BRITAIN REJECTS HITLER PROPOSAL

Roosevelt Puts War Guilt Squarely Up to Hitler

POLISH LEADER ACCEPTS PLANS OF NEGOTIATION

WASHINGTON, Aug. 26 (U.P.)—President Roosevelt put war or peace squarely up to Adolf Hitler today by asking him to follow Poland's example and agree to study German-Polish differences peacefully.

The President cabled his new appeal to Hitler last night, his second within 24 hours.

He informed him that President Ignacy Moscicki of Poland had agreed to settle the controversy by direct negotiation or conciliation. In urgent terms, he asked Hitler to accept, too.

"The Polish government is willing to agree to solve the controversy which has arisen between the Republic of Poland and the German Reich by direct negotiation or through the process of conciliation," Mr. Roosevelt cabled Hitler.

"Countless human lives are yet to be saved... All the world pays that Germany, too, will."

The President dispatched his new appeal immediately upon receipt of a message from Moscicki accepting the terms of a proposal which was sent simultaneously to him and to Hitler by Mr. Roosevelt Thursday night.

"We have this hour received from the president of Poland a reply to a message which I addressed to your excellency and to him last night," President Roosevelt said to Hitler.

He then repeated tentatively the message he had from Moscicki that Poland had "always considered direct negotiations between governments as the most appropriate method of solving difficulties which may arise between states. We consider this method all the more fitting when adopted between neighboring countries."

"We consider likewise the method of conciliation through a third party as a disinterested and impartial as your excellency to be a just and equitable method in the solution of controversies arising between nations," Moscicki continued.

Hitler Calls Added Thousands to Fight

BERLIN, Aug. 26 (U.P.)—Adolf Hitler sent new proposals to Great Britain today regarding Germany's dispute with Poland, and backed them up by calling tens of thousands of men to the colors.

Sir Neville Henderson, British ambassador, flew to London personally with the Fuehrer's proposals.

As he left, registered letters were delivered to thousands of reservists ordering them to report.

All main railroad stations in Berlin were crowded with newly called men. Railroads informed passengers who wanted to take trains to the east or west toward the Polish and French frontiers.

"There is no guarantee when or whether you will get to your destination," the letters read.

Disclosure of this new call for men came just after British Ambassador Henderson left with Hitler's proposals.

During the morning, Hitler continued his conference with his closest collaborators, such as Hermann Wilhelm Goerring, air minister, and Joachim von Ribbentrop, foreign minister.

Calvin Mood

Despite the activity in the circle immediately around Hitler, a calm and even confident mood seemed to prevail.

The telephone connection between the chancellery and Danzig was kept open and frequently used for talks between Hitler and Albert Forster, Danzig Nazi leader, who now is head of the Danzig state.

All party leaders and functionaries from various parts of the country are now in Berlin and are likely to meet in the Kroll opera house soon to be addressed by Hitler and Goerring.

It was observed that most members of Hitler's personal bodyguard have shed their black S. S. uniforms and donned field gray.

American Embassy

The United States embassy sent letters to American citizens in Germany advising them to leave.

GERMANS BLAME POLES IN DEATH OF TWO SOLDIERS

DANZIG, Aug. 26 (U.P.)—The German official news agency reported today that Polish army men had shot and fatally wounded two German soldiers in Danzig territory last night.

The agency said the victims of the Polish attack were SS (elite storm troops) and SA (Brown Shirt) members. One victim was said to be Johann Ruch, who was fired upon at Mennelbach, near Zoppot, but the second was not identified.

The free city was tense as reports of other shootings and troop occupations filtered in.

Polish sources said that storm troops, in occupying a railway station at Stenemendorf, had wounded a Polish woman during a scuffle. Official Polish quarters reported that Danzig Nazi home guards and storm troops had occupied depots of the Polish state petroleum here and had taken over seven grain silos of the Polish state grain import company.

An extra edition of the Danzig Vorposten today warned that German airplanes fired upon by Poles would hereafter return the fire.

The warning followed three incidents in which Polish coastal guns shot at German planes near Gdynia, the Polish seaport west of Danzig.

"There is only one answer. When other warnings fail then we must return fire," said the Vorposten.

See Sudden Move

Political quarters speculated on whether Nazi Leader Albert Forster's appointment as chief of state for Danzig precluded a formal Nazi declaration of independence. Observers believed another possibility for Germany's next step would be a sudden but quiet occupation of the railway station, which is under Polish control of the Polish post office and the Polish customs house.

There has been a marked increase in military activity in the last few days. It was learned Danzig has erected guns along the coast and in woods near here at the town of Heubude.

As European Conflict Nears

Twenty-five years ago, when David Lloyd George walked into parliament as prime minister, he didn't make his way through anti-aircraft defenses. But recently when he entered parliament to hear Prime Minister Chamberlain ask for passage of the "emergency powers bill" he was led to the House through the above anti-aircraft defense embankments because they were indications of England's preparedness.

They don't want war—three people who would have to pay for it in privation and suffering, in broken homes, in the blood of their sons. They fear war—and that's why they are fleeing—these Germans are fleeing from Poland into East Prussia, with what few worldly goods they can carry.

Late FLASHES

LONDON, Aug. 26 (U.P.)—Today's cabinet session lasted from 8:30 p. m. to 8:55 p. m. The cabinet will meet again tomorrow morning. Sunday meetings are rare except in times of grave crisis.

ROME, Aug. 26 (U.P.)—The United States consulate general today urged its citizens in Italy to leave for home at the earliest possible time.

NEW YORK, Aug. 26 (U.P.)—The German Hamburg-American line today cancelled the sailing of its liner M. Louis as 600 passengers waited at the pier. The M. Louis had been scheduled to sail for Bermuda, a British possession. No explanation for the cancellation was given.

CAT

SENECA FALLS, N. Y., Aug. 26 (U.P.)—Interest in Europe's war clouds diminished here today when a bulletin from Dr. W. J. Clark's animal hospital announced the death of Tommy Clark, 24-year-old, longest animal ever lived for longevity.

Nazi Head Seeks "Free Hand" for Poland Dealings

LONDON, Aug. 26 (U.P.)—The British cabinet, with peace or war in the balance, held an emergency meeting tonight and drafted a reply to Adolf Hitler, which reliable sources said would be a refusal to accept his suggestions for settling Germany's demands on Poland.

The reply will be flown to Berlin tomorrow by Sir Neville Henderson, British ambassador to Germany, who flew here this morning and transmitted Hitler's "suggestions" to the cabinet and the king.

The "suggestions," according to British sources, showed no positive retreat from Hitler's previous demands for possession of Danzig, the Polish corridor and certain other sections along Poland's frontiers which belonged to Germany before the World war.

Reliable sources said Hitler demanded a free hand to deal directly with Poland.

Britain and France firmly oppose such a solution, insisting that there is any condition, that Britain must be fully represented with the firm backing of Paris and London, also in attendance.

Despite the reported attitude of London, Nazi circles in Berlin continue to express confidence that Britain would counsel Poland to accept Hitler's terms.

Information in London and Paris was different. Informed sources said the two powers were determined to stand by their pledge to protect Poland, even if it meant war.

Robert Coulondre, French ambassador to Berlin, had flown back to Paris to express confidence that Hitler's "vague" statements in conversations between Coulondre and the Fuehrer yesterday.

Coulondre was instructed to restate the French position to Hitler on the basis of last night's speech by Chamberlain. He said that Hitler's words were "vague" and that he was not sure if he was in a position to accept them.

He urged any rapier who knows of evidence of marjamins to get in touch with the bureau office.

France, England and Belgium

While the gloomy outlook for peace continued, the British and French pressed the case for a direct general trend of events and cited the following developments:

1. They hear that Berlin and Rome are deeply disappointed by the repercussions to the Soviet-German pact which they had hoped would dumbfound Britain and France and

500 FIRES BLAZE IN NORTH AREA

PORTLAND, Ore., Aug. 26 (U.P.)—Five hundred new fires, started by electrical storms, blazed over scattered areas in the Pacific northwest today.

Fire fighters found lightning "strikes" in virtually every section of Oregon and Washington's timber stands.

Most of the new fires were small ones but they were additional problems to weary fire fighters who have been trying to check major blazes.

C. J. Conover, assistant forester of the Bureau of National Forests, said at least 30 of the fires were in his area.

One hundred and seventy-nine new blazes were reported in the Oregon and Washington forests.

MAN BOUND OVER IN ATTACK CASE

Probable Judge C. A. Bailey this morning found a man who caused to believe Jim Heck, 30, Twin Falls, was guilty of the rape of a 16-year-old girl and bound him over to the district court under bond of \$2,500.

Heck, unable to furnish that amount, was remanded to custody of Sheriff Art Parker and was returned to the county jail to await the next term of court.

Three witnesses were called by the state at the preliminary this morning with Everett M. Sweeley, county prosecutor, doing the questioning. The witnesses were Jim Heck, city police officer; C. E. Bortoff and the young girl, Heck, who was not represented by counsel, took the stand briefly in his own behalf.

Identifies Heck

Under questioning by the state, the girl identified Heck as the man who, early this morning of Aug. 13, attacked her while she was sleeping on a bed located just outside the door of her home. She said he choked her and that she was "poisoned" by the man.

Mr. Bortoff testified that on the night in question the girl was sleeping outside the door and he also

Peace Desire Caused Acceptance of Nazi Danzig Head, Poles Claim

GERMAN SOLDIER KILLED IN CLASH BETWEEN TROOPS

By EDWARD W. BEATTIE
WARSAW, Aug. 26 (AP)—Polish officials said today that only their earnest desire for peace had moved them to acquiesce to Albert Forster, Nazi leader, becoming chief of state for Danzig.

The action, Poles said, was admittedly a long step toward Danzig's union with Germany. They said they were still determined not to countenance any change in Danzig's status.

Newspapers feature the historical importance of the Anglo-Polish mutual aid treaty as well as President Ignacy Moscicki's reply to President Roosevelt's peace message saying Poland was ready to negotiate with Germany on an equal basis.

The death of a German soldier on Polish soil increased the war tension today.

Killed in Clash
The soldier was killed in a clash of Polish and German patrols on the outskirts of the city near the Polish-East Prussian border. Almost at the same time, on the opposite side of Poland, German soldiers grenaded a frontier railroad tunnel.

The bombing did not cause serious damage. Its chief importance was that it definitely established German troops being as far east as where Poland, Hungary and Slovakia join.

According to the Polish version of the border skirmish which resulted in the soldier's death, a German patrol penetrated more than half a mile into Polish territory, where Polish troops surprised them.

The Germans operated first with light machine guns and the Poles replied. The Germans retired, leaving dead their leader, Corporal Kasper, of the third squadron first cavalry regiment stationed at Anenburg, East Prussia.

Take Machine Gun
The Poles captured a machine gun, their report said.

Four German soldiers threw two hand grenades at the railroad tunnel at Luppok on the Slovak-Polish frontier and then retreated.

It was official that the Danzig-Polish frontier had been closed for a time, as reported by the German DNB news agency. The DNB reported that 25 German soldiers and Ukrainians of the Polish army had been shot in the neighborhood of Danzig.

Poles confirmed they had shot at German planes flying over the Hel peninsula, but denied all German reports of Polish troop concentrations, ready for an offensive in upper Silesia and Danzig.

MAN BOUND OVER IN ATTACK CASE

(From Page One)
Identified the girl was born in April of 1922.

The trackwork told of the police investigation at the scene of the alleged attack and told of shoe prints found by officers. He said that drawings were made of the prints and that when Heck was arrested, a pair of shoes, which he admitted owning, was found to be the same which made the tracks. The shoes were admitted in evidence at request of Mr. Sweeley.

May Be Sent to Elie
During his brief stay on the stand in his own defense, Heck intimated the possibility that someone else had committed the offense with which he is charged and said "I hope to prove that thing which has occurred will relieve me of this thing I have been charged with."

He said, in opening his remarks, that he made these statements "before these folks and these witnesses make too much of a blunder."

Heck, a milk truck driver, is married and the father of seven children.

break up the "anti-aggression front."

2. Japan reacted violently to the pact, and Britain may shortly move to patch up her differences with Japan, at least temporarily.

3. Spain also reacted unfavorably, so that Britain and France hope to weaken Spain's ties with the Berlin axis. Spain was understood to have given assurances of her neutrality in case of war.

Turkey Stays Unchanged
4. Jugoslavia finally has patched up her internal Croat-Serb quarrel, strengthening the nation and lessening the possibility that the Croats will secede. The British and French appear confident that the new Jugoslav coalition government formed today will be friendly to western powers.

5. Turkey so far has not given way to the axis pressure to abandon the western powers.

6. The Italian people and an important group of Italian leaders are believed to be opposed to war on behalf of Germany.

7. President Roosevelt's peace messages are believed to be helping to influence world opinion and possibly be preparing the way for modification of the neutrality law if war comes.

Risser Services Held at Filer
Mrs. Frances Risser, 94, for the past 31 years a resident of Filer, who died Tuesday, was paid final tribute Thursday afternoon at the St. Anthony's funeral home church. Rev. R. E. Sidney Olsen, Star, officiated.

Don Muser, a great-grandson
of Mrs. Risser, sang "Don't Home" and the church also furnished music.

S. T. Lancaster, W. E. Lancaster, Fred Cramer, J. P. Bevier, C. E. Greiner and A. Osborne were pallbearers.

Interment was in Filer I. O. O. F. cemetery, under direction of the Twin Falls mortuary.

RECREATION UNIT MAPS FALL PLAN

Regular summer program of the Twin Falls recreation association will conclude Saturday afternoon, Sept. 2, and the following week the fall and winter school program will be inaugurated. It was announced here this afternoon by Miss Vernie Richards, recreation supervisor.

Miss Richards said
that next week afternoon programs will be in effect at all three city parks. The play period will run from 2 p. m. to 5 p. m. daily.

With the start of school
the programs will be held in the parks as long as weather permits, but will center around the recreation center located at 302 Third avenue north.

Each day during the school term
it is pointed out, special classes for women will be held at the center from 1

5,000 RIOT AT SAN ANTONIO COMMUNIST MEETING

OFFICERS THROW TEAR GAS BOMBS TO BREAK CROWD

SAN ANTONIO, Tex., Aug. 26 (AP)—About 5,000 angry citizens, including several hundred World War veterans in federal uniforms, broke up a Communist meeting in municipal auditorium last night and some of them partially wrecked the building which was dedicated to Texas' soldier dead.

Police Chief Ray Ashworth, Sgt. Wallace Watersford, Patrolman A. B. Gonzales and George Bartholomew, a newspaper photographer, were seriously injured, and several demonstrators received minor injuries when 130 policemen attempted to disperse the crowd with tear gas, water hoses and nightclubs.

A demonstration protesting what many participants vociferously claimed to be "the desecration" of the auditorium by the Communists, and by Mayor Mervyn Dymally, whose refusal to rescind their permit to use the building's lecture chapel drew sharp criticism from scores of patriotic, fraternal, religious and civic groups.

Supreme Court Justice Mervyn Dymally, a former U. S. congressman, had defended himself on the ground that not to allow the Communists to meet would be a denial of their rights guaranteed by the constitution and upheld by the supreme court recently in its ruling against Mayor Frank Hague of Jersey City.

The permit was granted by an acting mayor in Mervyn's absence. It was issued to Mrs. Emma Trent-Yu Brooks, state Communist secretary. The auditorium chapel, which seats only about 200, was partially occupied by Communists and their sympathizers when the crowd began to congregate in the auditorium plaza and in surrounding streets.

The 130 policemen sent by Mervyn to keep order were rushed repeatedly by sections of the crowd, and when the Communist meeting was convened and Mrs. Brooks began an address, the police broke up the crowd by using tear gas and water. They threw numerous tear gas bombs and there occurred several incidents of hand-to-hand scuffling between rioters and police.

Chief Ashworth ordered the meeting dissolved and personally escorted Mrs. Brooks and her husband, Homer Brooks, from the building. Other Communists and sympathizers fled the scene.

At this point the crowd got hot and hand and rioters rained down on the police. The rioters then entered the buildings and began systematically to wreck it. Police did not attempt to halt the vandals. The Rev. Marcus Valenti, chancellor of the San Antonio Catholic arch diocese, sought fully to address the vandals, to quiet them and halt the destruction.

JAPANESE "LOSE FACE" WITH GERMAN-RUSSIAN PACT

CABINET CHANGE SET AS SPECIAL SESSION LOOMS

By H. O. THOMPSON

TOKYO, Aug. 26 (AP)—The Ministry of Foreign Affairs today decided to call an emergency session of the cabinet to consider the situation caused by the Russian-German non-aggression pact.

It was reported that a cabinet reshuffle, possibly involving the resignation of the premier, foreign minister and war minister may be impending.

Emperor Hirohito returned to the capital from his summer residence at Hayama to take charge in what was a diplomatic emergency. Japan had suffered a humiliating reverse in its foreign policy and the effects were only beginning to be felt.

Baron Kichiro Hiranuma, the premier, reported to the emperor as soon as the emperor arrived here.

It was expected the emperor would summon an imperial council to discuss the situation and consider the necessary reorganization of Japan's foreign policy.

Prince Fumimaro Konoye, who preceded Hiranuma as premier, was particularly active and it was believed possible he might be called upon to head the government again.

It was understood the foreign office already had instructed its ambassador at Berlin to protest formally against the German-Russian pact as a violation of the spirit of the Japanese-German-Italian anti-Communist agreement.

Satisfactory Reply Unless Germany makes a satisfactory reply, it was understood, the government will withdraw from the agreement.

The reports of Japanese ambassadors in Europe to the foreign office were bitter in their criticism of Germany's conclusion of a treaty with Russia without notification to Japan, its ally in the anti-Communist agreement.

It was understood that particularly bitter was the report of Hiroshi Oshima, ambassador to Germany. He had been a consistent supporter of Germany and he and Toshio Shiratori, ambassador to Italy, had done their best to bring Japan into military alliance with Germany and Italy.

Whether or not a cabinet crisis will develop and Shiratori would lose his job.

Mrs. Sealy Weds Ferry Resident

GLENN'S FERRY, Aug. 26 (Special)—Mrs. Rosina Sealy, Twin Falls, and W. R. Campbell were united in marriage in Mountain Home last week. Ceremony was performed by Rev. Chandler, former Baptist minister.

The couple was attended by Miss Thelma Campbell and Buster Campbell, brother and sister of the bridegroom. Miss Elizabeth Duncan, a friend of the family, witnessed the ceremony.

The pair left immediately for a short trip to Boise and Nampa.

Mrs. Campbell is a daughter of Mr. and Mrs. Albert Thompson, Twin Falls. Mr. Campbell is son of Mr. and Mrs. W. A. Campbell, and has grown up here. He graduated from the local high school with the class of 1934. He is now employed as extra yard clerk in the depot here.

BICYCLE POLICE OFFICERS NAMED

Three youths today had taken the oath of office as "police" officials in the Twin Falls Bicycle Safety club sponsored by the local post, Veterans of Foreign Wars.

The three were Alvin Jenkins, Richard and Robert Leazer. Jenkins was named lieutenant, while the two Leazers boys were appointed as patrolmen. The appointments were made by Capt. Wayne Gardner, chief officer of the youth group.

Oath of office was given by Chief of Police Howard Gillette before 30 officials who attended the session, held in the bandshell in the city park.

General meetings of the group, to which all bicycle riders between the ages of seven and 17 are eligible to belong, will be held in the park the second and fourth Fridays of each month. Each Friday night, including the regular session nights, court will be held for bicycle riders who have violated safety rules and have been "arrested" by club officers.

Announcement was also made last night by Floyd Bicknell, VFW committee chairman in charge of formation of the club, that a bicycle hike and picnic for club members would be staged the second or third week in September.

Poland is constructing over 1,000 miles of new, hard-surfaced motor highways this year.

KIWANISANS HEAR MARIJUANA TALK

Buhl, Aug. 26 (Special)—An impromptu program was given by members of Buhl Kiwanis club at the Wednesday luncheon, J. P. Hunt, who has the noxious weed department for the county, gave a short talk on Indian hemp or marijuana, describing the characteristics of the plant and stating that, so far, very little had been found in Twin Falls county.

Plants found so far in the county have been brought to be planted by Mexican laborers who return in the fall for the beet harvest and other the leaves and tops which are smoked or used as a narcotic.

Dr. William Baggs gave a description of an airplane factory which he visited recently in Los Angeles. Only persons who are connected with the U. S. army or navy are permitted to visit the plant, and the fact that he was a naval reserve officer enabled him to make the visit.

J. J. Rugg gave a short talk on a Kiwanis meeting he recently attended in Provo, Utah. Other numbers were two piano solos by Leon and Ethel, a title by Leonard Smith, Shirley Percy and Joan Shriver, who sang one number, accompanied by Mrs. L. J. Johnson. Doris Venter and Ines Rogers played a piano duet.

A number of Buhl Kiwanians is planning to attend the Kiwanis district convention at Ogden, Utah, Sunday through Tuesday. Those planning to attend are Mitchell Hunt, Harold Pecker, Winston Gray, Gene Thometz, B. T. Albertson, W. R. Hatfield, P. A. Kallusky, Olin Smith, Major Senten, Roy Palt, J. Jay Rugg, Vaughn Shriver, C. D. Starr, Frank Squires and Jack Winkler.

Buhl Plans Made For Street Dance

Buhl, Aug. 26 (Special)—As celebration for successful conclusion of Buhl's first community recreation program, directed by Miss Blanche Parent, recreation department and the Senior Chamber of Commerce have announced a free street dance for the evening of Thursday, Aug. 31.

Buhl chamber will supply a piano for the use of the Melody Skene's orchestra, which has offered to donate dance music. Music will be amplified by the public address system offered for use by the Nelson Electric company of Buhl. Dance will be held between 8 and 11 p. m. on Main street between Broadway and Eleventh.

This week the department is holding an exhibit in the P. H. Buhl building of all craft work done this summer. Tournaments are being held in horseback, badminton, volleyball, contests in croquet, auction dart archery, bean bag and ring toss and relay races.

Men Map Grounds At CCC Camp Site

SHOSHONE, Aug. 26 (Special)—Work is actively under way on the new CCC camp, north of Shoshone near the upper Darrah ranch. It is a government tract and is slated for five years.

Thirty-five men, under command of Lieut. S. Katsarsky, are laying out grounds and sites for 26 buildings, including barracks, officers' quarters, offices, bunk houses and reading and recreation rooms. It is figured the camp will be in full swing by Oct. 1, with a complement of 200 men and officers.

Lieut. Katsarsky, commanding officer at the Kinman camp for some time, states that the camp work here will consist of agricultural work, extension and experimentation. The company will be transferred from Hagerman to the Shoshone camp when the site is ready for occupancy.

Double riveting is from 16 per cent to 20 per cent stronger than single.

WINNERS IN ART CONTEST NAMED

Winners in a plaster of paris art contest, sponsored by the Twin Falls boys' recreation unit, had been announced today by Miss Vernis Richards, supervisor. Judging was held in the city park.

First place went to Mrs. Gertrude Waldstrom for her "The Covered Wagon." She received a set of paints offered by the Twin Falls Glass and Paint company.

Winner of second position was "End of the Trail," done by Mrs. Clara Hoch, while in third was Mrs. C. H. Ross's work, "Nativity Patterns." Second and third place winners received a set of paint brushes.

Judges in the contest were Miss Agnes Schubert, Rudy Wicht and Mrs. Leah Beck.

Double riveting is from 16 per cent to 20 per cent stronger than single.

Motorist Fined On Drink Charge

SHOSHONE, Aug. 26 (Special)—Golder (Bud) Clifford, convicted of drunken driving, was fined \$100 and his license ordered suspended after arrest was made by Marshal Ben E. Weeks. The action was before the court of Probate Judge Howard P. Adkins.

Duane Budecke was charged with disturbing the peace at Wood River Grange Saturday and was assessed \$12.50 fine and \$3 costs in the court of Judge Adkins.

Both culprits are assisting Sheriff George M. Brown in combing the courthouse lawn in preparation for the county fair picnic Tuesday, Aug. 29.

In the court of Judge Doran Stephen Thursday Maud Hopkins was granted a divorce from Ray V. Hopkins.

Another civil action consisted of an injunction case, instituted by Frank Mathis against Ed Gage. A demurrer was overruled and the parties given 10 days in which to answer. The court session lasted but part of a day.

MONT A. JOHNSON, Richfield wheat farmer, takes time out for a picture on the "Caterpillar" Diesel D2 tractor that he has this to say about:

August 7, 1939 Richfield, Idaho

Bunting Tractor Co. Twin Falls, Idaho

Gentlemen:

Last Spring we purchased our "Caterpillar" Diesel D2 tractor to replace an all-purpose air lined tractor of a popular make. Since that time we have discovered to our complete satisfaction that the "Caterpillar" Diesel not only does our work in less time but fits our conditions much better.

In addition to this we have been able to save from 60 to 80% in fuel cost alone. For example: on one particular job of dry land plowing we checked the fuel consumption carefully and found we were plowing for about 12c an acre.

We plowed 325 acres 6-inches deep using a 6-foot wheeled plow for a total fuel cost of only \$29.50.

At the present time we are pulling our combine for less than 1 gallon of diesel fuel per hour of operation.

The simplicity and economy of the "Caterpillar" Diesel has been proven to our entire satisfaction.

Very truly yours,

M. A. Johnson

Since the "Caterpillar" Diesel D2, 25 h. p. Tractor was made available a year ago, we have had many very gratifying reports such as expressed in this letter from Mont Johnson.

ECONOMY

ECONOMY is but one outstanding value feature of the "Caterpillar" Diesel D2, built to meet the requirements of progressive farmers everywhere.

CONSIDER other value features found only in a "Caterpillar" Diesel, such as: 5-speed selection, Air Cooled Crankcase, Oil-twin Radiator, Efficient Fuel Filters, Final Drive Shafts that need no adjustment, Positive Diesel Starting, Full Pressure Lubrication, Automatically Regulated Engine Temperatures, Simplicity of design and operation principles.

Visit our display at the Cassin County Fair, Burley, and Twin Falls Fair at Filer. A representative of the Bunting Tractor Co. will be glad to explain in detail the value features that make possible the sale of more "Caterpillar" Diesel tractors than all other makes of track-type tractors combined.
