Britain, U. S. Defy Japan Order for Evacuation Warships Are Sent to Scene Of Blockades

TIENTSIN, China, June 22 (U.P.)—Great Britain and the United States defied a Japanese ultimatum to get their warships and citizens out of Swatow today, and instead of complying, sent additional warships.

The United States destroyer Pillsbury and the British destroyer Thetis refused to leave Swatow harbor. Soon they were joined by the U. S. destroyer John D. Pope and the British destroyer H-51 (believed to be the Scout).

The situation in ports all along the China coast was considered extremely grave, with the Japanese demanding domination and the foreign nations defending their rights vigorously.

Danger Points The chief danger points were Swatow, Tientsin, where the British and French concessions were blockaded by the Japanese and the food shortage was growing acute, and Shanghai, where British and French forces were being sent to the international settlement.

It is reported that the Japanese have no right to force foreigners out and not to evacuate their nationals.

Ultimatum Sent Japan first warned all foreigners to quit Swatow, which Japanese troops and sailors captured yesterday.

Acute Food Shortage At Tientsin, where Japanese were blockading the British and French concessions, a food shortage became suddenly acute. British army headquarters announced that unless the Japanese permitted the British to supply to enter, they were prepared to send a formal military expedition after them.

Authoritative American and British sources at Shanghai indicated that the refusal was adhered to, warships would be sent to run the blockade.

ASSESSORS' PAY MAY BE PERILED BOISE, June 22 (U.P.)—Constitutionality of Gov. C. A. Bolin's veto of 10 bills passed by the 1939 legislature may never be tested in a court of law, but it is in Idaho county assessors may not without legal capital politicians pointed out today.

Every county treasurer who pays an assessor's salary now is held liable and assessors believed some county treasurer might bring suit to test the position.

GOVERNOR BOLIN'S veto of 10 bills passed by the legislature raised to active the office of the secretary of state George Shoup during the statutory 10 day period after adjournment. Shoup issued orders to issue and printed the bills as laws, with a footnote designating them as such in the 1939 statute book.

Using grappling poles 20 feet in length, sheriff's deputies, policemen and others covered every foot of the Snake river floor in the vicinity where 18-year-old Daniel Dale Wood disappeared Tuesday. Three of the men adding the search for the body are pictured above. In the rear of the boat is Herman Hest, Twin Falls, while in the center is Deputy Sheriff Ed Hall, also of Twin Falls, and in the front is citizen, Kimbrey Constantine. Despite the length of the poles many holes were found where bottom could not be reached. The picture above was taken but a short distance from where the body of the youth was found today. River Searchers Find Boy's Body In Main Channel

Searchers in Snake river channel west of Hansen bridge found the body of Daniel Dale Wood, 18, today after two nights and a day of intensive hunting.

Possemen who had been using grappling hooks in deep holes of the river bed, at the foot of towering canyon walls, found the drowned youth's body at approximately 1 p. m., according to a telephone call from the scene by Sheriff Art C. Parker.

The boy, missing since two companions last saw him about 8 p. m. Tuesday, said he was running logs up the river, and he had been trying to make across the river, now at very low flow but treacherous because of holes and caves in the bed.

The lad had been seeking to find a way across to the north side, his companions said.

Cable Truck Called His body was brought by boat to the shore beneath the Hansen bridge, and rush call was sent to Buhi for Idaho Power equipment.

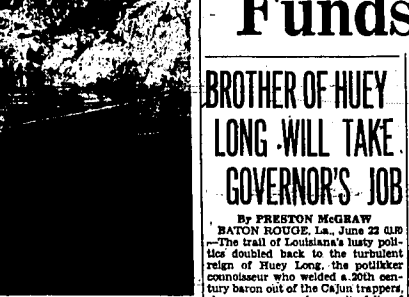

Mr. Smith, Idaho Power manager, there, immediately dispatched a truck carrying automobile drag cable on a huge spool. A derrick is mounted at rear of the vehicle, and Smith said that ropes will supplement the approximate 300 feet of cable in raising the boy's body up to the top of the bridge.

The body was expected to be brought out of the canyon by mid-afternoon. G. C. Wilson, division foreman, and Troy Futerbaugh, both of Buhi, brought the power company's cable truck to the sheriff's offices here and then drove at once to the Hansen bridge.

Main Channel A throng of hundreds of persons watched the posse hunting for young Wood's body all morning and saving the crew in the one boat available finally bring up the drowned lad.

The body was found in the main channel of the river.

NEW AGENT FOR FREIGHT POSITION Fred C. Farmer, Union Pacific agent at Payette, had taken over today the freight agent post vacated in Twin Falls several months ago by promotion of Frank H. Hest to an administrative post at Pocatello.

Mr. Farmer arrived Wednesday and formally assumed the office, it was announced this afternoon.

J. L. Fuller, Union Pacific passenger agent who has been temporarily handling both posts, remains as chief of the passenger details.

Mr. Farmer was agent at Emmett for seven years before going to Payette slightly more than a year ago. He was stationed at Brigham City, Utah, prior to transfer to Emmett.

Mr. Farmer was agent at Emmett for 25 years in station service work. He will handle the freight agent post here and will cooperate with Hest as chief of the passenger details.

Sale of Government Bonds Would Raise Funds for Program Lending Planned To Start During '40 Fiscal Year

WASHINGTON, June 22 (U.P.)—President Roosevelt today outlined for congress a \$3,880,000,000 long term lending program, of which \$870,000,000 would be disbursed in the 1940 fiscal year.

Mr. Roosevelt outlined the proposed program in a special press conference. He said that the loans would be made for self-liquidating projects.

He said that the program would be financed by the sale of government bonds, rather than treasury obligations which are a direct charge against the federal budget.

Mr. Roosevelt asserted that the program would add to the government's funds since it would be financed outside the regular budget.

He said that the program would be a two-year program, with the first year's disbursement of \$870,000,000.

Athletic Cow Clears Fence, Lands on Auto

CORNER D'ALBINE, Ida., June 22 (U.P.)—A cow, which was riding along in its automobile, clearing a fence, landed on the automobile, killing the driver.

The cow, which belonged to Farmer Ray Thomas, had leaped a fence, into the highway after being frightened by a dog. It was so badly hurt it had to be shot.

The automobile was damaged, but the driver and Mrs. Kerr were uninjured.

MEETING FAVORS AAA ELASTICITY

SANTA CRUZ, Calif., June 22 (U.P.)—The western regional conference of the American Farm Bureau Federation, which opened today in Santa Cruz, approved a plan for expansion of the farm program under the AAA, sufficiently flexible to adapt to local needs.

The conference passed resolutions covering transportation, silver, the dairy and livestock industries, fruit and vegetable, field crops and rural youth.

One suggested congressional plan for farm-to-market roads was approved. Another suggested that when the government loaned money to railroads to supervise the purchase of equipment, it would be adaptable to the needs of shippers of farm products.

The plan was approved by the conference, which was the first of a series of meetings of the farm bureau organizations in the western states.

The conference was held at the Santa Cruz Hotel, which was the site of the annual convention of the American Farm Bureau Federation.

NEWSPAPERS GET KIWANIAN PRAISE

BOSTON, June 22 (Special)—"The most unsuccessul newspaper in the United States does more for the support of its community than the finest community ever does for the support of its newspaper!"

Such was the statement made today by Karl Lehmann, of Tavaras, Fla., publicity chairman for Kiwanis International, to convention delegates. He explained that the value of Kiwanis news is to educate a community in the service organization's civic and welfare programs.

Reflects Life
"The newspaper," said, "reflects all community life, religious, educational and civic. Therefore the average citizen is indebted to his newspaper which constantly brings to him the news of local, state, national and international affairs."

Asked to Give Away
"Every civic, religious and educational group in a city is in the habit of coming to the newspaper publisher, asking him to give away free the one commodity he has for sale. This is space! We would ask of no other form of business in our community to give away free that which gives a livelihood. We would not go into a bakery and ask the baker to give us a loaf of his bread."

"Yet the newspaper owner is asked to give away the thing which he has to sell; perhaps not realizing that this commodity, like any other merchandise, costs money to produce," he said.

Kiwanis does not need to sell itself to its own members nor does it need to seek publicity to glorify its work. Lehmann estimated, Kiwanis publicity must be really educational.

Pictures Seen by Jerome Rotarians

JEROME, June 22 (Special)—At the meeting of the Jerome Rotary club this week, L. A. Fowler, Postville, general sales agent of the Weyerhaeuser Lumber Industry company, Portland, displayed an interesting 40-minute motion picture on the lumber industry.

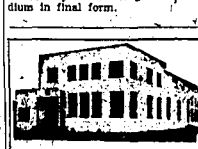

In charge of the program was Roy D. Smith, who introduced Mr. Fowler.

Guy Stanton gave the financial report for the year and later H. Maine Shoun, retiring president, presented the gift to the new president, Frank M. Rettig. The occasion was set ahead a few weeks due to the fact that Mr. Shoun will be absent from the club. He is leaving June 23 for Berkeley, Calif., to enroll for summer school work.

A guest of the club was Russell Jarrett, Estate Store company representative, Salt Lake City, visiting.

Rotary members from Shoshone included A. I. McMahon, Douglas Shepherd and Charlie Ahlig.

EX-SOLON DOUBTS BRIDGE STRENGTH

Injecting a new note into the Twin Falls-Jerome intercounty bridge purchase, scheduled to go through Friday with opening of bids for the bridge bonds, a former Gooding county Democratic state lawmaker today questioned whether the \$100,000 bridge is strong enough.

The ex-solon and former congressional aspirant is W. C. Thornton, Bliss, who figured prominently in starting the \$5 auto license campaign.

Built New One

"Today Thornton offered his terse advice to the state of Idaho: 'Let the Twin Falls bridge company keep the bridge—and let the state build a new one.'"

"Question whether or not this bridge is sufficiently strong," he said, "to carry the 68,000 pounds load limit which was enacted in 1937. Construction of the bridge was a good many years prior to that date. 'In case this bridge should not be sufficiently strong, the bridge would be condemned and the state of Idaho would have to build a new one.'"

Hills Gas Prices

Thornton rapped what he termed action of major oil companies who, he said, "have shot the price of gasoline up one and one-half cents since March 1."

He urged that the people of Idaho instruct members of the legislature to put regulation of oil firms into the rail for the special session now apparently in the air.

School Funds May Go Into Bridge Bonds

BOISE, June 22 (AP)—The state board of examiners today had discussed methods by which part of \$1,000,000 in idle public school income funds may be invested in the \$100,000 Twin Falls-Jerome bridge bond issue to be sold Friday.

State law prohibits the department of public investments from accepting bonds for less than three percent interest. The bridge bonds probably will sell for from one and a half to two and three-quarters per cent.

G. L. Jenkins, state finance commissioner, conferred with Gov. C. A. Bottelton and the chief executive took the matter up with the state land board in an effort to authorize the state to bid on its own bonds.

State Treasurer Myrtle F. Enking will open bids on the bonds Friday.

PAIR HONORED ON SILVER WEDDING

CLOVER, June 22 (Special).—Members of Trinity congregation at Buhl and Clover, held their 25th wedding anniversary, Rev. and Mrs. Dammert were married June 18, 1914, at Fort Wayne, Ind. Mrs. Dammert is Miss Ida Rodenbeck before her marriage.

Immediately following regular services, Rev. M. H. Zigel of Twin Falls addressed and blessed the honored couple with family and relatives, and Mr. and Mrs. Zigel, and family, and the elders and their wives. The table was centered with a large three tiered anniversary cake with lighted tapers in silver holders at either side, and baskets of flowers were placed at each end.

Members of the congregation presented the honored couple with a silver coin shower. The Ladies Aid society gave them a friendship quilt. Walther league presented a silver fruit dish. Relatives gave them other gifts.

Following the dinner hour, a program, as follows:—Mrs. Zigel, reading of telegrams—acknowledgments from friends and relatives by Rev. Zigel; A. H. Zigel, master of ceremonies; piano solos by Esther Rangan; vocal trio by Norma and Lois Schaefer and Mildred Boehlke; violin duets by Miss Helen Meyer and Donald Martens accompanied by Ernest Meyer on saxophone and Mrs. Martens on piano, vocal duet by Boehlke brothers and piano accompaniment by A. Zigel.

At the close of festivities, cake and ice cream were served. The committee on arrangements was as follows: Elders, H. O. Schroeder, L. A. Schroeder and W. F. Boehlke, and

1,000 TAKE PART AT CELEBRATION

RUPERT, June 22 (Special).—A stranger passing through Rupert Monday evening might easily have thought himself suddenly shot back to the days of 1921.

Men and maidens in garments of cut and style popular a generation ago thronged the downtown streets, en route to the municipal building to the big chuck wagon feed which officially opened the pre-rat roulette session.

The affair was under the general direction of "Cheyenne Lou" Dickson, who was assisted by "Chuck Wagon Hank" Cresson, "Tex" Sigman, "Half-Pint" Daly, "Scottie" Judd, "String Bean" Lewis, "Old Faithful" Elmore and "Cisco Kid" Katsoraky. After "chow" served to over 300, the evening's entertainment was participated in by close to 1,000 performers from Rupert and neighboring towns.

Dancing, with music furnished by the Happy Five orchestra and a light show was given featuring special attractions such as a "litterbug" performance by an out of town group; special songs and stunts presented by the local Business and Professional Women; special dance numbers by Mrs. S. Katsoraky; group singing and solo numbers; yodeling

Paul L. D. S. Has Ward Conference

PAUL, June 22 (Special).—The Paul ward L.D.S. church held their ward conference Sunday evening with Bishop K. G. Merrill in charge. The ward choir, under the leadership of Frank Rich, furnished the musical numbers. All presidents of auxiliary associations gave short reports on their work, including James Miller, superintendent of Sunday schools; Mrs. O. T. Miller, president of the Relief society; Mrs. U. U. Lander, president of the young women's M. I. A.; Clayton Hatt, member of the primary association, and Leslie Harper, superintendent of the genealogical society.

Stake President R. O. May, Rupert, was the main speaker. Lee Merrill, who has just returned from the University of Idaho, Moscow, gave a short talk on the theology work at that school.

Other special visitors were David King and Lamar Wilcox, Heyburn. Ward clerk, Jesse Billington, Jr., read the names of sustaining officers of general stake, and ward.

JEROME SCHOOLS BEING REPAIRED

JEROME, June 22 (Special).—H. Maine, school superintendent of schools, said this week that new shingled roofs have been put on both the Pleasant Plains and the Canyonside grade schools, and the high school will receive a new roof during the summer months which will cost approximately \$1000.

At both the Pleasant Plains and the Canyonside schools, the general repair work, cleaning and painting has already been done, and in the Lincoln grade school building the first floor and the hallways of the first and second floors have received paint.

Lighting facilities in the Lincoln building have been modernized also, 16 inch fixtures being added and some changes have been made in regard to the switches. Some repair

work will be done on the roof of the Lincoln building, Shoen said.

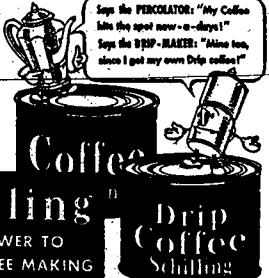

A new kitchen will be built for preparing the hot lunches for school children at the Washington school. Excavation and additional space is being added which will make the kitchen approximately 12' by 12' and provide for a small storage space adjoining.

The high school building is undergoing extensive repair. Workmen are preparing the facilities for the girls' physical educational department. Additional space is being provided by annexation and extra toilet room and shower facilities are being built.

More Than 300 Twin Falls People Got More For Their Money With The 1939 Coldspot

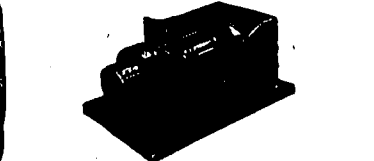

On file in our office are dozens of enthusiastic letters from COLDSPOT users—they tell why you get more for your money when you buy a Coldspot! Ask to see these letters.

\$124.95

\$5 DOWN AND EASY TERMS

There is only one reason for this remarkable sales record . . . Coldspot DOES give extra value. Coldspot is known throughout America for its safe, dependable economy; for its unsurpassed beauty, and for its many quality features. Compare it with refrigerators selling for \$20 to \$30 more and you'll find it superior at every turn. 9-point cold control . . . tip-proof rustless wire shelves . . . speedax fingertip tray release . . . automatic interior lighting . . . glass defrosting tray . . . fly shift and defrost shelf . . . and most important, ROTORITE CURRENT CUTTER for maximum economy! You'll want a Coldspot for its beauty and convenience, and you'll BUY Coldspot for its economy of price and operation.

FAMOUS ROTORITE CURRENT CUTTER

Super-powered, quiet, thrifty! In ordinary use, it runs but a fraction of the time . . . to keep food safer, to make more ice cubes, Rotorite cuts current costs to the bone—costs less than buying ice!
