### AGED PAIR TAKES CO-OP SPOTLIGHT

**JEROME, March 6 (Special).**—Records of the state were heard yesterday during the 25th annual meeting of the Jerome Cooperative Creamery company but Mr. and Mrs. G. A. Sallee, Wendell, took the spotlight.

Reason was that the elderly couple was honored as owners of the highest producing herd among cooperative members.

But another announcement concerning the couple was probably of greater interest to their many friends. John P. McIntyre, president of the company, pointed out that on Wednesday, March 20, the Sallees celebrate the 61st anniversary of their wedding. More than 800 persons looked on in the Voria theater as Mr. McIntyre presented Mrs. Sallee with a bouquet of roses.

Records show that Sallee's herd produced 9,214 pounds of butterfat during 1939, an average of almost 310 pounds for each cow. The winner farms 360 acres. The winner farms 360 acres. The winner farms 360 acres.

Sallee is 85 years old and his wife is 80. They are the parents of eight children and since coming from Missouri 28 years ago have operated farms on the Salmon tract and also on the Twin Falls tract before moving to Wendell.

Despite his years, Mr. Sallee "puts in full days" of work every day. Mr. McIntyre declared during the presentation ceremony.

The silver anniversary meeting was opened by President McIntyre who declared it was "a momentous day in the history of this organization. It commemorates 25 years of ups and downs and competitions."

The auditor's report was given by Warren Vickery, certified public accountant of Pocatello. He pointed out that the Jerome cooperative was the largest he had occasion to examine. He added that during the past seven years, a consistent gain in butterfat production has been shown.

Annual report was presented by Roy D. Smith, general manager. He pointed out that creamery membership at the present time exceeds the population of Jerome.

We have shown substantial gains in the stability and membership," Mr. Smith said.

George H. Lawshe, only surviving member of the original board of directors, formed July 20, 1915, and briefly outlined early history of the organization.

These spoke also speaking briefly during the program were S. C. Perry, state director of dairying; D. T. (Bert) Bolinger, Twin Falls county agent; C. A. Youngstrom, extension economist and secretary of the Idaho Co-Operative Dairy Producers Council; George Tucker, state director of dairying; and E. T. Taylor, Coeur d'Alene, state Grange master. Taylor called for cooperation between all groups in order that farmers and businessmen might both succeed.

Also on the speaking program was Clyde C. Blomquist, general manager of the Utah Poultry Producers Cooperative association and the Big Lake Milk Producers organization.

Entertainment was furnished by Harry Snyder, Rupert magician.

With a unanimous vote, Mr. McIntyre, Jerome; Wheeler O'Harrow, also of Jerome; A. H. Jagels, Buhl, and C. C. Nelson, Rupert, were returned to the board, each to serve for three-year terms. Holdover members of the board are O. H. Allee, Jerome; H. Hempleman, Twin Falls; G. H. Erwin, Richfield; R. O. Ward, Wendell; J. C. Knott, Edwara; J. Jacota, Declo, and Zan Atwell, Gooding.

Among the first 10 members ranking highest in production of butterfat were Joe Gettier and Ray Harbor, both of Rupert; Phillip Kennicott, Hingman; Lona Blar ranch, Jerome; L. A. Hanson, Twin Falls; W. T. McCauley, Arma; Danier and O. M. Emerson, all of Buhl; A. L. Heyercomb, Piler.

The meeting was termed one of the most successful ever staged by the organization. An estimated 1,000 persons attended during the day.

Members of the election committee were E. M. Gregg, Jerome; H. V. Luke, Burley, and John Feldhusen, Twin Falls.

**Haworth Resigns Young Demo Post**  
BOISE, March 6 (AP)—Rosa Haworth, assistant secretary of state, today resigned his position as executive secretary of Idaho Young Democratic club.

In a statement accompanying his resignation, Haworth said since "Young Democratic club will take part in the campaign in behalf of all candidates and in view of my position, I deem it advisable to resign."

The resignation was sent to Allen H. Newman, Lewiston, president of the state organization.

### Here's a Highlight at Jerome Meeting of Cooperative

Taking the spotlight at the 25th annual session of the Jerome Cooperative Creamery, held in Jerome yesterday, were Mr. and Mrs. G. A. Sallee, Wendell. Like-wise, Jerome is a "red letter" month for them. Yesterday they received honors for having the highest producing herd of any of the creamery members and on March 20 they will observe their 61st wedding anniversary. In the picture above Mr. Sallee (left) looks on while John P. McIntyre, Jerome, (center) congratulates Mrs. Sallee. Looking on (back row, left to right) are C. C. Nelson, Heyburn, and A. H. Jagels, Buhl, who were re-elected to the board. An estimated 1,000 persons attended the session. (Times Photo and Engraving)

### Speaker Sees Chance of Nazi Troubles at Home

Because of the great sacrifices being made by the German people, a revolution might be expected if the British blockade continues to grow stronger or if the "horrors of war" are brought close to the people by actual fighting in Germany, Miss Gladys M. Perrow declared here today.

Miss Perrow spoke before more than 400 persons in the high school auditorium last night as the first of several speakers on the Institute of International Understanding program sponsored by the Rotary club. She was introduced by Rev. G. L. Clark, pastor of the Presbyterian church. Opening the session was I. Bert Sweet, Rotary club president.

The speaker declared there are three divisions of German people. There are those who are fatalistic, are merely glad to be alive and offer no resistance or support. There are those who are dreamers and who look into the future, insisting that Socialism is only a passing phase. Finally there are those who see Hitler as the epitome of what might have been attained in their frustrated lives," Miss Perrow said.

Aside from Hitler's personal force, she continued, the German people are ruled by lies. These lies are (1) war makes people virile, peace is stagnation; (2) individual creative expression has no place in national Socialism; (3) men can never be

brothers because of the survival of the fittest, and (4) Germany is surrounded by a ring of enemies that are hourly plotting her destruction. During her interesting address, the speaker also described reintegration of youth and a building program designed to give the German people the feeling of physical security. She also told of restrictions in use of food.

Miss Perrow, for six months, resided in Germany as a German citizen, having married a German importer. She is now once more an American. She resides in Illinois. "Hitler came to Hamburg three days before my boat was to leave. I wanted to see him and to see how Germans reacted in his presence. She recalled how she stood for hours, staying near the curb of the street. She said that Hitler's approach was greeted by a rhythmic chant, and when he appeared, she was impressed with the fact that his face was emotionless.

"I don't know whether it was Hitler's personal force, or the electrical impulse that passed through the crowd, but I was also affected by the psychology of the moment," she declared.

Next speaker in the series will appear at the high school the evening of March 12.

### PRESIDENT BACKS HATCH MEASURE

WASHINGTON, March 6 (AP)—Senate defenders of the Hatch "clean politics" act, cheered by President Roosevelt's support, predicted defeat today of what they charged was an attempt to "emasculate" the law.

Sen. Carl M. Hatch, D. N. M., author of the act and of pending amendments to extend its scope to state employes who are paid in whole or in part with federal funds, was confident of success after Mr. Roosevelt announced yesterday he agreed in principle with the theory of the Hatch amendments.

### 4 COUNTIES VOTE BEET AGREEMENT

**JEROME, March 6 (Special).**—Announcement was made here today that the Lower Snake River Beet Growers association has completed negotiations with the Amalgamated Sugar company for a 1940 sugar beet contract.

The announcement was made by H. S. Blockton, president of the association which includes the counties of Cassia, Jerome, Gooding and Lincoln.

The negotiations were concluded after several meetings of grower-directors and sugar company men, each group making some concessions. The final draft having a ratio as high as 10 cents in some of the lower brackets over 1939 contract.

It was further agreed by the sugar company that the pulp distribution and price will be determined by a local committee in each factory district meeting with sugar company men on a date not later than Sept. 1, 1940.

The company also agreed to make an initial payment of not less than 90 per cent of the anticipated net return of sugar.

In negotiating this contract the directors have done so with full realization that the growers will be benefited by having a contract in time for early seeding. This will insure the best industry of the state by increasing acreage, also increasing amount of labor employed," Blockton said. He added:

### Injured Athlete In Good Condition

Hospital attendants today termed as "good" the condition of Arnold Peterson, 16, Filer, who was injured a week ago Sunday in an automobile accident on highway 30 west of here.

Peterson, a Filer high school athlete, suffered a fractured skull. Records show he is conscious at times.

### BOY, 8, HURT BY BUS, HOLDS OWN

Dean Clark, 8, was said by the attending physician to be "holding his own" at Buhl this afternoon after being run over by a school bus Monday about 4:15 p. m.

The boy, a son of Mr. and Mrs. H. L. Clark who reside north of Buhl, either fell or was accidentally pushed from the bus as it slowed down to stop in front of his home, state police who investigated, said.

The physician said the boy is suffering internal injuries, lacerations and a broken hip. He is in a semi-conscious condition.

After the lad fell from the bus, the right rear wheel of the big vehicle passed over his body. State

police said that apparently the door to the bus snapped open as one of the students accidentally struck the handle. The machine was operated by Bob Maxwell, Jr., 21, Buhl. Police said no criminal intent was involved and that "it was purely an unfortunate accident."

"The boy is in the Buhl hospital."

# STALIN MAY BE SET FOR PEACE AFTER VIIPURI FALL

## ALTERNATIVE IS CONTINUANCE OF COSTLY CONFLICT

By WEBB MILLER  
LONDON, March 6 (Special)—In the main quarters here and in Scandinavia there are two possible answers to what will happen in the Finnish war after the Red army occupies Viipuri.

One concerns the possibility Josef V. Stalin will be ready for peace after achieving a victory on the Karelian isthmus.

The second is the Finns will fight on vigorously from along new defense lines and there will be a long war of attrition.

The fall of Viipuri, which was Finland's second largest city but is now mostly in ruins, cannot long be deferred but even this rupture of the right end of the original Mannerheim defense will not necessarily mean a disastrous collapse of Finnish powers of resistance.

The Finns admittedly are suffering their most serious blows as a result of the Red army wedge which has been hammered by the overwhelming weight of tanks, artillery and man power through the main Mannerheim line on the western part of the isthmus.

Center, Left Bill Heald  
But the left or eastern end of the line, anchored at Lake Ladoga, and most of the center still will require tremendous Russian pressure to turn.

The Finnish general staff, it was informed in Helsinki, long ago foresaw and prepared for possibility of the fall of Viipuri.

The Finns held in two months in Finland indicated a gradual attrition of man power and material rather than a sudden collapse of the Finnish resistance. As long as six weeks ago, I saw new defense lines and anti-tank obstacles in construction many miles behind Viipuri.

But if the war is decided on a purely military basis, the Finns cannot withstand for months after the month the unceasing assaults of masses of men, tanks, artillery and airplanes. That use of mass power has been strongly in evidence in these deciding days of conflict on the Karelian isthmus where the Red army ploughed ahead despite tremendous losses and as a result fresh troops were constantly poured into the attack.

Need Replacements  
One of the most serious aspects from the Finnish view point is they have been unable to relieve their men for sufficient rest periods, in contrast to the lavish use of replacements by the Russians.

Several additional factors enter into the next phase of the war in Finland. One is the number of foreign volunteers, but so far they have been only a fraction of the number required to replace Finnish casualties. Due to political and geographical difficulties, there seems no immediate prospect that sufficient foreign man power will be made available to compensate for losses already suffered by the Finns. The allied powers are sending only a trickle of volunteers and the Scandinavian countries have ruled against permitting passage of any possible expeditionary force through their territory.

The weather will continue to be a paramount question in the Finnish defense. If the Finns can hold out until the spring then they will gain an invaluable breathing spell. Then the break up of the ice on the lakes again will restrict the ability of the Red army to maneuver.

## Beet Situation Concerns Grange

RUPERT, March 6 (Special)—Under the general supervision of the master, L. F. Caudaux, the Rupert Grange met Friday evening in the Christian church annex. M. E. Willis, president of the Minidoka County Beet Growers' association and vice-president of the state organization, spoke on the "Beet Situation." Grange lecturer, Mrs. W. E. Jackson, presented the following program: A vocal selection by male quartet, Clyde Benton, Eugene Stump, Paul Kohler and Angelo French with Mrs. Floyd Britt at the piano; and a lecture on "Landscape Gardening" by E. R. Bennett, University of Idaho extension department horticulturist.

The evening concluded with a social hour and refreshments served by Mr. and Mrs. Angelo French, Mr. and Mrs. Clarence Gibson, Mr. and Mrs. John Ommerson and Mr. and Mrs. Walter French. John Wesley, founder of Methodism, made it a practice to rise at 4 o'clock in the morning. In later life he remarked that he had risen at that hour for sixty years.

## Head of the Class—and fit to be Tried!

There are a lot of things about this stunning 1940 Buick to claim your attention—that is, if you really want to know what's what in motorcars.

For instance, you've got to admit that its style has done a lot to brighten up and beautify the boulevards.

And, from the way folks are swinging over to Buick, it must have something value-wise that's important for you to measure.

What you hear about its quick-off-the-mark engine and the silkiness it gets from balancing after assembly certainly calls for inquiry.

So do the rave notices BuCoil Springing gets and the talk you hear about five-foot front seat room in the Surrea

and its Foamtex cushions soft as a down puff. But skipping this—even skipping the fact that Buick's prices are lower than some sixes—there's one thing that alone is enough to send you hot-footing to your Buick dealer.

That's the obvious fact that as Buick goes these days so goes the industry.

It set this year's pace last year—and right now it is plainly the car others will be like "some day."

So do the obvious thing. Go try out this superb traveler.

Even if you don't discover that Buick is an immediate "must," you'll decide you'll never be really happy till you have one.

### Stella Stettler Weds At Seattle Ceremony

Miss Stella Beryl Stettler, daughter of Mr. and Mrs. Lee G. Stettler, Seattle, Wash., formerly of Twin Falls, became the bride of C. Marvin Brewer, son of Mr. and Mrs. Merion E. Brewer, Auburn, Wash., Saturday afternoon at the University Lutheran church in Seattle. The bride is the niece of Mr. and Mrs. Ernest F. Stettler of this city.

Rev. John Logan, intimate friend of the bridegroom's family, read the service at 4 o'clock. Pink blossoms and Easter lilies decorated the church and the altar was banked with white flowers and flanked by candelabra. Mr. Stettler gave his daughter in marriage.

**Gowned in Chiffon**  
The bride wore an informal gown of ice blue chiffon over blue tulle, fashioned with a shirred bodice and full skirt. Her matching turban of chiffon was worn with a short veil and she carried a basket of white lilies set in sprays of pink sweet peas and gardenias. White satin shoes and white gloves completed the ensemble.

As the bride's only attendant, Miss Elizabeth Phillips wore rose pink tulle and carried a basket of white lilies and pink roses. A pale pink ostrich plume was in her hair.

Edwin Kinnebrew III of Tacoma served as Mr. Brewer's best man. Ushering were Leo G. Stettler, Jr., and Mrs. E. G. Stettler, Jr., Mendocino, Vancouver, Mrs. Fred Harris playing the wedding marches and Loren O. Davidson sang.

**Wedding Reception**  
A reception at the home of the bride's parents immediately followed the ceremony. Pouring were Miss Margaret Nelson and Mrs. Edwin Peterson. Mrs. Stettler chose for her daughter's wedding a simple gown of China tea crepe with black and white accessories, while Mr. Brewer wore navy blue crepe with coral accents.

When the couple left on a wedding trip to Timberline Lodge, Mrs. Brewer wore a black and white dressmaker suit with matching accessories. Mr. Brewer wore a suit to be at home to friends after March 15 at 763 Belmont place.

**Century Club to Plant Evergreen At Local Library**  
Twentieth Century club will give an evergreen tree to be planted at the corner of the Twin Falls public library grounds, and dedicated to all pioneer clubs in Idaho.

This decision was reached at a business session of the Twentieth Century club yesterday afternoon at the Park hotel, presided over by Mrs. J. W. Newman, president.

**Rebekahs Change District Meeting**  
With Mrs. Cora McMill as president and Mrs. Ella Chase as secretary, district meeting of Rebekah lodge will be held at Twin Falls Tuesday, April 2. The meeting was originally scheduled for March 18, but has been postponed until the latter date.

### Speakers Clarify Republic's Needs At Dinner Session

"One of the greatest needs in a democracy is a better understanding and a greater appreciation of our country," Mrs. Genevieve Dwight told members of the Twin Falls, Gooding and Buhl Business and Professional Women's clubs who assembled Monday evening for dinner at the Park hotel.

"This matter of needs will take the best efforts of the best people of all political parties to work out," she continued. "When do you remember hearing much talk about democracy?" she asked her audience. "Wasn't it when we want boys over to make the world safe for us? Then we gradually got to speaking of the United States as a democracy when in reality it never has been. It is not now and with Jefferson I say, 'God save our land from ever becoming a democracy.'"

"The framers of our government debated long and earnestly over the question of the form of government to be adopted," she said. "The framers distinguished between these two forms of government is that in a democracy the people meet and exercise their own will, while in a republic the government is administered by elected representatives who act as trustees for the people."

**Must Rule Selves**  
Continuing Mrs. Dwight declared that it is the responsibility of the people of this country to properly elect their own men, she believes there is no place in our public school system for a teacher who is not an expert in his own field.

Her answer to the question of public opinion was that the people should think in terms of the underprivileged and think in terms of all. Stop putting a premium on the money and give reward to the greatest spur to ambition."

Mrs. Doris Stetson, Twin Falls county superintendent of schools, presented a concise survey of educational and school needs, particularly in Twin Falls, drawing attention to the fact that in the past five years, 1,000 pupils have migrated from other states, enrolling in Twin Falls schools.

**Teacher's Duties**  
The teacher's most important task is the development of character; the development of teaching pupils to think for themselves, and there is a growing trend away from the multiple-choice method to the system which the pupils are only given the answer instead of several, thus enabling teacher and pupils to become better acquainted, she said.

# BRITAIN PREPARES REJECTION OF ITALY'S PROTESTS

## SEVEN SHIPS ARE HELD WITH COAL LOADED BY NAZIS

**LONDON, March 6 (Special)**—Great Britain was understood today to be preparing a firm but conciliatory rejection of Italy's protest against the allied blockade of German coal exports.

The fact that Italy challenged the principle on which the entire blockade of Germany is being conducted by Britain and France was regarded here as making rejection of the Italian protest a certainty.

Authoritative sources said Britain would not accept the Italian position without undermining the entire blockade.

Seven ships had been seized and others were reported at the entrance to the Downs, under warship escort, awaiting orders to anchor at designated spots.

**Lay at Anchor**

Pawns in a first class diplomatic dispute caused by Britain's decision to include Italy's sea-borne coal supply from Germany in its export ban, the ships lay at anchor in the sheltered downs, between the British coast and the Goodwin sands, awaiting orders of British contraband control authorities and the outcome of any exchanges between the British and Italian governments.

The 7,987-ton Italian steamship *Orata*, with 11,200 tons of German coal, had set out as the bell weather of an Italian coal fleet, to test Britain's decision, as was the 5,968-ton *Loasso* soon afterward.

**Other Ships Seized**

Despite evidence of Italian acquiescence, and anger, other ships were seized as they arrived opposite the downs.

They included: *Nimidia*, 5,339 tons; *Felice*, 5,639 tons; *Adelia*, 4,179 tons; *Caterina*, 4,766 tons; and *Ermasio*, 7,272 tons.

The *Luigi Ranza*, 4,319 tons, and *Fernando*, 4,421 tons, had been lying in the downs for several days. (They were believed not to be coal ships).

Other ships were waiting at the mouth entrance to the downs for orders to proceed inside and anchor to await disposition of their cargoes by the contraband control office here.

**Decision Was Delayed**

Each ship was escorted into the downs by warships assigned to blockade duty.

Impervious to Italian anger, the government seemed determined to continue coal seizures, its decision to include Italian sea-borne coal in the blanket ban on German exports had been long delayed, and was made finally only after failure of negotiations which would have provided British coal for Italy, and after angry protests from small neutral nations that Italy, the only non-belligerent great power of Europe, was being favored.

## Electricity and Farm Discussed

**SHOSHONE, March 6 (Special)**—Lincoln County Pomona Grange met Friday at Dietrich for an all-day session. H. K. Putzier, local manager for the Idaho Power company, was the principal speaker of the day. He gave the members a detailed resume of statistics concerning the costs of the miles of lines and kilowatt hours produced.

He also showed where they, as farmers, benefited and were helped in their everyday work by electricity.

Mr. Putzier stated that when all the rural electrification was completed, Lincoln county would have one of the highest percentages of electrification for any county in the state of Idaho. Dietrich Grange, acting as host, served a hot lunch at noon to the 20 members of the Pomona Grange present.

The next Lincoln county Pomona meeting will be held May 3 with Magic Orange as host.

## Butter Production In Idaho Advances

**BOISE, March 6 (AP)**—Despite much colder weather, creamery butter production for Idaho increased eight per cent in January over the same period last year. A total of 2,625,000 pounds was produced during the first month of 1940, agricultural statisticians reported today.

## SNOW GAINING IN KETCHUM REGION

The snow is still climbing in the Ketchum-Sun Valley region, according to the report received here today from F. B. Moore, Sawtooth national forest supervisor.

Average depth at Ketchum Monday was 20 inches, a gain of two full inches over last week. The total now is only four inches less than at the same time in 1939 but is fully 19 inches below the heavy 1938 snowfall.

**Hayley Unchanged**

Hayley remained unchanged at 15 inches, but all higher levels in the Sawtooth sector showed substantial gain in snow depth, Mr. Moore said. Galena soared to 54 inches, a gain of eight in one week. Old Baldy 30 went even higher with 58 inches Monday—an increase of well over one foot in depth. The top Baldy sector had 42 inches a week ago. Now, with 58, it is eight inches deeper than a year ago.

Pairfield stood pat with 14 inches on the Malad watershed. In the south Boise river drainage area, including Featherly, Rocky Bar, Big Spooky ranger station and Baumgartner, depths declined a few inches all along the line.

**Williams Ranch Gains**

Williams ranch in the Sawtooth valley, advanced to 30 inches of snow from 26 a week ago.

Cumulative total at Hayley since Oct. 1 continued its gain, reaching 52.20 inches compared with 47.60 a year ago and 74.62 average.

## St. Louis Boss On Spot in National Race

By HARRY FERUGSON  
ST. PETERSBURG, Fla., March 6 (UP)—There's a spot of serf, yellow grass in the outfield at Waterfront park and Manager Ray Blades of the St. Louis Cardinals is on it.

That's where he is this season—on the spot.

People already are picking his team to win the National league pennant and are saying this former league manager may be the one who puts together the combination that will end the reign of the New York Yankees in the world series.

It wasn't that way last year when Blades took over the Cardinals. Nobody expected him to do much and everybody was surprised when he brought the Cardinals into the stretch in a knock-down fight with the Cincinnati Reds for the pennant. The Cards finished four and a half games behind the Reds, but Blades' reputation was made.

"Tomorrow It May Rain."

This is his baseball philosophy, spoken as he squinted through the sun at fielding practice:

"Tomorrow it may rain."

He meant he proceeded on the theory that the thing to do was to win today's ball game and let tomorrow take care of itself. The result was that he was criticized for hauling pitchers out of the game too fast for overworking veterans such as Curt Davis who won 22 games and led 18, for benching Ducky Metcalf in the late innings of several games and sending Lynn King to left field on the theory it strengthened the team defensively.

In short, Blades used every man on his squad. If necessary to win today's ball game and tomorrow's tomorrow it may rain.

"That's the way it's going to be this year, too," he said today. "I'm not trying to tell other managers I have the best system. I'm just trying to tell them what to do. But I've found out both here in the national race and in the minor leagues that if you throw everything into today's ball game, the system will work 75 per cent of the time. If it does, you're likely to get up there fighting for the pennant."

**Team Lineups**

## Bowling Congress Starts in Detroit

DETROIT, March 6 (UP)—The bowling congress in Detroit is in history opens at the Detroit Coliseum tomorrow for a run of 62 days.

More than 30,000 ball and pin experts have entered from the United States, Canada and Hawaii. There are 6,073 five-man teams, 1316 doubles and 20,874 singles. Prizes total \$240,000.

## Morris Goes North On Inspection Tour

BOISE, March 6 (UP)—State Game Director Owen W. Morris left yesterday for an inspection of north Idaho fish and game projects and will confer with sportsmen and forestry officials.

His itinerary included meetings at Moscow, Lewiston and Coeur d'Alene, returning here March 32. Morris will leave for Washington, D. C. to attend a meeting of the national wildlife federation.

## Mac and His Wife Do a Little Arguing on Fine Art of Cross-Country Driving

By HENRY McLENNON  
EL PASO, Tex., March 6 (UP)—I am known for having one of the finest one-track minds in this country.

When I go to a baseball game, I write about baseball, talk about baseball and think about baseball. When I go to a cat show I write about cats, think about cats and even purr when I pass a wazoo line.

I can't help writing about touring across country in an automobile today. That is just what I do. It would be accompanied by one of the world's foremost bookend drivers, who has to sit in the front seat because of her hat boxes, her traveling case, her presents for friends and relatives, her suitcases, her purchases along the road.

A fortune awaits the man who can invent attractive ideas for women who want to sit in the car. It is now, women are capable of spotting bargains in every conceivable line of merchandise as far as a mile off the highway.

Give a woman her head on a cross-country tour and a man couldn't drive from Wichita, Kan. to Florida within a year. And when he finally completed the journey it would be accompanied by one surrounded by "wonderful bargains."

Why is it that women touring in automobiles always get hungry and thirsty and demand to stop immediately after a man has used every bit of the skill in passing enormous trucks, buses, and mammoth road-scraping demonstrators? Well, both men and women who want to stop and are argued out of stopping.

Selection of an eating place is another cross that the male cross-country traveler has to bear. When you have lost judgment due to pulling over, and letting those enormous fellows pass you, and then are informed the napery is not clean enough, or that there is nothing on the menu fit to eat, you go grumpy on until, strictly from hunger, you settle on a roadside place where the napery is not clean and there isn't anything on the menu fit to eat.

Tomorrow we have some 600 miles to drive to get to Dallas, and I can already hear the trucks and buses roaring by our putative bargain basements as my wife quizzes the natives as to whether it is real wool, whether the bedspread is all handwork, and if they grind their own meat for the hamburgers.

Written by Jean M. Lamm, 6 (UP)—The only one-track mind left, if he had his way it would be a non-stop, non-rest, non-stop machine between Dallas, Texas and Florida. And then I have to spend the rest of my life hearing him tell what good time he made on the trip.

## SPORT SQUIBS! by Hal Wood

WE'VE BEEN TAKING IT ON THE CHIN—BUT WE'RE BACK FOR MORE AND HERE ARE OUR PICKS FOR THE CLASS A TOURNEY

Now, if we only had some easy job like an umpire on the baseball field—or even that of the referee at a basketball game!

That's just about what we'd call a life of ease.

But, no, we've got to be a sports writer and that way take it on the chin from at least 50 per cent of the people if we dare to open our mouth.

Take the case of the sub-district basketball tournament at Hazelton a couple of weeks ago. Here we were taking the scores over the telephone (we couldn't get out to see all five sub-districts) and writing what we call a "lead" on each score—nothing more and nothing less.

And what happens? Somebody phones in from Hazelton and says we're giving all the publicity to Kimberly while Eden is winning all the games. And just about the time we did publish the scores of the games!

But, then that's not an out-of-the-way complaint, because we note the other day somebody down Paul way writes in to P.O. Shots asking if yours truly is from Heyburn because we're giving all the publicity to that city.

Actually, all we did was pick Heyburn to end on top in the standings in the Class A district tournament which they did.

Last year we had the same thing happen in Class A playoffs—we named Buhl to win the district tournament in a close fight with Twin Falls—and boy, were there some folks in Twin Falls whooping mad! But the Buhl boys came through with a victory in the playoffs and we heard no more of it.

During the past football season when the Twin Falls Bruins lost a close decision at Pocatello, this department did a little quipping of local folks' even express an opinion.

But what did we get for our quip? You guessed it. A stinger of a letter from a youth in a nearby city demanding that we quit allfiring for them.

## Colorado Set To Enter in National Meet

BOULDER, Colo., March 6 (UP)—Coach Forrest (Foxy) Cox selected 10 men today to represent Colorado University in three-day Big Seven basketball championship squad in two intercollegiate tournaments after approval of conference and school officials.

The athletic board voted acceptance of the offers late yesterday. Cox and 10 men with high scholastic averages will leave Saturday for New York, where the team will make its second appearance in the annual national intercollegiate tournament at Madison Square Garden March 13-18.

En route home the squad will participate in the National Collegiate Athletic Association meet at Kansas City, Mo., March 22-23.

In 1938 Cox's team advanced to the finals of the New York meet with a win over New York university. Temple's ranger club defeated O. U. in that game.

## Girl Athletes Win Basketball Tilt

Home rooms which won the ninth grade basketball tournament at Twin Falls Junior high school girls were 112, 110 and 89 for first, second and 90 and 218A for second string teams.

Directing the play was Miss Margaret Rupert, physical education teacher. The winning team was coached by three games to tie for the lead. Second string teams play for only the home rooms which have enough fellows pass you, and then are informed the napery is not clean enough, or that there is nothing on the menu fit to eat, you go grumpy on until, strictly from hunger, you settle on a roadside place where the napery is not clean and there isn't anything on the menu fit to eat.

## Lelivelt Points To Farrell as Good Prospect

SAN FERNANDO, March 6 (Special)—The boys from the tall timber of eastern Washington and Idaho are going all right for themselves down here in the sunny southland where they're coveting with the Seattle Rainiers in the club's new spring training quarters amid the orange groves.

Skipper Jack Lelivelt today released the names of the five most promising youngsters in the Rainiers' camp.

The five included George Farrell, right-handed third baseman from Twin Falls, who batted .315 last season. Farrell, a Campbell high schooler, who hurried three innings against Connie Mack's Philadelphia Athletics Sunday and turned a good account of himself.

Mike Budnick, another Twin Falls prospect on the Rainier roster also was named. He was named to the team Sunday, but he failed to sparkle, and Lelivelt's monosyllabic comment was "Off."

Other Twin Falls graduates who are working with the Rainiers include Joe McNamee, who Lelivelt hopes to work into a relief catcher for Billy Campbell and Richard Hillier, outfield prospect.

At the rainy season ended here, bringing wanted southern weather, the Rainiers worked steadily from 10:30 through 4 p. m. in two squads, with inter-club games a daily routine.

Hiller is the youngster who started with the Cowboys last year but had to be released due to a bad hair cut. He is now consistently on the sidelines with injuries.

A few days before his release he had three more one-on-one games at Boise. He'll probably be back with Twin Falls again this year.

## Recreation Benefit Game Set for May 6

Changing of the date for the Twin Falls Cowboys vs. the southern Idaho all-star aggregation for the benefit of the Twin Falls recreation center, was announced today by Hugh Pace, business manager of the Cowboys.

The game was originally set for Monday, April 29, but will now be held on Monday, May 6, Pace stated in a telegram.

The game is being sponsored by the recreation association and it is hoped that enough money will be raised to pay rent costs for the recreation center for the coming year—costs that run close to \$600.

The contest will be a night affair at Joyce park and the ace players from this sector will compete against the Cowboys in what should prove to be one of the outstanding exhibition contests of the year.

All funds collected will go toward the recreation center goal, with services of all employees at the park, the ball players, ball boys, lights and everything else being donated.

## Frisco Seals Plan to Be in Pennant Race

By JAMES H. SHERRY  
United Press Staff Correspondent

President Charles Graham, Manager Lefty O'Doul and a balanced club—veterans sprinkled with youth—are outstanding reasons why the San Francisco baseball team again will be in the race for the 1940 Pacific Coast league pennant.

They do not come any finer, or better than Ed Smith, Fred Hunter and Lou Gehrig, who seldom will look upon his like again—a gentleman, a student of baseball, a man with an understanding of youth or two who eventually goes to the big leagues.

Lefty O'Doul is one of baseball's greatest managers of batting lineups and that's the reason young men develop so rapidly under him. He is a driver for victory, but his batting grace of humor and relaxation.

Good Center Fielder

The Seals have a real smoothie in John J. Barrett, center fielder, replacement for Dominick DIMAGGIO, one of the nation's greatest outfielders. In three trips to the plate last season, Barrett was discerning enough to draw two walks in the leadoff position, and then come a good ball for a line drive homer over left fielder Marvin Gledits's head.

Franklin Barrett will be Brooks Holder in right and Ted Noster in left. This should be Holder's last year in the Coast league. He has looked rapidly over his shoulder at Hooker Bob Price and Sheldon McConnell, the latter formerly of Ogden and Twin Falls, likely will be carried as reserve.

## Unseeded Pairs Play for Title

CORAL GABLE, Fla., March 6 (UP)—Two unseeded Indiana-Kan City and Dick Metz and Billy Burke and Craig Wood—met today in the final of the \$500 international four-ball golf tournament.

The Laffoon-Metz combination beat Paul Runyan and Horton Smith by one stroke yesterday when a three-foot putt on the 20th green failed to sink for Smith in the semifinal.

## THE SPORT SPOTLIGHT

(By United Press)

Nearly all absent-minded baseball scouts are tabbing Tommy Lea of the New York Yankees as the pitching prize of the year. Lea, 25, has been around the minor leagues since 1934, and despite being turned back by the Boston Bees and Philadelphia Phillies, early reports say he is the stuff stars are made of.

Manager Lefty O'Doul of the San Francisco Seals believes Robert Hershey, husky six foot, 18-year-old recruit, may solve part of his mound difficulties... The Hollywood Stars beat Santa Barbara State college 7-5, yesterday... Seattle Rainiers have signed Ed Kearse, who caught for Ft. Worth last year...

Paul Brown has been promoted to head basketball coach at Greeley, Colo. State Teachers college, succeeding Bobby Deussen, who resigned. Brown has been connected with the Greeley athletic department since 1929...

Milky Way farms' Up-the-Creek race is a most victory yesterday when Mrs. C. H. Emick's team captured the mile feature at Santa Anita park... champion Betty Jameson of Texas shot 74 for medalist.

## Maki Runs Away From Competition In Frisco Race

SAN FRANCISCO, March 6 (UP)—Taisto Maki, Finnish distance runner, ran away from a field of six American competitors last night in a three-mile exhibition race which opened his exhibition tour for the Finnish relief fund. His record time was 14 minutes 2 1/2 seconds in 10 seconds away from the world mark.

He will race in Chicago March 15.

## Kimberly Fight Team Trims Castleford

KIMBERLY, March 6 (Special)—Kimberly's boxing team ended its 1940 home season here last night by taking seven out of eight bouts from the invading Castleford club, though not all wrestling bouts, the two clubs broke even.

The lone Castleford boxing victory came when Bud Webb scored a technical knockout over John Norris of Kimberly.

The local team goes to Castleford for a bout but on Friday and then returns to Hazelton for the final battle of the evening.

In the wrestling matches last night, the Kim team defeated the downed Sluiter of the invaders in one and one-half minutes and in the second Art Peika of Castleford beat Ernie Kramer of Kimberly in two and one-half minutes.

Lumpus for the fight card follows:

Slaley, Kimberly, defeated MacLure, Castleford, 100 pounds.

Hughes, Kimberly, defeated Verano, Castleford, 168 pounds.

Frank Sluiter, Kimberly, defeated Steve, Castleford, 116 pounds.

W. E. Wilson, Kimberly, defeated Kirby, Kimberly, 162 pounds.

Edson, Kimberly, defeated Raymond, Castleford, 152 pounds.

In the wrestling matches, Charles Tate of Kimberly threw Horton Smith by one stroke yesterday when a three-foot putt on the 20th green failed to sink for Smith in the semifinal.

## Probe Is Held After Referee Dies at Match

SEATTLE, March 6 (UP)—It was not part of the "scenario" when Jack Stevens dropped dead after refereeing a wrestling match here Friday night, witnesses declared at a coroner's inquest today.

Stevens, who presumably had a weak heart, was hit repeatedly by Laverne Baxter, one of the match participants, before he fell from the ring and died. Howard E. Foster, Seattle attorney and wrestling fan, said Baxter kicked Stevens "as hard as he could."

"Stevens took blows hard enough to kill anyone," said Foster. He added Baxter kicked Stevens "as hard as he could."

But Traffic Patrolman Stanley Stevenson, another witness, said the punches "looked awfully good, but it was all part of the act."

"The public sure takes it seriously," he remarked.

The inquest was called in an attempt to "clean up" wrestling, which temporarily has been banned in Seattle.

## SCHEDULE CAGE GAME

CLOVER, March 6 (Special)—Saturday night, March 9, the Wulter league basketball team from Salt Lake City will challenge the Clover Wulter leaguers in a game at the Castleford high school gymnasium. # Mix Predicts Great Future for Vandal Cage, Gridiron Teams

South central Idaho backers of Vandal athletic teams for the past year probably had a right to cry over defeat after defeat at the hands of the opposition for Idaho, but they should be able to have lots of cheer during the 1940 grid and 1940-41 basketball seasons. The opinion of Gale F. Mix, graduate manager, who visited here yesterday.

Mix was on route home from Sun Valley after arranging for the annual Pacific Coast conference meeting at the resort which will be held June 11, 15 and 19. He stated that 23 or 24 university representatives will be present, plus observers from other colleges, normals and other smaller schools.

Mix was particularly optimistic about the football prospects.

**Great Prospects**

"We've got, without doubt, the greatest freshman football team on the coast this year. True, we had a scrawny game during the season to WSC, but we have the best prospects of any team on the Coast conference for the future.

"We have a fine group coming up to the sophomore club who will add to the veteran line and our replacements will be three and four deep," the husky manager stated.

Regarding basketball, Mix was just about as enthusiastic, pointing in particular to the work of such coaches as Idaho stars on the freshman squad this year.

## STRIKES TO SPARE

With Fred Stone

Zip-Way really poured it on the Studebaker club last night in the last game after dropping the first two. The Zip-Way club and a new single-games record of 672 for the Commercial league by beating Schiltner's score of 587.

Four scores that last game of Zip-Way were over the 200 mark—only Al Westergren being under that mark.

Vey Olan, with 600, led both teams. Les Cowan was second with 558. Paulson had 533, Wagner 521 and again Westergren trailed. Conditus say Al didn't do so good.

Top single in this match went to Cowan with a 221 in his first game.

Every player for the Studebaker team topped the 500 mark. Emerick had 548 for high honors. Cox got 245 in his middle game for their best single.

Halle's Conoco took Orange for three out of four. Adkins and Coley Coleman battled for top position—Adey winning out by two pins: 829 to 826.

Top for the Orange was Dick Sogn's 908—the only 500 total for the losers.

Sogn's 900 first game took high single for both teams.

Halle's 2,300 takes the lead for record in free bowling.

Sogn's 233 leads the Commercial league for the single prize while Sogn's 200 tops the City loop.

Three teams from here are entering a tournament at Boise, March 9 and 10. The Twin Falls team will roll at 3 p. m. Saturday. Doubles and singles will be played Sunday.

Lineups follow:

Studebaker—R. Jones, O. W. Cox, H. Weller, Max Spahr, Tod Emrick.

Orange—W. I. Johnson, Fred Stone, Sprouts Lechlitter, Walker Berlich, O. C. Coleman.

Conoco—Emmre Hagler, E. A. Bringer, Charley Bringenmann, N. O. Johnson. (One player short).

Teams are entered in this tournament from Idaho Falls, Twin Falls, Pocatello, Walla Walla, Washou, Ontario, Ore., Nampa, Caldwell and Boise.

## GLANCES

By Galbraith

Of these, he believes Von Hopkins' club is a cinch to make the Vandal squad next year.

"We had five stand-outs on that freshman club who should give us a fine basketball team for the future.

"Regulars on the club this year were Wendell Quinn, Pocatello; Bill Bergerson of Blackfoot; Von Hopkins of Buhl, Ted Thompson of Lewiston and Bob Duncan of Boise—all of whom were all-state men in high school.

**Boobing Coming**

"This Ray Hoobing of Buhl is also a very good prospect, although he has been out with injuries to a considerable degree this year. He's big and will come in handy. Another ace from this sector who will probably see action for the Vandals next year on the court will be Ray Turner, former Twin Falls high school ace.

"Turner is believed to be just about the best center in the intermountain west this year while performing for the southern branch. I think he'll be up with us next year as we'll hold down a starting berth," Mix said.

Turner was termed by the touring Phillips observers, one of the nation's outstanding AAU aspirants, as just about the outstanding collegiate center they had played against last year. He was a Nevada farm hand, that he is in a major league for the first time.

Grison tries to get back at Gomez by hitting him about his hitting. Neither can hit a soft-ball with a paddle.

"A pitcher doesn't have to hit on this club," says Gomez. You saw what those other guys did last October. Confucius say: 'Pitcher who three out, he'll go Charlie Keller one run behind.'

Gomez has been itching to again pitch to Grison since they hooked up last year in an exhibition game in Tampa a year ago. It seems the merry portulander made a deal to go easy with each other, but the bases were empty when Grison trekked to the rubber, so Gomez lived up to the agreement.

But there were two on and Grison could not afford to take a chance when Gomez came up for the first time. Lefty's squawking could be heard in Ybor City as his fellow Californian sidestepped him right up the stairs.

To make matters worse for Gomez, he did not get another shot at Grison, who was removed from the game before he got another turn at bat.

Grison hasn't been the same since he pulled a muscle in his right shoulder in 1937, after seven games in six days, but obtained his chance with the world champions as his side against them in spring exhibitions and in the inning and a fraction he pitched in the third game of the world series last fall.

And it would be Yankee ace Joe McCarthy's luck to have his strike his right hand strike again.

The long fellow's hipper feels so good that McCarthy had to put the brakes on him on his second day out since he was so swift, and how he loves to pour that pill through there.

Have you ever noticed how pitchers usually puff-puff-puff? I'll bet you can't promise you anything—sorry!

HOW MUCH ARE YOU GOING TO CHARGE FOR ADMISSION?

TEN CENTS PER PERSON? I'VE NEVER HAD TO NEED TO ACCOMMODATE TO SHOW A PROFIT!

SO YOU'RE CALLING ME 'DAD' NOW? HOW 'BOUT IT?

I SUPPOSE IF I DON'T HELP YOU, YOU'LL JUST CALL ME 'FELLOW WHO MARRIED YOUR SISTER.' OKAY—

SWELL, POP! BUT THANK YOU, DAD!

THANKS, FATHER!

## The PAYOFF

By HARRY GRAYSON (NEA Sports Editor)

**ST. PETERSBURG, Fla.**—The Yankees are having a lot of fun with Lee Theo Grison.

Goody Gomez calls his new left-handed teaming partner Grison, the other day, dubbing him simple-head.

Gomez keeps telling Grison, obtained from the Cincinnati Reds in exchange for Joe Sosa, a Nevada farm hand, that he is in a major league for the first time.

Grison tries to get back at Gomez by hitting him about his hitting. Neither can hit a soft-ball with a paddle.

"A pitcher doesn't have to hit on this club," says Gomez. You saw what those other guys did last October. Confucius say: 'Pitcher who three out, he'll go Charlie Keller one run behind.'

Gomez has been itching to again pitch to Grison since they hooked up last year in an exhibition game in Tampa a year ago. It seems the merry portulander made a deal to go easy with each other, but the bases were empty when Grison trekked to the rubber, so Gomez lived up to the agreement.

But there were two on and Grison could not afford to take a chance when Gomez came up for the first time. Lefty's squawking could be heard in Ybor City as his fellow Californian sidestepped him right up the stairs.

To make matters worse for Gomez, he did not get another shot at Grison, who was removed from the game before he got another turn at bat.

Grison hasn't been the same since he pulled a muscle in his right shoulder in 1937, after seven games in six days, but obtained his chance with the world champions as his side against them in spring exhibitions and in the inning and a fraction he pitched in the third game of the world series last fall.

And it would be Yankee ace Joe McCarthy's luck to have his strike his right hand strike again.

The long fellow's hipper feels so good that McCarthy had to put the brakes on him on his second day out since he was so swift, and how he loves to pour that pill through there.

**MIAMI BEACH, Fla.**—Big Ed Levy, who divided his time last year between Newark and Oakland, will be at first base when the Phillies open this season, according to Manager Don Probber.

**The Cincinnati Reds** scheduled an intra-camp game today, with a long batting practice tomorrow and their first exhibition game Friday with the Brooklyn Dodgers. Mike McCormick and Dick West carried off slugging honors yesterday.

**NEW YORK**—The former Clark Griffith of the Washington Senators will come out of 18 years of retirement tomorrow to manage the rookies in their first game against the regulars.

**AVALEON, Calif.**—Nine Chicago Cubs including Manager Gabby Hartnett, were named today for the Los Angeles all-star game Sunday.

**White Sox, Pirates and Athletics** will play.

**PASADENA, Calif.**—White Sox second baseman Jack Hays, whose knee has given him a lot of trouble the past two seasons, went on to suffer workups today and still reported his leg in good shape.

**FORT MYERS, Fla.**—Clavin Donnell, a young pitcher who signed with the Cleveland Indians as a free agent, is showing lightning speed on the mound.

**HEYBURN**

Mrs. Olive Muir, Long Beach, Calif., is visiting at the home of her parents, Mr. and Mrs. Joe Pullman.

Mrs. and Mrs. Chas. Taylor, and Mrs. J. W. Whitting attended a given by the University of Idaho, southern branch, in Pocatello Friday.

Barbara Whitting, Pocatello, spent the week-end here.

Mr. and Mrs. Harry Brown, whose family left last week for Pineau, Mrs. Joe Monchin returned Sunday from Denver, Colo.

Mr. Pauline Monour, Emmet, is visiting at home of Daines Morgan.

Mr. and Mrs. Eldred Brower, Nyssa, Ore. were visiting friends here last week.

Mr. and Mrs. Jack Whiting spent the week-end in home on New York street.

Mr. and Mrs. Boone Pyle were visitors in Boise last week.

**Restores Eye**

**SAN FRANCISCO**—Dr. U. M. Harding, found, well known ophthalmologist, blind for 43 years, but who recovered his sight when a San Francisco surgeon in 1938 operated on the cornea with one that had been welded to a 30-year-old woman, suffering upon her death, has resumed his evangelical career.

## Gehring May Quit Camp

**LAKELAND, Fla., March 6**—Charley Gehring, for 14 years one of the outstanding players of the American league, said today he would leave the Detroit Tigers training camp and return home if his sore back did not heal soon.

Gehring, only man last for second base when Benny McCoy was hit a free agent by Judge K. Landis, said he first had pain in his back after shoveling snow at his Pennsylvania, Md. home on New York street. An osteopath, he told him it was aeroline trouble.

"Get in line! Keep your hands off things and shut up!"

## BUSINESS CARDS ARE LOWEST PRICED ADS

For small business enterprises or advertisers who wish regular ads every day the business card rate in the Times and News is the most economical.

Business cards are the same size ad run every day for one month in either of both papers. Copy changes are allowed each week. They may be of any size from one inch up. Rate reduction amounts to as much as one third of regular rates.

Ask about this rate for your business.

"Oh, boy! Freddy and Butch and Joey couldn't come to my party—ain't that swell?"

### LEGION CONTEST SET FOR NAMPA

Nampa has been selected as one of the four cities in the nation for the sectional, or semi-final rounds of the 1940 national high school oratorical contest conducted by the American Legion. It was announced here this afternoon by J. Edward Warner, commander of the Twin Falls post.

Warner made the announcement after receipt of word to this effect from national headquarters.

April 3 April 11 Date Set

The semi-final event at Nampa will be held April 11 with winners of regions seven and eight, embracing nine western states, and the Territory of Nevada competing. The winner will go to Boston, Mass., where the national finals will be held. The other three sectional tournaments will be held at Plymouth, Mass., Little Rock, Ark., and St. Louis, Mo., all coming on April 12.

First prize in the contest this year again will be a \$1,000 scholarship at any university or college of the winner's choice. Warner said. Second prize will be a \$1,000 scholarship and third prize a \$500 scholarship. Fletcher Padgett, Jr., 17, Sallada, S. C., was the 1939 national winner. He received a \$450 scholarship and is now attending Woodford college at Spartanburg, S. C., the school of his choice.

The regional winners, who will compete at Nampa will be decided at Billings, Mont., and at San Francisco, Calif., April 9. At Billings, the state winners of seven sections, embracing Idaho, Montana, North Dakota, South Dakota and Wyoming, will fight it out for the honor of going to Nampa. At San Francisco, the state winners of region eight, embracing California, Hawaii, Oregon, Utah and Washington, will decide the regional winner who will oppose the region seven champion at the Nampa sectional.

Deadline Fixed

All state winners in the 1940 national contest must be certified by April 1.

The 1940 contestants may select any subject they choose for their oration, but it should be related to the United States constitution or the bill of rights. The purpose of the contest is to promote the study of the two basic works of American liberty among the nation's high school students.

### To Seek Divorce

Mrs. Gerald N. Nye, wife of the North Dakota senator, is seeking a divorce. Warner said. For 23 years, the Nyes have lived apart since last fall.

#### HOW DOLLAR CIRCULATION MAKES BUSINESS

Editor, Evening Times:

How will the Townsend plan bring prosperity? Here is the answer clear and concise, not from Townsend statisticians but from an authority that the American Steel and Wire company, in an editorial in the November issue of "Wireco," official house organ of that company and printed in answer to the question: How in a town of 600 with an industrial payroll of \$180,000 had there been retail sales of one-half a million dollars a year, a yearly bank clearance of \$7,000,000?

They answered substantially that of this \$180,000 in wages a large part is spent for food, shelter and other needs or wants. Merchants in town spend these same dollars to pay their workers and provide for their families. Thus the \$180,000 changes hands many times. Farm products are purchased—professional services paid for and goods and supplies continuously bought and sold.

The payroll does not account wholly for all this dollar activity. The factory expends almost an equal amount for material, power and transportation—additional amounts paid for taxes, equipment and payment to investors. These dollars enter the same channels of trade as the payroll dollars and thus changing hands many times reach a total of \$7,000,000 of bank clearings each year.

The attorney the dollar changes hands, the greater demand for goods and services and the consequent larger amount due to increased business activity, to be distributed as payroll. Of such business and industrial activity is a sound and basic prosperity built.

Imagine results when the elders pour their annuities into the trade channels every month at consumer purchasing power. Idle and unemployed and factories starting and furnishing employment and additional payroll to keep these dollars circulating. If \$180,000 can account for \$7,000,000 worth of business in ordinary times, what can it accomplish with the additional purchasing power?

Thanking you,

CHARLES H. PURKIS, Twin Falls, Feb. 25.

### Report Presented On Dairy Testing

BURLEY, March 6 (Special)—Cassia county producers completed one year of testing and two others tested part of the year according to the annual report of the Twin Falls-Mini-Cassia Dairy Herd Improvement association just completed by Bernard Law, tester.

### SPUD "AD" LEVY BOOST APPROVED

Representative potato growers and shippers today had by resolution asked that the tax for the advertisement of the commodity be reduced to one-cent a hundred pounds from the present half-cent rate.

The resolution was adopted yesterday afternoon and presented to members of the Idaho advertising commission meeting in open session at the American Legion hall here. The session marked the close of a two-day meeting which embraced two executive sessions, one group dinner meeting and the public gathering.

By passage of the resolution, the shippers and growers pointed out the approval of the work the commission is doing.

To ease the tax, it was shown, action of the state legislature is required.

Wm. Cline of the Cline Advertising Service, Boise, and David Botsford, Portland, president of the Botsford, Conant and Gardner advertising agency, spoke during the afternoon program, explaining advertising methods being used at the present time. Joe Marshall, member of the board from Twin Falls, described the Maine program. Announcement was also made during the session that a meeting will be held at the Flax fairgrounds Tuesday, March 12, to complete organization of a Twin Falls Potato Growers association. The announcement was made by Luke Sommer, Bull.
