

POLL PREDICTS ELECTION OF FDR FOR THIRD TERM

HEAVY SHIFT TO DEMOCRATS SEEN AT WASHINGTON

By LYLE C. WILSON
WASHINGTON, Dec. 1 (AP)—President Roosevelt will be renominated next year and defeat the Republican presidential nominee, Sen. Arthur Vandenberg of Michigan, according to the poll's latest poll released last week.

The poll was taken by Newsweek magazine among 50 Washington correspondents.

The Roosevelt-Vandenberg contest prediction was coincident with announcement by Sen. Rush D. Holt, D. W. Va., that he would introduce a bill to amend the constitution to limit the president to two terms.

"I think it is ridiculous for anyone to say there is not a third term movement," Holt said. "The question of postponing the conventions is just a straw in the wind."

He was referring to Mr. Roosevelt's discussion with visitors of a plan to hold 1940 nominating conventions in July or August instead of June.

Newsweek's poll was taken last month for comparison with an identical poll taken in April, November returns reflected a remarkable shift of opinion among the writers. Here are some of the returns:

Which party will win next year:
Democrat 16
Republican 31
Undecided 10

Vandenberg, with 25 first choices, led the field of Republican presidential nominees, followed by Sen. Robert A. Taft, O., 18. District Attorney Thomas E. Dewey, N. Y., four, and Gov. John W. Bricker, O., three. In the April poll, Vandenberg had two first choices, Taft 21, Dewey 23 and Bricker three.

Geis 15 First
Mr. Roosevelt was the first choice of 15 correspondents in the November poll compared with 11 last April. Federal Security Administrator Paul F. McKittrick had 12 November firsts to none in April. Secretary of State Cordell Hull was picked first by seven last month and by 10 in April. Vice-President John N. Garner's stock slumped from 17 first choices in April to six in November.

Dewey ran away with first choice for Republican vice-presidential nomination.

Postmaster General James A. Farley was ahead but was edged by McKittrick for first Democratic vice-presidential choice. Garner and Sen. Burton K. Wheeler, D., Montana, trailed.

THRONGS DRAWN TO TURKEY TROT

BUHL, Dec. 1 (Special)—Buhl's second annual "Turkey Trot Parade," sponsored jointly by the Junior and Senior Chamber of Commerce, was witnessed by a huge crowd Tuesday afternoon when 75 Buhl business men, dressed in inconspicuous contrast to entertain their guests, led, drove, coasted or carried their turkeys from the post-office through main street and across Broadway.

The high school band led the parade, followed by O. D. Boring, chairman of the parade, the mayor, C. O. Voeiler, Mr. Boring was a ruffled opera robe, top hat and a broad smile. Various shades of silk crepe paper decorated the turkey he tried to lead.

Joe Edgett, president of the Buhl Chamber of Commerce and manager of the J. C. Penney store, had his turkey placed in an improvised "iron lung" carried on a child's wagon. Other business men and turkeys wore extravagant costumes.

The parade culminated in the center of Main street across from the Buhl Hardware store. Harry Wilson as master of ceremonies, and the Buhl police force kept the hilarious crowd in check as Lee Howard, secretary of the Chamber of Commerce and Colonel Roy Hopkins, gave the turkey trot.

Those who received Thanksgiving turkeys were Mrs. Cleo Rowe, Ray Crap, H. J. Lerman, C. R. Overbaugh, Anna Bohn, J. R. Boyd, Everett Mullins, Otto Johnson, John P. Anderson, Fred Chandler, John H. How to Keep Covered—a la Hitler

This chic feminine apparel—you'd just love the woollen longies and the nightgown—represents just "two points" more than a German woman is allowed to buy in a year under the new "point system" of rationing clothing. Each article is marked with the number of "points" it represents, and no one may buy more than "100 points" worth in 12 months.

There's a new game sweeping the country for the girls who "just haven't a stitch to wear, dear." It's called "If We Were at War," and the idea is to figure out how to dress under the new "point system" of rationing clothing now in force in Germany.

Under the system each woman may buy only 100 "points" worth of clothing a year. Each article is counted a specified number of "points," ranging from four "points" for silk stockings, to 45 "points" for a tailored suit.

There's only one other rule—only six pairs of silk hose are allowed each year.

Demands of American women, very widely, but department store buyers say that outside New York City, the average woman probably would require some 700 "points" in clothing each year, as figured by the Nazi system.

But play the game yourself. Here's a list of the "points" counted for each article—and remember no more than 100 "points" may be spent a year:

Tailored suit, 45; knit jacket, 25; blouse, 15; skirt, 20; wool dress, 40; other dresses, 30; brassieres, 4; non-wool underwear, 12; wool underwear, 20; corset, 15; corset, 8; slip, 10; apron with bib, 12; nightgown, 18; silk hose, 4.

How to Keep Covered—a la Hitler
This chic feminine apparel—you'd just love the woollen longies and the nightgown—represents just "two points" more than a German woman is allowed to buy in a year under the new "point system" of rationing clothing. Each article is marked with the number of "points" it represents, and no one may buy more than "100 points" worth in 12 months.

There's a new game sweeping the country for the girls who "just haven't a stitch to wear, dear." It's called "If We Were at War," and the idea is to figure out how to dress under the new "point system" of rationing clothing now in force in Germany.

Under the system each woman may buy only 100 "points" worth of clothing a year. Each article is counted a specified number of "points," ranging from four "points" for silk stockings, to 45 "points" for a tailored suit.

GROWERS GATHER FOR UNION MEET

BUHL, Dec. 1 (Special) — Proposed union agreement which was drawn up by the department of agriculture following hearings in October was discussed in detail by C. B. Taylor, of the marketing agreement section of the USDA in Portland Tuesday when west end onion growers held a public meeting in the agriculture room at Buhl high school.

The marketing agreement is approved it will permit the industry itself through an administrative committee to regulate interstate shipment of onions out of designated south Idaho and eastern Oregon counties. Regulation will cover minimum size and grade which may be shipped. According to Mr. Taylor if the Idaho agreement is voted, it is expected that committees in Idaho, Utah and Colorado will secure parallel regulations in all three states.

Onion agreement procedure was explained to the west end growers as follows by Mr. Taylor: 1. Growers vote on issuance of an order by the secretary of agriculture; 2. Then if two-thirds of the growers approve the order, and if the secretary signs 50 per cent of the 1938 tonnage sign favorably, the secretary puts both the marketing agreement and the order into effect.

If the present Idaho referendum is carried, according to Mr. Taylor, it will require two-thirds majority of the producers who vote. "During the period in which regulation takes place," Mr. Taylor stated, "shippers will be required under terms of the agreement to submit copies of federal and state inspection certificates showing that such shipments have met the required minimum."

He believes that if the agreement is placed in effect it will be a "continuing" matter. It will remain in effect until terminated by the secretary of agriculture in any of the following three ways. On finding out that the agreement is not accomplishing the aims of the act of 1937, on request of two-thirds of the handlers who sign the agreement, or when the secretary finds that 50 per cent of the growers, in referendum, desire termination.

Mr. Bullingbrook, county agent, talked briefly on the immediate rise of the movement and introduced Mr. Taylor. All votes must be turned into the county agent's office by Saturday, it was announced.

All Liquor Cases Presented Have Been Pressed—Sweeley

By WAYNE FITCH
"I have prosecuted every complaint that Chief Gillette has presented to me," declared Everett M. Sweeley, county prosecuting attorney, in reply to allegations made before Twin Falls city council by Chief of Police Howard Gillette that the effect that the county is not cooperating to stamp out "blind tigers," clubs which it said illegally dispense liquor over the bar.

"I have not been aware that there was any dissatisfaction on the part of the city police department as to the cooperation of the county prosecuting office," Sweeley said. "As far as investigation of conditions of this type are concerned, the situation is this. The sheriff has only two assistants to aid him in covering the whole county, and as far as my office hiring investigators is concerned, I have to wait until this murder case (the state versus Daniel Williams and William D. Hale) is over to see if there are sufficient funds left in my budget to carry on an investigation."

Officers Known
"All sheriff's officers and city policemen are known, and if any when they walk into such an illegal establishment as has been described, all illegal activity stops and sufficient evidence to lay before a jury cannot be secured."

"The mere presence of intoxicants is not enough to constitute a violation of the law," he said. "Pointing out one stumbling block in regard to witnesses, the prosecutor said:

"Persons subpoenaed on the premises in such a manner as to constitute very poor witnesses in the state's attempt to secure conviction."

"I do not consider that the evidence which I have on hand is sufficient to bring a conviction."

Seen Confusion
When informed of this answer to his statements, Chief Gillette said that the case was being somewhat confused by the prosecuting attorney's reply.

"In the first place, a complaint must be issued by the prosecuting attorney's office. I can only furnish evidence, then sign the complaint which is drawn by the prosecutor."

"I have furnished evidence that I deem adequate to bring about convictions, but in spite of reiterated pleas over a period of a year have received no action. The prosecuting attorney must be well informed on my stand on this matter."

"What is your request of the city council for an ordinance banning these places? I want to end all rumors that the police department is acting unfairly in that it controls the smaller beer parlors and allows large clubs to operate illegally behind locked doors."

Dependent on County
Speaking before the city council last Monday, Gillette said that with no city ordinance governing the situation, it was necessary to be dependent entirely upon the county prosecutor's office for prosecution of illegal liquor dispensing clubs.

"Although we have asked for help repeatedly, there has been no response," Gillette said of the county office.

"When your police department tries to keep control of local card and beer parlors and any local problems, we hear from every side the plea, 'why don't you do something about the club that operates behind closed doors?'"

"I feel that members of the police department cannot continue to control these little dives and dumps and beer parlors with a sense of fairness as long as the clubs are allowed to carry on."

Gillette then proposed a liquor control ordinance that would be largely patterned on the state law. Councilmen at the time indicated that they regarded the proposal favorably, and they referred it to City Attorney Harry Benoit for study of the legal aspects of it.

Benoit would not divulge any opinions arrived at in this regard, stating that his report would be made to the council this coming Monday. He did not attend last Monday's council meeting, being out of the city.
