

# ISOLATIONISTS SEE EMBARGO'S REPEAL AS STEP TO WAR

## AND NYE MAP PROPAGANDA AGAINST NAZISM

WASHINGTON, Oct. 23 (AP)—Speakers for the senate today also attacked the administration's neutrality revision bill last night.

Sens. William E. Borah, R., Ida., and Gerald P. Nye, R., N. D., spoke over National Broadcasting company networks. Both contended that repeal of the arms embargo—crux of the controversy now in its fourth week in the senate—would be the first step toward involving America in the European war.

Neither conceded defeat for the isolationists, but all polls indicated that only a major upset can deny an administration triumph. The administration's chances in the house were less certain.

Borah quoted the cause of the isolationists with a sharp attack upon Lord Lothian, British ambassador to the United States, for a statement in which he boldly announced "the present neutrality law. Declaring that the British opposed the embargo from the outset and were engaged in selling to the United States, Borah quoted Lothian as saying that the purpose of curbs created by the neutrality law "was to facilitate and hasten during the last week of September."

**Denounces Propaganda**

"With some degree of justice he must come down from the senate gallery, if he dares to visit that humble scene, and note the progress of the repeal of the neutrality law," Borah denounced Lothian as saying that the purpose of curbs created by the neutrality law "was to facilitate and hasten during the last week of September."

Nye declared that the policy of the United States is to keep out of the European war, that the elimination of any "arm" ever would precipitate an European conflict.

# WINSTON CHURCHILL BLAMED FOR ATHENIA'S LOSS

## NAZI PROPAGANDA HEAD SAYS SHIP SINKING PLANNED

BERLIN, Oct. 23 (AP)—German Propaganda Minister Joseph Goebbels, in a radio broadcast heard in most of the world, charged last night that Winston Churchill, first lord of the British admiralty, had arranged for the British passenger ship Athenia to explode at sea so a German submarine would be blamed. He wanted to involve the United States in the war, Goebbels charged. The British charged, and have maintained that the Athenia was sunk by a German submarine without warning. The final death list established that 127 persons were lost, including 30 Americans.

Goebbels presented Germany's charge as follows:

**Kept Germans Off**

"The Athenia left port before the war, but at the time, Mr. Churchill, you knew Britain would declare war. You were clever enough to make sure no Germans were aboard because you didn't want painful witnesses. Then you prepared everything for an explosion aboard the ship. You made sure the explosion would not be premature by forbidding smoking. Then you dispatched three British destroyers to rescue your questionable eye witnesses. You determined the exact minute of the explosion, but your preparations were so clumsy the Athenia did not sink for 14 hours."

Then you ordered the three destroyers to sink the ship in order to eliminate all traces of your crime. Then you marched your paid witnesses before the public. All German denials, Mr. Churchill, you should be ashamed of. When United States opinion did not fall for your plan, you suddenly wrapped yourself in dark silence. But now the United States citizen, Anderson, reveals your whole plan through his testimony. That's very painful, isn't it?

**False Reason**

"A girl witness stated the destroyer that picked her up fired shots at the Athenia in order to remove the wreck. This is false. You ordered the ship sunk because you wanted to remove all proof. . . In any other country, a minister who has been accused in the way we accuse you, would have to stand up and meet the accusations or shamefully resign."

"We and the world want to see how long a minister against whom such a great crime has been proven, can remain in office. You again have been acquainted with the charge. This charge will be broadcast throughout the world in all languages."

## BICYCLE TERMED VEHICLE BY LAW

Local police this afternoon pointed out that "in the eyes of the law" a bicycle is a vehicle and as such should conform to all rules regulating vehicular traffic.

The statement was made after receipt of word to this effect from the state bureau of safety at Boise. Increasing number of bicycles in Twin Falls, estimated at 1,000 at the present time, makes it doubly important that officials observe all rules, the local police announced.

While one car may pass another on the street, they may not proceed side by side unless the street is marked with a center line and such travel does not force one car over the center of the street, the communication stated.

Strictly speaking, two bicycles should not travel side by side, since they are vehicles. The bicycle is slow moving compared to the car, and riders should take care not to slow down traffic. When traffic becomes congested, accidents are likely to occur.

Local police added that Twin Falls cyclists would also be expected to refrain from riding through red lights in the downtown section. They are expected to observe all stop signs. Riding of bicycles on sidewalks or riding "two on a bike" is also contrary to city ordinance.

There were 135,000 new passenger cars registered during September, 1938.

### JOAN OF ARKANSAS

BY JERRY BRONDFIELD  
COPYRIGHT, 1939, NEA SERVICE, INC.

YESTERDAY, The Alpha Nu went to nominate a homecoming queen. The girls were all in the gymnasium. The girls were all in the gymnasium. The girls were all in the gymnasium.

CHAPTER X

A PIN dropping to the floor

would have sounded like an

avalanche when Joan made her

announcement. Marianne opened

her mouth, just once, to protest,

but Joan silenced her with a

motion.

"Thanks very much," she began

simply. "It would have been nice

even to be in the running, but I

honestly don't deserve the

chance before I do."

Joan looked directly at Kay as

she spoke. "After all, Kay is a

senior and it's something she al-

ways wanted. I just wouldn't feel

right if I deprived her of that

chance."

"And with the way politics are

run on this campus it doesn't

really make much difference who

the candidate is. It's all a

right support. And Kay will get

the right support."

"There's another reason, too,"

Joan continued. "I think I'd be

more valuable in getting support

for someone else than I would for

myself."

JOAN was sprawled on her bed

going over some economics

notes when she entered the room.

"Hi, Joan greeted. "Grab your

seat."

Kay came over and sat down on

the bed. "Thanks a lot," she said.

"It did mean a great deal to me,

and—well, you surprised a lot of

us."

Joan threw back her head and

laughed. "Not as much as I sur-

prised myself. But forget it. And

count me in on anything there is

to be done. You know what I said

about supporting you still goes."

"Kay looked at her head to one

side and smiled. "I don't see what

you're so sure of. You've been

worried about you."

"Joan looked down at her notes.

"It's barely possible," she replied.

KEITH called the next day. Tech

had an open date that week and

the Gammas were having a

hygiene Friday night. How did

it strike her?

It struck her very much. There

wasn't much she hadn't done nor

places she hadn't been, but Joan

Johnson had never gone on a hy-

giene.

"But that I mind," she told him,

"not why the short notice?"

"That's all right," he said.

"I'll be there."

"I'll be there."

"I'll be there."

"I'll be there."

"I'll be there."

"I'll be there."

"I'll be there."

## NATIONAL GUARD CAMP EXPLAINED

Contemplated winter camp of the Idaho national guard will in all probability not be held as a state shooting but rather will be staged in each district near the company headquarters. Adj. Gen. M. C. McConnell, commanding officer, has stated here today.

## Pair Pledges Vows at Double Ring Ceremony

At a double ring ceremony of dignified solemnity, Miss Stephanie C. Holland, and Jack William Wise were united in marriage at 7 o'clock last evening at the suburban home of Mr. and Mrs. Theo H. Hoyer, Rev. G. L. Clark, pastor of the Twin Falls Presbyterian church, read the marriage service.

Miss Hoyer was given in marriage by her uncle, T. H. Hoyer. Mr. Wise is the nephew of Mrs. Hoyer. Ceregrams from England and Holland were among the congratulatory messages received by the couple during the day.

**Groomed in White**

The bride was given in a classic model of fine white silk jersey, the skirt, full, clinging, belted at the waist with a sweetheart neckline and short sleeves.

She carried a slender bouquet of white roses and lilies of the valley, and a wreath of valley lilies held her cap-shaped, full length veil in place. Her only ornament was a golden heart-necklace.

Miss Lora Pitch, maid of honor, wore a picture gown of white rose tulle tulle, fastened with a deep square neck and puffed sleeves, and her bodice was marked by a corsage of roses, sweet peas and lilies of the valley.

John Weaver was in the role of best man, for Mr. Wise, and little Perla Woolley, clad in a white tulle suit, carried the two wedding circles on a white satin pillow.

Vows were exchanged in the living room before the fireplace, on the mantel was a modern arrangement of bronze chrysanthemums and yellow button chrysanthemums, combined with huckleberry and Oregon grape, and chrysanthemums were also on the piano. Ivory tapers in triple crystal holders, placed on the mantel and palm, cast a suffused glow throughout the room.

Preceding the ceremony, Mrs. Mildred Ferris, Gooding, sang "I Love You Truly" and also played the wedding march.

Mr. and Mrs. Wise received the congratulations of the 40 guests at a reception, following the ceremony. The wedding presents were displayed in the gift room throughout the evening.

**Bride Cuts Cake**

Mrs. Wise, who was married on a few days of the second anniversary of her arrival for the first time in the United States, cut and served the three-tiered wedding cake, which was topped with a miniature bride and bridegroom.

Presiding at the silver urns were Mrs. Sam Smith and Mrs. Herbert Harkin. Assisting in the dining room were Miss Arabelle Brown, Twin Falls, and Miss Elizabeth Fletcher, Kimberly.

Three tapers in crystal holders flanked either side of the wedding cake, and the refreshment table was covered with a lace cloth.

Mr. and Mrs. Wise left last evening for Sun Valley, and upon their return to Twin Falls, will go by plane to Pocatello to complete their wedding trip.

When she left on her wedding trip she wore a smartly tailored black and white striped wool dress-maker suit with a scarlet wool jersey top and a black pill-box felt hat and accessories of black.

**In Aviation**

Mr. Wise is flight instructor at the local airport. He attended the Flying School of Aeronautics in 1936 and 1937 at Alameda, and has been a flying instructor in Los Angeles for the past two and one-half years.

Mrs. Wise, a registered nurse, received her training at The Hague in Amsterdam.

They will be at home in several days at a residence southwest of Twin Falls.

Out-of-town guests at the wedding were Mrs. Perla and Mrs. Helen Holman, Gooding, and Mrs. Mrs. George McKee and Miss Clara McKee, Burley.

**MEMEN AND GRANER HONORED BY CHAT GROUP**

Frederick Chat group of the first and second wards, latter Day Saints church, entertained at a special program last evening for Memen and Glenner Girls of the Buhl, Murrain and Kimberly wards, following the M.I.A. quarterly conference program. President and Mrs. J. W. Rikline were hosts to the group and guests at their home on Blue Lake boulevard.

Miss Mariline Lake and Miss Lucella Tinsley led the group singing and Lillian Tyler offered the opening prayer. Mrs. Lloyd Oake read the scripture verse.

The "Frederick" Chat quartet, Roy Babel, Miss Tinsley, Mrs. Oake and Miss Vera Habel, sang two numbers. Theron Knight presented comments on the Book of Mormon. Roy Babel gave a talk.

McAllister, vice-chairman of the Democratic national committee, will attend the 21-day meeting of Democratic women of the 13 northern counties of the state at Coeur d'Alene Thursday, Oct. 26. # Tobacco

...opens Doors to Fields where People Live, Work & Achieve

### Today there are about 1,000,000

cigar stores, drug stores, country and grocery stores where you can buy cigarettes in the United States. These retailers, and the jobbers who serve them, have built up a service of courtesy and convenience unmatched by any other industry catering to the American public's pleasure.

THERE ARE ANOTHER MILLION people who are engaged directly or indirectly in the transportation of cigarettes to every town, hamlet and crossroads.

IT IS ESTIMATED that there are 1,602,000 tobacco farmers raising tobacco in 20 out of the 48 states. Good tobacco is one of the hardest crops to raise and bring to market, requiring great skill and patience from seed-bed planting to harvesting and curing. The modern tobacco farmer has done well the job of constantly improving the quality of his product.

THE AVERAGE LENGTH of service of the 13,230 people working in the Chesterfield factories, storage houses, leaf-handling and redrying plants is over 10 years. This means that every step in the making of Chesterfields, regardless of how small, is handled by people who have had 10 years of experience and ability in knowing their jobs.

TRULY TOBACCO OPENS DOORS to fields where people live, work and achieve, and Chesterfield takes pride in its ever increasing part in this great industry that is devoted entirely to the pleasure of the American public.

To SMOKERS, Chesterfield Cigarettes have always said, and now repeat, that in no other cigarette made can you find the same degree of real mildness and good taste, or the same high quality of properly cured and aged tobaccos. Chesterfield Cigarettes are made with one purpose only... to give smokers everywhere the MILD, BETTER-TASTING SMOKING PLEASURE they want. You can't buy a better cigarette.

### APPLES BAKED ON TREE

DROMANA, Australia (U.S.)—Men who fought a grass fire that was sweeping through an orchard here, were rewarded for their labor. After the fire, an apple tree was found, where the grass had not been tall enough to injure the tree, but where heat from the flames had baked all the apples on the tree to just the right degree for eating.

### BUFFALO-COW ENDS TOUR

CULVILLE, Wash. (U.S.)—Leland Wilson and his catalo, Jumbo, which is a cross between a cow and a buffalo, have returned from exhibition in the east. The trip was made by rail.

## 42-Hour Week Takes Effect After Tonight

Although the change won't make a "big splash" in Twin Falls or in other major communities of Magic Valley, the 42-hour work week becomes effective after midnight tonight to replace the 44-hour week in operation during the past year.

The provision doesn't affect workers in businesses whose scope is defined as intra-state, or who are engaged in farming or in processing farm products within the area of production. It does apply, however, to a number of Twin Falls and other Magic Valley concerns who have been classed as sending products through interstate commerce.

### 34-Cent Minimum

Simultaneously with the 42-hour work week comes the increase in minimum wage from 23 to 30 cents per hour. That provision, however, is less important here than is the matter of hours since few workers are paid at the low minimum rate in Magic Valley.

Estimates received here from the wage and hour division today showed that approximately 8,300 employees in the state of Idaho will be affected by the 42-hour week. The number in Idaho receiving a wage boost because of the climb from 23 to 30 cents in minimum scale is estimated at only 1,400.

### Overtime

Those Twin Falls and Magic Valley firms which come under the hours provisions of the fair labor standards act, it was pointed out,

must pay time and one-half for overtime work done by employees in excess of 42 hours per week.

Congressional aim in enacting the law last year was to make more jobs and to assist the workers employed at "sweat shop" salaries. In Twin Falls for the past 12 months there has been scarcely a ripple created by the legislation after those concerns affected by it worked out preliminary details and bookkeeping.

Although 51 employers were taken into court during the year throughout the nation, no legal tests have developed here or elsewhere in Idaho.

### SEAGULLS MOVE INLAND

BIDDEFORD POOL, Me. (U.S.)—Though they never matriarched at Harvard, seagulls in this section have developed such a fondness for goldfish that few remain in pools on private estates.

TOUGH GAMES LOOM FOR ACE GRID CLUBS

Nine Major Teams Still Remain in Ranks of Unbeaten

NEW YORK, Oct. 23 (U.P.)—The woods are full of rough, tough customers today, busily plotting to ambush unbeaten football teams this week.

Of the top nine teams in the country, only Tennessee, which plays Mercer, has an easy Saturday ahead. The game of the week will be played at Columbus, Ohio, where Cornell, pride of the east, takes on the Ohio State powerhouse, coming into mid-season, it appears that the best in the country—not necessarily in the order named—are Tennessee, Notre Dame, Cornell, Texas A. and M., Southern California, Tulane, Ohio State, Nebraska and Michigan.

FOOTBALL SCORES

Of them have a tough job on Saturday except Tennessee. Tulane goes against Mississippi. Notre Dame meets Carnegie Tech. Texas A. and M. plays Baylor. Michigan battles Yale. Southern California tangles with California. Nebraska meets Kansas State, and Ohio State and Cornell play their unbeaten records on the line against each other.

A quick glance ahead shows there is a plenty of good football to follow through the country for Saturday. Here they are by sections:

**EAST**—Fordham-Pittsburgh, Harvard-Dartmouth, Holy Cross-Colgate, NYU-Georgia, Pennsylvania-North Carolina, Princeton-Brown, Syracuse-Penn State, Navy-Clemson, and Villanova-Arkansas.

**MIDWEST**—Northwestern-Illinois, Missouri-Iowa State, and Wisconsin-Iowa.

**SOUTH**—Centenary-Texas Christian, Duke-Wake Forest, Georgia Tech-Auburn, Vanderbilt-Louisiana, and Tulane-Mississippi.

**WEST**—UCLA-Oregon, Washington-Stanford, Oregon State-Washington State, Wyoming-Colorado, Idaho-Montana, Denver-Utah, Utah State-Colorado State.

**SOUTHWEST**—Texas-Rice. Running back through Saturday's signals, here are some of the high lights:

Saddest city in the country—Pittsburgh, Penn. Its teams were the victims of two of the biggest upsets, New York University defeated Carnegie Tech here in New York, 6 to 0. Duquesne knocked Pittsburgh from the ranks of the unbeaten and undefeated with a surprise 21-13 victory at Pittsburgh.

Outstanding player—Johnny Butler, Tennessee sophomore, who made a run of 57 yards at Knoxville, with almost blocking to start Alabama on the road to defeat.

Worst-lucked team—as usual, Chicago. Michigan did it this time, 35 to 0.

Teams that have been beaten but will be tough from now on—Holy Cross, Louisiana State, Carnegie Tech, Northwestern, Alabama, Fordham, Purdue, Southern Methodist, Clemson, Texas.

Chalcedon and Kayak II cleared the way for their impending meeting in the Pimlico special over the week-end by scoring convincing victories over some of America's better horses in the nation's two top stakes. Chalcedon breezed to a six-length triumph in the \$7,500 Maryland handicap at Laurel park. Kayak carried the same weight and came from behind to win the \$10,000 Continental handicap at Jamaica at New York.

George Hales, owner of the Chicago Bears, pro football team, rejected a \$15,000 offer from Brooklyn for Sid Luckman, Columbia's all-American punter of last year.

Twenty-two women, clad in elegant shoes, slacks, light helmets, and carry bags and the line up on a football field in Hollywood yesterday and played a bruising game for 2,500 cash customers. Even the referee was a woman.

Elsworth Vines of Pasadena won the national professional open singles title yesterday, defeating Fred Perry, English star, and defending champion, 5-8, 6-8, 8-1, 25-18, at Beverly Hills, Calif.

Kathryn Hamphill turned on the heat in the final green at Fort Worth, Tex. Sunday, to beat Betty Jamison, defending champion, cup in the 36-hole final of the Texas women's open golf tourney.

The football Davey O'Brien, who didn't look so good for the Philadelphia Eagles last week, completed 11 out of 25 passes for 140 yards yesterday. Only one was intercepted.

Ward Cluff, ex-Marquette half-back, provided the margin of victory for the New York Giants against the Chicago Bears with 3 field goals.

Did Luckman's passes for the Bears were sensational. One of them for 23 yards—figured in the scoring.

The Los Angeles Bulldogs defeated St. Louis Gunners 16 to 0. George Karamalis, former Chicago star now with the Bulldogs, kicked a field goal.

A half-storm sank all but one of the more than 40 motorboats that lined up in the city's championship motorboat race at Elizabeth City, N. C. yesterday and put an abrupt end to the event. The storm came up without warning, capsizing the frail boats, and leaving yachtsmen in the water. None was drowned.

Dutch Harrison won the Wichita Texas open golf tourney yesterday with a score of 274, 18 strokes under par. Dick Meta was second.

Utah Increases Prestige With Vandal Victory

SALT LAKE CITY, Oct. 23 (U.P.)—Utah university's football powerhouse stood head and shoulders above Big Seven conference opponents today after a 35-0 non-conference triumph over the University of Idaho although it was tied with Denver university in league standings.

The fire-touchdown triumph not only marked revenge for previous defeats at the hands of the Vandals, but set Utah up as the "winner" team of the circuit. Gaining for the Idaho boys since last year's 16-0 loss which blotted the 1938 record, the Utes unleashed a powerful attack in Boise Saturday to score two touchdowns in the early minutes of play, Utah's aerial offensive, centering around back Clarence Gribble and Left End Pete Bogden, served with deadly effect throughout the tussle.

Utah scored another touchdown in the second period, and then added two more in the third before the regular game way to the third quarter before they were stopped for the remainder of the game.

Idaho threatened only once. Lawrence 19, Lawrence 0. Vandal back, carried the pigskin to the Utah five-yard marker in the second quarter before they were stopped in their tracks on four successive plays.

Colorado Board Backs Oakes to Keep Coach Post

BOULDER, Colo. Oct. 23 (U.P.)—Bernard A. Oakes, University of Colorado athletic coach who tutored Byron Whitzler, White Sox 1937 Rhodes scholarship all-American back, had the complete "confidence" of the school's board of regents.

The regents called into special meeting to consider "reports and rumors" of interest in the college's athletic camp, announced it was "satisfied with the present football setup." President Robert Hesterman said the governing board had made a "complete investigation of the situation."

The move came on heels of persistent reports that the O. U. athletic board, composed of three faculty members and three university students, had submitted a formal protest demanding Oakes' resignation.

Colorado which lost its first three games of the season to Missouri, Kansas State and Utah State, defeated Colorado State 12-0 Saturday for its first victory of the season.

Major Elevens Take Thumpings During Saturday Coast Play

By JAMES A. SULLIVAN

SAN FRANCISCO, Oct. 23 (U.P.)—The Pacific coast boasted only one undefeated, united football team in major rankings today—Oregon State college—after St. Mary's, headed for national recognition, lost to Santa Clara 7 to 0.

Meanwhile the Pacific coast looked forward to four coast night, and Marquette and Arizona in Milwaukee.

**Bears Outclass Cougars**

Though California was lucky to beat Washington State, 13 to 7, Saturday, statistics showed the bears outclassed the Cougars.

Southern California, of course, is touted as the renaissance of the "thundering herd" of years gone by, and "has only a tie with Oregon to mark its otherwise perfect record. The Trojans were the Saturday.

"The Bruins of UCLA, powered by the 'black magic' of Kenny Washington, waited to a 20 to 6 win over Montana, with Washington scoring all three touchdowns. Oregon, victor over Stanford and California and tied by the Trojans, was virtually eliminated from contention for the Rose bowl when Gonzaga defeated them.

Packers Turn Back Lions In Pro Loop

NEW YORK, Oct. 23 (U.P.)—The Green Bay Packers rose into a top tie with Detroit in the National Football league's western division today by tagging the Detroit Lions with their first defeat of the season, 26-7, yesterday.

The Packers and Lions now have each won four games and lost one. This was the only standing change in either of the league's divisions after games on five fronts. The New York Giants and Washington Redskins remained deadlocked for the eastern division lead with four victories and one tie each. The Giants downed Chicago's Bears, 16-13, before 58,093 fans at New York, second largest crowd ever to witness a professional game.

Washington sank Pittsburgh deeper into the eastern cellar, 21-14, for the Pirates' sixth straight defeat. Brooklyn beat the Philadelphia Eagles 23-14, and Cleveland beat the lowly Chicago Cards, 24-0.

It was Santa Clara's first victory of the season, and St. Mary's first defeat.

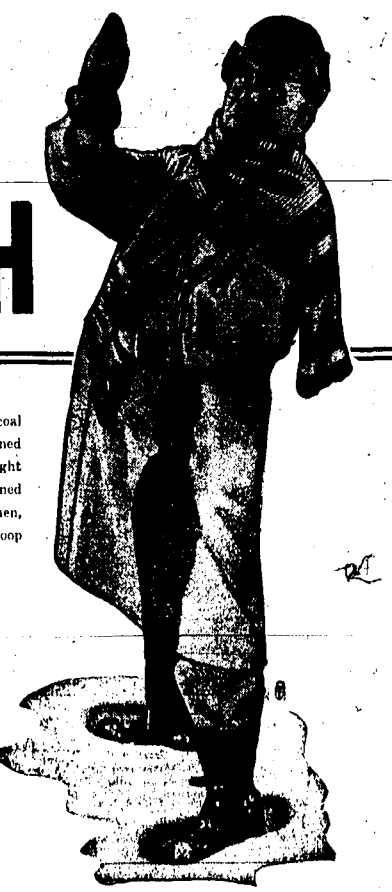

The only score came on an 80-yard march in the third period, with a forward pass from Halfback Jimmy Johnson to Left End Lacey from the eight-yard line put the ball across. Johnson added the extra point from a placement kick.

Well, that's one of the things I found out . . . they have to buy through a jobber, and they take whatever they can get . . . they hand it on to us coal users and WE'RE STUCK. # They Had No Trouble Getting Bag Limit

These three hunters had no trouble getting their bag limit of 10 ducks each as the annual 45-day season opened here yesterday morning. The hunter opened at 7 a. m., and at 9 a. m. E. A. Bringer, left; Laurel Howard, center; and Collins Caldwell, right, had their bag of 30 ducks. They ambushed the birds on a pole-hole near Eden and reported that of the 30, 21 were green-head Mallards. All the birds were in good condition. Many more in the same sector returned with the full limit, although this trio was the first to report back in Twin Falls after the opening gun. (Evening Times Photo)

## Bruins Point for Idaho Falls After Pocatello Defeat

Back on their home lot, their teeth set in grim determination that one defeat would not completely spoil the season, the Twin Falls Bruins, today prepared to take on the vastly-improved Idaho Falls Tigers here on Friday in a contest that will be a feature of the annual south Idaho teachers' convention.

The Bruins, with the luck running against them throughout the game, lost a tough battle at Pocatello on Saturday by a score of 12-7, after holding the lead most of the way. Led by Chuck Thomas, who turned in the best game of his young career, the local club came through with a touchdown in the first quarter. The Bruins recovered the ball on the Pocatello 19 yard line after a fumble by Jimmy Scardino. On the first play Thomas placed the center for six yards, placed the ball on the 13-yard stripe. On the next play the Bruins worked a cross-crow, with Thomas handing the ball to Gibb and the Bruin halfback in turn giving it to Ira Cartney on an end-around play. With Cartney scoring the touchdown, Thomas attempted to pass for the extra point, but the pass was slapped down. However, Pocatello was called for holding and on the next attempt Bob Patton punched the line for the extra point.

The Indians threatened early in the second quarter, but a long drive was ended on the Bruin 26-yard line when a fourth-down pass was incomplete. The first Pocatello counter came later in the same period when a cross-crow play gained 24 yards from the Pocatello 49 to the Twin Falls 15. Rytting scored the counter a moment later on a three-yard run, but the attempt to kick after failed and the Bruins retained their lead, 7-6.

Long runs in the third quarter set the stage for the team's winning score. Peterson clicked off punts of 27 and 35 yards, Scardino cracked the line for five yards and then a punt, Scardino to Dykman put the ball on the one-yard line. Here the Twin Falls line showed the reason it is called the best in the state when it held the Indians at bay for four straight plays and took possession of the ball and downs. But Thomas kick from behind the goal line was brought back from the 45 to the 25 and on the first play Rytting scored to tie the game. Scardino high in the air and pulled the ball down in the end zone for the winning point.

After the final Indian score, Chuck Thomas took the kick-off ball for something over 95 yards on a return journey, but he was called out of bounds on the 41-yard stripe and brought back. On the next play Patton got away for a 40-yard gain.

defences as Bowatte, Chutunna, Meyer and The Citadel.

The first game was only one touchdown quicker than an open date. The other schools in the conference, with teams vastly inferior to Major Bob Neyland's Volunteers, took their hard knocks. Georgia Tech started out with Notre Dame as an opener. Alabama lunged against Purdue in the second game, and Tulane took on the Rams in the third game. Last night's game between the Bruins and Idaho Falls was the second of the season. All of these in addition, mind you, to what, for them, is the toughest sort of competition within their conference. It is a shame that the Tennessee team of this year won't be given a chance to establish its greatness. After watching the Vols against Alabama such a football critic as Dr. J. M. Butler might fairly rank it as one of the greatest games he ever saw. "I am not sure but what it might be the best football club I ever saw," the former Pittsburgh

## Duck Hunters Return With Full Limits

South Idaho's annual war on ducks got under way at 7 a. m. yesterday morning and today hunters, from throughout the region reported surprisingly good luck for this early in the year—despite the fact that, near-summer weather prevailed.

With a bag limit of 10 ducks per man, many parties returned with a group of three and four coming back with from 30 to 40 ducks. However, those who failed to get their limit for the first time were not discouraged. They were reported to be waiting to wait down the high flights into local pot-holes.

Mostly stragglers. The ducks shot during the day were mostly stragglers—coming in in singles, groups of three—or sometimes as high as seven or eight in a flock. The big flights will probably set down in this section along with the first snow storm of the year. Many of the birds shot yesterday were local products and were mostly in excellent condition, with some showing signs of being well-fed.

While many sportsmen spent the morning in slapping surrounding pot-holes, there was a great deal of pheasant shooting going on—with few pheasants being bagged, according to scattered reports. The birds on the north side of the river were reported to be getting exceptionally wild—wilder, in fact, than they were at the end of the season in 1938.

High in Sage Brush. Parties scouting in the sage brush found large flocks of from 10 to 20 birds spending their time hiding in that area—but getting up and taking flight long before the hunter was within gun range. However, there were still many birds foolish enough to brave the army of guns and corn fields furnished the most popular place to abode—for both the pheasants and the hunters during the day.

conch said. "Against Alabama, which is a strong team, it had everything to go back in Chicago, Butler, Puck and Goffman. A line that didn't make a mistake all afternoon, and with the speed of a hurricane. And it is superbly coached."

Frank Thomas, the Alabama coach, takes the Vols with the Vols led the bid, heaven help the western team that is chosen to play them. They'll find themselves up against a bruin, battering team a squad with fire, and savvy; an eleven that knows all the shortcuts. If Tennessee hasn't the strongest team in the country, and the weakest schedule, then you can write me an anonymous letter—and sign your name to it. Put down the name of Neyland! I see you.

## Tennessee Has Toughest Team in Nation—With Weakest Schedule

By HENRY McLEMORE  
KNOXVILLE, Tenn., Oct. 23 (UP)—It is a regrettable fact that the Tennessee football schedule makers have made a mistake in overlooking the great teams that are turned out regularly in the shadow of the Big Smoky mountains. The Tennessee team that crushed a good Alabama team 21 to 0 here Saturday before the biggest crowd in the athletic history of the state, deserves the strongest sort of competition every week-end. It has the power, speed, discipline and reserves to take on any high ranking team every Saturday. Instead the schedule is snipped out to include, at the minimum, four good teams within its own conference, and with a pause-over every other week. This limit arrangement has been the policy here for years, and even the most partisan townfolk are growing weary of it. They want to see their own boys get real meat, and not given a diet on such gristlin

NOW your daily newspapers offer

# ENGRAVING PHOTOGRAPHY and ART SERVICE

The Idaho Evening Times and Twin Falls News today announce three new services for their readers and advertisers—services unparalleled in less than "big city" centers.

Beginning today, these new departments—engraving, photography and art—go into complete operation, producing local pictures, cuts and cartoons for the news departments, and sketches, drawings, illustrations and layouts for the advertising and commercial printing departments.

With the addition of these departments, the Times and News broaden out to include the entire scope of newspapering and gear themselves to the speed and efficiency of metropolitan operating methods.

Now an important news story can break and in a flash our own photographers and engravers will

be on the job, taking and making pictures which a few hours later will be on the doorsteps of our readers!

Now all kinds of commercial photography, engraving and art work are available for every use to every individual, business firm and newspaper in Magic Valley—the fastest service to be obtained anywhere in this territory!

All of these various processes are done by our own experts. Each department maintains its own personnel, ready at all times to serve not only the Times and News and all their departments, but the general public as well.

With the inauguration of these new services, the Idaho Evening Times and Twin Falls News take another major step forward!

## These three new facilities bring • TIMELY NEWS PHOTOS • GRAPHIC "AD" APPEAL

These new departments of the Idaho Evening Times and Twin Falls News present unlimited possibilities for pictorial treatment of local news and afford vast opportunities for advertisers in the development of their merchandising programs.

Hereafter readers of the Times and News will get a complete picture of every important news development in Magic Valley, not only through the efforts of our fast-working news staffs, but with pictures, cartoons and the like, produced through the combined facilities of photography, engraving and art.

With these services, advertisers in the Times and News will find many new ways in which they can better illustrate their wares and estab-

lish their individual identities. There is no limit to the benefits they can derive from availing themselves of these new facilities.

With the exception of the smaller body type, all of the lettering, artwork, photography and engraving embodied in this advertisement, was produced by the new departments just inaugurated by the Times and News.

The Times-News photographic department is in charge of Ray McFarland, formerly a photographer and engraver for the Ogden Standard-Examiner. In addition to directing the department, McFarland will be on the "firing line" for both the Times and News when things start popping.

O. A. (Gus) Kelker is already well known in Twin Falls as a photographer and reporter for the Idaho Evening Times. In the future he will be actively identified with the new photographic department now being operated by the Twin Falls newspapers. Here he is shown in a familiar pose.

This interior view shows a portion of the Times-News engraving department which, with the photographic department, is located on the ground floor of the Twin Falls Canal Company building. Shown examining a piece of engraving copy is Joe Donahue, former owner of the Western Engraving company of Ogden, who heads the department.

Here Pat Branin, left, and Keith Hunter, are busily engaged in the Times-News art department where they produce various sketches, drawings, and cartoons for readers and advertisers of the Times and News. On occasion they are assisted by Robert H. Warner, advertising manager, who also is experienced as an artist.
