# NAZIS TAKE GERMAN WAR'S OFFENSIVE BATTLE

## Voters Definitely Turn Down "Utopia" Plans

### CALIFORNIA, OHIO PROPOSALS LOSE BY BIG MARGINS

By United Press  
California and Ohio voters overwhelmingly defeated "Utopian" old age pension plans in yesterday's off-year election.

Californians rejected the "ham and eggs" \$30 every Thursday plan, which President Roosevelt termed "a short cut to Utopia," by a majority approaching 2 to 1. It had rejected the plan in 1938 when it was offered in less drastic form. Its sponsors, bitter in defeat, said they would offer it as a constitutional initiative again next year. They planned to ask the recall of Gov. Culbert Olson who opposed them.

Ohio turned down the Bigelow plan which would have provided \$50 monthly to single persons over 65 and \$80 to married couples, by a margin of almost three to one. This scheme was to have been financed by a tax on high-priced real estate and incomes.

### Honored Tonight

### Award Dinner Climax Today For Tenckinck

A steady upward march from the status of unemployed soldier returning from the World War to that of Progressive Breeder's registry—highest honor bestowed by the Holstein-Friesian association of America—will be climaxed here tonight for Louis Tenckinck, Twin Falls dairyman.

"Mr. Tenckinck will be guest of honor with Mrs. Tenckinck at a banquet tendered them by the Holstein-Friesian association of America, which will also join in the tribute."

Mr. Tenckinck noted here is the first privately-owned herd in Idaho to win the Progressive Breeder's award.

The banquet this evening will be at 7 p. m. in the Park hotel.

### "HAM AND EGGS" IDEA DOWNED IN COAST BALOTTING

By JOHN W. DUNLAP  
SAN FRANCISCO, Nov. 8 (U.P.)—California voters emphatically rejected the "ham and eggs" plan to give all unemployed citizens over 50 \$30 in state warrants "every Thursday," mounting returns from yesterday's election demonstrated today.

The vote punctured another charged Utopia in a state which had been famous for the variety of its Utopian plans.

Within four hours after the polls closed last night, leaders of the California Life Retirement Payments association, conceded defeat. They had been fervently supported by hundreds of thousands of men and women over 50 who had hoped to obtain a life income of \$30 a week from "self-insurance" plan.

Their leaders, Willis Allen and Roy Owens, said:

"Never has a campaign been more bitterly fought and never has a people's movement been subjected to a more vicious use of weapons of fear and distortion."

To Continue Fight

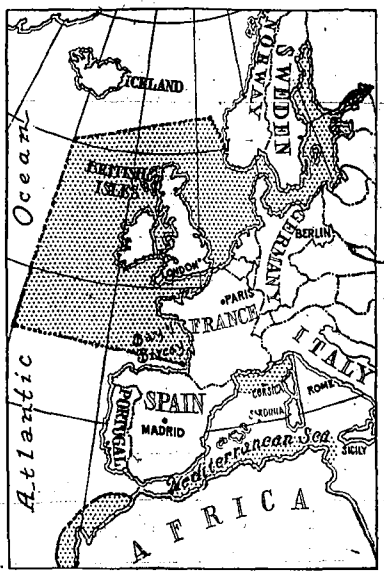

"The heart-breaking work of thousands in this campaign has not been in vain. Nothing can stop the march of an enlightened people."

"Our first move in the direction of getting ham and eggs will be started at once when the Retirement Life Payments association institutes legal proceedings against Gov. Culbert Olson."

The margin by which "ham and eggs" were defeated was surprising. Pre-election trends had indicated it would come close to winning if it didn't win. The campaign had been of the bitterest. Hundreds of businesses had threatened, and had given indication that they meant to close.

### Barred to U. S. Ships

Shaded areas in European and African waters are those banned to American ships by President Roosevelt's proclamation that followed signing of the new neutrality bill.

### Maritime Commission Says Vessel Transfer Doesn't Violate Law

WASHINGTON, Nov. 8 (U.P.)—The U. S. maritime commission has prepared a memorandum for President Roosevelt asserting the neutrality act would not be violated by the proposed transfer of eight U. S. Line ships to Panama registry. The memorandum, it was understood, restated, in effect, what President Roosevelt told reporters at Hyde Park yesterday.

It will be delivered to Mr. Roosevelt when he returns here or will be transmitted to Hyde Park if he requests it. The President said there was no illegality in the proposal to place the ships under the Panama flag and there was nothing in it that might involve the United States in war.

The commission official said there was little likelihood that action on the U. S. Lines request would be taken today. The commission's next regular meeting will be tomorrow.

The commission prepared the memorandum in reply to the President's request for information.

Two Questions Involved

It was understood two basic questions were involved in consideration of the proposed transfer.

The first asked the effect of the transfer of the national defense; the other concerned the possibility that foreign governments might seek to buy up whole fleets of American merchant vessels.

Secretary of State Cordell Hull said that the question of the transfer of the national defense was not involved in the proposed transfer of the ships to the flag of Panama.

Sen. William E. Borah, R., Idaho, joined the protesting congressional chorus today, asserting that the transfer of the ships to Panama would be a violation of the neutrality act.

No Peace Guarantee

"There is neither security nor national honor in transferring our ships to the flag of Panama," Borah said today. "Guarantee is no guarantee of peace. It will be a proud day for American when our citizens are compelled to turn from the American flag and seek security under the flag of our courageous neighbors."

Borah charged that opponents of the program offer objections which "are wholly premature and are in no sense justified by the experience in connection with earlier agreements."

He strenuously denied opponents' contention that the 22 ships committed to the transfer would be turned over to American agriculture and said that facts show American farmers have secured "extremely valuable benefits."

### BOTT PROPOSES 3-POINT PROJECT ON TAX REVISION

POCAHELLO, Nov. 8 (U.P.)—A three-point program for revision of the state tax system to bolster sagging revenue and eliminate inequalities was outlined today by Gov. C. A. Bott.

Bott spoke before the first of a series of district meetings at which the state tax commission will confer with county officials and taxpayers on the proposed tax structure revision.

The governor's objectives were:

1. Make only those changes in the fundamental tax structure which are absolutely necessary, without thought to seek additional revenue.
2. Provide taxpayers with accurate, simple, readily available facts as to the cost of all governmental undertakings.
3. Guarantee equitable distribution of the burden of supporting government, the state to extend citizenship over ultimate expenditure of funds raised by the state and disbursed to subordinate governmental units.

The governor proposed to eliminate inequalities in assessment and avenues of escape from equitable distribution of the cost of government.

State Treasurer Myrtle Eakin outlined proposed revisions of the state tax-equalization system including institution of a tax commission on a full-time basis; a centralized review and assessment; elimination of county boards of equalization and state appointed assessors who may not assess in their home territory.

Idaho has the longest list of tax exemptions of any state in the union, Mrs. Eakin said. As a result, the total state evaluation has decreased more than \$100,000,000.

### French Turn Back German Drive in Luxembourg Area

By JOE ALEX MORRIS  
United Press Staff Writer  
German forces resumed the initiative today in the sector of the western front immediately south of Luxembourg. They made three raids on French outposts. Two of the raids were supported by artillery action. The French asserted all three efforts were repulsed.

Luxembourg reported great aerial and artillery operations within sight of its border.

Whether that activity was a prelude to larger-scale action or was primarily for routine reconnaissance purposes, there was no telling.

French dispatches reported heavy troop movements back of the German lines. Both German and allied sources agreed that similar troop forces are being held close to the Belgian and Dutch frontiers. Berlin's explanation was that this was a good place to keep reserves that might be needed on the French front.

### German Pressures

In most European capitals the belief persisted that some sort of German pressure against Holland and Belgium was a tactical rebuke to yesterday's peace appeal by Queen Wilhelmina and King Leopold.

The Dutch and Belgian rulers unquestionably also were inspired by general humanitarian motives, by a desire to aid all the peoples by hastening the end of the war, and by the realization that the war was over, their reference to "this hour" before the war breaks out, to the western front in all its horror.

The recent German peace appeal to them to raise the allied blockade and the presence of thousands of strong German forces on their borders, all pointed to the same end: they moved them to make the appeal at this time.

### Chalmers Baptism

Another baptism ceremony took place today at the "last child" was christened as "John" was born. They named the only son after the late President John F. Kennedy.

The ceremony was held at the home of the young couple in the city of New York.

The ceremony was held at the home of the young couple in the city of New York.

### CIO WINS OVER REPUBLIC STEEL

PHILADELPHIA, Nov. 8 (U.P.)—The Congress of Industrial Organizations today won a sweeping victory over the Republic Steel corporation in an unanimous decision by the National Labor Relations board.

The court sustained the order of the national labor relations board for the reinstatement of approximately 4,000 strikers and "lost pay" estimated at \$750,000.

Other NLRB stipulations affirmed, ordered Republic to discontinue so-called company dominated unions and to desist from methods allegedly designed to crush the CIO's affiliate, the steel workers' organization.

### CITY'S BUILDING BEATS '38 MARK

With two months yet to go before the year is completed, total expenditures for construction in Twin Falls during the first 10 months of 1939 has exceeded the entire 12 months period of 1938, it was announced today by W. H. Eldridge, city clerk.

Total for the entire period of 1938 came to \$250,560, records show, while during the first 10 months of 1939 the amount is \$288,800.

Records dated during the month of October of this year came to \$18,175, Eldridge said. This amount includes \$13,850 for new dwellings, \$450 for all other new construction and \$2,775 for repairs and remodeling.

### Boy, 17, Called Hero, Confesses Starting Blaze

CLAYTON, N. J., Nov. 8 (U.P.)—Stanley Chessman, 17, who was acclaimed as a hero Sunday when he saved five children from a burning home of Elwood Gorman, has confessed setting fire to the house in an effort to win the love of one of his daughters, police announced today.

"I was infuriated with Bernice, because she scorned me and humiliated me. I thought if I became a hero she'd like me," police quoted the youth.

Chessman was committed to the Gloucester county jail at Woodbury in default of \$1,000 bail after pleading guilty to an arson charge.

### OFFICER'S BULLET KILLS CCC YOUTH

WELLS, Nev., Nov. 8 (Special)—One mile 22, Chilcote, Miss., a Warm Creek CCC youth, died Sunday at the Elko general hospital from a bullet wound received earlier in the morning at Wells.

City Marshal R. B. Walker, who fired the shot, stated that Mills was retreating after he had been struck at him and flashed a knife. The officer jumped away and fired, but Mills turned and ran. According to Walker, the shot was fired after Mills had been ordered to stop.

The bullet entered Mills' head from the back on the right side, came out over the left eye, passing through the upper portion of the brain.

District Attorney C. B. Tappan and Deputy Sheriff C. O. Giddell of Elko county were conducting a detailed investigation of the shooting.

The body was taken to the Huler mortuary at Elko, and from there it was to be taken to Waynesboro, Miss.

The investigation was termed certain to show that the military action in firing came in line of duty.

### Airline Purchases 40-Passenger Craft

CHICAGO, Nov. 8 (U.P.)—United Air Lines announced today it had placed a \$4,600,000 order for 10 four-engine, 40-passenger airplanes, which will be the largest commercial passenger ship in domestic service. The plane will be delivered in the spring of 1941.

W. A. Patterson, company president, said the purchase was made to provide for a 35 per cent increase in traffic over last year.

### TOUWNSEND APPROVES PENSION PLAN LOSS

CHICAGO, Nov. 8 (U.P.)—Dr. Francis Townsend, sponsor of the Townsend old age pension plan, said today that he had lost a national scale for his "pension plan" in California.

The constitution of Sen. William E. Borah got off to a bad start last year when the state of California showed that the people "are not ready for a dictatorial government."

"There can be but one satisfactory remedy," Townsend said, "a universal pension program on a national scale for all senior citizens," he said.

### 30-YEAR POWER CONTRACT

WASHINGTON, Nov. 8 (U.P.)—The city of Forest Grove, Ore., has signed a 30-year agreement to take power from the Bonneville dam project the interior department announced today. Under the contract the city will receive power at a rate of 4 cents a kilowatt and first delivery of power will be made Nov. 22.

### IDAHO GETS CHANCE AT CORNHUSKING REVENGE

ONTARIO, Ore., Nov. 8 (U.P.)—The state of Idaho struck back at peace with either neighboring or distant commonwealths, and come Nov. 18 it will be Idaho against Oregon, Washington and the whole Pacific north-west corn-husking championship at Ontario.

The contest of Sen. William E. Borah got off to a bad start last year when the state of California showed that the people "are not ready for a dictatorial government."

"There can be but one satisfactory remedy," Townsend said, "a universal pension program on a national scale for all senior citizens," he said.

### SECRETARY HULL RAPS OPPONENTS

WASHINGTON, Nov. 8 (U.P.)—Secretary of State Cordell Hull accused opponents of the administration of "unholy year" in their efforts to prove that it is harmful to American agriculture.

In a letter to Sen. Arthur Capper, R., Kans., persistent critic of the trade agreement policy, Hull demanded the proposed pact with Argentina and insisted American farmers have received incalculable benefits under the program.

Hull charged that opponents of the program offer objections which "are wholly premature and are in no sense justified by the experience in connection with earlier agreements."

He strenuously denied opponents' contention that the 22 ships committed to the transfer would be turned over to American agriculture and said that facts show American farmers have secured "extremely valuable benefits."

### Initial Beet Payments Will Be \$4.10 Per Ton

Word was received here this afternoon from the general office of the Beet Sugar Trust, Ogden, Utah, that the initial payment for sugar beets this year will be \$4.10 per ton, it was announced here by local officials.

Uncertainty of the sugar market, because the quota has been lifted by President Roosevelt's sugar imports, and no assurance that the quotas will be reinstated, has left a big doubt as to the future price of sugar, officials explained.

It was pointed out, however, that a higher price per ton for initial payment could not be paid, due to the uncertainty whether the officials in Washington are going to cut Cuban tariff from \$120 to 60 cents. There has been great agitation on the part of the Cubans to have their tariff lowered from the \$120 to the 60 cents, sugar officials said today.

If this was done and no quotas were in effect, the United States would immediately become a "dumping ground" for the large surplus of sugar the Cuban new harvest has.

"If the President reinstates the quotas on sugar and at the next session of congress in January a new sugar bill is enacted, these two things would help materially in holding the price of sugar at the present level and insure substantial future payments for this year's sugar beet crop," the official announcement read.

### BALKAN MILITARY ALLIANCE SOUGHT

LONDON, Nov. 8 (U.P.)—Authoritative sources said today that King Carol of Rumania had proposed to Turkey, Yugoslavia and Greece that they transform the Balkan states into a military alliance applicable against any non-Balkan power committing aggression in the Balkans.

Carol's proposal, it was said, was so framed that Hungary and Bulgaria could enter the alliance later. Italy is being closely informed of the proceedings, the informant said. He said the four countries did not intend to call a conference at present, but that the negotiations would proceed through diplomatic channels and the idea of a meeting by Carol, President Jimmy I. of Turkey, Prince Paul, the Yugoslav regent, and King George of Greece had been shelved.

### Reds Snubbed By Society at 22d Birthday

WASHINGTON, Nov. 8 (U.P.)—Capital society still talked today about the Soviet Russian embassy's celebration of the 22d anniversary of the revolution.

But the gossip was different than in past years. Today the emphasis was on the fact that the Russians by the conspicuous absence of high government officials from the party.

No members of the cabinet or their assistants, the "little cabinet," attended. The supreme court and the senate were represented by one member of the house called and a few minor officials and their wives.

While the tea tables buzzed over what was there yesterday, diplomats circled politely to President Roosevelt's failure to send congratulations to Soviet President Mikhail Kalinin. They believed it was the first time since United States recognition of Soviet Russia that Mr. Roosevelt has not sent a birthday greeting.

Since the Soviets took over the big embassy on 18th street and changed the crest of the White House door to the red hammer and sickle, the annual birthday party has become a "must" on the social calendar.

### HITLER DERIDES ALLIED PROMISES

MUNICH, Nov. 8 (U.P.)—Adolf Hitler today derided Allied promises to speed civilization and economic reconstruction.

In a speech broadcast over the radio, the German leader said that the Allies were only interested in their own interests and that they were not interested in the interests of the German people.

# ENGLAND, FRANCE WILL CONFER ON PROPOSALS FOR PEACE

## OFFICIAL ANSWER EXPECTED TO BE MADE TOMORROW

By FREDERICK KUB  
LONDON, Nov. 8 (AP)—The cabinet decided today to consult with France on the appeal of Queen Wilhelmina of the Netherlands and King Leopold of the Belgians.

The first official reply to the proffer of good offices by the Belgian and Netherlands sovereigns was expected to be made tomorrow when Prime Minister Neville Chamberlain discussed the international situation at the lord mayor's luncheon at Mansion house.

The prime minister's speech will take the place of his "war bulletin" to the house of commons.

It was expected that Chamberlain, while expressing appreciation of the intentions of Wilhelmina and Leopold, would make it clear that Germany could not have peace on easy terms.

The formal reply will be drafted after consultation with the French.

Consult Polish Heads

The cabinet decided also to obtain the views of the Polish government, now established in Paris. It was pointed out that the Anglo-Polish agreement under which Britain declared war after Germany's invasion of Poland, provides that in event of hostilities no separate armistices can be concluded.

The plan for peace, however, produced only new war excitement in most of Europe.

Here and in France, the impression was that Belgium's King Leopold and Holland's Queen Wilhelmina must have a definite plan and offer of mediation under German duress.

Neutral countries generally regarded the move as a futile gesture.

The Italian press said that if anything did come of the offer, the mediator would have to be Italy's territorial claims against France in working out an acceptable peace.

No Formal Replies

Only the German press ignored the development.

None of the governments to whom the Belgian-Dutch message was sent—France, Britain, Poland and Germany—had made a formal reply. But semi-official speculation was afield and newspapers treated it as a sensation.

The London Daily Express banner-line today read: "Secrets Behind Wilhelmina-Leopold Appeal (Powers For Peace)". An editorial said: "The suggestions are nebulous and mean nothing in themselves. Everybody hoped Belgium and Holland would issue a joint declaration of their intention to defend themselves if invaded by Germany."

Nazi Response

French press comment closely followed British. Pertinax, writing in the Paris L'Ouvrier, said: "For 16 days the Nazi government had put pressure on Belgium and Holland. Germans have protested, press articles showing only the slightest sympathy for the allies. Those are the fruits of a policy which was formerly most justifiable, but which, due to Hitler's threat, are outdated."

Reports from Norway and Sweden said the peace move had been received with great interest but little hope. Finnish sources were said to regard the appeal as "courageous" and they suggested that it might prove advantageous in centering world attention on Belgium and Holland and lessening the chances of their involvement in the war.

Deaths

Taken ill last night, Mrs. Dolly Batterwhite, 53, Twin Falls resident for the past 26 years, died at 12:10 a. m. today at her home, 266 Harrison street.

Mrs. Batterwhite was born Sept. 20, 1886, at Sedalia, Mo. She was a member of the Presbyterian church in Twin Falls.

Survivors include her husband, Dave; three daughters, Mrs. Hazel Welch, Mrs. Thelma Matheny and June Batterwhite, all of Twin Falls; two sons, Mr. Lulu Children, Mr. Harry Batterwhite, Clatskanie, Ore. Mrs. Batterwhite was survived by six grandchildren, all also included among the survivors.

Funeral services will be held at 2:30 p. m. Friday at the Twin Falls Methodist chapel with Rev. Sherman Lindlow, presiding pastor, officiating. Burial will be in Twin Falls cemetery.

C. S. Longacre, General International Secretary of the Religious Liberty Association, Takoma Park, Washington, D. C., also secretary American Temperance Society, will speak on subject of Religious Liberty at the Seventh Day Adventist church, corner of Third street and Third avenue north, tonight at 8 p. m. Free. Free will collection for the cause.

## SLOW-BURNING COSTLIER TOBACCOS

Here's luxury and thrift together!

**TOBACCO'S** temperament! Its elements of flavor and aroma are delicate...fragile.

And nothing destroys tobacco flavor...nothing turns natural fragrance into tasteless discomfort like...heat!

Fast-burning cigarettes can't yield either comfort or delicate taste. They taste...well, like anything but a good cigarette.

Camel's slow-burning, costlier tobaccos give you the luxury of milder, cooler, more fragrant and flavorful smoking. And that luxury not only doesn't cost you more...it costs you less! Simple arithmetic shows you how slow burning also gives you the equivalent of 5 extra smokes per pack! (See panel at right.)

**5 EXTRA SMOKES PER PACK!**

A prominent scientific laboratory recently made impartial tests on 16 of the largest-selling cigarette brands. They found that CAMELS BURNED SLOWER THAN ANY OTHER BRAND TESTED—25% SLOWER THAN THE AVERAGE TIME OF THE 15 OTHER OF THE LARGEST-SELLING BRANDS! By burning 25% slower, on the average, Camels give smokers the equivalent of

# AB JENKINS WINS SALT LAKE CITY MAYORALTY RACE

## RACE DRIVER IN FIRST PLACE BY NARROW MARGIN

SALT LAKE CITY, Nov. 8 (Special).—Ab Jenkins today had apparently driven himself to the mayoralty of Salt Lake City—Utah's largest city—just as he has won his famous Mormon Motors to win every important automobile speed endurance record in the world.

On the basis of unofficial tabulations from yesterday's municipal election, Jenkins had received 21,121 to 21,109 over Herbert A. S. Low, business and civic leader. The ballot—one of the closest in Salt Lake City history—will be canvassed Monday when official results will be announced.

Jenkins entered the mayoralty race only a few weeks before the primary election, when he was nominated by a snow from a field of five candidates.

**Building Contractor**  
Jenkins, 58, is a building contractor by profession, formerly operating in southern Idaho but now with headquarters here. He has been racing as a hobby for many years and is generally credited with bringing attention to the racing world to the Bonneville salt flats of Utah, now recognized as the world's fastest race course.

With Jenkins, the apparently successful candidates here were the incumbent city commissioners, William Murdoch and George D. Keyser. They defeated Reva Beck Bosone, city judge, and Reuben Jolley, service station operator, by large margins.

The Salt Lake City balloting—with Jenkins as the feature—was the high spot of an unusually active off-year election day that also saw two other major Utah cities select new mayors and four municipal power proposals breaking even in the two cities where they were up for consideration.

**Defeat Power Proposal**  
Ogden voters, for the third time within a year and a half, defeated a proposed \$3,500,000 revenue bond issue to build a municipal power system. The vote was 9,507 to 5,780.

Ogden's three-times mayor, Harman W. Perry, was defeated for reelection to a fourth term by Fred M. Abbott, retired railroad worker, by a margin of 1,200 votes. Edward Saunders was re-elected to the Ogden city commission over Fred E. Williams and Marcus L. Critchlow was retained as auditor over Mrs. Florence Glines.

In Provo, more than 5,000 votes were cast—the heaviest in years—in the election that retained Mark Anderson as mayor and rejected three propositions that would have squashed Anderson's plans for a municipal power system. Anderson defeated Alma Van Wagenen. The municipal power was favored at a two-to-one ratio.

**Veteran Mayor Ousted**  
J. P. McGuire was re-elected to the Provo city commission over John W. McAdams, while Mrs. Mary F. Smith was retained as city auditor over Ralph Elliott.

In Logan, the 14-year term of Mayor A. G. Lundstrom was ended when voters gave William Evans, Jr., automobile dealer, a three-to-two majority. The incumbent city commissioner, O. A. Sonne, was also defeated, with the post going to George B. Bowen. H. Reuben Pedersen was the only candidate for auditor.

## NAZI REPORT 9 PLANES DOWNED

BERLIN, Nov. 8 (AP)—Nine enemy airplanes were shot down during the first week of November, the German army high command announced today. During the same period two German planes were shot down and three were listed as missing.

One British plane was shot down near the confluence of the Rhine and Wupper rivers, the communiqué said, and one French plane was downed near Volkingen. Three other enemy planes were shot down near Saarbrücken.

## Caldwell Man Is Crushed to Death

CALDWELL, Ida., Nov. 8 (AP)—James Roy Huffer, 46, Caldwell, was crushed to death when his clothing became entangled in the elevator shaft of the Caldwell Ice and Cold Storage company plant.

The accident occurred during the night. Carl Huffer, a brother, discovered the body. Huffer is survived by his widow and three sons.

## Jerome Shippers Receive Report

JEROME, Nov. 8 (Special).—Returns on lamb and hog pool shipments made during the past two weeks by the Jerome county livestock marketing association show gross returns of \$9,398.45 to Jerome county farmers who are members of the pool.

The lamb shipment, which was the last to be made for the season, was sold in Sioux City, Ia., at \$2.25 for fat lambs and \$2.25 for feeders. Hogs were sold at \$4 per hundredweight. Net returns on the fat lambs was \$7.67 per hundredweight after a five per cent shrink was deducted.

The hog shipment made on Nov. 2 was sold to Swift and Co., at South San Francisco. The pool consisted of 297 tops, 8 lights, 8 heavies, 4 skip tops and one heavy sow with a total weight of 64,480 pounds. Gross returns for the hogs was \$3,971.70.

Addition of new members to the organization has brought the total membership to approximately 220.

Fewer than 1,000,000 lambs have been recorded throughout the world, although the earth is struck by at least 1,000 meteors every year.

## JEROME FARMER GROUPS ELECTED

JEROME, Nov. 8 (Special).—Farmers in Jerome county selected community committees for administration of the agricultural conservation program during the 1940 crop year.

The communities of the county and the men who were elected as AAA community committees and alternates follow: South Jerome: James Purdy, chairman; John Sickle, regular member; Frank E. Peterson, first alternate; Frank V. Glowdowski, second alternate.

**SUB-CONTRACTORS INVOLVED IN RACKET**

This racket involves use of the so-called "bid depository" in subcontracting fields. In different cities the "bid depository" is found in almost every branch of the building trades to protect the building owner.

It works like this: The sub-contractors in one field—painting, for example—club together and set up a trade association office. When a general contractor calls for bids for painting a new construction job, all painting sub-contractors submit their bids to this association office, or "bid depository."

Then, when all bids are in, the group goes over them and eliminates the lowest ones—say the lowest 15 per cent. The sub-con-

not allowed to bid again on the job; or, if they are allowed to, they are required to submit bids higher than the lowest of the bids which were not eliminated. In the end, then, the bids which go to the general contractor have an average level much higher than the one which would otherwise be the case.

## HIGHLIGHTS FROM LATEST BOOKS

"Military Chao" (Alfred A. Knopf \$1.75) offers some startling the-  
ories. Among them: The United  
States cannot go to war with  
Japan. . . . The United States is  
not in the slightest danger of at-  
tack. . . . Armament expenditure  
are taking the government on the  
road to Fascism. Briefly, here are  
Mr. Villard's conclusions:

It has been shown (1) that we  
have no defense policy whatsoever;  
(2) that all our expenditures be-  
cause of our present international  
relationship whatever to be

(4) that there can be no adequate defense policy set up until there is a decision as to what our foreign policy is to be, until our objectives are defined; (5) that the primary defense question for the United States is whether we are only

again to fight abroad; (8) that, because of the failure to define what we shall defend, our policies, notably

year, almost from hour to hour; (7) that with that is settled, we are adding to our vast expenditure without the slightest guarantee that those outlays make for a saner and better defense, or that they do not add to the existing unintelligent, wasteful, un-coordinated, and un-directed system of expenditure and

that there are the grave faults (1) the organization of the war and navy departments; and (2) the failure to co-operate adequately with the State Department, although not less than seven billions have been spent for defense since the fiscal year 1933-34. The war department admits annual shortages in supplies of fundamental importance; (11) that there is no hope of balancing a budget without putting a serious strain on the increase in military expenditures now fast approaching two billions of dollars and certain to grow.

# GERMANY SHOWS LITTLE INTEREST IN PEACE PLAN

## FUEHRER MAKES NO COMMENT ON RULERS' GESTURE

BERLIN, Nov. 8 (Special)—Germany showed little interest today in the offer by the rulers of Belgium and Holland to mediate in the war.

Adolf Hitler read his copy of the telegram from The Hague, then went to Munich for the anniversary of his "beer hall" putsch. A few newspapers printed the text of the telegram on inside pages but none commented on it.

Political quarters here said Hitler probably would reply by repeating the terms set forth in his recent speech: The allies must recognize the conquest of Poland and Czechoslovakia and guarantee Germany and Russia free hand in eastern Europe. There was no belief the allies would accept such terms.

One Nazi official said the Belgian-Dutch message was "a very nice idea." He said it betokened the two countries' position, wedged in between belligerent nations, to make such an offer.

Nobody could say anything officially until Hitler returned but there seemed a general lack of enthusiasm.

There was more interest in the celebration at Munich, although it was being curtailed this year because of the war. Hitler is expected to address the old guard Nazis who faced the reichswehr fire with him on Nov. 8, 1923, as usual, and Rudolph Hess, deputy fuhrer, speaks tomorrow. The "beer hall" putsch was suppressed after one day and the following April Hitler was sentenced to five years imprisonment in a fortress, but was released in a few months.

Hitler looked over the peace message last night before he left but nothing was said of his reaction to it.

## SHOSHONE

Lincoln county received \$25.54 as its share in liquor profits for the third quarter of 1939, according to a check received by County Auditor Carolyn Walker. The amount is larger than for either the first or second quarters.

Shoshone stores will remain closed for five hours Armistice day, Nov. 11, from 11 a. m. to 4 p. m. In harmony with the original Armistice day, work discontinuities at the 10 hour and will not be resumed until close of the Wendell-Shoshone football game. There was some argument over the matter, reports stating that Twin Falls, Idaho, and Jerome stores would remain open save for a short interval. At the same meeting of the Chamber of Commerce the closing hour on Saturday night was set at 9 p. m., beginning immediately.

Funeral services were held Thursday at Richfield for Charlotte Lavonne Huffington, 18, native born girl, who died after a short illness. She was a daughter of Mr. and Mrs. Mel Huffington, a freshman in the Richfield high school and a member of the orchestra and glee club.

Virgil William Brooke of Twin Falls and Alice Bernice Jones of St. Joseph, Mo., were married here last Saturday by Probate Judge Howard Adkins.

Fire consumed 10 tons of hay and a stack of clover on the farm of Ivan Terry Thursday. A combine-harvester was saved.

## WALLACE HEADS 'DECLAM' SETUP

Elected as president of the Idaho state declamation and debate association in charge of the state declamation and debate for the year 1940, is Gerald Wallace, Twin Falls high school debate coach and vice-principal.

He announced today that the play for the declamation contest this year will be a fantasy. The state finals will be held April 19 and 20, with the town yet to be selected. A new section in impromptu reading has been added to the other divisions in which students may compete. In this section, the student will be given a reading which he must deliver as he interprets it, without coaching from anyone.

Extensive topics this year will be current topics from Nov. 1 to the time of the tournament. Included will be current literature, current events, and topics in magazine articles.

State debate finals will be held in Moscow April 12 and 13, he announced. The state finals will be held this year is "Resolved: That the government should own and operate all railroads."

Election which resulted in his choice was held at the state convention which he attended Saturday in Boise as a member of the state executive committee. On the committee is a representative from each of the districts in the state.

## Declo 4-H Girl Wins 2 Contests

DECLO, Nov. 8 (Special)—Rachel Matthews, Declo, has been named winner in two national contests, for her 4-H club work, one the style review dress contest sponsored by Chicago mail order company and the other the girls' record contest sponsored by Montgomery Ward and company.

Rachel received a gold medal in the girls' record contest.

She was also the winner in the district style review at Twin Falls. This is her fourth year work of 4-H club.

She is the daughter of Mr. and Mrs. Willford Matthews and is a freshman in the Declo high school.

## PRANK

BOISE, Ida., Nov. 8 (UP)—Four Boise "youngsters" ranging from 28 to 30 years of age, were called up before Judge T. M. Roberts today, charged with pushing over an outboard on the night before Halloween.

"It wouldn't have been so bad if you boys had waited until Halloween," said Judge Roberts. "Seems to me this is like shooting ducks out of season. However, I'll acquit you of the charge."

One of the accused culprits was A. M. Osborn, 30, Boise.

## Last Rite for Pony Express Frontiersman

JEROME, Nov. 8 (Special)—Impressive last rites were conducted at the Jerome cemetery Monday afternoon for Amos Strong, 81, one-time United States marshal and sheriff, who died after a heart attack at the veterans' hospital in Boise last week.

Members of the Jerome post of the American Legion conducted services. Commander E. E. Connor and Chaplain E. E. LaTurner officiated. Pallbearers were all members of the Jerome post.

For the past 10 or 12 years he had been engaged in herding goats on the prairie. He had been ill only a brief time, being taken to the Boise hospital Wednesday morning. He died that afternoon.

## Bott Names 71 to Reclamation Meet

BOISE, Nov. 8 (UP)—Gov. C. A. Bottolstein today appointed 71 Idaho reclamation and irrigation leaders as delegates to the National Reclamation association convention to be held in Denver, Nov. 14 and 15.

A delegate from nearly every irrigation district, Chamber of Commerce and Grange in the state was named.

## BOYS BROADCAST ON H. S. PROGRAM

Boys who have never broadcast before were presented this afternoon over the regular school broadcast as the Boys' club of Twin Falls high school took charge of the program for one of the high school's programs each month. Each spoke on some phase of education, since schools are this week observing national education week.

These boys were selected, one from each class, to give them the experience of broadcasting, an opportunity which they have not had before. Gerald Wallace, club adviser, explained.

Kenneth Arrington, sophomore, spoke on "How My Education Has Given Me a Democratic Viewpoint." Junior, Bill Hoops, talked on "Building for Future America," and Don Thorpe, senior, used as his topic "What I Expect of My Education."

Mark Frey sang "The Sunshine of Your Smile," accompanied by Miss Gladys White.

## Extension Calendar

JEROME, Nov. 8 (Special)—Eugene W. Whitman, Jerome county extension agent, today released the extension calendar of events as follows: Monday, Nov. 13, 12 noon, final date for listing logs for the hog pool of Thursday, Nov. 16.

## Relief Societies Hear Utah Leader

BURLEY, Nov. 8 (Special)—State conference of the Relief societies meeting here last week-end heard Mrs. Emaline W. Nebecker, member of the general board of the L. D. S. Relief society, Salt Lake City, discuss in seven main addresses the work and accomplishments of the local and general boards.

Local women on the program included Mrs. Myrtle Hatch, Mrs. Sarah Lambers, Mrs. Mary Rencher and Mrs. Olive Hanks. Mrs. Dora Pickett, president of the Burley stake Relief society, was presiding officer and gave her annual report Sunday afternoon. Mrs. Zella Shaw spoke on the work as related to the Bible, and D. R. Langlois, president of the Burley stake, gave the final address.

## Two Cars Damaged In Crossing Mishap

JEROME, Nov. 8 (Special)—Approximately \$30 damage each was done to two automobiles in an accident which occurred here at first and Lincoln streets Saturday at about 3 p. m. when a car being driven by Boyd Freeman, Jerome, is alleged to have sideswiped one being operated by Virgil Ikkier, also of Jerome.

The Ikkier machine is reported to have been stopped when it was assertedly struck by the Freeman car.

## GROUP CONFERS ON FARM CREDIT

Sixteen Grange and cooperative organization leaders of this section conferred with officials of the farm credit administration Tuesday at a luncheon meeting at the Park hotel.

C. R. Orchard, Washington, D. C., director of the credit union section of the FCA, and Don Candland, Salt Lake City, union representative, led the round table discussion on matters pertinent to the credit union.

## NIGHT COUGHS

YOUR CHILD'S coughing at night—caused by throat "ticks" or irritation, mouth breathing, or a cold—can often be prevented by rubbing the throat and chest with plenty of Vicks VapoRub at bedtime.

VAPOROUS SWIFT poultice-and-vapor action loosens phlegm, relieves irritation, clears air passages, tends to stop mouth breathing, and invites refreshing sleep. Try it.

## Amateurs Played Important Roles In Photography

Members of the Magic Valley Camera club assembled at the club rooms under the Wiley drug company Monday evening to hear Leon Fosteliev, of The Albion, local photography studio, discuss the development of photography from the time of old silhouette prints to the present day.

Much of the work, Mr. Fosteliev said, was done by amateurs who had no professional connection with photography. A vote of thanks was given the speaker for his part in the meeting, and he replied that he was willing to help the camera club at any time, and extended an invitation to the club to visit the studio any evening of the week.

Plans were discussed for a demonstration of dark room technique to be given at the first meeting in December. This meeting will demonstrate the development of film and also the process of contact printing.

Persons attending will be permitted to bring negatives from which contact prints will be made and distributed free of charge.

## DEDICATION SET FOR MONUMENT

MILNER, Nov. 8 (Special).—Three high school bands will be on hand here Friday to take part in the program marking dedication of a monument to the members of the Wilson Price Hunt expedition, which traveled down the Snake river and passed this point on Oct. 28, 1811.

The program will start promptly at 2 p. m. Friday and the bands taking part will be those from Murrah, Hazelton and Eden.

**Defenbach Speaks**

Principal speaker at the services will be Byron Defenbach, an outstanding authority on Idaho's early history. Traveling the monument will be L. L. Brockert, Jr., Twin Falls, B. H. Beasley, Boise, president of the Idaho Historical association, in charge of the program.

The monument has been erected by Sons and Daughters of Idaho Pioneers. It stands on the lava rock cliff within sight of Clappine rock, the point where one of the expedition's men struck, turned over, and a member of the party drowned. The man who died was Antoine Clappine and the rock was named in his memory.

**Hardships**

Much of the expedition's stores was lost as the boat went down and the party, led by young Hunt, suffered untold hardship before they were able to celebrate their victory over hostile Indians and nature at Astoria, Ore., on Feb. 15, 1812.

The party, during the trip, passed by what is now Idaho Falls, American Falls, Pocatello, Blackfoot, Milner, Twin Falls, Weiser and other communities.

Hunt and his men were the first white persons to traverse the river, known to them as the "Mad river."

Those in charge of Friday's program announce that school children and old settlers are particularly urged to be present at the dedication.

Wording on the face of the monument follows:

"Astorian Land expedition led by Wilson Price Hunt, the first explorer to traverse the Snake River country. Arrived here in boats Oct. 28, 1811. Finding further navigation impossible after meeting with disaster, the party divided and proceeded afoot with what food and effects they were able to carry to find a route to the mouth of the Columbia river."

"Erected 1939 by Sons and Daughters of Idaho Pioneers."

**Liquor Sales Show Profit of \$145,059**

BOISE, Nov. 8 (UP)—Idaho liquor sales totaled \$22,506 and brought a net profit to the state of \$145,059 during the quarter ending Oct. 31, Wright reported today.

Wright, accompanied by J. C. Grinstead, Boise, board chairman and Fred Taylor, attorney, attended the northwest conference on beer and liquor sales regulation held in Spokane, Wash., today.

## Monument Honors First White Men to Conquer 'Mad River'

Like a sentinel to the past, Clappine rock stands today in the Snake river near Milner, a monument in itself to the historic and ambitious Wilson Price Hunt expedition which suffered disaster there on Oct. 28, 1811, during the first trip made by white men down the stream. The rock is named for Antoine Clappine, a member of the pioneer exploring party who lost his life when the canoe in which he was riding struck the rock, then nearly submerged by the raging waters of the "Mad river," as it was termed by the expedition.

Fred Miller, a resident of Milner, is shown above as he reads the inscription on the monument which the Sons and Daughters of Idaho Pioneers will dedicate there Friday during a program starting at 2 p. m. The monument recalls the tragedy which overtook the Wilson Price Hunt expedition at that point in October of 1811. Plan of the expedition was to establish trading posts along the west, Hunt being a partner with John Jacob Astor in establishment of the Pacific Fur company in 1810. Hunt and members of his party were the first white men to traverse the Snake river country. (Evening Times Photos by O. A. Kellner; Times Engravings)

## GERMAN TROOPS OPEN OPERATIONS

PARIS, Nov. 8 (UP)—German troops have started local operations along the Saar front from the Moselle river to the Chiersen salient, ending three weeks of inactivity. It was announced today.

"No Man's Land" and three raiding parties attacked French outposts. There was lively fighting in sections that had long been dormant.

French frontier reports told of heavy troop movements just inside the German lines and concentrations of German troops within striking distance of the Dutch border.

It was announced the French had shot down 11 German airplanes in Monday's battles, instead of nine previously reported.

**BEAVER CAUSE DAMAGE**

CENTERVILLE, Ida., Nov. 8 (UP)—Beaver transplanted here from north Idaho were chased out of a pool near Idaho City by a gang of dredge, moved to a new stream and built a dam that flooded farmers' fields with disastrous results. State Trapper Carl Bagley was called today to move them again.

English coins first were dated during the reign of Edward VI.

## VOTERS DEFEAT OHIO'S PENSION

COLUMBUS, O., Nov. 8 (UP)—The Bigelow 850-a-month pension plan was defeated by better than three to one by Ohio voters in Tuesday's election, almost complete returns showed today.

Returns from 8,556 of the state's 8,589 precincts showed 1,338,801 votes against the plan and 464,888 for it. Rev. Herbert S. Bigelow, of Cincinnati, leader of the movement to give \$50 a month to single persons and \$80 a month to married couples over 60, conceded defeat and said he would carry on the fight.

All the money, newspapers and radio of Ohio were against the poor people," he said.

Persons over 65 now get, under the present pension law, an average of \$23 a month.

Bigelow, 69-year-old former congressman, had contended his proposal would cost the state only \$60,000 a year and could be paid for through a special two percent levy on land valued at more than \$20,000 and a state income tax levy one-fourth of the federal levy. State officials said the pensions would amount to \$140,000,000 a year, and Bigelow's tax plan would yield only \$140,000,000.

President Roosevelt said the idea was "fantastic," and Dr. Francis E. Townsend, leader of the \$200-a-month pension plan, said it couldn't work.

## HEYBURN

## IDAHO DEFICIT TO HIT \$2,000,000

BOISE, Nov. 8 (UP)—State Auditor Calvin E. Wright today predicted in his quarterly report a \$2,000,000 deficit in the state general fund at the end of the current biennium.

The report, issued by Assistant Auditor Orville Brooks, asserted the state expenditures would exceed by \$1,240,884 the outlay of former Gov. Barreille Clark, Democrat, during a corresponding period of the preceding administration.

The report of Wright, a Democrat, was subjected immediately to criticism by constituents of Republican Gov. C. A. Bottolfsen, who said it was misleading. Bottolfsen was out of the capital and not available for immediate comment.

Wright indicated the state collected during the first nine months of 1939 only about 31.96 per cent of the estimated general fund revenue, exclusive of property tax, indicating a shortage of \$412,200.

Wright contrasted these figures with a cash balance of \$860,115 and a surplus of \$1,310,254 at the beginning of 1939, after all obligations were taken into account. Now, he said, the general fund cash balance is in the red \$1,112,491 and the surplus has been reduced to \$814,293, a reduction of \$500,000. Disbursements far exceeded revenue, the report added.

## STREAM CONSERVATION NEEDED, SAYS GREBE

### Sportsmen Hear Experts Tell Needs of State

Idaho sportsmen must get down to the job of conserving the streams of the state from pollution by power companies and industry if fishing is going to continue to be a major industry in this state, George Grebe, secretary of the Idaho state game and fish commission told 140 members of the Southern Idaho Fish and Game association last night.

The group was gathered at the Park hotel for its annual banquet, a meet attended by leading sportsmen from throughout south Idaho.

"If we are to preserve the fishing in this state," said Mr. Grebe, "it is high time that we get around to the protecting of our water rights on the streams before pollution completely spoils the streams."

**Water Rights Essential**  
"It is absolutely essential that the state get water rights on all fish streams before industry developments make the water uninhabitable for fish."

Mr. Grebe, principal speaker of the evening, then went on to outline the vast natural resources this state has compared with other states of the nation.

"I have been in nearly every state in the union and have talked with fish and game men in Mexico and Canada and I find that Idaho is the best hunting state remaining in the United States. I can also say that the just about the best natural resources any state."

"But, I'm sorry I can't state that it leads in fishing and game, the state of Idaho ranks behind 14 other states in the nation in fish population. That's because we have developed our natural resources."

**Must Develop Culture**  
"When I came into the commission I was astonished to find that the fish hatcheries owned by the state didn't even have their water rights protected. Now the commission is working hard toward the settling of this trouble."

"If we are to have fishing become a major industry, then we must develop our fish culture and protect all our streams from source to mouth, to stop pollution."

Mr. Grebe, a veteran in fish and game lore, predicted that the time would come when all streams would have to be divided, with a bi-lateral canal to either place the fish in or to handle the polluted water caused by dam building, industrial plants and other things that pollute a stream. That was one of his main reasons for believing that the state should have its water rights protected immediately.

"If we fix up our streams now we can have one of the best fishing states in the nation," he pointed out, "instead of the 14th."

**Warm Water Stocking**  
A strong advocate of stocking warm water streams with game fish, Mr. Grebe, supported by Commission Chairman George Booth, has been campaigning for that work and along that line is at present looking for a place to raise small-mouth bass.

"We would like to find some place where we could build a 45-acre lake with a six-foot embankment around it. It would be necessary that the lake could be drained every fall so that the fish could be removed," he said. "This way we could raise about 5,000 small-mouth bass per acre for replanting."

Mr. Grebe suggested the Snake river as the most natural place for the stocking of these bass. The water is comparatively warm and

### As Southern Idaho Sportsmen Gathered at Annual Banquet

### Firestone and Dell's Take Loop Victories

The red-hot Dell's bowling quintet last night took four in a row from Gego Milk and thereby very seriously entered the race for championship in the Commercial league.

Every man on the winning team bowled over the 500-mark and the lowest three-game total was a 504. Ray Freis topped the Dell's club with a 556 and a single of 212. For the losers A. Kircher rolled a 553 and a high first game of 195.

Firestone overcame a 132 pin handicap to take three out of four from Twin Falls Lumber in the City League. High honors for the evening went to George Childs who shot a 565 for three games and got the high single of the week—220.

For the losing club Ken Allan topped the bowling with a 482.

### Bimelech Gives Veteran Col. Bradley New Life

NEW YORK, Nov. 8 (AP)—Edward Riley Bradley, whose breech-loading collar was the inspiration for the modern starting gate, finally caught a perfect hand after 50 years of waiting and now nobody is going to pull it.

The old gambler from Old Kentucky has come up with straight flushes before. He had Behave Yourself, Bubbling Over, Burgo King and Brokers' Tip, derby winners all, but not until this year, after a half century of racing, did the flush come up royally.

Bimelech's this baby's name, and he has the look of eagles in his eye. The sweet smoothness of bluegrass is in his coat and the fire of old Bourbon is in his legs. Six times he has answered the bugle's call and six times he has led them all.

**Colonel Recovers**  
The thunder of his hooves down the stretch, has done something for Bradley's that doctors couldn't do. Old now, and as the darkies around the stable would say, "Doin' foxy" of late, the master of the Idle Hour farm has drawn new life from this strapping brown horse. Even as the doctors are checking his pulse, the colonel is clocking his colt.

It is hard to say whether Bimelech has made more progress than his owner. The colonel was flat on his back when the son of Black Tony went to the post the first time this summer as a two-year-old, but with each report of how his green and white barrel hoops were rolling down the stretch he got better. Last week Bimelech won the sixth straight time; now the colonel is out of bed and has changed the company of doctors and nurses for rail-birds, clockers and swipes.

**Ready to Bet World**  
Men, the colonel is more than just out of bed. He is up, alert and flaunting the world of racing, and waving his pocket-book like a coffee-scented on-draw parade.

To the colonel, who has bred and raced the best, Bimelech is not just a two-year-old horse. Bimelech is the greatest horse in the world and Bradley has challenged any owner of anything with four legs to get his animal out there,

### Zuppke Voted Nation's Coach of Week

CHICAGO, Nov. 8 (AP)—In just four days of practice the little Dutchman worked the miracle of the season. Against Northwestern his line couldn't tackle and his backs couldn't block. A week later he led his lambs to slaughter against mighty Michigan and for 60 minutes they played like supermen.

The United Press nominates as coach of the week.

Bob Zuppke of Illinois. Little Zup, the man they tried to fire only last fall, did more than upset Michigan, 14 to 7. He restored confidence in a good Illinois football team that had tied one and lost three straight games. He restored spirit on the Illinois campus

that had spluttered out completely in the last five years.

Any man who has played at Illinois in the last 27 seasons will tell you of Zup's secret of success: "He'll outsmart you every time. Give any other coach 25 players, give your twins to Zup and he'll beat you by two touchdowns."

### UISB Prepares to Down Coyotes at Homecoming

POOATELLO, Nov. 8 (Special).—When Idaho southern university football team takes to the field here Saturday it will mark another momentous occasion for "old grads" and students of the school who gather for the annual homecoming game in the stadium of the city.

The contest will be College of Idaho Coyotes.

A year ago Idaho southern played one of its greatest games, defeating the strong Montana State Bobcats, 16-0 in a great display of football talent before a homecoming crowd. Coach Ouy Wicks is making no prediction concerning the outcome of the coming holiday battle, but has termed the game the best defensive battle the school has had in the five years of its coaching experience locally.

Members of the local squad are looking at Ralph "Bubba" Bennett, 193, Coyote backfield ace and probably the best open field runner in the state. Bennett has made half a dozen spectacular runs to touch-down, most of them starting around midfield, and in last week's game with Pacific university he showed 78 yards for a touchdown and set up the series of plays that held Pacific to a 15-15 tie.

Coast backfield stars and a stubborn line make the College of Idaho a difficult opponent for any team. In the only possible conclusion is that the College of Idaho will have an upper hand over southern, having defeated Al-

Each and every player on the Delta team went over the 500 mark. Ray Freis was top with a 556, N. O. Johnson had 539, Walt Riggert 538.

In a match to see who was in charge of the deck three next week, Charley Brueggemann nooded out Elmore Hagler by five points: Charley 569; Hagler 564.

Hagler will see that the doghouse duties are properly performed next week. Bill McDonald performed in that capacity this week.

Ray Freis' 212 first game was top single for the night.

Pop Kircher, with 553, took high honors for his team and his 193 first tilt was also their best single. Ray also reached the top with 512. Rolly Honning and his new ball don't get along too well.

## Play-Off Urged For Big League To Help Gate

PHILADELPHIA, Nov. 8 (AP)—Gerry Nugent, president of the Philadelphia Phillies, today urged the major league to adopt the Shaugnessy play-off system.

"It has worked satisfactorily in the minor leagues, why can't it work in the majors?" Nugent asked. "Why not start the regular season April 15 and end it on Sept. 15 or 20. The final two weeks of September are always washouts at the gate except for pennant contenders."

"The Shaugnessy play-off would stimulate interest at this time 1,000 per cent and keep the fans pepped up for the world series. With any of the four first division clubs in each league likely to win the championship and qualify for the world series, interest among the players as well as the fans would never die until the final out in the Shaugnessy series."

## Filer Reserves Win, 13 to 0

Filer reserves hung up a 13-0 victory over the Twin Falls yesterday afternoon in a hard-fought contest.

Two breaks of the game gave the Filer the win after the two clubs had fought on even terms most of the way. In the first quarter Walker, Filer half, intercepted a Twin Falls pass and ran to the Twin Falls five-yard line before being downed by the local club. Peters, Filer halfback, scored after that.

The last touchdown came when Johnson, sub Filer back, returned a punt 50 yards and then Walker plunged for the extra point.

## DIVIDED TRAINING FOR GUARDSMEN

Seven days of military training spread over three separate periods within the next 30 days, await members of national guard units of south central Idaho. It had been announced today by Col. P. C. Hummel, Boise, 116th Engineers commander.

The announcement was made to local officers last night and at the same time details of the training were outlined to them. Similar details will be given to the Jerome and Burley units at a special session tonight.

**The Dates.** Mobilization periods, to be observed with full military routine, follow: Saturday and Sunday, Nov. 10 and 11. Sunday, Nov. 19. Thursday, Friday, Saturday and Sunday, Nov. 30, Dec. 1, 2 and 3.

The guardsmen will mobilize at home stations in Twin Falls, Jerome, Burley and Buhl. They will sleep and prepare their own "mess" at each army. Supplies will be purchased within each city, officers said.

Final instructions for Buhl and Twin Falls companies will be given Thursday night during regular drill.

**These Attended.** Hearing the procedure at last night's session were Major George C. Halley, Twin Falls, commander of the medical detachment; Capt. Elmer W. Jones, commanding officer of company D at Buhl; Capt. J. H. Beaver, Jr., commander of company E at Twin Falls; Capt. Ralph E. Leighton, Twin Falls.

Training will consist of work on the new infantry drill and study, including roads, bridging, mapping, sketching, demolition and engineer reconnaissance.

**Change in Yeast Boosts Yield in Potato Alcohol**

BOISE, Nov. 8 (AP)—A change in the formula of yeast used in fermentation of potato mash at the experimental potato alcohol plant in Idaho Falls has increased production from 10 to 20 gallons per ton, Commissioner of Agriculture E. N. Pettigrove said today.

Pettigrove said the state advertising commission allocated an additional \$2,000 from its revenues for use in the plant at a recent meeting.

The plant is experimenting in the manufacture of commercial alcohol from cull potatoes and utilization of the mash as a livestock feed.

## Buhl Has Big New Truck to Battle Fires

BUHL, Nov. 8 (Special)—The finest fire truck in Idaho was on duty here today, ready to protect Buhl from the ravages of flames. It is the new American-LaFrance 180 horsepower fire truck put in service Sunday. Up to this morning it hadn't been called out for its first actual run, according to Fire Chief R. H. (Bob) Stewart, but it's all set to go.

**\$9,400 Vehicle.** The gleaming white truck, quick and spry in its impressive coloring and in its gleaming metal, cost \$9,400 and is "the only thing of its kind in Idaho," Chief Stewart said. On route to delivery in Buhl, the truck was demonstrated several days in Boise and the capital city—now seeking new equipment—was highly impressed.

Buhl traded in its old equipment on the \$9,400 vehicle. The truck has a 12 cylinder motor and carries a 1,500-foot hose bed with a corresponding length of hose. It has a 24-foot aluminum extension ladder and a 100-gallon booster tank for water to use in smaller fires where hydrant hook-up isn't necessary.

**Can Carry Full Crew.** The machine will carry the entire crew of 15 men who compose Buhl's fire department. Two of the men are paid officials and 11 are volunteers.

"We don't want fires if we can help it," said Chief Stewart, "but we're just waiting for the chance to show what this fine equipment can do."

Several of the firemen are "broken in" to drive the machine. Buhl city officials expressed themselves as "highly pleased" over their purchase.

Members of the west end fire crew include Stewart and William Stampe, the assistant chief; Henry Kramer, John Wilson, Frank Matthews, Sheldon Pulley, Leonard Howard, Jess Holmes, Roland Homing, Eddie Homing, George Harvey, Bus Linzy and Jim Wilson.

Officers of the Burley Elks lodge, of which A. O. Latham, prominent southern Idaho businessman and sportsman was a member, officiated at the graveside rites in Twin Falls cemetery yesterday, following funeral services at the L.D.S. building here.

H. H. Stokes dedicated the grave. Mr. Latham died last Saturday morning at the Twin Falls county general hospital.

## HEIRESS CALLS TO COWBOY HUSBAND

CODY, Wyo., Nov. 8 (AP)—Friends said today that Anne Gould Meador Elsbury, romantic granddaughter of Jay Gould, "railroad king of the 30's," had telephoned from New York to her cowboy husband, Herman Elsbury, to "come to me at once."

The friends said the railroad heiress, who filed suit for divorce against Elsbury last week, declared she was in New York City suffering from a broken arm.

Elsbury, who married the New York society girl in 1938 after a dude ranch romance, said he would leave for New York by plane late today from Billings, Mont.

The cowboy husband would not discuss reports that the divorce suit, in which Mrs. Elsbury charged cruelty, had been dropped.

"The railroad magnate's granddaughter said in her suit, filed at Cody, that she was refused permission to visit relatives in New York or to entertain friends from the east."

The heiress married Elsbury on Feb. 15, 1938 in Cheyenne, Wyo., one day after her divorce from Frank Meador, San Antonio, Tex., bank clerk became final.

## BID CALL

BOISE, Nov. 8 (AP)—The Idaho highway department will call for bids Nov. 10 on a highway from Idaho Falls to Salmon. Highway Director H. R. Flint said today.

Demand for the highway increased when the Gilmore & Pittsburgh railroad suspended operations into Salmon recently.

The public works commission also will open on the same day a project for a six-mile improvement on the Franklin Lane extension of the Caldwell to Boise road.

C. S. Longacre, General International Secretary of the Religious Liberty Association, Tacoma, Wash., D. C., also secretary American Temperance Society, will speak on the subject of Religious Liberty at the Seventh Day Adventist church, corner of Third street and Third avenue north, tonight at 8 p. m. Everybody welcome. Admission free. It will also broadcast on same subject over KFTI at 10-10 p. m. Don't miss this stirring lecture.—Adt.
