## Finns Trap 5,000 Russian Troops; Consolidate Wins

**HELSINKI, Dec. 16 (UP)**—Finns today consolidated their victories won on two fronts after four days of savage fighting.

At Suomusalmi, 20 miles from the Russian border in the central part of the country, the Finns had cut off the Russian advance toward the gulf of Bothnia, aimed at cutting Finland in two at its narrow "waist," and had trapped 5,000 Russians who had advanced beyond that point.

Three hundred miles farther south, a Russian force was still held at bay on the east side of the Taipale river, which they had failed to cross.

The battle of Suomusalmi ended at the moment at least one of Finland's greatest perils. The Russian had attempted, by thrusting along the cross-country road to Oulu (Uleaborg) on the Finnish coast, to cut the only railway over which south Finland can receive supplies from the outside world.

The Russian army, near the Finnish border, through Oulu to the Finnish coast. Since shipping to Finland is at the mercy of German and Russian blockades of the Baltic, the Russian advance in the Suomusalmi region threatened to cut off all hopes of moving supplies to the south Finnish area, including the capital, from Finland, America and other countries.

## Hanks Makes Good on 2nd Escape Plan

**TUCSON, Ariz., Dec. 16 (UP)**—Hank Hanks, escaped "hulk" who was taken from the Arizona state hospital, made a successful break for freedom today from the hospital at Tucson, returning him from El Paso, Tex., back to Phoenix institution.

Hanks was shackled together with handcuffs. Hanks broke the rung of a ladder to which he had been temporarily fastened at the railroad station and fled into the desert.

Twenty members of the Tucson police department and sheriff's office immediately began a search for the 27-year-old man who broke out of the state hospital Dec. 8, five days after Winnie Ruth Judd, his wife, was captured in El Paso.

Hanks was in custody of R. J. Raymond, hospital attendant when the train pulled into the Tucson depot. Raymond fastened the handcuffs on Hanks and the latter and sheriff's office to the hospital.

When Raymond emerged, Hanks had disappeared. The guard, a black, three-inch patient, who weighs 300 pounds, had broken the rung of the ladder with his hands, slipped the handcuffs through and vanished.

## U. S. CUTS TARIFF ON CUBAN SUGAR

**WASHINGTON, Dec. 16 (UP)**—The United States has virtually completed a new agreement with Cuba to reduce the tariff rate on Cuban sugar to its former 90-cent level, it was learned today.

Some quarters had expected the new agreement would be signed today, but there were indications actual signing might be delayed a few days.

It was understood terms and the language of the draft agreement were communicated to the Cuban government authorities and they were found satisfactory.

Details of the proposed agreement were held in secrecy. However, the United Press was informed it would reduce the tariff on Cuban sugar from the present rate of \$1.02 per hundred pounds to 90 cents.

## Actor's Body Laid to Rest

**HOLLYWOOD, Dec. 16 (UP)**—The body of Douglas Fairbanks, dancing star of the silent film, was laid today in Forest Lawn Memorial park.

Friends of the former star craved the thin casket of Wee Krick of the funeral home yesterday to attend final rites.

## Onion Growers Reject Federal Market Plan

**WASHINGTON, Dec. 16 (UP)**—The agriculture department announced today that onion growers in Idaho and Oregon have rejected a proposed federal marketing agreement program.

The growers opposed 87 to 22 against the program in a referendum, the department said. A two-thirds majority in favor of the program was necessary to make it effective.

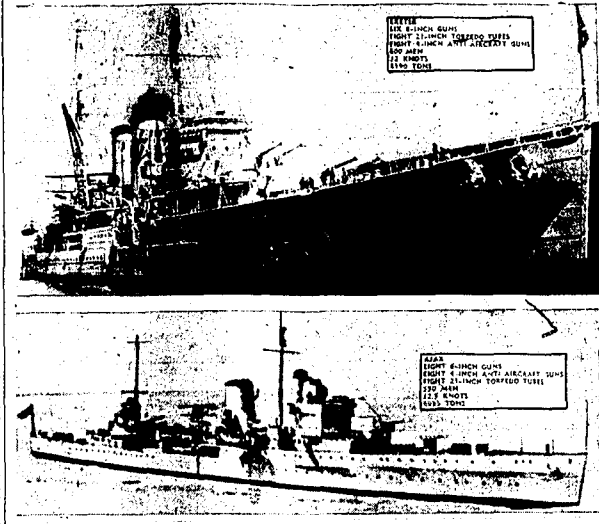

South Idaho voters were cast at Jerome, Bluff and Twin Falls.

## Solon Demands State Explain High Cost of Feeding Inmates at Prison

Emphatically asserting that "the people of Idaho deserve an explanation of high cost at the state prison," Rep. Ralph E. Leighton, Twin Falls, member of the house appropriations committee in the 1939 legislature, demanded here today that the prison board tell "where that money has been laid out at published figures as to the daily cost of feeding each prisoner at the crowded prison, where he has been informed it was \$1.02 and six-tenths cents per day per prisoner.

"That figure is preposterous, to say the least," Rep. Leighton said. "At the national guard camp in Boise last June the ration allowance was 92 cents. And the men

## Principals in Great Sea Battle Off South America

Here are two of the three British cruisers that engaged the Nazi sea raider Admiral Graf Spee in a 14-hour running sea fight off the coast of South America, a great sea fight that ended in victory for the British. Above, the cruiser Exeter, lower, the Ajax.

## Tired, Weary Trunk Slayer Back in Cell

**PHOENIX, Ariz., Dec. 16 (UP)**—Tiger woman Winnie Ruth Judd, murderer of her two best friends, today was back in the state asylum she fled 13 days ago.

Her 200-mile flight across the Arizona desert, made on foot while she subsisted on stolen crackers and fruit, ended at Yuma, Ariz., yesterday.

Surrounded, weary, her lips parched for lack of water, her thin hospital gown torn through, she dragged herself into a drug store telephone booth to call her husband, Dr. William C. Judd of Los Angeles.

She did not complete the call. Joe Metz, chief officer of the state liquor enforcement board, identified her and a few moments later she was escorted from the booth by police he summoned.

Her second escape in two months was ended when she walked into the asylum from her door six days after she fled—was prompted by the same persistent hallucinations as the first.

"They said they were going to cut off my head," she said. "I was very scared. I had to get away from that hospital. I had to get protection."

The manner of her escape resembled a murder.

The 34-year-old slayer was locked in a new cell block believed almost a new proof.

## Battle on Seas Takes Big Toll

**LONDON, Dec. 16 (UP)**—The allied German war at sea and in the air gained in fury today with mines, submarines, and fighting planes spreading destruction and death from the North sea to the south Atlantic.

During the last 48 hours while British warships lay outside Montevideo, Uruguay, waiting for the shell-battered German pocket battleship Admiral Graf Spee, nine merchant ships were sunk, and a British tanker, the Greek freighter Geranion.

During the sinking occurred off the northeast coast of England, causing speculation that German flying saucers might be seen in the area.

Those lost in the Thames estuary recently. If this is true, the mines have been laid in the estuary.

Force began tonight "security patrols" to the German naval and airplane base of Heligoland Bight in the North sea.

Eleven of the sunk ships—all except the Rose and James Lufford—were sunk in the last 24 hours with the loss of numerous lives.

## Mayor Seeks to End Meat "War"

Mayor Joe Koehler today had taken the first steps toward ending an undeclared "meat war" which has been carried on between Twin Falls and other cities in Idaho for the past several years.

Invitations to mayors and local inspectors of various communities to meet in Twin Falls at some date during January of 1940 have been issued by the mayor. At that time the mayor will discuss the possibility of the adoption of a "gentlemen's agreement" which would permit, for instance, the sale of meat to local meat in Pocatello and Pocatello dealers to sell meat here.

At the present time, it is pointed out, the 14-year-old boy would have been men from Mars carried the nation's will, will be divorced, he announced today.

## Attendants Cry, Hiss, Cheer Presentation of Epic Film

**ATLANTA, Ga., Dec. 16 (UP)**—The youth will not see from Hollywood.

A rebel yell, this time of satisfaction, reverberated after the last night's world premiere of "Come With the Wind."

Bernheim's caution never faded more loudly, nor did the hundreds of his cavalry cause more chatter, than did the Confederate audience of 4,300 as it watched the three-hour film from the first battle of Bull Run.

Audible sobs and visible tears came from the faces of Atlanta youth as they saw the story of the wounded and dead when the Yankees led siege to the town.

Veterans Present

From their fourth row seats, from Confederate veterans, all of whom fought in the actual battle of Atlanta, the sea, the Low's Grand theater sounded like a pit of anger, snarls, Men, women and children.

The roof shook with applause when Bernheim drew a revolver from the folds of her skirt and shot and killed the Yankee soldier who had invaded her home.

There wasn't a dry handkerchief in the house at the finish, not even Margaret Mitchell's. In one of her

## Nazi Warship Faces "Suicide" Escape Attempt

**MONTEVIDEO, Uruguay, Dec. 16 (UP)**—Nine hundred officers and men aboard the German pocket battleship Admiral Graf Spee faced today the alternatives of a suicide dash to sea into the guns of an allied fleet or the interment of their proud ship for the duration of the European war.

Sunday night—4 p. m. MST according to authoritative reports—was the deadline.

It was reported that the British cruiser squadrons which had kept the death watch on the Graf Spee, steaming back and forth just outside Uruguayan territorial waters, had now become an allied fleet.

Chairman James G. Shughart, D. N. of the house naval appropriations subcommittee, sought today to make the British eye-witnesses of the naval battle off the Uruguay coast testify before his committee.

## PRISONER IN JAIL FACES DEPORTING

**Because a Twin Falls county jail inmate shipped into the United States at 11:30 p. m. Monday, a steamer, and then deserted ship, it was indicated today that he will be deported to his native land.**

The inmate was taken to the jail here next March.

He is James Michael Langlois, 30, Mattawa, Ont., Canada.

Deportation hearing was staged in Twin Falls today by Inspector Harold Woods, agent from the district office at Salt Lake City. Mr. Woods said that proceedings in the case were being handled by headquarters at Washington, D. C., for final decision.

Langlois was sentenced to one to five years in state prison, committed to four months in county jail, last Nov. 17 by District Judge J. W. Porter. He had pleaded guilty to charges of second degree burglary after arrest for entering the basement of the Walgreen drug store and secretly taking a pair of shoes and a trousers set in the basement by an employee.

Entered in 1932.

Inspector Woods said that probe of Langlois' record shows he entered the U. S. unlawfully in 1932 by deserting from the freight steamer on which he had shipped from Canada as a crew member.

Federal U. S. records show Langlois has been arrested previously for vagrancy, intoxication, shooting and second degree burglary.

# WEST REPUBLICANS SEE CRUCIAL TEST IN 1940 CAMPAIGN

## SPEAKER LASHES IMPORTATION OF 'FOREIGN' IDEAS

**By MURRAY MOLES**  
SALT LAKE CITY, Dec. 16 (UP)—The 1940 presidential campaign which Charles R. Enos, Republican national committeeman from Colorado said would provide "the crucial test of the Republican party" occupied delegates of eight western states in a regional party conference here today.

Lester D. Sumnerfield, Republican national committeeman from Nevada, set the tenor of the conference in an assault on the Democratic party for forcing government tenders to dictators and centralization of authority.

Sumnerfield compared the Roosevelt administration with passages from the "Jungle Book" of Kipling, "particularly the antics of the monkey people," he described.

Source of Philosophy  
"It is irresistibly driven to the conclusion," he said, "that the New Deal philosophy, Kipling would have written it as a prophetic fiction."

The New Deal creation of 48 executive-controlled federal agencies, he said, was a "violation of the 100 years' tradition of the past 100 years showing the tendency toward dictatorship, Sumnerfield added.

He charged the New Deal was "sired by propaganda out of the hands of deception," said the administration had failed to live up to many 1935 campaign promises, whereas the GOP was a party record of which every Republican can be proud—one that stands back of every promise we will make in 1940.

Dwarfish Charges "Coercion"  
Francis J. Bon, president of the Wyoming Young Republican league, charged President Roosevelt for including Republican critics among Nazis and Communists. Rep. Henry D. Dwyer, R., Idaho, charged the administration to task for "coercion" of business, industry and agriculture and charged Secretary of Agriculture Henry A. Wallace with an attempt to revive the AAA through a change of method in administering agricultural credit loans.

Republicans from all western states except New Mexico and Oregon are represented at the sessions.

## C. of C. Upholds Parking Law; Plans Aid to Turkey Grower

Vigorous endorsement of the Twin Falls one-hour parking law in the downtown district had been voted today by the Chamber of Commerce and despite some discontent voiced by motorists.

The chamber went on record in support of the city ordinance and the police department's enforcement at the C. of C. directors' meeting in the Hagerston hotel yesterday.

**Officials Speak**  
Carl E. Ritchey, police commissioner, discussed the matter briefly and asserted that both high praise and stout criticism had been directed at the one-hour regulation. Chief of Police Howard Gillette told the chamber that his department has tried to follow out an educational program to inform motorists as to the one-hour parking limit. He asserted that officers make no exceptions in cases of local residents, but issue courtesy tickets in cases where the motorist is known to be from out-of-town. But, he said, when these out-of-towners fail to observe the parking rule, a number of time police tickets are then given them.

The chamber voted to join an intensive campaign to assist Idaho turkey growers by attempting to boost consumption of turkeys during the coming holidays. The vote came after reading of a letter from the wholesale trade committee of the Pocatello Chamber of Commerce.

**Urges Merchant Aid**  
The motion for cooperation here provided that, because chamber committees are now inactive in the Christmas holiday rush, the two Twin Falls newspapers are to take the lead in "talking turkey." Merchants were urged to participate in cooperative advertisements in both papers, and it was suggested that employers who usually give Christmas gifts to their employees should give turkeys as gifts this year.

Secretary Vivian Carlson was instructed to use all groups and individuals now preparing Christmas baskets to include a turkey as the meat portion of the basket.

The resolution of cooperation will be sent to all southern Idaho Chambers of Commerce in turkey-growing areas.

**Committees**  
With announcement of two more standing committees by President Carl N. Anderson, the chamber's 1940 lineup of committees was widened to seven groups. New choices included those for finance and conventions. The complete list was:

**Finance—Orant Thomas, chairman; John Gardner and Ray M. Kimble.**

**Conventions—Lynn Stewart, chairman; Howard Gerlach and Voy Hudson.**

## Crippled Woman, Sackful of Coins: Real-Life Interlude in Twin Falls

By JEAN DINKELBAUER

It was raining and she wore no coat, she was in a daze, and she had on a green glass dress and wore a one-white wool hood on her head.

Aided by two crutches, the rather massive figure hobbled in to a local restaurant last night and asked for a room.

But not until she had given a dime up to the small boy who had brought her to the counter, and had handed her the crutches, she ordered halibut steak, and then asked the cashier if she would have her dinner packed.

The cashier told her that this was a "silver" counter, and that greenbacks were hard to get.

Then she asked for a couple of paper bags. She turned down the small easily and quickly packed bags, with hands that were as grimy brown as her ponderous arms the size also.

When the paper bags were brought, she opened an over-burdened red leather purse and from it brought a small flour sack.

The woman tipped it up and from it poured a brilliant interior roll of nickels, dimes, pennies

With one-half million members as its goal, the American Legion auxiliary is making a strong start on enrollment of its membership for 1930. Mrs. R. E. Joslin, local membership chairman, announced today that the auxiliary has an enrollment of 40,000 women.

"This year the auxiliary has an enrollment of 40,000 women," she said, "the largest in its history, and a gain of nearly 20,000 over the previous year. A like increase in 1930 will bring us to our goal of 500,000 members."

"The auxiliary has not yet approached the limits of its possible membership strength. All wives, mothers, sisters and daughters of Legionnaires and decorated veterans, and women who themselves were enlisted in the World War service are eligible," she pointed out. "Every woman more and more of these women are coming into the auxiliary to enjoy its opportunities for civic and patriotic service."

"At this time when conditions hold so much danger to our country's peace and security, women of the World War families have an especial urge to become active in the auxiliary. They know that war means to them and their children, brought to America to fight. They realize the value of American democracy and they hope to preserve it for themselves and for their children. In the auxiliary they have opportunity to work for these things, to join with women of the same patriotic belief in a common effort for America's peace and security."

"The Twin Falls unit will hold its next meeting at the American Legion Memorial hall on Jan. 3. The occasion marked one of the most eligible women will be invited to attend as guests. Mrs. Earl B. Johnson, unit president announced."

# THORNHILL RELEASED AS STANFORD COACH

## Pat Comiskey Takes First Licking of Career From Steve Dudas

### Board Votes for Ouster; 4 Loom In Race for Job

PALO ALTO, Calif., Dec. 16 (UP)—Stanford university today began a search for a football coach to replace Claude E. (Tiny) Thornhill whose dismissal was recommended by the board of athletic control.

The board voted last night to let Thornhill's "indefinite" contract lapse when it comes up for renewal April 1. The recommendation was sent to President Ray Lyman Wilbur for final approval.

Thornhill came to Stanford in 1922 as assistant to Andy Kerr, later called "Pop" Warner and since 1933 had been head coach. For three years Stanford won the Pacific coast championship and represented the west in the Rose bowl but this year Thornhill experienced his most disastrous season. His team won only one game and tied another.

Although the athletic board did not indicate when it would choose a successor, four coaches were believed under consideration. They were Dudley S. deGroff of San Jose State college, Lawrence T. Shaw of Santa Clara, Gerald Oliver of Oregon and Jim Lawson, Thornhill's first assistant at Stanford.

Hopping from horses to bull jump—which isn't quite as big a jump as you might think—the big "bust" in baseball was the New York Giants. This is the team that Terry said was the best.

## Nelson, Kunes Tie for Lead in Miami Open

MIAMI, Fla., Dec. 16 (UP)—National open champion Byron Nelson and Gene Kunes, an outsider from Philadelphia, led the field of the \$10,000 Miami open today, but only by a slim margin.

Nelson was there at the head of the field of 228 going into the third round because game, but for Kunes the leadership was an unexpected adventure.

A late starter, Kunes came in under cover of darkness yesterday with one of those rounds of a lifetime, a four-under-par 68 to add to a first-round 71 that sent him rocketing into a tie with Nelson at 137 for the 36-hole lead.

Despite the 127, three under par for 36 holes, the bookmakers still offered 25 to 1 on Kunes.

The odds on Nelson were only 4-1, for he again shot the standard 68 on the course in hanging up a 60 on his opening round score of 68.

Ralph Guldahl, national open champion in 1937 and 1938, who had a second-round 70, and E. J. Harrison of 69, were only one stroke behind at 138.

Johnny Revolta, Dick Metz, Denny Shroyer, Ben Hogan were bracketed at 139.

### Zip-Way and Orange Club Win Pin Tilt

The high-riding Zip-Way bowlers won 11 straight pins in Commercial league bowling before being stopped in their final contest last night by Idaho Power, by a seven-pin margin in the final.

However, the groovy men took three out of four to win the series and moved up in the Commercial standings. Every man on the winning club was over the 500-mark, with George Paulsen's 530 topping the winners. Westergren had a 222 for high single.

For the losing club, Graf Self got a 222 single and a three-game series of 598 to lead all the winners bowlers.

City league play saw Orange Transportation go into first place with a three-to-one victory over Firestone. All players on the winning team went over 500, with Westergren 570 being tops. Top single in this loop was bowled by Ray King of Firestone, who got a 211 in the second game. He had a 544 total to lead the tire men.

Although Firestone's 2216 would ordinarily be good enough to win most matches, Orange was just too hot with a 2,664 that set a new three-game total in City loop. The old high had been held by Firestone.

Zip-Way club went over the 500-mark—they think the first time in the history of the team.

George Paulsen, with 530 led. Pop Westergren had 525, Les Cowan 519, Vay Gish 517 and Johnny Wagner 512. Very nice team play.

Pop Westergren got 222 best single for Zip-Way, but he had to take second place for both teams with that score as Graf Self checked in with a 223 his last game.

On first count Graf had a 500 total, but on a re-check he had 598—which was easily top total for both teams.

Sherrill Reed got a 528 total, while the rest of the Idaho Power gang was below par.

Taking first place in advance—that was the Orange Transportation did in taking three out of four from Firestone in a game scheduled for next week, but bowled last night.

Orange jumped from fifth place in the league. Again every player was over the 500-mark. Nice going for the team, but tough on the opposition.

Capt. Ross was head and shoulders above the rest with 570. D. Sage had 545, Edwards 530, Wally Dix 507 and Uncle Archie Anderson 502.

Ross's first game of 203 was the best single for the winners.

Ray King, with 544, was top Firestone player. Child's 537 was second while the rest of the Idaho bowlers were below 500. King's 211 was the high single of this match.

Don't forget the big basketball game next week. I'll sell you the tickets.

## Previously Unbeaten Battler Fails to Find Range on Veteran

By HARRY FERGUSON  
NEW YORK, Dec. 16 (UP)—The red came leaking out of his nose in a steady, maddening drip like water from a rusty faucet too old to be repaired.

Just above the belt he was crimson with welts where soggy leather had raked and bruised him. Out of the redness of his face peered two bewildered, baffled blue eyes, searching for something they never found—an opening that would give him a shot for the jaw.

Patrick Edward Comiskey, boy wonder of the heavyweights, probably the hardest right hand puncher in the business, a 19-year-old dynamiter who seemed on his way to a bout with champion Joe Louis, was taking the licking of his life.

And the first licking he ever took in his right hand, the Madison Square Garden, took from a caggy old campaigner named Steve Dudas, who is not far from 40, but who has absorbed enough of the lore of the leather slingers to make a monkey of a green kid Dudas.
