Solon Demands New Addition to Labor Acts to Halt Strife

WASHINGTON, Feb. 2 (U.P.)—Rep. Frank Fries, D., Ill., today called for house labor committee action on amendments to the Wagner act, charging the "committee has been sitting around doing nothing while people are being murdered."

Fries made his statement to the labor committee, of which he is a member. The committee is considering amendments to the Wagner act, while a special house committee is investigating conduct of the national labor relations board, which carries out the act.

"We have been having hearings for a long time," said Fries, "and have not accomplished anything. Meanwhile, we have been having hell in this country and conditions are deplorable.

"When people are being murdered, our committee should do something about it."

Fries made his remarks during questioning of R. Thomas, president of the CIO United Auto Workers' union. He asserted 40 persons had been killed in conflict between the United Mine Workers' union (AFL) and the Progressive Miners (AFL).

Before the special house NLRB inquiry, Lloyd K. Garrison, University of Wisconsin law dean and first labor board chairman, defended the present labor board.

Garrison asserted the board had helped to reduce conflict between the AFL and CIO. He mentioned the case of the Chrysler Corp. when he was on the bench, and the late attorney was his court reporter. After the association, Bothwell and Chapman formed a law firm which continued as a partnership until Chapman and his brother, Marshall, both partners.

Even if the board should be changed as the committee proposed, Garrison said he expects that dispute over the act would be reduced.

"I have not the slightest doubt in the world the new five-man board (proposed by the AFL) would be subjected to the same onslaughts as the present board," he said, "and would be subjected to the same difficulties."

He urged the board be re-elected to carry out its duties in the appropriate bargaining unit in strikes involving the AFL and CIO. However, he believed board decisions such as that in the Chrysler case "succeeded to a substantial extent in avoiding open strife."

Posse Hunts for Lombard, Gable in Lower California

ENSENADA, Lower Calif., Feb. 2 (U.P.)—Clark Gable and Carole Lombard, film stars, who have been missing for more than 24 hours in the wild country south of here, after the famous couple was feared to have been arrested and lost in a gauntlet of rugged lower California.

ENSENADA, Lower Calif., Feb. 2 (U.P.)—A searching party left Ensenada today to hunt for Clark Gable and Carole Lombard, film stars, who have been missing for more than 24 hours in the wild country south of here.

The search was called off during the night because of torrential rains which drenched lower California. However, the storm subsided by the morning sufficiently to permit the search to be resumed.

Two representatives of Gable's studio, Ohio Western and East, and Carole Lombard, left by automobile for the La Brea gun club, 24 miles south of here. They said they believed Gable and his wife, Miss Lombard, may have gone there when the clay roads became impassable. There is no telephone at the gun club.

Winkler said he was confident Gable and Miss Lombard were able to take care of themselves in any emergency but he felt they should be located in view of the fact they had not been heard from since 8 a. m. yesterday. They may have had an automobile accident or that their station wagon may have become stalled in one of the flooded canyons or washes.

MR. AND MRS. CLARK GABLE surfaced a clay which becomes dangerously slippery when wet. In several areas it cuts through canyons which become flooded during storms.

FINLAND'S ARMY REPULSES HEAVY RUSSIAN THROUST

By RALPH-PORTY
 HELSINKI, Feb. 2 (U.P.)—Finnish forces repulsed a major Russian attack on the Karelian Isthmus yesterday in which the Russians dropped many parachute patrols, which were captured or killed, an official communique said today.

The report states that the Russians were shot down, the Finns said, and Russian attacks also were repulsed northward near Lake Ladoga.

Meanwhile, today the Russians renewed their air attacks on south Finland, raiding at least 20 localities.

Bombs Hit Outposts
 No bombs dropped in the center of Helsinki where there were two air raid alarms yesterday, but there were explosions on the outskirts where a workman's home was known to have been destroyed.

Finns also attacked fortified Finnish islands off the northeastern shore of Lake Ladoga, including the island of Mannerheim and in the process, the communique said.

The Russians yesterday began a strong attack on Summa, in the center of the Finnish defense line, using airplanes, artillery, smoke screens, tanks and armored sledges.

5 Planes Downed
 The Finns said they had confirmed that five Russian planes were shot down yesterday and in previous reports that three more had been downed officially. It was announced officially that in bombing attacks on Finnish territory yesterday only two persons had been reported killed and seven wounded.

Riisimäki, Finnish northern army headquarters, was attacked from the air again today.

Soviets Try New Style Attack on Karelian Front

By WEBB MILLER
 WITH FINNISH ARMY, ON Karelian Front, Feb. 2 (U.P.)—The Red army renewed a powerful frontal attack on the center of the Mannerheim line today, with the support of artillery and massed bombing planes.

The Russian attack was in great force and again involved the use of "Trojan horses"—armored sledges pushed ahead of tanks.

The Finns broke up the sledge attacks with hand grenades. The fighting on the Karelian isthmus defense line marked the second day of furious attack—in the Summa sector—by Red army forces which in the past repeatedly had failed in thrusts at both ends of the Mannerheim line. Fighting was in progress almost all of last night.

Today the sky was clear and brilliant and Russian planes operated not only over the front lines but deep into southern Finland.

It drove by automobile for more than 150 miles south the Isthmus and was held up four times by air raids or air raid alarms, which forced us to wait in the forest in temperature of 10 below zero (Fahrenheit) for as much as six hours at a time.

Adopt New Methods
 The Russian tactic in their attack on the center of the Mannerheim line forced the Finns quickly to adapt new methods for turning back the armored sledges units which were pushing the snow by tanks until they were close to the defense positions.

When the sledges were near the Finnish positions, the Finns troops inside leaped out carrying light machine guns and scattered the sledges. The Russian sledges were able to take advantage of the armored covering of the sledges until close to the Finnish lines. The Finns finally were able to break up these attacks most readily by use of hand grenades which were capable of blasting the sledge armor.

The snow-covered operation of Russian sledges gave the appearance of a white army, which was the white exhaust smoke from the aircraft exhaust crossed above the front lines.

Bomb Evidence
 During our automobile trips we saw some evidence of the bombardment. In some towns, the main buildings have been blown to bits and debris still littered the streets which were crossed by tanks and sledges.

The roads over which we traveled were often covered with fresh dirt, thrown up by bomb explosions. Some of the Russian sledges from human habitation and it was difficult to guess why they had been used. The sledges were used to interrupt road traffic by bombardment was combated by Finnish crews who were almost always able to make necessary repairs within an hour.

Fighting at the front was a repetition of yesterday's Russian attacks when the Russians were stopped by 150 planes.

K. YLOSTALO

Finns Leader Terms Russia Lower Nation

HELSINKI, Feb. 2 (U.P.)—President K. Ylostalo told parliament today that Finland has a lower standard of civilization than our country can conquer us.

Opening parliament the farm-processor announced a series of six bills dealing with national defense would be presented.

"If we have endurance and remain faithful and stand shoulder to shoulder we can be assured no nation with a lower standard of civilization than ours can conquer us," he said.

"It behooves us to realize that leaders of great nations and their blind masses are against us."

DIES COMMITTEE QUESTIONS THREE REPRESENTATIVES

WASHINGTON, Feb. 2 (U.P.)—The Dies committee today questioned three congressmen who attended a dinner at the home of an avowed foe of the committee.

The congressmen who appeared before a closed committee session were Reps. Robert Ramspeck, D., Ga.; William H. Larabee, D., Ind.; and John M. Coffey, D., Wash.

None of them would discuss their appearance, but Rep. Joe Starnes, D., Ala., acting chairman of the Dies committee, promised to make a statement on the house floor later.

The three congressmen were among a group which attended a dinner party at the home of Gardiner Jackson, legislative representative of the CIO labor's Nonpartisan League, Jan. 9.

The Dies committee has received paid \$103 for purported letters from William Dudley Peley; silver shirt leader, indicating some possible understanding with Committee Chairman Martin Dies, Representative Peley's Washington representative, since has testified the letters were forged while he manufactured and supplied to Jackson.

Rep. Jerry Voorhis, D., Calif., a Dies committee member, told the house the committee itself had employed this same Peley in the course of its efforts to locate Peley's activities. The committee paid Peley's expenses to go to North Carolina to hunt the missing silver shirt leader.

High Tribute Paid Chapman By Attorneys

Termining the death of W. Orr Chapman, local attorney and Democratic leader, a group of his most valuable and useful citizen... to the nation, the state of Idaho and the community of Teton county, the community of the Teton Judicial District Bar association this morning held memorial services in the district court at Teton county.

Chapman died suddenly last Saturday. His death caused the expressions of sympathy to members of his family from such state and national leaders as Gov. C. A. Bottolfsen and James A. Farley.

Even in death, the attorney who was noted for his humor, brought laughter from those assembled to pay him tribute when James R. Bothwell read an eulogy from notes which Chapman had handed to the judge when he was on the bench, and the late attorney was his court reporter. After the association, Bothwell and Chapman formed a law firm which continued as a partnership until Chapman and his brother, Marshall, both partners.

Rumania Threatens Trouble in Entente

By HENRY GORRELL
 BELGRADE, Yugoslavia, Feb. 2 (U.P.)—Rumania was reported today to have threatened new complications at the Balkan entente meeting by indicating that Bucharest might seek some agreement with Germany and possibly Soviet Russia unless she obtains guarantees of her frontier with Hungary.

Considerable official secrecy surrounded developments at the first session of the Balkan entente—Rumania, Yugoslavia, Turkey and Greece—held here, we are persistent hints that the attitude of Rumania was creating concern.

According to unofficial sources, the Rumanian foreign minister, Grigore Gafencu, indicated in preliminary discussions that unless the entente states acted to make sure the Rumanian frontiers with Hungary and with Bulgaria as well, Rumania intends to obtain three guarantees from Germany in return for full economic cooperation with the rest of Europe.

Might Seek Understanding
 In addition, it was reported, Gafencu indicated Rumania might seek some sort of an understanding with Moscow, acting through Berlin.

This, it was suggested, might be some form of non-aggression treaty under which the Soviet claims on Rumania's Bessarabian territory formerly promised would never be temporarily shelved. Rumania's frontiers now include territory that belonged to Russia, Hungary and Bulgaria before the World war.

The apparent "about face" of the Rumanian foreign minister was described as designed primarily to back up the position of Bucharest in opposition to the Hungarian demands for territorial revision.

See No Agreement
 Diplomatic sources expressed belief there was not much chance that the Balkan entente would meet in Bucharest as reported, and some sources reported reason to believe the entente would meet in principle with Germany which would be put in operation after the entente has reached a frontier guarantee plan.

Concern was expressed as to the attitude of Great Britain in event Rumania requested her revision of the Balkan entente. It was pointed out with the allies and put herself under protection of Germany, which in turn would mean that Soviet aggression would mean that Soviet aggression would mean away away from the Balkans and toward the near east.

East Weather Sunny; Added Winter Looms

CANOE RIDGE WEATHER WORKS, PUNXSUTAWNEY, Penn., is planning a "Dillz" that will "black" the spring for the next six weeks.

That was the warning given by Earl Joe Cromdough as he stepped onto his new cooling block today to squint at the bright sun and cast a shadow as black as a European war cloud. Cromdough said that there will be six weeks more of winter weather.

The first phase of the winter is ending, he said, and the winter will be a long one. He said that the winter will be a long one. He said that the winter will be a long one. He said that the winter will be a long one.

HALF LOOMS FOR RECREATION UNIT

Unless local financial assistance is forthcoming, a recreation program which has operated in Twin Falls for the past three years will be discontinued effective March 1, it was announced today.

"The announcement was made by Frank P. Baird and Willis M. Smith, recreation directors from the state office at Boise. It was pointed out by the directors that for the past 14 months the program has been carried on at the expense of the city. The recreation project will be carried on at the expense of the city. TOBACCO FARMER BACKS TREATIES

WASHINGTON, Feb. 2 (U.P.)—A Virginia tobacco farmer and a New Hampshire poultry raiser told the house today they backed the treaties which have benefited in "dollars and cents" from the reciprocal trade program and wanted the act continued for another three years.

The committee is considering a resolution to extend the act until June 30, 1943.

The farmers were John E. Burnett, Appomattox, Va., and Ralph C. Hines, Hinesboro, N. H. They said the act has fostered additional trade with foreign countries in the products they raise.

Carl H. Wilkins, secretary of the Producers City, Inc., raw materials council, urged congress to adopt a "parity tariff" system in which duties would be based on differences in price levels of farm commodities and goods which the farmer produces. Thus he said, parity between these two types of goods would be promoted.

Rep. Pat Cannon, D., Pa., charged that the act has increased the cost of living by one of the state departments.

Rep. Lyle Burchett, D., Okla., and Landley Beckwith, D., Tex., opposed reductions in the excise tax on oil.

ENGLAND FEARS NAZI AIR ATTACK

LONDON, Feb. 2 (U.P.)—Fear that Germany will make a desperate attack on Britain with a fleet of long range bombing planes was reflected again in the air ministry's news letter this week.

It was said Germany was turning out long range bombers of a new type of bomber known as the Ju-88, capable of 315 miles an hour with a full load of men, guns and bombs, and a cruising speed of 200 miles an hour. It would give it considerable protection from anti-aircraft guns.

The new letter said Germany was working on with the construction of these fast, long-range bombers, designed for use either in close cooperation with the military and naval forces.

It was indicated Britain was preparing to meet such a challenge with new Boulton Paul Defiant fighters, which are said to have "added a new technique to air defense."

NEW YORK, Feb. 2 (U.P.)—John Barrimore Broadway revival lead-head today into the conflicting demands of a reconciled wife, a jilted protege and a forlorn daughter.

A show-down was due at any moment between the wife, Gladys, 25, and the protege, Ingrid, 22-year-old blonde, one of whom is going to have a baby in the next few days. Ingrid is the daughter of Barrimore's first wife.

Barrimore's reconciliation with his wife, which began in a night club yesterday morning when she moved from her lover's protection of both Miss Barrimore and Miss Dudley who were helping him celebrate his Broadway opening, already had been a complicated affair. Ingrid and her lawyer went into a

SKAGGS TO HAVE \$9,485 BUILDING

Twin Falls' business district today was on the eve of an expansion program when the city council today afternoon that a new structure, costing \$9,485, would be erected on the 300 block on Main avenue east and would be occupied by the O. J. Skaggs store.

At the present time the grocery is located in the 100 block on Main avenue south. Construction of the new location will get underway at once and the store will be moved as soon as the quarters are prepared for occupancy.

The building is being financed by Clara M. Frigate, city councilwoman, and is being built by Skaggs. Contractor for the work will be A. D. Bohler.

In Case You Care, Groundhog Didn't See a Shadow Here—Or Maybe He Did

He saw his shadow this morning in lots of other places, did Mr. Cromdough, but not in Twin Falls. Which is supposed to be an indication that spring is on the way. Of course, the sun popped out intermittently later today so the groundhog could have seen his shadow after all, and that would mean six weeks more of winter.

A conscientious groundhog, however, is supposed to do his best in the morning. On that morning, spring shouldn't be the case. In this case, now or never, it's now or never. It's now or never. It's now or never.

PRELIMINARY BUDGET WARNS AGAINST CUTS IN AGRICULTURE BUDGET

FEARS HARDSHIPS FOR FARMERS IF SLASH IS MADE

HYDE PARK, N. Y. Feb. 2 (UPI)—President Roosevelt warned congress today that drastic reductions proposed by the House in its agricultural budget figures will impair effectiveness of the farm program and cause hardship on individuals and economic groups.

At a press conference Mr. Roosevelt cited excerpts from his budget message and said he stands firmly upon his statement made in that message that he cannot accept responsibility for the 20 percent cut below his budget figures.

Describing the proposed reductions as "perfectly terrific" the President reiterated his conviction that appropriations for agriculture should not be reduced below \$600,000,000 under any circumstances, for the fiscal year which begins next July 1.

Heavily reductions were made in the amount necessary to fund the appropriations committee. The bill was being considered by the House today. It appropriates \$524,374,000.

The President handed reporters a sheet of excerpts from his budget message.

"I have carefully checked the individual estimates under these broad categories and I am satisfied that no lower figures can be obtained except by cutting the efficiency with which loans are administered or of working undue hardship on individuals and economic groups," the statement said.

Won't Accept Responsibility
"I refuse to accept the responsibility for the serious illness of my child. I do not believe that the majority of people feel that the agriculture program should be reduced below the figure of \$600,000,000 because this figure, in itself, a large reduction below the current year, will be barely sufficient to carry out soil protection and surplus removal operations."

"We must not only guard the gains we have made but we must press on to attain full employment for those who have been displaced by machines as well as for the 5,000,000 men and women who are unemployed. We must, therefore, avoid the danger of too drastic or too sudden a withdrawal of government support."

LOANS AVAILABLE TO FARM YOUTHS

Hundreds of farm boys and girls in Twin Falls county will be enabled to participate in 4-H club and Future Farmers of America—junior education and demonstration farm projects through the county farm security administration loans under new regulations announced by P. W. Wiseman, county FSA supervisor.

"All young men enrolled in these Junior farm groups, and whose parents are among the FSA borrowers in Twin Falls county may secure loans of not more than \$25.00 for purchase of a calf, sow, poultry, or other young stock, as well as seed, plants and fertilizer, for projects approved by the county extension crop marketing board," explained Wiseman.

"By making loans available to young people who are members of credit, the program is expected to bring the families more into the community life, sponsor successful farm projects, and contribute to rehabilitation."

Loan applications must be made to the county FSA supervisor and approved by the project leaders. Security on loans will include a note signed jointly with parents and interest at five per cent.

Information classes will be held at the Catholic church, 600 Blue Lakes boulevard, and will continue on Tuesday and Friday evenings at the home of Mrs. Hilda Tarr. The equipment and the paper.

PENCILS
Local policemen today advised that if the worst comes to worst they could always pick up a pair of stick glasses and sit on a corner selling pencils.

Reason is that they have the pencils. Early today two policemen found a stick of new pencils at the intersection of 10th and 2nd streets and Second street and 4th. Pencils were still in the original casing, but the stick was broken. Pencils were a glance at the broken sticks.

Reason for this is that two women yesterday day brought in a stick of pencils which they found on the highway.

HAIR LOOMS FOR RECREATION UNIT

(From Page One)
They said that there are now 44 recreation projects throughout the state which are operated on a cooperative basis between the community and the WPA. These projects are providing supervised leisure-time activities for children and youth. The state is furnishing the facilities and equipment and the WPA is supplying the personnel.

In the past, the officials said, the state has been unable to furnish assistance has been raised through the Community Chest. This amount is inadequate because of the prevailing situation and more money must be raised if Twin Falls is to be assured a recreation program.

"It is not entirely up to the community whether or not it desires to have this work continued, which is education and a progressive step in combating child delinquency," Mr. Smith said.

AFL DENOUNCES HITLER, STALIN

MIAMI, Fla., Feb. 2 (UPI)—Adolf Hitler and Joseph Stalin were denounced today as the "biggest traitors" by the American Federation of Labor, which asserted "as long as their creed of totalitarianism rules in Germany and Russia, the peace of our world is in jeopardy."

The AFL's executive committee asserted that although Germany and Russia "insist they are the innocent victims of the imperialist domination of Europe, we in America know otherwise."

The council issued in its statement today a statement of the situation with the man and declared that probably the proudest moment in Orr Chapman's life was "on that day in the fall of 1931 when he came and said he believed he had developed far enough that he had reached the point where he could go on by himself."

Friend of Beginners
Mr. Campbell termed the late lawyer as a "friend to those just starting their practice."

"We don't know of a person who could have given me the helpful advice I needed the way Orr Chapman gave it to me," said "When I made mistakes it was not his policy to 'call me down.' Rather he would take me into his confidence."

In adding his vote to the tributes made, Judge Porter declared that "we will miss his wit and his color and particularly his skill in his profession. It will be hard to realize that we will never see his face again."

NYA Stresses Coordination

More stress will be placed on coordinated training under NYA work experience projects in the future. It was announced here this afternoon by the National Youth Administration, which returned from Boise and Welser where he attended conferences at the present time.

Administrator Williams found projects in this area "on a par" with those throughout the country and that the program in Idaho "compared very favorably with any in the United States."

The national head termed the Welser school "the best of the kind in existence over the nation at the present time." The school is directed by Loren Basler.

An interesting highlight of the conference, Phoenix recalled, was the visit made to the radio school sponsored by the Boise Junior college for NYA youth. In this school boys are being trained in all branches of radio from building sets to operating and maintaining stations.

CHILD HANDICAPS TOLD TO KWANIS

Lack of family income was generally accepted as a basic handicap which children face. Mrs. John E. Hayes, Twin Falls, who recently attended the White House conference, "Children in a Democracy," told the Kiwanis club yesterday at the Park hotel, discussing the findings of the conference delegates.

All states in the union except Wyoming and Nevada were represented, said Mrs. Hayes, who first president of the National Congress of Parent-Teacher associations.

Continuation of the present federal aid program was advocated by some; others held for decreasing federal aid and increasing private enterprise. "The income problem, she commented.

The discussions revealed a definite trend in change of conditions of rural and urban children since the first conference was held in 1910. The conference is conducted every 10 years. Mrs. Hayes' experience indicated that the city child has experienced improved conditions, and that the rural child is now at a disadvantage.

One meeting was held in the White House, and Mrs. Hayes told the guests as they ascended the stairs, a sign to be ushered into the East room where President Roosevelt spoke, according to Mrs. Hayes.

Virgil Persnette played two saxophone numbers for the Kiwanians, accompanied by Harold Connor.

At a directors' meeting, Edith district manager of the Shell Oil company, was introduced by Roy Holmes as a guest.

C. L. Ealston, Idaho Falls, district manager of the Shell Oil company, was introduced by Roy Holmes as a guest.

A. S. Gilbert presided at the session, and R. J. Schwendman was program chairman.

Attention was called to the fact that the state was voted to set aside necessary funds for shoes and clothing for school children in need of these articles.

Idaho Spud Train Served Purpose, Says Pettigrove

BOISE, Feb. 2 (UPI)—A Union Pacific potato train that toured Idaho cities demonstrating to Idaho farmers the necessity for improved potato products accomplished its purpose, Agricultural Commissioner Ed Pettigrove said today.

The train was visited by large crowds in every community it visited, Pettigrove said. It aroused the interest of farmers in combating defects and fighting disease, he added.

The resolution which was adopted by the more than 30 attorneys present at the memorial, was prepared by Judge Bothwell, E. M. Wolfe and W. E. Parry.

The resolution, in part follows:

"We have passed beyond harsh and bitter to the serene philosophy that has no place for pride nor hatred; that threatens no revenge. He looked upon the mistakes of his fellow men as the stumbling blocks of the blind, and sympathized with those who had fallen. He loved his country; he was proud of its heroic past and satisfied with the present, and confident of the future. He stood on the rock of principle; with him the wisest policy was to do right. He believed in national loyalty, in the preservation of public faith, personal liberty and constitutional rights."

Copies of the resolution were ordered sent to Mrs. Chapman, to the late attorney's only daughter, Olivia; to the United States Department of California, and to his brother, Marshall, Twin Falls.

PUPILS Carry Water
EMPORIA, Kan. (UP)—Rural children still carry lunch boxes to school as they have always done, but recently they have had to carry water bottles as well. The trouble was the drought caused many shallow wells on country school grounds to dry up and teachers were forced to ask the children to bring their own drinking water.

PRESBYTERIANS CONDUCT RALLY
JEROME, Feb. 2 (Special)—The annual observance of Young People's day was observed at the Presbyterian church, Sunday. The theme of the services was "Christ Victorious," based on the recent World convention on Christian youth held at Amsterdam, the Netherlands. Seventeen hundred young people representing 71 different countries assembled in the largest youth gathering in the world.
Local participants in the program were Calvin McIntyre, chairman; Irene Callen, president of the Senior Christian Endeavor and Wilmer Raver. Special music was presented by the young men whose director was Mrs. M. E. Sheldon, accompanied by Miss Anna Mae Oamanson Douglas Burks sang a solo. A large audience spoke highly of the intelligent and talented presentation of the theme. A special offering was taken for the Christian Education work of the church.

POT SHOTS WITH The Gentleman in the Third Row

SERIAL STORY THE CAPTAIN'S DAUGHTER BY HELEN WORDEN

BRUCE CATTON IN WASHINGTON

Uncle Sam Is Pleased When Europe ripped loose last September, some government officials in Washington were just a little bit worried.

Item Without Comment The Pot Shots sleuth No. 99's reports in code today.

CHAPTER VIII MARRIE LA PORTE'S hand shook as she brushed her brown curls before the tiny mirror which hung in the alcove that served as her bedroom above the La Porte barge.

SPRING FLOODS NOT INEVITABLE The unusually heavy snowfall blanketing most of the country does not necessarily mean heavy floods next spring.

LADIES ARE DIPLOMATS Women are the greatest diplomats of all. One of them can chase a man till his back is to the wall.

LADIES ARE DIPLOMATS Women are the greatest diplomats of all. One of them can chase a man till his back is to the wall.

CHAPTER VIII MARRIE LA PORTE'S hand shook as she brushed her brown curls before the tiny mirror which hung in the alcove that served as her bedroom above the La Porte barge.

HERE'S CONGRESSMAN WHO ADMITS MISTAKES Starnes himself is a slim friendless man with a few dollars in his pocket.

After more than four months of the war, the agricultural advisory council of the U. S. Department of Agriculture reported the other day that all the statistics compiled so far have shown that there has been no profiteering.

IS THERE SOMETHING WE OUGHT TO DO? Dear Shottie O'Pot: With great anxiety I rush home from my daily chore, spill a few soups on my Sunday tie and vest.

A SHADOW again fell across the cabin window. But sprawl on the bed. The door opened and a shadow draped a curtain.

GOODING Twelve members of the Book Study club met at the home of Mrs. Lorne Lauder Monday evening.

According to the report, food last year was comparatively cheaper, in relation to other commodities, than it was in 1929.

HEAVENLY MARRIAGE In view of this and that in Europe, I feel entitled to ask sarcastically: Where do you get that intelligence stuff?

PERRINE Mr. and Mrs. Harry McCauley spent Wednesday at the Boyd Purdum.

While American neutrality policy is still open to wide controversy, the general idea of safeguarding every element of American life from the encroachments of war effects is beyond criticism.

CHEESE DEPT. VERY SMELLY! Hi Yo, Pats: Say, boss, I've a couple you might be able to use.

English "Ruler"?

So optimistic is Adolf Hitler of winning the war, European reports say, that a provisional Nazi government for England is all lined up. Nazi boss in Britain, it is said, would be Wilhelm Bohle (above) native of Yorkshire. He is head of the Austrian Business organization which controls Germans living outside the Reich.

Friday Nighters Continue Studies

JEROME, Feb. 2 (Special) — The next meeting of the Friday Nighters will be held Friday evening, Feb. 2, in the Presbyterian church. The group will discuss further, the subject of the Roman Catholicism. Pot-luck dinner will be served at 7 p. m. All young adults are welcome. The last meeting was held at the home of Mrs. and Mrs. Ted Pierce and the feature of the recreation of that evening was a current events test provided by the editors of The Miss Dorothy Fischer, Lincoln school teacher won the book prize offered by the editors, when she received a score of 50. She will be presented with a book of her own choice valued at \$5.00.

Teachers Pursue Course of Study

BURLEY, Feb. 2 (Special) — A study course entitled "The Importance of Instruction in Reading in Elementary Schools," sponsored by instructors in the Albion State Normal school, was started in Burley Monday night for teachers in and near Burley.

The course is given for credit and will consist of lectures and project work. The classes, meeting for two hours, will be held each Monday night at the Miller school. At the first meeting, Miss Rita Hansen, Miss Francis Farrell and Richard L. Averill, all of the Normal school faculty, conducted the classwork. Different instructors are expected to participate as the work advances.

SOVIETS PLAN TO 'DESTROY' FINNS

LONDON, Feb. 2 (AP) — The Moscow radio, less than a day after the statement of President Kyosti Kallio of Finland that Finland was ready to negotiate an honorable peace, broadcast today an editorial from the newspaper Pravda, official organ of the Communist party, asserting "the Finnish bandits will be destroyed and exterminated."

"We will achieve victory over them under our great leader Stalin," the editorial continued.

There was no indication whether the editorial, from today's issue of Pravda, was a reply to Kallio's speech.

The Moscow radio broadcast such excerpts from the Pravda editorial as:

"Since the Anglo-French imperialists provoked a new war they tried to drag in the Soviet by instigating the while Finnish scum to attack us. The Finnish bandits will, however, be destroyed. We will achieve victory over them under our great leader Stalin."

RETIREES

M-J-B WHY?

"This chap sure opened my eyes..."

1 I was at this party when the talk turned to coffee. "They're all the same, only the labels are different," I said innocently. Then a quiet chap spoke up: "Mind you're wrong. I work for M-J-B and can prove our coffee's different. Just try it tomorrow."

2 I did and when my eyes opened! M-J-B first selected the finest coffees, "explained my friend," for depth of flavor. Then these selected coffees are double-bled—first in the green, then again after months of aging. Next I watched an operative machine at work to the "perfect roast" color with an "Electric Eye"—ten times more sensitive than the human eye!

3 "Now I want you to compare M-J-B with two other well-known brands." He took some coffee from each of these trays and brewed three cups of coffee separately. "One is M-J-B," he said. "Sample each." I did and they all seemed good, except one had a richer flavor. I told him this and he smiled: "You picked the M-J-B which proves all coffees are not alike!"

Kansas Mentor Guns for 23rd Title in 29 Years of Coaching

PHOG ALLEN
DEAN OF AMERICAN BASKETBALL COACHES SEEKS 23rd TITLE IN 30 YEARS... AND SPEARHEAD OF JAYHAWK ATTACK IS HIS YOUNGEST SON, BOB...

By JERRY BRONFIELD (NEA Service)
LAWRENCE, Kan., Feb. 2—You can talk of Indiana and its hot-shot basketball but don't try to tell a bill of goods to the prairie people out this way.

STRIKES to SPARE With Fred Stone

They'll only laugh and say: "It seems we have a gent named Phog Allen."

Despite a recent loss to Missouri, Dr. Forrest C. Allen's University of Kansas cagers are favored to win the Big Six championship, but that isn't much of a surprise to the natives who speak of Jayhawk basketball as they do of wheat and sunflowers.

It's hard to point out a cage dynasty comparing with the one built by Dr. Allen. Dean of American hoop coaches, the professor has won 22 conference titles in 29 years.

For the second time one of his sons is sparking his team to the top. Mill Allen was an important cog in Kansas' 1938 winners; this year it's Bob, youngest of the clan Allen, who makes the Jayhawk bid a family affair.

The slender junior, who has been playing basketball since his first year's six kindergarten days, is the cog around which the quietest moves.

He calls defensive set-ups... directs set plays. He's the best ball-handler on the squad... has averaged eight points a game.

Those west-enders really got nasty and took everything away from Idaho Power—all four points and high totals.

Billy Homing, with 54, took the lead three games ago, and Jerry Elsher, with 201, got away with the high single.

Pop Kitchner registered a 517 total—his smallest for a long time.

Every player on Idaho Power except one topped the 500-mark, yet the Power boys lost all four points.

Al Norton, subbing for Sol Neby, got high score with a 533. Al's 197 first game was the top single.

Nurmi, Maki Arrive in U. S.

NEW YORK, Feb. 2 (AP)—The Finnish relief fund's sports program was rounding into shape today.

Takko Maki and Paavo Nurmi arrive here tomorrow. Maki, champion Finnish runner who has bettered most of Nurmi's records, will make a coast to coast tour. Nurmi, who began cracking world records in this country 15 years ago, is his coach and trainer.

Former President Herbert Hoover, director of the relief drive, yesterday telegraphed an appeal to all horse race tracks, asking that a day be set aside for the fund. Rockingham, New Orleans and Detroit agreed immediately.

A one night's professional tennis tournament will be staged in New York on an undecided date with the six leading players in the game donating their services. It will mark the return to U. S. competition of Big Bill Tilden who has been in Europe almost two years.

ART OF BOWLING

(Fifteenth of 26 bowling articles).
By JOHNNY CRIMMINS

Anchor man of Detroit Goebels, A. B. C. five-man team beams, A. B. C. sports fool bowlers in that a hidden pin stands which a kegler, not on the alert, is likely to miss.

A hook, sweeping in from the right side to catch the head-pin almost flush, sometimes will take all the pins off the left side of the alley and leave No. 10.

The resultant apron doesn't appear especially hard, but is for many bowlers a chily because they fall to the left of the 9 screen by 2. When they fire their hook to hit 3 on the left and sweep 6 and 10, they suddenly find that 9 has been obscured and still stands.

In making such a hidden pin apron, roll your hook so that it hits 3 a little in the right of center.

The ball will sweep 6 and go through to take 9. No. 8 will take care of 10.

Pope, Thomas, Taylor Loom as Choices for Borah Post

PRIMARY TO BE HELD AUG. 13 TO PICK FINALISTS

By WILLIAM MEMENAMIN
BOISE, Feb. 2 (AP).—Three men of sufficient political stature to aspire to the United States senate seat of the late William E. Borah were the outstanding possibilities for the Democratic nomination, party leaders said today.

The party candidates will be chosen at a primary election to be held Aug. 13. Candidates must file with the secretary of state their intention to run before July 15. The general election will be held Nov. 5.

The Democrats believed their Republican rivals would nominate John Thomas, the Gooding banker whom Gov. C. A. Bottolfsen appointed to fill the Borah term until a successor can be elected.

Serve Until 1943

The victorious candidate can serve only two years if Borah's unexpired term, or until January, 1943, a brief period of two years compared to the usual six-year term.

Agustin Thomas, the Democrat, said they must run a man of sufficient strength to head their party ticket in crucial year. They believed it would probably be former Sen. James P. Pope, George Donart, Washington county state senator and minority floor leader of the last legislature, or Atty. Gen. J. W. Taylor.

Former Senator Pope might be expected to run for the post by President Roosevelt to bolster the party's strength in the senate, they believed. Pope served in the senate from 1923 to 1925. He lost the nomination to D. Worth Clark, youthful incumbent whose term does not expire until 1945. Since then, most of the opposition to Pope has disappeared.

TVA Director

Pope now holds an appointment as director of the Tennessee Valley Authority at a salary of \$10,000 a year, equivalent to the pay of a senator. But if the administration chose to have him run, he could resign TVA post and seek reappointment. If defeated, they pointed out.

George Donart was the outstanding orator in the legislative session. A lawyer with strong qualities of leadership, he has been mentioned frequently as a possible next governor, but he has expressed senatorial ambitions.

Atty. Gen. Taylor bears the closest resemblance to Borah. They said he is known for his independence of party ties, his fiery nature and love of the constitution. His oratory manner of dress and flow of hair all are reminiscent of

Squalus Sinking Blamed on Failure to Close Four Valves

WASHINGTON, Feb. 2 (AP).—Secretary of Navy Charles Edison revealed today the submarine Squalus disaster might have been averted had routine procedure in diving—due to mechanical failure of the air intake valve leading to the vessel's engine.

The naval court of inquiry which investigated the tragedy absolved "serious blame" the officers and crew of the ill-fated submarine and attributed the sinking to mechanical failure of the air intake valve leading to the vessel's engine.

Edison, in a finding of his own, also absolved the crew of blame. He amended the court's opinion, concluding its findings of fact, although "supported by evidence," were "not complete in all respects."

Due to Mechanical Failure

He decided the tragedy was "primarily" due to mechanical failure, but also to "non-closure of four hull stop valves."

"Had these hull stop valves been closed prior to submergence," Edison said, "only the pipe lines between the inner and outer hulls and not the compartments would have been flooded."

The report shows the closure of all hull stop valves was prescribed as routine procedure in the Squalus. The facts remain, however, that these four hull stop valves were open when the ship made her last dive and that evidence was adduced that it was not the practice always to close these valves.

Other Circumstances

"Although the failure to close the two hull stop valves in the main engine air induction system may have been the result of special circumstances known only to the personnel who died at their posts of duty in the Squalus, it is noted that the training, supervision and instruction, necessary to insure the timely closure of these important hull stop valves, while diving, was lacking in emphasis."

The naval court mentioned in its findings of fact that the hull stop valves were not closed, but did not mention in its conclusions as a factor in the accident. It was because of that that Edison's amendment of the court's report with his own.

ESTATE PETITION HEARING FEB. 14

Hearing on a petition made by Mrs. Goldie Parker, to be named administratrix of the estate of the late Sheriff Art Parker, today had been set for Feb. 14 by Probate Judge C. A. Bailey.

Mrs. Parker applied for the appointment yesterday afternoon, being represented by Ray D. Agee, attorney.

Listed on the petition was a local residence and personal property valued at \$1,100. Aside from Mrs. Parker, five daughters survive. Parker died Dec. 15, 1939 as a result of injuries received in a Utah motor accident.

Public Forum MRS. BORAH'S FATHER WAS FIRST IDAHO U. S. SENATOR

Four Times

Four have been approached by a number of people who questioned the accuracy of a statement I made over the radio last week in saying William J. McConnell, Mrs. Borah's father, was Idaho's first United States senator. The statement is correct. William J. McConnell was a prominent member of the constitutional convention of 1832. Idaho was admitted to the union as the 43rd state on July 3, 1890. Mr. McConnell was elected to the United States senate for the short term by the first legislature of this state, serving in 1891. He was the third governor of Idaho, having been elected in 1892 and reelected in 1894. Hon. William E. Borah married his eldest daughter, Mamie. I submit the following statistics to those for whom they may be interesting:
