# NAZI-SOVIET EXPANSION PLAN FAILS

## Turkey Prepares to Sign "Aid" Pacts With Allies

NATION'S ENVOY  
BELIEVES SOVIET  
SWITCHED PLANS

ANKARA, Turkey, Oct. 18 (U.P.)—Turkey, announcing the rupture of negotiations for a friendship treaty with Communist Russia, prepared today to sign formal mutual assistance treaties with Great Britain and France.

Premier Refik Saydam announced the failure of the negotiations with Russia.

He said Russia had presented Turkey with proposals absolutely different from those originally scheduled for discussion.

Russia's new demands, he said, were incompatible with Turkey's relations to Britain and France, which Russia had approved in advance.

Further, he said, the Russian proposals might prove detrimental to Turkey's own security.

No Compensation  
Guarantees offered by Russia, he said, would not compensate Turkey for obligations it would have been expected to assume under a new treaty.

Russia's exigencies, he said, were incompatible, he said, with Turkey's policy regarding the Dardanelles strait, the vital Turkish waterway connecting the Mediterranean and Black seas.

Relations With Allies  
In concluding his statement, the premier said that though Turkish-Russian negotiations had not yielded conclusive results, Turkish-Russian relations were still based on their usual friendly basis.

Baron Franz von Papen, Adolf Hitler's diplomatic trouble shooter, sent here to effect better relations with Turkey, left immediately upon receipt of Turkish news of the rupture of negotiations.

He was believed to have arrived at Istanbul. It was believed he would continue on to Berlin to report to Hitler in person.

\$250,000 LOOMS  
IN AAA SIGN-UP

Sign-up of applications which will bring approximately \$250,000 in additional purchasing power to Twin Falls county ranchers began today by the county agricultural conservation association, Secretary Ray Lincoln announced.

The applications are for 1939 soil conservation payments, Lincoln said.

"We expect the first payments within a month to the farmers," he said.

The quarter-million total forecast for Twin Falls county will represent a substantial increase over the aggregate payment last year under this specific program.

The soil conservation payments, Lincoln said, include 75 cents per bushel on wheat and three cents per hundred on potatoes, both based on the normal yield of each ranch, and \$1.50 per acre for new seedlings of legumes and for other soil-building practices.

"Applications are made up as soon as the papers are approved by the state AAA office," Mr. Lincoln said. "Each rancher will be notified when the documents are ready for his signature."

"BLACKOUT" DEATHS  
LONDON, Oct. 18 (U.P.)—With enforcement of nightly blackouts 1,139 persons were killed on British highways in September compared with 854 highway deaths in September last year, it was announced today.

KATH  
BERLIN—Every German will be permitted to travel on the day during the period between Oct. 24 and Oct. 24 on presentation of his or her ration card.

## "Movie Stars Are Nuts," Film-Struck Boy Carves on Chest; Held by Police

HOLLYWOOD, Oct. 18 (U.P.)—Police today held a film-struck Pennsylvania youth on Actor Lionel Barrymore's porch with the inscription carved into the skin and flesh of his chest:

"Movie stars are nuts!"

## 20 Injured as U.S. Liner Battles Gale

NEW YORK, Oct. 18 (U.P.)—The United States liner President Harding, battered by the high winds and heavy seas of an Atlantic storm, radioed today that 73 passengers and members of her crew had been injured—23 of them seriously—and that one sailor was missing and believed lost overboard.

NEW YORK, Oct. 18 (U.P.)—At least 20 persons aboard the United States liner President Harding have been seriously injured in a gale off the New England coast, she wirelessly today.

She and other ships were fighting a terrific storm which had been raging northward off the coast for several days.

The coast guard cutter Hamilton, responding to her request for medical assistance, was rushing to her side with a doctor and medical supplies.

She supplemented her appeal for aid, with this message:

"Many seriously injured in heavy weather. One seriously burned, four fractured ribs, one broken leg, one skull fracture, two fractured femurs, one fractured spine, several fractured lower legs, two fractured ankles, one fractured scapula, (shoulder blade), several fractured humeri (upper arm), one avulsion of the scalp."

Asks Morphine  
In her first message she had asked specifically for morphine—presumably to ease the pain of the injured—splints and "fracture supplies."

A few hours after the President Harding appeal, the British freighter Highbrook wireless that she was in need of "immediate assistance."

Mackay Radio reported the Highbrook had lost her rudder. She gave her position as approximately 400 miles due east of Cape Race, Newfoundland.

Carries 587 Passengers  
The President Harding carried 587 passengers and was due in New York Saturday. Many were Americans fleeing war-torn Europe.

Somewhere in the same region of the Atlantic were the United States liner Massachusetts, due to New York Saturday with 1,477 passengers; the American shipper, due Sunday with 148 passengers; the Italian liner, Oct. 18, due Saturday with 1,800 passengers.

AMSTERDAM, Oct. 18 (U.P.)—Six warships and 12 planes engaged in a severe battle off the Netherlands coast, witnesses reported today from Schiermonnikoog Island.

The battle, which started at 11 a. m., was being fought outside of Dutch territorial waters, it was said. The sea mines and warships were not identified.

Observers said that after they had watched the participants in the sea battle for some time the combatants disappeared.

Schiermonnikoog Island is off the north coast of Holland.

Some observers said Schiermonnikoog said the planes chasing in the combat with warships bore German markings. The firing lasted for two hours, they said.

Powder Explosion  
Kills 5 Workers  
ELKHART, Penn., Oct. 18 (U.P.)—An explosion in a mixing building of the National Powder company plant here today killed five employees and struck the district for miles around.

Those killed were reported to be John Devlin, Clair Wess, Merle Edinger, Cy Lewis and a man named Davis.

V. S. SHIP RESCUER 112  
GIBRALTAR, Oct. 18 (U.P.)—The R. N. ship rescuer 112, reported by radio today that she had rescued 221 survivors of the steamship Yorkville, which was in the Indian-ocean trade route about 40 miles from the coast of Africa.

The Yorkville was missing, the message said.

limited to question him and said he had interviewed the man.

He had just arrived by bus yesterday from Pennsylvania with only a dollar in his pocket, he said, and thought the plan in the hope of getting meals and last night's lodging in the actor's home.

"I met a girl on the bus and her friends, who met her at the depot, gave me a lift to Beverly Hills," he said. He walked to a small park, sat down on a bench and carried his chest, and then sought out Barrymore's home. In his pocket was a list of movie stars' addresses.

He was booked at the Beverly Hills city jail on suspicion of filing a false police report, a misdemeanor.

## They Escaped U-Boat's Fire

British blackjacks look on as a welcome meal is enjoyed by survivors, including women and two children, of the French liner Bretagne, sunk by a German submarine with a loss of seven lives. They are pictured after their arrival at Plymouth, England. Many of the 124 passengers said only prompt rescue by British warships had prevented greater loss of life.

Intensified German submarine campaign took another victim when the 10,106-ton French liner Bretagne was shelled and sunk while en route from the West Indies to England. The captain, wounded by shrapnel, was more than 30 passengers, declared the U-boat attacked without warning at night with "deliberate gunfire." Seven persons were thought lost after a check-up of survivors landed at Plymouth by British warships which answered the Bremen's S.O.S.

## GROUP ACCEPTS SHIPPING CHANGE

WASHINGTON, Oct. 18 (U.P.)—Thirteen Democratic members of the Senate foreign relations committee accepted in principle today a formula for modifying drastic restrictions on American shipping under the neutrality program.

Under the plan, American vessels could carry on trade with belligerents in certain designated ports in the Pacific and south Atlantic, but could not include arms, ammunition or implements of war in their cargoes.

Committee members said they would meet again tomorrow to make a final draft of an amendment.

Chairman Key Pittman, D. Nev., said that aircraft as well as surface vessels would definitely be included in the modification.

"Our whole purpose is to liberalize shipping to the extent that there will be no danger to the lives of our citizens," Pittman said.

As the same time, reliable sources said Germany continued to pour men clandestinely toward the western front. The main source said, however, that it seemed unlikely that Hitler would lift the Moscow line in full force, in the present at least.

Adolf Hitler was believed to hope that Britain could be beaten by the overwhelming waters in the air, and at sea, which defeated Poland, on land, in such amazingly short time.

## Chest Drive Hits 20 Per Cent Mark

With the Twin Falls Community Chest drive in its second day, cash payments and pledges had reached \$2,034.90 at 1:30 this afternoon, it was announced by Mrs. Dorothy Reynolds, secretary.

Chest workers reported donations are "coming along fine" although many persons and firms have not yet been visited.

The goal set for this year's drive is \$40,000 and eight organizations will participate in the fund drive.

In charge of collection is Mel Dolling. He is being assisted by Charles DeWeller, chairman of the budget committee. Groups of hostesses and women from the 20th Century club, the Lions, Kiwanis, Rotary and both the Junior and Senior Chambers of Commerce are making the collections. The city is divided into five districts.

Women Afloat  
Mrs. H. A. Severin, Mrs. C. J. Helberg, Mrs. A. B. Benson, Mrs. L. Hammond, Mrs. C. H. Helbrecht, Mrs. O. F. Wurstler, Mrs. J. Douglas, Mrs. Guy Ryan, Mrs. Robert Halper and Mrs. O. V. Harkins.

Captains of teams canvassing the residential district include: Mrs. H. A. Severin, Mrs. C. J. Helberg, Mrs. A. B. Benson, Mrs. L. Hammond, Mrs. C. H. Helbrecht, Mrs. O. F. Wurstler, Mrs. J. Douglas, Mrs. Guy Ryan, Mrs. Robert Halper and Mrs. O. V. Harkins.

Already holders of the world's light plane record, the pair hopes to play aloft 11 more days and break all endurance marks. They are flying a small monoplane above the bed of Round Bay Lake.

The Californians are approximately two days ahead of Kevin Baxter and Robert McAnis, still aloft above Muscle, Md.

Artist Denies He Belongs to "Reds"

WASHINGTON, Oct. 18 (U.P.)—Rockwell Kent, artist, writer, and the Twentieth Century Club, has named 11 captains to assist in the collection of funds for the Chest. It was announced today.

He said he had been press accounts that he had been termed a Communist at a committee hearing and that he had received \$40,000 from the interior department for a mural.

## Resistance From Turkey, Finland Help for Allies

By JOE ALEX MORRIS  
United Press Foreign News Editor

The allied powers believed they had won their first diplomatic victory today against the Nazi-Soviet bloc in eastern Europe.

Turkey and Finland—at the extreme north and south wings of the expanding zone of Russian influence—appeared to be resisting demands made by the Moscow government.

Turkey failed to conclude a new agreement with the Soviets and Finland, still hopeful of compromise but prepared to fight, pessimistically asked her Scandinavian neighbor states gathered at Stockholm what they could expect if she fights back against an aggressor.

On the fighting front, there was a comparative lull after German counter-attacks on the scale in the Rhineland. Warships and planes were reported fighting off Holland's coast. German troops massed for a possible big assault on the French frontier and Nazi planes surveyed British naval bases again for further raids.

Reports No Answer  
In the British house of commons, Prime Minister Neville Chamberlain said that Germany had failed to answer the allies' rejection of Adolf Hitler's peace terms and therefore should be expected.

Britain, he said, is prepared to fight on, with her troops now in the front lines in France, but the nation should not expect any surprises to be pleasant.

Developments on both the north and south flanks of the German-Russian combination took an adverse turn for the first time since Adolf Hitler and Joseph Stalin sought to stun Europe into accepting the partitioning of Poland by announcing their close collaboration.

There seemed, meanwhile, to be a slight optimism that Finland could reach a satisfactory agreement with Moscow, which had been reported to be in the hands of the German and Soviet forces in the Gulf of Finland and as a base in control of the Baltic and the Gulf of Bothnia.

# ENGLAND PREPARES FOR BIGGER GERMAN AERIAL ATTACKS

## LEADER FAILS TO GET NAZI REPLY ON PEACE TERMS

By WALLACE CARROLL  
LONDON, Oct. 18 (AP)—Adolf Hitler has failed to reply to the allied peace conditions. Prime Minister Neville Chamberlain told the house of commons today, and Great Britain must prepare for more and bigger Nazi aerial attacks.

"We have the satisfaction of knowing that we have made at least a good beginning," the prime minister said in reporting on the "disappointment" of Germany in its preliminary aerial raids on British naval bases.

"But there are many surprises in war and they cannot all be pleasant. The attacks so far made on our coast have been few and on a small scale and it would be unwise to assume we shall always be as successful as we have been in these first exchanges."

**Nazis Make No Response**  
Making his regular weekly report on war developments, Chamberlain pointed out Germany had made no response to his speech rejecting Hitler's peace terms and warning Germany to choose between elimination of the Nazi system or aggression.

"We have the satisfaction of knowing that we have made at least a good beginning," the prime minister said in reporting on the "disappointment" of Germany in its preliminary aerial raids on British naval bases.

On the western front, he said the British expeditionary force is in position and there is complete unity among the allies.

Chamberlain declared that the battle cruiser Repulse, the battleship Hood, the aircraft carrier Ark Royal or any capital ships except the aircraft carrier Courageous and the battleship Royal Oak—both torpedoed and sunk—had suffered the slightest damage in German attacks. The training battleship Prince of Wales had previously announced, was slightly damaged at Scapa Flow yesterday.

Regarding the western front, Chamberlain said:

"The understanding between the French and British high command is complete."

"The fact that our expeditionary force is under command of the French commander-in-chief (Gen. Maurice Gamelin) and that a unity of command has been achieved so early is one proof of this accord."

"Another is the agreement whereby French troops are serving under orders of the British commander-in-chief in France."

Chamberlain said the air attacks on British fleet bases were a new feature of the war, but one that was fully expected.

"The extent of the enemy's disappointment in failure of these attacks to inflict any serious injury to our ships may be measured by the fantastic nature of the claims they felt obliged to invent," he added.

**Navy Losses Heavy**  
He admitted the heavy suffered serious losses in officers and men—10 to the sinking of the Royal Oak last Saturday and 878 in the sinking of the Courageous in addition to 18 dead in this week's Nazi air raids.

But, he said, many U-boats have been destroyed. Winston Churchill, first lord of the admiralty, had estimated about 20 Nazi submarines had been destroyed.

Chamberlain said only one-half of 1 percent of the total ships sailing from British ports in the week ended Oct. 17 had been sunk, thus demonstrating effectiveness of the anti-submarine measures against U-boats.

# EXTRA DEMANDS BLAMED FOR TURKEY-SOVIET TROUBLE

## RUSSIA WANTED BALKANS NAMED IN OWN SPHERE

By FREDERICK KUH  
LONDON, Oct. 18 (AP)—Four sensational last minute Russian demands caused the breakdown of Turkish-Russian diplomatic negotiations at Moscow, it was reported today, and opened a new phase in European diplomatic activities. The Turkish legation in London was advised officially today that Russia presented the following demands:  
That a Russian-Turkish pact acknowledge the Balkans constituted a region of Russian influence. That Turkey close the Dardanelles strait at once to warships of non-black sea powers.  
No obligations.  
That the Russo-Turkish pact make it clear that the proposed Russian-Turkish mutual assistance pact was not directed against Bulgaria.  
That the pact should not obligate Russia to consult Turkey in event of any German action in the Balkans.  
Turkish diplomatic sources said that new Russian demands were presented to Sultan Suleiman, Turkish foreign minister, after virtual agreement had been reached on the text of a Soviet-Turkish alliance treaty.  
Turkish pessimism over the failure of the negotiations was somewhat relieved by a belief that Russia might reconsider its demands and modify them to an extent where resumption of negotiations would be possible.  
Fear Russia May Act  
Less hopeful diplomats forecast that Russia might act to obtain a diplomatic foothold in the Balkans as the result of the failure of negotiations.  
As the possibility that Turkey might act as a sort of diplomatic bridge between the Allies and Russia had faded into the background for the moment.  
Had the negotiations succeeded, Britain would have been expected to send a strong delegation to Moscow to discuss expansion of Russo-Turkish trade and improvement of relations generally. Now, it was reported that Britain would confine herself to a series of small-scale trade agreements.

## SUBMARINE SINKS BRITISH STEAMER

LONDON, Oct. 18 (AP)—Officers of the Ellerman lines announced today that a German submarine had sunk the British steamer City of Mandalay in the Atlantic ocean. It was believed the crew had been saved.  
The City of Mandalay, 7,028 tons, was registered out of Glasgow. The vessel was built in 1925.  
The American freighter Independence Hall advised that she had picked up 200 survivors, the U. S. maritime commission in Washington announced.

## ACCIDENTS BOOST UTAH DEATH TOLL

SALT LAKE CITY, Oct. 18 (AP)—A spectacular accident in narrow Bingham canyon, an auto-pedestrian accident in Ogden and a truck mishap involving a Port Douglas soldier today sent Utah's 1939 automobile death toll soaring.  
Three persons were killed and three injured in a seriously hospital attendants said they probably would die when a car, said by traffic investigators to have been traveling in excess of 80 miles an hour, left the Bingham highway near Hogan's dairy.  
Careless 500 Feet  
J. E. Seid, chief traffic investigator for the Salt Lake county sheriff's office, said the machine rolled over several times and careened nearly 500 feet after it left the highway.  
A man and a woman were killed instantly. The man was identified as Dallas P. Brown, 30, Salt Lake City, but the woman had not been identified ten hours after the accident, which occurred a few minutes after midnight.  
The seriously injured were Richard Beran, 24, and Beth Burge, 26, taken to Bingham hospital, and Tom H. Cogge, 30, in Salt Lake general hospital. All occupants of the car were from Salt Lake City.  
Five-year-old Louis Lamm of Ogden was fatally injured when struck by a car while crossing a street near his home.  
William H. Kauffman, 22-year-old quartermaster corps aviator, was killed when the dump body portion of his truck fell on him and crushed him while he was at work in a canyon near Port Douglas.

## COMMUNICATIONS CUT TO ESTHONIA

HELSINKI, Finland, Oct. 18 (AP)—Telegraph and radio communication with Estonia was suddenly cut off today and a severe railway curfew was reported imposed in that Baltic state in connection with occupation of military bases by Soviet troops.  
The censorship resulted in a number of alarmist rumors regarding developments in Estonia, which granted military and naval bases to Russia under their recently concluded treaty. About 21,000 Red army troops were being sent into Estonia.  
Travelers from Tallinn said conditions there were highly uncertain and the government had taken "precautions" against any incidents. Foreigners were not permitted to stay in Tallinn, or on Osel or Dagoo Islands (which are new Soviet bases) without special permits.  
Mr. and Mrs. Artie, left for their home today morning after visiting at the home of his mother, Mrs. L. S. Peterson.

## It's Oasis of Neighborliness, Work 'Bee' at Burned Home

An oasis of good neighborliness gleamed today at the east end of Twin Falls amid worldwide bulletins of war and suspensions.  
Out there on Lindy lane an elderly Twin Falls couple, tears of joy welling close to the surface, watched volunteer neighbors and others rebuilding their fire-damaged residence. The volunteers were doing it with materials provided by funds from open-hearted residents, most of whom had never heard of Mr. and Mrs. John Rigney before early morning flames last Oct. 10 destroyed the dwelling next door and seriously damaged the Rigney home.  
Church Leads Way  
Led by a gift of \$26 from the Baptist church and its Sunday school, "good neighbor" contributions from individuals and business firms were above \$150 today. And since lumber companies volunteered materials at wholesale, the contributed funds were going a long way in purchasing the necessary lumber and shingles, according to Mr. Swenson.  
Additional funds, ranging from 10 cents to several dollars, were still trickling in today to assist the Rigney. The offerings were being accepted by Mayor Joe Koehler and the offices of the county superintendent of schools.  
Seven volunteer workers, all expert with saws and hammers, were busy engaged in repairing the Rigney home yesterday afternoon. As many or more will be assisting this afternoon as the job moves swiftly nearer completion. The volunteers are being directed by J. A. Swenson, veteran carpenter who lives across the street from the fire scene.

## BILLINGS PLANS EARLY MARRIAGE

SAN FRANCISCO, Oct. 18 (AP)—Freed from prison where he served 23 years for a bombing he said he did not commit, Warren K. Billings, 46, ex-convict labor organizer, turned to thoughts of love today and kept a rendezvous with the woman he hopes soon to marry.  
She is Miss Josephine Rudolph, of San Mateo, his multifarious objective, Billings disclosed, since the day 18 years ago that she attended a hearing in which he was the principal. Poison prison's most famous convict.  
Marriage to Miss Rudolph, he said, constituted one of his three immediate objectives. Neither would say when this objective might be accomplished. The other two objectives were: "I want to reestablish myself as a good citizen, probably as a watchmaker, and I want to elope at the corner of Fifth and Mission streets in San Francisco without six cops watching me."  
For 15 years Miss Rudolph, victim of him occasionally in the attorney's rooms at Polson and they have corresponded regularly. Billings was serving life for participation in the Preparedness day bombing of 1918.

## Badge Not Respected

PHOENIX, Ariz., Oct. 18 (AP)—Deputy Sheriff Vernon Lee More is bemoaning the lack of dignity and authority which is always conferred on a peace officer by the wearing of a sheriff's badge. He was talking with the inmates of the sheriff's office when a released prisoner walked out. The latter picked up the deputy sheriff's badge, which happened to be lying on the table, and still has it.

## MORAL SUPPORT OF U.S. OFFERED

WASHINGTON, Oct. 18 (AP)—President Roosevelt today placed the moral support of the United States behind the efforts of Norway, Sweden, Denmark and Finland to maintain Baltic neutrality.  
As the northern nations opened their conference in Stockholm, the President, acting in concert with 20 other American republics, this morning sent a message to his majesty Gustav V, king of Sweden. The message presented the moral support of the United States.  
Strategically the communication was sent so that it would arrive at the outset of the meeting between the kings of Sweden, Norway and Denmark, the president of Finland, and their foreign ministers.  
It was understood that Argentina took the initiative in urging the action by the western hemisphere nations.  
The President's message to King Gustav stated:  
"The conference of the Nordic states convened by your majesty in Stockholm will be followed with deep interest by the government and people of the United States.  
Under the circumstances which exist, this government joins with the governments of the other American republics in expressing its support of the principles of neutrality and order under law for which the nations represented at the Stockholm conference have, throughout their history, taken a constant stand."

## Germans Capture French Prisoners On Western Front

BERLIN, Oct. 18 (AP)—The German high command asserted today that France had lost additional territory and prisoners in German attacks on the western front yesterday.  
An official communiqué said: "French troops yesterday gave up further points along the frontier between the Moselle and the Pfälzer forest, which were occupied by our advancing troops."  
"Numerous prisoners were taken." Describing German air raids on the British coast and British and French reconnaissance flights over Germany, the high command asserted the allies had lost 10 planes Monday and Tuesday.  
Paul Revere made two rides to warn the colonists. On April 15, 1775, and again two days later.

## NAMES in the NEWS

Richard T. Forbes of Aberdeen, Wash., 23-year-old college student, is en route to Washington, D. C., to tell the Dies committee about Nazi activities in the Pacific northwest. Forbes said he joined the German American Bund in Seattle last spring with consent of the FBI on agreement he would expose the organization.  
Former Gov. Clifford Pinchot of Pennsylvania and Rep. John Flanagan, Jr., D. Va., will speak on neutrality on radio hookups tonight.  
The Right Rev. Mgr. Michael J. Lavin, 52, rector of St. Patrick's cathedral in New York, died last night.  
When Warren K. Billings was released from Polson prison in California yesterday, he was met at the gate by Rena Mooney, wife of the more publicized of the two labor leaders.  
The first encyclical of the reign of Pope Pius XII, to be published Oct. 29, will be directed against the possible spread of neopaganism and atheism in Europe as a result of the war.  
Gov. Charles A. Sprague of Oregon branded as "foolish" charges by Sanford Bales, former director of federal Bureau of prisons, that Oregon's penal institutions have been the victims of "vicious and unscientific systems of political rotation."  
Mrs. Charles H. Graham, wife of the president of the San Francisco Seal, died after an extended illness. A \$4,000 verdict was returned by a Minnola, N. Y., jury in favor of Frank Cordova, aviator, against Jayne Shaddock Topping, divorced wife of tin-plate help Henry J. Topping, Jr. Cordova claimed Mrs. Topping owed her the money for aviation lessons. Joe DiMaggio, New York Yankees' outfielder, flew from Chicago to San Francisco with his fiancée, Dorothy Arnold, film actress. Milton Berle, who received as high as \$5,000 a week during his 25 years in vaudeville, night clubs and movies, is working for \$200 a week in a Broadway stage production just to demonstrate his contention that he can act.

## C. OF I. STARTS PILOT TRAINING

CALDWELL, Oct. 18 (Special)—Civilian pilot training, under the program of the civil aeronautics authority, is being offered by the College of Idaho beginning this fall. The plan, carried out by colleges throughout the United States, will enable students to obtain three-year appointments as second lieutenants in the air corps reserve on completion of the course.  
Professor Ancil K. Stuenkelberg of the C. of I. physics department has been appointed director of aeronautics and will be in charge of ground work instruction. John Vickers, Caldwell flyer and licensed flight instructor, will give the air training.  
Ten students, nine men and one woman, is the quota allotted for pilot training at the C. of I. Those accepted are Merle Armstrong of Caldwell, Mark Baum of Ashton, Elmer Hansharger of Filer, Angus Knudsen of Glenn Ferry, Jack Peterson of Jerome, Gridley Rowles of Challis, William Skinner of Jordan Valley, James Van Cleave of Parma, Joyce Whitmore of Montrose, Colo., and Peter Dushman of Caldwell.  
The Lea bill, under which training is being given at the College of Idaho, was enacted by congress last July. It provides for pilot training in colleges and universities throughout the nation at a small fraction of the cost for private instruction. Trial

## Union Hearing for Twin Falls Oct. 30

BOISE, Oct. 18 (AP)—Hearings will be held atampa, Oct. 29 and Twin Falls, Oct. 30 on a proposed union, protesting against a ment for southwestern Idaho and eastern Oregon. C. O. Young, state University of Idaho extension service economist, said today.  
Courses were given and proved highly successful last year in southeast colleges and universities throughout the country.  
Training at the C. of I. is at present restricted to regular enrolled students, but may be extended later to include those taking part-time college work.  
Ground work for the course has already started; flight instruction, however, will begin in December.

## Think It Over, Mr. Sportsman

The increasing number of hunters who take to the fields in Twin Falls county each fall during pheasant season should serve as a significant warning to all sportsmen.

With this growing army of pheasant hunters comes an individual responsibility every sportsman must recognize if he wants to save his favorite sport from being ruined altogether.

Idaho will not be the first state to learn its lesson if its sportsmen, game department, and all concerned are not on their guard against the various abuses that combine to destroy this increasingly popular sport.

Because of their greater numbers, hunters in their zeal to get their birds, may find themselves disregarding the fundamental principles of good sportsmanship. They may become careless in respecting the rights of others, particularly the farmers. In some instances they will be unable to resist the temptation of opening fire along the highways and thus endangering the lives of passing motorists.

If continued, such abuses will only lead to unfavorable public reaction. New legislation will impose stricter regulations, trespass laws will be armed with a *savage set of teeth*, private hunting clubs will come into being, "no hunting" signs will flourish in a widespread protest of indignation, commercialized hunting privileges will have their inception, and pheasant hunting as we have known it in Twin Falls county will gradually but surely become a thing of the past.

Right now—before it is too late—Idaho pheasant hunters should take inventory of their individual manners. A majority of these hunters are real sportsmen at heart, but usually it is the unthinking and unappreciative minority that ruins the whole show for everybody.

For that reason those who hope to see good pheasant hunting in Idaho for years to come should assume an added responsibility—not only to govern themselves accordingly, but to insist that all others observe the laws and the rights of those upon whose property they may be hunting.

Bear this in mind. Farmers as a rule have no objection to real sportsmen hunting on their land. If they ask the farmers' permission, observe their warnings and comply with their requests, the sportsmen will usually find their rural friends not only reasonable, but accommodating as well. But if they continue to disregard the farmers entirely and invade and destroy their property, the result is inevitable.

Think this over, Mr. Sportsman. In fairness to yourself, the farmers and all others who enjoy hunting, you must recognize your individual responsibility. If it weren't for the farmers' co-operation we would have little in the way of pheasant hunting. If we in turn can't give the farmers the co-operation to which they are entitled, we have no reason to expect that good pheasant hunting will continue indefinitely.

## 1,202 Tax Collectors

The city of Salisbury, N. C., is not a large city, only about 17,000 at the last census. But it has 1,202 tax collectors.

These are not full-time government employees, however. They are just employees of 252 retail stores who, every time they punch the cash register, record not only a sale but a tax collection.

A few years ago this would not have been true. Real estate carried the burden of local taxation. But the hidden tax, or sales tax, whose gentle tribute is taken almost unnoticed 24 hours of every day, is responsible for this change.

This estimate of Salisbury's tax collectors, made by Mrs. Melville Muckelstope of the National Consumers' Tax commission, would be true in similar degree of every city in the country. It shows how heavily local and state governments have come to lean on the one form of taxes which most directly destroys purchasing power—the sales tax.

## Neutral Air Waves

The 50,000 radio "hams" operators of amateur stations, may prove to be America's first line of neutrality defense in the air.

For many years the activities of these amateurs have been organized and regulated, and many have developed a high degree of expertise. A great many are reserve officers of the army and navy, and the Federal Communications commission is certain that as a group they are "thoroughly loyal."

In their fishing among the less-frequented bands of the ether, at least one of these radio "hams" is likely to come on any messages which might be sent by spy or illegal organizations from United States soil. There was a great deal of this during the World War. But 50,000 organized amateurs are in a position today to spread a net which is pretty apt to catch any illegal or unneutral broadcasts in short order. The diligence and skill of these "hams" in past years now become a definite national asset.

## Formula to Pick Vandal-Ute Game

Dear Half-Blood:

I have been working overtime on my latest mathematical labor on my system for predicting the outcome of football games.

You will admit the advantage of knowing such things in advance, although I'm sure you're not so mercenary minded that the matter of wagering currency would enter into your calculations. But since the Idaho vs. Utah game of next Saturday has Vandal alumni in something of a predicament, I have decided to try out my system on that one. It is an especially appropriate choice because the mighty Utes are favored to pull the hapless lads from the state University, of North Idaho into sackcloth and ashes.

I will reveal to you all steps in my mathematical process except the one secret phase which I dare not disclose because of the danger that some might misuse millions of football fans. Here are the deductions (except my secret formula itself):

1. The Vandal are coached by a man named Bank.

2. The Utes are coached by a man named Armstrong.

3. The Utes are undefeated.

4. Neither Bank nor Armstrong are significant.

## SERIAL STORY

## JOAN OF ARKANSAS

BY JERRY BRONDFIELD  
COPYRIGHT, 1939, NEA SERVICE, INC.

"So you're Joan Johnson," the blond purred. "We've heard so much about you."

"I can't imagine," Joan confessed innocently. "Just what have you heard?"

Keith didn't wait for an answer. He pulled her away for more intimacy. "What's she's poison," he muttered.

Suddenly a short, wiry redneck burst from the music room.

"Where is she? Where is she?" the redneck yelled. Then he saw Joan and Keith and swooped down to her hair and stepped back to survey the result.

"Looks pretty slick to me!" Joan turned quickly at the sound of a voice in the doorway.

"Oh... Carol... c'mon in." Carol sat down and regarded Joan meditatively. "I know," she began, regarding Joan's sleek curves and long, dark bob, "I've got a pretty good hunch that you have met Keith Rhodes all tied up and wrapped in delivery before many moons have come and gone."

Joan smiled. "Thanks, but I don't ever want to get my man in that condition. They don't amount to much."

"I can appreciate your philosophy, but wouldn't it give you a lot of personal satisfaction to beg Keith that way?"

Joan looked at her levelly. "I suppose it should, but I just don't think like that. Surprised?"

Carol's smile was warm. "No—and it's too bad a lot more of us aren't as sincere as you are. But this is an opportunity, kiddo, so make the most of it. Being invited to Sunday dinner at the Gamma house isn't exactly being presented at the Court of St. James, is it?"

Joan winked. "I'll stand 'em on their collective case before I'm through."

"You'll probably do just that, too," Carol murmured.

KEITH called her a little before noon and took her back to the house. Three other girls were there as guests.

## BRUCE CATTON IN WASHINGTON

BY BRUCE CATTON  
Kendall Square, Washington  
Correspondent

WASHINGTON, Oct. 18.—The real story book of the Clark resolution for a Senate investigation of foreign propaganda efforts in this country is that it represents an effort by the isolationists to find out whether the American government has secretly given "assurances" of aid to England or France.

On the face of it, the resolution—introduced by Senator Bennett Clark of Missouri—simply calls for the appointment of a committee of seven to investigate what, if anything, foreign powers or their agents have done to influence American action on the arms embargo.

It is worded broadly enough, however, to empower such a committee to go into the whole subject of international communications both ways.

It is an open secret that the isolationists are anxious to find out whether the American government has secretly given "assurances" of aid to England or France.

It is an open secret that the isolationists are anxious to find out whether the American government has secretly given "assurances" of aid to England or France.

On the face of it, the resolution—introduced by Senator Bennett Clark of Missouri—simply calls for the appointment of a committee of seven to investigate what, if anything, foreign powers or their agents have done to influence American action on the arms embargo.

It is worded broadly enough, however, to empower such a committee to go into the whole subject of international communications both ways.

90 DEADLY HOURS OF WINTER

...wiped out by OIL-PLATING your engine now

It may be hard indeed to believe that a common thing like starting your engine in winter can cripple it badly. All the ragged slow starting that sticks in your mind might still not boom large until you figure that it takes only 6 or 8 daily cold starts, averaging little more than 5 minutes each, to give your engine 90 hours of winter's worst... Or else today give your engine OIL-PLATING!

When patented Conoco Germ Processed oil goes in to give your engine OIL-PLATING, the deadend 90 hours of winter are out!

How do you know?... Just take 90 moments to consider OIL-PLATING vs. oil that can only "flow fast." Such oils, whenever you stop the engine, go flowing down off the work-lub parts. And OIL-PLATING does NOT. The action of the Germ Process fastens OIL-PLATING

lastingly, all the way up to the cylinder head. OIL-PLATING fastens as firmly as the chrome-plating on the bumpers.

The bumpers don't lose their protective chrome-plating while you've parked at a winter night's party or near your winter day's work. Neither do the engine parts lose their protective OIL-PLATING. Before you're even tucking in your scarf your engine is ready-lubricated to roll right over and live! Then your battery lives, too. And talk about OIL-PLATING staying up lastingly; so does your oil-level. Change today to Your Mileage Merchant's for your correct Winter grade of Conoco Germ Processed oil. Continental Oil Company

## National Interest in High School's Drama

By MARGARET ELLSWORTH  
A request for a complete story and pictures on production of "Prologue to Glory," Twin Falls high school all-school play, which is to be given Thursday and Friday evenings, has come to Miss Florence Rees, director, from the National Thespian magazine, the monthly magazine of the national dramatics society to which the local high school dramatics honorary belongs.

In asking for the story, the magazine commended the instructor and school on the record of initiative and successful production of plays they have achieved recently. Particulars on how the play was produced, and changes found necessary during the rehearsal of it were particularly requested.

Second Largest in U. S.  
Added in the letter was commendation for the Twin Falls club on having the second largest membership in the country for the clubs. The story of the play comes from Abraham Lincoln, during the years he lived in New Salem. Opening scene finds him on his father's farm, discussing with his young cousin, Denny Hanks, the value of education. Denny, a New Salem store owner, offers young Lincoln a job clerking in his store, and after persuasion by his stepmother, Lincoln accepts.

Before his arrival in New Salem, Lincoln boasts to the village rough-necks that his new clerk can out-run, out-talk, out-fox and out-think them, and when Lincoln arrives, he is finally driven to fight. After the fight, he meets Ann Rutledge, and the tragic romance begins as they fall in love.

Famed Student  
During the second act occurs the famous incident in which Lincoln falls to return the correct change to a customer, and walks away with the correct change. He is persuaded by Granny Rutledge to propose to Ann.

In the last act Ann dies, and a discouraged and heartbroken Lincoln returns to the farm. He is convinced by his friends that he should go to Springfield and study law. Among the high points of the play are the recitation of "Curfew Must Not Ring Tonight," a favorite, and singing of "When the Roll is Called Up Yonder," by the debating society, in action with men voting by word of mouth, the beginning of Lincoln's campaigning, and his mixing of the Bible and Aesop's fables as he reads to Granny Rutledge.

Production Staff  
Production staff will include Larry Vining, stage manager, and John Balach, electrician. Scenery was designed by art classes of Miss Agnes Schubert, who has worked on stage sets in Hollywood, and stage carpentry was done by manual training classes of R. W. Jones.

In charge of properties are Margaret Van Engelen and Doris Reed; Louise Louden and Lou Hagard, check girls' costumes, and Bill Pomeroy, costumes for boys. Bill Pomeroy is in charge of advertising, and the advertising committee consisted of Mac Johnston, Phyllis Greenwood, Helen Brown, Ruby Carlson, Irma Goodrich, Beth Henderson and Don Martin.

Door Attendants  
Doorkeepers for Thursday night are Bill Luke, Virgil Telford, James George, Walter Hankins, Darwin Dunn and J. C. Holte. For Friday night doorkeepers will be Joe McElrath, Robert Ryman, Bruce Stansbury, Bill Luke, Virgil Telford and Darwin Dunn.

## Again the Historic Romance

One of the most touching romantic interludes in America's history lives once more in "Prologue to Glory," Twin Falls all-school drama of the young Abraham Lincoln. Above, Joe Williamson, whose physical resemblance to the youthful Lincoln is termed almost uncanny, and Betty Durling, as Ann Rutledge, Miss Durling takes that role in Friday night's presentation and also in the Thursday matinee. Miss Beth Shively portrays Ann on Thursday night and in this afternoon's matinee. (Evening Times Photo)

## Camp Mary Lois Has Anniversary

## UTES AGAIN ATTACK AGAINST VANDALS

### Armstrong Team Points to Revenge For 1938 Licking

By LLOYD TUPLING

SALT LAKE CITY, Oct. 18 (UP)—Idaho football fans are sure to see an air-minded University of Utah football team at work Saturday when the Indians meet the University of Idaho Vandals in Boise.

That assurance was given today by Coach Ike Armstrong of the Utes as he put his backfield stars through the gamut of passing plays. With Idaho's 16-10 triumph over the Redskins as the only blot on Utah's 1938 slate, Armstrong is pointing all preparations to some kind of "sweet revenge" this week-end to wipe off the old score.

The Redskins started their week-long preparations with a brick line on Monday, took up heavy scrimmage work with emphasis on the passes Tuesday, and prepared a taper off during the last three days.

Despite the victory trail which the Indians have covered this season, Armstrong still views the Idaho outfit as the biggest hurdle remaining on the grid calendar. Armstrong said that according to scouts who saw the Vandal defense in action last week, Idaho has a team that will measure up pretty close to last year and announced it will take some good, hard football to beat them.

Of the 102 points scored by Utah against three opponents this season, fully 85 per cent came from passes or from an aerial offensive that brought the ball within scoring distance. Although attacks by air have put Utah among the nation's leading scorers, the coach indicated there are plenty of faults that would have to be ironed out before next Saturday. In last season, Armstrong doesn't want last season's drubbing repeated.

The Utah squad will not leave for Boise until Friday night in order to allow the gridironers to attend as many classes as possible.

### Shifts Made In Vandal Backfield

MOSCOW, Oct. 18 (UP)—A shake-up in the backfield lineup of the University of Idaho Vandals and a stiff workout emphasizing pass offense and defense featured today's preparations for a football test at the University of Utah at Boise Saturday.

Harold Durham, lightweight fullback, replaced Lavern Bell at fullback and put fire into the team drills Tuesday. Rex Engking, Albion Normal transfer, moved up to starting left halfback, replacing Earl Acuff.

Rex Franklin took over the starting right halfback assignment from Gordon Price. Stodnick remained at his starting quarterback position, the only backfield man not unsettled in the lineup.

### Pro Grid Loop Attendance Points To Record Season

NEW YORK, Oct. 18 (UP)—A 10 per cent attendance increase for the first five weeks of this season over last year's record-breaking per centages the greatest season in history for the National Football League, President Carl L. Borek believed today.

Last Sunday's four games drew 120,141 and marked the passing of the 100,000 mark for one Sunday a week earlier than in 1938.

The chances of the Huskies of Douglas finishing well up in the eastern division continued to improve today with acquisition of Alce Rindling, 210-pound tackle from Notre Dame and Dick Nantz, ex-Ohio State back, who played with the Detroit Lions last year.

### Two Convicted of Over-Possession In Phasant Hunt

Only two men have been convicted of possessing more than the legal limit of pheasants since the season opened. It had been announced here today by Grover C. Davis, conservation officer, first grade, for south central Idaho.

The two men were McKinley Jones, Jr., and Rex Olsen, American Falls, and were convicted by Justice of Peace Howard Snook at Rupert on Monday. They pleaded guilty to excess possession and were each fined \$25.

"As far as I know," said Mr. Davis, "these are the only two arrests made since the pheasant season opened Sunday."

Other conservation officers of the region reported no arrests.

BEAVERS HAVE ROUNDED TAIL. WINNIPEG, Man., (UP)—The first beaver, a species of American beaver, arrived in Winnipeg over Canadian national lines assigned to the Byth River farm.

### Commissioner Lou

With his wife typing as he dictates, Lou Gehrig, former New York Yankees star, is pictured in his La Grange, N. Y., home following his appointment to the New York municipal parole commission. Mrs. Gehrig, who handles all Lou's correspondence, may become his secretary when he is sworn in next January. After being in 2,138 consecutive games, "The Captain" is playing left below par and he voluntarily benched himself last April. It was discovered he had a rare form of chronic infantile paralysis.

### Pacific Coast Teams Get Breathers or Rest This Week-End

By EDWIN CONKLIN

LOS ANGELES, Oct. 18 (UP)—Pacific coast football conference games scheduled for this week-end will give leaders "byes or breathers" after a string of surprises that left only Oregon State with an unmarred record.

Oregon State, after defeating Portland university last week, takes on University of Washington Saturday in the first game of a non-sized schedule. Following Washington State the next week, they try their championship teeth on such tough material as U. S. C., Oregon, California and U. C. L. A. Any of them are capable of knocking the Orangenom out of the lead.

PROVO — The Brigham Young Cougars held a hard workout today with several sophomore candidates making worthy showings.

The Cougars expect a tough battle from the University of Nevada at Reno Saturday in the West's first home game of the season.

SEATTLE — Coach Bertel, senior quarterback, will captain the Washington squad against Oregon State Saturday.

BERKELEY — The California Bears went through another tough scrimmage today while Coach Herb Allison sought a starting combination to send against Washington State.

## Pitt Again Looms as Eastern Champ

### Lumber, Schlitz Bowlers Win Pin Contests

The cellar-dwelling Twin Falls Lumber bowling club last night rose up in wrath and knocked over Hattie's Conoco four straight points to highlight City league bowling.

The winners used a 34-pin handicap to top the first game, but after that, they were on their own and easily whipped their opponents. Top man for the league was Joe Armstrong, who compiled a three-game total of 516—the only man on either club to go over the 500 mark. High single for the evening in the City 1000 went to Dale Reese with a 200 in his first game.

In the Commercial, Fred Stone took back on the firing line for Schlitz and led the beer-merrit to a 3-1 victory over the league-leading Studebaker club. Stone rolled a 559 for three-game honors, but Fargo got top single—a 195 in his first game.

For the losers, Cox was the only man over the 500 mark. He had a three-game total of 527.

### STRIKES to SPARE

With Fred Stone

In a very close match, Schlitz took three out of four from the league-leading Studebaker club; six pins the second and 48 on the third. The third game Studebaker won by nine pins.

My 559 was the top total, with Vern Jennings nailing me out of high single for our team by one pin, 190 to 189. It was a 190-handers match as Corky Carlson, our only southpaw, was the only one below the 500 mark for the Schlitzers.

Cox, with 527, was the best for Fargo boys—in fact all the rest of the team was below par.

Studebaker, with 195 his last game, took high single for the Commercial league.

There was no handicap in the Commercial league as the Studebaker team had not rolled the required number of games.

With the help of a 34-pin handicap, the first game, but needing no handicap at all the rest of the games, Twin Falls Lumber made a clean sweep of their match with the Hattie Conoco club.

"Champ" Joe Alsworth, with a 518 total, led both teams for a high in fact he was the whole show as all the rest of the boys were well below the 500 mark. Joe had a first game of 190—the best single for his team. But he had to give high single honors to Reese, a member of the Conoco team, by a single pin. Reese got 200 his first game.

Orange Transportation got the first bowling out of week and 2,612 is tops to date for the next few bowling.

No game in City league Wednesday night. Firestone vs. Iron Pipe-men on Friday night.

## Carnegie Tech, Cornell Only Other Contenders

### Garcia, Armstrong Battle Feb. 22

LOS ANGELES, Oct. 18 (UP)—Cesar Garcia, boko punching Filipino, will defend his middleweight title against Henry Adams, world welterweight champion, in Los Angeles Feb. 22.

Eddie Mead, manager of Armstrong, also announced he had signed a contract to match Bobby Pacho, Mexican welterweight, against the Negro champion on Oct. 30 in Denver.

SAN FRANCISCO — Jack Friel of Washington State college will referee Sunday's encounter between Santa Clara and St. Mary's. Both coaches protested appointment of Tom Loutill of Portland.

Cornell Wins

Cornell has come through with wins over Syracuse and Princeton and the Big Red shouldn't have much trouble this week against Penn State. And, after Ohio State the following Saturday, it should roll smoothly against Columbia, Colgate, Dartmouth and Penn.

A lot of the experts are expecting Fordham to bounce back after successive losses to Alabama and Tulane, two of the best teams in the country. The Rams are idle this Saturday preparing for Pitt next week.

Navy vs. Notre Dame

Two easterners are involved in inter-collegiate this week. Navy travels to neutral Cleveland to engage Notre Dame. Manhattan enters in New York the Auburn aggregation.

Other games:

Army vs. Yale, Boston college vs. Temple, Brown-Holy Cross, Georgetown-Bucknell, Catholic-West Virginia-Western, Colgate-St. Lawrence, Columbia-Princeton, Dartmouth-Lafayette, Maryland-Rutgers and Citadel-George Washington.

# Yankee Scouting System Gets Credit for Success of Team

## Pre-Spring Training Season Tips for Prospects

Bill Easick, Yankee scout, is lecturing Gerald Friddy, left; Johnny Lindell, center, and Joe Gordon, right. The picture was taken on Boyard field, University of Southern California, some time before they reported to their respective clubs in 1938. Friddy this year was with the Kansas City farm club, \$100,000 second basing combination. Gordon almost immediately became a superlative second baseman for world champions.

By HARRY GRAYSON  
(NEA Service Sports Editor)  
NEW YORK—Superior scouting, not the late Colonel Ruppert's millions, has kept the Yankees where they are... out in front farther than Joe DiMaggio can throw a rock.

The hero of this fall's world series, with three home runs, a triple and a double, all in the pinches... was Charley Keller, a freshman.

Formerly was Ruth, Gehrig and Dickey. Then it was DiMaggio, Gehrig and Dickey. Now it's Keller, DiMaggio and Dickey, with the first two just starting.

To give you a rough idea of the future of the New York club, the infield of its Kansas City farm club is little less efficient than that of the world champions.

A \$100,000 value already has been placed on the Blues' key combination... Second Baseman Gerald Friddy, Johnny Burns at first base and Bill Hitchcock, third baseman.

Any other major league organization would bring up Friddy and...

Joe Devine, Gene McCann, Friddy next spring, but the Yankees probably will keep them in Kansas City for another summer.

Even then they may have no place for them, with Frank Peter Joseph, Crockett still the last word and Joe Gordon just obtaining his real start.

Had Kene Examined? The Yankees provided Eddie Miller of Kansas City, the minor league shortstop of 38, to the Boston Red Sox.

King Kene Keller pounded international league fences for an entire season after everybody agreed he was ready for big time.

# Mac Sees Challenged as Horse to Beat in Special

By HENRY McLEMORE  
NEW YORK, Oct. 18 (UP)—If what the clock says is true (and experience has taught me never to dispute anything that has two good hands) then Challenged looks like a mighty good thing in the Pimlico special at Baltimore the first day of next month.

This big Maryland-bred colt, who outlasted Johnstown to establish himself as the best three-year-old in the country, figures to take Kayak II, Cravat and Jockey in the race that carries a \$100,000 purse and the pleasing title of yearling.

The special will be run over the same distance that Seabiscuit and War Admiral traveled in the first special a year ago, a mile and 3/16ths. This route (its Challenged as perfectly as 100 yards does Jesse Owens, a mile does Glenn Cunningham and five miles did Wm. Frazer).

Challenged won the Freshness, his biggest individual race, at that distance and only last week at Keeneland he blazed through a mile and 3/16ths in 1:54 3/5. And that speed was good enough to top off two-fifths of a second from the old world mark established by Discovery, Challenge and packed 120 pounds at Keeneland.

# Hartnett Gets Shabby Treatment as Cub Boss

(NEA Service)  
CHICAGO, Oct. 18.—One of Charles "Mac" Hartnett's two "a" ready out of his Chicago managerial office and the other is on a banana peel.

"I haven't yet made up my mind," says Philip K. Wrigley, owner of the Cubs, just as though he were a judge and Gabby Hartnett had committed a grave crime. Judge Wrigley then dropped the sentence by explaining that he first wishes to cool off, and adding: "Right now I'm an 11th-hour man."

Off hand, I would say it is a shabby way to dismiss old Tom Hartnett following 16 years of faithful service.

What P. K. Wrigley needs more than a field manager is a practical baseball man at the head of his organization.

He should follow in the footsteps of his father in that respect. William Hartnett, Jr., placed his baseball affairs in the capable hands of William Louis Weck, a former Chicago baseball writer.

It was Bill Weck who brought in Joseph Vincent McCarthy, a bush league manager from Louisville.

Joseph V. McCarthy, who took the Cubs from nowhere to a pennant, established major league attendance records that still stand.

William Wrigley inherited just one thing from the most serious mistake in the history of the Chicago National League.

Disappointed when the Cubs failed to win the world series from the remarkable Athletics in 1929, William Wrigley replaced Joseph McCarthy late in the following season with the outfit in second place, and named Rogers Hornsby in his stead.

"I wouldn't rely too much on your father to help you with your arithmetic. He hired a man to make out his income tax."

# Burke Loses on Technical K. O.

LOS ANGELES, Oct. 18.—(UP)—Jack Wilson, Los Angeles, last night scored an eighth round technical knockout over Jackie Burke, 143, of San Francisco, before 8,000 fans at the Olympic auditorium.

Referee Charley Randolph stopped the bout in 2:48 of the eighth round after Burke was bleeding unmercifully from a cut on his forehead. Wilson, who had won his opponent four times in the first round.

## 3rd Indicted Louisiana Man Kills Himself

NEW ORLEANS, La., Oct. 18 (UP)—Lawrence Merrigan, 35, former intern-revenue collector, last night became the third Louisiana politician to kill himself in five weeks of public scandal.

Like the others—Dr. James A. Shaw, director of the medical division of the state conservation department, and George Heideberg, head of the national youth administration at Louisiana State university—Merrigan shot himself. He was in a hotel room. The cause of his act was not disclosed.

He had been income tax consultant for Dr. James Monroe Smith, the former L. S. U. president who faces numerous federal and state indictments for swindling. He was once indicted but not prosecuted for collecting Republican campaign funds from federal employees.

Fourteen more politicians and their associates were indicted by two federal grand juries yesterday, indicating that federal investigators had not yet reached the bottom of the corruption extending from the days of the assassinated Huey P. Long.

At the L. D. church Sunday the ward was reorganized with Pres. Richins, Twin Falls state, in charge. Those released were William "Bugs" Hatcher, Walker, first counselor, and Mark Dayley, second counselor. Those elected were Clifford Hatcher, first counselor, and Mark Dayley, second counselor.

Pay White, former resident, and George Hatcher, Clifford Hatcher's son and Carl Walters, Berryville, Ark., arrived Monday.

## COURT OF HONOR ARRANGED HERE

Boy Scout court of honor will be held in the district court rooms of the courthouse today at 8 p. m. with Judge O. P. Duval presiding. It was announced this afternoon by scouting officials.

Between 25 and 30 Scouts in this district will be advanced in the ranks of first and second class, merit badge and Star Scouts.

Awards to the Scouts at this court of honor, first since the summer vacation, will be presented by medical men with Dr. J. N. Davis, council commissioner, in charge. Dr. John Wuester, Buhl, will present second-class rank; Dr. George C. Halley will present first-class rank; Dr. H. L. Stove, Star rank, and Dr. Harry Allen, merit badges.

In the matter of presentation of the awards, Judge Duval is following out the plan adopted early in the year of having professional and businessmen present the honors. At the first session members of the Twin Falls bar assisted. In the second session members of the high school faculty aided, and in the meeting prior to the one tonight representatives of life insurance companies participated.

Tonight's meeting will be especially interesting, Judge Duval said. "In addition to short talks by the four physicians, special pictures of scouting will be shown."

It was stressed that parents of Scouts and other interested persons are welcome to attend the court.

## Fourth District Legion Convenes

JEROME, Oct. 15 (Special)—A large delegation of American Legion and auxiliary members of the Jerome post is planning to attend the fourth district American Legion and auxiliary convention council Friday afternoon, Oct. 20 at Shoshone.

Luncheon will be served at the McFall coffee shop at 1:30 p. m. when Mrs. Georgia Forman, department president, requests that all unit presidents, all district officers and any other members who can be in attendance.

A school of instruction will be held at 4 p. m. at the Shoshone Methodist church followed by the business meeting conducted by the fourth district president, Mrs. Ardeth Shimmitt, Jerome.

A banquet will be served at the I.O.O.F. hall by the Methodist Ladies Aid at 7 p. m. A program and talks from department officials will be heard at this time.

## Cattle Reactors Show Low Total

Cattle reacting to the Bangs disease tests in Twin Falls county for September totaled less than one per cent, Dr. George H. Caldwell, federal veterinary inspector, announced today.

The extremely low reaction was registered out of a 105-head total. Aggregate head reached 1,083. Only 10 reactors were discovered, putting this county's average well below the state level.

## Party at Declo

## YOUTH ACCEPTED FOR AIR SERVICE

Pointing out that there is no better way to enter aviation than by enlistment in the air corps of the United States army, Sgt. Frank Morris, recruiting officer in charge of the local station at the city hall, said this afternoon that George A. Brummett, route three, Gooding, has been accepted and will be stationed at Hamilton field, Calif.

After Brummett's initial training period, he will be enrolled in one of the several service schools there to pursue a study in motor mechanics and the science of aeronautics.

Morris said that several other vacancies occur at the present time. Two years after filing of the suit, Mrs. Evelyn Hankins had won a divorce decree today against Frank Hankins.

The wife, who is mother of children 11 and nine years old, charged non-support. She wed Hankins Dec. 12, 1926 at Bakerfield, Calif., and said he has been separated from her since November of 1932.

Hankins withdrew his own answer and cross-complaint in the case.
