

RUSSIAN SPURS NAZI ORDER

What Neutrality Act Does

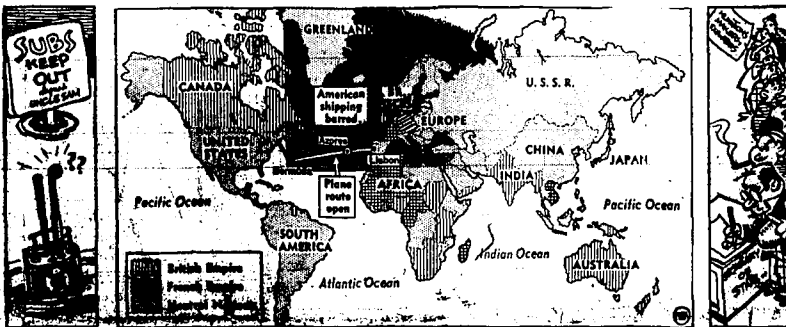

Granting of credits to belligerents or solicitation of contributions for them, except for relief of suffering caused by war, is prohibited by neutrality bill.

Arming of American merchant vessels restricted to such small arms and ammunition as are necessary for the preservation of discipline aboard ship.

Foreign vessels cannot fly flag of the U. S. to escape capture, nor can they use markings to indicate they are American ships. Vessels so doing would be barred to U. S. ports.

American ships may not sail in combat area shown on map, cannot carry passengers or goods to ports in this area. President is empowered to proclaim, as he has indicated he would, that American citizens travel on belligerent ships in war waters at their own risk. Title to all goods shipped to combatants must be transferred before these items leave American shores.

Russians Will Not Enter Conflict, Molotov Claims

MOSCOW, Nov. 6 (AP)—Premier-Foreign Minister Vyacheslav M. Molotov, addressing a Communist rally at the Moscow opera house tonight, reaffirmed Soviet neutrality and said "no effort to draw the Soviet Union into can succeed."

The meeting climaxed the first day of a three-day celebration of the Red revolution anniversary which was marked by issuance of the first Communist manifesto since the outbreak of war in Europe.

Molotov called on workers in allied countries to halt the war and attacked the action of the United States in repelling its arms embargo.

Referring to U. S. Molotov, who last week criticized President Roosevelt for "interference" in Russo-Finnish relations and who also attacked the American neutrality law in a speech before the Supreme Soviet council, referred pointedly to the United States tonight.

Addressing representatives of the central and Moscow party trade union and Soviet organizations of shock workers and intellectuals, Molotov said that "only the Soviet union is consistently keeping the peace."

Molotov said although war already involves more than half the population of the world "it is constantly spreading faster, with the aid of the United States."

He accused Great Britain and France of seeking to extend their influence to Scandinavia and the Balkans for the purpose of attacking the Soviet Union.

DEFENSE DENIES LOTTERY CLAIMS

CHICAGO, Nov. 6 (AP)—Council for M. L. Annenberg challenged the federal government today to prove the National News Service, Inc., operates as a lottery before enforcing an order for major communications commission to halt the flow of race horse information into "bookie" parlors over the country.

Annenberg counsel petitioned federal and state courts to enjoin cancellation of service by Illinois Telephone Co. and American Telephone and Telegraph Co. until the courts have ruled on a federal lottery law.

Service Canceled Federal and state prosecutors last week ordered Illinois Bell, A. T. & T. and Western Union Telegraph Co. to cancel service to Nationwide and affiliates under threat of prosecution for violating the federal lottery law.

Communication said they would comply, Illinois Bell setting the deadline for noon today. The noon deadline was extended to Thursday, when A. T. & T. has agreed to act, while the injunction petition was argued before federal judge James H. Wilkerson.

Attorney Hammond E. Chaffetz opened the arguments for Annenberg by challenging legality of the prosecutors' order for cancellation of wire service contracts.

"Nationwide operates a news service, not a lottery," he argued. "It gathers information on horse racing at the tracks and disseminates it expeditiously to customers. The customers include the three major press associations and many newspapers as well as handbook operators."

"It does not conduct a lottery nor carry a list of prizes for a lottery scheme. If the bookmakers make their own odds it is their concern, not that of Nationwide."

Nation Refuses to Hold "City of Flint" in Port

Nazis List Three-Point Demand on Seized Ship

By FREDERICK OCHSNER
BERLIN, Nov. 6 (AP)—Germany has made a three-point demand on Norway in the case of the American freighter City of Flint. It was announced today by authorized German sources.

The demands were:

Release of the German prize crew which Norwegian authorities took from the City of Flint and interned; Surrender of the ship and her cargo to Germany; or, Norway to hold the ship, at least until negotiations are completed.

The authorized source said: "We consider the only correct procedure on the part of the Norwegian government would be to prevent the Flint from sailing until the matter is regulated."

It was added German and Norwegian jurists were now examining all three demands. Asked what would happen if the negotiations were deadlocked, the spokesman said: "I cannot say anything about that but so far we have set no time limit."

The reference to a time limit presumably meant that since none of the three demands had been accepted, the demands did not constitute an ultimatum.

Nazi quarters admitted the Norwegian communiqué on the subject constituted "a more or less first attempt" of the German protest at losing the ship.

By EVEL TRESSELT
BERGEN, Norway, Nov. 6 (AP)—Norway today rejected a new German protest against release of the freighter City of Flint to her American crew, and there were increasing indications that the ship would leave her cargo here and return home.

Norway continued to maintain that Germany lost legal right to the ship when the German prize crew took it into port at Haugesund and that she is now free to go wherever the Americans want to take her.

Mrs. J. Borden Harriman, U. S. minister to Norway, who conferred here with Capt. Joseph A. Gairard of the City of Flint, also said that the ship is now free.

In a German broadcast to the United States carried by the National Broadcasting company, Gairard made an important disclosure which was expected to bolster the Norwegian contention that the German prize crew commander violated international rules when he put the City of Flint into Haugesund.

He said the Flint went into Haugesund in compliance with instructions that were issued by the commander of the German merchant ship Schwaben. The Schwaben closed around the Flint, he said, and as they approached close enough, the Schwaben manuevered the order.

Claimed Sailor Was Sick The Germans had maintained that they put the ship into port because an American sailor needed hospital treatment. The Norwegians examined him and said that was not true.

Gairard also said that when the German prize crew took over the ship, they searched for weapons and stock the ship.

Asked by the United Press whether the cargo would be discharged, Gairard answered with a smile: "It will be discharged some time, yes. I cannot say when, but it will be discharged some time, yes."

He had instructed him not to discuss where the cargo would be discharged. He added that no decision had been made regarding a date for departure from Bergen.

Indications around the port, however, were that the cargo would be sold at auction here, rather than take a chance on further shipwreck might be involved in attempting to deliver it to its original destination in England.

Mrs. Harriman, who came here from Oslo, conferred with Gairard and the staff of the United States consulate. It was expected her reports to Washington would guide the ultimate disposition of the cargo and ship.

As the cargo was received by the American consul.

At about the same hour, her husband, Mr. J. P. Harriman, was in Oslo, where he had just arrived from a three-point demand had been made on Norway over the seized ship. The German government had taken away from the prize crew and returned to American crew.

The Germans demanded that the prize crew, which Norway wanted to release and that the ship be given back to Germany or in the harbor here until the prize crew was released. The ship rode at anchor off shore under the stars and stripes, moonlight to sail whenever Capt. Joseph A. Gairard, her commander, wished. It was believed he had been willing to hear from Mrs. Harriman.

Held on Norwegian Ship The German prize crew were prisoners aboard the ship until the prize crew was released and the ship be given back to Germany or in the harbor here until the prize crew was released. The ship rode at anchor off shore under the stars and stripes, moonlight to sail whenever Capt. Joseph A. Gairard, her commander, wished. It was believed he had been willing to hear from Mrs. Harriman.

WISHAP REVEALS THEFT OF AUTO

Because a local resident became suspicious when he aided in righting an overturned machine on highway 23 seven miles from Twin Falls, Michigan Wylle, a transient with a police record, was taken to a police jail today facing charges of grand larceny in connection with theft of an automobile.

The automobile was the property of Ed Caldwell, rural resident who reported to police at 9:30 p. m. Sunday that it had disappeared from his parking place within the city.

Shortly after that time Oliver Holmes, 35, Michigan, was seen driving toward Twin Falls on highway 23. He noticed an automobile on its side and stopped to investigate. He saw a man get out of the car and aided in righting the vehicle.

Immediately after this incident he reported the matter to the local police and the machine was taken to a police station.

It was noted an automobile was stolen. A city patrolman and a state policeman started down highway 23 and met Wylle five miles out. He was placed in an under arrest and taken to the county jail.

"Time for hearing on the case had not been set this afternoon."

PENSION

COLUMBUS, O., Nov. 6 (AP)—Ohio oldsters seek pensions of \$50 a month tomorrow in a heated election expected to last an off-year record of 2,500,000 votes.

Led by the Rev. Herbert S. Bigelow, a 69-year-old former congressman from Cleveland, they seek to increase the present old age pensions averaging \$23 monthly, paid to persons over 65, to \$50 to single persons over 65 and \$80 for married couples.

U. S. SIGNS PACT WITH VENEZUELA

WASHINGTON, Nov. 6 (AP)—The state department announced today the conclusion of a reciprocal trade agreement with Venezuela.

The agreement, signed at Caracas, was the latest reciprocal trade pact signed by the United States.

When the new treaty becomes effective, it will reduce the duties on a wide range of goods to approximately 60 per cent of this nation's foreign trade will be regulated on the basis of reciprocal concessions.

Concessions obtained for United States products under the agreement include tariff reductions, or agreement to "freeze" present tariff schedules on wheat, flour, oatmeal, rice, lumber, iron and steel products, automobiles, radios, telephones, accessories, radios, refrigerators, and paint.

Concessions granted Venezuela include a 50 per cent reduction on import duty on crude petroleum and a 50 per cent reduction on import duty on a wide range of goods.

The agreement was signed by Secretary of State Cordell Hull and Venezuelan Minister of Commerce, Dr. J. P. Martinez.

JAPANESE OFFER U. S. INDEMNITIES

TOKYO, Nov. 6 (AP)—Establishment of a new government in China will remove "some of the reasons for friction with the United States," it was announced today as Japan continued to seek better relations with the United States.

The foreign office spokesman announced the Japanese ambassador at large, Sotomatsu Kato, in charge of matters dealing with China, has left for Shanghai with orders to negotiate with American consular officials along constructive lines.

At the same time, the new Russian ambassador, Constantin Nomura, came here with an entourage that included a military attaché. It was the first time that Russia has been represented here fully in 18 months.

Referring to the "friction" among foreign powers in China followed the suggestion of two former foreign ministers that Japan pay indemnities to the United States for damages to American interests in China, as one means of improving Japanese-American relations.

Katoichi Yoshida, told the United Press, "Indemnities might be helpful in showing our sincerity."

Should Pay Hachiro Arata, who was succeeded by Admiral Katoichi Nomura, now negotiating with American Ambassador Joseph G. Grew, was quoted in a national newspaper, Kokumin Shimbun, as saying:

"It is natural we should pay indemnities where required and rectify necessary matters."

Grew and Nomura were expected to resume their discussion soon.

BRUSSELS, Nov. 6 (AP)—Adolf Max, burgomaster of Brussels, died of pneumonia today at the age of 89. He had been burgomaster for many years, and also a member of parliament and a minister of state.

Ex-Cowboy Dies PROVIDENCE, R. I., Nov. 6 (AP)—Funeral services will be held Wednesday for Warren F. Parwell, 77-year-old ex-cowboy and once Buffalo Bill riding mate, who died at a hospital yesterday.

Parwell rode into the west as a scout 50 years ago and returned rechristened "Cheyenne Bill" by an Indian chief whose daughter he saved.

Oddities

HOLIDAY CHICAGO—Speaking of a business holiday, 200 eastern railroadmen journeyed nearly 2,000 miles Sunday as they could ride the Rock Island railroad's new steamship Rocky Mountain Rocket on a trial run from Chicago to St. Paul Rock Park, Ill.—a 94-mile trip.

EMBARASSMENT HOLLYWOOD—Embarrassment caused Frederick Kays Frankenstein, 29, salesman, to file a petition to change his name to Frederick Frankenstein Kays. He said "Frankenstein" had been associated with the grotesque movie character.

ERROR LANGSTON, Calif.—Charles C. Johnston, 27, truck driver, admitted he made a slight mistake, blinding himself, Johnston watched a train engine puff across a crossing, then stepped on the truck's throttle to go ahead himself. That was his error. In the early morning darkness he didn't see the freight cars attached to the engine.

He knocked four cars off the track.

GOP MAPS FIGHT ON TRADE PACT WASHINGTON, Nov. 6 (AP)—House Republicans began an intensive study of the New Deal's reciprocal trade agreement program today. They promised that the program would be the object of major O. G. P. attack in the next congress.

Main part of the study will be done by a 48-man committee, headed by Rep. Clifford M. Doolittle of Kansas. It will be divided by executive committee of eight representatives, named by House. He said earlier that sub-committees will delve into the facts surrounding a dozen or more major commodities.

3 Children Die In Hotel Fire

YOUNGSTOWN, O., Nov. 6 (AP)—A young child was killed and two others injured today in a fire in a 100-year-old hotel, causing the death of three small children.

The victims were Aurea, 4; Arthur, 13 months, and Arthur, 13 months, children of Mr. and Mrs. Arthur Walter.

Mrs. Walter told police she recalled seeing the fire start in the hotel when she was treating Arthur for a skin affliction.

REDS CELEBRATE 22ND BIRTHDAY

MOSCOW, Nov. 6 (AP)—A three-day celebration of the 22nd anniversary of the Red revolution started today, delaying further conferences with the Finnish mission here to negotiate on Russia's territorial demands.

It was reported the Finns would stay but they might not meet Soviet officials as before Thursday. The Finnish cabinet met at Helsinki yesterday and reportedly drafted new instructions expected to reach here today.

Russia was reported insisting on permission to lease Hangs, the Finnish port at the entrance to the Gulf of Finland for a naval base and this demand was believed to be the chief obstacle to an agreement.

Gas Asphyxiates Iowans on Coast

SAN FRANCISCO, Nov. 6 (AP)—The coroner's office today decided that a young woman died of gas asphyxiation in a rooming house in Iowa and that her death had been accidental.

An autopsy performed on the body of James H. Welch, 34, Des Moines, and his bride of a week, Orlene Lucille Allen, 26, Ames, Ia., determined that gas had entered their lives after at least two days of asphyxiation in an auto camp near here.

DIES TO ASK FUND

WASHINGTON, Nov. 6 (AP)—The House today will ask congress for \$100,000 at the next session to continue his investigation of un-American activities.

SNOW FALLS ON ATLANTIC AREAS

By United Press
Winter came to the Atlantic seaboard from Maine to Florida today with snow, rain and high winds. Even the deep south felt the approach of winter with several reports of snow-freezing temperatures.

A storm accompanied by winds of gale force swept along the coast of New England. Upper New York state was covered with from 10 to 20 inches of snow. Highways through the Blue Ridge mountains and the Shenandoah valley were blocked. Power lines and communication lines were down, trains and bus schedules interrupted, and motorists marooned.

The weather bureau ordered northwest storm warnings displayed from east of New Haven, Conn., to Nashville, Tenn.

Near freezing temperatures endangered crops around Cincinnati, Pa., but the cold was not sufficient to affect the central Florida citrus groves.

Heavy rains fell in Washington and New York City, and in the north covered most of eastern Pennsylvania, New Jersey and Delaware. High winds accompanied the storm in metropolitan New York.

MAJOR WORK ON FORT PECK DAM COMPLETED

FORT PECK, Mont., Nov. 6 (AP)—Major construction phase of the world's largest earthfill structure was accomplished over the weekend when the dredges "Jefferson" and "Jefferson" completed operations at the 114,000,000 Fort Peck dam on the Missouri river.

Since the project to harness the mighty Missouri was started in 1934, dredges have pumped some 1,200,000 cubic yards of dirt and gravel into the 20,000-foot long dam.

Before the project is completed, 1,400,000 cubic yards of fill will be removed from one section of the 250-foot high structure to another. Then portions of the dam, ranging from a maximum width of 4,000 feet at the base to 100 feet at the crown, will be rip-rapped with a layer of rock.

Mal. Clark Kittrell, army engineer in charge of personnel management, said the \$70,000,000 power plant designed to generate eventually 100,000 kilowatts of electricity will be completed in 1941.

The primary purpose of the huge project, however, is to regulate flow of the Missouri to provide an outlet to flood channels from Sioux City, Ia., to St. Louis, Mo. It was inaugurated secondary to flood control, flood management, relief, irrigation and development of power.

The lake formed by the dam will be filled by 1944 and will serve to army engineers' estimate. It will be 180 miles long.

ODDEN MAN PROMOTED

PORTLAND, Ore., Nov. 6 (AP)—

Selection of A. H. Standen, Oatman, Ore., as chief of personnel management of the north Pacific region of the U. S. forest service was announced today by Lyle F. Watts, the region's head forester.

There was a growing concern here that the City of Portland might be forced to return to the States by a northern route.

WASHINGTON, Nov. 6 (AP)—

Although the city of Portland is not a member of the League of Nations, it is a member of the League of Nations.

ONLY 8 MAJOR GRID CLUBS REMAIN UNBEATEN

Nebraska, Oregon State, Michigan Meet Setbacks

NEW YORK, Nov. 6 (AP)—There were only eight hardy survivors in the magic circle of major unbeaten football teams today as the season went into its final month.

Three—Michigan, Nebraska and Oregon State—fell by the wayside over the week-end and stern opposition still is ahead for those who have kept their records clean of defeats.

Southern California is undisputed king of the far west and seems certain to carry the hopes of the west into Pasadena's Rose bowl.

The Trojans' 19-to-7 victory over Oregon State disposed of their most dangerous opponent to date, and knocked Oregon State from the ranks of the unbeaten.

Notre Dame and Oklahoma bested the middle west with powerful, resourceful teams. Notre Dame had an easy time with Army and the Oklahoma team, one of the powerhouses of the nation, brushed aside Iowa State, 38 to 0. Nebraska caught a tartar in Missouri and suffered its first defeat of the season.

Tennessee, which has to be ranked as the top team of the nation despite a schedule that gives them a brother every other week, remains untied, unbeaten and unscathed. On that 20-victory over a tough Louisiana State team is a fair indication of Tennessee's power.

The south, however, emerges as the strongest section of the country. Behind Tennessee comes Texas A. and M., Tulane and North Carolina—all of them undefeated. It is this keep-up, Dixie is going to dominate the New Year's bowl games.

Cornell, despite a close call against a weak Columbia team, remains the best in the east—beaten only once and victor over Ohio State.

There may be trouble ahead for six of the eight leaders. Tennessee will have an easy time against The Citadel this Saturday and North Carolina will steam-roller Davidson.

But Oklahoma meets Kansas State, Southern California plays Stanford, Tulane collides with Alabama, Notre Dame goes against Iowa, Texas A. and M. meets Southern Methodist, and Cornell plays Colgate. There should be at least one upset lurking in those eight games.

Highlights of last week-end: Upset of the day—Illinois' 16 to 7 victory over Michigan which seemed to be rolled along toward a Big Ten title and maybe the national championship.

De Correvont Stars Player of the day—Bill De Correvont, high school sensation of two years ago who finally got going in the Northwestern backfield. He ripped the Minnesota line to set up the first touchdown in his team's history and then made a dazzling 61-yard run to win the game, 14 to 7.

Strangest game of the day and the season—Iowa's 4 to 0 victory over Purdue. The game was scoreless until the final period when Purdue was thrown for two fumbles.

RANGERS TIE RED WINGS NEW YORK, Nov. 6 (AP)—The New York Rangers tied the Detroit Red Wings 1-1 in an overtime struggle and the Montreal Canadiens walloped the Chicago Black Hawks, 8-2, last night in the first two-game card of the 1939-40 National league hockey season.

Vandals Score Second Win Of '39 Season

MOSCOW, Ida., Nov. 6 (AP)—The 1939 football record of the down-trodden University of Idaho Vandals stood at two wins and four defeats today following a 19 to 7 victory over Utah State in a nip and tuck game played before 2,000 spectators in Neal stadium Saturday.

In the inter-conference tilt, the Vandals outkicked, out-passed and outplayed the Utah Farmers.

Idaho scored first in the second period when Ault passed to Ryan on the 21-yard line and Ryan raced over for a touchdown.

In the third, Utah State went into a temporary lull when Bragetter converted after he had recovered a punt Bill Whitehead had blocked on the 25, and raced across the goal line.

Minutes later, the Vandals went out in front again when Bell tallied with a 38-yard run.

The final score came in the last three minutes when Smith took the ball on an end-around and went over. He converted.

Idaho LE Ryan Whitehead LT Tauber OGara LO Sanner Maughan C Caccia Woodward RT Donovan Moore RE Therrill Clark RW Harrell Bragetter LB Stoddard Olsen QB Young State FB Franklin Slater FB Bell

Score by periods: 0 0 7 7 Utah State 0 0 6 7-19 Idaho

Utah State scoring: Touchdown. Maughan. Point from try after touchdown. Bragetter (place kick).

Idaho scoring: Touchdowns. Ryan. R. Smith (sub for Harrell). Bell. Point from try after touchdown. Slater (sub for Stoddard) (recovered blocked place kick).

Feminine Grid Teams Battle To Tie at Idaho

UNIVERSITY OF IDAHO, Nov. 6 (Special)—A new feud was introduced on the University of Idaho campus Friday afternoon when the Kappa Kappa Gamma and Pi Beta Phi sororities battled to a 6-6 tie in a women's touch-football game.

Joyce Kenworthy, Kappa Gamma runner from Moscow, provided the fireworks of the game when she ran the kickoff to start the second half the length of the field for a touchdown. The Pi Beta Phi evaded the score in the final minutes of play.

The game was not without injuries despite the heavy padding and helmets the girls donned. Frances Redmond, Kappa line-woman from Cincinnati, O., received a broken rib and Marjorie Harman, Moscow, suffered a badly smashed nose. Both girls are all right now but Miss Redmond is still swathed in tape.

Frequent interruptions occurred during the game; the half-time rest period being extended so the Pi Beta Phi could pose for the cameramen. Time out was taken by the Kappas in the final eight-minute period so they also could take a peek at the birds.

The Pi Beta Phi introduced humor into the game when the water-gate at the end of the first quarter was not equipped with water, but carried a bucket of milk out to the tired girls.

He's Star of Week

Bill DeCorrevont today was chosen as the "player of the week" after sparring his Northwestern team to a 14-7 victory over the University of Minnesota. DeCorrevont put the ball in position for the first touchdown and then counted the clincher on a 61-yard gallop.

Bennett Stars as Coyotes Hold Pacific to Draw

FOREST GROVE, Ore., Nov. 6 (AP)—Pacific university's Northwest conference winning streak had been halted today with honors for its end going to College of Idaho from Caldwell, Ida.

The Idaho squad battled the Oregonians to a 13-13 tie Saturday.

Idaho's "Rabbit" Bennett ran the opening kick-off 95 yards for a touchdown, but Pacific scored in the second and third periods. Idaho evened it up in the final few seconds of the fourth quarter, Bennett taking it over.

Hunters' Potlatch Cancelled to Honor Van Guilder

SUN VALLEY, Nov. 6 (Special)—The Hunters' Potlatch, scheduled for Nov. 11 in the Ram of the Challenger Inn has been cancelled out of respect to Gene Van Guilder, Sun Valley publicist.

The Potlatch conceived by Mr. Van Guilder as a means of celebrating super-abundant fall hunting in Idaho was to have been a jollification for sportsmen and sportswomen. The Sun Valley management and members of the Idaho hunting fraternity cancelled the Potlatch in respect to Mr. Van Guilder who was killed Oct. 29 in a hunting accident on Snake river near Hagerman.

Detroit Lions Down Giants to Scramble Race

NEW YORK, Nov. 6 (AP)—There were no undefeated teams left in the National Football League today. The champion New York Giants' unbeaten streak through a stretch of 19 straight games, were back to earth today after losing the crest since Oct. 3, 1938.

Top honors for the Sunday battle go to "Gloomy Gus" Henderson's Detroit Lions who punctured the Giants' bubble of superiority with a spectacular 18-14 triumph before 49,427 spectators at Briggs stadium.

In another wild game in the west, the Chicago Bears found themselves at last and battled to a 30-27 triumph over the Green Bay Packers before 40,537 at Wrigley field, Chicago.

The Lions' and Bears' triumphs turned the league topsy-turvy, leaving five teams still in the running for the championship. The Lions' victory not only elevated them to the undepicted lead in the western section but dropped the Giants into a dead-end with the Washington Redskins for the eastern lead. Although the Lions are on top in the west, with six victories and one loss, the Packers, winners in six out of eight, cannot be counted out of the race, and the Bears, with a 5 and 3 record, still have a fighting chance at the title.

Washington moved back into a tie for the eastern lead with its 7-6 victory over the Philadelphia Eagles. The Cleveland Rams showed over two first period touchdowns to score the day's only one-sided victory, a 14-0 shutout over the Chicago Cardinals at Cleveland. The Dodgers-Pittsburgh game at Brooklyn was postponed because of rain.

Idaho Falls Votes Entrance into Pioneer League

IDAHO FALLS, Ida., Nov. 6 (AP)—Mayor Chase Clark said today the Idaho Falls city council voted entrance of a team sponsored by the New York Yankees in the Pioneer baseball league.

Construction on Highland ball park will begin immediately and will be completed by May 1, Clark said. Another meeting of the council will be held Wednesday to discuss final plans.

CAGERS TURN PRO

EUGENE, Ore., Nov. 6 (AP)—Two members of University of Oregon's 1939 national championship basketball team—Lauren "Laddie" Galt and Unger "Slim" Wintermute—have turned professional and joined the Detroit Eagles tonight, it was revealed today.

The bureau of mines has estimated the November daily average domestic demand for crude oil will be 3,020,000 barrels or a total of 108,600,000 barrels for the month.

Upsets Change Picture Of Race in Rocky Mountain Conference

SALT LAKE CITY, Nov. 6 (AP)—Two hectic, amazing games were all it took and today the Big Seven conference football picture has completely changed and the Buffaloes of Colorado university were on top of the heap by 84 percentage points.

The Buffs made their amazing climb to the top by trouncing the Redskins of University of Utah, 21 to 14, while the Cougars of Brigham Young staged an even greater surprise by upsetting Denver university, 21 to 18.

This made Colorado's conference record stand at three wins and one loss for the 1939 season—a percentage standing of .750. It also made a three-way tie for second place with Utah, Denver and B.Y.U. All stacked at .666, the result of records showing two wins and one loss.

Wounding Trail The Buffs stamped with Leo Stalcus, tallback to Colorado's famed Whizzer White, taking the lead with a combination of passes, runs and kicks and the Utes were through for the day.

The game at Denver was different and only a desperate pass in the last 25 seconds of play brought B.Y.U. a victory. With the score 18-14 in the Pioneer's favor and but 25 seconds to go, Jensen faked to the Denver 26 and rifled a long pass to Wayne Reeve, B.Y.U. end, who went over standing up. Culpan's placement was again good.

Underneath the four leaders were Utah State, Colorado State and Wyoming—with Wyoming completely on the bottom after Saturday's defeat at the hands of the Colorado Farmers, 22 to 0.

Utah State went outside the conference for its Saturday game, journeying to Moscow to come out on the small end of a 19 to 7 tilt with University of Idaho.

When Colorado came to Salt Lake City for its game with the Utes, homecoming day theme decorations promising to "barbecue the Buffaloes" greeted the Buffs.

And for the first quarter of the game in the stadium it looked as though that would happen. Utah scored two touchdowns in rapid succession.

Then the Buffs stamped with Leo Stalcus, tallback to Colorado's famed Whizzer White, taking the lead with a combination of passes, runs and kicks and the Utes were through for the day.

The game at Denver was different and only a desperate pass in the last 25 seconds of play brought B.Y.U. a victory. With the score 18-14 in the Pioneer's favor and but 25 seconds to go, Jensen faked to the Denver 26 and rifled a long pass to Wayne Reeve, B.Y.U. end, who went over standing up. Culpan's placement was again good.

HAVE YOU HAD YOUR RADIOCLAST EXAMINATION?

A scientific method for detecting disease in its early or advanced stage. The Scientist's laboratory has given to the profession the instrument for detecting diseased conditions of the human body, that are not always detected thru the usual methods of diagnosis.

Accurate diagnosis is necessary to successful treatment and why not take advantage of this opportunity either MONDAY, TUESDAY, or WEDNESDAY? An expert diagnostician from the Research Laboratories will assist me in conducting the clinic. A nominal fee is charged for this examination.

Albion Normal Opens Practice For Mesa Tilt

ALBION, Nov. 6 (Special)—Coach Orville Whit sent his Albion Normal gridders through practice today—the first of a series of workouts that will cover a two-week period before the Panthers engage in their next game of the season—against Mesa Junior college here Nov. 17.

Saturday the local club was held to a 4-4 tie by the invading Weber college club from Utah in the annual homecoming contest. The Panthers led for three quarters, but a fourth quarter drive by the invaders set the locals back on their heels and they were glad to settle for a tie.

The Panthers, spurred by Don Requa, counted in the first frame. Requa took the opening kickoff back to his own 40-yard line. He carried the ball most of the time as Albion drove to the 20. Then he tossed a 10-yard pass to Haliback Ralph Repeworth, who out-manuevered two would-be tacklers to score.

Weber scored the touchdown in the fourth quarter after a series of passes had placed the ball on the Albion 20. A reverse from there carried the ball over. The winning point, the try after touchdown, was an attempted kick. The ball, however, struck the goal post and failed to go through.

The visitors tried to score again in the few minutes of play with a field goal, but the charging Panther line put a stop to that by breaking through to block the kick.

Lineups:

ALBION: Williams LE, Turner LG, F. Berglund, Phillips G, Thomas O, Brown RO, Lewis Harshbarger, Downing RE, Requa QB, Hawkins QB, Nelson LH, Foxworth RB, Vaughn FB, Clarke.

Santa Clara Plays in Top Coast Contest

By JAMES A. SULLIVAN

SAN FRANCISCO, Nov. 6 (AP)—Santa Clara's up and coming Bronco, who didn't work well until the St. Mary's game, met the Michigan State Spartans in San Francisco next Saturday in the feature attraction of Pacific coast football.

The clash between Oregon and Oregon State at Eugene stands out as the coast conference's top game—of the week, while California entertains Washington, Southern California plays host to Stanford, and Washington State and Montana goes out to the conference to play Gonzaga at Missoula.

Utah plays Hawaii at Salt Lake City. The Trojans Saturday eliminated Oregon State Beavers from consideration for participation in the Rose bowl with a routing 19 to 7 win, and thereby dropping OSC into a third-place tie with Oregon, which knocked off Washington State 38 to 0. Washington were downed Montana to score a 9 to 0 victory while Santa Clara toyed with the down-trodden Stanford Cardinals for a 27 to 7 victory.

The only remaining unbeaten, untied teams on the Pacific coast are San Jose State and Fresno State, members of the California College Athletic Association. San Jose's Spartans should have a romp over Redlands Saturday, but Fresno is in for a tough afternoon. Both schools and university visits the realm city.

Sluggish Club Loses Fresno State beat Coach Alonso Blazga College of Pacific with a 0 Saturday night, while the pop Warner-Dud DeDrood, coached by Blazga, were laying it on Williams 14 to 0.

Other games next Saturday send Arizona against Texas Mines at 21 and Nevada, 2 to 0. Fresno State, faces Greeley State in Reno; Utah State meets Brigham Young at Logan; Montana College meets Northern Dakota State in Bozeman; Idaho, southern branch, meets College of Idaho in Pocatello; Montana Mines faces Carroll college in Butte.

University of San Francisco faces St. Mary's Orestis in San Francisco in the final schedule. Daily encounter. St. Mary's caught another taker in little Dayton university Sunday and was lucky to get a 6 to 0 tie. San Francisco meanwhile surprised even its most ardent supporters by defeating Loyola, 14 to 7.

In England 111 years ago a bill to limit labor of children to 12 hours a day in cotton mills brought this protest: "The bill... usually comes vice-it... takes idleness by act of parliament."

Mac Sees Michigan With Headache After Illinois Beating

By HENRY MELENKOR

NEW YORK, Nov. 6 (AP)—Monday's grid-iron: Michigan must have an awful Chicagoan hangover today after the party given by Bob Zupke and Illinois... Michigan's new "point-a-minute" team played up to its name—but only for seven minutes.

Jones Bowls 194 Average To Lead Loops

Rolly Jones, with a remarkable 194 average, today continued to lead all bowlers in the Twin Falls League. His mark was 18 points above his nearest competitors—Walt Ruggert of the Commercial league, and Addy Adkins of the City league.

Other average leaders were A. L. Norton, 178, and W. L. Johnson and Vern Jennings, each with 177 in the Commercial league. Following Ruggert in the City league were Paul Callis with a 176 and Walt Dix, 175.

In the Commercial league Dix, who held a high three-game mark for the year with a 2,750. Schiltz held the top single team game of the Jones topped the series score for an individual with a 645 and W. L. Johnson had the best single in that loop with a 342.

Wilson's store of Kimberly had the three high games in the City loop—2,643, Twin Falls Flour Mills 2,644, the top single game. Dix rolled a series of 618 for top individual honors along that line, while Addy Adkins had the high single game for the year in both loops—2,500.

Individual averages for the "big" in the two leagues follow:

Commercial—Jones 194; Ruggert, 178; Norton 178; W. L. Johnson 177; Jennings 177; Evans 176; J. Ford 176; A. Kitcher 175; Lee McCracken 174; Western 174.

City—Adkins 179; Callis 176; Dix 175; F. Callis 173; Evans 173; more 170; Ross 167; Mullins 167; Timmons 167; Childs 166.

Campers Scurry as Snow, Cold Come To Warm Springs

SHOSHONE, Nov. 6 (Special)—A couple of snappy mornings, with two inches of snow during the previous week, sent most late fall campers scurrying for good and sure to the Warm Springs section of the Sawtooths.

Some still remain in that area until the snow gets a little too thick, though a few townspeople aver that they will remain in camp throughout the winter, and being equipped with warm cabins and located in a sunny little valley in the hills doubtless will fare in good shape. There is some assurance that the road to Ketchum will be kept open, or partially so, during the winter months, but the snow and ice are quite handy and the trip is frequently made in that manner in the snow season.

It is warm and pleasant in the Warm Spring canyon during the day, and during the evening and early morning sportsmen and others derive a kick out of the mild side in the Sawtooth preserve, no guns being used in that area.

Right at this period does are plenty along the roadway in the early and late hours, while bucks are gradually moving down from the higher elevations. The canyon affords ample feed at this time, as well as water and abundant cover. An occasional bear or a big cat is seen, while now and then a raven is spotted. Porcupine, squirrels and snowshoes excite much interest. Pleasant and duck hunters hit the trail to the favored sections near Richfield for good field shooting. The sportsman around Ketchum is a delicate, rather than a fairly good luck with big game during the past open season, and many handsome trophies are displayed as ample proof. One party of four recently returned from the Selway forest with four fine elk, which entailed a tedious laborious scramble in the hills and fallow timber of the section, but without having had to buck snow to any extent. Another party was very hot and soggy. A Mishawaka has continued fine up to the present time. The consensus of opinion, however, is that the streams are all in need of stocking for the season ahead.

An old bell in the ancient Market house in Fayetteville, N. C., still rings the curfew at 9 o'clock each night.

Bimelich Owner Offers to Take On All Comers

NEW YORK, Nov. 6 (AP)—The turf world waited for takers today for Col. Edward Riley Bradley's offer to match unbeaten Bimelich against any horse of any age for any purse from \$10 up—side bet optional and winner take all.

Bod's challenge came without precedent in the sport of kings. Bradley's Bimelich is just one year old, a baby as horses are rated. But it was that at all comers and none is barred, not even a yearling colt, the horse of the year.

Here are Bradley's terms: "Bimelich will be a mile and 70 yards or a mile and 1/16. Weights are to be assigned on basis of all the usual procedure of a match of this sort. The race is to be held on a fast track, Pimlico, Md., before or on Nov. 18.

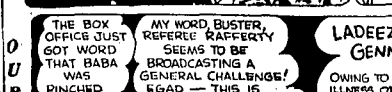

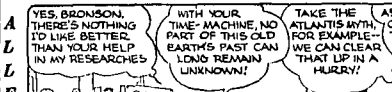

SHINKING TO WAR MADRID, Nov. 6 (AP)—Max Schmeling, former world's heavyweight champion, is returning to Germany to offer his services to the government. It was reported today. Schmeling interrupted his proposed trip to Lisbon to turn back.

FINE IMPOSED ON CRASH MOTORIST

Because he pleaded guilty to reckless driving in connection with a crash-which killed a woman and injured a child, a motorist was fined \$25 and \$3 costs today by Judge J. H. Haffert, Boise.

Pitts, a transient best worker, was to pay the fine and costs this afternoon. He was ordered to appear in court to serve out the \$25 in county jail.

In Hospital
In the hospital is Peter Brown, 22, State Police Officer A. E. Perkins said that Pitts was driver of a machine which collided with a car driven by Melvin Burton, 25, of Chambers. They carried a load of chopped wood.

This afternoon the attending physician said that the injured Brown was out of the hospital in about a week.

Brown received his injuries when the machine in which he was riding, and which was driven by Pitts, collided with the truck. Brown was thrown from the small roadster and landed in the roadway.

The mishap occurred at 5:05 p. m. Saturday in front of the George J. Service station on the Old Oregon trail at Piler, near Twin Falls. The machine Pitt was driving was owned by Ray Barker, Buhl.

SAIT LAKE CITY, Nov. 6 (UP)—Voters in Utah's major cities will go to the polls tomorrow to cast ballots in municipal elections.

What role Italy would play in the conference was not indicated here but it was reported in high diplomatic circles in London that Italy would be represented by unofficial observers at a Balkan conference, soon to convene in Belgrade.

It was said in London the conference actually would meet under the hidden leadership of Italy and would draft a program against both Russian and German expansionism.

LOS ANGELES, Nov. 6 (UP)—Heber J. Grant, president of the Church of Jesus Christ of Latter Day Saints, will deliver the opening address at the annual conference of the Mormon church, yesterday.

COURT DECLINES REVIEW ON RADIO

WASHINGTON, Nov. 6 (UP)—The supreme court today declined to review the right of the Crosby Radio Corp. to broadcast on the radio.

The court's decision in the Crosby Radio case was a surprise to many observers, who had expected the court to take up the case.

WESTFIELD, Mass.—Twelve persons were injured and all 63 passengers were shaken today when the New England state special-Chicago to Boston express—was derailed near here. The entire train, moving at 50 miles an hour over the Boston and Albany railroad tracks left the rails.

Correspondent Is Expelled for His 'Romance' Report

BUDAPEST, Hungary, Nov. 6 (UP)—Ferdinand C. M. John, former United Press correspondent at Bucharest, arrived here today after being expelled from Romania.

John said that while no official reason was given for his expulsion, the government press director told him informally that the government was displeased with his account of Crown Prince Michael's flight from Romania.

The dispatch contained a reference to Michael's mild romance last summer with a commoner.

The press director added the expulsion had no connection whatsoever with John's political reporting.

"Plivers" planes, carrying two persons, are said to operate at four cents a mile.

CLAUD C. PRATT
This is old Claud Pratt again. He is back in town. This is late Saturday afternoon and I am phoning this in and we are just too busy for words. We have taken the 10:00 p. m. train for this week and selling tires, man oh man. Since we've discontinued all the cheap-john tires and staying in the city, the price level here in the Pennsylvania our business is better than ever before. We had to make quite a good many adjustments. These cheaper grade tires. But now we hardly ever see a tire come back for adjustment and we are selling these down so reasonable that even the cheap-johns are buying them. We are just climbing over the Texas maneuvers expect to return here next spring.

Tax Commission Meets With Bott

BOISE, Nov. 6 (UP)—The Idaho tax commission met today with Gov. C. A. Bottelmann to discuss the proposed plans to bolster the tax rolls by stopping leakage.

The commission will meet in Pocatello Wednesday for the first of a series of conferences with local taxpayers and officials on revision of the state tax system.

SIDEWALKS
Meets of the board of county commissioners conferred today with Charles P. Larsen, city street superintendent, preparatory to carrying out plans for repair of sidewalks adjacent to the county courthouse.

It was indicated the county would have the city do the work in line with the current repairs being made by municipal workers, and there would reimburse the city Mr. Larsen made an inspection trip to scan the defects in the concrete walks.

Taylor Leaves to Help Prosecution in Pocatello Case

BOISE, Nov. 6 (UP)—Gen. J. W. Taylor went to Pocatello today where he assisted county officials in the prosecution of the case of Daryl J. Taylor, charged with first degree murder in the slaying of an Alameda town marshal last July.

The juravice trial opened today. Taylor expected to be absent from the capital for at least two weeks, his assistants reported.

It has been proved by experiment that maximum airplane power is produced when the fuel is injected directly into the cylinders.

CONSERVATIVES HOPE FOR END OF SPENDING LEGISLATION

INCOME CLIMBS AS NATION TAKES BREATHING SPELL

By LYLE C. WILSON
WASHINGTON, Nov. 6 (U.S.)—Conservative hopes are rising today that improved economic conditions and political factors will persuade President Roosevelt to avoid bitterly controversial proposals in the next congress and prevent further shot-in-the-arm lending-spending legislation.

National income is going up. The nation enters a breathing spell now after adjustment of the special session with Mr. Roosevelt's political prestige higher than at any time since his second election three years ago. Better business and general acceptance of his foreign policy are the reasons for that.

Parties Meet in 7 Months
One year from today the nation should know the next President will be. The parties meet in seven months to name their tickets.

A numerous contingent of congressional Democrats who believe Mr. Roosevelt on supreme court, spending, labor and other issues during the last three years appear to be ready to ride with the New Deal again if the plan is not too bumpy.

The President's last words on the legislative program during the next two months and, sometime before next June, probably indicate whether he wants a third term. All that is known of the Roosevelt program so far is that he will ask authorization for a \$1,500,000,000 naval expansion program. Expenditures for national defense are expected to continue at \$2,000,000,000 annually.

Seek Stimulus Clearance
It is practically certain the administration will press again for a large scale sum clearance program at which Congress balked in the last regular session. In the last week of that session the house refused even to consider a \$3,000,000,000 ship-increasing bill and a \$1,000,000,000 for the U. S. housing authority.

The President's last words on the legislative bill were a rebuke to Congress. He said the legislative branch was gambling with the fate of the country, having made two bets. That there would not be a war before Congress met again in January and that private enterprise can take up the slack caused by dropping 1,000,000 persons from relief rolls and virtually suspending the public work program. He made these statements on Aug. 9 and within a month had a European war to show as evidence that Congress had lost one of its bets.

But improved business conditions are brightening the unemployment situation. About 1,200,000 persons are on the relief rolls and the number almost inevitably must increase steadily through the winter and into March. The administration will have to decide shortly whether to return to the spending dispute or abandon it. It is in the expectation that business and re-employment will continue at a rate making government job-spending unnecessary.

JEROME

Probate Judge and Mrs. Heber N. Polman celebrate their 40th wedding anniversary Tuesday. They were hosts at dinner that evening.

Little Shirley Crouch, daughter of Mr. and Mrs. A. B. Crouch, celebrated her eighth birthday, Wednesday and was hostess to 20 small friends at a party at her home following school.

Mr. and Mrs. Homer Robertson entertained members of the Monday evening pinocle club last week. Prizes were received by Mrs. Ben Box and Ed Butts. Mrs. Mary Smith was guest.

At Woodland, Idaho Power company manager of Jerome office, gave an account of his trip to New York as representative of the Idaho Power company, an excursion he had been awarded for outstanding salesmanship.

Mr. and Mrs. George Palmer announce the birth of a son at the family home, Nov. 1.

Mr. and Mrs. Deane Deane announce the birth of a son at the family home, Nov. 1.

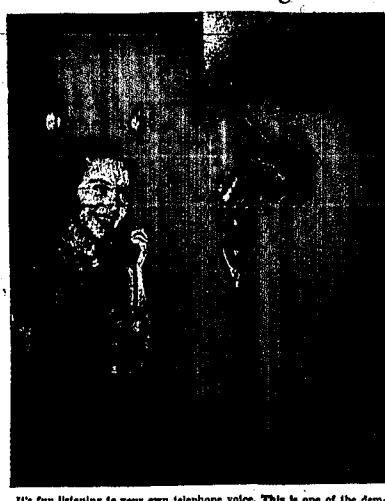

A son was born to Mr. and Mrs. Lawrence Walker, at Missoula, Mont., Oct. 12, friends in Jerome have learned. Mr. Walker, former Jerome resident, attended the local high school, and was formerly manager of the Balfour store here.

H. O. Duffin has returned from the funeral of his brother, J. W. Duffin, who was killed instantly Sunday in Salt Lake as he was opening the door of his parked machine. J. W. Duffin was owner and founder of the Western bottling works of Salt Lake City.

At the annual harvest festival conducted last week at the Presbyterian church, approximately \$100 was raised to go for expenses in fuel for the building. The sale was conducted Monday. Choice farm and garden products being sold by John Hartshorn, auctioneer. Women of the church sold coffee and doughnuts during the evening.

Voice "Listener" Coming Here

It's fun listening to your own telephone voice. This is one of the demonstrations in the telephone company's long distance exposition to be held here Thursday and Friday, Nov. 8-10.

WANT TO HEAR YOUR VOICE? 'PHONE EXPOSITION COMING

Wonders of the telephone industry as exemplified at the San Francisco and New York World's fairs, will go on display in Twin Falls—starting Thursday and Friday, Nov. 8-10, when the Mountain States Telephone and Telegraph company holds its long distance exposition at its offices here.

The exposition will include a dozen exhibits, ranging from such startling features as "listening to your own voice" to models of early telephones, according to Mel Delling, company manager here.

The exhibition will be open to the public from 2 to 4 p. m. and from 7 to 9 p. m. each Thursday and Friday, Nov. 8 and 10. Mr. Delling said.

The "voice mirror" will enable visitors to speak into a phone and then to hear their voices reproduced faithfully a second or two later so that it can be heard through the receiver. The device—often surprising those who hear their own voices—is the same as that shown at both World's fairs.

Local firemen Sunday answered two alarms, one in the morning at 8:45 and the other later in the day at 8:45 p. m. records at the station showed today.

The morning blaze, which considerably damaged a four-room house and also the furnishings, was at 312 Second avenue east. The house was occupied by Jim Bucklin, colored, who left an oil stove burning as he left the structure. The stove caught fire and started the blaze, firemen said.

Last night's alarm was at the No. 12 day care unit caused when grease in vent pipe caught the stove caught fire. Damages were slight although the cat was killed with smoke. The cat is in the 100 block of Shoshone street south.

Family of Four Back From China
BELEVUE, Nov. 6 (Special)—Mr. and Mrs. Eben Hazelton and children, Roberta and Wanda, arrived in Bellevue, Wednesday, from China. Mr. Hazelton is the son of Mr. and Mrs. John Hazelton, Broadford.

Mr. and Mrs. Hazelton have been associated with the China Inland mission in the province of Szechuan, where they have been for almost eight years and this is the first trip back to the states in 14 months. They are now on a 14 month leave of absence.

They expect to spend a short time here, then winter in California before returning to China.

Teachers at Eden Present Program
EDEN, Nov. 6 (Special)—Eden P. T. A. met Thursday in the high school auditorium. The meeting opened by group singing of "America." Pledge to the flag was led by Miss Leona Thorstad. Helpful hints on P. T. A. were read by Mrs. George Lattimer. Mr. Fisher explained the state school taxes.

School teachers gave the program, with Letty Wright in charge. Miss Lois Anderson and Miss Mary Bradley sang, accompanied by Miss Hudson; music was played by a trio, with Miss Joy Hugh playing a marimba, Miss Leona Thorstad, violin, and Harold Fisher, flute; Miss Bradley and Miss Kral sang. A panel discussion was held on what P. T. A. has done in the past, and what P. T. A. does to benefit the school. Mr. Fisher, Mr. George and Willard Lattimer and Mrs. Raymond Henry and Mrs. Ira Hudson. Diet by Miss Hudson and Miss Bradley. Closed group singing.

Next meeting will be Dec. 7. Plans were made for the grade school to have the community Christmas program.

STATES VOTE ON PENSION RIGHTS

By United Press
Voters in California and Ohio pass tomorrow on old age pension plans, high-lighting the off-year elections.

The California issue is the "ham and egg" plan which would give unemployed persons over 60 \$50 every Thursday.

The Ohio issue is the \$150 plan to give single persons over 60. Wealthy married couples a month. New York state decides whether it will legalize pari mutuel betting at horse races. Kentucky and Mississippi elect governors.

Philadelphia and Detroit elect mayors. In the latter city, the Congress of Industrial Organizations was one of the issues.

'U' ELECTION WON BY INDEPENDENTS

UNIVERSITY OF IDAHO, Nov. 6 (Special)—The Independent party, non-fraternity and non-sorority students, registered a clean sweep in all class officers in a record turnout election at the University of Idaho last week.

Being kept on a minor sport on the university program by a 1931 to 1930 constitutional amendment vote, but the amendment to "purify elections" lacked the necessary two-thirds majority to become effective.

Gooding Girl Wins
Major J. Thompson, Gooding, was elected sophomore class secretary by a vote of 272 to 219 over Joyce Kenworthy, Moscow.

The seniors elected Bob Abbey, Boise, president; Max Choules, Preston, vice-president; Oscar Poirier, Boise, treasurer; and Irene McDermott, Wallace, secretary.

The juniors chose Otto Holmen, Menz, A. A. president; Olo Hiltunen, Wilmington, vice-president; Marion Greif, Uniontown, Wash., treasurer; and Evelyn Quinn, Peck, secretary.

Kenneth Scott, Lorenzo, was elected sophomore class president in the closest election, edging Tony Ackumbe, Nampa, football player, by 16 votes. Other sophomores selected were Helen Campbell, Orofino, vice-president; John Webster, Alloups, Penn., treasurer; and Miss Thompson, Gooding, secretary.

Turkey Nov. 30
Though the turkey is in for a bad time this year in Idaho, with the state recognizing two Thanksgiving days, students at the University of Idaho will get only one chance to eat the bird. Nov. 30, the date in the school calendar set by the board of regents, will be the school's only holiday, according to the university president's office.

Win Amateur Honor
Two southern Idaho students were selected among the 10 winners in the freshman amateur hour held at the University of Idaho Friday evening.

Betty Detweiler, Hansen, slimmed and shook as a Hawaiian hula dancer to place in the top 10. Spencer Toney, Paul, sang "O' Man River" placing among the prize winners.

Catherine Brunner, Boise, walked off with first place with a toe dance and a humorous Bowery strut. Other amateurs taking part in the program included Mary Bickler, Buhl; Marjorie Johnston, Twin Falls; Don Hyder, Buhl; Marshall Spencer, Elgin; and Jean and Joyce Pierce, Twin Falls.

In HOLLYWOOD Today
Vera Illeana Laurel, divorced wife of Comedian Stan Laurel, charged that he had gained a divorce decree by threatening to expose her as the mother of an illegitimate child. She asked that the decree be voided. Illeana, who was Laurel's third wife, admitted parenthood of an illegitimate child and, in her affidavit, said Laurel knew of its existence when he married her. She said Laurel was not the child's father.

John Villers Farrow, movie director, writer, soldier-of-fortune and novelist, is touring the British Columbia recruiting establishments to see which branch of the service would accept him.

Irina Baronova, 32, former prima ballerina of the ballet Russe, is here for a screen test after a whirlwind 48-hour dash from London on the Atlantic Clipper.

Lois Weber, 56, veteran film writer and director, is seriously ill at a local hospital, and physicians have all but despaired of her life.

Cabin Court Sold
FILER, Nov. 6 (Special)—Mr. and Mrs. Hugh Bell who have been operating a cabin court and real estate business in Filer stated that they have traded the cabins for 80 acres north of Gooding. They will surrender possession of the cabins to A. G. Luffolt of Gooding, Dec. 1, and will move to their new ranch.

6 CO-EDS NAMED FOR AIR COURSE
UNIVERSITY OF IDAHO, Nov. 6 (Special)—Three women and 3 men were selected last week-end for pilot training under the direction of the civil aeronautical authority at the University of Idaho. Students will take to the air Nov. 15 after a thorough course in ground details.

Upon completion of the course, the United States government will conduct examinations for pilot licenses. The training will be given in conjunction with 30 Washington State college students at the newly constructed Moorer-Pullman airport.

Idaho women chosen for the course were Irene Kellogg; Helen Glendeman, Coeur d'Alene; Betty Macklin, Placerville. Included among the men selected were Robert K. Murphy, Twin Falls; John Osgood, Hansen; John McVey, Jerome; and Hildard Hicks, Shoshone.

MEMORY
The ink has long since faded from its original color—but the documents themselves call to mind the story of a Union soldier who marched with Sherman to the sea and who fought throughout the Civil War without receiving a scratch. The documents are requisitions issued to First Lieut. Virgil W. Graves, father of P. C. Graves, Twin Falls really and insurance man. All are dated 1863, the year the Civil War ended.

Leut. Graves was in the quartermaster corps of the 78th Ohio Volunteer Infantry. The requisitions called on him to supply such things as: Clothing for soldiers. Forage food for mules. Gunpowder, saltpetre. The requisitions were dated at Camp Chase, O., and at Louisville, Ky.

Texas has an annual mean temperature of 74 degrees in the south, 56 degrees in the north—a range from sub-tropical to temperate.

BIG GAIN SEEN IN FARMER INCOME
WASHINGTON, Nov. 6 (U.S.)—Increasing national prosperity may carry 1940 farm income to a high for nearly 10 years, the agriculture department forecast today.

Farmers may jingle an extra \$700,000,000 in their pockets next year as a result of increased industrial activity, spurred by war-time demand and improved export demand for farm products.

The department said farm purchasing power would return to the 1937 level, when the \$8,880,000,000 income was the highest since 1930. Cash farm income this year was estimated at \$8,300,000,000.

Part of the increase will be passed on to small merchants, professional workers, manufacturers and city workers, agricultural economists said.

The department warned farmers not to expect a sensational boom in prices and European demand for farm products, at least not in 1940. The present forecast, it said, was based on assumption that the war would continue through next year.

FOR SALE By Owner
Improved 80 acre ranch on north side, has 6 room house, electricity, large barn, good deep well, worth \$5,000, but must sacrifice for \$3500—\$2500 Cash. Balance on Time. Terms.
