

CERTIFICATE PLAN ADOPTION URGED TO HELP FARMERS

WALLACE WOULD USE PROGRAM TO BOOST INCOMES

WASHINGTON, Feb. 15 (Special)—Secretary of Agriculture Henry A. Wallace today asked congress to adopt the certificate plan for increasing agricultural income, adjust production and protect farmers from loss of foreign markets.

He told the house agriculture committee that more government aid to farmers is needed and suggested three optional methods: Price fixing, high loan rates, or marketing certificates.

"An analysis of these alternatives will reveal that in all main respects the marketing certificate is superior to either high loans or fixed prices," Wallace testified. "I recommend marketing certificates for your earnest consideration, not as a substitute for any part of the farm program, but as a greatly needed addition."

Wallace said that under this plan, certificates would be allotted to farmers cooperating in production adjustment and soil conservation. Manufacturers would be required to purchase the certificates before marketing goods in this country. No certificates would be required from manufacturers on the sale of goods for export. The plan would, in effect, provide a two-price plan, the domestic consumers financing farm payments.

The plan could be used for wheat, cotton, tobacco, rice, prunes and raisins, Wallace said. It would not be used for corn, which does not pass through a centralized manufacturing process, he said.

Wallace argued the certificate plan was the "most dependable and permanent form" for financing the farm program which last year cost approximately \$1,000,000,000.

THROGNS EXPECTED TO VIEW ANNUAL KETCHUM CARNIVAL

KETCHUM, Feb. 15 (Special)—Thousands of persons from over Idaho are expected to attend and participate in the second annual Ketchum carnival which will be staged here next Sunday, starting underway at 10 a. m. with a ski meet and continuing through the evening during a boxing card and a basketball game.

The annual event is sponsored by members of the Ketchum Boosters' club.

Ski Meet
The morning ski meet, officials said today, will be held on Ketchum hill and will include downhill and slalom events. Exhibition ski jumps will also be made and a "kids" qualifying race will be held.

At 1 p. m. the "grand parade" will be held. Special floats will be entered from Halley and Bellevue and Sun Valley will have a special division. The parade is expected to be a mile long.

The Snow Queen of Ketchum will occupy the honored position in the parade. Bands in the parade will include that from Halley. Also appearing will be the Ketchum drum corps and the Cluwn band.

Dog Races
After the parade, dog races will be held, including a program of 10 separate races. Included will be the west team race, children's race, ladies race, dog pulling contest, ice cream eating contest.

The basketball game and boxing bouts will be staged in the new high school gym. A small admission will be charged but officials pointed out that the downtown events are open to the public at no cost.

SNOW GAINING IN SAWTOOTH AREAS

Snow levels are gaining in the Halley-Ketchum-Sun Valley region, according to the report received in Twin Falls today from F. S. Moore, supervisor of the Sawtooth national forest.

Both Halley and Ketchum showed an advance of a full inch in average depths at the start of the week, Mr. Moore said. And the increase in the higher sitting slopes at Sun Valley, such as Old Baldy, was considerably greater.

15 Inches at Ketchum
Ketchum showed 15 inches average depth Monday. Halley, eight; Galena, 36; Mascot mine, 28; Old Baldy, levels No. 1, 2 and 3 from 18 to 34 inches.

Snow depth is still lagging far behind that of 1939 on the same date, the supervisor found.

Although Fairfield lost an inch in the past week, the Camas prairie community still has 10 inches on the level. Soldier ranger station, also in the Malad watershed, climbed from 18 to 21 inches.

Williams Ranch Gains
Reporting stations on the south Boise river, ranging from Feather-ville to Baumgartner, listed considerable increases. And in Sawtooth valley, on the Salmon river watershed, Williams ranch showed a heavy new blanket of snow—22 inches now as compared with 15 inches a week ago.

The added snow helped boost cumulative figures at Halley from Oct. 1, according to Mr. Moore's report. The total is now 25,70 inches. A year ago it was 81 and average is 62.55 inches.

Inadequate Homes Found Numerous in Twin Falls

Nearly one out of every five persons in Twin Falls is residing in an inadequate dwelling at the present time, a report made this afternoon by Thomas D. McDougall, state administrator for low cost housing, shows.

The report was released after McDougall had completed a survey of inadequate homes in this city. The survey was started two years ago but was not completed until yesterday after funds had been furnished by the city only recently.

The survey will be used as the basis for an application to the federal government for "slum clearance" funds, such application being made by the Twin Falls housing authority, of which O. P. Duvall is chairman.

Scanned 901 Dwellings
McDougall's completed survey discloses that 901 local dwellings were included in the survey. In these dwellings it was found that residents included 1,843 adults, 18 years of age or over, and 1,018 children under 18 years of age.

And this survey did not include cabin camps, McDougall said.

It was found during the survey that rents run as high as \$18 a month for "a one-room shack."

Other disclosures were that adequate dwellings rented (on the average) for \$7.50 per room per month, inadequate dwellings usually have four or five rooms and for this reason persons of the low income group cannot rent them because they cannot afford to pay the rent in the first place, or keep up the place in the second instance.

The survey also disclosed that there is an extreme shortage of decent sanitary units in the inadequate dwellings. In many of the

"All young people enrolled in these junior farm groups, whose parents are among the 135 FSA borrowers in Jerome, Lincoln and Blaine counties, may secure loans of not more than \$75 for purchase of a calf, sow, poultry or other young livestock, as well as seed, plants and fertilizer, for projects approved by the county extension agent or Smith-Hughes instructors in charge of the projects," he says.

WRIT REFUSED IN GAS TAX ACTION

JEROME, Feb. 15 (Special)—A petition for alternative writ of mandamus, brought by the Jerome highway district against Jerome county to compel the county commissioners, auditor and treasurer of Jerome county to apportion \$19,000 motor fuel tax moneys as received by Jerome county in 1939, among highway districts within the county, was denied by District Judge T. Bailey Lee, Burley, last Saturday.

The case arose out of an act of the 1939 state legislature directing the manner of apportionment of motor fuel tax moneys, received by the counties of the state from the state of Idaho, the law directing that the counties should first apply said moneys to the current year's road and bridge sinking fund requirements.

The highway district contended that such phrase meant road and bridge bonds maturing during the year in which the money was received. The county contended that the phrase meant bonds maturing in the next succeeding year under provisions of the law under which the bonds originally were issued.

Seldom. They're usually synthetic.

★ Are certain whiskies easy on the breath?
Definitely. Try G&W—if you were a milk yet full-flavored whiskey that's really easy on the breath.

The grain, (2) the distilling, (3) blending? Good grain and good blending are not enough. Milderness must be distilled into whiskey at the start. Here's G&W's secret—an extra step in distilling known as natural "pre-mellowing." Yes—G&W is milder right from the start!

Costume awards were made at the conclusion of the grand march. Seventy-five couples danced to rousing music, many old-time selections interspersing the modern numbers.

Card tables were set up for those who did not care to dance.

Refreshments were served late in the evening, from a table attractively appointed in symbols of the season.

F. M. club will meet at the home of Mrs. Mary McAllister, 304 Fifth avenue east, Friday at 2 p. m.

Tough Al Davis Trains for Ambers Bout

NEW YORK, Feb. 15 (AP)—If Jack Dempsey's credo is correct, young Al Davis of Brooklyn should be the next world's welterweight champion.

Dempsey's credo is this: "A good fighter's gotta come up the hard way. He's gotta be rough and tough, because fighting's a tough business."

Davis, unbeaten in 37 professional bouts, hails from the heart of Brooklyn's Brownsville, a ballfield that has contributed far more than its quota of hoodlums to our national culture.

Eight now 23-year-old "Bummy" Davis is the fistic hero of Brooklyn's bad lands as he trains for a 10-round non-title fight with Lightweight Champion Lou Ambers at Madison Square Garden on Feb. 23. A Davis victory would send young "Bummy" into an outdoor, welterweight title brawl with Champion Henry Armstrong this summer. Such a brawl should draw more than \$25,000.

Bummy has a tremendous following among the rougher elements of our metropolis. This was reflected when the lad drew a gate of \$43,000 for his last bout when he knocked out Tippy Larkin of New Jersey at the Garden on Dec. 15. Bummy's personal roughness is emphasized by the record of 22 knockouts in 37 fights.

Managers Chosen for Finn All-Star Game

McCarthy, McKechnie Will Pilot Teams In Tilt on March 17

TAMPA, Fla., Feb. 15 (AP)—Joe McCarthy of the Yankees, pilot of four straight world champions, and Bill McKechnie of the Reds, who twice has had a team crushed in the world series by the Yankees, will be rival managers in the grapefruit all-star game for benefit of the Finnish relief fund in Tampa Sunday, March 17.

Thus the world series managers of last fall will pit their wits and strategy but with new casts, in what is expected to be the biggest ball game ever played in the south.

McCarthy and McKechnie were named managers by Daniel M. Dunne, New York World-Telegram baseball writer, who is chairman of the baseball division of the Finnish relief fund sports fund.

On St. Patrick's Day "Inasmuch as the game will be played on St. Patrick's day I think it is appropriate that Joe McCarthy, an Irishman, lead the American league all-stars."

Dunne, general chairman of the sports division of the Finnish relief fund, "And since the game will be played in Tampa I think McKechnie, who opposed McCarthy in the world series last fall, should manage the National league team."

Tampa was picked as the site of the game yesterday by Williams over other Florida cities, including Jacksonville and St. Petersburg. Although the present seating capacity of the local field is only 4,500, it will be increased to about 20,000 by knock-down bleachers.

Players From 16 Clubs

Players from all 16 major league clubs will participate. Those picked from the four clubs which train in California—the Cubs, White Sox, Athletics and Pirates—and the Browns, who train in Texas, will be brought here by plane.

Sports writers will pick personnel of the two clubs here March 1 but after the clubs are picked, McCarthy and McKechnie will have the entire say-so about running them.

Consistent with K. M. O'Rourke's supervision of the game like a world series affair, having charge of the money, the umpires and other important details.

An added attraction will be the presence of the outstanding rookie on the 11 club training in Florida.

Mod carriers are called hooligans in England.

Record Jumps Loom on Utah Course

SALT LAKE CITY, Feb. 15 (AP)—Greatest jumping distances will be made in the Intermountain Ski championships Sunday at Ecker hill, 20 miles east of here, officials believe, as a result of the good Class A takeoff being rebuilt and moved farther up the alpine.

The new jump, which was raised an additional six feet, will face a top-notch field of famous jumpers.

All Engen, who soared 232 feet in jumping contests at Leavenworth, Wash., recently will be among those trying for new records on the jump.

Engen and his brother, Owyhee, directed construction on the higher jumps.

The present record of 251 feet was made before the jump was cut down to its recent height. The most recent change will probably bring a new record with such artists as the Engen brothers, Walt Bottella, Eugene Wilson, Dick Durrance, Bud Teagarden, Roy Mikkelson, Ronald Manganoff, Elmer Fredson, and Gordon and Lester Wren.

Meanwhile, with data cleared by the National Ski association, the Utah ski clubs is going ahead with its plans for the P. I. S. International downhill and slalom meet at Alta, March 30.

Electrical Starting Gates Get Credit For Making Heefly Run

ARCADIA, Calif., Feb. 15 (AP)—When Benjamin Franklin first flew his kite into an electrical storm it is doubtful if he knew what he was doing for a horse named Heefly, and to a man named Alfred Grey Vanderbilt. Because electricity, in the form of a starting gate, has done more to speed this average beast than twitches or tonics, blinkers or blindfolds, soft music or loving words. For four years Heefly was known to every racing starter in the country as the meanest, ornery, nastiest-tempered nag who ever refused to break from a stall. He wouldn't start in any and wouldn't stand still. He bucked, reared, tossed riders, and endangered the lives of the assistant starters whose duty it was to force good behavior on him. Even on his quiet days it was an even bet that when the starter finally rang he would be pawing up like an equestrian statue—and facing the wrong way.

Young Vanderbilt spent two of the best years of his life trying to return Heefly to a respectable starting gate. He finally gave up two months ago and the ink was scarcely dry on the bill of sale transferring ownership to George S. Stratton of the Circus B ranch when the electrical starting gate was generally adopted by the country's major tracks. One electrical treatment and Heefly was a different horse.

"Imagine Vanderbilt is a different man, too, what with having to read of Heefly's transformation into a great race horse and one with a bang-up chance of winning the \$100,000 prize of the sixth Santa Anita handicap to be run here on Monday night.

In his only six starts in the electric gate Heefly has won four times, placed once, and run third once. Although the amount Stratton paid for the horse is not known it is safe to guess Heefly already has won back his purchase price.

In fact, Heefly's feat of whipping Seabiscuit Sun 22-2 and other crack state horse in the La Jolla handicap last week, alone justified his owner's bargaining.

As remarkable as his blazing speed of 1:23 for the seven panels was, his time in finishing out the race was more so. Jockey George Woolf worked him on an extra eighth in the astounding time of 1:35.4. That is the fastest mile ever run by a horse in this country around two full turns. Equipoise's world record of 1:34 2/5 was out of a chute and didn't have to negotiate two one-bend.

Everyone knows Heefly can run a mile and a quarter, the handicap distance because he has 50 right now. He is hotter than mama's biscuits in the winter pole play on the hunter's grander. I wouldn't be surprised if Al Vanderbilt has sent out a chunk too as a sort of consolation money for the \$100,000 mistake he might have made.

Vandals Meet Huskies in Cellar Series

BY BILL MCGOWAN
MOSCOW, Feb. 15 (AP)—The University of Idaho Vandals prepared today for an invasion of their home court by the University of Washington, Friday and Saturday, with a battle over the conference cellar in prospect.

The Huskies and Vandals split a two-game series at Seattle last week-end in which won the first conference game, but lost the second and broke a 22-game conference losing streak.

Coach Forrest Twogood said he was satisfied his team was stronger offensively but needed third on defense. He hoped to develop a light defense to keep Huskies from hitting Rommie Harris and his other sharpshooters do their work.

Bill English and Chick Atkinson, guards, were counted on to strengthen the Idaho defense. Rook Hill, center, Roy Ramey and Rommie Harris, forwards, will complete the lineup.

Merlyn Anderson, diminutive forward who sparked the Vandals' offense in several games, was on the injured list with a fractured wrist and out for the season.

Twogood said he would use reserves wherever possible in the remaining games to develop material for next year. He planned to work with Don Foster, Don Nelson, Moscow; Jim Foster, Cour d'Alene; Kenneth Lynk, Alcona, Ia.; and Milo Anderson, Cour d'Alene.

STRIKES to SPARE

With Fred Stone

Some very nice scores in both matches last night.

Orange Transportation rolled up a 2,589 total in defeating Fire. The rest of all four points. Wait Dix, with 612, was far ahead of all the rest. Wait put together games for 2,589. His 219 was the best single score.

Clyde Ross got a 562 series. Clyde got an even 200 single his first game. The rest of the games were 500.

Ray King topped the losers with 530 for three games and a high single of 183. Filmore got 501. There are only the 500 totals for Firestone.

Orange Transportation's 2,589 looks like the free bowling next week.

Dell's and Schults broke even—two and two.

Yen Jennings showed the way to all the rest with a 541 count and a 208 single his first game, the Schlitz's best single. Walker Bertie and Earl Hager—both rolling in the anchor position—got 525 and 533 for their respective teams. Wait was tops for Dell's.

Single game scores were also a deadlock—208 for each team, with Jennings for Schlitz and Hager for Dell's.

N. O. Johnson got a 530 total and Hager 601.

Bill McDonald is in the dog-house next week. It was Charley Bruggemann's turn last night.

Rod and Gun Club Studies Magpie Trap

JEROME, Feb. 15 (Special)—At the meeting of the Jerome Rod and Gun club here Monday night which was attended by twenty-five local members and out of town club members, the matter of magpies was brought up by J. W. Grant, Jerome, and a committee including James V. W. Bailey and Harry Fritzer was appointed to prepare plans of the Shoshone magpie trap, and to construct a trap on the state game farm, with material being furnished by J. W. Bailey.

During the meeting a bulletin from the Idaho Wildlife Federation was read and the 1940 committee including Del Smith, Willard Wood and A. W. Hart was appointed for the Jerome club.

During the meeting also Lee Hill of Shoshone club offered the use of the club's airdrop fish tank to the Jerome club.

Lud Draxler of Twin Falls invited the general public and the Jerome club to attend the spring sportsmen's festival which will be held at Piller farm in April. Draxler asked that both Twin Falls and Jerome clubs cooperate in sponsoring this festival. The Jerome club asked that further information concerning the festival be sent here. It was the general consensus of opinion of the local organization that members favor assisting with the project, however.

A recent letter from A. R. Roth, of Shoshone club, advised that at the meeting stating that there were some 46,000 fish planted in this country, and it was asked that the local club make a survey for the recommendation of further planting. Appointment of J. W. Grant, Russell Short and James Fritzer was made and asked that this group work with Harry Gault of Shoshone, in carrying out the plan and that the work begin immediately.

Other business included the vote in favor of the state either being opened as a whole to salmon fishing or else closed—a whole to salmon egg fishing.

A. McMahon was appointed as a delegate to the Idaho Wildlife Federation's annual meeting in Boise, Sunday and Monday, March 3 and 4.

Burley Loses To Pocatello By 25-18 Count

POCATELLO, Feb. 15 (AP)—Invading Burley Bobcats lost their second game of the year here last night when they dropped a hard-fought 25-18 game to the Pocatello Indians.

Coach Rulon Budge's quintet got off to a half. However, a strong third quarter drive and a great defensive game during the last period, brought the Burley team back to the game.

Pocatello scored only three points during the entire last half, two of which were made in the third quarter.

Pocatello—Wilson (2) and Dymally (11) forwards; Boyd (6) center; Jensen (2) and Thomas (6), guards; substitutions—Mayne.

Bowling Schedule

COMMERCIAL LEAGUE
Thurs., Feb. 15—Zip-Way vs. Hugo Billk (15)—postponed game.

CITY LEAGUE
Thurs., Feb. 15—Wilson's store vs. Twin Falls Lumber.

SEATTLE, Feb. 15 (AP)—Baseball's \$100,000 pitching flop of 1939—Freddy Hutchinson—predicts a successful comeback for himself this season—if he gets enough work.

The 20-year-old right-hander, whose "leaving ball" won 28 games last year, is back in the big leagues tomorrow on the first leg of his journey to the Detroit Tigers' training camp at Lakeland, Fla.

Hutchinson's major league debut last year was an expensive disappointment for Tiger owner Walter Briggs, who paid \$500,000 cash and three to four million in player contracts who had dickered with Seattle of the Pacific Coast league.

Following his failure, Freddy's failure to live up to his minor league reputation and price tag bothers him very little.

"All I need is more work," Freddy declared. "I've got the experience now. I know I'm a lot better than my record showed last year."

Hutchinson won only three and lost six games last year and believes his failure to pitch better ball was due to his inexperience in reaching top pitching. He's been working with pitcher so as to be in fair shape when he reaches training camp.

ON LOCATION WINS
ARCADIA, Calif., Feb. 15 (AP)—Mrs. Ethel V. Marx, On Location, wins \$10,000 California lottery, captured the \$10,000 San Vicente sweepstake Saturday, added another pot to the owners offered yesterday to the \$10,000 charity feature at Santa Anita park.

DeCorrevont Will Stay at Northwest

EVANSTON, Ill., Feb. 15 (AP)—Bill DeCorrevont, a football star here, dispelled another "canpus revolution" today.

DeCorrevont, who has been a hero for Northwestern, he has no animosity against my coaches or teammates—only against some of those stories coming out about me."

The one-time schoolboy wonder, who discovered newspaper clipping that said he was in opposition to the football team, went to let alone to pursue his studies and play football on Northwestern's baseball team.

Although he's only a sophomore, DeCorrevont has become a star in college football. He was named to the team to play football on Northwestern's baseball team.

DeCorrevont's admission confirmed in part reports that all was not well behind the scenes during Northwestern's unexpected football collapse last fall. "The White-crowned national champion before they played a game, wound up with three victories in eight contests."

Hutchinson Sees Comeback For Himself

SEATTLE, Feb. 15 (AP)—Baseball's \$100,000 pitching flop of 1939—Freddy Hutchinson—predicts a successful comeback for himself this season—if he gets enough work.

Skiers Find Plenty Of Snow on Hills In Ketchum Area

KETCHUM, Feb. 15 (Special)—Little complaint has been heard during the past few days regarding the absence of snowfall, as there has been considerable increase from the previous week. The snow occurred in the past week. At the present time the average will be close to two feet deep, though at places where the wind gets a sweep it will sweep a man to crawl through it. The last snow at this writing was on the hills about 100 feet deep and was full of water content. The snow on top of the previous fall, and a little cold, will create a surface that will be perfect for skis. The snow will melt only at a few sides on the steep slopes near town and will not melt. The snow presents a marvel of beauty and many photo snappers have been affixed.

A good crowd of winter sports fans continued at Sun Valley and it is said that all reservations were gone for Sunday and Monday and that the ski season will last over 600—was expected for the first of the week. The ski runs are still the popular drawing card. Roads were closed to traffic in some places, and traffic continues at a good rate. North of Ketchum, the roadways are still blocked through town. Some are making the trip with bobbed, about a little slow. Trucks are not making the trip from here to the COO camp on Warm river, but it could not be done, though experts assert that the snow will melt a heavy truck could flatten out the roadbed and cut down the big centers with little trouble.

"All I need is more work," Freddy declared. "I've got the experience now. I know I'm a lot better than my record showed last year."

Hutchinson won only three and lost six games last year and believes his failure to pitch better ball was due to his inexperience in reaching top pitching. He's been working with pitcher so as to be in fair shape when he reaches training camp.

EDUCATION COSTS DOWN, CLUB TOLD

MURTAUGH, Feb. 15 (Special)—Complete outline of the state equalization law and its necessity in school financing was offered here last night by the South Central Idaho Educational Clubs by John W. Condie, state superintendent of public instruction.

Condie reiterated the assertions he made in Twin Falls yesterday before a school trustees' gathering, showing that educational costs are less than 10 years ago and that many districts would be forced to shut schools.

Condie Denman, superintendent of Burley schools, mapped portions of the single salary schedule for instructors.

Condie's topics brought forum discussion from the 60 men and women educators who attended from 15 Idaho counties to the meeting. Club members convened in Murtaugh high school and dined at the four-course dinner served by the Murtaugh community club. A musical sextet and the high school chorale ensemble provided musical entertainment.

Next meeting will be at Jerome March 13.
