### YEAR'S PEAK ATTENDANCE LOOMS AT COUNTY FAIR TODAY

#### THOUSANDS FROM WEST END TURN OUT FOR EVENT

**FILER FAIRGROUNDS, Sept. 7 (Special)**—Buhl and the west end turned out en masse today—and what may be the peak attendance for the 1939 Twin Falls county fair was a thronging the grounds this afternoon.

Stores and schools closed at Buhl this afternoon to permit students and employees to attend the varied panorama of farm, livestock, women's, juvenile and community exhibits, the afternoon thrill program, the free entertainment acts and the big rodeo which will climax this third day of Magic Valley's annual classic.

Large crowds for tonight's performance of the rodeo were predicted by Manager Tom Parks who said that reserved seat tickets for the event were being sold rapidly.

Highlight of the afternoon program was to be the performance of Captain Jerry Edwards and his Caliente troupe.

This exhibit sponsored by the Filer Grange in the produce building at the Twin Falls county fair caught the fancy of judges who awarded the display two first prizes. The entry was given the "high ribbon" for the "quality produce and fruit exhibit," and also for the "quality produce and fruit exhibit." The display featured a sign reading, "In a World of Fairs, Filer Marches on," posted between diagrams representing the New York and San Francisco World's fairs. The first prize in the third division, artistic arrangement, was awarded to the display of the Hansen Grange.

#### She's County Fair "Royalty"

Four-H livestock judges and demonstrators also played an important role in the day's program. A judging contest was held for the grand prize of \$100, and the winner was Miss Lois Hayden, daughter of Mr. and Mrs. J. G. Hayden, ranch residents northeast of Twin Falls. Miss Hayden was crowned queen of the rodeo at the opening of the event last night. She will lead the rodeo entry parade tonight.

Although Gov. C. A. Bottelmann was scheduled to lead the grand entry parade last night, he did not appear. No explanation was offered, but it is believed that official business detained the governor in Boise.

That, and day will be observed at the fair tomorrow, with Murrah, Kimberly and Hansen being honored. Schools and stores at Kimberly will close for the event.

#### DEATH TOLL FOR SHIP SET AT 128

**LONDON, Sept. 7 (AP)**—A tabulation of known survivors in the sinking of the British liner Athenia indicated today that 128 persons still are missing.

Line officials believed there was a slight hope that a few of those unaccounted for may have been rescued by small vessels without radio.

Of the 1,418 passengers and crew members aboard the ship, 560 have been disembarked from rescue ships at Glasgow, 510 at Galway, Ireland, and 230 others taken aboard the City of Flint.

U. S. Ambassador Joseph P. Kennedy sent his son, John, to Glasgow today to help the stranded American survivors. Kennedy instructed him to inform the American legation in London that the American Red Cross had turned over \$10,000 to the ambassador to provide relief.

An early sailing for at least 200 war-stranded Americans there was made possible when Kennedy completed arrangements with the owners of the Norwegian liner Athenia to make a special crossing to New York.

#### CANADIANS MAY NOT 'ENTER' WAR

**OTTAWA, Sept. 7 (AP)**—A state of war now exists in the dominion of Canada, Lord Tweedsmuir, governor-general, told an emergency session of parliament today.

His brief speech contained no formal declaration of war, and it was believed Canada might refrain from making such a declaration as the conflict was a "back door" through which American supplies could be shipped to the allies.

#### AIR TRAINING FOR COLLEGE YOUTHS

**WASHINGTON, Sept. 7 (AP)**—President Roosevelt today announced that the Civilian Control Administration and the Civilian Control Administration will conduct a series of training programs for college students to provide a reservoir of expert pilots in case of war emergency.

Hickley said that the CAA hopes to designate within the next week colleges and junior colleges where the training courses will be conducted. He said an announcement of state quotas could be expected shortly.

Hickley emphasized that his agency was avoiding efforts to rush the program because of the danger to human life entailed in too hasty training of youthful pilots.

He cited, as an example, the experience of Germany where premature training programs were put into effect and fatally averaged ran high among the youthful students.

#### SHORT TIME WAR CREDIT APPROVED

**WASHINGTON, Sept. 7 (AP)**—President Roosevelt today officially ruled that short time credits for ordinary commercial transactions with belligerents are permissible under the neutrality law.

His ruling was made public as he announced an emergency cabinet meeting to implement his neutrality policy which already has restricted a large protective front.

But Mr. Roosevelt deferred decision on authorizing a special session of congress, and fresh doubts arose as to whether he would call congress back before its regular January session.

#### WAR

**LONDON, Sept. 7 (AP)**—War-time in Britain is now a day of "no more" as their gas masks in London.

Bus conductors here and elsewhere are being victimized today by passengers who give them foreign coins of the same size as shillings and pence.

Air raid warnings are popularized in the form of a game in which older children put on gas masks and pretend that they are being bombed. The purpose: To accustom them to the noise of the siren.

Every gun, as well as the bride and groom, carried gas masks to the society wedding of Ann Blandy, daughter of Sir Alec Blandy, South African millionaire, and Miss Blandy, at St. James' Palace, London, today.

The bride and groom, as well as the guests, were all wearing gas masks.

SHIP LIFTING DELAYED  
**PORTSMOUTH, N. H., Sept. 7 (AP)**—Navy salvage officers believed today the final "lift-off" of the sunken submarine Aquila, might be delayed to early next week. Adverse weather conditions have delayed the setting of pontoons.

## Idaho Statistician Predicts Break in Wheat Boom Prices

**BOISE, Sept. 7 (AP)**—Artificial pressure of war hysteria has caused a sharp upward jump in wheat prices but, the Idaho statistician predicted, federal agricultural statisticians will bring them back to normal.

Ross noted Idaho farmers and warehousemen tended to withhold stores of wheat in anticipation of higher prices. He pointed to a sharp upward trend in retail and wholesale prices and deplored the fact farmers received no benefit from them.

### WHEAT RISES AS BEANS GO TO \$4

Climbing another 25 cents since yesterday, Great Northern beans soared up to the "long lot" \$4 mark today in Twin Falls.

One dealer quoted \$4 for No. 1 grade, with No. 2 beans listed at \$3.90. Top price quoted yesterday was \$3.75 and \$3.65.

Because of a heavy movement by ranchers to sell their beans, however, the local market was overclouded and several dealers reported that they were forced to leave the market today pending authoritative word as to whether or not national markets will absorb the load. Farmers had mostly refused to sell as the "war boom" took prices up swiftly this week, but at \$4 the selling momentum swung into high gear.

Wheat climbed over the 60-cent mark today, showing a two-cent increase. It brought the Twin Falls price up to 61 cents from 59 cents Wednesday.

Hot prices suddenly sparked upward on the Twin Falls market, with choice light bullock advancing \$1 per hundredweight and other classes moving upward in ratios as good or better.

Butte and lamb prices also advanced, although not as much as a swift pace. The increase in those classifications was 50 cents.

**NEWS-SPERMAN DIES**  
**SALT LAKE CITY, Sept. 7 (AP)**—Homer P. Robinson, general manager of the Salt Lake Tribune, died today of a heart ailment at his home here.

### PARIS, Sept. 7 (AP)—French troops have ripped their way seven miles into Germany in the rich Saar industrial and mining region, it was reported today.

Aided by airplanes and big fleets of tanks, the French troops were reported to have reached the edges of several towns in the Saar basin.

It was made known officially that British troops were now arriving in France and would take their places alongside the French in the fighting lines.

Artillery dueling and localized operations were reported developing rapidly tonight on the front.

From Germany came authoritative source stating that large areas in the Rhineland have been or are being evacuated as a precaution against a French offensive.

As British forces landed in France in large numbers messages received in Paris indicated that the conflict was raging in a narrow zone about 12 miles wide at the most between the permanent fortifications on both sides of the frontier.

The Carlsbrunn forest, on the German side of the frontier between Saarbrücken and Saarbrücken appeared to be the scene of the most intense activity. At that point the frontier follows the Merle river, a tributary of the Saar river, and Germans had studied the forest with machine gun pill boxes. Reports said the French moved into the forest, capturing several ranges of pill boxes, while big French bombers rained at the strategic road to Saarbrücken.

The Polish government is in Paris, said that both the highway and the railroad from Saarbrücken to Saarbrücken were under French fire.

Further to the east on the Rhine front, from Lauterbourg toward Bielefeld, there were no operations reported beyond aerial observation. The Rhine river presents a difficult barrier at that point, with fortifications running close to the edge of the water.

Accelerated Franco-British military operations against Germany were in progress, it was reported. Edmund Brodie, chief of the British general staff, and British air marshal Sir Cyril Newall have been their posts on French soil since Sept. 4.

"Thanks to conscription Britain will be able to give millions of little by little, announced propaganda minister Jean Giroud."

**Make Advances**  
"Many British air squadrons are today in our province on duty with our own."

French official communiques were most reserved. But reports from the front, however, indicated that the French had made considerable gains in the operation which seemed only in its early phase.

As many as 600 tanks were used in the attack, it was reported, on the front, at the northeast corner of France, according to reports. It was said further that the French were not using the crust troops in the Maginot line but had.

### POLES ABANDON CITY OF WARSAW

(Editor's note: The United Press Warsaw special to Edward W. Rattiner, Jr., first to last report on conditions in the Polish capital at 2:10 a. m. Wednesday. It was learned that the Polish government had fled to London and that the city was now in the hands of the Germans. The city was being bombed by German aircraft and the Polish people were suffering from the effects of the bombing.)

**By EDWARD W. RATTINER, JR.**  
**WARSAW, Sept. 6 (2:10 a. m.)**—Everyone able to borrow or beg a conveyance was abandoning the Polish capital today as the city was being bombed by German aircraft. The city was being bombed by German aircraft and the Polish people were suffering from the effects of the bombing.

There were many among the 1,700,000 inhabitants of Warsaw who could find no means of leaving and to them the imminence of invasion loomed as they were in the city.

The government had moved to Lublin, 100 miles southeast, and the Polish people were suffering from the effects of the bombing.

The absence of government spokesmen meant that there were no reports on the progress of fighting elsewhere in the country; except as broadcast infrequently and semi-officially by the Polish press.

At 5:30 a. m. today during another raid, a bomb hit the railway administration building in half and only the fact that it was so early in the morning prevented a heavy loss of life. The building had been crowded by several thousand persons during business hours.

There was no sign of troop movements here, but Warsaw's strategists believed that the German army was already concentrated north of the city to defend it.

### Duke and Duchess Head for England

**CARLISLE, Sept. 7 (AP)**—The Duke and Duchess of Windsor were reported to have left for England today.

The Duke and Duchess of Windsor were reported to have left for England today.

### POLISH GARRISON AT DANZIG FALLS

**BERLIN, Sept. 7 (AP)**—The war ministry announced today that the Polish garrison at the Westprussian port of Danzig had surrendered at 10:30 a. m. (2:30 a. m. local time).

The Polish garrison of 10,000 men and 300 tanks had held out since the war began six days ago, but today the German land, sea and air attacks prevailed.

The war ministry in announcing the surrender, said that the Polish garrison had been in a desperate situation and that the Polish people had been suffering from the effects of the bombing.

# U. S. Armed Forces Patrol American Front Half Way Around World

## PRESIDENT HOPES TO KEEP NATION FULLY NEUTRAL

By LYLE C. WILSON  
WASHINGTON, Sept. 7 (AP)—Armed forces of the United States today mounted protective neutrality and anti-espionage guard over an American peace front extending half way around the world.  
The front begins in the Philippines and extends eastward through Pacific possessions, across the 2,500 miles of the continental United States and fans out to sea in an Atlantic ocean sea and air patrol. It is a new wrinkle in neutral strategy.  
Tension eased here following President Roosevelt's proclamation of American neutrality and order for the neutrality guard mount. He expects to be able to leave tomorrow for a week-end in Hyde Park.

**Tip Uncertain**  
Prospect of his western trip to the San Francisco World's fair are uncertain. It still is scheduled to begin about Oct. 1 but is as likely as not to be postponed.  
Mr. Roosevelt has directed federal bureau of investigation G-men to curb espionage and subversive activity to prevent anti-neutral developments in the United States and possessions overseas. The FBI recently has established special offices to cope with spies. Attorney General Frank Murphy and the President have called on citizens and local law enforcement officers to cooperate with G-men in their responsibilities. Proper precautions are urged to prevent irresponsible "spy hunt."  
**Sending Representatives**  
Further to bolster the American peace front, the state department completes sending representatives to the forthcoming Pan-American conference in Panama where the 21 American republics will discuss mutual problems created by European war.  
The air and sea neutrality patrol ordered by Mr. Roosevelt will be carried on by several destroyers, coast guard cutters and the aircraft carrier Langley.

## Poles Battle All the Way, English Hear

LONDON, Sept. 7 (AP)—Poland is fighting grimly for every yard of ground yielded to the Germans. Prime Minister Neville Chamberlain today as Great Britain prepared for a war to the end against Hitlerism. Chamberlain's speech today in the House of Commons was a warning to France for cooperating in the prosecution of the war. "The work of effort is rapidly gaining momentum," he said.  
Any belief that Britain and France might temporize with Adolf Hitler and discuss a general settlement after the further has accomplished a lightning conquest of Poland was dispelled by several factors.  
The Polish ambassador, Count Edward Racinski, was understood to have responded to his government that the nine-man British war cabinet is unflinchingly determined to smash Hitlerism. The report came after Count Racinski had talked with Viscount Halifax, foreign secretary, and Winston Churchill.  
Another factor was the inclusion in the cabinet of Winston Churchill and Anthony Eden, sworn foes of Nazism.  
In addition, the influential London Times, regarded as frequently reflecting official views, said Hitlerism must be ended.

## 4,000 SEE COWBOYS IN ACTION AT FAIR TWIN FALLS SINKS TO SECOND AS CARDS SCORE 7-2 WIN

### Accidents Injure Two Riders in 1st Night Show

FAIRGROUNDS, FILER, Sept. 7 (Special).—The rippling, roarin', bronc busting cowboys of the west will compete again tonight at the Twin Falls county fair as the second evening's events get under way in the annual competition that draws most of the world's greatest collection of contestants.

Last night with well over 4,000 customers looking on, the ace riders gave the throng a thrill that just about topped anything at any previous rodeo ever held here. The men—and the calves just wouldn't be tied.

At a result, there were a couple of rather serious accidents. Slim Kite today was in the Twin Falls county hospital with a dislocated shoulder and Eddie Rogers was gored by one of the wild Brahmas bulls in the final event of the night. However, Rogers was not seriously hurt—although probably plenty scared.

### SPORT Spills by Hal Wood

Thrill show. Tough way of living.

Comic Relief

Comic relief was provided by Homer Holcomb and Jacob Fulkerson, the world's top rodeo clowns—and they just about stole the show from the shivering onlookers who were concerned—including in their act in unexpected arguments—between Homer and his mule, which Homer lost; and three dandy bull fights that many customers missed just as the show was concluding.

The evening's entertainment got under way with the grand entry parade, led by the Twin Falls midget band. Following came the flag bearers, officials of the county fair, and then all the 77 cowboys, cowgirls and trick riders entered in the various events. Introduced by Anguipen Johnny Jordan were President R. G. Wilson of the fair board; Tom Parks, secretary-manager; and Claude Deweller; Burel Mulkey, Salmon, Ida., world's champion cowboy; and the rodeo athletes: Ernest Mose, Jr., Pipe, Tex.; Perry Ivory, Hayward, Calif.; Assistant Arena Director C. O. Laidner, Hayward, Calif.; and Harry Howell, Hayward, Calif., producer of the show.

Best Records

Best records in rodeo "time" events were posted by Howard McGraw, Deadwood, S. Dak., in the bulldozing, with a mark of 10.3 seconds, and by Carl Shepard, Phoenix, Ariz., in the calf roping event, with a mark of 1.2 seconds.

Complete results follow:

Mad scramble—Jimmy Leonard, Lewiston, Nev.; Shai Favour, Gooding.

Calf roping—Carl Shepard, Phoenix, Ariz.; New Kelly, Porterville, Calif.; W. J. Campbell, Verde, Ariz.; Joe Welch, Carlsbad, N. M.; Time: 10.4.

Amateur bronc riding—Jim McGee, Phoenix, Ariz.; Carl Dosey, Phoenix, Ariz.; Smokey Snyder, Buena Park, Calif.; and Chet McGraw, Hotchkiss, Colo., tied for third and fourth. (These are only leaders. Second section will ride on Thursday.)

Amateur bronc riding—Doe McCarly, Kimberly; Blase Pratt, Albion, Idaho; Lundy, Rock Creek, Wyo.; the milking, Joe Welch, Carlsbad, N. M.; W. J. Campbell, Verde, Ariz.; Harry Hart, Pocatello; Al Morris, Hayward, Calif.; from riding—Alvin Gordon, Newhall, Calif.; Doff Aber, Wyo.; Ernest Mose, Jr., Pipe, Idaho; Burel Mulkey, Salmon, Ida., and Paul Carney, Oatton, Colo., tied for fourth.

Bulldozing—Howard McCrory, Deadwood, S. D.; Dave Campbell, Las Vegas, Nev.; Ward Watkins, Thatcher, Colo.; Harry Hart, Pocatello; Time: 10.3.

Brahma bull ride—(leaders—second division of riders tomorrow) Carl Dosey, Phoenix, Ariz.; Jimmy Leonard, Lewiston, Nev.; and Miloh Owens, Fresno, Calif., tied for second and third.

### Hartnett Will Break Record For Catchers

CHICAGO, Sept. 7 (U.S.)—Leo "Cubby" Hartnett, who just as soon manage his Chicago Cubs from the bench, expects to haul on his catching horns today for his 1,727 major league game to break the endurance record of Ray Schalk, one time hero of the Chicago White Sox.

Including six games with the New York Giants, which even Schalk forgot to mention in the record book, the former Willie Sox star played in 1,726 contests. It has taken Hartnett 17 years to catch up, chiefly because of his mysterious arm in 1920 in which he broke into only 20 games as a catcher.

### DiMaggio Bats Yanks to Victory Wins Title for Fifth Time

For the fifth consecutive year, Tony Arcetta out-distances his rivals to win the coveted title of U. S. professional all-around ball-and-yrastling champion, taking six firsts and two seconds in a nationwide competition sponsored by the National Association of Scientific Anglers. The annual tournament was held this year at San Francisco.

### Aussie Net Team Will Play in U. S. Tourney

FOREST HILLS, N. Y., Sept. 7 (U.S.)—Date which was postponed nearly a month by members of the Australian Davis cup team, who received half-minute permission to stay and play in the 34th annual national singles tennis championships beginning today on the lush turf at Forest Hills.

Arriving today from Los Angeles, Capt. Crawford and non-playing Capt. Harry Hopman were handed their sailing orders immediately after winning the Davis cup from the United States Monday. There were only two berths available on the Monterey sailing from Los Angeles Sept. 13, and as they wanted to return as a team, the Australian Lawn Tennis association obtained permission for them to go through with their original plan and depart on the Mariposa Oct. 10.

Rated off his five play (the logical favorite to capture the men's title) left undefended by Donudge, Bobby Riggs, top-seeded American, then Brownlie and Frankie Parker were next in the line of favorites.

Defending champion Althea Marble will face a strong women's field.

### Homer Defeats Boston, 2-1; Reds Divide

By GEORGE KIRKSEY

NEW YORK, Sept. 7 (U.S.)—Some people don't appreciate Joe DiMaggio because they say he hasn't any color—because he's too quiet—because he's never been out of a ball game—because he doesn't throw his glove up in the air.

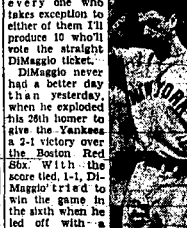

You never hear them criticize him though for not being able to hit or field. In fact DiMaggio is the greatest hitter in baseball and the greatest outfielder as well. Those statements are not entirely beyond dispute, but for every one who takes exception to either of them I'll produce 10 who'll not.

DiMaggio never had a better day than yesterday, when he exploded his 26th homer to give the Yankees a 2-1 victory over the Boston Red Sox.

With the score tied, 1-1, DiMaggio tried to win the game in the sixth when he led off with a single and stole second. But his effort hit him.

DiMaggio took the lead into his own hands in the eighth and walked and lured a home run into the Red Sox's field stands, breaking up a 2-1 lead.

Yankees' pitcher, Dwight Gooden, and O'Neil Grove, it was a heartbreaker for Grove to lose, making the third straight time he's failed in an effort to notch 15.

Lead Increased

The Yanks now lead the American league in both batting and fielding. The Red Sox are going to be hard put to hold second place against the husky White Sox who beat the Browns 7-2.

Detroit moved into a virtual fourth-place tie with Cleveland by beating the Indians, 2-0.

Connie Mack saw his first ball game since he was stricken with illness three months ago when he pitched his Athletics loss to the Senators, 6-3.

Cincinnati increased its National league lead to five and a half games by defeating a doubleheader with Pittsburgh while the Cardinals were routed by the Cubs. The Pirates won the opener, 5-4, in 11 innings, taking advantage of the Reds' five errors.

The Reds won the nightcap, 4-3 in 10 innings, behind Paul Derringer who won his 19th game.

Larry French scored his fifth straight triumph and his 12th of the season when he pitched the Cubs to an easy 11-3 victory over the Cardinals.

The Giants belted Bill Ponder for 13 hits in six frames and beat the Reds, 10-4.

Brooklyn's seven-game night schedule drew a total of 200,214 after 20,133 fans paid to see the Dodgers and the first night season at Ebbets field last night with a 2-1 victory over the Phillies.

### Play Opens in Softball Meet

CHICAGO, Sept. 7 (U.S.)—Championships in both men's and women's divisions open defense of their national amateur softball titles tonight in the seventh annual tournament at Soldier field.

The Alameda, Calif. girls' champions meet Miami Beach, Fla., in the opener and Cincinnati's men's champions play Park Ridge, Ill., title holders in the Chicago district.

Sixty games were scheduled in six parks tomorrow. Finals will be played in Soldier Field, Monday night.

### CAPT. JERRY EDWARDS

WORLD'S GREATEST STUNT DRIVER SAYS:

THRILLS!

CHILLS!

SPILLS!

It's a Dodge

And the way it stands up and takes the bumps and knocks you'd think it was the Rock of Gibraltar. Each time after each smash-up, the Dodge comes out on its own power, proving that it is braced and reinforced right down to the smallest corner. Two hours of regular stunting by Captain Jerry Edwards deals more abuse and punishment to the car than the ordinary motorist would give it in a life time. Dodge is the only car that can stand up under the strenuous test given by Captain Jerry Edwards. See it on display at Magels and learn why the Dodge can take it!

### Argument Results in Banishment from Game for Charley Wry

(By United Press)

It was bound to happen.

The Twin Falls Cowboys were back in second place today after holding down the top spot in the Pioneer league for just about a week. It was Pocatello's turn to lead the loop and the Cardinals did it by administering a 7-2 defeat to the Puncers on the Pocatello field.

It now appears that the club that happens to be in front when Sept. 17 rolls around will just be the lucky team—not the best, because that is the day the pennant race ends.

The game at the Gate City last night was played under protest by Wry after Manager Charley Wry objected to the blocking of the base running paths by Murphy, Cardinals' shortstop. He stood in the way of Verne Reynolds in the sixth inning with the result that the Cowboy outfielder was caught while trying to get to third base.

Wry protested so long and violently that he was ejected from the game and given a police escort from the field. He was followed on the mound by Frank Kennedy, who allowed one run in the two innings he pitched. A crowd of 2,100 witnessed the game. Frank Pomeroy was the hitting star of the evening, getting three safe singles in three trips to the plate.

A second game was scheduled between the two clubs, but inclement weather caused its postponement. It was set to be played tonight, with the first encounter to start at 7:30 p. m.

Stay in Deadlock

The two teams battling for third place in the list—Balt Lake City and Boise—remained in a deadlock as both lost to the two clubs battling for fifth place—Ogden and Lewiston.

Lanky Bob Costello blanked the Beas on six hits to score a 8-0 victory while his teammates were pounding Wes Deardon, a former teammate for 14 years.

At Lewiston, the Indians won their second in a row over the Boise
