JAPAN CRACKS DOWN ON FOREIGN SHIPPING IN BLOCKADE

Nippons Claim China Getting Arms at Port

HONG KONG, June 26 (U.P.)—The Japanese naval command at Swatow today announced complete isolation of foreign shipping at that important south China port "pending the progress of military operations."

The Japanese, who claim that Swatow has been a port of entry for munitions for the Chinese armies, said that the landing and embarking of passengers as well as the loading and unloading of cargoes had been prohibited.

Mail and provisions for foreign residents of Swatow, however, were exempted from the blockade.

Ships Arrive
Two British ships arrived at the port this morning but were prevented by the Japanese from communicating with the shore. The captains of the two vessels were notified by the Japanese of the prohibition of transit between the ships and the wharves.

The vessel sailed at 1 p. m. without landing either passengers or cargo.

The Japanese had warned all foreign warships out of Swatow last week but British and American navy officials refused to recognize the warning.

Tariff Objects
Admiral Harry E. Yarnell, commanding the United States Asiatic fleet, said at that time that American warships would go wherever they wished.

Governor's Wife Seriously Hurt By Auto Crash

CAREY, June 26 (Special)—Mrs. C. A. Bottolfsen, wife of the governor of Idaho, was seriously injured this morning when the car she was driving on the main highway to the Craters of the Moon, 12 miles from here, left the road and was practically demolished.

Riding with Mrs. Bottolfsen at the time, and also injured, were her sister, Mrs. Marion Horn, Boise, and the latter's daughter, Virginia.

Exact extent of the injuries to the trio could not be determined although it was learned that Mrs. Bottolfsen was severely cut about the legs and face and Mrs. Horn was probably injured internally. Injuries to the daughter were not learned.

The mishap occurred about 11:30 a. m. and shortly thereafter the three were picked up and were being rushed to Boise in a highway district ambulance.

First aid to the injured was administered by Ed Tulloch, local druggist. Later a physician from Arco arrived and ordered the trio to be taken to Boise by ambulance at once.

Cause of this mishap was not known although there was no other car involved. Mrs. Bottolfsen apparently lost control of the machine and it left the highway, turning over several times. It was practically demolished.

The three were enroute to Arco, Mrs. Bottolfsen's home, at the time of the accident.

Idahoan Escapes In China Bombing

HANKOW, China, June 26 (U.P.)—American consular authorities prepared a protest to Japan today against recent airplane bombings which endangered Americans.

The protest was caused by the bombing of the China inland mission at Hanchung, in Shensi province.

Ruby Thompson, Nevada, 14, and Helen Dalton, Wallace, Ida., narrowly escaped injury in the bombing.

JERSEY WARRANT IN MURDER HITS MAN AT BURLEY

BURLEY, June 26 (Special)—Sheriff's officials today received a warrant from Morristown, N. J., official charging Charles W. Quigley, 29, with the murder of his mother, Mrs. Worthy Quigley, near their community on April 25, 1935.

Quigley has been held in the county jail here since early last week when he made a sensational confession to Dean Barlow, state policeman stationed at Malla, and also to Deputy Sheriff George Bray.

At that time he voluntarily told the officers that he had murdered his mother by placing gasoline in a kerosene can, the contents exploding when his mother started a fire in their two-room home.

Has Crime Record
The man, who has a criminal record, especially in connection with car thefts, said he wanted to kill his mother and also a man with whom she was living out of wedlock at that time. His mother and father were separated. He said that his mother was alone in the home at the time she started the fire in the stove, using the gasoline for fuel.

Because of this fact the man escaped injury in the blast which took the life of Quigley's mother.

Announcement that the warrant charging Quigley with murder had been received was made this morning by Deputy Bray. He said that in the same letter with the warrant the New Jersey officers said they were still investigating the case and indicated that they would send for Quigley in the near future, although they made no definite statement to this effect.

First Indictment
At first the New Jersey authorities indicated, in press releases from there, that they didn't want the man but the letter received here indicated that they have changed their minds.

The New Jersey police also asked if Quigley was wanted here on any specific charge and he was just being held for them. An airmail letter today told them that he was held only under an open charge, naming no specific crime.

The man has waived his rights and has announced he is ready to be returned to New Jersey.

CALLAHAN SETS APPEAL OF CASE

BOISE, June 26 (U.P.)—The Idaho comptroller-auditor court battle over administrative control of the state's budget and audit system will be appealed to the state supreme court, either late today or early Thursday, counsel for Comptroller Don Callahan said today.

The appeal was held up while attorneys for Callahan and Auditor Calvin E. Wright conferred over the status of litigation pending a supreme court decision.

District Judge G. F. Koelich has ruled in favor of Wright that the legislature violated the constitution in turning over some of the auditor's duties to the comptroller.

Tiniest Baby Born Here Goes Home After Incubator Stay

Ivan Mathew Lincoln will have something to "brag" about when he grows up.

Reason is that he's believed to be the smallest baby born at the Twin Falls county general hospital in addition to being of the youngest fetal age when he first saw the light of day.

Not Very Large
The tiny babe was born May 2 at the fetal age of six months and seven days. Because it was necessary immediately to place him in an incubator he could not be weighed until four days had passed, and then he tipped the scales at exactly four pounds, six and one-half ounces.

He was taken home by his parents, Mr. and Mrs. Floyd Lincoln, route one, Kimberly, Saturday afternoon and then weighed five pounds, six ounces. The attending physician pointed out that the "average" baby boy weighs seven and one-half pounds at birth.

Babies born at the fetal age at which Ivan Mathew came into the world don't usually live, the attending physician said. For about six weeks he was kept in the incubator. Born 12 weeks before the normal time, the infant was placed in the incubator for the purpose of maintaining an even body temperature of 100 degrees Fahrenheit.

Take Into Account
Because he was too small to nurse, he was fed at two-hour intervals by placing a tube into his stomach through his mouth. A special formula to take care of all requirements for a baby of that age was devised so that normal development would be insured. He required constant nursing attention because the central nervous system of babies at that age is not sufficiently developed to insure normal breathing, the physician said.

The two-hour feeding schedule was continued for six weeks, then he was strong enough to begin nursing on a special type of nipple bottle, still being fed every two hours.

When he reached the weight of five pounds the infant was placed on a three-hour feeding schedule and at the present time is fed seven times in each 24-hour period.

Many Hazards
The main hazard of caring for premature babies at this age is aspiration pneumonia, infections and failure of the respiratory system, the physician said. However, through excellent nursing care the baby made a uniform gain from birth and at six weeks he was able to remove him from the incubator.

During the past week he has carried on much the same as any normal baby would.

And tomorrow tiny Ivan Mathew Lincoln will celebrate his eighth (weeks) birthday at home.

Jews Find Haven
PARIS, June 26 (U.P.)—One hundred Jewish passengers from the refugee liner B. L. Loup arrived today and were greeted by Robert de Rothschild before being scattered throughout the provinces.

Fifteen German-Jewish emigrants were permitted to land at Boulogne from the homeward bound German liner Cap Norte after having been refused permission to land in Argentina or Uruguay. They were 26 days aboard the ship. Nine of the 15 were children.

Nurse Maxine Matheson (above), of the Twin Falls county general hospital staff, holds what is believed to be the smallest "package" ever delivered at the local institution. The "package" is Ivan Mathew Lincoln, son of Mr. and Mrs. Floyd Lincoln, route one, Kimberly, weighed for the first time four days after birth he tipped the scales at two pounds, six and one-half ounces. He was kept in an incubator for six weeks and went home to his parents only last Saturday. (Idaho Evening Times Staff Photo).

BUCKNER TAKES STAND IN TRIAL

NEW YORK, June 26 (U.P.)—William P. Buckner, Jr., the playboy broker, admitted today that despite his meager knowledge of securities and financing he was elected chairman of the bondholders protective committee formed to recover money invested in Philippine railway bonds.

Buckner, friend of motion picture star George Raft, testified in his own defense against mail fraud charges in connection with the alleged \$1,000,000 Philippine railway bond swindle.

He said that he was elected chairman of the committee over his own protests, but afterward had "learned much" about the manipulation of finances.

Buckner and four others are being tried before Federal Judge Henry W. Goddard.

The soft-spoken witness testified that he was elected a member of the bondholders protective committee without his knowledge at a meeting of the committee in Washington on March 9, 1937. At that meeting, he said, Albert Coyne, a committee member, stated he just had breakfast with President Manuel Quezon of the Philippines and Jose Yulo, the Philippine minister of justice, who were then in the capital, and that they had said they "appreciated there was a moral obligation attached to the bonds."

Stunning Reverse Handed New Deal; Borah Votes 'No'

WASHINGTON, June 26 (U.P.)—The senate voted today to repeal President Roosevelt's power to devalue the dollar.

The vote, a bitter defeat for the administration, came on an amendment by Sen. Alva B. Adams, D., Colo., to the pending monetary bill.

The vote to wipe out the devaluation power was 47 to 31. Senate Republicans voted solidly, with the exception of William E. Borah, R., Ida., in conjunction with the silverites and Democratic conservatives to end the devaluation authority.

Several normally staunch support the devaluation amendment.

Vote Solidly
Approval of the Adams amendment and devaluation powers June 30 was made possible when members of the silver bloc, angered by refusal of the administration to increase the price the treasury pays for domestically mined silver, voted almost solidly for the repeal.

A few minutes later, the senate voted to require the treasury to pay 77 1/2 cents an ounce for domestically mined silver. The present price is 64 1/2 cents.

The silver price vote was 48 to 30.

Reversal Stunned
The senate action, voted after a persistent filibuster by the powerful silver bloc, came as a stunning reversal to the administration which repeatedly has emphasized that it regards the devaluation program as a necessary weapon in case of a new outbreak of world monetary disturbances.

The action came in the face of a determined effort by the administration to avoid the three-fourths vote required for repeal of the rate vote on the (yet pending) but the alliance of the silver group and the state conservatives defeated the measure.

MOON DEFEATED
WASHINGTON, June 26 (U.P.)—The senate silver bloc today won a money filibuster that has endangered the administration's monetary legislation program was defeated today in an attempt to fix the domestic silver price by law at \$1.16 an ounce.

The vote was 52 to 37.

The proposal was offered by Sen. Fred Pittman, D., Nev., as an amendment to the pending monetary bill. The measure would require the treasury to extend for two years the \$2,000,000 (B) stabilization fund and President Roosevelt's power to devalue the dollar. It represented a modification of Pittman's original amendment fixing the price at \$1.27 an ounce.

June 30 Deadline
Although the silver bloc stopped talking long enough to permit the vote on the Pittman plan, they reiterated their demand that the measure be "discussed thoroughly" before they would permit its passage.

The measure was signed by the President by midnight June 30 to prevent expiration of the administration's monetary program.

BORAH OPPOSES TAX AMENDMENT

WASHINGTON, June 26 (U.P.)—The senate judiciary committee today approved, 10 to 6, a constitutional amendment proposed by advocates of the Townsend pension plan.

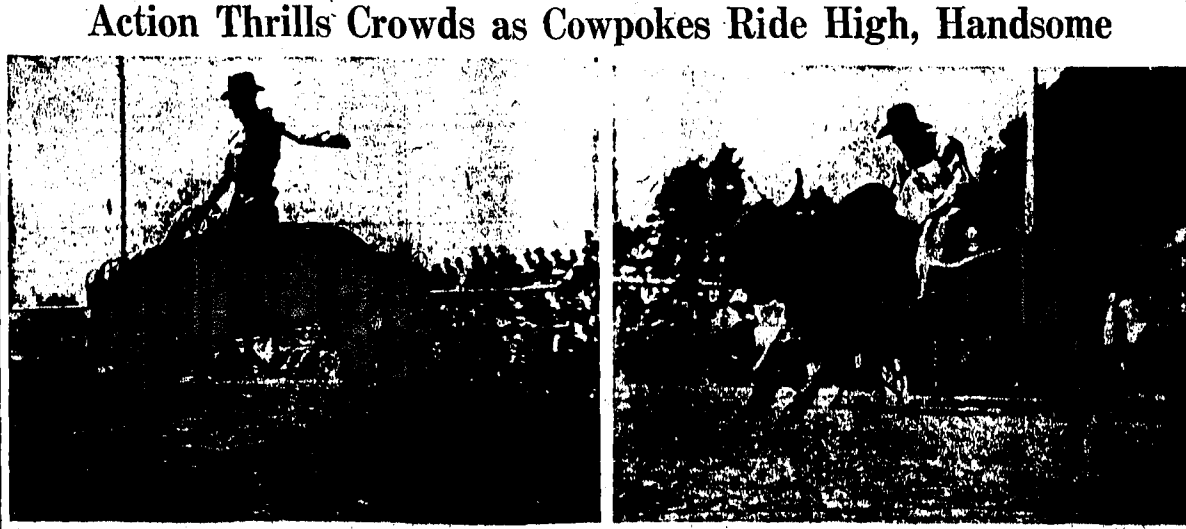

Introduced by Senator Charles O. Andrews, D., Fla., the amendment provides that "Congress shall have the power to levy taxes for old age assistance."

The committee vote included: For, Phil McGowan, D., N. Y.; Joseph C. O'Mahoney, D., Wyo.; Chairman Henry F. Ashurst, D., Ariz.; Assistant Secretary William H. King, D., Utah; Carl A. Hatch, D., N. M.; William E. Borah, R., Ida.

The committee rejected, 8 to 7, another amendment by Andrews which would require abolition of justices of the supreme court on a geographical basis, so that each would represent a different judicial circuit.

Adoption of a constitutional amendment requires a two-thirds vote in the house and ratification by three-fourths of the states.

SPANISH BATTLE PLANS
PARIS, June 26 (U.P.)—The news paper France today published the first part of a plan, on the Spanish front, for the Spanish Republic, which would require abolition of justices of the supreme court on a geographical basis, so that each would represent a different judicial circuit.

Ernest Perry, bronco rider from Burley, was doing a good job as this picture was snapped at the cowboy stamper here yesterday. Several thousand persons witnessed the three performances of the show in which noted cowboys and cowgirls from the nation participated. Perry, who is an amateur, was in "line form" when this picture was taken, among several riders said. (Idaho Evening Times Staff Photo).

This is no place for a back seat driver, because the huge Brahmas bull doesn't even let one rider on its back. The above picture was taken yesterday during the first annual cowboy stamper held at the West Bismarck grounds. It shows Terry Lockyer, Firth, Ida., astride one of the "mean critters" and from all appearances he is "going places." (Idaho Evening Times Staff Photo).

Government Ends Fiscal Year of Unmatched Peace-Time Spending

TREASURY WILL REPORT DEFICIT OF 40 BILLIONS

By LYLE C. WILSON

WASHINGTON, June 24.—Treasury statisticians yesterday announced the results of the 1935 fiscal year which will end this week with a record of unmatched peace time government spending.

The treasury will report the second largest New Deal deficit and a national debt of more than \$40,000,000,000.

Revenue Larger
Federal revenue, however, has passed larger than President Roosevelt expected and Secretary of Treasury Henry Morgenthau, Jr., said the fiscal year will end with a \$4,000,000,000 working balance in the cash drawer.

The fiscal year covering the last six months of 1935 and the first six of 1936 ends at midnight, June 30. There has been a treasury deficit every year since 1931 and another is inevitable in the 1936 fiscal year beginning July 1. When that fiscal period ends one year from now the accumulated Hoover-Roosevelt deficit for running the government during unprecedented depression will aggregate approximately \$27,000,000,000.

This year's deficit reverses a two year trend. From the fiscal year 1931 when the treasury went into the red for \$481,000,000, through the fiscal year 1933, treasury deficits rose fast. The 1933 figure was \$4,450,000,000. It dropped to \$3,000,000,000 the following year and to \$1,354,000,000 for the fiscal year which ended a year ago. The present movement was effected by the 1937-38 depression which hit American business the most sudden blow in our economic history.

Notably in the current fiscal year record is expenditure of more than \$9,000,000,000, a gargantuan sum which left revenue far behind although the treasury this year collected its second-highest New Deal income. Revenue has risen steadily under the Roosevelt administration. In the fiscal year 1933, for which Mr. Roosevelt was responsible for only the last four months, treasury took in only \$2,000,000,000.

Income Soars
The next year the first complete Roosevelt fiscal period—treasury income soared to \$3,110,000,000 and in the fiscal year ended last year treasury collected over \$4,000,000,000, but still was not able to make both ends meet.

RUPERT
Mrs. W. E. Jackson was hostess at her home Wednesday to members of the Mary Elsie club and one guest, Mrs. Ralph Davidson, who with her husband and their infant daughter, returned from a recent trip from Quebec to reestablish their home here. The afternoon was spent socially with hand work and concluding with refreshments served by the hostess.

Mr. and Mrs. Andrew Richards, who have been guests of Mrs. Richard's mother, Mrs. James Russell, left Thursday for their home in Huntington, W. Va. They are accompanied on the trip by Mrs. Hansen Olsen, Mrs. Grace Allen and Troy Clark, also of Huntington, who while here have been guests of Mrs. Olsen's mother and brother, Mrs. Susan Plinton and James Plinton.

Mrs. O. M. Mitchell and her home guests, Mrs. Jesse A. Mitchell and daughter, Mrs. Carl Blackwell, Jefferson City, Mo., left by auto early last week for the coast. In Portland the party will visit Mrs. Carmen Mitchell Johnson, daughter of Mrs. O. M. Mitchell in Seattle. They will visit Mrs. Jesse Mitchell's sisters and en route home they will visit in Coeur d'Alene with Mrs. M. Mitchell's daughter, Mrs. Mary Maynard, formerly Miss Elsie Hest Mitchell.

Beverly and Shirley Watson, small daughters of Mr. and Mrs. Frank Watson, entertained the Rupert Lions club at the noon luncheon session at the Patsy cafe Thursday with a vocal number, accompanied by Mrs. Rupert Britt at the piano.

Lynne Schenck, superintendent of the Rupert-Paul sugar factory, was speaker at the noon luncheon meeting of the Rupert Rotary club at the Caladonian hotel, Wednesday. Mr. Schenck's talk covered a wide range of subjects.

Dr. and Mrs. D. P. Slavin and Dr. V. O. Greer returned Wednesday from Sun Valley where they attended the state convention of the Idaho Dental association.

L. E. Dart and daughters, Miss Josephine Dart and Miss Anna Dart, arrived the first of last week from their home in Lancaster, Calif., and are guests of Mr. Dart's sister, Mrs. M. Rawley and of his niece, Mrs. W. B. Dunlap, both of faculty.

Rev. L. M. Westerkamp, pastor of the local Trinity Lutheran church, accompanied by Mrs. Westerkamp and their small daughter, Josephine, arrived Tuesday from Richland, Wash., where they attended a convention of Lutheran churches in Idaho, Washington and Oregon and at which Mr. Westerkamp was one of the speakers. He also spoke in this city. Olympia, Wash., Lutheran church on the occasion of their mission day celebration.

Miss Clara B. Colwell entertained with a theater party at the Wilson Wednesday in honor of her young niece, Clara Louise Hubbard, Mrs. G. L. Hubbard, is a house guest of Miss Colwell. Proceeding the show at the Caladonian hotel, the guests at the Caladonian hotel. In addition to the house guest, those enjoying Miss Colwell's hospitality were Doris B. Borne, Colleen Colwell, Margaret Borne, Gretta Graybill, Dana Lou Owens, Dorothy Rogers and Joan Turner.

Nazis Seek to Substitute Paganism for Christianity

By MILTON BRONNER

(NRA Service)

LONDON, June 22.—The attack on Christianity in Germany is not only physical, in the form of persecutions, but philosophical.

There is a concerted effort to undermine Christian belief and supplant it with a new paganism. This philosophical attack is led by Alfred Rosenberg, prominent Nazi editor, and a mentor of Adolf Hitler, whose views on religious questions he is believed to have greatly influenced.

The attack takes two lines: (1) Rejection of the so-called "scientific" elements in the Bible, including all of the Old and much of the New Testaments. (2) The effort to create a new "Germanic Christianity," which old Christians insist is merely neo-paganism.

Science and Religion
These Nazi philosophers "prove scientifically" that Jesus was not of Jewish, but of Aryan blood. In an outline for a German-Romantic religion, Felix Fischer-Dodelerben says: "I am certain that if Jesus could see what the Four Evangelists and the Apostle Paul have made of him, he would cry out with dismay. What have you foolish men made—a God of me?" In later pages the author says that the early Saxons books represented Jesus as a stern "Hütermann."

Typical Approach
That is a typical approach. Typical also is that of Prof. Ernst Bergmann of the University of Leipzig. He proclaims the end, and says: "A people which has returned to its blood and soil can no longer tolerate a religion in its character which makes the scriptures of the Jews the basis of its gospel. We must base ourselves on the Holy Scriptures which are clearly written in German hearts. Our cry is, 'Hail to the blood and soil!'"

The next year the first complete Roosevelt fiscal period—treasury income soared to \$3,110,000,000 and in the fiscal year ended last year treasury collected over \$4,000,000,000, but still was not able to make both ends meet.

Mr. and Mrs. P. W. Fridmore have as house guests Mr. Fridmore's cousin, Mrs. Laura Hagan, Port Phipps, Colo., and his sister, Mrs. Lewis Kappes, and her husband, Denver.

Hitler in church—at memorial services in St. Hedwig's cathedral, Berlin.

bill of rights somewhat similar to that of the United States. It promises the freedom to practice any religion or none. But the prevailing attitude of the ruling class is atheistic, and such toleration as is now permitted the churches is a mere concession. All propaganda facilities are denied the churches, and such as have recently received activity do so only by the unshakable faith of their individual adherents.

Peace in Italy
In Italy, though there is nominal peace, there are deep underlying conflicts, especially over the training of children and the marriage laws. The increase of anti-Semitism and German-style racial beliefs in Italy as German influence mounts there have drawn repeated protests from high officials of the Catholic church. A Universal Church can scarcely accept the curious racial doctrines of Germany, which Mussolini appears to have adopted as his own.

And the destruction of Catholic Youth and Catholic Action organizations in Italy, leaving the entire country of youth an exclusive target for a new German religion, are facing difficult times.

Prosecution
Leading Nazis who insist that penalties on professional athletes are inflicted only as a result of meddling in politics, were three times answered by the late Pope Pius XI, who said in a March 1937 encyclical, "We know that heavy persecution does exist. Not often before has there been so much persecution, so heavy, so formidable, so grievous and so in a more profound effect. It is a persecution in which neither constraint nor violence nor persecution, nor lies, nor tricks of cunning, nor lies, are wanting."

Russia Eases Up
In Russia, the crushing pressure against the churches which followed the revolution in 1917, appears to have let up a bit. It is now estimated that perhaps half of the Greek Orthodox churches in use in 1913 are now being used in some form by their congregations. Under the new constitution of 1936, Russia gained a

Will Valid
GETTYSBURG, Penn., June 22.—The scribbled will found beneath the pages of a book had been ruled valid by an Adams county jury. The testatrix was drawn by Jacob Heist, who died in January, 1930, and left by his will his \$1,000 estate to be turned over to the friends Mr. and Mrs. George E. Kemper. Heist's relatives contested the will.

CCC BATTLES 70 YEAR OLD BLAZE

GILLETTE, Wyo., June 22.—Wyoming CCC companies fighting a series of coal blazes which have burned unchecked for at least 70 years, are rearing success in their six-year-old battle in the Little Thunder basin near Gillette.

The employees, who have controlled many of the smaller fires that experts estimate have destroyed millions of tons of Wyoming coal, have been at their task since the coals was formed in 1933. Although the area affected by the flames involves a minute portion of the state's \$200,000,000 coal supply, officials said they hoped to extinguish all the fires because the near-surface location of the deposits makes them of great economic value.

Source Unknown
Cause of the underground blazes remains a mystery. Officials estimate that they were started in early settlement days, probably by a stray fire or from a bolt of lightning. Until 1933 no effort was made to check the loss of hundreds of thousands of dollars worth of coal because of the state's unlimited supply.

Most coal fires are fought with water, but these jobs call for more ferocious tactics. R. L. Allport, district mining supervisor of Billings, Mont., was named technical adviser when the work was begun in 1933.

Explosives
"We learned," he explained, "that—strangely enough—when a vein or surface water seeped into the burning veins, explosions opened new fuel for the flames."

"Therefore, water as an extinguisher was useless unless we could obtain sufficient quantities to drown the entire area and keep it in that condition for a long time. This was impossible because the water supply was virtually non-existent."

Dred Choke Off Air
Seasoned coalfield workers conferred with Allport. Finally they decided upon a smothering and covering process as best suited to their needs. All cracks and fissures in the shallow mines were filled carefully to prevent air from reaching the blazes. Fire dirt then was distributed with two half-yard excavators, aided by tractors, bull-dozers and hand rippers.

The method proved a slow but sure success. Now, almost six years after start of the program, Allport admits that his assistants have made definite progress. How long it will take to subdue completely the burning fires in this region, however, he refused to say.

Comet's Farewell To Earth Occurs On July 2 Visit

MOUNT WILSON OBSERVATORY, N.J., June 22.—One of two things—possibly both—will happen to the aging Pons-Winnecke comet when it approaches within 10,000,000 miles of earth on July 2, according to the astronomical staff here.

The one thing that is certain, they say, is that this will be the last time it will be visible with even ordinary powerful telescopes.

The probabilistic thing that may happen they add, is that it may explode into a mass of meteoric dust when it is near earth.

The comet has visited this solar system about every six years.

"Adios!"... "Auf Wiedersehen!"

Their work finished with the Fascist conquest of Spain, German soldiers depart for the fatherland and are given a farewell reception by boy and girl members of the Hitler youth groups from the Nazi colony in Vigo, Spain.

Cassia's Fair and Stampede Will Be "Bigger and Better"

BURLEY, June 28 (Special).—A bigger and better Cassia county fair and stampede will be held in Burley this fall, according to B. F. Mahoney, manager. Preparation is now in progress, and interest concerning the annual county event is becoming keen already.

The following fair board members have been re-appointed by the Cassia county commissioners: Robert L. Pence, chairman; Mrs. May Powers, vice-chairman; T. Matthews, W. Palmer, Saul Clark, A. L. Hawks and J. P. Hackney. B. F. Mahoney has been re-elected as manager and secretary and I. H. Harris as treasurer.

Leaders Named
The fair board at its last regular meeting appointed the following superintendents: General superintendent of livestock department, W. Palmer; dairy cattle, L. C. French; beef cattle, A. D. Pierce; horses and mules, Fred Martin; swine, Edwin Ames; sheep, M. H. Manning; boys 4-H work, Ronald Wilson. General superintendent of farm products department, C. W. Dalgle.

Community exhibits, Frank Pelant, pres.; Floyd Schow; vegetables and fruits, Joseph P. Payne; grain and grasses, C. W. Dalgle; hay and honey, Frank Beach, Jr.; General superintendent of household department, Mrs. Thomas Taylor; cooking, Mrs. Mary Harding; canning, Mrs. Sam Buleteley; Kerr contest, Miss Margaret Hill; clothing and household art, Mrs. D. A. Taylor; floral department, Mrs. H. Van Hook; applied and pictorial art, Mrs. Charles Haight; school, Mrs. Florence Haight; girls 4-H and Junior department, Miss Goldie Manning.

Work is now being done on the 1936 fair premium list which will be ready for distribution the latter part of July.

Some improvements are now being made on the fair grounds, largely in connection with the exhibit building.

The horses barn is being shingled and water plied into the dairy barn. All buildings and the grounds will be in first-class shape for the fair this fall.

Burley Post No. 17 of the American Legion has contracted with Moorman and Bernard of Tonsen, Wash., to put on the Old Oregon Stampede again this year. They promise brasses and bucking horses even superior to the ones they brought to Burley last fall. Those who saw the show last year will realize that the new stock to be brought along with some that were here last year will have to be very outstanding if they surpass horses like Wildcat, Badger Mountain, Typhoon, Dynamite, Social Security, Tombsome and Honest John.

Monte Young's combined carnival will again be present this year.

SWAMPS "BUD TO MOONSHINE"

CHARLESTON, S. C., June 22.—The swamps of South Carolina are the source of a new industry in the state of South Carolina. The swamps are being drained and the water is being used for the production of moonshine.

"Instead of wiping out the moonshiners," the officer said, "the state is now producing moonshine. The swamps are being drained and the water is being used for the production of moonshine."

"The two lakes to be formed by the project will create numerous lands, inlets and coves where boats can be manufactured. They will also facilitate transportation of materials and products by water and will make water available over a greater area for operating stills."

Another effect of the project, the officer predicted, will be to force many farms above the dam and send the farmers into other sections to seek means of livelihood.

"It will create new swamps along the Santee below the big dam and in these new swamps new stills will be set up," he said.

"Today the moonshiners are as busy as they were before. They are still producing moonshine. The swamps are being drained and the water is being used for the production of moonshine."

A lot of this stuff comes to Charleston, but not all of it; not by a long shot. People in the country drink a whole lot of liquor, and the only kind they can get is moonshine. In the cities and larger towns, there are local liquor stores. But there are none in the smaller towns and communities."

Too Much
MOUNT CLEMENS, Mich., June 22.—A wife testified in her divorce suit that her husband provided only "eggs and bologna" for food during their two years of married life. She said her husband was in the egg business.

Twin Falls Pair Weds In Country Home Rite

At a country home ceremony attended by out-of-town guests from Boise, Jerome, Shoshone and Blue Lakes, Miss Alice Perrine and Jack Phipps pledged nuptial vows Sunday afternoon.

Standing before a fireplace at each side of which wicker baskets of delphinium and madonna lilies formed the floral motif, the couple pledged vows in a single ring ceremony read by Rev. E. L. White, Twin Falls.

After, while repeated the words of the service, Mrs. Charles V. Phipps, Shoshone, played softly on a piano accompaniment "Candle of Amore" by Nevin. The ceremony took place at the S. D. Perrine country home.

Bride's Costume
The bride wore a lettuce green redingote gown, trimmed with white lace. Her necklace and hair were in her mother's family, she carried an old English bouquet.

Carrying out the color theme of the delphinium and madonna lilies, the central table for the wedding buffet luncheon which followed the ceremony was covered with a blue cloth with a floral centerpiece in a bowl which had belonged to the bride's grandmother. Gold candles and white tapers completed the table motif.

Mrs. J. T. Phipps, mother of the groom, and Mrs. H. E. Perrine, sister of the bride, poured for the buffet luncheon.

As a going-away costume, the bride chose a blue figured travel crepe with blue and white accessories. The couple left Sunday evening for Warm Springs creek to spend a week's honeymoon in the Sawtooth mountains.

Twin Falls Graduates
The bride is a graduate of Twin Falls high school and has been an assistant librarian in the Twin Falls public library. Mr. Phipps is also a graduate of the Twin Falls high school and was graduated from the University of Idaho.

Out-of-town guests included Mr. and Mrs. R. E. Perrine, Boise; Mr. and Mrs. C. V. Phipps and son, Mac Shoshone; Mrs. Mary E. Bates, Dietrich; Mr. and Mrs. A. I. McMahon, Shoshone; A. D. McMahon and daughter, Joyce, Jerome; Mrs. C. L. Martin and daughter, Willie, Shoshone; Mr. and Mrs. Granville Haight and son, Granville, Jr., Shoshone; Mr. and Mrs. S. E. Todd, Shoshone; Mr. and Mrs. Donald Fleming and son, Wayne, Jerome.

DUAL MONIES EXTENDED AT TEA

Mrs. Conrad Walpembert of Manila, Philippines, and Mrs. William Shiley of Atlanta, Ga., were honored at a beautifully arranged tea Saturday afternoon at the Phipps' home given by their mothers, Mrs. Roy and Mrs. Asher B. Wilson, respectively.

Leaving tomorrow, Mrs. Walpembert and son, Peter, will go to San Francisco, where they will visit her parents until August. She will be accompanied to California by her parents with whom she has been visiting the past four months.

Throughout the afternoon approximately one hundred called to bid farewell to Mrs. Walpembert and welcome Mrs. Shiley, who will visit her parents until August. Centering the lace covered tea table was a cluster of tall, slender roses. During the first hour Miss Betty Peavey and Miss Helen Wilson presided at the tea service, followed by Mrs. Kenneth Bates and Mrs. Paul Gowen. Mrs. E. J. Ostrander and Mrs. John Graham poured during the third hour.

Receiving were the hostesses, Mrs. Wilson and Mrs. Read and the honorees, Mrs. Walpembert and Mrs. Shiley.

Tuberculosis attacks differently in different ways.

Marian Martin Pattern

JABOT FROCK PATTERN 9001

What better frock to begin Summer than this... a jabot design that glories in dainty femininity, slenderizing details, and easy making? Marian Martin has given Pattern 9001 the answer. It's a new touch... a girlish band that slips both waist and diaphragm. The skirt panels keep the comfortable rippling fullness mainly at the front. If you wish, you may leave off the jabot—and put a corsage of fabric tied flowers to draw attention to the becoming V neck. And you may have the short sleeves fitted or free-winged! The dress will be very charming to behold in any number of fabrics, or especially afternoon dresses and all-occasion crepe.

Pattern 9001 may be ordered only in women's sizes 34, 36, 38, 40, 42, 44 and 46. Blue 38 requires 3 1/2 yards 38 inch fabric.

Send FIFTY CENTS to begin for the MARIAN MARTIN pattern. Be sure to write plainly your NAME, ADDRESS and STYLE NUMBER.

Order MARIAN MARTIN BRAND NEW SUMMER PATTERN BOOK now. Its easy-to-follow pattern gives you the smartest, latest, weather-styled fashions for evenings, holidays, town, sports events and travel. You'll love every page—whether you're looking for easy frocks, skirt-and-dress combinations, or the latest in evening, juniors and kiddie. Send TODAY. BOOK FIFTY CENTS. PATTERN FIFTY CENTS. BOOK AND PATTERN TOGETHER, TWENTY-FIVE CENTS.

Send your order to Idaho Evening Times, Pattern Department, Twin Falls.

They Appear Here Tonight

The Royal Melodiers, Los Angeles, will present a sacred concert at the Twin Falls Christian church this evening. There will be no charge. The Melodiers are on their second national tour covering about 18,000 miles. Featuring brass quartet, male quartet, vibra-harp, accordion and violin, the Melodiers shown here, left to right, are Paul Kirby, Frank Voss, Mildred Voss, Keith Hargett and Ransom Voss.

Girl Reserves Having Busy Time at Session

By RUTH BROWN JOHNSON
PAYETTE LAKES, June 26 (Special)—The girls were again very busy after the "lights out" bell—most of the girls were asleep before much time had elapsed.

Days are too short for the girls here—there are so many things to do. In meetings they sit on logs facing the lake and around the hills. Rev. George Roseberry of Caldwell (formerly of Kimberly) is the conference leader. His personal enrichment hour will be one of the girls' deepest memories.

There wasn't much commotion after the "lights out" bell—most of the girls were asleep before much time had elapsed. Days are too short for the girls here—there are so many things to do. In meetings they sit on logs facing the lake and around the hills. Rev. George Roseberry of Caldwell (formerly of Kimberly) is the conference leader. His personal enrichment hour will be one of the girls' deepest memories.

Each tent is a family group and has a "mother," who is one of the girls. She gives them a personality lesson and is having personal conference with each girl to help find her personality defects.

Nearly all the girls and advisers are sporting clever new belts. Margaret Keener is teaching them to make. Workshop groups are busy planning and working on programs for the camp and to take home.

There has only been one minor tragedy in the case of a minor on the way home.

Calendar

Every member of the Mary Martin class is requested to be present Tuesday evening at 8 p. m. at a farewell party for Mrs. Z. G. Boyd.

Country Women's club picnic will be held Wednesday at 2 o'clock at the home of Mrs. Clyde Straglin of Kimberly. Roll call will be answered to special bring and service.

Good Will club will meet Wednesday at 2 o'clock at the home of Mrs. Clyde Straglin of Kimberly. Roll call will be answered to special bring and service.

Supreme Forest Woodmen Circle, Alpha chapter, will meet Tuesday morning evening at the J. O. F. hall at 8 p. m. Every one is urged to attend.

Sunshine Circle will meet at the home of Mrs. Beale Sims, 330 Second avenue, Tuesday, June 27, at 2 p. m. Roll call is to be current events. All members are requested to bring the fruit for the McKinstry health can.

100 Couples at Theater Party
More than 100 couples participated in the sixth annual Golden Wedding celebration which was held at the Capitol Theatre last night. The circle has grown from a membership of eight, when the first party was held, according to Mrs. A. C. Rutherford, secretary of the group.

After the theater party the guests will be entertained at the Parli Hall by the Golden Wedding. A refreshment hour will be observed at the close of the afternoon's activities.

Kwanita clubs furnished transportation to and from the affair regardless of the locality.

U. F. OFFICIAL WELCOMED AT PARTY
At a welcoming party given in their home one evening last week, Mr. and Mrs. Rosa Orsini entertained the office force of the Union Pacific depot in honor of the new U. P. agent and his wife, Mr. and Mrs. Fred Farmer, formerly of Payette.

Decorations, carrying out the Union Pacific theme, were achieved through the use of alabaster and bannisters, with patriotic colors in predominance.

Progressive pinhole and Chinese checkers were enjoyed by the guests, with the feature of the evening being a battle of wits on railroad questions, conducted by Mr. Orsini as the professor of Union Pacific.

Covington, McBride Nuptial Held Sunday

Miss Alice McBride, daughter of Mr. and Mrs. A. J. McBride, and Guy Covington, son of Mr. and Mrs. G. H. Covington, Seattle, were united in marriage yesterday afternoon at the First Baptist church officiating by Rev. H. G. McCallister.

Couple Pledges Wedding Vows

Pledging their vows, Miss Jeanette Cole, daughter of Mr. and Mrs. Bill Cole of Rupert, and Emmett Tomlinson, son of Mrs. Mary Tomlinson, were wedded yesterday afternoon at 2 p. m. at the home of the bride's mother, J. L. Tomlinson at 345 Fifth avenue east.

At the single ring ceremony, Rev. Mark C. Cronenberg, of the First Christian Church officiated. Attending the couple were Mrs. John Drew of Rupert, sister of the bride, as matron of honor, and J. V. Tomlinson, brother of the groom as best man.

Before an arch with daisies covered with delphiniums and pink roses the nuptials were read. On either side of the arch were large baskets of pink and white peonies.

Choosing an afternoon dress of blue trimmed with white lace, the bride wore a corsage of sweet peas and roses in contrasting colors. The matron of honor selected a powder blue dress.

Out-of-town guests were Mrs. Drew, and Mr. and Mrs. Cole and Miss Charlotte Towell of Rupert, and Mr. and Mrs. Everett Tomlinson of Kelchum.

The bride is a graduate of the Rupert high school, and former owner of the Jeanette Beauty Shoppe in Rupert, and is now associated with the Beauty Arts Academy in Boise.

Mr. Tomlinson is associated with the Twin Falls Elks club.

Beck-Snow United In Utah Ceremony

BURLEY, June 26 (Special)—Announcement is made the marriage of Miss Annie Elizabeth Beck, daughter of Mr. and Mrs. A. O. Snow, Rigby, to a Weldon Beck, son of Mr. and Mrs. W. D. Beck, Burley, Wednesday at the L. D. temple in Salt Lake City.

Bride is a graduate of Rigby high school and of the University of Idaho. "Moose," the taught school at Burley, both Springs and at the Idaho high school and attended school at the Utah Agricultural college at Logan, and the University of Idaho. He has been teaching at the Rigby high school.

Following a week's trip to Bryce Canyon, Arizona and southern Utah, the couple will make their home on Mr. Beck's farm southwest of Burley. Accompanying them to Salt Lake City were Mr. and Mrs. Snow and Miss Patricia Snow, sister of the bride.

BUHL

Annual lawn party for Cedar Grove community club was enjoyed Wednesday at the home of Mrs. Kathryn Radele, with Mrs. Glenn Gould assisting. Club guests were Mrs. Kath Jenkins, Twin Falls, and Pauline Stokessberry and Helen Tvedy. Program on the life and times of birds was in charge of Mrs. Cordelia Tvedy. Roll call was answered with habits of birds. Mrs. Gladys Hicks read an article on birds and their habits and a history of the national bird day. Two contests were conducted. Next meeting, July 19, will be the annual club family swim party at Banbury's natatorium.

Charlene Walcott and her young-cousin, Lenore, were hostesses. All Star 4-H sewing club Tuesday. In the absence of the leader, Mrs. Cecil Ochs, Miss Edna Johnson presided and led discussion. Plans were made for an overnight hike this week. A contest of writing poems, yarns and poems was conducted by the hostesses, with Mrs. Edna Johnson for poems. Charlene Walcott for songs and Mrs. Edna Johnson for stories. Meeting will be with Donna Brannon. Deep Creek community club met Wednesday at the home of Mrs. J. R. Zell, with Mrs. R. D. Myrman and Mrs. W. W. Williams assisting. Club guests were Mrs. Charles Hill, Mrs. Calhoun, Wednesday afternoon. Mrs. Hill is visiting with Cecil Calhoun. Evelyn and Jean Tilly, Betty Jess and Evelyn Hill. The Tilly girls sang two numbers and Mrs. Betty Jess played two piano solos. Mrs. Newman concluded the program with a reading of "The Star of Bethlehem" by Mrs. W. E. Woodruff, July 19. Mrs. Lloyd Goodrich, Jerome, was hostess to Northern Idaho members Wednesday. A covered dish luncheon was served.

Mrs. and Mrs. J. C. Hamilton and Mrs. Hamilton's sister, Mrs. Charles Wilson, drove to Salt Lake City, Thursday.

Mrs. and Mrs. Vernon Frost and twin daughters and their home, Miss Margaret Gray, left Wednesday for a trip through Yellowstone national park.

Mrs. George Wachterly was installed as the new president of the Catholic Ladies' league of Buhl at the meeting held Thursday afternoon at the home of Mrs. Nellie Chelene. Mrs. Wachterly succeeds Miss Mary Madelon as president. Miss Madelon will be first vice, Mrs. John Drexler, second vice, Mrs. Leo Tvedy, secretary-treasurer. This will be the last meeting of the order until September.

Plans for the summer were discussed by the members of the L. D. 8 troop No. 5 at their scout meeting held at the Albion home Wednesday.

In HOLLYWOOD Today

By United Press
Pretty Wanda McKeay—real name Dorothy Glick—today exchanged flying logs for a makeup kit and embarked on a career in motion pictures. She attracted Hollywood's attention when, as a "TWA" girl, she posed in a flying rig and billboards, magazine covers, and photographs.

The "My Three" of Hollywood—the screen writers and screen guides—will hold a luncheon meeting tonight to formulate an appeal to congress against stiffening of the federal theater censorship laws.

Reports were current in the film capital today that "Gladys" Lewis' story "It Can't Happen Here" bought by the book house, may yet be made into a picture.

Superior Judge Samuel E. Blake will decide late today whether picking in a divorce case is as much a constitutional right as picketing in a labor dispute. The case involves British actress Joan Manser, married to five days in jail for violating terms of a divorce decree by picketing the studio of her former husband. After serving two days—four hours in a police cell for not submitting to a lie test—Miss Manser was released during the week-end on a writ of habeas corpus.

GOODING

Friday night the Grange will hold its regular meeting at the T.O.P.U. hall with the men in charge.

Honoring Miss Helene Young, Mrs. Jack Knight entertained at a miscellaneous shower Tuesday evening. The tables of pinocchle furnished the diversion of the evening, with scores honors going to Mrs. George Silva and Mrs. Allen Wiswell. The guest of honor was presented with a gift. Miss Young is to be married this summer to John Miller, Jr., of Shoshone.

Wednesday the Catholic Altar society met at the home of Mrs. Raymond Vieler, with 15 members present. Officers were elected with Mrs. G. J. Eberly chosen president, Mrs. Mary Delany, vice-president, and Mrs. Marion Reynolds, secretary.

Mrs. J. J. Cromwell gave a 1:30 luncheon Friday in honor of Mr. Max Schranck, who has recently moved to Gooding with her husband, Dr. Schranck, and two sons. Eighteen guests were present. The afternoon was spent informally playing bridge and other games.

Tuesday evening Edna Lucille Roberts entertained a few friends at her home in honor of Mrs. Mary Thompson, who was celebrating her 18th birthday. Her guests, Jean Richards, Delia Johnson, and Marilyn Cox, presented the honoree with a gift.

A special board of review was held here Tuesday evening for a group of Scouts from Fairfield who were unable to attend the last meeting of the district board. Passing review satisfactorily were Scoutmaster David Johnston, Stewart, Pond, Toone, Wallen and Holman. At the next sitting at the court of honor, which was to be at Fairfield today, the above boys will receive their second class awards.

73 TO RODEO COWBOYS 'STAMPEDE'

Cowpokes Share \$1,000 Prize Money at Show

With seventy-three of the best cowboys over the United States and Canada competing, Twin Falls' first annual cowboy stampee, held at the Heacock rodeo grounds here Saturday and Sunday thrilled thousands of citizens of the Magic Valley.

The hard riding "cowpokes" threw caution to the winds as they went after the \$1,000 prize money which was offered by Wall and Boots Heacock, sponsors of the event. Three performances were held, the first being Saturday night, the second Sunday afternoon, and the third Sunday night. Night performances were held under specially installed lights.

Under the humor standpoint Elmer Holcomb, who drew the "not wanted" number of 18, stole the show. He and his trick mule "brought down the house" on numerous occasions during the three shows and his narrow escapes while "loving" with the Brahmas bulls added to the drama.

Champion Cowgirl
Another feature was the bucking bronc riding of Rose Davis, Bannock, Tex., world champion cowgirl who has performed numerous times at the Madison Square Garden rodeo in New York. The horse she drew failed to throw her during the time limit.

Rodeo work in the arena came from the Colborn-Sorenson string which performs yearly at the Madison Square Garden. The horse she drew failed to throw her during the time limit.

Results
Following are the complete results for the three performances:
Saturday night:
Bronc riding: Mickey Hick, Jackson, Wyo., first; Wayne Louie, Gordon, Neb., second; George Miller, Montrose, Colo., third.
Bull riding: Arnie Will, Omak, Wash., first with a time of nine

Zeke's No Joke Now; Terrific Clouting Helps Giants Climb

NEW YORK, June 26 (AP)—Big Zeke Bonura, the butt of more jokes than any other player in the far from laughing matter to National league clubs these days.

Bonura's terrific hitting in the west was one of the main factors in the Giants' rise to a commanding position in the national league. Big Zeke batted .312, hitting safely in every game. In the opener of the western trip in Chicago he hit two homers to give the Giants a 3-1 victory, and yesterday in Cincinnati in the last game of the trip singled to center for the winning run as the Giants stopped the Reds for the third straight time, 3-2.

Long laughed at for his somewhat clownish behavior, Bonura, has more than made up for any clumsiness in the field by his timely clouting. His batting average of .276 gives him second place to Marv Aronow, the Phillies' leader.

The Giants won eight out of 10 in the last week and were headed home today only 44 games out of first place.

Ed Delmonico defeated the Cardinals today, 6-5, leaving Big Zeke, Louie only half a game ahead of New York. Johnny Gooney and Eddie Mauer made four hits each in the opener and Max West hit a home run double and single.

Cloutie Pabean pitched the Cubs to a 4-1 victory over the Phillies beating Rhy Hulse, with whom he traded uniforms a month ago.

A three-run rally after two were out in the ninth enabled Brooklyn to nose out the Pirates, 6-5. Floyd Youse's error on Almar's roller started the trouble.

The Yanks divided a double-header with the Browns, losing the first game, 7-2, and taking the second, 1-0. The Yankees hit five homers in the opener.

The Athletics, playing before the largest home crowd of the year, 19,320 fans, broke even with the Indians. Johnny Allen pitched Cleveland to an 8-4 win in the opener. George Carter pitched a seven-inning shutout for the Indians, 10-3.

Detroit moved out Washington, 6-5, although not only seven hits to the Senators, 1-0. Rain postponed the White Sox game at Boston.

Hailey's Miners Wallop Murtaugh
MURTAUGH, June 26 (Special)—Hailey Miners won the Murtaugh Sweepstakes 20 to 1 in a ball game here Sunday.

Extra base hits included three home runs poked out by A. Miller, F. Miller and Outlaw, all Miners. Outlaw was the only player to hit for Hailey, and Love and Miller for Murtaugh.

A temperature of 80 degrees will mean a hot day with a rapidly rising sun at 60 degrees.

COWBOYS WIN LEWISTON FOR 2ND STRAIGHT

Mac's Critics Tell Him to Hunt New Job If Two-Ton Tony Licks Louis (Hah!)

By HENRY McENORE
NEW YORK, June 26 (AP)—As if it didn't already know it, helpful correspondents have written in to advise me that I had better have a new job lined up for myself in the event Tony Galento knocks out Joe Louis in Yankee stadium Wednesday night.

The point out, and quite properly, that no man with enough pride to wash his neck on Saturday night could say the things I had about Galento and they continue to pose as a sports expert after he had won. I had not given this much thought until today, when, from the public offices of Promoter Mike Jacobs, came a most alarming title brochure.

The brochure that caused my uneasiness was largely devoted to a physical comparison of Galento and Louis. In black and white it revealed what an unbalanced surgeon had found after going over both of them with a tape measure, a transit and a plumb bob. After studying it I could not help but admit that Galento had the better of it and, on paper, was the better man.

Galento is 29 years of age to 28 for Louis, and a man can learn a lot in four years, especially those four years between 25 and 28. Galento has 14 all over Louis when it comes to the neck. Galento's being 18 1/2 around and Joe's only 16 1/2. If you think the neck isn't important, just try and get along without yours for a while.

Galento's ankles make those of Louis look like a kid's. He has 13 inches of ankle on each foot, and you can pore through all these records of all the sports without finding an athlete who made good on what an unbalanced surgeon had found after going over both of them with a tape measure, a transit and a plumb bob.

Working up from the ankle we reach the calf, and Galento has a pair that would get big ribbons at any fair. Each one is nearly 19 inches around. Louis, on the other hand (or the other calf) measures a scant 15 inches around the calf. Had I known this I certainly wouldn't have made him such a tremendous favorite. Half a calf, like half a loaf, is no good in the prize ring.

When the thighs are reached Galento is so superior that I wouldn't be surprised if Louis, having the long chance, and continue to predict a victory for Louis.

For longer than a month, the price has been 10-1 that Joe would become the first heavyweight champion in history to defend the title successfully seven times. Over the week-end, the odds shifted to 6-1 when the veteran Broadway commissioner Jack Doyle announced: "There's none of that 10-1 in sight."

Undoubtedly, the Brown Bomber has looked worse in training for this fight than at any time since he was preparing for the Braddock bout. Most of the critics maintain that Joe should have been better off in that fight—had Bradlock lost his head and the title after flooring Joe in the second round.

Somebody's sluggishness is reminiscent of his training for the first Schmeling fight, when he suffered his only kayo.

ger, and no error was scored. The play came with two men down.

Eden, 100 000 000—9 10 0
Tennant, 100 000 000—9 10 0
Batteries: Jenkins and Dunn; M. Mohlwinke and P. Mohlwinke.

BURLY 6, KIMBERLY 3
BURLY, June 26 (Special)—With the score tied in the last of the ninth, Randall smacked a line drive to score B. Atkins with the winning run in a 6 to 3 game taken by Burlly here Sunday.

The storybook finish came after Burlly had scored five of its six runs in the second inning with Kimberly creeping up on the winners in the sixth frame, tying the count with two runs in the first of the ninth.

Extra base hits were a homer by West and a triple by G. Atkins for Burlly and a three-bagger by O. Livingston for Kimberly.

Kimberly, 100 000 000—3 8 6
Burlly, 100 000 000—9 10 0
Batteries: Beralling, Walker and Herndon; Elm, Dunlap and Randall.

OGDEN LEGION NINE BEATS BURLY 15-4
BURLY, June 26 (Special)—Ogden's American Legion junior nine came to town Sunday and whipped Burlly's legion team 15 to 4 in a special practice game before the start of district playoffs here.

Another practice game is set for Burlly next Sunday when the Idaho Falls team will play here. Idaho Falls is entered in the Idaho playoff.

Page Burlly backdrop, had a good day at the plate with two doubles. Other extra base hits included a double by Wheeler and a triple by R. Church for Burlly, and a double and a three-bagger by Deaton, a double by Manning and a triple by Herd for Ogden.

The score by inning:
Ogden, 101 203 210—15 16 4
Burlly, 001 000 000—4 8 7
Batteries: Wiseman, Brown, Pierce and Manning; Mordant; Vogt, T. Church, R. Church and Thomas, Page.

Shoshone Starts Softball Play
SHOSHONE, June 26 (Special)—With a record of 1-0 high among fans and players, the Shoshone softball league will swing underway here today at 7 p. m. at the football field.

First two clubs to play in the four-team league will be Kinney and Marysville. The game will be played at 7 p. m. at the football field.

Softball leaders indicated that two more teams may join the circuit—including the "Older than 40" squad, which would consist of the too-youthful players.

Games will be played four nights each week, all starting at 7 p. m.

Louis Unruffled as Poor Showing Sends His Odds Tumbling

POMPTON LAKE, N. J., June 26 (AP)—Joe Louis ended training today for his seventh heavyweight title fight with Tony Galento.

Joe Louis, who was no more disturbed than a grave-digger over the tumble in odds indicated by the betting public, said he was confident in his ability to turn back the challenge of Tony Galento Wednesday night.

For longer than a month, the price has been 10-1 that Joe would become the first heavyweight champion in history to defend the title successfully seven times. Over the week-end, the odds shifted to 6-1 when the veteran Broadway commissioner Jack Doyle announced: "There's none of that 10-1 in sight."

Undoubtedly, the Brown Bomber has looked worse in training for this fight than at any time since he was preparing for the Braddock bout. Most of the critics maintain that Joe should have been better off in that fight—had Bradlock lost his head and the title after flooring Joe in the second round.

Somebody's sluggishness is reminiscent of his training for the first Schmeling fight, when he suffered his only kayo.

ger, and no error was scored. The play came with two men down.

Eden, 100 000 000—9 10 0
Tennant, 100 000 000—9 10 0
Batteries: Jenkins and Dunn; M. Mohlwinke and P. Mohlwinke.

BURLY 6, KIMBERLY 3
BURLY, June 26 (Special)—With the score tied in the last of the ninth, Randall smacked a line drive to score B. Atkins with the winning run in a 6 to 3 game taken by Burlly here Sunday.

The storybook finish came after Burlly had scored five of its six runs in the second inning with Kimberly creeping up on the winners in the sixth frame, tying the count with two runs in the first of the ninth.

Extra base hits were a homer by West and a triple by G. Atkins for Burlly and a three-bagger by O. Livingston for Kimberly.

Kimberly, 100 000 000—3 8 6
Burlly, 100 000 000—9 10 0
Batteries: Beralling, Walker and Herndon; Elm, Dunlap and Randall.

Meet Ogden Reds Here Tuesday; Pocatello Wins

The Twin Falls Cowboys were en route to their stamping grounds today to open here against Ogden Reds at Jaycee park tomorrow night after taking two straight from the Lewiston Indians at Lewiston over the week-end.

Ogden the opening night, and it appeared that Jerry Soule, newest arrival on the Cowboy pitching staff, may get a chance to start against the invading Reds.

Bill Schubel and Johnny Stefan each won a game from the Lewiston Indians. Schubel pitching three-hit ball and walking one as the Cowboys won 4 to 1 Saturday night, and Stefan giving up 10 scattered hits Sunday night, but still winning with the support of the lasso-sluggers big bats.

The score was 12 to 6.

Twins collected 11 runs in three innings to come out on the long end of the 12 to 6 score Sunday.

Big innings for the Cowboys were the first, fourth and last frames. The Indians scored all their runs in the same inning. The Cowboys threw runs in the first, fourth and last frames.

The two victories kept the cowhands within one and a half games of the league leader, Pocatello. Cardinals and widened their margin over the Salt Lake Bees to two and a half games. The Indians trailed Salt Lake and a half behind Salt Lake.

Summary of scores Sunday:
Salt Lake, 100 000 000—12 6 6
Twins, 000 000 000—12 6 6
Cardinals, 000 000 000—12 6 6
Indians, 000 000 000—12 6 6
Cowboys, 000 000 000—12 6 6
Bees, 000 000 000—12 6 6
Pocatello, 000 000 000—12 6 6
Stefan and DeCarlo; Bussick, Garland (4) and Deaton.

'Civil War' on Coast May Boost Seattle
(By United Press)
The metropolitan clubs of the Pacific coast league face civil war this week that is likely to result in Seattle once more going into the league leadership.

Los Angeles tackles Hollywood while San Francisco and Oakland fight it out for third place at San Francisco.

Inasmuch as Seattle is the guest of Sacramento this week, the Rainiers, just a game out of first place, figure to pass the Berapias.

The eight teams split their double-bills yesterday. Seattle whipped San Francisco, 9 to 3, in the first game on Hal Turpin's pitching, but lost the second, 2 to 1.

Heavy stick work by Mickey Haeu, who hit two home runs to drive in all the Padre runs, gave San Diego a 6 to 3 win over Oakland in the first game yesterday. Oakland took an abbreviated nightcap, 3 to 2.

Hubbard Wins
John Hubbard, brother of the giant pitcher, won his second consecutive coast league game for Sacramento, 6 to 2, by scattering 10 Hollywood hits through the glove of the beleaguered Ira Stairs in the seventh inning. The Stairs took the second game, 3 to 2.

Los Angeles landed the Beavers 6 to 1 in the opening Sunday afternoon, but Portland emerged with a 5 to 2 win in the nightcap.

THE FALLING STAR

PENSION GROUP PLANS 'TOWNSEND CONGRESS' IN 1940

SON OF FOUNDER IS NEXT LEADER; CONVENTION ENDS

INDIANAPOLIS, Ind., June 26 (U.P.)—Delegates to the fourth annual Townsend convention ended today after a session which was held at the Hotel Hamilton. The convention was held to elect a 'Townsend congress' in 1940.

Widely cheered and hailed, Dr. Francis E. Townsend, founder and leader of a pension plan which would provide \$200 a month for persons over 60, the 17,000 delegates attended the final meeting of their four-day convention yesterday at the state fair grounds.

Their roared acclamations to a resolution that pledged them to support only those congressional candidates approved by Townsend and district officials of his organization. The resolutions gave him virtual control of a million votes and votes which the organization claims to have.

In other resolutions the convention decided to form a third party for next year's election unless one of the major parties adopts the pension plan as a platform plank.

At the annual election of Robert C. Townsend, 25, son of the founder, to succeed his father as president of the organization, Townsend was unable to serve in such a capacity, and voted a tax of at least \$2 per month on every Townsend club.

He Knows Saddles

H. L. Molony, Hailey, knows saddles and leather and opines the saddles they're using today are less different than those of 20 years ago.

Saddles Now Lots Better, Expert Finds

HAILEY, June 26 (Special).—"Today's saddle is very different from the saddle of 20 years ago," says H. L. Molony, who has been supplying leather goods in Hailey for many years.

"The saddle of 20 years ago was an ill fitting, high canted and high tree affair, which caused many sores on the horse as the rider rested on the animal's withers and kidneys. This has been remedied in modern saddles by making them form fitting."

Another feature of today's saddle is the flat plate rigidly installed in the bottom of the seat. The 18-inch roll of the old saddle has been cut to 14 inches. The popular saddle of today is characterized by low trees and cantle, and is made of either round or square skirts. Square skirts are used mainly for show.

Strap on the modern saddle has also undergone a distinct change in design, according to Mr. Molony, and while the old saddle had round cow-boy stirrups, the modern saddle has square stirrups.

The cinch of the modern saddle has undergone the most important change. Washable mohair cinch is a great improvement over horsehair and hard surface hair cinches.

In addition to being soft and non-chafing, the mohair cinch may be kept clean and will not become glazed with dirt and perspiration as did the old cinch.

"Price of saddles has not varied much in the last 12 years," added Mr. Molony. "It takes from \$80 to \$100 to purchase a good saddle, just as it did 12 years ago."

FINAL TRIBUTES FOR HANSEN BOY

Rites for Daniel Dale Wood, 15-year-old son of Mr. and Mrs. William Wood, who drowned Tuesday evening in Snake river, were held Saturday afternoon at the Twin Falls cemetery.

Officiating was Rev. E. L. Seim of the First Pentecostal church of Twin Falls, and Rev. Mabel Schaffert of the Assembly of God church at Hansen.

A quartet—Mrs. Elmer McGinnis, Mrs. Alfred Henson, John Caldwell and Lillian Caldwell—sang "Eternal Gate," "Going Down the Valley" and "No Disappointment in Heaven." They were accompanied by Miss Mary Martin.

Full bearers were Ed Harper, Sammy Brille, Bill Brown, Al. Durkin, Philip Houston and Duke Durkin.

Interment was in the Twin Falls cemetery.

3 SLIGHTLY HURT IN AUTO MISHAP

JEROME, June 26 (Special).—Three persons were slightly injured Friday morning on the highway east of Jerome, when a car being driven by Joseph E. Qualls, crashed into the rear of a parked car belonging to J. B. Mehlhoff, American Falls.

Estimated damage was \$50 to both cars. Mrs. Qualls suffered an injury to the right knee, and Mehlhoff sustained slight injuries. Mrs. George Melrose, an occupant in the Qualls car sustained slight injuries and suffered shock. Qualls was uninjured.

Investigating the accident was R. E. Seely, deputy sheriff, who said that the mishap occurred as Qualls attempted to pass the Mehlhoff car and was forced back because of an opening car to which was attached a trailer. Brakes of the Qualls car refused to operate although they were reported to be in good condition.

MAN SEIZED FOR THEFT OF TENTS

JEROME, June 26 (Special).—Arrested for the alleged theft of two tents, and an electric fan from the American Legion hall at Hazelton Friday morning, Jack Duffy, transient, about 60, is being held here in the county jail where he will await hearing.

Duffy was arrested after taking the two tents and the fan from the locked hall, and had gathered evidence to the building by breaking a window. He was intercepted and taken for Sheriff Lee E. Johnson by William H. DeWitt and Harry May, both residents of Hazelton.

Sheriff Lee E. Johnson said he arrested the man at the Hazelton stockyard and he was in possession of the stolen property.

POLICE CAPTURE SLAYER IN OHIO

MILLBORO, O., June 26 (U.P.)—Captured after an all-night blockade of southern Ohio highways, Frank Case, 43-year-old farm hand, was in a daylight court case today accused of the slaying Sunday evening of Mrs. Jennie Richmond, 45, his employer, and Dan Doty, 73, his father-in-law.

State Highway Patrolman D. H. Clark and Deputy Sheriff Don Lowry arrested Case after he had abandoned his automobile and hid in a field.

Case confessed the slayings, officials said.

"I'm sorry I shot the woman but I should have killed my father-in-law 10 years ago," Case reportedly said.

PHOSPHATE TEST TELLS BEST TYPE

Western treble and TVA triple superphosphate applications produced the most economical return per dollar invested in phosphate fertilizer when all costs were considered, it was revealed here today as result of southern Idaho experiments.

Preliminary results were outlined by H. W. E. Larson, soils specialist for the extension division. Larson and C. O. Baker, soil technologists, drew up the report.

Varied Crops

"Tests were made on alfalfa hay, sugar beets, red clover, potatoes, wheat, barley, oats—peas, corn, beans and onions," Mr. Larson said.

"These experiments showed that the western treble and TVA triple superphosphate were most economical from the standpoint of all crops."

The least economical returns were obtained from the application of rock phosphate, either regular or finely ground.

"TVA fused, TVA meal and bureau calcium applications produced returns at intermediate cost."

This Conclusion Reached

The soils specialist said that the prolonged experiments—both at governmental farms and on private cooperating ranches—showed this fact:

"We are going to have to use a very soluble phosphate product in southern Idaho."

The various phosphate fertilizer tests were conducted by the experiment station and extension division of the University of Idaho, and the Idaho phosphate commission in cooperation with farmers.

Bulletins detailing full data concerning the experiments and the results were now available at the office of County Agent Bert Bollingbrook. They may also be obtained from the extension agents in other south central counties. There is no charge involved.

SYPHILIS REMEDY BELIEVED FOUND

MEMPHIS, Tenn., June 26 (U.P.)—Dr. W. K. Stralman-Thomas, 38-year-old research scientist, said today that four sufferers of paresis, usually a fatal ailment caused by syphilis, had been restored to health and sanity by inoculation with malaria germs transmitted by mosquitoes.

He said that six other victims of the disease would be discharged soon from the Western State hospital, and that 14 more were being given the treatment.

While emphasizing that the discovery was still in an experimental stage, Stralman-Thomas, director of medical research at the University of Tennessee, believed it represented a "definite milestone" in the search for a cure for the disease.

One of Original 'Sob Sisters' Dies

SARASOTA, Fla., June 26 (U.P.)—Ada Patterson, once known as the "Nellie Bly of the west" and one of the original newspaper "sob sisters" was found dead today in a chair on the veranda of her beach hotel.

Death apparently was caused by a heart attack.

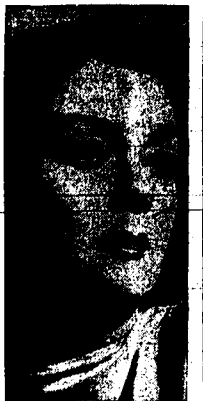

Miss Patterson began her newspaper career in the 1880s on the Salt Lake City Herald. She later worked as a feature writer on the San Francisco Call, the old St. Louis Republic, and on several Hearst newspapers.

Early in the century, she went to New York where she became well-known for tear-wringing stories about daily happenings in the great city.

GUERNSEY SOLD

A registered Guernsey cow has recently been sold by P. W. Neale to Albert Huger of Chino, Calif. This animal is Beauty of Clover Hill 428585.

They Got Slapped

These faces are far too pretty to be damaged, but Rosalind Russell, left, and Paulette Goddard slap each other around something fierce in "The Women." Flirtatious were shot last so the girls could play in the rest of the scene without shiners.

NAMES in the NEWS

(By United Press)

A prominent Duchesne county, N. Y., farmer—Franklin D. Roosevelt—last night received a "silver star" certificate for 25 years continuous paid-up membership in the Chamber of Commerce.

F. Roosevelt, who has been dividing his time between Washington, D. C., and Duchesne county since 1913, joined the Grange 23 years ago.

Secretary of Treasury Henry Morgenthau, Jr., today promoted Timothy C. Mooney, now chief of the internal revenue bureau technical staff in New York, to be deputy commissioner of internal revenue in charge of the income tax unit.

With 15 other newspaper and radio men, United Press staff member Harry W. Pratt arrived in Washington last night, completing a 10,000-mile round trip to Paris by regular commercial air service in nine days, eight hours and 50 minutes.

Pratt holds a record for participating in trans-oceanic flights having previously been among first passengers in South America and Manila.

Dr. Charles William White of Washington, D. C., reports that the tuberculosis germ has given to science a substance which helps to prevent fatal bleeding in obstructive jaundice through its blood-clotting qualities.

Republican Senator Arthur Capper of Kansas, in a radio address last night, called upon the government to give business assurance that it will "play fair by you" and to move toward a balanced budget by reducing expenditures and stopping "its extravaganzas."

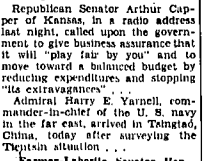

Admiral Harry V. Varnell, commander-in-chief of the U. S. navy in the far east, arrived in Tientsin, China, today after surveying the Tientsin situation.

Farmer-Laborite Senator Henrik Shipstead of Minnesota told a meeting of eastern Lutheran church members that the United States can best discharge its responsibilities to democracy by putting its "own house in order."

FIRE RUINS HAY, SHEDS, DERRICK

OAKLEY, June 26 (Special).—Flames destroyed between 35 and 40 tons of newly-piled hay here Saturday afternoon, wrecked the hay derrick and ruined a shed and chicken coop.

The fire was on the Knute Lee ranch three miles north of Oakley. It broke out about 5 p. m. Saturday morning.

Haystacks were just completing final hauling of hay for the hay stack. Cause was undetermined today, but was believed to be either spontaneous combustion or a lighted cigarette.

Haystack in the shed, chickens in the poultry coop and harness and other equipment were saved. Lack of water, however, prevented any attempt to subdue the flames.

Volunteers from Oakley, in addition to neighbors, turned out to offer aid but were unable to help because the only water on the ranch is in a cistern.

The ranch owner had not yet determined today the full extent of the damage.

THREE KILLED IN MONTANA CRASH

HELENA, Mont., June 26 (U.P.)—Three week-end automobile fatalities brought Montana's 1939 traffic toll to 53. Several persons were injured.

Earl Anderson, 21, Great Falls, died at a hospital after a series of injuries suffered when his automobile failed to negotiate a curve 13 miles west of the city.

Two were killed at Missoula in a motorcycle-automobile crash. Leonard Goughner, 23, and Louise McGregory, 15, were fatally injured when their motorcycle collided with an automobile driven by Robert J. Mader of Spokane, Wash.

As a result of another tandem motorcycle accident, Walter Manula, 27, Red Lodge, was confined to a hospital with painful cuts and bruises. Riding with Ed Jakkola, also of Red Lodge, Manula was pitched from the cycle when it struck a bear in Yellowstone park. Jakkola was unhurt. The bear scampered away.

Many more injuries were reported in minor accidents throughout the state.

The body of Erik Fredrickson, 33, Anaconda, was recovered from the Big Hole river, where it had been thrown since his automobile plunged into the river near Dewey June 10.

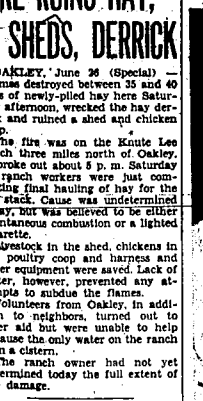

Boise Man Killed

IDAHO CITY, Ida., June 26 (U.P.)—Monte Masterson, 43, Boise carpenter, was killed instantly Sunday when his car crashed into an embankment into More's creek, 10 miles southeast of here and burned.

CREDIT PLEDGED CHINA

CHUNGKING, China, June 26 (U.P.)—The Chinese branch of the international peace campaign organization asserted today that the French government had promised an early credit to China, including more than \$100,000 for medical supplies, and intended also to facilitate shipment of supplies into China by railroad from Indo-China. It was asserted that France might also give free transport for war materials.

"Last Fling"

Leaving a note expressing determination to achieve "one more fling before I die," Velma West, 33, escaped with three other inmates from the women's reformatory, Marysville, O. Mrs. West was under life sentence for the hammer murder of her husband in 1922.

Idahoans Injured In Nevada Crash

RENO, Nev., June 26 (U.P.)—Four visitors to Nevada were injured near Reno when their automobiles collided head-on on the highway to San Francisco.

Joe Monir, Berkeley, Calif., was reported in a serious condition at a Reno hospital. His wife and Mr. and Mrs. Orland D. Bateman, Burley, Ida., occupants of the second car, also were treated for less severe injuries.

Creek Road Open Week-Ends Only

SHOSHONE CAMP CO., Hansen, June 26 (Special).—Supt. C. H. Ramage, head of the Shoshone camp, stated today that Rock creek road will hereafter be opened only on Saturdays, Sundays and holidays.

During other days it will be closed to traffic.

PRICES SET FOR NEW CAMP HERE

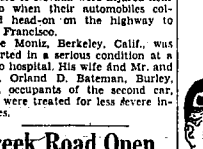

Actual method in which the farm labor camp to be constructed near Twin Falls will operate, was pointed out here today for the first time by officials of the local office of the Farm Security Administration.

Central laundry, bathing, sanitary, health, school and social facilities will be available to all resident families and a charge of 10 cents a day will be made for the room and board about \$8 a month for the labor homes.

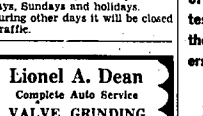

A camp committee selected by the state will have general supervision of the camp in cooperation with a manager appointed by the FSA. A full-time representative of the farm placement service will coordinate employment activities.

Facilities in the unit will include a central utility building with a hot water plant, showers, laundry, ironing room and laundries; community building; house, dairy and poultry units and miscellaneous buildings. Construction on the camp here is expected to get underway early in July.

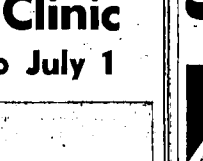

Blankets need washing. We do them perfectly and so reasonable on our 2 for 1 blanket special. Phone 850. Parlatan Inc. Adv.

EXTRA SMOKES PER PACK

Special Clinic June 26 to July 1

I am very fortunate in securing this instrument,—the RADIOCLAST—An instrument of precision in the diagnostic field and as accurate in indicating a correct procedure for getting well.

The RADIOCLAST has been subjected to years of clinical testing, but until recently has been expensive for the private office. The findings are extremely accurate and equal to the large and famous clinical centers requiring a week for observation and tests.

An expert technician from the Radioclast Research Laboratories will be here to assist in conducting this clinic, with the 1939 model RADIOCLAST, a precision instrument. Each functional activity of your body will be checked, their efficiency determined and why such deficiency may exist.

Do not fail to attend this clinic for a determination of the cause for your ill health, or for a general physical examination that you may know all is in good order. This work requires technical knowledge and a nominal fee is charged. Please make your appointment early. The date.
