Johnston's Defense Charts Appeal After Jury Returns Guilty Decree

Machinery was set in motion here this afternoon to take the Duncan McD. Johnston case once more before the supreme court of the state of Idaho on appeal. Announcement that the case would be appealed was made by W. L. Dunn, chief defense attorney for the two-term ex-mayor and former Twin Falls jeweler who was found guilty of murder in the first degree yesterday as a 12-man jury returned a verdict at 6 p. m. and set the penalty at life imprisonment.

Johnston said that in all probability he would be assisted in the appeal by Thomas M. Robertson, Jr., of the defense counsel. It was Dunn and Robertson who won a re-trial for Johnston after appealing the first conviction returned in district court on Dec. 10, 1935—just 16 months ago yesterday.

Sentence Saturday
Meanwhile Johnston, held in the county jail awaiting trial, was sentenced by Judge James W. Porter Saturday at 10 a. m. Johnston was sentenced for the second time in the murder of George L. Olson, a Salt Lake City jeweler salesman, slain on about May 21, 1937. The present trial lasted 15 days. He was found guilty and sentenced to life at the initial trial. After the jury had deliberated for more than eight hours, yesterday the jury deliberated about two hours and 45 minutes.

Johnston was sentenced for the second time in the murder of George L. Olson, a Salt Lake City jeweler salesman, slain on about May 21, 1937. The present trial lasted 15 days. He was found guilty and sentenced to life at the initial trial. After the jury had deliberated for more than eight hours, yesterday the jury deliberated about two hours and 45 minutes.

Crime of Paalen
In the closing argument for the prosecution, Beckwith declared that "counsel (Dunn) has said this man couldn't have killed George Olson because he was an ex-mayor of this city. It is true that he was an ex-mayor, but that is not the crime. The crime is that he is in the habit of living in the city. Crimes are committed because of fear, because of ambition, because of greed, because of ambition."

Regarding the families of the two men involved in the case, Beckwith said that "they do not enter into it, so far as your decision is concerned."

Regarding the diagram which Johnston drew in order that merchandise of the store might be removed from his store after his arrest in June, 1938—and which the state contends was a plan to kidnap the store's watchman, Beckwith said that "it was carried by Olson shortly before he was murdered, on Page 3, Column 3."

Verdict Stunning Blow To Grim Former Mayor

"Guilty of murder as charged..." Those words, read dispassionately by the deputy clerk of the district court, came apparently as a stunning blow to Duncan McD. Johnston, former mayor of Twin Falls. His face chalk-white, Johnston winced as Deputy Clerk Paul H. Gordon read the decree that smashed the former jeweler's hopes. He had sat rigidly during the brief but intense ordeal of silence from the moment Judge J. W. Porter silently read the verdict handed to him by Bailiff Jack Thorp until Gordon completed notation entries. Then Gordon arose. He began to read aloud swiftly.

Johnston shut his eyes for a moment. Although he still sat rigidly as the jury's verdict pronounced victory for the state, he seemed almost about to collapse. He put his hand to his eyes. The pallor of his face was complete. He did not seem to feel Attorney Thomas M. Robertson's encouraging slap on the shoulder. Attorney W. L. Dunn shook his head in negation. After Judge Porter set time for passing sentence and the brief session adjourned, Johnston walked unseeing through a small group gathered at one end of the courtroom. One or two friends greeted him, seeking to offer reassurance. He seemed oblivious to them.

During the tense moments prior to reading of the verdict, courtroom observers knew with certainty that the decision would decree guilt. The strain mirrored on the faces of at least two jurymen who had been personal friends of Johnston told the story. The sentences reached a climax as the clerk questioned each juror to determine that each concurred in the verdict. The death sentence was never seriously considered in the jury's brief deliberations. It was feared and accepted after the verdict was announced. Agreement on a guilty decision with life sentence was obvious early in the deliberations.

The state's evidence concerning presence of George L. Olson's two watches in the Johnston jewelry shop board was unimpeachable. It was to have been one of the primary motivating facts in the minds of the jurors.

Without even waiting for senate passage of the house-approved bill, the navy rushed preparations to call for the ship to be completed at other "paper work" so that actual construction of this vessel may begin immediately when the money is available July 1.

The committee-approved bill is \$1,981,950 below the total approved by the house, and \$123,514,000 under President Roosevelt's budget estimate. It still is \$46,437,250 above the 1940 appropriation. Although trimming the house cash total, the senate committee added \$15,000,000 in contract authorizations.

Examinations set
BOISE, April 11 (UP)—Examinations for radio-telephone and radio-telegraph licenses will be conducted here by the federal communications commission April 27.

Swedish naval force
Some damaged German transports, including one of 10,000 tons, were reported seeking refuge in Swedish territorial waters. Swedish general staff authorities asserted the allies had taken Bergen, and that the British had landed on the coast. The Germans denied this and the British said they doubted it because they had had reports of air attacks on the coast.

Norwegian troop resistance to Germany was reported in Stockholm to have strengthened greatly within the German-occupied zone. A high command was reported trying to mobilize a strong force north of the city. Swedish expert observers asserted that if Germany wanted to enter Norway, it must quickly establish dependable and defensible supply lines so that her troops could be supplied.

German forces at Narvik, the iron ore port, were reported to have allied ships outside the harbor and a strong Norwegian force a few miles inland. Stockholm reported that German troops were fighting German troops near the city. Fighting proceeded throughout the night near Moen, in southern Norway. Stockholm reported that the Norwegians early today blew up a bridge over a lake, which made a new German attempt to take Narvik, from which they had been driven yesterday.

Allies May Attack Oslo
There were indications that allies might attack Oslo at any time. It was reported the British had taken Narvik up to 60-mile long, Oslo, which made a new German demand, expiring at 1 p. m. yesterday, for the surrender of Oslo by the Germans. If the city should be held, the report said. There was no late news from Oslo.

Churchill Points To Blasting Nazi Ships From Seas

LONDON, April 11 (UP)—First Lord of the Admiralty Winston Churchill declared today the Skagerrak sea battle still is raging and promised that German warships would be blasted from the sea and allied control established in Norway.

The battle from Denmark to the distant North sea shores, Churchill told the house of commons, had resulted in "great losses" to the German navy. Adolf Hitler has made "as great a strategic and political error" in Scandinavia as that which undermined Napoleon's Churchill forecast.

The 1,245-ton British destroyer Olowun was being sunk by superior enemy forces when the ship stopped to save a man who fell overboard.

Hidden Plea, Received Here, Unmasks Nazi German Boast

"This is a story that alleged that Adolf Hitler's right coadjutor, that is the Twin Falls story behind Germany's proud boasts that the British blockade is not hurting the Nazi economic structure. No hints are given—and no German locality. Nazi vengeance might be exacted, that is what was suggested. Hitler's coadjutor, outsmanned them vainly, as it appeared they also financial aid would probably never reach her."

RUSH MADE TO ALLOW ALLIED PURCHASE OF PLANES

NORWEGIAN RAIDS CAUSE OF WORRY OVER AMERICANS

By ROBERT C. MONTEE

WASHINGTON, April 11 (AP)—War department officials and aircraft manufacturers are making negotiations to permit the immediate export to this country of hundreds of the latest-type American warplanes, authoritative quarters said today, while President Roosevelt and his advisers turn to the problem of extricating some 3,000 Americans from Norway, Sweden and Denmark.

Air raids in Norway increased official anxiety for safety of the Americans. Their immediate evacuation seemed out of the question because of sea battles in surrounding waters.

It was understood the Anglo-French purchasing mission was stressing need for clearing away obstacles to prompt delivery of the American warplanes because of Germany's invasion of Scandinavia. The planes originally were planned for this country's defense.

Legal Barrier

Meanwhile, President Roosevelt's first official move resulting from the war department officials' effort to clear the way for the export of the planes was to issue an executive order establishing an unprecedented legal barrier to the export of the planes to Norway, Sweden and Denmark.

A proclamation extending the ban to some which American vessels and citizens may not enter, to all of the Scandinavian peninsula, the Russian Arctic region. This bans all of Europe north of Spain to Americans and American shipping.

Cash and Carry Clause

Another official move can be made—application of the neutrality cash and carry clause to one or both of the invaded countries. But that step must await clarification of the status of those countries—whether they are formally at war with Germany, Roosevelt will await official reports from his diplomats in Norway and Denmark.

Back under Mr. Roosevelt's executive order, began reporting to the treasury this morning on Danish and Norwegian balances and orders. The president issued the order last night, under the emergency banking law of 1933, to freeze the balances and foreign exchange transactions here involving Norway and Denmark or their nationals and to vest all control over those holdings in the Secretary of the Treasury Henry Morgenthau, Jr.

Business Firms Close for Rites

CASTLEFORD, April 11 (Special)—Final rites for Isaac Jacob Burgess, 66, were conducted Saturday at 2 p. m. at the Castleford Baptist church. All business houses in the village were closed during the services.

Rev. Isaac Todd officiated, assisted by Rev. George Baergen, pastor of the local Baptist church.

The Baptist mixed quartet sang "The Beautiful Heaven Must Be," "No Disappointment in Heaven," and "I Shall Be at Home With Jesus." Pianist was Miss Marjorie Lockhart.

Palbearers were Guy, Ray, Jerry, Herbert and Robert Burgess and Floyd Wheeler, five of his six living sons and his son-in-law. His other son, John, Winesap, Tenn., was unable to attend his father's funeral.

Interment was in the Dutch cemetery, under the direction of the Evans and Johnson funeral home.

ROGERSON

Open house was held by Rogerson CCC camp. The wives of the officers were introduced at noon at a dinner. A band of music attended, both afternoon and evening, and all reported a very good time.

Rogerson camp is getting ready to receive 100 youths who are expected to arrive this week.

Rev. Baldwin, Emmett, preached at the Rogerson church Sunday night. He will also preach next Sunday. If all is satisfactory, he will be assigned to the Hollister and Rogerson churches, and will come about May 1. His family which is in the east, will join him about June 1.

SMALL CHANGE IN WEEDS PROGRAM

BOISE, April 11 (AP)—Very little change in the state noxious weed program for 1940 over that of last year was predicted by H. L. Spence, state agronomist, today.

The current program will revolve around these points:

The work would continue under the direction of the WPA.

Backs under Mr. Roosevelt's executive order, began reporting to the treasury this morning on Danish and Norwegian balances and orders. The president issued the order last night, under the emergency banking law of 1933, to freeze the balances and foreign exchange transactions here involving Norway and Denmark or their nationals and to vest all control over those holdings in the Secretary of the Treasury Henry Morgenthau, Jr.

Spence foresaw a perpetual need for the control work inasmuch, he said, no amount of work would completely get rid of the weed problem.

Concern was expressed over the tendency of individual farmers to "let down" on their personal efforts, an attitude, Spence said, probably inspired by the presence of the state's program.

This year marks the fifth year of the state noxious weed work, Spence said. About 33 counties participate.

VICTIM OF BLAZE PAID LAST HONOR

Jerome, April 11 (Special)—A host of friends and neighbors gathered with relatives Tuesday afternoon to pay final tribute to Shirley Kathrine Hopper, 13, who died from fatal burns Sunday morning. Officiating was Bishop R. G. Hartson of the Jerome L.D.S. church. Interment was made in the Shoshone cemetery under the direction of the Wiley funeral home here.

Miss Hopper sustained burns early Friday evening when she attempted to build a fire with kerosene in the kitchen stove.

A Wendell choir sang "Sometime We'll Understand," and opening prayer was by Hans Erickson. Obituary was read by Bishop Hartson followed by a song by the Charles Christensen family, "Beautiful Home."

Second speaker was John P. Dixon, Wendell, followed by a choir number, "I Need Thee Every Hour." Closing prayer was by Charles Christensen.

Palbearers were Don Sant, Jerry King, Abner Elmer, Arvid Swanson, Harry Poole and Orvil Smith. There were many floral offerings at the casket, and banking the forepart of the church.

A meeting was scheduled for Tuesday to launch plans for construction of a building or monument to the late "Lone of Idaho."

Idaho Display Set For World's Fair At Rome in 1942

BOISE, April 11 (AP)—Idaho will have a display at Italy's world fair in Rome in 1942, Franklin Girard, state forester, announced.

Twelve of the predominant commercial species will be sent to the fair in 1942, Girard said. The exhibit will consist of tree cross sections, bark, needles, cones, seeds, and twigs—all mounted on special plaques. A request for the display was sent to Girard by Dr. Enrico Brenna, general secretary of the Italian national forestry committee.

Publication of debates in the English Parliament was once forbidden.

Food Stamp Plan for Idaho Is Termed Special Aid for Farmer

BOISE, April 11 (AP)—The federal food stamp plan to be launched in Idaho soon will be aimed to aid farmers, relief clients and general business, H. H. Patterson, information specialist of the federal surplus commodities corporation said here today.

"The stamp plan is really the most business-like approach to the problem of under-consumption," Patterson declared. "It helps the farmers—who make up one-fourth of our population but receive only 11 per cent of the national income—by stabilizing market conditions," Patterson said.

"Business is aided by increased income of farmers and distribution of the surpluses through ordinary trade channels, while relief clients obtain more food needed to make up a balanced diet."

Broadens Domestic Market

In essence the plan broadens the domestic market for needed surplus foods by making it possible for needy persons to buy 50 per cent more food for their money from their corner-grocery through the medium of food-order stamps.

Persons certified for or receiving public aid may buy on a wholly voluntary basis from \$4 to \$6 worth of orange-colored stamps a month for each member of the family. These orange stamps are good at their face value of 25 cents each at all participating grocery stores.

Orange, Blue Stamps

Each purchaser of orange stamps receives free, half again as many blue surplus food stamps in place of the commodities they formerly received at food depots. These blue stamps may be used to obtain any foods listed as "surplus" by the department of agriculture.

The government redeems both the orange and blue stamps from grocers at face value.

"The idea is to give the under-nourished people a chance to eat the needed surplus, thereby moving more produce for the farmers through the normal channels of trade. This gives farmers more purchasing power for city-made goods, increasing employment on a broad scale," it was stated.

CCC ENROLLEES TO STUDY FIRES

BOISE, April 11 (AP)—Approach of the forest fire season today was sending hundreds of CCC enrollees in camps throughout the state into special classes for teaching new methods of fire control.

Because in the past enrollees had been sent to fight the forest fires with little or no previous instruction, five government agencies have launched a program to prepare the youths for fighting both range and forest fires.

According to plans, courses will be taught to incoming enrollees and to old members who have re-enrolled. The school was organized with the idea in mind of having a squadron of trained fire fighters ready to be sent to a fire as soon as it breaks out.

Fire detection systems will also be manned by the CCC this summer, along with several additional lookout stations to be established by the forestry service.

Couple Congratulated

Receiving the congratulations of their many friends throughout the afternoon were Mr. and Mrs. J. T. Shirk, who today celebrated their third wedding anniversary. "Open house" was observed from 2 to 4 o'clock, with Mrs. S. B. Hopkins, Jerome, a daughter, in charge of arrangements. The honored couple came to Twin Falls 22 years ago. (Times Photo and Engraving)

O.A.O. Dance Features 'Springtime in Vienna'

It was "Springtime in Vienna" for at least part of the evening when the O. A. O. Dancing club entertained at a "light night" event to mark the final dance of the season last night at the Elks ballroom, lavishly decked with cherry blossoms, peach blossoms and sprays of forsythia for the occasion.

The first extra dance of the evening, "Guest Special," was a salutation to the honorees, and the surprise intermission number was a Strauss waltz interpretation, performed by the Twin Falls M.I.A. stake waltz group, to the strains of "Tales From the Vienna Woods."

Thirteen Units Join In Chinese Benefit

Capturing the interest of local men and women this week, is the novel event which affords an opportunity to contribute to the Salvation Army's China relief work—a benefit birthday party Friday evening, April 12, at the Presbyterian church basement, beginning at 8 o'clock.

The event derives its title from the fact that guests are to contribute a penny for each year of their life, or whatever amount they care to donate. It is sponsored by the Twin Falls Business and Professional Women's club, with Mrs. Genevieve Dwight as chairman, and is arranged for men and women of the community who are interested in this particular cause.

Twelve tables, one for each month of the year, will be arranged by cooperating organizations; each table will give items on the menu, statement program; a song sheet, "The Profit Most," will be shown, and refreshments will be served. The B. P. W. club will furnish a table for beverages.

The following organizations are each sponsoring a table and decoration: November, Christian church women; December, Methodist church women.

January, Beta Gamma club, business girls' group of the Y. W. C. A.; February, Presbyterian church women; March, Magie-Y club of the Y. W. C. A.; April, Twentieth Century club.

May, Twin Falls chapter, American Association of University Women; June, Netarone church women; July, Baptist church women; August, Catholic Women's league.

September, L. D. S. church women; October, American Legion auxiliary; November, Christian church women; December, Methodist church women.

Pythian Sisters Plan Convention

Plans for the district convention here May 9, including a luncheon and banquet as social features, occupied the attention of members of the Pythian sisters temple when they met last evening at the American Legion Memorial hall.

Mrs. Dorothas Fuller, Mrs. Esther Maher and Mrs. Clemence Eldred were appointed as general chairmen of arrangements. Other committees were announced by Mrs. Eunice Gates as follows:

Table committee, Mrs. Beatrice Hibbes, Mrs. Victoria Anderson and Mrs. Angie Iron.

Kitchen committee, Mrs. Anna J. Iron, Mrs. Frances Ministry, Mrs. Margaret Johnson and Mrs. Gates.

Banquet committee, Mrs. Lena Kunkie, Mrs. Deason Morrison and Mrs. Elva Laird.

Mr. and Mrs. R. J. Behrendman entertained informally for a group of friends, going on later to the dance.

An informal half-hour from 9 to 9:30 o'clock was held at the Elks ballroom, proceeding dancing to music by Will Wright's orchestra, emceed behind a hedge of spring fruit blossoms.

Forsythia in golden shades bordered the dance pavilion and the end of the hall opposite the orchestra platform. The balcony was a bower of spring blossoms. Two white and silver floor screens were for interesting blossom arrangements.

Pictoresque Presentation

The waltz group, in picturesque gowns of the Strauss period and dress suits, was directed by Vern Yates. Dancers included:

Miss Laura Brown and Dee Jenkins; Miss Alberta McGuray and Theron Kluhl; Miss June Trex and Carlos Phillips; Miss Naomi Kirkham and Will McArthur; Miss Fern Peterson and Dean Freeman; Miss Margaret McArthur and Darwin Bell; Miss Bernice Stewart and Virgil Telford; Miss Ludlow Stokes and Karl Freeman and Miss Mary Jane Wright and Dick Lawrence.

Past Noble Grand's club will meet this evening at the home of Mrs. Margaret Waite.

Lead-A-Innd club will meet Friday afternoon at the home of Mrs. Marie Huether.

CAMP FIRE GIRLS

OYACANZE

Oyacanze group of Camp Fire Girls met at the home of the guardian Monday. A surprise party was held. Girls were divided into groups and each group built a fire and bread, dough was twisted over a stick and baked over the fire to eat an honor.

Next meeting will be at the home of Betty Hamelath, 1312 Eighth avenue west.

Calendar

Postal Clerks' and Carriers' auxiliaries will meet Friday at 8:30 p. m. at the home of Mrs. E. A. Smith, 1201 Fourth avenue east. Mrs. Arnie Anderson will be assistant hostess.

Transient Jailed After Blows at Jerome Officer

JEROME, April 11 (Special)—Because he resisted an officer, Wade Freeman, North Carolina transient, who created the disturbance, was brought before Police Judge Clark T. Stanton where he pleaded guilty to the offense. Freeman allegedly struck a member of the city police force, according to reports.

In lieu of the fine imposed, which amounted to \$10, Freeman was committed to the county jail and also given an added 10 days to think it over.

Freeman also appeared before Judge Stanton on charges of drunkenness this week. Fine of \$10, assessed against him after he pleaded guilty, was paid by him. Also brought before Judge Stanton on claim of drunkenness was Alford Robbins. In default of payment of a \$10 fine, Robbins was remanded to jail where he will serve out the amount at the rate of \$1.50 a day or until the amount is paid.

Estes Merritt was also brought before Judge Stanton on charges of drunkenness. Admitting guilt to the offense, Merritt was assessed a fine of \$10, seven dollars of the amount being paid. Merritt was given probation in which to complete the payment.

Allied Forces to Unite at Gooding

HUBERT, April 11 (Special)—Rupert citizens are asked to assemble in the club room of the municipal auditorium at 8 p. m. Friday, April 12, to assist in the organization of a local unit of the Allied Civic Forces of Idaho.

The purpose of this organization is the federating of civic and religious organizations for the purpose of improving moral conditions throughout the state.

Friday's meeting will be presided over by Eugene Stump, second vice-president of the district unit of Idaho Allied Forces, who is in charge of the organization work.

BUHL

Buhl ladies attended the annual Magie Valley district Y. W. C. A. council meeting Monday at the home of Mrs. Rupert Tyson, near Ripley.

Two of the Buhl women were elected district officers during the annual business meeting. Mrs. Eugene Thomas, vice-president, and Mrs. K. O. Harding, treasurer.

Miss Russell V. Hill, president of the Northwest Nazarene college, Nampa, was speaker at the service at 11 a. m. Sunday in Nazarene church. Several students from college spoke briefly on activities at the college.

Two Buhl banks, the Idaho First National and the Farmers National, were awarded prizes for the best awards submitted in the contest they sponsored on benefits of the bank to the community at a special assembly program in the high school Monday.

First prize of \$8 was given Hugh Law, second prize to George Howard, and third prize to Miss Miller. Four students received last awards, Pearl Noland, Ruth Hagelorn, Louisa Winger and Virginia Willich. High school principal, Floyd Bond, presented the awards on behalf of the banks.

Green Gardens

By VALENTINE

Spring brings out our most ambitious gardening interests, so get out your tools and old faded sun hat and let's off to the back yard. If dead annuals from last season and old perennial tops have not been removed from the borders this might well be our first task. Get out a carton or basket for refuse, a knee pad if you choose; a scratching fork and an old knife.

Now we should proceed down each border of perennials cutting out all grass and weeds and lightly cultivating with the scratcher.

If you don't recall the exact location of every plant be particularly careful not to dig into late starting perennials.

Fertilizer, Too
Now is a good time to sprinkle on a light dressing of weed-free manure. Stand back and admire the neatness of your borders and watch how rapidly plants grow after this heavy treatment.

Annual borders will handle a little differently. These should have old plants removed first if this was not done in the fall. Now a liberal cover of manure and we are ready for deep spading and thorough raking.

Most annuals can not safely be planted now except what we call hardy annuals. Pinks, alysium, cornflower, larkspur, candytuft, poppies and the indispensable sweet peas may be sown in the open now. Tender annuals may be started in flats indoors or plants may be purchased when danger from frost is past.

Straighten Edges
Our border cleanup is not complete until all edges that meet the lawn have been cut clean and sharp. If borders are straight it is well to stretch a string along the edge to follow. For curving borders the string may be used to outline the bed. The most convenient tool for straightening borders is the edger, but gardeners are never stopped by lack of the proper tool.

AD' COMMISSION COLLECTS LEVIES

BOISE, April 11 (UP)—The Idaho advertising commission, through streamlined administration, has slashed its tax collection expense in half through use of stamps and has eliminated all delinquencies, Les Sargent, secretary, reported today.

The one-half-cent-per-hundred-weight levy is imposed under a 1933 law that became effective last July 1, upon all potatoes and onions shipped out of Idaho.

It produces approximately \$55,000 annually to finance a nation-wide campaign to increase consumption of the two products that farmers will receive a reasonable return from them. Prices for potatoes now are the highest in more than two years.

\$56,200 Sold
Since last July 1 \$56,200 in stamps have been sold and used.

By a resolution promulgated by the commission all bills of lading on potatoes and onions shipped out of Idaho must have the commission's stamps affixed.

Since last July 28,000 carloads of potatoes and 2,200 carloads of onions have been shipped out of the state.

"No car has gone out of the state without the proper stamps since we have adopted this method of collecting the tax from the producers through the shippers, who obtain them in advance of their needs," Sargent said.

\$40,000 Delinquent
A year ago, Sargent noted, there was \$40,000 in potato and onion tax delinquency. The previous law required a tax of one cent per hundredweight, instead of one-half cent, however.

Through intensive effort and with cooperation of the attorney general's office we have reduced the delinquency to \$8,000 and litigation has been instituted to recover that," Sargent said.

Many Present at Perkins Funeral

CASTLEFORD, April 11 (Special)—A capacity crowd of relatives and friends paid their last respects to Mrs. Mary Elizabeth Perkins, Castleford, at the Buhl Christian church Sunday afternoon.

Rev. Isaac Todd, Castleford, officiated, assisted by Rev. J. D. Harden, pastor of the Buhl Christian church. A mixed quartet, Miss Louise Tomlinson, Mrs. Frank Merriman, W. E. Luntz and S. D. Bonar, Buhl, sang "Some Day We'll Understand" and "Under His Wing." Mr. and Mrs. Emory Woodruff sang "Only a Shadow Between."

Mrs. E. M. Tomlinson was the accompanist and also played the prelude and recessional. Pallbearers were William Rosenkrantz, Paul Neumann, Joe Moore, Maurice Querry, R. W. Gage and E. Heller, all close friends living in Castleford.

Interment was in the Buhl cemetery under the direction of the Albersson funeral home.

HEADS EASTERN FAIR

BLACKFOOT, Idaho, April 11 (UP)—H. L. Lowe, Aberdeen, headed the Eastern Idaho State fair board today as the result of the annual election of officers.

There are about 23,400 head of cows in Canyon county, compared with about 200,000 throughout the state. Ada county ranks second with 18,800; Twin Falls, 15,500, and Bonneville, 10,000. An increase of about 2,000 head was noted this year, the service reported.

SHORTAGE NOTED IN WEST WATER

BERKELEY, Calif., April 11 (UP)—Prospects for 1940 irrigation water supplies in western states are for the most part below normal, the division of irrigation of the soil conservation service announced today.

It based its report on April surveys of snow storage in the mountains made by its own staff and federal, state and other cooperative agencies. The state summary included:

Idaho—Mountain snow cover is short and subnormal runoff is expected but will be well maintained and summer shortages will affect only areas lacking storage.

Montana—Snow east of continental divide is slightly subnormal but is well packed. Soil is unfrozen; no runoff as yet; reservoir storage a little below last year. Conditions west of divide fairly satisfactory.

Utah—Conditions not promising for natural flow users but full supply in prospect for storage rights.

GOVERNOR RAPS WPA REGULATION

BOISE, April 11 (UP)—WPA regulations were criticized by Gov. C. Bottelfofen today as too inflexible to meet the requirements of certain needy groups.

In a letter to State WPA Administrator Dean Miller, the governor said no preference was being given persons with several dependents over single persons with no dependents.

He asked Miller to confer with him because a "substantial number of Idaho citizens are approaching a condition of extreme necessity due to curtailment of the WPA program."

Bottelfofen said he would use the influence of his office to obtain "more flexible interpretation" of regulations governing work assignments.

What is the secret of making a 90 proof whiskey mild and light? Laboratory scientists, mentors to Private Stock, find that extra care in every step of high-proof distilling makes 90 proof G & W extra smooth, ultra-light.

What fabric is woven from rock? Ordinary asbestos cloth—derived from asbestos rock and used for fireproofing—theatre curtains especially.

Does the number 13 always mean bad luck? Not where Private Stock is concerned. It's the most modern G & W distillery leaves nothing to chance in making every drop of whiskey milder.

Is it true that shekels always pull over on their backs when stacked? Only when the objective is above them. Shekels do not have true lower jaws.

G & W Gives Old Mother Nature A Lift!
Nature can make whiskey all by her own—but how? Where Nature goes wrong, G & W goes right! No errors—but plenty of "assistants." Every drop of Private Stock is checked and counter-checked 108 times. Extra care and high-proof distilling assure mildness, smoothness in 90 proof G & W. A \$15,000,000 big-volume distillery assures the lightness in Private Stock... the whiskey America lauds!

WAR DEALS CUT TEA TOTAL DOWN

HONG KONG, U.P.—China's swamping of tea to Soviet Russia for war materials has produced a shortage of export from Hong Kong and Shanghai.

A United Press survey of Hong Kong tea exports shows that the volume of tea available for normal export demand. Traders said virtually the entire China tea crop has been monopolized by the Chungking government for shipment to Russia. It was understood the Soviets have been paying for 100 per cent delivery until China's barter commitment of 220,000 half chests has been fulfilled in full. It is approximately 70 pounds.

British tea buyers, long accustomed to filling large export requirements with Chinese tea, have found no tea available for purchase in Hong Kong and Shanghai. The Chungking government has understood representations will be made to the Chungking government by the British ambassador.

There were indications of a disagreement between the two Chinese governmental agencies engaged in purchasing the China tea crop. The two agencies are the Fuhua Trading Co., a subsidiary of the Chinese foreign trade commission, and the Chinese National Tea Corporation, another Chinese government concern.

It was understood here that the Chinese National Tea Corporation has financed extensive tea buying in the interior of China with a view to marketing it in Hong Kong to provide foreign exchange for the Chungking government. However, this agency's purchases apparently have been allocated to the Fuhua Trading Co. for shipment to Soviet Russia.

The dispute between the two agencies has been submitted to Chungking for settlement. It was understood.

Price Declared Secret Traders indicated tea exported to Russia for war materials was being disposed of at a secretly fixed price.

According to Hong Kong tea brokers, tea stocks now held in the interior total 100 half-chests of Pingyung and 207,000 half-chests of country tea. Stocks held in Hong Kong by Fuhua Trading Co. were estimated at 54,000 half-chests of Pingyung and 1,000,000 half-chests of country tea. Holdings of the Chinese National Tea Corporation were 100,000 half-chests of Pingyung and 15,000 half-chests of country tea.

Virtually all of the Fuhua Trading Co. stocks in Hong Kong are reserved for shipment to Soviet Russia, but the company is pressing for delivery of the CNYR holdings to Russia as well as those leaving British, American and other foreign tea buyers demand of Chinese tea for the current year.

\$1,500,000 Budget Set for Filming of "Arizona" Epic

By PAUL HARRISON (NEA Service) HOLLYWOOD — They're finally going to film "Arizona." At least, Wesley Ruggles, with the aid of John Arthur, Bill Holden, Columbia studios and a budget of about \$1,500,000.

It was to have been done last year, but Ruggles frightened the company out of a year's dividends with his plans to make a mountain, build a permanent town and install a river where no water has been since paleolithic times. With a budget of \$1,500,000, a big but somewhat ambitious project seemed a little unwise at the time.

But Ruggles persisted and got the money and has been spending \$100,000 every day. He has his town, his props, and — most wonderful of all — a river that flows in two directions at once.

The state picture will be made about 20 miles from Tucson, Ariz., which was the original locale of Clarence Biddington Kelland's story. The set is about a mile square, and in it is an adobe reproduction of old Tucson, which was the only walled town in the United States in 1850. Hundreds of workmen, mostly Mexican, dug and drilled the whole on the site, and besides the wall they have topped up 82 buildings — saloons, stores, stables,

ALBION

Miss Helen Whitwell was called to Salt Lake City Monday by serious illness of her mother.

Albert Jacobson left Monday for Postville, Ore., where he has obtained work.

Mrs. Kelez, Ruth Tremaine, Carmel Bates, Ada Goodman, and Virginia Downs, Miss Pils, Ethel and Vernal Clark left for Wendell, Friday to attend the district teachers' conference. Miss Velma Tremaine represented Albion in 15 word game at the annual state games and gold ball held at Postville Saturday.

Ann Goodman was honored on her 20th birthday Sunday at a party arranged by her parents. Mr. and Mrs. George Goodman, at their home. Evening was spent playing games. Events, eighth and ninth grades of Albion training school prepared at Indian Springs Saturday. George Goodman took them up in the school bus.

Miss Anna Wendell, who spent her vacation in Kesteven, Neb., returned Sunday. A special communication of the Masonic lodge was held Saturday. It was past masters' night. The P. O. degree was featured. They were entertained by John's Daughters from Turley, who put on their opening and closing ceremony. Refreshments were served by Walter Amodeo and William Palmer.

Born in Auto

MARACAIPO, Venezuela (U.P.) — The baby born in a 20-year-old Anglia Maria Quilera has unique distinction in the annals of Venezuela. She is the first child to be born in an automobile on Latin American soil. The child was born in an automobile that was being transported across the lake in the ferry boat Coaquira.

SPEAR HURLERS READY FOR SEAL

WASHINGTON (U.P.)—Uncle Sam apparently likes things primitive, at least as far as seals are concerned. Some time this month or next—nobody knows exactly when because it depends on the seals—Indians, Aleuts and other aborigines of Washington, British Columbia and from the vicinity of Sitka, Alaska, will take the animals. The government expressly forbids them to use any sort of craft except open canoes, paddled by hand.

They can't use power-driven boats, they can't use firearms of any kind. Their only weapons are spears, bows and arrows, primitive weapons which they spend weeks sharpening before the seals first appear off the coast of Washington.

Primitive skill needed. Such restrictive conditions "call for all the primitive skill of which these people are noted," the bureau of fisheries said. The seals are difficult to spear when the seals appear off the coast of Washington on their way to the Pribilof Islands, north of the Aleutian Islands, where they spend the summer.

Some of them, forming the van-guard of the herd, were sighted off Oregon early this month. In the short time the Indians have to hunt the seals, they usually manage to kill about 100.

Boats Keep Watch. Just to make sure no one "cheats" during the hunt, the bureau station two patrol boats in the area and after the hunt begins and wardens inspect the boats to authenticate legality of capture. The Kiltwaik, which sailed from Seattle on March 6, will be stationed at Sitka, and the other will patrol the region of Neah bay.

The seals are used for a number of things, mostly around the homes, but some of the better business men sell the pelts to fur coat manufacturers.

GOODING

Mrs. Mary Edholm, president of the Gooding P-T-A, left Tuesday morning for Lewiston where she will attend the sessions of the state P-T-A. Mrs. Edholm accompanied a car of delegates from Gooding. They will return Saturday.

MALAY FIGHTS WAR SABOTEURS

SINGAPORE (U.P.)—Europe's Nazi-Communist coalition has "infected" Chinese anti-Japanese organizations in the Straits Settlement, with the result these organizations are now carrying on anti-British activities.

Organized officials charged the government originally to collect money for the relief of war refugees in China and to further the boycott of Japanese goods, the Chinese "All-Asia Anti-Enemy Backing-Up Society" is controlled by the Communist party and is actively concerned in organizing strikes. R. O. W. M. Davis of the criminal intelligence branch of the Malayan police declared.

The organization, with branches throughout Malaya, and claiming a large membership, is seeking to persuade workers to go on strike. One government official declared they are behaving "as if the Nazis were their friends." He said that since the outbreak of war in Europe the society has become increasingly anti-British, and is attempting "to retard efforts of the country in prosecuting the war."

Two men were sentenced on Feb. 9 to 12 months imprisonment for participating in illegal organizations. The magistrate, in sentencing one, said that if the accused had been a British subject he would undoubtedly have been charged with high treason. Many other members of "illegal" organizations have been banished from Malaya, while others are being deported.

During a trial at Ipoh (Perak) it was alleged that the Chinese "Anti-Enemy" organization was engaging in terrorist activities, including cutting off people's ears, tarring, assaults and public demonstrations. The magistrate, in sentencing one, said that if the accused had been a British subject he would undoubtedly have been charged with high treason. Many other members of "illegal" organizations have been banished from Malaya, while others are being deported.

Prominent L.D.S. Woman Honored

BURLEY, April 11 (Special)—Friends and relatives gathered at the L. D. S. tabernacle Tuesday to pay final tribute to Mrs. Nellie Rampton Barlow, wife of Truman C. Barlow and outstanding church worker, who died Saturday following a two-week illness.

Bishop J. D. Hogan officiated, and a Ladies' sextet sang "The Old Refrain" and "I'm a Soldier in the Army of the Lord." The service was presided over by Mark Holbrook, a brother-in-law from Bonifield, Utah. Mrs. Alicebeth Whiteley sang "God Bless America" and speakers were Mrs. Tom Lambert, W. H. Telford of Idaho Falls, William L. White, and Bishop J. D. Hogan. Mrs. Ida Hatch, Bonifield, sang "Dry Those Tears," and the Singing Mothers, under direction of Mrs. Olive Honks, sang "When the Saints Come Marching In." The benediction was offered by Oscar Barlow, of Clearfield.

Burial, under direction of the Payson mortuary, was made in the Idaho Falls cemetery with President Brunst dedicating the grave. Singing and society workers were in charge of the flowers, and the four sons and two nephews of Mrs. Barlow were pallbearers.

The shadubird got its name from the Indians because it "blossoms when the shad swim up the creeks."

Crackerbox Post Office—6 by 7 Feet

CAT ON PAYROLL AS RAT SLAYER

PITTSBURGH (U.P.)—This is a success story—the success of Betty the cat in ridding from a wall-kitten to a position of importance on the payroll of a 16-story office building.

"She rates the cat-general exterminator—86 cents weekly," is the way she is listed on the payroll ledger of Pittsburgh's Park building. She's the building's chief rat-catcher and pest exterminator.

"She earns many times that amount," Norman W. Lind, building superintendent, says, "consuming Betty." "But we don't pay her any more because that's about all she is able to eat."

Having no appreciation of the value of money, Betty isn't given a paycheck each week. Instead, the 6-cent-a-day rat-catcher, who then buys salmon and cream for Betty's enjoyment.

Since last September when a man left her in the lobby of the building, Betty has been on the job. She puts a six-day week out from her labor on Sunday.

Before Betty appeared, the Park building, like many others in Pittsburgh, was infested with rats. She was bothered by the rats that came from the city's three rivers, through power conduits and sewers. But Betty is more than a match for the rats and she patrols the building's basement, taking on even those rodents that are her own size.

Demonstrations Given to Society

MURTAUGH, April 11 (Special)—Mrs. Freda Swearingen, Mrs. Goldie Tolman and Mrs. Fay Perkins gave recipe demonstrations Tuesday for the Relief society at the home of Mrs. Fay Perkins, president.

Group singing opened the meeting. Mrs. Virginia Decker pronounced the invocation and Mrs. Minnie Pickett the benediction. Flower seeds, bulbs and plants were exchanged. Mrs. Swearingen, Miss June Swearingen and Mrs. Robert Miller were guests. Mrs. Decker, Mrs. Fred Herbert, Mrs. Lorene Sears and Mrs. Emma Day joined the group. Mrs. Zenia Egbert will be hostess next Tuesday. A plate luncheon was served.

FARM SYSTEM TERMED AID TO YOUNGSTERS

Veteran Umpire Points to Great Chance in Baseball

SEYMOUR, Ind., April 11 (U.P.)—Harry Geisel of Indianapolis advises that athletic youth go back to the farm where flies, hickory and popcorn flourish—the baseball farm.

In an address before a crowd of Hoosier baseball fans here Geisel, a big league umpire for 25 years, asserted that prospects for success in professional baseball "are better than ever before."

He said that both leagues are in dire need of good players. "Getting into the big league is not the primary benefit in joining a farm," he said. Physical culture and experience, he said, are more important and of far more time more certain.

Help Declared Lacking "No of evening I hope to be a Bob Feller," added the veteran umpire. "But if the youth don't make good in the training camp he has had a fine experience and a background for future life."

Geisel pointed out that pecuniary returns for a rookie were at least as good as wages in industrial occupation as wages in industrial occupation.

But officials of northern and midwestern colleges contend that the nation's weakest basketball section, has started to build its case for the future in the manner which helped keep its football standard so high.

Officials of southern schools entered the dressing room of one of the better basketball teams in Columbus and attempted to give a star a sales talk right there on the spot.

It was given the bum's rush by tournament officials, and not in a gentlemanly manner, either.

Officials say the teams will be in the wrong time and place for the forager's approach.

Tactics of that kind inflame midwestern college coaches and make it all the tougher for southern seats of learning to make headway with veracity timber of the north.

Careers Do Well Southern schools are offering the same inducements to hoop luminaries as they are to pigskin standouts—tuition, books, room and board and spending money.

The result no doubt will be that in three or four years the brand of basketball play in Dixie will compare favorably with that of any other section of the United States.

When George Glanville was named American center of the winter, he was the first southern player accorded the honor in more than a decade. And Glanville, who played for North Carolina, registered from Johnston, N.C.

The biggest drawback to southern basketball, according to Roy Mott, head coach of Georgia Tech, has been a lack of adequate playing space.

There are far fewer top-notch gymnasiums in Dixie than elsewhere.

Many secondary schools play basketball and good basketball players can be developed outdoors.

Drop in Attendance Basketball attendance was off this year, as much as 20 to 25 per cent in many centers, including high school play in Indiana, where the attendance at the game between George Keegan, Notre Dame coach, traces the decline to the time of game.

"There is no science left," he insists.

"There are too many young in college basketball and too many good offensive. Just let a full court jump under a basket and you will see the signs of virtue of bright, strong, without skill or grace."

But regardless of any decrease in attendance and George Keegan's opinion of the current type of game, the south seems determined to put its basketball on a par with the rest.

And Dixie schools won't fall because of lack of spirited enterprise.

Cowboys Lose to Vancouver in Exhibition Contest

SUNNYSIDE, Wash., April 11 (U.P.)—The Vancouver Caprons, member of the Class B Western International league, yesterday handed the Twin Falls Cowboys, champions of the Class C Pioneer league, an 11-4 setback in the first spring training exhibition of the season for the Idaho boys.

However, Manager Frank Tobin of the losing club used his entire squad of over 25 players all during the game and got a fairly good "line" on the action of some of the youngsters under fire.

The Cowboys drew first blood in the game in the initial inning when they scored a run. Vancouver was not until the fourth inning when they pushed across four runs—and held the lead throughout the rest of the contest.

The victory was the third this season for the Canadian entry in the WT loop out of three games played in Twin Falls. The first regular game, although the Cowboys played an 8-8 tie in 13 innings with Spokane earlier in the week. Rain has hampered the Cowboy practice since the regular training camp was opened.

In the 4th yesterday Tobin got his first look at several players in action and probably the outstanding performance was turned in by Tommy Beitia, 130-pound youngster from Shoshone, Ida. Beitia reported as an infielder, but in yesterday's contest he saw action in the outfield. He was at bat only once, but lined out a screaming single and turned in two beautiful catches while playing in left field.

Continue Exhibition The Cowboys will continue on their exhibition series here, playing other Western International league teams before returning east to tackle the Washington State penitentiary team and then the University of Idaho nine. From there they go to Boise for the opening of the season against the Boise Pilots on April 26.

They open the season at Twin Falls on April 29 against the same boys club.

The 1939 race squad the Hollywood Stars from the film colony get a chance to push scoring out of the dodrums while on the shift. Wilbur Shaw, two-time winner, is already nursing his eight-cylinder General back to full strength for the event.

"It's about ready to go," said the racer. "And we're just waiting on the weather."

It was Shaw who flicked past the liner's tower ahead of the field in 1937 and the same Shaw who roared into the winner's circle last year. In 1938 he finished second, but that, he says, is easily explained.

Shaw describes himself as a pacifier, which means that he pilots his flat-nosed car according to its speed capacity. This fact explains his impatience to get his car on the track. He wants to learn the capability of his mount so that he can make plans for the coming race.

"I like to think of myself as a racing hustler man," said Shaw. "We're not the rip-roaring, cut-up guys that most people think we are."

Mac Comes Through With His Annual Selections on Big League Finishes

By HENRY McLEMORE NEW YORK, April 11 (U.P.)—Not one single letter asking me NOT to look for the teams with finish in the major leagues this season has come to my desk.

There hasn't been even so much as a postcard requesting I refrain from making a forecast, on the American and National league races.

After mulling this over, I came to the conclusion that this lack of requests to layoff could mean two things.

That everybody in the country must want me to make a prediction on the 16 teams.

You can't imagine how happy the arrival at such a conclusion made me, and I want to thank each of you for the faith and trust you showed in me by such an unprecedented, nation-wide appeal.

Now before I start my selections, let me get everything in order. First, let me see if I can name the teams in each league.

Well, never mind, I can always look them up in a baseball book. Secondly, let me try to remember how they finished last year. Well, never mind, that'll be in the baseball book, too.

Okay, let's start with the National league. Cincinnati will be first and St. Louis second, or vice versa. Brooklyn will finish third and New York fourth, or vice versa. Chicago will be fifth, Pittsburgh sixth, Boston seventh, and you guess who will be eighth.

Now, while you are running out to get your bets down, I'll collect my data on the American league. The American league presents no such easy problem as the National, where it was possible to definitely place each team in the spot it will occupy at the close of the season.

The American race is a lot of trouble and I must have spent close to 140 in collect calls to managers, utility infielders, groundkeepers, and professional ex-prospectors, seeking information. But here it is.

The Yankees first, and Red Sox second, or vice versa. Cleveland third and Detroit fourth, or vice versa. Chicago will be fifth, Philadelphia sixth, Washington seventh, and you guess who eighth.

In a way it's a shame for me to give you this information, in that I intend to remove some of the dirt as you go to the summer ball games. What can it possibly matter who wins or loses on a particular day, because you and I know what the ultimate outcome is to be. As a matter of fact, I wouldn't be surprised if Judge Landis didn't ask me to stop making my selections on grounds the players, after seeing my forecast, won't try as hard because they'll have a foliage feeling that what I prophesy must necessarily be true.

Take last year's forecast for example. Who did I pick? The Yankees. Many called me a fool and a daredevil when I did it, and I'll admit at one stage of the race when their lead was cut to 10 games, I had a qualm or two. The fact I slipped up and picked Chicago in the National last year was perhaps the exception to prove the rule.

Now that you know just what is going to happen to both leagues during the summer aren't you glad I selected them and you read it? Or vice versa?

80 Five-Man Teams Take Floor in ABC Shaw Expects New Record in 500-Mile Race

INDIANAPOLIS, Ind., April 11 (U.P.)—Eighty-five man teams from Los Angeles to Brockton, N. Y., fill the alleys of the American Legion Congress tonight in another attempt to send leaders into the 5,000 class.

The 1939 race squad the Hollywood Stars from the film colony get a chance to push scoring out of the dodrums while on the shift. Wilbur Shaw, two-time winner, is already nursing his eight-cylinder General back to full strength for the event.

"It's about ready to go," said the racer. "And we're just waiting on the weather."

It was Shaw who flicked past the liner's tower ahead of the field in 1937 and the same Shaw who roared into the winner's circle last year. In 1938 he finished second, but that, he says, is easily explained.

Shaw describes himself as a pacifier, which means that he pilots his flat-nosed car according to its speed capacity. This fact explains his impatience to get his car on the track. He wants to learn the capability of his mount so that he can make plans for the coming race.

"I like to think of myself as a racing hustler man," said Shaw. "We're not the rip-roaring, cut-up guys that most people think we are."

A driver is in the business to win and the more chances he takes the less income he's going to have.

CONZELMAN HONORED CHICAGO, April 11 (U.P.)—Jimmy Conzelman, former coach at Washington university in St. Louis, has signed as coach of the Chicago Cubs, the first national professional football league.

Conzelman succeeds Ernie Nevers, former Allstar guard, who resigned last January.

Fight Results

By United Press NEW YORK — Max Berger, 140, New York, drew with Ricardo Miller, 129, New York, in a 10-round fight. Joe Basora, 150, Puerto Rico, knocked out Joe Lynch, 150, Patterson, N. J., (1).

KANNAH CITY, Mo. — Tony Novak, heavyweight, Kansas City, technically kayped Neville Grech, heavy, Peasie, Miss. (4).

Tin Lizzie Derby Set at Furley and Butler in May

Capt. Jerry Edwards, daredevil extraordinary, today announced dates for his tin lizzie derbies for the Furley and Butler, including races at Furley and at the fairgrounds at Ellettsville.

The Furley race will be held on May 12, and the Butler event on May 20. Other tin lizzie races are at May 18 and 19 and Lexington 4 and 5.

Utah Boxer Loses In AAU Tourney

MOHENTON, April 11 (U.P.)—Dado Marino, Honolulu, Hawaiian, last night eliminated Al Barker, Ogden, Utah, in the semi-final round of the national AAU boxing championship.

Many of the spectators thought Barker lost the apex of the three rounds, and booed the decision.

Training Camp Briefs

(By United Press) PORTSMOUTH, O.—The Boston Red Sox started their Cincinnati Reds spring series, 2-1, to win their first annual spring series, six games to five.

DANVILLE, Va.—Carl Hubbell went the route for the New York Giants yesterday, throttling Cleveland with four hits, and pitched his team to a 4-1 triumph.

WASHINGTON—The Washington Senators defeated the Boston Braves 4-3, yesterday to celebrate their 1940 homecoming.

NASHVILLE, Tenn.—The Philadelphia Athletics and Phillies renewed their "city series" today. Yesterday the A's defeated the Phillies, 7-4, while the Phillies were downing Knoxville, 13-8.

SPRINGFIELD, Ill.—Franklin Frisch today nominated Bob Kilgore to hurl the Pittsburgh Pirates' opening game at St. Louis April 10.

There are too many young in college basketball and too many good offensive. Just let a full court jump under a basket and you will see the signs of virtue of bright, strong, without skill or grace.

But regardless of any decrease in attendance and George Keegan's opinion of the current type of game, the south seems determined to put its basketball on a par with the rest.

And Dixie schools won't fall because of lack of spirited enterprise.

TWIN LEADERS PRINCETON, N. J., April 11 (U.P.)—Bill and Al Hines, who prepared at Dexter academy, were elected co-captains of Princeton's freshman hockey team this year.

OKLAHOMA CITY — The St. Louis Cardinals reared the end of their spring journey with Mark Cooper holding the Oklahoma City Indians to five hits and one run in eight innings. The Cards won 8-1.

Vandals Set to Open Home Season Against Whitman MOSCOW, Ida., April 11 (U.P.)—Weather permitting the University of Idaho will open its home baseball season here today against Whitman college.

Baseball and Dick Snyder were on the mound for the Vandals. Games scheduled for yesterday were rained out.

San Diego Padres clung to first place in the Coast loop with a 5 to 2 victory over the second place Oakland club. It was the second win of the season for the Padres.

Portland cuffed Sacramento again for a 4 to 1 win behind the seventh-inning pitching of Bill Thomas. It was the fifth straight defeat for the Soles.

Qualification Rounds Set for Play in U. S. Open Tourney

NEW YORK, April 11 (AP)—Qualifying rounds for the national open tournament will be played in 26 districts on May 27, the U. S. Golf association announced today.

The rounds were played in 32 districts last year. Explaining the cut, the U. S. G. A. said: "It was felt the players in those six districts would be either sufficiently served by other established points or unlikely to attend the championship."

Districts eliminated were Huntington, W. Va., Richmond, Va., Atlanta, Memphis, New Orleans and Houston.

The tournament proper will be held June 3-8 at Canterbury Golf club, Warmersville, C. near Cleveland. A field of 150 will be eligible to compete.

Players who participate in the 30 holes of stroke play in the 200 qualifying rounds probably will be shooting for approximately 120 places in the tournament because the low 10 to 20 and the 15 in last year's championship automatically are eligible.

Entries will close at the U.S.G.A. office in New York.

The exempt players are Byron Nelson, Craig Wood, Denny Shute, Marvin Ward, Sam Snead, Johnny Murphy, Chick McCarty, Dick Metz, Ky Lafoon, Harold L. Mogsdren, Paul Runyan, Harry Cooper, Ed Dudley, Henry Lee, George Smith, Sam Byrd, Olin Dutra, Clayton Heaster, Willard Wehrle, Jimmy Hines, John E. Rogers, Tommy Armour, Jimmy Demarest, Johnny Revolta, Bobby Cruickshank, Jim Foulis, E. J. Harrison, Matt Kowal, Vic Ghzezi, Ed Oliver and Felix Sarant.

The districts and courses where qualifying rounds will be held include Salt Lake City, Fort Douglas club.

HAGERMAN

Miss Arleta Dahlquist, daughter of Mrs. and Mr. Ed Dahlquist, Hagerman, and James Armstrong, Gooding, were united in marriage Friday evening at Shoshone. They left immediately for Ely, Nev., where she is employed with the Utah Steel Construction company.

A civic club pinocchia party was held Friday at the home of Mrs. Van Heffner. Mrs. Carrie Eliason, Mrs. Henry Clark won prizes. Hostesses were Mrs. Van Heffner, Mrs. Ralph Miller, Mrs. L. Beltr and Mrs. Earl Allen.

A pre-school clinic will be held under direction of district and state doctors, health council and county nurse April 16 at the Civic club rooms. This clinic is limited to children entering kindergarten in September. A physical examination will be given, immunization for diphtheria and smallpox will be available, and a dentist will be present.

Rimrock study club entertained Civic club last week at the club rooms. Mrs. E. W. Schiller gave a report of her trip to Mt. Vernon. Mrs. E. J. Bennett sang, accompanied by her daughter, Margaret. Mrs. E. J. Bennett, county nurse, and Mrs. Hazel McCoy, superintendent of Gooding county, were guests. Mrs. Martin Curran gave a report on the Red Cross meeting.

John Ayres, Mrs. William Hendrickson and Mrs. Ernest Billard as hostesses. Committee members of the third circle of the Methodist Ladies Aid society met Saturday with Mrs. Van Heffner to make plans for raising funds for the new school. Mrs. Van Heffner is chairman. Mrs. Van Heffner, Mrs. Leonard Condit, Grand Coulee, are the parents of a girl born March 10 at their home. She has been named Lola Marie.

Mrs. Joe Niefenegger left April 3 for Seattle, Monticello. Mrs. Niefenegger and her daughter, Jessie and Eleanor Niefenegger, are the guests of Mrs. Pagnier. Mr. and Mrs. Jack Allen and Mrs. Florence Stevens, who attended a general conference of L. D. S. churches, returned home Sunday.

Jerome Rod and Gun Club Hears Sportsmen's Plans

JEROME, April 11 (Special)—At the meeting of the Jerome Rod and Gun club here Monday evening in the Jerome court room, A. D. McMahon of the Jerome club read the committee's report on trout planting within the fourth district.

The account contained the recommendations to the fourth district Associated clubs for trout planting for the year, and had been presented at the meeting of the women's club association in Shoshone recently.

It was recommended that 100,000 trout be raised in the following: Warm spring creek, Magie reservoir (Big Wood river), Little Wood river above Carry, and the Hagerman river. Twin Falls area, 50,000 in the South Boise river, Roseworth reservoir, and Salmon river. 50,000 in the Snake river. Trout club, Fish creek, Little Wood river (between Hagerman and Carry), Thousand Springs and Cassia creek; 50,000 in Snake river, near Fork, Trail creek, Malad river (Cassia county), Little Smoky, and Trapper creek.

Other business during the meeting included discussion concerning the annual banquet to be held in the next two weeks. A report was heard from D. E. Smith, chairman of the Wildlife Federation stamps for the local club that approximately a half of the club's quota had been sold. Two days were shown at the close of the business meeting on the New Oregon Trail.

Dietrich Trims Shoshone Club By 9-4 Score

DIETRICH, April 11 (Special)—The Dietrich baseball record for the 1940 season stood at three victories and no defeats today after the home club yesterday downed the invading Shoshone team by a score of 9-4. Previously the home club had won over Buhl and Hagerman—the latter club by a 19-1 count.

Yesterday each team got seven hits, but C. Bartholomew, on the mound for Dietrich, struck out 10 batters and gave only two walks. Walter, McKain, hurling for Shoshone, allowed seven hits, gave 12 bases on balls and struck out seven.

Home runs were hit in the contest by Hendry of Dietrich and McKain of Shoshone.

Next game on the local schedule is against Hagerman here on Friday afternoon.

STRIKES to SPARE With Fred Stone

By making out Wilson's store by a 1-0 score, Orange Transportation threw the City league into a tie which will have to be played off tomorrow night. The tie is between Wilson's and Hall's and the special series will be to determine the champion for the 1940 season.

Wilson's won the first and second games last night, but Orange Transportation took the final game and took the title.

Some very good totals were turned in. Frank Voska got 537 for Bighorn and Roy Vetter collected 537. Clyde Ross had 516 which was tops for Orange. Dick Sohn got 522. Cliff Falls 510 and Merlin Edwards 508.

Frank Voska's 198 was top single in the Schlitz vs. Zip-Way match. Schlitz was victorious. Donny Borchert was top for top total. Walker Berisch had 222 his first game for best single of the night and also the best in the commercial league so far this week.

There was not a 500 total for the 1940 season. Vay Glah had 491 for tops. City league top single to date for this week is the 212 rolled by Roy Clapp.

Championship play-off game for the City league will be played Monday night between Wilson's and Hall's, with 15 frames on all-ya-one and two and 14 frames on all-ya-three and four.
