

# ATTACKS CONTINUE ON AMERICANS AND BRITISH IN CHINA

## SHARP PROTESTS SENT JAPANESE AFTER BOMBINGS

(By United Press)

Attacks on American and British property in China, and demonstrations against both countries continuing unabated today, bringing sharp protests from consular authorities.

United States consular authorities protested strongly to the Japanese against the bombing of the American Lutheran mission hospital at Kichan. They pointed out that the hospital is isolated on a hill outside the town and is marked by 11 large United States flags.

Consent was expressed for the safety of Americans in the interior, especially at Yochow where it was reported Japanese ordered British and Americans from the city and then burned the American Reformed mission church.

The American protest was paralleled by a vigorous British protest against the destruction of two British merchant vessels at Ichang, on the Yangtze river, when Japanese airplanes bombed the plant of the British Asiatic Petroleum company there. A British merchant officer was wounded.

Tokyo approached a showdown on the army's demand for an immediate military alliance with Germany and Italy. The army was believed prepared to force Lieutenant General Seishiro Goto, minister from his post and replace him with a more vigorous advocate of the alliance. A complete cabinet shake-up was possible after a meeting of the "inner cabinet" of five key ministers.

The bickering in Europe between Poland and Denmark grew more bitter today when the Danish government handed Poland a note rejecting Warsaw demands in a dispute over customs.

In Warsaw Sunday, Marshal Edward Smigly-Rydz, chief of the defense forces, described Danzig as "the lung of our economic organization" and said, "We will adjust our actions to those of the opposing side."

**Watches Maneuvers**  
Vice Admiral Francois Darlan, chief of the French navy, left to watch maneuvers of the British reserve navy, called out to join the home fleet off Scotland.

Lord Bessborough, British secretary, reached Paris to continue contacts with French army chiefs. British and French military missions were en route to Moscow to work out joint military plans.

Premier Mussolini watched 100,000 Italian defend the Po valley against an imaginary invasion from France.

Some estimates of the total of men now on a war footing in Europe go as high as 11,000,000.

## 2,875-CAR MARK SEEN FOR LAMBS

(From Page One)

to date is 81 cars, with expectation of 85 by end of the season.

The year's record for last lambing was 75 cars, which went out in 1938.

Balance of the south central territory—including Jerome, Wendell, and Burley—also shows a heavy volume, Grigson estimated that the total for those regions will climb to 450 cars.

**Loading Record**  
The year's record for last lambing was 75 cars, which went out in 1938.

On the basis of 50 lambs to the double deck car, the season's estimated total of 2,875 cars of lambs would be for more than 50,000 lambs.

On the basis of lamb chops, the 2,875 cars would offer a substantial dinner to a considerable slice of the western states.

## McCLUSKY FUNDS ASKED FOR WORK

Funds pledged to McClusky Memorial health camp are now sorely needed for the WPA improvement project to be completed after the camp ends its season in two weeks.

Joe Koehler, volunteer sponsor of the improvement work, said this afternoon.

"To complete the work after the camp closes," he said, "Kimberly and Pier must each turn in their \$100 quota. In addition, several individuals and firms in Twin Falls must turn in the sums they pledged."

Koehler said the camp leaders are asking that all outstanding pledges be paid up at once since the WPA cannot complete the improvements unless the full sponsorship money is available. Remaining to be done are erection of the boys' dormitory, landscaping of the sports grounds and building of a cycle drive from the main entrance.

The general camp committee met at 2 p. m. Wednesday at the camp grounds. Koehler said he will present them a complete report of work of the camp since it opened, including all collections of materials and supplies.

Total cost of the improvement project under WPA was about \$30,000.

## Fast Work Finds Stolen Machine

Twin Falls policemen did a bit of rapid sleuthing Sunday and promptly recovered a stolen motor car that one of the patrolmen intends to use on his vacation trip next week.

The machine, owned by Bud Mark, was stolen from his parking place near Union Motor company, where Mark is employed. City police found the auto on a residential street shortly afterward. About one-fourth of the gasoline in the tank had been used but nothing was taken from inside the car.

In the absence of Rev. O. L. Clark, Presbyterian pastor, Rev. Mark C. Cronenberg officiated.

Quantities of floral offerings were indicative of the esteem in which she was regarded.

Funeral services were held at the Presbyterian church Sunday afternoon at 2 p. m. for Mrs. Broughton, wife of Frank Broughton, died Friday after a brief illness.

Interment was in Twin Falls cemetery, under the direction of the White mortuary.

# FEDERAL INDICTMENTS LOOM IN LOUISIANA INVESTIGATION

## ATTORNEY FIGHTS FOR "DEMOCRACY, HONOR, JUSTICE"

NEW ORLEANS, Aug. 7 (AP)—Assistant United States Attorney General O. John Rogge, commissioner of the Louisiana state bar, conferred all night with his aides and reports spread the federal grand jury was about to indict top flight politicians.

Rogge returned by airplane from Washington last night. He had flown there Saturday to confer with Atty.-Gen. Frank Murphy on a matter of "extreme importance."

Gels "Green Light"  
"Atty.-Gen. Murphy gave me a green light to return home, justice and democracy to Louisiana," he said. "There will be big news tomorrow."

The federal grand jury has been investigating the Louisiana state administration and state politicians for weeks. It already has indicted five, including Seymour Weiss, treasurer of the late Huey P. Long and one of the three men who succeeded to his power. It convened again today.

Witnesses Intimidated  
The intensified federal investigation was being carried out against a backdrop of intrigue. Rogge revealed that one of his witnesses had had his taxes doubled. The day after this man conferred with him, Rogge said, he had been informed by telephone by an unidentified person that his assessments would "go so high you can't touch them with a 10-foot pole" unless you leave Rogge alone.

Rogge threatened to indict anyone who tried to intimidate his witnesses in any way.

Rogge was commanding 12 federal agents sent here to probe the machine founded by Long, which still runs Louisiana.

## CHARGE DROPPED AGAINST AUTOIST

SHOEHORNE, Aug. 7 (Special)—Kenneth Smith, Twin Falls garage mechanic, today had been freed of hit and run driving charges placed against him in connection with an automobile mishap near here July 17 which resulted in the death of a Twin Falls woman on July 25.

The charges were withdrawn by C. C. Shaw, county prosecuting attorney, who said that evidence was insufficient. The charge against Smith was filed while Shaw was on vacation. Smith had been released on bond of \$500 shortly after he was arrested and placed in the Lincoln county jail. Motion to dismiss the

## CASSIA COUNTY CROPS CHECKED

BURLEY, Aug. 7 (Special)—L. A. Jones, deputy state seed commissioner, inspected last week fields of grain, beans, red clover, alfalfa and created wheatgrass for certain diseases. He was accompanied by county agent, also E. R. Bennett. Inspected two potato fields for which certification had been applied.

Precipitally all varieties of spring grains are being certified this year in the county. Three growers, Edward Hunter, Oakley, Fredrick Christensen and E. Nichols, Burley, are producing 268 acres of certified improved Dicklow. Three growers, A. J. Aylor, P. H. Manning and W. R. Gierlich of Burley are growing 98 acres of the new wheat known as Lemhi. One producer, D. L. Pace, Burley, is producing certified Trebil barley.

Five producers, W. H. Gierlich, southern Idaho demonstration farm, Newell P. Baker, Robert Pollock, Burley, and R. M. Garrard, Declo, are producing 433 acres of certified improved Dicklow. Four producers, W. H. Gierlich, Frederick Christensen, Mal brothers, Burley, and Robert Puga, Declo, are growing 26 acres of certified Bannock oat.

Only two growers in the county, L. J. Kessinger, North Declo, and William Garrard, Burley, are producing certified brand. Mr. Kessinger is producing U. of I. No. 123 and Mr. Garrard, U. of I. No. 59. Only two growers, W. H. Gierlich, Malin, and R. M. Garrard, Declo, are producing certified alfalfa seed. The two producers have 36 acres of certified Grimm.

Other crops inspected by Mr. Jones were 5.4 acres of created wheatgrass being grown at Springdale by Leo Banner and 12 acres of corn belt red clover being grown by Richard Romberg.

G. R. Connelton, Burley, and Roy Wilbur, Declo, are growing 12 acres of certified Netted Genu. Two fields of Bannock oats were rejected by Mr. Jones for certification. The fields were rejected as a result of weed and other varieties of grains. Many of the grain fields which will be approved for certification and monitored above, require some roguing for final field passage.

## Gay Air Rules As Big Rodeo Draws Nearer

SUN VALLEY, Aug. 7 (Special)—The jingle of spurs and the flash of bright silk neckerchiefs are blending into an overture of excitement in Wood River valley, all of which is a colorful and musical prelude to the third annual Sun Valley rodeo to take place in the sports stadium set among the frontier hills of Idaho in two crowded days next Saturday and Sunday.

Dudes from the east and the top string buckaroos and cow hands of the west mingle in costumes as near as possible to what the practiced eye of a veteran waddie can distinguish the one from the other.

Of interest to those westerners whose love of horse flesh extends beyond the bucking bronco and the rodeo horse will be the announcement made today by Producer Bob Miles that he has signed for performance during both days of the Sun Valley rodeo a nationally famous six-horse hitch of Shire and Belgian draft horses to be driven hooked to a stock show wagon in exhibitions and parades. The six-horse team is composed of perfectly matched light sorrel animals all with white manes and tails and the precision performance which they execute are said to be ample proof that the heavier breed draft horses need take no second place to the writhing bronco when it comes to thrilling an audience.

The names of the cowboys already bunched up at the shady contestants' camp down in Trail creek bottom read like a rodeo riders' Who's Who. Mulkey, Truan, Snyder, Knight, Greenough and Kerscher are only a few and those who don't answer to the champions' roll call tonight will be present to do so tomorrow night.

Main street in Ketchum is decked out in her finest and the mahogany there present has never received such a polishing. For it's rodeo week, the high light of the summer, the season when the lid's off and the sky's the limit. It's hell for leather living from now until the last dust cloud settles down in the arena come sun down next Sunday.

## ROTARY TOLD OF JAPANESE HABITS

RUPERT, Aug. 7 (Special)—Miss Mary Honda, who recently returned from Japan where she went after her graduation from the local high school in 1934, was guest speaker at the noon luncheon meeting of the Rotary club at the Caledonian hotel Wednesday.

Miss Honda, who spent her five years in Japan in educational work, both studying and teaching, was becomingly attired Wednesday in a beautiful Japanese kimono and obi, fastened by her own hands. A fancy hair ornament, dainty fan and little wooden clogs completed her costume. She told entertainingly of the Japanese people, their school system and their habits.

Other program numbers included two piano solos, Paderewski's "Mantovani" and "Consolation," Mendelssohn, by Miss Elizabeth M. Johnson. At this meeting Eli W. Boring, who plans soon to leave for California, resigned as president. Tracy Golt, vice-president, was declared presiding. The Rotary club will participate in an inter-club meet at Burley Tuesday evening, Aug. 22.

## RIVERMEN FINISH PART OF JOURNEY

PITTSBURGH, Pa., Aug. 7 (AP)—Tired and wet after jousting with rapids since early Wednesday, six men today ended the most perilous part of their journey through the grand canyon of the Snake river.

The party, led by Postmaster R. Wood of Weiser, was split into the cold river several times and on one occasion only the quick action of Crin McMullen, Weiser police chief and veteran riverman, saved one of the adventurers from possible drowning.

Wood said he believed the trip, while filled with dangers, had been worth while because hundreds of photographs had been obtained to aid in promoting a proposed scenic highway through "Hell's canyon" from Weiser to Lewiston.

The dangerous phase of the journey ended at noon when the men transferred their small boats to a mail boat at Brant ranch and started for Lewiston in the larger craft.

**5 EXTRA SMOKES PER PACK**

Here are the facts about cigarettes recently confirmed through scientific laboratory tests of 16 of the largest-selling brands:

1. CAMELS were found to contain MORE TOBACCO BY WEIGHT than the average for the 15 other of the largest-selling brands.
2. CAMELS BURNED SLOWER THAN ANY OTHER BRAND TESTED—25% SLOWER THAN THE AVERAGE of the 15 OTHER OF THE LARGEST-SELLING BRANDS! By burning 25% slower, on the average, Camels give smokers the equivalent of 5 EXTRA SMOKES PER PACK!
3. In the same test, CAMELS BURNED THEIR ASH FAR LONGER than the average time for all the other brands.

Yes, these choice tobaccos for which we pay millions more do make a difference! Camels are the quality cigarette every smoker can afford.

**MORE PLEASURE PER PUFF—MORE PUFFS PER PACK—**

Penny for penny your best cigarette buy

**CAMELS—Long-Burning Costlier Tobacco**

"With a cigarette as good as CAMEL, it's swell to get those extra puffs!"

SAYS LLOYD CHILD, FAMOUS POWER-DIVE TEST PILOT

LLOYD CHILD at Buffalo Airport, scene of his recent world record power-dive—more than 575 m.p.h. in the Curtiss Hawk 75-A—pauses to give his slant on cigarettes: "I've smoked Camels for about fifteen years. I knew that they were the long-burning cigarette. That means more smoking for my money. On a pack of twenty, as those scientific reports show, it's like getting five extra smokes per pack. It's the right kind of smoking, too—mild and swell, cooler, non-irritating, better for my kind of steady, day-after-day smoking." Don't miss the fun of smoking Camels! Enjoy their matchless blend of choice tobaccos... while enjoying the economy of that long-burning feature that makes Camels "penny for penny your best cigarette buy."

# Clouting Joe Medwick Leads Cardinals to 9th Straight Victory; Yankees Lose Two Cincinnati and New York Leads Cut in Sunday Tilts

NEW YORK, Aug. 7 (UP)—Only a few days ago the Dodgers, Cubs and Giants were ready to peel off enough greenbacks to acquire Joe Medwick from the Cards, but it'll take another trip to the bank and an armored car to lug enough coin to pry him loose today.

After squabbling and making up with Manager Ray Blades, the clouting Cardinal outfielder has been hitting everything that came near the plate. He is the big reason that the Cardinals are riding a nine-game winning streak and represent about the last threat to the Cincinnati Reds in the National League pennant race.

In his last four games, the Hungarian hit safely 11 times in 18 trips and his wallop includes a homer, triple and four doubles. This is at the rate of 811.

He got six safeties in 11 times at bat yesterday as the Cards took a twin bill from the Phillies, 11-0 and 8-2, to cut the Reds' lead to 7½ games.

## Buhl Wins 10 to 7 Over Shoshone To Tie SCI Leaders

SCI LEAGUE STANDINGS

	W.	L.	Pct.
Shoshone	5	1	.833
Buhl	5	1	.833
Eden	4	2	.667
Gooding	4	2	.667
Hagerman	3	3	.500
Burley	3	3	.500
Tuttle	1	5	.167
Kimberly	0	6	.000

Buhl's SCI league entry went to work Sunday, and pulled Shoshone down from sole possession of top honors into a two-way tie for first when Buhl scalped the Indians 10 to 7 on their own hunting ground.

Eden and Gooding are tied at four games won and two lost for second place. Eden swamped Hagerman 19 to 3 yesterday while Gooding trampled Tuttle to the tune of 13 to 0.

Burley beat out a 3 to 1 victory at the expense of the hapless Kimberly outfit which hasn't won a game in second half play.

Scheduled play in the SCI league will end with next Sunday's games.

**BULL 10, SHOSHONE 7**  
SHOSHONE, Aug. 7 (Special)—Bull batters collected hits to drive in three runs in the ninth inning here Sunday to break a 7-7 tie and win 10 to 7 over Shoshone to tie with the local club for SCI top honors.

Bull's Mauro Duce led the ninth inning assault with a sharp double. Shoshone's defeat was the first of the season for the Indians. Buhl's victory was the first of the season for the Cardinals.

Eden 19, Hagerman 3  
EDEN, Aug. 7 (Special)—Eden came to town Sunday and lashed the local SCI league team under an avalanche of bases to bury the locals under a 19 to 3 score.

Hagerman's club played record home and away thrashings in the fifth inning when two local runs were pushed across the plate. The other run came in the seventh frame Eden scored in all but the sixth and eighth at bats.

Heavy hitting of the day was Jensen, Eden hurler, who poured four hits in six trips to the plate, including two doubles and a triple.

## Buhl Golfers Top Gooding In Sunday Tilt

BUHL, Aug. 7 (Special)—Buhl golfers handed a drubbing to the Gooding-Jerome outfit here yesterday afternoon, and then after the victory walked to a quiet table and played the part of the gracious host to the invaders.

The final score of the tourney was 50½ to 12½, and 78 persons sat down at the table for the big feed served in the grove of the Clear Lake Country club.

Scores for the day were as follows:  
First-named player represents Buhl, second Gooding-Jerome.

Buhl	41	26	77
Gooding-Jerome	41	26	77

## Utah Chiefs Win Two Burley Tilts

Utah Chiefs won a doubleheader football game at Burley yesterday afternoon—both games presenting some of the fastest and cleanest ball of the season.

The scores were 2-0 over the Nelson cafe and 7-1 over the Paul CCG team.

In the first contest, Walt Riggert held Burley to four runs—more than Burley allowed the Chiefs. But the local club bunched two bingles in the sixth, including Riggert's triple to score one run, a walk and an error in the first inning gave them the other counter.

In the game against the Paul CCG club Max Croft hurried for the Chiefs and held the CCG boys to two hits. Twin Falls connected for all of the offerings of Zimco, CCG hurler.

Score by innings:  
Nelson Cafe 000 000 0-0 2  
Utah Chiefs 100 001 x 2 3 1  
Burley and Manning; Riggert and Russ Wells.

Paul CCG 001 102 2-7 10 1  
Utah Chiefs 001 000 0-1 2 4  
Croft and Russ Wells; Zimco and Jurich.

## Bird in Hand

NEW ORLEANS (UP)—Vivient Matassa knows now that a bird in the hand means he goes in the cage. Matassa was freed under \$500 bond for holding a captive mocking bird, United States Commissioner R. H. Carter, Jr., ruled that he violate the migratory bird treaty act by being caught with a feathered friend.

By HENRY MOLEMORE  
NEW YORK, Aug. 7 (UP)—The love of absence from his ship given Mississippi Joseph Hunt in order that he might try for a place on the Davis cup team—news of the ship's departure to this department.

The summer cruise is a vital part of a naval academy cadet's education, and the fact that Hunt has a good forehead and a strong neck attack seems a ridiculous reason for excluding him from manning the ship.

Claud Pratt is about half sick, he coughs a while and he laughs a while—actually there are so many funny things happen around here that, keeps us laughing about half the time. One of the traveling salesmen just told me that one of our competitors told Claud Pratt talk about a carload of lined oil and he never sold two barrels all summer. And he also said the idea of shipping in 44 carloads of motor oil was the man's crazy.

Well, Claud Prall's undoubted crazy alright because he has two carloads of Arkansas Motor Oil on the road right now and we need a elevated parking room and also a subway parking room. Those that go under the subway we could shoot oil and grease down on them and those that went on the elevated track we could serve them very nicely with toy balloons and umbrellas. This is Saturday afternoon and I believe you had suggested some of this stuff.

and tanks are just congested more than ever. There's one truck here from La Grande, Oregon, for 240 feet of Hardwood flooring and 6 gallons of motor oil.

Of course most of our business is done locally, but people do come a long ways to trade with a man that's crazy enough to give them a square deal for a round dollar.

There goes a truck load of our shingles right now, and we'll either have to raise the price of the

## English Star Disillusioned

Film Cowboy Powders No

HOLLYWOOD, Aug. 7 (U.P.)—Miss Anna Neagle, the English star who learned about America from the hit western film screened in London, was shocked today when she saw her favorite cowboy play his nose with a powder puff.

"My trip to the West has become a great disillusionment," she said today. "I was so disappointed. The West as we know it in England is nothing more than a myth."

Miss Neagle, who made her first trip to Hollywood to play the part of Nurse Edith Cavell in a forthcoming film, said she watched with sinking heart as her idol, movie hero-man powdered his nose.

"Then he walked over to his horse," she continued, "with a shudder, and he couldn't get into the saddle. They had to help him up with a ladder."

"And that isn't all," she said. "The hit western film screened in London, was shocked today when she saw her favorite cowboy play his nose with a powder puff."

"On the floor, on either side of the mechanized animal, was an increasing number of men. They were to be seen the blow through the hall off."

Miss Neagle said she had been told that the Britishers had been taught in their cinema that there really was a wild west.

"To think that this myth was not so important, but to the young people of England the shattering of such an illusion is really tragic," she continued.

## ENGINEERS FACE NEW STATE TEST

Next examination, set in order to give engineers and surveyors now practicing in Idaho without a state license an opportunity to meet all provisions of the law, will be held in Boise from Oct. 12 to 14, both dates inclusive, it was announced today.

After the men prior to the examinations will be held on those dates was made by Raymond J. Briggs, secretary of the state board of engineering examiners. Briggs maintains offices at the Noble building in Boise.

Briggs pointed out that after Jan. 1, 1940, all provisions of the newly enacted engineering law in Idaho, or to use in connection with his name, or otherwise assume, use or advertise any title or description tending to convey the impression that he is a professional engineer.

Under the law it therefore behooves those who are licensed engineers and surveyors who expect to continue the practice of their profession to make application to the secretary of the board of engineering examiners by the deadline date.

Applications should be in the hands of the secretary of the board by Aug. 28. On Sept. 25 members of the board will pass upon the admission of applicants to sit at the examination. Briggs pointed out that no other opportunity for securing an engineer or surveyor license will be provided during 1939.

# American Officials Protest Bombing of Hospital by Japanese Planes

## MISSION RAIDED AFTER WARNING; SHIPS DESTROYED

SHANGHAI, Aug. 7 (UP)—American consular authorities at Hankow protested to the Japanese in the strongest terms against the bombing of an American Lutheran mission hospital at Kiohnan. It was asserted, after investigation, that Japanese airplanes bombed the hospital July 25 and scored six direct hits.

Hospital isolated

In their protest, American authorities said the hospital was on an isolated hill outside the town and that 11 large United States flags were prominently displayed in the hospital grounds as a warning to the Japanese air force.

Hankow dispatches indicated that, in addition to this protest, American authorities received word that the hospital was attacked again yesterday, and that the consulate emphatically reminded the Japanese of the hospital's site, so there could be no more "mistakes."

## They Perform at Jerome Fair

The Stewart slaters, body control stars, will offer some of the featured entertainment with the Ederle Bros. circus at the Jerome county fair Aug. 17-19, according to Fair Manager F. G. Thompson and Secretary Ward Howard.

## Gertrude Ederle Honored at New York Fair's Acquade

NEW YORK, Aug. 7 (UP)—It was "Ederle day" at the World's fair today, the world of tomorrow saluting a glorious feat of yesterday—the first swimming of the English channel by a woman.

And leading the celebration was Grover Whalen, the same man, but with a fresh boutonniere, who met "Our Trudie" at the dock and escorted her down Hero Highway to the cheers of millions after her record breaking swim 13 years ago.

In those days Whalen was the official greeter for Mayor Jimmy Walker. Never before had a returning hero been acclaimed as wildly as was Miss Ederle during her drive to City hall, her ticker tape shower surpassed any of her day. A lot has changed since.

Extensive damage was done to the property of the British Mackenzie company in the bombing, the British said.

## Mackay Man Pays \$8 for Speeding

State police reported Estep was arrested on a charge of driving 50 miles per hour in a 40-mile zone east of Twin Falls.

## 2 ARE SLAIN IN POLITICAL RIOT

MEXICO CITY, Aug. 7 (UP)—A political riot broke out in the center of the city today. Two persons were killed and one injured.

Pirating broke out as Col. Bolivar Sierra, who is a parliamentary deputy and one of the leaders of the so-called "constitutional front," was leaving his party offices in Independence street.

Sierra was wounded and Juan Cardenas, a secretary of the public education department, and Jose Lamadrid, were killed.

A police riot squad made many arrests, including Gen. Rafael Cardenas, a member of the constitutional board of the constitutional front.

Bolivar Sierra, with Gen. Ramon P. Harte, organized the front a year ago. They have been campaigning vigorously as opposites to the national revolutionist party of President Lazaro Cardenas.

## World Famed Sculptor May Go to Prison

SAN FRANCISCO, Aug. 7 (UP)—Beniamino Bufano, the sculptor who designed the buffalo on the license and once said the statue of liberty was not art, faced a possible jail term today because he was unable to contribute \$25 a month to the support of his son, Erskine, 11.

Bufano was haled before Judge Edward I. Butler in San Rafael because he was \$15 in arrears on the payments. He doubted he could catch up.

He was divorced in 1921 by Mrs. Virginia Bufano because, she said, he had not troubled to see his son or her until the boy was four years old. His defense, at the time, was that he had been too busy in Paris, creating the statue of St. Francis, a 180-foot version of which he hopes some day will grace one of San Francisco's twin peaks.

His present trouble, Bufano told Judge Butler, was that he now is employed by the WPA at \$128 a month, and that after he buys materials, maintains his studio and eats "only a bit" there is hardly a nickel left.

Furthermore, he said, he had given the ex-wife 37 pieces of his sculpture which he "conservatively" valued at \$150,000 of which she had sold three figures for \$4,000.

Mrs. Bufano, however, said the highest appraisal she had been able to obtain on the "bric-a-brac" was \$5,000 on the 37 pieces.

Judge Butler announced that artist or no artist—Bufano must dig up the payment arrears by Friday or do a stretch in jail. The judge gave him one break, however, he turned down the application of Mrs. Bufano for an increase in the payments.

## Teeth

GRAPTON, Australia (UP)—H. Aiken, fishing enthusiast, is convinced that he owes his life to the fact that instead of having false teeth, he still has an unusually strong set of natural ones. When his launch capsized and he was thrown into the sea, he became entangled in the net and lines. He bit his way through these and swam 150 yards to shore.

## YOUTH ACCEPTED FOR NAVY FORCE

Thomas Elmer Allen, son of Mr. and Mrs. John H. Allen, Twin Falls, has been officially accepted for duty with the United States navy through the Salt Lake City office and will be called for duty as soon as a vacancy exists. It was announced here today in a communication from M. D. Davis, officer in charge of this recruiting district with headquarters at Portland.

The Allens reside at 533 Fourth avenue west. Young Allen is a graduate of the local high school.

"Let the Building Bug Bite You"

WE HAVE the same obligations of citizenship as any other resident of southern Idaho and eastern Oregon. If the Snake River Valley is to grow and prosper, we must do our share to build it!

So, we consider it part of our responsibility to support civic projects for the common good—we patronize local business—we pay large taxes for support of city, county, state and national governments—we provide employment for hundreds of persons at good wages—and we give our customers the lowest electric rate consistent with good service.

Our employees—your friends and neighbors—give their time and effort to building the communities in which they live.

Building the territory we serve is part of our job as well as yours.

## Building the Territory We Serve is an Important Part of Our Job

You'll find your good Electric Service the most dependable, efficient and economical household servant there is! Under your low "step-down" electric rates, more labor-saving electric appliances can be put to work in your home. Give your cheap electric service freely... for happiness' sake!
