

ROOSEVELT ADMINISTRATION FAILED, GOP LEADERS DECLAIM

BITTER ATTACKS FLAY FDR FROM LINCOLN DINNERS

By Lyle C. Wilson
WASHINGTON, Feb. 13 (AP)—The 1940 Republican campaign was being today to meet a third term re-election. It is coming with charges that the Roosevelt administration has failed and the New Deal has undermined American traditions.

Party oratory echoed from coast to coast last night at 700 Lincoln dinners held in 100 cities. The day's meeting of the Republican national committee at which the place and date of the party's national convention will be fixed.

The attack was direct and bitter against Mr. Roosevelt. In many instances it recalled the political atmosphere which developed during discussion of government and supreme court reorganization. In these days of Republican campaign are typical, the 1940 campaign will be a bare-knuckle discussion of the New Deal, re-election of the nominee.

The challenge was to New Deal administrative methods and motives rather than against the governmental structure as now set up. Lincoln day language and strategy demonstrated Republican eagerness to bid strongly for the vote of women, Negroes and Independents.

Mr. Robert A. Taft, wife of the Ohio senator who seeks the presidential nomination, and Aaron Payne, Chicago Negro leader, were given top billings. They, with National Committee Chairman John D. M. Hamilton, addressed the principal party gathering sponsored by the national Republican club in New York City.

Republican presidential candidates led the general attack on the Roosevelt administration. They charged that it would lead the United States into war, that it sought centralized totalitarian powers, that it has divided class against class, stripped the states of rightful powers. They asserted the country should regard re-election of Mr. Roosevelt as a plan to overthrow the American system.

Fires on Roosevelt
Sen. Arthur Capper, R., Kan., of the progressive wing of the party, fired unexpectedly a hot shot at Mr. Roosevelt in a Baltimore Lincoln day address. His nomination, Capper said, would and should be regarded as "a plan to overthrow the American system."

HOW TO AVOID HEADACHE
BOISE, Feb. 13 (AP)—John R. Viley, internal revenue collector of Idaho, today advised taxpayers to file their income tax returns before March 15 to avoid "an annual headache."

Talk Flies Thick and Fast; City Tables Recreation Aid

Opinions flew thick and fast at the city council session last night as officials discussed possibility of paying rent on the recreation unit building. The argument was climaxed by Mayor Joe Koehler's declaration that "you can't make a race horse out of a jackass" in expressing his thoughts as to benefit of the unit in the matter of reducing juvenile delinquency.

The more or less heated discussion, with Councilman Lionel A. Dean the only member of the body favoring the plan to pay the rent, started when a committee of four American Legion members asked favorable action on the request. Members of the committee were W. W. Thomas, chairman, John Day, R. E. Smith and Earl Johnson. Cecil Jones, another committee member, was unable to be present. Councilman Paul Tabor was absent, being in Boise to attend a Lincoln day banquet.

Tabled for Week
Because of this the other councilmen decided to withhold any action on the matter until next Monday and it was tabled, but not before the "city dads" had expressed their views in no uncertain terms.

In going against the payment of rent, Mayor Koehler made his "race-horse-jackass" statement and continued by saying:
"I've probably done more for the kids than anyone in town and they turn right around and damage me and my property. It isn't a case of building character in them. If they haven't got it in them then they are going that way all the time."

Need Fire Equipment
"Anyway, we're working on an awfully close budget. We need fire equipment and the underswriters threaten to raise the insurance rates unless we get it. While my sympathy might perhaps be with this kind of a project, I'm against using city money to aid it."

Government started it and
"In favor of letting them finish it."

Councilman Carl Ritchey, also against payment of the rent on the recreation unit which officials said, must be closed March 1 unless the city aids, declared that the government establishes such projects and "after so long a time they come along and want the city or the coun-

ty to pay their rent. They are attempting to force this burden on the community."
Character From Home
Councilman Leonard Avant, recalled to Councilman Dean, lone supporter of the move, that "they didn't do anything for us when we were kids. This stuff (character) has to come from the home and not the public. I am tired of the government trying to harness us with bureaus which they are tired of. The government established these bureaus to create a lot of votes. A Republican and that's what I think."

Dean said that he thought it was perfectly all right to let the P.S.A. and the W.P.A. offices move to Buhl, "but I think it will be a serious mistake if we let this one go."
"Organized recreation is the finest thing in the world to keep children out of reform schools," Dean declared.

And Koehler answered:
"It hasn't yet!"
P.-T. A. in Favor
Dean read letters from the Bickel P.-T. A. and also the junior and senior P.-T. A. in which retention of the recreation unit here was urged.

In speaking for the American Legion, Mr. Thomas said that "from the businessmen's standpoint I don't know how we can afford to let this go by the wayside. If people really realize what is being carried on in this recreation unit, they will find that it is a mighty fine thing. It is a step in the right direction providing recreation facilities for people who otherwise would not get it."

During the discussion, Mr. Day
told of the Mampa recreation program, sponsored entirely by city funds. He said that Mampa used to have the highest juvenile delinquency in the state but that last year "not one boy or girl went to St. Anthony."

The Legion committee members were asked to determine by Monday night how other cities aid in the programs or whether county funds are used.

Councilmen passed two electrical ordinances on second reading. One calls for the establishment of junior grade and apprentice electrical workers and the other for just the

One woman was injured here yesterday afternoon as a result of a head-on crash involving two automobiles, police records show.

The injured woman was Mrs. Art Stevenson, Rogerson. She suffered a jaw injury and shock and was treated at the offices of a local physician.

The crash occurred at 3 p. m. at the intersection of Third street and Second avenue south and involved machines operated by Mr. Stevenson and a 100 per cent disabled man. Both cars were considerably damaged.

U. of I. Girls Battle Wire-Tapping Plan to Muzzle-Phones After 10:30

UNIVERSITY OF IDAHO, Feb. 13 (Special)—Idaho women are united in opposing the university's "wire tapping" proposal to boost scholarship in the girls' dormitories.

Construction is underway in Hays hall to make possible the hostess' listening in to all telephone calls and prevent phoning after 10:30 in the evening. The plan is to prevent calling the girls in the evening and interrupting their studying or sleep.

Under the proposed project, a master switch will be installed in all three girls' dormitories which will stop all calls except to the hostess. Urgent calls from the girls' parents may be taken in the hostess' room.

The executive boards of the three dormitories met jointly last week and offered protests to the university. Petitions circulated in the halls show a 100 per cent disfavor in the "muzzling" of the phones.

After several consultations with representatives of the girls, Dean of Women Beatrice Olson has agreed positively to allow the stopping of all calls to be postponed until after 11:30 o'clock.

CITY RANKS HIGH IN BUILDING LIST

While Pocatello and Lewiston recorded decreases, Twin Falls showed a building volume increase for 1939, compared to 1938, of 32 per cent, it was disclosed here today in an advance copy of the Pacific Northwest Building Data, issued quarterly by the statistical department of the Equitable Savings and Loan association, Portland.

The report, as issued, shows the building records of 30 of the best cities located in Washington, Oregon and Idaho. Only other Idaho city to show a substantial increase during 1939 was Boise.

Dwelling building permits in Twin Falls showed an increase of 37 per cent, this gain being exceeded by only three other cities of 15,000 or less population in the northwest. In total building permits (on which the gain here was 52 per cent) Twin Falls' gain was exceeded by only two

City records, furnished the publication by W. H. McKenzie, city clerk, show that building permits here in 1938 totaled \$20,800 against \$44,935 in 1939.

Pocatello, listed among Class B cities (population of 15,000 to 100,000), showed a decrease in total permits of 24 per cent. Lewiston showed a decrease of 11 per cent while Boise showed an increase of 49 per cent.

Poem Read at Borah Rites Repeated Here

Grace Noll Crowell's poem, "I Think That God is Proud of One Who Bears a Sorrow bravely," which was read at funeral services for Senator W. E. Borah in Boise, was included in the collection of her writings presented this afternoon by Mrs. J. A. Noble, Buhl, for members of the Drama and Literature department of the Twentieth Century club.

Mrs. Noble is a sister of Mrs. Crowell, who was named American Mother for 1938 and 1939 by the Golden Rule Foundation, and who is one of the best-known American women poets today. Mrs. C. E. Jacoby, Twin Falls, is another sister of the poet. She was invited to attend the meeting, held at the American Legion Memorial hall, but was unable to be present.

Once Visited Here

Mrs. Crowell visited in Idaho about 10 years ago. It was not until after she was married, that she started writing poetry. Invaluable, which prevailed for a number of years of her life, prompted her to turn to writing. Mrs. Noble said, "Her health is much better now. She is a mother of three sons."

Among the poems read by Mrs. Noble were "Return," "Mother," "So Long As There Are Homes," and as her closing selection, three sonnets. The sonnets were "Birth," "Life" and "Death" which Mrs. Crowell regards as her best work.

Mrs. L. E. Hinton was program chairman. Mrs. A. J. Peavey presided at the business session, as department chairman.

Charming Appointments

Especially striking was the tea table. A large red heart, arranged in a cone-shape and fringed with white paper lace, held a sheaf of spring blossoms in delicate hues, to form a centerpiece.

A white lace cloth and red hearts under the plates, which were covered with paper lace doilies, completed the table setting. It was arranged by Mrs. F. B. Lawson.

Skillful Living Birthday Project For Camp Fires

Skillful living is to be the theme this year of the annual birthday honor for Camp Fire Girls. It was announced yesterday afternoon at a meeting of the Guardians' Association at the Camp Fire offices. Each year a special honor is offered in honor of the starting of the organization.

During the program Dr. Edith A. Davis, Boise, consulting psychologist with the child welfare service and member of the summer school faculty of the University of Minnesota, spoke on girls' needs. Miss Betty Chapman, member of the health unit staff, introduced the speaker.

Girls Needed to Lead

She pointed out the need for practice in effective leadership, saying that success in leading depended in a large measure on the motive offered for doing the work, and explained that girls needed someone to look up to.

"In every activity of life, children have to face difficulties and face the fact that they will succeed in some things and not in others. They must learn to accept failure as well as success," she said.

Discussion of the birthday honor took up a large part of the meeting. Suggestions for evening included a health quiz, impromptu games and knowledge of safety rules. Celebration of the birthday will take place Sunday, March 17, and Camp Fire Girls will be asked to wear their uniforms that day. Grand council fire will be the evening of March 27 at the Presbyterian church, it was announced.

Further plans for the visit of Miss Edna DeMott, field secretary, will be discussed at the meeting on Saturday morning, all Twin Falls girls of the organization will gather for a community sing at the Presbyterian church, led by Mrs. Gerald Wallace, music chairman.

Library Accepts Landscape Plan Of Garden Club

Proposed architectural plan of landscaping the Twin Falls library grounds, as formulated by members of the Twin Falls Garden club, in cooperation with W. E. Hawley, landscape architect, was unanimously accepted by the Twin Falls library board last night. Mrs. F. B. Lawson, president of the Garden club, announced today.

This will be sent in at once for prices on the materials to be used. Broad-leaved evergreen and conifer planting will predominate in the landscaping plan, with berry-bearing pyracantha, trained up on either side of the central doorway, as the chief point of interest.

A Colorado blue spruce, arbor vitae, barberry, Philizer juniper and Dahlie enroum, as well as retinopoda and Washington juniper, will also figure in the design.

Because the group desires to make the project as effective and worthwhile as possible, the public is invited to have a part in the landscaping.

Several suggestions have already been made, and the public is invited to contribute to the project, and have contacted Mrs. Lawson to make the selection.

It has been suggested that groups and individuals plant memorials to outstanding leaders of the past. Proceeds from the flower arrangement classes conducted by the sponsor club last fall, form the nucleus for financing the project, but are not adequate.

Anyone interested in contributing to this public-spirited enterprise is asked to contribute with Mrs. Lawson, phone 1222-W, at an early date.

Bl. Edward's Parent-Teacher association will meet today at 7:30 p. m. at the parish hall.

A joint open meeting of the KKK and Twin Falls Chryseia will be held Wednesday at 8 p. m. at the Old Fellows hall. Thomas Sweeney will talk on dryfishing, and will exhibit motion pictures. Twin Falls Orange members are asked to bring cookies.

THE PAYOFF

by HARRY GRAYSON (NEA Sports Editor)

NEW YORK—Most of the boys believe Hank Greenberg, switches to left field by Detroit to make room for Rudolph York, will be back at first base by June.

Buddy Hassett of the Boston Bee, who was a much more agile initial sacker than Hank Greenberg, says it took him some time to get used to the fingered outfielder's glove when he was transferred.

Wally Pipp recalls his trouble on the line drives when the later Miller Huggins switched to a picket post to humor Babe Ruth, who had an idea his legs would last longer at first base than at those nets.

Hasset advises Hankus Padkus Greenberg to go to the nearest sporting goods store, get a fingered glove and pound into it from now until training starts at Lakeland. He asserts the Bronx Bomber should do this for months, wear it night and day, get the feel of it.

"I'd been wearing a mitt all my life," explains Tenor Hassett, "catching the ball in the webbing.

"When I was moved to the outfield, I had to learn to catch the ball in the palm of my glove, and it

Babe Ruth

Buddy Hassett

wasn't easy after so many years of first basing.

"This is especially true these days, when first basemen wearing mitts that look like fish nets, mites that snare tosses so easily that some first basemen don't even know they've got the ball in those nets."

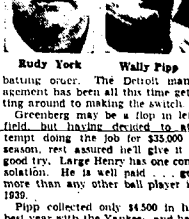

Hank Greenberg

Greenberg wore one of the fittest of first basing nets, by the way. He hit mitt was one of the reasons why they wanted the site of first basemen's mitt.

But Greenberg himself seems concerned chiefly about retrieving drives close to concrete fences.

When Pipp went to the Yankee outfield one spring he could handle any catches at the end of the line drive he didn't know whether to come in, go back or stand still. Whatever he did was usually wrong.

Pipp says the ball is relieved when someone hits a hit line drive that almost goes the valuable Ruth's hit. The Baltimore slugger made up his mind that first basing might shorten, rather than prolong, his career.

Rudy York

Greenberg must also learn to throw from the outfield, master the art of judging long flies and sinking drives, and get used to sun-burn.

Hammering Hank is a more or less manufactured ball player.

Greenberg would stand on his head in Albee's window all summer for \$5,000.

Unparalleled patience and concentration are the biggest things in his game.

Filer Tackles Buhl, Rupert Meets Oakley

There are only two Class A games scheduled on south central Idaho's tonight, but both of these promise to be hot ones. The fray of the respective home cities could afford to miss.

You can take your choice of these two battles.

Hupert vs Oakley on the Homet (Wed.) and Buhl vs Filer in the new White stadium.

Couch Doc Cunney's club will be favored to edge the Hupert Pirates the edge being gained by the fact that the Hupert are covering on their home floor. However, if the Pirates continue their hot-streak activities, it may turn into one of the outstanding battles of the season on the Oakley court.

Filer Favored

At Filer, Coach Bill Powers' team for the first time in several years, will be the favorite to edge the Hupert Indians, last year's district champions, but not yet so powerful this year with a new lineup.

The Whitecats have played in-and-out ball but have always showed a lot of fight. The same can be said of the Indians.

On Wednesday the Buhl Pirates are scheduled to travel to Pocatello and if they continue their recent style of play should be favored to beat the Indians.

HERE and THERE in the SPORTS WORLD

(By United Press)

Excursion is that the Pioneer league meeting in Salt Lake City, starting this Friday, will last only two days. Besides schedules for the season, principal business will be consideration of a new plan for dividing gate receipts.

Talio Makki, famed Finnish distance runner, made his first appearance on an American track last night when he jogged the 26 miles before an overflow Jersey City crowd of 8,000.

The Jaunt netted the Finnish relief fund \$6,000.

Paavo Nurmi, great Finnish track star, uniform, was with Makki.

Veteran infielder Jackie Warner supervised the San Francisco Seals by seeing to his former club contract from his Mt. Vernon, Ill., home instead of holding out for more money.

Gunnar Hoeccker, Olympic champion and world record holder, was killed in action yesterday with the Finnish troops fighting the Karelian isthmus.

Hoeccker set an Olympic record of 41:22.2 for the 10,000 meters at Berlin in 1936 and a world record of 1:13.7 for the 3,000 meters at Stockholm in 37.

Representatives of San Francisco, Oakland, San Diego, Los Angeles and Hollywood promoters have decided not to try a professional football league on the coast right now, feeling it would be no go from a financial standpoint.

ART OF BOWLING

Eighteenth of 25 bowling articles. By JOHNNY CRIMMINIS

Another man at Detroit, Georgia, A. R. C. five-man team champions. Unless a bowler picks off a majority of his spars, he has a difficult time beating 150.

Spares on the left side should be easy for a right-handed bowler. He should throw his regular hook, starting from his regular position and aim for the spot 12 or 14 feet down the alley.

A bowler who picks off one and two-pin spars on the right corner. It is shown from the left corner. Single pin spars... the 4, 7, 8 and 10... give some a lot of trouble.

The 10's probably is missed more than all the other pins, but the 10's is a case of the wrong angle.

If you roll the ball from left to right and the ball dips into the gutter you are taking too much center, and should more to the left.

Pope Sounds Nations on Welles Visit

MESSAGES SENT GERMAN, FRENCH ENGLISH ENVOYS

VATICAN CITY, Feb. 13 (AP)—Pope Pius XII was reported today as sending out responsible circles in Paris, Berlin and London in connection with the forthcoming visit of Sumner Welles, United States under-secretary of state, to Europe.

According to usually well-informed sources, the pontiff sent messages today to the apostolic nuncios in France, Germany, a high-ranking French official in London and London in connection with the forthcoming visit of Sumner Welles, United States under-secretary of state, to Europe.

The sources said the pope's messages expressed his ardent desire that all Catholics pray for peace but at the same time avoid any open friction with the civil authorities of the nations to which they refer.

Welles sails next Saturday for London. On the same ship will be Milton C. Taylor, president Roosevelt's new personal representative at the Vatican.

DEWEY ASKS FOR RETURN OF GOP

PORTLAND, Ore., Feb. 13 (AP)—Thomas E. Dewey, candidate for the Republican presidential nomination, declared in a Lincoln's birthday address here last night that under the New Deal America has become, in Lincoln's words, a house divided.

He called for abandonment of ineffective administration policies and a united movement under Republican leadership to restore "real economic freedom for every American," and said the New Deal's only formal address in a cross-country campaign swing.

"The chief danger that disunion and conflict have been fomented for political purposes by the New Deal at a time of crisis when national unity is most needed."

"We resolve," he said, "to keep out of the conflicts in Europe. But here at home we are embroiled in a dozen conflicts among ourselves, Government and business are in conflict. Labor and capital are in conflict, and labor is in conflict with itself."

"Collectivism has been practiced against individualism; centralized government has been used to the detriment of the individual citizen; government; defeatism against courage."

Dewey charged that because the Roosevelt administration had discouraged private enterprise, the value of the national productive plant has been reduced at the rate of about a billion dollars a year.

"The administration, Dewey said, had neglected the farm problem. He proposed that the farmer's market be improved through regeneration of business and industry."

According to the chief medical officer of the area, there is a necessity for men who have to work in northern Australia.
