HEAD, 4 WOUNDED IN POCATELLO BATTLE

TWO FOUND DEAD IN GLENN'S FERRY REFRIGERATOR PLANT

COOLING SYSTEM - GAS BLAMED FOR DEATH OF PAIR

GLENN'S FERRY, July 13 (Special).—E. H. Hinkley, 66, owner of the Hinkley cold storage plant at Glenn's Ferry, and Francis Thompson, refrigerator expert for the Thompson Furniture company, Gooding, were found dead in the cooling room of the plant at 7 a. m. today.

Death was attributed to a gas action of the gas in the cooling system. Bodies of the men were found this morning by Mrs. Hinkley, wife of the owner, who became apprehensive when Mr. Hinkley did not come home to breakfast.

The men, who were working on the refrigeration system, had been called by friends who saw them at 11 p. m. yesterday, that "an all night job" was ahead of them.

Alone at 10 P. M.
Mrs. Hinkley learned her husband was dead at 10 p. m. yesterday. The door to the cooling room was closed when she went to the plant this morning. Running to the building, she called a switch crew to her aid. Members of the crew removed the bodies.

Mr. Thompson, a nephew of A. E. and A. C. Thompson, owners of the Thompson furniture store and mortuary at Gooding, is survived by wife, Gooding, and his parents, R. H. City, Kan.

He came to Gooding from Kansas about 10 years ago. The body of Mr. Thompson was found at the Thompson mortuary, pending funeral arrangements.

The body of Mr. Hinkley lies at the Zachary-DeWitt mortuary, pending the arrival of members of his family.

Summoned from Burley were a son, Robert Hinkley, now residing with the Hinkley family, and a daughter, Mrs. Alene Allen, also of Burley.

Called from Ketchikan
Miss Shirley Hinkley, another daughter, was called to Glenn's Ferry from Ketchikan, where she had been attending the Methodist institute. Also surviving are his wife, Mrs. Elsie Hinkley, and another daughter, Miss Edith Hinkley, Glenn's Ferry, and three grandchildren.

Miss Hinkley was born May 1, 1883, at Wapato, Kan. A meat-cutter by profession, he came to Glenn's Ferry from Burley about nine years ago. A year ago last June he and his wife killed the cold storage plant here.

HEAT CLIMBS IN
SULTRY WEATHER

A heavy covering of clouds, which tended to "keep the heat in" and cause a sultry condition to exist in Twin Falls, today, was expected to keep the mercury climbing unless rain visited the area.

By 1 p. m. today the temperature had gone to 85 above, just one point below yesterday's high of 87. Unless rain came a sudden temperature drop, the heavy clouds, causing a sultry condition to exist in the area, were expected to force the reading up to near or over the 100 degree mark before the day was over.

At 11 a. m. today, official records of the bureau of entomology show the temperature stood at 85 while at noon it had reached 82. Between noon and 1 p. m. the rise was rapid, a gain of seven degrees being registered. Yesterday's low reading was 52 while the low this morning was 57.

Although the forecast calls for partly cloudy weather tonight and Friday with thunderstorms in some local areas, they were not expected to be of sufficient intensity to sharply reduce the mercury.

The current week has been the hottest of the summer, with last Sunday seeing the temperature go to 106, an all-time high for the month of July in Twin Falls.

Roosevelt and Hull Disagree on Text of Neutrality Message

By RONALD G. VAN TINE
WASHINGTON, July 13 (U.P.).—President Roosevelt and Secretary of State Cordell Hull were reported in administration quarters today to have disagreed on the language of a neutrality message the President plans to send to congress.

Mr. Roosevelt, according to these informants, wants to use forceful language in reiterating his demand that congress revise the neutrality law at this session by repealing the arms embargo. Hull was said to oppose a message that might anger the Rome-Berlin axis and further antagonize an already rebellious senate.

Sources close to the White House said the message probably would be sent to the capitol before the end of the week, but that if congressional developments warranted, Mr. Roosevelt might change his plans and use some other medium—possibly a fire-side chat—to make his views known to the country.

Program Shifted
The administration's neutrality program was shelved by the senate foreign relations committee Tuesday. The President, it was said, was irritated by the senate committee's action. In his message he would review the European situation, pointing out that the existing law gives comfort to aggressor nations, and accuse Republicans and some conservative Democrats of making a political issue of foreign policy, it was reported.

Broad Statement
Administration sources said Hull was urging the President to stick to a broad, general statement of his neutrality views and to refrain from attacking any group or groups within the senate.

While Mr. Roosevelt and Hull debated, Chairman Key Pittman, D., Nev., of the senate committee, extended a pledge to isolationist senators that if the committee approved his proposed arms embargo against nine-power treaty violators, he would oppose any attempt to attach to it part of the controversial neutrality program.

Committee Cuts
Lending Measure
WASHINGTON, July 13 (U.P.).—The house banking and currency committee today after a long session probably likely for this session—\$500,000,000 of President Roosevelt's multi-billion dollar lending program.

The bill is the senate-approved measure to increase the bond authorization of the United States housing authority from \$500,000,000 to \$1,500,000,000.

It was the second measure cast aside in two days as congress began the drive toward adjournment. Yesterday the house ways and means committee voted not to seek legislation at this session for removal of tax exemption from federal, state and municipal securities. Its tax committee will study the subject during the recess.

Still another measure likely to get lost in the adjournment rush was H. R. 10, Wheeler's bill for a railroad reorganization court. Although it has been passed by the senate, Chairman Walter Chandler, D., of the house, today announced that the committee thought it would be impossible to get it through the house.

AD
JUPPALLA, N. Y., July 13 (U.P.).—This advertisement appeared in the "John wanted" classification of a local newspaper today.

The advertisement was a trade would like to get some different kind of work. Too much competition and too high a penalty is reason for giving up my trade.

The advertiser said he had "just got out of Danmonia, was 72 years old, and had spent 10 years of that in a cell."

THREE CULTURES
WASHINGTON, July 13 (U.P.).—Dr. Frank H. H. Roberts, Jr., Smithsonian archeologist, reported today that a study of prehistoric remains of primitive peoples of the southwest indicate that three distinct cultures existed side by side for many generations.

Existence of these three cultures explains, he said, the diversity of ways of life among those most advanced to have been associated with the new world.

Britain Pours More Money Into Defense of Empire

Labor Unions Join to Ask Lift in WPA Pay

By MACK JOHNSON
WASHINGTON, July 13 (U.P.).—President William Green of the American Federation of Labor announced today that he will ask President Roosevelt tomorrow to restore prevailing wage rates for skilled relief workers.

Abandonment of the prevailing wage schedule and adoption of a security wage policy in paying relief labor has caused a widespread strike among WPA workers, involving upwards of 77,000. Of this number approximately 14,000 have been dismissed for failing to report to work.

Mr. Roosevelt has indicated that the new WPA policy, written into law by congress in the new relief act, has the support of the labor union.

Decision as to whether or not to accept employment under the new conditions which the administration has offered is entirely in the hands of the workers, said WPA officials.

Green heads a committee which will call on the President. It was appointed at an emergency conference of all AFL union presidents here yesterday. Its visit to the White House will be the opening of a united labor-front fight for restoring hourly wage rates in effect prior to July 1 on WPA projects.

The decision to accept first delivery to the President was reached at a strategy conference of the committee in Green's office this morning. Later the group will see WPA officials and discuss details of his conversation with the President.

Green heads a committee which will call on the President. It was appointed at an emergency conference of all AFL union presidents here yesterday. Its visit to the White House will be the opening of a united labor-front fight for restoring hourly wage rates in effect prior to July 1 on WPA projects.

Ex-Convict Brought
Back for Questioning
On Station Murder
BOISE, July 13 (U.P.).—Charles L. Allan, 38, paroled Idaho penitentiary inmate, was returned here today from Baker, Ore., for questioning in the slaying of J. W. Clarke, 72, Horsehead Bend service station proprietor.

Police Official Lies; Killer in 'Poor' Condition

POCATELLO, July 13 (U.P.).—Britt Hargraves, Jr., 30, slayer of an Idaho town marshal in a gun battle near here last night, was reported in serious condition in Pocatello hospital today.

Hospital attendants said there is "less than a 50-50 chance" that the paroled Idaho convict will survive a bullet wound in the chest sustained last night when he was surrounded by officers several hours after he shot Marshal F. F. Hunter of Almada.

In addition to shooting Hunter, Hargraves was also accused of wounding three other men who sought to arrest him. Patrolman Cedric Erickson, wounded in the forearm, Chief of Detectives Guy Nelson, shot in the hand, and R. B. Blaine, Pocatello garage manager, in serious condition from wounds in the hip, right arm and body.

Hunter and Blaine were shot yesterday afternoon when they were carrying out a search of the home of George Bailey, Hargraves' father-in-law, in answer to a call that Hargraves was causing a disturbance. Hargraves had sought to see his estranged wife, Gertrude, staying at the Bailey home, and had been denied entrance.

Shots Heard
Police said that when Hunter and Blaine approached an automobile in which Hargraves was sitting in front of the house, the paroled convict without warning drew a gun and shot at Hunter. The bullet struck him in the heart and he dropped to the sidewalk while making a futile attempt to draw his own weapon.

Hargraves then shot at a car toward which he was running. Neighbors who heard the shooting took Blaine to a hospital.

Leaving the bus, Hargraves telephoned the Bailey home, threatening all occupants with death, and then went to the home of George Bailey, Hargraves' father-in-law, in answer to a call that Hargraves was causing a disturbance. Hargraves had sought to see his estranged wife, Gertrude, staying at the Bailey home, and had been denied entrance.

Takes Refuge
Hargraves next took refuge in the girls' dormitory building under construction on the campus. Two boys saw him hiding in the structure and notified police.

A party of officers approached, carrying side arms and sub-machine gun. Hargraves fired twice, hitting Nelson and Evans and then turned his gun on himself.

Hargraves had recently been paroled after serving a prison term on a burglary charge. Police said he also has a record of several misdemeanors, involving handling of explosives.

Hunter had been a law enforcement officer in Pocatello and was urban Almada for several years. He is survived by a widow, three daughters and a son.

Help on Rim Bridge
Under this arrangement the state of Idaho, through purchase of the bridge here, would stand to get back approximately half the money expended in the form of federal-aid road funds which, under ordinary circumstances, Idaho would have to match with state funds. Before the act which the President is expected to sign was amended it was stated in reports on July 1.

Final congressional approval of the measure removed the fear that Idaho would be unable to secure any government help in its purchase of the Twin Falls-Jarvis bridge. Earlier legislation had set expiration date for the purchase of toll bridges at July 1 of this year. Delay of bond authorizations in approving the \$440,000 bridge loan had delayed the purchase.

Word from James H. Hargraves, Jr., the son of the man who was shot last night, was that he was in the hospital and was in a "poor" condition.

Word from James H. Hargraves, Jr., the son of the man who was shot last night, was that he was in the hospital and was in a "poor" condition.

Garner Battles FDR Domination of 1940 Convention

VICE-PRESIDENT SEEKS PASSAGE OF HATCH BILL

By LYLE C. WILSON

WASHINGTON, July 13 (Special)—Garner-for-President organizers today are leading efforts to prevent administration domination of the 1940 presidential nominating convention.

Vice-President John N. Garner, himself, has publicly announced his support of the Hatch bill as original candidate for president. All federal officials from political activity.

Texas advises now formal that Garner's managers in his own state have decided to set others an example for excluding federal job holders from their campaign to the Democratic national convention. Whatever altruistic purposes may be ascribed to that action—such as establishing a rule of the party—the practical fact is that the traditional way for President Roosevelt to control the 1940 convention for himself or his selection would be to have many delegates chosen from among persons who owe him their jobs. Garner is determined that Mr. Roosevelt shall not control next year.

Forbids Political Activity

The Hatch bill, as passed by the senate, would forbid political activity or membership on a convention delegation to government employees except those of the legislative branch. The bill would also forbid the forming of officials and the presidential establishment.

Seek Original Form

When the house takes up the bill, probably next week, an effort will be made on the floor to restore it to the original senate form. That situation puts Garner on the political spot. He has been described now months as one of the congressional masterminds capable of exerting tremendous influence in the house as well as in the senate. The single issue upon which the vice-president has publicly and quotably expressed himself this season was the original Hatch bill. He told reporters it would pass.

If It Goes Through, Garner will get much of the credit.

LEGION SUMMONS FINAL GATHERING

Final session of the year for the 24th district council, American Legion, was called today to convene at Paul Wednesday, July 19, according to Commander Ernest Emerson, Kimberly.

Paul post No. 77 will act as host. Election of district officers for 1939-40 will be made since the gathering will be the last before the state Legion convention in Twin Falls in August.

The district party will open with a 7:30 p.m. banquet at Paul Orange hall. Business sessions will start immediately afterward.

Commander Emerson will preside at the Legion meet and Mrs. Edna Tomlin, Twin Falls, fifth district auxiliary president, will preside at the auxiliary business convales.

Delegations are expected from Rupert, Burley, Paul, Haxton, Eden, Kimberly, Filer, Bull and Twin Falls.

Safety Check-Up Finds Compliance

Safety lane check-ups in Hooding, Rupert and Jerome this week showed "excellent" compliance with safety regulations and the driver's license law, according to state police officers who staged the tests.

The tests showed high cooperation in official stickers for light and brake inspection, and showed that there were only four motorists out of about 250 who didn't have a new driver's license or an application.

Twin Falls will be site of another safety lane soon, and Bull also may have a similar check-up.

State, county and city officials cooperate in the safety tests at each community.

Officers Installed

By State Secretary

JULIUS, July 13 (Special)—Mrs. Viola Holme, state missionary secretary, Twin Falls, conducted impressive candlelight installation services during the meeting of a group of young matrons of the Baptist church here recently.

The young women gathered for the purpose of organizing a missionary society.

Officers named include president, Mrs. Leo Gentry, vice-president, Mrs. Irene Gentry, secretary, Mrs. L. W. Wertz, treasurer, Mrs. Daniel Rie, and Mrs. Earl C. Miller, word clerk and literature secretary.

Jerry Burke Chosen For College Award

BURLEY, July 13 (Special)—Jerry Burke, son of Mr. and Mrs. J. Burke, Burley, has received a home scholarship at Carroll college, a Catholic college for men at Helena, Mont., because of his outstanding record at Burley high school.

He was student body president last year and graduated this spring. In 1938 he won the American Legion essay contest, and was active in journalism work while in school.

Seen Today

New town at Lincoln school showing above snow spread over ground where first needed.

Public health nurse taking photographs if that's camera equipment or flashlight he carries in little black bag. Twin Falls reporter putting in lots of practice hours in anticipation of federal inspectors' visit, when he'll take flight test for higher license rating.

Office worker all excited as she prepares to catch bus for visit to "Paco" fair. Small swimmer exclaiming, "Oh, gee, what'll I tell mom?" as swim instructor tells him he's failed to meet one of requirements for merit pin.

Girl showing boss her bandaged finger, hurt as she opened a box of something or other. Policeman who, with his partner, uses made-over golf club stick to mark cars for parking check-up, sending him one up over the other fellow after "the first round this morning."

And young woman bragging because she has an aunt named, of all things, Paula Durka.

DEATH COMES TO COAST VISITOR

Funeral arrangements were being completed today for Mrs. Louie Wright, 76, who died suddenly at 4:10 p. m. yesterday at the country home of her daughter, Mrs. Ethel Wright, south of Twin Falls.

Mrs. Wright had been a guest at the home of her daughter for the past seven weeks coming here from Los Angeles. She was born Oct. 7, 1862, at Woodson, Ill.

Her husband died in 1918. She was a member in the federal church of Los Angeles. The body rests at the Twin Falls mortuary.

Surviving, besides her daughter here, are four sons, G. W. Wright, Compton, Calif.; J. E. Wright, Los Angeles; B. F. Wright, Santa Ana, Calif.; and M. O. Wright, Fontana, Calif.

COLORADO COACH CALLED BY DEATH

BURLEY, June 13 (Special)—Funeral services for Henry C. Canine, 38, coach and physical education director at Adams State Teachers' college, Alamosa, Colo., have been tentatively set for Friday at the Christian church here. Rev. Alvin Kleinfield, pastor, to officiate.

Mr. Canine died at 5 p. m. yesterday at the hospital here. He was the son of H. E. Canine, Burley.

He was graduated from the University of Idaho, Moscow, and took graduate work at the University of Iowa. He coached in Hawaii in 1936. He had been ill for the past several months.

The body will be received tomorrow by the Burley funeral home. Interment will be in Burley cemetery.

Surviving, besides his father, are his wife, Mrs. Mary Canine; two sisters, Mrs. Jane Thompson of Los Angeles, and Mrs. Hope Mueller of Burley, and three brothers, William Canine of Long Beach; Herbert Canine, Jr., of Vancouver, Ill.; and James Canine of Bull.

L. D. S. Considers New Budget Plan

Bishop LaGrand Richards, Salt Lake City, presiding bishop of the L.D.S. church, conferring last evening with 80 officers of the Twin Falls stake, discussed a budget plan which he is presenting on a tour of L.D.S. churches.

Purpose of the budget plan is to abolish ticket-selling, making free to all new members church recreation, the same as all religious meetings are at present.

Bishop Richards, accompanied by President J. W. Richards, toured the Twin Falls stake wards, Murtough, Bull, Kimberly, and Twin Falls first and second wards, inspecting church buildings and planning any recommendations.

BAR UNIT CALLS ELECTION MEET

Election of officers, naming of eight delegates to the star bar convention, and consideration of matters scheduled to come up at that convention are set for the annual meeting of the Eleventh Judicial District bar association at 7 p. m. Friday in the Park hotel, officers said today.

S. T. Lowe, Burley, president, will preside at the dinner session. Other officers whose posts will be up for election include F. C. Ehrenberger, Twin Falls, vice-president, and Thomas M. Robertson, Jr., Twin Falls, secretary.

The state convention is set for July 27-29 at Boise. As a prelude to that convention the 11th district attorneys will consider, among other matters, the selection of the eight delegates to attend the local bar section meeting July 28; election of one member to discuss "Is the Bar Satisfied With the Judiciary?" at the July 27 executive session of the star bar group; adoption or rejection of the proposed by-laws of the local bar section; adoption of a resolution requesting the state bar to elect a small school, a school building, a few homes and equally few warehouses. As a result, residents feel it doesn't need townsite classification.

Commissioners George R. Hart, C. B. Lindsey and Ben E. Potter said this afternoon that they haven't taken any action whatever on the matter. "We haven't decided anything," said Mr. Lindsey. "We don't know if we can vacate it, although the residents there favor such a step."

Lindsey said that the commission-

BOARD PONDERES POSSIBILITY OF ENDING MILNER TOWNSITE

No action had been taken today, and the board of county commissioners want sure it has the power to act—but residents of the once-populous town of Milner were hoping that the townsite soon may be officially declared vacated.

In that event the townsite would revert to acreage classification on the tax rolls, and the few remaining residents needn't pay as much tax as at present. Investigation by County Attorney Everett M. Sweeley showed about 14 Milner townsite lots still in private hands, with the rest owned by the county for delinquent taxes.

Once 3,000 Formerly headquarters for the Twin Falls reclamation development, with a population of some 3,000 souls, Milner now has only the dam superintendent's residence, a small store, a school building, a few homes and equally few warehouses. As a result, residents feel it doesn't need townsite classification.

Commissioners George R. Hart, C. B. Lindsey and Ben E. Potter said this afternoon that they haven't taken any action whatever on the matter. "We haven't decided anything," said Mr. Lindsey. "We don't know if we can vacate it, although the residents there favor such a step."

Lindsey said that the commission-

RANCHES RECEIVE NEW WATER RUN

HOLLESTER, July 13 (Special)—Starting yesterday, the new irrigation water run for the Salmon project will continue for 12 days, W. M. McDaniel, canal company manager, said here.

A 32-day run ended the first of this month.

The present delivery was postponed because beneficial rains helped Salmon tract ranchers to a high degree. As a result of the rain-fall, McDaniel said he expects there will be enough water left after this run to provide a brief delivery later.

Crops on the projects are looking extremely good and the tract ranchers are cheerful.

Although bulk of the townsite lots are owned by the county, each must be assessed with new tax levies every year. That causes considerable additional work in various county offices.

SPUD CROP POOR

MOSCOW, July 13 (Special)—Idaho's 1939 potato crop "is quite generally below par this year," according to field observations announced today by the University of Idaho extension service.

"Standards are poor in practically all areas," the extension economics said.

BUILDING VOLUME GOES OVER 1938

Twin Falls building operations during the first half of this year exceeded the amount tabulated during the corresponding period in 1938 by \$43,943. It was announced this afternoon by W. H. Eldridge, city clerk.

Eldridge pointed out that totals for the first six months of this year showed \$254,743 while last year, during the same period, the total was \$210,800.

Highest month this year to date was February with \$76,875. Next in line was June with a total of \$56,198. It was explained that the figures include new construction of all types and also remodeling and repair work for which city permits are required.

Following are the totals tabulated during each of the six months of this year to date:

January	\$19,900
February	76,875
March	23,910
April	47,850
May	20,210
June	56,198
Total	\$254,743

PORTLAND WANTS CONFESSED THIEF

Portland, Ore., police officials today had informed local police that they held a grand larceny warrant for Robert McClain, 30, and that officers would be sent to return him to the coast in the immediate future.

McClain this week walked into the local police station and announced he had stolen 12 automobiles in the coast city about a year ago, keeping the money thus derived for his own use.

Chief of Police Howard Gillette this afternoon announced McClain would be kept in the jail until Portland officers called for him.

"They informed us that they would telegraph us when they left the coast," Gillette said.

JOINT PROPERTY DECREE SOUGHT

Asking a decree of community property, the administratrix of the estate left by a late Twin Falls resident filed petition in probate court today in connection with the estate of the late Mrs. Grace Snodgrass.

Petitioner was Mrs. Sarah Brown. Administratrix of the estate of Mrs. Snodgrass, husband of Mrs. Snodgrass. The deceased died May 26 of this year, he wife succumbed Jan. 18, 1934. Neither left a will and the administratrix seeks an order establishing fact that the property involved—a Twin Falls residence—was joint property. It is valued at \$1,500.

Ray D. Apoe is counsel for the petitioner.

FISH COMMISSION DISCHARGES ROTH

BOISE, July 13 (U.P.)—The Idaho fish and game commission today announced discharge of A. R. Roth of Seattle as biologist of the department and his replacement with Edwin Wentworth of Boise, fish biologist, at a salary of \$3,000 a year. Wentworth formerly was superintendent of hatcheries for the territory of Alaska.

The commission also released Burket Bray of Nampa, chief conservation officer. A possibility that Game Director Harold Harvey of Buhl would be next to be removed in the reshuffle was presented.

Those named as possible successors to Harvey include J. D. Price, Malad, Idaho American Legion commander; Owen Morris, Boise, agent of the U. S. biological survey; and T. B. Murray, Spokane, former Idaho agent of the biological survey.

Men at Shoshone Embark on Mining

SHOSHONE, July 13 (Special)—Roy Clark and Walter Mitchell are preparing to work their mining prospect, near the old Mascot property, in Blaine county. The prospect has been opened to some extent, there being two shafts of 35 feet each, where a vein of 2 1/2 feet of galena ore has been uncovered.

Assays show a good smelting silver ore, the return being as high as 88 per cent. A compressor was shipped from Salt Lake City last week, and after reaching the base of the mining location it required 10 men two days to tote it up the hill about 2500 feet, a difficult task, as the compressor weighed over 800 pounds and will be used to facilitate drilling.

The property is 25 miles from Gimlet siding, below Ketchum, and will be actively worked this fall.

SPRINGDALE

Mrs. Blanch Slaughter and daughter, Salt Lake City, visited Mrs. Alzina Marchant and Mr. and Mrs. Sterling Marchant.

L. L. L. 4-2 club met Monday and made plans for program and picnic to be held in Howell canyon this week.

Mr. and Mrs. G. S. Marchant and Mr. and Mrs. Harold Luke left Monday for a tour of Yellowstone national park.

Orval and Terval Rasmussen have left for Wyoming.

Lavon Stone accompanied her aunt, Mrs. Anna Herrick to Ogden for a vacation.

Mrs. Annie Herrick and son, Ogden, visited her brother, Mark Stone and family.

Mrs. Alta Chadwick and children, Portland, Ore., visited with relatives.

HOLLISTER

Ref. and Mrs. R. E. Davis, accompanied by Miss Dora Dodd, Miss Betty Brown, Miss Vera Frances Kunkel and Miss Claire Kunkel, will attend the Sawtooth conference for Presbyterian Young People directed by the Synod of Idaho to be held July 18 to 26 at Ketchum. Mrs. Davis will have classes in painting and basketry.

Mr. and Mrs. A. E. Kunkel have as their house guest Miss Agnes Holmquist, Huxton, Calif. She is the daughter of Mr. and Mrs. Albert Holmquist, former residents of the Salmon tract.

The Salmon tract Home Makers' club met at the home of Mrs. M. N. Knudson with Mrs. J. E. Polman assistant hostess Wednesday. Roll call responses were harvest menu.

In India and Persia, the cheeta has been used for hunting in hunting antelope and other game.

Sunlight ripens the grain but spoils the brew

MAKE THIS EXPERIMENT

Place two bottles of beer in the sunlight—one, a beer that comes in a white bottle, the other, a brown bottle or can of SCHLITZ.

After 15 minutes, uncap both bottles and find out for yourself what sunlight does to beer fragrance and flavor—unless protected by the brown bottle or the can!

IN BROWN BOTTLES AND CAN BE KEPT FRESH LONGER

End of Oiling Seen For Richfield Road

SHOSHONE, July 13 (Special)—Oiling on the Richfield road will be completed by July 20, it was stated by highway officials.

This incorporated the 13 miles from Shoshone to Marley, three miles already finished. The surfacing uses a new process which creates a better binder and straightens up the shoulders of the road, and it is described as a decided improvement over processes that have been experimented with, in the opinion of experts.

Weather conditions are excellent for oiling and a considerable crew has been in operation.

The common Indian cobra is probably responsible for several thousand deaths annually.

FILER CONSIDERS CURBING LIGHTS

FILER, July 13 (Special)—The mayor, Clyde Musgrave; the city council members; the city attorney and 20 interested business men were guests Tuesday of the Idaho Power company on a tour to Wendell where they inspected the new curb lighting system and the new fire engine and fire house.

Mr. Musgrave reports that the city council will meet soon to consider a like system for Filer.

The tour was under the direction of Ralph Carpenter, district manager, Twin Falls.

In HOLLYWOOD Today

(By United Press)

Although the prosecution was willing to clear him, Marshall Neilan, former motion picture director, faced a trial on worthless check charges today.

Justice of the Peace Charles Griffin of Beverly Hills denied the prosecution's motion that the charges be dropped and that Neilan be permitted to make good the checks he had issued to "keep up a front" in Hollywood.

Griffin said it was up to the superior court to decide whether Neilan was to undergo prosecution.

Neilan was accused of issuing one check for \$25 and another for \$25 without sufficient funds. He was freed on his own recognizance pending arraignment in superior court July 26.

Betty May Warner, daughter of Movie Producer Harry M. Warner, and Milton Sperling, a writer at 20th Century-Fox studio, were on their honeymoon today. The two were married by the Rabbi Maxwell Rubin last night.

William Keighley, motion picture director, was back in Hollywood from a world tour today. He had formed a number of opinions, among them:

"The white man has lost so much force and influence in China, Japan, Siam and Asia Minor that he is definitely on the way out."

Chesé gets its name from the Persian word "shah," meaning king.

Church Honors Ohio Minister in Jerome

JEROME, July 13 (Special)—Sixty members of the congregation of the Jerome Presbyterian church gathered at the home of Mr. and Mrs. O. R. Peterson Monday to honor

Rev. Howard L. Bethel, Kingsville, O., and his son and daughter, Russell and Joy, and Miss Grace Day.

Rev. Bethel is exchanging pulpits with Rev. W. F. Willis, resident minister of Jerome, for the month of July.

A brief speech of welcome was

made by Mr. Peterson followed by a picnic supper on the lawn of the Peterson home.

There is nothing in the laws of several states to prevent blind men, women without legs and arms or idiots from driving motor vehicles.

Farm house simplicity has been obtained here through the use of vertical siding and board and batten shutters instead of conventional flat type.

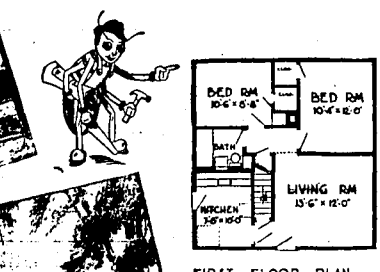

Non-Colonial treatment of exterior puts it in a class of its own. Corner windows and modern entrance, combining traditional siding and roof slope to produce an exterior of pronounced charm.

Coincidence is accentuated in the shingled model at the right, while the side porch suggests hospitality. Truly a home that makes an admirable impression, outside and in.

The way to achieve low-cost housing is to build yourself a low-cost home! Here you see NATIONAL SMALL HOMES DEMONSTRATION HOME NO. 2-C. It is large enough to provide the essentials of comfortable, convenient living without frills, and small and simple enough to be produced at the lowest possible cost... Students of house construction know that a square structure is most efficient in its utilization of material and labor...

So this floor plan, and its several different exterior treatments, has been worked out to provide the maximum of home comfort for building dollars spent... This economy has been further promoted with the use of 4-SQUARE Lumber, the thoroughly seasoned, precision lumber that costs no more than any other good lumber, yet produces better construction at lower final cost... Other quality materials include Balsam-Wool insulation, Nu-Wood insulating lath, Western Red Cedar shingles, Silentite windows... But best news of all to home builders is Boise Payette's Budget Building Plan that builds this home for as little as \$28.50 monthly on F. H. A. terms, and in addition exclusively offers, "Protected Payments," which provides that in the event of death or permanent disability, all further payments will be cancelled. Or if temporary disability occurs, payments will be kept up for you... If you do not now own your own home, you owe it to yourself and your family to investigate Budget Building at...

Choice of Five Homes \$28.50 Per Month

From this one basic floor plan, nationally famous architects have designed these five handsome, interesting and attractive exteriors.

The practicalness of the plan is self-evident with a few minutes study.

BELOW

- Cape Cod simplicity, with white clapboard side walls, green roof and green shutters has been a popular style of outside architecture for nearly 200 years. Maintains dignity against more costly homes.

ABOVE

- A modified modern treatment accomplished with the pyramid roof, grouping of the front windows and vertical siding. Further modern touches may be obtained by combinations of aluminum, black and blue paint.

CAT and DOG DAYS

In the lingo of the shoe merchants, "cats" and "dogs" are shoes broken in sizes and widths. This year we've a whole menagerie of them! We may not have your size in every style, BUT we'll bet we have your size SOMEWHERE in the lot. The "cats" are in our hair and the "dogs" have broken out of the dog-house, so we're cleaning up! Come in and buy—buy for yourself, buy for the family, buy for a friend, or the kid next door, but for "gosh sakes"—buy 'em!

These Men's, Women's and Children's SHOES are Cats and Dogs to Us

... but they represent bargains to YOU!

These Are Really "Hot" Dogs

We didn't sell all the Japanese styles we thought but we are not going to look at us have left all winter. Out they go at only

\$1.98 and \$2.98

Unwelcome Guests

Our remaining stock of Kedsman sport shoes—a nice shoe and all that—are about as welcome as your wife's relatives at Christmas time. Out they go in colors at

\$1.49

We're Not Fortune Tellers

But we know you'll be lucky if we have your size in our endless, black, patent sandals (regularly \$4.98) that we're moving at

\$1.98

They've Got Us Down

These wheat linen shoes—and wheat is down, too! They've reaped us nothing but a headache. We'll cut them way down to move 'em quick.

\$2.98

We Wuz Robbed

In our men's two-tone oxford stock. We'd be suckers to keep them any longer. The last few pairs are going out (we hope) at just

\$2.98

We Just Woke up!

To find that we still have a lot of those gaily colored sandals. How about a couple of pairs for late summer wear at—

\$1.00, \$1.49

They Never Went To a Party

... we mean some of the evening sandals that are just waiting for some Cinderella to buy and Cinderella doesn't have to be in by 12 either. Reg. \$3.98

\$1.98

This May Sound Squirrelly

But we believe we might have your sister's size in some of the wine and rust colored shoes we have on hand. We might have your size too.

\$2.98

We're Taking a Trimming

Right here in our men's all-white stock. Hurry and get yourself a couple of pairs before we "dye" them. We want to get out at only

\$2.89

We'll Admit This Mistake

And take our medicine. Besides we need the room. So here are real Buster Brown shoes for the young 'uns which regularly sell at \$2.98. Now

\$1.49 to \$1.89

Our Buyers' Eyes Popped Open

When he learned the price we are going to sell at on shoes originally purchased to sell for \$5.00. 5 1/2-6 1/2 ladies, take 'em at

\$3.98

If You Want to Drive a Bargain

Get on these once high priced slippers. Use, or fords and heels alike shoes that we are practically giving away to early buyers.

\$1.98 to \$2.98

Help us get these "Cats" and "Dogs" out of our hair! Were willing to listen to reason if we can just get shut of them!

IDAHO PLANS ON BIG DELEGATION

BOISE, July 14 (Special)—Civic leaders in all sections of Idaho are hard at work on plans to give their communities the best representation at the Golden Gate exposition on Idaho day, July 22, according to advices received by the Idaho State Chamber of Commerce.

Railroad rates have been reduced by the Union Pacific railway and the Southern Pacific for this occasion. North Idaho residents will leave Spokane on the regular train reaching Boise, Thursday noon, July 20. Other cars will be added throughout southern Idaho and with those from the upper Snake river valley, will be assembled in a train at Pocatello which will arrive at San Francisco, Friday evening, July 21.

In addition to Gov. and Mrs. Buttolph, many other state officials as well as civic and professional leaders have made arrangements to travel on this train. Returning from San Francisco members of the party will take advantage of stop-over privileges within the 20-day ticket limit.

'Ferdinands' Get Free as Trailer Turns Overboard

JEROME, July 13 (Special)—Ten Ferdinands ran berserk and one little Ferdinand was trapped in the rear of a truck as it overturned on him late Monday evening after an accident which occurred seven miles out of Shoshone on the road to Richfield.

As a member of the state police recounted the incident, a large Ford truck being driven by A. Weaver, Twin Falls, was trailing a trailer full of beef steers en route to Twin Falls from Arco. Since the road was under construction at the time, Weaver was reported to have driven too close to the shoulder of the road and as he did so struck the truck.

The steers, all range cattle and not as tame as the Ferdinand of Walt Disney fame, began milling about and incidentally the trailer overturned, trapping one of the steers. At last reports not one of the animals excepting the trapped one whose leg was injured, has been located. It is possible they all ran back home to recount their experience and "smell the flowers."

As a member of the state police who investigated said, "Was that Ferdinand, mad about the whole thing when he found himself penned in the overturned trailer."

Borah and Grant Slated to Speak

HAGERMAN, July 13 (Special)—Hagerman's 1839 annual pioneer celebration promises to be one of the largest celebrations ever held here, according to the way the day's program of events is progressing, stated and incidentally the trailer overturned, trapping one of the steers. At last reports not one of the animals excepting the trapped one whose leg was injured, has been located. It is possible they all ran back home to recount their experience and "smell the flowers."

As a member of the state police who investigated said, "Was that Ferdinand, mad about the whole thing when he found himself penned in the overturned trailer."

40-Year Climax Near in Soldier's Amazing Battle

By BRUCE CATTION
WASHINGTON (REAP)—The amazing story of Oberlin M. Carter is about to come to its climax. Within a few days the house military affairs committee will vote on a bill that would restore the military rank and good name which an army court-martial took away from him 40 years ago. Its decision will mean everything in the world to Carter, who is 83 and has spent half his life and all his money fighting for vindication. It may also mean a good deal to the army's court-martial system.

Carter's full story is too long to tell here—it would make a fat and absorbingly interesting book—but it can be skeletonized. He was a captain of army engineers, by all accounts one of the army's most brilliant officers. He was accused of permitting civilian contractors to scamp their work, during a program of harbor improvements at Savannah, Ga., was convicted and sent to a military prison.

Broke at 81
He went to prison in 1898, came out of it four years later—and has fought for vindication ever since, without one lull. He had a fortune of around \$50,000, and for many years he earned around \$25,000 annually as a consulting engineer; the fight took every dime, and today at 83—he is broke.

Congressman Thomas A. Jenkins, Ohio Republican who introduced the bill that would wipe out the action of that 40-year-old court-martial, remarks that the bulky record of Carter's case is the most fantastic thing he has ever studied.

Mighty Enemies
For one thing, it shows that brilliant Captain Carter had made enemies both in the army and in political circles—high-ranking, powerful enemies. It shows that he never got a penny of graft. It indicates very strongly that there was something extremely odd about both the court-martial that convicted him and the action of the reviewing officer who sustained the sentence.

And it shows lastly, that an army court-martial is a law to itself. Carter fought all the way to the supreme court, and got a final definite ruling that a civil court cannot review the action of a court-martial—that the only remedy for a miscarriage of justice, no matter how flagrant it may be, is through an act of congress.

Such an act Jenkins is trying to guide through congress.

VAN ENGELS

The record leaves Carter looking perfectly innocent. So, too, his own actions—for what guilty man ever spent 40 years and a large fortune fighting for nothing more substantial than the clearing of his name? But the army has strenuously opposed his efforts this spring, and if the military affairs committee votes out the bill it will do so by a very narrow margin.

Why? Here's Why
Why? The enemies of 1898 are all gone. Most of them are dead. No one today cares if Carter as an engineer-captain did step on some important toes and irritate some important people. Congress passes scores of bills to correct individual military records every year; why all the row over this one?

The answer is clear enough. Carter has simply got tangled in a bureaucracy. The army has nothing against him—but it does not want its court-martial system muddled with. The machinery that broke Carter may have been violently unfair—but a bureaucracy will defend its established machinery to the last gasp. And the congressmen—well, if they upset one court-martial verdict, won't they maybe be asked to upset more? Start that sort of thing and you don't know where it will end; simpler, probably, let it lie.

"Our army court-martial system," remarks Congressman Jenkins, "is the most archaic in the world. It is patterned on the pre-revolutionary British system—but the British brought theirs up to date, and we didn't."

Numerous Courtesies Honor Miss De Myer

An exciting round of gaiety has marked the visit in Twin Falls of Miss Anna Mary De Myer, a young woman who hails from the southland. Miss De Myer came west from her home in Princeton, Ky., last Monday to be the house guest for several days of Miss Ann Peavey. Their friendship began last year when the girls were students at Stephens college, Columbia, Mo.

Mrs. Harry T. West and her daughter, Miss Gloria West, home from the University of Oregon, Eugene, for the summer, will co-hostess a smart garden supper this evening at their country home near Kimberly, honoring Miss De Myer.

Southern Guest

(Photo by The Album) Much-feted since her arrival in Twin Falls has been Miss Anna Mary De Myer, Princeton, Ky. She is the popular house guest of Miss Ann Peavey, a classmate last year at Stephens college, Columbia, Mo.

Contest Slated By League for Idaho Writers

Second annual contest for Idaho writers who may not as yet have won fame with their talents, will be conducted during the month of August, under the sponsorship of the Idaho branch of the League of Western Writers, officials announce. Response to last year's contest was so great, and so much literary talent was discovered, that the organization has decided to conduct a similar event, it was announced today.

Prize winners will be announced at the writers' conference in Boise next October. Twin Falls chapter of the league, of which Mrs. Maxine Taylor is president, will assist the Boise chapter with both the contest and the conference. Mrs. Eleanor Allen is president of the Boise group.

Contest Rules
The contest will cover three fields of writing: Verse, article and short story. Only unpublished and original material, by Idaho writers, will be considered, and manuscripts must be typewritten. Out of state judges will be selected.

The following rules will govern the entries:
Where to send: Poetry entries are to be sent to Mrs. John W. Graham, 201 Tenth avenue, Twin Falls. Prose entries are to be sent to Mrs. Elmer Allen, 1320 Fifth street, Boise.

Contest dates: Aug. 1 to Aug. 31; entries postmarked after Aug. 31 will not be considered.
How to submit: Entries must be submitted by title only, with sealed envelope attached containing writer's name and address, with title of manuscript. The title should also be repeated on the outside of the attached envelope.

Limitations: Entries are limited to one article, one story, three poems, each. Entries may be made in any or all sections by each contestant. The article must not exceed 1,200 words in length, the story, 3,500. Last year several entries were disqualified because of word length. Manuscripts should be typed and double-spaced.

Return: Manuscripts will be returned to the writer only if accompanied by self-addressed envelope on which is sufficient return postage.

COUNTY FARM RESIDENTS ENTERTAINED

Residents of the Twin Falls county farm were given a rare treat yesterday afternoon when members of the M. B. and B. club presented a program for their entertainment.

In exchange, the club members were taken on a courtesy tour of the farm by William Shipman.

Miss Irene Davidson presented piano numbers, and also played the accompaniment for vocal selections by Miss Jean Pierce and Miss Joyce Peters, and for Miss Dorothy Hudson, who played violin solos.

U. S. Youth Rejects "Isms"

(Photo by Flower) Aya Cecilia Sato, Twin Falls high school graduate last spring, photographed with the poster which won her an honorable mention in a national art contest participated in by more than 361,000 young men and women. One of 535 to receive awards, she was the only winner from Idaho.

Supper was served, picnic fashion, at a single table placed on the lawn. Ping pong, "Murder" and other games diverted the group during the evening. Mrs. Valhalla presented Miss De Myer with an attractive gift.

Miss De Myer was introduced to 40 friends of her hostess at a formal tea the fore part of the week. That same evening she was honor guest at an al fresco supper at Shoshone falls picnic ravine.

Art Award Given to Local Japanese Girl

An American-born Japanese girl looked objectively at "New Frontiers for American Youth," and this is what she saw:

"A young couple going toward the preservation of democracy, leaving in the background dictatorship and other 'isms,' their eyes lifted toward the American eagle, representing freedom of speech and freedom of the press, poised against a background of towering buildings, depicting the different fields of youth participation, such as government and law."

The girl was Aya Cecilia Sato, who was graduated this spring from the Twin Falls high school.

Put It in Painting
That she made practical application of her vision of new youth frontiers, is indicated by the fact that she crystallized it in poster form and won honorable mention in a national contest.

The other day Aya learned that she was one of 535 winners chosen from more than 361,000 young men and women who completed in the art division of the second annual American Youth Forum competition sponsored by the American Magazine.

The certificate of honorable mention this 16-year-old girl received is one of her most prized possessions. The only art training she has received was that in classroom work last year, under the direction of Miss Helen Jordan, local high school art instructor.

Attractive Coloring
The background of her poster was done in aquatint work, in shades of blue, violet and orange. The letters, "Reverse Our Democracy" were in the background, and in the foreground the slogan, "America's New Frontier."

She worked on the poster two and one-half months before it was ready for entry in the contest.

Ava plans for next fall include more art study, and perhaps a chance at winning a prize, instead of an honorable mention, in some future art contest.

Continues Studies
She will enroll at Twin Falls high school for a post-graduate course, taking typing, shorthand, and of course, more art work, which she loves.

Ava is a native of Idaho, being born at Lorena. She is the daughter of Mrs. C. KIKI, Postville. At present she is making her home with Mr. and Mrs. E. L. Moran, 303 Third avenue east.

She is talented enough to be designated "the three 'b' winners" in the contest were boys. Last year the first art award was won by a girl.

Thanks Ava, "Art's a glamorous new frontier for girls."

The national average of hospitalization is 10% days per patient.

Bon Voyage Supper to Fete Departing Guest

Charming among the many courtesies which have been arranged in honor of Mrs. W. E. Paey, who will leave Sunday for Walla Walla, Wash., to make her home, will be the garden buffet supper this evening at the home of Mr. and Mrs. Claude Brown, 412 Fourth avenue north.

Sixty guests have been bidden to the event. Supper will be served at 14 quartet tables, placed beneath the shade trees and adjacent to the beds of bright-blossoming flowers.

Camera Club to Attend Outing At Banbury Nat

The Magic Valley Camera club is getting ready for another all-day picnic, and this time aquatic sports will figure in the program—and the pictures.

The outing is scheduled for next Sunday, July 16, at Banbury natatorium. Members of the club and all prospective members are requested to meet at the City park at 9 o'clock Sunday morning, and form a motorcade to the outing resort.

Miss Jewel Lundin is general chairman of arrangements. Those intending to make the trip are asked to notify her at Kluge's Variety store as soon as possible.

The club will furnish winners, buns and coffee. Members and guests are asked to supplement the menu with salads, relishes and other picnic fare.

Suggested by officers as essential equipment for the day are "cameras, ample supply of film, swim suits, towels and admission fee to the pool," according to Howard Wiseman.

L.D.S. Carnival Set for Aug. 2

Heralded as the biggest event of the year in Latter Day Saints circles, is the carnival planned for Aug. 2 at the new second ward church grounds. M.L.A. officers this week selected the date.

Approximately 15 booths and concessions will be set up, and proceeds will be used to complete the new church and to purchase furniture. Mel Carter and Miss Hertha Lawrence are in charge of the arrangements. The M. L. A. is sponsoring a picnic for the entire ward will participate.

The public is invited to attend. Mrs. Juanita Hull is chairman of the advertising committee for the affair.

Calendar

Morningside club will hold the annual family picnic Sunday afternoon, July 16, at City park. The picnic dinner will be served at 1 p. m.

Delta Sigma club's Kimberly will be hosts to husbands at a steak fry Sunday evening, July 16, at Shoshone park. Members are asked to meet at the parsonage at 5 p. m.

All friends of Mrs. C. C. Curtis, Spokane, Wash., wife of a former pastor of the Twin Falls Christian church, are invited to attend a farewell dance at 8:15 p. m. today for Mrs. W. E. Paey, ward officer, a number of years who is leaving Sunday to join her husband in Walla Walla, Wash. The bon voyage party is planned by the second ward bishopric.

VARIED PROGRAM
"BROADBENT" AT CLUB
With Mrs. William Armas, captain of division No. 2 presiding as announcer, an outstanding program was broadcast from station O-R-A-Z-Y at a meeting of the Sunshine Circle club yesterday afternoon.

The event took place at the home of Mrs. Armas. Readings, songs, jokes and riddles were presented by Mrs. Mary Stearns, Miss Francis Webster, Mrs. Armas, Mrs. Fern White, Mrs. Beattie Sims and Mrs. Leona Colburn.

Plans were made for a picnic Wednesday afternoon, July 26, at the home of Mrs. E. P. Laubach, beginning at 1 o'clock with a pot-luck luncheon.

Refreshments were served at quartet tables. Minute firecrackers, candy in waxed paper, gum drop favors were the favorite food items. Garden flowers, Mrs. Keaton, a guest, and 16 members were present.

Glen Holt Farm Is Picnic Locale

Complimenting the birthday anniversary of her son, John Breckenridge, Mrs. L. L. Breckenridge has arranged a picnic supper for 7 o'clock this evening at the Breckenridge farm, Glen Holt, on Blue Lakes boulevard north.

It will also serve as a bon voyage courtesy for Miss Miriam Booth, fiancée of John Breckenridge, who has been a guest at the Breckenridge home here, and at their summer home on Pettit lake, for the last several weeks.

Miss Booth is returning tomorrow to her home in Old Benning, Vt. Fourteen guests will assist in the celebration. Supper will be served out-of-doors at one of the many picturesque spots on the farm.

Also an out-of-town guest will be Wallace Cooper, who is a vacation visitor at the home of his parents, Mr. and Mrs. Edward Cooper.

MOTHER ARRANGES—
PARTY FOR DAUGHTER
Mrs. Freda Mullikin entertained at a lawn party this week in honor of the third birthday anniversary of her daughter, Derrene Mullikin.

The refreshments featured a birthday cake. Guests in addition to the honors were Lorna Dolan, Doris Jean Karmes, Paula Lewis, Connie Marlene, Patricia Gardner, Clara Mae Smith, Marjorie Yeaman, Peggy Stoddard, Glenn Jean Watson, Rose Ella Sorenson, Patty Ann Gaukel, Tony Tyler, Roger, Garth and Warner Tyler, Gordon and Vernon Stoddard.

George Mills, Tommy Doly, John Donald and Charles Woodland, Bobby McKel, Billie Carl Frazzelle and Wallace Smith.

W. C. CLUB HAS NO-HOSTESS LUNCHEON
Sharply appointed was the no-hostess luncheon at 1:30 o'clock this afternoon at the Park hotel, attended by members of the W. C. contract club.

Summer flowers formed the central trim for the single table at which club members were seated for luncheon.

ENGLAND DECIDES UPON CONSCRIPTION IN HONG KONG

REPORT CLAIMS FRANCE, BRITAIN TO DEFEND SEAS

LONDON, July 18 (Special).—The British government has decided to conscript all able-bodied British subjects in Hong Kong for defense purposes, it was said today in a reliable quarter.

Hong Kong authorities are already preparing for the conscription machinery, the information said, and compulsory military service probably will be inaugurated within one week.

It was understood that a defense similar to the British territorial—corresponding to the American national guard—would be organized.

1,000,000 Population

Hong Kong's total non-Chinese population is only 22,582. But the Chinese population numbers 844,400, and many of these, as British subjects, will be subject to call.

Aside from being Britain's far eastern naval base, backed up by Singapore, Hong Kong now has a regular army garrison including an infantry brigade.

Informed quarters said that the reported conscription decision would mean a reversal of the view held by many that Hong Kong could not be defended.

Could Defend Seas

The decision to introduce conscription could be interpreted as follows, informants said:

1. A trial balloon, in prospect of the extension of conscription to all British crown colonies as opposed to dominions.

2. British gesture to the Japanese, a show of strength similar to the air force plan for "showing the flag" by making flights to friendly countries.

3. The result of a decision that Britain and France could defend the South China seas.

STATEMENTS DUE BY CORPORATIONS

Period during which all Idaho and "foreign" corporations must file their annual statements with the county recorder and the secretary of state has now gotten underway and will continue until Sept. 1.

C. M. Mungrave, clerk of the recorder, reminded incorporated concerns here this afternoon.

Mungrave pointed out a new department under 1939 law in the legislation that a 50-cent fee must be collected by the recorder for filing the statements.

That provision was contained in house bill 121, printed on page 336 of the 1939 Idaho session.

No fee, however, need be paid by educational, scientific, religious or charitable corporations, or those corporations which are nonprofit. All must file annual statements but those classifications are not required to file the fee.

The secretary of state's copy of the statement must be filed at Boise.

Mungrave said that blanks for the statements to be filed in the county are available at his office. State blanks may be obtained through Boise.

Oddities

(By United Press)

BROWNVILLE, Tex.—William Ashton, late of Knoxville, Tenn., walked into the chamber of commerce and announced he had been transferred here. He asked for all the information available on the city's dogs. "Dogs?" asked the puzzled clerk. "Well," replied Ashton, "Yes, you see I am a mail carrier."

KANSAS CITY, Mo.—A swarm of bees had traffic muddled at a busy intersection. Two peeping persons vainly attempted to also them away, finally tried beating on pain. The bees moved into a street car whereupon the occupants growl faster. The shouts were still echoing when an unidentified man came along, scooped the bees into his jacket-board bag with his bare hands, and was quickly given police permission to keep the bees.

MEMPHIS, Tenn.—Mrs. H. L. Rine and Mrs. W. L. Hyatt are wives of Covington, Tenn., physicians and the best of friends. Each had been looking forward to being first in a race with the home. When Mrs. Hyatt left her home Thursday for a hospital here she laughingly exclaimed to Mrs. Rine that she had won. Mrs. Rine, however, yesterday visited the same hospital. Her baby, a girl, was born first—6 hours and 15 minutes before Mrs. Hyatt's daughter.

Funeral Set for Hazelton Raucher

Hazelton, July 18 (Special).—Luther Hazelton, 60, Hazelton rancher, died Wednesday at 8:30 p. m. at the Twin Falls county general hospital.

Funeral services will be held Friday at 2 p. m. in Hazelton. The body may be viewed at the Payne mortuary here until within an hour of the service.

He is survived by his wife, Mrs. Anna Hazelton, and one son, William Hazelton, Hazelton, and a daughter, Mrs. Maggie Hilley, Paul.

Built 10 years ago, the little Anglican church at Hazelton, N. B., is the oldest church of any denomination still standing on its original site in New Brunswick. It was founded by United Empire Loyalists.

News in Brief

Guest of Parents

Wallace, Cooper, Chicago, is spending his summer vacation at the home of his parents, Mr. and Mrs. Edward Cooper.

Kansas Visitors

Mr. and Mrs. George Thameret, Sylvan Grove, Kan., are visiting relatives and friends in Buhl and Twin Falls.

From Long Beach

Mrs. Jennie Schiffling returned yesterday from Long Beach, Calif., where she has been visiting the past six weeks.

In San Francisco

Mr. and Mrs. George W. Frazier are on a two-week vacation trip to San Francisco, visiting friends and relatives and attending the Golden Gate International exposition.

From California

Mrs. W. T. Leslie has returned from a two-week vacation visit with her daughter, Mrs. John Lande, and her son, Philip Leslie, at Berkeley, Calif.

Leaves for East

Mrs. Miriam Booth, who has been the house guest of Mr. and Mrs. L. E. Breckenridge and John Breckenridge, will return tomorrow to her home in Old Bennington, Vt.

Leave for Coast

Mr. and Mrs. John Schlichting, Austin, Minn., left this morning for San Francisco to attend the Golden Gate International exposition, following a visit at the home of Mr. and Mrs. Edwin Ehlers.

Sister Visits

Mrs. Clara Christiansen, Boise, is the house guest of her sister, Mrs. E. Alfred. She is also visiting other relatives and friends during her stay in Twin Falls.

Guest Departs

Mrs. Dorothy Mott, Moscow, house guest this week of Mrs. T. C. Peavey, has gone to Rupert to visit her parents, Mr. and Mrs. Fred Mott, and from there will go to Coeur d'Alene to visit friends.

Enroll at School

Students enrolling this week at the Twin Falls Business university included Miss Anne Strelitz, Miss Opal Smith, Frank Feldman, O. S. Anderson, Robert Nelson and John Cochran, all of Twin Falls.

Board Goes to Buhl

Twin Falls county board of commissioners was in Buhl and the west and territory today as part of its equalization duties in connection with tax assessments. The board visited the east end Wednesday.

From Vacation

Miss Edna Merrill, student at the Twin Falls Business university, has resumed her studies, following a three-week visit with relatives in Colorado and Kansas. She accompanied her parents on the trip.

Returns to Washington

Mrs. Mildred Smith returned yesterday to her home in Washington, D. C., concluding a vacation visit with her parents, Mr. and Mrs. Frank J. Smith. While in the west, Mrs. Smith attended the Golden Gate International exposition at San Francisco.

Relatives Visit

Mr. and Mrs. Erick Carlson and son, Virgil, Laramie, Wyo., are house guests of Mr. and Mrs. J. N. Burr, en route to the Pacific coast. Mr. Carlson is the niece of Mr. Burr. While here they have been taken on numerous trips to scenic points of interest in southern Idaho.

At the Hospital

Mr. H. D. Haight, Twin Falls; Mrs. Joe Gurnell, Boise; Dietrich, Glenn Perry; Mrs. Bart Thornton and Mrs. Kurt Kern, Buhl, have been admitted to the Twin Falls county general hospital. Patients discharged include Willis Kuka and N. K. Jarvis, Twin Falls, and H. Chaswick, Hazelton.

Minor Students

Miss Margarette Rees, Twin Falls; Richard Hunsinger, Hazelton; Charles Franklin Coleman, Buhl; Douglas Shephard, Paul; Edward Hart, Hazelton; and Loren Larsen, Boise, are Idaho students who were given high honor standing at the University of Utah for the spring quarter because of the excellence of their grades.

UNIONS JOIN TO ASK WAGE BOOST

(From Page One)

Representatives were "at work" on Capitol Hill today seeking agreement identical with that proposed by the AFL for restoring the prevailing hourly wage rates.

Added Support

Support for this campaign came from another quarter today. The Socialist party, in a statement over the signing of Living and working executive secretary, said that the strike merits the support of "every person who wishes to see that the wage standard won by organized labor through the years shall not be scrapped by the government."

A survey of states affected by the strike showed:

Texas—777 discharged.

Ohio—69 fired for refusing to work.

Minnesota—4,000 dismissed.

New York—4,914 dismissed.

Illinois—Notices given to 1,859. Estimated 24,400 still on strike.

California—Approximately 400 "separated" from jobs.

Michigan—40 dismissed.

Pennsylvania—103 fired.

WPA JOB-TAKING UP TO WORKERS

(From Page One)

The telegram telling zone WPA officials the course to take follows in full. Copies of it were sent here after it was received by Mr. Hine from officials in Washington:

Can't Alter It

"In cases where groups of workers stop work in protest against the work they are doing, the work should be explained to them or a representative of this is a requirement imposed by law and that no official of the works projects administration has any authority to deprive them of their work."

"The trouble came to a head a few days ago when Hargrave's wife filed suit for divorce. Hargrave returned to his work and was told by her. When permission was denied him, he went berserk.

The authorities said Hargrave had been of "violent nature" since childhood. They said he was constantly experimenting with firearms and dynamite and had become an expert on their use.

ENGLAND SPENDS DEFENSE MONEY

(From Page One)

British propaganda in Japan continued in preparation for the opening Saturday of negotiations at Tokyo for settlement of the Japanese-British conflict at Tientsin, where the British consulate has been under blockade. Behind the technical reasons for the blockade, Japan was understood to be demanding that Britain drop its alleged pro-Chinese attitude and cooperate with Japan's program for dominance in North China.

Grave Problem

Still another grave problem of empire defense arose between the so-called democratic and totalitarian blocs when Italy disclosed she had advised France of Italian "reservations" to the recent agreement between France and Turkey returning the province of Sanjak of Alexandretta to Turkish rule.

Acting under the 1930 agreement among allied powers, the French government said that the French-Turkish deal had been concluded without her knowledge and that Italy reserved the right to object. The possibilities of a dispute over Alexandretta were great because of its importance as a naval base with access to the French mandated territory of Syria in the eastern Mediterranean.

NAMES in the NEWS

(By United Press)

An astronaut in Guayquil. Ecuador, Olay Ortega, ascribed today that the United States and Europe will suffer a new wave tomorrow, Saturday and Sunday.

Fifteen days ago. Ortega predicted correctly the recent U. S. heat wave.

Gen. Francisco Franco. Spanish nationalist leader, was reported to have accepted the invitation of Colonel Galeazzo Ciano to visit Premier Benito Mussolini in Rome this September.

A Nazi newspaperman. Dr. Manfred Zapp, said today that the Twin Falls county general hospital has convinced him that national socialism would not work in this country.

Lapley O. Weaver. 85, editor-in-chief of the Chattanooga, Tenn., Times, and an associate of the paper since 1903, died last night.

Prince Fawaz Alasa Pasha. president of the royal society of agriculture of Cairo, Egypt, is in California studying the famed long slope cotton of the Fresno valley.

Mrs. James Roosevelt. 84-year-old mother of the American president, said on her arrival at Le Havre, France, that she was in the United States "to perfect and would allow him to run for a third time if he chooses," she quickly added that she was unaware of his intentions and declined to discuss the third time more often than in terms of FDR's health.

Migratory Farm Setup Outlined

W. W. Purcell, district supervisor of the Park Security administration, outlined the setup of the migratory labor farm being established at a meeting of Twin Falls Kiwanis club this noon at the Park hotel.

Also present at the luncheon was J. P. Wiseman, county supervisor of the PWA, who also spoke briefly on the projects of the administration.

William E. Hall, president, A. B. Gilbert, vice-president, and U. N. Terry, secretary, were elected as officers in the district convention at Golden Aug. 27-29.

Announcement was made of the fall-soon banquet Aug. 10 at the Hotel Sunnyside.

Fred Palmer, agent for the Union Pacific Railway company with headquarters here, was elected to membership in the Kiwanis club at Payette.

P. H. McClain, Ames, Ia., and G. P. McClain, his brother, were guests of O. P. Davall at the luncheon.

The principal kinds of cheese made in England are Cheddar, Cheshire, Stilton, Gouda, Wensleydale, Derbyshire, Lancashire, Colchester, Lancashire and Dorset.

Now Many Wear FALSE TEETH

With More Comfort

PARTKETH, a pleasant alkaline mouth powder, gives false teeth more firmly. To eat and talk in comfort, just apply a little PARTKETH on your false teeth. No gum, no glue, no wax. Just PARTKETH. It's the only powder that makes false teeth comfortable. Use PARTKETH on any denture.

Shift in Wind, Rain Put Stop To Grass Fire

PAYETTE, Ida., July 18 (U.P.).—A change in the course of a strong wind and a brief thundershower today were credited with saving from destruction a dozen or more farm houses and several hundred acres of crops as a grass fire spread across a plateau, 10 miles east of here.

About 30 families fought the fire yesterday until early today without success, in the face of a strong wind. Suddenly, the wind shifted, a brief but heavy downpour of rain came, and the blaze was checked. Forestry officials said lightning probably started the fire.

POCATELLO GUN BATTLE KILLS 1

(From Page One)

lers and his parents, Mr. and Mrs. E. T. Hunter of Decatur, Tenn.

Arrested.

First degree murder charges were prepared for filing against Hargrave, police said. They indicated they had long anticipated violence from Hargrave, but were handicapped from preventing it by pleas of leniency from him from his friends and relatives.

The authorities said he was arrested and ordered to leave the state a year and a half ago when he fashioned a home-made bomb of dynamite and set it in the home of his father-in-law. The family quarrel between Hargrave and Bailey was of long standing and had resulted in several previous outbreaks of violence.

STOLEN WALLET RECOVERED HERE

Local police this afternoon reported that a wallet taken from the home of Wayne Hancock, 259 Eighth avenue north, when burglars entered by cutting a screen on a door Tuesday night, had been recovered.

The wallet, police records show, was brought to the station by Jack Young, 11, and Leonard Young, 13. The two boys, who reside at 120 Kimberly road, reported they found the wallet in the alley at the rear of the Christian church.

Taken at the same time as the wallet was a pair of slacks which have not yet been recovered.

Rotarians Welcome Member into Group

WHEATON, July 18 (Special).—A new member of the Jerome Rotary club when members met for their Tuesday luncheon this week at a local cafe.

An interesting film on the perished forest located above Challis was displayed during the meeting on the chairmanship of Vern Thorpe.

A visitor, Earl Crandall, Salt Lake City, was among those present.

WAKE UP YOUR LIVER BILE

Wheaton, Colo.—Just You T. Jones Out of Bed in the Morning

The liver should pour out two pints of bile into your bowels daily. If bile is not flowing freely, your food does not digest. Just doctors in the bowels. Get your stomach, you get constipated. Get your bowels moving. You get rid of your waste and the world looks pink.

As you know, constipation is not a disease. It takes three pints of bile to get the food out of the bowels. If you don't get the bile flowing freely, you don't get the food out of the bowels. You get constipated. You get rid of your waste and the world looks pink.

Sublimity, active, active, active.

Grange Urged To Make Tour

All Grange members and others interested are invited to join a tour of inspection to the experiment station at Aberdeen, Bert Bolingbroke, county agent, announced at a meeting of the local Grange last evening at the Odd Fellows hall.

Date of the tour will be announced later. The trip will reveal some of the interesting experiments which are being carried out in the war on insects.

Bolingbroke outlined in detail the methods of insect control being used in this section of the state, particularly with regard to alfalfa weevil and Mormon crickets.

Refreshments were served by Mrs. M. T. Anlauf and Mrs. J. P. Cordes.

PHILIPPINES PROUD

MANILA, P. I., July 18 (U.P.).—The Philippine commonwealth is proud of the fact that it long has been a springboard for American heroes and statesmen, the Manila Herald said today in commenting on the appointment of High Commissioner Paul V. McNutt to head the federal security administration.

COWBOYS PLAY FINAL SERIES TILT TONIGHT

Lefty Mel Marlowe Sets Twin Falls Down With 4 Hits

Twin Falls Cowboys play their last game on the home grounds tonight before leaving on a tour that will take them to Boise and Pocatello for the next seven days. The battle will be against the Salt Lake Bees and Manager Wes Schulmerich's outfit will be struggling for its second win of a series that has already seen two games go to the invaders.

Last night Lefty Mel Marlowe, far and away the best southpaw in the league, allowed the Cowboys only four hits as he chalked up an easy 11-1 victory.

The Twin Falls club still holds a two-game lead over the Bees, but dropped down to two and one-half games behind the league-leading Pocatello Cardinals. Bill Schulmerich is slated to take over the mound duties for the Cowboys tonight.

John Stefan started on the mound for Twin Falls against Marlowe last night and the two hooked up in a hurling duel for the first five innings, with the invaders holding a 1-0 lead at the end of that time due to a single by the Bee portlander, when a double by Trower.

But in the sixth frame the local lefty got into trouble after two were down. Next Arlet was safe on an error by Ernie Bishop and then Kiley singled. Larrieu struck out and Stefan walked. Burdette to fill the bag. Ray Alvoe lifted a high sacrifice to right field to bring in the first runner, Anderson and Bishop singled and then Mr. Marlowe himself homered to clean the bases. Trower was out on a tap to short. That accounted for six runs—plenty to win the game.

Meanwhile Marlowe, a former Washington State athlete, was pitching nearly perfect ball. He allowed a scratch single in the fourth frame by George Farrell—the only safe hit until the seventh inning when Wes Schulmerich singled, went to second on Farrell's fly, Falconi struck out, but Steve Bogdanoff walked to fill the bases with one out. Junior McNamee came to bat and lifted a high sacrifice fly to left field to drive in the only run. Then Schulmerich doubled, pinch-hitting for Stefan, ended the inning by striking out.

Sheldon McConnell made his first appearance on the mound for the Cowboys as a relief hurler and lasted until one down in the ninth when Schulmerich took over and retired the side.

Marlowe struck out eight Twin Falls batters and was given errorless support by his teammates. The victory was Marlowe's 10th of the season.

Girl Softballers Play Jerome Business Men

JEROME, July 13 (Special)—It's the girls against the businessmen here tonight. That's the special softball attraction lined up to provide entertainment for Jerome sport fans this evening. In addition to the regular National Guard vs. Bismarck III in the softball league. Both games will be played simultaneously on the high school athletic field diamonds.

Betting odds—for what betting there was—were heavily in favor of the feminine softballers. They're well practiced and are ranked as one of the best girls' teams in southern Idaho. The businessmen, on the other hand, will be handicapped by a shortage of "wind" and in some cases by an overdose of avoidups.

The game is slated for 8:30 p. m. and to add to the program director Gustav Flechtner, band director, has changed the Thursday band concert to the athletic field. The band will begin playing at 8 p. m., and the softball game will follow immediately.

Among the "players" for the businessmen will be Mayor Llewellyn M. Zug, A. W. Tingwall, E. W. Sinclair, Jim Priddy, C. P. Zeller, Hal Wellington, Gilbert White, L. W. Griveling and half a dozen others. "Cowboy" Burke will manage the businessmen's team, according to those in charge of arrangements for the novel attraction.

Girls' Tourney Set Aug. 6 For Jerome

JEROME, July 13 (Special)—With the cream of south central Idaho girls' softball performers slated to seek the title, the second annual girls' invitational tournament will be held here Sunday, Aug. 6, it was announced today by the committee in charge.

The feminine softballers, most of them attired in natty uniforms, will play on the morning of Aug. 6 and will battle throughout the day. If necessary, the finals will be played under the lights at the high school athletic field.

Approximately 10 teams are expected to compete, committeemen said.

3 NINTERS WORK IN HOTEL
CANTON, O., July 16.—A small little trouble in receiving service in the Orpheum hotel here, if the call for Miss Annette, five daughters of the Annette family are employed as waitresses in the dining room of the hotel. A brother is a bellman.

A few stands of the first barbed wire fence that was built in Texas, near Austin, still are nailed to their posts, erected in 1876.

Match Play in Western Open Starts Today

OKLAHOMA CITY, July 13 (AP)—Bob Babbish of Detroit, defending champion, led off against Bill Howie of Oklahoma City today in the first round of match play in the western amateur golf tournament.

Babbish was exempted from the 36 holes of qualifying play which ended yesterday with Verne (Spec) Stewart of Albuquerque, N. M., winning medalist honors with a round of 68-69-137. Stewart was a stroke ahead of J. C. Hamilton, Oklahoma City.

Behind Stewart and Hamilton came Ed C. Kingsley of Salt Lake City, whose total of 140 is even par for 36 holes on the Country club course.

Rodney Bliss of Omaha, Neb., a pre-tournament favorite, barely qualified with 156. He will oppose Kingsley, whose 68 was yesterday's best score, in the first round.

Baseball Throwing Contest Set for Boys on July 22

A baseball throwing contest for youngsters of the Twin Falls area was announced today for the Jaycee park on the night of Saturday, July 22 by Business Manager Hugh Pace of the Cowboys.

The contest, sponsored by the ball club in conjunction with Twin Falls grocery merchants, will start at 8:10 p. m. and is expected to take about 15 minutes. Special prizes are offered to the various group ages.

Those entering the contests must be between the ages of six and 14. The first division is for youngsters between six and eight; then eight and 10, 10-12 and 12-14. In each division, the best throw will be awarded for the longest throw.

Prizes will be as follows: An autographed baseball (with the signature of every member of the Twin Falls ball club); a baseball glove; 12 children's season passes to the Twin Falls ball park; and four souvenir baseball pencils.

Entrance in the contest may be gained by turning in the top of a nationally known breakfast food box at the preliminary trials to be held Saturday afternoon, July 22. Further details may be found at the grocery stores of the city.

Twin Falls Girls Score 21-5 Win

Twin Falls girls softball players last night banged out a 21-5 victory over the invading Gooding ten in the opening game of the season. The local club scored in every inning of an abbreviated four-frame contest, pushing across a 14-7 score in the last half of the final stanza.

Twin Falls hit six home runs during the contest.

The "T" team tackled the strong Jerome team here on Friday night at Harmon park field.

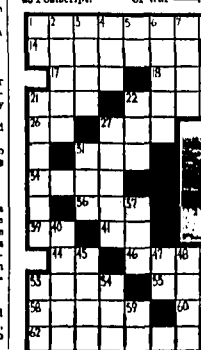

Scores by innings:

Gooding	002	1-5-2
Twin Falls	434	10-21-6

Applauded and Aramant, M. Gre, Coleman and Coleman, M. Gre.

Out of Doors with Hal Wood

UNUSUAL
We're told that this is "unusual weather"—in California and Twin Falls—and up in the Stanley basin area.

It also appears to be an unusual fishing season. Fish are already plentiful—just about a full month ahead of schedule. And on top of that there are fish in the small streams that usually don't put in their appearance hereabouts until fall.

Recently we hooked one of these—a 19-inch whitefish. We had another one on the line about the same size a few minutes later—that's the one we didn't catch. Old-timers in the region assure us that the whitefish "never" come into the local waters until the fall months.

But there we had one for proof—so you see, it's an unusual season.

There is a small stream in Stanley basin area, called Vat creek, that may contain more fish per square foot than any stream in the country.

Vat creek, narrow (about three feet across), with a black bottom, deep and smooth running, flows into Lake creek, which finally finds its way into the Salmon river. Now, there is no fun to be had in fishing Vat creek, despite the fact that you can drag the eastern brook trout up as fast as you drop your hook into the water.

In the first place, most of the fishy tribe are about three inches in length (we caught six about seven inches long and three back about 20 three inches long recently). Second, these runts don't nibble—they really gobble and usually have the hook and worm down their stomachs by the time you pull them in—consequently it's a bone job to remove the hook.

And third, the would-be fisherman has to "nigger fish." In other words, you can't cast at all. Just sit on the bank, drop your line in a pool—and presto, you have a fish. However, veterans do tell us that late in July and August the trout (they are all eastern brook) have grown up and most of the catches are around the 8-to-10-inch size.

Wanna try it some time?

Schulmerich Visits Park Youngsters

Special instruction in how to bat, throw and field was received by Twin Falls youngsters this afternoon at the city parks, according to Miss Vernie Richards, city recreational director.

The special instruction was given by Wes Schulmerich, manager of the Twin Falls Cowboys and former big league outfielder. The youngsters, regular enrollees at the play grounds, eagerly heard the "inside dope on how to play baseball."

WOODEN QUARTERS IN TOWN
KELO, Wash., July 16.—Wooden money has been hoarded by the Kelso Chamber of Commerce. The scrap, each piece worth 25 cents, is a souvenir of Kelso's celebration July 1-4 of Washington's golden jubilee of statehood.
