SWEDEN, NORWAY OPENLY DEFY RUSSIA; HOPE FINNS WIN

North Nations Ready To Make Sacrifices In Defending Homes

COPENHAGEN, Denmark, Jan. 16 (UP)—Sweden and Norway openly defied Russia's displeasure, made it plain today they wanted Finland to win the war and they would decide for themselves what constituted neutrality as regards aid to Finland. An increasingly firm attitude toward Russian pressure was reflected also in Denmark.

Russia, rebuffed in its protests to Sweden and Norway, countered with a special Swedish language broadcast over the Moscow radio, attacking Sweden and appealing to Swedish workers to refuse to go to Finland or to help Finland.

The broadcast asserted the Swedish government was concealing the facts of unemployment from Swedish workers and forcing the workers into a position where they would be willing to volunteer for Finland. This was done, Moscow alleged, by reduced public works allotments and unemployment allowances.

Newspaper comments on the Russian protests against aid to Finland were strong in tone.

Realize Danger
Swedish newspapers also realized the danger of the defensive alliance. Both the conservative Aftonbladet and the liberal newspaper of Stockholm said the people must be prepared for the heaviest sacrifices. "Popular opinion here is that the Russian ultimatum is in the interest of the government. It was particularly emphasized that while Russia charged Sweden and Norway with neutrality violation, the Soviet had insisted it was not at war with Finland. The charge was that the Finns were forcing aid and trying to divert attention from defeats in Finland.

Finns' Angering
It was forecast Russia would get the Swedish people's answer in the form of stimulated volunteering for the Finnish army, which neutrality protests had only convinced them that the Russo-Finnish war concerned Sweden itself most vitally.

Olo reported the first feeling in Norway of the Russian protest was one of anxiety, but that the consideration it brought the stubborn attitude characteristic of the Norse in such circumstances. Norway forecasts war, which was prepared to rely on its own nerves to last.

BUDGET SLASHED BY HOUSE GROUP

WASHINGTON, Jan. 16 (UP)—The house appropriations committee carried the economy fight straight to the White House today by reporting a \$100,000,000 independent supply bill which eliminated all funds for two important sections of President Roosevelt's own executive office.

The committee denied any fund whatsoever for the national red cross planning board and the office of government reports. These are two of the principal agencies which Mr. Roosevelt has set up in his executive office under his own government reorganization.

The funds totaling \$21,000,000 were taken from the budget on grounds Congress had passed no law authorizing the continuance of the agencies. With other cuts the committee's action left President Roosevelt's executive office appropriation at \$1,234,800, a cut of \$2,136,400 below the budget and \$1,899,800 below the current year.

First Appropriation
Cuts made in funds for other government agencies include the following: \$44,402,416 below for Roosevelt's 1941 budget estimate but \$35,760,375 above funds being spent this year. This is the first appropriation bill for 1941. It carries funds for orders of boards and committees.

The committee disclosed all funds asked for salary increases—estimated at \$2,008,407—and announced it would not authorize in all supply bills this session.

The committee reduced the public building construction funds to \$20,200,000, \$22,145,000 below the current year.

Public road appropriations remain the same at \$1,100,000,000. The committee cut \$5,000,000 from the grain crushing fund, approving an appropriation of \$20,000,000.

The U. S. housing authority contributions to building programs, the committee recommended \$10,000,000, \$1,000,000 below the current year.

CONVENTION OFFERS
HONOLULU, Jan. 16 (UP)—The convention of the United States Fruit and Vegetable association begins here today with preliminary arrangements for transportation and the federal wage-hour law on the agenda.

PRESIDENT CALLS FOR U. S. TO END MONEY TO FINNS

WASHINGTON, Jan. 16 (UP)—President Roosevelt today proposed that the United States lend money to Finland to enable her to buy surplus U. S. products and manufactured goods. He did not specify how much credit should be offered Finland.

Mr. Roosevelt emphasized that one of the proposed credit for purchase of arms or implements of war would be forbidden.

The president outlined his proposal for Finnish aid in identical letters to Vice-President John N. Garner and House Speaker William B. Ewing.

Warns Against Precedent
He warned against creation of any precedent which might open the way for loans to other nations but said he did not believe his proposal would "constitute a precedent or establish involvement in European wars."

The president proposed that the loans to Finland be provided through an export-import bank and the Reconstruction Finance Corp.

The export-import bank has already advanced a \$40,000,000 credit but Finland has asked for only \$3,000,000 of that sum.

Desire to Aid Finland
"I do not doubt in the United States a great desire for some action to assist Finland to finance the purchase of agricultural surplus and manufactured production, not including implements of war," said Mr. Roosevelt.

"There is at the same time an undoubted opposition to the creation of precedents which might lead to large credits to nations in Europe, either through the Reconstruction Finance Corp. or through the export-import bank."

"We once desire a return to such a status."

Film Actress' 1st Husband Tries Suicide

HOLLYWOOD, Jan. 16 (UP)—John Bayette's first husband attempted suicide, driven to distraction by the thought of the movie actress on her third honeymoon.

Dr. H. W. Sankey in the course of a practice of 36 years has delivered 3,000 babies, including 50 sets of twins. He was not prepared for a suicide when he was summoned Tuesday night to the cabin of a steamer and coal miner Clyde Short.

The temperature was 26 degrees above zero and a gusty wind whistled through the hills. He drove two miles over muddy, winding roads from his home in the mining village of Nauvo, finally reaching the cabin.

The bedroom of the two-room cabin was 15 by 16 feet and contained two iron beds facing an open fireplace. There was hardly room to move. Mrs. Short, 36, and her husband, who had a severe headache, and she assured the doctor that her "time" had come.

He put Short to bed, leaving her to care for the baby. She told the doctor of the neighbors' talk of the possibility that the Short's five children, in Mrs. Short's fifth birth (Continued on Page 2, Column 2)

Firemen Discuss Fighting Blazes In Idaho Forests

BOISE, Jan. 16 (UP)—For to three days instruction of inexperienced civilian conservation corps men is insufficient to prepare them for the difficult task of battling forest fires, a conference of fire fighting officers declared today.

They referred the problem to CCC commanders for further consideration. The foresters also requested coordination of their facilities and pooling of the effects of federal, state and local protection agencies to further reduce the fire hazard in Idaho forests.

Officials Reply to Assertion of Twin Falls 'Feud'

Sweeley Points to Law Cooperation Is Keynote, Chief Gillette Declares

Cooperation is the keynote for which the Twin Falls police department strives in relationships with other law enforcement and court officers, Chief Howard Gillette said today in commenting on an Evening Times editorial which cited an apparent "feud" between city and county enforcement branches. He disclaimed any feud on the part of the police.

"It is my opinion that our local law enforcement family consists of a group of officers from the police and on the bottom of this group are not attorneys and badly need the cooperation and direction of the prosecutor's office."

"All we ask is that the prosecutor admit that he needs us."

"As far as I am concerned, no feud exists. This department is simply trying to carry out a policy of fair and impartial law enforcement."

Actress Awaits Results of New Scar Operation

HOLLYWOOD, Jan. 16 (UP)—Not until the bandages are removed some days hence will actress Ann Sothern know whether her doctor obeyed her orders—and cut her a cute little crescent shaped appendectomy scar.

Miss Sothern went under surgery yesterday and came out "as well as could be expected," considering the fact, she complained, she was wearing a regulation hospital cotton robe instead of one of the silk nightgowns she brought with her.

For the scar, which the actress said she had selected so carefully, Dr. William Branch declined comment.

"I do hope she's what I ordered," said Miss Sothern. "I've always believed an ordinary appendicitis scar means a cure, though no one sees it but herself."

Quads Born To Alabama Farm Wife

JASPER, Ala., Jan. 16 (UP)—Faith Hope and Charity, newly arrived in this world, were still living today as were their unnamed brother. Moreover, they had a good chance to continue living.

They were babes delivered of the same mother as the result of one pregnancy. The miracle occurred in a two-room farm cabin near Newton Clay hills 18 miles from here Sunday night with an antonized 65-year-old country doctor presiding.

Monday they were being fed and bathed in the Walter county hospital here. The hospital was not equipped with incubators and the babies were taken to Dr. H. S. Sankey in the course of a practice of 36 years has delivered 3,000 babies, including 50 sets of twins. He was not prepared for a suicide when he was summoned Tuesday night to the cabin of a steamer and coal miner Clyde Short.

Plotters Held In Jail Under \$50,000 Bond

NEW YORK, Jan. 16 (UP)—United States Attorney Harold M. Kennedy prepared evidence today for a grand jury, that the members of the Christian front plotted to overthrow the government in an armed uprising.

The defendants, arrested before Federal Judge Charles G. Whittaker's 40 department of justice agents, were held on bonds of \$50,000 each, which they were unable to furnish. Their lawyers were out for \$24,000.

Several subsidiary investigations had sprung from the week-end roundup of the suspects and by the time the grand jury met, interested in whether the 18 Springfield rifles, several thousand rounds of ammunition and explosives found in the men's possession had been stolen from armories.

Investigations of the Christian front by state and federal law enforcement agents, and Public Commissioner Lewis J. Valentine here, informed reports that 40 persons had been identified with the Christian front, said he would investigate if there was any evidence substantiating the charges.

J. Edgar Hoover, head of the federal bureau of investigation, had subpoenaed the prisoners plotted to blow up a Jewish and a Communist newspaper plant here and a theater that shows Russian movies. No hint of the evidence against them had been given at yesterday's arraignment.

BELISHA BLAMES HIS REMOVAL ON ARMY OFFICIALS

LONDON, Jan. 16 (UP)—Leah Horre-Belisha, who served as war secretary, aroused a storm of public protest, told the house of commons today his army reforms had been carried out with comparative harmony, adding it never occurred to him "we were making the army too democratic to fight for democracy."

Prime Minister Neville Chamberlain added it was "pure invention to suggest there had been any pressure on me to displace Mr. Horre-Belisha." He denied reports there had been any pressure on him to displace Mr. Horre-Belisha and the army council, or so-called "brass hats," whom some newspapers had credited with securing the ouster of the war secretary. There will be no change in the policy of democratizing the army as a result of the departure of Horre-Belisha, Chamberlain said, denying any high army officers had threatened to resign unless the war secretary was removed.

No Officer Complained
"No officer serving at any time ever said one word to me which was inconsistent with his duty to his ministerial chief," the prime minister declared.

The discussion by Horre-Belisha and Chamberlain was harmonious but the prime minister refused to reveal the full reasons for removal of the war secretary.

"I had become aware of difficulties arising out of the great qualities of Mr. Horre-Belisha, which in my view made it desirable a change should occur," he said, apparently referring to the energy and driving power of the former secretary.

Chamberlain said Horre-Belisha's resignation was not connected with army reforms because the cabinet approved the reforms ahead of time and Horre-Belisha's cabinet shared responsibility for them. Newspapers had persistently suggested the policy of "promoting" (Continued on Page 2, Column 2)

Finns Repulse New Drive by Russians

HELSINKI, Jan. 16 (UP)—An official communique today said a Russian attack on the Karelian isthmus had been repulsed with heavy losses and that two Russian companies had been broken up on the important north central front near Salla.

The communique said a Russian detachment attacked Finnish positions on the southernmost part of the Karelian isthmus, near Tuupila, on the shores of Lake Ladoga and the scene of a series of unsuccessful Russian attacks in recent weeks.

The attack was hurried back and the Russians suffered many casualties, the announcement said.

Two Companies Repulsed
On the north central front two companies of Russian troops were repulsed near the eastern frontier of Finland, the communique said. Recently the Red army had been reported attempting to mass new forces in the Salla sector, but the Finnish troops had repulsed the attack in two by driving toward the city of Bolshoi.

Finnish troops also captured two Russians of the famous Finnish scout units trained to land behind an enemy's lines from airplanes.

The "Red" army's important advance point picked up radio signals which they found were coming from their victims. A patrol was sent out and it found two Russians, one carrying a portable wireless set while the other carried information of the Finnish position.

High Court Orders Case Reopened After Charges Of "Hearsay" Testimony

BOISE, Jan. 16 (UP)—Duncan M. Johnston, former Twin Falls mayor convicted of murder in the slaying of George L. Olson, Salt Lake City jewelry salesman in 1938, today awaited a new trial, confident he would be freed of the charges.

The Idaho supreme court issued an opinion Monday ordering a new trial for Johnston on the grounds hearsay testimony on which the former civic leader and candidate for congress was convicted was not legally admissible in a trial. Johnston was convicted on circumstantial evidence.

In Twin Falls Prosecutor Everett M. Sweeley announced that Ray A. Acee, his assistant, would take charge of the case when it comes back to district court. Sweeley said the move was taken not because of any legal objection, but because of the fact that Johnston was a witness in the first trial and felt that it should not take part as prosecutor in the second trial.

Ace announced that the second trial would be held in Boise. The first trial was the one longest held in district court.

DUNCAN MCD. JOHNSTON today looked forward to a new trial here in the murder of George L. Olson, Salt Lake City jewelry salesman in May, 1938, after a supreme court decision had ordered reopening of the case.

Approval Given MURPHY CHOICE

WASHINGTON, Jan. 16 (UP)—The senate today confirmed the nomination of Attorney General Frank Murphy as an associate justice of the supreme court.

The vote was 70-19, announced by Arthur H. Vandenberg, R., Mich., who voted against Murphy for attorney general, and Francis M. Howland, D., Mich., announced that there had been a record vote. Howland would have voted for Murphy.

A multiple vote was cast by Judge Robert H. Jackson, to be attorney general and associate justice. Other nominations confirmed by the senate included:

Dean W. Miller, of Idaho, state administrator for works projects administration.

SWEDEN, NORWAY GET BRITISH OFFERS OF ASSISTANCE

2 SCANDINAVIAN NATIONS REFUSE WRITTEN PLEDGE

By FREDERICK KUH
LONDON, Jan. 16 (AP)—Sweden and Norway have received written offers from Great Britain to assist them if their independence is threatened, well informed Scandinavian sources asserted today.

It had been reported here that shortly after the new year Britain had offered to guarantee Sweden's neutrality, but Sweden had declined because she feared Germany might regard such a guarantee as justification for anti-Swedish action. The Scandinavian sources said today that this offer was felt in Stockholm that any aggression against Sweden would be regarded by Britain as an act of war and there was no necessity of a formal pledge.

Trial Ballon
A Swedish foreign office spokesman said at Stockholm that Sweden knew nothing of any such offer. He suggested it might be a diplomatic trial ballon.

Despite this comment, the report today was that not only Sweden but Norway had received similar offers of guarantees. It was said also that, contrary to the earlier reports Sweden had declined the offer, neither Sweden nor Norway had replied to it.

It was assumed to be a coincidence that, as the report of the British guarantee was received:

1—The French foreign office made it known if any neutral nations were attacked by Germany the neutrals would "benefit by the formidable support of France and Great Britain."

2—Diplomatic quarters in Rome reported any Russian move to bar shipment of materials to Finland, whether through diplomatic pressure or by force of arms, would be regarded by Italy as threatening a dangerous spread of communism in northern Europe. Italy is prepared to oppose any spread of communism.

There was a tendency here to regard the reports—whatever they were—which caused Belgium and the Netherlands to take emergency military precautions as a false alarm. At the same time it was said both countries acted wisely in view of the reported activity of German planes over their territory. The planes, it was assumed here, were photographing strategic areas.

PIONEER JEROME WOMAN HONORED

JEROME, Jan. 16 (Special)—Last rites for Mrs. Dora Frances Mullins, Jerome early resident, were conducted Friday from the Jerome Presbyterian church with Rev. O. C. Matthews, pastor of the Twin Falls Baptist church officiating. Interment was made in the Jerome cemetery under the direction of the Wiley funeral home.

A mixed quartet, Mrs. Leo McVey, Elbert Rice, Sr., Miss Jane Handy and Harold B. Roberts, sang, "What a Friend We Have in Jesus," "Home of the Soul" and "As the Concluding Number," "Rock of Ages." Accompaniment was played by Miss Ruth Gelsler at the piano.

Funerals were Wayne Weigle, R. W. Handy, Pius Ambrose, Cleo Ambrose, Paul Galien and Fred D. Carlson.

Mrs. Mullins succumbed after a protracted illness at her home northwest of town early Thursday morning. She was born Dec. 28, 1874, and is survived by her husband, R. H. Mullins; two daughters, Mrs. Paul Galien and Mrs. Amel Harding, both of Jerome; three sons, Paul and Archie, Jerome; one brother, Howard Dale, Vernon county Mo., and a sister, Mrs. Amanda Jones, Eldorado Springs, Mo.

Water Storage in Reservoirs 1,000,000 Feet Less Than '38

BOISE, Jan. 16 (AP)—The 12 largest reservoirs of Idaho have impounded about 1,000,000 acre-feet less water on Jan. 1 than on the same date of last year, James Spofford, state reclamation commissioner, announced.

The total water stored was 2,400,000 acre-feet on Dec. 31, 1939. Although the precipitation has been much below normal for the period from Oct. 1 to Dec. 31, 1939, the 12 major reservoirs impounded nearly 700,000 acre-feet of water during the three-month period.

The water storage table included:

Reservoir	Dec. 31, 1937	Dec. 1939	Dec. 1938
Jackson Lake	297,810	353,950	472,300
Island Park	83,210	83,210	32,550

DEBATE TOURNEY PLANNED FEB. 10

Invitations have been issued by Twin Falls high school debate society to eight neighboring schools for an invitational debate tournament planned for Feb. 10. It was announced today by Gerald Wallace, coach. Debates are planned to take place for two hours in the morning and one in the afternoon, giving each school opportunity to meet three other squads.

Schools which have received invitations are Bull, Kimberly, Pier-Burley, Rupert, Jerome, Gooding and Eden.

BEET MEN OPEN CONTRACT DRIVE

Termed an attempt to obtain a "more favorable" beet contract, directors of the Twin Falls County Beet Growers' association today had voted to sign an agreement to cooperate with the Idaho State Beet Growers' association.

The agreement between the two groups, it was explained, is a meeting of the county group here last night, would go toward securing a number of beet and equitable sugar company contract.

Within two or three days, it was explained, each grower in the county will be seen and will be asked to sign the agreement. It was explained that the agreement would be made possible to obtain the "more favorable" contract.

Presenting at last night's session was Carl Lee, Twin Falls, chairman. Committees named and points at which they will work follow:

Twin Falls, C. B. Maxwell, Twin Falls; L. E. Wilson, Hansen, near Schmidt, Twin Falls, and Mr. Leonard.

Next to Vern Krieger, Juhl, and Noel Bailey, Curry.

No Third Term, Dr. Bohn Thinks

BOISE, Jan. 16 (AP)—President Roosevelt will not seek a third term, Dr. Frank Bohn, writer, economist and Washington, D. C. political pundit, said today at a packed club banquet audience last night.

Dr. Bohn speaks at Twin Falls at 8 p. m. tonight in the high school auditorium to the Town Hall club there.

Changes Loom For Electrical Statute Here

Passage of a new city ordinance, permitting the examination and licensing of "junior grade" electricians, moved a step nearer completion last night as councilmen approved it on second reading.

One more reading is necessary before its official adoption but indications were last night that the ordinance, if adopted, would not be in its present form. In all probability the new ordinance will have a section providing for apprentice electricians to work under the direction of journeymen.

Such a section, prepared by Harry Bennett, city attorney, at suggestion of the councilmen, was presented last night and decision will be made before next Monday night as to whether it will be embodied in the ordinance.

Passage of the "junior grade" ordinance has been asked by Claude Entweller, mechanic. Electrical men have expressed themselves as being against the move. They are, however, in favor of the apprentice section.

The local electricians claim that adoption of the junior grade provision will enable those who are not "really qualified" to do various types of wiring and added that there is "no place to draw the line in the present form. In all probability the junior grade apt the journeymen."

Councilmen also approved payment of regular bills at the session.

NEGRO SUFFERS GUNSHOT WOUNDS

BOISE, Jan. 16 (AP)—James E. Jefferson, Negro waiter, was in a Boise hospital today suffering from gunshot wounds while police here investigated an alleged assault, Tobias Charn, for investigation on a charge of assault with a deadly weapon.

Margaret O. Jefferson, wife of the wounded man, also suffered minor wounds in the fray.

PENSION TALKER RAPS DWORSHAK

F. E. Dotson, Burley, today had played Cong. Henry Dworshak for his "failure to vote for the Townsend plan in congress."

The congressman was criticized by Dotson during a Townsend rally here last night which was held in the I.O.O.F. hall and which observed the 4th birthday anniversary of the founder-of-the movement. More than 200 persons attended the meeting.

Analyses Letter
During his talk, Dotson analyzed a letter from the congressman in which explanations for his having evaded the issue were given. Concerning the Townsend plan, Dotson said:

"People have greatly misunderstood the plan, but are now commencing to understand and appreciate its value and reasonableness. It is a plan that is not a proposition of the young supporting the old, but that it is in reality an insurance policy for which everyone pays and from which everyone will benefit. It is a policy that cannot be canceled on account of accident, sickness, unemployment or misfortune."

"At 60 everyone will have the privilege to retire, not on charity, but by the return of the money paid during their active years in gainful work."

Dotson in Charge
In charge of last night's session was Mrs. Albert Putzier, leader; Mrs. H. J. Putzier, secretary; Al Hacker, Elmer Rees and Ted Purcell, members of the committee on entertainment.

Musical selections included Hawaiian melodies by Mr. and Mrs. Mel Carter; Charles William Crane, violin, and Tracy Wilson, guitar. They presented an act entitled "The Two Spanish Boys."

Guests of honor at the observance were Mr. and Mrs. T. A. May, Nebraska; Mrs. May is a sister of W. W. Sturgeon, the man who first conceived the observance in honor of Dr. Francis E. Townsend.

Announcement was made that the next regular business session of the local club will be held Tuesday, Jan. 23. The meeting place will be announced later.

Many Events Honor Rebekah President

Extensive entertaining marks the official visit of Mrs. Esther Conrad, Wallace, to Primrose Rebekah lodge. Mrs. Conrad, president of the Rebekah assembly of Idaho, will be complimented at a banquet this evening at 6:30 o'clock at the Methodist church, preceding the lodge session at the Odd Fellows hall.

Sharing honors with Mrs. Conrad at the dinner meeting will be Mrs. Effie Watkins, Twin Falls, past assembly president, who was her luncheon hostess this afternoon.

Mrs. Grace Parsons, newly installed noble grand of the order, and other officers will be seated at the honor guests' table with Mrs. Conrad and Mrs. Watkins.

Memorial Rites Of War Mothers Honor Mrs. Ball

Luncheon Guests
Present to honor Mrs. Conrad at the luncheon this afternoon at the Watkins home were Mrs. Parsons, Mrs. Annette Mahan, president of the East Noble Grand club; Mrs. Hilda Tarr, advisory member of the Theta Rho Girls' club; Mrs. Jessie Vance, deputy president, and Mrs. Gertrude Holmbeck.

The luncheon table was appointed in crystal, and a potluck plant formed a cheery centerpiece. The afternoon was spent socially.

Banquet Program
Dinner hour music will be played by Mrs. Edith Schroeder Jackson on the accordion; Miss Maxine Beath will play a piano solo, and Miss Charlotte Richardson will give a reading. Miss Beath and Miss Richardson are members of the Theta Rho Girls' club. Miss Richardson will present Mrs. Conrad with a gift.

Mrs. Rose Balfanz, Mrs. Jane Jensen and Mrs. Jennie Crowley are in charge of the program; Mrs. Alice McDonald, Mrs. Ella Long and Mrs. Ella Cogswell, are members of the banquet committee, and Mrs. Sigrid Smith and Mrs. Tarr are in charge of the decorations.

LUCKY TWELVE MEETS FOR PINOCCHLE

Fiance of Utah Chairman Named for Finnish Relief Fund

Appointment of Mrs. Emma K. Blodgett, 161 Pierce street, Twin Falls, as local chairman for the women's division of the Finnish Relief Fund for Idaho was announced today by Mrs. Norman B. Adkinson, state director of women's activities.

"In the uneven struggle which the brave Finns are carrying on, our sympathies go out to the innocent victims of unprovoked aggression," said Mrs. Blodgett.

Mrs. Blodgett is an active member of the local Business and Professional Women's club.

"We cannot give military aid but we can contribute for the relief of the destitute, the children, the refugees who have been evacuated from cities to avoid the hail of explosive bombs," she continued. "I feel certain that every woman in our community will cooperate in this great effort to alleviate human suffering."

Reports from the state indicate that Idaho, while late in being organized, is responding generously to the appeal for help for non-combatants and refugees. Newspapers over country are acting as sponsors, accepting contributions and forwarding the money to the national committee in New York, to be cable-d immediately to a committee appointed by the Finnish Relief Fund.

Overhead expenses have been provided from private sources and every cent contributed will go direct to the suffering.

Local Girl Will Ride in Denver's Livestock Show

Miss Alice Reed, freshman at the Colorado Woman's college here, has been recognized as an expert horsewoman, and will be one of three students of Colorado Woman's college to ride in the Denver Livestock show Jan. 18, according to word received here.

Miss Reed was recently elected to membership in the Bilt and Spur, honorary riding club at the college, after meeting the qualifications required. She has ridden horses since childhood, and is especially proficient in the sport.

Miss Reed is the daughter of Mr. and Mrs. R. L. Reed, Blue Lakes boulevard north.

Famous Skier to Wed Salt Laker

The engagement of Miss Hoyt Smith, 19 daughter of Mr. and Mrs. Fred E. Smith, Salt Lake City, and Fred Pfeiffer, 28, world famous skier and head of the Sun Valley Ski school, was announced Monday in the Utah metropolis by Miss Smith's parents.

The wedding is celebrated for March 20. Miss Smith is president of the First Sunday Trust school at Claremont, Calif., and Highland Hall, Salt Lake City.

Pfeiffer is the United States open ski champion, 1936 winner of the famed Alpe d'Huez, and the proud possessor of 50 cups and 100 medals for his skiing ability. He is one of the most successful skiers in America, and for 14 years worked with the famed Hans Schneider at the Alpe d'Huez.

More Golden, Less Iron Rule Needed

UNIVERSITY OF IDAHO, Jan. 16 (Special)—Rev. Holland Holbrook, Rabbi Charles Seligson and Rev. Doris Wild of Steamboat, N.J., are members of the Iron Rule group of Protestant, Jewish and Catholic church leaders, addressed here last week-end that all religions are enjoined by the same end.

"We need to practice understanding and sympathy," Rev. Donovan said. "If we had more of the golden rule, we would be following a path for Jewish boys to get into American universities and in getting work."

Rev. Wild of Steamboat, N.J., declared: "We are afraid of that which we do not know."

Burley Elks Lead Outlaw League After Oranges Trip Redskins

There was a wide-open scramble for leadership in the Snake Valley Outlaw League today after the Filer-Twin Falls Oranges last night handed the Champion Shoshone Redskins their second defeat of the season and got up the Elks on the top of the loop—the only club in the league with only one loss.

The scramble appeared ready to head for a mad fight in the last three weeks of play as Shoshone, Filer-Twin Falls, Jerome Jaycees and Gooding Jaycees all appeared to have good chances at overhauling the Elks. The close battle presaged some of the toughest competition of the year when the Burley and Gooding outlaw tournaments rolled around.

The Filer-Twin Falls victory at Shoshone last night was the first time this year that the Redskins had tasted defeat on their home floor. The final score was 40-34 in an overtime contest—the second in two nights that the Shoshone club had been edged in.

On Even Terms
The two clubs battled on even terms through most of the game with the count tied 23-23 at the end of the regular playing time. As the overtime started, Bob Haddock connected for a field goal for the Redskins, but then Gerry Casion and Bill Schiffman came through with gilt shots to knot the count at 36-36 again. Then Anderson led Decio with eight.

The next Jaycee game will be with the Burley Elks at Burley on Thursday night and may go considerable distance toward determining the continued leadership in the loop. The lineup for the two tilts:—Decio: Jerome (6), P. (4) Richins, E. Williams (9), F. (2) Colerhout, Nobby (12), O. (4) Mathers, Hollibaugh (2), G. (8) Anderson, Shorthouse (3), G. (6) Voburg, Substitutes: Jerome—A. Jones, Jenkins, Claypool, Hale; Decio—S. Osterhout (1), O. Williams.

Filer-T. F. Shoshone Schiffman (2), F. (8) Thomsen, Carlson (17), F. (14) Haddock, Powers (9), O. (9) Thomsen, Anderson (1), G. (1) Berriochio, Substitutes: Filer-Twin Falls—Hobbs with 12; Shoshone—Orisham (3), Chies.

ART OF BOWLING

(Seventh of 25 bowling articles).

By JOHNNY CRIMMINS
Anchor man of Detroit Goebels, A. E. C. five-man team champions.

Equally as important as points previously stressed are concentration and relaxation.

The bowler looking at a certain spot on an alley and not concentrating on it is likely to roll the ball from four to six inches from where it should strike the pins. This beginner naturally will draw a nose, or "Brooklyn," hit.

Concentrate on a spot 15 to 20 feet from the foul line. Try to deliver ball from three to four feet from foul line... direct-

The PAYOFF

By HARRY GRAYSON
(NEA Sports Editor)

NEW YORK — Howard Harding Jones gets little recognition for one of the greatest coaching careers dating back to 1908.

With its multiple alignments, the Trojan attack is one of the most complex ever seen on a football field. Yet you never hear of the Jones or Southern California system.

Amos Alonzo Stagg's contributions have been entitled, "You read and hear much of the innovations of Percy Haughton, Glenn Sobecky Warner, Hurry W. York, the late Knute Rockne and even those of more recent additions

But, although Head Man Jones' power plays have been devastating for 22 years, they remain to this day vastly under-publicized.

This is almost incomprehensible because Jones has enjoyed continuous success since he was graduated from Yale in 1898 at Syracuse, the Iowa State, Iowa, Duke and Southern California.

While Southern California's attack is based on masked power... faking at one point and striking at another, the Trojans last season beat Ohio State and Michigan with passes. They scored in the last two Rose Bowl games on passes.

No other coach ever got three men at one spot ahead of the runner as fast or with any more deadly effect than Jones.

Shifty Nine-Man Line
Southern California shifts an original nine-man line into a variety of formations, such as single wing right or left, shuttles, split strong to right or left, and a 3-1 line with the short side in the back-field.

I recall a number of the former-most drill-masters trying to figure out Jones' formations following Southern California's 1939 victory over Notre Dame.

Jones originated the mousetrap to shake Morton Kaer loose in 1936. He gave it to his brother Ted, at Yale the following fall, when the Blues overhauled got Bruce Caldwell and others into the open with the mousetrap.

Abie Shires, the Tennessee tackle, was repeatedly the victim of mousetrapping in the Rose bowl the other afternoon. The harder Shires charged the better the Trojans liked it as they side-swiped him and shot Amby Schneider through the hole.

Jones thought up the quick kick and many other things, some of which the opposition is still trying to catch up with.

Wasn't Too Dumb
I have never heard a Jones-laught player who went into professional football but he learned anything more about the business after leaving school.

Shires has the happy faculty of being able to transmit his knowledge. Gloomy C. M. Henderson rated the brilliant Morton Kaer too dumb to play football in the college before Jones assumed command at Southern California.

But Jones had his former Iowa quarterback, Aubrey Devine, line with Kaer for months... developed the phenomenal hurdler into an All-American ball carrier and signal caller.

"Any boy who can run as fast as Kaer must be pretty dull not to be able to play football," remarked Howard Jones.

Southern California has vastly more than good material. It has had one of the best coaches who ever called a football squad to attention.

STRIKES to SPARE

With Fred Stone

If you will ask the Orange Transportation team, they DO NOT TAKE a handicap as it cost them two games in their match with Halle's Conco—not to mention the total pins to the eventual.

However, Walt Dix of the Orange was tops with 865. Merlin Edwards checked in with 800. The other 216 for high single to get the top in one game for both teams.

Top total for Halle's was Marion Collier with 128. Marion was trying to top a new ball and doing O. K. with it.

High single for Halle's was Coley Coleman's 202 in his last game. M. Colie had a 201 single.

Clyde Ross does not like the 1-1-4-8 spare to shoot at—just in case you're interested. Edwards' 216 single starts off the week for City League.

Halle's 249 off for next week's free bowling.

When better cleaning is done, the National Laundry will do it. That's what they did to Della's. The Laundry got three out of four.

Casey Ed Bringer, with 884, was the best cleaner. Wimpy Jones was next in line with 877. Jones' 224 first game takes high single honors. The other three cleaners weren't so hot.

For the loon, Walt Higbert, with high man, single got 810 and Hill McDonald, 812.

They Frels was in the dog house this week. Next week it's Charley Bruggemann.

Jones, with his 223, starts the week in Commercial league for the weekly prize money.

Bilboa Leads Bowlers in Burley League

DURLEY, Jan. 15 (Special)—Individual average leadership in the Burley Commercial bowling league today was in the hands of L. Bilboa of Dana's O. K. Tire Shop club.

Bilboa had an average of 164 for 12 games to top Houal Parish of 147 by eight pins.

High three-game series, as the first half of the season's race elapsed today was in the hands of a 614, while top single score was held by R. Orishfield of Hight Motor with a 249.

Hight Motor holds the record for a three game series of 2,217, and also the top game for a team of 964.

Top leading averages follow: L. Bilboa, Dana's, 164; R. Parish, 147.

Veterans Tie for Title in National Senior Golf Meet

SARASOTA, Fla., Jan. 15 (U.S.)—Jack Hurbston of Chicago and Otto Harkbath met in their second title playoff for the National Professional Golfers' association senior championship today.

After playing the 144 deadlock for the originally scheduled 36 holes, Hurbston and Harkbath each carded 74 in the initial playoff yesterday.

Equity, 195; H. L. Shade, Hanzel, 185; George Riggs, Haight, 194; H. H. Harkbath, 182; Bill Thornton, Greig, 193; Gene Marquardt, Equity, 149; O. Coleman, 147; Gene Green, 148; J. Peterson, Smith, 147; H. Harkbath, Haight, 148; G. Haight, Hight, 147.

TRAVEL HEAVIER FOR BLUE RIDGE

WASHINGTON (AP)—The national park service has estimated that 290,000 persons in 26,000 automobiles visited the Blue Ridge Parkway in North Carolina and Virginia during the summer and fall months.

These figures were compiled from a periodic check on visitors made at various highway connections on Saturdays, Sundays and holidays and occasionally on week days.

The park service said that 67 percent of all cars visiting the drive bore either North Carolina or Virginia license tags. This was attributed to the fact that there was little or no advertising of the parkway to other states.

It was noted that the parkway is the only highway in the country which is a through route from the coast to the mountains.

It was also noted that the parkway is the only highway in the country which is a through route from the coast to the mountains.

"Gone With Wind" Breeze Compared With 13 Years Work on "The Miracle"

Next assignment of the starring role was to be the picture "The Miracle." Through some oversight, however, she was allowed first to appear as the lovely girl in "The Miracle."

The picture was a shocker for the public, and it was plain that Miss Stanwyck would not be readily accepted as the heroine of "The Miracle." So sweet-faced Marilyn Marsh succeeded her in the Marilyn spotlight, and Jean Muir directed her as the heroine.

But "The Miracle" is still an odd production schedule for the company, and it is being looked upon as a flop.

Times Cameraman Finds Work of Nellie, Hired Girl, Never Ends

ASHES

DISHES

WAX

IRONING

1—This is the story of "Nellie." Nellie earns her living by working in a local home by the week, receiving a paycheck each Saturday for her labors. An Evening Times reporter decided to find out just what Nellie, the maid, did and so, as the picture above shows, he found her throwing out the ashes from the family stove. The sun wasn't up yet—and neither were the members of the family at the home where Nellie works. She arrives at 6:15 a. m. and starts the fires. Then she empties the ashes.

2—Now Nellie has breakfast completed. She got up breakfast for the youngsters who leave for school at 8 a. m. She got a second breakfast for the "Mr. and Mrs." the "Mr." leaving for work at 9 a. m. Above she washes the breakfast dishes. Three times each day, including Sunday, she repeats this scene. After the breakfast dishes are done, then comes the cleaning up of the kitchen, the scrubbing of the kitchen floor and, on certain days, she washes the windows just for good measure.

3—Now Nellie enters the front of the house. After sweeping all the rooms, making four beds, picking up all that has been thrown on the floor and doing other odd jobs, she then settles down to wax the floors. Some people say this causes "house maid's knee" and if it does then our Nellie has them. Floors of five rooms equal be waxed, and this at least twice a week. Winter weather makes the job harder because of the quantity of snow and water which the youngsters bring in from play. But Nellie works on.

4—Now it's time for the dinner, lunch being out of the way. The "Mrs." is at a bridge party, the "Mr." is at work and the children have returned from school and are playing in the yard. Nellie is ironing shirts, as well as various other items. The board has been set up in the kitchen because the dinner is on cooking and must be watched. Nellie is getting a little tired by this time but there is still plenty of work ahead. After the ironing, the table must be set and the dinner served. Then Nellie can grab a bite for herself.

FINALE

5—Here's Nellie again—still trying to get her work done so she can get home to her own family. The "Mr." cooperates to the extent of permitting the maid to sweep under his feet in the front room while he holds them up. The time is 7:20 p. m. And what does our Nellie get for all this—seven days of work—\$3 a week and three meals a day. If she has time to eat them, she must sleep at her own home which she must clean up when she gets there and before she returns to work for "Mr. and Mrs." the next day.

SOUTH IDAHOANS ASK ROAD SIGNS

By resolution, members of Southern Idaho, Inc., today had voted in favor of directional road signs being placed at the junctions of different state and federal highways.

The action was taken last night during a session held at Jerome. Approximately 45 representatives of various Chambers of Commerce over this section of the state were present.

Chief Communities
The resolution recommended that names of principal communities, in the district, as well as the distances between the outstanding points of interest, be a part of the information carried on such signs. Copies of the resolution will be forwarded to Director of Highways H. R. Flint and also to Gov. C. A. Holt.

Jubilee Heads Ambitious 1940 Merchant Program

Ambitious program for 1940—highlighted by a Magic City Jubilee July 2-4-5, two turkey festivals, a bridge celebration in event of toll removal and a giant parade for Halloween—had been formally approved today by the merchant's bureau of the Twin Falls Chamber of Commerce.

Most spectacular of the 14 projects approved after submission by R. P. Robinson, chairman of the program drafting committee, is the big jubilee proposed for the independence day period. The jubilee would parallel one held five years ago under Junior Chamber of Commerce auspices, and would renew a previously abandoned policy of Twin Falls July 4th celebration.

Confers With Jaycees
Voy Hudson, named as merchant's bureau chairman for the jubilee, conferred with Jaycee directors today. The bureau resolution stipulated that merchants will underwrite the celebration and the Junior Chamber will handle it. Jaycees would be permitted to retain concession funds to swell their benefit money.

As tentatively outlined by Mr. Hudson and the Jaycees, the jubilee will be a gala celebration probably in the downtown district—covering July 2, 4 and 5.

Co-members of Mr. Robinson's committee, and assisting in drawing up the project list, were Grant Thomas, Harry Vogel, R. S. Toffel, Frank Cook, Chairman, H. J. Vallon of the bureau, Charles Shipley, Mr. Hudson, R. M. Kimble and Bert Sweet. Their 13 other projects in addition to the jubilee are these:

- 1. Seek merchant cooperation in making a real shopping day out of the Union Pacific potato train day, Jan. 27. Prizes and displays will be sought.
- 2. Citywide "silver dollar day" on the date of the annual Times-News Farm Congress, late in February.
- 3. Spring opening during the week of March 7-8-9, with a committee to seek a new type of contest.

The proposed call not only calls for a competition but also for a portable loudspeaker with "Q" contests on various downtown corners. Top of these quizzes would be merchandise displayed in store windows. Prizes would be given at each quiz stop.

Participants of the spring project would be an Easter egg hunt on Wednesday before Easter, and a Parent-Teacher survey for rooms to house hotel, contract, restaurants and visitors for similar events. The rooms, our hotel would be available unless cancelled.

3 UTAH BUSINESS, CIVIC HEADS DIE

HALT LAKE CITY, Jan. 15 (AP)—Three persons, each prominent in Utah civic and business affairs, died here last yesterday. Attorney Waldemar Van Cott, Mendelsohn Frederick Berley and Mrs. Hattie Wilson of Post, known as Hattie "Boss" Ross.

Van Cott, 80, had been a practicing attorney here for 25 years. A member of the board of regents, he was largely responsible for removal of University of Utah from downtown Salt Lake City to its present site on the city's "east bench." He was a former president of the Utah State bar and a former member of a law firm that included George Smith, later a U. S. supreme court justice.

Headly, 76, had been an officer of a music company here for 25 years and a member of the U. S. National Rifle club for 25 years.

There Are Two Ways to Get at Constipation

Yes, and only two ways before and after if it's "poopy" instead of "constipated" that's the best way to get at it. And there's no need for laxatives or other drugs. You can get it done by drinking plenty of water, and see if your life isn't a whole lot longer. Made by Kellogg's in Battle Creek. If your condition is chronic, it is wise to consult a physician.
