# SOVIET AIRPLANES BOMB HELSINKI

## ENGLAND OPENS BATTLE TO GAIN AIR SUPREMACY

By HENRY T. GORRELL  
LONDON, Dec. 19 (U.P.)—Great Britain has started a campaign to establish definite air supremacy over Germany, it was understood today.

Airplane experts looked forward to a series of spectacular and increasingly bigger fights over the North sea and the German coastal area.

A British royal air force raid over Heligoland bay, perhaps Germany's strongest naval base, which resulted in a five hour battle yesterday and brought heavy casualties to both sides was the second big scale British aerial operation in recent days.

It was disclosed 33 British planes took part in raids over the same area last Thursday.

British "security patrol," established recently to combat the German mine laying campaign, are part of a general bid for aerial domination, it was understood. They are intended to keep German mine laying planes at their bases in the early morning hours, their usual time of departure.

12 Nazi Planes  
The air ministry asserted 12 German Messerschmidt fighting planes, out of a total of 24 engaged, were shot down in the Heligoland battle yesterday. It was admitted seven British planes had not returned.

(Germany said 34 of 44 British planes were shot down and admitted loss of but two planes).

Air force experts were especially pleased by the performance of British bombing planes in their flight over the German coast. They said the German planes that downed yesterday's fight were fighting ones and bombing planes had done the shooting. They said also that not a single British fighting plane had been shot down by a German bomber since the war started. This was evidence of type superiority of British planes.

Attack Ships  
Germany was the moment, the concentration on airplane attacks on small British ships. German planes sank the "Haguen," a British minesweeper, in the coastal waters on 24 ships during the week-end.

An Oslo dispatch said the Norwegian destroyer, "Ole," of Oslo, had been mined or torpedoed in the North sea with the loss of her captain and five men, bringing the total of Norwegian sailors lost in the war to 99.

## As Rescuers Carried Miner's Body Out of Canyon

Requiring hours to make the perilous ascent from the bottom of Snake river canyon, volunteers and officers early today brought the body of L. W. (Pete) Roth, placer miner, to the southside rimrock above the spot on the north side canyon floor at which a giant boulder crashed Roth to death. Top photo shows the volunteers en route up the rocky canyon side, carrying the shroud-wrapped body. Bottom photo, the rescuers complete preparations for the ascent. Jerome and Twin Falls county officials and a state patrolman are included in the group around the body.

## ARGENTINA WILL INTERN CREWMEN OF GERMAN SHIP

By A. L. BRADFORD  
BUENOS AIRES, Argentina, Dec. 19 (U.P.)—Officers and men of the scuttled German pocket battleship Admiral Graf Spee are to be interned today, and the foreign office made plans to intern them.

Capt. Hans Langsdorff, the Graf Spee's commander, had brought 1,200 officers and men with him across the River Plate estuary from Montevideo where he had blown up his ship rather than face the British cruiser death watch which awaited it.

"I am satisfied—I have saved all my men," he said in a statement.

Berlin dispatches had made it plain the German government would plan the Graf Spee men would be treated as "shipwrecked" mariners and released, to get home if they could.

Plan to Intern  
The foreign office made it plain, however, the government intended to intern them all, probably on the small island of Martin Garcia, out in the river. The island is used for detention of Argentine political prisoners. Officers of the Graf Spee may be allowed to take up residence in Buenos Aires if they pledge themselves not to try to escape.

It was disclosed, regarding German protests against the refusal of Uruguay to give further shelter to the Graf Spee, that it was a combined front of 11 American republics, including the United States, which had forced the ship to go.

German authorities, backed by Italian ones, had refused to order the ship to leave Montevideo, Uruguay consulted envoys of other American republics. The result was the firm statement that the ship would not leave Montevideo Sunday night and would be interned for duration of the war.

All Quiet  
Reports had circulated at Montevideo that the Admiral Graf Spee crew had threatened to mutiny when the ship was made to leave the city. But there was the slightest sign of dissension or of dissatisfaction among the crew here.

Foreign office sources indicated the government was prepared to reject any German protest against internment of the Admiral Graf Spee's men. It was held the arrival of the Germans in ships for which they had evidently contracted eliminated any possibility they should be considered "shipwrecked" mariners and not be interned under the Hague conventions.

## No Casualties as Ships Drop Giant Shells on Capital

By WEBB MILLER  
HELSINKI, Finland, Dec. 19 (U.P.)—Soviet Russian air planes roared along the entire southern coast of Finland today, dodging heavy Finnish anti-aircraft fire and dropping a dozen bombs in the Helsinki area.

Police reported the only casualty was a black crow—killed by a 660-pound aerial bomb.

Finnish batteries, greatly strengthened since the last Red aerial raids two weeks ago, fired volley after volley at the Russian planes in the Helsinki district, at Abo (Turku) on the southwestern tip of Finland and along the upper Vuoksi river, where large Finnish power plants are located. American capital estimated at \$10,000,000 is invested in the plants.

Messages indicated bombs were dropped only at the town of Lamminkylä, near Helsinki, and there was no serious damage.

It was disclosed, however, that Soviet planes yesterday had raided Viipuri (Viborg) along the Finnish coast and dropped bombs, one of which the Finnish news agency said fell near a Red Cross hospital.

The planes also were reported to have turned machine gun fire on the streets, killing a woman.

Fortress Bombed  
Reports asserted the Russian planes dropped parachute during today's raid, but police failed to find any. It was believed they had dropped propaganda pamphlets rather than have attempted to land soldiers behind the Finnish lines.

There were reports that Swedish fortress outside Helsinki port were bombed and that one Russian plane was shot down, but official confirmation.

Reports of the number of Russian planes varied from eight to 12. The speed with which the planes set up an anti-aircraft barrage, much of which seemed of the latest type, was especially noteworthy.

The Russians have been prominent two weeks by bad weather.

The planes over Helsinki today apparently were on a scouting mission. They were flying high, their approach was signaled by heavy anti-aircraft fire north of the city.

The anti-aircraft fire grew louder as gunners closer to the center of Helsinki along the coast and inland.

The sky was filled with puffs of smoke from anti-aircraft shells.

As the planes neared the center of Helsinki, machine guns went into action on the roofs of buildings. The firing lasted for minutes, it was well under way before the air raid alarm was sounded.

It was reported the Russians had renewed their attempt to attack on the Mannerheim line in Karelia, despite heavy losses, apparently believing Finland's small man-power cannot long endure incessant pounding.

Use Great Forces  
The latest attack was west of the middle of the line. In the last three days the Russians had attacked in great force in six different places along the Mannerheim line. The Finns had held their ground and even had gained at a few points, Finnish military observers believed the Russians planned to continue the one-two-three series of punches, hoping to keep the Finns along the Mannerheim line under their reserves by field charges.

Russia's man-power available for these tactics was almost unlimited, the federal review board stated steadily, with little rest. It was pointed out, however, that Finland had put many more men in the field than the population of 3,000,000 would indicate, because 200,000 Finnish women are enrolled in the auxiliary land guard corps, doing work usually done by men, thus releasing men for the front.

## JOHNSON CASE ARGUMENT HEARD

BOISE, Dec. 19 (U.P.)—The state supreme court today heard argument in the appeal of Duncan McD. Johnson, former Twin Falls mayor, convicted of murder in the death of George L. Olson, Salt Lake City jewelry salesman.

Attorneys argued before the high tribunal on the right of the district court to allow hearsay evidence to be presented to a jury in the case of Johnson, charged with the murder of Olson, a man named W. A. Mills of Twin Falls had said regarding the murder.

Olson testified in district court Mills told him he saw an automobile with the engine running parked behind Johnson's car in the street of Twin Falls about the time of the murder.

The father of Olson was found in a locked sedan near the Park hotel in Twin Falls on May 24, 1938, shortly after he was seen in company with Johnson who usually purchased stock from him for the jewelry store. Johnson was sentenced to life in prison.

The court made the additional evidence under advisement. Decision will come later.

## MARRIAGE

PITTSBURGH, Dec. 19 (U.P.)—The strains of a Gypsy funeral dirge filled the air today as the "bride" walked down the aisle, bowed, at St. Michael's church in Braddock.

The last wish of Albert Horvath, 26, of being buried in the Catholic faith, he said on his deathbed, "please carry out the wedding at my funeral."

So, today, everything was carried out as it would have had Al lived. He died last Thursday of pneumonia.

The "bride," Irene Garber, 35, was dressed in a snow-white gown and carried a bouquet of flowers. There were eight "bridesmaids" and a half dozen "waiters."

Twenty-five Gypsy musicians provided the music. But there was no "wedding march." Instead, they played a solemn requiem for the dead "bridegroom."

## U. S. BUSINESS AT PEAK FOR MONTH

WASHINGTON, Dec. 19 (U.P.)—The federal reserve board presented a bright picture of the business situation today in a review covering November and the first two weeks of December.

Almost all branches of industry showed improvement, the board said. The board's seasonally adjusted index of industrial production advanced from 121 to 124 in November, reflecting substantial activity in a period when a decline is usual.

Industrial activity continued at the high level which began after the quotas on imported sugar were lifted in the European war, the board said, with a considerable increase in distribution of commodities, and a rise in prices of basic commodities.

## FIGHTER ADMITS SLAYING GERMAN

NEW YORK, Dec. 19 (U.P.)—Ernie Hines, 32-year-old boxer, has been arrested in Toronto, Ont., and has been charged with the slaying of a German fighter pilot.

Richard Engelberg, first secretary of the German consular general here, was slain today.

The defendant was announced by Assistant Chief Inspector John J. Ryan at New York police headquarters.

Hines was found in Toronto last night and was taken to New York by plane to question him.

He admitted the slaying after several hours in his cell and had been turned to the 90 cent a hundred pound level established by the original 1934 treaty with Cuba when the President reinstates the quotas for all principal production areas.

Joseph C. O'Malley, U. S. spokesman for domestic sugar interests in connection with the supplemental trade agreement with Cuba which was turned to the 90 cent a hundred pound level established by the original 1934 treaty with Cuba when the President reinstates the quotas for all principal production areas.

## President to Reinstate Quota On Foreign Sugar Importation

WASHINGTON, Dec. 19 (U.P.)—President Roosevelt was expected to reinstate sugar quotas in the America suspended by presidential proclamation Sept. 11, shortly after the European war began. Sharp price rise during the first week of the war caused the President to declare existence of an emergency in the sugar industry and to take the steps on imports.

Restoration of the quotas was foreordained by the state department's announcement last night of the conclusion of a supplementary trade agreement with Cuba which was turned to the 90 cent a hundred pound level established by the original 1934 treaty with Cuba when the President reinstates the quotas for all principal production areas.

## No Inquest Will Be Held in Miner Death

No inquest will be held into circumstances surrounding the death of L. W. (Pete) Roth, 45, a miner who was crushed yesterday about 3 p. m. when a huge rock toppled over on him in Snake river canyon three miles east and a mile north of Hansen.

Announcement that no inquest would be held was made this afternoon by Coroner J. R. Wiley, Jerome county, who aided in the investigation. The mishap occurred on the Jerome county side of the river although the body was brought across the river and up the Twin Falls side.

The man had apparently been undercutting a large boulder during mining operations. The boulder rolled over on him and it was believed he died almost instantly.

Some 15 men aided in bringing the body out of the canyon and it took two men to move the boulder from the spot.

Friends found the man when a small gasoline motor he was using to operate a pump suddenly stopped. He was almost completely covered by the large boulder and small rocks which trapped him.

Although little is known of the man, Mr. Wiley said that funeral arrangements are being made by relatives believed residing in Nebraska.

Aiding in the work of bringing the body out of the canyon were Lieut. A. E. Perkins, state policeman; Virgil Barron, Twin Falls patrolman; Claude Wiley, special deputy sheriff of Twin Falls county; and Sheriff Lee Johnson, Jerome county.

## Late FLASHES

ABO (TURKU), Finland, Dec. 19 (U.P.)—Abo, third largest city of Finland, was bombed three times in four Soviet air raids today.

No reports of deaths were received but several persons were injured and several houses were burned in this port city on the southwestern coast.

The first raid occurred at 11:30 a. m. when 15 planes flew over the city and dropped several bombs on the workers section.

## Spring Fever Strikes U. S. Gift Shoppers

(By United Press)  
Christmas shoppers had spring fever Thursday.

As most of the nation basked in the most abnormally mild weather in half a century.

Shoppers died their topcoats.

"Santa Claus" sweltered beneath their make-believe beards.

Robbie clumped from perches mainly draped by icicles.

Roses bloomed in places where at this time of year, you'd ordinarily find snowdrifts.

Sports enthusiasts kept their skis and skating equipment in storage and hauled out golf clubs and tennis racquets instead.

In short, spring was camping right on winter's doorstep and, except for a slight interruption for the next day or two, intended to stay there until possibly after Christmas.

U. S. weather bureau officials at Chicago said the chances of a "white Christmas" this year were slight, except in extreme northern localities.

## Nazis Set British Plane Loss at 36

BERLIN, Dec. 19 (U.P.)—The official German news agency D. N. B. said today that British losses in yesterday's aerial battle over the English channel which fought off the British, Schmeisser, placed British losses at 40 planes.

## 2 BOYS CONFESS EXTORTION NOTE

PHILADELPHIA, Dec. 19 (U.P.)—Two schoolboys, alarmed by the arrest of an innocent man, confessed they attempted to extort \$100,000 from John Klauer, Philadelphia insurance company executive, police disclosed today.

William M. Kline, 14, an orderly at a Jewish hospital, had been arrested by detectives disguised as a doctor, and physician, when he asked up a doctory package containing money.

The boys, 13 and 14 and sons of a chemist and a WPA worker, confessed they had planned to kidnap Klauer and hold him for ransom. A clergyman notified police and boys were released.

The boys were released and their parents were notified. The boys were released and their parents were notified.

**BIDS OPENED FOR MATERNITY HOME**

Because the baby business hasn't suffered any depression, The Valley county today was considering bids submitted for construction of the proposed new maternity cottage at the county hospital. The building will expand maternity facilities a

Chairman George R. Hart, of the board of commissioners, said that he and Commissioners C. B. Lindsey and Ben E. Potter took all bids under advertisement for the building of the sealed estimates submitted by a number of construction, electrical and heating concerns. The board's advertisement for bids said that approximately \$13,500 will be available for the work.

Bids submitted today were for the building of a new building including plumbing and heating.

Burton E. Morse and associates are architects for the structure.

The maternity cottage will be 8 feet by 42 feet nine inches. It will have connecting corridor to the 12 maternity home, according to Supt. H. C. Jeppesen. The present building was opened in 1936.

**Dinner Compliments  
Choir of St. Edwards**

Gala among the pre-Christmas events was the turkey dinner at which Father H. E. Heitman and his sister, Miss Ann Heitman, entertained Sunday evening at St. Edward's parish hall. Honor guests were members of the senior choir of the church.

The feature of the event was a gift exchange, with a realistic Santa Claus officiating with ceremony. Santa Claus presented a special gift to Mrs. Dorothy Kleffner, church organist.

Miss Heitman, director of the choir, was presented with a beautiful gift by the choir.

Covers were marked for 55 guests.

Outline of the program for the group's slight holiday party, which was held in the dining hall at the meeting in the spring, was that all southern Idaho residents interested in writing or in promoting talent should be invited to the party. To attend, received the attention of members of Twin Falls chapter, Idaho Writers' League, last evening at the house of Mrs. Orin Crayder, Popular avenue.

It was the annual Christmas party for the group, and a gift exchange was held. The program was a social hour, members reading the

## Grove Comeback Wins '39 Hurling Crown

**Veteran Lefty, 40, Leads League in Earned-Run Score**

NEW YORK, Dec. 19 (U.P.)—Robert Moses Grove, who'll be 40 on March 6, was the greatest pitcher in the American league last season, according to the official averages released today.

Given up for through late in the 1938 season because of a "dead arm," Grove made the outstanding comeback of the 1939 season. The Rex Sox southpaw led regular pitchers in earned runs with an average of 2.54 for 23 games and was fourth in the won and lost column with 15 victories and 4 defeats for a percentage of .789.

It was the ninth time in 13 years in the American league Grove has led the pitchers with the lowest earned run average. Since he started with the Athletics in 1925 Grove has won 288 games, more than any other pitcher still active in the big show and pitched 285 complete games.

Lyons Finishes Second

Ted Lyons, White Sox right-hander who'll be 40 Dec. 23, finished second to Grove among pitchers who worked in 10 or more complete games with an earned run average of 2.76.

Bob Feller, Cleveland's young fireballer who was two years old when Grove started his baseball career with the Baltimore Orioles in 1920, finished third in earned runs with a record of 2.83. With a record of 24 victories and 9 losses, Feller led the league in most games won and finished seventh in percentage with .727.

Feller capped the strike-out crown with 246, and tied with Red Ruffing, Red Sox ace, for the most shut-outs, each with four. He also tied Ruffing for the most complete games, each with 24. Feller turned in two 7-hit games, three 3-hit games and two 4-hit games for the best record of low hit games.

There were only four 20-game winners. Besides Feller, they were Red Ruffing, with 21 and 4, Emil Leonard, Washington, with 20 and 8, and Buck Newsom, Tigers, with 20 and 11.

Marián Russo, Yankee southpaw, had an earned run average 2.41, slightly lower than Grove's, but didn't participate in enough games to merit consideration for the earned run crown. He worked only nine complete games.

## Mac Gives Advice to Tennessee Band Men Who Were Left Home

By HENRY McLEMORE

AMILENE, Tex., Dec. 19 (U.P.)—With its team unbeaten, united and unscathed upon the Tennessee athletic association must have decided it had to be "un" or something or other. After what must have taken considerable thought it evidently hit upon being unstratagical.

The first move in this direction was to tell the members of the band, who had puffed and luffed whenever called upon throughout the season, that they weren't going to be taken to the Rose bowl and could stay at home and practice some new tunes to cheer the team onto next football season.

Having gladdened the hearts of these young men who naturally didn't want a free trip to California, with all its upsetting excitement and fun, the association went to work on the football team itself. At last report the hunched boys had paraded down the number of players who were going to be taken to St. Louis. This report came to me several days ago before I got lost in Texas and it may be now that only ten men are going to be taken, with the idea that Coach Neyland can pay for his fare by playing the concert position.

This isn't the only option, one way or the other, about the Tennessee athletic association. At St. Louis, it's their own affair and

The construction is under direction of Joe Flapshutz, head of a radio station and a director of the Detroit Lions pro team.

Major John L. Griffith, secretary of the national college athletic association, said the NCAA would take steps at its convention late this month to regulate recruiting and subsidization of athletes.

Southern California's Trojans were back at full strength as they limbered up to take on the University of California after a week's layoff.

It is estimated that if all the motor vehicles of the United States—nearly 30,000,000—were lined up bumper to bumper, they would fill the lanes of a highway 8,600 miles long.

## Zip-Way Outfit Wins Over Sego Milk

Zip-Way bowlers continued their hot streak last night and ran their victory record to 14 out of the last 16 games to really get in the fight of the Commercial league.

Victim was the Sego Milk club, which was pushed deeper in the cellar by the losses. High man for both teams was Al Westergren of the Zip-Way outfit, who rolled a 378 total and a top single of 223.

For the losers, Al Kirchner's 824 was tops and he also had his top single of 192.

City league play saw Wilson's store drop three out of four to Twin Falls Lumber, with not a man on either team going over the 500-mark. High score was by Paul Galls, who got a 472 total.

According to traffic experts, the major contributing factor in night accidents in cities is the lack of adequate visibility.

yesterday's last stop, I realized I had risked 21 of my Santa Anita nest egg on the Trojans. Against heavy odds, however, I like Tennessee to win the game.

But I couldn't resist the pull of the boys were giving. They certainly have their team. One fat fellow poked his head from a trailer and gave me the Trojans and seven points.

"Tomorrow, when I resume travel with the great Tennessee trek I am not going to be so free with my money. A team that is so seriously bent on the task that it can't bear the frivolity of band music, and so confident that it is only taking a small squad, is mighty hard to bet against.

## Champion Ski Meets Held Ever Since 1916

So you think skiing is just a new sport? Well, it isn't. They've been using skis as a means of transportation for hundreds of years—and as a sport, well, in Europe it has been a major sport for a long time.

Originally in the U. S. there have been national tournaments for something like 25 years. When the tournaments were first organized, they were divided into amateur and professional classes, such as are used now.

In 1922 this practice was discontinued and all skiers participated against each other.

The first meet was held in 1916 at Glenwood, Minn., and Andrew Olson won both the professional and amateur titles. Since that time the meet has been moved all over the nation and this year's event will be held at Sun Valley, Ida., for the first time.

Scandinavian names have dominated the championship list from the very beginning—whether the champion was from United States or a foreign country. Birger Ruud, who won at Salt Lake City in 1928, was from Norway, as was Sig Uland, the 1929 champ.

**Title Holders**

However, Roy Mickelson, the 1935 title-holder is an American, and Casper Olson, who won in 1936, is a U. S. citizen, hailing from Minn. N. D. for many years, but now connected with the Anaconda, Mont. ski club.

Champions through the years have been as follows:

**PROFESSIONAL CLASS**

1916—At Glenwood, Minn., Andrew Olson.

1917—At St. Paul, Minn., Ragnar Omstedt.

1918—At Chicago, Ill., Lars Haugen.

1919—No national tournament.

1920—At Chippewa Falls, Wis., Andrew Haugen.

1921—At Denver, Colo., Carl Howelsen.

1922—At Chicago, Ill., Lars Haugen.

**AMATEUR CLASS**

1916—At Glenwood, Minn., Andrew Olson.

1917—At St. Paul, Minn., Ludwig Holby.

1918—At Chicago, Ill., Beyer Hicken.

1919—No national tournament.

1920—At Chippewa Falls, Wis., Beyer Hicken.

1921—At Denver, Colo., Elmer Jensen.

1922—At Chicago, Ill., Ragnar Omstedt.

## Practice Opens For Girls in Cage Tourney

Individual practices for the three classes in the girls' interclass basketball competition are being started this week in Twin Falls high school. During the practices each class will work out its own plays for the tournament, scheduled for Jan. 10 to 18.

Sophomores were first to practice alone yesterday, and juniors had the gym today. During the period they run through plays, practice guarding and other playing under direction of Miss Madeline Garvin, physical education director.

Those who turn out for seven practices are eligible to play in the tournament. Strongest team at present is the junior team, which has several star players from last year's play.

Those who have turned out for practice so far are Margaret Vazquez, Virginia Allen, Wilma Leichter, Marjorie Lamb, Mary Jean Shipman, Pat Smith, Janet Kloppeburg, Adda Mae Bracken, Alia Frazier, Lucille Thomas, Janet Coleman, Anne Allen, Olen Hubbel, Anna Ruth Gooding, Hazel Terry.

Violet Bell, Charlotte Miller, Barbara Butler, Rosella Quinn, Mary Lou Glibb, Dolores Wilcox, Maxine Herre, Jane Douglas, Barbara Sutcliffe, Helen Thomas, Ida Stearns, Elmer Ansp, Isabelle Bartlett, Virginia Walter, Julia McBride, Irma Goodnight, Olive Wells.

**Diamond, Jarvis In 6-Round Draw**

BALT LAKE CITY, Dec. 19 (U.P.)—Dick Diamond and Joey Jarvis, junior welterweights, battled to a six-round draw last night in the main event at McCullough's arena.

That O'Keilly scored the only knockout on the card when he stopped Grant Erickson, Jackson Hill, Wyo. in the second round.

Windsor Pearce defeated Cowboy Pittman; Eddie Ross and Exeter Romero, drew; Johnny Rogers and Tiger Gable also drew, and Benny Frake defeated Jack Foxwood.

**PAUL PIRRONK RETIRES**

CHICAGO, Dec. 19 (U.P.)—Paul Pirronk, veteran Cleveland middleweight fought 19 world's championships during his 10-year career, announced today he has retired from the ring after his fourth round knockout last night at the hands of Joe Butka, Detroit.

## Filer-Twin Falls Club Wins Over Gooding; Shoshone Tips Burley

FILER, Dec. 19 (Special)—Filer-Twin Falls cagers of the Snake Valley College league last night won their second straight game of the season by turning back the invading Gooding club by a count of 32-26 in a close game on the new Filer gymnasium floor.

The game marked the first appearance in south Idaho of "Corky" Carlson, former Washington State college flash. He performed for the Filer aggregation and came through with 18 points to lead the scoring.

The Filer-Twin Falls club held to 12-11 advantage at half time, and was in front all the way. Waught topped the Gooding scoring with six points.

Manager Kenneth Allison announced today that in the future the club would be known as the Orange Transportation team, using the flashy Orange suits.

Lineup:

Filer	Pos.	Gooding
Hull	F	Webb
Carlson	F	Painter
Powers	C	Prince
Tranmer	C	Judevine
Schiffman	C	Vaughn

Substitutions: Filer—Twin Falls—Smith, Laubenhien, Caughy, Anderson, Wells, Teiz, Steele, Cramer; Gooding—Payne, Bowler, Strachen, Lyons, Strickling, Sullivan.

**REDSKINS WIN**

BURLEY, Dec. 19 (Special)—The powerful Shoshone Redskins ran over Burley Sport Shop here in a 40-20 victory last night to chalk up their third consecutive victory in conference competition. The final score was 40-20.

The battle was a rough-and-tumble affair throughout and in the fourth quarter only four players remained on each side.

The Rupert-Sport Shop game, originally scheduled for the local floor, was postponed last night to be transferred to the Rupert gym. It was announced today by Manager R. M. Myers.

**Jenkins Seeks Title Bout With Ambers**

NEW YORK, Dec. 19 (U.P.)—Rymle Caplin headed for the boxing commission today with a \$1,500 forfeit check, challenging for lightweight champion Lou Ambers to meet his new knockout sensation, Lew Jenkins of Texas.

Manager Caplin and Promoter Mike Jacobs of the 20th Century club regard Jenkins the outstanding lightweight challenger by virtue of his knockout victory Friday night over Billy Marquart of Canada.

However, their enthusiasm for Jenkins is not shared by Champion Ambers nor his manager, Al Weill. Round Well says, "Jensen, they're three other lightweight just as good as Jenkins. Sammy Angott, Davey Day and Pete Lello. Let Jenkins get into an elimination with them, and Ambers' fight the winner. Ambers always had to go through eliminations, so Jenkins isn't no better'n him."

Since the time limit for Ambers to make a crown defense does not expire until March 22, the commission was expected to reject the Jenkins' check and challenge.

The  
PAYOFF

By  
HARRY GRAYSON  
(NEA Sports Editor)

NEW YORK—Perhaps the most interesting of the winter deals is the one sending Richard Rogell from the Cubs to the Tigers in exchange for William George Rogell. Both have been around. Dick Bartell has been a major leaguer since 1927. Billy Rogell made his big league bow with the Red Sox in '23, but was thereafter returned to the minors. "I've gotten rid of Bartell and his two bad ankles," asserted Gabby Hartnett when the Bartell-Rogell transaction was consummated in Cincinnati. "Wait until you see Rogell," remarked Jimmy Dykes of the White Sox. Just then someone asked up and gave out the word that Rogell had told him that he intended to retire. But, while Rogell and Bartell are near the end of their strings, both will be among those present in the spring. It's tough for a ball player to call it quits. The pay is good. Most of them can't find a job. And as the renowned umpire, Tim Lincecum, once cracked, "You can't beat the hours."

Pepper Box Bartell is three years younger than Rogell and Dean Baker believes the Alameda man may do a comeback in a Detroit uniform. Bartell's Pay Cut Bartell has only to patch up the ailing ankles which handicapped him so sorely the past two campaigns with the Giants and Cubs to help the Tigers. He has just turned 32. There should be considerable stoppage, left in his proverbial shoe is sound. He is a corking hitter and the aggressive, winning type.

BARROW GRIFFITH

But Bartell's ready acceptance of a \$10,000 contract... 50 per cent less than he drew from the Giants and Cubs... is something in the way of evidence that he fully realizes the Tigers are running a risk on him being able to play with any fair degree of regularity. Aloysius Egan, veteran Detroit scout, declares he will never forget his experience on the faces of the late Francis J. Navin and his then manager, Stanley Raymond Harris, when he recommended that the club purchase Rogell for the second time in two years. Rogell had been with the Red Sox before he struck the arthritic deal that caused Detroit to purchase his contract from St. Paul in the fall of 1928 for \$17,500. But Rogell got nowhere in a fifty with the Bengals the following spring. Billy Barr practically ran him off the club. Every time Rogell started to work out, Akers would saunter out and bark, "Get out of here! I'm playing shortstop on this club!" Rogell would beat it.

Second Time in Two Years So it was that along about August, Navin and Harry Harris gave up on Rogell completely. "It is," replied Porager Egan, "and he'll cost you \$20,000 this time." "What kind of business is that?" asked Egan. Navin, "I pay \$17,500 for Rogell, get him for \$5,000, and now I've got to buy him back for \$20,000!" But he did, and Billy Rogell helped the Battling Bengals, as Mickey Cochrane used to call them, to two pennants and a world championship. Maybe Billy Rogell will get going again in the National league. So many American league castoffs do.

Al Westergren, with 375, easily was high man for the night. Al got a nice 224 his first game, top single for both teams. Vey Gish got a 512 total and a 268 last game—the only 500 games bowled by either team. Pop Kirchner, with 334, led the Milk Maids. No one else reached the 500 mark. Seg's best single 132 rolled by Mr. Kirchner his last game. Scores didn't go so high in either league.

A terrible battle between Twin Falls Lumber and Wilson's store, in which the Lumber company took three out of four. Paul Cullis, with 472, was tops—not only for Wilson's but for both teams in City league play. His 187 was high single. Ken Allen, with 450, topped the Lumber crew. New pine sure raised heck with scores in this match.

flowers. Or they may be used separately.

An ivory tusk, cut in the shape of a fish, has a huge black letter monogram in the center of it. A candle snuffer, in the shape of a miniature knight's helmet, complete with feathers, is charming. A pair of salt and pepper shakers are minute replicas of sun dials.

Among the loveliest items for making the guest room a place of

comfort as well as a thing of beauty are tailored satin blanket covers with monograms 4 feet long; a quilted white basket with a calico bow insert; a Victorian dressing table with "hearts and flowers" motif around the rectangular mirror; a brush, comb and mirror set; a quantity Victorian with sentimental mottoes around the glass of the mir-

A smoking set, including glass tray, slender table lighter and two glass compartments for cigarettes, would be smart on any hostess' coffee table. The base of a chic lamp is a hollow crystal bowl in which flowers, fresh or otherwise may be kept. The shade is washable, hand-painted silk.

**Sculpture Unusual Gift**  
It's now possible to get really good figures, done by famous sculptors, at prices anyone can afford. So are hand-carved figurines of rare and exotic woods.

To make even the simplest dish seem fit for only a gourmet, there are new fused crystal ashtrays, glass, crystal, service plates with

A pewter container for cracked ice comes in the shape of a large pear with the stem of the fruit forming the handle. In the same group, there's a pewter apple for nuts or candy and a smaller apple for after-dinner mints.

**TO VISITORS**

The success has surprised even the modern museum, whose spokesmen, Miss Sarah Newmeyer, said the strange thing has been the calm reaction of visitors to paintings which, in other years, might have produced riots and head-thumping.

Not One Incident

"There hasn't been a single incident," Miss Newmeyer said. "People come and look in an attitude of open-mindedness. Some say it's great; others say I don't like it. But I don't think it will be different."

The painting which irks most visitors is "Guernica," a huge one
