British, Nazis, Poles Worry Over Soviet Intentions

MILLIONS UNDER ARMS ON FRONTS FACING TO WEST

LONDON, Sept. 13 (AP)—Russian military preparations are causing the German government as well as the British and French governments anxiety because no one knows Russia's intentions, it was learned today.

Reports emanating from Moscow indicate that Russia is mobilizing on a full war time basis and it was estimated here that it now had at least 4,000,000 men under arms.

The German government was reported to be surprised at the extent of the Russian mobilization, particularly regarding the number of divisions.

Russia is massing men not only on the Polish frontier but along Russia's entire frontier from Finland to Rumania.

Apparently the Germans are not more cognizant than the allies of the reasons for these important moves.

Military Men Speculate

Military men speculate whether Russia is disquieted at the imminent prospect of German forces reaching the Russian frontier at the southern corner of Poland.

The Germans sudden drive to the vicinity of Lwow (Lemberg) brought them within about 100 miles of the Russian frontier.

The thrust with heavy armored and motorized columns was aimed at cutting off Poland from access to Rumania, at outflanking the Poles on the Bug river line and at menacing Poland's remaining oil fields along the Carpathians.

Nazis Unsettled

Parade also the German forces that their arrival on the Rumanian frontier would enable them to start pressure on Rumania to improve its attitude toward Germany.

Unsettled in the German ranks were reports that the Russian large scale mobilization was in progress and that the Nazis are not too certain regarding Stalin's intentions.

Japanese Move For New Set-Up

SHANGHAI, Sept. 14 (AP)—Japan made its first move today in a long-waited drive to alter conditions in the foreign controlled areas of China.

Japanese navy authorities called a meeting of American, British, French and Italian defense force commanders at Japanese naval headquarters.

FOREST HILLS, N. Y., Sept. 14 (AP)—Bobby Riggs of Chicago, Wimbledon champion and the country's No. 1 player, gained the semi-final round of the national tennis singles championship today with a 6-1, 10-5, 6-2 victory over Harry Hopman of Australia.

Riggs, who plays only the U. S. Open, is the only American to win the world, played a superb performance against the captain of the Australian open team.

GERMANS CLAIM FRENCH ARMIES ADVANCE HALTED

BERLIN, Sept. 14 (AP)—The Nazi high command said today that French forces advancing in the Saar sector had been repulsed on the western front and that strong German columns were smashing through south Poland in the Lwow district.

The encirclement of Warsaw is complete, the high command said, and Polish resistance in the Radom sector has been crushed.

The Polish port of Gdynia, on the Baltic, surrendered to German troops entered the city, the announcement said, but fighting continued nearby.

French Troops Fall

On the western front, stronger French forces than hitherto advanced against our advance posts in German territory lying far west of the Siegfried line between Saarbrücken and Metz, the high command announced.

The Polish port of Gdynia, on the Baltic, surrendered to German troops entered the city, the announcement said, but fighting continued nearby.

French Advances In Saar's Valley Are Hurdled Back

By JOE ALX MORRIS
United Press Foreign News Editor

German troops hammered their way swiftly across Poland toward the Rumanian and Soviet frontiers today as the first hint came from Moscow that the Russians might approve creation of a Ukraine state.

Seeking to free Nazi forces for fighting on the Rhineland front, the Germans said their war machine picked up speed after a series of Polish counter attacks, encircled Warsaw, took the port of Gdynia, thrust southward against Lwow and eastward almost to Brest-Litovsk.

Dispatches from Paris, Bucharest and Berlin agreed the Polish defenses were being smashed in both north and south—although Warsaw still held out—and the Poles were falling back into the Pripiet marshes, in southeastern Poland.

On the western front, the German high command reported "stronger" French forces seeking to advance in the Saar sector had been hurled back under German fire, but Paris dispatches said the French continued their methodical advances and held their ground under heavy Nazi artillery barrages.

In the house of commons in London, Prime Minister Neville Chamberlain said Great Britain would resort to deliberate bombardment of civilians but pointed out warfare would necessarily be adapted to whatever military strategy proved necessary in event of German violation of agreements regarding bombing of open towns.

TICKETS AT DOOR FOR BAND EVENT

Tickets will still be available at the door this evening for the benefit concert to raise funds for high school band uniforms. Principal Edward Rogel said this afternoon. The concert will be given by the Twin Falls municipal band at 10 o'clock in the civic drive to raise approximately \$500 to outfit the school band. The district board of trustees will match the funds raised under student auspices. Starting time for the concert is 8 p. m. at the high school auditorium. Cornet solos will be offered at intermission by Charles McConnell, high school band instructor ranked as one of the finest cornet artists in Idaho. Bert Christensen, Kimbly band instructor and music supervisor, will present a clarinet solo with band accompaniment. Mrs. Stella Lott Wood will accompany Mr. McConnell.

INSANITY PLEA IN MURDER DEFENSE

Murder defense for Daniel Williams, 19, will be a claim of insanity, according to the affidavit filed with the district court by E. V. Larson, counsel for the youth who is accused of slaying William Craig T. Bracken, first indication that the defense will urge unbalanced mental powers as exculpation for the youthful convict was provided in the affidavit which accompanied Mr. Larson's motion for delay of trial until November term. The continuance was granted yesterday by Judge J. W. Porter. Larson revealed that the defense will claim "that by reason of insanity Williams was not legally responsible for his action. The state claims Williams was 'trigged' in shooting officer Bracken last May 7 after holdup of a service station west of Twin Falls. Hale is claimed equally guilty as accessory, since he allegedly was driver of the holdup car. Larson's affidavit advised the court here that Dr. Leo J. Adelman, brain specialist at Los Angeles, treated young Williams seven days at the general hospital there after the youth suffered a serious skull fracture. Adelman is prepared to testify, the attorney said, that the boy's mentality suffered. The affidavit mentions that other witnesses noticed, on several occasions, that Wilson was apparently unbalanced. E. V. Larson, Jr., son of the defense counsel, is checking up on prospects within the state at Moscow. Young Larson was admitted to practice of law this week.

MAN ORDERED TO SUPPORT FAMILY

A 21-year-old father of two children was placed under district court mandate today to pay his wife \$7 every Saturday.
He is Ray Young, who received that sentence from Judge J. W. Porter today following his earlier conviction for neglecting to support his wife and two children. Young was released after issuance of the order, which stipulated that for Saturday, Sept. 16, he need pay only whatever he may be able to earn in the short intervening time. After one year Young can apply to the court for exoneration from the order.

Stunt Flier Aids In Safety of Air

Through various experiences and experiments in stunt flying, Tex Rankin has been able to pass on to engineers and manufacturers many valuable suggestions, which have aided the safety of aviation. This was brought out in an address to the Twin Falls Kiwanis club this noon at the Park hotel by Rankin, who will appear in the Burley air show this week-end. Rankin told entertainingly of how he happened to get into stunt flying; described some of his hazardous experiences, and declared that "luck figured in most pilot's lives. Visiting Kiwanians were John O. Menefee, Chattanooga, Tenn.; Lars Sorenson, Algona, Ia.; Olin Smith, Buhl, and Walter Poirer, the latter two being two past Hawaiian governors. Dave Nordling, Boise, guest of John Gotti, Arbutus Vallon and Lionel Dean; both guests of R. J. Vallon, were also present. Frank Stephan read a resolution in tribute to the memory of Dr. O. Russell Weaver, member of the club, who died last week. Two vocal solos were played by Richard Smith, head of the musical department of the Twin Falls high school, accompanied by Mrs. Harold Smith.

NET SEMI-FINALS UNDERWAY TODAY

Semi-final singles play in the 1939 Twin Falls city tennis tournament will open at 6 p. m. this afternoon in the final drive which will put all brackets in shape for championship duels on the tennis club court Sunday.

One singles semi-final will be run off today and the other Saturday afternoon. When the smoke clears away the two favorites—Art Walker and Bob Packard—are expected to oppose each other Sunday for the 1939 crown.

Walker, who had reached the next-to-last round earlier by way of a bye and a victory over Wayne Minnick, meets Jimmy Mullen at 6 p. m. today on the club court. Mullen won over Al Westergren yesterday in the only remaining quarter-final duel, 6-2, 6-3. Westergren's usually accurate chop-strokes were off form in the chilly breezes that swept the court.

Walker, 1938 south Idaho and Twin Falls champion, is heavily favored to down Mullen and march into the final.

Packard, seeded No. 1 in the tourney, will oppose Herbert Hultz, a steady-stroking performer, in the other semi-final Saturday afternoon.

Men's Doubles
Men's doubles play won't emerge from the semi-final stage until Sunday morning a few hours before the titular round. Dr. Harry Alban and Buell Warner will oppose Lester and Wayne Minnick on the Harmon park courts to decide which duo jangles with Packard and Walker on the tennis club court for the team championship.

Dorothy Dean Huddleston and Josephine Fox were scheduled to tangle either this afternoon or Friday to determine the sole remaining berth in the women's singles final. Ann Streifus, already in the title round, will oppose the winner Sunday.

Women's doubles race is already in the title round. The finalists of Sunday's championship clash, Josephine Fox and Marguerite Wiley are to meet Hazel Terry and Mrs. Henry Molloy for the 1939 city laurels.

Sunday Schedule
Tentative lineup of the championship battles Sunday: Men's drawn club officials, subject to possible later change. The tentative list shows these title matches on the club grounds at Addison and Locust: Women's singles, 9:30 a. m. Sunday; women's doubles, 10:45 a. m.; men's singles, noon; men's doubles, 1:30 p. m.

Junior tournament finals will be staged either at Harmon park Sunday morning or at the club court Sunday afternoon, depending on the state of matches still remaining after Saturday afternoon. The titular duels in the youthful division may be run off Saturday, in one bracket—junior girls' singles—finalists might prove to be the same pair that plays Sunday for the women's crown, Ann Streifus and Dorothy Dean Huddleston. Huddleston, however, must defeat Jo Fox in the women's semi-final to bring about that situation.

LUMBERMEN WILL HOLD MEET HERE

With residential construction projected in the Pacific northwest termed the brightest it has been for some years, retail lumbermen of southern Idaho will meet in Twin Falls on the evening of Sept. 19 to discuss, among other things, ways and means for keeping the war clouds from dimming the present home-building picture.

Tom Gamble, Jerome building materials dealer, is arranging the Twin Falls meet at the Park hotel in his capacity as a regional director of the Western Retail Lumbermen's association, an organization embracing five states. The meeting here is being held under sponsorship of the association.

Featured speakers at the session will include Earl E. LaValley of Bellingham, Wash., association president, and W. C. "Bill" Bell, association managing director.

Recreation Head Sets Open House

Vernis Richards, recreation project supervisor, today had announced open house for the Twin Falls recreation center to be held Sept. 20 and 21.

Open house hours will be from 1:30 to 5:30 p. m., and from 7:30 to 9:30 p. m. on both days. Miss Richards said. Exhibits of handicraft classes will be featured during the open house. In addition, games will be demonstrated in the game room on Wednesday evening.

Purpose of the open house is to give residents of Twin Falls and vicinity an opportunity to get acquainted with the activities offered to the public through the recreation program.

CAR TURNS, TWO OTHERS COLLIDE

One machine banged into the rear of another Tuesday afternoon because a third car turned off U. S. 30 without signalling, sheriff's deputies said today.

The mishap occurred three miles east of Twin Falls. A motor car driven by Orville Colner, Kimberly high school student, rammed the rear of a machine driven by B. Walters, Kimberly, when Walters was forced to jam on his brakes to avoid hitting the machine of A. M. Scott, Kimberly.

Great Britain Seizes U. S. Ship's Phosphate Cargo

LOAD TAKEN AS PART OF NAVY'S NAZI BLOCKADE

By WALLACE CARROLL

LONDON, Sept. 14 (U.P.)—Great Britain, upholding its new "contraband control" law, has seized 5,000 tons of phosphate aboard the American steamer *Warrior* of Mobile, it was disclosed today.

The phosphate, it was said, were originally consigned to Hamburg, Germany, which formerly was the port of call of the American liner engaged in fortnightly service across the Atlantic. These liners, it was said, are now making Antwerp or Rotterdam their eastern terminus.

Ordered Seizure
The *Warrior* arrived here Sept. 2 and discharged other cargo. Shortly after the government issued its contraband list, the admiralty ordered the phosphates seized and had the vessel towed downstream to Portland.

Unloading of the phosphates began yesterday. Shortly before this information became public it was learned that the British had begun examination of American as well as other neutral vessels which might be taking cargoes to Germany.

Notice of the phosphate seizure was heeded "in haste" and stated that the cargo of 60 to 70 per cent Florida phosphate from the *Warrior* was now on barges at Portland and would be sold at public auction under order of the admiralty, subject to the usual government restrictions regarding exports.

War Blockade
The British register lists the *Warrior* as a 7,551-ton steamship built in 1920, owned by the Waterman Steamship corporation and registered out of Mobile, La.

The British "contraband control" is the 1939 version of the 1914-1918 war blockade which helped to bring Germany to her knees.

Earlier in the ministry announced the steamship *Black Coyote* of New York, 5,880 tons, owned by the Black Diamond lines, had been taken into Vauxhall Sept. 6 but might now proceed to its destination, its cargo having been examined.

Local Inventor Has Machine To End Hand Labor in Beets

Completion of a new invention being built in Twin Falls will greatly reduce hand labor in digging, topping, cleaning and loading beets, according to Herb E. Wunderlich, inventor of the machine.

The inventor said retail price of the machines would probably range from \$700 for a single-row to about \$1,000 for a two-rower.

Wunderlich started work on the beet digger in Montana, later moved to Graybull, Wyo., and continued his work. He first tried to build the machine in Wyoming. Since that time, he has been located at Pueblo, Colo., Ogden, Utah, and Vale, Ore., always seeking financial backing for his invention. While in Ogden for three years, he said he received some aid from the Amalgamated Sugar company.

Now, after trying to build the machine for eight years, Wunderlich said it was almost complete. He said preliminary tests proved the machine would fulfill its purpose. Complete layout will be made in the near future, he declared.

EX-SOLON PLANS SUIT ON STATE

LEWISTON, Ida., Sept. 14 (U.P.)—Former State Senator Robert S. Erb, Democrat, Nes Perce county, said today he planned to sue the state for payment of \$1,400 in materials he sold to the state penitentiary on which the state board of examiners refused to honor claims.

The refusal to honor the claim was made when it was discovered Erb was a member of the legislature and state planning board, violating the state nepotism laws. Erb since then has submitted his resignations from both posts to Gov. C. A. Botto.

Gas Tax Revenue to Jerome Increasing

JEROME, Sept. 14 (Special)—A report for September shows that total revenue to Jerome county from the division of gasoline tax and the county's share of the motor vehicle license money exceeds the revenue for the full year of 1938 by \$1,670, it was announced today by Jerome county's assessor, William M. Hardwick.

Mr. Hardwick stated that it is estimated that another \$2,500 will be taken in by the county during the first four months and he said that this money can only be used for road and bridge purposes, either by the county to pay off road and bridge bonds or the various highway districts within the county.

PRODUCE YIELDS IN IDAHO HIGHER

BOISE, Sept. 14 (U.P.)—Higher yields of spring wheat, oats, barley, sugar beets, potatoes, commercial apples, peaches and prunes for Idaho were predicted today by Agricultural Statistician Richard C. Ross of the federal marketing service.

Ross said August weather favorable to small grain harvesting operations and growth of late maturing crops improved the prospects over those predicted last month.

He forecast the spring wheat crop at 8,542,000 bushels.

SUBMARINES TERMED ONE REASON FOR CONGRESS CALL

ATHENIA SINKING CAUSES CONCERN ON EUROPE WAR

By Lyle C. Wilson

WASHINGTON, Sept. 14 (U.P.)—The White House said today that submarine activities and the sinking of the S. S. Athenia were factors considered by President Roosevelt in deciding to issue a call for a special session of congress.

Mr. Roosevelt yesterday summoned congress to convene Sept. 21. An emergency atmosphere and booming business appeared to improve prospects for an administration victory in its demand for repeal of the arms embargo feature of the neutrality law.

White House Secretary Stephen T. Early said, in answer to a question, that European developments were a factor in the President's decision.

European developments were a factor considered, Early said, particularly submarine operations and the sinking of the Athenia.

More than 200 Americans were aboard the British-owned Athenia when she went down.

Telephone Canvass Early said Mr. Roosevelt issued his call after a telephone canvass of congressional sentiment was expressed by leaders in both houses.

"I think he felt that the sooner the session could get under way the sooner it would end," Early said.

"The President, after making his checks, consulted with his advisers, after telephoning with various leaders over a period of about 10 days, he felt the time had come for the call."

Mr. Roosevelt, lunched today with Bernard M. Baruch, financial adviser of presidents and chairman of the War Relocation Authority during 1917 and 1918.

Hopes for Revision The President conferred yesterday with Herbert Bayard Ruston, who was vice-chairman of the board which Baruch headed.

The President hopes to revise neutrality laws and to weaken opposition to the administration neutrality program.

Sen. E. D. Thomas, D. Utah, predicted Mr. Roosevelt would have 15 to 16 votes in the senate foreign relations committee for repeal of the arms embargo.

An effort also may be made to set up war risk insurance for American ships and cargoes although an administration objective is to keep American vessels out of war zones.

Major Political Issue Mr. Roosevelt has appealed for adjournment of politics, but the practice judgment here in that events are making the arms embargo a major issue between Democrats and Republicans. The lines however, are not precise.

Sen. W. L. E. Borah, R. Idaho, Gerald P. Nye, R. N. D., and Arthur Vandenberg, D. Mich., are candidates for 1940 Republican primary nomination—have challenged the administration program.

Sen. Guy M. Oliver, D. La., and Frederick Van Nuys, D. Ind., both of whom voted last session to postpone action on the President's program, are inching toward the New Deal camp. Sen. James P. Byrnes, D. S. C., who bolts the administration occasionally, has appealed for repeal of this embargo.

Ho Hum! Flier Rankin Has Cracked Up 15 Ships—Recalls—No 'Special' Thrill

By Lowell Dick

Tex Rankin, world scuba diving champion, has cracked up about 15 planes in his 25 years of flying, but he couldn't think of a "special thrill" for an interview yesterday.

"I've had lots of thrills, and I've been scared a few times, but I can't think of any special thrill that is outstanding," said Rankin. "Most of my crashes have been caused by motor failure on a takeoff or a wheel coming off after the takeoff."

Never Hurt The flier said he had never been injured in any of the crashes, nor had any one else been injured. "Some of the ships have been 'busted up' pretty badly, but no one was ever hurt," he said.

Once in Montana, Rankin said a wheel came off his plane, escaping his attention. When he landed, with two passengers aboard, the plane rolled over, but none was injured. He related a similar incident which occurred at Brunswick, N.J. following a barnstorming trip in the Twin Falls region.

"Another time I was caught above 12,000 feet of clouds near Portland," he said. "I expected to fly until I saw Mt. Rainier and Mt. Hood protruding from the clouds, but they were under the cloud bank when I arrived, and there was nothing to suggest where it would be safe to land," he said.

Finally I turned back, but the gas tank had started to leak in the meantime, and I had to land.

Landed on Peak "We came down right on the top of a mountain near Mt. Hood. The ship was damaged, but neither my mechanic nor myself were injured."

The ace aviator said he learned to fly in 1915, and served in the American air corps, unattached, for 24 months in France. "I never shot anyone down," he declared.

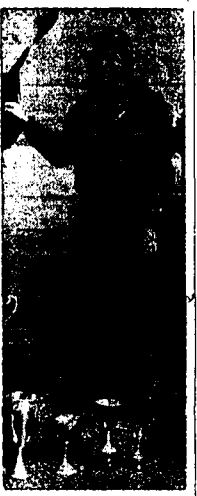

After the World war, the pilot started to barnstorm, and visited Twin Falls on one of his trips in 1921. Later he conducted a flying school at Portland, Ore., which at one time was the largest in the world. Some 3,000 students learned to fly under Rankin's tutelage.

During winter months he works for moving pictures in Hollywood. Fifteen fliers have formed a "Motion Picture Fliers association" of which Tex is president at the present time. The 15 aviators do all flying for the movies, and frequently are required to don makeup and costumes to "double" for a screen star.

Could Destroy London Asked about the part planes could be expected to play in the present war raging in Europe, Rankin recalled that he predicted in an address given last May at Bakersfield, Calif., that German planes and equipment were being virtually destroyed by a series of air raids on the part of the Nazis.

"When the World war ended, German Goeths were raiding Paris every clear night. They would fly at such high altitudes that their motors could be heard. When over Paris, pilots would cut their motors and spiral down to a low altitude, drop their bombs and be gone before anti-aircraft guns could be brought into action. I only heard of one German raider being shot down, and he just virtually fell into a burst of anti-aircraft gunfire," the ex-service man said.

"Compare the old Goeths of 1918 with modern bombers, and you get

TEX RANKIN

an idea of what can be done with planes today. The Germans have planes capable of carrying bombs, instantly three tons of bombs to either Paris or London and then returning," he said. "Of course, the French and English have planes capable of similar raids on Berlin, but the French and English are too humanitarian to conduct such raids."

Rankin declared that Hitler had refrained from ordering such raids in the hope that when he conquers Poland he will be able to negotiate peace with the English and French.

Returning to narrow escapes, the famed stunt flier told of a scare he experienced at Burns, Ore., two weeks ago because of a pair of cowboy boots he had purchased, and another at Butte, Mont., last Sunday.

His Foot Slips Forgetting that the boots had sick soles, Rankin started stumbling before donning rubber-soled shoes he regularly wears. While going through a low slow roll, one foot slipped off the rudder while the plane was upside down, but Rankin succeeded in righting the ship "before we reached the ground."

At Butte last Sunday the "stick" slipped forward out of Rankin's fingers while he was in an upside down flat spin. Rankin is the only pilot who purposely does this stunt.

"I couldn't reach the stick because of the straps that held me against the back of the cockpit. If I had unfastened the straps so I could lean far enough forward to reach the stick, I would have been thrown out of the plane. I tried reaching it with my foot, but it didn't work. Finally I leaned over as far as I could and managed to get my fingers around the stick down near the bottom and pulled the ship out, but too close to the ground for comfort."

This Scared Him Once at Lewiston Rankin said baggage and tools he had neglected

to remove from the baggage compartment were thrown over the top of the compartment into the fuselage and worked back into the tail of the ship. Tools and baggage then jammed the tail so that Rankin could not move the stick farther back than about neutral.

"I was scared before I managed to get the ship down," the pilot said. "One of Tex's biggest problems is his 15-year-old son, Dale, who accompanied him to Twin Falls."

"Dale ran away on a freight train to Twin Falls, once at Cleveland last year," his proud father averred. "All the money he had was \$10 his grandmother had given him."

pilot traveling with Rankin have taught Dale to fly this summer. "He was too busy flying at Bury to come to Twin Falls, or even to stop for something to eat," his father laughed.

Rankin also is father of 14-year-old twins, and a 10-year-old daughter. All are "interested" in planes and flying.

Burlley Marks Air Progress At Big Show

Burlley will observe air progress and celebrate the 15th Idaho Air show being held at Bury on Sept. 16 and 17, with Mayor Fred J. Hill having issued a proclamation.

Landed on Peak "We are fortunate to be air-minded and cognizant of the importance of aviation to city."

Chairman Ross of the air show committee, said, "I firmly believe that citizens will cooperate 100 per cent in this event. It is a great opportunity to honor aviation and those affiliated with the growing industry."

Meanwhile, Tex Rankin and his troupe of acrobatic and stunt fliers had arrived for the show. Rankin said yesterday that he believed the Burlley event would become an annual event. "It looks like a little national air race to me," he said.

The Rankin troupe brings seven planes to the air show. Performers who will present their bags of tricks include Rankin, P. H. Humphries who picks a handkerchief out of the ground with a wing; George Barnett, showing "how to fly a plane"; Bud McCafferty, stunt jumper; Bob Wilson will be master of ceremonies during the show. In addition, Bernadine King, Hollywood woman stunt flier, will attend the air meet.

The air show is being sponsored by the Idaho Pilote Association, C. G. (Carroll) Wyllie, secretary-treasurer of the association, has been directing preparations for the event.

POTATO CONTEST TIME EXTENDED

BOISE, Sept. 14 (Special)—Several prominent Idaho spud growers are endeavoring to be the first to win one of the W. M. Jeffers-Union Pacific silver trophy awards for producing 800 bushels or more of U. S. No. 1 grade potatoes per acre.

With the award will go the designation of "Idaho premium potato grower." Any spud grower in Idaho who believes he has a field of potatoes, any measured acre of which will produce 800 bushels or more of first-grade tubers, is eligible to enter his name for the award.

Originally the time for making entries closed July 1. However, Mr. Jeffers recently stated that due to conditions this season and the late date of making the first announcement, the time limit would be extended to Oct. 1.

Therefore, any grower making application through his county agricultural agent or direct to E. R. Bennett, extension horticulturist, University of Idaho, will be given consideration for the award, which will be appropriately presented this coming winter.

This year a yield of 627 bushels of No. 1 early potatoes was reported and officially checked on 1 1/4 acres near Yakima, Wash. A yield of over 600 bushels of an early variety was also reported from northeastern Colorado.

Enrollment Less For Buhl Schools

Buhl, Sept. 14 (Special)—Tuesday, which marked the end of the first week of school, showed attendance at the three Buhl school buildings slightly lower than that recorded at the end of the first week last year, according to Supt. George Likens.

At the high school there were 455 students, in junior high 168, at the intermediate or Lincoln building 306, and at primary P. H. Buhl building 269, a total of 1,201.

One year ago at this time there were in the high school 437, in the intermediate or Lincoln building 306, and at primary P. H. Buhl 304.

Miss Ruth Hatfield, Dayton, Wash., arrived Sunday, to accept duties of second grade instructor to take the place vacated by Miss Zedens Cove, who resigned last week to accept a teaching position in Emmett. Mrs. Guy Newman substituted last week.

50,000 Envelopes Advertise Jerome

JEROME, Sept. 14 (Special)—Fifty thousand envelopes bearing an attractive pictorial scene which advertises Jerome county and its outstanding environs have been printed for the Jerome Chamber of Commerce this week and will be sold to Jerome merchants.

GERMANY BRINGS HEAVY ARTILLERY TO HALT FRENCH GAIN

STEADY ADVANCE OF ALLIES PUTS WALL IN DANGER

By RALPH HEINZEN
PARIS, Sept. 14 (U.S.)—Germany put its heavy artillery in action on the western front today in an effort to stop the steady, methodical advance of the French troops toward its west wall fortifications.

German fire had now reached its greatest intensity since the war started. The Germans were shelling road intersections behind the French advance line so heavily that there was unofficial speculation whether they were preparing for a counter-offensive or merely seeking to prevent further French advances.

A communiqué of the high command, 21st of the war, said at 11:15 a. m. (4:15 a. m. CST):

"There is heavy action by the enemy's artillery on the heights south of Saarbrücken."

Bring Up Big Guns

This communiqué was interpreted to mean that the Germans had brought up big guns because French operations were now threatening important German positions.

It was reported unofficially that the French had captured many mines in the famous Saar valley coal district. Numerous other mines, nominally still under German control, had been rendered unusable because French big guns constantly shelled principal roads. The French guns were not bombarding Saarbrücken, but, it was reported, their fire on three sides of it.

Unofficial reports said that at the northwestern extremity of their front the French pressure had become so heavy on both banks of the Saar river and on the right (east) bank of the Moselle near the Luxembourg frontier, that sections of the west wall were in serious danger.

Heavy Reinforcements

Heavy German reinforcements were reported to have been rushed to Trier, Saarbrücken and Saarbrücken. Earlier reports said German reinforcements were arriving opposite Strasbourg, on the Rhine.

French troops in the Warndt forest sector were reported to have passed the Carling-Ludweiler road. It was reported that farther east the French had made an important gain near Saarbrücken and Hombach.

British and French airplanes were reported cooperating in pounding the German heavy artillery which had been sent to the Saar front.

Usually reliable quarters said that German air losses on the western front far exceeded French losses as reported by the Germans.

Rain and wind slowed fighting on the western front.

Sugar Boost Won't Affect '38 Payment

NYSSA, Ore., Sept. 14 (U.S.)—The present high price of sugar is not expected to have any appreciable effect on final payments made by the Amalgamated Sugar company on the 1938 crop, R. O. Larson, manager of the Nyssa plant, said today.

DEFICITS NOTED IN GENERAL FUND

BOISE, Sept. 14 (U.S.)—The Idaho general fund is suffering from a \$328,000 deficit for the first time in several years, State Treasurer Myrtle P. Enking said today.

The treasurer said the deficit consisted of general fund overdrafts because of increased expenses of operating state government in proportion to revenue.

Tax Commissioner Byron Deffenbach pointed out that a large proportion of the general fund revenue comes from taxes which were permitted only twice annually to the state by counties and the general fund became depleted in the interim between tax collection periods.

The state of Texas issues more than 200,000 checks each month.

FARMERS WARNED ABOUT PAYMENTS

BOISE, Sept. 14 (U.S.)—Idaho farmers must observe closely final dates for application for agricultural and range conservation payments, Fred Ottum, agricultural conservation association executive said today.

The final date for payments under the 1938 program is Oct. 31; final date for acceptance of adjustment application, Oct. 31, and closing date for acceptance of the 1939 program payments, March 31, 1940.

NOTICES MAILED HERE

Wheat allotment notices were mailed to Twin Falls county farmers today. Walter Reese, chairman of the Twin Falls County Agricultural Conservation association, said. Requests for adjustment in allotments will be taken up until Sept. 29, announced Reese.

Grocers who plant within their 1940 allotment are eligible for soil conservation payments, price adjustment payments, crop insurance and crop loans if loans are offered in 1940.

Miss Darlene Werner Will Marry At Taperlight Church Ceremony

Dozens of gleaming white tapers will illuminate the Lutheran church for the 7:30 o'clock marriage ceremony of Miss Darlene Ruth Werner and Rev. Paul G. Hensen, Ogden, this evening. White tapers will be on the altar and in each window of the church. Asters and delphinium in pink and blue harmony will form the floral background for the rites.

The bride will be gowned in a white satin en train model, fashioned with a high neckline, a lace collar and a deep lace yoke, with lace insets in the long sleeves that come to points over the wrists. Her fingertip veil will ripple from a halo of seed pearls and orange blossoms, and she will carry a bride's bouquet of pink roses.

Miss Werner is the daughter of Mr. and Mrs. Ed V. Werner, Twin Falls, and Rev. Hensen is the son of Mr. and Mrs. C. Hensen, Tucson, Ariz.

Preceding the ceremony, which will be solemnized by Rev. H. Zager, pastor of the church, Miss Gertrude Becker will sing "The Lord's Prayer," accompanied by Mr. Werner, father of the bride.

The wedding march will be played by W. Westerkamp, Buhl. The bride's father, cousin of the bride, will be master of honor, and her sister, Miss Juliette Werner, Twin Falls, and Miss Edna Wills, Lake City, Utah, will be bridesmaids. Little Miss Maureen Wegener, daughter of Mr. and Mrs. Edward Wegener, will be flower girl.

Gerald Werner, Twin Falls, brother of the bride, will be best man. The ushers will be Arnold Werner, Buhl, and Clarence Werner, Hansen, cousins of the bride.

Smashly Gowned Mrs. Wegener will wear an aqua tulle jacket gown with puffed sleeves and a double-trimmed skirt, and will carry peach-colored gladioli.

Miss Werner's gown will be of pale pink marquisette, with a shirred neckline, puffed sleeves and flared skirt, and her hair will be white gladioli. Miss Wills will wear a similarly styled gown of powder blue georgette, and will carry peach gladioli.

Little Miss Wegener will be trocked in a pink organza model with a multi-trimmed skirt and puffed sleeves, and will carry a basket of petunias and lilies.

For her daughter's marriage, Mrs. Werner has selected a grand white afternoon frock of crepe, with which she will wear a tallman rosette corsage.

The 55 wedding guests will attend a wedding supper served in the lower auditorium of the church following the ceremony, at which the bride will cut the tiered wedding cake.

Later the entire party will go to the Werner home for an informal reception.

Following a wedding trip to San Francisco and to Tucson, where they will be the guests of the bridegroom's parents, the couple will be at home after Oct. 1 at 3531 Washington boulevard, Ogden, Utah, where Rev. Hensen is pastor of St. Paul's Lutheran church.

Her traveling outfit will be a tailored suit of deep brown in stripes with which she will wear ruffled accessories.

Miss Werner, following her graduation from the Twin Falls high school, class of 1937, attended Hensen's Business school in Salt Lake City, and for the past several months has been stenographer at the state cashier of the Mountain States Telephone and Telegraph company, Salt Lake City.

Concordia Graduate Rev. Hensen attended school in Oakland, and later spent four years at Concordia seminary in St. Louis, Mo. He was assistant to Rev. P. B. Schumann, pastor of St. John's Lutheran church, Salt Lake City, for six months, and for the past 18 months has been pastor of the Ogden church.

Out-of-town guests at the wedding will be Mr. and Mrs. Oscar Werner, Buhl; Mr. and Mrs. Arnold Werner, Piler, and Mrs. W. H. Werner, Hansen.

TACOMA GUEST FETED AT KENNINGTON Miss Mary Jane Roberts, Tacoma, Wash., met 25 friends of her sister, Mrs. W. A. Van Engelen, Mrs. Robert Haller and Mrs. Virgil Leash at a charmingly arranged dinner at Kennington yesterday afternoon at the Van Engelen home, Blue Lake boulevard north.

Miss Roberts is leaving tomorrow for the University of Iowa on a teaching fellowship, instructing in French.

Mrs. R. V. Place presided at the coffee service. Dessert was served, buffet style, from a table decorated with fall flowers in tones of yellow and orange in a blue bowl.

Friends of Miss Margaret Van Engelen and Miss Dorothy Van Engelen, nieces of the honoree, brought a group of 10 of their classmates to meet Miss Roberts after school.

Garden Club To Elect Officers

Owing to the success of the Twin Falls Garden Study group during the past year, which has been one of experimentation and practice, members yesterday voted to organize into a club, and to elect officers at the next meeting.

Decision was reached at a meeting at the home of Mrs. Paul R. Taber. The session was especially well attended. Mrs. H. C. Dickerson reviewed fall activities in the garden, and advised on what to plant now, and what plants to divide.

The Twin Falls Garden Study club, as one of its first contributions to the community, is sponsoring a course of six lessons in flower arrangement, initial meeting to be held Thursday evening, Sept. 21, at 7:30 o'clock at the Idaho Power company auditorium, with Miss Agnes Schubert as instructor.

Mrs. Metta Balesch and Mrs. P. Lawson, who has been chairman of the group the past year, are in charge of selling tickets for the course.

Mrs. Dickerson was named chairman of a committee to draw up a constitution for the club. Mrs. John Feldhusen is chairman of the committee to plan the year's work.

Mrs. O. T. Koster will be hostess to the group in two weeks, when officers will be elected, and the constitution read and amended, if necessary.

Miss Caughran Lindsey-Peters Rites Performed at Seattle

Mrs. G. W. Literal, Randie, Wash., announces the marriage of her daughter, Miss Corinne Peters, to Carrell (Bill) Lindsey, son of Mr. and Mrs. C. B. Lindsey, Twin Falls. The ceremony was solemnized Sept. 2 in a candlelight ceremony at Alpha Gamma Delta, her sorority house, just off the University of Washington campus.

The couple attended the university, from which the bridegroom was graduated in June. The bride, who attended the university-two and one-half years, has been studying voice in Seattle the past year and a half.

All-White Decor It was an all-white ceremony, the setting being of white gladioli arranged in an alcove off the drawing room. The bride's gown was of white satin, styled with a low cut neck, long broad train and distinguished by a bustle and log of mutton sleeves.

Her bridal illusion veil of finger tip length, was caught to her head with a corded satin halo, and she carried a bouquet of lilies and stephanotis.

She was given in marriage by her step-father, Mr. Literal. Her only attendant, Miss Evelyn Miles, Tacoma, Wash., was gowned in ice blue mink.

John Werla served as the bridegroom's best man. Ushers were Spencer Greaves and Hubert Tandle, Hingham.

Rev. Edgar Henahaw, Tucson, Ariz., performed the ceremony.

To Live at Brem. Los Among those who were asked to pour at the reception were Mrs. Herman Schroeder, formerly Miss Arlene Kimes, Twin Falls.

The bridegroom, a member of Sigma Nu fraternity, is associated with the Platoon Service company, Seattle, being at present with one of their branch houses at Bremerton, where he and Mrs. Lindsey will reside.

M. S. AND S. CLUB CONDUCTS MEMORIAL Tribute to the memory of Mrs. Frank Schubert, member of the M. S. and S. club for 20 years, was paid by the group at a meeting of the group yesterday afternoon at the home of Mrs. W. A. Poe.

Mrs. Woodhead and Mrs. Reed, former members of the club, were present. Letters were read from Mrs. J. H. Lowery, Goddard, Mrs. Helen Eldred, Pullerton, Calif., and Mrs. Maude Woodward, Los Angeles, former members, who were unable to be present.

Mrs. Frank Wayman, Chicago, sister, Mrs. Lloyd Jones and Mrs. Kahlbeisch were also guests of the club.

The meeting opened with the singing of "America." Mrs. H. A. Pierce conducted the business session. Mrs. Kahlbeisch gave three readings. Refreshments were served.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking poisons out of your blood. They help most people pass about 2 pints of urine every day.

If the 15 miles of kidney tubes and filters don't work, your main waste matter stays in the blood. These poisons may start nagging headaches, rheumatism, pain, leg pain, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, backache and dizziness. Frequent or steady passages with smarting and stinging sometimes without "doing it," thing wrong with your kidneys or bladder.

Don't let it go. Buy your drug store a box of Vicks Vapo-Ren, and use it for 10 to 15 days. It will help the 15 miles of kidney tubes flush out poisons from the blood. Use Vicks Vapo-Ren.

Eastern Stars Fete Visitors at Temple

Eastern Stars of southern Idaho assembled yesterday afternoon at the Buhl Masonic temple to greet wives of visiting Masons here to attend the 73rd annual communication of the most worshipful grand lodge of the Idaho A. F. and A. M.

Approximately 100 guests passed by the receiving line, comprised of Mrs. Fred T. Parish, Mrs. Robert Hughes and Mrs. Hadley Barker, all of Buhl, and Mrs. O. J. Childs, Filer, Twin Falls, Buhl and Filer chapters, Order of the Eastern Star, were in charge of arrangements, with Mrs. E. L. Berry, Buhl, as chairman.

Distinguished guests, Mrs. Magda Stocker, Pocastello, worthy grand matron of the Idaho grand chapter, Order of the Eastern Star, and Mrs. Clyde Rush, Mesa, wife of the grand master of Idaho Masons, presided at the charmingly appointed tea table the first hour, and Mrs. Claude Gordon, Kimberly, and Mrs. Lloyd Byrne, Buhl, the second hour.

"Heavenly Blue" morning glories in a silver bowl formed a striking centerpiece for the tea table, which was covered with a handsome cut-work linen cloth. Garden flowers in abundance trimmed the dining room and main hall.

Assisting in the dining room were Mrs. Charles Hatfield, Mrs. James H. Shields, Mrs. Berry and Mrs. Martin Miller.

Twin Falls and Buhl chapters presented a musical program during the afternoon. Arrangements for the tea were in charge of Mrs. Berry, Mrs. Shields, Mrs. Hatfield, Mrs. Parish, Mrs. Hughes, Mrs. Barker, all of Buhl; Mrs. Pauline Aaga, Twin Falls; and Mrs. Leah Cederholm, Filer.

Many Events
Social events came to a brilliant finale with a banquet last evening at the American Legion Memorial hall. Thursday the visitors were entertained at luncheon at Longhorn lodge in the Sawtooth mountains, following a sight-seeing trip to Sun Valley.

Luncheon arrangements committee included Mrs. J. A. Johnson, Mrs. J. B. Watts and Mrs. Lowery, Mrs. Carl Sherwood and Mrs. A. D. Bobler assisted.

SIX WILL CHOOSE JAYCEE NOMINEES
Six Junior Chamber of Commerce members, including two former presidents, had been named today as the nominating committee which will select candidates for 1940 posts in the Twin Falls Jaycee organization.

John B. Robertson, president last year, was named as chairman of the nominating group. Other members are Voy Hudson, Walton O. Swain, E. W. McRoberts, Curtis Eaton and A. C. Carter.

The nominators will select candidates from the Jaycee membership list for the office of president, two vice-presidents, treasurer, secretary and three directors. The nominees are to be announced at least 10 days before the election meeting, which is scheduled for Oct. 10 at the Park hotel.

Program for the election meeting, following usual custom, will be in charge of past presidents of the Junior Chamber. In the order in which they served since formation of the group they are R. S. Toffler, Claude H. Detweiler, E. W. McRoberts and Mr. Robertson.

367 TALK ROADS AT RESORT MEET

SUN VALLEY, Ida., Sept. 14 (AP)—Highways of tomorrow are the concern of more than 367 engineering leaders gathered here from 26 states and Canada for the Montana national bituminous conference. The conference closes this afternoon.

A technical paper on design, construction and maintenance of bituminous, highways and its relation to public safety was presented by Prof. R. A. Meyer of Iowa State college.

H. H. Houk, civil aeronautics authority of Washington, D. C., presented a paper prepared by Prof. P. C. Lang, highway department laboratory, University of Maine, on bituminous safety highways of tomorrow.

Meetings last night and today were devoted to reports on construction and maintenance and round table discussions. D. L. Cheney, bituminous engineer, Montana state highway department, said it was "the most successful conference since the meetings began in 1935." This was in spite of the fact 52 Canadian delegates were forced to cancel plans to attend because of the European war.

ANNA M'MURRAY DIES IN BOSTON

OAKLEY, Sept. 14 (Special)—Mrs. Anna Walker McMurray, aged 71, daughter-in-law of the late John McMurray, one-time candidate for governor of Idaho, died yesterday at a hospital in Boston, according to word received by relatives here.

With her at the time of her death were her husband, John O. McMurray, Boise, and a sister, Mrs. E. O. Taylor.

Mr. and Mrs. McMurray, who maintain an apartment in Boise, went east a few months ago on business. Mrs. McMurray submitted to an operation about a week ago, and apparently had rallied, when she suffered a sudden relapse.

The body will be brought to Weiser for funeral services and interment. Her father is now living in Berkeley, Calif.

RAINS AND POLES IN NAZI REPULSE

PARIS, Sept. 14 (AP)—Polish quarters here said today that German tactical blunders and the beginning of the autumn rains had turned the fortunes of war to Poland's favor.

Polish resistance also was reported severing as the result of the bombing of operations by German fliers. A report from Zurich said 640 Poles, including many Jews, had been executed by German firing squads at Bromberg, in the Polish corridor, after street fighting and it was said indignation was high.

It was believed here that Adolf Hitler and his seven generals were inviting ruin by rushing motorized forces deep into Poland without "mopping up" with infantry in the territory behind them.

Because of these tactics, which violate the fundamental rules of military strategy, Polish sources said, Marshal Edward Smigley-Rydz probably could keep the main body of his Polish army of 400,000 men intact until winter, when the German motorized units will have bogged down in the mud and the Polish cavalry can take the offensive.

POLAND REPORTS TERRIFIC ATTACK

LONDON, Sept. 14 (AP)—Official Polish radio broadcasts told today of terrific bombings of open cities by German fliers.

It was said 70 planes took part in one raid on Warsaw yesterday and 60 civilians, including 15 women and children, had been killed. Thirty German planes were shot down during the day, it was announced.

The Polish embassy here, reporting on conditions up to Sept. 3, said 1,800 civilians had been killed and many thousands wounded in the first three days of the German invasion; that casualties had been especially high among women and children and that the bombing never had ceased. An embassy spokesman said the Germans now were bombing the centers of cities from low altitudes.

COWBOYS AND CARDS WIN TO RETAIN MARGIN

SPORTS

Reds Retain National Lead as Junior Thompson Hurls Club to Win

Twin Falls Edges Bees; Cardinal Rally Trips Indians

SALT LAKE CITY, Sept. 14 (Special).—The Twin Falls Cowboys retained their two-game margin in the Pioneer league pennant race here last night by edging the Salt Lake City Bees by a count of 9-8 in 12 innings.

But it wasn't the good playing of the visitors that won the game—on the contrary they tried their best to kick it away and only won because Lefty Mel Marlowe walked in the winning run in the third extra inning.

The two clubs meet in the final contest of the year, with Bill Schubel slated for mound duties. Jack Andrews will probably get the call for the Bees. If Twin Falls wins tonight, the team will return to its home ground to take on the second-place Cardinals of Pocatello with no chance of a two-game advantage, and needing only one victory to sew up the pennant.

Twins Scores 19th Win
Last night Manager Charley Wry chalked up his 19th victory of the campaign against six defeats—but his team didn't help much in the field, although they did come through with 15 hits off Marlowe. All told, the Cowboys booted the ball seven times, with George Holcher leading at the short-stop position with three bobbles. Steve Bogdanoff, Ernie Bishop, Verne Reynolds and George Farrell also all chimed in with errors to help put men on bases.

However, Wry kept the 13 Ball League batters scattered except in the third and seventh innings. After the score was tied at the end of the ninth, the two clubs went scoreless in the 10th and 11th. Then in the 12th, Bill DeCarlo in with a single and Wry duplicated with no men down.

Bishop Pops Out
Ernie Bishop then popped up and Verne Reynolds struck out and it looked though Marlowe would pull out of the hole. But he lost control and walked Farrell and then Frank Talcott, the hitting star of the evening, worked him for a pass to send DeCarlo in with the winning counter.

Talcott got four safe bingles in six trips to the plate, while Holcher came through with three out of six, including a triple. Corky Carlson also hit a triple for the winners, as did Ray Alves for the losers.

Oregon State Grid Squad Looms as Loop Dark-Horse

CORVALLIS, Ore., Sept. 14 (U.P.)—There is a distinctly "dark horse" flavor to this Oregon State college football squad which Coach Lon Stiner starts today to ready for the Pacific Coast conference warfare this year.

Stiner isn't making any predictions of what's going to happen when he turns his team loose on a schedule of nine games, but he is doing lots of hoping.

The veteran coach was equally noncommittal last year and his team, picked in the pre-season forecasts to finish in last place, wound up in third with four victories and two defeats.

This year the experts are pointing to the Stiners as one of the most likely looking prospects in the far western circuit.

Same Kind of Squad

He is starting out this year with much the same kind of squad he had in 1938—one or two outstanding stars and a crew of nondescript players to finish in last place, wound up in third with four victories and two defeats.

Only 13 letters will return, and Stiner dug up only 20 potentials from the newcomer list during spring practice.

One are six veterans, among them Prescott Hutchins, mainstay of the 1938 line. While Hutchins held up the middle, Ends Joe Windlick and Don Coons patrolled the ends. Both went with Hutchins by the diploma route.

Good Backs Gone

Several backs departed, but Stiner's worries are up front. He has deplored Jim Killebrew for full-back duty and the Kohler brothers, notably Vic, for halfback berths.

But the absence of all-coast star prospects will not bother the Orange mentor. The 1938 Beavers depended less on Killebrew's smashes than on thorough team play and perfect coordination.

Of Stiner's 20 finds, enough shape up as competent ballplayers to ensure a victory and three deep for every position except one or two line spots.

Giant at Guard

Despite his sublimation of the star system, Stiner did owe a good deal of line strength to the presence of Hutchins, and he has turned up a successor of the veteran's capabilities.

At the other guard, however, will be 22-pound Emory Schultz, who, with a little additional seasoning, may prove the middle-way power-house Hutchins was.

Stiner will be the first opponent, Sept. 30, Idaho and Portland follow, then Washington, Washington State, Southern California, Oregon, California and U. C. L. A.

20 Lettermen Return to Vandal Squad

MOSCOW, Ida., Sept. 14 (U.P.)—The University of Idaho 1939 football team with 20 lettermen returning has strength but it lacks the spark of brilliant leadership provided in 1938 by Harold Rohe, triple-threat halfback who graduated Coach Ted Bann and left today.

The University of Idaho has a light grid schedule and a short season. Thirteen of the returning veterans are line-men and the forward wall is expected to be exceptionally strong.

The schedule: Sept. 30, Montana State at Moscow; Oct. 7, Oregon State at Corvallis; Oct. 13, Gonzaga in Spokane; Oct. 21, Utah in Salt Lake; Oct. 28, Homecoming, Montana in Moscow; Nov. 4, Utah State in Moscow; Nov. 11, Washington State in Pullman; Nov. 18, Denver in Denver.

Mac Objects to Colleges Developing Gridiron Stars Free for Pro Clubs

BY HENRY McLEMORE
NEW YORK, Sept. 14 (U.P.)—The exact figure isn't available, but it would be your estimate of the amount of money contributed to the education institutions of this country by the owners of professional football teams.

Twenty cents? No, that's a little high. Ten cents? That's a little low, but still a little sleep. My own guess would be three cents, a minute, and a counterfeited played nickel. In other words, not a penny.

Such a state of affairs hardly seems fair. Aside from those college old moneybags who want to have their names perpetuated in some hall, dormitory, fountain, or gymnasium, it seems to me that the pro owners should be the heaviest contributors to college education.

Pro Stars

Year after year without changing a dime for the service, the colleges of the country turn out the football players who make the pro game possible. They take in youngsters who know nothing and for three years provide them with rooming, equipment, medical treatment, and then turn them over to the professionals. The crop of football players is as steady and unimpaired as that of potatoes.

More important, the colleges turn out the potential pro material almost publicized. By the time a

3 Cowboys on All-Star League Team

Three Twin Falls baseball stars today have been picked out as all-league team chosen by the National Association of Professional Baseball leagues. And two other teams each gained three places on the all-star club—Pocatello and Ogden.

The three Twin Falls stars chosen were Joe McNamee, catcher; Ernie Bishop, second baseman; and Manager Charley Wry, pitcher.

Six other Twin Falls players were given honorable mention in the balloting, giving the league leading Cowboys a nine-man representation.

The team and honorable mention places follow:

Name	Position	Club
Joe McNamee	C	Pocatello
Ernie Bishop	2B	Twin Falls
Chet Rosenlund	3B	Ogden
Jack Murphy	SS	Pocatello
Mike Rees	LF	Pocatello
Jud Kirke	CF	Ogden
Felix Hughes	RF	Ogden
Joe McNamee	CF	Twin Falls
Charley Wry	RHP	Twin Falls
Jack Andrews	LHP	Salt Lake City
Bert Serna	U	Ogden
Edna Mulligan	W	Salt Lake City
Honorable mention—Carlson, Farrell, Falconi, Bogdanoff, Schubel and Stefan of Twin Falls; Lowe, Harrington, Sheehan, Rickert, Adams, Rene, Shantz and Bates of Boise; Alves, Larrien, Trotter, Price, Burston, Arlett, and		

of Salt Lake City; Williamson, Cole, White, Beard, Schilling, Hall, Erickson, Morey and Garland of Lewiston; Gabler, Rupp, Burnett, Nelson, Beers, Ballinger and Malone of Pocatello; Goddard, Costello, Lucas, Adams and McCorrey of Ogden.

Rain Assists Seals Climb To 2nd Place

(By United Press)
Rain boosted San Francisco's Seals into second place in the Pacific Coast league last night over the Los Angeles club.

The Seals climbed one percentage point over the Angels who also again interrupted the series with Portland. Meanwhile Los Angeles was blowing another game to Seattle, 10 to 6, Les Webster, who pitched strategically for the Rainiers, scored the winning run in the eighth inning, and Paul Gregory, who succeeded in the mound in the ninth, gave up two hits and a run before he quelled the uprising.

Hollywood scored six runs across the eighth inning to beat San Diego, 7 to 6, after Lou Trout had been driven to cover with a four-run barrage in the ninth.

Sacramento and Oakland also were rained out.

First Grid Game Will Feature Field Dedication

PAUL, Sept. 14 (Special)—Opening football game of the season will be played Friday afternoon on the Paul field with Hayburn furnishing the opposition to dedicate the new athletic field.

The Paul school band will be present in full regalia to furnish music for the crowd, Supr. J. B. Pringle announced.

Coaches Start Grid Practice Along Pacific

SAN FRANCISCO, Sept. 14 (U.P.)—Football coaches of the Pacific Coast conference and the independent schools are beginning their gridiron practice today for the three months of warfare lying ahead.

The call to arms marked the official opening of practice on the campuses of the ten conference schools and the independent, St. Mary's and Santa Clara.

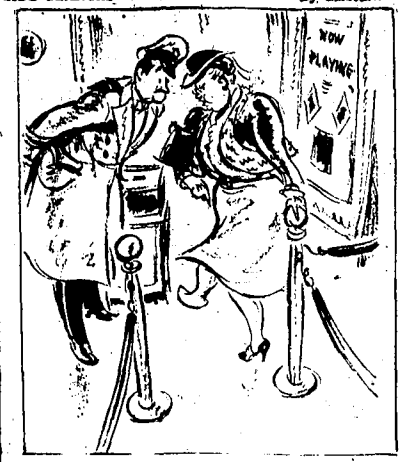

Practically every school has a game scheduled for Sept. 30, less than three weeks away, and coaches were hard driven to put their squads in proper shape for the opener.

Most of the players reporting already had had the benefit of a week or more of training in unofficial callisthenic workouts.

The coaches had nothing to do with these pre-practice sessions and a strict rule forbade use of any regular football equipment by the unofficial squads.

As the teams assembled U. S. C. 1938 champions and Rose bowl winners, shaped up as the most formidable team in the west.

MOTORISTS FINED FOR BUS-PASSING

State police "cracked down" today against motor car drivers passing the state law ordering all cars to stop when meeting a school bus stopped on the highway.

Justice Ward, in sentencing the trio, emphasized the fact that state law is stringent in its requirement that motor cars must stop on meeting a school bus.

State patrolmen here today warned all motorists that penalties will be levied for violations of the law.
