There is no room in the rank and file for any man's personal ambitions...

There is no room in the rank and file for any man's personal ambitions. I realize what it means to be a candidate for the Republican nomination...

Arrested in plot against U. S. was John T. Frost, captain in the New York national guard.

SOLONS BLAMED FOR MINE BLAST

WASHINGTON, Jan. 17 (AP)—President John L. Lewis of the United Mine Workers intimated today that failure of congress to enact legislation to provide federal inspection of coal mines was responsible for the deaths of 91 men in the recent mine explosion at Bartlesville, Okla.

Sabotage Feared After 2 Die in Dynamite Blast

GIBBSTOWN, N. J., Jan. 17 (AP)—Two persons were killed today, and two others injured seriously, when 6,000 pounds of nitroglycerine in a dynamite mixing plant of the E. I. duPont de Nemours and Company exploded.

BIRTHDAY DANCE DATE SET HERE

Annual birthday ball, in honor of President Roosevelt, will be held in Twin Falls Saturday night, Jan. 27. It was announced here this afternoon by Tom Alworth, chairman of the President's observance for this county.

William Gerald Bishop (above) was named by J. Edgar Hoover as the 'finger' of what the head G-man described as a highly-organized plot to overthrow the government of the United States.

Policeman is Facing Ouster For Broadcast

MILLBURN, N. J., Jan. 17 (AP)—Something went out over the air waves at 3 a. m. on Dec. 14 that was never intended to be broadcast and because of it, departmental charges have been filed against Police Patrolman Phillip G. Pierman who at that hour is alleged to have broadcasted a young woman in his two way radio car.

WOMAN PLEADS BURGLARY GUILT

A 21-year-old woman pleaded guilty to second degree burglary charges today, and two former defendants and one accused of burglary were granted court-appointed counsel as the January term of a Twin Falls department store.

NAZIS SUFFERING, ENGLAND CLAIMS

LONDON, Jan. 17 (AP)—Germany is suffering severely as result of the allied economic warfare. Harold Cross, chief of the British propaganda effort, said today that the German people are suffering more than they are at any time in the history of the world.

Jury Picking Opens For Browder Trial

NEW YORK, Jan. 17 (AP)—Selection of a jury was started today in the federal government's passport fraud prosecution of Earl Browder, general secretary of the Communist party.

NAZI SHIP CREW EN ROUTE WEST

ODEN, Utah, Jan. 17 (AP)—Two special trains carrying 512 officers and men of the scattered German liner Columbus passed through here today en route from New York to England.

Taylor-Hall Feud Rages On Whipping

BOISE, Jan. 17 (AP)—Atty. Gen. J. W. Taylor snorted in disgust today and said he 'doubted' if State Senator W. Scott Hall of Oronida county would be 'made' if he went through with a challenge to duel with horsewhips at 50 yards.

HOOVER DEMANDS 'GIFTS' TO FINNS

NEW YORK, Jan. 17 (AP)—Former President Herbert Hoover, chairman of the Finnish relief fund, said today that President Roosevelt's recommendation to congress that the United States grant non-reciprocity credits to Finland 'should be supported'.

Former Governor Asks Cooperation

IDAHO FALLS, Jan. 17 (AP)—Former Governor Parrella Clark of Idaho today called on state Democrats to help develop and improve the economic situation, Clark said.

4 DEAD, 2 HURT IN TEXAS BLAZE

HOUSTON, Tex., Jan. 17 (AP)—Four men were killed and 12 persons were injured today when the Salvation Army Industrial Home in Houston was destroyed by a fire.

AWARD

HOLLYWOOD, Jan. 17 (AP)—Humphrey Bogart's third annual award for the best acting award of the year, went today to a white duality named Charlemagne.

TODAY'S QUOTES

'Americans should stop putting themselves on the back burner in the line of who and should strive through religion to establish peace in the rest of the world.' —Franklin D. Roosevelt.

FINLAND RESISTS DRIVE ON 'WAIST'

HELSINKI, Jan. 17 (AP)—Indications that Finnish troops again were holding a Russian offensive to reach the Gulf of Bothnia across the 'waist' of Finland were given in an official communique today reporting substantial resistance on the Baltic front.

JEWELS

NEW YORK, Jan. 17 (AP)—Police investigating a jewel robbery in the Madison Square district today said they had recovered a large quantity of jewelry.

Bott Remains in Boise Hospital

BOISE, Jan. 17 (AP)—Gov. C. A. Bott remained in the veterans' hospital today suffering from a mild attack of pleurisy from which physicians said he was recovering rapidly.

Huge New Flying Airboats Planned

MONTREAL, Jan. 17 (AP)—A Canadian firm has announced plans to develop a new type of flying airboat, which would be used for transport and mail service.

BORAH ILL

WASHINGTON, Jan. 17 (AP)—Sen. William B. Borah, R. Idaho, was cited to his best today because of his brilliant address in a fall in his apartment. The 74-year-old Idahoan was ordered by the physician to remain in bed for 'two or three days.'

SCHOOL CLOSED

KENDRICK, Idaho, Jan. 17 (AP)—Schools were closed here today because of an influenza epidemic.

SCOOTER

LOS ANGELES, Jan. 17 (AP)—Herbert Marxon, 64, a retired army officer, was on 80 days probation today. He was convicted of driving a motor scooter while drunk.

SHOES FOR SALE

OUR LEASE HAS BEEN SOLD! WE MUST MOVE!

This Is The Sale You've Been Waiting For

Our lease has been sold from under us and we are forced to vacate our present, well-known location. Before long we shall be able to announce a new location—but in the meantime we must move this stock we now have on hand. Time is short—and this must move quickly. We have priced every shoe to sell—read this ad and you'll understand how serious we are.

OUT WE GO - WE'RE ON THE MOVE BUT OUR STOCK MUST MOVE FIRST

SHOE PRICES TUMBLE

in this Forced sale We are no longer the masters of our prices — under the terms of this forced sale we must move every possible pair of shoes from our big stock. For this reason we are giving Magic Valley the shoe sale of the century.

A DOOR OPENING SPECIAL

WOMEN'S NOVELTIES

Approximately 150 pairs of women's shoes for the early shoppers. Every pair desirable. Racked for your convenience at

Come Early for This One!

THURSDAY 8 A. M.

99¢

BRUCE CATTON IN WASHINGTON

By BRUCE CATTON Evening Times Washington Correspondent WASHINGTON, Jan. 17.—In spite of Congressman Dies' over-optimistic estimate of 7,000,000 aliens in industry, which caused quite a few cracks in the hearts of those who will undertake to prove that it isn't so, there is little to be expected against aliens in the coming season.

THE alien problem will center especially in Congress because of a report from a district court decision clearly indicating that states have no power to regulate aliens, that being a concern of the national government. This decision was handed out at a Pennsylvania law requiring all aliens to register and show identification cards on demand.

THE West End Rural Teachers club met last week with Mrs. Mary Kay Brown, teacher in the Poplar Hill school, Mr. Brown, president, conducted the discussions on the subject of national communism.

A Baby and a Ring

Immortal Baby Jean, who has lived only six months of her "eternal" life on earth as ward of the Royal Fraternity of Master Metaphysicians, was presented recently with a \$50,000 diamond ring by Mrs. Anne Tomlinson, late of Monte Carlo.

Baby Jean, you will recall, was adopted by the metaphysicians not very long ago as the object of an experiment. She will be brought up in the cheerful seclusion of the fraternity's Peace Haven (Long Island) home.

The prospect of eternal life on earth is, at best, a little dreary. The individual is badly constituted to withstand the shocks of earthly civilization for longer than a century at the very most.

It's Healthier on This Side

Both the general death rate and the infant mortality rate in the United States hit new lows in 1938. The figures for that year are the latest which have been compiled. How the nation's health was rated last year will not be known for some time.

The game of "cops and robbers" in some form will probably always be popular among the small fry who like to whoop it up.

Joining the Law

It has occurred to law enforcement authorities in recent years that the more "cops" they have among the neighborhood gangs, the fewer "robbers" they will have—in real life as well as in play.

The town of Homewood, Ala., "swore in" some 30 junior "cops" just before last Halloween, and the trembling burghers enjoyed the most peaceful Halloween in the history of the town.

HISTORY The Family Doctor

DR. MORRIS FISHERMAN Editor, Journal of the American Medical Association, writes of Hydrax, the Hydrax agent.

There are all sorts of notions as to why people get bald-headed. An anthropologist has intimated that all human beings of a substantial race are likely to go bald.

Whenever the young man of 25 whose hair begins to recede at the temples or to disappear from a round spot at the back is likely to give his hair a great deal of unnecessary distress, spend a lot of money unnecessarily and indulge in all sorts of queer practices.

New York Coal Drivers Strike as Cold Wave Blankets East

75 PER CENT OF CITY'S HANDLERS HIT BY WALK-OUT

NEW YORK, Jan. 17 (AP)—Division handling 75 per cent of the city's coal deliveries were called out on strike today as the temperature dropped and a cold wave embraced the nation's largest city.

The strike affected 2,500 drivers and 2,500 yard men and helpers employed by 100 dealers, local affiliates of the International Brotherhood of Teamsters (AFL) called it after negotiations had broken down on the union's demand for a 41 cent an hour wage for drivers. Under the old contract with the Fuel Merchants' association and the Coal Merchants' association, drivers received 31 cents an hour. The contract expired Dec. 31.

Alarmed by the prospect of coal shortages in the winter, Mayor F. H. LaGuardia obtained from the union a promise that deliveries to hospitals, schools and other public institutions would not be interrupted.

The strike affects the city's four largest coal companies, which employ approximately 5,000 persons.

Michael J. Cashin, vice-president and spokesman for the union, said the wage increase would cost only three cents a ton to the cost of handling coal, and that last week the dealers had raised the price to consumers 50 cents a ton.

Government Branches Must Cooperate For Progress, Town Hall Talker Says

By O. A. KILMER

To insure unity and progress for the United States, the three main branches of this government should work together, hand in hand, rather than at three separate units.

Such was the declaration made here last night by Dr. Frank Bohm, widely traveled economist and writer who spoke at the Town Hall meeting at the high school auditorium.

Tells America's Ills

This declaration was reached by the speaker as he neared the end of his more than two-hour address during which he outlined the many ills of "America" while following the general topic of "Inside Washington's Today." His address was heard to the Town Hall audience by Roy Painter, Twin Falls banker.

In carrying out his declaration that unity of government should be of paramount importance, Dr. Bohm referred to the NRA and the first AAA program.

"He is not a 'matter of ordinary common sense' that laws such as this should be taken to the supreme court of this nation before they are put into effect.

"If they are not constitutional 'as it is now,' the speaker emphasized, 'they are unconstitutional as to the wisdom of spending millions of dollars for any program only to have the courts declare that there really never was any law there at all.'

See Court First

"How much better it would be for the representatives and the senators, by committee, to go to the court and say now here we have a law which the people want, which they have asked for and which we have passed. But better, however, we put it to work we want to know if it is constitutional." Or such could be done even after the congress has passed a bill and the President has signed it. The President could confer with the court before the law goes into effect.

"In other words I believe that the supreme court of this nation should have a 'finger' in legislation," Dr. Bohm said.

The speaker also contended during his address that the members of the Federal Reserve Board, "as it is in the houses of congress at will, not to vote but to aid in an advisory capacity."

Political Age Doomed

Turning to a frank discussion of politics, the speaker brought applause from the audience when he said that "the age of the politician is doomed" and that the country's "entering into an age of rule by law."

"The political setup is a setup which ruins our system of government," he said. "It is just a case of the other man's representative or senator gets his for his district and so we want ours."

He called for the establishment of a national advisory congress "not to represent the various districts of the nation but to represent all the economic factors."

Continuing along this same line of thought, he declared that instead of 48 states, the country should be divided into "18 or 20 states" which the Pacific northwest, for example, would be one.

"These few states should do a large share of the work heaped upon the federal government at Washington," Dr. Bohm pointed out.

"We have to take the burden off the federal government at Washington because that federal government can no longer carry the load," the speaker declared. "And yet we keep heaping it on, especially on the head of the President."

Dr. Bohm also flayed the present and past trend of taking people from the soil and placing them in the cities.

"These great cities are thieves who steal the children, economically speaking. During the period from 1920 to 1930 the cities robbed the farms of 8,000,000 young people—brought them to the city there to have them sink down out of sight.

"The buildings of New York, while beautiful to see, are the tomstones of these children."

Back To Farms

"We find that we are perishing from the earth because their (the children's) souls are being pulled from the soil. The important thing is not to get the people to work but to get them back to the land."

"I know, the decreasing number of children born to city dwellers was pointed out by the speaker.

"They term these great cities the center of our health and of our culture," Dr. Bohm said, "but did it ever occur to you that for every 1,000 women of marriageable age in New York, there are only 225 children under five years of age."

"This goes on despite the large families being raised by the foreign born living in this country, by the Mexicans and by the Negroes."

"We are falling into a pit 50 years deep which it took Rome 200 years to fall. If we have 50 more years of this situation, then our places will be taken by colored people and immigrants because we are not reproducing."

Three Crises

"Three great crises have been noted in the history of our nation, each leaving a 'first generation,'" he declared.

"The first crisis came during the formation of the government from 1789 to 1793. This period, he said, was rent by scores of petty squabbles and disturbances. Anarchy was rampant until the constitutional convention."

"The success of that convention is the basis of our history," Dr. Bohm said.

"The second crisis, he continued, extended from 1830 to 1860 and was a 'tragedy of failure.' Being a 'era of professional politicians,' leaders of that period—Webster, Clay and Calhoun—were not great men. It was a period of compromise ratings, of a period of statesmanship and the problems coming out of the period were solved by arms."

Not Economic Crisis

"The third crisis, he said, is not economic, Dr. Bohm said.

"This has not been an economic crisis of the past few or 10 years. This is a crisis in the lives of our people." He termed as "preposterous bits of nonsense" the thoughts that if everybody had jobs and the budget balanced, everything would be fine.

"The crisis today concerns the homes of the nation and the destruction of country life."

He declared that the people were assuming a "Rip Van Winkle attitude" and that while they were sleeping, things were moving away from them.

"We think of many of our troubles as passed," Dr. Bohm said, "but if we see clearly we will find that they will happen tomorrow."

Snow Gains in Mountain Area

Heavy snowfall last week in the Sawtooth resort area doubled the average amount of snow available for skiers and almost brought the total up to last year's figure, Supervisor F. S. Moore of the Sawtooth national forest said in his report received here today.

Ketchum had an average depth of eight inches Monday, Mr. Moore said. That was exactly twice the amount shown one week before and only two inches less than on the same date in 1939.

Halley snow depth climbed to six inches on an average as compared with 3.2 inches a week previously.

Higher regions around Ketchum also received abundant snow, with Olena registering 26 inches Monday compared with 20 a week ago; Mascot mine showing 18 compared with 12; Old Baldy No. 1 registering 10 inches, exactly double the total for Jan. 8; Old Baldy No. 2, 14 inches for a gain of three, and Old Baldy No. 3, 18 inches.

On the Madrid watershed both Seliger range—Trenton and Fairfield are now blanketed under considerably more snow than a week ago. The station has 14 inches and Fairfield an average of six.

In the remote South Boise river drainage area all recording stations gained impressively. The only reading from the Sawtooth valley (Galm river watershed) found Williams range at 12 inches Monday, a gain of more than 100 per cent from the five inches of a week ago.

Supervisor Moore said that cumulative snowfall at Halley since last Oct. 1 still lags far behind 1939 and the general average. It is now at 14.20 inches. Last year at this time the cumulative aggregate was 27.80 and average 14.26 inches.

It Took 23 Men to Overthrow Russia, But Here's Big News

By JOSEPH L. MYLER

NEW YORK, Jan. 17 (AP)—The federal bureau of investigation has snatched an alleged plot by 17 men to overthrow the U. S. government.

Asked if 17 men, most of them shop clerks and laborers, could be considered a serious menace, FBI Chief J. Edgar Hoover said:

"It took only 23 men to overthrow Russia."

With the government saved, you can give your undivided attention to the following:

WAR OR DROUTH?

NEW YORK — Several baking companies raised the price of bread one cent a loaf.

CUT RATE TO PARADISE

ROME — The government sold 4223 cut-rate honeymoon railway tickets in December. The cut-rate honeymoon trip idea was introduced in 1932 to step up the Italian birth rate.

ONE BIG HAPPY FAMILY

MANFIELD, Mass. — For the first time in Manfield's 165 years an unopposed election was held. Of the city's 3,200 voters only 105 went to the polls.

BRING ON THAT BLUBBER

NEW YORK — The American museum of natural history tells this one: An Eskimo up at the MacKenzie river delta carved a tooth from ivory, root and all, and drove it into his jawbone with a mallet. And it works.

MACHINE AGE NOTE

SPARTA, N. J. — A deer collided with Henry Silker's automobile. Silker had to call for a tow car. The deer went away under its own power.

HASN'T SCRATCHED YET

RATH, N. Y. — Henry Gorman, 54, a contentionsist, broke his left leg in four places trying to scratch his face with his toes.

OH, HOW I HATE TO GET UP, ETC.

PROVIDENCE, R. I. — William Richter, Jr., Brown university student, was always oversleeping in the morning. So he rigged up a recording in his own voice which does the trick.

Hogs Marketed

JEROME, Jan. 17 (Special)—Two double decks of hogs were shipped by the Jerome county livestock marketing association Thursday, Jan. 11, and were sold to Fred J. Hill and son of Burley, Ida. The hogs in the shipment brought a sum of \$5.75 per cwt. Hogs were loaded at both Jerome and Eden shipping points. The next shipment will be held Thursday, Jan. 25, and hogs should be listed not later than 12 noon on Thursday, Jan. 22.

SPUD COMMITTEE TO ATTEND MEET

The five-man board which represents Twin Falls county in the Idaho Potato Growers' association will meet here today to discuss the delegation from this area at the statewide spud parley scheduled Saturday, Jan. 20, at Burley.

Dr. Frank Bohm, chairman of the county's board and its representative on the statewide executive committee, and other Twin Falls county board members are A. E. Barlow, Castleford; Luke Sonner, Burley; W. A. Lincoln, Piler, and Louis C. Davis, Marsburg.

The potato session at Burley will air the major problems now facing spud growers. It will draw an attendance from the Boise valley to the Upper Snake river area.

Directors will meet at 10 a. m. Saturday, with the general conference on the board members at that afternoon. Any potato producer is free to attend and to join in the discussion as to ways and means of stimulating Idaho spud demand.

POMONA SELLECTS COMMITTEE LIST

With its road group already announced, the Twin Falls County Pomona Orange listed today six remaining standing committees for 1940.

As announced by Master Eric Jones, Kimberly, the committees are:

Resolutions—Earl Johnson, L. L. Holloway, Roy Durk, John Kaloutsek, E. Stanzell, Otto Schurger and F. L. Atkins.

Finance—Raymond Thomas, Mrs. Harold Koentig, Mrs. C. V. Jones, C. Roy Haverland, L. T. Creed and Harry Barry.

Agriculture—E. L. Metz, L. O. Cobb, D. A. Patterson, J. B. Schriener and Guy Peters.

Committee on candidates—Mrs. J. R. Durk and Mrs. George Johnson.

Home economics—Mrs. L. J. Cobb, Mrs. Frank Trunkler, Mrs. J. E. Stanzell, O. G. Brooks and Elmer Dussart.

Committee on good of the order—Mrs. Ed Ahlin, Mrs. George Johnson, Mrs. Alfred Kramer, Frank Beer and J. P. Belleville.

LEGION TO TAKE 15 IN POST HERE

Fifteen new members will be inducted into the local post of the American Legion at a meeting which will be held at the Legion hall Thursday at 8 p. m. It was announced here this afternoon by Commander J. Edward Warner.

A special entertainment program will also feature during the evening and will be in charge of a group of members, all employed at the Union Motor company.

Refreshments will follow the entertainment program.

ACHIEVEMENT PROGRAM

JEROME, Jan. 17 (Special)—Eugene W. Whitman, Jerome county extension agent, today announced that the home demonstration radio achievement day program which will be broadcast over NBC stations Wednesday, Jan. 24 at 10:30 a. m. mountain standard time, will be of special interest to farm women.

Moisture General Over Snake Area

Precipitation during the past week was general over the Snake river watershed, a report received here this afternoon by officials of the Twin Falls Canal company from Lynn Cranford, watermaster, shows. Precipitation figures include the following:

Moran, 114 inches; Island park, 115 inches; Ashton, 94 inch; Irwin, 92 inch. Snow depth include readings of 42 inches at Grass lake; 38 inches at Beecher river; 22 inches 28 inches at Snake river; 14 inches at Island park dam.

Figures in the report received here show that storage in the three principal reservoirs serving this section is below normal at the present time. Jackson lake is now impounding 37,400 acre feet against a normal of 400,300; American falls reservoir impounding 978,850 acre feet against a normal of 1,362,380 and Lake Wallatouli reservoir of 61,350 against 66,000 as normal.

Appeal Dropped

Appeal to district court against a probable judgment in a ditch-tapping case had been dismissed today with approval of Judge J. W. Porter.

W. A. Hornell, Twin Falls farmer who filed the appeal after conviction in the lower tribunal, later entered a motion to dismiss his action.

AAA CONTACT WORK

Twin Falls county agricultural committees will soon contact farmers with 1940 "farm plan sheets," AAA Offices here announced today. The sheets permit accurate planning and show whether any specific farmer will find it practical to comply with all of the AAA program or a portion of it.

EARL LONG FAILS TO GAIN MAJORITY IN LOUISIANA

FEDERAL PROBE SEEN FOLLOWING HECTIC ELECTION

By T. H. MALOY
NEW ORLEANS, Jan. 17 (UP)—The powerful political machine that Huey P. Long built in his effort to win Louisiana's governorship with scattered returns indicating Gov. candidate Earl Long had failed to gain a clear majority in either this city or the state.
 Incomplete returns from 251 scattered country precincts showed Long leading over Huey P. Long by less than 2,000 votes, with James A. Noe's strength rapidly increasing.
 In New Orleans, stronghold of the machine, Gov. Long approximately held his own against the field as he alternated between having a slight majority and a slight minority of all of the votes as the count progressed. With 252 of the city's 652 precincts unofficially counted, Long had 57,197; Jones 52,086; Morrison 6,293; and Vincent Mosley 1,667.
 Jones leads in State.
 In the state, however, Jones was leading with 15,068; Long with 13,936; Noe 11,288; Morrison 6,293; and Mosley 1,667.
 In general, the election conducted favorably with any completed during Huey Long's reign, and the several of his political followers were formed to federal investigation. The United States attorney's office promised Noe it would investigate the machine's complaint of fraud today.
 Noe had four flat fights in the course of the day, even though he had broken his right hand on the first one.
 "Goons" squads roamed the city and day in the interests of at least five of the candidates. Jones and Noe followers admitted they had hired "goons" but said they had done so to defend themselves against Long machine "goons." The "goons" duty was to drive voters to polls, stop and start protest fights as conditions warranted, pour ink in ballot boxes, steal and prevent theft of ballot boxes, also as the situation warranted.

Hot Lunches Warm up Cold Weather for Students

A hot dish comes in handy at noontime these chilly days for school students, who can't go home for luncheon. Here the Twin Falls junior-senior high school program in action. Above, part of the junior high youngsters getting vegetable soup and crackers from Mrs. Gladys Miller, one of the cooks cooperating in the P-T-A program. Below, Mrs. Miller, right, and Mrs. Betsy Cherry, left, prepare the hot food in the special kitchen arranged in the senior high building. The food is cooked in the kitchen and then brought upstairs to study halls on both sides of the building for serving. The hot dishes round out the cold lunch brought to school by the students. The program is also underway under P-T-A. In grade schools. (Times Photos and Engravings)

Hot Luncheon Program Aids Many Pupils

With an average daily attendance since Jan. 8 of 160, a number which is expected to go even higher as the weather turns colder, the "hot lunch" project at the high and junior high schools today was termed "entirely successful" by Mrs. J. G. Thorp, chairman of the project for the P-T-A.
 The project is made possible through cooperation of the WPA with the parent-teacher group and the hot dishes are served each school day from 12 to 1 p. m. One lunch room is located in the junior high building and the other in the senior building.
 Board Furnished Kitchen
 The kitchen, furnished by the school board, is located in the basement of the senior building. The school trustees equipped the kitchen and also installed a window sash fan.
 Records show that commodities come through the WPA and as a result of cash donations. Students very often bring in various vegetable items, Mrs. Thorp said.
 The hot dishes supplement the cold lunches brought by the students themselves.
 Attendance at the project last year reached an all-time high of 217, Mrs. Thorp stated. This year's project will be continued until about the middle of March.
 Many Gain Weight
 School authorities point out that many of the students participating have gained weight and in many cases their school work has improved.
 The menu served each day at the project follows:
 Monday: cocoa and cookies.
 Tuesday: vegetable soup and crackers.
 Wednesday: spaghetti and meat balls.
 Thursday: vegetable soup and crackers.
 Friday: chili and crackers.
 President of the junior and senior high school P-T-A, A. M. W. R. Chase.

Mrs. Miller, right, and Mrs. Betsy Cherry, left, prepare the hot food in the special kitchen arranged in the senior high building.

CHANGES MAPPED IN MANUAL ARTS

Complete reorganization of the manual arts training offered for any class during the day, and advanced students, beginners and mechanical drawing students were all in the same class.
 Under the new plan, there will be separate sections for each group of students, those having had their first year of shop in senior high school, those in their second year and those having had two years. All mechanical drawing students will be placed in a separate class.
 Among other changes taking place in the high school general schedule for the second semester are the introduction of senior English classes, among which seniors may choose business English training, college preparatory course or practical English.
 Replacing a speech class, Miss Pierce says will teach group in oral English, for those who need special training in that. Trigonometry will replace solid geometry. A class in junior business and a class in business principles have been added.

Publisher Gives Censorship Talk

BUHL, Jan. 17 (Special)—R. S. Tofflemire, Twin Falls publisher, was the guest speaker at the meeting of the Buhi Rotary club Thursday at the Mercer cafe. Mr. Tofflemire spoke on "Censorship and Propaganda."
 President Bert Sweet and Secretary W. H. Eberling of the Twin Falls club and nine of their members were present. There were also one guest from the Greeting club and four Buhi guests besides two high school boys.
 Howard Gault, program chairman for January, introduced the speaker.

Endeavors Plan District Meeting

JEROME, Jan. 17 (Special)—The Presbyterian Senior Christian Endeavor society will be host church for the annual southern district Christian Endeavor convention early in March. Time for the convention will be 11 a. m. to 1 p. m.
 Addresses will be given on the subjects: "I Believe in God"; the Bible; the Gospel; the Christ; the great commission; the soldier; and the church. The local society will provide entertainment for all delegates. Social programs for the banquet will seek the cooperation of other young peoples' groups of the community in the hope that 100 young people are expected to attend.

Roy Heyer Becomes Manager of Shop

BUHL, Jan. 17 (Special)—Roy Heyer, one of Buhi's youngest business men, has purchased a half-interest in the sport shop of Buhi with Charles Hatfield. Mr. Heyer assumed responsibilities of active management of the shop last week. Mr. Hatfield will retire from active management here and is moving to Boise this week to take over the supervision of his sport shop there.
 The Buhi and the Boise shops, which were operated by Hatfield and Snowball Latham as a partnership, were separated from the others last fall following the death of Mr. Latham.

COMMUNICABLE DISEASE LIST SLUMPS NEARLY 50 PER CENT

Communicable disease reported in Twin Falls county during the year 1939 showed a decrease of nearly 50 per cent over the number tabulated during the previous year, a report released here this afternoon by Dr. L. C. Krotcher, director of the district health unit, also reported.
 The report shows that in 1939 there was a total of 1,204 communicable disease cases reported while in 1938 the number dropped sharply to 638.
 From state headquarters at Boise word came that one of the contributing factors in the decrease was the efficient methods of public health nursing now employed in this county.
 The disease report for 1938 and 1939 follows, with the four principal types of diseases noted:

Maternity Help, Field Nursing Feature '39 Health Unit Work

Maternity hygiene, obstetrical school hygiene program was to encourage the community to provide those facilities necessary to safeguard the pregnant woman from the hazards and difficulties of child-bearing, to assure the mother the best opportunity for normal delivery, to safeguard the health of the mother to enable her to function normally in the care of the child and in family life. A community program to encourage the mothers of this area to take advantage of the facilities offered was instituted.
 Regarding obstetrical service, the physician points out in the report that since hospital facilities are inadequate many indigent cases who urgently required hospital care were denied when perhaps a more judicious use of the facilities available in order to cope with this situation, maintained a five-bed maternity ward on the county farm premises.
 Turning to the field nursing service, Dr. Krotcher said that in all cases nursing supervision and instruction were given the patient in preparation for delivery and care of the baby. Nursing assistance was given at the time of delivery and daily care was given to the mother and baby until some reasonable person demonstrated his ability to give satisfactory care.
 In the matter of infant and pre-school hygiene, Dr. Krotcher said, "The function of the health department in the infant and pre-school hygiene program was to encourage the community to provide those facilities necessary to safeguard the pregnant woman from the hazards and difficulties of child-bearing, to assure the mother the best opportunity for normal delivery, to safeguard the health of the mother to enable her to function normally in the care of the child and in family life. A community program to encourage the mothers of this area to take advantage of the facilities offered was instituted."
 "Nursing service in the schools in addition to the health inspections, consisted of inspections of children for signs of communicable disease and instructing the teachers to recognize these signs, assisting the teacher in the development and interpretation of subject matter for health teaching, and working with parents to secure interest in the findings of the school medical examination and to aid them in planning corrections," he said in the report.
 Under a general sanitation section of the complete report, it was pointed out that the sanitarian's inspections exclusive of food and milk control, consisted of services to public and private enterprises.
 A health private has taught fish to respond intelligently to sound and colors.

AUDITIONS OPEN TO ANY YOUTHS

Auditions which will be given at Boise in the near future in connection with the selection of musicians to compete for places in a concert orchestra to be organized by Leopold Stokowski, will be open to both N.Y.A. and non-N.Y.A. youth, it was emphasized here this afternoon by W. Polson, N.Y.A. field representative.
 Polson pointed out that "contrary to the general opinion that Idaho youth will not have a chance in the contests," it is planned to select one or two youths from each of the states to form the orchestra, which will make a South American "good will" tour.
 Full particulars regarding requirements for the Boise youths may be had by writing or contacting Mr. Polson at his office here. All applications must be in by Feb. 1. Those who apply must be under 23 years of age.

Crop Team Ranks No. 5 in Contest

Standings of the judging teams which competed in the Ogden livestock show from the local chapter of Future Farmers of America were announced today by J. V. Briggs, Smith-Hughes instructor.
 The top ranking judging team placed fifth out of approximately 35 teams competing from Idaho, Utah and Wyoming. Poultry judging team placed seventh high.
 In individual ratings, Jack Farrar of the crops and seeds team placed fifth among contestants. Glenn Ward 14th and Byron Loughmiller 23d. Among the poultry judging contestants, Howard Arrington received seventh high individual rating.

During 1938, motor truck owners paid an average annual tax of \$27.21 for every mile of main road in the nation's highway system.

COW-HAND FAILS IN BANK HOLD-UP

SAN FRANCISCO, Jan. 17 (UP)—An overall clad, calloused cow-hand from Reno, Nev., who attempted a one-man crime wave, was in the hospital here today, critically wounded following a gun battle with a bank guard who frustrated his attempt to hold up the Anglo-California bank.
 "I'm a loner," was all the 32-year-old gunman, Carl Metzler, would tell police.
 Metzler, twice wounded by sharpshooting Bank Guard Oliver F. Durr, dramatically shot himself in the chest when cornered on a street car. Durr, a retired Fresno police lieutenant, was shot twice, once in the hand, once in the back, but his chances for recovery were said to be good.

Presbyterian Men To Turn Waiters

JEROME, Jan. 17 (Special)—The annual women's banquet will be served by the men of the Presbyterian church next Tuesday evening, Jan. 23 at 7 p. m.
 According to the custom, the men will do all the work of preparing and serving an elaborate menu. The women will provide the program of entertainment. The proceeds of the dinner will go to the building fund of the church.
 Tickets for the dinner will be in the hands of several men of the congregation by the end of this week. There is no requirement of church affiliation. Any woman who wishes to enjoy this annual program and entertainment are invited.

SIGN BATTERIES WATCHMAN

BYRTERWATER, Tex. (UP)—J. H. Tubbs, wholesale grocery concern manager, after a recent robbery of his establishment proposed this window sign: "Quiet! Don't disturb our night watchman, he is asleep!"

33rd Anniversary Date Celebrated

MURTAUGH, Jan. 17 (Special)—Mr. and Mrs. August Hestbeck were honored recently by the "500 club" of which they are members, the occasion being their 33rd wedding anniversary.
 The evening was spent playing cards, and a supper was served at midnight. A gift was presented to Mr. and Mrs. Hestbeck by the group.
 Mr. and Mrs. George Hestbeck were hosts Friday evening to this club. Two tables of cards were in play, with Mr. and Mrs. August Hestbeck receiving high acce. A midnight supper was served by the hostess.

LANDIS MAY CAUSE OWNER-PLAYER DISPUTES

Rulings Expected To Encourage Salary Battles

NEW YORK, Jan. 17 (UP)—With Commissioner K. M. Landis indicating by recent edicts that he'll use the offices of baseball's highest tribunal to protect the ball player to the hilt, the question arose today whether any diamond slave might have the audacity to carry a salary argument to the "Of Judge."

No major league player has ever appealed to Commissioner Landis to settle a salary dispute with a club owner, fearing boycott by all clubs in case he lost his case and was turned back on the mercy of the magnate. But Landis' momentous rulings this week about out loud that the commissioner is campaigning to see that the ball player gets an all-round square deal.

The major league agreement under which Commissioner Landis' office created a clause in it giving a ball player a right to appeal any dispute to which the player is a party. Probably the majority of the ball players in the majors have never read the baseball rule book and never knew such a rule was in existence. But Landis' edicts in the Detroit case and his bulletin regarding the manipulation of players focus attention on the wide authority he has as commissioner, and is likely to encourage any ball player with a grievance to write the "of Judge" letter.

See Disatisfied Players
Early indications are that there will be plenty of dissatisfied ball players during the next few weeks. Many of them are the Detroit pitcher who vied for his services for \$20,000 until Landis revoked his free agency, may seek some other club.

The Detroit Tigers for his altered nerves. Everyone agrees that was the goal of the Landis ruling in the Detroit case. The Detroit club, the misadventure of the New Orleans Latin, and the New York Giants are working themselves up to a bitter battle of words. The fellow who led the Giants in hitting and runs batted in, Bonura, has been forced to take a lot of insults, but that was just about all the Giants' trimmed \$40,000 off his \$15,000.

Dean Contract
Dizzy Dean, whose contract was slashed from \$20,000 to \$10,000 by the Cubs, has always shown "cold feet" where Landis' office was concerned. But he might take it into his head to air his case before the commissioner.

Red Rolfe, Yankee third baseman who has a holdout last year, already has indicated that anything less than \$18,000 will be distasteful to him. Before he's had a look at his contract.

The unlucky Tigers may experience more grief when they try to sign Ben Greengarden, whose contract was close to \$50,000 last season.

Nevada Plays On Vandal Grid Schedule

RENO, Nev., Jan. 17 (UP)—Ted Aiken, head football coach at the University of Nevada, today received official confirmation of a game scheduled with Idaho, to be played Nov. 18 at Moscow.

He's Hero of Professional Gridders: Davey O'Brien

By HENRY McLEMORE
LOS ANGELES, Jan. 17 (UP)—This is a story of a modern David and Goliath.

The David is Davey O'Brien, the Texas boy who plays professional football for the Philadelphia Eagles and the Goliath is the big, burly and tough New England player who is the national league.

"Fun at Filer"—Or "How NOT to Play Basketball"

The large crowd that turned out to witness a Filer-Twin Falls basketball game at Filer was given an added treat in the form of a good, old rough-house battle which the Bruins finally won 31-25 after trailing most of the way. However, the game had its thrills and here the Times cameraman reserves a few of them—even though he did take his life in his hands. Upper left we have a nice pile-up, generally noted only in football games. This action scene took place in front of the players' bench and you can note that by this time the spectators (including Coach Bill Powers of the Wildcats at right in grandstand) are getting bored. Standing at left on gym floor in this picture is Bill Pickett (No. 8). Filer guard; lying on top of the pile is Cecil Burkett (No. 3), also a Filer guard; getting ready to make the final leap—with rear to camera—is Dick Randall of Twin Falls, is Junior Schell, now Filer center, No. 8 in the background is our old friend Pickett, white shooting the missed) is Harry Wilson, Filer. With back to camera is Bruce Evans (No. 30), Twin Falls; and back of Wilson is George Davidson—front view this time.

Bruins Come From Behind to Edge Filer Wildcats in "Football" Game

Fighting ideas that had lain dormant for several years blazed again last night at Filer of the Twin Falls Bruins and Filer Wildcats engaged in a knock-down, drag-out basketball battle that resulted finally in the invading club annexing a 31-25 victory after four Filer players had been removed from the floor for a "slight" over-aggresiveness in getting at the ball.

The game was the roughest basketball conflict presented in these parts for several years and the boys on both sides used everything but axes when they dove for the ball—which they did with great regularity. There were no ill-feelings. It was just a good "feisty" rough game.

Outlaw Teams Set for Final Stretch; Burley Tourney Feb. 8-10

Snake Valley Outlaw basketball teams today prepared for the final stretch down the pennant road as announcements came from President Walt V. Olds that all games in the loop must be completed by Feb. 5. By that time, each club will have completed a 14-game pre-tournament schedule.

The announcement came along with the information that the annual Burley Outlaw tourney will probably be held on Thursday, Friday and Saturday, Feb. 8, 9 and 10. The Gooding outlaw meet has already been set for the weekend of Feb. 15, 16 and 17.

By having all the games completed by Feb. 5, the teams will then be in shape for the two tournaments that annually attract the outstanding outlaw cage quints in the state of Idaho. However, it means that several of the clubs are going to have to play many as seven games in the next three weeks.

Elks on Top
An official revised standings of the teams in the league today showed the Burley Elks on top of the percentage standings with six victories and a lone defeat. Tied for second place were the Jerome Jaycees and Shoshone Redskins, defending champions, each with six wins and two losses.

Official SNAKE VALLEY OUTLAW LEAGUE STANDINGS
Team W. L. Pct.
Burley Elks 6 1 .857
Shoshone Redskins 5 2 .750
Jerome Jaycees 5 2 .750
Filer-T. F. Oranges 5 3 .625
Gooding Jaycees 4 4 .500
Rupert Lions 4 4 .500
Burley Sport Shop 1 9 .100
Decie 1 9 .100

Rupert Lions had three wins and four losses and in last place the stood Burley Sport Shop and Decie, with one victory and nine losses each.

Tonight the Rupert club will see action against the touring Zulu Kings on the Rupert floor, while tomorrow night the same Negro traveling club meets the Oranges of Filer-Twin Falls on the home floor of the high school gymnasium floor.

Schedule Changes
In games played Monday night, Filer-Twin Falls won over Shoshone, Jerome Jaycees stayed up in the race with a victory over Decie, while Gooding Jaycees handed out a sound 44-24 lacing to the Burley Sport Shop club on the Burley floor.

Official changes in the schedules announced today were as follows: The Burley Elks vs. Filer-Twin Falls game, scheduled for Wednesday night, has been changed to Tuesday night.

Murtaugh Wins Two Games From Kimberly

MURTAUGH, Jan. 17 (Special)—Murtaugh's high school basketball team took two games from the invading Kimberly club here last night—but by close margins.

In the varsity class, the Red Devils annexed a 20-18 victory—in an overtime period. In the regular playing time, the invading Bulldogs held a 10-8 advantage at the half time. But in the second half, Murtaugh came back strong to knot the count at 16-all at the final whistle blow.

In the overtime stanza, Bronson shot the winning basket—a long toss—to win the game—20-18. Bronson was high point man of the game with 14 points. While Murray and Emerson each made six for Kimberly.

In the preliminary saw the Murtaugh freshman outfit chalk up a 10-12 victory after gaining a 12-0 advantage in the first two quarters. Bronson and Grayson led the scoring for the visitors with four points each and Arstein topped Murtaugh with six.

Wendell Trips Hagerman Boys
WENDELL, Jan. 17 (Special)—The Wendell Trojans salvaged the main game of a triple-header here last night by thumping the invading Hagerman boys' club by a score of 19-13.

In other games, the Hagerman girls won a 34-32 battle and the Hagerman freshman outfit won 22-9. The boys' game at the home team made more than two points of the first half. Barrett and Smith each collected eight points for the home team, while Clapp topped Hagerman with seven.

The girls' game was fought on open terms all the way through. Wendell had a 12-14 advantage at the end of the first half, but the visitors closed the game to edge the home team scored by two points. The team collected 10 points for the losers, while Donna Gady topped Hagerman with 16.

Hailey Edges Richfield in Two Contests

HAILEY, Jan. 17 (Special)—Hailey high school boys' and girls' basketball teams edged the invading Richfield club in a pair of games here last night.

In the boys' contest the final score was 14-10 for the home club in the lowest scoring game of the year. The home team trailed 4-5 at the intermission. Charles Johnson led the local team in scoring with five points, while in the home team, Emerson made more than two points of the first half.

In the preliminary, the Hailey girls easily annexed a 22-13 victory over the visiting unit. Hailey held a 17-11 advantage at the end of the first half. Marjorie Morris topped the home club in scoring with eight points while Shirley got six for Richfield.

Dietrich Drubs State School

GOODING, Jan. 17 (Special)—Invading Dietrich Devils trounced the Gooding state school club here last night by a score of 41-24 in a game that saw the visitors lead all the way through.

Price Elected President Of Sportsmen

Dr. H. K. Price today held the office of president of the Southern Idaho Fish and Game association following the annual election of officers by the board of directors last night.

The meeting was held following the annual open gathering staged last week which named three new directors: Harry Bassett, Bob Whitelaw and Mike Throckmorton to the board.

As vice-president, Rex Warren will serve for the coming year. Larry Bassett was re-elected secretary and Bob Whitelaw was re-elected to the post of treasurer.

The club has affiliated with the Fourth District Associated Sportsmen's club and named O. H. Coleman and Mr. Bassett as representatives from the organization.

To handle the national wildlife stamp sale during national wildlife week in February, Mike Throckmorton was chosen. Bob Whitelaw was named chairman of the membership drive, which will open in the near future.

ART OF BOWLING

Mary Dinshaw of Cleveland has had a smooth ball throw a first.

By JOHNNY BIRDWINE
Anchor man of Detroit Gobels, A. B. C. five-man team champions. Most bowlers told a better second ball than a first.

The reason for this is simple. More pins are standing when they face the alley on the first ball. The reason is they try to put more hook on the first ball. They speed it up... throw themselves off balance.

Bowling is much easier than most people believe it to be. The beginner should know fundamentals to the lessons.

From there on, as in every other game, it is practice that counts.

But when you have mastered fundamentals, or suspect you do, do not let such things as splits and missed spares let you. That will throw you off. To one gets anywhere fighting himself in any line of endeavor.

Practice and keep cool with a smooth delivery.

NEXT: How to make spares.

Landis Raps 'Cover-up' Farm Systems

CHICAGO, Jan. 17 (UP)—Baseball Commissioner K. M. Landis today followed up his sweeping indictment against the Detroit American league club and its far flung farm system with a notice to all baseball clubs regarding rules on working agreements and transfer of players.

He made a vigorous attack on the "cover-up" system—a violation of the rules which cost Detroit's farm club 91 players Sunday.

Detroit had been charged with "misuse of working agreements in chain of base ball as camouflage for covering up players."

The purpose and effect of the farm system and of working agreements misused to accomplish the same result, without the responsibilities of minor club ownership to "cold storage" ball players until the major clubs controlling them see fit to use them or to sell their contracts.

"Instead of being free to advance as rapidly as their ability merits, which is proclaimed object of all baseball constitutions and advanced to and through any and every club in baseball, players are unjustly restricted," he charged.

He stated the one system which controls them and solely as that system may conceive to be in its interests.

He ruled that henceforth in every instance of secret player transfers or other player "cover-up" plans, the league will require a free agent, each club concerned will be fined \$500 and each club official or manager a six-month suspension in the violation will be blacklisted.

No Decision on Coast 'C' Loop

SAN DIEGO, Calif., Jan. 17 (UP)—Officials of the Pacific coast baseball league mulled over a speculative class "C" league at their annual meeting yesterday and then postponed for a week their decision on the subject.

Charles Graham, president of the San Francisco club, said league directors heard from 12 owners in San Bernardino, Sacramento and Santa Barbara, each reporting favorably on backing for teams in those sections.

"We're setting Tuesday, Jan. 23 as the deadline on whether the Pacific coast league will sponsor a four-city league, a six-city league or none at all," Graham said.

Detroit Pro Grid Franchise Sold To 3 Sportsmen

DETROIT, Jan. 17 (UP)—Transfer of the Detroit pro football franchise to three young sportsmen by owner Dick Richards today sealed only approval of the National Football league, which is expected within a week.

Richards, 30 and in ill health, sold for \$20,000 the franchise that cost him \$100,000 six years ago, to Fred L. Mandel, Jr., Chicago, Anthony I. Kinnick and Charles Chapin of New York.

Kinnick Awarded Camp Trophy

WASHINGTON, Jan. 17 (UP)—Nicholas of Iowa university, voted the 1939-40 Touchdown player of 1939, today awarded the Walter Camp memorial trophy to his collection.

Kinnick was awarded the trophy at the annual Touchdown club dinner last night.

He made a forensic touchdown for \$20,000 the trophy, which he said "I think God I've been dodging tacklers and not built; that I've been throwing passes and not hand grandpas."

(Age) _____ (Male or female)

(Return or mail this blank to the office of the Idaho Evening Times and Twin Falls News or to the recreation center.)

Court Backs Ouster of Bird N. Hawley

BOISE, Jan. 17 (UP)—Removal of Bird N. Hawley, Idaho, from the Idaho fish and game commission by Gov. C. A. Bottolfsen was affirmed unanimously in a decision rendered yesterday by the state supreme court.

The governor removed Hawley after H. C. O'Neil, Boise, president of the Idaho Wildlife federation, charged Hawley with inefficiency as commission secretary and with conducting unbecomingly to an officer of justice.

Justice Alfred Budge wrote the opinion. He referred both to the state constitution and the terms of the Idaho Wildlife federation, which he said clearly gave the power to dismiss executive officials to the governor.

O'Neil, Bottolfsen dismissed Hawley June 8, 1939, after a sensational public hearing. Hawley was appointed by Acting Gov. O. C. Clossett of Nampa, on Dec. 10, 1938. The dismissal came as a result of accusations of political maneuvering in what was intended to be a non-partisan commission.

The supreme court also issued a ruling on the matter, which it sent to Idaho from outside the state and then sent them to pay the Idaho income tax on profits.

The ruling also determined that Hawley was entitled to a refund of the \$2,750,000 annual.

Henry Cancels Hollywood Garcia Bout

NEW YORK, Jan. 17 (UP)—Because of alleged racial discrimination Henry Armstrong has cancelled at last his 10-round middleweight title fight with Mexican contender Garcia at Los Angeles on Feb. 22.

Armstrong, the Los Angeles Negro who holds the world's welterweight crown and who is former lightweight and featherweight champion, called off the bout after charging the Hollywood post of the American League with discrimination against Negro fighters.

The Armstrong-Garcia bout on Washington's birthday at Wrigley field was to have been staged under auspices of the Hollywood post.

Armstrong cancelled the bout after long-drawn-out conversations with Los Angeles Negro leaders. These leaders informed Henry the Hollywood post had recently rejected a petition to permit Negro boxers to fight at the post's Hollywood stadium.

In announcing the cancellation, Armstrong's manager, Eddie Mead, explained that Negro leather slinger had been permitted to fight at the Hollywood stadium, although Mexicans and Filipinos were welcomed.

"I'm quoted Armstrong as saying, 'If Negro boys can't fight at the Hollywood post stadium, why should a fight for the post at Wrigley field?'"

Frick Opposes Judge Landis 'Crack-Down'

PHILADELPHIA, Jan. 17 (UP)—Baseball's farm system cannot be broken down, according to Judge Frick, president of the National league.

"I can't tell what effect Judge Landis ruling will have on the National league clubs," Frick said. "We won't know until we have laid it out. Baseball's whole structure is predicated on farms and the development of young players. If the clubs can't develop their players from the ground up, what's the use of being in business?"

Pheasant Hunting Season Slashed In West Counties

BOISE, Jan. 17 (UP)—The 1940 pheasant hunting season for the 100,000 hunters who hunt the state will be reduced from 30 to 15 days, Nov. 1 to 15, George W. Orin, secretary of the Idaho Fish and Game commission, said today.

A majority of sportsmen in the area voted to reduce the season, Orin said. The counties affected were Adams, Gem, Ada, Washington, Payette, Zimere, Owyhee, Canyon and Boise.

George Booth, commission chairman, said the season might also be reduced in south central counties, including Twin Falls and Jerome.

Other seasons will remain the same as in 1939.

A staggered season with shooting on the hunt and winter holidays will continue in north Idaho.

Hackbarth Takes Senior Crown

SARASOTA, Fla., Jan. 17 (UP)—Curt Hackbarth, 21, of Trenton, N. J., won the national F.O.A. senior champion today after defeating Jack Hutchinson of Chicago in a second round.

The veteran scored a two over par 74 yesterday to oust Hutchinson, former British Open and National F.O.A. champ.

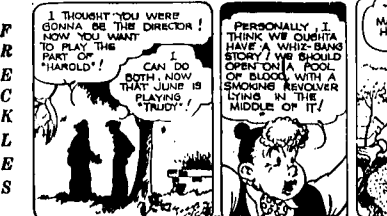

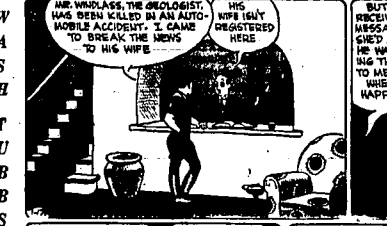

Coast Man Urges Pro Gridiron Loop

SAN DIEGO, Calif., Jan. 17 (UP)—Harry Myers, one of the original backers of the Los Angeles Bulldogs, today proposed to club owners and directors that the Pacific coast baseball league sponsor a professional football league.

Myers said the proposition was to start a league with 10 teams, a coast football circuit probably would be formed whether the base-

"Just look at that young Lemly had kicked up his heels! And his father says he's the laddest critter he ever saw lift up a post!"

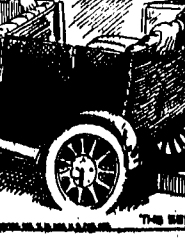

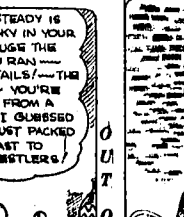

HAVE YOUR ENGRAVING WORK DONE LOCALLY

See the Times & News for all printing work that calls for engraved pictures, cuts and signatures. The new engraving department offers facilities for making the engravings locally so that they please the customer and are exactly what is demanded. Also you will find the prices reasonable.

Phone 38 or 82 for a Representative.

"It's a bill from the income tax people—they say if I don't pay up they're gonna prosecute me!"
