State to Demand Death Penalty for Policeman Killing

JURY SELECTION STARTS IN HALE, WILLIAMS TRIAL

The state will demand that Daniel Williams, 19, and William D. Hale, 29, pay with their lives for the murder of Craig T. Bracken, Twin Falls policeman, a crime with which they are charged.

This point was brought out forcibly here this morning as trial for the two men in district court opened with Judge J. W. Porter presiding. It came during questioning of prospective jurors by County Prosecutor Everett M. Sweeley.

Defense Counsel Confers as Murder Trial Opens

Defense counsel in the murder trial which opened in district court this morning, were discussing various phases of the case as this picture was snapped. Shown in the photograph, taken in the courtroom, are (left to right) William D. Hale, 29, and Daniel Williams, 19, the defendants who are charged with the murder of Craig T. Bracken, Twin Falls policeman. George L. Hampton, Los Angeles attorney; E. V. Larson and his son Bert Larson, both Twin Falls attorneys; and J. M. Lampert, Boise. The two Larsons and Hampton are handling the defense for Williams while Lampert is defending Hale. Questioning of prospective jurors started this morning and was expected to continue throughout the day and possibly into Tuesday. Presiding is District Judge J. W. Porter. Bracken was shot last May 7 and died early the morning of May 8. The state will contend that Williams fired the shot which claimed the life of the officer.

They Handle Prosecution

Shown going over questions which were to be asked prospective jurors this morning as the murder trial of Daniel Williams and William D. Hale got underway in district court here, are County Prosecutor Everett M. Sweeley (right) and Ray D. Agre, deputy prosecutor. The two men, through the questioning of the jurors, stressed the point that the state would ask the two defendants pay the supreme penalty for the murder of Craig T. Bracken, Twin Falls policeman, the crime with which they are charged.

AREA MANAGERS NAMED TO HEAD CENSUS TAKERS

WASHINGTON, Nov. 20 (U.P.)—Appointment of area managers to handle the hundreds of details connected with the 1940 decennial census was announced today by Director William L. Austin of the federal census bureau.

Montana will be divided into two areas. W. E. Frazier was named manager of the Billings area; E. G. Simmonds, of the Butte area.

In Utah, area headquarters will be in Salt Lake City with Heber, Moab, Salt Lake City, as managers. The Idaho area headquarters will be Boise with E. F. Kramer, Boise, appointed manager.

The salaries of the 150 area managers throughout the country range from \$175 to \$350. About 50 additional assistant area managers will be named later and trained by the men appointed today.

All but 25 of the 150 appointments have already been brought to Washington for an intensive six weeks' training in the complex work of the nationwide canvassing. The training course provides schooling in the new questions to be asked in the census—queries concerning an estimated 122,000,000 people, 33,000,000 dwellings, 7,000,000 farms and 3,000,000 business concerns.

Each area manager will have supervision over census takers in all census districts and will train and examine the district supervisors for which at the end of the year will open district offices. Enumerators, clerks and other personnel will be employed locally by the district supervisors.

The government parties conceded the other 35 seats and it was not expected the final count would change the result.

French Soldiers Live 155 Feet Below Ground in Complete Maginot Line City

By WERNER MILLER
WITH THE FRENCH ARMY on the front line, French soldiers at the front live in a buried city, extending 155 feet into the earth. A city complete with electric light, railway, water and sewerage systems, ventilating system, hospitals and amusement places, the city is a complete underground city.

The men in these forts do 42-day stretches underground, then have a rest. Over the days produce, meat and other necessities are sent down to the men in the forts. There is a continuous, though random, artillery fire. The soldiers don't notice it but it is a constant reminder of the war.

At a score of underground strength, and only one of a continuous chain of such fortresses extending the whole length of the frontier.

HOOVER SUGGESTED TO HEAD CENTRAL RELIEF AGENCY

MRS. ROOSEVELT ASKS EX-LEADER TO ASSUME POST

By RUDY A. BLACK
WASHINGTON, Nov. 20 (Special)—Mrs. Franklin D. Roosevelt suggested today that former President Herbert Hoover head a centralized agency for relief of refugees and civilian war sufferers.

Mrs. Roosevelt said that Mr. Hoover has more experience such work than any other person and his activities during the World War brought universal commendation.

Refugees have circulated recently that Mr. Hoover had offered his services to the American Red Cross in Europe for relief work. Red Cross chairman Norman H. Davis denied that he had received a letter from Hoover offering to head the European work.

Gave Valuable Advice
He added, however, that Mr. Hoover had contributed valuable advice to his agency.

Mrs. Roosevelt stressed the importance of a centralized relief agency, declaring that it could coordinate all organizations trying to "help human beings in dire need everywhere." In addition to cutting down overhead expenses, it could raise money for all in a single campaign, she said.

The multiplicity of relief agencies now is confusing to many people and may result in some persons withholding contributions entirely.

She referred to various existing agencies seeking funds to aid Polish, Chinese and Spanish sufferers, as well as Jewish refugees in central Europe.

Formation of such a central agency already has been discussed, Mrs. Roosevelt disclosed. Despite her hopes, she said she could not predict whether the efforts will succeed.

She hinted, but did not say so outright, that Hoover had been asked to head the agency.

The Red Cross does not feel it can take on this work in addition to its regular emergency job, she said.

'LUNG' VIEWED AS COMMUNITY GIFT

"A community Christmas gift that may mean life to anyone in southern Idaho" is the graphic way in which the Twin Falls club of Buhl is designating its proposed project to purchase an iron lung, artificial respiration apparatus, for the Twin Falls county-general hospital.

With the cooperation of the community, the women's organization hopes to purchase the life-saving appliance by Christmas time. The equipment will cost approximately \$1,500 and several organizations and individuals have already made donations.

Has Many Uses
Numerous common uses of the iron lung formed a part of the discussion at a special committee meeting Saturday at the home of Mrs. Helen Gamble, Twin Falls contact chairman.

The iron lung is most frequently used in cases of infantile paralysis, carbon monoxide poisoning, drowning, lock-jaw, botulism (poisoning caused by canned foods), asphyxiation, alcoholic coma, drug poisoning, electric shock, smoke asphyxiation, diphtheria, paralysis, brain tumor, cerebral hemorrhage, heat prostration and shock in accidents in athletic contests, members of the committee were informed.

Present at the meeting to outline an effective campaign for funds to purchase the apparatus were Mrs. Gamble and Mrs. Ray Weaver, Mrs. W. I. Tannier and Mrs. L. G. Lacey, some of the members of the special committee of the Twin Falls club.

Mrs. Walter Slaughter, ar., has been appointed contact chairman for the community district.

Once the iron lung is purchased, the cost of operation is negligible, it was pointed out. It is operated by small electric motor, and the newer equipped models also have hand-cranked so that the machinery may be taken directly to the scene of accident or emergency, or to a home where electrical current is not available.

Donations Received
A special technician is not required, as any doctor or nurse can operate an iron lung. It was brought out in the discussion.

Organizations and individuals may make contributions to the contact chairman or members of the committee.

The first point in the United States struck by the rising sun is Mount Katahdin, Maine.

Surviving, besides her husband, are two daughters, Margaret and Myrtle Barron, both of Twin Falls; her father, Sam Sharp, Lodi, Calif.; three brothers, Glen Sharp, Ruses, Sharp, Stockton, Calif., and Ed Sharp, Tulsa, Okla., and three sisters, Mrs. Agnes Cook, Klamath Falls, Ore.; Mrs. Sam Long, Oklahoma, and one living in California.

REPORT SAYS NAZIS USED ARTILLERY IN CZECH UPRISING

STUDENTS LINED AGAINST WALLS, SHOT BY POLICE

LONDON, Nov. 20 (Special)—The Daily Herald reported today in a dispatch from Zagreb, Jugoslavia, that German troops had been forced to fire artillery into workers' quarters to subdue last week's Czech uprising at Prague, and that attempts had been made Friday to assassinate Dr. Emil Hacha, president of the Bohemian-Moravia protectorate.

Although the Germans had announced the execution of 12 ring-leaders of the uprising, the Daily Herald dispatch said Nazi police and storm troops killed or wounded 30 students when they stormed the Czech university, and that after they captured it, they lined 18 students against classroom walls and shot them, leaving the bodies propped against the walls for 24 hours as a warning.

There were many other casualties in two days of furious fighting, the newspaper said.

The newspaper's Zagreb correspondent said he got his information from an unnamed foreign commercial attaché, who had just left Prague. He told of two days of furious fighting during which Czech students barricaded their university and fought off German secret police and storm troops for hours by showering them with debris, bullets of Adolf Hitler and other missiles from windows.

The informant said the trouble started last week when students broke up the lecture of a new Nazi professor because he insulted them. They pelted him with books and he fled. The students then barricaded the university against the gastaipo men.

Earl Clutter, Kiwanis club president, also congratulated the team and wished them good fortune. Players were introduced individually by Coach Powers.

A report of the Kiwanis nominating committee was presented by R. K. Dillingham, who announced that the following had been nominated for Kiwanis officers, election to take place at the next meeting:

Pair Exchanges Vows At Rainbow Wedding

At a rainbow wedding of unusual beauty, Miss Adeline Thamer, daughter of Mr. and Mrs. E. F. Thamer, Twin Falls, became the bride of Erhard Dohse, son of John Dohse, Kimberly, last evening at 7:30 o'clock. Immanuel Lutheran church was radiant with tapers for the occasion, ivory princess tapers gleaming in the window alcoves and on the altar. Chrysanthemums and greenery formed a background for the marriage service, read by Rev. M. H. Zager.

The bridal party entered the church to the strains of the Lohengrin Wedding march by Wagner, played by Ed B. Zager. The bride, who was given in marriage by her father, was escorted to the altar by her brother, Erhard Dohse, who was dressed in a white tuxedo, and carried a small Peter Pan collar of lace. Her finger ring was held to her head with a wreath of orange blossoms, and she carried a bouquet of white roses.

The bride and her party were met at the altar by the bridegroom; the best man, Erhard Thamer, brother of the bride, and the officiating clergyman.

Guests at the wedding were escorted to their seats by Erhard Thamer and Louis Reine, ushers.

Rainbow Tinted Gowns The bride's attendants were formal taffeta gowns in rainbow hues. Miss Doris Dohse, sister of the bridegroom, was dressed in light blue, and carried a single giant pom-pom chrysanthemum of white.

Similarly gowned in taffeta were the bridesmaids, Mrs. Henry Dohse, wearing pastel pink; Mrs. Edward Dohse, light green; Mrs. Irvin Eilers, light blue; Mrs. Oscar H. Thamer, light orchid.

Archie Mueller, the flower girl, was dressed in pink taffeta. Each bridesmaid carried a single pom-pom chrysanthemum and the flower girl carried small button chrysanthemums.

Reception Follows Wedding guests extended felicitations to the bride couple at a reception at the home of the bride's parents following the ceremony.

The bride cut and served the decorated wedding cake in traditional fashion.

Mr. and Mrs. Dohse will be at home on a ranch, following their marriage.

How To Relieve Misery of Your CHEST COLD Massage throat, loosen chest, and soothe with plenty of Vicks VapoRub at bedtime. Then spread a thick layer of chest and cover with a warm cloth.

VapoRub's double action brings down relief. It acts as a poultice to penetrate the surface skin; and its soothing medicinal vapors are breathed direct to the irritated air passages.

Try it, to loosen phlegm—to clear air passages—check tendency to cough—and soothe the throat's tightness and soreness of chest muscles.

SIX TEAMS DOMINATE U. S. GRIDIRON PLAY

Tennessee and Texas Aggies Top All Clubs

NEW YORK, Nov. 20 (AP)—Six major undefeated football teams dominated the United States today with the season in its last two weeks. Here they are, ranked in the apparent order of their strength according to impartial reports collected from coast to coast:

Tennessee, unbeaten, untied and unopposed on.

Texas A. and M., unbeaten and untied.

Southern California, unbeaten but tied by Oregon.

Tulane, unbeaten but tied by North Carolina.

Cornell, unbeaten and untied.

UCLA, unbeaten but tied by Stanford and Santa Clara.

There were two important casualties over the week-end. North Carolina, unbeaten until Saturday and apparently headed straight for a title, made a inspired and lucky Duke team and went down to defeat, 13 to 3. Oklahoma, king-pin of the midwest, lost to Missouri, 7 to 0.

Georgetown beats N. Y. U. Georgetown, playing a schedule that hardly enables it to be ranked among the major teams, kept its undefeated record by running over New York university, 14 to 0. Duquesne, also unbeaten, had an open date.

Nothing, it seems, is going to stop Tennessee. There are two games remaining on the Volunteers' schedule, but they have an open date this Saturday and plenty of time to get ready for Kentucky and Auburn. Texas A. and M. also seems on its way to a perfect season. The team leads this Saturday and next week.

Texas Nov. 20. Cornell, safely past the Dartmouth threat, goes against Pennsylvania this Saturday and should not have too much trouble. Tulane has Sewanee and Louisiana State still in its path.

Tulane plays Irish. The biggest threat to any of the six leaders is faced by Southern California, for this Saturday they must take on the Bruins of Notre Dame. Even if the Trojans win by that one, they still have to take on the Bruins.

Some of the high lights: Upset of the day—Tulane's 10 to 0 victory over a highly favored Kentucky team.

Players of the day—Nile Kinnick of Iowa going into the fourth period with points behind a powerful Minnesota team. Kinnick threw two touchdowns passes and hauled the same out of the fire, 13 to 0.

Disappointment of the day—Dartmouth, which completely collapsed before Cornell's thrush and took a 35 to 0 licking.

Surprise of the day—How Chicago ever scored 25 points against Oberlin.

College Gridders Seek Opponent To Keep in Shape. TRAPPE, Ariz., Nov. 20 (AP)—Wanted: One post-season football opponent.

Dixie Howell's Arizona State Tempeh Bulldogs, with a Border conference championship, won Saturday night in a 25-0 triumph over the University of New Mexico. Today were looking for an opponent for a game here Dec. 16 or 23.

The Bulldogs in all probability will play in the Sun bowl at El Paso, Tex., Jan. 1, 1940, and Howell would like to have a game between now and New Year's to keep his lads in trim.

The Arizona team has won eight of nine games, losing only to Hardin-Brimmer.

VANDAL FROSE LOSE. UNIVERSITY OF IDAHO, Nov. 20 (Special)—Washington State's superior ground play proved superior to a better Idaho aerial attack in the annual freshman game Saturday night. The Cougars Kittens emerged victorious in a hectic 13-7 game.

Twice within the last four minutes the Vandals had the ball within the five-yard line but could not punch it over for a score.

A Chinese actress once received \$30,000 a year for appearing in a small native-language theater in San Francisco.

Frisco Crowds Jam Streets as DiMag Marries. SAN FRANCISCO, Nov. 20 (AP)—Joe DiMaggio and Dorothy Gault were married Sunday in St. Peter and Paul cathedral, and San Francisco's north beach Italian population turned out for the show in a carnival spirit that jammed streets and broke police lines.

The New York Yankee outfielder's brothers, Vince and Dominic, both major league baseball players, were ushers.

Julius Arnold, an actress, is St. Mary's.

They Lead Texas A. & M. to Bowl Game. HOMER NOTION, Texas Aggie head coach, below center, has three good reasons to smile in Joe Boyd, above left, a great tackle; Bill Dawson, pass-matching end, and John Kimbrough, outstanding fullback of the national Aggies kept their perfect record intact on Saturday by drubbing Rice, 19-0.

Jerome Turns Down Bruin Gridiron Game. The south central Idaho gridiron season was officially at an end today with football stars in all sectors putting away their uniforms for the year and not one game remaining on the schedule.

A contest, scheduled earlier in the season between the Burley Bobcats and the Twin Falls Bruins for Burley on Nov. 23 has been called off and that was supposed to be the concluding performance of the season.

Proposed Clash Falls. A proposed clash between the Jerome Tigers, champions of the Big Seven conference, and the Twin Falls Bruins, title-holders in the southern Idaho conference, fell through when the north side officials voted against the proposition.

"We're mighty proud of our team," stated Principal Harold Roberts of the Jerome school, "but due to injuries and illness we deem it inadvisable to send the club against the Bruins."

"One of our regular backs (Jorgensen) is out of play with a broken wrist, and others on the squad are away under weight due to a slight flu epidemic."

More Harm Than Good. "Therefore we believe it would do more harm than good to schedule a game with the Bruins," he concluded.

The game was proposed to take the place of the Burley-Twin Falls contest by outside parties, and was believed to be acceptable to the Twin Falls high school authorities.

Both the Bruins and Tigers answered their titles on Friday by downing Nampa and Rupert, respectively, in championship games.

Coach R. V. Jones already has his basketball boys taking cage workouts at the Bruin gym and it is expected the Tiger team will now turn toward the same sport.

Practice Starts As Teams Prepare For Gold Bowl Tilt. JUNEAU, Alaska, Nov. 20 (AP)—Clad in old uniforms and second-hand equipment supplied by the University of Washington, two picked teams of former professional football players practiced today for their Gold Bowl game Thursday, Alaska's first football game under intercollegiate rules.

Sponsors, who estimate that less than half of Alaska's 50,000 residents live over the horizon, football game, have chosen a field that won't flood away. Last year, the Ice Bowl game, scheduled for New Year's day, had to be postponed five days when the "ice-iron" broke up and floated away.

Tom Dyer, former professional player, is coaching the Darnaway Bears and Conrad Fuhr, who played under the McMillan at Geneva university, has the Bourneburgh Mustangs.

Colorado Takes Over Big Seven Leadership. SALT LAKE CITY, Nov. 20 (AP)—For the first time since the downfall of University of Utah three weeks ago, first place in the mountain states Big Seven conference today is in possession of one team—this time Colorado university.

The Colorado Buffaloes gained undisputed right to the top spot Saturday by downing Brigham Young university, 12 to 6, while Denver, previously tied with Colorado for first, was idle.

Denver is now tied for second with the Utah Redskins, who Saturday scalped the Colorado State Farmers, 41 to 7, at Fort Collins.

Utah State, Saturday victor over Wyoming, 20 to 13, and B. Y. U. are now tied for third. Colorado State is fourth and Wyoming is fifth in the cellar.

The standings:

Team	W.	L.	T.	Pct.
Colorado U.	4	1	0	.800
Denver U.	3	1	0	.750
Utah U.	3	1	0	.750
B. Y. U.	2	1	0	.667
Utah State	2	1	0	.667
Colo. State	2	1	0	.667
Wyoming U.	0	5	0	.000

Highlight game of the week—and was at Provo, where the Buffs scored in the second of a game that proved the most amazing play of the season.

It was the play that brought Colorado's first touchdown. Leo Blaska took a short Cougar punt on his own four. He went 20 yards, lateraled to fullback Ray Jenkins. Jenkins went 10 yards, lateraled to center Ray Thompson, who in turn tossed the ball to end John Pudlick. Pudlick then gave it to tackle Lloyd Oliver who was finally pushed out of bounds on the B. Y. U. 15. Net gain: 81 yards.

Two plays later Blaska went over from the one.

At Laramie, Utah State had things virtually its own way, although Wyoming capitalized on breaks to tie the score at halftime, 13-13.

The Utah return to power—and still a chance at the title—through a complete crushing of Colorado State. The Redskins scored practically at will with Clarence Gerkins, Indore Spector, Charles Turner and Tom Pace leading the charge.

UCLA-Oregon State Clash Features Coastal Program. SAN FRANCISCO, Nov. 20 (AP)—The top game of the week in the Pacific Coast conference will be the clash of UCLA-Oregon State in Los Angeles Saturday.

Other games will pit California against Stanford at Palo Alto, and Washington against Oregon at Seattle.

UCLA's Bruins, without the services of Jackie Robinson, kept a slim hope alive for the Rose Bowl bid by holding Santa Clara to a scoreless tie last Saturday. The game definitely established Duke Kenny Washington as the Bruins' ace center for John Schlich of Santa Clara as All-American timber.

Bears Drubbed. California, as expected, took a 21 to 0 shelling from Oregon State, while Stanford, beaten, tied and scored upon plenty, dropped a 7 to 0 decision to Washington State.

California today ruled a 10 to 8 forfeit to use the axe on Thor Farnville on Saturday.

On the coast today scheduled, San Jose and Fresno, both unbeaten and untied, will clash at Fresno. Utah and Utah State meet at Salt Lake, and Willamette plays Whitman.

U.S.B. Travels. On Friday, College of Pacific, which lost to Arizona Saturday by a 12 to 0 count, faces Chico State, the San Diego Marines play host to the Tempe Teachers, and Chaffey Junior college entertains Idaho Southern Branch at Ontario.

Saturday also brings Tech, Utah and Montana together at Lubbock, Tex.; Arizona and New Mexico at Albuquerque; Wyoming and Brigham Young at Laramie; and Westminster faces Albion Normal at Salt Lake.

Sunday two games are scheduled, Loyola and Santa Clara in Los Angeles and Portland and Gonzaga in Portland.

Omaha Gridders Find USB Tough. FORTY, Mo., Nov. 20 (AP)—The Omaha university football eleven was returning to its Nebraska stamping grounds today after a defeat here Saturday, 6 to 0, at hands of Idaho Southern.

Southern made its score on a 61-yard sustained drive in the last quarter. Johnny Wootton speared the drive with one run good for 17 yards and another good for 20, this carrying him from the Omaha 22 to the three. On the next play he went over off tackle.

A petition signed by a number of persons in a circular form is called "a round robin."

Glenns Ferry Takes Over Class B Title

ALBION, Nov. 20 (Special)—The Class B gridiron classic of the 1939 season was the thing of the past today and Coach Edwin Waterman and his club pointed to the basketball season.
After finishing their regular season undefeated, the local high school gridiron team took on the Glenns Ferry River Pilots here Saturday afternoon for the Class B championship of south central Idaho.
The result was a 30-13 victory for the visitors, who took the title and the first time this season an opponent had crossed the Albion score line.
The Pilots defeated Barrett's outfit, undefeated since early 1938, boasted one of the great Class B teams in the state and it was no disgrace to lose.
The visitors were held scoreless in the first quarter, but got under way in the second quarter and a long drive was ended when Golden, Ferry back, plunged over the line for a touchdown.
Jack Newell hit the line for the added point. The half ended with the invaders holding a 7-0 edge.
Ferry starts to click.
The third quarter, however, saw the Pilots get under way with a strong attack that netted three touchdowns and clinched the game.
A long pass, Newell to Morgan and a line back by Morgan brought the two added counters and Golden added one extra point by cracking the line.
The game came back strong in the final frame when the count was 30-0 against them. Ferry reserves were in the game, but they couldn't hold the powerful Albion thrusts and had

The PAYOFF By GRAYSON (NEA Sports Editor)

IOWA CITY—Just how did Dr. Eddie Anderson do it? The Hawkeyes players quickly developed confidence in their new coach and their own ability.
Dr. Anderson found an under-manned team in Iowa City this fall.
The old Notre Dame end had to make a defeatist complex and lack of spirit caused by almost continual defeat in major games.
To make things worse, injuries cost the Hawkeyes two of their best linemen.
Dr. Anderson was installing an altogether new system.
Critics said it would take him three years to get anywhere at all in view of the change and shortness of material.
But the sandy-haired, soft-spoken medic taught his athletes an offense in which they had confidence. He gave them plenty of plays... plenty of variations. He saw that they learned assignments. Then he told them that they had the guns and to go out and use them.
He warned his warriors in September that since the squad was short of manpower some would have to play 60 minutes. He whipped them into perfect pitch shape.
The condition of the boys in Old Gold and Black is as remarkable as any surprising record. They shifted to tackle in Wisconsin and Purdue in the fourth quarter, actually picking up strength as the minutes passed.
Ten are members of the 60-minute club. Nile Kinnick, the great triple threat, has played every second of five western conference games and the one with Notre Dame.
Time has not been taken out for the Omaha wonder.
Players with full-time service in two or more engagements are Al Cooper, quarterback; Carl, Erwin Prease and Dick Evans, ends; Mike Enich and Wallace Bergstrom, tackle; Ed White, fullback; and Ken Pettit and Ken Pettit, guards, and Bruno Andruska, center.
The building of the club is perhaps the most unusual feature of Iowa's success.
Enich, a junior, was an all-Iowa prep fullback last season. He shifted to tackle in mid-season of 1938. Pettit, a medicine reserve end, was made over into a guard in mid-October.
Wallie Bergstrom was graduated from Oids, Ia., high school four years ago. He did not play football there because the school was too small to have a team. He didn't go directly to college, but went to work in South America. He is now on the go for freshman football. The game was completely out of his life.
First Football
Bergstrom climbed into a football uniform during practice last February for the first time in his life. He figured to be a reserve, stepped in when Jim Walker, star Negro sophomore, was injured, and he has played full back against Wisconsin, Purdue and Notre Dame.
Dr. Anderson swept his team onward despite the loss of Walker, Henry Luebke, the 260-pound guard put out by a hernia operation, and Bill Diehl, a fine sophomore center who came up with a knee injury.
The good doctor has done this with a sophomore signal-caller, Cooper, who has come through manfully.
Dr. Anderson gives practically no contact work during the week. He has played full back against Wisconsin, Purdue and Notre Dame. He is relaxed, informal. No tension, no manly, no manly.
The boys are eager to play for a coach like that. Since they know he honestly believes they can win, they are sure he means they would let Dr. Eddie down.
They wouldn't do that for the world, so they have bagged six of seven games, when nobody expected them to win more than one.
Iowa is the team of the moment. Dr. Eddie Anderson easily is the coach of the year.

10-Pound Yam

TULARE, Calif., (AP)—A yam that weighed 10 pounds, 11 ounces was grown by Archie Hamilton in a store at his home in Tulare. The yam proved to be of excellent flavor.
To be replaced toward the end of the game. Glen Engsteking, Albion back, scored a pass to Virgil Clark at end for a touchdown and a few minutes later Engsteking pounded through the line for the final counter of the game.

friends and relatives, including father and mother. Hale, on the other hand, was intent in wa each prospective jurymen as were questioned by Sweeley.

Just prior to start of questioning of the jury, Sweeley withdrew his objection to George L. Hampton, Los Angeles attorney, serving in the case as one of the attorneys for Williams. Chief of staff in Williams' defense is E. V. Larson, Twin Falls. Assisting him, aside from Hampton, is his son Bert, only recently admitted to the bar in Idaho.

Handling the defense for Hale is J. M. Lampert, Boise attorney.

Alternate Juror
Judge Porter this morning in-
formed the attorneys that because
the trial would likely take several
days, an alternate juror would be se-
lected to sit with the 12 regular jury
members until the case was comple-
ted.
At 1:30 p. m. today the defense
started to question the prospective
jurors.

Bracken was shot early on the
morning of Sunday, May 7. The

Both Williams and Hale were also wounded, being struck by bullets fired from the gun of Patrolman Kenneth Barclay. Struck in the lower bowel, Williams was at first not expected to recover but continued to improve and was soon removed to the county jail. While

Superficial Wound.
Hale was shot in the head, receiving a superficial wound. He did not have to enter the hospital for treatment and aside from a "bad head ache" was not seriously injured.

Hale and Williams, early on the morning of May-7, had stolen the automobile of Spencer N. Robinson, son, Twin Falls. In the stolen machine the two drove west of the city until they reached the service station of G. W. Tarr, Jr. located one mile from the city limits.

At this point the pair drove the car into a position where gasoline could have been put into the tank. This was about 2:15 a. m. Tarr said that he "flipped" the gasoline switch on but the pair asked for water for the car. As he was putting the water in the radiator, he said, Williams got out of the machine and walked into the station. Tarr followed him

Pulled Gun
Williams then informed the station operator that "this is a stick up" and displayed a gun. Tarr said he was instructed to open the cash register and did so. He then forced Tarr to stand in a corner of the small station and proceeded to take the silver from the register and place it in his pocket. He also took

Tarr's wallet from him and looked into it but returned it and then left the station.

Tarr then recounted that with Hale at the wheel of the stolen automobile the two sped away toward the city. Tarr immediately telephoned the police station and then started to drive toward Twin Falls to follow the holdup men.

Search Begins
At that time Robinson had reported the theft of his machine to the police. As the stickup call came in Barclay and Bracken, both on duty at that time, figured that the two were using the stolen car. Robinson, Barclay and Bracken, with Barclay driving and Robinson in the passenger seat, drove away from the police station.

They headed toward Five points west and when nearly there, Robinson identified his machine swinging around the corner. The police car gave chase and the bandit car was stopped in the 400 block of Fourth avenue west.

Bracken got out of the police car

and walked toward the other machine. It was stated at the time th

PRESIDENT TANTALIZES PRESS ON THIRD TERM PLAN

CHANGES SPEECH TO MENTION '41 LIBRARY OPENING

WASHINGTON, Nov. 20 (AP)—President Roosevelt tantalized newspapermen on the third term question by again injecting the innuendo into a public statement.

Mr. Roosevelt returned to the capital today from Hyde Park, N. Y., where yesterday he reiterated—for the second time within a week—to speculation over his plans in 1940. In laying the cornerstone of a \$500,000 library to house his personal papers, Mr. Roosevelt digressed from his prepared speech to remark:

"And may I add the expression of a hope—to my good friends of the press to whom I have something to write about tomorrow—I hope they will give due interpretation to my statement that we hope it will be a time day when we open the building."

Opens in 1941
Significance of the aside was its application to July, 1941, when the President's official papers will be made accessible to the American public. Some newspaper stories had stressed the fact that the President would not make his personal papers available during his active political career.

Last Wednesday, when the President was laying the cornerstone of the Jefferson memorial here, he said he hoped by January, 1941, to be able to return for the dedication ceremonies. Speculation arose immediately in the press on the President's remark as to its possible third term significance.

Deliberately Planned
On Friday, at his press conference in Hyde Park, Mr. Roosevelt admitted his Jefferson memorial remark had been deliberately planned to mislead the press. He said the facts of newspapermen were as faulty as a crucifix when he digressed from his text to refer to Jan. 1941.

Tomorrow Mr. Roosevelt departs for Warm Springs, Ga., where he will spend Thanksgiving day with patients at the infantile paralysis foundation.

F. F. A. BOYS MAP CROP, SEED MEET

Future Farmers of America will hold a district crops and seed judging contest at Buhl on Dec. 16. It was determined at a district meeting in the agriculture room of Twin Falls high school Saturday.

It was also announced that the district public speaking contest will be at Jerome on Jan. 26.

Charles Wilson, Buhl district president presided at the meeting. Heyburn, Buhl, Filer, Jerome, Kimberly, Murlough, Rupert and Twin Falls chapters were each represented by two delegates.

The inter-state crops, seed and livestock judging contest will be held in Opa, Jan. 8. J. V. Briggs, Twin Falls Smith-Hughes instructor and local sponsor of the F. F. A. chapter, announced.

In district judging contests each chapter will enter two teams of three members each, Briggs stated.

LIGHTNING INJURIES UNFETTERED
BANTON, Penn., AP—On Sept. 3, John Gowaty, 28, was stunned by a bolt of lightning while fishing. He felt the effects only a few days ago and was admitted to a Pennsylvania hospital for treatment of head and spine injuries.

'Friends'

The presence of a new diamond ring on the "engagement" finger of Greta Garbo (top), reportedly put there by Dr. Geyelord Hauser (below), diet expert, has would-be matchmakers all a-twitter over their possible marriage. "Just friends," said the doctor. Garbo said nothing.

SCHOOLS TO AID SEAL CAMPAIGN

Schools will take an active part in the Christmas seal campaign against tuberculosis which will open on Thanksgiving day and continue through Christmas. A teaching unit on tuberculosis prevention, called "The Message of the Double-Barred Cross," is being distributed to Twin Falls city schools by Supt. Homer M. Davis and to rural schools by Mrs. Doris Stradley, county superintendent of public instruction.

"This story on tuberculosis and its prevention and the part played by the double-barred cross, international badge of the drive against tuberculosis, is prepared in interesting form for use in grade and high schools," Mrs. Orr Chapman, president of the Twin Falls County Anti-Tuberculosis association, said. "It was prepared for the National Tuberculosis association by W. W. Charters, Ph. D., director of the bureau of educational research of Ohio State university."

Students Vital
"It is important to interest students in the tuberculosis campaign," said Mrs. Stradley. "They represent the group in which lies our greatest hope for control of the disease. By increasing our efforts in this group, breakdowns from tuberculosis may be averted."

It was pointed out by Mrs. Chapman that this county does year-round work in tuberculosis prevention. Efforts of the association include the nine weeks' McKinlay health camps, Buhl, paying for X-ray plates and readings for contact cases who cannot afford the cost; health unit, breakdowns from tuberculosis testing, and turning of health literature for schools.

Supplies Given Out
Supplies for the 1939 seal sale were given out to rural school teachers at their meeting here Saturday.

In addition to the sales by children in the common districts and in Kimberly, Castleton, Hansen and Murlough independent districts, the distribution of seals will be along these lines:

Sales through the mails in Buhl, Twin Falls and Filer.
Sale by committee in Kimberly.
Purchase by Twin Falls school students (not sale).

Borah Named Man of Week

WASHINGTON, Nov. 20 (Special)—Sen. William E. Borah, Republican of Idaho, has been selected as the first winner of the weekly award to the "Man of the Week" on the national scene, by the Man of the Week committee of judges. It was announced today by Fulton Lewis, Jr., chairman of the committee from Washington over 93 stations of a nationwide broadcasting system. Congratulations Senator Borah up on his selection as "Man of the Week," Lewis said.

Last Sunday, Mr. John Hamilton, the Republican national chairman, asked Republicans in congress to stand by the party, in the next session. The Republican Senator Borah, of Idaho, made immediate reply to that. He said he would vote with the party, when he believed it was right, against it, when he believed it was wrong. Our judges believe that was the voice of true leadership—whether it was a Republican, speaking of his party, or a Democrat, speaking of his.

So tonight, we're proud to give the first award, for the "Man of the Week," to Senator Borah of Idaho.

Borah, ranking Republican on the senate foreign relations committee, has served in the senate longer than any other man. He receives, as Man of the Week, the award of a radio set and a plaque inscribed with the tribute of the committee of judges.

Filer Club Hears Account of Trip
FILER, Nov. 20 (Special)—Elmwood Social club met at the home of Emma Threener Wednesday, with Alma Wallace assisting the hostess with a pot-luck Thanksgiving dinner.

One guest, Mrs. Mary Pierce, was present.

Her call was answered with "A Childhood Thanksgiving." Sarah Joann gave a talk on her recent trip to California and the visit to Mt. Lassen, only active volcano in the United States.

Names were given to members for Christmas presents to be given to the county farm, to be collected at the next meeting, Dec. 13, at the home of Mrs. Lucy Carder, Twin Falls, with Mattie Brown assisting. Each member is also to bring a gift for her club sister.

The highest peak in Idaho is named Mount Borah.

A 10-man committee made up of bus drivers, police officers and school authorities will discuss and adopt the necessary measures.

The committee named by Mrs. Stradley at a general safety meeting Nov. 8, is as follows: Elmer Annis and Scott Ellsworth, bus drivers in the Union district; Chief of Police Howard W. A report on the Idaho Educational association convention recently held at Boise was given by Howard Wellington, Lucerne.

The music festival committee was named by Mrs. Miller. It included Payton Williams, Maroon, chairman; Shirley Dwight, Berger; Tim Brown, Park; Ralph Brown, Poplar Hill; Connie Clark, Union; Ronald Guller, business manager, Deep Creek.

Birds Not Ready For Thanksgiving

CALDWELL, Ida., Nov. 20 (AP)—Few Idaho turkeys will be ready to grace Thanksgiving tables on either Nov. 23 or Nov. 30, Earl Brockman, Caldwell, manager of the Idaho Egg Producers association, said today. Idaho's production this year is forecast at 245,000 birds or 25 per cent above the 1938 crop. But the birds are maturing slowly and won't be ready for the Thanksgiving market.
