Republishers will press themselves still tighter in the Lincolnian mantle. They can't time to grow the Lincoln whippers, but every speaker will have them on, figuratively, and there are few who won't be using the Emancipator's own words.

By way of showing a real Lincoln touch, the artist has done up some of the 1940 Lincolnian Lincolns who will be among the lead-off speakers for the dinners.

HELSINKI, Feb. 8 (AP)—An official communique today said several thousand Russians had been killed in thrusts against the Mannerheim line on the Karelian isthmus.

The communique said the Karelian isthmus attacks, in which several Russian divisions participated, were repulsed and that Finnish troops scored new successes northeast of Lake Ladoga and in the Kuhmo sector of the central front.

Fighting was described as particularly violent on the Karelian isthmus, where the largest Russian forces concentrated since the war started, were attacking the Finnish lines, and on the central front, where a battalion of Russians was destroyed near Suomussalmi as they led a column attempting to cross the Finnish frontier near Raate.

Two Strong Attacks The Russians made two strong attacks on the Mannerheim line yesterday, the communique said, but both failed and four Soviet tanks were destroyed.

Russian attacks on the northeastern shore of the lake were repelled, the communique said, and a considerable amount of enemy war material was captured.

The communique, which covered front line developments of Wednesday and Thursday, said that the Finns had smashed Russian battalions (about 1,000 men) on the Suomussalmi front, north of Kuhmo, and that in that sector the Russians lost 250 killed and "large quantities of infantry weapons and other war material."

The communique again referred to the Russian method of dropping paratroopers behind the Finnish lines, but said that only a few days ago had been caught. Others were believed still at large.

Finland, he said: "The success attending Finnish arms has evoked the admiration of the world and we rejoice that the help given to this country has been of real value to Finland. Further aid is now on the way."

The prime minister denounced German aerial attacks on British coastal shipping.

"The killing of fishermen is not what we desire," he said in a speech. "We desire peace and stability in the world."

He said that the United States had a right to be satisfied with the aid it has given to Finland.

ENGLAND SENDS ADDED HELP TO FINNISH FORCES

LONDON, Feb. 8 (AP)—Prime Minister Neville Chamberlain told the house of commons today that further aid was en route to Finland.

The prime minister's statement followed repeated British and French official references to dispatch of war materials, especially planes, to Finland and the recruiting of British volunteers, including retired army officers, to fight with the Finns.

The first volunteers are expected to leave England next week.

In connection with the allied supreme war council meeting in Paris last week, which dealt largely with aid to the Finns, Chamberlain said the proceedings were "even more valuable and business-like than on previous occasions."

Lasting Friendships "This time I returned from Paris with the conviction that the bond between our two countries is something greater than even a close alliance which has a common purpose and common dangers enforced," Chamberlain said.

"It has become a deep and lasting friendship between two peoples," Chamberlain said.

Chamberlain said the Balkan peoples—Rumania, Yugoslavia, Greece and Turkey—agreed at Belgrade last week to maintain the neutrality of southeastern Europe was "most welcome."

Of Finland, he said: "The success attending Finnish arms has evoked the admiration of the world and we rejoice that the help given to this country has been of real value to Finland. Further aid is now on the way."

MAN WILL FACE SLAYING CHARGE

GOODING, Feb. 8 (Special)—Two officials from Dade county, Missouri, will return Oral Reich, 31, to that point next Monday where he will face charges of murder. It was announced here this afternoon.

The two Missouri officers, Sheriff O. E. Killingsworth and Deputy Sheriff Myers, arrived in Gooding at 10:30 p. m. yesterday. They talked to the prisoner at the county jail this morning and Sheriff Killingsworth said he was "pretty well satisfied" that Reich is the right man.

The man was arrested here last Saturday by Deputy Sheriff Clair King, who recognized him from a photo which was sent out from Missouri. He will be charged with the slaying of Dave McWhorter, 68, six years ago.

Both Missouri officers have relatives in the Gooding and Halley sections and will visit them before they transport the prisoner back to face trial.

In the meantime Reich, who is married and the father of one child, is in the county jail under custody of Sheriff Wayne Flack.

PAGE THE NEW DEAL!

This may send the linotype operator to the asylum. It already has Kyle M. Waite and one reporter staggering.

Plus an insurance man and a neon sign expert who were rung in to help with the mathematics.

You've noticed that the traffic signal at Main avenue and Rhoades street is down for repairs. A bearing burned out after 17 months, and the repair job was nearing completion today by Perry Spangier at the Waite electrical shop.

The bearing was the first one to burn out since the traffic light system was installed in Twin Falls. Electrician Waite said that's pretty fine because the electrical motor that runs the stop-and-go signal turns over 1,200 times every minute.

That makes 106,600 revolutions every hour. Which is 2,534,400 revolutions every 24 hours. And 76,020,000 revolutions every month. If you figure a month on a 30-day average.

The motor runs day and night—whether the light is turned off or on—in order to maintain delicate synchronization when the signals are started each morning. So, starting 24 hours a day for 13 months, it's 2,292,480 revolutions in the 17 month of operation here.

Waite and Spangier said that records on hand here show that similar traffic lights with the same type of motor have been operating elsewhere for 15 years and are still going.

That means 13,662,760,000 revolutions in 15 years. Or 45,875,200,000 revolutions in the 17 months of operation here.

Which, of course, adds up to this: (While you're pondering this, remember that the bearing that keeps all this going is only eleven-and-a-half inches in outside measurement.)

That to show you what that 45,875,200,000 really amounts to, consider this: There have been 16,994,400 hours in the 1,940 years since the birth of Christ.

If you had started to spend \$2.50 every hour since the start of those 1,940 years, you'd just be about reaching the 45,875,200,000 total now.

Which is to say you'd just be reaching the total of the U. S. national debt.

Perdon us now.

The ambulance from Blackfoot is waiting at the door.

SILVER LEGION'S TESTIMONY GIVEN DIES COMMITTEE

WASHINGTON, Feb. 8 (AP)—William Dudley Peley told the Dies committee today his Silver Legion was organized on military lines but was never armed.

Peley appeared before the Dies committee for a second day of questioning concerning charges of alleged subversive activities in connection with his Silver Shirt organization.

He said "no arms have ever been connected with the organization," but he did admit that he had a membership of about 25,000.

"We had a military set up," he declared, "but we had no military drilling, arms or ammunition. We have no military instruction."

Peley was asked why he had requested that Silver Shirt members to give information on their military experience.

Peley said he was looking to a condition where there might be complete overthrow of the constitutional government; and under our constitutional provisions we were looking to that.

'Bootlegging' Stamp Charge Slaps Farley

WASHINGTON, Feb. 8 (AP)—Postmaster General James A. Farley is being plagued by charges of bootlegging in the \$48,000,000 stamp collecting business.

The trouble started when the United States Postal Service issued the "Innocent American" series, to be sold off the public market until after that date in selected cities.

Before the "coming out" party for the Ralph Wadsworth Stamp Collectors' Club, a letter bearing the cancelled stamp began coming in from the West. The Salt Lake City, Utah, postoffice had made the first sale on Jan. 27, according to postal sources. Similar sales involved post offices at Rockville, Md., Haverhill, Penn., and Stunnesville, Ohio.

Old-timers contended these stamps should be blacklisted, with no further aggressive philatelic sale which has helped Farley build it into the postal service's most lucrative sideline, figured that stamp with a cancellation prior to the official post office department release certainly was worth money.

TRIAL COMMENCES ON FOUR-YEAR-OLD MURDER

LOS ANGELES, Feb. 8 (AP)—Doris Joyce loved her first husband while living with her second and when she had a baby by the first, the second killed her in such a way that she was thought a suicide for four years.

Deputy District Attorney Hugh McManis told the jury today that George K. Dacey, 41, for murder, that he knew the child born seven months after his marriage was not his son, but the son of his wife's first husband, Alexander Sparks, a salesman.

She had divorced Sparks because she drank too much a few months before she married Dacey. McManis said she loved Sparks until the moment of her death, the night of Oct. 2, 1933.

The prosecutor said they were not married. "We will prove she was pregnant by him at the time she married Dr. Dacey but did not know it and later gave birth to her first husband's child," McManis said.

"But Dr. Dacey knew it because he knew the date the child was expected to be born as well as where. From the time of the birth he became a changed man and he jumped about the name upon her."

McManis said Dr. Dacey threatened to kill her if she told anyone about the child. "After the child was born, she told her husband she was pregnant by him at the time she married Dr. Dacey but did not know it and later gave birth to her first husband's child," McManis said.

ADDRESSES SET BY GOP LEADERS

WASHINGTON, Feb. 8 (AP)—A host of Republican leaders, including former President Herbert Hoover and several candidates for the party's 1940 presidential nomination, will deliver addresses during the party's three-day celebration of Lincoln's birthday, the Republican national committee announced today.

The principal addresses, the committee said, will be carried by coast-to-coast radio hookups Saturday and Monday.

The first major radio speaker will be Sen. Arthur H. Vandenberg, of Michigan, who will speak Saturday at St. Paul, Minn.

Mr. Hoover's address from Omaha, and those of three party leaders at the national republic club dinner in New York will highlight Monday's program. Speaking from New York will be chairman John D. M. Hamilton of the committee, Mr. Robert A. Taft, wife of the senator from Ohio, and Arthur C. Payne, youthful Negro of Chicago.

Other Monday speakers are Rep. Bruce Barton of New York at Buffalo, N. Y.; House Minority Leader Joseph W. Martin, Jr., of Massachusetts, and Thomas E. Dewey of New York.

An address by Sen. H. Styles Bridges of New Hampshire, will be carried over a state-wide radio hookup at Oklahoma City, Okla. Taft's address at Greensboro, N. C., will be broadcast locally.

APPROVAL GIVEN TRADE TREATIES

WASHINGTON, Feb. 8 (AP)—The house today approved extension of the reciprocal trade act by a vote of 14 to 10 along party lines.

Fourteen Democrats voted for the bill to extend for three years the trade agreements program but 10 Republicans voted against it.

Before approving the extension measure the committee voted down a proposal by Dancy to bar any excessive tax reductions in future agreements. Dancy's proposal was supported by 14

DEMOS RECOGNIZED TO LOSS OF PENNSYLVANIA VOTES

VETERAN SOLONS SEE SOLID SOUTH BRINGING VICTORY

WASHINGTON, Feb. 7 (AP)—Tapping Democratic news sources here after the national committee meeting, it appears today some party leaders are confident of losing Pennsylvania next November but are confident they can win again in New York state.

New York and the solid south are counted as the foundation stones of the hoped-for November election victory. The New York ticket is expected to be more than Democratic could expect to carry in the west. Veterans left from the party which was demonstrated in the 1936 elections.

Veterans are confident. Some party veterans are confident, however, southern conservatives generally would support President Roosevelt for a third term despite their pre-convention determination to prevent his renomination.

Political analysts and practical southern politicians recall the fate of two of their number who distinguished themselves in 1928 by backing the Democratic ticket headed by Alfred E. Smith.

The solid south broke that year. Florida, North Carolina, Texas and Virginia casting their 30 electoral votes for Herbert C. Hoover. Sen. Furnifold Simmons, D. N. C., and Sen. Charles McNary, R. Ore., resigned and were promptly re-elected from the senate the next time the voters got a crack at them. Some southern states, which are not particularly friendly to Mr. Roosevelt believe 160 ballots on the third term issue would be sufficient to suffer the fate of Simmons and McNary.

There is considerable assurance, therefore, the south will stay high-riding, even though Mr. Roosevelt again is a candidate, and a mixture of hope and confidence that the party ticket can carry New York state. If so, the Democrats would have a net gain of 160 electoral votes, just 108 short of a majority in the electoral college.

Going Glee Rougher. From that point the going becomes rougher. There probably are four electoral votes to be had in Rhode Island, especially if Mr. Roosevelt again is the candidate. Democrats would hope to break even in that state with electoral votes distributed among the 11 mountain, southwestern and Pacific coast states. The upper mountain states moved away from the New Deal in 1938 and some Democrats believe such states as Iowa, for instance, should not be figured among Democratic possibilities this year.

That brings the electoral vote upon which Democrats are depending for victory to about 200, or some 50 votes to go for a majority. The battleground where most of this year's election is likely to be a change of administration here on Jan. 20, 1941 when a President will be inaugurated.

The infant respirator which arrived after the Dripper-Collins lung was displayed for the first time last Saturday at Buhl, will be on display next Saturday, Feb. 10, at Buhl, and a week later, Feb. 17, both machines will be placed in the lower part of the county courthouse for public inspection before being installed at the Twin Falls county general hospital.

The respirators were purchased for the hospital with funds collected by the lamit club of Buhl, with contributions from individuals and organizations throughout this section in case of emergency, they may be moved to the scene of need within a short space of time.

Miss Martha Hansen, superintendent of nurses at Twin Falls county general hospital, will be explaining the operation of the "iron lung." School children are especially invited to attend the inspection.

Injunction Asked In Divorce Case

Divorce, custody of three young sons, \$100 per month alimony and court order to restrain her husband from molesting her or their children were asked in district court today by Mrs. Dorothy Burks, Twin Falls.

Mrs. Burks filed the divorce suit against B. F. Burke, whom she wed June 15, 1930 at Wendell. She charges cruelty and threats. The sons are aged four, six and eight years. Rayborn and Rayborn are counsel for the mother.

INSULT

Whoever stole the bicycle of Dick Young last night added insult to injury.

Police records show that the wheel was stolen from 1017 Elm street. The thief or thieves then took the wheel to the rear of 1338 Maple where it was dismantled and the seat, handle bars and rear wheel were taken.

Young lives at 1338 Maple and thus the thieves picked the alley behind his home as the scene of the dismantling job.

Slogan Event To Be Urged For Chamber

Consideration of local sponsorship in the slogan contest of Southern Idaho, Inc. will be one of the matters placed before the Twin Falls Chamber of Commerce at its Friday afternoon session in the Rogerson hotel, leaders said today.

J. A. Cedergust, Twin Falls, is chairman of the statewide slogan competition for Southern Idaho, Inc. It was indicated that he may ask the C. of C. to back a Twin Falls Chamber contest to secure slogans here, probably with a local prize.

Grand award of \$50 will be given by the booster organization to the best slogan selected from those originating in a score of Magic Valley communities. The slogan will be picked for brevity, conciseness and content in summarizing southern Idaho attractions.

Reports on the initial week of the civil aviation ground school now underway here will be submitted at Friday's directors' meeting either by Chairman Milton L. Powell, of the chamber aviation committee, or Lionel A. Dean, member of the same group.

It was indicated that Chairman Quinn Wilson, head of the agricultural committee, will review the proposal for a farm coliseum here, will either report or present suggestions to the general gathering.

IRELAND MOURNS HANGED TERRORISTS AS MARTYRS

MASS MEETINGS PROTEST DEATHS OF IRA BOMBERS

DUBLIN, Feb. 8 (Special)—A wave of mass meetings protesting the executions swept the country and threatened Prime Minister Eamon de Valera's government with a crisis.

Cork put on a parade of indignation last night and held public prayers for repose of the souls of the two young Irishmen executed for the Coventry bombing, in which five Britons were killed and 50 wounded. The Cork mass meeting passed resolutions declaring that the men and women were innocent and protesting against their execution.

Conservatives joined in the protests today and it was apparent even conservative Irishmen opposed to I.R.A. terrorism had become more sympathetic with the radicals' fight for reunion of Eire and north Ireland.

The Dublin committee formed to work for Eamon de Valera's resignation charged that "whatever may be said, the ultimate cause of their deaths is the aggression of England against Ireland."

Supporters Disatisfied

In the rise of I.R.A. prestige lay the peril of De Valera's government. Numerous De Valera supporters were disaffected with his failure, in seven years, to achieve a united Ireland. His repressive measures against the I.R.A. faces a supreme court test. A decision is expected soon on the constitutionality of his "offenses of the state" bill, by which suspected terrorists may be detained without trial. If the court holds the bill constitutional, De Valera either would have to amend and rescind it, or appeal to the people through a general election for authority to amend the constitution.

It was doubted De Valera could win an election during the widespread resentment over the Birmingham executions. If he lost, it probably would lead to William R. Cosgrave, head of the opposition.

Quill and Scroll Picks 10 Initiates

Ten initiates were announced today for the Quill and Scroll national chapter of Quill and Scroll national at Journalism honorary. They will be received into the group soon in a formal initiation ceremony.

Students who met requirements of the honorary are Frances Schweickhardt, Dorothy Harrison, Josie Olin, Marilyn Webster, Marc Peay, George Davison, Preston Henman, Lucille Hawkins, Arlene Porter and Doris Reed.

To be eligible a student must have written 50 inches for the Bruin school newspaper, during the semester, be in the upper third of his class scholastically, and be approved by his instructor and the national society.

Only one member in high school belonged to the society the last semester, Frank Ellsworth.

OLD TIMERS' CLUB HONORS RETIRED RAILWAY EMPLOYEES

GLENNIS FERRY, Feb. 8 (Special)—One hundred and 50 persons gathered at the Community hall Saturday night to attend the annual banquet and party of the Old Timers' club No. 25 of this place, in honor of retired railroad employees. The event was outstanding and was attended by members and guests, including railroad officials from Pocatello to Nampa.

After the assemblage had been seated, all joined in singing "Idaho," followed by invocation by Rev. Brooks H. Moore, pastor of the Methodist church. G. T. Mosgrove, president of the local club, presided as toastmaster and he introduced a male quartet, H. N. Sims, Frank Redford, Jr., Henry Allen and Grant Rice, who greeted the honored guests with "How Do You Do."

Honorary Toastmaster

The dinner was served by the ladies of the L. D. S. church and consisted of roast turkey and all the trimmings. C. E. Bartlett, former cashier of the Boise freight house, who was retired from service on Feb. 1 of this year, was introduced to the group and asked to preside as honorary toastmaster. He introduced the visiting officials and club officers who responded briefly.

They were E. C. Manson, assistant to the general manager of the Union Pacific system; L. A. Collins, assistant superintendent; W. C. Illingsworth, road foreman of engines; P. J. McLaughlin, general foreman of U. P. Old Timers' club; Mrs. J. R. Mooney, general president of the club auxiliaries; J. R. Mooney, president of the local club No. 15; Mrs. James Bogges, president of the ladies' auxiliary No. 14, Nampa; and Pat Mahoney, president, club No. 14, Nampa.

The introductions and remarks were interspersed with selections of "Barber's Shop," "Methodist hymn quartet, and two Scotch songs by Harry Lauder and rendered by W. A. "Scotty" Duncan, with Mrs. Duncan at the piano. Mr. Bartlett turned the meeting over to Mr. Mosgrove, who reminded the assemblage that Mr. and Mrs. Bartlett had celebrated their golden wedding anniversary Dec. 19, and presented the gentleman with a life membership in the local club.

Mr. Mosgrove gave a brief history of the Old Timers club and stated that the organization of club No. 1 in Glennis Ferry following the retirement of the late engineer James L. Clump, Sept. 1922.

Following the dinner the local auxiliary's drill team made its entrance, dressed in old-time dresses and led by Mrs. J. L. Sumner, president of the club, and Mrs. A. E. Linder, vice-president and who was in charge of the team. Their drill work was well executed and won much praise, as the outstanding feature of the evening.

The tables were beautifully decorated with anapragras and daffodils. Three tables were reserved for the honored guests. An array of sweets was pinned on the lapel of each of the retired members and

TRUCK CRASHES INTO ROCK PILE

JEROME, Feb. 8 (Special)—Ray Rickman, Twin Falls, damaged a Swift and Co. truck which he was operating approximately 450 Tuesday morning about 9 a. m. near Jerome when he attempted to avoid striking another car and crashed into a rock pile.

The mishap occurred four miles west of Jerome and Rickman was hauled west on the highway. Another car being operated by Ray Thompson, Jerome had entered the intersection after stopping at the intersection sign.

Apparently not seeing the Rickman truck, Thompson moved onto the highway and as he did so Rickman attempted to swerve his vehicle out of the way. Rickman crashed into a rock pile. The Thompson car was scraped slightly. No one was injured.

Investigating the accident was Deputy Sheriff R. H. Sealey.

Hunter Bags 200 Cougars in Idaho

BLACKFOOT, Feb. 8 (Special)—Cougars are dangerous, but they are the most cowardly of all large wild animals, George Lowe, Kootenai, Idaho, conservation officer and cougar hunter, said in a recent interview.

Lowe has hunted cougars for 30 years in the Idaho primitive area and bagged more than 200 of them.

"Come Any Friday." Camp Tells C. of C.

Planned as a move to cement friendly relations between Twin Falls and the Rogerson CCC camp, stagers of one of the Twin Falls Chamber of Commerce weekly sessions at the camp will be agreeable "any Friday," according to word from John P. Newton, commander.

The camp had previously invited the chamber to hold a meeting there and the C. of C. duly accepted the bid but left the date tentative. Commander Newton said today that all he and his staff want is "one week's notice" in order to prepare a welcome for the businessmen.

Measles Leads All Of Idaho Diseases

BOISE, Feb. 8 (Special)—Measles showed the greatest increase of any disease in Idaho during 1939. Dr. H. L. McMartin, state director of public health, disclosed.

The disease afflicted 2349 cases in 1939 compared with 903 in 1938. An epidemic in eastern Idaho caused the increase, McMartin said.

SPOTTED FEVER SERUM TESTED

COEUR D'ALENE, Feb. 8 (Special)—Successful treatment of animals with a serum against Rocky mountain spotted fever has been developed by the U. S. public health service, health officers disclosed today.

The serum has not been tried yet on human beings. It is a rabbit serum similar to that used in the treatment of pneumonia. When more advanced research is completed the serum may become available for humans.

The mortality rate of those infected with the fever is extremely high and the states of Montana and Idaho lead the death lists. It has been traced to the bite of infected wood ticks.

Most of the work of discovering and preparing the new serum was done in the public health laboratory at Hamilton, Mont., by Dr. Norman H. Topping and Dr. R. R. Parker.

A vaccine already has been developed and used with success in prevention of the disease.

KISSING

MOSCOW, Feb. 8 (Special)—Kissing never has hurt anyone, J. W. Barton, University of Idaho psychologist, said today.

"I knew a man who attained the age of 100 years and attributed his longevity to kissing a pretty girl whenever possible," Barton said.

Barton said he approved fully of a statement issued recently by Dr. Katzoff, medical director, San Francisco Institute of human relations. Katzoff said friction while kissing caused heat and killed bacteria.

Scouting—A Bulwark for America

Sturdy Americanism—ingrained in America's youth, the citizens of tomorrow—is the best of all safeguards against encroachment of "isms."

That sturdy Americanism is the major long-range goal of the Boy Scouts, an organization so familiar on the American scene that most of us are apt to forget the work it is doing. The Boy Scout movement was founded in this country 30 years ago this week. Most of us have watched it grow and gain in influence, and most of us realize that it is something vital to the American way.

But few of us realize concretely what a bulwark Scouting has built up, and is daily continuing to build up, for the future of our nation.

The Storm Center Replies

Fellow Sufferer:

My innocent observation to the effect that ladies' hats of a generation ago are sillier than those of today was not intended to arouse a storm over your head. Or, for that matter, over mine.

You've been deluged with material for me and again me, probably a lot more than you need. As for me, I've been termed drunk, screwy, a wise man and a nitwit. That ought to entitle me to an answer.

I said once, and I say again, that the family album shows the hats mother wore in 1911 were crazier than the creations that startle us today. I didn't give this as my opinion. I said your readers were free to find this fact for themselves, and I called for support from far and near. I naturally assumed my remark would cause a great digging out of albums, a great scanning thereof, and a great influx of charity to the female hats of today. Anyone who looks into an album with unjaundiced and unprejudiced eye, thought I to myself, will see my point.

And, seeing my point, they'd be less apt to continue the semi-humorous tirade that goes for jokes strictly about women's hats.

While my wife agreed with me, I defended myself even before the fact that I was forced by pettifog government into this acquittal of 1940 hats.

Let the hats of 1911 and before were atrocious. The hats of 1940 are only loopy. There is, I think you will agree, a vast difference.

—Ezra-Charles Ben

Starting today in Twin Falls and Magic Valley, and continuing for a full week, the commemoration of Scouting's anniversary will be celebrated with a multi-phased observance. The most spectacular feature in Twin Falls itself will be the mystery mobilization for a theoretical emergency. Coming unexpectedly, that mobilization will dramatize the part Boy Scouts play in times of catastrophe. Other phases of the observance, however, will be no less important. All will emphasize the character-building work which is the essence of Scouting.

In Twin Falls, and in all other Magic Valley communities, substantial older citizens give freely of their time and energy in assisting these young Scouts. During the present week's observance, it behooves the rest of us to discover just why these respected friends and neighbors of ours devote themselves to such labors. There is a reason, definite and practical... he who helps youth helps America.

POOH! WHAT'S A FEW BRICKS?

Say Pooh: Evidently a girl is really a girl in Twin Falls.

As witness, if you do not mind or even if you do, the article on page three of the *Evening Times* Tuesday. Said you something?

The fire attracted hundreds of persons to the scene and a brick wind for awhile caused the entire structure about women's hats.

I should think a brick wind WOULD threaten anything in these parts.

—Les

The simply-worded 12th Scout law epitomizes what we as a people stand for. It says: "A Scout is reverent. He is reverent toward God. He is faithful in his religious duties, and respects the convictions of others in matters of custom and religion."

All Americans worthy of the name, all who believe in the Declaration of Independence, the bill of rights and the constitution of the United States have an abiding faith in such a principle because it is their very guarantee that so long as it is a living thing they will always be free and independent.

Russian Warriors Waver

The Finns are trying an old World War trick along the Mannerheim front. Instead of bullets they are sending over promises of bread and butter and milk and soup for any Russian soldiers who care to surrender.

A number of Reds were reported to have accepted the offer, just as Germans did in 1918; and it has become necessary for commissars to herd Soviet troops away from the temptation to run across the line for a bowl of hot soup.

Soviet soldiers must know that the words of persuasion might easily be a trap—that the promised food might not be forthcoming. From all reports, it seems the Finns are making good, but the Reds have no way of being sure. Yet, they are willing to take the chance. Apparently the bill of fare on the Russian side is not exactly what you'd expect to find at the Ritz.

For a Rainy Day

Most people probably shared vicariously with Mrs. William E. Borah the comfort she must have felt when she opened the safety deposit box of her late husband and dug her hand into \$207,000 in cash and government bonds. The discovery was unexpected. Mrs. Borah was even then planning to abandon her apartment and move to more modest quarters as an economy measure.

In a small way, anyone who has ever run across a dollar bill in an abandoned vest will know how Mrs. Borah felt. The savings were funds the late senator had evidently been storing away for a long time, to provide for his widow after his death.

The fund seems even more remarkable in the light of Senator Borah's weakness for private philanthropies. It was well known that he never turned away anyone who needed help, with the result that he paid out vast sums to indigents.

There are 42 different tax deadlines in Chicago, instead of making appointments for Thursday, business men say, "I'll see you on Corporate Surplus Day."

Maybe the Russians are letting themselves be captured just to get a clean suit of underwear.

The increase of taxes levied against single persons in France is driving many to desperation—even to marriage.

SERIAL STORY

THE CAPTAIN'S DAUGHTER

BY HELEN WORDEN

CHAPTER XIII

DAN couldn't make head nor tail of his father's phone call. What, in heaven's name, did he mean. Dan asked himself over and over, when he yelled, "You'll not think that little girl is being teased if I live in to prevent it?"

Dan was still in the glow of the reconciliation and he waited for Mike to come back, fruitfully nursing his souvenirs of last night's fight. He wanted to learn what had happened the other night. He didn't want to change his mind so violently about Marie. When he didn't return he phoned the office, but Mike wasn't there. He had to go home, but they told him Marie had gone for the day. He could stand this no longer. Grabbing his hat and coat he dashed for the door.

"I don't know when I'll be back," he called to an astonished Ling.

Leaving his hat on to avoid the brushes, he hailed a taxi. "Vier Six, East River," he told the driver. Impatiently he watched the street sign as the car sped south. "We're only at 50th. Step on!"

"We'll either land in the morgue or jail, sir," the cabbie answered. "If I go any farther."

With a grudging nod Dan set off back in the car, his thoughts in a turmoil. He would see Marie at the bar, they had agreed. He would be married tonight. After all, what was the use of waiting when you found the girl you loved. He loved her so!

"Here we are, sir." The driver's voice interrupted his thoughts. "Not so bad. We made that in 20 minutes."

Dan handed him a \$3 bill. "Keep the change!" He jumped out of the cab and raced down the pier, then stopped short. He didn't even know which way to go. He had taken him to it last night, but it had been dark and he hadn't paid any attention to his surroundings. "Where does Marie live?" Dan yelled. He inquired of an old fellow sitting on the rim of the pier. The man stared at him with

astonished eyes. This was the second time today he had been asked to direct the way to the La Porte barge. Something must be up. The La Porte had been in the water over the first call. Would he treat this second call in the same fashion?

"That's the barge," the old man said, thumbing at the Molly. "You can miss her. She's got the green whistles, sides with the brightest green shutters of any boat tied up here." He looked dubiously at Dan's battered hat. "But she's in the lot in the boat of temper today. If you errand can wait, I advise you to postpone it. Mrs. Bat not in here in what the last visitor left. But wanted to kill 'im."

Dan nodded his thanks but ignored the advice. He was thoroughly enjoying the spring sunshine and the quiet color of the barge. As he strolled toward the Molly he noticed that the boat that had been in such a stew over.

"Perhaps it was Tommy Ryan," Dan agreed to himself. He squared his jaw and moved with more determination. Even if he was wrong, he didn't care. Marie, he thought, had fate to see her waste her life on a guy like that Tommy Ryan—why, he was nothing but a big dumb brute. He couldn't possibly appreciate anything as fine and beautiful as Marie.

The tide was rising and the Molly's deck lay above the pier. Clearing the level it went and the dock, he strode across to the boat. "Is Marie La Porte in?" he called down. "This is Dan Donovan."

At his question an apparent earthquake took place in the La Porte cabin. A chair overboard, something that sounded like a table with dishes on it crashed. He heard an exasperated woman's voice, which he recognized as Marie. "La Porte's boat, when in the name of the Lord are you doing now?"

"Dear you hear that, Nanette?" Dan demanded, jumping from his seat. "I've come to see you. I'm about him aside in an effort to clear the distance to the hatchway in one step. That racketeer Donovan's boy is here now. The idiot!"

He bounded up the tiny flight of steps, poking his head through the hatchway. "Marie!" he yelled. "Get off that pier, he screamed. "Your papa tells me Marie isn't good enough for you."

"But, Mr. La Porte," protested

Dan, "I don't mean that, especially when I—" "Don't you say another word," yelled Bat, shaking a fist under Dan's bruised nose. "Your papa, he say my girl has no social standing because she lives on a barge. I'll tell you right now, the better than you—a waster. Now get out!"

Mrs. La Porte pushed her way past her husband, a spot of color on each high cheek-bone. Shoving Bat's face aside, she turned to Dan.

"Why did you want to see my girl?"

"Because I want to marry her."

TENSE with emotion, Bat picked up his wife and sat her down in the hatchway.

"You keep quiet," he ordered. "These is my business now." He looked up at Dan. "So you want to marry my daughter? If it is my consolation to you," he snapped his fingers in Dan's face, "my daughter will never marry you. As I have never married before, she will marry one of her own kind when the time comes."

Already a wreck from last night's fight and ordered in jail, and his father's phone call, Dan lost what vestige of control he had. "I won't believe it until unless Marie tells me herself. Certainly not you," he shouted.

"Why do you come here looking for Marie at this time of day?" "New York, New York," he protested. "What's happened to her?" She caught Bat's arm. "Did you hear that?" she screamed. "You've all ragged the poor girl so she's probably killed herself."

She rocked back and forth in her chair sobbing.

Nanette, Bat condescended, his rage of a few minutes before entirely gone. "New York, New York," he repeated. "What's happened to her?" She caught Bat's arm. "Did you hear that?" she screamed. "You've all ragged the poor girl so she's probably killed herself."

IDAHO PUBLIC BUSINESS GOES ON DESPITE LEGAL BATTLE

BUREAUS TO BE TRANSFERRED TO AUDITOR OFFICE

BOISE, Feb. 8 (AP)—Idaho public business will run along as usual despite legal battle over the state's cabinet system of government. Atty. Gen. J. W. Taylor said today.

All the functions of the comptroller's office continued to operate despite the legal furor. The dispute was over control of the appointment and direction of personnel rather than whether the office would continue to operate, Taylor said.

Meanwhile, Gov. C. A. Bottolfsen announced after a conference with Taylor and his own counsel, Dean Driscoll, Boise attorney, that the state supreme court would hear arguments on constitutionality of the state comptroller's office.

Stays Decision

Bottolfsen said the petition would stay the decision from going into effect until the hearing is completed, provided the petition is granted.

Administration attorneys said they considered it a matter of form that the bureau of public accounts and bureaus of budget would be transferred from the comptroller back to control of state auditor Carl E. Wright, unless the supreme court decision is reversed.

Ponder Office Change

They pondered over what offices could be called unconstitutional by the supreme court and the president of the comptroller decided in the event they were brought to test. These cabinet offices will continue to function normally until legal attacks are made on them to test their constitutionality and a court rules on the question.

State Auditor Wright charged the 1939 legislature was engaged in "political manipulating" to take patronage away from his office when the office of comptroller was created. He then instituted suit to have the duties, personnel and appropriations returned to his control.

ROOSEVELT WILL SALUTE SCOUTS

WASHINGTON, Feb. 8 (AP)—President Roosevelt tonight will participate in nationwide salute to the Boy Scouts of America on the 30th anniversary of founding of the movement.

Participating in a radio program beginning at 10:30 p. m., Mr. Roosevelt will deliver a brief address. Walter Head of Detroit, president of the National Council of Boy Scouts, and Dr. James E. West, an official of the Scouting movement, also will speak on the program which will be carried on the NBC blue network and by the Columbia and Mutual systems.

C. of I. Enrollment Registers New High

CALDWELL, Ida., Feb. 8 (Special)—A new high in student enrollment was marked up on the College of Idaho records this week when 452 students enrolled for the second semester's work.

Breaking the record of 435 students—made in 1933-34—by seven, the college is continuing the trend of increased enrollment which at the beginning of the first semester, in September 1939, showed an increase of 50 students over last year's total. In its 40 years of community service, the college has enrolled approximately 4,832 students.

Detective Complex Explains Urgent Twin Falls Telegram to Roosevelt

President Roosevelt reted last night—confident that everything was under control out in the Twin Falls section of Idaho, thanks to G-men and Twin Falls police.

It all happened Jan. 31. Chief of Police Howard Gillette revealed today, when the President (or whoever gets telegrams sent to the President) received the following urgent request:

"Rush most trusted G-man to Twin Falls, Cal. for H.M.D."

The President (or whoever gets the telegrams) turned the message over to the federal bureau at Washington. The bureau chief, in turn, notified Montana G-men who in turn notified local police who in turn picked up one Harrison Diano, 51.

Questioned by Gillette and other officers, Diano said he was in the habit of communicating thusly with "famous people."

Among other things, he said one "fired a telegram" to the governor of New Mexico, which caused a great deal of trouble. Twin Falls didn't need any G-man—at least not right at the present time.

Gooding Section
Other south central Idaho counties are conducting similar meetings although usually not on such a comprehensive two-day scale. Meeting county will hold an all-day meeting Feb. 14 at the courthouse there, opening at 10 a. m. Speakers there will be Mr. Loughey, Mr. Rinehart and Mr. Spence. Following an afternoon discussion, a bull-stud program will be organized at Gooding if enough members request it, according to County Agent C. L. Miller.

Other Gooding county sessions include a farm livestock feeders' tour.

BOTT, HUDELSON ADDRESS P.-I. A.

GLENNIS FERRY, Feb. 8 (Special)—Governor C. A. Bottolfsen and Homer Hudelson, state commander of the American Legion, addressed a larger audience at the regular meeting here Monday night of the Parent-Teacher association.

The governor attended as a visitor and Mr. Hudelson was the guest speaker. His subject was "Americanism" and the governor spoke briefly on present-day conditions. The two men were accompanied by their wives and John O'Malia, all of Boise.

In his address, Mr. Hudelson explained three phases of his subject. He stated education was the foundation of our country. He held that a large percentage of the American soldiers in the World war could neither read nor write, and pointed out how difficult it was to train men with such meagre education. Youth activities was his second part, a membership in the local Boy Scout troop, who led the assemblage in repeating the allegiance to the flag. Mrs. Frank Relford gave a reading, "Tribute to the Flag," and Mrs. John Ozmund rendered a piano selection. O. J. Wright led the assemblage in singing "God Bless America." Mrs. Worth Montgomery, vice-president of the American Legion auxiliary of Idaho, distributed pamphlets on the display and use of the flag.

In opening the meeting, the group joined in singing "America the Beautiful" followed by prayer by Bishop J. L. Jones of the L. D. S. church. The chairman announced the personnel of various committees, among which is the summer round-up for the summer project; the nominating committee, and the serving committee. The breakfast for the next meeting and which is composed of male members of the local group. The association will sponsor a public card party next Monday night to help raise funds for the work of the local organization.

At Legion Meet
After the meeting refreshments were served in keeping with the occasion.

Earlier in the evening the distinguished visitors were guests of the members of Frank Cornell post of the Legion and auxiliary at a dinner at the Legion Memorial hall, where 60 places were laid.

H. H. Sims presided as toastmaster and introduced the guests. Gov. Bottolfsen and Commander Hudelson making short talks.

There are no seasons on the moon.

Uncle Sam to Insist on His Post Hole Fee

JEROME, Feb. 8 (Special)—If you've got post holes on government land, you'll have to pay rent for the holes.

That's the edict of Harold Ickes, the bigwig of the department of the interior.

As a result, the general land office will insist on collection of an \$55 bill sent to the North Side Canal company for \$5 per mile yearly rent on post hole space in lava rock country adjoining the north side irrigation project.

The posts are used for the telephone poles owned by the canal firm but crossing parts of government domain. The line was erected about 30 years ago and is not used for any canal project.

Incidentally, the rental figure is pretty high, in opinion of canal company men. Figuring one square foot per hole, with 30 poles to a mile, rent per acre on those 85 feet would be at the astronomical figure of \$7,495 for a complete acre.

MORE DIVORCES IN BRITAIN
LONDON (AP)—There were 4,000 more divorce petitions before the courts in 1939—the year of the war divorce act—than in 1937, and total was 10,350, a jump of 70 per cent over the previous year. The act provided that desertion, cruelty and lunacy were sufficient for divorce.

IDAHO-WYOMING FETE SUGGESTED

BOISE, Feb. 8 (AP)—Gov. C. A. Bottolfsen of Idaho wired Gov. Nels Smith of Wyoming today suggesting a joint ceremony to celebrate the 50th anniversary of statehood of both states.

Idaho was admitted to the union July 3, 1890. Wyoming on July 10 of the same year. Wyoming is planning a celebration. So is Idaho. Bottolfsen suggested the two states get together and invite Utah to the party.

The date should be some time between July 3 and 10, the Idaho governor suggested. The town of Freedom, in Carbon county, Idaho, is also partly in Wyoming, was suggested as a likely site.

Elks Presiding at Roaring '49 Days

The kids off tonight, starting at 7:30 p. m.

That hour marks opening of the annual "Days of '49" show sponsored by Twin Falls Elks at the lodge hall.

The show is held annually for the purpose of raising funds to aid in welfare work of the lodge. Chairman in charge of this year's event, which will continue Friday and Saturday nights at the same hour, is C. E. Coleman.

A wide variety of entertainment is to be provided and the hall has been extensively decorated for the occasion. This year a separate room which has been set aside for those who wish to dance.

Earthquake Reported Sacramento, Calif., Feb. 8

SACRAMENTO, Calif., Feb. 8 (AP)—The Sacramento valley felt a sharp earthquake today that, apparently caused little damage, it was of sufficient intensity, however, to awaken sleepers, demolish chimneys, break dishes and rattle windows.

The bluest sea in the world is the Mediterranean.

K. of C. CHARTS DAD-SON EVENTS

Plans for a father and son communion and breakfast, for a joint three-council initiation and for an intensive Twin Falls membership drive had been arranged today by the local council of Knights of Columbus.

The Knights, at their meeting here last night, decided to hold the father-son breakfast following the communion at Sunday morning mass. The breakfast will be held in parish hall and will be served by the Catholic Women's league.

Harry Benoit, Twin Falls attorney, will speak briefly at the breakfast.

Plans for the joint initiation by K. of C. of Buhl, Rupert and Twin Falls call for the ceremony to be held in Twin Falls the first Sunday in May. Late this month, on Feb. 25, the Twin Falls council will present the first degree at Rupert.

Two teams were named for the membership drive of the Twin Falls K. of C. They are:

3 Counties Plan Fire Association

BURLEY, Feb. 8 (Special)—Approximately 50 farmers attending a meeting to hear discussion on a farm fire insurance plan endorsed the plan to establish a mutual fire insurance association in Jerome, Cassia and Minidoka counties, and since action toward such a program had already begun this winter in Jerome county, the other counties were invited to participate.

Attending the Burley meeting were Eugene Youngstrom, Jerome county agent who has been working with the Jerome committee; Will Hawkins, secretary-manager of the Twin Falls Mutual, and Mr. Gilmore, insurance writer for the Twin Falls association. Committees were created from Jerome and Minidoka counties.

Five men selected to work with the Jerome and Minidoka groups in filing articles of incorporation and to establish by-laws were M. H. Manning, Burley, chairman; S. B. Crane, Oakley; Edgar Moorman, Milner; J. O. Walker, Burley; and A. P. Dalsoglio, Jackson.

After the meeting refreshments were served in keeping with the occasion.

Earlier in the evening the distinguished visitors were guests of the members of Frank Cornell post of the Legion and auxiliary at a dinner at the Legion Memorial hall, where 60 places were laid.

H. H. Sims presided as toastmaster and introduced the guests. Gov. Bottolfsen and Commander Hudelson making short talks.

PIN STICKER GETS 60 DAYS

OAKLAND, Calif. (AP)—Holon C. Hays, aged 19, was sentenced to 60 days in jail for sticking pins in people. He told Judge Charles H. Fox that he really derived pleasure from the practice and regarded it as "very funny."

FIVE STAR QUIZ

HOW'S YOUR BRAIN CLICKING TODAY?

★ In the British lingo longer or shorter than the inch used in the United States? It's shorter.

★ Which is farther west—Reno, Nevada or Los Angeles, Calif? Reno is farther west... just take a look at a map—see the way that coast-line slopes.

★ Which is heavier, ice or water? Water. Take the two together, however, and add a jigger of G & W Private Stock whiskey and you have a delicious, delightful—yet antihydrate—highball.

★ How is it that a full 90 proof whiskey can be more mild? Natural "pre-mellowing" in the snow—an extra step in the distilling that gives utmost mildness with no loss in body and character.

★ Has a lighter whiskey less alcohol than a heavier one? We can't answer for all of them. Just for G & W. And the answer is—here's a full 90 proof whiskey with full authority, yet it's as mild as a summer breeze.

Costs More to Make, BUT—

It's true that G & W costs more to make—that extra step in distilling called natural "pre-mellowing" gives it that appetizing smoothness and mildness. But the production savings come in G & W's huge volume—\$15,000,000 plant—world's largest. One sip will tell you that it's a star among whiskeys. So look for those stars on the G & W bottle next time your palate pines for a drink.

Boys' Camp Looms as Objective of Legion

While the primary function of the American Legion and auxiliary is to care for widows and orphans of World war veterans, the second objective is the teaching of Americanism through varied youth activities. S. E. Vance, Jr., Hazelton, state Americanism chairman, told members of the local Legion and auxiliary at a joint session last evening at American Legion Memorial hall. Members of the Hazelton auxiliary unit were special guests of the evening.

A new Americanism project this year will be the Boys' State, a special camp to be held in Boise after the close of school in the spring. The fundamentals of government will be taught; the boys will elect their own officers, and the camp will function as a "city in miniature." Homer Hudeston is state chairman of this activity.

Membership of drum and bugle corps for sons and daughters of Legion and auxiliary members, sponsorship of Boy Scout troops, organization of baseball clubs, scholarship awards and oratorical contests, figure in the Legion and auxiliary's activities for youth. Mr. Vance pointed out.

Junior Hi Girls Fete Mothers at Valentine Tea

Mothers and teachers were special guests of Twin Falls junior high school girls studying homemaking at a tea given yesterday afternoon in the dining room of the school. During the afternoon members of the executive council of the Junior-Senior Club, under the leadership of their club president, presented a Valentine tea.

Valentine cookies in heart, and flower, stars, and cherry patterns, and tea were served from a lace-covered table centered with an arrangement of lavender and pink sweet peas and red carnations in a bowl. Napkins also followed the Valentine theme, and around the room were other flowers.

Musical Program
During the musical program Miss Virginia Livingston and Miss Betty Jane Jenkins sang "Nightly Waltz," Miss Jean Peterson sang a crystal ball "Danny Boy" and "Trees," accompanied by Richard R. Smith, and Miss Grace Westover played "Aloft" and "My Prayer" on the violin, accompanied by Miss Margie Robertson.

As piano soloist Dorothy Cookrell played "Scottie" and "Platter." Miss Maxine Beatty played "Country Gardens," Miss Robertson played "Love Song" and Miss Doris Gene Crowley played "Contra Dance."

Helping in the kitchen were Miss Phyllis Birch, Miss Helen Nesby, Miss Doris Priest, Miss Vivian Nelson, Miss Elma Lee Williams, Miss Melba Fields and Miss Jennie Compston.

Refreshments were served from an artistically appointed table, featuring a boat centerpiece. Miniature flags fluttered from the upper deck, and the lower deck was studded with red, white and blue flowers. The white damask-covered table was illuminated by blue tapers in crystal candelabra.

Plans were made to entertain all past presidents and new members of the auxiliary at a party at the next meeting. A committee from the Legion extended an invitation to the group to attend a "hard time" party Valentine's night at the Legion hall.

At the concluding session of the two organizations, the Aeolian chorus, directed by Charles Shirley, sang several numbers.

Argentine Tango To Be Featured At M. I. A. Dance

An Argentine tango, danced to the strains of "Sporta Mia," will be the floor show feature for the Interstate M. I. A. dance tonight at Raudenbush at which members of the Burley State M. I. A. will be guests of the Twin Falls M. I. A. Miss Leta Tolson will be the pianist.

Miss Laura Brown and Frank Lawrence, Miss Aloha McMurray and Theron Knight, Miss Margaret Vance and Karl Freeman, Miss Fern Bailey and Darwin Bell, Miss Betty Luke and C. L. Luke, Miss Naomi Kirkman and Dick Lawrence, Miss Maurine Laid and Dr. Jenkin, Miss Lillian Stokes and Dean Freeman. The public is invited to attend.

Interpreting her strenuous schedule of attending state showings, using the general although the costumes all have a refreshing "new" look.

A "must" fashion this season, according to Mrs. Turner, is the jacket costume—the variety is infinite—and can be worn under a top or fur coat, or alone or with other pieces later in the season.

Soft Suits
This season's tailored suit is softer and more feminine, and the trickiest thing of all is that "ruffled" taffeta petticoat that you'll wear under your suit skirt.

Some of the most wearable prints are done in dots, little stars and V-shapes, and are excellent as "first spring dresses."

One of the influences of "war over Europe" and "black-outs" is in button and pocket popularity. Deep pockets, narrow pockets, cuffed pockets, slash and patch pockets—it's a "pick your pocket" season.

It's Time to Get Ready for That 'Earliest of Easters' in 27 Years

By JEANDINKELACKER
It's practically spring again, and Easter, the earliest in 27 years, is just a flip of a calendar page away!

Primary requisite to make you look "positively this season" is not your flower or feather decked hat, nor yet your soft "womanly" suit, nor even your "pick your pockets" coat, but a foundation garment that gives you that long, slender poured-in, but not pinched-in look.

This speaks Mrs. Martha Turner, manager of the ready-to-wear department of the Idaho Department store, who has just returned from an extended buying trip to New York City.

The in-the-face hat is predominant in the spring fashion scene, and is best exemplified in navy dresses trimmed with white lingerie touches and red, white and blue buttons. Best way to complete the ensemble is to wear a white hat and a red bag.

American Military Modes
Military styles are interpreting the military styles with saddle bag pockets, and brass buttons, double breasted effects and tricky epaulettes.

Scarlett O'Hara version is everywhere—from evening dresses flowered to look like an apple blossom orchard in the spring to crisp black checked taffeta jacket gowns with white plique buttons and lapel collars.

Costume Honors Promised Wards Attending Dance

Twin Falls state Red Keyers, Mrs. O. T. Luke, Mrs. John Galt, and Mrs. Mattie Crandall, announce that the silver jubilee fun festival has been postponed from Feb. 9 to Feb. 10.

The party will take the form of a costume dance for Red Key girls and boys, and will be held at the I. D. S. state reception hall, Skeen's orchestra from Bull to play the music.

All Red Key girls, boys, and their friends and parents, and mutual presidents are invited. Special honor will be given the best costumed couple from each ward. A "lucky" couple will also be chosen in a novel way.

There will be no admission charge and refreshments will be served.

NOVELTY MARKET BIRTHDAY CELEBRATION
"Happy Birthday to Bill" in gold letters suspended above the lady emphasized the theme at a luncheon-jamboree at which Mrs. Pearl Van Houten honored the honor of her son, Bill, born on his 14th birthday.

On the table at which guests assembled, of the nature, were served, was a garden scene on a mirror base. Favos, and caps and place cards, carried out a Valentine theme. A birthday cake was an important part of the luncheon treat.

Prizes for contests and games were awarded. Miss Louise Campbell, Miss Betty Albright, Carl Redmond and Harold Lockhart. During the afternoon the luncheon was presented with a number of gifts.

Included among the guests were Miss Thelma Thelma, Miss Helen Hill, Miss Marjorie Hill and David Robinson.

PRAYER FOR PEACE
Dear God:
I am a mother,
And I've seen my son, with shoulders squared,
Do faith in fight,
His young eyes clear and proud one day he left
For "over there."
Shell-shocked and shattered he came back
Without his sight.
My own heart died when I beheld
His slightest stare...
Now other mothers' sons must go to bloody wars;
And other mothers' hearts will bleed, a golden star?
Oh Lord, I do not understand war's awful truth,
Why youth, when life's a precious thing, should murder youth!
Peace on the earth; good will to men—Dear God, where is that peace?
I give my voice in prayer today that war (until we cease)

BOTHWELL MIGHT RUN FOR SENATE

He "wouldn't say yes, and he wouldn't say no," but friends of Judge James R. Bothwell, Twin Falls, today had indicated he intended to seek the nomination next August as Democratic candidate for U. S. senator.

The election next August is made necessary by the death of Senator William E. Borah, Gov. Bottolfoff named John Thomas, Gooding, to the post but the position must be filled by public ballot at the next election following such an appointment, according to law. Thomas, a Republican, is expected to campaign for the post. Bothwell becomes the sixth man mentioned for the Democratic primary Aug. 13.

Not "Chattering"

In declining to commit himself on future plans, Bothwell did, however, say the senate post would not be unattractive.

Other men mentioned for the post, on the Democratic "side of the fence," include former Gov. C. Ben Ross, former Sen. James P. Pope, George Dumas, Webster, John A. Carver, U. S. district attorney for Idaho, and Attorney General J. W. Taylor.

Bothwell, at one time, was the youngest district judge in the state since the bench of the old fourth district with headquarters at Shoshone. He has been an active member of the Twin Falls bar since 1917. Residing in Idaho since 1906, the judge was born in Republic county, Kansas, in 1882.

Water Authority

He is recognized as an authority on snags and water problems, having been associated with the American Falls Reservoir district and the Twin Falls Canal company over a period of years. Since 1917 he has been attorney for the Twin Falls Water Users' organization. He has served as attorney for the American Falls mill, which he helped organize since 1923. This unit embodies more than 30 canal companies.

During the past year he has served with reclamation bureau officials in litigation in Washington, D. C. except for a period of four years, he has served as attorney for the Salmon River Canal company since 1918.

He was admitted to the Idaho bar in 1907.

JEROME JAYCEES EYE CONVENTION

JEROME, Feb. 8 (Special)—Further plans were formulated Monday evening for the Idaho state Jaycee convention which is to be held here the middle of May, by members of the Jaycees who gathered for a dinner at the Wood cafe banquet rooms. Forty-nine were in attendance.

Committee heads were named to assist in making the convention one of the most successful events of the year. M. C. Whaley is general chairman of the convention and the following committee members were announced as:

Aides Listed
Publicity, George Bennett; clerk, Havel; hospitality and housing, Earl A. Small; stag party, Murray O'Brien; special banquet and dance, Frank M. Rettig; women's committee, Jayceettes; program, Kenneth Folkman; Owen Davis and Harold B. Roberts, and refreshments, Paul Rudy.

Reports of all committees were heard at the business session when Earl Small, newly appointed state director, told of the recent state directors' meet at Sun Valley. The recreational committee including Jack Kennedy, Ralph Dunn and George Browning, also reported that on an average of 100 children daily are availing themselves of the educational opportunities afforded by the recreational project sponsored by the Jaycees. Murray O'Brien, chairman of basketball, announced that the Jaycees' team had been entered in both shooting and three tournaments and the team had made outstanding records during the season.

Stanley Tremblie, chairman of the agricultural committee, gave an impromptu talk and urged cooperation among the Jaycees to assist in making the county fair a success. Frank Rettig, chairman of the skating project, stated that many younger citizens of this section had ridden the link near town during the cold weather; the skating project reported on by Clark Hays, the Americanism committee headed by Chairman Rettig and members John Darnell and Dr. D. H. Davis stated that they will cooperate with the Rotary organization here to plan an Americanism program. Borah Memorial committee was named including J. P. Ensign and D. I. MacPh. It was explained that contributions should be sent to either of these men.

CLEAN-UP PLANNED

Frank Hays, chairman of the clean-up committee, last week announced that the project was so successful last season that plans are being forwarded for another project this spring. Billy Burke, D. C. W. Aldred and Harold Carlson were placed on the committee to carry out the effort.

Selling Idaho was the subject of a short impromptu talk by Earl Small. Entertainment committee for next month was named as Earl A. Williams, chairman; it is Havel and Al Miller.

Membership Chairman Al Robinson introduced the following new members: Jerry Lumper, Henry H. Gilze, Jake Eiler, Rex Davis, Bill Parker, Ray DeBart, Mack, Jay Thompson, Barney Chowderick, Carl Dorman, Martin Richter and Lafayette Williams.

Jaycees later convened with the Jaycees to witness a boxing match put on by the recreational groups.

WATER BRIDGE TO BE BUILT

Plans to be constructed on Lake Washington, at Seattle, Wash., is a bridge that will rise and fall with the water level. The bridge will be 7,000 feet long and have accommodations for four lanes of traffic and two sidewalks.

Salesman Again On Honor Roll of Insurance Agency

JEROME, Feb. 8 (Special)—Harold W. Rooker, Jerome life insurance salesman, was again placed on the honor roll of his company this year for his outstanding salesmanship and is rated 16th among the representatives who established the last 75 records for 1939, based on the number of lives. Mr. Rooker's name appeared five times on the monthly leaders list for his company, the Mutual Life Insurance Co. of New York.

Last year Mr. Rooker also made an admirable record when he ranked 24th among the highest and he was awarded a number of honors among them being numerous trips to Salt Lake City, and a trip to Atlantic City and New York World's Fair. Mr. Rooker's family accompanied him on the last trip.

The announcement of his award for this year will be made within a few days, and as a supplementary honor, Mr. Rooker was awarded a free trip to the life insurance company's convention at Salt Lake City, Feb. 9, 10 and 11.

CCC Dance Friday

There will be another dance Friday night at the Rookerson CCC camp, and Commander John P. Newton today invited Twin Falls folks to attend the party.

He told the Chamber of Commerce that the Jan. 26 dance was successful. Although his carrollers had invited 150 Twin Falls girls to that party, none went because of bad weather.

Taraba Services Held in West End

BUILD, Feb. 8 (Special)—Last rites for Mrs. Vlada Taraba were held Sunday at Albertson funeral home with the Z. C. B. J. lodge of Buhl officiating, under the direction of Frank Pospall.

Mrs. Marion Hamby sang "Near My God to Thee" and two Bohemian numbers were sung, by a mixed duet.

Participants were Louis Cibulka, Stanislas Herzinger, Edward Herzinger, John Kral, Frank Sedivy and Charles Petras.

Interment was in the Buhl cemetery under the direction of the Albertson funeral home.
