Finn and Soviet Troops Locked in Desperate Struggle for Viipuri

Russian Attempt to Cross Ice in Bay Is Repulsed by Defense

HELSINKI, March 5 (AP)—A war communique today reported a Russian attempt to strike across the gulf of Finland west of the bay of Viipuri had been repulsed and that desperate fighting continued at the western end of the Mannerheim line for possession of Viipuri.

The communique also reported severe fighting as a result of Russian attacks on the western coast of the bay of Viipuri, without admitting that the Russians had gained control of that sector. (Moscow last night reported that Russian forces had landed on the west side of the bay to encircle Viipuri.)

The communique revealed the Russians had attempted to cross the gulf of Finland ice at a point about 40 miles west of the bay of Viipuri, while other forces continued to pound at the Finnish defenses on three sides of the city.

DAMAGE MOUNTS AFTER EASTERN RAIN AND SLEET

NEW YORK, March 5 (AP)—The eastern seaboard was strewn today with millions of dollars worth of broken glass and ice, pulled down by heavy coatings of ice.

A rain-sleet-snow storm, swirling up from the Texas panhandle and passing northward through New England, had left an inch-thick coating of sleet on every exposed surface, disrupted communications, cut off electricity from whole communities and broken down great stretches of road that had survived a century of storms.

Although the damage, inconvenience and peril of snapped power lines was extensive, the ice loss was much higher. It was estimated at \$600,000 in the Bronx and upper Manhattan boroughs of New York City, and in New Jersey.

In Long Island and New Jersey, giant oaks that had survived the worst of the 1937-38 hurricane had broken into splinters on the highways and spreading traffic.

The same conditions extended through Maryland, Connecticut and Massachusetts.

The precipitation during the storm, whose winds at times reached 50 miles an hour, was enough to sleet to snow and back again, as the temperature hovered a degree above or below freezing. Ice and snow covered the highways and the traffic death toll had been unusually light, only three casualties.

New England and seven in New York.

10-Minute Divorce Granted Socialite by Judge Sutherland

BUN VALLEY, Ida., March 5 (AP)—A ten minute divorce, believed one of the fastest granted anywhere, was given today by Judge Sutherland. Thatcher Bamler, New York City.

The Bamberg filed a complaint charging extreme cruelty at 1:30 p. m. at 2 p. m. District Judge Doran H. Sutherland pronounced her marital tie severed.

Shoemaker Is 1st to Oppose Census Probe

HARVARD, Ill., March 5 (AP)—James Roosevelt, 43, 250-pound Kenosha, Wis. shoemaker whom the government accused of cheating a government contractor, today said "cheating can be explained" and he would answer census questions if they are put in his "plain" language.

The man federal authorities plan to prosecute as an example for refusal to answer the census was accused and notorious when a reporter located him here and told him he was sought at Kenosha.

"This fellow," the nation's first answer census questions when the pot pulled, "I'm back to Kenosha tomorrow morning and everything can be explained."

John W. Orlman, Kenosha, the census taker, charged Roosevelt "didn't want to answer any of the questions and that's why I went and chased him from the shop."

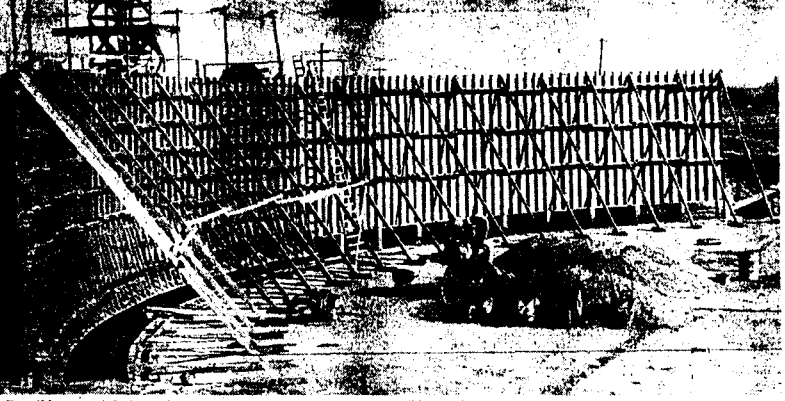

On that assertion U. S. Commissioner Philip H. Milwaukee issued a warrant charging the shoemaker with an offense which carries a \$500 fine, six months in jail, or both.

A deputy marshal took the warrant to Kenosha last night on order of Asst. U. S. Dist. Atty. E. J. Joseph, but Roosevelt was not there. The warrant was left with police.

Sherriff Better

HULL, Mich., (Special)—Commissioner of Sheriff P. D. Pace, who has been critically ill for the past several days, was "fit to go" today, according to his attending physician.

Forms All Ready for Concrete-Pouring at Reservoir

Everything was ready to start but the weather as this picture was taken this morning of the framework which will hold concrete poured to form walls of the new \$300,000 pylon city reservoir located south of here. The photo shows a section and a half of the framework. Officials say it will take approximately 24 hours to pour one section and then, after it sets, the frames will be moved to form another section. Pouring will have started this morning under the direction of Ples B. Wilson, city engineer, but threatening weather called a halt. If weather permits, concrete operations start Wednesday at 7 a. m. In the right, lower portion of the picture the cement mixers and also the graver for cement can be seen. When pouring starts the work will not stop until a section is complete. The walls will be in eight sections. (Times Photo and Engraving)

3RD TERM DRAFT ACTIVITY BOOMS

WASHINGTON, March 5 (AP)—The draft Roosevelt movement active today in nine of the 15 presidential preference primary states for a stake of 248 delegate votes in the Democratic national convention.

This figure takes no account of the third term movement in other states where delegates are chosen by party convention or appointment, but the 248 would be a substantial nucleus and only 253 votes short of the majority necessary to nominate.

The first primary takes place March 12 in New Hampshire with the next significant test scheduled so far to come April 9 in Illinois where both President Roosevelt and Vice-President John N. Garner are entered.

Pennsylvania yesterday became the eighth primary state in which the draft Roosevelt movement is making headway. Nominating petitions for Mr. Roosevelt minus his signature were filed at Harrisburg by Democratic state committee chairman David L. Lawrence. The President has the remainder of this week to withdraw his name.

But he retained the draft with drawn to pass in Illinois and is expected to do the same in Pennsylvania that state has 72 delegate votes in the Democratic national convention, second only to New York's 91.

Welles Looks at Peaceful 'No Man's Land' at Front

By EVERETT R. HOLLES
LAUSANNE, Switzerland, March 5 (AP)—Riding through the electrified line on route from Berlin to Switzerland, Sumner Welles, United States undersecretary of state, has seen one of the most peaceful regions of Europe.

It is called "no man's land."

Within the strip of the French lines, German soldiers hung out washing. Monday is wash day on the front, too—and farmers tended their fields. Children played in village streets; traffic moved at a leisurely pace and not a shot was fired.

Between Friedberg and Bielefeld the west wall looked more like a gigantic WPA project than one of the mightiest chains of fortifications ever built. Tens of thousands of men worked with shovels and concrete mixers, reinforcing and digging. Many appeared to be Polish prisoners, moved up to the front from an labor camp.

Frontier villages had been evacuated in the early days of the war and the civilians had straggled back and factories now were running at 50 percent. Outside the towns, farmers working at their crops and soldiers building new fortifications were side by side.

At all railway stations near the front there were crowds of German soldiers in hob-nailed boots and French caps, their heavy helmets dangling from packs on their backs. These were replacements, not reinforcements, because no soldiers were kept on the warless front for long periods of time.

There were no anti-tank barriers except at the villages, but it was said the fields were covered with mines.

There were no planes in sight, no anti-aircraft guns, no signal shell craters in the earth.

At some places, French and German soldiers worked to plain view of one another and a German official said they sometimes called back and forth across the close-though such contact with the enemy was discouraged.

"Ad" Commission to End Sessions Today

Members of the Idaho advertising commission, growers, shippers and other interested parties this afternoon heard Chairman Ed Pettigrove, commissioner of agriculture, term the group the "clearing grounds in handling interests of both growers and shippers."

The commission was scheduled to close a public hearing, held in the American Legion hall, about 5 p. m. today. This morning, meeting in the Rogerson hotel in executive session, routine business was discussed.

In discussing the benefits of the commission, Mr. Pettigrove said that "back of conditions in the past, before the commission was formed," kept the shippers and growers "from getting together."

Under existing conditions, he provided the means of thrashing out things in small groups and getting things done," he said.

The chief establishment of a "clearing grounds" before the commission was formed was "possible but not probable."

Explaining the commission was formed, Mr. Pettigrove said that "back of conditions in the past, before the commission was formed," kept the shippers and growers "from getting together."

Under existing conditions, he provided the means of thrashing out things in small groups and getting things done," he said.

NAMES in the NEWS

Curry McWilliams, California commissioner of immigration and housing, told federal relief officials today that "hell is going to start popping hell out long in California and the rest of the country."

McWilliams said that "the immigration and housing problems are found."

Secretary of the Henry H. Wood and his staff have purchased six six-caliber guns from the army's surplus stocks to bolster its defense.

Peter McLaughlin, movie actor, was concerned of charges he took part in a brawl and swung his fists at a woman who, Hollywood judge Myron Westover dismissed for lack of evidence a \$70,442 damage suit brought against the actor by the woman.

Frank Kinnard, publisher-candidate for the Republican national convention, said today that he will not accept the nomination if the New Deal third term offer is not halted. It may take generations for America to recover its freedom "from slavery to the state."

POVERTY, DISEASE FOLLOW FLOODS

SAN FRANCISCO, March 5 (AP)—After a week of flood, hundreds faced poverty and threats of disease in northern California today.

The Walker 14,000, state health director, sent four assistants with disinfectants, vaccines, and sanitary equipment to stricken Meridian in Sutter county. Dr. Harold Hennessey, Sutter county health director, condemned a 14 by 16 mile area as a health hazard and ordered women and children to leave.

Most of the Meridian's residents had fled previously when they were warned that disease might follow the flood, but some remained.

In the Meridian-Colusa area, 60,000 acres were flooded and farmers said there was little prospect of a new year's crop.

Similar conditions probably exist in other sections of 400,000 flooded acres.

As communications were restored and roads repaired, estimates of the flood's damage were raised. Four towns were destroyed Sunday in the Yuba river near Weaverville. It was reported yesterday. Five deaths had been reported previously.

Damage was estimated at \$12,000,000 and most of the 6,000 refugees still were unable to return to their homes.

Driver in Parma To Face Charges Of Manslaughter

OWNMOUTH, Ida., March 5 (AP)—Clarence M. Tarnum, was bound over to district court today to stand trial on charges of involuntary manslaughter.

Tarnum was held in connection with the death of Betty Ayres, also of Parma, in an automobile accident early Monday. Mendenhall, prosecuting attorney, and board was set at \$2,000.

Claudette Colbert Wins Ski Honor on Sun Valley Course

SUN VALLEY, March 5 (Special)—Lovely Claudette Colbert, film star, was the first celebrity to win her national ski title today in the slalom event by every member of Parole's Sun Valley Ski school.

Prof. announced today.

On the scene were Gov. Arthur H. James, other state officials and representatives of federal agencies and the American Red Cross.

Deputy state secretary of mines Joseph Walsh told the governor that the settlement that yesterday struck the northeastern section of the mountain, ruining dwellings from their foundations, cracking buildings and cracking steel pavements with wide fissures, probably would continue for six months.

The silver award goes to those skiers who successfully run the "river run" on 2,000-foot Baldy mountain, the first of three runs. The slalom race course is a predetermined time limit. Claudette managed to do it in less than two minutes, 30 seconds, the time set for women skiers.

The course starts at the end of the first section of the "river run" to the "star," the new 300-foot long electric chair lift, and runs down the mountain for nearly a mile. Prof. said that Claudette had first learned skiing here four years ago while making the picture "My Him in Paris," and that she had become in that time one of movie-land's most proficient skiers.

After receiving the award from Parole, with appropriate ceremony, Claudette left with her husband, Dr. Joel Freeman, for Hollywood.

Fascist Leaders Enter Protest on Taking of Cargo

LONDON, March 5 (AP)—Great Britain moved toward a showdown on German coal exports to Italy today by detaining five Italian cargo ships and announcing German coal exported by way of Holland to Italy now is liable to seizure as a prize.

The detention of the Italian ships—five of 10 which sailed from Rotterdam for Italy—was announced in the house of commons by Minister of Economic Warfare Ronald Cross after the Fascist government had protested strongly against the allied blockade decision as compromising relations between Italy and Great Britain.

MEREDITH FEARS FOOD SHORTAGES AT IDAHO PRISON

BOISE, March 5 (AP)—Warden P. C. Meredith of the Idaho state penitentiary today reported the institution may run short of funds for feeding and upkeep of prisoners before completion of the biennium.

In a report to the prison board, Meredith pointed out that in the first 14 months of the biennium the prison had spent \$347,688 more than in 1937. The prison was now maintaining an average of 56 more inmates than in the previous period, he said, concluding the increased population was responsible for the shortage.

"I am calling this to your attention," Meredith stated, "in case we are not able to get through the biennium on the amount of money appropriated, then you may know why."

The prison is operated by legislative appropriations and cannot have its deficiencies fixed over the biennium. Meredith said that a special session would be necessary to supply additional funds if the shortage continues.

CITY FEARS NEW CAVE-IN OF MINE

SIENKANDOH, Penn., March 5 (AP)—This Pennsylvania hard coal city of 23,000 lived in fear today that a cave-in from underground mining might kill in West Chester, Pa., as Viscount Halifax, foreign secretary, but apparently awaited an invitation from Halifax, was being given presidential treatment.

Prestige Involved
 Italian Ambassador Giuseppe Bastianini returned from Rome yesterday. He had been in Rome to see Viscount Halifax, foreign secretary, but apparently awaited an invitation from Halifax, was being given presidential treatment.

Hence for the moment there was a stalemate.

Italy needs coal badly and Britain wants to keep the Mediterranean tranquil, and for those reasons hope was expressed here that both governments would move soon to settle their dispute. Italians felt that the British government might at least relax its ban to permit Italy to import German coal which had been held in the frozen Baltic.

An rumors Italy's general protest against the blockade, there was no indication that Britain was prepared to relax it.

RUSSIANS OFFER SWEDEN APOLOGY

STOCKHOLM, March 5 (AP)—Soviet Russia had admitted Red navy planes had bombed the Swedish frontier town of Pajala and, in expressing regret, the bombardment was a mistake. It was announced officially today.

The Russian government deeply regrets the incident," the note said. Earlier Russia had refused to admit any planes had bombed Pajala.

Harriman Views Big Tourist Year

HAIL LAKE CITY, March 5 (AP)—W. Averell Harriman, chairman of the board of directors of Union Pacific railroad, predicted the 1940 tourist season in the west would be better than in 1939 "because of the fact that the tourist season is being passed through here as people from Sun Valley, Ida., and Lake Tahoe, are returning to the Pacific coast."

"The Russian government deeply regrets the incident," the note said. Earlier Russia had refused to admit any planes had bombed Pajala.

Split Looms on Census Resolution

POLL SHOWS 10 OF 20 MEMBERS SUPPORT TOBEY

WASHINGTON, March 5 (U.S.)—A poll of the full senate commerce committee revealed today that 10 of its 20 members favored the resolution of Sen. Charles W. Tobey, R., N. H., to put the senate on record in opposition to questions concerning personal income in the 1940 census.

The United Press poll of committee members, who consider the resolution today, showed 10 for it, six against it, three who refused to commit themselves, and one absent from the city. The four doubtful members, if all of them oppose it, would produce a tie and defeat the resolution.

The poll of the committee showed, for the resolution—10 Democrats—(4)—Bailey, N. C., Clark, Mo., Overton, La., and Slatery, Ill. Republicans—(6)—McNary, Ore.; Johnson, Calif.; Vandenberg, Mich.; White, Me.; Gibson, Va., and Barbour, W. Va.

Against the resolution—Six Democrats—(6)—Sheppard, Tex.; Bilbo, Miss.; Malone, Conn.; Pepper, Fla.; Lee, Okla., and Hill, Ala. Noncommittal—(3)—Caraway, Ark.; Donahue, O., and Mean, N. Y., all Democrats.

Absent—(1)—Radcliffe, D. Md. Mrs. Caraway, Mead and Radcliffe usually vote with the administration. Donahue, an independent Democrat, has supported census bureau operations in the past.

Tobey's resolution, approved yesterday, three to two, by a commerce subcommittee, would not eliminate the disputed questions, but senate approval of it undoubtedly would result in elimination of them by the census bureau.

HEALTH SESSION HERE MARCH 12

Representatives of public health groups will confer with Miss Evelyn K. Davis, of the state organization staff, at a special meeting which will be held at the Idaho Power company auditorium Tuesday, March 12, starting at 1 p. m., Dr. L. C. Krotcher, director of the district health unit, announced today.

Discussion during the meeting will center around the value of public health nursing, the payment of nurses, and other topics. Confering with Dr. Krotcher today on matters pertaining to the visit of Miss Davis, was Mrs. Kathryn McCabe, Idaho director of public health nursing with headquarters in Boise.

At the same time Dr. Krotcher announced that during February approximately 2500 tests and immunizations were given in Cassia county schools. Immunizations given included smallpox, 416; diphtheria, 50; tick skin tests, 489; typhoid, 64. Other tests were not included in the summary, which shows 202 physical examinations were made.

Airport Well Digging Work Gets Results

The Twin Falls municipal airport had a new well today—and there's plenty of water in it. Completion of the well was announced at the city council session last night by M. L. Beath, digger. He reported to councilmen that it was 542 feet deep and that water stands 482 feet from the surface. It is fairly soft.

In digging the well, records show the "digger" took 240 hours extending over a period of two months. Water from the well will be used for domestic purposes at the field and also for sprinkling.

Jerome Chamber Lists Nominees

JEROME, March 5 (Special)—Wednesday, March 20, annual election for directors of the Jerome Chamber of Commerce will be held. In preparation a list of prospective candidates was mailed last week to all members of the Chamber of Commerce, who will nominate 10 men whose names will be placed on ballots.

Each member receiving a list has been requested to check four names and of those checked the 10 highest will be placed on the ballots.

Directors are elected for two-year terms each. Those whose terms expire are H. C. Freeman, A. W. Tingwall, Hal Wallington and Beverly Burke. Halfway members on the board are T. W. Gamble, Ed Quilty, Dr. R. C. Malow and Wallace Jellison.

Prelude to Enforcement Drive

W. H. Madden, senior member of the Kimberly board of trustees, is shown above inspecting an approved type of garbage disposal can which is required under both Kimberly and Twin Falls city ordinances. Officials of both communities today announced that, starting this spring, laws governing the disposal of garbage by home owners and renters of all property would be strictly enforced.

Twin Falls, Kimberly Will Enforce Garbage Regulation

Officials of both Twin Falls and Kimberly today made announcements that this spring the ordinances governing disposal of garbage by property owners and renters would be strictly enforced.

The announcements were made by Mayor Joe Koehler, Twin Falls, and W. H. Madden, senior member of the Kimberly village board of trustees.

Here's Type of Can Main feature of the ordinances of both communities is the type of can required. Such a system will be discussed at coming board meetings. A survey of both communities by city officials revealed that very few residents are meeting the requirements of the ordinances insofar as containers are concerned.

Enforcement of both ordinances will make for cleaner communities. Mayor Koehler and Mr. Madden said in a joint statement.

WASTE BOXES TO AID IN CLEAN-UP

Following a suggestion of the beautification committee of the Rotary club, Councilman Lionel A. Deen today had announced that at least two receptacles for waste paper would be placed in the downtown area between now and April 30.

Deen announced such action would be taken after John E. Hayes, representing the Rotary club, appeared at council session last night. Hayes told councilmen that "it is time we look toward the beautification of our city." He added that the program the club had in mind "was not to do everything at once" but rather "to start on a small scale."

SOMETHING OF INTEREST

Please note carefully for future benefit. Your photographer, C. E. Jacoby, has tried for months to locate the right kind of camera for plain living. The department he is maintaining.

The young man selected, Mr. Roy J. Marlin, is a person with a very fine character, has had several years experience in photographic work, and is a gentleman you will be pleased to have call at your home several times a year. He will carry samples of our various kinds of work, and, on request, will gladly do any photographic work you may desire in your home—a nice family group, picture of the children, or that little tot who has not had a picture yet.

We aim to make this a permanent feature and hope you will aid us in making it outstanding by allowing your home studio instead of traveling to do your work. You will get nice work, fine service, and consistent treatment without the usual high pretense salesmanship. We have endeavored to please men to splendid service and high quality work for the last ten years. Please keep above in mind. Later announcements will be made when our special equipment is ready. OAO Club "Goes Irish" For Next Dance Party

"Oh, Paddy dear, and did you hear the news that's going round?" Faith and it's to be ladies' choice at the "Erin Go Bragh" party that the O. A. O. Dancing club is having March 13 at the Elks ballroom.

And they'll all be after kissing the barley stone, same as the men-folks, for that's the will of the committee. And just as "Erin Go Bragh" was the battle cry of the Irish in days of old, so will be the battle cry of the ladies, "I saw him first," as they seek to fill out their dance programs.

Proximity of St. Patrick's day to the date of the next to the final dance of the season for the club is the occasion for the Irish brogue that the committee is developing, and the fact that this is leap year, gives a doubly humorous angle to the occasion.

Mr. and Mrs. W. B. Brooks are chairman of the host committee, and their assistants will be Mr. and Mrs. Charles Casey, Mr. and Mrs. Roy Washburn, Mr. and Mrs. Harry Elocks and Mrs. Ben Keane and Mr. and Mrs. Tom Peavy.

An informal hour from 8:30 to 9:30 o'clock will be observed, and the club will play Irish shamrock and other symbols of the Emerald Isle, the committee announces.

Lifting Invitations. Expressive of the tempo for the evening are the invitations, which follow: "In the greenest of the green of Old Emerald Ire we'll dress the hall in all its shades and for regency prepare in honor of St. Patrick's we will frolic 'til the morn' And we'll wear our Irish spuds like the truly Irish born."

And in these days of 1940, when the Leap Year brings its own, it's the girls' turn to wear their heels on sleeve for one year out of four.

So at O. A. O. dance it's ladies' choice, and sure they will not take it. Learn how you rate men! Begorra, can you take it?

So with smiles that are happy and much laughter that is bubbling and hearty O. A. O. members will freely make merry at Leap Year Dance and Old Erin Party.

Treasure Chest Opens to Reveal MIA Ball Queen

GOODING, March 5 (Special).—The green and gold ball was given at the Gooding Legion hall Thursday evening with a large crowd in attendance. The hall was attractively decorated in green and gold with a treasure chest scheme used as the decorative motif.

At 9:30 o'clock the lid of a huge treasure chest was opened to reveal the queen, Miss Beth Dixon, and her attendants, Miss Nayoma Tuttle and Miss Rita Jenkins.

The queen was crowned by Miss Maxine Waite, queen for 1939. Titular bearers were Larry Butler and Zola Rae Prince. A floor show was given with Genevieve Singer and Bud Quigley, Wilford Averitt and Maxine Waite, Marjorie Waite and Jack Prince, Delores Singer and Ray Dixon and two couples from Jerome taking part.

Will Wright's orchestra from Twin Falls furnished the music for dancing.

Girls Feted at Trio of Events

The birthday anniversaries of Miss Marjorie Robertson and Miss Jean Parker were the occasion for a trio of delightful events over the week-end at the home of Mrs. Robert Benson and her daughter, Miss Virginia Benson.

Miss Marjorie Robertson and her daughter, Miss Virginia Benson, arranged a slumber party for Mrs. R. W. Parker entertained Sunday evening at a four-course dinner in their honor, and Miss Robertson and Miss Parker presided at a dancing party last evening to celebrate their natal days.

At the dinner party, the St. Patrick's theme was featured in the table cards, the napkins and the green and white birthday cake. The table was covered with a lace cloth.

"Movie-steps" diverted the girls later, Miss Virginia McBride winning honors. Mrs. Robert Benson assisted the hostess in serving refreshments.

Guests were the honorees, Miss Benson, Miss Marina Griggs, Miss Ruthann Hayes, Miss Grace Wegener, Miss Norma Jean Dingel, Miss Doris Gene Crowder, Miss Lily Roselle, Miss Alice Swab, Mrs. Eddie Sexton, Mrs. J. Q. Adams, Mrs. Teller and Miss Alice Sparks.

Five Feted at Gay Card Party

Honoring the birthday anniversaries of Ivan Lincoln, Mrs. George A. Lincoln, Mrs. Calvin Puckett, Charles Meyer and the wedding anniversary of Mr. and Mrs. Puckett, a group of women entertained at the home of Mr. and Mrs. Ivan Lincoln, 818th avenue east, Saturday evening.

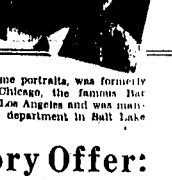

Hostesses were Mrs. Iva Lincoln, Mrs. Delvin Lincoln, Mrs. Charles Morris, Mrs. E. H. Adkins and Mrs. J. L. Berry.

At bridge, honors went to Mrs. George Lincoln, Mrs. Floyd Lincoln, Mrs. Iva Lincoln and Charles Morris. Pinch prizes were won by Mrs. C. A. Blackford, Mrs. June Kirkman, C. A. Blackford and Floyd Sumner.

Traveling prizes went to Mrs. Ed Binder and Charles Morris.

The St. Patrick's theme was featured in the decorations and refreshments.

Mrs. Burkhart Again Heads P.-T. A. Council

Mrs. H. H. Burkhart was unanimously reelected president of the Twin Falls Parent-Teacher association council last evening at the home of Mrs. William Wolter, at a meeting which featured an address by Homer M. Davis, Twin Falls superintendent of schools, on the state equalization fund.

Other officers elected were Mrs. F. G. Kleffner, first vice-president; Mrs. Alphon DeAtley, second vice-president; Mrs. G. W. Burgess, secretary, and Mrs. George C. Halley, treasurer.

Mrs. George Erbland was chairman of the nominating committee. Installation will take place at the next regular meeting, with Mrs. G. W. Burgess in charge of the hospitality and Mrs. William Wolter, the program. The date and place will be determined later.

Communications from Mrs. I. E. Josly, secretary of the Idaho Congress of Parents and Teachers, and from the Idaho Education association, were read concerning the state equalization fund, and from Mrs. Ray Henry, Eden, fourth district president, pertaining to the Neely motion picture bill. Invitation to the Founder's day program at Boise was also read.

A communication from the Twin Falls Rotary club, relative to dental aid, was presented, and thanks to Bert Sweet, president, for his personal cash donation to the dental aid fund.

Each P.-T. A. unit was invited to donate books and magazines for use on the P.-T. A. shelf at the Twin Falls public library.

Mrs. J. E. Tomlin reported on the meeting of the Twin Falls Recreation association, which she attended prior to the council session last evening, announcing that more and larger playgrounds were required to meet the needs of Twin Falls boys and girls, and reminded the group of the baseball benefit game for the recreation fund.

Mr. Earl Johnson reported on a matter pertinent to the P.-T. A. Announcement was made that at the second program on "Homes A-Done," sponsored by the Junior-Senior P.-T. A. study group, Mrs. John E. Hayes would be the speaker. Mrs. Roy Evans announced that the next meeting date would be announced later.

CASS A TOURNEY OPENS HERE WEDNESDAY

SPORTS

HEYBURN QUINTET WINS RIGHT TO ENTER STATE TOURNEY

All Eight Quintets Given Chance to Capture Crown

The greatest basketball show in the state of Idaho will get under way here tomorrow and probably for the first time in history every team entered appears to have a good chance to capture the championship.

The "show" is the annual Class A tournament which will be staged at the Twin Falls high school gymnasium on Wednesday, Thursday, Friday and Saturday—and Monday, if necessary.

The tournament here annually attracts more paid admissions than the state meet held in other cities and will probably more than double the attendance of the state competition which will be held at Moscow this year March 14, 15 and 16. Only one team will represent this sector in the state meet this year.

Early favorite to capture the crown will be Coach Roper's Budge's Amory Bobcats because they have not been defeated this year by a south central Idaho team. However, they had so many narrow squeaks in the last month that forecasters are predicting at least one loss for them in the meet here.

Meet Manager

The Bobcats will meet the Piler Wildcats in their first game. Coach Bill Powers has put out a fighting club this year and is possible that the Piler team, which lost to Burley twice this year by narrow margins, may be the club to turn in the upset. However, the Wilds are severely handicapped by a series of accidents that have hit the team. Amory Peterson, one of their star six men on the team, will not be able to play, following a bad car crash last week. Earl Pond, another capable man, was injured by a fence but will probably see action. Warren Blitzenman, a regular forward earlier in the season, was out for the last month with a broken leg but will be in shape for the meet.

The team that is given the best chance to go through with a final victory over Burley is the Oakley Hornets—a fast-breaking club that has had its ups and downs all season. However, Coach Joe Crane is noted for putting out fighting tournament teams and this could be the Oakley team.

Three Cage Quints Invited to Play In N. Y. Tourney

The Burley and Oakley favorites are the favorites and the other teams are grouped to follow behind. Twin Falls Burs may have a chance with Bill Poulos out of the hospital and back in the lineup. However, he is still recovering from a weakened condition after a blood poisoning attack, and won't be at his best. The Bruins, during the regular season, have lost to Burley and two to Oakley, split even with Rupert and Jerome and won two each from Coeur d'Alene and Shoshone. Outside of games in this conference, the club won from Nampa and lost to Coeur d'Alene, Palla and Boise.

Buhl Indians, defending champions, may furnish the "dark horse" aspects of the meet. Coach Floyd Luff's boys have showed continued improvement all season. He has only one man in his starting lineup who is a senior and is likely to be plenty young next year. On the other hand, Luff says he "wouldn't be too surprised" if his boys won a national title in the future.

Indians Meet Roper

The Indians tackle Rupert Pirates in the first game. Buhl has already beaten the Pirates twice this year—but, as Luff says, the third time is something else again.

The Pirates have waxed hot and cold. They have one of the outstanding young basketball prospects in southern Idaho in young Shemak, a sophomore center who has been nothing less than a sensation. He scored 10 points Friday night as the Pirates upset Oakley.

Coach Bill Berg has been testing his Gooding Senators for this meet and his club held off a tall week before taking on the Jerome Tigers last Friday. The Senators added in the last half to annex a close victory. Coach Berg's team lost two close games in the regular season and has played good ball in several other losing ventures this year.

Deal Boise Club

The best game the Senators probably played was in securing a victory over an invading Buhl quintet.

Ed Jensen, Coach Dolan's Rockboles the finest guard and one of the best scoring threats in Idaho Class A circles in John Steile.

The deal has been the mainstay in the Tiger team in nearly every game this year and was largely responsible for the Jerome cage team's victory over the Twin Falls club on the local floor Tuesday. The Tigers' chances depend about 90 per cent on whether John Steile is hot or cold.

The opening day schedule pits Gooding against Oakley at 3:30 p. m. and Twin Falls against Palla at 4:30. Both these games are on Wednesday.

At night Piler and Burley will tackle Buhl at 8:30 and Palla and Buhl and Rupert teams follow on the floor at 8:30.

Braddock and Gould Sue Mike Jacobs

NEW YORK, March 5 (UP)—Promoter Mike Jacobs scoffed good naturedly at the \$104,201.84 suit launched yesterday against him and his 20th Century club by James J. Braddock, former heavyweight king, and his manager Joe Gould.

In this breach of contract suit, Braddock and Gould claim Jacobs owes them 20 per cent of the net profits of the nine heavyweight title fights staged at Madison Square Garden cooperation '37 to Jacobs' 20th Century club in June, 1937. They estimate the profits at about \$600,000.

Jacobs smilingly dismissed the suit as follows: "It's so ridiculous it's a joke. I'm surprised at the boys trying to stick me up like this. It's so silly I'm getting a pain in my side from laughing. I'll talk more about it later after I've conferred with my attorneys."

But it is no laughing matter with Braddock and Gould. They charge a contract entered into with Jacobs on July 1, 37—a week before Braddock lost the title to Louis—secured them 20 per cent of the net profits of ticket sales, movie, television and radio rights for all heavyweight bouts promoted by Jacobs for 10 years, starting on the contract date.

They were given this contract, they claim, in consideration for Braddock's shift from the Madison Square Garden cooperation '37 to Jacobs' 20th Century club.

Braddock and Gould state that they have received but \$20,788.38 from Jacobs under their contract and the promoter still owes them \$104,201.84.

Paul Loses in Close Play-off Contest By Score of 19-17

WENDELL, March 5 (Special)—A happy band of Heyburn Panthers today took things easy as they prepared to enter the Class B state basketball tournament at Lava Hot Springs next week-end—March 14, 15 and 16.

Coach Dick Stevens' club earned the right to represent all of south central Idaho here last night by holding off a stubborn Paul quintet's desperate last quarter rally to take a 19-17 victory.

The win sent the Panther cagers to the Lava tourney where they are rated at least on a par with the other leading clubs entered in that meet, with just about as good a chance as the next team to win the state crown.

Last night's little play-off was witnessed by another record crowd and ended down to their brand of play. Nyklund announced today that the receipts for the meet, exclusive of last night's contest, fell short of only one other total in the history of the Class B district—a meet held at Shoshone in 1931.

Heyburn Gains Lead

The Heyburn club got away to a good start, playing eight minutes without a foul and held a 4-0 lead at the end of the first frame and a 10-0 lead at the end of the second. Stevens played cautious ball. However, Paul was fumble. Here that first quarter and several times lost the lead before getting a shot at the basket.

In the second frame both outfits settled down to their brand of play and Paul counted eight points—but the Stevens' club had 10 to get a 14-8 advantage at the half-time.

However, the second period led to Brown, speedy Paul forward, sank two of the longest baskets of the tournament. He dunked the ball from the half line from each side of the floor.

The play in the third period saw eight minutes go by without a foul goal. During that time Heyburn collected three free throws out of three tries and Paul made good on one out of three to put the count at 17-9 as the final period got underway.

Paul Club Clicks

And that's when Coach Speed Ruhl's quintet really got down to business. The Paul club started ruzzing the ball and with five minutes to go had brought the count to 17-11. Then a pair of free throws made it 17-13.

Here Pauler got a field goal to make it 19-13, but Joe Platta got out for the Paul quintet and Brown came right back and another to make it 19-17. But that ended the scoring and Heyburn had the ball when the final gong sounded.

At the conclusion of play championship trophies were awarded by Douglas Bradshaw of the Wendell Chamber of Commerce to the champion Heyburn team and the runner-up Paul club. The Idaho Evening Times and Twin Falls News then presented gold and silver battle awards to members of the all-star tournament team.

Humbler, Jerome, scored a technical k. o. in the second round over Stewart, Filer, 10.

Holloway, Jerome, dethroned Harding, Filer, 12.

Wegener New Head Of Idaho Sportsmen

BOISE, March 5 (UP)—Theo H. Wegener, Boise, yesterday was elected president of the Idaho Wildlife federation to succeed R. G. Cole, also of Boise, who has served for the past four years. Paul Cole of Moscow was elected vice-president.

The federation, composed of representatives of apartment clubs throughout the state, adjourned its annual meeting after passing resolutions for election only those state legislative candidates favorable to the commission form of fish and game management; recommending establishment of Junior Wildlife clubs; favoring control of stream pollution and screening of irrigation canals; urging passage of a bill in congress providing for fish restoration and management projects.

Sunday, the federation representatives heard fish and game officials outline future game management projects.

Representatives from Twin Falls county at the meeting selected W. H. Fribe, chairman of the Fourth District Associated Sportsmen club, as representative from this area to vote in the election of the president of the national sports association headed Jack "Tugue" of Duluth for the post, but the opposition brought in proxies to elect to control.

In the new set-up of the Idaho Wildlife federation, each of the five districts in the state will have a total of four representatives, one of which will serve on the board of directors as a vice-president. It is expected that the chairman of each district will take the vice-presidential post.

For the purpose of electing a new man to the board from the fourth district, Chairman Fribe has called a meeting of all club representatives from this area to convene at Pallas on Monday, March 25.

Hostak Offers to Meet Garcia for Middleweight Title

SEATTLE, March 5 (UP)—Al Hostak, middleweight boxer of the world where the national boxing association rules supreme, signed a contract offering to meet Crefino Garcia, champion in New York and California, at Seattle May 21, and sent it to Garcia today.

The NBA has ordered Hostak to defend his title or abdicate, so a notarized copy of the contract was sent to that body. Garcia has demanded a bout with Hostak, but insists it be held in New York.

M'CLUSKY FUND DRIVE ARRANGED

A four community campaign, for the purpose of raising funds to pay for construction bills now owed on the McClusky health camp at Buhl, was announced here today by Mayor Joe Koehler. Twin Falls, Koehler, known as "godfather" of the health camp, pointed out that last year's drive for funds brought in some \$190 and was used to match WPA funds in camp construction work. The amount was inadequate, however, and as a result bills for material now due come to approximately \$450. Mayor Koehler said that the WPA work is expected to continue in the immediate future and that it is necessary that the \$450 be raised by, or shortly after, that time.

The drive, he said, will center in Buhl, Twin Falls, Kanderly and Fair. Last year records show, Kimbrell failed to raise the quota assigned to it, and for that reason has received the same quota for the present drive.

The quota, by communities, follows:

Twin Falls, \$200.
Buhl, \$100.
Kanderly, \$100.
Fair, \$50.

SAFETY PLAY ON ASSEMBLY SLATE

A play on safety by the Otterwa group of Camp Fire Girls, as a part of the skitful living project for the birthday luncheon this year, will be given at Twin Falls junior high school assembly tomorrow afternoon.

Guardians of the group is Mrs. John E. Hayes. Girls wrote the play themselves, on pedestrian and bicycle safety, as a part of skitful living.

In the cast will be the announcer, Marion Griggs; mother, Doris Gene Crowley; two little girls, Virginia McBrayer and Margie Robertson; Camp Fire Girls, Norma Jean Dingel and Grace Wegener; boys, Jean Parker and Mary Virginia Benson, and policeman, Ruthann Hayes.

Ninth grade mixed choir of the school, directed by Miss Lucille Norell, will sing "Far Away" and "Call of the Road."

DEBATERS VOTED HIGHEST RANKING

Affirmative debate team for Twin Falls high school rated highest in student opinion in the invitational tourney which it attended Friday and Saturday in Blackfoot, according to Gerald Wallace, coach. Harry Dinger, Twin Falls, was judged the best affirmative speaker.

Students attending the debate voted, after competition was over, on the best teams and individuals. During the meet, Twin Falls teams met squads from St. Anthony, Sugar City, Rexburg, Rigby and Blackfoot. Don Martyn and Harry Dinger form the team which was voted high. For negative teams, Blackfoot rated highest in student opinion.

Cub News Issued

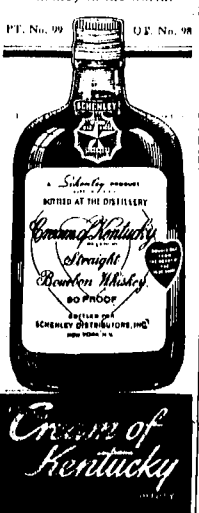

A rabbit gazing into a mirror decorated the bright green cover of the March issue of the Cub News, publication of Twin Falls junior high school which was given out to students today.

Included in the issue were the regular features, including a page of Camp Fire and Boy Scout news, a page on hobbies and a group of articles by several students. Questions for the Inquiring Reporter, "What is your favorite month?" Features covered the two holidays of the month.
