

GERMANY AND RUSSIA PARTITION POLAND; ASK PEACE TREATY WITH BRITAIN, FRANCE

Vote Neutrality Measure Onto Senate Floor

This is probably the most important meeting of the senate foreign relations committee since days of the World War. Across the conference table, senators are discussing details of the administration's new neutrality bill, presented to the group by Sen. Key Pittman, Idaho, and which the group voted, only the senate floor by a count of 16 to 7.

President Convinced U.S. Can Keep Out of Present European Conflict

NO VERIFICATION OF 'SUB' REPORT

WASHINGTON, Sept. 29 (UP)—President Roosevelt today reiterated his conviction that the United States will be able to stay out of the war in Europe.

Speaking at a press conference, Mr. Roosevelt said he predicated his answers to all questions on one paramount fact—that the United States is not in the war and that he does not think we are going to enter the European conflict.

The president said the American neutrality policy and other sources have heard reports of submarines operating in waters off our coast. These reports have not been verified, he said.

Discussing mobilization plans of the army and navy and auxiliary plans for mobilization of American industrial resources drafted by the war resources board, he said the war department has been drafting mobilization plans and revising them annually since 1921.

No Public Interest

He said the last plan he has seen was the 1928 draft. He was asked whether the latest plan would be made public. The president replied in measured phrases that we are not in the war and that he does not think we are going into the war and therefore he does not think the matter is one of public interest.

He repeated his conviction of the safety of American neutrality when asked whether the war resources board might be recalled for service in event of an emergency.

He was asked about the possibility that the administration has plans to control prices in the event of war. A reporter said if the public knows these plans it might become so frightened that the knowledge would prove an effective war preventive.

There is nothing frightening about any such plans, Mr. Roosevelt replied, saying that all this talk about such plans is based on the thought of the "one man" plan.

Of course, Mr. Roosevelt said, it is obvious the government wants to keep prices and the cost of living from going through the roof under any circumstances and some plans have been made to that end.

He said the war resources board has been working intensively on industrial problems which would develop in war time. He said its studies included the necessity for industrial expansion under war conditions, administrative problems involved in such expansion, location of industries, the relation of transportation to industrial expansion, the relation of additional power facilities and agricultural prices and production to such expansion.

NAZIS MAP PLANS FOR BIG SEA, AIR CAMPAIGN

BERLIN, Sept. 29 (UP)—Germany is planning a gigantic sea and air campaign against Great Britain and France if they reject the German-Russian demand for immediate peace on Hitler's terms, well informed Nazi sources said today.

This campaign was visualized by informants as follows:

Armed Holdup Man Named by Officers

Twin Falls law enforcement agencies announced this afternoon that the man wanted in connection with theft of two automobiles and the armed robbery of two service stations in this section just night during a two and one-half hour "crime wave" is J. W.

Hunted

JAY LYNCH

Buhl man for whom a widespread search was underway today as the asserted "one man crime wave" who is alleged to have held up two service stations last night and stolen two motor vehicles. This photo, taken by sheriff's officers in 1934 when Lynch was arrested on a previous charge, was "turned up" by an Evening Times article in which the glances the man is claimed to be wearing now.

JAPANESE MOVE UP

TOKYO, Sept. 29 (UP)—Japanese troops attacking Changsha, important city on the Hunan-Hankow railroad, moved rapidly southwest of Pingliang on the Xi river, a key point in Changsha defense, the Doung news agency reported today.

INDICTMENT HITS TWO ATTORNEYS

CHICAGO, Sept. 29 (UP)—Two former assistant U. S. attorneys, a lawyer, a professional bondman and a convicted dealer in illicit alcohol were indicted by a federal grand jury on charges they conspired to defeat liquor law prosecutions.

Oddities

(By United Press)

MOBILIZED

PARIS—Jin Tin Tin, France's best known canine movie star named for his Hollywood predecessor, gave a go to the Maitland line. Jin Tin Tin's owner, who trains and shows the dog, was mobilized, and then an order for service alongside his master.

LOVE

NEW YORK—Oscar Lorence accused of trying to "steal" his wife, Clara Frederic, testified in felony court that he "only wanted her to marry me for my money."

POKE

PARIS—If the French general staff would adopt a magazine received today, the law was communicated would be written in French. Jean Cordeau, poet and dramatist, wrote the staff offering to volunteer for the duration of the war an "official communique poem."

WIND

PORTLAND, Ore.—Wind or no wind, it's against the law to advertise in sky-writing in Oregon. A death brewery tried a plot to advertise its product in Vancouver, Wash., just across the river from Portland. The wind happened to blow toward Oregon and the writing appeared in Portland. The Oregon liquor control commission ruled the brewery had violated the law, but let it off with a warning to watch the wind.

FRANCE REVEALS GERMAN-RUSSIAN FIGHT ALLIANCE

PARIS, Sept. 29 (UP)—French officials tonight announced possession of documents purporting to confirm the existence of a Nazi-Soviet military alliance and warned the nation that it would be a "mortal" mistake to accept Germany's peace overtures.

A communique from the senate foreign relations committee said that "sensational documents confirming a military, diplomatic and economic alliance between Germany and Russia" had been submitted by its chairman, Sen. Henry Berenger.

Shortly afterward, the official government spokesman, Jean Olfraudoux, head of the information bureau, broadcast a warning that: "After the signature of the German-Soviet treaty we will be offered peace on conditions that we renounce our treaties, our customs and everything that is French and give the aggressor time to digest his prey."

Acceptance would be tantamount to complicity and would be a mortal weakness.

FRENCHMEN REST AFTER NEW GAIN

REIMS, Luxembourg, Sept. 29 (UP)—The French dug in today at the edge of the Ror forest, across the Luxembourg frontier in Germany, to consolidate gains made in yesterday's fighting before continuing an apparent drive to break through the German side of the Moselle valley front.

Using tanks and light and mobile machine gun units the French gained a 400-yard height to reach the forest and dominate the villages of Perl, Oberweiler, Seindorf, Pellingen and Bess, all of which have been evacuated and transformed into a no-man's land.

The full today, following the heavy artillery duel, the most intense of the war in the Per sector, made it possible to hear the rumble of heavy guns some 35 miles away in the Saarbrücken area, where the fighting appeared bitter.

BUSINESS NEARS PEAKS OF 1937

NEW YORK, Sept. 29 (UP)—Domestic trade activity continued to expand this week. Dun and Bradstreet Inc. said today, reporting that wholesale centers now are equaling or bettering their 1937 records and that retail volume is rapidly approaching the high level of that peak year.

The trade authority declared that the current industrial expansion is exerting a powerful influence on the trade centers, although the buying movement has become more orderly than in recent weeks and in some instances, shows signs of leveling off.

Hitler Goes To Berlin to Await Reply

BERLIN, Sept. 29 (UP)—Fuehrer Adolf Hitler returned to Berlin today from Wilhelmshaven, where he met crews of submarines returning from raids against allied shipping.

It was said Hitler would remain in Berlin to await French and British replies to the offer of peace on the basis of Poland's liquidation.

Hitler will confer tonight with his foreign minister, Joachim von Ribbentrop, who is en route from Moscow where he negotiated a new Soviet-German treaty.

LATE FLASHES

BUCHAREST, Sept. 29 (UP)—Rumanian and German continued today late negotiations which have lasted for two weeks and which resulted in a new trade agreement.

The renewed agreement provides for slight increase in goods exchanged. It was announced officially, permitting Germany to continue to take about one-third of Rumanian's exportable oil surplus.

Germany will furnish Rumania with arms and airplanes, including 32 fighter bombers.

LONDON, Sept. 29 (UP)—An Exchange Telegraph dispatch from Warsaw today said the Warsaw defense command informed all Polish representatives throughout the civilized world that after exhausting all means of continuing the struggle in defense of the capital, it has been compelled to agree to an armistice, owing to the disastrous conditions to which the civilian population has been reduced.

Plan Campaign if Allies Refuse to Halt Present War

By NORMAN B. DEUEL

JOSEF STALIN

NEUTRALITY BILL SEEN ALLIES' AID

WASHINGTON, Sept. 29 (UP)—Chairman Key Pittman, D., Nev., of the senate foreign relations committee declared today that the revised draft of the administration neutrality program would modify the existing ban and permit extension of credit to nations in default on their war debts to the United States.

The proposed legislation, as finally approved by the committee, would entitle Great Britain and France—both war debt defaulters—to 90-day credits for the purchase of materials from American manufacturers.

It is his opinion that this provision would act as a modification of the Johnson act (under which nations are barred to defaulting nations are barred to permit 90-day credits to debtor nations," Pittman said.

He explained that Germany, which owes no war debt to this country, was not affected by the Johnson act and therefore occupied a favorable position over Great Britain and France. To equalize that situation, he said, the committee opened the door for the allies to obtain 90-day credits.

BRITISH PLANES ATTACK WARSHIPS

LONDON, Sept. 29 (UP)—British royal air force planes attacked German warships off Heligoland, the ministry of information announced today and "some of the planes have not returned" to their bases.

The ministry said the planes were met with "formidable" anti-aircraft fire but they pressed home their attack "at a low altitude." The ministry did not state whether any German ships were hit or damaged.

RED LEADER SAYS SOVIET JUSTIFIED

WASHINGTON, Sept. 29 (UP)—John Zolotarev, chairman of the Communist party of the United States, told the Dies committee today that Soviet Russia was justified "100 per cent" in occupying Poland because "it means re-establishment of a free government—something there's never been in Poland before," Zolotarev said.

He denied that the recent Soviet-German treaty meant a "united front" between Communism and Fascism but he did not elaborate on the statement.

"We had no advance information concerning the agreement here," he added.

The Soviet-Japanese pact, he said, merely is a "truce" which is included was well received by China and other people.

Zolotarev made these observations in recent week visits to Congress in connection with his testimony before the Dies committee on the alleged Russian plot to overthrow the Polish government and install the Communist regime.

MOSCOW, Sept. 29 (UP)—Communist Russia and Nazi Germany concluded agreements today to partition Poland permanently, to attempt to end the war now and to consult on "necessary measures" if the attempt fails.

The implicit threat was held plainly over Great Britain and France that if they refused to recognize the annihilation of the Polish state and stop the war, Russia would throw her 160,000,000 citizens into the war in alliance with Germany's 80,000,000.

Premier-Foreign Commissar Viacheslav Molotov and German Foreign Minister Joachim von Ribbentrop reached the agreements in an all night conference which started shortly after midnight, upon Ribbentrop's return to the Kremlin from a presentation of the ballet, "Swan Lake," at the Moscow opera house.

Shortly after the meeting started, Russia announced the conclusion of "mutual assistance" with Estonia, under which Russia gets the use of the Estonian islands, Dagoo and Oesel, at the entrance to the Gulf of Finland, and the Estonian port of Paldiski, in the mouth of the gulf, as naval and air bases.

The results of the Russian-German agreement were:

1—The signature by Molotov and Ribbentrop of a treaty of amity in which the frontiers of Poland and Germany what a month ago was Poland—were fixed.

2—A joint declaration by Molotov and Ribbentrop, announcing that peace would be sought, with the aid of friendly nations, on the basis of the present status, and that Britain and France refused, and thereby "assumed responsibility," Russia and Germany would consult on measures to be taken then.

3—An exchange of letters between Molotov and Ribbentrop on economic questions providing that Russia would supply Germany raw materials in exchange for industrial products.

On its very face, the agreement was one of the most important in modern times between two nations or even a group of nations.

The agreement between the two great military powers in the world, their frontiers newly joined, their philosophies on paper as wide as the earth, set up to Great Britain and France, this proposition: Peace as we wait it—or else.

Starts with Lithuania

The Russian and German negotiators agreed on the new Russo-German frontier through what had been Poland as follows:

The frontier begins at the southern point of Lithuania and runs in a general westerly direction toward a point north of Augustow, up to the frontier of East Prussia and follows the East Prussian frontier to the river Pila.

From that point it follows the river Pila to Ostrowiec. Then it runs in a southerly direction until it meets the river Bug at Kur. Then it continues along the Bug to Krynopol and then turns west and runs north of Rawa Ruska and Lubartow to the river San, whence it follows the San to its source.

Estonian Agreement

(The final Polish partition gave Germany a far greater share than it had been estimated she would get.)

The agreement which Russia had presented to little Rumania was overshadowed by that between the two great powers. But the Russian-Estonian treaty was part of the picture, as was the arrival here yesterday of Col. Boris Shapoval, chief of the Russian staff mission, to negotiate for a Moscow-Russia alliance. It was reported that Rumanian Prime Minister George Ristea would follow him this morning.

It meant that Russia, which had retired within its own borders, had been blacked out by the German and with Russia on its flank, the new Russian war machine was now reentered.

Ex-Screen Star

WASHINGTON, Sept. 29 (UP)—The Soviet-Japanese pact, he said, merely is a "truce" which is included was well received by China and other people.

Zolotarev made these observations in recent week visits to Congress in connection with his testimony before the Dies committee on the alleged Russian plot to overthrow the Polish government and install the Communist regime.

TRAVEL LOOMS IN DEMO RANKS ON NEUTRALITY MEASURE

CASH-AND-CARRY PROVISIO CAUSES REBELLION TALK

By RONALD G. VAN TINE
WASHINGTON, Sept. 22.—Signs of defection appeared in the committee ranks today as some opponents and proponents of the cash-and-carry neutrality bill prepared for a long, bitter campaign to keep America out of the war. Debate begins in the senate Monday noon with the administration position has enough votes to repeal the embargo on arms and munitions to belligerents—the main feature of the proposed bill. Isolationists were equally confident they would be able to persuade enough senators to change their minds and retain the embargo.

May Change Minds
Before the senate foreign relations committee reported the bill today, the administration position counted on 48 Democratic and 15 Republican votes. Former-Lewis and Clark support President Roosevelt's program.

But some of those senators who had indicated their willingness to vote for the bill, before the committee report, were now wavering. They were complaining now of other features of the bill. They may threaten the majority the administration had counted on.

No outright reversal of position were announced, but the following changes in opinion were revealed:

Sen. Robert A. Taft, R., O., expressed dissatisfaction with the provision for credit to lend money to belligerent countries. He said he did not know whether he would oppose the bill because of his objections.

Sen. Charles McNary, R., O., said he could not support the bill as it now stands and that before he would vote for it, he would have to see that it would not prohibit credit of all kinds. The bill would outlaw credit—except short-term credit—except credit to governments of belligerent states but would allow long-term credit to individuals and companies of belligerent states.

Sen. Edwin C. Johnson, D., Colo., said the committee had reported an "outrageous bill."

"For years we have been fighting to preserve the rights of our citizens," he said, "and now we propose to make felons of them when they try to exercise those rights."

"Very drastic!"

He referred to the penalties for Americans traveling on belligerent boats—two years imprisonment, \$10,000 fine, or both. Adams said he was not sure how he would vote.

Taft, Johnson and Adams had been counted in administration and United Press polls as supporting the President's position.

Sen. Walter F. George, D., Ga., who voted favorably for the bill in committee, said that he would be a "very drastic one."

Today's statements were but preliminaries to the big battle that starts on Monday when the bill will be taken up in the senate.

The majority of the foreign relations committee will be a written report outlining its arguments; the minority will do likewise.

WIRE MAN HEARS ELECTRIC EXPERT

Harold Green, member of the independent light department of the General Electric company at Napa park, near Cleveland, last night was called to the Twin Falls area for a series of meetings was staged by the Adequate Wiring association of Twin Falls.

The initial session this season was held in the Idaho Power company auditorium with more than 50 dealers and contractors in attendance. Presiding and introducing the principal speaker was Al O'Brien, division sales manager of the Idaho Power company.

During his talk Mr. Green presented a display of new, inexpensive lighting equipment for modern homes. He also showed equipment which could be used to "revamp" equipment already in a home in order to bring it up to date.

Woodmen Elect

Two Managers
Oerald F. Dauven has been elected manager for the 18 months term and Clifford McCoy, for the 12 months term, succeeding N. O. Kempton and Alvin Parrott, the retiring past president at last evening at a business meeting of the Woodmen of the World.

Approximately 40 members of the Supreme Forest Woodmen circle were present as guests of the retiring manager, Spencer N. Robinson, council commander, presided.

A roller skating party and social was planned for Oct. 12 at the home of Mr. Robinson, 514 Third avenue east. The group will assemble at 8 p. m. for the social at the Robinson home and go skating at 10 p. m.

WIN BARGAINING RIGHTS
DETROIT, Sept. 22.—The United Automobile Workers' union (UAW) today held sole collective bargaining rights in 11 of 13 Chrysler Corporation plants. The UAW won the national labor relations board election at one plant while the other rejected both unions.

There are 17,000 workers in each of the plants owned by the St. Paul-based Chrysler Corp.

News in Brief

Fastest Visit
Rev. A. A. Moore, Tacoma, Wash., pastor of a local Christian church 13 years ago, is the house guest of Mr. and Mrs. C. P. Bowles.

Guest to Pocatello
C. J. Martin has gone to Pocatello, where he is employed as a machinist helper. Mrs. Martin and little son will join him shortly.

Friends Visit
Mr. and Mrs. E. B. Klumpe and son, Lyle, Salem, Ore., visited one day this week with Mr. and Mrs. O. T. Fark and Mr. and Mrs. R. G. Davies.

Relative's Visit
Mr. and Mrs. J. H. Maydew, Farmington, Neb., are here for a visit with Mr. and Mrs. L. L. Walker. Mrs. Maydew and Mrs. Walker are sisters.

Former Resident
Miss Nancy Yochum, a delegate to the Y. W. C. A. convention in San Francisco recently, has returned to her home in Philadelphia, Penn., after visiting her mother, Mrs. Jessie Yochum.

Return to Nebraska
Dr. and Mrs. B. J. Darling, who have been guests of Mr. and Mrs. Lou Heller, and who have also visited several other former Iowa friends while here, left today for their home in Hooper, Neb., going by the way of Denver.

Garage Entered
Mrs. G. Tetz, 246 Alexander street, last night reported to police that a private garage at that address had been entered and that an ax, two sacks of coal, some wood, three wrenches, a hammer and a white sweater were missing.

Oregon Sheriff Coming
Sheriff I. B. Haselinge of Grant county, Ore., will come to Twin Falls Saturday to return Noble O. Johnson, Kimbrey, to John Day, Ore., to face charges of saddle theft. The Oregon officer informed Sheriff Art C. Parker today by telegram. Johnson was arrested yesterday by state police and sheriff's deputies.

At the Hospital
L. E. Nichols, Mrs. Luther Salladay, W. M. Newton, Twin Falls; Mrs. Ardis Herick, Miss Gladys Pootley and Miss Brown, Kimbrey, have been admitted to the Twin Falls county general hospital. Patients discharged yesterday: Mrs. Evans, Horton Haight, Twin Falls; Mrs. Herbert Pusey, Glenn Ferry.

Face Judge
Two local youths, charged with operating bicycles after dark without proper lights and "double" license, this afternoon were to appear before Municipal Judge J. O. Pomeroy. The two youths, Kimbrey, had last night and their bicycles taken from them. To date, police records show, if youths have appeared in court on similar charges.

Home from Coast
Mrs. T. C. Johnson returned this week from California where she accompanied her daughter, Miss Margaret Bacon, a freshman at Pomona college, Claremont, Cal. Kimbrey, the trip was made by R. C. Rich, Burley, who accompanied her son, Edward Rich, to Claremont, where he is a sophomore at Pomona college. Mrs. Bacon visited another daughter, Mrs. Richard Howson, in Huntington Park, Calif., and Bob Bacon, Long Beach, while in California.

Graveside Services
Honor C. F. Smith
Final rites for Charles Franklin Smith, resident of the Twin Falls county farm for some time, who died yesterday at the Twin Falls county general hospital, were held this afternoon at the Twin Falls cemetery, in charge of the Twin Falls mortuary.

DeWall Services
Graveside rites for Baby DeWall, infant daughter of Mr. and Mrs. Leonard DeWall, who died shortly after birth at a local maternity home yesterday, were conducted this afternoon at the Twin Falls cemetery. Interment being in charge of the Drake and Reynolds funeral home.

Andrews Infant Dies
Dale Clyde Andrews, 14-month-old son of Mr. and Mrs. Glen Andrews, Route 1, Twin Falls, died at 10 a. m. today at the Twin Falls county general hospital.

The body rests at the Twin Falls mortuary pending funeral arrangements.

BUHL MAN CALLED HOLD-UP SUSPECT

(From Page One)
one, Twin Falls. The car carried Idaho license number 6B-1003, with the last number on the rear plate being covered.

Using this car he circled back to Pocatello where he held up the attendant at the Rosty service station, securing about \$20 in cash. He used the \$20 to hold off the station operator, police said.

When last seen of the authorities, Buhl was still operating the car stolen in Twin Falls—former convict.

Records at the police station and also at the sheriff's office show Lynch is a former convict, out of the Washington state prison at Walla Walla. He has been arrested several times, records show, on various charges during the past few years.

The attendant at the Rosty service station told police that the man who robbed that place was drunk. He had evidently consumed the brandy he secured at the Twin Falls liquor store.

When captured, Lynch's one-man crime activities to date authorities said, will cause him to face two charges of car theft and two charges of armed robbery. All carry prison sentences on conviction.

ARMY ATTRACTS 2 LOCAL YOUTHS

Two local youths this afternoon were accepted for enlistment with the United States army and had been sent to Salt Lake City headquarters for final report. It was announced here by Sgt. Frank Morris, officer in charge of the recruiting station at the city hall.

The two were Lewis F. Collins, Jr., and Leslie E. Lincoln, 21.

Collins is a son of Mr. and Mrs. Lewis F. Collins of 10622 Second avenue west. He was accepted for duty with the 38th infantry at Ft. Douglas.

Lincoln is a son of Mr. and Mrs. Ivan A. Lincoln, 1338 Sixth avenue west. He was accepted for duty with the 38th infantry at Ft. Douglas.

Lincoln is a graduate of the local high school and has attended the University of Idaho at Moscow and the University of Idaho, southern branch, at Pocatello.

Lincoln was honorably discharged from the army on Jan. 21 of this year, records show, and re-enlisted today, being accepted for duty with the 7th infantry at Vancouver barracks, Wash.

BANKERS AGREE ON STABILIZATION

SEATTLE, Sept. 22.—Three thousand bankers, agreed that the country's monetary wealth should be used to stabilize any war boom tendencies, headed by the American Bankers' association assembly held after their opening session.

Settlement in favor of restraint on trade, industry, agriculture and securities was unanimous. The closing sessions of the American Bankers association convention.

Robert M. Hanes, Winston-Salem, N. C., was installed as president succeeding Philip A. Benson of Brooklyn.

Barber Pays Up ON STATE CLAIM

Negotiations to settle another state suit asking payment of delinquent contributions under the Idaho unemployment insurance law advanced a step forward today when \$20 was forwarded to Boise by Probate Judge C. A. Bailey on behalf of Eric Staden, operator of Peta's barber shop.

The payment went to B. B. Belknap, field supervisor of the Idaho unemployment accident board. The board had sued for \$147.70, for 71 cents interest and for \$248 penalty, claiming Staden had not made the contributions due under Idaho law.

DAVIS ADDRESSES Lincoln P-T. A.

Lincoln Parent-Teacher association, meeting last evening at the school for the first time following the summer vacation, heard an address by Supl. Homer M. Davis on "Home and School Cooperation."

Mrs. Lloyd Gilmore presided, and Gladys Pratt led the community singing. Officers, room mothers and teachers were introduced.

The state P. T. A. president's message was read by Mrs. George Warberg. Mrs. Ronald Graves and daughter, Miss Patricia Graves, sang "Home of the Pines" and "Rose of My Heart."

Garth Reed directed the social hour. Mrs. Robert MacCracken, Mrs. W. W. Boren and Mrs. H. E. Desig served refreshments.

There are more than a million settlers in the United States.

DR. MORRIS FISHER
America's medical spokesman and conductor of "The Family Doctor" in the Evening Times, opens the Town Hall program at 8 p. m. today at the D. B. church. He will be entertained at a dinner by the South Side Medical society.

COMMISSIONERS HEAR SPEAKERS

BOISE, Sept. 22.—Idaho county commissioners today heard addresses on state problems by prominent state officials as their annual convention went through its second day.

Emory Atty., commissioner of public welfare; Calvin Wright, state auditor; State Auditor Wright; John Condie, superintendent of education; Paul Kohout, state supervisor of noxious weed control, were the principal speakers.

Earlier, the convention heard Atty.-Gen. J. W. Taylor say that would advise State Auditor Wright to disburse to counties within 30 days all the \$1,000,000 state gasoline tax money diverted to them by the 1939 legislature.

Requiem Mass for Fred W. Beckwith

Funeral services for Fred W. Beckwith, for many years a resident of Twin Falls, and until 16 months ago an employee of the Twin Falls Canal company, when he resigned because of ill health, were held this morning at St. Edward's Catholic church. Father James J. Cahill recited the requiem mass.

C. L. Smith, Charles Larsen, John Nye, W. Frank Kieffer, at 3 p. m. and Lyons Smith were pallbearers.

Interment was in Twin Falls cemetery, under the direction of the Twin Falls mortuary.

Outstretched Hand Topic of Evangelist

KIMBERLY, Sept. 22 (Special).—Rev. J. D. Havener, evangelist of Union, Mo., who is conducting the Nazarene revival here, preached last night on "The Outstretched Hand," and the night before on "Judgment."

Children's meetings are held daily at 4 p. m. by the Feldman sisters of Meade, Kan., who also have charge of the music. Rev. Olive Williams, pastor, invites the public to attend the services nightly at 7:45 p. m., including Saturday.

RED WIND, Minn.—Paul Revue

was arrested today for speeding. He was fined \$5 and costs for driving 48 miles an hour.

NINE TO TESTIFY IN BURGLAR SUIT

Issuance of subpoenas for seven witnesses, witnesses and three for the defense indicated today that a legal battle will flare in Justice H. N. Hottel's court at 10 a. m. Saturday when a Texas and a Louisiana case preliminary hearing on first degree burglary charges.

The defendants are Thomas J. Payne, 28, Trinity, Tex., and Jeff Harris, 30-year-old Negro from Borodine, La. They are accused of burglary at a Hansen residence the night of Sept. 22. Captured by Bud Palmer and Los Kelley, Hansen, and turned over to officers Payne and Harris face the burglary count because one of them is alleged to have taken \$20 from a purse at the Hansen house.

The defendants told officers they thought the residence was a hotel, but Justice Hottel said he heard to this when the men were arrested Monday. He held each under \$10,000 bond for the hearing.

State witnesses who will receive subpoenas are Mr. and Mrs. Robert Howell, Bud Palmer, Los Kelley, Omeria Leichter, Marjorie Williams and Ed Glivena, Kimberly, on stable. Defense counsel secured subpoenas for P. C. Kopp, August Nelson and Comable Glivena. E. Larson represents the defense.

BUILDING FIGURE ATTAINS \$51,685

Building operations in Twin Falls during the present month totaled \$51,685, it was announced this afternoon by W. R. Edridge, city clerk, who this afternoon compiled figures for September.

The report, as prepared by Edridge, shows that new residential buildings in Twin Falls during September came to a total value of \$48,900. In addition to this amount construction costs of new non-residential buildings came to \$200 and for additions, alterations and repairs, \$6,685.

In September of 1938, past records show, building operations here totaled \$57,250 while in 1937 the total for the same month came to only \$19,000.

September's total this year brings to \$370,675 the amount expended for building here this year to date. September was the third largest month from the standpoint of money expended, of this year. It was exceeded only by February with a total of \$57,675 and June with a total of \$65,185.

FATHER OF SEVEN GETS 5-15 YEARS

A father of seven children was sentenced here today to five to 15 years in the Idaho state prison. The sentence was decreed by Judge J. W. Porter against James Hock, 36, who dropped a former bus guilty plea yesterday to answer charges of rape.

Hock will be taken to the penitentiary at noon today. C. Meredith sends a guard to Twin Falls. The prisoner was accused by the state of attacking a 16-year-old girl in Twin Falls Aug. 11 as she slept on a cot in front of her family's cabin.

Hock was formerly a milk truck driver.

CHIEF EXPLAINS JAYWALKING LAW

Jaywalking in Twin Falls and in any town in the United States of any size, has always been prohibited. It was pointed out here this afternoon by Chief of Police Howard Gillette as the new traffic ordinance was introduced here.

The new ordinance, Gillette said, does nothing more to change this fact than to place the responsibility on the pedestrian for cutting through automobile traffic at a point between intersections.

"However, that part of the ordinance regulating pedestrians at the intersections governed by the automatic traffic lights must be strictly observed," Gillette said. "These measures have been adopted to safeguard the public."

"It is not the wish of the members of the police department to make arrests in connection with this ordinance, but the department insists that pedestrians observe the law, especially in the congested, downtown business section."

Model illustrated—1940 Packard One-Ten Touring Sedan \$9750 (excludes tax and license)

Buyers swing to PACKARD by thousands as 1940 models delight America!

MAYBE YOU'VE SUSPECTED that something like this was happening.

Maybe, in fact, you've helped spread the word about the new 1940 Packard.

But not even the most ardent Packard fan would have dared to predict how far this swing to Packard would go. Deliveries during the thirty days ending September 20th were 159% ahead of the similar period last year.

It means that car buyers have discovered that, this year, Packard has a car that is incredibly good. And that this pulsing-quick-quick Packard can now be bought for little more than the lowest and cheapest car in the 1940 price range.

Seen Today

Businessman jaywalking in middle of downtown block, suddenly remembering that it is the day the new ordinance takes effect, that surging back to side from which he started. A house kind of new motor car parked with only three motor cars parked at a Hansen residence the night of Sept. 22. Captured by Bud Palmer and Los Kelley, Hansen, and turned over to officers Payne and Harris face the burglary count because one of them is alleged to have taken \$20 from a purse at the Hansen house.

The defendants told officers they thought the residence was a hotel, but Justice Hottel said he heard to this when the men were arrested Monday. He held each under \$10,000 bond for the hearing.

State witnesses who will receive subpoenas are Mr. and Mrs. Robert Howell, Bud Palmer, Los Kelley, Omeria Leichter, Marjorie Williams and Ed Glivena, Kimberly, on stable. Defense counsel secured subpoenas for P. C. Kopp, August Nelson and Comable Glivena. E. Larson represents the defense.

FRENCH PLAN TO CONTINUE BATTLE AGAINST GERMAN

LEADERS READY TO PUT END TO HITLER, NAZISM

By RALPH HEINZEN
PARIS, Sept. 25 (U.P.)—A semi-official statement issued today that France would reject any German-Russian peace proposal on the basis of the present status in the European war.

Premier Edouard Daladier, Gen. Maurice Gustave Gamelin, defense chief, and Foreign Under-Secretary Auguste Champetier de Ribes studied the text of the Russo-German agreement as soon as it was received here, and then got into touch with the British government.

Official quarters insisted the allies would accept any peace offer which did not re-establish Poland as sovereign state.

The following semi-official statement was issued:
"Well informed circles in Paris, commencing on the German-Soviet note, emphasize that Germany, after violently protesting that the Versailles treaty violated the rights of peoples, considers that the destruction of the Polish nation can be a solid base for a durable peace."

"How can anyone argue that the destruction of Poland would wipe out all cause for conflict in eastern Europe? What future lies ahead for the world?"

"Well informed circles in Paris point out that the dismemberment of Poland is only one of the problems involved in the present conflict. This conflict has its fundamental cause in Germany's efforts to dominate Europe."

Fight for Civilization
"France and Great Britain entered the war to prevent realization of the German hegemony and to fight for the security of all civilized nations which will be menaced sooner or later by the German determination to dominate."

"France's policies are not dictated by the solidarity of the regime or consideration for domestic policies. France aims only at defending her vital interests and the security and independence of all nations, in which the civilization of Europe is founded."

Rifle Shots Compete at Sun Valley

SUN VALLEY, Ida.—Two trophy cups, one for large caliber, rifle shooting and one for large caliber six-shooter marksmanship, will be awarded at the shooting matches to be held by the Sun Valley Pistol club Sunday, Oct. 1, it was announced today by Taylor Williams, who will be in charge of competitions.

The trophy cups will be in addition to entry fee pools regularly offered in Sun Valley matches.

The rifle contest will be limited to standard big game arms, said Williams, with all special match rifles barred. Targets will be official 100-yard size and each contestant will fire two rounds of five shots each from standing position, offhand, using only front sights. It will be entirely self-fire.

The purpose of this match is to give hunters an opportunity to sight in and test their rifles before regular deer and big game seasons open. Williams pointed out, "There will be plenty of opportunity for trial shooting on our official 100-yard range before the contest, which will start promptly at 2 p. m."

Age-of-Spanish Target
The six-gun match, shot at accuracy targets, with three shots fired offhand and three shots from the hip, will be limited to six-shot revolvers larger than 22 caliber. The trophy cup, identical with the one for the rifle event, will be offered first place competitor in addition to regular pool prizes.

The shooting range will be open Sunday morning for the free use of all competitors for practice. Ernest Hemingway, noted American author and outdoorsman now living at Sun Valley, has signified intentions of competing in the rifle match.

Twins Aunt, Uncle
PITTSFIELD, Mass. (U.P.)—Twins born to Mr. and Mrs. Anthony Sacchetti automatically became an aunt and uncle at birth. Their niece is 6-month-old Sheila Sacchetti.

They Came Out of the Storm

A bureau drawer in the chief engineer's stateroom was the trans-Atlantic berth for nine-month-old J. Marshall Gaffney, Jr., above. June Clyde. "Big names" babies and just ordinary citizens shared the jam-packed quarters of the United States liner Washington and the American shipper as they brought refugees from Europe's war into New York harbor. Above are some of the notable refugees. Famed concert violinist Fritz Kreisler arrived with his wife, as did movie actor Robert Montgomery aboard the Washington. Gay and smiling despite the rigors of the voyage was actor June Clyde who has been in England for a year. Baby J. Marshall Gaffney, Jr., pictured in his improvised berth, is the son of the Liverpool manager of the United States lines and crossed on the American Shipper.

HUCKSTER SINGS OPERA PARODIES

PITTSBURGH (U.P.)—Housewives in Pittsburgh's Hill district are coming to the conclusion that Simon Friedman is no ordinary huckster. Unlike the usual unimaginative vendor, Friedman does not solicit business with a curn. "Any vegetables today, lady?"

Instead, Friedman stands amid the vegetables in his cart, throws out his chest, and with the gestures of a Metropolitan opera star, sings in a fine tenor voice with remarkable carrying power:

"Beautiful little pickles. Very good pickles. Onions that are like diamonds; On, wives, I have good tomatoes. Large beautiful good tomatoes."

"That gleam like giant rubies; And green peppers. The largest in the city."

Sometimes Friedman sings his aria, to the tune of "Mare" his favorite—but his versatility often turns to other operatic tunes, which he alters as he goes along to fit his message.

On the job for 25 years, since he came here from Warsaw, Poland, Friedman has an aesthetic appreciation for his wares.

"Why, there behind me on my wagon," he declared, "are vegetables—all like jewels. All fresh and beautiful. And so I sing—sing of all my jewels."

Although he is past the 60 mark, Friedman's voice is as clear and as powerful as it ever was. He insists that his customers can hear him coming "three blocks away."

And he adds proudly, "I have a different voice for every vegetable."

Green and Gold License Plates For Idaho in '40

BOISE, Sept. 25 (U.P.)—Idaho motorists will have 1940 license plates with green letters on a gold background embossed with the words, "Fifty years of statehood to commemorate the half-century mark in state history. Gov. C. A. Boforsen decided today."

G-MEN ON GUARD FOR LEGISLATORS

WASHINGTON, Sept. 25 (U.P.)—The justice department, ready to crack down on agents of foreign countries, sent six G-men to the capital today to guard legislators against possible incidents resulting from the debate on nullification.

No reason was given for the action but Senate Sergeant-at-Arms Chesley W. Jurney said "we don't want to take any chances."

His statement was believed to indicate the G-men were a precaution against any untoward incidents during the forthcoming debate. Attorney General Frank Murphy said "capital officers" had requested the G-men and they had not been supplied "for any light reason."

Protect Laundry
WILLIAMSTOWN, N. J. (U.P.)—Twenty-five women whose homes are along a stretch of unpaved road protested to the township committee that the dust soiled their wash and homes. The committee promised that the borough fire truck would sprinkle the street daily with water.

Hotel to Rise on Canton Isle

SAN FRANCISCO (U.P.)—The chain of hotels that is gradually coming into existence on out-of-the-way spots in the Pacific—thanks to the Clipper ships—will soon be augmented by a new one on Canton Island.

The S.S. Thor I has sailed for that little atoll in the South Pacific on which Pan-American Airways is building a base for the California-New Zealand air transport service.

The ship carried everything necessary for the erection and furnishing of a small, modern hotel, from fabric to pre-fabricated building materials.

The hotel will follow the same lines as those adopted for the construction of similar ones at Guam, Wake and Midway islands on the California-China Clipper route.

Building materials for the Canton Island hotel included 80,000 board feet of redwood; three freight carloads of asbestos-concrete composition sheets for roof and walls; 5,000 bags of cement; a bloxer ventilation and air-conditioning system; 87 windows already assembled; 24 doors ready to hang; and similar construction items.

In addition, the Thor I had aboard complete furnishings for the hotel, two billiard tables, athletic equipment, a sound motion picture projector, a 16-tube radio receiving set, cribs and high chairs for children, clothing, drugs, sundries and 10 tons of frozen meat and poultry packed in dry ice.

As the California Clippers to New Zealand, where connection is made for Australia, will be able to carry 42 passengers, the hotel at Canton Island will be larger than those built on the other mid-Pacific stations.

Builds Arms Caves
CAIRO, Egypt (U.P.)—A railway line which will be used exclusively to carry munitions from Cairo to caves, four miles away is being built by the Egyptian government. The caves, many of which are air-conditioned and supplied with electricity, can withstand the most powerful bombs.

ENGLAND WILL REJECT GERMAN-RUSSIAN PEACE PL

AMERICA, ITALY WOULD BE ASKED TO ATTEND MEET

By Wick Miller
LONDON, Sept. 20 (U.P.)—Great Britain will reject the Russo-German demand for an immediate peace despite an implied threat in the new Nazi-Communist agreement that unless the Allies call off the war on Germany's terms, Russia may join in against them, it was indicated today.

It was understood the British cabinet had met and discussed the Russian-German agreement.

Reliable sources said Prime Minister Neville Chamberlain would make a statement in the house of commons Monday on the Russian-German agreement.

Two London newspapers reported Russia and Germany would call a peace conference to which a great number of powers, including Italy or the United States—would be invited.

Early but apparently reliable indications were that Great Britain not only would reject the peace offer on behalf of Poland's annihilation but would reaffirm its determination to prosecute the war until its primary aims had been achieved: the smashing of Hitler and the re-constitution of the Polish state.

A peace offensive by Adolf Hitler, as soon as Poland had been defeated, had been anticipated.

Indications seemed to be that the new thrust of Russia to join Germany would be ignored—or, worse, because British officials felt: "Wouldn't Trust Each Other."

That Russia was NOT wholeheartedly behind the implied threat, that even if Stalin sincerely desired, he would be unable to aid Germany effectively either militarily or economically enough to influence the course of the war greatly.

That neither Hitler nor Stalin trusted one another sufficiently to permit effective military cooperation.

That Hitler could not be too comfortable in seeing Russia standing at his back door looking into the Baltic through Katina.

TENANT FARMERS UP IN MISSOURI
COLUMBIA, Mo., U.P.—Although Missouri is regarded as one of the most prosperous agricultural states, almost 40 per cent of its farms are operated by tenant farmers, John F. Timmons, assistant U. S. agricultural economist, reports.

Timmons said that farm tenancy in the state had increased from 22.2 per cent to 38.8 per cent during the past 10 years.

Even in northwest Missouri, where the land is said to be "more fertile than the valley of the Nile" and where crop failure is almost unheard of, there are more tenant than owner farmers.

Celton County Forests Timmons reported that the highest percentage of farm tenancy was in New Madrid county, in the extreme southeast "honey hole" country, where more than 90 per cent of the farms are operated by renters.

Approximately one-half of the state's tenant farmers move at least once in two years, according to Timmons.

"Under these conditions it is exceedingly difficult to develop farming practices and systems designed to conserve the soil and to maintain or increase its productivity," Timmons said.

"Renting land, however, is a normal step by which many of our young farmers become farm operators and eventually land owners."

Foot Plans for Renting
There are four commonly accepted methods of renting land in the state, Timmons reports.

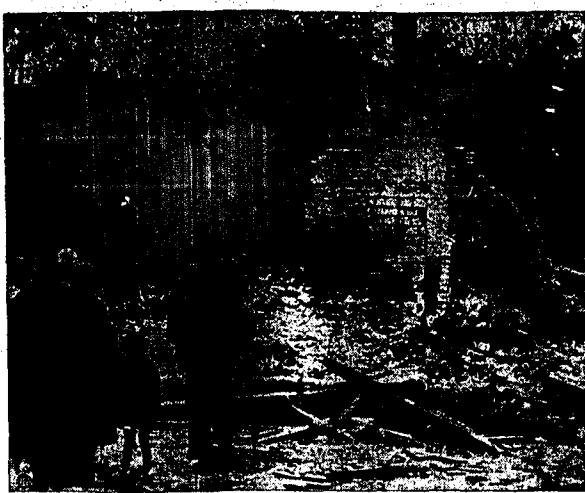

A farmer, either may operate on a cash rental and share crop basis, straight share crop plan, a combination cash plan or a combination crop and livestock sharing basis.

Timmons recommended a system of long term leases to the tenant and landlord to enter into long-time cropping and livestock systems which are more conducive to soil improvement, and at the same time, yield higher returns, he said.

Stork Falters
KNOX, Ore., U.P.—A stork headed this way failed to make the "deadline" for the local press. The papers announced that a son had been born to Mr. and Mrs. Burton Willis before going to press. The next day they explained that the son was born and that the second one didn't arrive in time to catch the previous day's edition.

At Plainville, Tex., two enquiring meteorologists found one-Bill miles apart, fit together perfectly, showing that they had fallen part way as one body.

After the Storm, Poles Return to War Debris

Polish and British soldiers who passed on this photo before it was flown to New York and the Evening Times, identified it as ruins of working class dwelling in Warsaw following German air raid on city. Picture, though, is another shot of Eric Calvert, NEA staff photographer, who was decorated by Polish government for his excellent spot photo of civilian suffering on the eastern front.

Church Reception Welcomes Pastor

WENDELL, Sept. 20 (Special).—A reception was held at the Methodist church Tuesday honoring the new minister, Rev. Dallas McNeil, and all local teachers.

Program consisted of an address of welcome to Rev. McNeil by Rev. R. M. Smith of the Presbyterian-Baptist church, and a vocal duet by Mrs. Edna Olsen and A. O. Ball.

Other addresses of welcome were given by R. D. Flegenbaum, chairman of the official board; Mrs. Fred Eaton, representing the Sunday school; Mrs. J. L. Oates, president of the Ladies Aid society; Mrs. E. F. Maurer, president of the missionary society; and Georgia Bell Wheeler, president of the Epworth League.

After these, a response was given by Rev. McNeil. Next was a welcome to the teachers by Mrs. Gova Holkins, a piano duet by Mrs. Lillian Barton and Mrs. Fred Eaton, followed by a response from R. T. Nyblund, superintendent of the local schools.

Vern Maurer gave a reading and the program closed with a number from the Ladies Aid society's "Kitchen band," after which the ladies served over 100 guests.

CLARK ATTACKS WPA OFFICIALS

BOISE, Sept. 20 (U.P.—Sen. D. Worth Clark, D. Ida., today informed the Idaho county commissioners convention a small group of works progress administration officials was attempting to "win and sabotage" the state's income weed eradication program.

Clark asserted, in a telegram read to the convention, that "a group of WPA officials in Boise" decided to wreck the program but failed because of intervention by President.

The same group again formulated policies to destroy the program by blocking up its trained personnel, he said. Clark asked the commissioners to take what action they thought necessary.

WENDELL
Mr. and Mrs. J. W. McDowell left Wednesday for McCammon, where they plan to spend the winter.

Mr. and Mrs. Wallace McDowell and Mr. and Mrs. Hale McDowell visited Mr. and Mrs. W. M. Bryan at the Fir Grove ranch, near Fairfield, Sunday.

Mr. and Mrs. D. B. Bradshaw and son left Tuesday for Seattle, where they plan to be for a week.

Mr. and Mrs. Alva Knowlton and children, Fairfield, spent the weekend at the home of her parents, Mr. and Mrs. H. B. Comstock and family.

The aircraft carrier, U. S. S. Langley, was the first electrically-driven ship in the American navy.

Members of the churches will meet at 10 a. m. at the Hansen church, and will go up Rock creek. A pot-luck dinner will be held.

being basket lunch and table service. Music under direction of Lawrence Turner, with Mrs. Harold Hultz at the organ.

Mrs. Gabhart Feted At Charming Courtesy

Mrs. J. P. Gabhart, member of the Women's class of the Christian church, who celebrated her 80th birthday Sept. 16, was honored by the class members at a charmingly arranged tea this afternoon at the home of Mrs. W. S. Parish, 396 Shoshone street east. The honoree has been a resident of Twin Falls for a number of years.

Members of the class and teachers of other classes in the Christian Sunday school called during the reception hours, from 2:30 to 5 o'clock, to extend felicitations to Mrs. Gabhart.

Mrs. Mark C. Cronenberger, instructor of the class, and Mrs. Marie Jacobs presided at the tea table the first hour, and Mrs. Luke V. Sonner, Buhl, and Mrs. John S. Kimmes, the second hour.

Assisting in the dining room were Mrs. John Cinar, Mrs. V. J. Davidson, and Mrs. M. B. Newby.

Members in a graceful arrangement, flanked by pink tapers, centered the lace-covered table which was appointed entirely in silver.

Tokens of esteem were presented to Mrs. Gabhart by a number of the guests who attended the tea. The class presented her with a polished pin.

Relief Society Of 2nd Ward To Have Luncheon

Opening session of the second ward Relief society will be held Saturday in the form of a luncheon at 1:30 o'clock.

The event will take place in the attractive garden at the country home of Mrs. George Ward, adjacent to the rural fire place.

All members desiring to attend are asked to meet at the new church building at 1 o'clock. Transportation to the Ward home will be provided.

METHODIST MISSION

Mrs. C. C. Dudley presided the year's program for the foreign society of the Methodist Missionary society yesterday afternoon at a meeting in the church parlors.

Mrs. J. R. Throckmorton led comments on a foreign mission.

Mrs. Frank Sanders presented the Home Missionary goals and the year's work with magazine comments was presented by Mrs. P. T. Kellogg.

Mrs. C. O. Johnson reviewed the first three chapters of the study book, "Homeless Harvest."

"The Investment of the Year," "The Heart of Home Missions" and "An Emerging Leadership."

Mrs. M. M. Moore, Mrs. Throckmorton, Mrs. R. A. Sutcliffe and Mrs. W. K. Baker were hostesses.

Mrs. J. R. Throckmorton, Mrs. W. K. Baker and Mrs. W. H. Hartig presided.

Following the business session, tea was served during a social hour from a table covered with a green lace cloth owned by Miss Helen Harlow, and cosmes centered the table.

Mrs. J. A. Morgan and Mrs. Frank Sanders presided at the table. The room was decorated with a profusion of fall blooms.

BUNDAY SCHOOL

CLASSTENTAINED

Mrs. Carl Cedarburg entertained her second grade class of girls of the Methodist church Sunday school who are guests into the third grade at a party recently, assisted by her little daughter, Alpha Leisenberg.

Guests were met at the church and taken to the Cedarburg country home where they spent some time exploring the premises.

Refreshments were served at a single table decorated with green and white and centered with a pink and green cake.

Guests included Shirley Rae Pettigrove, Hilda Hutton, Nora Jean Minkov, Ellen Remy, Shirley Olsson, Edith Kenan, Pauline Domagala, Edna Roman, Betty Beasley and her little guest, June Morrison.

JUNIOR GIRLS

FIVE NEWCOMERS

New girls in the Junior class of Twin Falls high school, were guests of cabinet members of the Junior unit at a pot-luck dinner and a period of informal games and conversation last evening at the home of Miss Lillian Leisenberg.

Special guests were Miss E. Dunagan, Junior unit sponsor; Miss Helen Lindeman and Miss Agnes Schubert, Junior class sponsors, and Mrs. Rose M. North, dean of girls.

Monitors were Miss Betty Berry of Salt Lake City, Utah; Miss Mary Marjorie Thayer, Wellington, Kan.; Miss Janet Klippenberg of Blount City, Ia.; Miss Barbara Butler of Buhl; Miss Billy Healey of Hazen; and Miss Barbara Harnett of Buhl.

Arrangements were in charge of Miss Lillian Leisenberg, Miss Adna Mae Bracken, Miss Margaret Vancut, Miss Mary Lou Ollis and Miss Verna Blum.

THEATRE, Friday — 8 P. M.

Wedded Fifty Years

Mr. and Mrs. S. I. Bush, 526 Second avenue east, residents of Twin Falls for 24 years, celebrated their golden wedding anniversary Sunday. Present at the "open house" and family dinner was the entire family of seven sons and daughters, Mrs. Ed McManis, Seattle; Mrs. Fred Toors, Wenatchee, Wash.; W. V. Bush, Blackfoot; Mrs. Alice Alkana, Kimberly; Mrs. W. E. Taylor, C. W. Bush and Mrs. Kathleen Cogwell, all of Twin Falls; A. grandsons, Byron Davis, and his daughter, Marilyn, Olympia, Wash., rounded out the group, making four generations present at the gala event. Mr. and Mrs. Taylor entertained at a dinner Monday evening for the entire party. (Photo by The Album)

"Perrine Hotel Era" Described by Speaker

To those among the group who had lived here in "the early days" of 1904 and 1905, last evening's meeting of the Evening Guild of Ascension Episcopal church was like a trip down a board-walked, dust-bordered Memory Lane.

And to the others, who came to Twin Falls after the days of the sandstorms, it was a revelation and a delight. The meeting was held at the home of Mrs. Richard Smith, 315 Eighth avenue north.

Mrs. E. B. Williams gave a sparkling account of the "Perrine Hotel Era" of Twin Falls, telling of some of the difficulties pioneer society had in attempting to build the hotel in those days, and what residents and visitors "had to put up with" from the dust storms and the mud. But she did not forget the joys that attended the early pioneering here. To illustrate her talk, she displayed photographs taken between 1904 and 1910.

Hotel Was Haven

Commercial and social activity centered around the Perrine hotel in those days, and it was, literally, the heart of this section, in spite of the fact that grass refused to grow in the patio court, and eventually it had to be enclosed as a lobby.

Program rooms were presented at the Maroon Women's club meeting yesterday afternoon at the school house, included a short play, "The Ever Happens," written by Miss Dorothy Campbell, and two selected poems, read by Miss Anne Brown, and several vocal selections by Miss Wilson, who accompanied herself on the guitar.

Mrs. Edith Park and Mrs. Jennie Hill were hostesses. Guests were Mrs. Dale Reese, Mrs. Charles Harmon and Mrs. Lloyd Harper.

Mrs. J. A. Morgan and Mrs. Frank Sanders presided at the table. The room was decorated with a profusion of fall blooms.

Mixer Salutes Squad And Sophomore Class

With a huge horseshoe in school colors as a symbol, welcome and good wishes will be extended to sophomores and the football players at the all-school mixer tonight for students of Twin Falls high school, given by the Boys' club in the gymnasium.

All students, invited to attend the event to become acquainted, will dance under a false ceiling of blue streamers, from which will hang many pennants bearing good wishes.

Horseshoe For Luck

To dance through for good luck, to the center of the floor will be a huge horseshoe, in blue and white, school colors, with a white football suspended from the center. The two themes will also be carried out in the punch table decorations.

During intermission greetings will be given by Bruce Evans, president of the club, and a response will be made by Bob Jones, sophomore class president.

Patrons for the event will be Mr. and Mrs. Homer M. Davis, Mr. and Mrs. Edward Rogers, Mrs. Rose North, Gerald Wallace, school heads and advisers for the boys' and girls' clubs in the high school; club class advisers, Miss Helen Minier, Miss Eva Dunagan, Miss Josephine Throckmorton, Miss Madeline Garvin, W. K. Howell, LeRoy Hughes, and class advisers, Miss Minier and Miss Cora Jensen, seniors; Miss Agnes Schubert and Miss Helen Lindeman, juniors, and Miss Bernice Babcock and Miss Kathleen Povey, sophomores.

Dancing starts at 8:30 o'clock, with Will Wright's orchestra providing music.

Arrange Event

Members of the executive board of the boys' club are in charge of arrangements. Heading the board are Bruce Evans, president, and Bill Tolson, secretary-treasurer.

Committee chairmen are Duane Toler, decoration; Rex Wells, horseshoe; Chuck Harmon and Don Tolson, refreshments.

Business Women Of Five Clubs Meet Informally

Thirty-one members of the Idaho Federation of Business and Professional Women's clubs, including representatives from Boise, Nampa, Wallace, Pocatello and Twin Falls, attended a no-host dinner at the private dining room of the Reger hotel yesterday noon.

The informal event was in honor of B. P. W. members who were here to attend the convention of the Idaho Federation of Women's clubs or the Federal state convention.

Miss E. Marie Aukerman, president of the Twin Falls club, brought greetings from the local group.

Miss M. Jettie McCay, Twin Falls, state president, was in charge of the round table discussion on club projects. The group discussed the possibility of supporting the movement sponsored by the Idaho Federation of Women's clubs seeking to have the Seven Devils area of Idaho placed in the national park service or in game preserve wilderness.

Traveling Upset Violinist

CLEVELAND, O. (U.P.) — Eric Morin, famous woman violinist, never has learned to sleep on trains, although she has traveled all over the world, so when she arrived in Cleveland to appear as soloist with the symphony orchestra, she took a nap before starting to practice for the concert.

Japanese Floral Art to be Shown At Class Session

The theme of the Japanese arrangement will be considered at the third meeting of the class in flower arrangements, sponsored by the Twin Falls Garden club, Miss Agnes Schubert, instructor, announced at the conclusion of the second lesson in the course last evening. The meeting will be held at 7:30 o'clock Thursday, Oct. 5, at the Idaho Power company auditorium.

She requested that members bring such flowers as are still available, together with containers, to the next meeting, since a portion of the evening will be devoted to the arrangement of flowers by members working in groups.

Last evening's session, in the basement of the Methodist church, was devoted to "Composition." Miss Schubert illustrated the proper arrangement of varieties of flowers in combination, and at the suggestion of the members of the group, told how best to arrange bouquets of single flowers, such as roses.

Approximately 65 women were present.

In HOLLYWOOD Today

By United Press

Louis B. Mayer, Robert Montgomery, Ralph Morgan and other film notables were bound to secrecy regarding their testimony before a grand jury investigating the motion picture industry. The jury has recessed until Monday, when the inquiry will be resumed in reports of labor racketeering, income tax evasion and monopolistic practices.

Joe E. Brown and Martha Raye, comedians, appear together for the first time in "41,000 a Touchdown," to be released by Paramount.

Joe McCrea, a witness at the hearing of three youths and a young woman accused of burglarizing his home, remarked he was had little value and "these kids probably thought every motion picture actor has \$1,000 bills hidden in his house."

A colony of bats in a cave near San Antonio, Tex., devours approximately 600 tons of live insects annually.

EXAMS OPEN FOR FIVE U. S. POSTS

The United States civil service commission, through local representatives, this afternoon announced open competitive examinations for five positions.

Applications must be on file with the commission in Washington, D. C., not later than Oct. 23 if received from states east of Colorado and not later than Oct. 25 if received from states west of Colorado.

The positions for which the examinations have been set follow:

Industry Adviser
Principal industry committee adviser, \$4,600 a year; senior industry committee adviser, \$4,800 a year; industry committee adviser, \$3,600 a year. All with wage and hour division, department of labor. Except for the substitution of additional experience for college education, applicants for these positions must have completed a four-year college course, and must have had certain highly responsible and successful experience in large industrial concerns, or as arbitrator of industrial disputes. For the principal and senior grades applicants must not have passed their 55th birthday, and for the full grade they must not have passed their 53rd birthday.

Medical guard-attendant, \$3,200 a year; medical technical assistant, \$2,000 a year. Both are with U. S. public health service.

Nursing Grads
For medical guard-attendant applicants must have been graduated from a recognized nursing school, or must have been honorably discharged after three years' service from the army or navy medical corps. For medical technical assistant applicants must meet the requirements for guard-attendant and must have had training of experience in clinical laboratory technique, pharmacy, or X-ray laboratory technique. They must have reached their 25th birthday but must not have passed their 33rd birthday. These age limits will not be waived in any case.

Complete information can be obtained from the Twin Falls post office or from any other first or second class office.

Work Speeds On Four New Ski 'Chalets'

SUN VALLEY, Sept. 29 (Special)—Work is progressing rapidly on four new chalet buildings which will be ready for occupancy at the opening of Sun Valley's fourth winter season in mid-December. It is announced by W. J. Rogers, general manager of Sun Valley, One building will have nine bedrooms, two will have 14 bedrooms and the remaining building will have 10 bedrooms. They are being constructed in the same picturesque architectural style as the continental styled Chalet-lenger inn and are located behind the main wing of the inn.

For Insurers
The nine-room building is being constructed primarily for housing the instructors of the Sun Valley ski school. The remaining buildings of the group will be used by the scores of ski competitors who gather at Sun Valley for the season's ski meets, the number of which will amount to 100 during the intercollegiate meet at New Year's time and at the winter cup tournaments for men and women, which this season will be held March 22, 23 and 24, 1940.

When there are no contests in progress at the resort, all the chalets, except the instructors' private house, will be available for public occupancy at very low rates.

More Beds
All the bedrooms will have two movable single beds and two folding beds attached to the walls similar to the bedroom arrangements of the original skiers' chalet opened last winter and which exceedingly popular throughout the season.

The chalet projects are the latest step in the rounding out of the plan of the Union Pacific to make Sun Valley a complete mountain village.

Upon completion of this project, the Challenger inn unit of Sun Valley will provide 275 guest rooms. There are 182 guest rooms at Sun Valley lodge.

Idahoans Capture Prize for Sheep At Frisco's Fair

SAN FRANCISCO, Sept. 29 (UP)—Judging of more than 1,200 sheep entered in the Golden Gate International wool show continued today in California's coliseum on Treasure Island after prizes had been awarded top entrants in the Hampshire and Rambouillet classes.

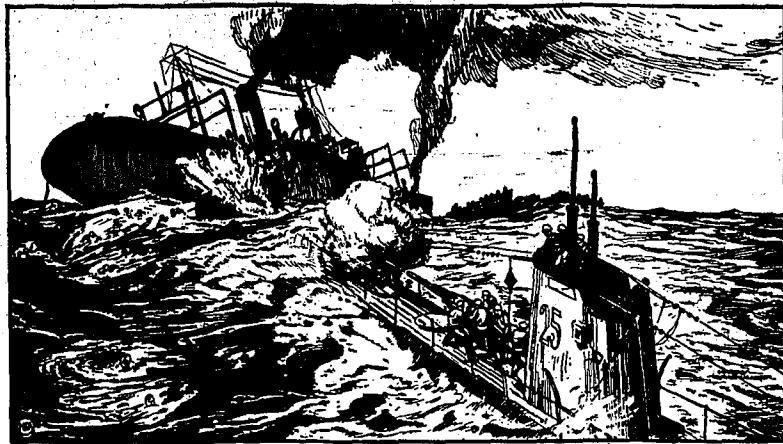

The awards included first prize in two-year-old Hampshire to Mrs. M. H. Brown, Grady, Ida.; first prize for a pair of three-year-old Hampshire to Mr. H. H. Brown, Grady, Ida.; and first prize for a pair of two-year-old Rambouillet to Mr. W. H. Brown, Grady, Ida.

RING BACK AFTER 35 YEARS

Sinkings by Submarines "Legal" if Lives Are Saved

Since the war started, more than a score of British merchant and passenger ships have been sunk by German submarines. The sinking of ships is not in itself a violation of international law, if done in accordance with a five-power protocol accepted by Germany in 1934. Under these rules of restricted submarine warfare, sinkings are either resists or refuses to stop on command, or, if it does stop, until safety of passengers and crew, and ship's papers is assured. England is protesting that many of the sinkings laid to Nazi submarines were done in a manner outlawed by international law. Particularly, the British charge the sinking of the passenger liner, Athenia, was a "most horrible example." The Germans dualism responsibility. No rules apply, of course, to sinkings of war vessels like the aircraft carrier, Courageous.

The sketches below illustrate the rules governing "legal" sinking of merchant ships at sea.

Sinking of merchant ships with all hands held justified only if it resists persistently to stop on command or resists visit or search.

Ships that halt on command may be sunk only if passengers, crew and ship's papers first are placed in a "place of safety" by attacking submarine.

Ship's boats not regarded as a "place of safety" unless safely is assured in view of weather conditions, by proximity of land or rescue vessels.

Ships' boats not regarded as a "place of safety" unless safely is assured in view of weather conditions, by proximity of land or rescue vessels.

NATION BUILDING CITED BY NEGRO

SAN FRANCISCO (UP)—Classifying the Negro as the "colored American, next to the Indian," Dean William Pickens of New York said Pacific coast audiences that American historians have only neglected the Negro as one of the vital elements in the building of America.

"The Negro came to this country 12 years after the first whites," Pickens declared. "But stopped coming in 1850—some 80 years ago—whereas most of the whites have come since 1850. Hence the Negro is the oldest American after the Indian."

Pickens is field secretary of the National Association for the Advancement of Colored People.

"Historians have failed to note," he declared, "that the Negro helped to make the colonial country of the chief worker in the fields and woods; that he helped to create the Union by his valiant fighting as a soldier; as a Minute Man and as a productive worker."

Takes like at Yale
Dean William Pickens said that he had been out of Yale for many years before he learned that George Washington had nearly 5,000 Negro troops at Yorktown when he beat Cornwallis.

"The Negro troops were on guard when Cornwallis came forward to surrender—and if I had stayed at Yale, I would not have learned that by now."

"The Negro helped to defend Baltimore in 1814 and in 1815 he helped defend New Orleans. According to Lincoln, we could not have won the war for the Union, to preserve the Union, without the Negro soldier."

Still, Pickens insisted, historians hardly mention the Negro, who remains "the most American of all American people."

As a "Full" Liberty
Pickens stated that the thirteenth amendment to the constitution did not free the slaves but merely lifted the barrier on the road forward to freedom and that they have been journeying that hard way ever since. He declared that they have not yet arrived at full freedom and democratic liberties.

"After the chains of slavery were broken and discarded," Pickens said, "there was racial segregation and caste, disfranchisement, the terrorism of lynching and inferior education in shant public schools."

He conceded, however, that these hindrances are being broken down, but that one of the last justices that should be accorded the Negro is that American historians should give him his real place in American history.

Job Hunting an Art

LOS ANGELES (UP)—The University of California inaugurates this year a new course that is believed to be about as up-to-the-minute as possible. It will be called "The Art of Getting a Job," and will include studies ranging from "Occupations and Employment" to the technique of asking for a job.

RESEARCH TURNS TO COTTON USES

PITTSBURGH (UP)—An attempt to bolster the South's cotton industry is being made in the laboratories of Mellon Institute of industrial research here.

Eight research scientists are engaged in attempting to develop new uses for lint, seed and cotton stalks. Dr. Lawrence W. Rice, assistant director of the institute has announced.

"Faced with huge overproduction and large inventories plus severe competition from substitute materials," Dr. Rice explained, "cotton has no other hope for regaining economic health than to dig up some new jobs for itself."

Already, the program, handled through the cotton research foundation, is said to have developed an oil-free cottonseed meal and an effective sweeping compound from seed hull bran.

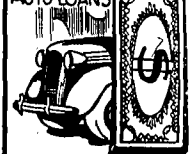

Under way are several projects, including the production from hulls of activated carbon of the type useful for gas masks, and the finding of uses for gypsum, a toxic material present in cotton seed. The research has indicated further that wallboard and like products may be made from cotton seed.

In addition to the institute program, plans are being made to increase the number of cotton-fellowship at southern colleges next year.

Since the cotton program was inaugurated here two years ago, laboratory technicians have been studying methods of fire-proofing, water-proofing and rot-proofing cotton textiles.

The program also has as an object the discovery of new methods of processing cottonseed meals with a view to using them to produce glues, plastics and coatings.

Dog Fights Fires

QUINCY, Calif. (UP)—A one dog fire control unit was being discovered by E. E. Boehm, Plumas national forest district ranger. The dog locates a fire by the sense of smell and arriving at the scene aids to work to control it by digging a line around the blaze.

COLLEGE THESIS CAUSES FURORE

COLUMBUS, O. (UP)—What this country needs, believes young Dr. Horace Champey of Antioch college, Yellow Springs, O., is a sense of humor.

A joke made in a faculty publication at Antioch has brought him a lot of grief because some people can't see the point.

It seems Dr. Champey received his doctor of philosophy degree at Ohio State with the aid of a thesis on the plain-stated subject, "Measurements of Parent Behavior and Part of the Child's Environment."

A college publication at Antioch called "Faculty Notes" carried comment by Champey himself on "the birth" of the thesis with the remark that its title might be translated:

"A disquisition on the quasi-institutional psychometry of certain psycho-social environmental. Castellan postulated to be causally efficacious in the ontogeny of generalized social behavior patterns of the adult homo sapiens."

Then trouble came. A national magazine informed its readers that Champey actually had chosen such a subject for his thesis and carried its article under the title, "How to Become a Ph. D."

A newspaper opened an editorial attack, belaboring not only Champey, but Ohio State university and its psychology department. Its lead was followed by other papers throughout the country. Of Champey the paper said he "could even speak English" and recommended that the Ohio State authorities "investigate the mentality

National Park Approved for Hell's Canyon

BOISE, Sept. 29 (UP)—A proposal to make a national park of the Hell's canyon section of the mile-deep Snake river gorge was received favorably by federal forestry officials who joined the state planning board in a trip through the area.

J. D. Wood, board engineering consultant, said today.

C. J. Olsen, assistant regional forester, Odessa, P. V. Horton, Portland; Myer Wolf, Moscow, and John B. Hatcher, Washington, D. C., represented the U. S. forest service on the inspection trip.

M-J-B WHY?

"It was worth getting lost to find out..."

1 I'm not one to get lost in the mountains, but I was lost this time, all right. My wife kidded me about forgetting my Boy Scout training, but it was no joke to me. It was getting dark and we were tired and hungry. Just then we saw the light of a campfire through the trees. "We're saved!" I shouted.

2 As we approached, we could smell bacon cooking and the wonderful aroma of coffee. They turned out to be small people—welcomed us with open arms and poured us each a cup of hot coffee, the best I ever tasted. "How do you make such wonderful coffee?" asks the wife. (Imagine discussing cooking when you've just been rescued! But that's the way the M-J-B's

M-J-B's RICHIER ROAST gives you RICHIER FLAVOR

The choice of youth... BUTTER-KRUST BREAD

THE ELDERS are not the only ones who prefer Butter-Krust bread for its tasty flavor and consistent quality. Our youngsters, too, daily express their preference for this leader among breads. Different because it's flavorful. . . . different because it toasts better. . . . different because it just simply "tastes" better. Butter-Krust retains a well established popularity with old and young alike. Ask YOUR favorite grocer for Butter-Krust.

It's the FLAVOR and consistent QUALITY that counts!

REDS CAPTURE FIRST PENNANT IN 20 YEARS

Cincinnati Outfit Prepares for Yanks in Series

NEW YORK, Sept. 29 (U.P.)—The Cincinnati Reds are champions of the National league, and they got there the hard way—by defeating their lead against one of the greatest August-September drives ever put on by a challenger.

On Aug. 1 the Cardinals were 12 games from the top and only six games out of seventh place. In a whirlwind finish the Cards won 43 while losing 17. That's the kind of challenge the Reds had to beat back. The Reds put over the pennant-clincher yesterday by throttling the Cards, 5-3.

The mainliners of the Reds' climb to the National league title for the second time in 20 years were the two strong arm boys, Pitchers Bucky Walters and Paul Derringer. First baseman Frank McCormick, leading hitter of the Reds' regulars; Outfielder Ival Goodman; and the much-maligned second base combination of Lonnie Frey and Billy Myers.

Valuable Combination
There were other valuable contributions but these six did the heavy work. Walters, with 26 victories, and Derringer, with 25, did the greatest two-man pitching job in the majors since Grove and Karnahaw copped 52 for the Athletics in 1911.

Bill McKechnie, who led the Reds from last to first place in two years, achieved another personal triumph for himself when he became the first major league manager to win three pennants with separate clubs. He piloted the Pirates to the title in 1925 and the Cardinals in 1926.

The victory put the Reds three and a half games ahead of the Cardinals. Each team has three games remaining, so the Reds can lose all the remaining contests and win the pennant even if the Cardinals sweep their three games.

Max Lander, starting Cardinal pitcher, was sent to the showers in the first inning, after Werber, who walked, scored.

McCormick's single, Curt Davis, who replaced Lander, batted the bases full. He walked, Derringer, forcing in the Reds second run.

The Cards scored twice in the second inning, when Myers muffed.

ODDS
NEW YORK, Sept. 29 (U.P.)—Jack Doyle's opening word series odds follow:

THE SERIES
1-3 against the Yankees.
12-5 against the Cardinals.

OPENING GAME
9-20 against the Yankees.
6-4 against the Reds.

THE SERIES
4-1 against the Yankees.
20-1 against the Reds.

Man's high fly, and T. Moore hit for the circuit.

The Reds went into the lead again in their half of the second, when Werber, who had reached first on Mike's tumble of Frey's grounder.

There was no further scoring until the Cardinals fifth when Outfielder, who had reached first on Myers' high throw, scored on Derringer's double.

Werber Doubles
Cincinnati again came through, this time in the sixth inning, Berger doubled, Myers scored, Werber hitting third, and then scored on Derringer's sacrifice fly.

The Cards made a great attempt to tie the score in the seventh. After Derringer popped out, Medwick doubled, but was out trying for third. Goodman, who had reached first on Myers' high throw, scored on Derringer's double.

Curt Davis, who replaced Lander, batted the bases full. He walked, Derringer, forcing in the Reds second run.

The Cards scored twice in the second inning, when Myers muffed.

Yankees Hold Edge in All Departments

NEW YORK, Sept. 29 (U.P.)—Any way you look at it, the Yankees have the edge outclassed on the pitching mound, behind the plate, in the infield and in the outfield.

But the Reds' case is far from hopeless, because pitching is 80 per cent of any short story and Bucky Walters and Paul Derringer cannot be laughed off. Cincinnati's strong arm boys have won 52 games between them, and are quite capable of winning a world series all by themselves as the Brothers Dear did for the Cardinals in 1924, Hallahan and Grimes did for the Cards in 1925, and Grove and Barnabaw did for the Athletics in 1910.

Depend on Two Hurriers
Walters has won 26 games and Derringer 25, and they've proved they can pitch with two days of rest. The big question is, can they pitch in the Yankees' case when they pitched in the National league? If they can't the Reds might as well reconcile themselves right now to the "Yankees" and "Yankees."

Although the Yankees pitcher can't offer as imposing records as the Reds for the season, they have plenty to offer in the world series class. Ruffing, the Yankee, has won four out of five world series games. Mickey Vernon has won three straight starts. Bump Hadley has won and lost a world series game but is the kind of a veteran who pitches at his best under heavy pressure. Lefty Gomez, who has never lost a world series game, seems definitely out of the class.

On the fairway once more Jack proceeded to get a birdie three in the hole, so apparently the conference or something was a success. On the next hole the best Jack could do was a par four, so he figured another conference might be helpful.

Thompson Third
The Reds' third pitcher is almost certain to be Gene Thompson, 22-year-old rookie. World series are poison to rookies, as Paul Derringer can testify, having lost games as a freshman in the 1931 series against the Athletics when he was with the Cards.

Landed for their power, the Yankees have now developed into the greatest defensive club in baseball. There is little doubt that the Yankees infield of Dahlgren, Gordon, Crossett and Rolfe is the game's best defensive unit.

Can't Compare
The Reds' infield is sound but McCormick, Frey, Myers and Werber must give all the boys defensive credit.

The Yankees' outfield is the game's best. George Selkirk is a much better left fielder than the Red's Wally Berger. Ival Goodman, a greatly underrated ball player, is at least the equal of the Yankees' rookie Charlie Keller in right field.

Catcher Bill Dickey stands head and shoulders above Ernie Lombardi as a defensive receiver.

SPORT SQUIBS!

by Hal Wood

HERE'S HOW TO WIN THAT TOUGH GOLF MATCH... AND IT LOOKS AS THOUGH PIONEER LEAGUE MAY NOT CHANGE

There are more ways than one to win a golf match—and if you don't believe it, just ask Jack Tingy, the veteran Bush all-around sportsman.

We have this story on good authority and it took place during the semi-final match of the annual Clear Lake Country Club President's flight event. Here it is:

Mr. Tingy was playing O. L. Smith for the right to a place in the finals and at the end of the first round Mr. Smith had a comfortable 4-up lead—enough to take nearly any golfer coasting through another nine holes.

At this point Jack started a little complaining—his hands were sore, his back ached and he was tired. He questioned his ability to play the second nine, so spent a little time in the clubhouse for a conference or something.

On the fairway once more Jack proceeded to get a birdie three in the hole, so apparently the conference or something was a success. On the next hole the best Jack could do was a par four, so he figured another conference might be helpful.

Schlitz Team Sets Marks In Pin Loop

by Hal Wood

Led by Les McCracken, the Schlitz bowling club last night set new records for the young season in the Commercial league by winning two out of three, and taking the total pins extra point, from the National Laundry team.

McCracken had games of 172-207-223 for a three-game total of 602 to set the pace. The Schlitz club had a grand total of 2,741 pins to set a new mark for club aggregate. Rolly Jones led the Laundry team with 556.

The City league play saw more records set as Orange Transportation edged Twin Falls Flour mills for two out of three. Walter Dix was high point man for the games with 331 pins for the Orange club. Not one man on the Flour mill crew reached the 500 mark.

COMMERCIAL LEAGUE
Schlitz 180 180 187 547
McCracken 172 207 223 602
Jones 187 187 187 561
Total 339 364 397 1,100

National League
McCracken 180 180 187 547
McCracken 172 207 223 602
Jones 187 187 187 561
Total 339 364 397 1,100

CITY LEAGUE
Twin Falls Flour Mills 142 142 144 428

Walter Dix 144 144 144 432
Total 286 286 288 862

STRIKES
to SPARE
With Fred Stone

Again some real good scores were turned in by all the teams. In the Commercial league the Schlitz club set new marks in three-game total of 2,741, beating the Elks score of 2,731.

Their 944 single game also topped Dell's score of 943. Les McCracken with scores of 172-207-223 for a total of 602 was just three pins short of John Ford's 605 record. At that, Les' last two frames in his 223 game were a split and an error.

Ray Freie had a nice 565 total with a low game of 185, high game of 190 middle 185—nice consistent bowling. Vernon Jennings got a 554 total his first night. Wall Riggert cashed in with 554 and Walker Bertsch scored a 496 for low.

Rolly Jones led the National Laundry boys for three games with a score of 556. Jones' last two frames in his 223 game were a split and an error.

HERMAN SIGNS CONTRACT
CHICAGO, Sept. 29 (U.P.)—Billy Herman, captain and second baseman of the Chicago Cubs signed his contract for the 1940 season yesterday. Salary terms were not disclosed.

Tables Turned
QUINCY, Calif., Sept. 29—Wirt Pierce went deer hunting and took along his favorite saddle horse Dolly to carry back the four-point deer he had just killed. But Dolly misadvised a ditch jump and came out so damaged that instead of transporting back a big buck, Wirt and two companions had to transport Dolly home.

Trojans Meet Oregon In Initial Test; Bobcats Tackle Idaho

By JAMES A. SULLIVAN

SAN FRANCISCO, Sept. 29 (U.P.)—The firing starts tonight and tomorrow on the football fields of the Pacific Coast conference and major western independent schools with two intersectional and two conference battles topping a fat program.

The 1939 kickoff finds University of Southern California's 1938 champion squad the big favorite to repeat for conference crown and possibly national honors, and St. Mary's of Moraga likely to be ahead in the non-conference group. California, Stanford and Oregon State have squads which might upset the U. S. C. Trojans and U. S. L. A., making its bow under a new coach, was a dark horse possibility.

UCLA Opens Season
UCLA leads its conference brethren into action in tackling Texas Christian tonight in Los Angeles. The game marks the unveiling of Babe Harrell, former California all-American, as head coach. In the other intersectional game Jimmy Frielan opens his 10th year at University of Washington Saturday by sending the Huskies against University of Pittsburgh.

Also Saturday, U. S. C. opens its title defense against Tex. A. & M. University of Oregon boys at Los Angeles and Stanford and Oregon State take off the lid at Palo Alto. California opens against a pair of brothers, Cal Aggies and College of Pacific. Idaho meets Montana State at Moscow and Montana takes on Portland in a night game Saturday at Missoula. Washington State is idle.

Broncs Play Utah
Santa Clara leads the independents into action at Salt Lake against Utah. St. Mary's makes its bow against Gonzaga at Santa Clara Sunday.

In games tonight University of San Francisco meets Hardin-Simmons; San Jose State plays the California Ramblers; San Diego State and Redlands tangle, and Pacific University and Linfield clash. The rest of tonight's schedule presents Wabash Whitewater, Boise J. C., Albion, Humboldt State-Cal. Poly. Central Washington - Gonzaga; Fresno State-Marj. J. C. Albion and Eastern Washington-Poly. State.

Saturday Fresno State begins its campaign against Texas Mines; Flagstaff plays Nevada; Santa Barbara takes on Willamette; Utah State and College of Idaho clash; and Redlands tangle, and Pacific University and Linfield clash. The rest of tonight's schedule presents Wabash Whitewater, Boise J. C., Albion, Humboldt State-Cal. Poly. Central Washington - Gonzaga; Fresno State-Marj. J. C. Albion and Eastern Washington-Poly. State.

Jeffra Loses In Try for Feather Title

WASHINGTON, Sept. 29 (U.P.)—Joe Arribas still won the world featherweight crown today having won a highly questionable 15-round decision over Harry Jeffra, Baltimore challenger.

Most of the 10,000 fans who saw the fight "boiled" heartily for 15 minutes and showered the ring with refuse last night when the split decision was announced in favor of the Pawtucket, R. I. champion.

Referee Henry Leonard cast the deciding vote after Judge Frank Schuyler and Dr. O. U. Slinger agreed. Binger was the Jeffersonian. Sportswriters were virtually unanimous in believing Jeffra the winner, one of them crediting the Baltimore boy with eight rounds, giving four to Arribas and calling three even.

UNION ALLOCATION
POCAHONTO, Sept. 29 (U.P.)—University of Idaho, southern branch, will have an allocation of not less than 20 students for civil pilot training under a new national preparatory program.

Robert H. Hinkley, chairman of the civil aeronautics authority, informed officials of the Idaho branch that the allocation of 20 students for civil pilot training under a new national preparatory program.

EAST END POURS IN TO FESTIVAL

KIMBERLY, Sept. 25 (Special).—The east end was already trooping into Kimberly this afternoon for the inauguration of the third annual Harvest festival at 7:30 p. m. on Main street.

Initial feature will be the street light decorated pagoda and the parade featuring historical characters, according to Bill Madison and Sam Walton, co-chairmen, Kangaroo Court.

Kimberly night school's prize-winning band will play for the opening events, and a "Kangaroo Court" session will be held in full dress with a number of citizens prominent and otherwise—being dragged before the tribunal.

Tonight's feature for children will be the contest to catch jackrabbits released on Main street. Prizes will be awarded.

Hillbilly dance with "48 costumes" will conclude the day's festivities. Carnival show and rides will operate throughout the evening.

Buies day of the festival will be Saturday, with the panoramic parade scheduled for 11 a. m. Then comes a street "light fight" at Main and Center. At 1 p. m. on Kimberly's athletic field, merchants' scrip to the value of \$150 will be dropped by an airplane. Thereafter come a spick picking contest, the Murtough vs. Kimberly six-man football game, the ladies' bicycle riding contest and bicycle races with other sports.

Busy Saturday Night
Saturday night, starting at 7:30 p. m. Mr. and Mrs. George Lillibridge of Buhl will offer a 35-minute radio program with their "Buddies." Following that will be the "Litterbug" contest and exhibition. And then comes a highlight of the festival, the "Idaho state championship ladies' rolling pin throwing contest," with crowning of the champion and distribution of prizes. A dummy will be used for target.

Grand festival ball will conclude the festival, which is sponsored by Kimberly Commercial club and American Legion.

NAMES in the NEWS

John D. M. Hamilton, chairman of the Republican national committee, expressed disapproval of President Roosevelt's suggestion for "a permanent partnership" during the European war and said the Republican party owes it to the people to continue to oppose "the policies of principles."

According to Thurman Arnold, trust-busting assistant U. S. attorney general, the grand jury investigation of building construction costs may break within two weeks and may start on the Pacific coast.

Speed flier, beat her own previous women's record for distance at 14,000 feet, and for time at 10,000 feet, traveled 158.4 miles an hour over a 68-mile course. The record is held by Col. Renea Turner.

At Seattle, John Boettiger, son-in-law of President Roosevelt, and publisher of the Seattle Post-Intelligencer, said he had no intention of becoming a candidate for governor of the state of Washington.

Associative Valcan sources reported Pope Pius XII as "most disappointed" by the latest Soviet-German agreement. Married at Rome June 25, 1931, the 22-year-old of a mining executive and member of the Dole pineapple family, and Miss Margaret Gould, 24.

Dr. George W. Gore, wealthy surgical specialist, was held without bail at Benton, Ill., at request of a special grand jury, in connection with the slaying of Carl Ochsener, attorney and newspaper publisher.

24 Pacific veteran southwest peace officer, died at Joplin, Mo., at the age of 78. Two murderers, Angelo Agnes, 31, and Pete Catalano, 41, will be strangled together and put to death tonight in Colorado's lethal gas chamber.

A son has been born to Mrs. Mary Simpson, wife of Ernest A. Simpson, divorced husband of the duchess of Windsor.

Hope J. Bueli Snyder, D. Penn., and Joe Starnes, D. Ala., are headed for Alaska to inspect proposed sites for a new airbase.

STING

Somebody fired a small-caliber gun last night.

At about the time James Weatherbee, 19, Brookhaven, Miss., Negro, slipped outside his tent not far from the sugar factory.

He thought something hit him on the arm when he felt a sting. But it didn't bother him at the moment. He returned to his tent—and found blood on his arm.

Treated by a physician in Twin Falls, a small caliber shot had entered his arm.

Although the youth did not hear gunshots, and could not see police by indicating possible source of the bullet, officers were asked today to find out who did the firing.

Paper Pasting Paste Play

Idea of this cuckoo contest staged at Grants Pass, Ore., was to see who was feminine paper-hanging champion in those parts. Julia Wingert, right, covered the greatest space with the neatest work in the allotted three minutes.

Kiwanis Urges Peace But Favors No Specific Plan

Refusing to favor one plan for peace over any other plan designed to achieve the same end, the Twin Falls Kiwanis club had gone on record today as favoring such congressional action "as will most likely assure the continuance of peaceful relations with all countries."

The Kiwanians voted to send a copy of their resolution to the Idaho senatorial and congressional delegation. The resolution as approved at the weekly session Thursday in the Park hotel, was signed by F. C. Graves, chairman of the committee; J. W. Porter, Kenneth O. Beach and Frank L. Stearns.

Entanglement Efforts
The neutrality move points out that war is underway in Europe and that "it now appears likely that said war will be of long duration and that in all probability serious efforts will be made by said warring nations or some of them, to draw the United States into the conflict."

The club men expressed sincere hope that the U. S. "should take no part" in the conflict.

For the purpose of assuring that we do not become engaged in the same, every honorable effort should be made by the people of this country to continue to exert their influence on congressmen, to avoid American participation in said conflict and to avoid becoming embroiled therein.

The resolution then said:

Wants Peace
"Be it resolved that Kiwanis club of Twin Falls, Ida., go on record as favoring such action by the congress as will most likely assure the continuance of peaceful relations with all countries, including those now engaged in open conflict, and that the members of the Idaho congressional delegation be requested to do everything reasonably within their power to assure the continued neutrality of the United States and to exert their best efforts to provide safeguards against foreign entanglements which might entail the United States in war."

"And be it further resolved that congressional delegation be advised by this resolution that Kiwanis club does not now favor one plan for continued peace over any other plan; that the means to accomplish continued peace is and should always be subordinate to peace itself; that whether the present neutrality of the United States be maintained or amended or abrogated, members enacted in lieu thereof, it is the sincere desire of this club that the Idaho congressional delegation continue its best efforts in support of such program as is deemed most likely to assure continued peace by this country."

Forester Speaks
Idaho's forests are conserved primarily to provide trees, water and forage for the homesteaders, said rancher, Curtie Price, supervisor of the Mindoka forest reserve, told members of the Kiwanis club at the luncheon in an address in which he outlined the purposes of the forest and the problems confronting forestry workers.

GAME ROOM OPEN HERE SATURDAYS

Because of increasingly heavy demands, the game room at the Twin Falls recreation center will be kept open on Saturdays during afternoon and evening, Miss Vernis Richards, recreation director, said today.

Saturday hours will be 1:30 to 8:30 and 7:30 to 9:30 p. m. "Those not having a chance to use the game room on other days," Miss Richards said, "and those who come into town only on Saturdays may use these facilities then. One of the available games are ping pong, baltimore (played with paddles and hard rubber balls instead of the usual equipment), croquet, checkers, pool, billiards, ring toss, bean bag throw and others. Additional new games will be added throughout the year."

The director said that "quiet games" are available downstairs.

Special children's programs will be staged on special days, such as Saturday afternoons later in the season. At that time adults will then have the game room Saturday evening.

Tournaments are planned in baltimore and ping pong. Parties will be staged on special days, such as Saturday afternoons later in the season. At that time adults will then have the game room Saturday evening.

The game room is already open on Saturdays, Wednesdays and Fridays for adults from 7:30 to 9:30 p. m.

POLISH SOLDIERS SURRENDER ARMS

BERLIN, Sept. 25 (AP).—The march of disarmed Polish soldiers from shell shattered, surrendered Warsaw began today and will continue for two or three days, the German army high command announced. The command said that German troops probably would occupy the city by Friday.

The German army said that following the fall of Warsaw and the unconditional surrender of the great Polish fortress of Modlin, 10 miles to the north, measures for the medical care of Warsaw's suffering civil population were being taken.

Przemysl, important eastern Polish city allotted to Russia, was handed over with ceremony to the Red army yesterday, the high command said, in accordance with the Soviet movement to the demarcation line.

Rancher Next
Next in importance to the rancher, is the supply of timber for cellars and other farm buildings that the forest affords. The supervisor sells the timber at cost, and the funds derived are used to clean out brush, mark trees, and such. Any surplus after that is available for the winter feed, summer feed is necessary.

SCARE OF SPIES SWEEPS NORWAY

OSLO, Norway, Sept. 25 (AP).—A spy scare swept Norway today as three Norwegian steamships, first of the war, were sunk—two by German submarines, the third by a mine.

The steamship Takasaka, 1,830 tons, and Jern, were torpedoed in the North Sea. The Takasaka, 1,830 tons, was sunk by a mine in the Skagerak, entrance to the Baltic.

These sinkings, and the sinking of the Swedish steamship yesterday, caused belief that spies were operating in Scandinavian ports and informing the German admiralty of ship movements.

Norwegian authorities heightened surveillance at all harbors.

The Norwegian freighter Takasaka, 1,830 tons, was torpedoed at 8:30 a. m. today. The crew of 21 was saved. The Takasaka was on its way to England with timber. It and the Jern both received ample warning from the German submarines and were able to get off their life boats.

OLD AGE GOES TO PARTY
WILLARD, O. (AP).—The ages of the guests at Mrs. Myra McEliff's 85th birthday party totaled 1,116 years. The youngest guest was 60, the oldest 98.

THEY START YOUNG!

Your Times newspaper boy is the youngest business man in town. No business man works harder to earn your support and friendship. The money he receives does more real good than you realize—to help finance his education—to make him financially independent—to actually help support his family, always on the "rainy" day. It is the only thing you get your Times. He makes his own collections, keeps his own accounts. He's doing a fine job. We're mighty proud of him!

Public Forum

CITES STEPS THAT COULD LEAD TO WAR
Editor, Evening Times:
Through the medium of your newspaper you are giving your readers the opportunity to express their views on the neutrality question.

To merely mark the ballot in favor of the present law, banning sale of war commodities to any belligerent or for the "cash and carry" plan, is in my opinion of small consequence unless a definite reason can be given by those balloting on the question in support of their stand.

It is therefore my contention that there is no way short of complete embargo of ALL contraband by which the United States can remain neutral.

The present neutrality law provides for an arms embargo. It favors Germany, though it applies to both sides equally in a legal sense. The catch is that with the allies controlling the seas, as they are expected to do, Germany could not get arms anyway. The "cash and carry" policy, on the other hand, would favor the allies, though it would apply equally if legal terminology was all that was at stake. They can get away with the allies controlling the seas. Germany would not be able to come here and carry the goods away from our ships.

Furthermore, Germany has little cash, whereas the allies have about \$2,500,000,000 in securities in the United States which they can sell and \$1,000,000,000 available in the United States in short term balances.

Another angle of the cash and carry policy would be to create a war prosperity by the sale of four billion dollars worth of goods which would end when transactions to that amount were finished. The pressure would then be great to extend credit to the allies as in the case of the last war—although we have never been paid for the war materials sold.

Repeal of the Johnson act, prohibiting further credit to those nations owing us on former war debts unless they have paid the same, and step up if cash and carry is invoked. The next step would be to enter the war on the side of France and England and leave the loans already made—the same reason for which we entered the last war.

I desire the United States to remain out of foreign wars as far as possible and to do so by embargoes ALL contraband.

Respectfully,
W. C. DAVIS
