its energies to fight internal problems of depression, unemployment, low farm prices and low wages, Dworshak concluded.

Bliss Farmer Boy Grins at Big Lamb Bid

SALT LAKE CITY, June 14 (Special)—Back home to Bliss, Ida., went Bob Huff, 17-year-old 4-H club exhibitor, proudly displaying the badge of the grand champion lamb of the third annual international junior fat stock show together with the largest check ever paid for a champion lamb in the show's history.

Young Huff, grinning happily, watched a score of buyers bid spiritedly for his prize animal which was finally purchased at the record price of \$210 per hundredweight, or \$2.10 per pound. The lamb, a Southdown, weighed 65 pounds and brought its owner a check for \$136.50 or \$2.10 for every pound.

LIFE SAVING

Firemen, city police and officials and other interested persons last night were treated to a practical demonstration of the latest resuscitator and inhalator which "make people breathe whether they want to or not," according to Jack Coombs, Salt Lake City, University Safety Appliance company.

The demonstrations were staged at the fire station. A rubber mask is pressed on the patient's face and pure oxygen is turned on and from then on all movement is mechanical. Unique fact about the new machine is that the prone method of manual resuscitation is not necessary as it is with the machine which the city purchased last year. The city's machine supplies only oxygen to the victim.

Pocetello and Idaho Falls have placed orders for the new machines and Boise is preparing to do so. Coombs said that the demonstrator used last night is credited with saving five lives.

Grand officers of the grand chapter, Order of the Eastern Star of Idaho, and distinguished guests, will assemble at the Sybil Fraser party house for a 6 o'clock banquet this evening, one of the most elaborate events of the three-day state meeting, which closes tomorrow.

Mrs. Magde Stocker, Pocahontas, associate grand matron, is in charge of the arrangements, and is featuring a rock garden motif. Guests will be seated at a single banquet table, centered with a rock garden, complete in all details, even to miniature pool, rock benches and small figures. Augmenting the theme, pastel sachets in sea shells will comprise the favors.

Distinguished Guests
Three members of the first grand chapter of the Order of the Eastern Star in Idaho, held at Pocahontas in 1902, will be honored. They are Mrs. Susan Neidham, Lewiston, past worthy grand matron; Mrs. Helen Coston, Boise, past grand secretary, and Mrs. Lulu Barkley, Burley.

Arrangements for the event are in charge of Mrs. Nellie Landon, Twin Falls; Mrs. Buhl Rotary, Malad, and a member of the Pocahontas chapter will give the address of welcome.

Attractive Luncheon
Grand guests and grand representatives met for a joint luncheon session this noon at the Sybil Fraser party house. Mrs. Hamilton was a special guest at the table arranged for the pages.

Mrs. May Cox, worthy matron of Hollister, one of the hostess chapters, gave the address of welcome for the pages. Mrs. Hamilton was presented with a gift from the group. Mrs. Mary Quirk, Piler, was chairwoman of arrangements for the representatives' meeting.

Mrs. Virginia Ross Cox, accompanied by Miss Doris Venter, both of Buhl, presented rose selections. Miss Bernice Quirk, Piler, played a piano solo. The luncheon was informal.

Angel heads with emblematic star place cards as a background, formed the place cards for the pages' table. Which was centered with bouquets of sweet peas in pastel hues, blending with the smart marquette redingot-tie over satin which are the official costumes of the pages this year.

Maps of the jurisdictions represented were the place cards for the grand representatives' luncheon, and Mrs. Earl Williams, Spirit Lake, presided over the distinguished guests. Black bud vases held roses. Guests were seated at one large and several small tables.

Grand chapter pages are Mrs. Blanche Rogers, Mrs. Mildred Reicher, Mrs. Willie Harrison, Mrs. Pay Barker, Mrs. Mary Cox, Mrs. Elizabeth Harwood, Mrs. Helen Whitman, Mrs. Virginia Dolby, Mrs. Ruth Wheeler and Mrs. Blanche Reicher.

Sixty-three guests assembled this morning at the Park hotel for the annual breakfast of the secretaries' association.

Varied roses in artistic bouquets, alternated by tapers in the five star point color, blue, yellow, white, green and red, formed the decorative notes.

Garden Party Finals
The romantic flowers of a Mexican fiesta will prevail at the garden party tomorrow, which will be a gay finale to the social calendar designated to make the three days in Twin Falls a pleasant one. The tea will take place at 4:30 o'clock tomorrow in the garden of Mrs. Emma Clouche, 27 Fifth avenue east. Mrs. Maude McElroy, past worthy grand matron, and Mrs. Clouche, chapter member, will preside. Mrs. Clouche is co-chairman of arrangements.

Helen Warner Weds at Charming Home Rites

Miss Helen Warner was another Twin Falls girl to select a "Lohengrin girl in June" for her marriage. Miss Warner, the daughter of L. A. Warner, became the bride of Mark Q. Swan, Seattle, Wash., son of Mr. and Mrs. J. H. Swan, Twin Falls, at a charming ceremony at 2 o'clock this afternoon. The nuptials were solemnized at the home of the bride's uncle and aunt, Mr. and Mrs. T. F. Warner, 206 Eighth avenue east.

Romantic selections, played softly on the piano by Mrs. Charles B. Budrow, Boise, formed a melodic background for the single ring service, read by Rev. G. L. Clark, pastor of the First Presbyterian church. Mrs. Budrow also played the wedding march.

Floral Setting
The ceremony took place before the fireplace, backed with large baskets of flowers at either side. On the mantel was an artistic arrangement of roses and lily of the valley.

The bride had selected for her wedding a smart black and white suit with black accessories. A shoulder corsage of gardenias completed her ensemble.

Mrs. Warner was gown in a navy blue afternoon frock with a shoulder corsage of sweet peas. The bridegroom's mother, Mrs. Swan, wore an afternoon model of lavender with a shoulder corsage of sweet peas.

Wedding Reception
Following the ceremony, a wedding reception was held for the 25 guests who attended the event. The bride cut the wedding cake in traditional fashion. Mrs. J. H. Swan presided at the coffee service.

Centerpieces for the refreshment table was a bouquet of roses with blue accents of delphinium, arranged in a crystal bowl. Ivory tapers in crystal holders formed the illumination.

The bride's cake was topped with a wedding bell filled with mock orange blossoms. The less served were in the form of call lilies. Mr. and Mrs. Swan will be at home after June 18 at 520 Olympic place, Seattle, Wash.

Miss Warner, a former teacher in the Boise public schools, was educated at San Jose State college. Mrs. Swan, associated with the Tidewater Associated Oil company, Seattle, is a graduate of the University of Nebraska. His fraternity affiliation is Sigma Phi Sigma.

Communications Board Asks Wider Control Over Vast Bell System

GIANT TELEPHONE FIRM NAMED FOR 'UNUSUAL' PROFIT

WASHINGTON, June 14 (U.P.)—The federal communications commission asked congress today for wider control over the multi-billion dollar Bell telephone system, which it charged is making "unusual" profits.

The commission submitted to congress a long report covering its investigation of the \$6,000,000,000 telephone industry, dominated by the American Telephone and Telegraph company, the operating subsidiaries of which make up the Bell system.

Seven Per Cent

The investigation found that the Bell system averaged profits of seven per cent per year on its investment from 1913 to 1935. This, the FCC charged, appears "unusually high for a system engaged in rendering public service."

Other charges cited included excessive cultivation of public good

will; "improper influence" on legislative and regulatory bodies; and the withholding of patents capable of improving service and decreasing cost.

The report criticized the operations of the Western Electric company, wholly-owned manufacturing subsidiary of the A. T. & T. Co., whose net earnings, it said, averaged over 21 per cent annually.

The A. T. & T. Co., management controls prices of telephone apparatus and equipment purchased by its operating subsidiaries through its ownership of Western Electric, the report said. This control, it added, "may be repugnant to the spirit of the anti-trust laws of the United States."

Competition Desirable
It suggested that competition would be desirable in the field of equipment manufacture and might result in lower prices and higher efficiency for telephone users.

The commission recommended that the communications act of 1934 be amended to:

1. Authorize the FCC to prescribe basic cost accounting methods to be followed by manufacturing companies under contract with the Bell system to permit the federal agency to determine if equipment prices are reasonable.

2. Make applications for consultations of telephone companies subject to the act mandatory. The law now makes such applications optional.

3. Require approval by the commission for acquisitions of the stock of a company by another company for purposes of control.

Patent Exchanges
4. Authorize the commission to order the exchange of patent rights, upon payment of reasonable compensation when required by public interest.

5. Require commission approval of the issuance or refunding of securities of telephone companies.

6. Prevent the abandonment of

In what may have been the first move in the campaign, the protectorate government in conjunction with Baron Constantin von Neurath, Nazi "protector," forbade strikes or lockouts in the interest of "calm and undisturbed business development."

At the same time, the government in Berlin clamped down a tighter ban on movement of visitors across the German frontier into the protectorate.

CIO PLANS LAW ACTION ON AFL

WASHINGTON, June 14 (U.P.)—Congress of Industrial Organizations' leaders today considered resorting to legal action against employers and American Federation of Labor union members who they accuse of "collusive" action to defeat CIO organizational activities.

The CIO executive board received a summary recommendation that its leaders be authorized "to initiate affirmative litigation against corporations and AFL unions which have been active in attacking the CIO or its affiliated organizations."

CIO President John L. Lewis and General Counsel Lee Pressman explained this referred to "boycotts" of CIO-produced articles by AFL unions, and to "collusive contracts" between the federation and employers.

They charged the AFL already has instituted some court actions against the CIO, but said they had "deliberately refrained" from legal steps thus far "in order to keep out of the courts, which traditionally have been friendly to organized labor."

Payment

WASHINGTON, June 14 (U.P.)—The Hungarian government today had notified the state department that it had deposited \$2,228,116 in the federal reserve bank of New York as a partial payment of the June 15 installment of the Hungarian debt. First alarm was given about 8 a. m. when firemen were called to extinguish a blaze in the oil pump of the highway department near the O. S. L. depot. The engine had backfired and set fire to the pump. Firemen arrived almost immediately and soon quelled the blaze. Only slight damage was done.

About 4 p. m. they were called again. That fire was in a haystack which belonged to Joe Loewell at west edge of town, and was put out before it had gained much headway. According to Fire Chief Margate, the loss amounted only to about 100 pounds of hay.
