Casualties Feared Near 100,000 as New Earthquakes Rock Turkey

8,000 Reported to Be Dead in Single City; Weather Cold

ISTANBUL, Turkey, Dec. 29 (UP)—Renewed shocks were reported in the eastern Turkish earthquake zone today as official reports told of frightful destruction and suffering in devastated cities, towns and villages.

Reports from an official inquiry commission which reached Erzurum, in the center of the devastated zone, indicated the death toll in the disaster might reach 100,000. All casualty figures were accepted with reserve here, however, pending an official check.

Dionne Quints To Live With Their Parents

CALLANDER, Ont., Dec. 29 (UP)—The Dionne quintuplets, it appeared today, are going to live with the folks—Papa and Mama Dionne and their seven sisters and brothers.

The way was paved for reunion of the famous little girls with their family by resignation from their board of guardians of Dr. Allan Roy Dufco, who brought the quintuplets into the world more than five years ago.

Swiss Women Marching as to War

Even in peaceful Switzerland, as in nations already caught in the sweep of war, women play their part in military defense. Above, carrying stretchers, and wearing steel helmets and army overcoats, a section of the new Swiss women's ambulance corps marches through Basle.

Churches Here Plan "Watch Night" Rites

Asspiciously ushering in the new year, 1940, a number of local churches has scheduled "watch night" services for Sunday evening, including an impressive candlelighting ceremony at the Methodist church; a covenant, communion and baptismal service at the Christian church, and recognition services at the Baptist church.

FDR CALLS ALL RELIGIOUS HEADS

WASHINGTON, Dec. 29 (UP)—President Roosevelt said today he will welcome to the White House religious leaders of all faiths who desire to discuss with him efforts to achieve world peace.

Mr. Roosevelt made plans today for establishing liaison with the Vatican and U. S. leaders of the Jewish faith and the federal council of churches he had no intention of receiving peace discussions on any particular creeds or faiths.

FDR DECIDES ON BUDGET FIGURES

WASHINGTON, Dec. 29 (UP)—President Roosevelt told newspapermen he had decided upon his 1941 budget figures to be presented to congress and it was believed this was his comment when asked to disclose the spending figure he will propose to congress.

The President said he doubted if there would be any specific recommendations to congress on taxes or the farm program.

It was asked about recommendations on farm certificates, for financial relief and said that attention was like taxes—that he doubted if any specific forms would be considered. A great many forms of taxation will be recommended as usual, he said, leaving it to congress to decide any taxation programs to be enacted.

After-Christmas Business Decline Less Than Usual

NEW YORK, Dec. 29 (UP)—The after-Christmas let-down in retail sales was less pronounced than normal, Dun & Bradstreet, Inc., said today.

The trade association estimated retail volume at two to six per cent above the corresponding 1938 volume. Volume in the week was placed at five to 15 per cent over a year ago.

Attempt Made to Smash Finland's Mannerheim Line

HELSINKI, Finland, Dec. 29 (UP)—Russia threw an army estimated at 100,000 men at the western end of the Finnish Mannerheim line today in a new attempt to break through and crush resistance.

Appearance of big squadrons of Russian planes over the front put the Finns on the alert for a possible Russian attempt to land suicide squads by parachute to blow up vital bridges and cut communications.

Richard Dix At Sun Valley For Winter Sports

SUN VALLEY, Ida., Dec. 29 (UP)—Richard Dix, Hollywood motion picture star, and his wife, arrived at Sun Valley today in the vanguard of an invasion of Hollywood film colony notables.

Dix said he was tired from work on two pictures he recently completed, "René" and "The Marines Fly High," and needed a rest.

Drivers Urged To Be Careful On New Year's

CHICAGO, Dec. 29 (UP)—The way you drive New Year's eve may determine whether traffic fatalities for 1939 will exceed those of 1938, the national safety council said today.

Total for 1938 was 32,400. On Dec. 31 last year the total was 28,970. On Jan. 1 this year it was 28,400-290 fatalities, or about one per cent short.

Woman Burns As Comb Catches Fire

TROY, N. Y., Dec. 29 (UP)—Mrs. Helen M. Buel, 32, of Watervliet, died today in a hospital of burns suffered when a candle flame ignited a cushion on her bed.

Mrs. Buel was searching by candlelight for a doorknob which had fallen in a darkened hallway. The flame ignited the comb as she stooped to retrieve the knob.

January Quota for WPA Shows Climb

BOISE, Dec. 29 (UP)—Leon W. Miller, state WPA director, announced today the January WPA quota of 11,000 persons was 300 greater than the one set for December.

"The increased employment will mean expenditure of an additional \$600,000 in the state," Miller said.

BORAH DEMANDS CUT IN DEFENSE APPROPRIATIONS

WASHINGTON, Dec. 29 (UP)—Sen. William E. Borah, R. Ida., called for a drastic reduction in national defense expenditures today. He said that to talk about balancing the budget without such a decrease "is sheer political maneuvering."

"I suppose everybody would like to see the budget balanced," he said. "But you can't do it unless you cut the items where reduction is possible. They are just not to be found. Those which we could reduce, we will not. Those which we may reduce will amount to very little."

Waste of Time

Borah contended that "to talk about balancing the budget is an utter waste of time unless those who advocate it are willing to reduce, and drastically, the so-called national defense expenditures."

"But neither the political parties and probably no majority of congress," he added, "will seek to curtail in any respect the amount contemplated for this purpose. If this be true, and in my opinion this is the situation, then all talk about balancing the budget, or about political maneuvering, where else can you go to make any showing?"

WPA RENT HELP

Altogether county, city and Chamber of Commerce committees have been cooperating to seek rent-free quarters for a WPA zone office in Twin Falls. The directorate of the chamber went on record vigorously opposing the request to federal agencies. The case was denied.

Pay for Own

The motion added that it such agencies wish to locate, they should pay for their own office rent and upkeep.

The resolution was somewhat softened by a statement asserting the chamber is in favor of having federal agencies here although it is impossible to help support each one.

THIRD-TERM TALK BOOMS IN CAPITAL AFTER NEW RUMORS

WRITER CLAIMS FDR SAYS WORK 'TOO BATTERING'

By LYDE C. WILSON

WASHINGTON, Dec. 29 (AP)—President Roosevelt's sense of timing and fitness of things was checked by an effort to knock him out on his 1940 election year plan, his intimates said today as the capital rumbled with another of a series of third term discussions.

That confident expression of inside opinion was intended neither to suggest a third term candidacy nor to deny it, but it means Mr. Roosevelt intends to select his own time and place for announcing his plans. It is said that Mr. Roosevelt will not choose to discuss that subject on Jan. 8 on the occasion of Washington's \$100-a-plate Jackson day dinner.

Today's third term talk is notable for its own did not characterize, beginning with a press release by the massive Live Age.

President Roosevelt is directly quoted as saying "it would not do me to run again" in the January issue of Living Age. The quotation occurs in an article by Ray Tucker, Washington newspaper commentator, entitled "F. D. Roosevelt to Run."

Direct Quotes

"Eisenhower in Mr. Roosevelt's article, the President is quoted as saying, 'I would not stand the day-by-day battering another four years in this office.'"

"Directly quoted also, are the chief executives' comments on the political expediency of such a move, such Democratic aspirants to the presidency as Sen. Burton K. Wheeler, Postmaster General James A. Farley, Vice-President John N. Garner, Paul V. McNutt and others."

Norris promptly denied having discussed the subject with Tucker, with the President and the writer announced with equal emphasis the talk had taken place, reported, and he recalled further details of it, shortly the telephone of White House Secretary Stephen T. Early began to ring, said Early.

Norris Denies Talk

"My understanding is that Sen. Norris has denied both that he conversed with Mr. Tucker, and that the President on the subject. I am certain Mr. Tucker has not conversed on that subject with the President. The article in the Live Age, which Mr. Tucker got his information from."

The Tucker-Norris incident leaves 1940 speculation where it was, there is general belief here Mr. Roosevelt does not want a third term and a somewhat less numerous group is committed to the theory that he will be persuaded to run again, anyway. But if Mr. Roosevelt is not a third term candidate, there is an inclination here to rate Secretary of State Cordell Hull the most available compromise candidate, fairly acceptable both to conservatives and New Deal Democrats.

After Hull come Garner, Farley, Wheeler, McNutt and such long shots as Associate Supreme Court Justice William O. Douglas. Some of the wisest politicians believe with Mr. Roosevelt out of it—the 1940 Democratic nominee will be found among Hull, Farley and Garner but in the past few months the candidacy of Wheeler, a Montana liberal, has developed both speed and a change of pace.

would not start until 31 minutes later.

County Stands Pat

As for official intentions of Twin Falls county toward the New Year's eve dancing matter, the county hasn't the slightest intention of departing from the state statute.

"We're not going to change any state law," said Ben E. Potter, member of the board. "The law is very specific on the matter of public dancing on Sundays."

From the county's angle, enforcement of the Sunday dancing ban rests with Sheriff L. W. DeLoe, Hawkins, Potter and Chairman George R. Hart were to communicate their views to Sheriff Hawkins later today. C. B. Lindsey, third member of the board, was confined to his home by a minor illness.

Although the state police do not specifically include enforcement of the Sunday dance law among their manifold duties, state patrolmen said they would cooperate fully on call from the sheriff.

After 15 minutes, Quintar Manuel Ferreira said to the speaker, "May I get a drink of water?"

Miss Rees was presented by Wilton Peck, program chairman, who paid tribute to her ability in training the high school students in dramatic productions.

Action Delayed ON WPA OFFICE

Whether the WPA will be furnished a local office free of charge in order that some headquarters might be established here will not be determined until at least Jan. 2, it was announced this afternoon.

Members of the city council and the Chamber of Commerce were to meet with the county commissioners this morning to discuss possibility of furnishing office space but at the last minute the discussion was shifted until 10 a. m. Tuesday, Jan. 2.

Last Wednesday WPA officials informed representatives of the three local groups that the zone-office would be established here about Jan. 15, if free, adequate quarters were provided. The officials said that if such quarters were not provided then Buhl or Jerome would be asked to provide the same, and the office would be established where such quarters were made available.

A committee of three local men is inspecting proposed office sites at the present time and will report at the meeting next Tuesday. Members of the special committee are A. J. Freyer, Lionel A. Dean and Carl N. Anderson.

He asked police investigation into the matter.

FINNS CLAIM SOVIET AIRPLANES BOMB OWN TROOPS

REPORTS ASSERT RUSSIAN FORCES OPEN REBELLION

HELSINKI, Dec. 29 (U.P.)—The official news agency asserted today Soviet planes had bombed and machine-gunned their own troops on the north central front.

Several similar charges have been made by the Finns in the past but none has ever been confirmed from other sources.

The claims issued by the Finnish news agency said that Wednesday, Soviet planes in the Baltic sector, which was the main scene of an unsuccessful Russian drive across Finland's narrow "waist," had turned their guns on their own troops.

Heard Shooting

The troops also could be heard shooting each other, the statement issued by the agency claimed.

Russian forces recently had been reported attempting to rally their shattered lines in the Baltic sector for a new offensive, which some reports said had started yesterday.

Finland sources have repeatedly claimed Russian troops were poorly clad and near mutiny on the northern front, but there had not been previously such a definite account of alleged rebellion in the Red army.

Previous Finnish charges had been that Soviet officers posted machine guns behind their lines to force them to advance and to prevent retreat.

Claim Successes

The Finns have claimed smashing successes in counter-attacks on the Baltic front in the last week, but have been expecting a new Russian offensive.

The Finnish agency did not clarify whether the bombing and strafing of the Russian lines could have been due to confusion or an error on the part of the Soviet pilots.

Al Smith "Cute Rug"

At the opening of the new edition of the hilarious musical "Hello, Appoply" in New York, the actors did the "Booms-a-Daisy," new bus-bumping dance, so enthusiastically that the audience caught the fever, performed it in the aisles. Here's former Gov. Al Smith, stepping it with chorine Beverly Crane.

City's 1939 Water Use Above Billion Gallons

If all the domestic water used by local citizens during the year 1939 were released simultaneously and allowed to flood a given area, it would cover 2,831 acres of land to a depth of one foot.

This "figured out" today after the annual report of filtered water for the year was released by L. G. Satterlee, superintendent of the filtration plant, located south of the city.

Satterlee's figures show that no less than 1,163,329,000 gallons of water went through local mains during the 12-month period. Records show that it takes 325,850 gallons of water to cover one acre of land to a depth of one foot.

During the past year the greatest amount of water was used during the month of August when 148,907,000 gallons went through the main. After being treated at the filter plant, second highest month was July with 141,903,000 gallons. Smallest amount was used in February, which showed a total of 64,816,000 gallons.

Following are the month-by-month totals as released by Satterlee:

Jan.	71,520,000
Feb.	64,816,000
March	76,580,000
April	105,116,000
May	117,771,000
June	129,216,000
July	141,903,000
Aug.	148,907,000
Sept.	108,508,000
Oct.	77,119,000
Nov.	69,154,000
Dec.	72,837,000

Records at the plant also show the cost for each month per million gallons of water treated. This cost per million gallons ranged from \$2.25 in June to \$4.84 in February.

LIGHT BLIZZARD IN SOUTH IDAHO

BOISE, Dec. 29 (U.P.)—A mild blizzard covered southern Idaho with its heaviest snowfall of the season today and Sheriff Jerry Logue at Cascade announced hope for the discovery of Ralph Ward, 24, Valley county trapper missing since Dec. 18.

Ward was shot, gun and axe were found on Elkhorn creek. The blizzard deposited from 40 to 60 inches of snow over the area making discovery of the man or his body difficult.

The trapper was out setting traps when he was last seen. Logue said he believed the man died of exposure and his body would not be found until the spring thaw.

Unsettled weather with snow flurries was on the weather program for Idaho tonight and Saturday, with little chance of more snow.

Highways were icy and travel was dangerous. Law Enforcement Commissioner Harry M. Rayner warned. He cautioned motorists to carry chains and proceed carefully, with great caution on curves.

Sun Valley reported three inches of fresh snow at the resort and nine inches on Baldy mountain. Skiing prospects improved throughout the state.

Girl With Rose Identified As California "B" Worker

LOS ANGELES, Dec. 29 (U.P.)—The "girl with the red rose" was identified today. Police learned all they could of her last moments. But it only added to the mystery of her murder.

She was Jerry Burns, 33, a "B" girl—one of a class of girls employed by California bars to lure customers to drink more than they might otherwise.

An hour before her body was found in a coal yard, she had gone off with one of her customers, telling one of her colleagues: "This guy has a big roll."

Police Question Husband
But if the murderer had been a casual customer of the bar in which Miss Burns worked and had dated with her, why had he killed her? Why had he been at such pains to try to prevent her body from being identified? Why had he slashed and pulled the skin from her face? Why had he stripped off her clothes and left her body naked in the coal yard?

Parties Preceding Panhellenic Dance Will Include Beta Dinner

Prefacing the annual Panhellenic association's dance this evening at the Elks ballroom, a number of parties have been arranged, among the larger of which will be the Beta Theta Pi dinner at the Rogerson hotel.

The dance, given each year at the holiday season in honor of students home from college, and for the benefit of the scholarship fund, is open to the public, and admission tickets will be sold at the door, the committee in charge deeming it advisable not to conduct an advance ticket sale this year.

Feature of the evening will be the University of Idaho special when other dancers will yield the floor to alumni and present students of the state university at Moscow for one dance.

Fifty At Dinner

Active and alumni Betas, as well as this year's pledges, will entertain their wives and women guests at a dinner of Yuletide appointments and later will attend the Panhellenic dance in a party.

Congress will be presented as a favor to the women guests. Plans for the occasion were formulated one evening recently at the home of J. H. Glendon, Idaho Beta "grad" whose son, Leonard Blundell, is a pledge to the U. of I. chapter of Beta Theta Pi.

Dr. Frank J. McKee will be in charge of a "stunt dance" during the progress of the semi-formal ball, outlined by the committee. Mrs. Gordon Day, Mrs. Jay Lincoln and Miss Violet Adams.

Cocktail Party

Among those who will entertain at cocktail parties preceding the Panhellenic dance, will be Mr. and Mrs. Tom Alworth, who have invited a group of friends to their ranch home from 9 to 10 o'clock, planning to go on later to the Elks club, scene of activities.

A blue candle, flanked by a garland of orange blossoms, will form the centerpiece for the refreshment table. The orange blossoms were sent from California by Mrs. Frankie Alworth, mother of the host, who is spending the holidays at the coast. The drawing room is decorated with mistletoe, holly and a mammoth lighted Christmas tree for the occasion.

Guests will include Mr. and Mrs. Bert Larson, Mr. and Mrs. J. T. Anderson, Mr. and Mrs. John Anderson, Mr. and Mrs. Tom Peavey, Mr. and Mrs. Lyle Kaufman, Mr. and Mrs. Charles Gohler, Mr. and Mrs. Harry Hirsch, Mr. and Mrs. Virgil Leach and Miss Edith Hunter, Harriet, and Dr. Frank J. McKee.

COURTESY FETE

VINTNERS AT HANSEN

Several courtesies have been added to the list of Mr. and Mrs. Everett Webb, Caldwell, Calif., who are holiday home guests of Mr. and Mrs. Wilbur Jones, Hansen.

Mr. and Mrs. Webb and their children and Mr. and Mrs. Jones were guests of Mr. and Mrs. Robert Day at their home in Buhl. A Christmas week dinner was served last night at the church.

Mr. and Mrs. Jones entertained at a pinocle party Wednesday evening in their home.

Guests were Mr. and Mrs. Fred Bolla, Mr. and Mrs. Dallas Reynolds, Mr. and Mrs. Ben Lauer, Mr. and Mrs. Harold Hill, Hansen; Mr. and Mrs. Gus Bionera, Eder; Mr. and Mrs. Norman Webb, Mr. and Mrs. George Webb, Hansen, and the honorees and hosts.

Prices went to Mrs. Everett Webb, Dallas Reynolds and Mrs. Ben Lauer.

Traffic deaths so far this year are approximately two per cent under last year's deaths.

M-Men and Gleaners Attend Dinner-Dance

One of the most elaborate events of the year for the Twin Falls stake, M.I.A., is the annual holiday dinner-dance for the M-Men and Gleaner Girls. With the theme, "Who Is Thy Neighbor—To Love," being emphasized in the toasts, decorations, favors and music, plans are complete for the gala event this evening at the Twin Falls recreational hall.

Buhl, Kimberly, Murtaugh and two Twin Falls wards are participating. Distinguished guests will include the stake presidency, Mr. and Mrs. J. W. Richins, Twin Falls; Mr. and Mrs. Roy Wood, Buhl; Mr. and Mrs. J. E. Alford, Twin Falls; bishops of the wards and their wives, Mr. and Mrs. E. B. Johnson, Buhl; Mr. and Mrs. Claude Brown, second ward, Twin Falls; Mr. and Mrs. N. W. Arrington, first ward, Twin Falls; Mr. and Mrs. A. Olson, Kimberly; Mr. and Mrs. Clifford Tolman, Murtaugh. The stake board members will also be present and assist with the event.

Receiving Guests

In the reception line will be Karl Freeman, Miss Laura Brown, Miss Edna Arrington, Miss Marie McEwen, Miss Opal Wood and Carlos Phillips and their partners. The stake activities committee, Mr. and Mrs. Barlow and Mrs. Varda King, M-Men and Gleaner advisers, are in charge of the arrangements.

Contrasting Decor

The recreation hall itself will represent an outdoor scene at the New York World's fair and the tables, in charge of the various countries, will have decorations that are international in theme.

The Twin Falls first ward's table will represent Holland; second ward, Spain; Buhl, China; Kimberly, Japan; Murtaugh, Egypt; Twin Falls stake table, the United States.

In contrast to the peacetime setting will be the battlelike scene to be constructed on the stage.

An M-Man and a Gleaner Girl from each ward will propose a toast, and offer one musical selection.

Here's Postlude To Met's Dance

Something rather extraordinary was noted at the Met Christmas formal Tuesday evening at Radio-land.

Five presidents, past and present, were in attendance. It is the first time that so many "official" leaders have attended an Met-sponsored dance.

Other past presidents were Miss Jeanne Schwendiman, University of Idaho, southern branch, Pocatello, and Miss Eleanor Hollingsworth and Miss Rosemary Sinclair.

Miss Jane Douglas, present leader of the club, was there to lead the grand march, and to give cordials welcome to her predecessors.

KIMBERLY GRANGE FOR DINNER

Kimberly Grange members assembled at the new Grange hall Wednesday evening for a pot-luck dinner, followed by a social evening. Approximately 50 members were present.

Chinese checkers and pinocle were the diversions.

Mr. and Mrs. Earl Maxwell, Jerome, former members, were guests.

They Led Red Knights Grand March

This aerial led the grand march at the Red Knights' 11th annual alumni holiday formal Wednesday evening at Radio-land. At the extreme left is Miss Arlene Smith, who was escorted by Harry Bonetti, president of the Red Knights. Next is Miss Jane Douglas, president of the Met club, who was escorted by Albert Bonetti, president of the club. Third came Miss Mary Jean Shipman and Duane Toler, secretary-treasurer. A stag dinner for the alumni, many of whom are here from colleges and universities for the holidays, was served at the Park hotel preceding the dance.

Promenade Sets Yule Dance For Zu Zim Alumni

Especially appropriate to the fair-land setting was the selection, "Winter Wonderland," played by Ray Jennings and his orchestra to open the annual Christmas formal for Zu Zim alumni last evening at the Elks ballroom. At the opening strains of the selection, George Isert, vice-president, and Miss Jane Kloppe, secretary-treasurer, and Miss Pat Smith, and Bob Colner, sergeant-at-arms, and Miss Betty Babcock, began the grand march.

The Zu Zim shield, situated between two lights of Christmas trees on the balcony, gleamed above the dancers. A canopy of green and red balsa twinkled overhead; an Iceland scene, backgrounding the orchestra, was in the west end of the hall, and a silver and white floor screen, with a pointed "port-hole" arrangement in the center of the display, was in the opposite end.

James Powell, president, gave a short talk and introduced George Jones, club president last year, and a student at the University of Moscow this year, who spoke in behalf of the alumni.

Olen Boren played several piano selections, and members sang "Zu Zim Forever" as a final to the termination program arranged by Bob Colner.

James Powell and Jack Smith were in charge of the program, and George Isert and Bob Blandford were the punch girl committee.

Mr. and Mrs. Alvin C. Spence, sponsor of the club and his wife, were patrons of the evening. A number of parents called during the dance.

Bachelor Group Feted At Supper

On the calendar of holiday events for a group of young bachelors, the buffet supper and "gab fest" last evening when they were bidden to the home of Mr. and Mrs. C. B. Lind.

Guests were Reese Williams, Jr., who is leaving soon to resume his studies at Stanford university, Paul Aiko, Calif.; Kyle Ballantyne, who will return shortly to the University of Utah, Salt Lake City, and Jim Sinclair, Wilbur McKee, Jim Leighton and Frank Giese, Twin Falls, and Howard Parish, Buhl.

Calendar

Because the first Monday in January is New Year's day, meeting of Camp New-Ar-21 has been postponed until the fourth Monday in January. The time and place will be announced later.

Contemporary literature and Art group of the American Association of University Women will meet Jan. 8 at the ranch home of Mr. John Breckenridge. The meeting has been postponed from Jan. 1 because of New Year's activities. Mrs. Adelaide Paul will speak on folk lore.

Twin Falls stake of the L. D. S. church announced the following schedule for Sunday: Melchizedek and Aaronic priesthood meetings, 1:30 p. m.; Relief society union meeting and regular priesthood meeting, 2:30 p. m.

FORMER RESIDENT

DIRECTS HOME FOR AGED

Mrs. Laura K. Hill, who lived in Twin Falls several years ago, is now superintendent of Northwestern Christian Home for the Aged in Astoria, Ore. friend learned at holiday time this year. The institution was founded in 1906 by the Episcopal church, coming into existence as a project of the Oregon Christian Missionary society.

The home is a public institution, but an institution of the church, receiving aged, indigent members of the Christian church.

It is supported by friends and friends in Oregon, Washington, Idaho and Montana.

Shower Compliments Miss Caroline Dudley

Honoring Miss Caroline Dudley, who will marry Antonio Nelson, Berkeley, Calif., on New Year's day, a shower of snowflakes leading to gifts for her kitchen and linen closet was given last evening at the home of Miss Margaret Ellsworth by Miss Jean Clark, Miss Betty Hansen and Miss Ellsworth.

As the bride-to-be opened an umbrella over her head, the large paper snowflakes, each with a verse written on it, fell on her. Each verse directed the honoree to a hiding place of a gift.

Guests with giftbook friends of Miss Dudley, who is daughter of Mr. and Mrs. C. C. Dudley. Many are college students who are home for the Christmas vacation. Miss Dudley is attending the University of California, Berkeley.

Following the opening of the gifts, a few informal games were played, and refreshments served by the hostess.

Centering the table was an altar approach by an altar maid with candles in tiny standards, up which walked a miniature bride and carried on. Favors, tiny purses, were carried out the lower throne.

JOBS ASKED FOR NATION'S YOUTHS

In the youth problems conference which was recently held in Twin Falls and Burley with school, civic and NYA officials cooperating, it was announced here this afternoon that the national conference held in Washington recommended that employment should, so far as possible, be provided by private business, industry and agriculture.

Word to this effect was received here today by L. W. Polson, field representative for the NYA, who was instrumental in arranging the conference here and in Burley.

The communication from Washington, regarding action taken at the national conference, reads in part as follows:

See Action Needed

"The conference is firmly convinced, on the basis of a number of comprehensive studies which have been made and reported and as a result of the experience of the American people in recent years, that immediate and vigorous action is necessary if very serious consequences to the nation are to be avoided."

"One-third of the young people of this country between the ages of 16 and 25 who are out of school are unable to secure employment. At least 4,000,000 young people between these ages are out of school and unemployed. This constitutes between one-third and one-half the total unemployed of this country."

"The conference also convinced that all young people who are out of work and out of school must be provided with opportunities for employment or with opportunities for assistance to continue in school."

Private Work First

"Employment, should, so far as possible, be provided by private business, industry and agriculture. To the extent to which private enterprise does not provide jobs, the government should be called upon to create jobs for the unemployed, and seeking work, public employment should be provided."

"When young people are employed through use of public funds, work projects should be selected, so far as possible, which are not in competition with private enterprise. These work projects should be such as contribute to the needs of youth and to the public welfare."

"This committee is also directed to consider what steps should be taken to carry out the arrangements that are now being organized between the work projects of the NYA and educational institutions."

In the Twin Falls area, Polson pointed out in explaining what the NYA was doing for unemployed youth there, there are 64 projects employing 165 youth of this number 79 are boys and 86 are girls. In addition to those on projects, there are 100 boys and 65 girls in residential schools at Weiser or Pocatello, all coming from this section of Idaho.

IDAHO FARM CROP VALUE ESTIMATED AT \$55,388,000

BOOST IN PRICES GIVEN AS REASON FOR BIG ADVANCE

BOISE, Dec. 28 (UP)—An estimate of the total value of the 1939 production of major Idaho field crops and vegetable crops, including sugar beets, was set today at \$55,388,000 by the federal agricultural marketing service.

The same crops were valued at \$43,073,000 in 1938.

Higher prevailing prices were responsible for the increased cash value of the field crops. Fruit crop values were considerably lower than last year due to lighter production of important fruit crops than prices and to lower apple and prune prices. Income from vegetable crops was higher than last year.

The wheat crop, estimated at 22,624,000 bushels, was about 30 per cent smaller. But oats and barley production increased. The hay yield was curtailed by unfavorable early season growing conditions.

Potato acreage increased to record levels and production, estimated at 29,670,000 bushels, was greater than in 1938 in spite of generally lower average yields per acre than in 1938. The dry pea crop of 1,092,000 bushels was slightly larger than in 1938.

As Three Kiwanis Clubs Installed New Chiefs

Intently listening to the address of District Governor Hugh N. Caldwell (standing), new presidents of Buhl, Filer and Twin Falls Kiwanis clubs and the president and secretary of the Twin Falls club for the past year are pictured above. Left to right from the speaker are Wilbur S. Hill, outgoing local president; U. N. Terry, reappointed local secretary; and A. S. Gilbert, Dr. James W. Creed and Roy Falt, installed as presidents of the Twin Falls, Filer and Buhl clubs respectively.

RAID FEARED ON U. S. RESOURCES

WASHINGTON, Dec. 28 (UP)—Secretary of Interior Harold I. Ickes today warned President Roosevelt that efforts may be made to raid national resources and break down conservation programs in an attempt to reap quick war profits.

Ickes, reviewing interior department activities for the year, declared:

"At this moment the greatest actual or potential danger with which we are faced are headless attempts to break through our conservation laws and policies for the purpose of making quick war profits."

He cited "evidence of an inclination to raid our resources" but declared that this far more specific movement had developed.

"If experience is any guide," he said, "we can expect that there will be more or less thinly disguised as patriotic enterprises."

He recalled World War experiences and said that during that period "the misuse of our resources was devastating."

Still Less Damage

"We have not fully recovered from the damage wrought at that time," he said. "Today logs can still be seen lying in the Olympic national park that were cut in a frenzy of anticipated war more than 20 years ago. They never were used but have been left to rot and waste."

"Only lately have the years, at long last, obliterated the scars of reckless wartime action on national park ranges which never were capable of supporting the great numbers of livestock that were turned loose upon them. Other examples could be cited at length, all adding up to the fact that another 'breakthrough' of the conservation front would cause perhaps irreparable damage."

Ickes noted that due to increased conservation activities the nation is in a stronger position to withstand crises, "particularly those of an international nature."

Reclamation Fund Decreases

Ickes said the reclamation fund is decreasing and by close of 1941 will be so depleted that the amount of reclamation will be unable to carry on construction of projects. He recommended an advance from the treasury general fund or direct appropriation for carrying on more costly projects.

He said also that the U. S. Indian population is increasing and serious pressure of Indian population on existing reservations can be expected.

Activities of the bureau of reclamation reached a peak during the year, Ickes said, and the demand for irrigation projects increased in capacity to supply them. Water storage was at an all-time high but the supply failed to meet the demand. Four times as many applications for land on the Owyhee project in Idaho were filled as there were farm units available.

The report showed that at the close of the fiscal year 1939 work was in progress on 30 projects in 12 states.

5 Fined on Drink Charge in Jerome

JEROME, Dec. 28 (Special)—Several local persons appeared last week before Police Judge Clark T. Stanton and pleaded guilty to charges of serving drunkenness. In each case a fine of \$10 was assessed.

Emmett Lindley, local resident, appeared before the judge Dec. 22 on charges of being drunk. Pleaded guilty. Sentence: 10 days in the county jail and upon payment was released.

Nick Matt appeared on the same date and admitted guilt to drunkenness charges. In lieu of the payment of the fine, Matt was committed to jail to serve out the amount of the rate of \$10 a day until paid.

Valle Schmitt, local resident, also appeared to admit guilt to drunkenness charges. In lieu of the amount of the fine, Schmitt was committed to jail. After 36 hours in the jail Schmitt was released upon receipt of a note taken for security until Feb. 1. Adam Schmitt who appeared before Judge Stanton on Dec. 26 on charges of serving drunkenness. Upon forfeiting a bond of \$10, Schmitt was released.

On Dec. 27, Sam E. Kershaw was assessed a \$10 fine on charge of drunkenness. In lieu of the amount, Kershaw was committed to jail to

Three Kiwanis Clubs Install Leaders, Hear District Head

New official staffs had taken over direction of the Buhl, Filer and Twin Falls Kiwanis clubs today following a joint installation meeting attended by 100 Kiwanians at the Park hotel last night.

The clubmen heard a strong plea for community service above individual goals voiced by Hugh N. Caldwell, 1940 district governor from Caldwell. The district leader uttered a significant warning against "economic liberty" for promises of "pawning security" as did the German and Italian peoples.

Club Presidents

Installed as club presidents were these:

Buhl—R. C. Falt.

Filer—Dr. James W. Creed.

Twin Falls—Al S. Gilbert.

Club officers installed for the 1940 year were:

Buhl—Olin Smith, secretary and treasurer.

Filer—Clyde Musgrave, vice-president; E. M. Rayborn, secretary; Earl LaDue, treasurer.

Twin Falls—John Kliney, vice-president; U. N. Terry, secretary; Cecil Jones, treasurer.

Receive Pins

The three outgoing presidents each spoke briefly and each received a past-president pin from H. H. Headstrom, Twin Falls, the 1940 lieutenant-governor for southern Idaho. The trio consisted of Dr. P. A. Kallusky, Buhl; Col. E. O. Waller, Filer; and Wilbur S. Hill, Twin Falls.

Presiding at last night's joint gathering was Mr. Hill, who introduced Governor Caldwell, O. P. Duval, past district governor; J. Boyd, Buhl, also past district governor; Mr. Headstrom, lieutenant-governor; Olin Smith, Buhl, past district lieutenant.

Introduced by Judge Duval, Mr. Caldwell emphasized a warning against the tendency to wish economic security at expense of time honored liberties. He then cited the wide field for service by Kiwanians, stressing the fact that the organization offers the chance to display the "innate kindness and desire to give collectively what cannot be achieved by the individual."

Personal Service Best

Discussing service to fellow-men, the district governor pointed out that personal services are frequently of more value than the donation of money or the granting of other tangible aid.

In this connection he told of the career of Carl Endicott, noted past-president of Kiwanis International. Service to others, he said, may seem difficult at times until the old proverb is recalled: "I had no shoes and complained, until I met a man who had no feet."

The governor explained the thorough training given at the installation school for new Kiwanis officials. Major goal, he said, is to serve out the line at the rate of \$1.50 a day until the fine is paid.

Theodore H. Willman, Malad sheepman, appeared to plead guilty to charges of operating a trailer on the highway after dark without clearance lights. Willman was assessed a fine of \$15 and \$5 court costs which he paid.

On charges of operating a truck on the highway loaded in excess of the 10,000 weight for which original license was purchased, Erwin Schorham appeared before Justice of the Peace P. U. Houston, Dec. 21. The truck was owned by Fred Hill, Durley, and weight of the load was 20,130 pounds. Fine was set at \$10 and court costs of \$5.

LICENSED AT BOISE

BOISE, Dec. 28 (Special)—Marjorie L. Lister, local resident, appeared before Justice of the Peace P. U. Houston, Dec. 21. The license was purchased at Boise. She was assessed a fine of \$10 and court costs of \$5.

CHICAGO FAVORED FOR CONVENTIONS

WASHINGTON, Dec. 28 (UP)—Prominent Republican and Democratic senators recommended today that the 1940 national political conventions be held in Chicago or in a city farther west in order to be close to the important farm belt.

Senate minority leader Charles McNary, R., Ore., and Sens. Burton K. Wheeler, D., Mont., Arthur H. Vandenberg, R., Mich., and Arthur Capper, R., Kan., all endorsed Chicago for the convention site.

McNary, who hopes to supervise the drafting of his party's farm platform, said he favored Chicago because "it's in the center of Republican strength in normal times and is the major trading market for the farmers of the country."

"I think the Democratic convention should go to Chicago or west of Chicago," Wheeler said, "particularly because the Republicans are going to make their big drive in the west. They realize that unless they recapture the west they haven't got a chance. That's evidenced by the fact that the various Republican candidates are going to Minnesota to make speeches."

Vandenberg, an aspirant for the Republican nomination, will speak in St. Paul, Minn., on Feb. 10. He conferred yesterday with McNary on the farm question.

Capper, who has returned to the

capital after talking to farm leaders in several states, expressed the opinion that farm questions, particularly concerning the New Deal's reciprocal trade agreements program, would dominate the 1940 picture.

He said that party leaders in the west would be "battered" with Chicago as a convention site.

Students at Buhl Take Skin Tests

Skin tests for diphtheria numbering 197 have been given students at Buhl schools, it was announced here this afternoon by Dr. L. O. Krotcher, director of the district health unit.

Of the number tested, records show, 45 showed a positive reaction, indicating that the student is susceptible to the disease.

Records also show that not all of the 45 showing the positive reaction have been immunized.

Buhl students also received 71 smallpox immunizations, as well as 46 diphtheria immunizations, Dr. Krotcher said.

The work is a part of the regular school program being carried out in this district.

Lonely Idaho Campus Beats 'Ghost' Towns

By BOB LEBRIGHT

UNIVERSITY OF IDAHO, Dec. 28 (Special)—Idaho City, Silver City, and other "ghost towns" may boast of their past history and present solitude, but they can't "hold a candle" to the campus of the University of Idaho, which has the largest student body in the state.

The sprinkling of students that chose to stay in the college town during vacation remarkably parallels the streets of Moscow peering into store windows and thinking of home. The usually hilarious college groups of two or three students are strangely still. Only the slush of trodden snow or the sipping of steaming coffee interrupts the desolating silence of the winter elixir.

Thinking of Home

They are thinking about home, mother, dad, and the kid sister. They are realizing that the time of their home until they spend their holidays away from the familiar surroundings. But now they understand.

Sitting around the fireplace at the group house where they stay with the professor and his wife, gazing into a crackling fire, does little to alleviate the prevailing sorrow. Sure, it helps, but the thought of the one mother, the one father, the one home, is too strong. There's something missing. Probably it's the holiday spirit.

Bolder and more many upclassmen pointed with wide last week, as the student special pulled out for southern Idaho, to all the back work they were going to do on before the vacation ended. Little did they realize that when the train pulled out for south Idaho and the eastern part of the country, their thoughts would travel with the train.

Study? Nah!

Feeling of going to the university library to do some state government or any other course work and when the winter break found himself paying more attention to the flurry of snowflakes; the thin whispering of smoke leaping rising from the heating plant; or, more probably, scanning the home town papers. Always popular with the students, the home town papers took on new significance with the holiday season. They seemed to be the most convenient method of transplanting the home town to the holiday atmosphere of his home town.

Eagerly awaited and probably the most welcome people on the telegraph box. The coming of each batch of mail is an event to be looked forward to—receiving cards, greetings and letters from home.

The leisure time and laziness that the vacation brought to the campus are enjoyed, but Jan. 4 is a marked day on the few remaining students' calendars. Next Thursday will mark the beginning of classes again and the revival of student activity. Pep and spirit will replace the lassitude and drudgery of the present campus.

Nurse's Inspection Reaches 140 Pupils

JEROME, Dec. 28 (Special)—Last week 140 children of the third, fourth, fifth and sixth grades of Jerome school received the annual nurse's inspection for nutrition, posture and physical defects. To ensure dental and medical care and attention, written notices were sent to parents.

Forty-eight of the children in special Miss Russell class showed defective teeth, and of this group 23 children had defective permanent teeth. In the fourth grade, 4; in the fifth grade there were eight; in the sixth grade, nine. Miss Russell stated that this condition indicates neglect of permanent teeth in early years.
