

NAZIS CLAIM FALL OF WARSAW

Long-Range German Guns Fire Behind Maginot Line

HEAVY FIGHTING MARKS NIGHT ON WESTERN FRONT

PARIS, Sept. 27 (UP)—German big guns opening up at long range, concentrated heavy fire today in villages from two and a half to three miles behind the Maginot line.

It was the longest fire of the new war, and the first aimed behind the main line of French fortifications.

An authoritative commentator said some of the shelling shelled villages in the villages but that, as they had been evacuated and boarded up before the war started, it was unlikely any considerable casualties resulted.

French Reply

French batteries opened up in reply, laying their fire on the German long range batteries.

The French high command, in this morning's communiqué, No. 41 of the war said:

"The night was calm. Enemy artillery shelled behind our lines in the region of Wisembourg."

Wisembourg is at the northeast corner of the front, where the Rhine extends southward toward Switzerland.

It was understood that at the moment infantry action was confined to patrols between the French and German advanced lines. The German patrols were repulsed near Wisembourg.

Inspection

President Ribbentrop, who is also war minister, left the war office this morning with an aide by his side. He was accompanied by a visiting French staff representative on the western front.

The French this morning displayed a German plane in a forest. It had been shot down. It brought the German losses to four planes on Monday's day fighting.

Talks to Baptists

DR. R. D. WEEKS

... Baccus (Okla.) college president who will be principal speaker at state Baptist fellowship dinner here tonight.

BAPTIST TALKERS TELL OF SCHOOLS

Idaho Baptists, meeting here in a special convention, this morning told of the schools in which they had been educated.

Dr. R. D. Weeks, president of the convention, said that he had been educated in a Baptist school in Oklahoma.

He said that he had been educated in a Baptist school in Oklahoma.

CIVILIANS FEUD IN GOVERNMENT WAR DIVISIONS

By LYLE C. WILSON

WASHINGTON, Sept. 27 (UP)—Civilian administration of the war department is marred today in the midst of a nighty quarrel between two civilian officials.

There is interest here among army officers, and Washingtonians who know of the situation, in the fact that the two men are both civilians.

One is a civilian, the other is a military officer. They are both civilians.

Soviet Guns Blockade Baltic

Great guns of the Soviet fleet line those in this striking photo point toward shores of the Baltic sea.

VON RIBBENTROP GOES TO RUSSIA FOR CONFERENCE

By NORMAN B. DEUEL

MOSCOW, Sept. 27 (UP)—Nazi Foreign Minister Joachim von Ribbentrop arrived today to participate in a series of conferences expected to affect eastern Europe from the Baltic to the Dardanelles.

Arriving from Berlin with a group of 35 German experts, Ribbentrop arrived at the Soviet capital today.

He is expected to meet with Soviet Foreign Minister Molotov and other officials.

Polish Army Set to Quit

BERLIN, Sept. 27 (UP)—An official announcement tonight said Warsaw had unconditionally capitulated on the 20th day of siege.

Previously, the Nazi high command had announced that the battered Polish capital had agreed to surrender and that emissaries had been appointed to negotiate the details of the surrender.

Radio and other messages from Warsaw said that about a million persons in the city were facing starvation, that about half of the city was in ruins, that many fires were burning and that water and ammunition were low.

100,000 in Polish Army Set to Quit

BERLIN, Sept. 27 (UP)—An official announcement tonight said Warsaw had unconditionally capitulated on the 20th day of siege.

Previously, the Nazi high command had announced that the battered Polish capital had agreed to surrender and that emissaries had been appointed to negotiate the details of the surrender.

Radio and other messages from Warsaw said that about a million persons in the city were facing starvation, that about half of the city was in ruins, that many fires were burning and that water and ammunition were low.

GOOD NOOK FOR BIG SAFETY BELT

PANAMA CITY, Sept. 27 (UP)—The United States delegation today at the American conference on the Atlantic Ocean, pushed the idea of a "safety belt" around the western hemisphere and proposed the submarine of any belt nation should be interned for the duration of the war.

SPUD SHIPMENTS NORMAL IN IDAHO

BOISE, Sept. 27 (UP)—Shipments of Idaho Irish potatoes and early sweet potatoes, the two principal crops of the harvest season and prices held up well in eastern markets.

PROBE OPENS IN ENGINE'S BLAST

MILLBURN, N.J., Sept. 27 (UP)—Texas and Pacific railroad officials today examined a wrecked locomotive engine in a crash that had exploded last night wrecking six cars of a Texas Christian university football special bound for Dallas.

Ban All War Goods Shipment, Attorney Tells Club Women

By JEAN DINKELACKER

The only way for the United States to remain neutral and keep out of war is to sell absolutely no war material even in the raw state to any nation, "even if they have the money to pay for it or the ships to haul it away," J. H. Blandford, Twin Falls attorney and a past commander of Twin Falls post, American Legion, told delegates to the annual convention of the Idaho Federation of Women's clubs this afternoon at the Elks hall.

# NAZIS CLAIM VICTORY IN BATTLE BETWEEN PLANES, SHIPS

## BRITAIN ASSERTS NO HITS SCORED IN AIR ATTACKS

By GEORGE KIDD  
BERLIN, Sept. 27 (AP)—German airplanes, in an attack on a British battle fleet in the North sea, have destroyed a British aircraft carrier, badly damaged a British battleship, and returned to their base without losses, the high command asserted today.

The high command communique indicated the battle was the greatest and the most dramatic ever fought between planes and warships.

According to the German communique, the first planes attacked a British fleet including battleships, aircraft carrier, cruisers and destroyers in the middle part of the North sea.

This, presumably, would be between the English-Scots and German-Danish coast, and the British naval bases on the Scotland coast and the German naval base at Wilhelmshaven, which the British bombed Sept. 4.

Attack Yesterday  
The Germans had got back at the British, after this raid in which the British said they severely damaged a German pocket battleship and the Germans said there was no damage—by torpedoing the 22,000-ton, 16,000-horsepower British carrier Courageous Sept. 18. Of 1,500 men aboard nearly 500 were lost.

Shortly before 1 p. m. today the high command announced the terms of the warship-airplane battle. It was said the attack was made yesterday.

In addition to this aircraft carrier and the Courageous, the German high command had claimed during the week-end and the torpedoing of an unidentified British destroyer, and the destruction of 350,000 tons of merchant shipping.

Navy Staff Mystery  
The high command's description of the German airplane attack left still a mystery the firing heard off the Norwegian coast Sunday night and Monday. The Norwegian general staff suggested this firing, which continued intermittently for nearly 24 hours, might have been due to a blasting. People along the coast asserted firmly they had seen warships in action and that the firing was several miles off the coast.

Official German comment did not go beyond the communique. Well-known Germans said that the battle was significant since it indicated the German air arm can be used effectively against the British fleet. The public was elated.

STORY DENIED  
LONDON, Sept. 27 (AP)—Twenty German aircraft yesterday attacked a British naval squadron in the middle of the North sea but no British ships were hit and no British casualties were reported, First Lord of the Admiralty Winston Churchill said in the house of commons today.

The British fleet which was subjected to attack, Churchill said, consisted of a squadron of capital ships, an aircraft carrier, cruisers and destroyers.

Earlier the admiralty spokesman told United Press there was absolutely no truth to an official German report that the German aircraft had sunk a British aircraft carrier and had damaged a British battleship.

Churchill said one German flying boat was shot down and another had been damaged.

Churchill said another German aircraft capsized down.

Churchill said a destroyer to collect her and her crew who were brought in as prisoners, he said.

Meunier Services Set for Thursday  
Funeral services for Robert Dale Meunier, infant son of Mr. and Mrs. Harvey Meunier, Diamond street, who died at 9 p. m. yesterday at the family home, will be held at 10 a. m. Thursday at the White mortuary. Interment will be in Sunset Memorial park.

The boy was born Aug. 6 in Twin Falls. The parents, one sister, Margaret Mary, and one brother, Thomas Edward, survive.

Lincoln P. T. A.  
Lincoln P. T. A. study group will meet Friday at 2 p. m. in room 17 of the old building. Mrs. Cox will be leader.

Fined for U-Turn  
Ray McFarland, Twin Falls, today paid a fine of \$10 as he appeared before Municipal Judge J. O. Pumpumphy on a charge of making a U-turn in the middle of the block rather than going to the intersection. McFarland paid the fine and was released, court records show.

I. O. O. F. Leader Coming  
D. E. Rathbun, Idaho Falls, D. O. F. of the O. P. E. U. organization, will attend the Twin Falls I. O. O. F. lodge meeting here at 7:30 p. m. Thursday. He will discuss the grand lodge assembly planned for Idaho Falls. Clyde Hockock, noble grand of the Twin Falls lodge, and S. E. Crismon, have been named delegates. Charles E. Rowcliffe, Twin Falls, has been recommended for district deputy grand master.

5 Youth Face Court, 'Bikes' Had No Light  
Five Twin Falls youngsters, all from prominent families, were apprehended by local police last night and ordered to appear before Municipal Judge J. O. Pumpumphy this afternoon after school on charges of operating their bicycles without lights.

Police records show that another 12 youths were picked up on similar charges Monday night. They had their bicycles taken from them at the time of their apprehension and the wheels were not returned until they had "visited" with the judge.

Tip to Parents  
This afternoon Judge Pumpumphy declared that the responsibility in this case rests as much on the parent as it does the children.

The city and state laws both require that bicycles carry lights after night. Parents who permit their children to operate these wheeled contraptions are subjecting their children to the possibility that they may be injured or killed because some motorist is unable to see them as they ride along the streets.

The state law, Pumpumphy said, calls for a light on the front of the wheel which is visible, under ordinary conditions, for a distance of at least 300 feet, and a rear light or reflector visible for at least 200 feet. The city ordinance calls for a light on the front of the wheel and a reflector on the rear.

Want No Deaths  
"We don't want any of our children killed in this city," the judge said, "and for good reason every boy or girl seen operating a bicycle without proper lights after dark will be brought to the station and the bicycle will be taken from them until a later date when they come to the police station for a talk with the court."

It is estimated there are 1,000 bicycles in Twin Falls.

Unhappy Suspect Is Hunted in Car Theft  
Officers today were looking for an asserted auto thief about 40 to 45 years old, roughly dressed and probably showing a week's growth of beard.

That was the description given with report that a 1936 Chevrolet sedan owned by Floyd Wilson, Kimberly, was stolen yesterday afternoon from the bank corner downtown. The machine was taken about 2:28 p. m. It has license number 8B-3440 and is gray in color.

ISOLATIONIST 'ELIMINATION'  
BOISE, Sept. 27 (AP)—A battle between the isolationist ideas is the only solution of America's foreign relations problem, George Curtis, Idaho secretary of state, told American Legion meeting here last night.

The aim of the United States war department is to have 5,000 airplanes by 1941.

## DEATH COMES TO CASSIA PIONEER

BURLEY, Sept. 27 (Special)—Thomas H. DeWitt, one of Cassia county's earliest settlers, who homesteaded at Almo in 1884, died at his home last evening. He was a prominent L. O. B. church worker.

Mr. Robinson was born Nov. 8, 1859, at Salt Lake City. He was married to Miss Mary Matilda Smith Sept. 20, 1877, at Salt Lake City. D. S. temple. They settled at Almo in 1885, moving to the village district in 1905. Mr. Robinson retired from an active life of farming in 1920 and moved into Burley.

Surviving, besides his wife, are the following children: T. W. Robinson, Twin Falls; Mrs. Louisa Truogman, Santa Monica, Calif.; Mrs. H. L. DeWitt, Boise; Mrs. William Moffett, Burley; Mrs. Elmer Cunningham, Burley; Mrs. Earl Bailey, Pocatello; Mrs. Lester Gravel, Burley; Mrs. Alvin T. Christopherson, Pocatello, and Mrs. W. A. Simonson, Boise.

A son and daughter preceded him in death.

Also surviving are 22 grandchildren, including his son, Harry Robinson, Salt Lake City, and a sister, Mrs. Alice Bowe, Salt Lake City.

The body of the late Mr. Robinson will be in the Burley funeral home pending funeral arrangements.

BAPTIST TALKERS TELL OF SCHOOLS  
(From Page One)  
Istons, and Otis Miller, Pocatello. Registration: Rev. Chester Northrop, Gooding; Mrs. Dodson and S. Munn, both of Twin Falls. Rev. G. M. Hays, Pocatello. Miss Hayscroft, Salt Lake City, and Rev. J. S. Bailey, Idaho Falls.

This afternoon's session got underway at the church and the call to worship at 1:28 p. m. Speakers included Rev. Ezra Duncan, Salt Lake City; Rev. L. A. Carter, Salt Lake City, and Rev. C. M. Strong, Payette.

Women Elated  
Yesterday, at sessions of the Women's Baptist Missionary society of Idaho, which convened, which concluded late in the afternoon, Mrs. W. J. Agee, Boise, was re-elected president. Again named to the post of secretary-treasurer was Mrs. Archie Gray, also of Boise.

Other officers named included Mrs. Worth D. Wright, Idaho Falls, missionary vice-president; Mrs. S. S. Martyn, Twin Falls, vice-president; Board members elected were Mrs. C. W. Well, Wilder; Mrs. David Heller, Gooding; Mrs. Bert Smith, Moscow, and Mrs. Merle Hatfield, Pocatello.

Following conclusion of the women's convention, the delegates joined with the men in evening sessions and will also attend other sessions of the Idaho Baptist convention, which runs through Thursday.

Fellowship Supper  
Tonight the fellowship supper will be held at the Christian church, corner of Sixth avenue and Shoshone street north. The address of the evening will be given by Dr. B. D. Weeks, president of the Bacone, Okla., college. In charge of the session will be George Warburg, Twin Falls.

After the dinner, further business sessions will be held with adjournment set for 9:05 p. m.

A full program has been arranged for Thursday with sessions scheduled to end at 1 p. m. Thursday sessions will start at 9:15 a. m. with the call to worship. Speakers during the day will include Rev. Chester Northrop, Gooding; Bayard Sleeper, Kuna; Charles Farley, Wilder; Rev. H. E. Barnett, Twin Falls, and Rev. Walter Bishop, Salt Lake City.

Election of officers is expected Thursday morning.

DOG  
They were parted today, the little girl and her dog, one in tears and the other wearing the saddest of canine expressions.

The girl, police said, walked into the station with the dog on her way to school.

"My mamma said I'd have to leave it here for the night," she said, "and I've only had him since last night."

Turning to Municipal Judge J. O. Pumpumphy, with tears in her eyes, she held out a package.

"And here's some meat in case he gets hungry."

The judge opened the small package and a short while later the dog dined on hamburger.

Unwashed the dog with shaggy white hair was later turned over to the pound master. That is, unwashed by everyone excepting the little girl who left a package of meat so the animal wouldn't get hungry.

What Is Source of 'Flour Gold'? Nature Oblingly Serves It Up!

In case you've wondered just where the "flour dust" gold-bearing river comes from, an answer was offered today by a man who says he's looked into a matter.

The "flour dust" gold comes as a result of nature grinding porphyry quartz which underlies the lava bed of the river, according to George A. Bolso, whose main job at the moment is county assessor but who has been looking into this flour dust gold business.

Long Worked  
The river has been worked for gold for 70 years, by Chinese placer miners and then by white miners. The placer search is by no means slowing up, and claims all along the river are busy today.

"Underneath the rock bed of the river," said Mr. Bolso, "there is a layer of this porphyry quartz, which really is 'quartz' as all the gold-bearing rock. When the water, with its gravel and small rock content, wears the lava bed away, this underlying stratum is exposed. At high water periods the flour dust is washed onto the banks and is covered by gravel. Nature does the grinding, and the process is constantly going on each spring in Idaho area, but all the time above American Falls area."

Layer Exposed  
The gold-bearing rock appears near Bennett mountain, north of Mountain Home, then reappears in spots along the Snake at intervals close to Idaho Falls, he said.

## What Is Source of 'Flour Gold'? Nature Oblingly Serves It Up!

In case you've wondered just where the "flour dust" gold-bearing river comes from, an answer was offered today by a man who says he's looked into a matter.

The "flour dust" gold comes as a result of nature grinding porphyry quartz which underlies the lava bed of the river, according to George A. Bolso, whose main job at the moment is county assessor but who has been looking into this flour dust gold business.

Long Worked  
The river has been worked for gold for 70 years, by Chinese placer miners and then by white miners. The placer search is by no means slowing up, and claims all along the river are busy today.

"Underneath the rock bed of the river," said Mr. Bolso, "there is a layer of this porphyry quartz, which really is 'quartz' as all the gold-bearing rock. When the water, with its gravel and small rock content, wears the lava bed away, this underlying stratum is exposed. At high water periods the flour dust is washed onto the banks and is covered by gravel. Nature does the grinding, and the process is constantly going on each spring in Idaho area, but all the time above American Falls area."

Layer Exposed  
The gold-bearing rock appears near Bennett mountain, north of Mountain Home, then reappears in spots along the Snake at intervals close to Idaho Falls, he said.

Placerminers occasionally see the under-layer exposed. But it takes nature's grinding to put the gold where placer miners can "pan" it.

LIBRARY MOVING STARTS MONDAY  
Twin Falls public library, located in the Elks building, will close Saturday at 9 p. m. and the moving of the entire contents to the new library building, just completed at the corner of Fifth avenue east and Second street east, will start Monday. It was announced this afternoon by Miss Jessie Fraser, librarian.

Miss Fraser pointed out that no books are to be taken out of the library after Saturday night and that no books are to be returned after the time the moving operations are underway. It is anticipated that the regular flow of books from the institution can start again a week from next Monday. She added that books due during that period when the library work is suspended will not be subject to regular fines but should be returned when the checking of volumes starts in the new structure.

Miss Fraser especially urged school children, needing various books for study during next week, to take them from the present library location before Saturday night. This holds true of townpeople who desire books.

She said that although book checking starts again from the new location on Monday, Oct. 9, the date will not be the official public opening.

"Some of the furniture will not have arrived by that time and therefore we expect the public opening, at which time groups and individuals will be invited to inspect the new quarters, will be staged around Oct. 21."

January is the official birth month of all thoroughbred horses.

# ADMINISTRATION CLAIMS VOTES TO REPEAL EMBARGO

## INFORMAL POLL SHOWS MAJORITY OF 7 IN SENATE

WASHINGTON, Sept. 27 (AP)—Administration leaders today said they secured 50 assured senate votes—seven more than a majority—for President Roosevelt's arms embargo repeal program.

An informal poll conducted by a senator high in White House councils showed 41 Democrats, four Republicans and one Independent in the President's camp today. It is compared to a record in favor of neutrality legislation repealing the embargo and substituting a mandatory "cash-and-carry" requirement on sales of all goods to belligerent nations. Forty-nine votes constitute a senate majority.

A United Press compilation placed 47 Democrats, five Republicans and one Independent in the President's camp today. It is compared to a record in favor of neutrality legislation repealing the embargo and substituting a mandatory "cash-and-carry" requirement on sales of all goods to belligerent nations. Forty-nine votes constitute a senate majority.

Meanwhile, the efforts of administration senators to keep the executive department out of the neutrality picture in the interest of harmony appeared to have borne fruit.

## 1940 NASH CARS PROVIDE VARIETY

Nash motor cars for 1940 present 18 automobiles, possessing new features to make driving more fun, more comfortable and safer. It was announced here today by Reynolds Motor company, Twin Falls dealers.

Prices of the new cars are from \$20 to \$40 lower than those of comparable models for 1939, according to R. A. Reynolds, manager. New models are displayed at 207 Shoshone street south.

Low-Price Model  
Nash, which broke many sales records during the 1939 model year when public acceptance for its cars increased rapidly, will make a drive in the low-price market this model year with an extra large and high-powered car, Reynolds said. Nash's low-priced automobile, the six deluxe Lafayette, has 117-inch wheelbase, a 90-horsepower motor, and offers a number of driving and construction features found only on much higher priced cars, he explained.

This low-priced series is made up of six models, as are the other two series being introduced by this company. Being introduced by this company the twirlignition, variable head Ambassador eight and the Ambassador six. These will be sold in the medium-price field, and like the low-price cars, will be among the biggest automobiles in their price class. The eight have 125-inch wheelbase, and motors with 125 horsepower. The six cylinder cars have 121-inch wheelbase and 108 horsepower.

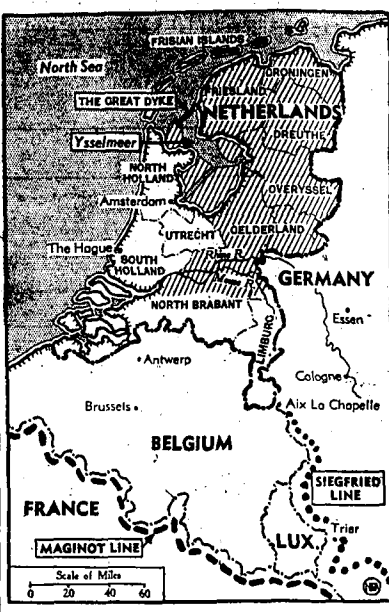

Many new features and numerous improvements are to be seen on the new cars. An "arrow flight ride" is one of the big features which Nash will stress along with the conditioned air system it pioneered and which for 1940 has been advanced considerably.

The new ride is the result of a new method of springing—the combination of long, synchronous springs and super-elastic shock absorbers in the rear, and soft, individual coil springing on the front wheels.

It is estimated by the bureau of public roads that more than 96 percent of automobile trips made in the United States extend less than 50 miles from cities.

## Holland to Use Sea Water

German military activities near Dutch frontier are reported, but Holland, traditional and militant neutral, is ready. If guns and planes fall, Holland may blast open dykes, flooding out invaders. Plans have been formed for blowing up dykes along northern coastline, dynamiting bridges and canals, letting North sea in through 27-mile Great dyke, which shrank former Zuider Zee to Ysselmeer lake, leaving several new sections of reclaimed land. Water would rub down into lowland provinces, shaded on map. Dutch army then might retreat to make new stand in "Dry Holland," shown in white, in which are most major cities.

## In HOLLYWOOD Today

By United Press  
Freddie Bartholomew, one of the best individual customers the California courts ever had, said his mother, his father and the rest of his relatives today—to get them to the court. The 15-year-old actor charged they kept him in court 30 months. The didn't have time to get properly if the movies; that their legal actions cost him more than could have saved him a dime from his \$2,000 weekly salary.

A \$4,000,000 estate was left to relatives, friends and charities by Carl Laemmle, retired film producer, who died Sunday. The government opened a three-day investigation today into reports of labor racketeering, income tax evasion and monopolistic practices in the motion picture industry. Ralph Morgan, actor, and Louis B. Mayer, head of Metro-Goldwyn-Mayer studio, were the more prominent witnesses subpoenaed to appear before a federal grand jury.

Charlie McCarthy, who for personal reasons fears fire prevention, was presented a gold badge and a fire chief's helmet by the International Association of Fire Chiefs.

Among the 100 yachts which reached port safely at Santa Catalina island during the southern California storm, was one which had aboard Lady La Marr, Errol Flynn, Lori Demitt and Lola Lane.

WOOLGROWERS' TOPIC  
POCATELLO, Ida., Sept. 27 (UP)—Protection of wool and mutton producers from war profiteering and price fixing will be the principal topic of discussion at the annual Idaho Woolgrowers' association convention to be held here Sept. 30. M. C. Clear, association secretary, said today.

PRUNES, dead ripe, 50c lb. A few of these hand-sorted grapes left at 75c. Also a few bushels of DeAngelo pears.

## HAWAII'S FORMER CHIEF WILL TALK

Residents of two south Idaho cities will hear next week a first-hand outline of Hawaii from the former governor of that United States territory.

He is Lawrence M. Judd, now on lecture tour. Governor Judd brought to this area by the Twin Falls Town Hall club, will not address that group but instead will speak at sessions of the Buhl Rotary and the Twin Falls Kiwanis clubs, according to J. A. Cederquist, Town Hall president.

Buhl Oct. 4  
The distinguished island visitor will speak at Buhl Wednesday, Oct. 4, with the Buhl Rotary club inviting the Kiwanis and Lions groups of the west end city as its guests. Judd speaks in Twin Falls Thursday, Oct. 5, with Rotary and Lions clubs invited by the Kiwanians.

The former Hawaii chief executive was pushed to Hawaii Hall when the former Hawaii chief executive was pushed to Hawaii Hall when the former Hawaii chief executive was pushed to Hawaii Hall.

Imported Pigeons  
Governor Judd, ranked as one of the outstanding business and political leaders in Hawaii, is seeking to show the close community of economic and political interests between Hawaii and the continent.

The address, Mr. Cederquist was informed, will reveal many phases of Hawaii unknown to those who regard the island as a vacation spot alone. Touring the address is significant.

## NO DECISION

LOS ANGELES, Sept. 27 (UP)—Big Boy Bray, 74, and Yancey Henry, 186, both of Los Angeles, fought to a nine-round no decision here last night.

Referee Jack Kennedy stopped the fight in the ninth round and announced that Henry was unable to continue because of a split right thumb nail. Kennedy said the purses would be held up pending a state athletic commission investigation.

## STERLING PRICE

LONDON, Sept. 27 (UP)—The Bank of England today retained its gold buying price of 168 shillings per ounce and its sterling quotation of \$4.02 to \$4.04.

## Capron Services Set on Thursday

BUHL, Sept. 27 (Special)—Funeral services for Mrs. Clara Belle Capron, 66, who died Monday, will be held at 2 p. m. Thursday at the Albertson funeral home chapel.

Rev. Leroy Walker, Buhl Methodist pastor, will officiate at the service, and interment will be in Buhl cemetery under direction of Mr. Albertson.

## REASON STILL CLOSED

BOISE, Sept. 27 (UP)—The closed season in Idaho forests was extended 31 days today until Oct. 31, by Gov. C. A. Bottelott at the request of the state department of forestry because of dry conditions which increased the fire hazard.

## READ THE TIMES WANT ADS.

## Calendar

Twin Falls Grange will meet at 8 p. m. today at the Odd Fellows hall.

Members of the Veterans of Foreign Wars auxiliary will meet in the Idaho Power company auditorium at 8 p. m. today.

Marion Warren's club will meet Thursday at the school house. Mrs. Emma Parks and Mrs. Jennie Hill will be hostesses.

Twin Falls Veterans of Foreign Wars, will hold an important business meeting at 8 p. m. today in the band shell basement at the city park.

Flower arrangement class, sponsored by the Twin Falls Garden Study club, will meet Thursday at 7:30 p. m. in the Methodist church basement. Those who do not have membership cards but who desire to attend single meetings, may do so by paying 25 cents. The subject for the evening will be "Columbian."

# WALTERS HURLS FOR CINCINNATI TODAY

## Reds Need Single Game to Clinch National Pennant

CINCINNATI, Sept. 27 (UP)—Bucky Walters, the sinker ball artist who pitched the Cincinnati Reds into first place by beating the St. Louis Cardinals May 26, was nominated today to repeat the trick and bring Cincinnati its first National league pennant since Pat Moran's 1919 club.

Playing his cards shrewdly, Deacon Bill McKechnie crossed over everyone yesterday by keeping Walters on the bench for one more day's rest before shooting him at the Cardinals. Even without Walters, the Reds broke even in yesterday's doubleheader before a paid crowd of 34,194 and maintained their 3 1/2 game lead.

Gumming on Gene Thompson in yesterday's opener, McKechnie carried off a 3-1 victory, a 3-0 thrashing of Walters. Walters' opponent today will be Fiddler Bill McKechnie, who has a record of 11 and 8.

Walters will go after victory No. 24. He has won six straight and has beaten the Cardinals four out of five times. The Reds plot to win both games today. The Cardinals were spelled by Rube Morton Cooper. After Thompson, the Reds' pitcher had pitched the Reds to a 3-1 triumph in the opener. Cooper held the Rhinelanders in complete check in the nightcap to score his 11th victory with a four-hit, 6-0 shutout.

To put the clincher on the pennant, the Reds need only a two-run victory over the Cardinals today or tomorrow.

The New York Giants and Brooklyn Dodgers split two games. Card Hubbell winning his 11th game, 9-5, and Luke Hamlin scoring his 18th victory in the seven-inning nightcap, 3-2.

Walter Hulse broke the Phillies' six-game losing streak when he pitched the victory to a 2-0 win over the Boston Reds.

Hank Greenberg's third home run with two men on base in the seventh inning of the second game enabled the Tigers to sweep a double-header from the Browns, 8-4 and 4-0. The Browns scored their own record for games lost in one season. The twin defeat made their 19th loss.

The Athletics slugged out a 15-4 win over the Senators.

Angels Remove Rainiers from Play-Off Spot

The third and fourth place teams of the Pacific Coast league today were set to play the finals of the Shaugnessy playoffs.

Los Angeles broke the pennant-winning Seattle club, 3-0, last night to take the series, four games to two. Sacramento had already drawn off San Francisco, four games to one, to get the other chance at \$5,000 top money.

Lafayette Park Seattle five hits in pitching a shutout victory. The Angels made eight safeties off pitchers Dick Barrett and Bill Walker.

R. H. E. Seattle 000 000 000—0 0 0 Los Angeles 000 000—2 0 0 Barrett, Walker and Hauck, Prim and R. Collins.

Cubs Tackle Fairfield Club

Twin Falls Cubs will make their first appearance of the season at Lincoln field on Friday afternoon when they engage the visiting Fairfield Club in a battle set to start at 2:30 p. m.

The Cubs will be gunning for revenge for a 2-0 victory started up by the invaders a year ago.

Coch John Pratt's starting lineup will probably be as follows: Jinks, left guard; Bayless, center; Siggart, right guard; Rowen, right tackle; Edwards, right end; Andrews, left halfback; Robinson, right halfback; Singleton, fullback; Harrison, quarterback.

## U. S. Duck Supply Greatest in Years

By JIMMY DONAHUE (NEA Service)

Duck hunters are to enjoy their greatest season in years. But despite this information from the U. S. bureau of biological survey, American Wildlife Institute and other sources, the hunter must temper his enthusiasm and curb his limit, for waterfowl numbers are still far from recovery, and below what they were a decade ago.

Fact that duck population is increasing is one that should gladden every hunter in the country, and help conservationists on conservationists who have tried since 1914 to curb market hunters who killed as many as 800 ducks in a day, shot in the spring as well as fall, and just about exterminated several of the old favorite gamblers.

In 1914 the federal migratory bird law was passed; but it was weak, and it wasn't until 1918 that Great Britain, the United States and Mexico signed the migratory bird treaty outlawing market and spring hunting. Later this treaty limited types of firearms used.

With the treaty came the necessity to study ducks and their habits, and it became the duty of four government men to follow the ducks from the north to the south and, with assistance of some 3,000 others, gather data on which species need protection, which was increasing, and what open and closed seasons should be.

Largest Supply

For the fourth consecutive year the biological survey mid-winter survey shows a steady increase indicating that more birds would be returning to the breeding grounds last spring and summer. Federal refuge managers in the United States and biological survey investigators on Canadian and Alaskan breeding grounds confirmed this expectation.

Knowledge that about three-fourths of the North American waterfowl are produced north of the United States, where in recent years there have not been enough birds to occupy all available nesting grounds, led to emphasis on shooting restrictions in the U. S. restoration program—restoring rigidity enforced in order to send back more birds from the United States to the great northern nurseries. This is the reason why waterfowl are not to be shot, and why no more than three canvasbacks, redheads, buffleheads, or ruddy ducks are to be bagged in a day.

Limit is held at 10.

Number of wild ducks in U. S. has increased because of intelligent conservation, making decoys and blinds a familiar scene after Oct. 1.

### SPORT SOUBIS!

by Hal Wood

TWIN FALLS GETS INITIAL CHANCE TO HAVE UP-TO-DATE GOLF COURSE AFTER OFFER BY COUNTRY CLUB OWNERS

For the first time in its history, Twin Falls has a chance to have a real up-to-date golf course—a layout that could make the citizens of this territory proud to take out-of-town visitors for a round.

The chance comes with the offer of the Twin Falls Country Club directors to give the 108-acre, 18-hole layout west of here to the city.

Now, that's a valuable piece of property in any man's language and would materially increase the value of the city—not just from owning the land, but by making the site a valuable attraction to tourists and other visitors to the region.

Down through the years the city fathers of Twin Falls have been rather lax, we'd opine, in the matter of providing sports centers in which the youth could play for a round.

There are no tennis courts, no place to play golf, and no place to play baseball. The city fathers of Twin Falls have been rather lax, we'd opine, in the matter of providing sports centers in which the youth could play for a round.

### Increase Seen In Size of Pioneer Loop

FOCALTELL, Ida., Sept. 27 (UP)—Preliminary setup for the 1940 Pioneer league will be taken at the league meeting here Friday night.

Successful in its first season, the Pioneer loop may be extended to an eight-club circuit, instead of six as at present.

Representatives of Nampa, Idaho Falls, Butte, Logan and Provo are expected to be at Friday's meeting and make bids for franchises.

Of the present team in the league, only the future of Lewiston is uncertain. The club didn't draw as well as expected, and its distance from the other clubs makes it a strain on traveling teams.

President Jack Halliwell's report, to be made at the meeting, will show all clubs paid money in the reserve fund, and the prospects for 1940 'bright'.

## Football Briefs

(By United Press)

SALT LAKE CITY—Ticket sales for the Utah-Santa Clara game here Saturday are speeding up as the game gets nearer. University of Utah officials announced today, that the Utah-Santa Clara game is expected to turn out.

LOGAN—Utah State gridirers were expected to put in an extra heavy scrimmage today for Saturday's "weather" against College of Idaho here.

PROVO—Idaho this coming week-end, the Brigham Young football squad put in a good scrimmage, nevertheless. The next game will be Oct. 7 against Colorado State.

PALO ALTO—Coach Tiny Thornhill said Coach Albert Johnson's back, would be ready to play for Stanford in the opener Saturday against Oregon State.

BERKELEY, Calif.—Coach Stib Allison looked apprehensively toward California's opening game against College of Pacific Saturday. He said the Bears had shown form this week and would be scrimmaged today and tomorrow.

SUOENE, Ore.—Coach Tex Oliver took a 210-pound forward wall for Saturday's opener against U. S. C. at Los Angeles Saturday. Oliver said he was "well satisfied" with his squad's training.

CORVALLIS, Ore.—Oregon State slacked off today with a light offensive drill before going to Palo Alto for the Stanford game Saturday.

PULLMAN, Wash.—Coach Babe Hollingberry worked to get Washington State college's defense lined up after the freshman team, using U. S. C. plays, ran through variety rears yesterday. The Cougars play U. S. C. Oct. 7.

## Powerful Elks Club Scores Pin Victory

A powerful Elks bowling club last night swept through three straight games with Zip-Way to set the high score for the "baby" bowling season—individually and collectively.

Jack Ford rolled three games of 201-202-202 for a total of 606 to lead the Elks to the victory. Every man on the club was over the 500 mark.

In the City Loop Wilson's store of Kimberly took three in a row from the Iron Fireman club, with Paul Galls and Roy Weller both going over the 500 mark.

## Mac Plans to Attend Races So He Can "Hear" Johnstown

By HENRY MCKIMMOR

NEW YORK, Sept. 27 (UP)—Johnstown runs in the Lawrence realization stake at Belmont park Saturday and I, for one, wouldn't miss going out to hear him.

Yes, "hear" him. If all the reports concerning the derby winner are true, his sound effects are as thunderous as the backstretch and the roar of the wire.

Johnstown's talent is a complete vaudeville arrangement. I hope the "big" Johnstown's journey for the Lawrence realization stake has not been announced as yet, but there is a rumor going around that Arturo Toscanini, famed Italian maestro, will have a leg up. Toscanini is a happy clown if all the stories of Johnstown's accomplishments are true. No better man could be chosen to "conduct" Johnstown. I hope he is chosen and that as he brings Johnstown down in front by two or three lengths, he and the colt will favor us with some appropriate selection, say, the grand march from Aida.

# L. D. S. Orders Europe Missionaries Home

## 645 MEMBERS OF CHURCH TOLD TO QUIT WAR AREAS

SALT LAKE CITY, Sept. 27 (U.S.)—The first presidency of the Latter Day Saints church revealed today orders have been issued to evacuate all Mormon missionaries in Europe. The order includes both those in belligerent and neutral countries. Evacuation of missionaries in the nations now at war has been underway since hostilities broke out and many of them have since returned to this country.

There were 645 LDS missionaries in Europe on Sept. 1. Authorities could not estimate how many were still in the neutral countries, particularly the Scandinavian nations. They said the evacuation will proceed as quickly as possible "depending on how reservations can be secured."

Church property in Europe is worth several hundred thousand dollars but the general authorities have not yet considered what disposition they would make of it because of the European conflict.

Evacuation is in charge of Joseph Fielding Smith, member of the council of apostles who is now in the Scandinavian countries.

Authorities said the evacuation is in line with President Roosevelt's request that all American nationals be withdrawn from Europe.

"The wisdom of this course has been emphasized by the fact that the working of our missionaries, even in neutral countries, is being increasingly restricted and made difficult because of the measures the governments of those countries feel necessary to take in order to protect their neutrality in the European conflict," the first presidency of the church said in a statement.

## Educator Group Charts 10-Point Practical Plan

Members of the district committee, cooperating with a special state committee named by the state board of education for the express purpose of encouraging Idaho schools to bring their pupils to study up to date in terms of present day needs, today had discussed and approved a plan which would lead to this end.

The plan was approved as members of the district committee met in Twin Falls Saturday. It was announced this afternoon by Sup't. of Schools Homer Davis, chairman of the district group and also a member of the state committee. Members of the district group meeting here, in addition to Mr. Davis, included George Deacon, Burley; Florence Haight, Burley; Robert Hughes, Twin Falls; B. F. Mahoney, Declo; Ralph Ryland, Wendell; Mrs. Vera Leary, Mrs. M. M. Pritchard, Mrs. Ethel Gray and Mrs. Rose North, all of Twin Falls.

Davis pointed out that the purpose of the district committee is to work with teachers of south central Idaho and try to make their school rooms as practical as possible.

"Courses of study will be put out in brief form and will probably be mimeographed for the first two or three years," Davis said. "Outlines have already been developed in several subjects. It is the desire of the district committee to cooperate with the central committee and also to be of any assistance possible to teachers of southern Idaho."

Davis said that another session of the district committee would be held in Twin Falls during the teacher's October conference.

The 10-point program follows:

1. Democracy. The school should develop an understanding and appreciation of American democracy. There should evolve an intelligent responsibility, not only for supporting democratic institutions but for improving their operation in the interest of the general welfare. On all levels of the school pupils must experience democratic procedure. The more formal aspects of instruction in the meaning of democracy should be placed in the upper grades or the high school. Teachers, administrators and boards of education must also practice democracy in their relationships with each other, with their pupils, and with the community.
2. Further development of the part of individuals in the improvement of our existing institutions with first consideration given to home and family living. Pupils should have the opportunity of becoming competent in school planning and organization. Even in a one-room school the feelings of partnership and responsibility can be developed. This participation should extend to the home, church and civic groups.
3. Provide a program which will allow each individual to develop to his full capacity, providing such development is not harmful to the group. This may involve personal health, leisure arts, creative expression, aesthetic tastes, spiritual values, and social and emotional adjustment.
4. Help individuals develop fitness and ability to take care of their own living. Vocational competency does not necessarily come from more vocational education as such, but from the development of certain attitudes and habits with respect to work and workers. Respect for all types of labor, finance to ditch digging, should be taught and exemplified. Care should be exercised that girls do not place more emphasis on vocational training than on their own living. The exclusion of homemaking education. There should exist a closer tie-up between the school and local employer, but precautions taken to guard against exploitation of boys and girls. Attention must also be directed toward helping individuals spend their incomes most beneficially.
5. One of the chief responsibilities of the school is guidance. Realistic and factual programs of educational and vocational guidance should permeate the entire school program. Such a plan involves a careful study of each individual and our social and economic environment with the adjustment of the individual and the improvement of social institutions as principal concerns.
6. Closer relationship between school and community. The exchange of views and activities in operation should be honest and

## FESTIVAL WAITS FRIDAY OPENING

KIMBERLY, Sept. 27 (Special)—Festivities here have been applied to plans for Kimberly's third annual Harvest festival, and this entire community was all set for the opening on Friday.

Committees of the Commercial Club and American Legion had mapped final details to provide the best in clean entertainment for celebration comes Friday and Saturday, according to Co-Chairmen Sam Walton and Bill Madden.

Fun for Kids

We are emphasizing fun for the children this year and are making every effort to provide the type of entertainment the youngsters will enjoy," said the chairman.

"As special stunts for the boys and girls we have engaged the services of Mr. and Mrs. George Lillibridge of Buhl with their trained horses to provide a 30-minute show on main street. Of course the older folks will appreciate the act too but, after all, it's for the younger people.

"On Friday night we will have a rabbit catching contest on main street and prizes will be awarded the boys or girls, catching the first three fast moving and long legged racers. On Saturday afternoon, another stunt, that of dropping prize dodgers out of an airplane on the athletic field, will open the big day for the kids.

Two Parades

"Of course the two parades, the first on Friday night during the street lighting dedication ceremony and the second on Saturday morning at 11 a. m., will be appreciated by the youngsters. It was estimated that last year's parade attracted over 2,500 people, many of whom were grade schoolers.

"A full sports program will be held at the high school athletic field

## BIG RESPONSE IN JOB EXAM MOVE

Federal merit system examinations for positions in the Idaho state employment service, given during June, July and August, brought inquiries from 401 Idaho residents; it was announced here this afternoon by W. Clyde Williams, local office manager.

Williams made the announcement after receipt of word from S. D. Hays, state director. Hays pointed out that applicants were permitted to take examinations for more than one position, if qualified, these 401 applicants filed 654 applications.

Top 250 Exams

Of this number 207 applicants were found qualified to take a total of 250 written examinations as follows, the city listed being where the examinations were taken, the first number being those taking the exam for field supervisor or manager, and the second number those taking the exam for junior and senior interviewers:

Boise: 12, 52; Coeur d'Alene: 10, 30; Idaho Falls: 3, 12; Moscow: 6, 24; Pocatello: 5, 9; Twin Falls: 4, 23.

Of this number 129 persons passed the examinations and were given interviews as follows: Boise: 50; Coeur d'Alene: 30; Idaho Falls: 17; Moscow: 28; and Twin Falls: 14. The total given for Idaho Falls included Pocatello.

Of the 129 applicants, 116 passed all parts of the examinations and are now on the eligible list for appointment at such time as openings are available. Williams was informed. A number of the applicants are persons employed in the Idaho State Employment service, as a result of previous examinations, who took examinations for higher positions to qualify for promotion.

The eligible list now consists of the following: 10 for field supervisor; 19 for managing positions; 38 for senior interviewers, and 70 for junior interviewers.

## CARS SIDESWIPE

JEROME, Sept. 27 (Special)—Sideswiping on the highway seven miles out of Hazelton Sunday evening because both machines were too near the center line, an estimated \$25 damage was done to two automobiles being operated by Kevin Sharp, Kelburn, and Simon F. McKinney, Burley.

Neither of the drivers was injured, according to Deputy Sheriff R. H. Seely who investigated the accident.

Left front fender of the Kinney car was damaged and the left side of the Sharp machine was jammed.

## FIREMEN'S MEET TO SEE CONTEST

JEROME, Sept. 27 (Special)—Jerome will be host city to the semi-annual district convention of the Southern Idaho Firemen's association, which estimated 150 firemen and their families gather in Jerome next Sunday, Oct. 1, for an all day convention.

Representatives from the towns in the district including Burley, Twin Falls, Rupert, Buhl, Piler, Wendell, Shoshone, Hallett, Jerome and Buhl are expected to be in attendance.

Presiding will be Fire Chief James Wendell, who is president of the association.

A contest has been arranged for firemen whereby a trophy will be awarded the participating team which completes the quickest hook-up to a fireplug. There will also be a display of chemicals and other equipment used to extinguish fires at the local fire hall. There is also being planned a demonstration for extinguishing a gas fire.

On the entertainment committee are Lloyd Smith, Ray Hamlett and L. G. Hawley. Arrangements committee includes Jay Thompson and Dick Freeman.

## SKID

SUN VALLEY, Sept. 27 (U.S.)—A flock of wild ducks attempted to land at high speed on the artificial ice skating pond in back of the Sun Valley lodge, skidded the full length of the ice, hit the lawn and flew off amid bewildered quacking. Attendees said today the ducks apparently mistook the ice for a pond of water.

## Wet Weather Is Coming Soon

—and bald-headed trees are even more hazardous on wet, slick roads.
