FOOD AND CLOTHING STAMP PROGRAM WILL BE EXPANDED

APPROVAL LOOMS FOR ADDING 100 CITIES TO PLAN

By FRED O. BAILEY
WASHINGTON, April 4 (UP)—Food and clothing stamp plans will be expanded by July 1 to supply surplus food and clothing for nearly 2,000,000 persons on relief, agriculture department officials said today.

Confident that a senate-approved appropriation of \$187,000,000 to operate the programs during the next fiscal year will pass the house officials expect to put them into operation in 100 or more cities by the end of this fiscal year.

Officials said the food stamp plan, begun last May in Rochester, N. Y., had proved "an unqualified success" and predicted a similar success for the cotton plan which will be started in Memphis, Tenn., on an experimental basis about May 1.

Clothing Demand Great

The need for the cotton plan, great because of the 12,000,000 bale cotton surplus and the demand for clothing by relief families, is tallied by officials as that for the food plan officials said.

Other experimental operations by the end of June will be made in three or four cities yet to be selected, they said. More than 30 cities in need for relief families, the officials will choose from those where administrative machinery has been set up for handling the food plan.

The food stamp plan now is supplying approximately 1,200,000 persons 30 cities with about \$2,000,000 worth of free food a month. Twenty-one other cities have been selected for operations to start this month.

400,000 Families

Nearly 400,000 families are participating in the food plan, enabling them to increase their food purchases by 50 per cent. Officials hope to include 750,000 families by July 1, and to expand the program to more than 1,000 cities by the end of the next fiscal year.

Operation of the cotton stamp plan will be similar to that of the food plan. It differs in that food stamp purchasers pay \$1 for each \$1.50 book of stamps, whereas cotton stamp purchasers get \$2 worth of stamps for \$1.

STAMP PLAN UP TO IDAHO BOARD

BOISE, April 4 (UP)—Attorney General J. W. Taylor today ruled that it was up to the state public welfare board to decide on any food stamp plan agreement with the federal surplus commodities corporation.

"It is that opinion, it is expected that the program won't be launched in Idaho for at least two months."

Attorney-General J. W. Taylor was asked by William Child, state director of public assistance, whether the state welfare board would have to approve the plan.

The officials of the federal surplus commodities corporation and Public Welfare Commissioner Emory Alton continued discussions today on testing the stamp plan in six north Idaho counties.

NORTHSIDERS ON TOWN HALL LIST

Two additional names were placed today on the Twin Falls Town Hall club list of nominees.

They are Mrs. Burton W. Drexler, Gooding, and O. F. Peterson, Jerome.

Town Hall members this evening will elect 10 men and 10 women to the board of directors for 1940-41. The election will be one feature of a program which is highlighted by the social concert to be presented by Raymond Rich, noted baritone, and Helen Bickerton, soprano.

Club officials said today that yesterday's list of nominees should have included the name of Mrs. Katherine Pulte, Twin Falls, instead of that of Mrs. Russell Pulte.

The new board will select the president and secretary, name an auditing committee and draft preliminary plans for next year. That will probably be done later because of lack of time tonight.

GAS LEAK KILLS BRILLIANT YOUTH

JEROME, April 4 (Special)—Accidental death by carbon monoxide gas cut short the promising career of a brilliant young scientist from this city.

The former promulgator of some redemptions, according to word received here from Chicago.

Mrs. Marion Postle, Jerome, was advised that her nephew, Joe Bennett, 17, died Saturday night in Chicago when pulmonary efforts failed to revive him. The youth was found 10 minutes after he was asphyxiated from gas which authorities said escaped through a defective heater in the motor car he was parking in the family garage.

The boy had just graduated with honors from Jerome high school, and was one of the six most brilliant students. He had accepted a position with the Chicago Tribune, intending to go to the University of Chicago next fall.

He was the son of Mr. and Mrs. Ivan E. Bennett, prominent former residents of Jerome and Boise. The father is now vice-president of the livestock bank at Chicago, and the mother is president of the Pan-Hellenic association there.

Funeral services were held Wednesday afternoon in the Illinois metropolis.

Survivors include the parents; a brother, Ivan, Jr., and a sister, Ann; and the aunt, Mrs. Postle.

DEATH COMES TO MRS. DREXLER, 39

Mrs. Susanna Estelle Drexler, 39, wife of Ludd Drexler, prominent sportsman and motorboat enthusiast, died this morning at the Twin Falls county general hospital, where she underwent an operation five weeks ago.

Mrs. Drexler was active in Parent-Teacher association work, recently having been elected treasurer of St. Edward's Parent-Teacher association.

Her husband, secretary of the B club of Sportsmen, is also active in P-T-A work, and is directing the ticket sales for the benefit game which the Cowboys will play to raise funds for the recreation unit.

Mrs. Drexler took an active part in the affairs of the Baptist church, and was prominent in the activities of the Anonima class.

She was born April 18, 1900, at Stroomhurst, Ill., and came to Twin Falls in 1917. She was married May 15, 1926, to Mr. Drexler at Boise.

Her husband and two sons, Robert, Jr. and Larry, 5, survive.

Also surviving are one sister, Miss Lela Smith, Twin Falls, several brothers, L. V. Smith, Ralph E. Smith, Twin Falls; Rev. Walter G. Smith, Seattle, Wash.; H. R. Smith, Wichita, Kan.; Dewey Smith, Los Angeles; Alvin Smith, Kansas City, Mo.; three step-sisters and three half-brothers and three half-sisters.

The body rests at the White mortuary, funeral arrangements pending word from brothers living elsewhere.

RETIRED PASTOR CALLED BY DEATH

CASTLEFORD, April 4 (Special)—Rev. J. Burgess, a retired Baptist minister and resident of Castleford, died at 3 in the hospital at the Twin Falls county general hospital, following a long illness of several months.

Funeral services will be held Saturday at 2 p. m. at the Castleford Baptist church. Rev. Isaac Todd of Boise will officiate at the burial, to take place in the Hill cemetery, under the direction of the Evans and Johnson funeral home.

Mr. Burgess was born Dec. 8, 1873, near Crossville, Tenn. He was married to Miss Cora Meyers Feb. 18, 1895, at Crossville.

Surviving are his wife, two daughters, Mrs. F. T. Wheeler, two Castlefords, and Mrs. Jessie Rodas, Buhi; and his sons, John Burgess, Wapinitan, Wash.; Jerry Burgess, Castleford, Wash.; and Mrs. Myrtle Burgess, Seattle, Wash.; and Robert Burgess, Kimberly.

Also surviving are 23 grandchildren and four great-grandchildren as well as three brothers, Willis, Joe and Owen Burgess, residents of Tennessee, and a sister, Mrs. B. A. Anderson in a letter to forest officials at Ogden.

Funeral services will be held at 2 p. m. Monday, April 8, at the White mortuary chapel, Rev. E. L. White officiating.

Interment will be in Twin Falls cemetery, beside the grave of Mr. Hall, who died Jan. 12, 1934, at Lebanon, Ore.

She is survived by a daughter, Mrs. Irene Bather, formerly of Twin Falls.

Camp Plea Made To Forest Office

Requests that the regional forestry office take whatever action it finds possible to retain CCC Camp P-402 in the Rock creek area was made today by Frederick Carl H. Anderson in a letter to forest officials at Ogden.

Aid has already been asked of Idaho's congressmen, who which has replied in mixed terms. But since the summer shifting of CCC camps is underway here, the forestry headquarters, the chamber asked that P-402 be sent again to Porcupine springs instead of leaving this general area.

Chamber leaders felt that removal to Porcupine springs—an unusual custom until proposed change of camps this year—would permit continuance of work on the Rock creek hills winter sports season. As construction here, the summer removal now is slated to take the employees out of Idaho. Thus, even if the camp is re-established at Rock creek in October, the opportunity for summer work on the recreational area would be lost.

Relatives Arrange C. Sutton Service

Funeral arrangements were being completed today for Clarence C. Sutton, 38, who died yesterday at the Twin Falls county general hospital, where he had been a patient for a day.

Surviving are a brother, A. E. Sutton, Caldwell, and a nephew, Charles Kelly, Twin Falls.

The body rests at the Twin Falls mortuary.

Mother of Baby Charges Cruelty

The mother of a four-month-old son charged cruelty today in filing divorce suit in district court.

She is Mrs. Fern Lamkey, Buhi. Defendant is Lewis Lamkey, to whom the petitioner was married Sept. 4, 1937 in Twin Falls. The couple separated in 1939. Mrs. Lamkey said, when her husband communicated her to leave their home, J. H. Shierley, Buhi, is attorney for the wife.

Mrs. N. O. Hall Dies in Seattle

Mrs. N. O. Hall, widow of the late Newton O. Hall, which was connected with the Brown Seed company and the Ibbell Seed company here for many years, died yesterday in Seattle, Wash.

The body will be brought to Twin Falls, where funeral services will be held at 2 p. m. Monday, April 8, at the White mortuary chapel, Rev. E. L. White officiating.

Interment will be in Twin Falls cemetery, beside the grave of Mr. Hall, who died Jan. 12, 1934, at Lebanon, Ore.

She is survived by a daughter, Mrs. Irene Bather, formerly of Twin Falls.

BOSTON—Eliot P. Clark of Oroton, passed in 1931 after serving 15 months of a five-year reformatory sentence for burglary, was given a full pardon so that he could become police chief of his home town.

Fur Shop Builds Big New Vault

Fourty tons of concrete and 1,300 pounds of steel had gone today into the making of a burglar-proof storage vault in the basement of the Fur Shop, 138 Main avenue north, according to Harry Cohen, proprietor.

The vault is expected to be fully completed in a week or 10 days. Besides being impregnable to burglars the vault will provide moth-proof protection for expensive furs. A Westinghouse air-conditioning unit will eliminate the moths by "auto" changes in temperature," Mr. Cohen said.

Started a week ago, building of the vault required removal of the floor in the establishment. Three sets of doors open into the 36 by 15 vault.

Lamps for treatment of furs are part of the program at the store.

IDAHO FARMERS BOOST ACREAGES

BOISE, April 4 (AP)—Despite the fact business conditions affecting domestic demand for farm products have shown continued weakness since the first of the year, Idaho farmers have indicated they would increase acreage planted in 1940.

According to reports of the agricultural marketing service Idaho farmers will plant more potatoes, wheat and beans this year than in 1939. Cotton acreage is expected to decrease about 11 per cent from last year, but the total of 2,400 acres of cotton is still above the 10-year average (1929-38).

Spud Acreage Up
Idaho potato growers indicated they intended to increase the state acreage about three per cent. This would increase the acreage to 136,000 acres compared to 132,000 acres planted last year.

It is difficult to estimate the effect on Idaho potato acreage that will result from controversy over sugar beet contracts. Youngstrom said, "If growers plant their land in some crop besides beets, potatoes may be one that will be substituted for sugar beets. This would increase the Idaho acreage."

Idaho growers have been reluctant to sell their stocks; this has increased the demand and consequently bidding for potatoes has been active. The price of beets is \$1.15 and \$1.25 per hundredweight for U. S. No. 1 bulk potatoes on March 24 was the highest price of the year.

Bean Planting Heavy
A 15 per cent increase in bean acreage was expected for the state. Reports showed Idaho growers intended to plant 128,000 acres of beans in 1940. The increased acreage was attributed partly to the larger export demand. Export shipment during January were the largest in recent years.

The nation's wheat acreage was expected to be about normal this year, after the 1939 crop was the smallest in 15 years. Wheat producers show intentions to seed 321,000 acres this spring, about five per cent more than in 1939.

LEGION GROUPS MEET JOINTLY

BOISE, April 4 (Special)—American Legion members of the auxiliary held their regular joint meeting in Jerome civic club rooms Monday evening.

At the auxiliary meeting, Mrs. Aloys Hof gave a report of the recent past presidents' party and Mrs. M. H. H. Cullen presented a report of the Easter egg hunt as planned for the children of members and which had been held on the lawn of North park last week.

The recent American Legion annual birthday party was reported on by Mrs. H. E. Cullen and an announcement was made that Mrs. Legionites had received the naval plaque as auctioned off by the auxiliary. Receipts from the plaque brought \$275.

A letter of thanks from the department state president, Mrs. Georgia Forman, was read at the auxiliary meeting, in which Mrs. Forman expressed appreciation in being a guest at the American Legion's birthday dinner party.

The Dredden plate quilt of the Parent-Teacher organization, was displayed by Mrs. Hof with explanation that the quilt will be auctioned off to assist in swelling the funds for the visual education project for the Jerome schools. The auxiliary voted to give \$3 toward this project.

Some discussion was held concerning the proposed plans for a series of telephone card parties. No definite arrangement was reached, following the separate meetings of the auxiliary and the Legion, the groups convened for a program, in charge of Mrs. Gertrude Nime, who introduced the speaker of the evening, Frank M. Rettig, prosecuting attorney, who spoke on traffic safety. Hostesses, who served in the refreshment were Mrs. R. H. Gallen, Mrs. H. P. King and Mrs. E. E. La Turner.

Group in Cassia Chooses Officers

BURLEY, April 4 (Special)—At a meeting Tuesday evening at the court house, Mrs. Hugh Allen was elected president of the Cassia county unit of the State Allied Civic Forces.

J. C. Jensen was elected vice-president; Mrs. Herbert Van Hook, secretary-treasurer; and P. B. Dolson and Mr. Jurdina, executive committee members.

Peter Stump, pastor of the Ruper, Christian church, was speaker and explained the two initiative petitions to be circulated in the near future, the first ballot calling for counties to determine local option on the liquor question and the second to restrict advertising the sale of liquor in the state.

Rev. Blum, a district officer in the State Allied Civic Forces has charge of organizing units in this district which comprise nine counties.

Bott Points to Benefits of Toll Bridge Purchase Move

BOISE, April 4 (AP)—Idaho will come out ahead on purchase of the state's toll bridge, the state highway department today.

"Not only will the state do away with its only toll bridge but state acquisition of the span is advantageous in several respects," the department said.

"The deal is particularly advantageous to the state highway department," he said, "because otherwise it would have little money available to match federal appropriations for primary road work beginning July 1, 1940."

With the bridge purchase price set at \$482,000, the federal government will pay half or \$241,000 to the state.

COUNCIL TO AID YOUTH PROGRAM

BURLEY, April 4 (Special)—A committee composed of Mrs. Ida Parke, Leon Green and Murray Jensen met with Burley city council Monday night to request that the city assist financially in the promotion of a summer national youth administration program.

The program calls for band instruction in addition to all the other activities carried on last summer. The city agreed to cooperate in this matter.

Building permits were issued to Ray Fairchild to construct a \$240 residence on North Miller, to John R. Velasquez to remodel, remodels on North Burton at cost of \$350; to P. W. North to remodel residence on North Normal at cost of \$400, and to Alice M. Carter to construct a new home on north Main avenue at a cost of \$2,300.

"Police report for the month of March showed a total of 30 cases with 23 for intoxication, 4 traffic violations, 1 probate court, 1 floored and 1 held here for the sheriff at Halley.

Fees for the municipal golf course were set as follows: Family membership, \$25; single, \$20; teachers vacation, \$15; green fees for Sundays and holidays, 50 cents, and 35 cents for week days.

BARBER EXAMIS
BOISE, April 4 (AP)—The bureau of occupational licenses will continue examinations for barbers, certified public accountants and veterinarians this month. H. B. Whittlesey, bureau director, announced.

Tests for barber licenses will be held in Boise, April 15, for accountants, May 16 and 17 at Pocatello, Moscow and Boise, and veterinarians, May 14 at Boise.

ROCK, HURLED BY BLAST, HITS MAN

George Allen Bishop, 55, a WPA worker, was in the county general hospital today as a result of injuries received yesterday afternoon when a rock from a dynamite blast struck him in the shoulder.

Hospital attendants said he was suffering a broken collar bone and slight lacerations on the neck. Bishop is employed on the Piler sewer project, records show. At the time of the blast he was standing over 250 feet away and the site of the blast was covered with logs and strong wire matting.

In some manner, a rock flew through the matting a rod struck Bishop. He told other men on the project that he saw the rock coming but that "it was coming so fast I couldn't dodge in time." The rock was about six inches square. The mishap occurred at 1:15 p. m.

Basque Heirs In Idaho May Get Fortune

BOISE, April 4 (AP)—Many relatives from the Spanish Civil War now living in Idaho were in line today to receive part of a \$5,000,000 fortune.

The fortune is made up of jewels saved by the Basque government when fleeing from the city of Bilbao before it fell to troops of Generalissimo Franco.

Capt. John Bilbao, head of the Basque delegation office, said he had received word that the jewels had been turned over for distribution to the Basque owners following litigation in courts of Holland. The treasure had been shipped there following the government's flight.

Bilbao said that in some cases Basques had been killed who owned a portion of the treasure. In that case, he said, heirs of the widowed would inherit the jewels. Many such heirs live in Idaho, Bilbao said.

ROOSEVELT, DEWEY SEEK ILLINOIS, NEBRASKA VOTE

TWO GAIN HUGE LEADS IN RACE FOR NOMINATION

By LYLE C. WILSON
 WASHINGTON, April 4 (Special)—President Roosevelt and District Attorney Thomas E. Dewey, who swept Tuesday's Wisconsin presidential primary contest, are moving next on Nebraska and Illinois where 72 national convention votes are at stake on April 8.

Mr. Roosevelt and Dewey also did well in New York's Tuesday primary. Dewey apparently is assured of first ballot support of 77 of the state's 92 Republican delegates. The 94 Democratic delegates, although uncommitted, are believed to be friendly to the third-term idea.

With 18 delegates already won in New Hampshire and Maine, the 22 pledged this week in Wisconsin to a third term make Mr. Roosevelt high man in the presidential sweepstakes so far with a total of 40. Vice-President John N. Garner's anti-third term candidacy won two Wisconsin delegates and was voted down by a state-wide margin of three-to-one.

Dewey romped home with 23 Wisconsin delegates, leaving one to Sen. Arthur H. Vandenberg, E. Mich., whose candidacy lost prestige at least in the polling.

Not Liked Yet
 Vandenberg managers announced their man was far from liked and still was in the race for the G.O.P. nomination. Anti-third term groups cited the minority Garner votes cast in Wisconsin and New York as evidence of the "Mother" would even if he were nominated.

Illinois and Nebraska follow through April 8 with what is expected to be another Roosevelt third term victory. Mr. Roosevelt and Garner are opposed in Illinois and the stake is 58 votes in each convention but the primary is not binding there as it is in Wisconsin.

Dewey opposes Vandenberg in Nebraska on the same day and Mr. Roosevelt is unopposed. The primary for 14 votes, each, is not binding.

Unopposed in Nebraska
 With 40 delegates in the bag and 14-16 unopposed in Nebraska, Mr. Roosevelt is assured of 54 votes within a week, plus what he can win in Illinois from a group which looks like the third term is approaching its first 100 convention votes with only more than 400 to go for nominating in Chicago next July.

Dewey will add 58 in Illinois to his 22 in Wisconsin for an aggregate of 81 delegates next week plus what he can take of the 14 he will seek in Nebraska in contest with Vandenberg.

Last Tribute for Resident of Buhl
 Buhl, April 4 (Special)—Last rites for Martin Poston, who died March 28, were held Sunday at the Albertson funeral chapel. Rev. W. O. Downing, pastor of the Buhl Baptist church, conducted the service.

Music was furnished by a duet, Mrs. W. L. Kyles and Mrs. W. O. Downing with Mrs. Lynn Bonar playing the piano accompaniment. They sang "God Be With You Till We Meet Again," and "The Old Rugged Cross."

Funeral services were held at 10:30 a. m. at the Buhl cemetery, under the direction of the Albertson funeral home.

Honored at West End

In a figured print that rivaled in color the spring bouquets of the room, Mrs. Lucy Parry, known as "Mother" Parry in the west end, received guests Tuesday on the occasion of her birthday. The tea was served by Buhl chapter, Order of the Eastern Star, and the Rotary club attended en masse. (Staff Correspondent Photo—Times Engraving)

ROTARIANS AMONG GUESTS AT MOTHER PARRY'S TEA

Buhl, April 4 (Special)—Climaxing a highly successful birthday party April 2, with "open house" at the home of her daughter, Mrs. Lawrence Van Ripper, 430 Ninth avenue north, Mrs. Lucy Parry said: "Today at the age of 70 I feel like beginning life all over again."

The birthday anniversary of "Mother" Parry, as she is known to her many west end friends, means more to her and is looked forward to with more anticipation than are the majority of us. On this day for few hours in the afternoon the frail little lady of less than 100 pounds leaves the bed where she has been confined for the past four years and receives her guests from the davenport in the living room of her daughter's home.

Many Bouquets
 All the gay beauty and color of spring were captured in floral bouquets about the rooms Tuesday. The Buhl O.E.S. chapter sponsored the tea for "Mother" Parry, a member of the order for the past 16 years. The table was covered with an elaborate lace cloth and was centered with an attractive low bowl of fragrant sweet peas. A large Easter lily, gift from the chapter, held the center of attraction on the buffet. Mrs. Martha Miller poured during the reception hours.

Among the many friends who called to extend congratulations were members of the Buhl Rotary club. This club calls "Mother" Parry their "Club Mother." When the organization was new, "Mother" Parry served their weekly luncheon in the "cupboard" of the city hall for five consecutive years. She knew the "boys" well and understood their

WPA ROAD WORK AT HIGH TOTALS

Accomplishments of the WPA program in Twin Falls county for the last year and one-half years insofar as construction and improvement of roads and like or similar projects is concerned, were outlined here this afternoon by Robert Hampton, district WPA manager.

The report which Hampton presented covered the period starting July 1, 1935 and ending Dec. 31, 1939.

Records show Hampton pointed out that during this period a total of 205.3 miles of road were either improved, reconstructed or constructed (new) under the program. Of this amount, 132.5 miles were rural roads including those paved dirt unimproved, improved or reconstructed; 72.8 miles were urban streets and alleys and 2.8 miles of other roads in parks, etc.

During the period covered by the report in one county for the first constructed and 14 were reconstructed or improved, and 75 new culverts were installed and 125 were reconstructed or improved. In roadside drainage work, 113,873 feet of new pipe and ditch was made and 182,727 feet of pipe and ditch was improved or reconstructed.

The report further shows that 8,527 feet of new sidewalk and curbs were constructed and 3,254 reconstructed or improved. New curbing constructed came to 8,467 feet while 1,228 was under construction. Traffic control lines painted totaled 158,340 feet.

New Hybrid Bean Grown at Jerome

JEROME, April 4 (Special)—Great Northern University of Idaho is a new hybrid selection from the old Great Northern U. of I. and the common red Mexican bean will be grown in areas or in years when there is no curly top present. In years when curly top is present and damage is very severe the new bean will not become infected with curly top and will produce a good yield when other selections will be severely damaged.

The new bean, in addition to being resistant to common bean mosaic, is also resistant to curly top. Experimental tests to date show that Great Northern U. of I. 116, will yield about the same or slightly higher than the other improved selections in areas or in years when there is no curly top present. In years when curly top is present and damage is very severe the new bean will not become infected with curly top and will produce a good yield when other selections will be severely damaged.

In very characteristics, the strain is very similar to U. of I. 123, this also being true of good seed size, shape and color. The bean grown will be certified during the year under the regular state inspection service. The new "15" beans will not be available for distribution until 1941.

Planes to Be Used to Help Tree Planting

BOISE, April 4 (Special)—Officials of the department of forestry disclosed today airplanes may be used this year for the first time in the reforestation program for northern Idaho.

According to word received from O. M. DeLaruelle, chief of planting for region No. 1 of the forest service, the planes may be used to drop seedling trees to remote areas to save the cost of opening roads for heavy trucks.

The service this month will start planting more than 5,000,000 young trees in national forests of western Montana, northern Idaho and eastern Washington, the largest program undertaken in the history of the service.

If tests of dropping seedlings from planes prove satisfactory, many difficulties encountered in remote areas may be overcome.

The largest single undertaking in the entire program will be the planting of 2,533,000 trees on more than 3,000 acres in the Kanisku forest.

Seven hundred thousand trees will be planted on 900 acres in Nez Perce forest, 150,000 trees on 200 acres in the Coeur d'Alene forest and 600,000 trees on 1,000 acres in the Clearwater national forest, about 100,000 trees on 125 acres of Lewis and Clark forest.

Yellow pine will be used for most of the planting, 4,100,000 trees being earmarked for that purpose. Other species to be planted include white pine, 1,600,000; spruce, 300,000 and cedar, 50,000.

In Littlestone, England, an empty airplane hangar is used as a church.

BIG WOOD CANAL COMPANY MEETS

SHOSHONE, April 4 (Special)—Big Wood Canal company met Monday for the monthly meeting with all directors present. The board was informed by Manager Beer that the government had deferred the first half of the 1939 American Falls construction charges due in December, 1939.

Watermaster's budget for 1940 was read and approved showing \$3,722.01 due from the company in Lincoln county and \$2,962.90 in Gooding county. M. and O. collections for the month amounted to 32.63 per cent of the total against 26.94 per cent of like date a year ago.

Manager Beer stated that the run-off into Magic dam started

about 10 days ago, the reservoir containing 103,367 acre feet Monday morning; although the run-off might prove disappointing, but a good year seemed assured and American Falls reservoir would supply a 100 per cent year for those below the Miller-Gooding canal.

Some discussion was had concerning the purchase of a new Caterpillar tractor, to be used jointly by the canal company and the American Falls district, and it was finally left to the discretion of the manager and president, Ben Darrall. A financial statement read by the secretary-treasurer showed a cash balance on hand of \$36,222.23.

Golden Wedding Celebrations Fete Mr. and Mrs. A. P. Murray

This week has been especially gay for Mr. and Mrs. A. P. Murray, owners of a ranch south of Kimberly in the Pleasant Valley district, three events being arranged in celebration of their golden wedding anniversary.

Pioneers of southern Idaho, they were married at Albion, April 2, 1890. Mr. Murray is a native of Springville, Utah, and Mrs. Murray's birthplace was Drummond, Idaho.

The couple met at Albion, site of the Albion State Normal school.

Tuesday afternoon and evening they observed "open house" at their country home, receiving guests from 2 to 5 o'clock in the afternoon, and from 7 until midnight in the evening.

Family Dinners

They were guests of honor Sunday at a family dinner arranged at the home of Mr. and Mrs. Larsen, son-in-law and daughter, also south of Kimberly.

Monday evening, Mrs. Murray entertained the family at a dinner at her home, with Mr. Murray assisting in host duties.

Approximately 60 friends offered felicitations during the Tuesday reception. Vases of jonquils emphasized the gold theme and refreshments consisted of a three-tiered wedding cake.

Mr. and Mrs. Murray are the parents of Mrs. Elsie Ann, Assa, John, son-in-law and daughter, also south of Kimberly.

It was decided during the Tuesday evening meeting that Father James Kelly as president heads the new staff.

Officers who were installed Tuesday are: Mrs. Felix Risser, secretary; Mrs. Alfred Pugliano, president; Mrs. L. D. Drexler, treasurer; Mrs. L. D. Drexler, treasurer; Mrs. L. D. Drexler, treasurer.

Garden Exhibit Planned by Club

Twin Falls Garden club will sponsor a flower show in the late spring, plans being tentatively set for June.

The project was discussed when the group met yesterday afternoon at the home of Mrs. A. P. Senior, 424 1/2 street, east.

Mrs. F. R. Lawson, president, discussed "Color Harmony in the Garden," telling of the use of foliage and attractive color design throughout the summer.

Spring Vacation Dinner Arranged

Celebrating spring vacation, a group of Twin Falls high school girls attended a pot-luck dinner Tuesday evening at the home of Mrs. Owen B. Buchanan, 143 Eighth avenue east. Mrs. Owen Buchanan assisted in serving.

Difficulties during the first term for the late-covered dinner table, dining, dancing and a special gift, arranged by Mrs. Virginia Campbell, entertained the guests during the evening.

Many Present at W. B. Swinher Party

Twin Falls, Kimberly, Jerome, Puni and Piler guests, as well as friends from Seattle, Wash., attended the surprise birthday party honoring W. B. Swinher, Piler, Sunday night at his home.

A pot-luck dinner, featuring a birthday cake during the dessert course, was served.

April Fool Joke 'Boomerangs' for Party Planners

The club members are still debating as to who was the most fooled last Monday morning, Mr. and Mrs. D. P. Grove, or the rest of the group?

It seems that other members of the Theta club and their husbands thought that an April Fool breakfast should be given Mr. and Mrs. Grove, making them get up before dawn for the event.

CHAMBERLAIN "CONFIDENT" OF VICTOR

BRITISH LEADER SAYS BLOCKADE WILL HALT NAZIS

LONDON, April 4 (AP) — Prime Minister Neville Chamberlain said today he was 10 times as confident of victory as he was when the war started, that Britain was ready for an intensified war or a long one, that the blockade was going on, that Germany's life would be cut off, that Britain was not going to let Germany profit indefinitely by unscrupulous war profiteering.

"Missed the Bus" — "Blissed the bus," he said of Germany's failure "despite its superior preparation for war to wage big scale warfare." Thanks to the seven months breathing space which non-interventor had given Germany, he said, it would be the future calmly, steadily, whatever might come. And this time, he said, the Allies would be the beneficiaries of the fruits of victory but would assure themselves of the elements of European security.

Only yesterday, said Chamberlain, Hermann Goering had hinted that when the time came Germany would strike "in the west." Chamberlain indicated that Britain was fully ready.

SHOSHONE YOUTHS GET LEAGUE TRY-OUTS

Tommy Beitia and Bill Thomason Go To Spring Camps

By HAL WOOD
Evening Times Sports Editor

Two more south central Idaho athletes today had their chances to make good in professional baseball. Signing up for spring try-outs of Tommy Beitia by the Twin Falls Cowboys and Bill Thomason by the Idaho Falls Russells was announced today. Both youngsters are from Shoshone and have played the last several years with the strong Shoshone Redskin baseball and basketball teams.

Both are graduates of Shoshone high school and are "veterans" of SCI league play, where their standing in performance last year caught attention of Pioneer league scouts.

Leaves for Spokane
Beitia left here this morning for the training camp of the Twin Falls club at Spokane where he will join a group of 61 other hopefuls seeking a spot on the Cowboy squad of 22 that will head the season April 25. An infielder, Tommy has been a standout on good Shoshone teams. He has a powerful arm, hits a long ball and is reputed to have good "baseball sense." He stands five feet, six inches in height and weighs about 160 pounds, bats left-handed and throws right.

Thomason tried out at a baseball school at Idaho Falls for the Russells and was so impressive that he was immediately offered a contract by the New York Yankee scout, Chick Fraser.

He hopes to hold down an outfield berth for the Russells. A big fellow, he stands six feet tall and weighs about 180 pounds. He bats and throws right handed.

Bank Prepares Spring Grid Drill Sessions

MOSCOW, Ida., April 4 (UP)—Coach Ted Bank of the University of Idaho and his coaching staff today wound up preparations for intensive spring training in football at the Vandall camp which is scheduled to begin next Monday, April 8.

According to present plans, the 1940 Idaho gridsters will drill five strenuous weeks until May 10. Under a ruling of the Pacific Coast conference, only 30 days of actual practice are permitted, and the Vandalls used four days of their allotment prior to the annual spring vacation in early drills.

Clashes of the spring training season will come during the first part of May when Bank plans to send two picked squads against each other in a regulation game. The opposing forces will be composed of veterans and newcomers alike.

Emphasis will be placed on fundamentals of football including blocking, tackling, stance, shifts, punting, passing and ball handling. However, the Vandall mentor indicated he would spice the workouts with occasional scrimmages to give the freshmen and newcomers a chance to drill under actual varsity playing conditions.

La Verne Bell, Durley, two-year veteran at the fullback position, will be the only regular counted on for spring practice work which will not be able to participate. He underwent an appendectomy March 25 and will not be able to work in the spring drills until next fall. Several other members of the 1939 Vandall varsity who will be on hand fell remained out of school during the second semester this year.

C. of I. Coach Happy as Coyotes Win 4

CALDWELL, April 4 (Special)—Coach Glenn Parberry of the Coyotes was wearing a smile that would cover the back of a moving van when he and his diamond stalwarts returned from a four-game series with the Lewiston Normal Loggers at Lewiston last Friday and Saturday. The reason? The Coyotes swept both doubters by a 2-1, 8-0, 16-3, and 10-2 count and it is not often that a College of Idaho team sweeps doubters. These victories make it six in a row for the locals and, according to Mentor Parberry, the number may mount unless something unforeseen happens.

However, the next test is a different story—when the Purys and Gold tangles with the Boise Pilots at the latter's training camp in a single game Saturday. The Coyotes are not banking too many hopes of taking the Pilots to camp, but there is always a chance, and it means oceans of good experience. The next intercollegiate contest on the local schedule are April 12 and 13 when the Loggers invade the Caldwell diamond for another four-game series.

Although it is not known who will open against the Pilots, the probable hurlers are Lefty Ralph Bennett and Frank Buck. Rogers, Rogers chucked the first game against Lewiston and allowed only six hits while scattering 13 back to the bench via the strike-out route. It was a short burst of wildness on the Coyote hurler's part that produced the biggest worry as the lone Logger tally came in the seventh when Rogers walked three straight men after an error had put a runner on base.

Collegiate Boxers Open Elimination In National Meet

SACRAMENTO, Calif., April 4 (UP)—Sixty-seven college boxing stars today began the national intercollegiate boxing championship tournament under sponsorship of the University of California college of agriculture.

Heaviest schedule of the three day tourney faced them today with weighing set for this morning, 14 bouts for this afternoon and 17 tonight. Sixteen semi-finalists will fight it out Friday night for the right to appear in the Saturday night finals.

With most teams entered already holding conference or national championships, competition for titles in the various divisions was expected to be keen.

The Louisiana State team, which arrived Wednesday night, was reported in excellent condition and favored to take the crown from the defending champion, Wisconsin University.

Four defending champions were on deck to try to retain the crowns they carried over from last year's meeting. They were Omar Crocker, Wisconsin, 145 pounds; Woodrow Swancut, Wisconsin, 155, and Sewell Whitney, Loyola of New Orleans, 127, Ted Kara, Idaho, 127-pound champion, entered this year's bouts in the 124-pound class.

Thursday night pairings included: 145 pound—Billy Roth, Wisconsin vs. Stan Wlatash, W. S. C. 120 pound—Ted Kara, Idaho vs. William Lovett, U. of Miami; Donald DeWitt, S. L. I., vs. Merle Vannoy, W. S. C.

Hoppe Needs Three More Wins to Stay Undeleted

CHICAGO, April 4 (UP)—Willie Hoppe, new champion of three-cushion billiards, today had only three more games to go to win the world's championship tournament undefeated, but there were few records left for him to win.

He broke all existing tournament match play and exhibition records for consecutive games won last night when he won his 15th match Joe Chamaco, Mexico City, 50 to 21 in 30 minutes, ending the game with an unfinished run of 10. For his championship play, Hoppe will receive \$3,500 of the \$20,000 prize money.

Stage Set for SCI Loop Meet Friday

Plans were completed here today for the annual spring meeting of the SCI baseball league and representatives from every town interested in the diamond sport in south central Idaho were expected to be present.

The meeting will be held on Friday night in the Chamber of Commerce rooms, commencing at 8 p. m. Hal Wood, league president, will preside.

STRIKES TO SPARE

Due to a three out of four win, Studebaker boys crowded National Laundry right into the last game. The victories were scored last night over the Elks with O. W. Cox leading the way.

By with a 210 study, Roy Werler got a 210 single also for the winning team.

B. Boone's 526 led the Elks. Two Elks bowlers reached the 500 mark—Bill Towan with 501 and John Ford with 500. Boone's 194 was top single for the Elks.

By taking three out of four from the Iron Firemen, the Perrine hotel went into a tie with Firestone for third place and into a three-way position for the league leaders.

Jimmie Mullins' 547 was top for the league. He had 497 for top single. Herb Hartzfelder had 520 and that ended the 500 counting for Perrine.

Heavy Wendling, with 522, was the best Iron Fireman all the way through. He also had top single for his team with 190.

61 TRY-OUT

SPOKANE, Wash., April 4 (UP)—There were 61 hopefuls in the camp of the Twin Falls Cowboys today, and at least two-thirds of them were doomed to disappointment because that squad had to be cut to a workable 25 by April 11.

On that date Manager Frank Tobin will take his team and open the regular spring exhibition series in preparation for the Pioneer league opening at Boise on April 26. The Cowboys have seven games scheduled on the training docket.

The first inter-squad game of the season was played yesterday with two five-inning games seeing all 61 of the youngsters in action.

In these contests the outstanding performances were turned in by 21 candidates from the University of South Dakota and one Portland, Ore. youngster—the Dakotian first shortstop Lorin Thornton and Southpaw Hurler John Holdisen. The Oregon boy is Glenn Buitens—a catcher, whom Tobin rates highly.

Tobin had little to say after the working out, he announced, "Some of these boys have done some work out in California and are in a much more advanced condition than the non-state youngsters."

Another youth, Tommy Beitia, Shoshone, Ida., will join the club tomorrow.

Training Camp Briefs

WINSTON-SALEM, N. C.—Lennie Froy of the Cincinnati Reds and Bobby Hoyle of the Boston Red Sox hammered out four hits each yesterday when the Reds won, 13-7.

WACYOHSS, Ok.—The Cleveland Indians clubbed out 19 hits yesterday in win, 9-5, from the New York Giants who were held to eight hits.

THE PAYOFF

by HARRY GRAYSON (NEA Sports Editor)

PARASOTA, Fla.—A pair of glasses is causing considerable concern in the camp of the Boston Americans, and it is not the third specularity perched on the post propectus of young Dominic DIMAGGIO.

Everybody knows the youngster of the three outfielding DIMAGGIO wears choppers because of near-sightedness, but you could have knocked Tom Yawkey, Joe Cronin, and all the other Red Sox off their feet when Jimmy Fox's ankles cut on the field wearing lenses.

At first it was believed Fox's glasses were of the sun variety, but the famous first basemen quickly cut on the field wearing lenses, vastly more than attending.

Mina Truitt Revere he explains "It is that blanket, blank minus."

This is the first time that he has been wearing them since last year, but it recurs every time I catch cold, and here I am with another cold."

"I chokes up my nose. I can hardly breathe. My eyes water especially when the wind blows, and that doesn't help my sight."

Foxy discarded the glasses after the one game.

Yankees Start North Trek With Sights Set on Fifth Pennant

McCarthy to Carry 12 Pitchers

By GEORGE KIRKKEY
ST. PETERSBURG, Fla., April 4 (UP)—The New York Yankees are heading north with another flawless outfit ready and eager to smash all records by winning their fifth consecutive American league pennant.

Manager Joe McCarthy is supremely confident he can keep his hirelings hustling on an air toes through another rough campaign and leave the other seven clubs battling for second place.

The Yankees themselves are contemptuous of their opposition.

But underneath the surface trouble may be brewing. No Yankee regular need be afraid of the boss calling him on the carpet and threatening to ship him down the river. The American league's no-trade rule for a champion team gives the Yankees that satisfied feeling that breaks disaster.

Same Ball Club
The Yanks have practically the same ball club that won the pennant by 17 games last year and then knocked down the Reds four straight in the World series. Only three new players are most likely to make the Yanks, and all of them are pitchers.

If trouble develops this season, it's likely to start with the pitching staff. It's not exactly foolproof. Charlie Ruffing, now 36, has to hit the 21-game mark again to make the Yankee staff sturdy. If Ruffing doesn't go, the Yanks may have to do some late class worrying for a pitcher.

To Carry 12 Pitchers
Preparing for pitching headaches, McCarthy plans to carry 12 moundmen. Behind Ruffing will be Alcyon Donald, Steve Sundra, Al Pearson, Lefty Gomez, Bump Hadley, Rusty Russo, Spud Chandler and relief man John Murphy. If Al Hildebrand, from last year's staff, hasn't shown anything this spring and may go.

The two best rookies are Marvin Bruer and Tommy Rea, a pair of right-handers from Kansas City. Definitely, there's nothing to make with the club, but the old power isn't there. Some of these Yankees pitchers like Donald and Sundra, who ran off 10 wins and 12 in 11 games respectively, last season, need plenty of runs to win.

Light Hitters
Babe Dalgren, hitting 225, and Frank Crosetti, batting 233, take some of the load off the Yankee attack. But there's nothing wrong with these men either. They are plenty of ball games, especially Crosetti who seldom fails to make that vital double play in the clutch. Joe Gordon at second and Red Killebrew at third round out the best defensive infield in baseball.

Charlie Keller, Joe DiMaggio—whom I'll repeat as American league batting champion—and George Selkirk will give the Yanks what some consider the game's class outfield. Tommy Anderson and Jake Powell are nifty outfield reserves while if the infield Billy Knickerbocker is the handy man.

Another key man in the Yankee club is Catcher Bill Dickey. Bill will be 33 in June and he's caught over 100 games in 11 straight years. How long can Dickey keep it up? If you want to throw a scare into the Yankee board of strategy just hint that Dickey may slip this season. Behind Dickey the drop is terrific to Buddy Rosar and Arnold Jorgensen.

Georgia Remains True to Jones in Masters Meet

By HENRY MALMORSE
AUGUSTA, Ga., April 4 (UP)—Every spring in Georgia the wisteria and the dogwood bloom—only to die.

Every spring in Georgia the hearts of a million men leap and soar—only to fall.

For along with the flowers, royalty blooms in the spring in Georgia. And along with the flowers, royalty slowly dies. It dies because Bobby Jones, king of the million Georgia hearts, is now a man instead of a machine.

There was the time when Jones wasn't a man. Call him an automaton, robot or what you will, from 1929 to 1930 he wasn't human. He was a beautifully precise machine geared to drive golf balls 240 yards and put golf balls 40 yards as easily as presses turn out valves in a Ford plant. He almost never hit in the use of a mallet there is no element of human error.

Plays Only One Tourney
But that was years ago and today Jones is a dead ringer for competitive golf. New names and new generations have passed him by in the course of the season.

BUHL
Miss Maxine Garner, daughter of Mr. and Mrs. Linn Garner, has recently been named alternate for the \$100 Union Pacific 4-H scholarship award. Maxine is a member of the Live Wire Sewing club, was one year in the office of the Happy Cannery club and she was club leader of the Jolly Workers Sewing Club of Cedar Draw for one year. She is a Junior at the Buhl high school.

Mrs. Ivan Bohar was elected president of the Loyal Philanthropic Societies circle at the annual election of officers for the new year. The group met at the home of Mrs. Laura Shriver. Other officers elected were Mrs. Henry Hatfield, vice-president; Mrs. Everett Cook, secretary; Mrs. Russel McCaskey, treasurer. Assisting Mrs. Shriver as hostesses were Mrs. Hatfield, Mrs. Bohar and Mrs. Owen.

The 421 progressive club of Buhl held its first meeting of 1940 last week at the home of their leader, Frank Southwick. During the meeting the business of the new officers were elected. John Groden was elected president; Jim Harding, vice-president; Warren Ruppel, secretary, and Dr. Barry Resporer.

Wilbur Hyde, son of Harold Hyde, Buhl, has received a \$100 scholarship award and was placed second on the Phi Gamma Kappa honor roll for the quarter just ended. Mr. Woodbury collected for the Wilbur entered Woodbury in September for a two-year course. He is studying advertising.

Jimmy Shields, a student at Leeland Stanford university, has returned home to spend the spring vacation with his parents, Mr. and Mrs. James Shields in McCollum.

"The Modern Hill House" was the subject given for the members of the Buhl chapter of the P. E. O. Sisterhood Monday evening at the home of Mrs. Harry Wright. The paper was arranged and given by Mrs. Carl Curtis. Mrs. Carl Hastings was in charge. Mrs. Wright sang a solo "Gypsy Love Song" with Mrs. E. M. Tomlinson playing the piano accompaniment. Tentative plans were made for the business meeting for the annual Mother's tea. The place of the affair will be announced later. In addition refreshments to the 20 members present.

Students from the University of Idaho, Moscow, who are spending their spring vacation at the home of their parents here are Eloise Watt, Mary Schmitt, Carl Hunt, Max Smith, Ted Pence, Ray Hobbins, Joe Hopkins, Ralph Hunt, and Marshal Drenner. Miss Janette Huntington is vacationing with a girl friend in Portland, Ore.

Marjorie Venter returned to school Tuesday morning after being out for the past three weeks with scarlet fever.

The Buhl Girl Reserves held their regular business meeting Tuesday noon in the Reserve room of the high school. Arrangements were made for the group meetings for the remainder of the school year. Plans were discussed for the annual junior-senior semi-formal banquet and dates for the group which has been tentatively set for the 10th of the freshmen and sophomore groups will have their annual party and dance at the Barbary natatorium April 19.

sons so now he plays in only one tournament each year. That is the Masters, which began here in Augusta today, and which set all of Georgia to hoping again.

A man who has played in only a half-dozen tournaments in the space of 10 years cannot be on edge. The Jones swing that once was smooth as fresh cream pouring from a bottle is little changed, but the famous Jones putting stroke has corroded with the rust of inactivity. In these past few Masters, Jones has bloomed on Wednesday and sometimes Thursday. Around about Friday royalty has died for lack of the putting touch and the heart of Georgia has slowed for another year.

But Georgia always comes back to its king in the spring. So last night the Augusta's magnificent clubhouse the name of Robert Tyre Jones sold for the second highest sum bid in the Calcutta pool. Only Sam Snead brought more, and Snead is a young man who is the closest thing we have to a Jones today.

All Good Players
All the good players are in this Masters tourney. Sarason, Picard and Culler among others, have won it before. Jim Demarest and Ben Hogan are riding streaks, hotter than a city sidewalk at noon of a midsummer day. Nelson, Smith, Little, Mobergen are golfers capable of chopping par into match-wood. Yet Bobby Jones, who hasn't done better than 13th in the one tournament he plays each year, sold in the pool for almost \$1,000.

That is because Georgia has won the wisteria and the dogwood. Georgia has seen Jones a mile better than 13th in the one tournament he plays each year, sold in the pool for almost \$1,000.

Juniors Win Title In Track Meet Held at Kimberly
KIMBERLY, April 4 (Special)—The first inter-class track and field meet in Kimberly in eight years was held yesterday afternoon.

It turned out to be a hum-dinger of an affair with only eight points separating the four high school classes, with the Juniors finally coming out on top. The Juniors scored 45 points, the Sophomores 44, Freshmen took third with 40 and the Seniors fourth with 37. Eighth graders annexed 32 points.

This afternoon Kimberly team will meet Rupert in the first inter-school meet of the year.
