CLUES TANGLED IN ATTEMPT TO FIND MURDERER

CHICAGO, Nov. 15 (AP)—Investigation of the assassination of Edward J. O'Hare, a 30-year-old track operator, was tangled today in a score of possible motives, clues and false facts and police concentrated on a "new woman" angle and a letter linking the slaying to the powerful Capone syndicate.

The woman angle came last night after a series of rapid-fire developments which included a bizarre note, a warning from two former convicts at Alcatraz that George Al Capone had sworn to kill him, and a letter from a woman.

Pressing the investigation of the Capone lead, Lieut. Thomas J. Kelly and three squads of policemen last night raided the Paddock Lounge, a tavern in suburban Cicero, reputedly owned by Ralph Capone, brother of the notorious Al.

The raiders forced a dozen patrons and employees to submit to searches and three squads of policemen last night raided the Paddock Lounge, a tavern in suburban Cicero, reputedly owned by Ralph Capone, brother of the notorious Al.

Kelly said the possibility that a woman may have been behind the slaying is the latest twist in a case that has been tangled in a score of possible motives, clues and false facts and police concentrated on a "new woman" angle and a letter linking the slaying to the powerful Capone syndicate.

With bean prices already in a precarious status, the producers and handlers fear chiefly the effects of the "most favored nation" clause if the United States were to grant a tariff.

Under that clause, beans from dozens of other nations also would receive the same tariff.

Replying to the C. of resolution against slaying the tariff on Chile's beans, Senator Clark forwarded a copy of the letter to the United States Senate.

Clark's predecessor today as chairman of a rapidly-mounting campaign of indignation from southern Idaho's farmers and bean dealers.

MONOTONY

SALT LAKE CITY, Nov. 15 (AP)—For the first time as far as U. S. weather bureau experts here could remember, the forecasts for all western states today were the same—fair with little change in temperature.

As a matter of fact, in the 24 hours ending at 7 a. m., there was measurable precipitation at any station in continental United States. The only American weather bureau reporting rain was that at Tatouat Island, off the Washington coast and it had more than an inch.

Shetland Island Bombing Termed 'Only the Start'

By JOE ALEX MORRIS—United Press Foreign News Editor

Nazi warned today that the allies had felt "only the very beginning" of Germany's fighting power on the sea and in the air.

The long-expected offensive against the English—in which neutrals must necessarily face increased dangers—still is to come, according to comment in Berlin on this week's allied sea losses and on Monday's Nazi aerial raid on the Shetland Islands.

The official German news agency statement said that two British Navy ships were destroyed and a British cruiser was believed to be in the Shetland Islands.

One U-boat in the last few days sank 20,000 tons of shipping and took a prize at sea, the German high command announced.

Expected Nazi Thrust—Allied commanders have been expecting a Nazi thrust for a long time. In fact, they have been surprised by Adolf Hitler's delay.

Some of these losses were the result of a big scale offensive by land or air that it will be attempted only in desperation, but the general view is that some spectacular thrust is ahead.

The British announced that royal air force bombing planes had completed a series of daylight reconnaissance flights over the Shetland Islands, photographing many military objectives.

Great importance was attached by the British to these flights—some of them 200 miles into Germany—because they were successful despite heavy enemy fire and because the planes flew at low altitudes which would have made accurate bombing impossible.

To speed up economic pressure against the Nazi regime, the British were understood to be considering sending German exports to neutral ships to deprive the regime of its main source of funds.

At present it would be almost impossible to intensify this war effort.

Trade Suspended—It also would be certain to cause trouble and danger to the neutral nations.

The neutral nations, which the United States has suspended trade negotiations with Germany because of its policy of non-interference in Swedish territorial waters, both the allies and the Nazis have been trying to get neutral to reduce their trade with Germany.

Minor internal trouble arose in the Reich again in Prague, several hundred Czech students, known as "freedom" joined in a demonstration which was soon broken up by armed police and Nazi storm troops.

Tension between Finland and Soviet Russia continued unabated, although the Soviet Government had called for the position that there was no strain on relations.

RECLAMATION TERMED AS HELP FOR COUNTRY'S DEFENSE

USERS OF WATER ADD TWO STATES TO ASSOCIATION

DENVER, Nov. 15 (AP)—Consideration of national objectives at a time when "war clouds darken other continents" was taken up today in addresses by two speakers before the eighth annual convention of the National Reclamation association here.

John C. Page, commissioner of the federal bureau of reclamation, and Maj. Gen. J. L. Schley, chief of engineers of the U. S. army, shared speaking honors at the convention proceeded through its second day with an attendance in excess of 1,500 delegates who included in their number governors, congressmen and reclamation experts from 15 western states.

Two States Admitted

Kansas and Oklahoma were admitted to the association in yesterday's opening business session. They joined 15 other states to form a united front from the Mississippi to the Pacific against the peril of drought and desert.

Page said a major portion of the program was the presentation of a plan in providing for a broad-based plan for "conservation of our national resources. Much pre-convention discussion had revolved around the "dancer" of abandoning reclamation activities in the expensive rush to manufacture arms and munitions for the immediate strengthening of national defenses.

Need Reclamation

The commissioner said the national administration, in the words of Secretary of the Interior Harold I. Ickes, was fully aware that "the must not let our purposes be diverted by war in Europe and Asia or halted by any mobilization for unjust profits at home."

Major General Schley corroborated the assertions of Commissioner Page and re-emphasized the need for effecting widespread flood control projects and provision for a network of inland stream navigation.

CLARK PLEDGES FIGHT ON BEANS

(From Page One)

the senate "when the question of the continuation of the trade agreement program comes up next session."

"He added significantly:

"I believe that the senate should resume its constitutional function, the ratification of all treaties, in this manner that all interests can be adequately represented."

Secretary Hull's reply to Senator Clark, who had forwarded Mr. Kinney's request that no reduction be made in tariff on beans or peas from Chile, reiterated only the stock answer—all protests will be given full and careful consideration.

Clark said that all points of view will be taken into account before any decision is made as to concessions on specific products.

Said the secretary of state:

"Sympathetic"

"In view of the care with which trade agreements are negotiated, and the fact that the interests of American farmers and handlers of farm products will receive thorough and sympathetic consideration in connection with the proposed agreement with Chile."

Clark, while Senator Clark didn't actually say so to the O. of C. or Mr. Kinney, he fears this may be just so-called "eye wash" and sentimental action to kill the trade agreement program may be the answer.

As announced in yesterday's Evening Times, vigorous protest against the tariff reduction has also been made by Cong. Henry C. Dworshak and Cong. Compton J. White. Although no direct message has come here from Sen. William E. Borah, it was understood that he had entered a strong protest.

Borah in the past has criticized the trade agreement program because the treaties are not subject to senate ratification.

PLANS MADE FOR ANTI-T. B. SALE

Annual Christmas seal sale will be launched by Twin Falls county Anti-Tuberculosis association immediately after Nov. 30, and special emphasis to health education will be given in the schools of the county during December.

Plans for the seal sale were outlined at a meeting of the association yesterday at the home of Mrs. Orr Chapman, county association chairman.

The schools will endeavor to impress on every child the meaning back of the Christmas health seal. Present at the meeting were Homer M. Davis, superintendent of Twin Falls schools; Mrs. H. E. Deas, Mrs. R. R. Spafford and Mrs. Frank Smith, Twin Falls; Mrs. Clyde Smith, Mrs. Parker Runyon, Mrs. Stanley Weber, Mrs. Louise McCloskey, Buhi; Mrs. Earl Hudson, Castileford, and Mrs. G. W. Potter, Filer.

Mrs. Runyon, camp treasurer, gave a financial report for the 1939 McCluskey Memorial Children's camp.

The total cost of the camp, in addition to donations of food and electricity was \$1,219.92, according to Mrs. Runyon.

The Idaho Power company donated the electricity for the camp, amounting to \$72.40, for which a vote of thanks was given.

Mrs. Runyon also reported a donation of \$83.50 from the Filer Kiwanis club for the building program at the camp.

Stutz Funeral

BUHLIE, Nov. 15 (Special)—Funeral services for Mrs. Julia Stutz will be held Friday at 2 p. m. at Dr. Jackson L.D.S. church. Interment will be in Rupert cemetery, under the direction of the Payne mortuary.

First Hand

SALINAS, Calif. (AP)—Officials of the California highway patrolmen's association were riding in a tour bus at their annual convention at Santa Cruz when the bus collided with a best truck. In less than a minute all nineteen of the traffic officers in the bus were busy on the scene of the accident.

Wards Combine for Harvest Moon Party

The special interest group and the adult class, and all married couples of the first and second wards of the L. D. S. church are invited to attend a Harvest Moon dance Nov. 24 at the L. D. S. tabernacle recreation hall.

M. J. A. officers of the two wards, meeting last evening, made tentative plans for the event.

Married couples of the Buhi ward will be given a special invitation to join in the festivities, further plans to be announced later.

OBSTETRIC WARD TO BE ENLARGED

Plans for the proposed enlargement of the obstetrical department of Twin Falls county general hospital were presented to Twin Falls county physicians and surgeons at a staff meeting last evening at the hospital.

The construction will get underway in the near future, it was announced.

Dr. V. H. Anderson, Buhi, read a paper on "Post-Partum Care," and Dr. A. A. Boston, Twin Falls, a paper on "Carbuncle of the Rectum."

Dr. J. C. Krotcher, director of the district health unit, gave a report on the status of infantile paralysis in this area.

HOSPITAL PLANS ON BLOOD TESTS

All entrants to the Twin Falls county general hospital will have a blood test given routine Wassermann blood tests. It was learned today from staff physicians.

Although this is the practice in the better hospitals the county over, the tests have not been given here and there is only one other hospital in Idaho that is known to require them.

Farewell Rites

BUHLIE, Nov. 15 (Special)—Funeral services for Frank H. Farwell will be held Thursday at 2 p. m. at the Buhi funeral home chapel. Rev. Edwin Kretschmer, pastor of the Christian church, officiating. Interment will be in Buhi cemetery.

SCIENTIST TELLS WAR USE OF RAY

Making his audience understand the mysteries of the cosmic ray, Dr. Luther S. A. Gable spoke in high school play assembly yesterday as one of a series from National Assemblies.

Dr. Gable traced the history of the discovery of the cosmic ray, which is the shortest known type of ray. He mentioned some of the uses of the ray, including its use in the green European war as beams of "black light" which will stop tanks or other motorized units by rendering their ignition systems ineffective.

Accompanying his lecture were demonstrations of some of the uses of the ray and an explanation of the death-dealing power of the ray when used properly.

Tells About Cosmic Rays

Cosmic rays became somewhat less of a mystery yesterday for a throng of high school students, faculty members and outside adults when Dr. Luther S. A. Gable lectured at the high school auditorium. Dr. Gable, noted physicist and radium expert, is shown above with part of his equipment, including the lamp which brought forth "black light" to change the color of objects against which it was directed.

Boy, Deer Killed

GOLD BEACH, Ore.—Harold Strain, 16-year-old hunter, was killed by a bullet that had passed through and killed a deer. According to Coroner W. A. Cartwright's verdict, Strain was standing in the line of fire just beyond the deer, when his hunting partner, not knowing he was there, fired the fatal shot. Strain died of the wound.

Jaycee Thanks Go to Rotary For Land Gift

Reports of the past year's activities occupied members of the Twin Falls Junior Chamber of Commerce at their meeting in the Park hotel last night.

Secretary Tom Peavey told of the acquisition of two and one-third acres in Rock creek canyon as a gift from the Rotary club. A discussion of ways and means for its disposal followed. A resolution of thanks was voted and will be transmitted to Rotarians.

Loyal Perry gave a talk on the development of the Jaycee park recreational center and told how this area now comprised 30 acres with the recent purchase of six acres by the Jaycees.

Last year's Christmas toy collection and distribution was described by Robert D. Warner. Plans outlined by members for the project this Christmas, suggested that the Jaycees act as a "clearing house" to aid all service organizations in a complete and impartial coverage of local need.

The report of the treasurer was given by Jim Sinclair.

The gathering was adjourned after a discussion as to the advisability of continued membership in the national and state Jaycees. The group overwhelmingly voted to sustain this affiliation.

With President Robert H. Warner in San Lake City on business, the meeting was in charge of Lionel Campbell, vice-president.

D. U. P. of Rupert Studies Pioneers

RUPERT, Nov. 15 (Special)—Mrs. H. H. Judd, Mrs. Emma Bateman and Mrs. Emma Catmull entertained the Eva Matson Perry chapter of the Daughters of the Utah Pioneers at the Judd home Thursday.

The lesson, "Four Outstanding Activities of the Pioneers," was presented by the leader, Mrs. Frank Watson. A vocal solo, "Drink to Me Only With Thine Eyes," was sung by Mrs. A. C. Duffin, accompanied at the piano by Mrs. Judd. At a brief business session, conducted by the captain, Mrs. Herman Johnson, plans were made for the club's annual Christmas party which will be held this year at the R. C. May home Thursday, Dec. 14.

According to estimates, there are 7,500,000 aliens in the United States.

SOVIET REPORTED "CHARGING" FINN BORDER DEFENSES

CROWD OF 1,000 CHEERS RETURN OF NEGOTIATORS

HELSINKI, Finland, Nov. 15 (AP)—The Finnish mission returned today from Moscow to report a deadlock in negotiations on Russia's territorial demands. They found their country already in the first stages of a state of siege over incidents on the Russian border.

When the mission, headed by J. K. Paasikivi, arrived a crowd of 1,000 was at the railway station, including Premier A. K. Cajander and, as usual, the ministers of friendly Denmark, Norway and Sweden.

Smiling Farewell
Paasikivi was quoted as saying that Josef Stalin and the Soviet premier-foreign minister, Vyacheslav M. Molotov, had hidden the Finnish mission's smiling farewell at a banquet Nov. 7. Paasikivi Minister V. A. Tanner, another member of the mission, characterized as "obviously nervous" the Soviet statement that Finland's economy could not endure mobilization more than from four to seven months.

Reports from the border, neither confirmed nor denied, were that a Soviet airplane had been shot down; that there had been several bursts of fire from Finnish anti-aircraft guns aimed at Soviet "fighters"; that the Russians were going through such "tactical" maneuvers as "charging" the barbed wire frontier barricades with fixed bayonets and shooting in the air although making no pretense of attacking the Finns on the other side of the wire.

Anti-Aircraft Activity
Without admitting that a Soviet plane had been brought down, military quarters here confirmed that there had been "activity against aircraft" for the past two weeks. One member of the returning Moscow mission was quoted as saying that "negotiations are not completely broken off, we still think a peaceful agreement is possible. The violence of the Russian press and radio campaign is in direct contrast to the tone of negotiations themselves which were very polite and normal."

Son Enters Plea To Close Estate

Asking that Everett M. Sweeley be named administrator of the estate of the late Mrs. Annie Graham, if an administrator is required, Lawrence M. Graham, Helena, Idaho, had filed a petition today in probate court.

Mrs. Graham, a son, advised the court that Mrs. Graham died Oct. 7, 1938, leaving a Twin Falls county estate valued at \$1,200 and consisting of a lot in the Albert tract of the son is the sole heir.

Appraisers named by Judge O. A. Bailey are Stuart H. Taylor, Ralph Leighton and Reese Williams. Hearing was set for Dec. 15.

West Enders Ask Order in Estate

Asking a community property decree to clear their ownership of a west end ranch, Alfred J. Livingston and Mrs. Margaret Livingston, Buhl, had filed petition today in the estate of the late Mrs. Pearl McGill, mother of Mrs. Livingston.

The petitioners informed probate court that they purchased the 80-acre ranch from Mrs. McGill's surviving husband, William A. McGill, at the age of 72.

J. H. Sherley is counsel for the petitioners, Judge O. A. Bailey set hearing for Dec. 15.

Which?

BOISE, Nov. 15 (AP)—Boise restaurateurs worried today over which of two legal Thanksgiving would be selected by Idaho diners for their traditional feast day.

If they took up too many turkey eaters on Nov. 21, proclaimed by President Roosevelt, or Nov. 30, approved by Gov. C. A. Holt, they are bound to lose money in spoilage.

Which holiday will people celebrate, they ask.

Weather-Stripped Home

Henry Van Dyke said it first, and now residents of London's Walworth district label an air raid shelter, "Home, Sweet Home." Women and children burrowed underground in day-time, men at night, to build six shelters in area. Each has gas-proof room, radio, cards, games and supplies of tea, milk and sugar.

Women, Million Strong, Work To Aid Britain's War Heroes

LONDON (AP)—More than 1,000,000 women volunteers are engaged in war work for Great Britain.

No matter where you go or when, you are likely to see in action sundry members of the WAFS, WAAPS, WRWS or WAFS, not to mention the ladies of the Dorcas society rolling bandages.

The WAFS are the Women's Auxiliary Territorial Service, WAAPS means Women's Auxiliary Air Force, the WRWS are the Women's Royal Naval Service and WAFS stands for Women's Auxiliary Fire Service.

Women's war activities range from milking cows and making shell decorations to bandage-rolling, "bee" such as Queen Elizabeth holds each week at Buckingham palace.

The WAFS, WRWS and the like are recruited from all ranks, including titled bluebloods, housewives, strippers and glaucoma girls. They are recruited just as soldiers are, wear skintight versions of military uniforms, and for most part observe the same discipline and live in the same kind of barracks to which the troops are accustomed.

There have been some complaints about the ladies in recent weeks. Air raid precaution posts in London, for example, were reorganized to weed out well-to-do housewives working at spare time jobs for pin money.

There also have been objections that some of the WRWS and WAAPS were mixing with the soldiers, and a 9 p. m. curfew was proposed for the women. The suggestion was dropped, however, when the ladies indignantly declared their morals were above reproach.

Many of the women's posts pay three pounds sterling, about \$12 a week but others, such as hospital services, are purely voluntary. The duties have chiefly to do with the cookhouse, supplies, driving, clerking and the like. In contrast with the World War, no women thus far have been put to work at masculine jobs such as bus and tram driving.

A Woman's Army
The latest available figures list the WAFS at 20,000 with a recruiting goal of 50,000; WAAPS about 3,000; WRWS 1,000. The largest number are engaged in air raid precaution work as wardens, first aid ministers and the like, totaling 18,000. Women engaged in evacuation work number 127,000, and there are about 37,000 ambulance drivers, 83,000

SOLOP OPPOSES FOR THIRD TERM

WASHINGTON, Nov. 15 (AP)—Sen. Frederick Van Nuys, D., Ind., who helped defeat the new deal's support campaign today he would oppose a third term candidacy and called on President Roosevelt to make his 1940 intentions known.

His statement against a third term followed closely on the latest of Mr. Roosevelt's refusals to reveal his plans. Merwin H. Brown of the Buffalo (N. Y.) Evening News asked him at yesterday's press conference whether Vice-President John N. Garner's presidential campaign had changed his plans.

See No Mystery Reason
The President chuckled and advised Brown not to be so subtle. He revealed nothing of his own intentions. Some of his associates, however, insist he has indicated he would not be a candidate although without asserting he would refuse a proffered nomination.

"It is incumbent upon the President to make his intentions known," Van Nuys told questioners here. "I see no reason for so much mystery concerning the third term question. The President certainly knows by this time what he intends to do and he ought not to be secretive about it."

Opposes Third Term
Van Nuys said he would oppose a third term for any President.

"A third term," he added, "would violate one of the sacred traditions of this country."

He said the foreign situation made it imperative for Democrats to have advance information on candidates so that selection of the best man would not be left to trades and swaps in a hectic national convention.

Mr. Roosevelt's political fortunes turned definitely upward with outbreak of the European war. Fuls reflected a rising popular enthusiasm for four more years of Roosevelt.

Mr. Roosevelt will have an opportunity to take the party and the public into his confidence at the annual Jackson day dinner shortly after congress meets Jan. 3.

Father Released To Help Children

Because imprisonment wouldn't help in supporting four children, Julius T. Petersen, war veteran and father accused of not providing for his family, had been released today by District Judge J. W. Porter to enter employment.

Petersen will pay \$15 per month for support of his four minor children. That provision had been decreed in a divorce previously secured by Mrs. Christine Petersen, mother of the child. Mrs. Petersen filed "failure-to-provide" charge in probate court last week, and her divorced husband was bound over to the higher tribunal yesterday by Judge C. A. Bailey.

The father was brought back to Twin Falls from Boise by Sheriff Art C. Purker.

Mr. and Mrs. Gabe Windel and family and Mr. and Mrs. Earl Johnson left last week for points in Missouri and Kansas. They expect to be gone about three weeks.

Dad Ducey's service station was entered and robbed of a slot machine Monday night. Nothing else was disturbed.

The Carmel Parish sale last week was largely attended. Mr. and Mrs. Parish will make their future home in Twin Falls and the George Mendenhall family will move to this farm which was recently purchased by Mr. Mendenhall.

The American Legion sponsored an Armistice day dance at the I. O. O. F. hall Friday night. A large crowd was in attendance.

At one time, poultry and bees were included under the heading of "cattle" in England.

Here's How to Retrieve That Hasty Letter

NEW YORK (AP)—Did you ever mail a letter and then wish you hadn't? Don't expect to wait at the corner box and ask the mail collector to hand it over. He won't. Postmaster Albert Goldman explains that the proper method is to notify the local postoffice, and it will take the proper steps, even intercept the letter at the railroad station.

In New York, such crises are referred to the Classification Section, which gets from one to five requests a day to intercept letters. It usually overrules the letter at the main post office or at the railroad station. If it already is on its way out of town, the sender must pay for telegram to the postoffice at the destination.

St. Edward's Honors Memory of Pioneers

The "pioneers" were on parade at the meeting of St. Edward's Parent-Teacher association last evening at the parish hall. All of the officers and most of the 40 members attending, were in costumes of the 1860's, the men donning tight trousers, high hats, bright vests for the occasion, and the women for the most part garbed in full-skirted, basqued gowns of gay prints, with quaint bonnets, jewelry and shawls as authentic touches.

Old-fashioned refreshments, doughnuts, cider, apples and coffee, were served from a tea cart arranged in the form of a covered wagon, and manipulations about the hall by Muriel Pugliano and Bonnie Vonne Allee in quaint old-time costumes.

Seal on Charter
While the guests looked on with interest, Mrs. George Wallace, secretary, placed the new seal on the charter as it was held aloft by William Malberg, treasurer.

Forty-four membership cards were distributed with ceremony, Mrs. Frank G. Kieffer, president, presenting the first one to Mrs. Felix Blase, membership chairman, and Mrs. Blase in turn giving the cards to the members.

An impressive memorial was conducted for A. O. Latham, first member of St. Edward's P-T-A, to die. Feature of the evening's entertainment, following the program was an old-time spelling bee, Lud Drexler, side winning from David Lopez team.

Miss Bird Demonstration
A discussion and demonstration on Blue Bird activities was presented by the Humming Bird group of Blue Birds, at the conclusion of which Mrs. N. O. Johnson, guardian of the group, discussed character-building St. Edward's P-T-A is sponsoring a Blue Bird group as one of this year's projects.

Bonnie Vonne Allee gave a reading, "Brother Willie," Muriel Pugliano sang "Out Where the West Begins" and "Ah, Sweet Mystery of Life," accompanied by Miss Margaret Delaney.

Blue Bird girls taking part in the program were Velma Roberts, Jean Eldredge, Barbara Johnson, Jean Kieffer, Thelma Hall, Jean Wulfschlaeger, Maurine Boren, Pansy Schellert, Marjorie Domogalla and Rose.

David Pige played two piano solos, "Prelude," Gzerwinski, and "Berenade," Moeckewitz.

The athletic prize was won by the first and second grade room.

State Officials of P.E.O. Feted
Two distinguished guests, Mrs. Mildred Wilson, Blue Bird state organizer, and Mrs. Frances McDonald, St. Anthony, state president of the P.E.O., were present at the dinner last evening, arranged by members of Chapter A1 at the home of Mrs. L. L. Beckenridge.

Following the dinner meeting, a business session took place at the home of Mrs. A. W. Warner, president of the chapter.

Mrs. T. F. Warner presided at the refreshment table, centered with a crystal bowl of white chrysanthemums between lighted yellow tapers in crystal holders.

EVENING OF GAMES
ARRANGED FOR FRIENDS
Mr. and Mrs. Lee Johnson entertained informally at an evening of games Saturday at their home on Fourth avenue-east.

Their guests included Mr. and Mrs. Edward Rogel, Mr. and Mrs. Gerald Wallace, Miss Viola Watt, Miss Ruth Johnson, Miss Margaret Ebert, Louis Brandon and Austin Wallace.

The hosts served refreshments late in the evening.

Alumnae of Tri-C to Form Permanent Unit

Tri-C Alumnae association will become a permanent organization, meeting once each month, it was determined at a meeting last evening at the Frasier party house. Following a brief business session, the evening was spent playing contract bridge, and a dessert supper was served.

Mrs. Jack Carson, Miss Louise Kregel and Miss Edith Clark were appointed members of a committee to draw up a constitution and by-laws for presentation at the next meeting, Dec. 12.

Mrs. Tom Alworth was appointed chairman of the hostesses committee for the December meeting. Other members are Miss Annabelle Gee and Miss Martha Morehouse.

The place of meeting will be announced later.

At cards, Mrs. N. V. Paulk, hostess, Miss Alice Peavey and Miss Gee won honors.

Mrs. Paulk, formerly Miss June Frater, is visiting her parents, Mr. and Mrs. E. F. Beater.

JOHNSON-BARKER MARRIAGE PERFORMED
Ethel Barker, daughter of Mrs. Hannah E. Johnson, Twin Falls, and William H. Johnson, also of Twin Falls, exchanged marriage vows yesterday afternoon at the home of Bishop N. W. Arrington northeast of Twin Falls.

Witnesses were Mrs. Johnson and Ray Johnson, mother and brother of the bride.

Mr. and Mrs. Johnson will make their home in Gooding.

I'll Be Waiting for You
PUNNY... what happened to me today.
I just had to find out if that new Nash would set the way it looks. And the first thing that happened was—I nearly lost my hat on the getaway!

We leveled out. When we raced solid and true over a twisting, rutty road, I knew nothing could equal Nash's Arrow-Flight Ride. And when that Weather Eye turned our Autumn into Spring... I made up my mind, quick!

You won't find me in the office tomorrow. I'm a million miles away. But if you want to come along, remember—this big Nash is priced right down next to the lowest. I'm be waiting for you.

English Departments Plan P-T. A. Program

In charge of the program for the meeting Monday night of Junior-Senior Parent-Teacher association in the high school auditorium will be the English departments of junior and senior high schools, with ninth grade English class of Miss Violet Adams and a junior class of Miss Cora Jensen presenting the program.

Miss Adams' class will give a portrayal of the value of social speech. Students from the class will give speeches on Thanksgiving which they have worked out themselves, demonstrating the practical uses to which the subjects they study may be put.

The department emphasizes that speech is one of the subjects which the student learns in English which is of everyday common use to him, and which it is practical to study.

Miss Jensen's first period junior class will hold a panel discussion on contemporary versus classical literature and the value of each. Leading the discussion will be Albert Benoit. During the discussion the value of books in everyday living will be brought out, both for their help in mastering the language and for the inspiration and knowledge they can bring.

During the musical numbers presented as a part of the program, Don Tolson will play a piano solo. A quartet, Kenneth Rudolph, Homer Hayes, Preston Hannan and Milo Pearson, will sing.

A sextet, directed by Miss Marjorie Albertson, will also give several numbers. In the group are Miss Phoebe Jane Francis and Miss Della Slaker, soprano; Miss Barbara Ravenscroft, Miss Shirley Blackmer, second soprano; Miss Thelma Phelps and Miss Jean McNeely, altos.

Calendar

Kimberly Legion and auxiliary will have a joint meeting at 8 p. m. Thursday, Nov. 16, at the office of Dr. Harry Alban.

Division No. 8, Ladies' Aid society of the Methodist church, will meet Thursday at 2:30 p. m. at the home of Mrs. C. L. Morris.

Needercraft club will meet Friday at 2 p. m. at the home of Mrs. Jennie Morgan, 602 Second avenue north.

Baptist Women's missionary society will meet Thursday at 1:30 p. m. for a dessert luncheon at the home of Mrs. Ed Skinner, Blue Lakes boulevard.

Lincoln Parent-Teacher association meeting has been postponed from Nov. 16 to Nov. 23 because of the Town Hall meeting Thursday of this week, it was announced today.

Shamrock club will meet at 2 p. m. Thursday with Mrs. Mary Olmstead. Roll call response will be "What I Have to Be Thankful For." Mrs. Kate Stafford will lead the program.

Twin Falls Garden club meeting, scheduled to be held this afternoon at the home of Mrs. C. O. Hayne, has been postponed until Friday afternoon and will be held at the home of Mrs. H. C. Dickerson, Walnut street.

Division No. 7, Ladies' Aid society of the Methodist church, will meet Thursday at 1 p. m. for potluck luncheon at the home of Mrs. L. O. Kirkman.

Following the talks, Telford took group pictures. Also presented on the program was a prayer by Mrs. Jack Frederickson, a German song, Fred Babel, and a harmonica selection, Bill Rappleyer.

In a round table discussion it was emphasized that the meetings are to promote culture, charm, sociability and higher ideals. Future activities of the group were discussed.

The group rehearsed Christmas carols, it being planned to go caroling on Christmas eve.

Dee Jenkins presented scrapbook sayings and Miss Winona Yorgeson offered the closing prayer.

Approximately 60 guests were present. Refreshments were served by the host committee.

CASTLEFORD TURNS DOWN POST-SEASON GAME

Two Biggest Teams in State Will Meet Here for Championship

East Idaho 6-Man Outfit Sends Wolves Challenge

CASTLEFORD, Nov. 15 (Special).—The Castleford Wolves today had tucked away their gridiron togs for the season after turning down a challenge from the Ammon, Ida., school club for a post-season game to be played at either Twin Falls or Idaho Falls.

Coach Paul Jones this afternoon stated that he had disbanded his team for the year and it would play no more games on the gridiron this season. The Wolves went through an undefeated campaign, winning the Central division championship of the Six-Man league, and then being declared state champions by the state board of athletic control after downing Heyburn in the playoff tilt at Buhl last week by a 28-0 score.

My boys would like to play another game," Jones stated, "and so would I. But we've broken up our club and I don't believe it would be good policy to attempt another game at this late date."

Besides that, two of our backfield ends, Paul Spradling and Bob Shurhouse, have gone east on a two-week vacation and they would not be available for any post-season game unless it was held after Thanksgiving."

The Ammon team that challenged the Castleford outfit, is coached by Alton Barrett, who made the following statement:

"Castleford has the sponsorship of the Idaho State Athletic association as state champion, and we would like an official or an unofficial game to really determine the best six-man club in the state."

The Ammon team won the 3-6 Six-Man league championship for teams around Idaho Falls this season. It scored 77 points in a six-game schedule, collecting a total of 45 1/2 points per game compared with nine per game for the opposition. Other teams in that league were Ririe, Ucon, Midway, Teton, and Moreland.

Castleford won its state championship by turning back such clubs as Hansen, Kippier, Murtaugh, Hazelton and Chapman, the latter club being champion of the Miss Cascade district and winner of the inter-district tilt with King Hill.

"D" Circuit Looms for California

PORTLAND, Ore., Nov. 15 (UPI).—A Class D baseball league in California may be organized next spring under sponsorship of the Pacific Coast league.

Directors of the Coast league yesterday retained Mickey Schrader, California representative of the Cincinnati Reds to promote the circuit, which probably would include Modesto, Visalia, San Jose, Stockton and Santa Barbara.

On the trading front Los Angeles bought Wellington "Big Boy" Quinn, 29-year-old infielder, from Tacoma, Western International league club while San Diego announced the purchase of Stanley Therapy, second baseman, from Atlanta.

San Diego and Hollywood clubs agreed to trade the new Salinas, Ore., club of the WFL to obtain players.

GIANTS INSTALL LIGHTS
NEW YORK, Nov. 14 (UP).—The New York Giants will install lights at the Polo Grounds and play seven night games during the 1940 season. It was announced today that the Giants are the sixth major league team to install lighting equipment.

Here's Championship Grid Team

This Castleford club has ended play for the season and will not participate in any post-season games. It was announced today by Coach Paul Jones. The team won the state six-man championship without a loss during the entire year. In the front row, left to right, are Art Reese, Bob Kimbrough and Emory Bryant. Second row: Warren Ellison, Bill Larson, Paul Spradling, Bob Shurhouse, Bud Webb and Paul Fields. Third row: Bill Leaper, Lunt Zach, Wilbur Hill, Charles Webb, Marvin Syme and Coach Jones. Pheasant Hunt Ends Tonight In This Area

The 30-day South Idaho pheasant season draws to a close tonight, with many hunters combing the fields in a last-minute drive for the all-elusive Chinks.

Reports today were that the birds were scarce in the fields, but plentiful in the sage brush. Most of the birds have been taken as a result of round-up drives through the sage brush areas.

Conservation Officer Grover C. Davis reports that during the 30 days a total of 4,230 pheasants has been shipped from Twin Falls, Jerome, Shoshone and Buhl. He stated that 1,930 permits have been issued and that the permit allows the shipment of four birds. Davis believes the shipment of pheasants out of the state during the open season was 20 per cent higher than a year ago.

"We've had perfect weather throughout the season and it brought out a record number of hunters," he stated. "Automobiles carrying Banham county licensees alone took out 4,800 pheasants that first day."

Last year the weather cut down on the hunting. This year it favored the sportsmen. However, there is no need to feel undue alarm over the situation. There seems to be sufficient brood stock left over for the next year."

Mr. Davis was of the opinion that there may be some curtailment in the slaughter next year.

"I wouldn't be surprised if the situation will necessitate some curtailment in pheasant killing next year," Davis said.

PROVO—Coach Eddie Kimball charted Colorado university plays and emphasized means of sleeping them as he prepared his Brigham Young university gridder for a homecoming game Saturday. Kimball had planned to rest his boys this week but after the V offensive bogged down last week he scheduled three tough scrimmages.

Cornell and Duquesne Keep Perfect Records But Drop in Ratings

NEW YORK, Nov. 15 (UPI).—Cornell and Duquesne are the last two major undefeated, untied football clubs in the east but the suspicion that these are not necessarily the best clubs in the sector is becoming stronger as the season nears its close.

Despite its perfect record and a smashing victory over Ohio State, the Big Red from Cornell is fading off into a puny pink. Duquesne, first club to prick the Pittsburgh balloon, has had many narrow escapes.

Fordham and Holy Cross seem to be the ranking eastern clubs today. They took their bumps early in the season from strong southern teams, then hit their stride in convincing fashion.

Fordham, after taking it on the chin from Alabama and Tulane, has bounced back to crush Pitt, Rice and Indiana and is expected to have much trouble in winning the third straight intercollegiate against St. Mary's this week. Meanwhile, Holy Cross, with only the L.S.U. setback against its record, has rebounded with five straight wins, none by less than two touchdowns. The Crusaders go against Carnegie Tech this week.

In addition to the Fordham-St. Mary's game, the east plays host to four other intercollegiate. Tulane comes to New York against a Columbia team. Penn. curbstones Michigan. Pitt plays Nebraska and Catholic U. at Washington plays host to Loyola from New Orleans.

To keep its skirts clean, Cornell will have to outscore a Dartmouth eleven determined to show the cat that last week's setback by Princeton was all a mistake. Duquesne will be idle in preparing for Carnegie Tech the following week.

Georgetown will bring its minor league perfect record to New York but it will be endangered by a New York university squad.

Football Briefs

SALT LAKE CITY—After two days of comparative rest, Utah university's Indians went through a tough practice session today as they made ready to meet Colorado State's Aggies at Boulder Saturday. Coach The Armstrong reported his squad in good condition and laid plans for a drive that he hoped would carry his team back into the Big Seven.

LOAN—Utah State university's grid squad today prepared an attack against Wyoming's Cowboys. Big Seven cellar occupant, regarding the Wyoming team's previous showings, the Utags were studying the Cowboys' plays carefully as if they were conference leaders.

COVINGTON—The Bearers of Oregon State college ran through signal drills and "dummy" scrimmages today as they tuned up for Saturday's season with the University of California.

BERKELEY—Coach Bob Ayoub indicated Jack McQuerry, sophomore right halfback, would probably start against Oregon State Saturday.

PALO ALTO, Calif. — Indian Pullman Jim Crowe of the University of Stanford football team today was declared out for the season with shoulder and back injuries. Gene Goldron, quarterback and Dorky Donahue, guard, will be out for two weeks.

LOS ANGELES—Speedy Jackie Robinson continued to add lustre and a light to his UCLA knicker today while his UCLA teammates settled down to heavy scrimmages in preparation for the Santa Clara game Saturday. Trainer Mike Chambers said he would know tomorrow whether Robinson will be ready for the game.

Racing Dates Shuffled In California

SAN FRANCISCO, Nov. 15 (UP).—The California racing board today announced a reshuffling of 1940 season racing dates affecting Hollywood and Del Mar tracks.

Hollywood was assigned a 60-day meeting opening May 30 and running to Aug. 5, with racing five days a week and one Tuesday, July 23, off.

Del Mar drew a 33-day meeting spread from Aug. 6 to Labor Day, Sept. 2, on a schedule of six days a week for two weeks, five days for the other two.

The change would conflict between the Del Mar and the Sacramento state fair race meetings.

LEISHMAN
WATCHES FOR
BALL PLAYERS

All in the day's mail:
A letter from Eddie Leishman who started the season managing the Twin Falls Cowboys and did such a good job of it that Bill Ulrich promoted him to the post of bossing the Spokane Indians.

Eddie and his wife are wintering in Alamogordo, Calif., and to keep in condition he has been doing every-thing except play baseball.

"I've been out and on at various jobs," says Eddie, "and in between times I've painted our house and put a new roof on the garage—I've been staying out of mischief."

"We've been on the look-out for some kids around here for Twin Falls next year and will get a few before the winter leagues are over. It's catch-as-catch-can in a lot of cases as they are wintering in Alamogordo, Calif., and to keep in condition he has been doing every-thing except play baseball."

"I got quite a kick out of a game in San Francisco last week. Steve Bogdanoff was PITCHING and pitched a swell game, although losing 3-2. He had won his three previous starts and he's playing in the fastest league in Frisco."

"Frank Falcon, who will be back to handle the worrying at this end of the Twin Falls-Spokane tie-up next year."

"Tom Montgomery and I had a swell vacation on the coast and really wanted to leave, but as there is so much work to be done in the baseball line at this time of year, we had to get back and dive in."

Monty and Mr. Ulrich have just returned from Spokane where they attended the W. I. league meeting. "I think our league down here this coming season will be very strong with the teams at Idaho Falls. It will be a pleasure to beat out a Yankee string. It can be done and this is what we want the little boys to do. It's just a little more hitting and brains, which I think we have already located, and we will be a championship club. We rest assured we'll be up there battling for the defense of 'Pac' pennant."

"Give my best regards to the boys in Twin and tell them to take off weight for the coming battles with us, because I'm sure they'll hear down when I get back on the job."

"Hope you can read this because this typewriter and I haven't agreed for a week."

A request from Jack Rafferty, chairman of the national sports week committee of the Amateur Athletic union, asking our cooperation in the formation of such a week. Can you help us?

"At the Golden Jubilee convention of the Amateur Athletic union of the U. S. held at Washington, D. C., last year, a resolution was passed unanimously in favor of the creation of a national sports week, the purpose being to mobilize the recreational activities of the American people in behalf of good-Health habits and to demonstrate the spirit of fair play and sportsmanship in the athletic competitions which make up a valuable part of the community life."

"The committee believes that the sports writers of America who contribute immeasurably to the development of these activities and to the preservation of these ideals should play a prominent part in the movement, which is the first step in our year's advancement in this important phase of American life."

"The committee seeks your support and will welcome suggestions to place this celebration upon a higher plane and keep it alive on the calendar of our every day life."

Nampa Brings Outfit Without Defeat on Record For Title Fray

The two heaviest grid teams in the state will line up for play here on Friday when Nampa and Twin Falls battle for the state championship at Lincoln field.

Both clubs are much larger than many junior college elevens and the lines for both the Bulldogs and Bruins will be around the 180-pound mark.

Coach Hank Powers of the Bruins today was putting the finishing touches on his club for its "big" game of the year and it is expected that the team will be in top shape for the contest. Only question mark has been Chuck Thomas, the spark-plug backfield man who has been bothered by a sprained ankle.

Club in Good Shape

However, Coach Powers held him out of the center contest on Armistice day and the limb is expected to be in sound shape for the Nampa battle. If anything would happen that Thomas could not play, the Bruins would be sadly handicapped especially for a man to receive punts.

The rest of the team appears in good shape, with Bill Polson and Ira Carter, the veteran end, continuing in fine physical condition. The Malone brothers will probably hold down the guard posts, while Allen and Wells will take over the tackle jobs. Big Bob Hampton, trimmed down to a mere 180, will line up at center—where he has done in every game this year.

Nampa Unbeaten
With Thomas in the backfield will be Doug Peters, the only one of the halfbacks post; Jacky Jim Molyneux, a great blocker, at full, and Bob Patton, who nearly brings the scales around to the 200-mark, at quarter.

Nampa brings a team to Twin Falls that boasts the only undefeated record in the South Idaho conference. The Bulldogs have outplayed every rival they have met this year, including a Pocatello team that held them to a 0-0 tie. The Nampa outfit pushed the Indians all over a sloppy field, but just couldn't close the winning punch.

Could Clinch Crown
A victory for Twin Falls would "kick away" the grid championship for Coach Hank Powers and his crew, while a loss would push the Bruins down into third place, with Pocatello moving into second.

Standings of the South Idaho conference teams today are as follows:

W. L. T. Pts.
Nampa 2 0 1 222
Twin Falls 2 0 1 222
Pocatello 3 1 3 200
Caldwell 1 1 3 100
Idaho Falls 1 1 3 100
Boise 1 1 3 100

Plans Will Be Studied on New Grid League

SPOKANE, Wash., Nov. 15 (UP).—Formation of a new six-team Pacific northwest football conference was being considered at a meeting here today, but it appeared that two of the six clubs were being counted prematurely.

The Athletic Round Table, a sports organization sponsoring the movement, hoped to bring Montana State, Portland university, Williams, Corvallis, Idaho and University of Montana into the fold, but Idaho and Montana have indicated they would just as soon keep their own family ties with the Pacific Coast conference.

27 Bruin Cagers Report For First Practice Session

Practice for 27 young Twin Falls high school athletes gets under way in the Bruin gymnasium tonight as Coach R. V. Jones gets his first glimpse of would-be members of his 1939-40 basketball squad.

When roll-call was taken yesterday afternoon, 27 answered as being ready to participate and try out for the cage club this year. Additional prospects will enter training when the football season closes, Coach Jones stated.

Calls Cagers

Until then, however, practice will be held three times per week—Monday, Wednesday and Friday. After the football campaign closes, there will be the regular five nights a week practice. Last game on the Bruin schedule for football will be Nov. 21 at Burley.

"We've got good prospects for a good year," Jones stated. "We have three regulars back and a total of seven lettermen. But the competition is not closed. If some of the young fellows from the town-soph club can out a regular well, so much the better. That will just give us increased reserve power."

Returning regulars from last year's first club include Bill Polson, Ira Cartney and George Davidson— all hunkies over or around the six-foot mark—and all seniors. Complete list of those reporting yesterday was:

James Smith, senior; 15; Rex Pullmer, junior; 16; Richard Randall, junior; 17; Oarth Bates, senior; 17; Doug Smith, senior; 16; Robert E. Jones, junior; 16; George Isot, junior; 16; Wayne Fuller, sophomore; 15; Tom Cartney, sophomore; 15; Cyril Twa, junior; 16; Pat Wallace, junior; 17; Don Kattraba, sophomore; 17; Glen Gibb, sophomore; 16; Herb Larsen, senior; 18; Mulo Peterson, junior; 16; Ed Peranteau, junior; 16; Ed Chapin, sophomore; 15; Lloyd Tyler, sophomore; 16; George Davidson, senior; 18; Evans, senior; 17; Bob Schumacher, senior; 19; Junior Farmer, junior; 16; Don Tootson, junior; 16; Forest Macdullen, sophomore; 15; Robert Donaldson, sophomore; 15; Wallace Brown, sophomore; 16.

Laundry Pin Club Downs Schlitz Team

National Laundry bowlers knocked over the Schlitz club for four points in a row last night and thereby took over first place in the local Commercial league race.

The winners were led by Rolly Jones and Ed Bringer, who got high total and top single respectively. Jones had a three-game series of 500 and Bringer had a top single of 222. For the losers, Corky Carlson was the only man over the 500 mark—he had a 508. Walker Bertsch had top single with 190.

City league play was the Twin Falls Four and Orange Transportation break even. Dick Sogn was top bowler of the evening with a 544 series and a high single of 201.

And what a cleaning the National Laundry gave the Schlitz team. They took all four points and dropped the Schlitz club from the top of the league into a tie with the club for fourth place.

National Laundry took over the Commercial league race. Jones, with 566, topped all of them for the high total. Rolly started with a 158 in the first game, but wound up with 200-236.

Capt Bringer got a 222 his mid-die game—the best single so far this week. Carlson had 508 for his part. Kunkle and Sprouts were down.

Corky Carlson, with 508, was high for the Schlitzers. Walker Bertsch, with 190, got their top single. In all, the Schlitz team had a terrible night.

It was an even break between Twin Falls River Mill and Orange Transportation. D. Bogn leading both clubs with a 544. Dick, with 201 his first game, led for high single score.

Ross, with a 511, and Clark, with 504, were the only 500 bowlers other than Sogn.

Four men, 444 booted the total for the first bowling next week. High singles to date for this week: Commercial league—Bringer, 222; City league—Ricks, 220.

By United Press
The New York Giants, formerly one of the staunchest opponents of night baseball, today announced plans for 20 million dollar lighting system to be installed at the polo grounds to introduce the nocturnal game to Manhattan fans next season. The only major league club never to play a night game during the championship season, the Giants will play their first night game at Philadelphia, Cincinnati and Brooklyn.

The National Golfers association announced that prize money offered for the 1939-40 season will be the greatest in history. In 38 tournaments this season, \$174,000 in prizes was awarded and all events for that season are far ahead of that figure.

Some 73 amendments to the constitution by-law and both general and athletic rules of the Amateur Athletic union of the U. S. will be presented to the delegates at the 51st annual convention in Florida, Dec. 8-10.

Jack Dempsey said he would referee the Cereña Garcia-Glen Lee fight in Manila Dec. 3, only if \$2,500 was deposited to his credit in a New York bank and that doesn't include his round-trip fare.

The champion Boston Bruins, defeated in two road games, opened their National hockey league home season last night with a 3-1 victory over the Chicago Black Hawks before 12,000 fans. Ten thousand fans at Detroit saw the Red Wings drive and beat the New York Americans, 4-2.

Norman W. Churchill's Lavender won the inaugural at opening of the California track today. The five stable entry of Biscoe and Pymar 5/1 in the betting, ran into a hurdle one-two triumph in the Walden stakes at Pimlico.

From the Texas panhandle to the Gulf of Mexico, from El Paso to the Louisiana border, the football fans are crying: "The Texas Aggies for the Rose bowl!"

Resin-faced Jimmy Gomez outgassed Johnny Mack at New York; Laddie Brink declined.

He was from the turf and sport Digest of Baltimore and voted to vote on the selection of "the horse of the year." I could have sworn my answer right there, but not wishing to offend the horse, I was sitting on top of it, cut the tongue that bound me to the saddle and hurried here to the office to cast my ballot.

In large letters on the voting slip for the outstanding horse of the year, I wrote: "Vote to-w-n. That's my choice, first, last and always. You may have seen him, you may have heard him, twice, and your Jimmie, I'll take William Woodward's big three-year-old who brought the red hood of the Belair stud rolling home in front in the Kentucky derby and the Belmont stakes."

I wrote down during the season, sure, but what do you think made him crack up? Nothing but

this: He was too fast for his own good. There was so much speed, so much fire, so much will to run in him, that his body couldn't stand it. It's no secret that the big fellow cracked seven times, seven times in his final work-out at Aqueduct before being shipped to Chicago for the Arlington and the Belmont.

That workout must have finished him, because he wasn't himself at Chicago and he never ran another race after the one. His breathing became bad and his legs began to show the wear and tear of his blistering launch.

But what a running foot he was before he broke down! Had you seen him at Louisville, making every pole a winning one in the derby, you'd vote the same as I have. He was at his best that day, and when a fast track, which after all is the kind of track supposed to be run over, he made Chaldean look like something unwhipped from the children's pony cart.

He could carry his weight and speed over a distance of ground, too. He proved that in the Belmont when he went a mile and a

Mac Selects Johnstown as the Best Horse of 1939 Season

By HENRY McLENNON

NEW YORK, Nov. 15 (AP)—I was being wrapped up in the saddle for a cauter through the park today when the groom, a man named Brink, showed an important looking letter into my hand.

It was from the turf and sport Digest of Baltimore and voted to vote on the selection of "the horse of the year." I could have sworn my answer right there, but not wishing to offend the horse, I was sitting on top of it, cut the tongue that bound me to the saddle and hurried here to the office to cast my ballot.

In large letters on the voting slip for the outstanding horse of the year, I wrote: "Vote to-w-n. That's my choice, first, last and always. NORTHERN IDAHO MINING EXPANDS

SPOKANE, Wash. (AP)—Mining of lead, zinc and copper in northwestern Washington and the Idaho panhandle—one of the areas most productive of those metals in the nation—is booming, but mining men say the war has been only indirectly responsible.

The demand for the base metals has been mostly from American industries, such as steel and automobile, and not from domestic or foreign munitions manufacturers, according to ore shippers. Supplies of the metals were diminishing so rapidly increased production was necessary.

Higher prices for the ores, particularly zinc, are expected. Zinc already has gained 15 cents a pound. The price during the early part of the year was five cents a pound, a figure considered far too low. At 6 1/2 cents a pound, mine operators say they can realize a profit.

Plants Tared

The boom in the industry has resulted in a wave of re-employment. In the Coeur d'Alene region of Idaho, the Star mine and zinc mill has resumed operations with an output of 700 tons of ore each day. The mine and mill employ 300 workers.

Production of zinc metal at the electrolytic plant owned by the Hecla, Star and Bunker Hill interests has been doubled so that it totals two-thirds of the plant's capacity. Owners plan to increase the output to full capacity by the first of the year.

More men also have been put to work in the Meteline district of northwestern Washington and production is expected to be increased again after Jan. 1. The Meteline Mining and Leasing company has announced that it may put another mill into operation soon.

Heavy Yields

A million tons of zinc-lead ore have been mined by the Pend Oreille Mines and Metals company in the Meteline district in the last eight years. At present 250,000 tons of the ore are being taken out annually. The company has a yearly payroll of \$250,000.

Production by the Pend Oreille Mines and Metals company has been from an area a mile long and 1,000 feet wide. Superintendent Charles A. R. Lambie said, "In eight years the output has been the equal of 2,150 railroad cars, or a freight train 30 miles long."

The large Howe Sound copper mine situated at Holden, in central Washington on the upper end of Lake Chelan, also has increased its operations. It is the largest producer of any mine in the state and is expected to lead in metal production during 1939.

Operations of the Howe Sound mine were halted for some time during the summer as the result of a strike which since has been settled. The mine now is running at full speed.

Dworshak Speaks To Burley Women

BURLEY, Nov. 15 (Special)—During a dinner session this week, members of American Legion auxiliary and the Legion heard talks by Congressman Henry Dworshak and Mrs. George Furman, Food, auxiliary department president.

Mrs. J. W. Brandt, chairman, Mrs. K. G. Stephenson, Mrs. Leslie Glenn and Mrs. Kenneth Shradler were in charge of arrangements. At the auxiliary meeting which followed, Miss Idonna Nuttall and Miss Dorothy Lindsay, public health nurses of Cassia county, gave talks on child welfare and the need for a loan closet to furnish materials to carry on health work. The auxiliary voted to furnish linen for the loan closet.

Mrs. Joe Weldon, president, reported that Burley had gone over the top in its quota, having 53 paid-up memberships. She also announced that the group would sponsor a card party Dec. 13 to raise money for welfare work.

Burley Class to Give Annual Play

BURLEY, Nov. 15 (Special)—E. J. Ryan, director of dramatics at the Burley high school, has announced that the senior class will present the annual play, "Apron-String Revolt," a three-act comedy by Dorothy Rod Stewart, Nov. 24 and 25.

A double cast has been announced as follows: Mrs. Elizabeth Holt, by Anna Meindenhall and Mary Jane Lydon; Anabelle Madden, by Evelyn Shockey and Marvel Taylor; Mrs. Alden, by Elizabeth Daven and Beth Cammell; Mrs. Langley, by Carmel Long and Phyllis Powell; David Holt, by Arnold Larsen and Harry Weiner.

Mary Lou, by Mary Lambert and Louise Painter; Henry Penatemaker, Earl Toolson and Laver Taylor; Clancy, by Glenn Terrence and Jay Barron; grocery boy, by Richard Bowen and Dale Knight; Miss Martin, by Emily Harper and Donalene Yrstad; Wade, Marshall, guitarist; Jack, Hollis Huston and Bryant Campbell; messenger boy, Mary Baker and Marshall Young.

Story of the play centers around the revolt of a young man whose mother insists on keeping him tied to her apron strings.

Dance Proceeds Go for Buying Idaho Iron Lung

CASTLEFORD, Nov. 15 (Special)—The members of the Everyman's club voted Thursday at a meeting at the home of Mrs. John Thomas, to give the net proceeds from the Thanksgiving dance to be held at the high school gymnasium—Nov. 23, toward purchase of the iron lung for Twin Falls county.

The members also voted to sponsor hot school lunches during the three cold months of the winter. The government will furnish a certain amount of food, to be used in the schools, when the project is sponsored by a civic organization.

Mrs. Lawrence Gwin gave a 30 minute talk on "Our Good Neighbor Policy" with reference to the South American countries and brought out the fact that the American government is now pursuing a policy which will make her a better neighbor than she has been in the past.

At the close of the meeting refreshments were served by Mrs. John Thomas and Mrs. Ed Harding.

SCIENCE DISPLAY FOR TOWN HALL

Numerous displays will feature the demonstration-lecture to the Twin Falls Town Hall club here Thursday evening by the director of scientific exhibits for the New York World's fair—Dr. Gerald Wendt.

Arrangements were completed today for tables and electrical connections requested in a letter from Dr. Wendt, who will arrive late Thursday afternoon and will go to the high school auditorium immediately to line up his equipment. He speaks at 8 p. m. Thursday at the second talker in the Town Hall 1938-40 series.

The noted scientist advised Town Hall President J. A. Cederquist that it will require about an hour for him to arrange the displays with which he will demonstrate his talk.

John Pratt, high school chemistry instructor, will introduce Dr. Wendt.

Legion at Burley Attends Banquet

BURLEY, Nov. 15 (Special)—With E. H. Harris acting as toastmaster, members of Burley post of the American Legion and their Veterans of Foreign Wars guests held the annual banquet Armistice night at the National hotel dining room. Arrangements were in charge of M. W. McLaughlin, H. P. Deardorff, Ernest Stephenson and J. H. Harris. Sixty men attended the banquet. Prof. H. E. Welsh, Albion State Normal school, Cong. Henry C. Dworshak were speakers. Community singing was enjoyed.

Post Commander George E. Denman has announced that the Burley post has received a certificate of citation of award from the national commander of the Legion of the national director on Americanism for meritorious work in Americanism during the past year.

BELLEVUE

The Bellevue Civic club held a reception for the faculty of the Bellevue grade and school, Friday evening at the school house.

All patrons of the Bellevue, Glendale and Stanton districts were invited. A program was arranged and refreshments were served.

Rev. and Mrs. Elmer Hazelton who have recently returned from China on an inland mission, conducted the morning and evening services at the Presbyterian church in place of the local pastor, Rev. Lehman.

Franklin M. Lee, a former Bellevue boy, Butte, Mont., left for Panama where he will be employed as a United States engineer on the Panama canal.

Funeral services for James Campbell, who died Saturday at the home of his niece in Shoshone, were held at the graveside at Bellevue, Rev. J. E. S. Lehman officiating. He had been a resident of Idaho since 1900.

Glen Morris, Halley, lost control of his car, three miles south of Bellevue, and ran into a barrow pit and hit a fence. No one was seriously injured but the car was damaged.

Joseph Moran left last week for Los Angeles, Calif., where he took a carload of cattle.

Mrs. Mary C. Turner left Sunday for Pheno Beach, Calif., where she will spend the winter with her daughter, Mrs. Lottie (Caldwell).

Mrs. Pearl McKee, Boise, spent the week-end with her son and daughter-in-law, Mr. and Mrs. Willie McKee.

Mrs. Margaret McNary and son, Morris, returned home to Helper, Utah, after spending the week-end with Mrs. Lura McNary.

Mr. and Mrs. Bert Vuorendahl and family spent the week-end in Jerome.
