PRESIDENT SIGNS HATCH POLITICAL MEASURES

1,000 POLICE GUARD AS CIO MAPS DETROIT STRIKE

Battle Front Moved To Detroit as Union Plans GMC Picketing

DETROIT, Aug. 2 (U.P.)—One thousand police were standing by for riot duty today at the United Automobile Workers union (CIO) massed additional pickets at General Motors plants affected by the union tool and the makers' strike which was a month old today.

Special orders strengthening police details available for enforcing order at the plants were issued after eight pickets were arrested and several were injured in a battle between police and pickets at Fisher body plant No. 37 late yesterday.

Police used tear gas to disperse a crowd of approximately 400 pickets which had hurled bricks and rocks at workers leaving the plant in automobiles. Several pickets and employees were injured, one of them seriously.

Negotiations over wages between General Motors executive and UAW-CIO officials continued under direction of federal labor commissioner James F. Deway.

Oddities

PROTEST
SEANOLAI, the American-owned Chinese theater, withdrew from display a color movie cartoon, "Good Little Butterfly," a parody on Madame Tse-tse, because of a Japanese protest.

ANALYZED
LONDON—Malcolm Bradbury told the international psychology conference that he had analyzed a prize cow and cured her of the inferiority complex she suffered when her owner took her to the show. "Cows, like women, need petting and fussing," he said. "I massaged and petted Fanny (the cow) and gradually got her to the point where she would let me milk her. I treat all of my own cows as individuals, according to their moods and fancies."

COMPETITION
NEW YORK—Mrs. Evelyn Fonda was back home alone and under her maiden name from a honeymoon in the South Sea Islands. She left her husband in Bali, and she thinks it is still there, "looking for those Bali men."

MANNERS
TREVISE, Italy—Lud Gidditts, a good mannered man, had today, Gidditts ransacked the apartment of Monsignor Antonio Mancini, bishop of Treviso. He decided to leave a note of thanks for his host and started to write it. But the bishop's portable typewriter, the ruler of the typewriter with the bishop's telephone, Lino Trecento, who telephoned him.

HOUSE LEADERS OPEN RUSH FOR END OF SESSION

WASHINGTON, Aug. 2 (U.P.)—President Roosevelt's house leaders tossed his \$800,000,000 housing proposal overboard today and started a bandwagon rush for adjournment.

The action was revealed by Chairman Adolph J. Sabath, D. Ill., veteran chairman of the bulky rules committee which has aided the Republican-Democratic coalition in repeatedly hamstringing administration proposals.

Sabath made his announcement after a conference with Speaker William B. Bankhead and Democratic House Leader Sam Rayburn. He coupled it with a bitter attack on the house majority which yesterday killed Mr. Roosevelt's lending program. And he called for the President to run for a third term.

Third Term?
The house vote of 193 to 166 to kill the lending program—already slashed to \$150,000,000 by a house committee—was the President's original \$3,000,000,000 recommendation—"forces President Roosevelt to become a candidate for a third term," Sabath declared.

"The forces of reaction are drunk with power," he said angrily. "If the President does not become a candidate for a third term, it just means that all of the achievements of the last eight years in behalf of the common man will be wiped out as soon as the Republicans get in their work."

Sabath's announcement meant that the adjournment rush was on in dead earnest. Today the house appropriations committee completed work on the final deficiency appropriation bill of the session—containing the last measure to be shoved through congress just under the adjournment gong.

Fate Uncertain
The fate of legislation still on the books was uncertain.

The junking of the housing bill was not expected.

The death of the lending program was hailed by acting Republican leader Warren R. Austin of the senate. He declared "nothing has happened in a long time that will give so much encouragement to private enterprise."

Administration enemies were downcast. Senate Democratic whip Sherman Minton, D. Ind., warned that "business will get into a tail spin if we don't vote for it."

Sen. Francis M. Brown, D. Mich., who voted for the lending program, however, expressed hope the house action might help business.

COUNTY RECEIVES LIQUOR PROFITS

Twin Falls county today had received \$4,021.39 as its share of the second quarter of the current year, this brings to \$10,409.01 the amount received during the first half of 1939 and to \$27,821.71 the amount received since inception of the dispensary, under the management and operation of the state liquor board.

The incorporated towns and villages of the county received as their proportion for the second quarter amounts as follows:

Twain Falls, \$1,583.00; Thid, \$331.37; Piler, \$102.21; Kimberly, \$107.70; Hansen, \$102.11; Hollister, \$102.11.

The distribution to the counties of the state for the second quarter of 1939 totals \$68,820.84, reported to the state liquor board by the general fund of the state received \$34,410.42 with the public school fund receiving a like amount or a total of \$137,901.68 for the quarter.

"Twin Falls county participated in the total of all monies which were allocated to the general fund of the state, as well as the public school income fund, resulting in the county receiving a total of \$137,901.68 in the direct disbursement to the county which is reflected in the reduction of county taxes."

NAVY STRONG
BIANCHI, Aug. 2 (U.P.)—A Japanese navy spokesman said today that the Japanese navy was convinced that it was strong enough that it couldn't be defeated by any navy in the world.

Policeman's Billy on the Down Stroke

Cleveland's "Battle of Colt Road" where 3,000 Fisher Body Co. pickets tossed 450 police with gas grenades, stones and bricks, was the worst test gas battle in a decade of strike fighting, veteran reports. Left, picture above, catches highlight of the bitter battle as a policeman swings on picket helping to upset auto. Note new style "crash" or paper mache helmets worn by pickets who came prepared for worst. Below a picket dashes into the thick of a tear gas barrage to seize gas grenades and hurl them back at police. At bottom the pickets are in full flight as the blinding tear gas closes in on them.

Gambling Boat Surrenders to "Navy" of 250 Coast Officers

LOS ANGELES, Aug. 2 (U.P.)—The heaviest gambling ship yet stopped by the U.S. coast guard today, a 100-foot motor launch, was taken into custody by a "navy" of 250 law enforcement officers.

The launch, which was carrying 100 passengers and 100 crew members, was found by a patrol of the U.S. coast guard off the coast of Los Angeles. The launch was carrying a large amount of gambling equipment, including tables, chairs, and a large amount of cash.

ENGLAND READY FOR EMERGENCY DURING AUGUST

By JOE ALEX MORRIS
United Press Foreign News Editor
Great Britain, facing the so-called "crisis" month of August, offered her front today against totalitarian pressure in Europe and the far east.

The house may rest assured that the country is now ready for an emergency. Prime Minister Neville Chamberlain told the house of commons in London.

At the same time, the admiralty announced construction of an additional 140 vessels in Britain's 1939 naval building program, including small craft for protection against submarines.

In Berlin, the leaders of the Nazi air, land and sea forces issued proclamations in connection with Adolf Hitler's orders for commemoration of the 25th anniversary of Germany's entry into the World War. The proclamations declared the Reich's desire for peace but emphasized her readiness for war.

Large Scale Maneuvers
Germany, with her armed forces mounting close to the 2,000,000 mark, began large scale air maneuvers in the northwest and sent troops into the forest near France for Rhineland maneuvers. Fascist Italy inaugurated air and land war games in the Po valley to test her ability to repel an offensive from France.

In the far east, where a Japanese naval spokesman at Shanghai declared the Japanese navy could not be defeated by any war fleet in the world, Britain again protested against anti-British activities in Japanese-controlled areas of China.

The Japanese merely increased their pressure against the west.

In Tokyo, the foreign minister, Kokiuri Kokiuri, reported that the Japanese government planned to renege on a promise to withdraw troops from Manchuria.

Formal Protest
The United States embassy at Tokyo formally protested to the Japanese government the renege on a promise to withdraw troops from Manchuria.

The Japanese government, however, refused to accept the protest.

SPAN TEST CASE WILL BE FILED

Assurance that the test case which will determine whether the 1939 state toll bridge act is constitutional will be filed in the immediate future, was given here today by R. P. Perry, attorney.

Perry said that a test case on the Twin Falls-Jerome bridge purchase would be filed in the immediate future. He added that he must "thoroughly investigate" the matter before he could announce the exact date the suit would be filed or the attorney who would do the filing.

"All I want to do is get this thing wound up as quickly as I can," Perry said.

The state toll bridge commission only recently voted to buy the bridge for \$480,000 but bonding concerns refused to accept the house of state treasury order until the act permitting the purchase was ruled constitutional.

NAMES in the NEWS

President Roosevelt, reminded that today was the 12th anniversary of Calvin Coolidge's death, refused to be led into any discussion of his third term plans.

Dr. Sigmond Pearl, 83, father of the late Pearl Harbor, was in Honolulu, Aug. 2, where he is a trustee from Nazi America.

Secretary of Labor Frances Perkins called the recent mine disaster at Providence, Ky., in which 25 miners were killed and their bodies left "distasteful," leaving the company carried no workers' compensation insurance, as proof of the need for compulsory state compensation laws.

Elkhart Roosevelt, son of the President, called Josef Stalin of Russia the "bloodiest of all murderers" in a letter to the editor of the "Chicago Tribune" in which he said that Stalin was a "murderer" and that Adolf Hitler was a "boy scout" in comparison.

Lord Howard of Penrhyn, 75, who as Sir George Howard was an ambassador to the United States from 1924 to 1930, died in London.

For a second time, the Los Angeles, for years head of the juvenile court in Denver, endorsed a Cleveland grand jury recommendation that severely and right-wing public school students should be taught morals and law by nuns.

President Roosevelt will be urged for the sake of civil liberties in this country that the senate would grant an additional \$100,000 to enable the National Civil Liberties Committee to continue its work.

Francis D. Sayre, newly appointed American high commissioner to the Philippines, indicated he is opposed to any reneging on promises of independence for the Philippines.

He also indicated a request for reconsideration should come from the islands.

New Bill Keeps Federal Workers From Campaigns

WASHINGTON, Aug. 2 (U.P.)—President Roosevelt today signed the precedent-shattering Hatch bill which removes all but top-bracket federal officials from politics for the first time in U. S. history.

Mr. Roosevelt accompanied his action with a message to congress which he called the measure "a step in the right direction" but raised numerous questions of policy in its application.

He called on congress at its next session to consider the possibility of extending the prohibitions of the Hatch bill to state and local employees and suggested that several minor clarifications might be made in the interest of more efficient administration.

Mr. Roosevelt declared that "hundreds" of questions had arisen and would arise as to the application of the political bars of the bill.

"I am, therefore," he said, "asking the attorney general to take the necessary steps through the new civil liberties unit of the department of justice in order that the civil rights of every government employee may be duly protected and that the element of fear may be removed."

The exact significance of the reference to the civil liberties unit was not made clear by the message.

Measure Constitutional
Mr. Roosevelt declared that Attorney General Frank Murphy had advised him that the measure was constitutional, but that the government had no right to infringe upon the rights of its employees to free speech and to exercise their voting rights.

"It is because for so many years I have striven in public life and in private life for decency in political campaigns, both on the part of government servants, of candidates, of newspapers, of corporations and of individuals, that I regard this legislation as at least a step in the right direction," Mr. Roosevelt said.

The bill, sponsored by Sen. Carl A. Hatch, D. N. M., and Rep. John J. Dempsey, D. N. M., was enacted by congress after months of controversy.

BRIDGES DENIES HE IS COMMUNIST

SAN FRANCISCO, Aug. 2 (U.P.)—There was no Communist Party in Pacific maritime unions but Harry Bridges, Australian-born labor leader whose deportation is sought on grounds he is an undesirable alien, testified today that no organizations whatever exist in his trade unions.

Asked if he believed in the teachings of the Communist party while in prison, Bridges replied: "I'm not familiar with them. My interest is in the practical matters. I have little time to worry about theories."

Thomas Shoenberger, government counsel, asked him if there were Communists in the maritime union.

"Yes," Bridges replied. "There are many. I don't know how many."

Asked to name some of them, he said their names were already in the hearing record.

He said that he knew some of them personally but he made no effort to conceal it, he said.

"Have you ever told anyone you are a Communist?" Shoenberger asked.

"I have killed some," Bridges said. "But never seriously and Communism is a standing joke along the waterfront."

New Record Seen For Visitors at Yellowstone Park

YELLOWSTONE PARK, Wyo., Aug. 2 (U.P.)—A new all-time travel record was expected to be reached today as 1939 motorists continued to lead the previous mark by six per cent.

Passing the 300,000 mark for the first time in history was a virtual certainty, Dept. of Interior officials estimated that 300,000 persons were expected to visit the park by Aug. 1.

All park areas reflected the increase in the month's registration, up 193 per cent.

KILLER RECEIVES LIFE SENTENCE

CHICAGO, Aug. 2 (U.P.)—A 55-year-old Italian-American man who had killed a 15-year-old girl in a dispute over a 60-cent watermelon, was sentenced to 99 years in prison by a jury in Judge John Sheridan's court from last night.

James Miss Murtal Campbell, 55, was charged with the murder of the girl, who was found dead in a pool of blood in the back of a car.

Miss Campbell, who was charged with the murder of the girl, who was found dead in a pool of blood in the back of a car.

WEED WORK MAY RESUME MONDAY

Most weed programs will probably be resumed Monday in 15 Idaho counties where 700 men have been laid off because of lack of funds, according to information from Washington, D. C., said P. L. Kellogg of Idaho, state weed supervisor, here today.

The men are being used at present to secure the needed funds necessary for the weed program.

At the time of the federal aid cut, Kellogg said, the federal aid was cut from \$100,000 to \$50,000. Kellogg said that the federal aid was cut from \$100,000 to \$50,000.

STRIKE TIES UP SEATTLE FERRIES

SEATTLE, Aug. 2 (U.P.)—Sixteen Puget sound ferries operating on a dozen routes were tied up today as 300 men went out on strike in a strike of the inland boatmen's union for higher wages.

The strike, which had an estimated 10,000 persons living outside Seattle but commuting daily to work in the city.

Gov. Clarence D. Martin flew from Spokane in an attempt to settle the controversy as he did two years ago. The strike was the third in six years.

On Vashon Island, more than 300 business men and farmers carrying 300 automobiles met the ferry ferry only to find the ferry was out of work. The ferry was out of work.

RECORD

PHILADELPHIA, Aug. 2 (U.P.)—Hunter and Humphrey Moody, brother aviators, having set a new world endurance record for long distance flying, remained aloft today and said they would stay up as long as humanly possible "to make it tough" for anyone who attempts to break their record.

They equaled the previous mark of 216 hours and 43 minutes at 5,243 p. m. (EST) yesterday.

BOY SCOUTS KILLED

EL PASO, Tex., Aug. 2 (U.P.)—A 10-year-old boy was killed today when a bus, carrying 30 children, was struck by a truck, according to police here today.

W. A. Merrill, Declo, who died shortly after birth yesterday. The other infant survives. Payne mortuary was in charge of arrangements.

LEWIS ENTERS POLITICAL CAMPAIGN IN KENTUCKY

CIO HEAD PLANS BATTLE AGAINST CHANDLER ENTRY

By LYLE C. WILSON
WASHINGTON, Aug. 2 (UP)—President John L. Lewis of the Congress of Industrial Organizations is at the political battle again today in a contest as interesting as that which he lost a year ago in a Pennsylvania primary election.

This time the battle is in Kentucky where Republican and Democratic voters on Aug. 2 will select nominees for various offices. Constitutional contests in one of which John Young Brown, United Mine Workers attorney in Kentucky, seeks the Democratic nomination, deserve national attention.

Lewis has been made a campaign issue by Lieut. Gov. Kern Johnson who seeks the Democratic nomination as the representative of the state organization, O. C. E. (Hispanic) Chandler and the New Deal were in a no-quarter battle a year ago when the governor opposed Sen. Allen W. Barkley, D. Ky., for renomination. President Roosevelt visited Kentucky in Barkley's behalf and the senator has endorsed Brown, Lewis' attorney, in this year's contest.

Not involved
But the New Deal is not directly involved. Both Democratic factions sought administrative support. Brown claims a "green light" from the White House for his candidacy. There is not much evidence of Roosevelt favor, however, beyond the fact that Barkley has sided with the Brown forces.

Washington hears that Lewis' description of Vice-President John N. Garner as a labor-baiting, whiskey-drinking, poker-playing, evil old man has given a flourish to the campaign. Lewis, however, compared to a "Dominican dictator, lustful for blood and vengeance," was quick to telegraph Garner when the labor leader turned his fire on the vice-president.

Back to 1933
The Lewis-Chandler feud goes back to 1933 when, after Lewis had won thousands of votes for his current enemy in the gubernatorial election, he was charged with having crossed on labor policy. Lewis says Chandler promised state aid for labor in Harlan county and ran out on the bargain. He has said Chandler never won another election office in Kentucky. He helped make that threat good in last year's Democratic primary. The same probably goes for any Chandler man.

Nomination of Johnson would be a reverse for Lewis. Kentucky observers report the contest a close one and that the impact of Lewis' statements about Garner might conceivably determine the issue.

Although Johnson has made Lewis the symbol of his opposition, labor is reported generally aligned with CIO Candidate Brown despite efforts of the American Federation of Labor high command to turn AFL votes to Johnson. The state AFL executive committee, reportedly on instructions from President William Green, endorsed Johnson but district AFL leaders, especially in the northern part of the state, have refused to go along. Observers believe labor's rank and file and the railway brotherhoods will vote for Brown next Saturday.

"Swell Head"

That inflated rubber bathing cap not only keeps pretty Helen Kelly's hair dry, but will hold her head above the water at Miami, Fla.

Assessors Decide Home of Actress Is Worth \$220,000

HOLLYWOOD, Aug. 2 (UP)—The idea of rousting from royal palaces being dismantled, shipped here in crates, and set up again inside actress Marion Davies' beach home, brought surprised gasps today from the county board of supervisors.

As the board of assessors will go on paying high taxes on her colossal white mansion with 47 rooms, 17 of them baths, along the strand at Santa Monica.

Miss Davies wanted the assessment reduced from \$220,000 to \$50,000. She sent a real estate expert, Carl Gutierrez, to plead her case that the place was a "white elephant." He explained "nobody wants to buy anything so lavish."

K. F. Potter, the chief county appraiser, disagreed.

"I understand some of the rooms were taken bodily from the homes of European royalty and shipped here to be set up intact in the Davies mansion," he said. "When you eat dinner out there you can say that you dined at the home of royalty, or at least nobility."

"The kitchen is as big as my meeting hall," he told the supervisors. "And the dining room is twice as big."

The supervisors ruled that Miss Davies' place is still worth \$220,000.

VEGETABLES AND FRUITS INCREASE

Idaho fruit and vegetable prices increased to a new year's high July 15, but are still below the July 15 level of last year, according to the monthly report of the agricultural marketing service, department of agriculture, released today.

The average of all Idaho farm prices shows an advance of one percent from June 15, but are still six percent below the prices of a year ago, stated the report. The index stood at 88 percent of pre-war levels as compared with 92 percent for a year ago.

After advancing for three months, grain and feed prices declined a few points. The report, compiled by Richard C. Ross, Idaho agricultural statistician, shows the index for grains has declined from 67 in June to 64, one percent below the level for a year ago. Feed crop prices are down from 70 for June to 69, two percent below the 1938 figure.

Meat prices advanced one point from 118 for June to 119 for July 15, five percent below the figure of a year ago. Dairy products continued steady at 88, one percent below the July 15, 1938 index.

Poultry and poultry products increased four percent to 69, 12 percent below the 1938 level. Prices for all livestock and livestock products is steady at 106, four percent below the level last year.

The report is prepared and published through the courtesy of the agricultural experiment station at the University of Idaho, and released by the Statistical Report.

Commissioner

Francis B. Hayre, above, assistant secretary of state and former assistant of the late Woodrow Wilson, has been appointed by President Roosevelt as high commissioner of the Philippines.

HEYBURN

Mrs. Mabel Olson, Indiana, visited here last week.

Mrs. Hazel Pullman, Ganett, Kan., is visiting at the home of Mr. and Mrs. G. H. Pullman.

Mrs. Ed Slater, West Virginia, spent the week-end at the home of Mrs. Ronald Marshall.

Mrs. Arthur Sablin is enjoying a visit with her sisters, Ethel, Doris and Vernon, Tucson and Pomerene, Ariz.

Mrs. Jack Lott is visiting her parents in Winona, Wash.

Mrs. and Mrs. Dock Stevens, Coalville, Utah, were visitors in Heyburn Sunday.

Mrs. Tom Megerson and children left last week for Ruth, Nev., to join her husband who is employed there.

Mr. and Mrs. Pat McSwenny, Los Angeles, were visitors at the home of Leo Handy.

Vic Pullman returned Saturday from a trip to the northern part of the state.

CALLAHAN WILL TAKE 'VACATION'

BOISE, Aug. 2 (UP)—Comptroller Don Callahan agreed at a meeting of the state board of examiners today to take a leave of absence until the legality of a 1939 law creating the comptroller's office has been determined by the state supreme court.

District Court Judge C. P. Koelsch has already declared the office unconstitutional, but his decision was appealed to the higher court. Since Koelsch's decision, Callahan has not received a salary.

While Callahan is on leave, all claims will be signed by the governor, deputy comptroller and auditor in a manner similar to that in effect before the comptroller's office was created.

Domestic Water Lines Shown To Take Heavy Load

Local domestic water lines carried a right heavy load during the month of July.

A report, released today by L. G. Satterlee, superintendent of the filtration plant, disclosed that no less than a greater amount than 116,689,000 pounds of water was used during that period in the city.

"Relaxed down" into the figures, as released by Satterlee, this amounts to 141,903,000 gallons for the 31-day period.

Greatest amount of water was used on July 25 when demand called for 5,252,000 gallons. Smallest was noted on July 8 with 3,980,000 while average daily consumption for July amounted to 4,674,000. Of the total used during the period there were 5,878,000 used for washing purposes in cleaning the filters, Satterlee pointed out.

Cost of chemicals to treat the water came to \$23.8 per million gallons. Chemicals used included 28,282 pounds of alum, 1,134 pounds of chlorine, 400 pounds of carbon and 600 pounds of blue salt.

About 45,000 communities in the United States are still inaccessible by everything but the motorcar.

OPREUM
Now showing—"Maidie," Robert Young, Ann Southern; "Building Drummhead's Wife," John Howard, Selection "Miss Twin Falls" Wed. evening, Thurs. midnight—Francisco Spook frolic.

CHECK REVEALS FAULTY LIGHTS

State police held a "safety lane" in front of the courthouse on Rhoshone street last night as part of a state-wide safety program launched by D. F. Banks, Idaho state safety director.

After finding about 90 percent of the lights on 300 automobiles to be defective, officers today reminded drivers that Idaho law requires a check of lights every 90 days.

Stickers and certificates are issued by approved light checking stations after every light inspection, according to officers. The certificates are good for only 90 days, after which another light check is required.

Light defects consisted of faulty alignment, burned out globes and lack of tall light, police reported.

Drivers' licenses were also checked along with lights during the safety lane last night. Seven persons were

ordered to report to courts on charges of operating motor vehicles without drivers' permits.

Another safety lane will probably be held in Twin Falls this month, announced state police.

Each star in the sky is dying out slowly.

700 Attend Picnic For Odd Fellows

HAILLEY, Aug. 2 (Special)—Over 35 towns were represented at the annual I. O. O. F. picnic held Sunday, eight miles above Ketchikan on Wood river. It was estimated that over 700 persons attended, a gain of 350 over last year, and 500 per cent gain during last three years. It was the 12th annual picnic.

A picnic lunch was served at noon by the I.O.O.F. Spontaneous all kinds were held, with children participating. Prizes were given to the winners.

Mrs. Althea Venable was main speaker. She is the president of the Rebekah assembly. Mrs. Audrey Farnum, ex. past president, Mrs. Emma Smith, past president and Mrs. Sylvia Mott, past president, also gave talks.

Officers of the picnic were George H. Merrick, president, Tom Bailey, general manager, and N. G. Weyer and O. C. Sullivan, secretaries.

Citizens' Responsibility for Future Emphasized at Easley

"America's future is in danger only as the best citizens are careless or reluctant about accepting responsibility for its planning."

This will be the keynote of leadership talks at the southern district annual women's vacation camp which opened today at Easley hot springs, and will continue throughout Friday. Similar streets have been placed on discussions at the other camps at Lava hot springs, Ponds' lodge and Payette lakes. Theme of the camp is "Tomorrow in the Making."

Men Attend, Too

"Women's camps" are probably a misnomer, inasmuch as men in large numbers are attending the camps. Record attendances have marked the other three vacation camps, and Mrs. J. E. Hayes, on the speakers' roster for all four, observed that approximately one-third of the audience at Lava Hot Springs was comprised of men. More than 800 persons attended, breaking past records.

Originally established 13 years ago as vacation camps for rural women, they have since become training camps of vital interest to urban women and men as well as agricultural residents.

Mrs. Hayes, who stopped at her home in Twin Falls, en route to Easley, remarked yesterday that leaders and religious fields had maintained their enthusiasm through the years and were always willing to appear on the programs, which have continued the high standard of the earlier days of the vacation camps.

The programs are not concerned with mechanical things, such as are taught in house demonstration work, but are directed toward questions of public interest.

Easley hot springs camp, discontinued for a time, was resumed three years ago.

Out-of-Towners Feted at Party

Mr. and Mrs. Marcus Richards presided at an informal garden party at their home, 225 Blue Lakes south, last evening, complimentary to Mr. and Mrs. Byron Averett, Jr., Boise, and Mr. and Mrs. Byron Averett, Salt Lake City.

The younger Mrs. Averett has been the guest of her parents, Mr. and Mrs. Parker Richards, her sister, Miss Verne Richards, and her brother and sister-in-law, Mr. and Mrs. Marcus Richards.

Her husband arrived last evening from Boise to accompany her and her parents to the capital city. The Salt Lake guests arrived in Twin Falls yesterday, en route to Boise where they will be guests for the next week.

Croquet and other lawn games entertained the group, and an alfresco supper was served rustic style at a single table.

The honorees, the hosts, Mr. and Mrs. Parker Richards, Miss Verne Richards and Miss Anna Lou Hale were the guests.

Calendar

Twin Falls chapter, American War mothers, will meet for a special session Friday at 2:30 p. m. at the City park. All members are urged to attend. Important business will be transacted.

Ladies Aid society of the Lutheran church will meet Thursday at 2 p. m. in the church parlors.

Christian church Misalony society will hold an outdoor meeting Thursday at 2:30 p. m. at the home of Mrs. Peter Carlson, 211 Walnut street.

Belmont branch club will meet Thursday afternoon at the home of Mrs. Edith Thelton, with Mrs. Mildred Paulson as co-hostess. Roll call responses will be "canning and time-saving hints."

Wallawa Camp Fire group will meet Friday at 2:30 p. m. at the home of Nelda Mary Lawton. All members are asked to be present for an important business meeting.

General Ladies' Aid society of the Methodist church will meet Thursday, September 14, at the church parlors, Aug. 17. The report of the year's work will be given and officers for the general aid will be elected at that time.

Delphians Bid Member Adieu In Travel Notes

"Cruise letters," dated consecutively, to be read by Mrs. Claude Brown on her ocean voyage to the Hawaiian islands and other Pacific points of interest, en route to Australia on a four months' visit, were presented to her at a charmingly arranged bon voyage party this afternoon at the home of Mrs. D. R. Churchill, Second avenue north.

Guests, numbering 14, were a group of Delphian society members. Present from out-of-town was Mrs. Robert Gough, Fort Worth, Tex., house guest of her sister, Mrs. Homer M. Davis.

Places were found at one large and two small tables, attractive for the 1:30 o'clock dinner luncheon with arrangements of vari-colored naturalisms.

The afternoon was spent socially. Much-feted in the past few weeks, Mrs. Brown was also the inspiration for a smilingly arranged dinner party last evening at the home of Mrs. Nellie Oster. Covers were marked for eight guests.

TEXAS GUEST

Scenic points of interest in and about Sun Valley were shown Mrs. Robert Gough Sunday by her hosts, Mr. and Mrs. Homer M. Davis, at whose home she is a house guest this week.

Mrs. Gough, Fort Worth, Tex., is the sister of Mrs. Davis.

She will return to her home in the south this week-end.

MAGICIAN, 107, ON ROAD

ROME, U.S.—Felix Fortunati claims to be the world's oldest magician. He's probably right since he is 107. His assistant is his daughter, who is a mere 80. They still tour widely, earning a few lire by doing card tricks at village inns.

While in California he taught dancing at Meglin's school of dancing, Los Angeles, and was pianist at the Moscow Korloff school of dancing in Beverly Hills for a time.

Guests at Wedding

Present from Twin Falls at the wedding were the parents of the bridegroom and his three brothers, Glen T. Bates, Jr., Frank Bates and Bobby Bates.

In addition to the parents of the bride, those who attended the wedding from Idaho Falls were Miss Betty Lou Pedersen, Mr. and Mrs. Edward Pedersen, Miss Connie Pedersen, Mr. and Mrs. Elmer Pedersen, Mr. and Mrs. Oscar Pedersen, Mr. and Mrs. Rufe Lines, Miss Lorraine Metcalf, Miss Dorothy Turnbull and Vern Officer.

Group Told of Herb Gardening

The satisfaction that arises from herb gardening was presented by Mrs. R. A. Sutcliffe at a meeting of the Twin Falls Garden club this afternoon at her home on Maple avenue. In presenting her talk on "Herbs and Their Uses," she featured a review of a book on herbs by a well-known herbalist.

Reviewing "Herbs and Their Uses," by Henry Weston, Mrs. Sutcliffe pointed out that herbs have three uses.

They may be employed for the medicinal value accrued; they add zest to a menu when properly applied as flavoring; and they have a definite charm when used as perfume.

The 10 leading herbs, according to Weston's preferences, are basil, halm, sage, rue, lovage, sweet marjoram, Bergamot mint, hyssop, borage and lavender.

The author agreed that any number of herbs might supplant his list. In the opinion of others, and supplemented his "preferred 10" with a quantity of others, which Mrs. Sutcliffe also discussed briefly for the group.

TWIN BOYS HAVE "VERY FIRST PARTY"

John Henry Anderson and James Edward Anderson, twin sons of Mr. and Mrs. Leslie Anderson, were honored at a very first party in the form of a "buck and bing" shower yesterday afternoon at the Anderson home. The boys were born here at the Twin Falls county general hospital maternity home.

Mrs. Lucy M. Carder and Mrs. E. A. Litter, mother of Mrs. Anderson, were co-hostesses. Mr. H. H. Grive, Dietrich, was captain of the winning team in the diaper-chasing contest. Each member of the team received a prize. Mrs. Grive also received the prize on a needlework contest. Consolation award went to Mrs. L. V. Bonnell.

The gifts were placed on a lace-covered table covered with a summer bouquet. Refreshments were served by the hostess, Mrs. Grive. Gifts were glad and golden glow.

Guests from Twin Falls were Miss Helen Carter, Mrs. Frank J. Smith, Mrs. W. B. Clark, Mrs. Leslie Lark, Mrs. R. W. Mori, Mrs. L. J. Miller, Mrs. Dave Johnson, Mrs. Paul M. Anderson and Mrs. L. V. Bonnell.

From Dietrich were Mrs. Grive, V. Bonner and Mrs. C. P. McNeely. Mrs. Earl V. Bonner and Mrs. Dan Hunt; and from Buhl were Mrs. Luke

Local Couple Weds At Church Ceremony

In the presence of 300 guests, Miss Gladabell Hills, daughter of Mr. and Mrs. Fred A. Hills, and Lawrence H. Lancaster, son of Mr. and Mrs. George Lancaster, exchanged marriage vows at 8:30 o'clock last evening. Rev. L. D. Smith officiated at the ceremony, which was performed at the Twin Falls Church of the Nazarene.

The marriage culminated a romance which began on the campus at Northwest Nazarene college, Nampa. Mr. and Mrs. Lancaster will be at home in Twin Falls. The past year the bride taught school at House Creek.

Gowned in White

For her marriage, the bride selected a gown of white, crepe illusion, styled with a shirred bodice, long, full sleeves and a bouffant, slipper length skirt.

She wore a floral headpiece of sweet peas and roosebuds in pink and white, and carried a shower bouquet of pink and white sweet peas.

Her path to the altar, where she was met by the bridegroom and the best man, Floyd Lancaster, his brother, was scattered with flower petals, strewn by Mary Jane Hills and Little Miss Pasetti.

The flower girls were gown in quaint pulled-sleeved, full-skirted tulle frocks and carried flower baskets.

Maid of honor for her sister was Miss Evelyn Hills, who wore a southern belle formal gown of blue tulle, fastened with a bouffant skirt.

Bride Made

Immediately preceding the ceremony, Miss Maxine Smith sang "Because."

Mrs. Loren Santo, who only a few weeks ago had passed allward to the same nuptial music, played the wedding march. She was formerly Miss Clydella Jones, whose marriage was solemnized early this summer.

Effective Background

Graduated baskets of sweet peas and knoll in softly blended shades, combined with greenery, formed a lovely floral background for the ceremony.

Cathedral tapers in candelabra twinkled on the altar, and floor lamps on either side further illuminated the fore part of the church.

A reception for the bridal party and numbers and intimate friends, numbering 35 guests, was held at the country home of the bride's parents following the ceremony.

The bride cup and served the three-tiered wedding cake. A color motif of pink and white was featured in the decorations and menu for the refreshments, served buffet style.

The bride was graduated from Twin Falls high school, and later attended Northwest Nazarene college, where she became acquainted with the bridegroom, who was graduated from Kunia high school.

A survey of the mostly-paid workers in the factories of the members of the Automobile Manufacturers association in January, 1938, showed that 21 per cent of the men on the roll were 45 years of age or over.

Grangers Favor Grain Exhibit For Filer Fair

Forecasting an event which is of particular interest throughout southern Idaho in September, the Twin Falls county fair, members of the Mountain Rock Grange considered their exhibit for that agricultural event last evening. The business meeting was held at Community church.

The Grange will concentrate on a display of grains, and all persons having such to exhibit are requested to take the sheaves to Robert Dugman for final arrangement.

Emmett Bauer, Grange master, requested that a large representation be present at the next meeting, the third Tuesday in August, when plans for the fair will be continued.

Mr. and Mrs. Earl Jones presented a humorous skit, "Two Lunatics," and Mrs. Jones also gave a reading.

Bright Lights

SANTA ROSA, Calif., U.S.—Even a cow can become a victim of the lure of the night lights, Peter Prokhorokoff, rancher, to exhibit the fine points of his pet cow Betty, had her stall draped with electric lights. The lure of the bright lights attracted Betty. She ate one. The effect was the same as the death chair.

Passport Curb

LONDON, U.S.—The British government is considering a plan to place Eire on the same footing as older dominions regarding passport grants. Dominion citizens entering Britain. The move, it was understood, is being urged by Scotland Yard as the result of the Irish republican army's terrorist campaign.

CANNON FAR INLAND

SANDPOINT, Ida., U.S.—An old swivel-type cannon like those used on private ships of 400 years ago was found here in a pile of scrap iron. No one was able to explain how it got this far inland.

Announces Removal of Office to 231 Fourth Avenue North

MORE PLEASURE PER PUFF — MORE PUFFS PER PACK!

By burning 25% slower than the average of the 15 other of the largest-selling brands tested—slower than any of them—CAMELS give smokers the equivalent of

5 EXTRA SMOKES PER PACK

COOLER, milder smoking in longer-burning Camels. Extra smoking, too, as shown by the following results of a recent impartial laboratory comparison of 16 of the largest-selling brands:

- 1 CAMELS were found to contain MORE TOBACCO BY WEIGHT than the average for the 15 other of the largest-selling brands.
- 2 CAMELS BURNED SLOWER THAN ANY OTHER BRAND TESTED—25% SLOWER THAN THE AVERAGE TIME OF THE 15 OTHER OF THE LARGEST-SELLING BRANDS! By burning 25% slower, on the average, Camels give smokers the equivalent of 5 EXTRA SMOKES PER PACK!
- 3 In the same test, CAMELS HELD THEIR ASH FAR LONGER than the average time for all the other brands.

Yes, Camels' fine, slow-burning, more expensive tobacco do make a difference. Delicate taste...fragrant smoke...smoking pleasure at its best, and more of it! Camels is the quality cigarette every smoker can afford.

CAMELS COSTLY TO PRODUCE

Agreed!

IT'S MORE APPETIZING BREAD

Women helped us create it—they ought to know

Day after day for months, critical housewives tested loaves of many types. Usual "baker's bread" they found rather savorless. The new bread they developed—now offered to you—is far more exciting to taste. And they believe you'll agree

For goodness sake, try today this tender new "woman's recipe" loaf

BY JULIA LEE WRIGHT, Head of one of the world's largest Home Economics Bureaus

Women, you see, gave our bakers needed facts—the feminine viewpoint on bread.

In hundreds of tests, they found common "baker's breads" uninteresting. These breads, made by men, seemed to lack flavor.

What could these housewives do about it? They told us the kind of bread they hoped to find in stores. With their aid this new Julia Lee Wright's Bread was developed.

To win women's approval, this new loaf had to "eat" better. It had to be far more tender and delicate. (It had to make more delicious loaves!)

(And you'll find, we believe, that the new Julia Lee Wright's Bread checks with your ideas on each of these points!)

Your grocer has this new "woman's recipe" bread for you. Put Julia Lee Wright's on your shopping list—reach for it today!

And when you buy—look for the Freshness Date Band on the wrapper. It tells you the day this bread is at its peak of freshness!

GUARANTEE: Serve Julia Lee Wright's Bread today. If you don't agree that this new bread tastes better, your grocer will refund your money.

PIONEER LEAGUE PLAYERS CHOSEN FOR ALL-STAR GAME

SPORTS

SPORTS
by Hal Wood

PIONEER LEAGUE HOME RUNS NOT SYNTHETIC

There has been considerable comment recently by sports writers—going the rounds that home runs in the Pioneer league are what might be termed "synthetic."

We'd like to take issue with these word-tossers and say, that while the home runs may be synthetic, they are no more so than in any other league.

Sure, we admit that some of the home runs are short, but even for a Class C league, we can point to many a park in the nation that has much shorter distances from home plate to the outfield wall.

In Class C baseball the parks are naturally supposed to be somewhat shorter than those in higher classifications, due to the fact that the players are young and as yet haven't developed a powerful hitting swing that they will acquire later in their careers. Also, the hitters don't send the ball over quite as far to make them look better.

Now, ours (the Pioneer) is a Class C league and the fences should (or could) be shorter than a Class B, AA or considerably more so than a big league park. There has been talk that the rightfield fence in Lewiston is only 250 feet, which is true and which, we'll admit, is very far away.

But take a look at the Class B Western International, where the Vancouver outfield fence is some 30 feet less than that on one side—a mere hand-bat if there ever was one. Here in Twin Falls, the fences are 310-370 in all, an average sized field in nearly any league of this classification or even larger leagues.

But look at these major league parks:

Boston Red Sox: Right, 297; center, 354; left, 353.
Brooklyn Dodgers: Right, 261; center, 328; left, 466.
New York Giants: Right, 257; left, center, 465.
And the old park of the Philadelphia Phillies before they moved to the Philadelphia Athletic stadium last season: Right, 260; left, 241; center, 408.

Now, nearly every one of those parks has at least one field shorter than the fences in our own Jersey park.

Synthetic homers?

Sure, but if they are synthetic in this league, they are synthetic the world over.

They're holding the second annual Idaho state girls' softball tournament at Jerome on Sunday and from the way the meet is being promoted, we look to see the girls' softball sport eventually outgrow men's softball in the state of Idaho.

With the coming of the Pioneer league and professional baseball, the hardball game has just about reached the age and some of the finest female athletes in the state will be seen in competition.

The meet is sponsored by the Jerome Junior Chamber of Commerce and will probably attract more state-wide publicity for the North Side city than any other sports event there during the year.

RIFFED PUNCH RETURNED

CONTRACTOR, QUINN, Mrs. W. H. Saxton, while distributing leaflets of food for the needy, lost her pocketbook. Some one took the \$60 it contained, but mailed the purse and other contents to her.

Jerome Plans State Girls' Softball Meet

JEROME, Aug. 2 (Special)—The second annual girls' state softball tournament will be staged here on Sunday, Aug. 6, it was announced today. The meet is sponsored by the Jerome Junior Chamber of Commerce and F. G. (Brick) Thompson is acting as tournament manager.

Invitations have already been mailed to all the surrounding towns asking them to participate in the meet and a record-breaking entry list is expected. Burley's ace club is the defending champion.

Invitations sent out in this area include Halley, Rhoades, Gooding, Wendell, Rupert, Burley, Acquia, Twin Falls, Hazzard, Piller, Bluff, Oakley and Jerome. Bluffs have also been sent to many teams in the Boise valley area.

LEWISTON COWBOYS IN STREAK

SECOND DIVISION CLUBS TOP YANKS AND REDS

Teams Will Play Double-Header In North Tonight

LEWISTON, Aug. 2 (UP)—The Cowboys of Twin Falls will get a chance for double revenge on the Lewiston Indians here tonight when the two clubs tangle in a double-header game at the local park. Last night the invaders had their 10-game winning streak snapped when they lost a 7-0 decision to the speeding local crew.

The Lewiston Indians will probably use big Mike Budnick in the first game and Manager Charley Wry in the second as they attempt to crawl back into first place.

The defeat last night knocked the Cowboys from first to two percentage points out of the top rung as the Pocatello Cardinals climbed back onto the top spot.

The Twin Falls Indians weren't coming through in the clutch last night and as a result John Stefan lost the decision to Jack Hall, who allowed only seven hits for the whole gang of bickers.

Stefan was nipped for 11 bingles, Western International, where the Vancouver outfield fence is some 30 feet less than that on one side—a mere hand-bat if there ever was one. Here in Twin Falls, the fences are 310-370 in all, an average sized field in nearly any league of this classification or even larger leagues.

SECOND DIVISION CLUBS TOP YANKS AND REDS

Teams Will Play Double-Header In North Tonight

LEWISTON, Aug. 2 (UP)—The Cowboys of Twin Falls will get a chance for double revenge on the Lewiston Indians here tonight when the two clubs tangle in a double-header game at the local park. Last night the invaders had their 10-game winning streak snapped when they lost a 7-0 decision to the speeding local crew.

The Lewiston Indians will probably use big Mike Budnick in the first game and Manager Charley Wry in the second as they attempt to crawl back into first place.

The defeat last night knocked the Cowboys from first to two percentage points out of the top rung as the Pocatello Cardinals climbed back onto the top spot.

The Twin Falls Indians weren't coming through in the clutch last night and as a result John Stefan lost the decision to Jack Hall, who allowed only seven hits for the whole gang of bickers.

Stefan was nipped for 11 bingles, Western International, where the Vancouver outfield fence is some 30 feet less than that on one side—a mere hand-bat if there ever was one. Here in Twin Falls, the fences are 310-370 in all, an average sized field in nearly any league of this classification or even larger leagues.

But look at these major league parks:

Boston Red Sox: Right, 297; center, 354; left, 353.
Brooklyn Dodgers: Right, 261; center, 328; left, 466.
New York Giants: Right, 257; left, center, 465.
And the old park of the Philadelphia Phillies before they moved to the Philadelphia Athletic stadium last season: Right, 260; left, 241; center, 408.

Now, nearly every one of those parks has at least one field shorter than the fences in our own Jersey park.

Synthetic homers?

Sure, but if they are synthetic in this league, they are synthetic the world over.

They're holding the second annual Idaho state girls' softball tournament at Jerome on Sunday and from the way the meet is being promoted, we look to see the girls' softball sport eventually outgrow men's softball in the state of Idaho.

With the coming of the Pioneer league and professional baseball, the hardball game has just about reached the age and some of the finest female athletes in the state will be seen in competition.

The meet is sponsored by the Jerome Junior Chamber of Commerce and will probably attract more state-wide publicity for the North Side city than any other sports event there during the year.

RIFFED PUNCH RETURNED

CONTRACTOR, QUINN, Mrs. W. H. Saxton, while distributing leaflets of food for the needy, lost her pocketbook. Some one took the \$60 it contained, but mailed the purse and other contents to her.

Jerome Plans State Girls' Softball Meet

JEROME, Aug. 2 (Special)—The second annual girls' state softball tournament will be staged here on Sunday, Aug. 6, it was announced today. The meet is sponsored by the Jerome Junior Chamber of Commerce and F. G. (Brick) Thompson is acting as tournament manager.

Invitations have already been mailed to all the surrounding towns asking them to participate in the meet and a record-breaking entry list is expected. Burley's ace club is the defending champion.

Invitations sent out in this area include Halley, Rhoades, Gooding, Wendell, Rupert, Burley, Acquia, Twin Falls, Hazzard, Piller, Bluff, Oakley and Jerome. Bluffs have also been sent to many teams in the Boise valley area.

LEWISTON COWBOYS IN STREAK

Seal Owner Raps College Coaches for Killing Of Baseball in Schools

By HARRY GRAYSON
(NEA Service Sports Editor)

College coaches complaining about their players signing to join professional clubs like Charley Graham, veteran owner of the San Francisco Seals.

As Graham points out, coaches practically killed baseball in the colleges. They conduct spring football practice right in the middle of baseball practice, and if a boy is any good on the gridiron, he isn't supposed to be out for baseball.

The result was that Wanner went to Pittsburgh and the first time McGraw saw Big Poison he fired Gowdy.

Gowdy observes that the bespectacled Dimaggio looks more like the fellow who hands you the book from behind the counter of the circulating library or the editor of his high school paper than an outstanding hitter and outfielder.

They also say there is too much reference to Little Dominic. The lad weighs 170 pounds, which is two more than Bob Fitzsimmons scaled the afternoon he won the world heavyweight championship. And Dominic is only 19.

He has a "great arm and can make throws 10 to third and home but what places his admirers most is his ability to hold onto any ball he can touch with either hand.

He'd be terrific in the spacious center field of the Polo Grounds.

O'Doul dislikes Terry. Graham is among more competent observers who declare that he will smack major league pitching. Frank O'Doul, manager of the Seals, who had a hand in the development of Joe Dimaggio and who brought out Vince Wauert to see the latter go to Bill Terry but realizes that the Polo Grounds might be the best spot for the boy.

O'Doul never got over Terry making Graham purchase the O'Doul contract when the latter wanted Lefty as manager and the old batting champion was through as a major leaguer.

Had Graham not been forced to pay for O'Doul, the old outfielder would have been given a bonus for signing on the coast.

There was no percentage in a major league manager incurring the animosity of a capable baseball man just taking charge of an AA club that has produced as many or more big league stars than any other.

But Terry can have Dominic Dimaggio to play for the Giants or some other big time array for \$50,000.

He thrives on not getting along with people.

To suit the varying requirements of efficient commercial transportation, truck manufacturers offer a wide range of sizes.

Harrington, Mulligan to Manage Clubs

POCATELLO, Ida., Aug. 2 (UP)—Players who will participate in the Pioneer league's first all-star game at Salt Lake City next Monday will be led by Eddie Mulligan for the eastern division and Andy Harrington for the west. The Salt Lake skipper will be assisted by Bill McCarty, Ogden manager, while Harrington will have Lou Garland of Lewiston as his aide.

The managers and players were announced last night by League President Jack Halliwell. Fans in first base—Hobbs, Pocatello, Second base—Larrie, Salt Lake City, and Goddard, Ogden.

Third base—Rosenlund, Ogden. Shortstop—Murray, Pocatello. Left field—Price, Salt Lake City. Center field—Kirk, Pocatello. Right field—Hughes, Ogden. Utility—Serra, Ogden.

Western Division Pitchers—Mentis and Rasmussen, Boise; Schubel and Wry, Twin Falls; Erickson, Lewiston. Catchers—Beard: Lewiston, and McNamee, Twin Falls.

First base—Hobbs, Pocatello. Second base—Bishop, Twin Falls. Third base—Bishop, Boise. Shortstop—Williamson, Lewiston. Left field—Falconi, Twin Falls. Center field—Roser, Lewiston. Right field—Rickett, Boise. Utility—Murray, Lewiston.

Angels Climb With Defeat Of Sacramento

(By United Press)

Los Angeles beat the first traveling Sacramento Solons 2 to 2 Tuesday while the league-leading Seattle Rainiers were blowing a 5 to 4 decision to the seventh place San Diego Padres, and thereby outdistanced themselves within 3 1/2 games of the Reds.

Los Angeles' victory was capped by a 4 to 1 triumph over the Solons, which sent Charlie English home game for the Seagulls their victory.

Oakland's A's came out with a 7 to 3 win over San Francisco, when Bill Shivers got liberal with his walks. Lou Koppal, who relieved him, was charged with the defeat.

Portland beat Hollywood 6 to 5 when Harry Rosenberg came home on a sacrifice fly by Johnny Frederick in the eighth. Wayne Cline finished for Hollywood although Bill Muncrief went to the showers as the pitcher.

Dom Dilescione, the league's leading hitter, singled to drive home the run that beat Seattle 4 to 4 in the ninth inning. Howard Craghead retired for the Indians in the third, but he had been touched for five hits and three runs and Pat Tolan managed to hold the Indians there after.

Wednesday—Troy Laundry vs. Glens-Palms. Thursday—Cincinnati vs. Co-ops. Friday—Troy Laundry vs. Utah of Rupert.

Boise Faced With Loss of Park For Ball Team

BOISE, Aug. 2 (UP)—The Boise Pilots of the Pioneer league today were faced with the possibility of being ousted from their home park here on Aug. 10 unless negotiations with the city of Boise for a "public" tract control of the park, at club expense, are fulfilled within 20 days. Warner would not comment on the matter, reported today by the mayor within a week.

Having encountered Joe (Brown Bomber) Louis, Mr. Tony (Two-Ton) Glatens looked around for lighter work and found it in a match with Peter the Great, a boxing kangaroo, in Atlantic City.

Derringer, Ruffing, Bob Feller Lose; Dean Gets Sore Arm

By GEORGE KIRKSEY

NEW YORK, Aug. 2 (UP)—The Yankees and the Reds, perhaps dreaming of October and more important things than an ordinary ball game, were smacked right between the eyes yesterday by a pair of second division clubs, The Yanks, with an eight-game lead, and the Reds, with a 11-game advantage, are in no immediate danger but disastrous slumps are born of just such exhibitions as they put up yesterday.

Red Ruffing, with a record of 14 and 3, tossed Hank Greenberg a home-run ball in the first inning with two Tigers on base. Hankus slugged it 440 feet into the left field stands and that proved to be the ball game. There was some decorative firing with the Tigers achieving a 3-3 conquest behind Paul Trout.

Paul Derringer, with a record of 14 and 4, got himself in a peck of trouble in the sixth frame with two out and a 3-0 lead. Before he could put the fire out, the Giants had a 4-3 lead. Wally Berger's homer tied the score and sent the game into the 10th when again the two G-men. Hank Danning's single scored the winning run, downing the Reds, downing the Reds, downing the Reds.

Bob Feller, who has been trailed by a flux ever since the All-Star game, had another defeat, plastered on his back by the Red Sox batters. He pitched the Red Sox into the box in six innings and beat the Indians, 7-5. Bobby Doerr hit two homers off him, one with the bases loaded. Bob Doerr went the route to score his 11th victory. Umpire Cal Hubbard chased Manager George Viti, Bruce Campbell, Harry Egan and Ocell Hale out of the game.

Jack Knott pitched the White Sox to a 4-1 victory over the Athletics. Eddie Collins, Jr., scoring the run which robbed him of a shutout in the ninth, Washington beat the Browns, 7-5.

Here's Loss to Cards

Two triples by Johnny Mize and one by Pepper Martin featured the Cardinals' 4 to 2 triumph over the St. Louis Browns. Mize's triple, followed by a home run and driving in two runs as the Red Sox batters. Bob Doerr went the route to score his 11th victory. Umpire Cal Hubbard chased Manager George Viti, Bruce Campbell, Harry Egan and Ocell Hale out of the game.

Brooklyn took a 5-3 decision from Pittsburgh, knocking the Pirates to fourth as the Cubs moved up.

Fight Results

Beet Experts Spend Day At Experimental Plots

SEED RELEASED FOR 1940 CROP

With business sessions completed at the Rogerson hotel yesterday, members of the curly top resistant sugar beet breeding committee spent today investigating various experimental plots located over this section of the country.

Members of the committee at yesterday's sessions, elected R. H. Cottrell, general superintendent of the Amalgamated Sugar Company with headquarters at Ogden, as chairman. He succeeds Harry Elcock, Idaho manager of the same company, who served as committee head for the past year.

Seed Released
Representatives of all major beet sugar companies and growers' organizations were present at the business sessions yesterday and participated in the inspection tour today. Although seed for the 1941 growing year was released by the committee yesterday, no new strains were noted. Since first organized in 1935, however, the committee has introduced six new strains. The committee served the beet industry in cooperation with the department of agriculture in development of improved strains of sugar beets adapted to the western area. Release of the six new strains of seed, it was pointed out yesterday, has made it possible for farmers to make sugar beets one of their major crops.

Among fields inspected by the group late yesterday and today were the 30-variety test plot on the J. S. Pettibone place, east of the city; the C. E. McClain test plot, west of the city; the Amalgamated test plot on the McNelly farm near Buhl, and the S. D. Bonar place, also near Buhl. The University of Idaho bean and beet experimental plot west of Buhl was also visited.

Attendance
Attending the sessions, in addition to Elcock and Cottrell, were the following:

J. Arthur Wood, Utah-Idaho Sugar company at Salt Lake City, who is secretary-in-charge of the committee; J. E. Coke, Spreckles Sugar company at San Francisco; C. E. Cornman, Holly Sugar corporation at Colorado Springs, Colo.; A. W. Skuderna, American Crystal Sugar company, Rocky Ford, Colo.; H. W. Dahlberg and H. A. McDonald, Great Western Sugar company of Denver; Moroni Jensen, Commercial Seed Production company of S. George, Utah; Frank B. Taggart, Utah-Idaho Sugar company, Salt Lake City; L. J. Arnold, Gumsion Sugar company, Salt Lake City; C. Cook and O. E. Whitfield, Layton Sugar company, Layton, Utah; E. F. Osborn, Union Sugar company, Brevard, Calif.; Dr. E. Banks Carner, Riverside, Calif.; Dr. F. W. Owen, Salt Lake City, and Albert Murphy, Twin Falls pathologist and representative of the United States department of agriculture; George T. Scott, manager, West Coast Beet Seed committee, Berkeley, Calif.; J. M. McDonald, Idaho Power auditorium at 8 p. m., manager, Western Seed Production corporation of Phoenix, Ariz.

Utah Firm Low Bidder on Road From Ketchum

ODDEN, Utah, Aug. 2 (U.P.)—Bids on Idaho road improvements—the Ketchum-Clayton project—today were opened by the bureau of public roads.

Low bidder for the Ketchum-Clayton improvement was Reynolds-Ely, Springfield, Utah, \$31,152.

A system has been perfected for the fuel injection for radial engines by one of America's leading aircraft manufacturers.

As Wendell Youths Joined Army

Four Wendell youths have been accepted for duty with the United States army after passing final entrance examinations at Salt Lake City. The youths, pictured above left to right, are Stanton W. Runyon, Floyd H. Lancaster, Arnold L. Runyon and Allen C. Hansen. The two Runyon recruits are brothers.

NATION'S ARMED FORCES ATTRACT

From now on the community of Wendell will be well represented in the United States army.

Reason is that four of Wendell's "sons" have been accepted for army duty—but not all at the same post. The Runyon brothers, Stanton and Arnold, will have several thousand miles of ocean between them. Arnold enlisted for the corps of engineers in the Panama canal zone while Stanton indicated a preference for the Hawaiian department and so will go to the islands, also in the engineering corps.

Allen C. Hansen will join Arnold in Panama canal zone duty while the fourth Wendell youth, Floyd H. Lancaster, preferred to remain in the continental United States and was assigned for duty with the 6th coast artillery, a defense unit located at Ft. Winfield Scott, Calif., only a stone's throw from San Francisco.

The four youths were first accepted by Sgt. Frank Morris, officer in charge of the recruiting station at the Twin Falls city hall.

ALUMNI TO VIEW MOSCOW MOVIES

Natural color sound motion pictures of University of Idaho buildings, grounds and equipment will be previewed by the Twin Falls chapter of the University alumni at 8 p. m., Monday, August 14, at the Idaho Power auditorium at 8 p. m.

The campus films will be officially released Sept. 1 for use at high schools, but alumni associations in Boise will see the pictures Aug. 16, and there will be a showing at Idaho Falls on Aug. 17.

Lloyd P. Campbell is president of the Twin Falls chapter, and Miss Violet Adams is secretary. The August meeting will be the first meeting of the group since it was organized here last winter.

Prune Growers to Open Advertising Campaign of Own

EMMETT, Ida., Aug. 2 (U.P.)—Prune growers, who last year came under the state advertising plan but were left out by the 1939 legislature, today prepared to advertise their own fruit.

At a meeting here yesterday afternoon, the growers, members of the Idaho state horticultural association, agreed to pay one cent on each 100 pounds of prunes they ship to pay the costs of putting the merits of their product before the public.

NYA STUDENTS TO GET FEDERAL AID

WASHINGTON, Aug. 2 (U.P.)—National Youth Administrator Aubrey Williams allocated \$27,465,310 of federal funds today for student aid which he estimated would furnish part-time employment for 450,000 students during the 1940 fiscal year. The allocations, he said, will be divided among 1,650 colleges and universities and 25,500 secondary schools.

NYA allows undergraduate college students to earn between \$10 and \$30 per month and high school pupils from \$3 to \$6 in the work-study program. College graduate students may earn from \$20 to \$30 a month. The jobs are limited to persons between 16 and 24 years old.

The allocation by states, including secondary school, college and graduate students, includes: Idaho, \$134,008; Montana, \$155,233; and Utah, \$213,421.
