SWIFT ACTION SEEN ON INTERCOUNTY SPAN PURCHASE

COURT TEST OR BRIDGE BUYING EXPECTED SOON

Seeking to break the im-
pass that has held the Twin
Falls-Jerome intercounty
bridge purchase "hanging
fire" for several weeks, Gov.
C. A. Bottolfsen planned this
afternoon to take action that
will mean either swift pur-
chase of the bridge bonds or
a supreme court test.

That was the information
received by the Evening
Times today from the state-
house.

Governor Bottolfsen said he planned
to put through a long distance
telephone call from the executive
office to the Murphy-Parr
company, Spokane, second lowest bidder
on the \$482,000 in bridge bonds.

The governor asserted he would
ask Murphy-Parr point blank
whether the company wants the
bridge bonds without a court test.

If that offer is turned down, the
chief executive will inform the Spo-
kane Eastern Trust company, low
bidder, to go ahead with court ac-
tion to test bond validity. The bond
action for the test of the bonds
questioned legality of the legisla-
tive act under which the bonds were
to be sold, and an opinion by At-
torney Gen. J. W. Taylor, pointing out
objections to the act and to the pro-
cedure used in calling for bond bids
and awarding the bonds, would ap-
parently strengthen the stand
of the bond committee in favor of
a court test.

Bridges' Attorneys Defend 'Red' Party

SAN FRANCISCO, July 15 (U.P.)—Attorneys for Harry
Bridges found themselves today in the odd position of at-
tempting to defend the Communist party. The government
seeks to deport Bridges on the grounds that he is a member
of the party.

Bridges' counsel asked Dean
James M. Landis of Harvard, pre-
siding examiner, to subpoena Harold
Chapman Brown and Walter
Thompson, Stanford university
professors. Miss Carol King, chief
of the defense legal staff, said both
were "qualified to talk as experts
on the doctrine of Marxism, and
therefore their testimony is relevant
to determine whether an alien is
deportable by virtue of membership
in the Communist party of the
United States."

SUIT BY FRANCO GIVEN DISMISSAL

WASHINGTON, July 15 (U.P.)—
Treasury officials said today that
the New York federal district court
has dismissed the suit of the
Franco government to recover
\$150,000,000 as damages for purchase
of munitions from the United States
by the treasury of \$150,000,000
from the loyalist Spanish govern-
ment.

DOLEZAL TO GET SECOND HEARING

CLEVELAND, July 15 (U.P.)—
Frank Dolezal, charged with
leading one of 13 terror murder
victims, was a re-arrestment to
stand on grounds he did not have
legal counsel at his first hearing.

Common Pleas Judge Frank M.
Dale, granting an alternative writ
of mandamus filed by Dolezal's at-
torneys, ruled that the first ar-
restment before Judge of the
Frank M. Dale was improper.

Dolezal, who ordered
to stand on grounds he did not have
legal counsel at his first hearing.

Car Smash-ups Kill Bliss Boy, Three Tourists

Inquest Will Probe Death Of Youth, 12

GOODING, July 15 (Special)—
Coroner J. E. Manuel today
announced that an in-
quest would be held late this
afternoon or Monday into cir-
cumstances surrounding the
death of Albert Bliss, 12,
Bliss, who died as result of an
auto mishap eight miles north
of Hagerman last night.

Manuel said that exact cause of
the death could not be determined
pending further questioning of
Arthur Vielhuth, Bliss, driver of the
death car in which young Bliss was
a passenger.

Twilight and Tired Drivers Termed Cause

RUPERT, July 15 (Special)—

the fact that both drivers had
operated their machines for
long distances, was termed
today cause of an automobile
crash 14 miles east of here
which claimed the lives of
three persons last night.

Attendance Falls At New York Fair

NEW YORK, July 15 (U.P.)—Auto-
mobile parking fees were cut in half
at the World's fair today in an at-
tempt to jack up dwindling attend-
ance.

Attendance had fallen off to such
an extent this month that it was
estimated for groups of 500 or more
was reduced from 60 to 50 cents a
person earlier. The regular charge
is 75 cents. Concessions in the
amusement area would like the gen-
eral admission price reduced to 50,
or even 25 cents.

Little Hope Held for Rescue of 18 Miners

PROVIDENCE, Ky., July 15 (U.P.)—Rescue workers said
today they had scant hope of saving 18 of 27 men trapped
after a dust explosion in the Ruchman Coal company's
mine.

They hoped to reach nine men huddled in one of the gal-
leries where deadly black damp—the gas that spreads death
in coal mine disasters—was believed unlikely to penetrate.

VATICAN CITY—Pope Pius re-
ceived a letter today containing
a 1,000-line banknote and at the
same time solving the mystery of
a jewel the pontiff lost from his
cuff link recently.

On Wednesday while the pope
was receiving several hundred pil-
grims he permitted his ring to be
passed about to his blessed. The tiny
jewel dropped from his cuff-link
but the loss was not noticed until
later. A search failed to reveal the
jewel.

TELEPHONE OUT

They reported their plight to air-
force crews on the mine telephone.
Then the telephone went dead.

Rescue crews feared that the blast
may have loosened shaft falls, cut-
ting the mine shaft off from the
telephone, or that gas had
driven them into an incommuni-
cable chamber deep in the mine's
mazy labyrinth.

Ital Builds Great Communication System in Anticipation of War

GIGANTIC PHONE CABLE WILL BE LAID TO AFRICA

By JOHN W. ATKINSON
ROME, July 15 (AP)—Benito Mussolini's conviction that highly developed communications are indispensable in time of peace or war has spurred Italian engineers to prepare for either eventuality by building machinery and technical equipment probably unmatched by any other nation.

Italian engineering genius has made Italy the world's latest electric locomotive and the most powerful road shortwave station in existence, and is engaged in plans for laying down a telephone cable between Sicily and Africa which will be the world's largest.

Over a network of 4,000 miles of track, the largest network of electric railway yet built by any nation, Italian locomotives pull passenger trains which vary in length between 60 and 100 miles an hour.

On a test run between Naples and Rome, the electrically powered passenger train averaged 103 miles an hour, attaining a top speed of 125 miles. When these electric locomotives, through the quiet Italian countryside, waken the gates at each crossing, the engines before them are due to any passenger with his hand drawn back as caught on the track.

Electricity, generated from Italy's major hydroelectric power, is gradually coming to be the most used fuel in Italy's transportation system. Italy's first subway train, which transports 92,000 passengers an hour to the site of Rome's 1942 world fair, will be operated by electricity.

Italy's major capital cities are already a third of the way to the construction of the world's largest electrically powered passenger train. Twenty-five new motorships to engage in world trade, capable of making speed of 16 knots, are being built in Italian shipyards.

Phone Cable of 448 Miles
Having completed 2,000 miles of roads in Africa last year, Italian engineers are now making plans to lay the first submarine telephone and submarine telegraph cable between Africa and the European continent. The double service cable, to connect Tripoli and Sicily, will be more than 448 miles long, more than 40 miles longer than the cable linking Italy with the mainland, which is the longest in the world now.

Musolini communicates from Rome to the world through the radio of the shortwave radio. On the outskirts of Rome the world's most powerful shortwave station broadcasts Fascist propaganda in 18 languages on a 24-hour schedule. In line with Mussolini's campaign to bring Italy to the living abroad, most of the radio propaganda emanating from Italy today calls Italians home to settle in Italy's new overseas empire.

FORECAST CALLS FOR COOL NIGHT
Today's weather forecast called for some weather tonight, but made no mention as to what the weather forecasters could expect Sunday, at least so far as temperature is concerned.

Temperatures continued to reach high levels in Twin Falls where yesterday the mercury went to 82 above, the sixth straight day during which readings of 80 or better had been noted. At 1:30 p. m. today the official thermometer at the bureau of meteorology showed 84 degrees above.

ELECTRIC FENCE PERIL STRESSED

Kyle M. Waite, member of the board of directors of the Adequate Electric power company, this afternoon stressed use of electrical fences on farms "about as safe as handling a loaded 45 automatic and telling him to go play with it."

Waite asserted press dispatches showed last week a Rigby girl was killed when she came in contact with such a fence and that this week a Burley fisherman was nearly electrocuted when he, too, took hold of a "hot" wire.

"At the best the electric fence is extremely dangerous," Waite said today. "They are fine for keeping livestock out of a closed area but the practice of placing them around many farms with no regard to their position or their accessibility to children is a very bad thing."

"A majority of such fences, I have noted are not properly marked so that strangers will know about them. Even if they are marked, they cannot be read may come in contact with them and be severely shocked, burned or even killed."

"Such a fence run off a battery with intermittent current, which would permit a person to let go if he happened to take hold of the wire, is not so bad. One run from 110 volt or higher line, however, is dangerous even if a transformer is used. Transformers sometimes have high voltage on the ground wire will then be carrying the full current. Should anybody touch such a fence at that time it would probably be the last thing he ever remembered."

Keep From Public
"When used for stock it is my opinion that such fences should be placed in a position and location where they wouldn't be easily accessible to the public."

"Some day legislation will take a hand and stop the spread of this new hazard to human life. Under some conditions it is just as easy to die when touching one of these fences as when sitting in the electric chair."

Walthers Leaguers Eye State Meeting

Final plans for the local Walthers league's participation in the Utah-Idaho district convention of the International Walthers league, Sept. 3, in Salt Lake City, were made at an executive board meeting this week at the home of Loren Schaefer, treasurer, here.

Rev. N. E. Dunsen, was named chairman of the resolutions committee for the event. The group decided to publish the last issue of "Our Utah-Idaho Youth" in the form of a convention handbook.

MAGIC VALLEY LOOKS AHEAD, SAYS DIRECTORY SUPERVISOR

People in south central Idaho rarely speak of "hard times," and everyone is looking ahead rather than behind.

That cheerful diagnosis of Magic Valley was offered today by a man who probably says as much for more people than anyone you'll find in a week's travel. The man is E. O. Palmgren, manager of a group of nine persons who are now compiling data which will go into the new city directory being formulated by the R. L. Folk and company. The local directory will "take in" five counties including Twin Falls, Cassia, Gooding, Minidoka and Jerome.

Tabulators have been working in and around Twin Falls for the past three weeks and the job will take some four or five weeks longer to complete. Every home and business in the five counties will be visited before the work is done.

Because of his wide visitations, Mr. Palmgren's observations as to what the future of Magic Valley is going on can't be unestimated.

All Growing
For instance the manager finds that practically all communities in this section of Idaho, including Twin Falls, are showing rapid growth. Business conditions in general are better here than in any other section of the country. Building activity is also greater than in any other section.

But what impresses Mr. Palmgren most, as a visitor to this area, is the hospitality of the residents. He has been in the Magic Valley since 1921 and has traveled most of the United States.

In addition to his observations, made both by himself and members of his staff of nine, Mr. Palmgren is also able to tell of some very amusing incidents in connection with the answers to the questions of the enumerator was asking her.

And so it goes as the tabulators visit each and every home and place of business. Subscriptions to the directory are being taken as the information is gathered. Those who have thus far failed to place their subscriptions can do so at Mr. Palmgren's headquarters, maintained in Twin Falls at 745 Main avenue west.

Some people even try to give wrong names. Believe it or not, one local woman, late for an appointment, went into the bathroom to take her shower while she shouted through the curtain the answers to the questions of the enumerator was asking her.

AMERICAN MISSING AFTER HIS SEIZURE BY JAPANESE

CHURCHMAN AND THREE WOMEN IN REGION ARE LOST

HANKOW, China, July 15 (AP)—American consular authorities are gravely anxious over the fate of an American who was arrested by Japanese a month ago and is seeking vainly to get in touch with three women in Japanese-occupied territory. It was understood today.

The man is L. W. Holland, of the American Methodist church at Nanchang. The women, whose names were not given by informants, were attached to the Nanchang hospital.

Japanese military authorities announced June 14 that they had raided Holland's home at Nanchang the previous day. They said they found numerous "anti-Japanese" leaflets such as Chinese airplanes had scattered over Japanese-occupied territory.

They said—without explaining why—that Holland was at the Nanchang hospital—and added that he denied the accusation.

Japanese authorities expressed belief that Holland had taken part in anti-Japanese activities by lending money to Chinese and permitting Chinese to use his house for "anti-Japanese" work.

Five days later, the American consular made written representations to the Japanese consulate, expressing "grave alarm" regarding Japanese allegations of American missionary activities at Nanchang because, it was asserted, the Japanese consulate had been unable to substantiate the charges made by army men.

There has been no reply whatever from Holland, and no word of his fate.

Insurance Group Meets at Resort

SUN VALLEY, July 15 (Special)—The 1939 national convention of the Acadia Life Insurance company will be held at Sun Valley from Sunday, July 16, through Wednesday, July 19, with the delegation of 200 members arriving on two special trains at the Ketchum depot Sunday at 3:30 a. m. The trains will depart the following Wednesday evening at 11:30.

Burton Langhenry of Washington, D. C., is in charge of the convention. In conjunction with the regular Sun Valley sports hour at the stadium Sunday at 3 p. m., the delegation will be entertained by a rodeo and a sheep dog exhibition. The latter performance is in charge of the Thompson family of Bakersfield, Calif., whose trained dog executes intricate maneuvers with a hand of 10 sheep in the rodeo arena. Alice Greenough, former world champion horse rider, will give exhibition ride on imported bucking horse, Miss Carol Henry of Rupert, Ida., will appear with her famous trick horse known to rodeo followers throughout the western states.

OBSELETE

SAN FRANCISCO, July 15 (AP)—The page boy bob for women is obsolete and hasn't a chance to come back, Margaret Condos, Chicago, secretary of the National Hairdressers and Cosmetologists association said today.

The association's 18th annual convention opens here Sunday, July 16.

She said the new trend for women's hair-do is a "soft, upward sweep, arranged to bring out the contours and lines of the head, creating a silhouette effect."

FSA AIDS FARM FAMILY ASSETS

More than 4300 Idaho farm families have been enabled to increase their net worth over and above all debts, by almost \$500 per family through the Farm Security Administration's program of supervised credit. It was announced here this afternoon by T. J. Lloyd, state administrator.

"One of the preliminary aims of the FSA program is to enable borrowers to produce practically all their food supplies as well as livestock fed on the farm so that cash expenditures for such items will be reduced to a minimum," Lloyd said. "Progress of their farm families is indicated by the fact that they increased supplies of fruits and vegetables by 210 quarts; milk produced for home consumption by 315 gallons; meat for home use by 441 pounds; and eggs produced for home use by 115 dozen per family. This means a contribution to the annual cash income of the farm of from \$200 to \$300 per family."

These families have already repaid \$1,886,000 of the \$3,414,000 loaned by the FSA, although most of the loans are made in a five year period. Full repayment of loans has been made in 590 families and 79.1 per cent of maturities due have been met.

While many of these farmers are owner-operators, nearly 1500 of them have been enabled to obtain credit instead of oral leases and almost 240 have advanced from tenant-renter to tenant status during the past crop year.

Another measure of progress of these families, Lloyd declared, is that nearly 670 children of school age in these borrowing families have been enabled to attend school as a direct result of the FSA program.

Tenants helped. "In addition to the rehabilitation loan program, 15 loans totaling \$139,100 have been made to tenant farmers in Blaine, Canyon and Jerome counties for purchase of farms under the Bankhead-Jones farm loan act," Lloyd said. "Construction will be completed this fall on Idaho's first two farm family loan camps located near Caldwell and Twin Falls. Each camp will have seasonal shelters for 224 families and 24 farm labor homes with small cottages available for families who are forced to seek a livelihood following seasonal harvest. Minimum housing, sanitary, health and social facilities will be available for these families."

Debt adjustments have been effected for 2,150 families faced with foreclosure action, resulting in reduction of a total indebtedness of \$7,704,800 to \$4,739,500. As a result of debt adjustments these farmers have been able to pay \$68,000 in back taxes.

Miss Virginia Haynes Will Marry in August

At a cleverly appointed party last evening, Mrs. F. C. Haynes announced the engagement of her daughter, Miss Virginia Haynes, to Grant A. Lewis, son of Mrs. May Lewis, Twin Falls.

The marriage will take place in August, according to the interesting nuptial news, revealed on tiny scrolls which were presented to the guests as favors.

Mr. Lewis is at present associated with the Amalgamated Sugar company at Nampa, Ore. Miss Haynes is a member of the office personnel of the local branch of the company.

Contract bridge was the diversion of the evening. Honors went to Mrs. H. A. Block, Mrs. Kenneth Smith and Miss Carol Smith.

Crystal Nuptial Date Observed

Mr. and Mrs. Frank G. Kleffner, Jr., celebrated their crystal wedding anniversary last evening with a party at their home, 560 Fourth avenue east. Members of the party presented the honorees with a crystal set in honor of their 15th wedding anniversary.

Their wedding was one of the social highlights of the summer of 1924, and was solemnized at St. Edward's Catholic church, July 14 of that year. Mrs. Kleffner was formerly Miss Dorothy Roy.

Following the games, the hosts served a Dutch lunch. Present for the celebration were: Mr. and Mrs. Frank Kleffner, Jr., Mr. and Mrs. George Seidel, Mr. and Mrs. Louis Smith, Mr. and Mrs. Chester Clark, Twin Falls, and Mr. and Mrs. Joe Huber, Buhl.

Macy Kinter to Present Recital

Mrs. Charlotte Duvall, 11, Twin Falls, will present Miss Macy Kinter in a recital Monday evening, July 17, at 8 o'clock at the First Presbyterian church in Buhl.

Miss Kinter will be assisted by a number of Twin Falls artists, including Miss Martha Holmes, soprano; Miss Juliet Hayden Boone, soprano soloist; Miss Gertrude Becker, soprano; Miss Maurine Terry, contralto; Allen Duvall, tenor, and James Reynolds, bass.

Calendar

Orchestra club will meet Monday at the home of Mrs. Harry Wohlhuth.

Townsend club will meet Tuesday at the Baptist bungalow. A picnic will follow, and all persons attending are requested to bring one or two pies.

Salmon Trout Homemakers' club will meet with Mrs. May Knudsen Wednesday at 2 p. m. Mrs. J. E. Pohlin will be assisted by hostesses. Roll call responses will be "How I would like to spend my vacation." Miss Margaret Hill will discuss "Afternoon Retirements."

Rousing Music Lends Interest to Outing

Fifty members of the Twin Falls Lions club, their wives and partners, reversed the order of the morning, and went on an outing last evening at Kivani's nook, Shoshone falls.

To the accompaniment of accordion music, played by Mrs. Edith Schroeder Jacklin, the men and women joined heartily in the singing of songs around the camp fire.

The tuncful band of yesterday, and the lively numbers of yesterday, along the canyon walls until long after dark. Although the requests were many, Mrs. Jacklin's repertoire was never exhausted.

Lloyd Collier was general chairman of arrangements for the event, one of the most enjoyable in the annals of the local organization.

Children for the feast were furnished by H. G. Hayes, newly elected president of the club.

Mrs. Lloyd Collier, Mrs. Ronald Graves, Mrs. Allen Young, Mrs. Fred McGee and Mrs. Harry Balch were members of the women's committee which assisted.

Dr. and Mrs. G. W. Burgess were special guests of the group.

Mr. and Mrs. Boyd and Mrs. Gale Beveridge, Twin Falls; Mrs. Walter Olsen, Mrs. Stoner, Mrs. Leo Jankowski, Mrs. Jefferson Hill and Miss Isabel Sandmeyer and Miss Huston, all of Buhl, were present to honor the New York visitor.

BEAUTY CONTEST SET FOR JULY 27

Competition to select "Miss Twin Falls" in Idaho search for a girl who might win the "Miss America 1939" title at Atlantic City will be held here July 27. It was announced this afternoon.

The Twin Falls winner--who may be a girl from this city or any of the surrounding communities--will compete for the state title of "Miss Sun Valley of Idaho" Aug. 12 and 13 at Sun Valley.

Theater Local preliminary contest will be held on the stage at the Orpheum theater, chosen as sponsor of the contest, at 8 p. m. next Tuesday.

The program, arranged by Mrs. W. W. Wise, included two solos, "Play Me a Tune," by Mrs. W. W. Wise, and "Humorous Act," by Mrs. W. W. Wise.

With Idaho entering for the first time in the oldest and most famous beauty pageant in America, Idaho girls may win the coveted title of Miss America 1939, some \$3,000 in prizes and contracts, and opportunity of screen tests with one of the most famous studios.

The matter of highway signs at Bliss was discussed and the roads commission was directed to take up the matter with Twin Falls. The club authorized payment of several bills including a yearly membership in the state chapter.

REVENGE

PALESTINE, Tex., July 15 (UP)—Five years ago Mayor H. Handorf discharged Policeman R. L. Eubanks. Eubanks swore he would get even.

Late yesterday Eubanks drove into Handorf's ice station, called him outside and shot him to death. Then Eubanks killed himself.

MICHIGAN CHIEF WARNS MOTHERS

ANSING, Mich., July 15 (UP)—Gov. Luren D. Dickinson warned mothers today of the dangers which he said lurk for their daughters at "high life" social functions.

Reviewing incidents he observed on a trip through New York state last month, the 60-year-old chief executive said the settings of parties and banquets in Albany, Saratoga, and New York made young girls "the prey of social brutes."

Dickinson was president of the Michigan Anti-Saloon league when he said lurk for their daughters at "high life" social functions.

LAST RITES FOR GOTTLIEB SCHENK

RUPERT, July 15 (Special)—Funeral services for Gottlieb Schenk, ar., who died at his home in Rupert Monday, July 10, were conducted at 2 p. m. Thursday in the Paul Congregational church with Rev. Renz officiating in charge. Music for the occasion was provided by a ladies' quartet composed of Hulda Renz, Emmeline Renz, Emma Malar, and Mrs. Albert Mehrer, who accompanied by Mrs. Albert Mehrer sang "Safe in the Arms of Jesus" and "Beautiful Land."

Flower bearers were Mrs. Martin Gerlach, Mrs. Henry Farnow, Mrs. Gerlach, Mrs. Walter, Mrs. Rhen, Mrs. Hine, Mrs. Schessler and Mrs. Zimmerman.

Interment, under the direction of the Goodman mortuary, was in the Rupert cemetery.

Mr. Schenk was born July 18, 1881, in Akerman, Russia. There, in 1882, he married Miss Caroline Rhen. They came to the United States in the fall of 1902 and settled in Menno, S. D., where they lived until 1915 when they came to Idaho and located on a dry farm in the Kimama district. Later they lived in Paul but for the past 14 years Rupert has been their home.

Mr. Schenk is survived by his widow, Mrs. Caroline Gottlieb Schenk, and nine sons and daughters, Gottlieb, Jr., Philip Schenk, and Mrs. Theresa Klebe of Rupert; John Schenk, Heyburn; Jack Schenk, Burley; Mrs. Caroline Braunstruher, Yankton, S. D.; Mrs. Magda, Lena Heim and Mrs. Pauline Heim of Menno, S. D.; and Mrs. Louise Cummings of Santa Rosa, Calif.

In HOLLYWOOD Today

(By United Press) Amanda Duff, actress-socialite, and Philip Dunne, scenarist-son of the late novelist Peter Dunne, culminated a film lot romance today by flying to Reno and being married. They were flown to Reno in a plane by Dunne's private plane.

William Powell, Hollywood's super actor, is back at work today after an absence of a year and a half because of illness. Upon reporting to M-G-M studio, he was greeted with a kiss by Myrna Loy, his partner in their famed production, "The Thin Man."

The mother of Ben Alexander, radio master of ceremonies, is in critical condition today after attempting suicide. The mother, Mrs. Elizabeth Alexander, 46, was said by police to fear she was going blind. She shot herself in the chest and slashed her wrist.

The screen actors guild decided today that Senors and Seniors, Calif., two of the favorite spots for mountain and seacoast movie locations are within 300 miles of Hollywood. The decision will cost studios some \$23,000. Under an agreement, the studios must hire Hollywood extras for all locations within 300-mile radius or pay "standby" wages to extras if they employ natives at the scene.

Since the decision is retroactive, Warner Brothers must pay \$4,000 and M-G-M \$18,000 for "Dodge City" and "Stand Up and Fight."

LITTLE HOPE SEEN FOR REVIVAL OF NEUTRALITY PLAN

ADJOURNMENT OF CONGRESS LOOMS EARLY IN AUGUST

By RONALD G. VAN TIME
WASHINGTON, July 15 (AP)—Senate leaders pointedly refused today to adjourn in the first week of August today. They had little hope of reviving President Roosevelt's neutrality program.

Adjournment fever increased both in the house and senate, despite earnest appeal by the President and Secretary of State Cordell Hull for repeal of the existing arms embargo. "They will have to build a fence around Washington to keep senators here much longer," said Sen. William E. Borah, R., Ind., ranking member of the foreign relations committee which Tuesday voted 12 to 11 to shelve the neutrality issue until next year.

There was no indication that the administration's appeal had changed committee sentiment.

Sen. U. S. in War
Sen. Hiram Johnson, R., Calif., charged that the neutrality program outlined in the Roosevelt-Hull special message to congress yesterday would embroil the United States in foreign wars.

Sen. Walter P. George, D., Ga., who cast a decisive vote for postponement of the question, said he believed Hull's views were worthy of careful study but that in his opinion the question had been settled for the present.

Administration leaders had hoped that George might reconsider his vote and permit a neutrality bill to reach the senate floor under an agreement whereby it would not be acted upon until the next session.

Reaction Split
Reaction to the President's and Hull's appeal generally followed the lines of the 12-to-11 division in committee. Advocates of postponement argued that the United States ought to stick to the mandatory arms embargo affecting all foreign nations. Administration supporters claimed that the appeal was "unanswerable" and ought to be acted upon.

Mr. Roosevelt's message said the program encourages a "general state of war both in Europe and Asia," and should be repealed as soon as the cause of the war is removed.

The message was interpreted by some congressmen, including a prominent New Dealer, as being designed to "keep the record straight."

Little Chance
After a conference between Senate Majority Leader Alben W. Barkley, D., Ky., and Minority Leader Charles McNary, R., Ind., it was passed through congressional cloakrooms that there was little chance for further action on neutrality.

Under McNary's leadership, the bill passed the President's proposed \$2,400,000 lending program. Under Barkley's leadership, the bill passed the President's proposed \$2,400,000 lending program.

Foreign Relations Committee Chairman Key Pittman, D., Ky., supported that adjournment prediction. But he reiterated his opinion that special action on neutrality would be called if war broke out in Europe.

APPROVAL GIVEN FOR TVA'S PURCHASE

WASHINGTON, July 15 (AP)—Congress sent to President Roosevelt for his signature today a bill authorizing purchase of Tennessee properties of the Tennessee Electric Power company for a cost of \$75,000,000, of which the Tennessee valley authority will pay \$44,728,000 and municipality and appropriate associations \$30,272,000.

The action of both houses on a conference report was reached with almost unprecedented speed. Opponents of the TVA's power program had debated the bill for several weeks in committee, on the floor and finally in conference.

Chairman Andrew W. May, D., Ky., of the house military affairs committee described the agreement as the "best of a bad mess." He charged that TVA board and sold \$9,000,000 of bonds while the legislation authorizing them still was under consideration.

HOG POOL EARNS TOTAL OF \$2,946

Twenty-one tons of hams, bacon, pork chops, lard and other products from the same source had brought 30 Twin Falls county hogs a net of \$2,946.11 today.

That was the return from the Twin Falls County Livestock Marketing association's hog pool sold from here Friday afternoon.

South Ben Franklin, according to County Agent Bert Hollibaugh, there were 163 hogs in the pool, aggregating 42,418 pounds in weight.

Titles Cleared

Quiet-title decrees had been issued today by District Judge T. Bailey Lee in two cases involving property ownership here. The cases: Carl C. Benson received a decree applying to lots 20 and 21 in block 132. He had filed suit against Bert L. Rathbun and others.

Edna H. Babcock received a title decree to property including eight lots in Twin Falls subdivision and townships. P. G. Leichter and others were named as defendants.

Slight Contrast at Carnival Picnic

Jolly Edna, 684 pounds, and Dolores and Shirley, 15-year-old midwest twins, relax after eating heartily at the picnic staged by Mr. and Mrs. T. S. Corey, owners of the amusement center which closes its run here tonight. More than 150 employees of the tourist park. Entertainers themselves provided an impromptu program.

Food "Melts" Magically As Carnival Folk Picnic

By JEAN DINKELACKER
"Roll out the barrel, and we'll have a barrel of fun!" challenged the music, booming forth from a sound machine.

One hundred and fifty men and women, boys and girls—not counting the dozen or so dogs that ranged from the huge Newfoundland "Gillie" to the aristocratic Pekingese—were gathered for the picnic. In the background loomed the permanent-decked tents, the ferris wheel, the high diving and aerial equipment that would call them "back to the grind" all too soon.

Yesterday was a day off for the performers and employees of the White City Amusement company, and the "disappearance" act was on.

It literally melts. Slices of ham, roast beef, potato salad, all prepared by Mrs. T. S. Corey, wife of the show's owner and manager, in her electrically-equipped de luxe trailer home, literally melted from view.

"Bye-bye, pickles, cheese, all washed down with foamy amber beer or ice cold lemonade, augmented the feast."

"Then came the gallons of ice cream. One youngster rejected the dish of chocolate offered her by an open-shirted routabout, with the demand, 'I want some with COLORED!' as she eyed the pink-frosted strawberry for cream that her general-cold neighbor was relishing."

"Two of the women, who admitted it was their first picnic, wanted to know whether they dared take an amber calico."

684-Pound Edna
Not so jolly Edna, who, in voluminous blue and white painted bibbed slacks, severely pinched away, secure in the knowledge that she could put it on, put on, put on, wouldn't be noticed.

The "biggest little lady of the picnic" described her evening, but her pleasure was as nothing to the delight of 15-year-old twin midwest, Dolores and Shirley, who happily swayed here today at a United States fair, watching a rattlesnake from a plate here or there, in their pursuit of fun.

Asked to pose with Edna for a picture, they clambered up on the

Woman Goes 'Round World' In 16 Days

NEWARK, N. J., July 15 (AP)—Mrs. Clara Adams, of New York, arrived here today aboard a United States plane from San Francisco, Calif., establishing a new record of 16 days, 10 hours and four minutes for around the world travel on regular commercial airlines.

The previous record of 18 days, 14 hours and 40 minutes was set in 1930 by H. R. Jones for the Pacific-Atlantic route.

Howard newspapers, Edna now in United Press bureau manager at home.

Mrs. Adams, a widow with a pre-arranged air travel began her globe-trotting venture at Port Washington, N. Y., on July 29, when she boarded Pan-American Airways' clipper on the first regular transatlantic flight with paying passengers.

She went on the clipper to Horta, Lisbon and Marseilles. From Marseilles, she flew on regular scheduled airlines through Leipzig, Athens, Haifa, Aden, Hong Kong, Bangkok, Hongkong, Manila, Honolulu, and San Francisco.

Mrs. Adams said she was the "happiest woman in the world."

POLICE CAPTURE ESCAPING UTAHNS

SALT LAKE CITY, July 15 (AP)—Three convict-muscleheads who escaped during a band concert at the Utah state prison last night were captured this morning by two Salt Lake City policemen.

The escapees were picked up at the Union Pacific railroad yards just as they were preparing to hop a westbound freight.

Police were notified that the three were in the railroad yards by a storekeeper whom they had accosted.

The three convicts put down their instruments during a band concert at the state prison last night and went to quench their thirst. Taking advantage of their guards' momentary carelessness, they escaped over a high cyclone fence which straddles the prison yards.

Prison authorities had described the three as "dangerous characters." They were John Monastero, 25; Cecil R. Wright, 30, and William James, 38. Monastero and Wright had been involved in shooting affairs coupled with their activities as bank and highway robbers.

According to Warden O. O. Meredith, the three men and 18 other convicts were playing in one of their regular tri-weekly band concerts on the prison lawn. During a recess, and while a guard was busy with the men, the men apparently escaped through a strawberry patch on the west side of the prison.

Flames Riot As Car Hits Power Pole

ANTIOCH, Calif., July 15 (AP)—A car hit a power pole, toppling a 60,000-volt transmission line onto a 4,000-volt distributing line.

The next few moments: Sheets of flame ran up and down the walls of Charles Elliott's house. The motor in the refrigerator virtually melted and fuses popped like so many firecrackers.

Mrs. Elliott, holding a candle for her husband while he investigated the trouble with the lights, was blown out the back door.

Herman Bruns' house was shaken off its foundation. An unidentified man who called the Pacific Gas and Electric company said he was shaving with an electric razor and the electricity burned his face.

Officials of the electric company said it was miraculous no one was killed.

CONTINUED HEAT MAY HURT CROPS

SALT LAKE CITY, July 15 (AP)—Prospects of a continued heat-wave throughout the Intermountain west today brought new threats to agricultural and range lands of the region.

Sections faced by lack of irrigation water were threatened by drought conditions. Some range lands were reported to be burned to a large extent.

James E. Jarr, director of the Utah Forest service, who has just completed a survey of Utah range lands, said conditions "do not look very encouraging."

Unless we get relief soon, the situation will be critical by fall," he said.

As the scorching heat maintained its grip, Salt Lake City thermometer readings today showed a record of 103 degrees in the city's record. Children's official temperature was set 100. Provo reported 103, and Logan's temperature was set at 96.

Pocahontas maximum of 100 led Idaho's record, Boise reported 92. The "scorching" heat was equaled by that of the midwest, Las Vegas, Nev., maintained its lead as the hottest city in the country with a temperature of 114 degrees.

Funeral Planned For Burley Baby

BURLEY, July 15 (Special)—Funeral arrangements were being completed today for Burley baby, a three-month-old daughter of Mr. and Mrs. Gilbert Hodge, who died at 10 p. m. Thursday.

The baby rests at the Burley funeral home. She was born April 1939, at Burley. Surviving in addition to her parents are one sister, Lucille June, 4, and one brother, Gilbert Lyman, Jr., granddaughters, Mr. and Mrs. J. C. Hodge, Burley, and Mrs. Dora Knuch, Twin Falls.

Jerome Nazarenes Conduct Revival

JEROME, July 15 (Special)—Jerome Church of the Nazarenes will begin a two weeks' revival, beginning Sunday at 11 a. m. and at 8 p. m., with Rev. H. W. Jackson, Newport, as the evangelist in charge.

Meetings will continue nightly, including Saturday, at 8 p. m. Rev. and Mrs. M. M. Roberts of Jerome will have charge of the music. Rev. H. W. Jackson, Newport, will have charge of the music.

Rented Plane Lands in Tension Lines; Pilot Unhurt

C. D. Thomason, sailor attached to the North Island naval air station, had no trouble taking off with a rented plane in San Diego, Calif., but when he attempted to land the plane struck high tension power lines and burst into flames. Thomason cheated death by burning electrocution or falling when he pulled himself away a wire, hand over hand, until he reached a pole then shimmied down. The pole, above, firmers, are shown looking at the ribbed skeleton of the wire-trapped ruins of the plane.

ENGLISH YOUTHS ENTER TRAINING

LONDON, July 15 (AP)—Thirty-four thousand British youth were born as the World War ended, reported for duty at regimental depot today under the new conscription act.

They are the first of 200,000 youths of 20 years subject to call this year under a compulsory service act, which permits more than any other single thing, awakened Europe to the fact that the British government was really making urgent preparations to meet any emergency.

In the World War, England did not resort to conscription until nearly two years after the outbreak of hostilities.

Laborers, clerks, mechanics, youth who had never found a job, public school boys, university students and budding young men about town boarded special trains for designated depots, to begin six months of military training.

Officers and non-commissioned officers at the depots had special war office instructions to be friendly to the recruits, and sell them the idea that a soldier's life could be a happy one.

Queen Mary awaited one group—those designated for the Shorncliffe royal armored corps, of which she is honorary colonel—to bid them welcome.

St. Edward's Plays Tie Ball Game with Burley Recreation

BURLEY, July 15 (Special)—St. Edward's of Twin Falls and the Burley recreation baseball team played nine innings to a 7-7 tie here yesterday afternoon and then had to quit. The two clubs will renew hostilities at a later date on the Twin Falls field.

Yesterday's battle saw the victors collect 15 hits to nine for the local team, but they couldn't hit the clincher. Biggest blow of the tie was struck by Karlson of Burley, who got a triple, field of Burley and Mielke of St. Edward's got doubles.

Aged Juniper Tree Predicts Drouth Spell

BOISE, July 15 (UP)—Lynn Crandall of Idaho Falls told today how an aged juniper tree in the eastern Idaho lava beds forecast the present southern Idaho dry spell.

Crandall said an examination of the tree rings, which indicate dry and wet years by their size, showed drouth occurred at fairly regular intervals since the tree began to grow in 310 A. D.

The tree rings showed another dry year was likely in the late 1930's, Crandall added.

BLAZE DAMAGES AMUSEMENT PARK

SALT LAKE CITY, June 15 (AP)—A spectacular blaze that threatened the \$500,000 Saltair amusement center and endangered more than 3,500 persons gathered in the main pavilion last night, the park's manager said the park would be open for business tonight.

The blaze started in the engine of a small train used to transport bathers to the beach of the great Salt Lake. Employees at the resort cancelled the flames until two engine companies arrived from Salt Lake City.

Damage was estimated at \$10,000 and no one injured as the engine and boiler underpinning, literally an amusement concession.

The amusement center, one of the oldest in the west, was burned to the ground in a similar fire in 1925.

"Everything To Make Living More Pleasant"

LENDING SET-UP RECEIVES BOOST

WASHINGTON, July 15 (AP)—Prospects for enactment of President Roosevelt's multi-billion dollar lending program before adjournment brightened today as a result of house action on a senate-approved housing bill.

That measure, which authorizes an increase from \$500,000,000 to \$1,000,000,000 in the bond issuing authorization of the United States housing authority, went on the house calendar carrying several amendments, but before coming to the house banking and currency committee. Previously it had been reported that the bill might languish in committee. But a favorable report was voted by the group last night.

President Roosevelt conferred today with Jesse Jones, chief of the new federal loan agency. It was understood they discussed the new lending program.

The housing bill is one of two measures implementing the American recovery program. The committee will resume consideration of the other—the \$2,600,000,000 Barkley-Stengal bill liquidating projects built Monday morning.

SUMMER SCHOOL CREDITS GRANTED

Grades were recorded this week at the summer school for students of Twin Falls high school who wished to make extra credits for the next year. J. D. Barnhart, director of the school, announced today.

Seventeen students received credits which correspond to a semester's work during the usual school year. Nine of these were in English, five in Latin and sociology, two each in geometry and American history and one each in general science and biology.

School was held six days during the week from 7:30 a. m. to noon in the Washington school building. Teachers were Mrs. Barnhart and Austin Wallace.

The new discipline problems. Everyone was there for business and worked hard. Mrs. Barnhart stated with an exception all who enrolled finished the course.
