

Playboy Claimed McNutt, Revealed Army Reports, Witness Declares

BROKER ASSERTS DATA GIVEN FOR DEAL ON BONDS

NEW YORK, June 16 (AP)—William E. Buckner, Jr., accused head of a million-dollar bond fraud reported to his associates in February, 1938, that Paul McNutt, high commissioner to the Philippine commonwealth, had given him access to "confidential reports of the U. S. government regarding alleged Philippine officials and the general Philippine psychology." It was testified today in federal court.

The testimony came from Leo S. Walden, a Canadian broker and member of the bondholder committee taken over by the Buckner group when the government charged, they began to rig the market in defaulted Philippine railway bonds.

Buckner, playboy friend of screen stars, showgirls and congressmen, mentioned in his report, according to Walden, that he had gone to the Philippines to meet former Sen. Harry B. Hawes, of Missouri, on the defaulted bonds.

"Paraphrasing," the report continued, "it should be said that the cooperation of Mr. McNutt was obtained through his personal esteem for the committee counsel, George S. Walden."

The report added it developed Hawes could not be of much service and Buckner next contacted Capt. Thomas J. Dugan of the department of justice in the Philippines "who is in a confidential position and enjoys the implicit trust of the leaders of the Philippine government."

"Through him," the report said, "your chairman was able to get acquainted with President Quezon and Felipe Buencamino, a leader of the assembly and acting speaker. (Buencamino is a defendant with Buckner.)"

"Both of these men have been convinced of the merits of our contention and have agreed the bonds must be purchased by the Philippine government."

HOLMAN SERVICE SET FOR SUNDAY

Funeral services for Lindsay Holman, 34, partner in the firm of Holman and Strickling, Gooding, and son of Mr. and Mrs. Frank Holman, Twin Falls, will be held Sunday, 2:30 p. m. at the Methodist church in Gooding. Interment will be in the Gooding cemetery.

Mr. Holman died at 7:30 a. m. yesterday at the Stanford university hospital in San Francisco, where he was admitted to an operation June 1 following a cerebral hemorrhage. He was rushed to the California institution after he was stricken two weeks ago.

Mr. Holman was born at St. Paul, Minn., May 26, 1905. He was prominent in football during his student days at Twin Falls high school, and later attended the University of Washington for two years.

In addition to his parents he is survived by his wife, Helen Strickling Holman and two children, Helen Jean and John Lynn Holman, Gooding; two sisters, Mrs. Mildred Ferris, Gooding, and Miss Marjorie Holman, Twin Falls.

Date for Church Meeting Changed

Because of the quarterly conference of the L. D. D. church, which is scheduled for June 25, the union meeting for this month will be held June 16, the third Sunday of the month, instead of the fourth Sunday.

Malchisedek and Asronio Priesthood services of the Twin Falls stake of the L. D. D. church will meet Sunday afternoon at 7:30, and the regular priesthood meeting will be at 8:30.

Appeal Filed

Formal notice of appeal against a \$75 motor accident judgment was filed in probate court this morning, and transcript of proceedings in civil trial of the matter was lodged with district court shortly before noon.

The appeal was taken by Troy Parian, Inc., against whom the \$75 judgment was decreed by Judge C. A. Bailey in favor of W. D. Denton, 18, Twin Falls. Denton had sued through his guardian ad litem, Mrs. R. O. Bule.

Strange Melodrama Behind Committee Discoveries About Anti-Jewish Plot

Congressman Dies, whose committee investigating un-Americanism exposed anti-Jewish propaganda scheme.

James Campbell, Owensboro, American Legion post commander, mailed out the anti-Semitic literature.

James F. Cook... Kentucky American Legion commander who tipped Dies committee on anti-Semitic campaign.

WASHINGTON, June 16 (Special).—Behind the Dies committee's revelation of a plot to spread anti-Semitism in America, there is a strange and exciting melodrama, including such things as midnight conferences behind drawn shades, hurried airplane trips, secret raids, and "smuggled" information of secrets full of important documentary evidence.

While the story the committee has revealed is fantastic, it is not in the least far-fetched. What has been uncovered is an amazingly effective system for creating and spreading propaganda information about a "Jewish plot" to overthrow the government.

The excitement began when a committee investigator was told by James F. Cook, department commander of the American Legion in Kentucky, that James Edwin Campbell, in Owensboro, was spreading strange information about a "Jewish plot" to overthrow the government.

The investigator looked into things, got a glimpse of the amazing grapevine system by which the story of this alleged plot was being spread, and called Dies in Washington, long-distance.

Behind drawn shades Dies ordered him to come to the capital at once. The investigator flew to Dies' house and sat with him behind drawn curtains. Several weeks of careful investigation followed.

The committee decided to raid Campbell's office in Owensboro—held under the name of "Business Engineering Associates"—and simultaneously to descend on Dudley P. Gilbert, wealthy New Yorker from whom Campbell was getting the information he was disseminating.

Agents timed the raids to take place together. A telephone wire between Owensboro and New York was kept open. The agents descended on Campbell's office, seizing all of its records and correspondence and Campbell himself; one of them took the phone and said, "We're ready," and the agents in New York made a similar report.

The material seized in Owensboro was voluminous. Dies and his colleagues realized that it was full of dynamite, and refused to trust it to the mails. Instead, a committee agent stuffed it into two fat mail bags and conducted it personally to Washington by train.

Study of this material convinced them that this is no farce-comedy stunt. On the contrary, they look on it as an extremely clever, ably directed and well-financed plan to spread among the laity the anti-Semitic plot that "the Jews" are reaching out their hands to take control of the government.

Campbell was crafty. The plan was clever and effective, they point out, because—in the first place—it apparently carried its own proof. Gilbert, in New York, would mail to Campbell an account of a conversation—supposed to have been overheard at the Jewish club. In this conversation the conspirators would be represented as having said something like this: "We have just persuaded Roosevelt to move the fleet to the west coast."

Gilbert would mimeograph the material and send it out to a mailing list on which were army officers, bankers, Legion officials, and other prominent people. A week or so later Roosevelt actually would move the fleet to the west coast.

Naturally, a man who had, in advance, read this report of the supposed conversation would begin to think that he was getting straight, authentic dope. And it happened over and over again. Each time the mimeographed bulletin would represent the conspirators as saying: "We have persuaded Roosevelt to do something which, after a week or so, would really happen."

Another element of its effectiveness lay in the way it was broadcast. The people on Campbell's mailing list were just prominent people who—persuaded that they were getting secret news of a diabolical plot—would quickly tell their friends about it. Without attracting newspaper attention or coming out in the open, the men back of the scheme could create a nation-wide group of influential "important" people who, consequently, could be expected to be willing to listen to anyone who might come along with a plan to counteract the plot.

Testimony of Brig.-Gen. George Van Horn Moseley, retired, capped the probe revelations about the anti-Jewish plot. Moseley's own strong opinions about "world Jewry" and Communists made headlines... but the net result of his testimony probably discredited him far more than the "world Jewry" he attacked. One suggestion of court-martial for Moseley was even advanced by a congressman.

Device Traps Auto Thieves, Sounds Alarm

NAPLES, June 16 (AP).—Pasquale Cannone had announced today that he has invented a device which would not only thwart an automobile thief but practically deliver him into the arms of the law.

The theory is that an automobile owner fixes the Cannone anti-theft box, 10 inches by 4, in his car and moves a hidden lever when he leaves the car unoccupied.

The thief enters. When he has driven the car 100 yards it stops and cannot be restarted. The doors lock externally and a horn blows until the police arrive and turn it off. Also a red sign appears on the car with the warning: "Warning." It is asserted the device can not be short-circuited.

School Will End Two-Week Course
JEROME, June 16 (Special).—The daily vacation Bible school which has been in session for the past two weeks will reach its climax on Sunday evening at 8 p. m. when the children who have been attending will present a program for their relatives and friends at the beginning of the church service.

There will be a demonstration of memory work, singing, art work and other things the children have learned during the last two weeks.

Friday noon there will be a picnic at the park for all the children who have attended the Bible school, as well as their parents. "We have been very pleased with the splendid attendance," Rev. Miller said, "and we feel sure that the Friday picnic and the Sunday evening program will be a fitting finale to these past two weeks."

SPY HUNT MOST EXTENSIVE IN U. S. SINCE WORLD WAR

HOOVER'S G-MEN TO INVESTIGATE IN 1,000 CASES

WASHINGTON, June 16 (AP)—The United States today was engaged in the most extensive spy hunt since the World War. It is investigating more than 1,000 cases of alleged espionage.

All anti-espionage activities have been centered under Director J. Edgar Hoover of the federal bureau of investigation. Special attention is being given to spy and sabotage cases in the military areas along the Atlantic and Pacific coasts.

Attorney General Frank Murphy, disclosing that the spy campaign had been intensified and centralized under the FBI, estimated that more than 1,000 cases would be investigated this year, compared with 600 last year and only 31 in 1937.

He said intensification of espionage work was the result of "world-wide conditions," which are "difficult to talk about publicly."

Murphy declined to reveal what specific localities were receiving attention or what foreign powers were engaged in espionage in this country. He admitted that "there has been evidence of sabotage," but declined to elaborate.

CHURCH TO HEAR GUEST SPEAKERS

Two national executives will be guest speakers Sunday at the Christian church in Twin Falls to inaugurate for the local congregation the 40th annual convention of south Idaho Christian churches.

For southern Idaho as a whole, however, the convention will open at 8 p. m. Monday.

Guest speakers at the Twin Falls church for Sunday, as announced today by Rev. Mark C. Cronenberg, pastor and president of the state board, are W. B. Clement, representative of the Christian Evangelists, St. Louis, Mo., and Miss Mable Neidermyer, representative of the United Christian Missionary society children's work, also of St. Louis.

The former will speak at the 10:45 a. m. services Sunday, and Miss Neidermyer at the evening services starting at 8 p. m.

Special Father's day observance also will be held at the Christian church Sunday during the Bible hour at 9:45 a. m. Rev. Cronenberg said.

The church convention getting underway Monday night will be a four-day meeting, with delegations expected from 26 south central Idaho Christian congregations. An attendance as high as 200 is forecast.

The church here will be headquarters. Speakers will come from St. Louis, Portland, Ore., Eugene, Ore., and Indianapolis, Ind.

Completion of Reservoir Becomes No. 1 City Job

Twin Falls' 5,000,000 gallon storage reservoir, being constructed near the filter plant southwest of the city, today had been established as "No. 1 project."

The designation was given the project last night as members of the city council and Mayor Joe Koehler's planning commission met in dinner session at the Rogerson hotel. As a result it was decided that WPA work on Shoshone falls and Harmon parks would be temporarily halted in order that workers there could be transferred to the storage project, which it was pointed out, must be largely completed before the fall frosts and must be ready for use shortly thereafter.

Announcement that the men would be shifted from the parks projects to the storage job was made by John Griffiths, WPA zone engineer. He pointed out that the force working at the reservoir at the present time was not adequate to complete it in the time specified. He added that by shifting the men from the other two projects it would raise the total employed near the filter plant to 45. Sometime in July, he stated, this force will be augmented by WPA workers now busy on city street work.

Work at the Harmon and Shoshone falls parks will continue next fall when men who have left the rolls to accept private employment in the fields return, Griffiths pointed out.

"In the fall we will probably have full relief quotas," the engineer said.

During the discussion Mayor Koehler pointed out that 2,600 cubic yards of lava rock must be moved by

RANCHER, FORMER LAWMAKER, DIES

WELLS, June 16 (Special)—James Redell, 80, one of the oldest ranchers in Starr Valley, died at 9:45 p. m. from a heart attack while returning from the Hilton ranch where he and Mrs. Redell had spent the evening.

Just as Mr. Redell drove through the gate leading up to his home, he slumped over the wheel. He managed to turn off the car and set the car brake. When his wife, who was out of the car opening the gate, returned to the machine, she found him dead.

Mr. Redell was born at New York City, Oct. 15, 1858, moved to Washington county, New York, when a small child and lived there on a farm until he was 21. He then came west and settled in Starr Valley where he spent his life with exception of four years that he lived on a ranch at Jerome, Ida.

He married Frances Fuller of New York in June, 1888. Two daughters were born to the first union, Clara and Ruth. Mrs. Redell died in 1920. He was married in 1927 to Miss Mabel Salisbury of Florida.

He served two years in the state legislature, was an active member of the I. O. O. F. lodge, also a member of the Farm Bureau federation. He was always active in movements for betterment of the community.

Interment was to be at Starr Valley cemetery today at 2 p. m.

would continue the work of contacting airline and government officials as regards the possibility of designating Twin Falls as an air mail, passenger and express stop for United Airlines, providing the local field is improved to a point where it will be practical and safe for the huge planes to land.

Next regular meeting of the planning commission will be in July, subject to call by Grant O. Padgett, chairman.

Koehler announced, however, that a special meeting with J. O. Stevens, Portland engineer, would be held here June 20. The meeting will be for the purpose of discussing a proposed survey which would lead to a new water supply for the city of Twin Falls. Members of the city council as well as the planning commission are expected to attend. The mayor will meet Stevens in Pocatello the afternoon of the 20th and the session will be held at night, probably at the Rogerson hotel.

MONTANA HERDER SLAYER SOUGHT

ANACONDA, Mont., June 16 (AP)—Sheriff's officers today attempted to follow faint clues to the killer of Woodrow Meehan, 22-year-old Deer Lodge valley sheepherder shot in the back yesterday.

Automobile tracks in the seldom traveled region were photographed and officers searched for the rifle bullet that fatally wounded him.

A band of sheep Meehan had been tending were wandering unwatched while Meehan's dogs stood guard over his body when his mother found it lying in foothills near the Champion mine, 15 miles north of here.

Meehan's title was found about 15 feet from the body, and blood stains and tracks in the grass indicated he had attempted to crawl to aid after he was shot.

A twin brother was shot and killed under unexplained circumstances in the same region two years ago. A native of Butte, Meehan was employed by the Frank Christoferson ranch near Deer Lodge. The ranchers were checking the land of sheep to see if any had been stolen, in an attempt to establish a motive.

youths were killed and seriously injured, some 200 days when a truck in which they were riding plunged off the highway, plowed through a fence and overturned several times. The dead were Leonard Bergman, 18, of Cincinnati, O., and Bergman, 18, of Munich, Ind.

GALES FAN FOREST FIRES IN ROCKY MOUNTAIN REGION

MEN BATTLE TO SAVE VALUABLE TIMBER STANDS

DENVER, Colo., June 16 (AP)—Forest fires fanned by 60-mile-an-hour winds destroyed thousands of dollars worth of timber in the Rocky mountains today.

Almost 2,000 men were mobilized by the U. S. forestry service to fight flames in the timber-dry forest and game preserves of Colorado, New Mexico and Wyoming. Thus far towns and farm houses have escaped the fires, but continued dry weather would increase their danger.

Near Granite, Colo., 800 civilian volunteers and 300 CCC enrollees were unable to bring under control a fire that already had spread over 20,000 acres of timberland.

At the Rio Grande national forest near Alamosa, Colo., a fire had spread to the Pictograph section of the Rio Grande national forest.

Near Encampment, Wyo., fire fighters were almost in control of a fire when a strong wind started the blaze spreading again.

Indians from government reservations joined CCC enrollees in fighting a 500-acre fire east of Taos, N. M.

RESTRICTIONS IN RELIEF BILL HIT

WASHINGTON, June 16 (AP)—The administration stepped into the house fight over federal relief policy today in an effort to eliminate unwanted restrictions from the \$1,600,000 appropriation bill for 1940.

A press conference statement by Works Progress Administrator F. G. Harrington late yesterday condemning the restrictions was the signal for New Deal congressmen to rally for a fight.

The current debate over relief in the house is the third on the subject at this session, but it will be the first comprehensive test of congressional sentiment on legislative restrictions on WPA that would end the "blank check" system of previous years.

After conferring with President Roosevelt, Harrington said today that the provisions of the "house bill" which would supersede him with a three-man, bi-partisan board, earmark WPA funds for public works, eliminate the federal theater project and limit the size of construction projects.

William Wyler, director of several academy award winning pictures, disclosed he had signed a four-year contract for Samuel Goldwyn, for whom he recently made "Wuthering Heights."

Arna Flinck, 19, daughter of Nat Flinck, studio musical director, was married at Las Vegas, Nev., to George Saphier.

Paul Moran's husband, Martin T. Malone, has been sentenced to spend the next 90 days in city jail for driving an automobile while intoxicated.

Sheepmen Market
Lambs at Denver

JEROME, June 16 (Special)—The Jerome county livestock marketing association shipped 76 lambs and ewes to Denver, June 6, where they were sold through the intermountain livestock marketing association at \$5.50 per hundred weight.

The shipment which was the second made from Jerome this year was participated in by 23 farmers and grossed approximately \$4500.45.

Listings for the next shipment which will be made through the association during the week of June 18-20 are due in the county agent's office by Saturday, June 17.

(By United Press)

Norman Thimbridge and wisecracking George Jessel have separated, friends say, because Jessel needs the bright lights of Broadway to continue his career as a comedian while his wife wants a quiet home here. There were no other men or women in their lives, no quarrels over petty differences and no jealousies over conflicting careers, the usual excuses Hollywood offers when domestic troubles occur. Neither would admit that a divorce was in the offing, but announced they would live apart.

Ken Maynard, movie cowboy, was charged in a divorce suit filed by Mrs. Mary L. Maynard with having improper relations with other women.

Walter Huston has been signed to play an important role in "The Light That Failed," replacing Thomas Mitchell who was busy at another studio.

William Wyler, director of several academy award winning pictures, disclosed he had signed a four-year contract for Samuel Goldwyn, for whom he recently made "Wuthering Heights."

ROOSEVELT HOPES FOR LABOR PEACE

WASHINGTON, June 16 (AP)—President Roosevelt said today that he still hoped the American Federation of Labor and the Congress of Industrial Organizations would be able to work out a plan for settling their three-year-old war.

He said all he knew of the peace efforts failure was what he had read in the newspapers but he added that the peace effort to industrial disputes which he said, you often hear that negotiations are all off but that later the thing is generally worked out. He said he hoped this situation would be worked out too.

Mr. Roosevelt said at a press conference that he had received no formal report on apparent failure of the peace conferences which he inaugurated last March 7. He said he had no additional plans yet for peace.

Glass-Point, Power Tie; Playoff Set

SOFTBALL STANDINGS

Team	W.	L.	Pct.
Idaho Power	3	0	1.000
Idaho Chiefs	2	1	.667
Idaho Glass-Point	2	2	.500
Idaho Power	1	2	.333
Idaho Chiefs	0	3	.000

It appeared last night as though the resuscitated Twin Falls Glass and Paint softball team would make trouble for other teams in the league as the revamped outfit went eight innings with Idaho Power, league leaders, for a 6 to 5 tie.

Play in the tie is slated for next Friday. Meanwhile, the Utah Chiefs met Jerome Co-op at the Harmon park softball field at 7 p. m. today. Glass-Point held the Powermen to five hits, and smashed out three singles and a double to tie themselves. Idaho Power scored in the second when two runs came in on a walk, a double and a single, and in the fifth on a walk and two errors. The fifth Power run was called in the sixth on two singles and a walk.

Glass-Point scored one in the second on a single and a walk, and in the sixth on three walks, a single, a double and an error.

Quistery and Lamberson smashed doubles and Wells got a triple.

Regatta Crowd May Climb To 150,000

POUGHKEEPSIE, N. Y., June 16 (AP) — An expected crowd of 150,000 began crowding into this town today for the 41st Poughkeepsie regatta tomorrow.

Over 100 boats from seven colleges will row in the freshmen, junior and varsity races.

The California crew is a 5 to 6 and 1 to 2 favorite to win the big race. Cornell is the hope of the east. Many observers are looking to Coach Al Ulbrickson's Washington boat as the "darkhorse."

Other entrants are Navy, defending champions, Syracuse, Columbia and Wisconsin.

Garcia Discovers Middle Division New York, June 16 (AP) —

Findings in the middleweight ranks more to the liking of Garcia, the Los Angeles Filipino who won a 10-round fight here last night. Garcia has abandoned the middleweight division to tackle the light middleweight division. He put Garcia in line for a battle with Fred Apostoli for the San Francisco "champion" in the world middleweight title.

This Unbelievable Hagen Ranks With Grand Canyon

BY HENRY McKEON
TOLEDO, O., June 16 (AP) — Monday, the man is unbelievable. In his way he ranks along with the Grand Canyon, the leaning tower of Pisa, and the Sphinx as sights to behold.

Walter Hagen, I mean.

He should be at the World's Fair in a glass booth, with a Barker out advertising him as the single marvel of all time, and well worth the 20 cent admission.

28 Years Ago

It was in 1911, mind you, 28 years ago, that Hagen played in his first golf tournament. That was President Wilson's first year in office. Hagen, then a 17-year-old boy, and most of his pre-ent day rivals had yet to be born in this world of downhill lies, football, traps, and petting houses.

Yet, only yesterday, Walter began his ten thousandth or so tournament, and how do you think he started? Like a man crowding that 50-year mark? Like a man tired of it all? Like a man willing to rest on the laurels of 50 major tournament wins?

Hardly. Over the tough course of the expensive country club, with a stiff wind increasing the hazards, and faced by the hottest pack of golfers in the country, Hagen started his 10,000th tournament.

6-Feet Putt

He ran down a 46-foot putt on the 18th hole, four feet short of the green, and heaved the ball dead to the pin on the third, and slammed a 10-foot putt on the 18th hole.

15-Year-Old Girl Links Ace In Semi-Finals

ST. LOUIS, June 16 (AP) — The semi-final round of the women's western open golf championship today found defending champion Beatrice Barrett pitted against Mrs. Sam Jaram of New Orleans, and Jeanne Cline, 15-year-old Bloomington, Ill., school girl, meeting Helen Delweller, Washington, D. C.

Burley Plays Gooding in SCI League

SCI LEAGUE SCHEDULE
Gooding at Burley.
Shoshone at Eden.
Buhl at Hagerman.
Tuttle at Kimberly.

Shoshone and Burley may still be tied for the lead in the SCI league following next Sunday's games. Although with Burley meeting the in-and-out Gooding team, anything can happen.

Gooding was leading the league two weeks ago with four straight wins, and then along came second division Kimberly and knocked the leaders for a loop. A week ago, even Tuttle, notoriously the cellar position in the league, beat out the Goodings.

It's hard to predict what will happen, but after two such shellacks as Gooding has taken, they're about due for a show of power over Burley, which would give Shoshone the undisputed lead in the league.

A protest by N. C. A. A. and Western C. A. A. officials permitted under no circumstances to be permitted without being suspended.

Southern California seemed assured of winning the N. C. A. A. title for the fifth consecutive time.

The Trojans' chief competition was expected to come from the 10-man Stanford team of Coach Dink Templeton.

Three Golf Teams Face Stiff Test In Toledo Duels

TOLEDO, June 16 (AP) — Three teams which first five under par in the opening round of the fifth annual annual invitational best-of-three tournament today faced a stiff 36 hole test.

Henry Picard and Johnny Reilly, Horton Smith and Harry Cooper, and Denny Shute and Dutch Harrison stood two up at the end of the first 18 holes over the course, the Seattle Rainiers, in three games of the seven-game series, today had played to more than 30,000 cash customers.

Before the crowd of 12,000 last night the Rainiers took the drivers seat in the standings by shipping the Los Angeles Angels for the third straight time in their drive for the league lead. Seattle now leads the league by one-half game, dropping Los Angeles to second place.

Dick Barrett led the Angels down with six hits to get the nod over Lefty Prim, in a ten-inning 3 to 2 battle, for his 12th win of the year.

Seattle took a 6 to 2 decision from Oakland, with Tom Bates scattering seven Oakland hits.

Howard Craghead, San Diego's pitcher, took a 6 to 3 victory over Hollywood. Craghead had one bad inning, the third, when he allowed four hits, but he ran Hollywood out of the game.

After that the Rainiers hit and they threatened no more.

San Francisco at Portland was postponed on account of rain.

Yank Aces Lose

PARIS, June 16 (AP) — With determination of the other singles finalist slated today, the American hopes had run out of steam at the hands of France's famed veterans, Jean Borotra and Jacques Brugnon. The veterans, 41 and 42, last year's Wimbledon champions, defeated the young Americans, 6-2, 6-2, 6-2.

Yank Aces lost to the French handily. The match was the last of the French handily. The match was the last of the French handily.

Game With Lewiston Hinges on Weather Cunningham and Wooderson To Settle Mile Problem

By JERRY BRONFELD
NEA Service

PRINCETON — One is a 20-year-old, stocky, barrel-chested Kansan, with flame-colored legs that have pounded tracks for more than a decade. . . . Glenn Cunningham.

The other is a mere mile of a man from England—a 24-year-old, bespectacled barometer weighing only 115 pounds, who in street clothes doesn't give the impression of being able to run three city blocks without collapsing. . . . Sydney Wooderson.

Meet Saturday
They meet in Palmer stadium Saturday for the first time, not only socially but on the cinders.

The result may very well make track history.

The field for the Princeton invitational mile includes Archie Sanborn, Chuck Penick and Blaine Riedel, but all eyes will be on Cunningham and Wooderson.

Wanda Wins
"More than anything else, I want to meet Cunningham on the track," Wooderson announced just before he sailed for America. "When I say I can beat him I really mean it. If I can set a new record, so much the better."

The 5-foot-6-inch Briton already holds the world mark for the mile with 4:08.4. Cunningham's 4:04.4 in a paced, indoor effort at Dartmouth two winters ago does not stand as an official record.

In the British games in London recently, Wooderson ran the second fastest mile in English history.

The day before he sailed, Wooderson cracked the world mark for three-quarters of a mile with 2:29.5 in Manchester.

More than a few believe Cunningham, though still America's best runner, is on the down grade. They don't believe he is capable of many more races under 4:10 and certainly not many under 4:07.

Approaching Peak
The Briton, on the other hand, is approaching his peak. He should be at his best in Helsinki's next summer.

Another point in Wooderson's favor is the Palmer stadium track, considered the finest outdoor path in the world. English runners long have been handicapped by poor tracks and unfavorable training and weather conditions.

Pushed by Cunningham on the fast Princeton strip, Wooderson may set a mark that will stand for ages.

Starred Young
When just an 11-year-old, skinny-kneed boy, Sydney Wooderson ran two and a half to five-mile cross-country courses at Sutton Valence school in Kent. He next became interested in the half-mile and finally decided that the latter would be his specialty. In 1923 he turned in a time of 4:24.2 at only 15 years of age.

He made the British Olympic team in 1926, but was a long way from stardom. Best he could do in Berlin was sixth in his class.

After the Olympics he came under the tutelage of Albert Hall, who won the 800 and 1,600-meter events for Britain in the 1928 games.

Blazing Kick
Like Jack Lovelock, the small New Zealand runner who triumphed in the 500-meter event in Berlin, Wooderson has a great sense of pace and a blazing kick in the stretch.

He'll turn them both loose against Cunningham.

The result should be the best mile race seen on American soil this season.

Long speculation as to which is really the master mile runner will be settled Saturday at Princeton, where Glenn Cunningham, left, finally meets up with Sydney Wooderson, Britain's best.

12,000 Watch As Seattle Annexes Lead

By United Press
Headed for what is likely to turn out to be a record-breaking performance, the Seattle Rainiers today took a 6 to 2 decision from Oakland, with Tom Bates scattering seven Oakland hits.

Tigers Awake, Snap Into Victory March

By GEORGE KIRKNEY
NEW YORK, June 16 (AP) — Detroit's redoubtable Tigers awoke and snapped into a victory march today, beating the Cincinnati Reds 4 to 1 before a crowd of 20,815 at Crosley field.

The Tigers are still in second division, but with eight straight and 17 out of their last 22 victories into first division is only a matter of days.

Knocking the Red Sox down yesterday for the third straight time, the fifth-place Tigers served notice that they have their sights trained on second place, only 2½ games away.

Pete Is Big Nuke
Pete Fox was the big nuke as the Tigers beat the Red Sox, 6-3. He slugged one of Jack Wilson's fast ones for a home run with the bases loaded in the first frame. Tommy Bridges, although walking seven men, scored his eighth victory, allowing six hits.

The traffic jam for second place in the American league saw the Chicago White Sox battle to within one game of the fading Red Sox with a double victory over Washington, 5-1, 6-2.

Cleveland tried to make it two-in-a-row over the Yanks but went down, 1-0. Mel Harder's walk to Henrich proved disastrous in the fourth. He raced to third on Dick

Idle Cowboys Gain; Budnick Pitching

Maybe there'll be a baseball game tonight, and again maybe there won't. It all hinges on the actions of old Jude Pluvius, but if there is a duel, Mike Budnick will get the call to start out for the Cowboys on the mound against the third-place Lewiston Indians.

Jerry Soule, new pitcher brought here from the league leading Focastello Cards, will make his first appearance for the Cowboys on Saturday night, announced Eddie Leishman, manager. Charley Wry, who walked only one man in the last game with Salt Lake here, will pitch Sunday afternoon, and John Stearn will probably pitch the Sunday night game of the double-header.

Same Lineup
Leishman announced he would throw the same lineup, with the exception of a hurler, against the Indians. That was working so well against Salt Lake in a 12 to 6 win. Ernie Bishop, who cleaned four hits for four trips to the plate, and converted four times, will still be lead-off man for the Cowboys.

Last night's game with the Salt Lake Bees, deciding contest in the three-game series, was postponed because of wet grounds and threatening weather. A hiccup was virtually assured for the clash, with the Bees having won the first round in the series with a 9 to 6 score, and the Cowboys taking an easy victory in the second game, coming out on the long end of the 12 to 6 count.

Gain Half Game
The Cowboys gained on the league-leading Cardinals as the result of the Lewiston 3 to 2 victory over the Cards last night. That was the only Pioneer game played Thursday. Postcetto is two and one half games ahead of Twin Falls, and Lewiston follows a half game behind the Cardinals.

The double-header slated for Sunday will be the only home appearance of the Cowboys next week. Twin Falls could gain without

KING, QUEEN ON WAY TO ENGLAND

ABOARD H. M. S. EMPRESS OF BRITAIN, AT SEA, June 13 (AP)—A royal day of rest was observed today on this liner carrying King George and Queen Elizabeth home to England from their 30-day American tour.

For the first time in a month there was no program of receptions to follow, and the king and queen were at ease among the 80 members of their entourage, the only passengers on the Majestic, 42,000-ton liner.

The king and queen left behind the cheers of a crowd on the waterfront at Halifax, N. S., late yesterday from where the liner sailed.

There will be no more reception en route. The ship stops at St. John's, Newfoundland, oldest of the present British dominions, briefly tomorrow. Then it proceeds to England, arriving June 22 for a round of homecoming celebrations.

SPIES CAUGHT IN FRENCH ARSENAL

TOULON, France, June 13 (AP)—Gendarmes captured four spy suspects inside the navy arsenal early today after a gun battle in which one suspect was wounded.

Authorities believed the suspects had tried to steal a prototype or specimen of a secret automatic rifle from the arsenal, part of a great French Mediterranean navy base.

It was reported the suspects were Frenchmen but their identity was kept secret while authorities sought to find out what foreign power, if any, they represented.

BUHL

A program of Hawaiian music was presented at the Buhl Kiwanis luncheon Wednesday noon, by Mr. and Mrs. M. W. Carter of Twin Falls and their daughter, Nina Jean, who sang a solo and interpreted a Hawaiian dance. A birthday rose was presented to Burnard Albertson. Members of the Buhl club will attend the joint Kiwanis meeting with Twin Falls next Monday night in the observance of all Kiwanis night with the Piler and Twin Falls clubs.

Pete Boyd, son of Mr. and Mrs. J. J. Boyd, who has been attending school at Washington State college at Pullman, where he is a junior, is working as private secretary for Vance Ranch, producer for the Metro-Goldwyn-Mayer studio which is filming "Northwest Passage" at McCall.

C. D. Boring and son, Knox, left Buhl Thursday morning for Chicago where they will visit at the home of Mr. Boring's daughter, Mrs. Charles Montgomery. Mr. Boring plans to attend the Rotary convention at Cleveland later in the month.

Jack and Bill Frost entertained 16 little school friends with a picnic party in the city park Wednesday evening. Mrs. Frost and Miss Margaret Gray, a guest at the Frost home, supervised the games and served the lunch.

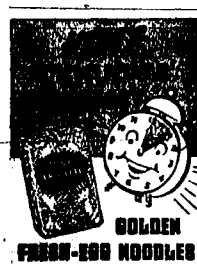

One of the loveliest parties of the month was that given Monday afternoon by Mrs. James Canine and Mrs. J. C. Jacobson at the home of the former on Main street. Miss North, high honors for contract were given Mrs. Charles Wilson, and Mrs. Reed Hall, and consolation to Mrs. Stanley Webster, and they all out was received by Mrs. J. J. Rugg.

The Buhl L.D.S. Relief society held a work and social meeting Tuesday afternoon at the church social hall. The afternoon was spent making a quilt. The hostesses were Mrs. Herman Allenback, Mrs. J. Peterson and Mrs. George Harris. Arrangements were made to have the next meeting a guest day with covered dish lunch in the city park, June 20.

Mrs. Elsie Shuler of Salt Lake City, daughter of Mr. and Mrs. J. R. Hill, visited her parents and friends in Buhl over the week-end.

Miss Margaret Gray of Washington is visiting this week at the Vernon Frost home.

The C. O. Smithson family, the P. E. Bartlett family and Mrs. Elva Mason and her mother, Miss Ann Mason of Los Angeles, Calif., gave the program at the Buhl Grange meeting Tuesday evening in the city hall. Out of town Grange guests were Mr. and Mrs. Vance of Idaho Falls. The next meeting will be June 21.

Foster Parents Doubly Happy

Dr. Henry Stark of Wilmington, Del., is unexpectedly the foster-father of a boy and a girl because the twin babies managed to look so cute his wife couldn't choose between them. Mrs. Stark traveled to Mesa, Ariz., to adopt one child, but brought back both. The Marks are pictured above, carrying their new family from the Camden, N. J., airport in market baskets.

Mason Family to Attend Ceremony

BUHL, June 13 (Special)—Mrs. Elva Mason, her mother, Mrs. P. E. Bartlett, and daughter, Miss Ann Mason, will leave by car Friday morning for Denver, Colo., where they will attend the wedding of Mrs. Thomas Mason's son, Thomas Mason, and Miss Ruth Pauline Madison. The wedding will take place Sunday afternoon in the Methodist church. Mr. and Mrs. Mason and Mrs. Mason's mother, grandmother and sister from Buhl will return here for a few days visit. Mr. and Mrs. Mason, P. E. Bartlett and Miss Ann Mason will go to San Francisco to attend the World's Fair, and Miss Mason will return to Los Angeles.

Bandits Safe

SALINAS, Calif., June 13 (AP)—"Petting party robberies" just give Sheriff Carl H. Abbott a headache, but not because he cannot catch the thieves. He already has the petty bandits that have confessed to "petting party robberies," but he is unable to locate the petting parties who were robbed, and it gives him no basis for filing a complaint.

UNION MOVES TO END UAW STRIKE

MILWAUKEE, Wis., June 13 (AP)—Officials of the United Automobile Workers' local announced today that a tentative agreement for settlement of the Allis-Chalmers Manufacturing company plant would be submitted to the UAW membership tomorrow for ratification or rejection.

Terms of the agreement were not revealed. It was reached last night after Gov. Julius P. Heil and Carl Gill, federal mediator, had conferred for nearly six hours with Max W. Babb, company president, and Harold Christofel, president of the UAW local, an affiliate of the CIO. Christofel said if the union approves the agreement the plant which employs 6,000 probably will reopen Monday.

RETAIL BUSINESS BEATS '38 MARK

NEW YORK, June 13 (AP)—The expansion of retail trade activity was slowed by a number of seasonal influences this week, but wholesale distribution continued its forward movement, Dun & Bradstreet, Inc., said today.

The trade authority reported that retail sales for the country as a whole were 7 to 10 per cent ahead of the corresponding 1938 week, but emphasized that volume was below last week's high level. Wholesale markets, however, were bolstered by a substantial forward-buying movement and registered the best gain over last year's totals in many weeks.

Antiques Display For Three Groups

CLOVER, June 13 (Special)—At the get-together meeting of the Eden, Twin Falls and Clover aid societies last week at the Clover school house, the local group was hosted.

Entertainment consisted of displaying of antiques, linens, bedding, robes, shawls, dresses, wedding garments, dishes, baby dresses, old photographs and tin type pictures. Twelve foreign countries were represented.

An ancient Bible owned by Mrs. Behrman, printed in 1868, with blood print on linen still in its original binding, was one of the outstanding displays. Mrs. M. L. Adcox also displayed a Bible, 300 years old. A silk coat from China said to be 300 years old, also lovely woven silk pictures and embroidery work from China and India were shown.

Featured on the program was the modeling of the following: An ancient home spun linen dress brought from Germany in 1884, a black alpaca dress also from Europe, 50 years old, an old plush cape, a wool fascinator 55 years old, a fur hat, old time bathing suit, a beaded 12 year old party dress, wedding gown of 1915.

A baby picture contest was interesting. An original poem by Mrs. Otto Blain, a reading by Mrs. Alfred Kramer, girls and French songs by Mrs. Burkhalter, accompanied on the piano by Mrs. Martens and piano solos were given.
