Idaho Laborers All Get Lift in New Pay Set-Up

WASHINGTON, Aug. 16 (U.P.)—The works project administration published a revised wage schedule for 2,200,000 relief workers today that provided substantial increases in southern and western states and decreases in eastern states. The new wages will become effective Sept. 1.

The wage adjustment was ordered by congress in appropriating \$1,477,000,000 for relief in 1940. It specified that

BORDER INCIDENT CAUSES TENSION GAUSE IN EUROPE

A new border incident increased tension between Poland and Danzig today over the latter's demand for return to Germany.

A Polish soldier was shot and killed by a Danzig border guard at Kohling, on the frontier. Danzig sources said the soldier crossed the frontier, and after having been warned three times, aimed a rifle at the guards, who then fired.

No progress appeared to have been made in efforts to settle the dispute over the status of Danzig. London still was hopeful that some sort of conference could be arranged and a compromise reached, but the London

Times, which often reflects the government's views, warned that any attempt to settle the affair by force would promptly send Great Britain and her allies to war.

The Times denounced what it called a monstrous betrayal of Germany's word as given at the Munich conference:

It was reported in Berlin that Adolf Hitler would like to see a national conference of the nations in communities of less than 25,000 population, also benefited substantially.

It became apparent that the visit to Hitler at Berchtesgaden of Prof. Karl J. Burchardt, high commissioner of the League of Nations, was

IN THE FIELD, near Manassas, Va., Aug. 16 U.S. Tanks, artillery and motorized cavalry thundered across the historic battlefields of Bull Run and Manassas at dawn to-

capture the capital in army war games being held here were almost routed by 11,000 guardsmen yesterday in an involved military competition achieved in actual warfare.

JEROME FAIR, WITH VARED PROGRAM, READY TO OPEN

GIRLS' SOFTBALL ADDED TO SLATE FOR BUSY EVENT

JEROME, Aug. 16 (Special).—With an "unofficial championship" softball game between the girls' teams booked as a last minute attraction, Jerome county fair was ready this afternoon to open its gates Thursday.

Resumption of this 1931 side event after a lapse since 1931 will offer to the expected throngs a varied program ranging from top-notch agricultural exhibits to a public wedding, horse racing, free entertainment and a horse pulling contest. The fair opens Thursday and continues through Saturday night.

Pocahontas vs. Hazelton
Addition of the softball game was announced today by Arthur W. Thompson. The title will see Pocahontas, winner of the state girls' title at the Jerome tournament, opposing Hazelton, whose tournament record was outstanding in Magic Valley. Hazelton issued the challenge for the special game. The class is set for 5 p. m. Friday at the fairgrounds.

Designation of special days for the fair was listed this afternoon as follows:
Friday—East end day.
Saturday—Kids' day, with any younger registered school admitted to the grounds free when accompanied by parents.

Many Exhibits
Agricultural exhibits—produce, livestock and farm machinery—are "lining up extremely well," Manager Thompson said. Indications are that these will exceed those of 1931, last year of the fair.

"The big public wedding will come at 2 p. m. Thursday night, with any younger registered school admitted to the grounds free when accompanied by parents."

Horse Pulling
Booked as a big feature for the ranchers will be the horse-pulling contest Saturday afternoon in front of the grandstand. There will be two classes—5,000 pounds and over, and under 5,000 pounds or over.

KUHN CONFESSES DESTROYING LIST

(From Page One)
The United States at Laredo, Tex., in May, 1927.
He lived in Detroit until October, 1935, after which he moved to New York. His occupation, he said, is chemical engineer, in which capacity he was employed in the Henry Ford hospital for eight years. He said he was an American citizen.

At present, Kuhn testified, he receives \$300-a-month as president of the German-American Bund and several affiliated organizations.

The bund, he said, was organized in 1935 as the successor to the friends of the new Germany, which in turn succeeded the Teutonia society. It was formed in Buffalo at a convention.

Kuhn denied he ever was connected with the Nazi party before he left Germany, but he belonged to a reserve officers' association and the Steel Helms.

He said he left Germany before the "beer cellar putch" in Munich in 1923.

Three Divisions
"The bund is divided into three divisions," he said, "east, middle, west and west, and each division is divided into districts." He said the bund has 47 districts, he said, Louisiana being the only state where it has no members. There are about 100 local units.

Each year the local units elect delegates to the national convention. Only citizens and Aryans can belong to the bund, he said.

"What do you mean by Aryan?" Whitley asked.

"The white race," he replied.

Police Stop Kuhn, Solon From Battle
Dies pounded fiercely with his gun.

"Let me get through," Starnes shouted, trying to push past a burlap bag filled with dynamite.

Earlier, the bund leader, shouting in a thick German accent, asked the committee why it didn't "subpoena" Kuhn.

"I don't have anything to do with Mr. Hitler," he said.

Director Accepts Prize Check

Paul R. Taber, chairman of the American Legion committee in charge of the drum and bugle corps and band contest last night at the American Legion auxiliary activities, and four of the five were presented with prizes by Mrs. Idona Ross at the trophies and awards luncheon this noon in the recreation room at St. Edward's Catholic church.

Present to receive the trophies were Mrs. Nell Bridgman, president of the Boise unit; Mrs. Mamie Dieffenbach, Nampa; Mrs. Paul Perrod, New Plymouth; and Mrs. Nellie Leonard, Blackfoot. Mrs. Beatrice Warner, Pocatello, was not present to receive her award.

Spirited Discussion
The luncheon was one of the final sessions of the successful annual convention. Spill and discussion of various resolutions, one of which failed to pass, occupied the delegates during the morning session at the detached church, and the conversation wound up with the election this afternoon.

Mrs. Nell Reed, president of Sandpoint, received an award for the best history in the district. Mrs. Reed is a member of the first district.

Twenty members of the auxiliary received membership shields.

Mrs. Florence Craig, historian of the Gooding unit, received the history award for the best history in the district.

Mrs. Winnifred Crook, Nampa, for units of 51 or more members; Mrs. Frances Mills, Kamiah, for the best district history in the district; and Mrs. Mary Nell, Jerome, for the district of eight or less units.

Picnic book book awards went to Mrs. Jennie Phillips, Downey, and Mrs. Mary E. Snow, Quincy, received awards as national news chairman who sent in the greatest percentage of subscriptions to the National News between Oct. 20, 1938, and May 1, 1939.

4 STATES SHUT DOWN OIL PRODUCTION FOR 15 DAYS

INCREASE LOOMS IN PRICE OF GAS FOR WHOLE U. S.

DALLAS, Tex., Aug. 16 (AP)—Four midcontinent oil producing states sacrificed \$1,000,000 in tax revenue today in an unprecedented strike against the petroleum industry protesting a nationwide rise in gasoline prices.

Governments of Texas, Oklahoma, Kansas and New Mexico clamped a paralyzing 15-day shutdown over oil fields from which flowed 2,000,000 barrels daily, or 50 per cent of the total American production.

They demanded restoration of a recently enacted tax cut which cut prices put into effect by refiners last week through most of the 18 oil producing states. They had the pledged support of Louisiana, Michigan, Colorado and Arkansas, some of which sharply curtailed production and indicated a willingness to halt it entirely, if necessary.

These Unaffected

The drastic parallel action left crude markets unaffected only in California, Pennsylvania, Wyoming, Montana, Indiana, Kentucky and Illinois, the latter state being one of the few having no regulatory oil agency.

Illinois, through Guy E. McLaughlin, its gubernatorial representative at Tuesday's oil conference at Oklahoma City, promised only "sympathetic consideration" of the entire problem. It was without authority to promise more until he had reported on the conference to state officials.

In their action the oil states were confident they would force a crude price restoration by refiners. They estimated that oil now in refinery storage tanks for distillation into gasoline was sufficient to continue their operation for not more than 15 days, and that by then a billion dollar industry would be forced into idleness. If they are correct in their estimate, the petroleum shortage would be felt by the motorist consumer almost immediately, it was said by oil men.

No Comment

Petroleum companies would not comment on the production shutdown.

Many oil men—producers and market experts—predicted an immediate increase in gasoline prices. There is no law forbidding a price increase by any company, and should one refiner increase prices all the others would almost certainly be obliged to follow suit. Should the stored supply of crude dwindle and the strike shutdown be maintained there would not be enough available crude in the fields unaffected to supply more than 25 per cent of the usual daily gasoline consumption.

Religion Fails To Halt Biting By Copperhead

PUCKETTS CREEK, Va., Aug. 16 (AP)—The mountaineers of this community gossiped about their neighbor, Slim Burgan, today. Slim was bitten while coddling a copperhead snake, thus proving that his faith was less than 100 per cent.

Slim's arm was badly swollen but he refused medical aid. God had caused him to be bitten, he said, and God would care for his healing.

John Hensley, leader of the sect, who obtained considerable publicity several years ago when he almost died of snake bite, led the festival. County peace officers stood by to arrest him if any of the audience was bitten.

To prevent such an eventuality Hensley roped off a 200 foot square, produced three full grown rattlesnakes and two copperheads for men to handle, and invited those who had "the faith" to step in and handle them.

A half dozen mountaineers strapped guitars, rattled tambourines, and played mouth organs. A man and a woman entered the square and accepted snakes in their bare hands.

GOODING COUNTY VALUES ADVANCE

GOODING, Aug. 16 (Special)—An increase of \$4,619 in the assessed valuation of Gooding county was revealed here this week on completion of the abstract figures. Total valuation, not including the valuation for utilities and for military sheep and cattle, is now \$3,912,289.

Although the total valuation figures showed over a \$4,000 increase, there were some classifications which had larger increases than the total indicates, but which were offset by similar decreases in other classifications.

Among the major increases was the \$23,187 increase in the value of irrigated lands in the county which came in spite of a reduced acre valuation. There was an increase of 1,984 more acres in this group than last year.

Farm improvements increased in value to the extent of \$10,932, and farm machinery valuations jumped \$3,555.

JEROME, Aug. 16 (Special)—Following list of violators was assessed fines after each appeared before Police Judge Clark T. Stanton and pleaded guilty to offenses committed in this county recently:

Paul Mullins, drunkenness, fined \$10; Albert Johnston, drunkenness, \$10 fine; George Farnsworth, no reflector or fuses on truck, \$5 fine; Aron Brubaker, no clearance lights on truck, \$5 fine.

Carl Newberry, asserted general tramp, after being brought before Judge Stanton this week was ordered to leave town in view of payment of his fine.

WPA to Continue Shoshone Project

SHOSHONE, Aug. 16 (Special)—Shoshone Chamber of Commerce has received information from the state WPA chief that local curbing and sidewalking will not be materially interfered with, and that a sufficient force will be left on the cement work to insure its finish, while other forces will be diverted to the weed extermination plan.

Main project now under way is the extension of sidewalking around three sides of the square bordering the high school, in charge of Martin Cherry. On the west side it is practically complete.

Board of directors of the Chamber, at a session Saturday, voted a protest against threatened discontinuance of the work, and O. K. Hine, state administrator, was assured. He responded by wire that the work will be continued on the high school improvement.

Work is farther comprehensive, taking in three areas of a 200-foot block, with wide walks, curbing and street finishing, and will be completed, it is stated. Local men journeyed to Boise recently in the interest of the project.

School Dedication

HAZELTON, Aug. 16 (Special)—New Dixon school house south of town will be dedicated with appropriate ceremonies Tuesday, followed by a dinner and dance. The building, which was badly needed, was financed largely by federal funds and built by WPA labor. It contains three class rooms and a recreation hall. The old building will be sold soon at auction.

CLASSES RESUME TASK IN JEROME

JEROME, Aug. 16 (Special)—Bud Applegate, director in charge of Jerome recreational playground, announced today that the project, after a week's discontinuance by order from Washington, D. C., had been resumed.

Regular class work in artcraft, sewing, clay modeling and other activities was begun Monday, in charge of Mr. Applegate, Miss Susie Gravett, Miss Ruth Reed, Glass work will begin each week day morning at 9 a. m. and conclude at noon, resume after 2 p. m. and will close at 5 p. m. During evening activities in sports will continue until 8 p. m.

Mr. Applegate announced that due to the success of the pushmobile derby, another will be staged soon and cash awards will be given for first, second and third prizes.

Winter program will be announced within the next few days, according to Mr. Applegate, who said today that classes in rug making, plaster work, construction of marionette dolls, plaques and belt weaving will be a part of the schedule to be offered.

In order to give a clear picture of the work being accomplished by Jerome children in the project, a booth will be sponsored by the children at the county fair, Applegate said.

Italians Use Witchcraft in 'Curse' Trial

OMAHA, Neb., Aug. 16 (UP)—Omaha, thriving parking and agricultural center, learned today that witchcraft—as introduced into Italy centuries ago by invading Magyar tribes—still is practiced by elders in its Italian colony.

Alfredo Laferia, president of the Boletta Risveglio-Americano, revealed that his society's auxiliary had expelled from membership a "witch" who had victimized his mother-in-law, Mrs. Gracia Trino, 71.

The auxiliary, he said, voted to expel the "witch" after a stormy meeting at which he and his mother-in-law testified that the "witch" and her husband had with bones, magic powders and "the secret touch," led his mother-in-law to believe her flesh was melting away.

Mrs. Trino said she had suffered a stroke as result of the "bewitching."

The "witch" was accused in a formal charge made by Laferia of having buried a bone clustered with meat beneath a window of Mrs. Trino's home.

"In that way," the charge said, "just as the worms would eat meat from the bone, similarly they would eat Mrs. Trino's flesh. Therefore, Mrs. Trino, believing all this witchcraft and believing herself near death, asked the accused woman's husband to treat her."

Laferia charged the accused woman's husband had used as a physician and collected \$23 from Mrs. Trino on the pretext of removing

TRY TODAY THIS NEW BREAD
MADE FROM A WOMAN'S RECIPE

At last—a bread that's really thrilling to taste!

By Julia Lee Wright, Head of one of the world's largest Home Economics Bureaus

What makes this bread so different, so really appetizing to eat?

The reason is this—critical women themselves got together and developed it. They tested and compared hundreds of loaves. They tried scores of recipes. Then they told us which bread they liked best—and they told us why.

So this is not just another chemical-formula loaf. It is women's own idea of what a good loaf of bread ought to be.

It's actually thrilling to taste! So good,

Trophies and Awards Luncheon Ends Auxiliary Social Events

District presidents of the Idaho department, American Legion auxiliary, were guests at the exciting trophies and awards luncheon this noon in the recreation room at St. Edward's Catholic church at which Mrs. Ardith Shimmim, Jerome, state trophies and awards chairman, presided and awarded the coveted tokens of merit. The luncheon, and the department president's breakfast, held this morning at the Twin Falls hotel, with Mrs. Idone-Ross, Driggs, presiding, wrote fits to the highly successful social calendar of the four-day convention.

Attending the breakfast were department officers, district presidents and local committee chairmen. As mementoes of the occasion, each guest received a souvenir menu in blue and gold, containing a picture of Mrs. Ross.

Blue and Gold Trimmings. The three tables arranged in the shape of a U, were decorated with gold and blue floral bouquets, and place cards were inserted in gold card holders topped by miniature blue parrots.

Miss Barbara Sutcliffe entertained the guests with piano numbers. Mrs. Jean Pierce and Miss Joyce Davidson, sang several duets. Mrs. Clara Johnson was chairman of the event, assisted by Mrs. Ralph Smith and Mrs. W. H. Burkholder.

Mrs. Edna Tomlin arranged the trophies and awards luncheon which was served by the Oathology Women's league. Blue and gold flowers in crystal baskets formed the table trimmings. Distinguished guests were seated at a table of honor.

Invited Guests. Invited to the breakfast this morning were Mrs. Georgia Foreman of Pocatello, department vice-president; Mrs. Alice Hixon of Nampa, department historian; Mrs. Alpha Schwartz of Nampa, department secretary-treasurer; Mrs. Myrtle Miller of Arco, national executive committee member; Mrs. Ann Olms of Pocatello, alternate national executive committee member; and Mrs. Mabel Beatty of Caldwell, department sergeant-at-arms.

Local committee chairmen: Mrs. Elizabeth Ooms of Rupert, American Legion; Mrs. Margaret Burrows of Pocatello, community service; Mrs. Elsie Swanson of Pocatello and Mrs. Leah Storkman of Nampa, child welfare; Mrs. Frances Mills of Kamiah and Mrs. Edna H. Vance of Hamilton, division of World War veterans.

Mrs. Edna Davis of St. Maries and Mrs. Ida Ring of Idaho Falls, finance; Mrs. Dean Evans of Fort Hall, junior activities; Mrs. Emma Shapard of Paris, legislative; Mrs. Myrtle Miller of Arco, national defense; Mrs. Caroline Merriam of Grace, national news.

Mrs. Foreman of Pocatello, membership; Mrs. Emma Kemnitz of Hagerman, memorial and Gold Star; Mrs. Edwin Nichols of Salmon, music; Mrs. Marjorie Prescott of Boise, rehabilitation; Mrs. Ardith Shimmim of Jerome, trophies, emblems and awards; and Mrs. Kathryn Prater of Boise, poppy.

Post department presidents: Mrs. Zola Worthine and Mrs. Duella Hartland and Mrs. Anna B. Local committee chairmen: Mrs. Benoit, general chairman; Mrs. Esther Nelson, Mrs. Alice Koster, Mrs. Selma Pryor, Mrs. Pauline Agee, Mrs. Melba Balch, Mrs. Hazel Leighton, Mrs. Mable Johnson, Mrs. Phoebe Frantz, Mrs. Ruth Beall, Mrs. Genevieve Wilson, Mrs. Pat Tate, Mrs. Vivian Helfrich, Mrs. Helen Victor, Mrs. Catherine Day, Mrs. Lena Kunkel, Mrs. Grace Turner, Mrs. Edna Tomlin, Mrs. Alta Dickey, Mrs. Clara Johnson, Mrs. Helen Butler and Mrs. Louise Smith, all of Twin Falls.

Did You Notice....?

That the American Legion owes B. C. Van Ausden a medal, or a trophy for the expert management he employed in getting the Legion and auxiliary parade started ON TIME? ... And, according to an interested bystander, high-spirited drum and bugle team won on pulchritude and sex appeal; Jerome on music and marching, and the Pocatello team on formation, and that "The Twin Falls Boy Scout band" would have had the cup, but how in heck can you do anything spectacular with those khaki uniforms?

Mrs. Georgia Foreman, who has ably served the Idaho department, American Legion auxiliary as vice-president the past year, wearing a smart ensemble in dress of wine black yesterday afternoon.

Mrs. Selma Pryor, gracious presider of Twin Falls auxiliary doing right by the "Ask Me" buttons and trying to answer three questions simultaneously? ... The popularity of the porches of homes adjacent to the city park and along the line of the American Legion's spectacular parade? ... Shirley Ray and Mary Lou Blankenship, diminutive dancers in pink and white slips, with trimmed off-the-shoulder matching hats, getting plenty of admiring glances? The picture in the "Album" display window of "Doc" Harwood Stowe, sophisticated looking member of the medical detachment of the Idaho national guards, representing "the military element" of the rising generation?

Mrs. Martin, whose initials no body seems to know, impersonating "The Old Star Mother," and weighing but 112 pounds, being helped down from a float following the parade by Andy Dingell? ... The woman in the striking all-white ensemble, except for a high-crowned black hat banded with white, causing more than one spectator to temporarily disregard the parade, so smart was she? ... The girl twirlers of the blue and gold garbed Twin Falls drum and bugle corps getting more than one "how do they do it?" from the parade lookers-on? ... "Smallest" honors of the drum and bugle going to the kid in the red pants and the red-faced blue cap?

How the Kimberly unit was a jump ahead of the style who declare that "oatmeal plumes are coming back"? ... Robert H. Warner holding his hands over his ears as he couldn't hear the rebound of his voice from the fence at the music and marching contest last night? ... Were catching each other in the chips and grabbing it over immediately to a "grubby" little boy? ... How the attractive members of the French North and Central units, judges who awarded their float the sweetest award? ... That Claude Delweller handled the reins like a pro? ... How the auxiliary got down to business in a very thorough manner this morning, winding up the convention affairs and setting themselves new goals of endeavor for the coming year? ... That the crowd?

Haystack Party Fete Co-ed of Eve of Leaving

What they term "a night in the hay," and which has become a summertime tradition, was the affair of a group of friends of Miss Caroline Dudley attended last evening at the country home of Miss Margaret Ellsworth.

Miss Dudley leaves tomorrow morning for Berkeley, where she will resume her studies at the University of California. Miss Jean Clark, Miss Myrtle Madding, Miss Betty Hansen, Miss Ellsworth and Miss Dudley were the participants.

A picnic supper was served by Mrs. Scott Ellsworth, mother of the hostess. Miss Madding entertained with piano selections and Miss Clark played harmonica numbers.

At bedtime the girls took blankets and pillow to a haystack, clumped about, and made beds for the night. Mrs. Ellsworth served breakfast to the girls this morning.

The group has been enjoying a haystack slumber party all summer for the past several years.

High-Stepping Belles of St. Maries Win State Drum-Bugle Crow

NORTHERN GIRLS CAPTURE HONORS IN LEGION MEET

The soft-stepping, hip-swinging Belles of St. Maries were tops today among drum and bugle corps of Idaho.

The all-girl outfit, representing Benewah post No. 25 of the American Legion, was declared winner of its division at conclusion of the contest held last night at Jaycee park as a public highlight of the state American Legion convention which concluded here this afternoon. The girls already held the north Idaho title.

Boise Band Wins
The Boise band, only one entered in the competition to be comprised of all sons of the American Legion, walked away with first prize money in that division when decision of the judges was announced. The band was composed of 20 players and Whit Wilson was drum major. Director was Kenneth Hartzer, while manager was Ray Waggoner.

The Belles of St. Maries, dressed in shining blue and silver uniforms, were directed by O. W. Cronwell. Miss Billie Kootenay was drum major. While 2,168 persons looked on, the 10 units entered vied for prize money offered by the local American Legion post. Two of the units, however, did not compete for the awards because they were hosts. They were the Twin Falls American Legion drum and bugle corps and the Boy Scouts of America drum and bugle corps.

\$50 Awards

First prize of \$50 in the drum and bugle division was accepted by Director Cronwell on behalf of the St. Maries girls while the same amount was presented to Director Hartzer for the Boise band members.

Second place in the drum and bugle division went to the Jerome entry, coached by Earl Small. Prize received was \$20. Third award of \$20 went to Pocatello's first stepping Sons and Daughters of the American Legion entry, directed by Paul DeP. Mortimer.

Second place in the band contest went to Malad high school whose director, Charles Ratcliffe, was handed a check for \$30. Third place was awarded to the Emmet high school entry and \$20 was received by Director Earl Tunison.

The St. Maries girls, after the decision had been announced, serenaded the throng with a song, and also a group selection. Later they, and other groups, paraded the downtown section.

City Band Plays
Music during lulls in the program and before the competition got underway was furnished by the Twin Falls municipal band, under the direction of Dr. Orrin Fuller.

Presentation of checks to the winners was made by Paul R. Thibault, chairman in charge of arrangements for the program. Milton Hughes, Hollywood, was announcer and the Standard Oil company sound truck furnished the amplification. Hughes was assisted by Robert H. Warner, advertising manager of the Standard Oil company.

James Barker
Official starter was R. V. Jones, local high school athletic coach and coach of the Twin Falls American Legion post. Each unit was given 10 minutes to "do its stuff."

Any maneuver they made after this did not count. Judges were Harry R. Guest, director of music in the St. Louis (Mo.) public schools; Walter C. Seftin, Boise; Capt. Elmer W. Jones, Twin Falls; Judd Pettigrove of Nebraska, a graduate of the Idaho School of Music; and Harold Kirklin, director of music at the Baker (Ore.) high school.

Units taking part in last night's events in order of their appearance were the Twin Falls American Legion drum and bugle corps; Coeur d'Alene high school; well American Legion Sons and Daughters drum and bugle corps; Pocatello high school; Twin Falls Boy Scouts drum and bugle corps; Boise Boys of the American Legion; Pocatello Sons and Daughters of the American Legion drum and bugle corps; Malad high school; Belles of St. Maries drum and bugle corps; Jerome American Legion drum and bugle corps; and the Emmet high school.

Pageantry and Color March in Review at Legion Parade

Twin Falls citizens, and visitors from the Magic City, yesterday witnessed the "parade of parades" as the annual American Legion event was staged in the downtown section. In the pictures above some highlights of the parade are shown. At the top (left) is the Kiwanis float, one of the many beautiful floats taking part. Center (top) are two of the Legion float bearers while above the flag bearer on the right is B. C. Van Ausden, co-chairman of parade arrangements. Right (top) is Molly McMahone, drum major of the Jerome drum and bugle corps. At the bottom (left) is Betty Jean Trapp, one of the twirlers in the Pocatello drum and bugle corps while center is a general view of part of the state champion Belles of St. Maries organization. At right is Dr. M. Groves, parade chairman. An estimated 10,000 persons crowded the downtown section to witness the largest parade ever staged here.

ACTORS' QUARREL AT CLIMAX TODAY

NEW YORK, Aug. 16 (UP)—The theatrical union quarrel was expected to reach a climax today when the associated actors and artists of America, parent union for all entertainers, decides whether to accept the recommendations of the executive council of the American Federation of Labor to reinstate the night club-vaudiville-circus branch it had expelled.

The AFL council reached its decision at Atlantic City, N. J., last night on the dispute that has threatened to develop into a strike that might close every show in the country.

Today the matter went back to the international board of the AAAA. Although the AFL decision was given as a "recommendation," it represented the judgment of the heads of the AFL, president, and William Green, AFL president, said it meant the suspension imposed by the AAAA was lifted.

But Kenneth Thomson, executive secretary of the actors' union, said one of the largest of the 11 unions that comprise the AAAA, said "we may accept or reject the recommendation." He said he disagreed with some of them.

It appeared the trouble was far from settled, although the chances of a strike were lessened when the AFL council ruled that the stagehands union, which chartered the expelled actors' branch, must revoke the charges and turn the branch back to the AAAA. The screen actors' guild had sent a delegation to Atlantic City from Hollywood last week to warn the AFL that if the stagehands were permitted to rejoin actors in their union, the screen actors would also enter a strike that would close every theater in the country.

Rioters Threaten Policeman For Killing of Dog With Club

RALPH, N. C., Aug. 16 (UP)—Citizens circulated a petition today demanding criminal action against a policeman who clubbed a dog to death in view of a crowd which afterwards milled in the street for an hour threatening to riot.

People in towns 30 miles away were telephoning police headquarters to demand the policeman be discharged. Dog lovers discussed calling a mass meeting to demand action. A petition was to be presented to the city council.

The policeman involved was a plainclothesman and his superiors withheld his name, saying the dog had been frothing at the mouth and had killed a child.

CORRECT

LOS ANGELES, Aug. 16 (UP)—A New York calendar company which had been making 100,000 of its calendars not only unique in their design but also in their content, said it was not a "blacklist" of the names of the living.

The company was embarrassed that the calendar should have its name embossed both on the printed and metal base, and that Mr. Roosevelt's name should appear on the calendar. The company said it was not a "blacklist" of the names of the living.

DEVELOPMENT OF ALASKA SOUGHT

WASHINGTON, Aug. 16 (UP)—The Interior Department today urged development of Alaska as a land of opportunity for the nation's unemployed and for refugees fleeing European intolerance.

Making public a survey of the territory conducted by Under-Secretary John H. Hensley and other officials, the department said that Alaska is "our last frontier."

"Prospects for Alaska development," it said, "are particularly favorable today because of the possibility of transplanting to Alaska the benefits of the United States industries which were developed in Europe but which have been broken up by current waves of intolerance."

"Alaska has the resources upon which a sound economy can be based. Such development would offer many employment opportunities to American citizens and also to persons now fleeing Europe."

STEEL COMPANY APPEALS RULING

WASHINGTON, Aug. 16 (UP)—Bethlehem Steel company today petitioned the U. S. court of appeals to set aside a national labor relations board order requiring it to disestablish a 21-year-old employee representation plan.

Bethlehem's court appeal came less than 24 hours after the labor board rendered its decision finding the company guilty of violating the Wagner act at 10 of its plants.

The board said Bethlehem's employee representation plan was "employer dominated."

Bethlehem's appeal asserted many of the alleged violations had no effect upon interstate commerce and said that a construction of the act to apply to these alleged violations would be unconstitutional. It alleged it had been denied a "full and fair hearing."

The labor board ruling supported the union's charge that the company was guilty of violating the Wagner act at 10 of its plants.

The board said the union's committee, established during the strike and the indirect payments by the company of more than \$25,000 to John H. Hensley, also were violations.

Quads Born To Mother In Illinois

KANKAKEE, Ill., Aug. 16 (UP)—Virgil Deschand, 26, a welder, prayed today that physicians would be able to save the three survivors of quadruplets born last night to his wife, Myrna, 22.

The quadruplets, two boys and two girls, were born two months prematurely at a private maternity hospital. The first of the infants, a girl, was born at 8 p. m. A boy, another girl and the second boy were born within half an hour. The last boy died an hour and a half after birth and one of the girls was given little hope to survive.

Dr. J. R. Wilkinson said each child weighed between three and four pounds.

"They are pretty small, only about 10 inches long each," he said. "It is hard to tell about the survivors' chances. One of the girls' condition is poor. We'll transfer them to an incubator at St. Mary's hospital to-day."

He said Mrs. Deschand's condition was good.

The father is a spot welder in a plant factory. He and his wife, married four years ago, have one other child, Myrna, a year old.

10,000 View Impressive Two-Hour Legion Parade

Twin Falls, as well as several surrounding communities, went "on parade" here yesterday as the American Legion sponsored event wound its way over a route of 21 city blocks. Head of the parade was dismounted, long before the rear passed the Judges' stand.

An estimated 10,000 persons lined the march route, congregating especially in the immediate downtown area and also at the city park where they found some relief from the direct rays of a bright sun.

Grand sweepstakes award for the parade, which was directed by B. C. Van Ausden and Dr. M. Groves, went to the entry of the Twin Falls Coca Cola Bottling company. The float represented a field of ice and snow and atop was a sled drawn by a group of huskies. Driving and riding the sled were Miss Joyce Lingsbach, Clatskanie, Wyo., and Miss Perdita Humman, Twin Falls. First prize amounted to \$25.

Grand sweepstakes winning float—Coca-Cola Bottling company. Prize, \$25.

Best decorated bicycle—Don Roush, of Twin Falls. Prize, \$5.

Best decorated car—Twin Falls Floral company. Prize, \$5.

Oldest automobile—Garrett Transfer company. Prize, \$5.

J. O. Adams, who was 87 years old yesterday, won \$5 for being the oldest pioneer to participate in the parade. He was born in Frank, Idaho, and produced an insurance policy bearing a birth certificate for 1851.

Clout of the American Legion and auxiliary of Twin Falls was given honorable mention by judges. The float was not eligible for an award.

Women of the Moose installed Flossie Heli, Gooding, park grand regent; Doris Wilkerson, Caldwell, grand regent; Myrtle Orchard, Montpelier, grand regent; Mary D. Buhl, senior regent; Maggie Brown, Gooding, junior regent; Thelma Howard, Buhl, secretary-treasurer; and Carr McCutcheon, Boise, chaplain.

In various competitions Buhl float team won the cup. Buhl Women of the Moose the fancy drill team cup; Boise drill team the award for drilling and Nampa the Sheriff membership cup. Boise also awarded the memorial service cup.

Drill competition by teams was held in the high school gymnasium. During the afternoon a street parade was held and in the evening a banquet and ball were highlights.

Suit Claims Bike Held Wrongfully

A bicycle became focal point today of a civil suit filed in probate court.

A. M. Moya, plaintiff, charged W. C. Grayson, cyclist proprietor, with "wrongfully" withholding a Silver King bicycle of which Moya asserted he is owner. The complaint charges that the bicycle is worth \$50, and asks the court to order return of the vehicle or award of \$50 damages.

Grayson is holding the bike, according to Moya, because of claim that the bicycle had been stolen from the purchase price.

TRAFFIC PROBLEM LINKED TO ENFORCEMENT

Dear Sir: Since your article in the Times in connection with the subject of parking meters for Twin Falls, there seems to have been a justifiable amount of reactionary opinion voiced by many of the citizens of Twin Falls and the surrounding rural territory. This article is but a part of that opinion and was prompted by the challenge set forth in your article in connection with the parking meter problem.

To get down to facts—many of us realize that the problem of traffic in Twin Falls is one that should not be put off any longer, and I firmly believe that there is no time like the present to do something about it.

As regard the parking meters, may I state that I am absolutely against their use in this community. Why? Because there is (as is evidenced by the majority of cities in the United States) a better method of coping with traffic problems—proper legislation and proper enforcement. We have the former and can attain the latter.

May I present the following as constructive and correct data: In the eight main downtown blocks (two each direction on Main and Shoshone streets from the main intersection of lower there are approximately 400 parking places. As I understand the parking meter system, it would cost 5 cents per space per hour to park in any of these eight blocks. Considering an eight-hour parking day parking will cost 40 cents per space per day or a total of \$160 per day—or \$56,000 per year.

Now, if I see the picture correctly, these figures mean that the people of this territory must pay a total of \$56,000 annually for the privilege of using only eight blocks of Twin Falls business district parking space. This seems to me to be an extremely exorbitant sum to pay to correct the parking problem in the business district of Twin Falls.

I am not one to go about pointing out sore thumbs, but since the subject is open for discussion someone must speak, and it might as well be me. To me it seems that the subject of parking meters is only a small part of the problem which is before us—the problem of proper law enforcement in Twin Falls—its traffic and crime.

Don't misunderstand me. I am not the intelligent person who can offer a foolproof solution of the problem. However, the least I can do is to observe, and to voice my reactions and opinions with the hope

Anti-New Deal Governors Oppose 'Turkey' Changing

(By United Press)

Several anti-New Deal governors announced today they would not string along with President Roosevelt in his decision to advance the Thanksgiving holiday from Nov. 30 to Nov. 23.

Declaring that the right to issue Thanksgiving proclamations in their states was vested solely in them, the disident governors made it clear they thought the President was playing fast and loose with tradition.

Business men generally approved the President's action, but they felt it would lengthen the Christmas shopping period—but calendar makers, turkey raisers, tradition-lovers and college football managers were plainly disgruntled.

Too Upsetting

Gov. Leverett Saltonstall of Massachusetts thought the proposal "more upsetting than a change in our" and Gov. Lewis O. Barrows of Maine said his state would "refuse to be regimented."

Gov. George D. Aiken of Vermont wondered why the President "didn't change Christmas" too, and Gov. Julius P. Bell of Wisconsin said he thought folks "should respect tradition."

Gov. William H. Vanderbilt of Rhode Island said he would look into the matter "more fully" before deciding whether to follow the President's suit but Gov. George A. Wilson of Iowa said he would retain the traditional date in his state.

JAPANESE ARMY NEAR HONG KONG

HONG KONG, Aug. 16 (UP)—Japanese troops moved up to the border of British Hong Kong today in what they called a "mopping up" operation.

British authorities dispatched two companies of infantry to the frontier to take posts opposite the Japanese.

Japanese army men asserted they intended to extend their "mopping up" operation along the entire frontier of British territory. This at once led to speculation whether the Japanese intended to blockade the area, but British authorities said they believed the Japanese move did not mean the border would be closed. They said the Japanese had given them 48 hours' notice of their intended operation.

Land on River Bank

Japanese troops in four groups landed on the Pearl River bank near Hong Kong at 2 p. m. today. They drove inland, smashing Chinese defenses at Nantun and Paoan, and pushed on to Shanchun, on the Hong Kong border, after a severe airplane bombardment of the town.

They occupied Shanchun at 11:30 a. m. and said they expected to complete the "mopping up" of the entire border region later today.

Chinese civilians fled from Shanchun and other towns into British territory already crowded with refugees.

Chinese Dead

It was estimated 3,000 Chinese had taken refuge inside British Hong Kong territory by mid-afternoon as the Japanese continued their march along the border.

Refugees from Shanchun asserted Japanese soldiers conducted a house to house search there and "perfunctorily" shot Chinese who possessed arms.

Unfettered reports from sources believed to be reliable said the Japanese machine gunned the former Shanchun casino, now a hospital for a British 8th John's ambulance corps unit.

100 Children Meet For Primary Picnic

MURTAUGH, Aug. 16 (Special)—One hundred primary children and their parents enjoyed a meeting and picnic party at Murtaugh lake picnic grounds Thursday.

The following children took part in the program: Joyce Goodwin, Betty Earl, Rose Mary Rees, Arlene Meyer, Lillian Tolman, Norma Lou Howe, Madeline Christensen, Mollie Lee, Naomi Anderson, Ruth Herbert, Dick Noh, Kenneth and Russell Mackhorn.

Picnic pots were made by some of the children during the afternoon. The group went in swimming after the program. Handicrafts and ice cream cones were served to all.

No Forts

CANBERRA, Australia (UP)—In three days of treaty repudiation, Australia has announced that it will abide by the terms of the League of Nations mandate over New Guinea and will not establish fortifications or military bases there.

Fifteen major parcels of land have been acquired by the United States since the Revolution, the largest being the Louisiana Purchase.
