

BRITAIN, TURKEY, FRANCE SIGN 'AID' PACT

Baltic Nations Stand Together Against Russia

STOCKHOLM, Sweden, Oct. 19 (UP)—President Kyości Kallio of Finland announced today in a radio broadcast from the castle of King Gustaf V of Sweden, that Finland was determined to defend its independence and had received "constant proofs of the solidarity of other Nordic nations with Finland."

Kallio's speech came at the close of a two-day conference with the kings of Sweden, Norway and Denmark and the foreign ministers of all four countries. The conference was called by Gustaf to work out a common plan to keep war out of the Nordic countries. Discussions apparently were monopolized by Russia's demands for concessions on Finnish islands.

Kallio said Finland wished to live peacefully but that the other Scandinavian kings had pledged their support and that this support "was not limited to words but had taken expression in action."

He indicated Russia's demands against Finland had been of "a serious nature."

He said the Finnish people were profoundly thankful for the support given by their country's youngest monarch, King Haakon VII of Norway, which won its independence from Russia after the World War. He said he hoped "our powerful neighbors will respect the pacific agreements made with Finland (presumably the Finnish-Russian friendship treaty) and that the Baltic states will respect the pacific agreements which should be settled by peaceful negotiations."

Finland's support to Russia's "impossible" has not yet been given. Finland's negotiator, J. K. Paasikivi, is expected to leave Stockholm for Moscow today.

He was waiting until after the Stockholm conference and it had been expected that the terms of the Finnish reply would be known upon the amount of support Kallio and Foreign Minister Risto Rytko could get from the other Nordic nations.

NAMES in the NEWS

Diego Rivera, Mexico's fiery muralist whose ideas regarding Russia once clashed with those of John D. Rockefeller, Jr., is being sued for divorce by Frida Kahlo de Rivera, his third wife, because of "irreconcilable differences."

The British admiralty termed absolute nonsense reports that Winston Churchill has resigned as first lord of the admiralty. Hermann Hein, builder of the steamship Bremen, died at Kassel at age of 69.

Generalissimo Francisco Franco formally installed his nationalistic government at Madrid, moving it from Burgos, his capital since the outbreak of the civil war.

Tom Moody, labor leader, is in a Pittsburgh hospital suffering from a stomach ailment.

Leah, Carl Frick of the U-boat that torpedoed the British Royal Oak, said Adolf Hitler has been "born to rule."

Dean Wayne L. Moore telegraphed Secretary of Labor Frances Perkins his acceptance of resignation as waterworks administrator for the Pacific coast, declining upon acceptance of the newly organized waterworks commission.

First passenger ship in 1911, sent to Alaska by King of Norway, Sweden and Denmark and the United States, is being used to haul the "body of destruction" of the second world war.

Max W. Pritchett, president of the OIO-affiliated International Workers of America, denied he is or ever was a member of the Communist party. Secretary of State Henry A. Wallace said the work of the agricultural department will be "affecting the world's food supply" possibly have special significance because of the national emergency precipitated by the European war.

QUAKE FELT IN EASTERN STATES

BOSTON, Oct. 19 (UP)—An earthquake today rattled windows and chimneys here and in many other sections of New England and eastern Canada.

Dr. L. Don Lee of Harvard university, seismologist stationed at Harvard, Mass., believed the quake was severe at its center, which he placed somewhere out in the Atlantic.

Massachusetts, Maine, New Hampshire, Vermont and the province of Quebec all reported quakes in varying intensities about 7 a. m. No damage or casualties were reported.

In Brockton, in southeastern Massachusetts, Charles C. Barrows reported that as he and his wife were about to get up, their bed slid 12 inches away from the wall.

FARM ELECTIONS SET OCT. 25, 26

Dates for the election of farmer-committees to direct AAA administration in their respective areas will be Wednesday and Thursday, Oct. 25 and 26. It was announced here this afternoon by Walter Hesse, chairman of the county agricultural conservation committee.

The elections will all be held at 7:30 p. m. except laboratory, where the meeting will be staged Oct. 25.

The meetings, dates, hours and committee chairmen who will be in charge:

Buhl—Oct. 25, 7:30 p. m. city hall, Mrs. Arnoe.

Cascade—Oct. 25, 7:30 p. m. city hall, Anton Sushan.

Filer—Oct. 25, 7:30 p. m. fair grounds, E. Arnoe.

Twin Falls—Oct. 25, 7:30 p. m. private court room, Kenyon Owen.

Kimberly—Oct. 25, 7:30 p. m. agricultural building at Kimberly high school, H. O. Lauritzen.

Warburg—Oct. 25, 7:30 p. m. school, E. P. Browning.

Salmon tract—Oct. 25, 7:30 p. m. Hamilton Grange hall, A. E. Kunkel.

Mr. Hesse explained that "farmers should be notified of the date of the election."

2 Men Shoot Each Other in Pistol Battle

FALLS CITY, Neb., Oct. 19 (UP)—Fifth Asendorf, 30, ex-convict son of a policeman, and Guy Kleckner, 34, were dead today, each having killed the other in a gun fight that erupted in the city.

Asendorf, 30-year-old slayer, John, a former sweetheart of Asendorf, was critically wounded and died.

The circumstances surrounding the shooting began two weeks ago when Asendorf and Alphonso Brown held up and robbed John Kleckner, a retired farmer of 434 after beating and choking him. Brown was arrested, convicted and sentenced to from one to six years. He implicated Asendorf.

WAY TO ABORN WARRANTS
 JOISE, Oct. 19 (UP)—But Treasurer Myrtle P. Binkling said today the state hoped to absorb all registered highway fuel shortage, by taking them up with the state land department funds.

LATE FLASHES

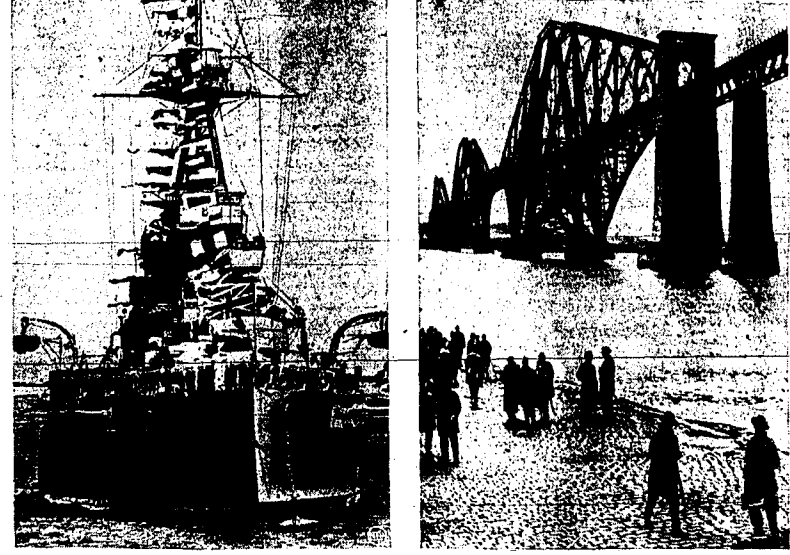

STOCKHOLM, Oct. 19 (UP)—The kings of Sweden, Norway and Denmark and their foreign ministers decided today against attempting at this time to mediate in the European war.

The chiefs of state at the meeting of the Nordic states with President Kyości Kallio and King Gustaf V of Sweden had made radio broadcasts appealing for peace and offering relations between Scandinavian nations as a model for international friendship.

FARIS, Oct. 19 (UP)—An Agency Radio news agency dispatch from Le Havre reported today that the 11,000-ton French freighter Vermont had been sunk in the Atlantic on the Franco-Gulf of Mexico route but that the crew was safe.

SOPHA, Bulgaria, Oct. 19 (UP)—The cabinet of Premier George Kirov resigned today. The resignation was to give a new cabinet wider powers including appointment of members who would command greater parliamentary support.

Targets of Nazi Sky Raiders

The 21,200-ton battleship Iron Duke, flagship of the British fleet in the battle of Jutland and now a training ship, was slightly damaged, without casualties, when German bombers made a raid on Scapa Flow, battle station of the British Home Fleet north of Scotland.

This Column Shows Per Cent Raised in Chest Drive in First Three Days Give Your Share Today!

GERMAN TROOPERS DRIVE FRENCH FROM NAZI SOIL

BERLIN, Oct. 19 (UP)—The Nazi high command announced today that French troops on the western front had been driven back to French soil on the Saar sector but emphasized that German forces avoided crossing the frontier.

"Thus the first phase of operations resulting from French initiative is regarded as finished," the high command declared in a significant statement that may reflect Adolf Hitler's strategy.

The German high command also announced that total German casualties from the start of the war until Oct. 7 were only 466 on the western front, including 185 killed, but that 60 allied planes had been shot down since hostilities started.

The communique—claiming that virtually all of the French gains since the start of the war had been wiped out and that pressure had been turned on the great Saar-Brieg industrial area—hinted that for the moment at least Hitler was avoiding any powerful thrust at France.

Although the communique shed no direct light on Hitler's plans toward France, it was pointed out his bitterness has been directed principally at Great Britain and that the Nazi warfare has been pressed most severely against the British. Hitler's recent speeches have emphasized the German desire for peace, especially the lack of any Nazi claims or resentment against France.

POLISH REGIONS ADDED TO REICH

BERLIN, Oct. 19 (UP)—Adolf Hitler issued a decree today establishing the province of West Prussia, comprising the Polish province of Pomerania, which was the famous corridor cutting East Prussia off from the rest of the Reich.

West Prussia, the name of the old pre-World War German province, is compared to the Polish province of Pomerania, which was the famous corridor cutting East Prussia off from the rest of the Reich.

Danzig, Gdynia, Thorn, Bromberg and Graudenz are among the cities.

The area was a pre-World War province of Prussia with an area of 11,184 square miles. Under Polish rule after the World War it was known as Poznan, with its chief city of Poznan or Posnan on the Waisthe river.

The two areas, as constituted under the Polish regime, covered only a comparatively small part of the territory taken in the German victory after the World War.

The two areas, as constituted under the Polish regime, covered only a comparatively small part of the territory taken in the German victory after the World War.

DARRAH CHOSEN TO LEGISLATURE

BOISE, Oct. 19 (UP)—Gov. C. A. Bottelmann today announced appointment of two men to fill vacancies in the state legislature left by resignations.

Those appointed were Ben Darrah, Lincoln county, to succeed C. W. Dill, Jr., in the house of representatives; George Ambrose Mackay, to succeed to the seat of D. A. Kelly, Custer county.

GOOD-WILL FLIGHT
 WASHINGTON, Oct. 19 (UP)—President Roosevelt today ordered six army flying fortresses to fly to Rio de Janeiro to participate Nov. 15 in the 50th anniversary of the founding of the Brazilian republic.

"Ballots Are Used in Fishing"—You're Apt to Be Slightly Staggered by Some School Test Replies

You'll discover a good many things you never knew if you take a peek inside the Stanford achievement tests now coming in from Twin Falls. For instance, you probably didn't know that the way a foreigner can make a citizen is by purchase or maiden is a king.

Those are just a few of the oddities cropping up among the test replies.

The general level of the country's elementary pupils on the Stanford test is well above average. But as in any question and answer quiz—even in colleges and normal schools—many of the replies are hilarious. And that's no accident to the publishers as a whole.

The second series of tests will be given next April. Proctors of the youngsters will then be debauched.

Call Fire Department
 Leading the way immediately in point of misbehavior by the youngsters who took the tests are the statements that lamp glass is a good food for children; bread, you ought to call the fire department if your clothing catches alight and pearls are obtained from mines.

So settle back in your easy chair and take a few eye-glances out of the test replies:

A vulgar deed is nice.

A villain is a leper.
 An example of an alcoholic drink is coffee.
 A canal is much like a crowd.
 If your clothing catches on fire, you should call the fire department. Flashed means blind.
 A rivet is much like a prophet.

Love is stony.
 To be fancy is to be affectionate.
 To plant is to haul.
 A glider is made of soil.
 A defect is a deck.
 A sturgeon is diving.
 The American is a kind of giant.
 The Christian religion originated with the Roman.
 The man who gave money to Columbus was Mary.
 Postmen can become citizens by purchase.
 Henry Clay was a great inventor.
 The power of levity taxes is referred to the cabinet.
 Washington, D. C., is connected with shipping.
 The largest divisions of land are called islands.
 Pearls are obtained from mines.
 Content is made from iron.
 A state largely bounded by water is the Antarctic.
 The nose nearest the poles is the equator.
 A good food for a child's breakfast is lamb chops.
 A piece of heart is about the size of a rug.
 To rejoice is to thicken.
 Rashes a din, anyway!
 A villain is a sin.

The supreme court cannot try cases of arson.
 In 1818 European monarchs organized the League of Nations.
 The Boston was a people of Italy.
 A state having a very warm climate is Oregon.
 A state located in the mountain region is Iowa.
 The pyramids are located in Morocco.
 Australia is a possession of Canada.

ARMY EXPANSION AIDS TRADESMEN

The expansion program of the United States army has created a vast field for vocational and occupational training and has made available enlistment opportunities to qualified tradesmen in practically all fields of specialization. It was pointed out here this afternoon by Sgt. Frank Morris, officer in charge of the recruiting station at the city hall.

"Since every branch of the regular army has been thrown open to enlistment, young men who are interested in military service will have a practically unlimited range of assignments and stations to select from," Sgt. Morris said. "This is especially true regarding those with an eye on civilian aviation, who will find exceptional opportunities in this field with the army air corps at either Hamilton field, March field or Moffett field, Calif."

A partial list of army organizations for which enlistments are now being made includes the military police company and 15th infantry at Ft. Lewis, Wash.; third medical regiment at Letterman general hospital, San Francisco; 80th ordnance company, ordnance department, Benicia arsenal, Calif.; 65th and 43rd anti-aircraft coast artillery regiments at Ft. Winfield Scott and Ft. McArthur, Calif.; all air corps infantry, field artillery, medical departments and aviation corps organizations stationed at practically every military garrison throughout the Pacific coast and intermediate states, including posts at Ft. Douglas, Utah; Ft. Francis E. Warren, Cheyenne, Wyo. Special assignments and vacancies are available to qualified cooks, bakers, stenographers, clerks, typists, musicians, mechanics, painters, radiogram operators and medical laboratory technicians.

Recruits must be between the ages of 18 and 35 years, single and without dependents.

CCC Enrollees Go to Rogerson

HAGERMAN, Oct. 19 (Special)—Company 2228 of the Hagerman CCC camp moved to Rogerson Sunday, Oct. 15. Company G-13 grading service property moved to Wood river to Company C-14 at Shoshone. There were five members of the Hagerman CCC camp that were transferred to the Wood river camp in Shoshone.

The work at the Wood river will be spring development and reservoir construction. Wood river is in grading district No. 2. The work at Rogerson will be truck trail and work on the Rogerson Three Creek highway.

Farmer Injured By Corn Binder

ACQUA, Oct. 19 (Special)—H. C. Buller was painfully injured when he got his hand caught by the needle on a corn binder.

"The needle went through the hand," he was held there for an hour and a half before help was secured.

The services of a blacksmith were necessary to extricate the hand.

AUCTION FEATURE OF "RICE" PARTY

This year's "bowl of rice" party in Twin Falls, designed to raise funds for medical supplies to be given to aid non-combatants in China, will center around a reproduction of the painting "Rice" by Wing, noted Chinese artist, was announced here this afternoon.

One reproduction of the painting, of which there were only 100 printed in the United States, will be auctioned during the local party, set for the city cafe, 125 Main avenue east, between 2 and 7 p. m. on Monday, Oct. 30. It was pointed out by H. Z. Froedhelm, chairman of the drive for funds in this section. The drive is sponsored by the United Council for China Relief in China and local committee members were appointed by Theodore Roosevelt, Jr., national chairman. Aside from Froedhelm the committee members are W. F. Stettler, in charge of finances; John Garcia and O. A. Keiser, in charge of publicity. Assisting will be Harry Nelson.

Plans for the local party, at which citizens give what they wish for a bowl of rice and a cup of tea, were made at a committee meeting yesterday afternoon.

The auction of the picture will be held at 4 p. m. the day of the party in the cafe. The picture itself, personally autographed by the artist, will be displayed in a downtown store window in the near future.

At the session yesterday it was pointed out by Froedhelm that "the drive for funds has no connection with any other drive being made to aid the Chinese and the work is entirely separate from that being done by the Red Cross and like organizations."

The last bowl of rice parties were held throughout the nation on June 17, 1928, and Mr. Stettler reported that national contributions amounted to \$11,262.37. In Idaho a total of \$363.41 was raised. Greatest amount was raised in California with a total of \$64,439.96. Nothing was deducted for national campaign publicity or for professional promotion purposes, the money for which was privately provided.

Rice and tea for the local party is being donated by the owners of the cafe at which the party will be staged.

'PHONE

No longer will townspeople have to drive out to the airport to determine whether or not a plane which has been circling the city has landed or has continued on its way.

Reason is that a telephone has been installed in the house occupied by the airport manager, T. T. Cagle who, incidentally, is one of the few licensed airplane mechanics in Idaho.

Cagle's home is located next to the field hangar. He serves as airport manager without pay and was named to the position by members of the city council.

The airport telephone is 0299-112.

FDR BARS SUBMARINES FROM ENTERING U. S. PORTS

RULING DOES NOT APPLY TO ENTRY TO CANAL ZONES

WASHINGTON, Oct. 19 (AP)—President Roosevelt buttressed the United States' neutrality today with a proclamation barring belligerent submarines from the territorial waters and ports of this country.

The proclamation, issued amid recurrent reports of submarines in western hemisphere waters, provides that undersea vessels may enter the territorial waters and ports only under "force majeure"—necessity from the equivalent of acts of God and inevitable accidents.

In other words, submarines may not "flee" into U. S. ports to escape capture. The new restrictions do not apply to the canal zones, where all vessels have equal entry, and for which stringent regulations already had been issued.

24-Hour Stops

They also do not apply to armed merchant vessels or warships, which previous proclamations limited to 24-hour stops in American ports.

Although President Roosevelt recently said that the territorial waters, extended as far as the United States interests required, the international law provides that the territorial waters end three miles offshore, and it was indicated in the latter would apply in the case of submarines.

Entering under necessity of "force majeure" submarines will be required to run on the surface, showing their conning towers and superstructures, and to fly their own flags. They must leave ports and territorial waters in the same manner.

Submarine Class

The President's proclamation—regarded of great importance by naval experts—set the submarine in a class by itself. Under his general neutrality proclamation issued Aug. 5, armed merchant vessels and warships have the right to enter ports under prescribed regulations to take on food and water or repairs.

Force majeure, as interpreted legally, might be storms, tides, floating disabled into port, and similar occurrences.

Work to Continue On Water System

BELLEVEUE, Oct. 19 (Special)—At an informal meeting of Belleveue city council, financial status in regard to the new water system was reviewed. Raymond Briggs, special engineer in charge of the work, attended.

It was decided that in view of the delay in financing the bond issue, funds would be borrowed from the general account for a short period to keep pipe line supplies on hand.

Work on the main from the settling tank to the foot of Main street will be virtually completed this week with all valves and fittings installed. Main street's distribution system is complete except for connection with service lines. Alley No. 1 is nearing completion and service connections will be made soon. Work is progressing rapidly in all phases of the system and it is expected that excavation will start on other alleys.

THE WAR AND THE JOB SAINT JOHN, N. B.

—Ad in a local newspaper—"Wanted—Draftman to replace man called for military service. Do not apply if likely to be called for duty."

Here's "Brahma Bill" Harbison, who does rodeo performing, "riding" a different kind of steed. It's a "horse tractor" which is guided with lines, the way you drive your horse. Photo was snapped in the Jack Stevens potato field northeast of Murtaugh. J. R. Breeding, Murtaugh, owns the unusual machine. (Evening Times Photo)

Novel Horse-Tractor Guided With Lines—Just Like Dobbins

"They're not only outdoing Dobbins from his farm duties—they're even stealing Dobbins' thunder. That's what Murtaugh ranchers have decided after a look at a tractor which is driven with reins, just like a horse.

If you're the kind of farmer who feels most comfortable with those trusty lines in your hand, this new "horse" combines the old and the new in a unique way. Here's how it's done:

To go to the left, just pull on the left line. To go to the right, pull the right line. To back up, merely pull on both lines at once.

The "horse tractor" was invented by Bert and Boud Bontum of Ogden, Utah, and is made at Salt Lake City. The only present, according to J. R. Breeding, Murtaugh, owner of the only one in these parts, is big enough for small farms, will pull a six horse load and is small enough to do the least cultivating jobs. There will be larger sizes next year.

Right now the tractor is being driven in the Jack Stevens potato field northeast of Murtaugh. Driver is Bill Harbison, who perches back on the spud digger and waggles a pair of lines just as though he had horses up front.

Grange Leader Attacks Proposed Trade Treaty

BOISE, Oct. 19 (AP)—A proposed reciprocal trade treaty between the United States and South American nations would "sell the American farmer down the river," Ray McKelg, chairman of the legislative committee of the Idaho Grange said recently.

"It is a safe bet Idaho farmers will be traded down the river again for industry so that eastern manufacturers can find a new market for sewing machines, radios, auto motors and International Harvester products," McKelg said.

Imports Possible

"Among the agricultural products which might be imported under the proposed treaties were canned meats, caserin, creamery products, cheese, beef, turkeys, and other basic farm commodities.

"We have permitted foreign countries to dump their farm surpluses in American markets and take out of cultivation over 27 million acres of our farm land," McKelg said. "And instead of doing it by open covenant, a little group of three men are allowed to decide upon them."

Sheep, Cattle Hit

"The nation brought into American markets 85,000,000 bushels of corn when it was paying farmers in this country 'not to plant corn,'" the farm leader added. "That displaced over 3,000,000 acres of domestic production. We imported 28,000 bushels of wheat to take out of cultivation 3,000,000 of southern,

ICE CREAM SPECIAL THURS. Qt. Brick 25c Frederickson Ice Cream

He pointed out the sheep and cattle raising industries also were hard hit by previously signed tariff treaties.

"This policy of curtailing production in America and opening wide the tariff doors to foreign importations of other countries' farm surpluses does not make sense and it breaks the market of the American farmer," McKelg said. "Farming is at a very low ebb in our northwest."

CATTLE FEEDING TOTAL ADVANCES

BOISE, Oct. 19 (Special)—The number of cattle to be fed for market during the winter and spring of 1939-40 is expected to be somewhat larger than the number fed a year earlier, the agricultural marketing service reports. The increase over last year will be in feeding in the corn belt states since the number fed in other areas will be smaller.

Shipments of stocker and feeder cattle into the corn belt states, inspected at stockyards, during the three months July through September, were 12 per cent larger this year than last and were the largest for the period in 12 years. Such shipments were larger than last year in nearly all states, but the largest increase was in the number going into the central corn belt states—Minnesota, Iowa and Missouri.

Rate May Fall

It is probable, however, that the rate of increase in feeder shipments into the corn belt from July through September this year will be maintained through the last three months of the year, because of the rather poor condition of ranges in a number of the western states. Shipments of cattle from those states this year were smaller than last year, with the proportion of total fall shipments going in August and September relatively large.

ACEQUIA PUPILS ELECT OFFICERS

ACEQUIA, Oct. 19 (Special)—Acequia student body officers have been elected as follows:

LaVern Bill, president; Leone Badger, vice-president; Orville Broadhead, secretary-treasurer.

Seniors: President, Catherine Tracy; vice-president, Lawrence Johnson; secretary-treasurer, Vernon Savage.

Juniors: President, David Clayton; vice-president, Billy Nicholson; secretary-treasurer, Gladys Colby.

Sophomores: President, Joe Ann Bill; vice-president, Mary Lou Admon; secretary-treasurer, Nellie Cahoon.

Freshmen: President—Lorraine Brasfield; vice-president, Burton Montgomery; secretary—treasurer, Corrine Giraud.

WEST SHOWS DROP

Reports from other areas indicate that the number of cattle fed this year in nearly all of the western states will be smaller than last, with the possibility that feeding in the two important irrigated feeding areas east of the Rocky mountains may be materially reduced. The number of cattle fed in Texas this year may not be much different from last year.

Developments in the lamb feeding situation to the end of September indicate that the number of lambs to be fed during the 1939-40 lamb feeding season will be larger than the number fed in the 1938-39 feeding season. The number fed in the corn belt states will probably be considerably larger this season. The increase in this area will be partly offset by a decrease in the western states.

Through the use of a perfected bombight, U. S. army bombers are capable of scoring direct hits on 12-foot square targets from 30,000 feet.

Social-Clubs-Lodges

Mrs. Krengel, Peavey Win Contest at Rotary

S-h-h-h Charles Shirley, member of a prominent English family of musicians; director of the Aeolian Choral association and orchestra leader-extraordinary, can't whistle or sing the tune of the "Blue Danube." R. S. Tofflemire in the role of Professor Quis, brought that choice bit of information to light last evening at the Twin Falls Rotary club's ladies' night dinner meeting at the Park hotel.

His inability to reproduce the tune that "everybody knows but Shirley," lost him the chance at the handsome casserole which went to A. J. Peavey, champion of the men's team in the Professor Quiz contest. Mrs. C. H. Krengel won similar honors for the women's team, in winning grand champion honors, Mrs. Krengel and Mr. Peavey also won prizes for the women guests selected in the contest.

Contestants Elected

Guests were seated at 10 tables, each presided over by a chairman. Those seated at the odd numbered tables elected women to compete in the preliminary tryouts and the even numbered tables selected men contestants.

Making part were Mrs. Krengel, Mrs. Milton Powell, Mrs. Lloyd Oaks, Mrs. A. L. Swin, Mrs. W. F. Passer, Mr. Peavey, Mrs. Shirley, Bert Bollingbroke, Mrs. Shirley and Ed Cooper who accredited themselves well in the "openers," the women competing in one contest and the men in another.

Two from each team were selected for the finals, and Mrs. Krengel and Mr. Peavey were judged the winners. A special arrangement of "Ah, Sweet Mystery of Life" was presented while the judges were making their decisions. Mrs. Shirley and Charles McConnell presented the selection as a cornet solo; Richard Smith as a violin solo, and Miss Kelly as a vocal solo.

More baffling than the questions, was the mysterious radio broadcast at 9 o'clock, purportedly to be a special collection for the D. C. arranged by the Rotary club of that city, featuring President Franklin Roosevelt, who seemed to have an uncanny knowledge of local affairs.

Edward B. Rogel was general chairman of arrangements. In his capacity he presided as chairman at the speakers' table at which were seated President and Mrs. Bert Bollingbroke, Mrs. H. H. Flemer, Mrs. Rogel, Mr. and Mrs. C. H. Krengel and Mrs. O. P. Duval.

Particularly effective were the decorations, in keeping with the Halloween season, arranged by Mr. and Mrs. Hugh Phillips and George Frazer.

Halloween Decor

Double-faced Jack-o-lanterns on mats of large autumn leaves, flanked by yellow button "mums" and huckleberry in crystal vases, also appearing on the tables, the table trims, and place cards in the Halloween theme.

Alice Byram Is Bride of Locke

With simple ceremony, Miss Alice Byram, daughter of Mr. and Mrs. Sidney Byram, Hazelton, and Fred N. Locke, son of Mr. and Mrs. Richard P. Locke, Glen Ellyn, Ill., were united in marriage yesterday morning at 10 o'clock at the Baptist parsonage. Rev. Roy E. Barnett reading the simple ring service.

Pep Will Rule Vandal Alumni Dance Tonight

Vandal songs and yells will ring out from festooned tonight at University of Idaho alumni and high school students from several sections of the Mrs. Vera Y. Pennington for a gala alumni dance, beginning at 9 o'clock.

Supreme Forest Drill Team

Drill team of the Twin Falls grove, Supreme Forest Woodman circle, who will conduct the opening service at the district convention at Challenger Inn, Sun Valley, Saturday morning, and who will present a musical program at the evening session, Mrs. Doris Taylor, national vice-president, Omaha, Neb., and Mrs. Edna R. Ross, Parma, will be distinguished guests. Members of the drill team are: Front row (left to right) Frieda Osterloh, Helen Witt, Verma Lohr, Mildred Pratt, Eva Valentine; second row (left to right) Ruth Harnal, Claire Williams, Alice Harnal, Lois Rice, Leda March, Edna Block; back row (left to right) Mary Gilkey, Yvonne Rice, Velma McMillan, Lola Reynolds, Marie Lockhart, Della Edwards, Laura Felbush, musician.

Nine-Unit Auxiliary Conference Launched

Commencing with a smartly appointed luncheon in honor of state and district officers and unit presidents, at which covers were marked for 45 guests, the annual fall conference of the fifth district American Legion auxiliary got underway here this afternoon.

Luncheon was served in the Parish hall of the Catholic church, Mrs. Leslie Benoit, Twin Falls, past department president, presiding as toastmaster. Arrangements for the luncheon were in charge of Mrs. Grace Larsen, member of the Kimberly unit, and vice-president of the fifth district.

Distinguished Guests

Mrs. Claire Johnson, president of the Twin Falls unit, American Legion auxiliary, gave the address of welcome, and Mrs. Edna Tomlin, Twin Falls, fifth district president, introduced the unit presidents.

BRUIN-POCATELLO TILT TOPS GRID SLATE

High School Crown Looms For Winner

Counting junior varsity clubs, there are about 40 football teams representing 32 different cities in south central Idaho during the present season. But of these 40, slightly more than half, probably about 22, will see action during the week-end, as many clubs take time-out for the annual spud vacation and thereby give injuries and bruises a chance to heal.

Top game of the week-end, of course, is the Pocatello-Twin Falls conflict, but this battle is being held in the Gate City and the chances are that few south central Idahoans will see the duel—a tussle that may go a long way towards determining the Idaho high school championship.

With both clubs presenting lines of junior college size, and both teams undefeated so far this season, the game is regarded as a toss-up, with the winner the club that gets the breaks. It is probable that the team that wins this battle will also come out as the state championship aggregation, although it is reported that the Nampa team will have plenty to say about that.

At Full Strength

The Bruins, who played without one of their star ends, the Carters, last week-end against Oakley, will be at full strength again for this game and will present one of the best forward walls in the inter-mountain west. It will be up to the backfield to come through with the scoring punch.

Pocatello is also reported to have a strong line—plus a versatile backfield that can either pass, punt or carry the ball. Coach by Jimmy O'Brien, the former Piler mentor, the eastern team is reported to be at its peak this week, after taking a Montpelier club as a "breather" last week-end. This tilt will be played Saturday-afternoon.

Buhl vs. Burley

Home games for this section will bring together Buhl and Burley in what should be a good Big Seven engagement. Both these teams are headed out by the best backs, a remarkable improvement in their last games. Last week the Bobcats, coached by Coach Burley, defeated Budge, held a strong American Falls eleven to a 14-14 tie, while Buhl showed future possibilities by a 26-0 victory over Gooding.

The Indian-Bobcat tilt is scheduled for the Buhl field, with the Bobcats a slight favorite.

Probably the best Big Seven team will be at Jerome where Coach John Norby's undefeated Tigers will attempt to keep Coach Burley's team against the fighting club in south Idaho—the Oakley Hornets.

Ferred Club

With a lone victory from four starts, the tiny Hornet aggregation has become one of the most feared clubs in the Big Seven and conceivably the best tilt to the high-schooling Tigers. Two weeks ago the Hornets dominated Buhl, but before that they were defeated by Budge and Rupert, before losing to Twin Falls last week-end. The Tigers have won over Gooding, Piler, Wendell and Shoshone.

The other Big Seven contest brings together the two winless clubs of the circuit—Gooding and Piler. The Gooding team is expected to present a fairly good club this year, but to date the team has had a record of one win and one loss. The fact that it has been able to win a considerable yardage and first down in nearly every game.

The Wildcats, on the other hand, have very few experienced players in the lineup and looked bad taking a beating from Rupert in their opening tilt. However, the game back, and while losing to Jerome last week-end by an 18-6 score, look just about as good as the undefeated Tigers in everything except the scoring column.

Top Class B Tilt

Probably the best Class B re-arrangement of the year will be staged at Glenns Ferry when the River Pilots entertain the invading Shoshone Indians in what may determine the Class B championship. The Barrett team is undefeated for the season, numbering among its victims Mountain Home, the Class A Buhl team and Wendell.

Shoshone has not lost a Class B engagement, but was downed by the strong Jerome outfit.

Other Class B engagements send Jagerman to Wendell, Dietrich to Hater and Hater to Piler.

In the Six-Man league, there are only three games on the official calendar. In the Central division, Eden is slated to take on Hater, and in the Western area, Brunson travels to King Hill and Grandview to Hammett. No games are scheduled in the Mini-Casals division.

Deer Hunter Killed By Accident Shot

COUNCIL, Ida., Oct. 19 (AP)—Oscar Kollman, 50, Wilder fruit grower, was shot to death early today while deer hunting near here, the sheriff's office reported.

The report said R. L. Morrison, Wilder, a hunting companion, was leading a gun after shooting at a deer. The bullet struck Kollman in the head, killing him instantly.

Each year fewer steelhead trout and salmon are spawning in Idaho, Crebe concluded.

This Club Defends South Idaho Laurels Friday

At least an even-money bet to upset the bigger University of Idaho, southern branch, grid club in their annual encounter, the Albion Normal Panthers this year are again pouncing toward an Inter-mountain Junior college grid championship. The Panthers meet the UHSB team on the Albion field at 2 p. m. Friday. Team members pictured in the top picture are (left to right): Howard Sluder, Richfield; Don Powell, Burley; Lovell Taylor, Declo; Farrel Houk, Castlerock; Ted Bonfield, Buhl; Mac Ambrose and Jim Washburn, Jerome; Clifford Hawks, Wendell; Doug Mahoney, Albion. Bottom, front row: Bill Butler, Buhl; Roy Butler, Wendell; Jim Throckmorton, Rupert; Forrest Wright and Walt McHugh, Gooding; Bill Wilson, Buhl; Bill Price and Jim Wall, Twin Falls; Gene Patrick, Buhl; back row: Rega Freestone, Kimberly; R. D. McCabe, Buhl; Stanford Barrett, Wendell; Dale Walte and Bill Peters, Twin Falls; Merle Brown, Buhl, and Don Regus, Wendell.

DUCKS SCATTERED FOR OPENING DAY, STATES FEDERAL OBSERVER

Storm Needed to Force Down Birds, Says Priebe

Because of warm weather and the lack of any signs of snow storms whatsoever, duck hunting may be considerably scattered when the season opens here on Sunday, it was announced today by W. K. Priebe, veteran migratory waterfowl observer and official cooperating bird hunter for the federal government.

"Unless we get a storm immediately, hunting will in all probability be scattered," said Mr. Priebe. "As most pheasant hunters have noticed, the ducks are sitting around in groups of two or three in scattered areas and have not yet started to congregate."

Despite the prediction of possible poor hunting at the start of the season, Mr. Priebe pointed out that southern Idaho will probably run about even with the northern belt in bird population.

Vanguard of Flight

"The only birds first here are here yet are the vanguard of the annual bird flights."

"And that is how," says Mr. Priebe, "the new regulations in south Idaho for ducks will not be expected to get more waterfowl. With the date set for starting on Oct. 22 instead of Oct. 15 as in the past, and therefore having a week longer hunting Dec. 31, the hunters along the Snake river fly-way are going to get better shots than in the past."

Pointing out some of the rules and regulations he has received from the federal government, Mr. Priebe outlined the following:

Only Shotgun

Only shotguns allowed (no rifles or pistols).

Ten birds allowed in aggregate per daily bag.

Three only allowed for mallards, redhead, bufflehead and ruddy duck in total.

The latter rule, however, is not expected to hinder south Idaho hunters to any extent, because of field figures show that over 70 per cent of all birds that enter this area are mallards.

By 10 o'clock of the duck hunting season, which officially lasts 45 days, hunting is expected to be at its height, in Mr. Priebe's opinion.

"We'll have the best hunt in 10 years this season," he stated. "It will be the best since 1928 when that record-breaking crop took the Snake river fly-way."

"Besides that the ducks are in excellent shape and should weigh well above the average season."

Duck stamps are available at the U. S. postoffice and prospective hunters are urged to get their stamps before noon Saturday, when the post office closes for the week-end.

Pact Urged to Protect Salmon Fishing

BOISE, Oct. 19 (AP)—A tri-state pact for control of salmon spawning is a vital necessity to the sport and commercial fishing of Idaho, Oregon and Washington, George W. Grebe, Kona, chairman of the Idaho fish and game commission, said today.

Grebe proposed a conference of representatives of the three states and the U. S. bureau of fisheries, Commercial salmon and steelhead trout fishing at the mouth of and in the upper reaches of the Columbia river is on the verge of ruin.

Each year fewer steelhead trout and salmon are spawning in Idaho, Grebe concluded.

Northwestern Linesmen Fail to Block for Back, Writer Charges

EVANSTON, Ill., Oct. 19 (AP)—A slim, be-speckled non-footballer, Mark Anson, split the Northwestern campus today with charges that Northwestern's linemen refused to block for highly-touted Bill DeCorrevont and his backfield teammates in the Ohio State game last Saturday.

Writing in the student newspaper, the Daily Northwestern, Anson said the Wildcat had to "play against 18 men most of the day because the line believed they had the nation's best backs and decided to sit down and let them work."

"Don't blame DeCorrevont for the poor showing he made," he said. "No man could run when he was tackled as soon as he took the pass from center." He and the rest of the backfield played against 18 men most of the day.

Coach Lynn Walden, who has been nursing DeCorrevont and the Northwestern team through a natural lethargy in morale caused by two straight defeats after an international basketball during the summer, denied there was any intentional lack of team play against Ohio State.

"It's the silliest thing I ever heard of," he said. "The team has come along slowly and the blocking wasn't the best in either of our two games, but it wasn't intentional. So far we haven't been able to do much blocking for anybody."

Utah Supporters Point to Idaho Game as "Breather"

BY WARD COLWELL

DENVER, Oct. 19 (UP)—With two of the three Utah representatives of the Big Seven football conference deserting the league for inter-sectional games Saturday, Denver University and Utah State appear to constitute top offering for Rocky mountain fans in a contest this week-end at Logan, Utah.

The title-bound University of Utah Utes, who have dealt two conference foes so far, appear when it tied San Jose State 7-7. Since then the Salt Lake City boys have shown no mercy. They smothered Wyoming, 60-0, two weeks ago and gave Brigham Young a 33-13 lacing last week in the minds of most Utah followers, the Idaho game constitutes a breather for the Utes' contest against Denver here two weeks hence.

Denver vs. Utah State

In view of the caliber of other Big Seven games Saturday, the Denver U-Club still appears to be the most satisfactory one. Both teams have exhibited a distinct middle-class nature so far this season and appear to be about even. The fact that Utah State has won both its previous games, defeating College of Idaho 21-0 and Colorado U. 16-6, and enjoyed an open date last week, gives the Uthms a slight edge.

Denver had what many called a "technical" open date last Friday when it trilled to a 32-7 victory over Wyoming. The Denver second-stringers did most of the work, so the varsity should be fresh for Utah State.

Football Briefs

(By United Press)

SALT LAKE CITY—The Utah Redskins leave tonight for their contest in Reno Saturday with Nevada university. An attack of influenza appeared likely to keep Co-Captain Fred Bateman out of the game. A light workout was held today in final preparations for the trip.

LOGAN—The Utah Aggies perfected offense and defense against the Denver Pioneers in today's scrimmage season. The Staters anticipated a tough battle from the favored Pioneers, who have won two of three contests this season.

FULLMERE—Thirteen members of the Washington State college football squad, including Fullback Rex Bantz, were en route to Berkeley today to visit the University of California. Bill Sewell will start at halfback in place of Dick Emerson.

CORVALLIS—Coach Lon Stiner still is determined to start his sophomore, Bob Dethman and Bud Durand, against Washington this week-end. Meanwhile he drilled the Oregon State Beavers on pass defense.

LOS ANGELES—Coach Babe Horrell said today he will put his first string on the field at the start of the Montana game Saturday. Heretofore Horrell has started out the U. C. L. A. lineup with shock troops. The Bruins were working out against Montana pass formations today.

SEATTLE—Facing an Oregon State attack at the center of the line, Coach Jimmy Phelan gave his University of Washington guards a heavy pounding in scrimmages today. Phelan definitely feared the running attack of Fullback Jim Kilsburgh of the Beavers.

Billy Direct Sets Second Pace Mark

ALBAMONT, N. Y., Oct. 19 (AP)—Billy Direct, champion five-year-old water, rounded the half-mile track twice here in 1:50.4 yesterday to clip another quarter-second off mile pacing record he set Sunday.

Billy Direct also led the half-mile record with a 50 1/2 performance.

Europe War Lifts Sun Valley To World Skiing Leadership

All National Major Events Set for Idaho

SUN VALLEY, Ida., Oct. 19 (AP)—The European war has lifted America into the leadership of world skiing competition for 1940 unless peace comes before next spring, Friedl Pfeiffer, head of the Sun Valley ski school, said today.

The U. S. national downhill, slalom and combined ski championships to be run in conjunction with the International ski tournament at Sun Valley March 22, 23 and 24, are expected to be the biggest skiing events of 1940 in the world, for both men and women, Pfeiffer said.

Europe's outstanding ski competitions have all been cancelled or curtailed because the war disrupted transportation to Europe and sent the battle front to some of the world's outstanding competitors.

No Winter Games

The 1940 winter Olympic games were scheduled for Garmisch-Partenkirchen, Germany, but even before war changed plans, it had been decided definitely not to hold ski competitions as a part of the winter games.

The 1940 Olympic competitions were confined to bob-sledding, figure skating and skiing was made part of an exhibition event.

A controversy between the Federated Internationale de Ski, head of all organized skiing in the world, and the Olympic committee caused the skiing competition to be eliminated from the Olympic events.

Only in exhibition

In compromise, all nations agreed to send their teams to Garmisch for the Olympics, but only for exhibitions. Following the Olympics, the teams were going to Norway where the 1940 F. I. championships were scheduled.

So far Norway has not officially called off the F. I. S. meet although it is quite likely no real international skiing event will be held in the world in 1940 since the French, German and British skiers cannot participate and other neutral nations would have to do it under great difficulty.

The nationals held here in 1939 drew competitors from Switzerland, Germany, Great Britain, Norway, Sweden and Canada.

Saloon Betting

The report from Hollywood is that the script for the picture calls for him to have his biggest scene in a saloon setting. Whether he will play the bartender, the boss or a customer is not known, but it is believed that the director, once he has seen, Tully's performance in the picture, will cast him in the role of customer.

As a customer, whose business it is to drink beer, Galento will be called upon to perform a better performance at the bar than Galento, and they would be characterized as actors.

Of course, he wouldn't be out of place as the bartender or the boss, he performs both duties in real life in his pub in New Jersey, and critics who have seen him draw one light or pop a double-matter on the noogie say he is more than adequate.

Galento will be accompanied to Hollywood by Joe Jacobson, manager of the old school, I wouldn't be surprised if Jacobson hadn't directed more farces than any other man in the business.

Albion Squad Ready for UIBS Clash

ALBION, Oct. 19 (Special)—The Albion Normal football club today concluded the most intensive series of drills yet staged on the local field this season in preparation for their game with the University of Idaho tonight at 8:00 p.m. here Friday.

Fans of Idaho are showing exceptional interest in both teams and are eagerly awaiting the outcome of Friday's game. A record crowd is expected to be in the field to witness the event.

In Pocatello last year the Albion eleven hung up a net triumph over the Wicks' outfit for the first time over the southern branch in more than ten years. The Bengals make most of the fact they are out to average the drubbing.

Scores of the Albion-Idaho encounters for the past four years: 1935, 26-6 for Pocatello; 1936, 18-7 for Pocatello; 1937, 7-5 for Pocatello; 1938, 12-7 for Albion.

Bengals' triumph

In two games played this season, the branch has showed definite improvement in all departments. After suffering a 13-0 setback at the hand of Oreley, the Bengal crew came back to up Compton 18-0 in comparison of the first game, slowness Wicks' club playing a much smoother game against Compton.

In four starts this season the Panthers have emerged on the long end on three occasions but by less impressive scores than were chalked up against the first two teams. Albion won over Ricks, Boise Junior college and Montana School of Mines by scores of 28-8, 16-0 and 20-0, respectively. The College of Idaho defeated the Hill men 20-8.

Albion Outwitted

Although complete rosters of both teams are not yet available, it is expected that Albion will be outwitted considerably as the two clubs line up for the kickoff Friday, Oct. 20, at 2 p. m.

Drill at the Normal camp this week includes intensive soliciting in all departments. Kicking and passing will be improved and the defensive game will be strengthened. Drill will be conducted in tackling and blocking, also.

Officials tentatively named to run the game are: R. V. Jones, Twin Falls, referee; Ross Frew, Buddy umpire; Wes Shurtliff, Rupert, lineaman.

Galento Enters Movies With Lots of Experience In Acting Art, Says Mac

By HENRY MALKIN

NEW YORK, Oct. 19 (AP)—"Goodbye, academy award to 'Goodbye, Mr. Chips'." Robert Donat's chance of getting Hollywood's coveted "Oscar" for his portrayal of Mr. Chips went glimmering today when it was learned that Tony Galento, soon to head for California to make a picture.

The Academy of Motion Picture Arts and Sciences has said its position to the actor giving the outstanding performance of the year last year was his last dollar that Galento's will be just that. With Mae West and W. C. Fields in his supporting cast, the Barrymore of the East is a 1 to 10 chance to outdo all the Muntz, Tracys, Gablos and Donals, because not since Rita Hayworth at the height of her glory has Hollywood seen an actor with the emotional range of Galento.

Those of us who have been watching Galento for the last 10 years or so know that he can run the gamut of emotions as easily as Man 'O' War ever did the mile and a quarter. In his first act drama with Joe Louis, for example, Galento—faded, every-human feeling. In the first act, he gave a vivid portrayal of scorn and hatred. In the second act, his face was a study in caution and surprise. In the third, he rose to supreme heights to thrill the spectators with a masterful show of courage and recklessness. And in the fourth, without the use of a word or a gesture, his speech, he became an old man, beaten and worn, and ready to die.

In fewer than 12 minutes Galento went from a strong, healthy man, in full possession of his mental and physical faculties, to an old, tired and completely worn human being. Of course, he had the full cooperation of Louis, one of the best straight (right) men in the business.

South Idaho Players Star On UIBS Club

POCAHELLO, Oct. 19 (Special)—The southern branch Tigers surprised themselves and their followers when they beat Compton 18-0 last Saturday.

After a first half saw four touchdowns and a field goal on their own eight-yard line, they came back to win the game by a 13-0 score.

The team showed lack of experience and the need of more football. The game was a 13-0 setback at the hand of Oreley, the Bengal crew came back to up Compton 18-0 in comparison of the first game, slowness Wicks' club playing a much smoother game against Compton.

In four starts this season the Panthers have emerged on the long end on three occasions but by less impressive scores than were chalked up against the first two teams. Albion won over Ricks, Boise Junior college and Montana School of Mines by scores of 28-8, 16-0 and 20-0, respectively. The College of Idaho defeated the Hill men 20-8.

New Vandal Backs Show Well in Practice Session

MOBOW, Ida., Oct. 19 (AP)—The University of Idaho Vandals in their stride in a final week of training for Boise and a football game Saturday with the University of Utah, Coach Ted Bank said today.

Two new backfield men were showing up well and were expected to start the starting cell, were Rex Engking and Rudy Franklin, left and right halfbacks.

Their will also consist of 10 players and announce this traveling team late today shortly before the train leaves.

Isaacs survive where other creatures cannot. Unlike most other forms of life, Isaacs go through the long periods of hibernation and old age, and wear their skeletons on the outside of their bodies, which affords them great protection.

Sego Bowlers Cop 4 Points From Power

Four of five men on the Sego Milk club last night bowled over the 500-mark to pound out a four-point win over the Idaho Power club in the Commercial League tilt—the only game of the evening.

Top man for the winners was Van Ripper, who got a 518 for three games and tied with Bob Kirby for high single of 212.

For the Powermen, Johnson posted the top score of 371.

Club	Score
Sego Milk	208 220 222
Idaho Power	183 188 189 456
Handicap	137 136 137 410
Zander	187 176 181 444
Johnson	361 176 185 521

Handicap

Club	Score
Sego Milk	208 220 222
Idaho Power	183 188 189 456

Zander	187 176 181 444
Johnson	361 176 185 521

STRIKES TO SPARE With Fred Stone

"We are the perfect hosts," remarked the umpire last night as it dropped all four points to the Sego Milk club of Buhl. "You see, they're from out of town."

And there again must be a good leader," said Van Ripper, as he led his team for three game total with 558 pins but the winning him cage Pop Kircher with a 555. Howling checked in with 532 and Bob Kircher got a 513. With a minute, they must have had another bowler. Oh, yes, going along being was Jerry Pfeiffer with a 483.

So Kirby, led for the Power boys got a 522 total and W. I. Johnson at anchor turned in the top performance with a 571 for the best three-game total.

Mr. Nesby, with a 212, and Van Ripper, with another 212, tied for high single and also tied with Walt Ripper, who has another 212, for the weekly prize—to date.

AMSTERDAM

B. E. Kuhns and son, Joe, Caldwell, Idaho, his sister, Mrs. E. Kunkel, drove to Butte, Mont., Saturday, where they were met by their sister, Mrs. J. F. Farmer, and mother, Mrs. Emma Kuhns. They returned late Monday with Mrs. Kuhns returning with them to spend the winter here with her daughter, Mrs. Kunkel. Mr. Kuhns and Joe returned to their home at Caldwell Tuesday.

Coach Janet Pastoor has gone to Twin Falls where she has employment in the Idaho Department store.

Mr. and Mrs. Charles Johnson and Dickie, Chicago, came Friday for a visit with Mrs. Johnson's granddaughters, Mrs. E. Kunkel, and other relatives. Mr. Johnson left Sunday en route to his home, while Mrs. Johnson and Dickie remain for another week and longer stay.

Mrs. Richard Carter, Shirley and Jimmie, Hollister, returned to their home Sunday after spending the week with her parents, Mr. and Mrs. Gerrit L. Peters.

Mr. and Mrs. Glen Kunkel, Phillips and David, Phillips, were Sunday overnight visitors at the home of his parents, Mr. and Mrs. A. E. Kunkel. Glenn came in time to get some pleasant hunting days.

Mrs. C. D. Potter and children, and Mrs. Corle Rice and children spent the week-end at their homes near Hazelton.

Mr. and Mrs. Ed Pastoor returned Tuesday after spending several days at Manhattan, Mont., where Pastoor owns a large ranch. While there they were the guests of Mrs. Pastoor's sister, Mrs. Edna Pastoor, family. Mrs. Pastoor's father, Stefan Bos, Twin Falls, also accompanied them for a visit with his son.

Castleford Squad Feted at Banquet

CARTERFORD, Oct. 19 (Special)—The Castleford football team were hosts to the unbeaten Castleford football team at a dinner at the Shorthouse home last week.

The dinner was set for small tables to Coach Paul Jones and the following: Bob Shorthouse, Bob Kimball, Ed Smith, Bill Bryant, Bill Loper, Donald Webb, Will Larson, Warren Elison, Marvin Olmstead, Kenneth Malone and Arthur Roper, members of the team, and Leta Virgin, business manager.

Following the dinner, pinocchios and Chinese checkers were enjoyed with Kenneth Malone and Emory Jones, Jr. capturing the awards for pinocchios and Paul spreading high for checkers.

The Castleford six-man football team has played through Ed Smith, Hansen and Kimberly and has been victorious in each game. The team has one more game to play to finish its schedule and end a highly successful season.

Hartnett Releases Whitehill, Russell

CHICAGO, Oct. 19 (AP)—Manager Leo (Gashy) Hartnett of the Chicago Cubs today released unconditionally Pitchers Earl Whitehill and Jack Russell in the first Cubs shakeup in preparation for the 1940 pennant race.

It was Hartnett's response to owner Philip P. Wrigley's challenge: "What do you intend to do about 1940?"

The team showed lack of experience and the need of more football. The game was a 13-0 setback at the hand of Oreley, the Bengal crew came back to up Compton 18-0 in comparison of the first game, slowness Wicks' club playing a much smoother game against Compton.

In four starts this season the Panthers have emerged on the long end on three occasions but by less impressive scores than were chalked up against the first two teams.
