By CHARLES GABB

TIENTSIN, July 3 (UP)—A Japanese spokesman at Peiping said today that compromise between the Japanese and British at Tientsin was impossible and that the Japanese might resort to force unless the British accepted demands made by the Japanese-dominated "provisional government" at Peiping.

The demands of the "provisional government," which purports to rule north China, include: (1) Joint control of the blockaded British and French concessions here by consession authorities and the "provisional government"; (2) Cooperation by concession authorities with the currency policy of the "provisional government"; (3) Permission for the "provisional government" to "inspect" banks and business houses in the concessions; and (4) Rigorous control of "anti-Japanese" publications and organizations in the concessions.

Britain Slapped

By FREDERICK KUR

LONDON, July 3 (U.P.)—Prime Minister Neville Chamberlain, in the house of commons, said today that the foreign secretary, Viscount Halifax, had made the country's position clear in a statement last week regarding Britain's probable stand over protection of Danzig from forcible return to Germany.

Chamberlain pointed out that in the foreign secretary's statement that Britain would meet force with force, the Japanese army hardened its blockade of it concessions as preparations were made by the government in Tokyo to negotiate with the British on the Peking dispute.

John Anderson, a British subject born in China, was stripped naked and slapped in the face with a cane by a Japanese soldier at the Woodrow Wilson railway station as he entered the British consession.

The prime minister announced that the government has received information of the arrival in Dantzig of German, ostensibly as tourists, of the so-called "free corps" was being formed.

**No Assurance**

Chamberlain did not say specifically that Britain would defend Dantzig, but he said that Britain would resist any external aggression from Germany, but the government has no intention of intervening if Poland resists a push. Britain will come to the rescue.

Chamberlain said Britain is in touch with France and Poland on Dantzig developments.

The prime minister, Sir Winston Churchill, met today with Russian officials in London to discuss a triple alliance with Britain and France. He said the British government is awaiting the Soviet reply to its latest proposal.

**Returns for Report**

It was announced today that Sir Neville Henderson, British ambassador to Berlin, is returning by airplane from Berlin tomorrow to consult his doctor, but also will report at once to Chamberlain and Lord Halifax. Officials there would not say whether Henderson's knowledge of the German situation was the reason for his health.

Meantime, Lord Halifax received word today from Berlin in response to his request and fully discussed the Nazi situation.

Chamberlain's statement on Dan-

R. A. Butler, former undersecretary, on the Orient. Butler said Sir Robert Craigie, British ambassador in Tokyo, was being instructed to inform the Japanese government of "any extension of indignities to British subjects in Tientsin must imperil the success of negotiations in the district where the land is situated."

Butler's statement came closely on news that another British subject had been searched and stripped of his clothes at Tientsin.

## Mothers, Daughters Assemble for Dinner

Charming in all details was the banquet Friday evening at the Idaho Power company auditorium, attended by 72 mothers and daughters of the Church of the Brethren.

Bud vases of garden flowers centered the quartet tables, and programs in the form of garden gateways marked the places. A color motif of pink and white was featured.

Following the welcome and the invocation song, the first course of canapés and fruit cocktails was served. The novel feature of the main course, "Food for Thought," was presented in the form of an interesting program.

Mrs. Virginia Kertin was an able toastmaster. Mrs. Mary Wright was in charge of the songs which interspersed the program numbers throughout the evening.

Mrs. Arlene Nicholson gave a toast to the mothers and Mrs. C. W. Runk gave a toast to the daughters. Mrs. Harriet Perry gave two humorous readings, "Ma and the Outhouse" and "When Ma Wants Something New."

Mrs. Verne Heistand and Miss June Heistand played an accordion duet, "Circusland." Mrs. L. Little presented a reading, "A Little Girl Entertains."

Mrs. U. N. Terry, guest speaker, selected as her topic, "Christianity in the Home." H. Black family at the home of Mrs. Omar Jones, gave a desert luncheon, Saturday afternoon.

Red, white and blue bouquets of flowers formed the room decorations. A table centered with a bowl of white roses. Napkins were patriotic in theme.

## Girl With Ambitions in Movies Told to Go Home

"Go home as fast as you can"—that's the advice Actress Lois Wilson, left, gave Marie Rogers, Montana girl who sought career in Hollywood. Marie did.

By NEA SERVICE  
HOLLYWOOD — This is a Hollywood story with an unconventional ending.

It opens two years ago in Butte, Mont., where Marie Rogers, 17, bright and pretty, is seized with a desire to play the heroine in western thrillers.

She goes to the movies every chance she gets.

She works late at night, scribbling a script for "Rustlers of Ghost Rock," by Marie Rogers, Hollywood's newest sensation from Montana.

She skips to save part of her clerk's salary so that some day she may go to Hollywood to win fame and fortune.

Scene two: Two years have elapsed. Marie is prettier and has saved enough for train fare to Hollywood, for a few weeks' room and board. No one is at the station to bid her farewell because she has not told her parents.

Scene three: Marie takes a room at the modest Hollywood home of kindly Mrs. and Mrs. Jack Cartwright. She tells them of her plans, shows them her script which she has written in longhand.

"You should return home, Marie," counsels Cartwright, who has seen thousands of film youngsters come and go. "You are young. You will have a chance later. Write a story."

It wasn't generally known before but the local police department has a firecracker detective squad—at least so the police blotter today declares.

At noon Sunday police received a report that firecrackers were disturbing church services in the city park. Two policemen responded to the call and, from all appearances, got everything under control.

Regarding the incident the desk sergeant wrote as follows: "Lieut. Barron and Sgt. Winterholer, of the firecracker detective squad, chased down several explosions and stopped them."

**Anniversaries Without Flags**  
These days are an anniversary, but the things they commemorate are not apt to bring out flags and bunting.

It was on June 28 that two world-shaking events happened. On that day in 1914, 25 years ago, a young man named Prinzp murdered the Archduke Ferdinand, heir to the Austrian throne. And it was on that day in 1919, 20 years ago, that a peace treaty was signed at Versailles.

What happened in the five years between those two June 28ths changed the world, and not for the better. It was the World War, with all its heritage of hate, and debt, and exaggerated nationalism, its toll of death and wounds and bankruptcy, and its brutalization of humanity.

Why recall these things? Surely there are more pleasant anniversaries to recall, like Flag day, and Independence day!

Of course. But why anniversaries at all? Simply that by calling up past events with vividness, we may learn something of value in guiding us through the present and into the future.

Thus June 28 also has its lesson, bitter though it is. When Prinzp pulled the murderous trigger on the archduke, it is commonly said that the World War began.

But that is not true. It was not even made inevitable by that act. People today forget that Prinzp's mad act merely created a "crisis" not more grave at first, perhaps not nearly so grave, as that of Munich last fall. Nobody in America, and very few in Europe expected World War to result when they read a few inconspicuous lines about the assassination. There was no reason to expect it.

A month of desperate negotiation was to pass before the troops marched. Except for one thing, the "crisis" resulting from Prinzp's act could have been averted.

This was the one thing: Prinzp's shots were no cause for war. The world has seen 20 graver "causes" for war during the past few years.

But Europe was ready. Both the triple alliance and the triple entente were armed to the teeth. Proper means for peaceful settlement had been neglected, and machinery for adjustment was not powerful enough nor respected enough. Europe had been for many years trained to think of an appeal to bayonets, not reason.

The whole month of July, 25 years ago, was a "crisis month," during which men tried in vain to find a way of decency and good sense instead of war. At the end of July, the effort fell apart, and guns boomed, and a world fell back into barbarism.

Five years later, an effort was made in the treaty of Versailles and the accompanying League of Nations to find a better way. And now, 20 years later, that too has faltered.

We are back to where some mad act like Prinzp's of 25 years ago may at any time be used as an excuse (not a cause) for world war. That is what June 28, and the whole month of July, ought to call to our minds today.

**Gallant—And Wise**

As Gen. Malia Craig leaves his military career behind him, he shows that he is not only an officer and a gentleman in the best traditions of the military service, but that he is a wise man too.

With 45 years of strenuous and distinguished service behind him, General Craig has well earned the retirement which a grateful country affords him. The Philippines, China, France and Panama have seen this American soldier in action, and the present American army feels his imprint as the man under whose leadership it has "grown up" during the past four years and become ready for the further growth which the world situation demands. General Craig gracefully stepped aside before his time, so that General Marshall could take over at the beginning of the fiscal year.

But when General Craig showed his real caliber was in a brief statement of his plans: "I'm going to California and practice keeping my mouth shut."

In this return to an American military tradition, recently more honored in the breach than in the observance, General Craig gains a last and crowning honor for an already distinguished career.

There's a 100-pound antique shotgun on exhibit in Texas. The pioneer who owned it was probably plugged six times by a rival while trying to get the thing to his shoulder.

Stanford university seniors will wear masks to their successors, but the symbolism will probably be wasted. The masks will crop up again in next year's fraternity initiations.

TSK! A GIRL AT HIS AGE!

Alloy, Patsy.  
Speaking of little Larry Daley, the pint-sized and very youthful Cowboy baseball mascot, here are a couple of anecdotes for you.

1. Larry went in to see Hugh Pace, the business manager. He peered up at Hugh and said: "I want to see three complimentary passes. What for?" asked Hugh. "Oh, I want to bring my father and mother," said he. "But you only need two for them," said Hugh. "Well," said the tiny gent, "there's a girl."

"There's a girl?" he got the passes. "What for?" asked Hugh. "Oh, I want to bring my father and mother," said he. "But you only need two for them," said Hugh. "Well," said the tiny gent, "there's a girl."

After retiring, Mr. Ganning had been in bed for some time, drowsily conscious of a stir through the house. Silas, however, meant nothing to J. Pemberton Ganning. He heard the door that there was always at least one in his house.

But when, after having achieved a light sleep, he was suddenly awakened by a series of loud bangs, he was up in a moment. He heard the door that there was always at least one in his house.

**BRUCE CATTON IN WASHINGTON**

WASHINGTON, July 7.—The food and drug administration is slowly picking up speed. Originally it was to be a study of the food and drug situation in operation in Rochester and Dayton and due to open next in Seattle, the department of agriculture people have stopped talking about all cities. Instead they're saying "several" cities, probably will keep on going from one city to another without stopping.

Significance of this is that it could forebode quite a change in approach. Under the first plan, to appear in the six "guinea pig" cities were to have been carefully weighed and tested before the thing was carried farther. Officially, the weighing and testing are still in the cards; but by proceeding gradually, without any limitation on the number of experimental cities, the line between purely experimental work and full-speed-ahead might be easily hard to see.

Incidentally, you can look for a new wrinkle in the game soon. The orange stamp which must be put on each food may be dropped entirely in one or more cities, and only the free blue ones used. The orange stamps, which were needed to make sure that the retailer didn't simply fill up on the free "surplus" commodities, could be dropped in one or more cities, and only the free blue ones used.

**EX-PARTISANS HAVE TIGHT LIPS**  
Difference between investigating Communist and investigating Fascist is explained by a member of the Dies committee: It's easy to find plenty of ex-Communists who will volunteer to give away secrets. The committee has no idea why this is so but does know it works out that way.

**HISTORY Of Twin Falls City & County**  
As Gleaned from Files of The Times

**15 YEARS AGO**  
JULY 3, 1920  
Henry Graham defeated W. A. Henninger, city champion of Spokane, in two sets yesterday with a score of 3-2 and 5-2. The match was the first of the series of the Twin Falls tennis tournament. Graham will play the doubles today with Wayne Lewis, champion of Lewis and Clark high school. He will go to Spokane to Portland and from there to Seattle to enter the tennis tournaments.

**27 YEARS AGO**  
JULY 1, 1908  
Saturday, the last day for filing nomination for the primaries showed but few names added to the list. The lineup for county commission on both tickets indicates that the voters will have plenty of opportunity to pick. The office of county treasurer is probably going to be a close race between Judge J. M. Shanks, Kennedy Packard. Prosecuting attorney: A. Hicks; county superintendent: Bertha Noel; coronator: Charles H. Johnson; surveyor: James A. Bybee.

**ROYAL VISIT CUES RELIEF**  
WINNIPEG, Man., July 7.—The "clean-up-paint-up" campaign held in Winnipeg in preparation for the visit of their majesties King George VI and Queen Elizabeth resulted in 260 men leaving the ranks of relief recipients, city officials reported.

## SCI Champions Play Miners In Hailey Fete

HAILEY, July 3 (Special)—Holiday throngs made merry in this old-time mining center today, with chief athletic interest focused on the baseball game between Hailey Triumph Miners, augmented with strong talent, and the Shoshone Indians, first-half champions in the S. C. I. league.

First game was to get underway at 2:30 p. m. today. Second tilt will be held at the same time July 4.

Bill Thompson was to pitch for Shoshone today, and the former College of Idaho chucker was to face an imposing array of sluggers listed in the Triumph Miners' lineup. Jan Hansen, ace Shoshone hurler, will do duty tomorrow.

Ed Lacy, longtime Rupert coach and ex-star athlete with the former site of Idaho's first professional team, will be on hand for the Miners in one of the two battles.

Baseball, however, is only one phase of the most extensive Independence day celebration here in years. The program revolves in full glory the celebration as staged several years ago, and the varied events include boxing, wrestling, softball and auto racing.

## Shoshone Softball Play Under Way; Kinney Leads Loop

SHOSHONE, July 3 (Special)—After one full week of softball in Shoshone there is now a respite until Wednesday when the first half of the three-day vacation takes all Shoshone business men.

Opening league play last Wednesday was on Monday night, Tuesday, Wednesday and Friday evenings with each of the four teams playing two games. At the end of the game Friday evening the hard hitting Kinney team was leading the league with two wins and no losses. Tri-State and the U. I. Bombers were tied for second place with one win and one loss and Idaho Power was in the cellar with two losses.

Kinney's win Monday night from Idaho Power, 13-7, and Friday night 19-17 over a stubborn Tri-State team which had lost its first half of the seventh, but was beaten out when the Kinney big guns began to boom in the last of the inning and John Smith hit his second four-bagger of the game, with two men on. He opened the game with a similar clout that scored three runs. Tri-State won its victory Tuesday night, 20-8 over the Bombers and the Bombers won their victory Wednesday 7-1 over the Idaho Power.

Starting Wednesday night there will be at least five teams and possibly six in the league and standings will not be changed until the games already played, instead, they new teams will be given a chance to catch up with the old teams. One new team joined Friday night when the state highway officers decided to enter only employees will be on the squad. The M. W. A. is taking a team but as yet has not declared its team.

Managers of the present team are Frank Kinney, Kinney's 17, Pulver, Idaho Power, D. W. Stephens, Tri-State, A. A. Hainman, Bombers, Roy Fields, State Highway.

## Scores Periled When 'Prank' Sets Off Blast of Fireworks

A fireworks explosion, which was deliberately set, Saturday night, threatened injury to scores of persons in the downtown section, but, through quick work on the part of two men, did little damage.

The explosion occurred at the Karmel Kohn shop which stands next to the McJannet Building on the southeast corner of the intersection. A passerby deliberately tossed a cigarette butt to a fireworks store, causing the explosion which was extinguished by Albert Sharp, owner of the stand, and Harry Alfred, a Negro working in a nearby barber shop.

For a few minutes, however, blasting bulbs from Harry's store and "stinger" fireworks exploded across the crowded street. Sharp and Alfred grabbed the exploding pieces and, throwing them to the gutter, were able to extinguish them.

Although the local fire department answered the alarm as soon as it was given, the fire was out before it arrived.

Sharp was slightly burned on the hands during his actions that put the store off with saving his stand, which otherwise would have caught fire and, probably burned to the ground. Alfred was not hurt.

The explosion occurred at about 8:30 p. m.

## Legion Nine to Tackle Buhl In Elimination

As a result of postponement of the first playoff game, Twin Falls Junior American Legion baseball team will open its title chase Wednesday evening against Buhl at Jay-Cee park here.

The tilt is slated for 8 p. m. Wednesday, according to Coach Judy Raab.

Initial duel was to have been against Burley Saturday. It will probably be played instead next Friday.

Winner in the district must be named by July 15, after which the victor opposes the Pocatello-Idaho Falls district champion.

Twin Falls youngsters walloped the barnstorming Idaho Falls Junior club 7-2 at Buhl Saturday evening. Junior Schnell and Orville Tetz registered Idaho Falls to six hits while Coach Raab's lads were banging out nine.

Idaho Falls nudged Buhl, 10-2, in the opener of the double-header at the west end city.

Schnell allowed only four hits in five innings, and Tetz granted two safeties in two innings.

Schnell and Davis, right fielder, topped hitting with two hits in two times at bat. Sullivan, second baseman, connected for three out of four.

Line score:

Idaho Falls 000 010 0-2 6 2  
Twin Falls 000 000 0-7 6 1

Warner, Hitz and George; Schnell, Tetz and Davison.

## Six-Gun Meet, Auto Race on Resort Card

SUN VALLEY, July 3 (Special)—Sun Valley's contribution to the general celebration of July 4 will include an old fashioned frontier-style six gun match and a short but fast automobile race in the Sun Valley stadium, combining cowboy sports and an automobile obstacle race in which the chief obstacle will be a graced pig under the arm of each driver.

The pistol contest will feature off-hand and hip shooting at acetylene targets, altogether in the style of the old west. The match begins at 9:30 in the morning and will run throughout the day.

The stadium events under direction of Robert J. Miles, producer of the annual Sun Valley rodeo each August, will begin promptly at 3 p. m.

Six local entries have been made in the "tin lizzie" race. Each racer must catch a graced pig, following which he must crank his car with the pig held under one arm and thereafter drive twice around the quarter-mile stadium, back and holding the pig. Any time the pig escapes, he must be recovered before the individual can proceed in the contest. There will be two flat saddle horse races, one quarter mile and one three-eighths mile. All horses entered will be from local stables.

The Sun Valley celebration will close with a skating carnival and musical display to be staged at Sun Valley lodge during the evening.

## Hailey Girls to Play Jerome Softball Club

HAILEY, July 3 (Special)—The new-organized Hailey girls' softball team will play its first game of the season at Jerome Thursday night under the leadership of Coach Cluetted the "Minerettes".

The girls are looking for a steady coach. Pay Culler is captain of the team. Two players from the team's softball team have been coaching the girls.

## LaVonde Here On Auto Trip

William LaVonde, who with Dunstan M. Johnston, former Twin Falls mayor, was charged with the murder of Greaser L. Olson, Salt Lake City jewelry salesman in May of 1938, was seen in Twin Falls Friday or Saturday morning, police had been informed today.

LaVonde was released by Judge Kinney, then probable judge, following conclusion of a second preliminary hearing for the two men, Johnston was bound over to district court at the time and is now serving a life sentence in the Idaho penitentiary. He was released.

LaVonde, police were notified, was seen at a local truck lane service station about 1 p. m. on either Friday or Saturday. He was driving a 1931 model coupe and headed west on the Burley highway.

Police said that the man was not wanted and has not been wanted since his release. He formerly was an employee in the Johnston jewelry shop.

His appearance in the city last week was the first since he was released last year.

Harro have long ears and long legs. They are born with a well-learned sense of fun and with their eyes open.
