LANDIS OUT-VOICES OWNERS IN BOTH LOOPS

New York Giants Battle Green Bay Packers for Pro Grid Crown

Czar Refuses to Let Magnates Vote on Proposal

CINCINNATI, Dec. 9 (U.P.)—The men who run baseball were in a quandary today, groping for a solution to the major-minor league problem involving farm clubs and working agreements.

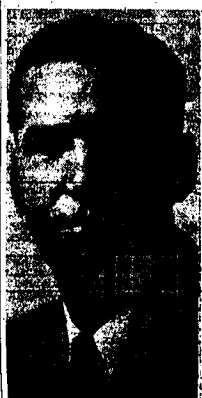

Only one thing was a positive fact—Commissioner K. M. Landis is indeed the czar of baseball.

The operators of farm clubs, both big and small, were fearful lest Landis decide to make them jump through hoops.

The commissioner's method, called high-handed by a majority of club owners and league officials, in defeating legislation at the joint major league meeting yesterday, is without precedent during his 20-year reign.

With the National and American leagues at loggerheads over amendments designed to improve and broaden chain store baseball, Landis cast the deciding ballot each time. Then when Ford Frick, National league president, called on the commissioner to take a roll call vote, Landis overruled him even though baseball law requires such a procedure.

Weston Cagers Win Over Kimberly Club

KIMBERLY, Dec. 9 (Special)—The touring Weston cager team today moved on to Oakley for its second tilt after a 1-0 victory over the Weston cagers in a game played last night by a score of 35-19.

The Weston cagers were led by Lanning and Godfrey, who did most of the scoring for Weston. The visiting team, hailed as a threat for the Class B crown, displayed lots of class, but Coach Bill Squance has what appears to be the makings of a good club and his team played a lot of fight. Admitt of Kimberly tied with Godfrey of Weston for high scoring honors.

In a preliminary contest the Kimberly second team lost a 12-7 tilt to the Weston second club.

7 Lettermen On Beaver Cage Squad

With the Oregon State college basketball squad arrives here for the two-game series with the BYU club on Dec. 20 and 21, there will be seven lettermen in the group of 12 players. It was announced here today by Bud Forrester, director of publicity for the Beavers.

Headed by Coach Slats Gill, the visitors will be on a Christmas vacation barnstorming trip that will be used almost exclusively to gain experience for a club that is composed of all sophomores and juniors except four.

The Beavers tackle Willamette university at Corvallis tonight and the Signal Oil club of The Dalles on Dec. 13. Then on the road the team meets Utah State at Logan, Utah, on Dec. 15 and 16, University of Utah at Salt Lake City on Dec. 18 and 19 before dropping off here for the two-game series.

From here the club goes to Portland to take on the southern branch cagers before returning to Astoria, Ore., to tackle a touring Michigan State college five.

Making the trip this year are Bob Gorbould, Al Hunter, Merle Kruger, Frank Mandic, Tony Romany, Don Bitt and Stuart Warren, lettermen; and Sam Clement, John Mandic, Jack Mulder, Clayton Shaw and Paul Valenti.

The Beavers will play all the northern division cage clubs during the current season and start conference competition against the University of Idaho at Corvallis on Jan. 5 and 6. Then follow, in order, Oregon, Washington State, Idaho, Washington, Oregon, Washington State, Oregon and Washington. Four games are played with each club during the season.

They Have Specialty Numbers in Big Show

It'll be the good right arm of Arnold Herber, Green Bay Packers' star passer, left, against the good right foot of Ward Cuff, New York Giants' great field goal specialist, when the two teams battle for the national professional football championship in Milwaukee, Dec. 10.

Moses Goes to Detroit Club

CINCINNATI, Dec. 9 (U.P.)—Last-minute deals made at the winter league baseball sessions:

Philadelphia Athletics gave outfielder Wally Moore to Detroit for infielder Benny Nease.

Pittsburgh Pirates gave pitcher Bill Swift and cash to Boston Red Sox for pitcher Danny MacFayden.

The Sox picked up pitcher Dick Coffman, who had been made a free agent by the New York Giants.

Trojans Take On Uclans for Right to Enter Rose Bowl

MEMORIAL COLISEUM, Los Angeles, Dec. 9 (U.P.)—The Trojans of Southern California and the Bruins of University of California at Los Angeles met here today in a football game which decided the Pacific Coast conference championship of 1939 and automatically named the west's representative for the traditional Rose bowl game on New Year's day.

The Memorial coliseum, where the Olympic games were held in 1932, was a sellout. A crowd of 103,300 persons packed the bowl.

Betting odds favored Howard Jones' Trojans 2 to 5, but plenty of money went to town on UCLA, coached by Edwin G. (Babe) Horrell, former all-American center, who turned in a sensational job in his first year as mentor of the Bruins.

The Trojans relied upon their great powerhouse line and an array of hard-hitting backs to get them into the Rose bowl. On the other hand, the Bruins depended on an elusive selection, the former Oregon star is far and away the best linebacker extant, and there isn't a rival man in the loop who can match him at covering against passes.

Then there are such handy men as Ed Wirtell, all-around tackle; Jim Poole, Jim Lee Howell and Oxy Parry. Not easily intimidated, these greatly aided the Bruins.

Biggest help in the Packers' favor is the brilliant passing combination of Arnie Herber to Don Hutson. There may be better passer than Herber, but nearly any football observer will tell you the former All-American star is the greatest receiver football has produced.

There's additional help in the persons of Larry Craig, big rookie blocking quarterback; Andy Strum, Ed Jones, Dwight Sloan and Clark Hinkle.

The Packers line is solid enough with Ray Buford, Butch Evenden, Buckle Goldenberg, Bill Lee and others but it doesn't quite measure up to the Bruins' line.

But as Bob Zupke says, you never can tell which way a football will bounce.

Outlaw Cagers Start Play December 11

With the announcement that all the Pier-Twin Falls Snake Valley Outlaw Cager league games will probably be played in the Pier high school gymnasium, the organization was reported ready to get underway today, with Rupert filling the eighth spot on the conference.

Play will get under way on Monday with Jerome at Gooding, Decin at Shoshone, Burley Sport Shop at Piler and Rupert playing the Burley Elks at Burley.

However, forfeiture fees of \$10, plus the league entrance fee of \$3 must be in the hands of Treasurer Hal Wood by 8 p. m. Monday, Dec. 11, or the various clubs will not be eligible to compete, it was pointed out here today.

The league by-laws require the posting of this money before the opening game. President Wally G. Oida of Jerome stated, "All clubs must have their money posted or notification that it is in the mail by that time."

The league this year is expected to be just as strong, or stronger, than last year, when teams from the circuit dominated play throughout the state—as they have for the past two years. In 1937 it was the Murtaugh Savers and in 1938 the Burley Elks and Shoshone Redskins, with the latter two teams splitting honors last year.

Addition of the Pier-Twin Falls team to the circuit this year is expected to add considerable strength, but it is possible that several clubs may be included on this team's roster, including Corky Carlson, the former Washington State college southpaw ace.

All games are scheduled to start at 8 p. m., except at Burley, where they will commence at 8:30.

Rose Bowl Bid at Stake in Game At Knoxville, Tenn.

KNOXVILLE, Tenn., Dec. 9 (U.P.)—The game of 1939, which will take place at the state fairgrounds, was expected to be followed within a few hours by an invitation for the Vols to play the Pacific coast tilt in the Pasadena classic on Jan. 1.

A new moon has just as much effect on the idea as does a full moon.

CINCINNATI, Dec. 9 (U.P.)—The Chicago Cubs traded Catcher Jim Mancuso and Pitcher Newell Klusmeyer today for a deal which was expected to be followed within a few hours by an invitation for the Vols to play the Pacific coast tilt in the Pasadena classic on Jan. 1.

Clemson Asked To Cotton Bowl

DALLAS, Tex., Dec. 9 (U.P.)—J. Curtis Sanford, Cotton bowl promoter, announced again today he had contracted with two teams for the New Year's day game.

He said Boston college definitely had accepted an invitation to play and that Clemson college of the Southern conference awaited only the approval of conference officials.

Eastern Club Favored To Annex 2nd Straight U.S. Championship

By JERRY BRONFELD (NEA Service)
MILWAUKEE, Dec. 9 (U.P.)—For the second year in a row the New York Giants and Green Bay Packers play for the national professional football championship, and as the experts gather here for the meeting Dec. 10, the consensus is that the Giants will retain the title they won a year ago and in so doing crack a jinx of long standing.

The National football league, like the Southwest conference, never has seen a championship repeat since the present playoff system between division leaders was inaugurated.

The New Yorkers otherwise referred to as "Mam University," beat the Packers 20-17 a year ago and were tempted to give them a slightly better margin this time.

The Giants in winning the eastern division title, won nine, lost one and tied one. The Packers took the western crown by winning nine and losing two, and barely staved the playoffs by defeating the inferior Detroit team, 12-7. The Giants, meanwhile, held off a great Washington Redskins outfit, 9-7, to clinch eastern honors.

Unerring toes

Biggest point in the Giants' favor is the presence of two of the greatest field goal specialists in the game today—the veteran Ken Strong, who has been kicking for more than a decade, and Ward Cuff, the one-time Marquette ace, who took over Strong's equal.

These two scored all the Giants' points in beating the Redskins. Cuff, making good on two attempts, and Strong on another.

Both are dangerous from anywhere within the 40-yard line, and once they get them from the 20 it's almost automatic.

Cuff, incidentally, won the league field goal championship with seven successful kicks.

Another margin which must be given to the Giants lies in all-around backfield strength. Ed Danowski is a great passer; Duffy Lee-man is the best running back in the pro game today; Hank Bear, Dale Bunnell, Cuff, Strong and Herb Pelsner have plenty of what it takes.

Edge Up Front

Up front is a rock-ribbed line that has been first and foremost. Mel Hein, the mobile giant who is regarded as the best center football has ever known, sits in an all-time selection, the former Oregon star is far and away the best linebacker extant, and there isn't a rival man in the loop who can match him at covering against passes.

Then there are such handy men as Ed Wirtell, all-around tackle; Jim Poole, Jim Lee Howell and Oxy Parry. Not easily intimidated, these greatly aided the Bruins.

Biggest help in the Packers' favor is the brilliant passing combination of Arnie Herber to Don Hutson. There may be better passer than Herber, but nearly any football observer will tell you the former All-American star is the greatest receiver football has produced.

There's additional help in the persons of Larry Craig, big rookie blocking quarterback; Andy Strum, Ed Jones, Dwight Sloan and Clark Hinkle.

The Packers line is solid enough with Ray Buford, Butch Evenden, Buckle Goldenberg, Bill Lee and others but it doesn't quite measure up to the Bruins' line.

But as Bob Zupke says, you never can tell which way a football will bounce.

Firemen Down Firestone in City Loop Play

Detroit's Iron Firemen last night took four a row from the Firestone club with a 23-pin handicap being of no assistance in the victory.

The last-place club showed championship form and came through with a 901 total in their last game. High individual honors went to Jim Thompson of the winners, who had a 582 total and a top single of 214. Following closely behind was a 205 by Bill Long. Detroiters took the free bowling for next week with 2,574 over Orange's 2,554.

For the losing club Art Timmons was high man with a three-game series of 463.

McLemore Sees Handicap on Yanks As Another Stamp of Greatness

By HENRY McLEMORE
JACKSONVILLE, Fla., Dec. 9.—Everybody laughed when I set down at the typewriter a few years ago and wrote that their rivals would eventually impose some sort of handicap on the New York Yankees. It was only a matter of time and a few more runaway triumphs in Cincinnati, but they took a step toward it. In a season dominated by Clark Griffith of the Washington Senators, the American league ruled the Yankees must not acquire a player from within the American league except by waiver.

In other words, the Yankees can't buy a player in the league except by waiver.

I am not at all sure the baseball public is going to greet the handcapping of the Yankees with cheers. The sporting element in the United States has always had a tremendous liking for stand-out champions. They went for Dempsey when he was knocking every body stiff, and they go for Joe Louis for the same reason. They cheered Bill Title to go over the 147-pound limit and be right. He said he had telephoned Armstrong's manager, Eddie Mead, and Mead had agreed to "pull off the overweight affair and put the title at stake."

Armstrong said it was just another fight and the "title won't leave my hands anyway."

ADMIRALTY TAKES OVER ALL BRITISH SHIPPING PORTS

PLAN READY FOR SWEEPING MINES ON ALL COASTS

By HENRY T. GORRELL

LONDON, Dec. 9 (AP)—Admiralty authorities assumed control of all shipping within designated areas of British territorial waters today in a form of maritime martial law to be used to combat the German submarine and mine menace in British sea lanes.

It was understood an admiralty plan was nearing completion for a gigantic mine-sweeping campaign which was expected to free the British Isles from the danger of German unrestricted mine warfare.

By its decree today the admiralty took under its jurisdiction, effective at once, the waters adjacent to the North, in the Thames river estuary; Portsmouth, on the south coast; the western coast of Scotland, in the Fifth of Forth on the Scottish east coast, and the Orkney and Shetland islands above Scotland.

Navy commanders in charge in these areas were given jurisdiction over all shipping.

Purely Defensive

The order was described as purely defensive, and unconnected with the British blockade.

Up to 100,000 men may be employed in the anti-mine campaign, as a part of which there will be daily sweepings of channels by mine-sweepers—small wooden hulled boats which can pass freely into fields of submerged magnetic mines.

Returning to a new German mine-torpedo wave, the British Navy and air force believed they had accounted for three German submarines yesterday.

It was announced also the German steamship *Henzel* (older) 3,648 tons, had been captured by British warships.

There seemed no doubt in the military that a coast patrol plane sank a submarine yesterday morning, scoring direct hits near its conning tower.

Attacks Submarine

Another coast patrol plane attacked a submarine. The pilot caught it as it was submerged, the air ministry said, and dropped nearly a ton of bombs on it as it lay a few feet beneath the surface.

Early today it was reported a third submarine had been sunk—the one which yesterday torpedoed and damaged the British destroyer *Jervis*. Royal air force airplanes and destroyers in a combined attack sank the U-boat, according to reports.

THIS NEWEST AND FINEST edition of the only 8-cylinder car in the low-price field is "hitting on all eight" on the road of public acceptance.

ALREADY 200,000 new 1940 Ford V-8 cars and trucks have been built—yet, since their introduction two months ago, orders have remained constantly in excess of production.

THE REASONS aren't hard to find. Ford value has moved ahead all along the line.

THE NEW BEAUTY of the car has won admiration.

IMPROVED RIDING QUALITY—a smooth, lumpy, level ride in the back seat as well as the front.

NEW QUIET AND COMFORT, new conveniences in operation.

MANY OF THE ORDERS, dealers say, are from people who have not driven a Ford for some years, and are amazed to discover what a fine car can now be obtained at such a low price.

NO MATTER what kind of car you are driving now—or what your previous ideas of value in the low-price field may be—

Drive the 1940 Ford V-8 before you decide to buy any car.
