STUDENTS EARN WAY AT BRANCH

COCATALPA, April 18 (AP)—Co-operation and hard work are paying dividends to 11 men students at the University of Idaho, southern branch, here.

For three years the men have been able to get board, room and an education for \$90 a month under a cooperative program in which the youths and five federal and state government agencies take part.

The 11 youths live in University club and garden hall buildings erected by students employed by the national youth administration. They are enrolled under the NYA training program in vocational training courses, auto body and fender repairing, aviation and automobile mechanics, secretarial work, painting, carpentry and forestry among the subjects they are taught to prepare them "to make a living" after they school days.

The regular work, each youth works on various projects around the campus 80 hours a month to earn the \$30 allowance. They also work on dormitories and dining hall of the "co-op" to reduce living expenses to a minimum. A share of board, room, laundry, tuition and special fees are deducted from each student's monthly earnings of \$30. This usually totals \$22, leaving the student \$8 for personal expenses.

Medical Equipment, Put in Trailer, "Cruises" in Idaho

BOISE, April 18 (AP)—The latest in modern medical equipment, housed in a \$2000-pound trailer, was cruising throughout Idaho this week to gather statistics on material on the extent of ailments—believed to be one of the major industrial hygiene problems of the state.

Dr. A. F. Calloway, director of the bureau of industrial hygiene, and H. C. Clair, engineer for the bureau, are in charge of the hospital on wheels, officially known as the industrial hygiene mobile X-ray unit.

The unit with its built-in equipment was designed so that it may be towed to various sections of the state and used by doctors in making physical examinations and taking X-rays of industrial workers.

Joint Ownership The mobile unit was built jointly by the state industrial accident commission and the state division of public health after a preliminary study in 1938 indicated ailments and leading physical examinations and taking X-rays of industrial workers.

State health officials hope that use of the unit will serve to indicate accurately the extent of the disease and determine methods for its control.

Industrial workers who are exposed to a silica dust hazard will be examined and X-rays taken. It was believed that in the process of gathering data, many cases would be uncovered and those exposed could be advised on treatment.

Except where special requests are received for specific industrial hygiene services, the unit is to be used only for gathering data for statistical purposes. It is not intended that the use of the unit or the ser-

vices of the doctor and engineer are to replace or do the work of a company or private physicians and engineers, public welfare departments officials stated.

In addition to equipment for X-ray studies, physical examinations can be made in the mobile unit, urine tested for kidney ailments, blood tested for syphilis or lead poisoning, and sputum examined for traces of tuberculosis infection.

The unit will serve to indicate accurately the extent of the disease and determine methods for its control.

BURLEY STARTS CITY HALL WORK

BURLEY, April 18 (Special)—Re-modeling program for the city hall started this week and the basement partitions have been removed and a new entrance made for the city clerk's office which will occupy those quarters.

The entire building, according to City Superintendent E. P. Eardley, will be wired with conduits of the latest standards of electrical construction and the transformer formerly located in the alley behind the building will be moved into a fireproof vault in the basement in order that the alley might be freed of any electrical poles.

The city has been divided into 20 meter reading districts, and two new cyclometer types of meters have been installed with possible plans that others will be used later. These meters speed up the reading and are built similar to automobile speedometers.

President James Buchanan was a bachelor.

DR. SHULL HEADS STUDY OF PESTS

BURLAY, April 18 (Special)—Wireworms and other serious insect pests were discussed at three meetings Monday with Dr. W. E. Shull, head of the entomology department, University of Idaho, leading the discussion.

Two field meetings were held, one at Oakley and the other at Pella. At Oakley, Dr. Shull, Dr. W. E. Shull, head of the entomology department, University of Idaho, leading the discussion.

Dr. Shull, in describing the damage of wireworms, stated that this pest is one of the most serious continuing pests now through out several parts of the United States at the present time. Methods of control are limited to date, yet continue to study at various experiment stations is in progress, stated Dr. Shull.

Since the wireworm remains in the ground for practically all of its life history, rotations, drying out of the soil, and flooding have been the most practical methods. While some chemical methods are available, the cost is too high to date and the treatments are temporary.

The wireworm beetle emerges from the ground usually in May and deposits its eggs in the field from which it has emerged. The eggs hatch into a worm or a larva which requires from two to four years to reach maturity before changing into the beetle. If wireworms have existed in a field or an area for a considerable length of time, the farmer should be sure to plant alfalfa in that field because each year some new worms are hatching out.

Alfalfa has been found to be the preferred food for wireworms to date. Fields, however, that contain weeds, clovers, etc., may not lead to the pest's eradication. Dr. Shull stated that when young larvae hatch out in pure alfalfa fields, a large percentage of them die, and thus, if the field is kept in alfalfa for several years, most of the worms will have emerged as beetles and the young that have laid in the field have mostly died.

Feed on Crops
Clovers and practically all cultivated crops are food for young wireworms. Dr. Shull stated that the farmer will likely have to choose between wireworm or clovers if near a wireworm area, since clovers lend very greatly to their increase.

The following insects were described at the evening meeting which attracted clear fields and quality: Root borer, root curculio, clover aphid, chalcid, midge, leaf weevil and leafhug bug.

18 React to Test Of Bangs Disease
JEROME, April 18 (Special)—Only four suspects and 18 reactors were found in Jerome county herds tested for Bangs disease during March. The results of the monthly report received recently in the Jerome county extension agent's office here.

During the month 128 herds, containing 1,068 cattle, were tested by Dr. W. H. Walker, federal veterinarian. Of the 128 herds, only 11 contained reactors.

Owners signing up herds for test for the first time will now receive government and state indemnities for those animals reacting to the disease. It has been learned here recently. Several new herds have been entered recently by the owners. Dr. Walker may be reached through the county extension office at Jerome.

Pamphlets Ready Advertising Idaho

BOISE, April 18 (UP)—To sell the world about Idaho, the state Chamber of Commerce has prepared three new pamphlets in color. L. F. Parsons, secretary, announced.

Parsons said request for information about Idaho have been received this year from all parts of the nation and from Canada. The pamphlets, being used to answer those queries, give pertinent facts on the state, another gives outstanding scenic points of interest and a third describes Idaho's three primitive areas.

The pamphlets are sent out accompanied by a special Idaho scenic wonderland stamp. The stamps are issued in a series of 20 different scenes.

CLEMENCY ASKED IN GRAIN THEFT

FAIRFIELD, April 18 (Special)—After approximately nine hours of deliberation, the jury found Wilfred L. Wilson guilty of a charge of taking grain and recommended clemency.

Trial lasted five days, having opened Tuesday. Decision was given out at about midnight Saturday.

The defendant was accused of taking grain from a granary on a farm belonging to Leland Guet, a local resident. Counsel for the plaintiff is Prosecuting Attorney Charles O. Scoggin, and for the defense Frank Croner, Fairfield, and A. F. James, Gooding.

Two unexpected witnesses appeared on the case, one a private detective from Pomroy, Wash., who appeared for the state; the other a sergeantman from Pomroy, Wash., who was called the last day of the trial.

Jurors were A. E. Thompson, G. N. Ashmead, L. W. Baldwin, Floyd Clutter, Bill Ruby, Hubert Brooks, Fred Dahlheim, Neil Cheevers, George Gill, Gerhard Schmidt, Will Reagan and Fred Whitton.

U. S. HINTS TO JAPAN AGAINST DUTCH INDIES MOVE

INTERVENTION IN PACIFIC ISLANDS' OWNERSHIP SEEN

By JOHN A. REICHEMANN

WASHINGTON, April 18 (UP)—The United States today was engaged in an effort to dissuade Japan from any plan to move toward the Dutch East Indies should the Netherlands become involved in the European war.

Secretary of State Cordell Hull defined the United States position in a carefully worded statement declaring: "Intervention in the domestic affairs of the Netherlands Indies or any alteration of their status quo by other than normal processes would be prejudicial to the cause of stability, peace and security not only in the region of the Netherlands Indies but in the entire Pacific area."

Hull's statement contained no threat and no indication of what action, if any, the United States would take should Japan change the status quo "by other than peaceful processes." The present view of the government, Hull set forth as: "The constant hope of the governments will be based upon the principles and that these principles will be applied not only in every part of the Pacific area, but also in every part of the world."

"Soup's on" Brings Rush in This Twin Falls Family!

When it comes to pedigreed cocker spaniel pups, Haslam's Gay Lady, shown at left with her family of nine frisky youngsters, didn't pay much attention to the usual limit of six. The Twin Falls dog produced 19. The nine which still survive are assembling for food in the photo at left. At right the pups crowd around further sustenance provided by man instead of mother. Several of the pups don't seem to be getting anywhere. These photos were taken by L. J. (Spec) Haslam, owner of the dogs. (Times Engravings)

POTATO SPECIAL ATTRACTS 35,186

BOISE, April 18 (UP)—Officials of the Union Pacific railroad announced 35,186 persons in seven states visited the "potato special" potato improvement exhibit train during its month-long western tour.

The potato train, which visited 59 cities and towns, contained one of the most complete exhibits of stages of the potato from seed to table. The exhibit included a potato planter, potato grading, inspection service equipment, bags and boxes used for shipping potatoes, marketing methods, statistical information, agricultural college and experiment station exhibits, disease and insect control methods, use of potatoes and displays of fertilizer.

Purpose of the train was twofold: To promote sale of potatoes and to promote interest among growers to improve quality of their product.

The tour started Jan. 22 in Boise and wound up at Morgan, Utah, Feb. 23, after stops in Oregon, Idaho, Nevada, Colorado, Wyoming, Kansas and Utah.

Here's One-Year-Old Mother With Family of 9 Youngsters

A one-year-old Twin Falls mother complementarily surveyed her nine children today with a look that said the frisky youngsters, although unruly, are the best in town.

The nine youngsters were all born together, along with a 10th one. But No. 10 died.

The "babies" are pedigreed cocker spaniel pups. The mother is Haslam's Gay Lady, who won't be one year old until Friday. Her litter is five weeks old.

The pedigreed mother and her pups are owned by L. H. (Spec) Haslam, 1426 Addison avenue east. Haslam said it's "very unusual" for a cocker spaniel to give birth to more than six puppies in one litter.

Haslam added that Gay Lady's family is "one heck of a problem" when it comes to getting the gang together except at meal times.

Only two of the nine have been named thus far. One is Blondie and the other Wheezy.

CAMAS BREAK-IN GETS \$300 LOOT

FAIRFIELD, April 18 (Special)—Boyer's service station was broken into last Sunday night by prowlers who took a watch, \$11 in checks and unposted accounts amounting to approximately \$300.

Entrance was gained through a rear window with the help of a 2x4 placed against the outer wall.

A week ago Bert's cafe was also burglarized of a small amount of change.

High School Club Attends Banquet

RUPERT, April 18 (Special)—Thirty-five members of B club of Rupert high school and eleven guests, E. M. Carter, superintendent of city schools, Ray D. Armstrong, high school principal, Mrs. Ray D. Armstrong, Mr. and Mrs. James Farley, Wesley O. Shurtliff, athletic coach, and Mrs. Shurtliff, met for a banquet at the high school Tuesday.

Max Johnson, president of the club, presided. Banquet was served by the home economics class under the supervision of Miss Margaret Ryan, head of the department. Following the meal a short program, consisting of talks by Mr. Carter, Mr. Armstrong, Mr. Shurtliff and club member, was given.

Session concluded with a business meeting, at which officers for the ensuing year were elected. They are Eugene Georges, president; Wayne Paul, vice-president; Iurnal Seaton, secretary-treasurer; and Art Johnson, sergeant at arms.

Helen Bond Chosen Kappa Phi Officer

UNIVERSITY OF IDAHO, April 18 (Special)—Two southern Idaho women were elected officers of Kappa Phi, Matanah honorarium, and one chosen to represent the chapter at a Kora meeting in Tacoma next week-end.

Barbara Kenagy, Rupert, was chosen vice-president for next year and Helen Bond, Twin Falls, historian.

Kino Gene Muck, Glenn Perry, will be one of the nine women representing Idaho at the coast meeting.

PROGRAM ISSUED FOR TOWNSENDS

Complete program for the Idaho second district convention of Townsend clubs, which will be held at the American Legion hall here Sunday, was announced this afternoon by Albert Futscher, chairman of the local convention committee.

Futscher said that the convention, which is expected to attract scores of persons, will be divided into morning, afternoon and evening sessions with a basket lunch being served from 12 to 1:30 p. m. The morning session gets underway at 8:30, the afternoon session at 1:30 and the evening meeting at 8 p. m.

These are the committees:

Convener: Futscher. Executive: Futscher's committee which includes A. Estling, Mrs. Clementine Smith, Mrs. William Ward and Mrs. H. J. Futscher.

Convention chairman will be Gerald V. Scott, national representative of Townsend clubs from Idaho.

Musical numbers will be featured at the afternoon and evening sessions. During the afternoon a solo will be given by Mrs. Frank Flood and an accordion band, directed by Mrs. Elizabeth Jacklin, will play several numbers. Roy Stantley will play several numbers on the violin. During the evening a vocal solo will be given by Mrs. N. C. Perry.

The complete program follows:

Morning session: Invocation by Rev. E. L. White; singing of American pledge of allegiance to the flag; roll call of delegates to club; reading of convention call; address of welcome by Mayor Joe Koenig; response by William Clauser, former state senator; business hour; collection for convention expenses; address, "New Heights for America," by Mr. Scott; the Townsend pledge.

Afternoon session: Community singing; roll call of delegates; reports of election judges and music; collection; special music.

Evening session: Address, "What's It All About?" by W. N. Wye, Meridian, Townsend pledge and benediction.

Evening mass meeting: Community singing; address by Glen C. Taylor, Pocatello; special music; "The Townsend Plan Means Freedom," a visual educational film; grand finale; Townsend pledge and benediction.

FAIRVIEW

Boys will hold the annual school meeting and elect a board of officers at the various schools Saturday of the week, April 19, at 1 p. m.

A host of friends and relatives gathered at the M. L. Jones home Sunday to compliment Miss June Adams on her 16th birthday. Many lovely gifts showed the esteem in which Miss Adams is held, making the day a memorable occasion. A post-lunch dinner Sunday was served at nearby St. Thomas and presided over by Helen, Corry and Buhl.

Joe Pratt is improved after a stage of scarlet fever and the family is out of quarantine.

Mr. and Mrs. J. A. Clark and Mr. and Mrs. Maurice Osterdorff and family spent Saturday and Sunday visiting in Boise. Mr. and Mrs. Clark visited the Alfred Clark and the Osterdorff family visited friends in Boise and Mrs. Frank Atkins spent Monday in Boise where Mr. Atkins attended a meeting of the public welfare board.

Bill Barrett and John Carlson spent Sunday and Monday visiting at Pocatello.

Fairview, Willowdale, Superior, Aringra and Dunsmuir will hold the annual district track meet at Willowdale Friday if the rain doesn't continue. A basket dinner will be served at noon.

Farmette bowling team defeated the Leap Year Spares Friday. They are scheduled to play the Teachers this evening.

Mr. and Mrs. Harry Wilkinson, Spokane, were dinner guests at the R. O. Harding home.

Ed Conrad has purchased the Guy Thomas ranch which he will farm on the place this fall.

Mrs. Ed Harding was among 4-H leaders who met in Buhl Monday. She will organize a 4-H poultry club for first and second year members in the near future.

At the next Grand meeting members are asked to bring either plants, bulbs or seeds for an exchange.

LEGION LEADERS APPEAR TONIGHT

With the top officials of the Idaho department scheduled to arrive this afternoon, the joint meeting of the Twin Falls and Pocatello posts is expected to attract a full house at 8 p. m. today. J. Edward Warner, post commander here, announced Honorable Eudelson, Idaho's No. 1 Legionnaire as state commander, will be among the officials who will talk at the session in Legion Hall. Others include Lester Albert, department adjutant; Bill Hall, service officer; and Homer Moore, state Legion chairman for Boy Scout programs.

Otto T. Koster, Twin Falls post chairman for the annual drum and bugle corps contest, will report on plans made for the statewide event scheduled the night of June 3 in Twin Falls. Success of the contest at the state convention here last year led Legion chiefs to decide on an annual series.

Mr. Koster will select the remainder of his committee tonight. Commander Warner said.

Business Boom Brings Trophy Here

Because express shipments in Twin Falls soared 52.3 per cent for March, this Railway Express Agency trophy (held in the photo by L. H. Keeler) was awarded to the Twin Falls office. The total increase here topped all other intermountain centers in group two, the major classification which includes such cities as Denver and Salt Lake City. (Times Photo and Engraving)

GERMANS CLAIM ALLIES REPULSED

BERLIN, March 18 (AP)—The high command said today that German troops had frustrated an attempt by "weak British forces" to land at Terjansjord, near Sveinagorden, in the Narvik region.

It said British cruisers had bombarded Slangerup yesterday and that British airplanes had raided Trondheim. The attack on Trondheim was repulsed, the high command communique said, and German pursuit planes engaged the cruisers at Slangerup, as well as other British naval units farther north. It claimed two British sea planes had been shot down at Slangerup, and admitted four German planes had been damaged by aircraft.

Two British cruisers and a British destroyer received direct hits by four bombs of the heaviest caliber, the communique said.

The two damaged cruisers were of the Suffolk (10,000 tons) and London (9,200 tons) classes, the communique said.

The high command, admitting today that two German destroyers had sunk after a British naval attack on Narvik April 10, said of the second and big attack that "the enemy did not succeed in sinking a German ship as long as it had ammunition."

(Britain had asserted that in the second attack all German destroyers—seven—at Narvik had been sunk.)

Loveliest Lips

The lush lips that Dorothy Stiefen, St. Louis, is wrapping around that peppy smile are the "loveliest lips in the Mississippi valley." So said judges at a recent St. Louis beauty show in which contestants wore masks.

Of the 171,600 tons of fertilizer used in New Jersey in 1938, potatoes received 25 per cent, corn 11 per cent and tomatoes 10 per cent, according to the New Jersey college of agriculture.

BRITAIN REJECTS INDIAN DEMANDS

LONDON, April 18 (AP)—Great Britain refuses to accept the independence demands of the all India national congress led by the Mahatma M. K. Gandhi, Sir Hugh O'Neill, under secretary for India, told the house of commons today.

If the congress carries out its threat of a civil disobedience campaign against Great Britain, the government will take full measures to counteract it, O'Neill said.

He said the government could not accept the congress' demand for independence because "compliance would mean complete severance of India from the empire."

The attitude of Gandhi and the congress, as outlined during the recent congress sessions in India, was that regardless of the war, Britain must recognize the right of India to independent status.

INDIANS TERRY... WOLF POINT, Mont. (AP)—Contrary to popular opinion, the Indian population of the Montana reservation is not a vanishing race—at least as far as the Fort Peck reservation is concerned. Twenty years ago the population of the Montana reservation was 2,200. Today 1,200 Indians live there and 400 others who there are temporarily at other agencies.

In HOLLYWOOD Today

(By United Press)

The platinum blond, glorified by the late Jean Harlow, is coming back. Max Factor, Jr., predicted. The makeup expert, after studying the changes in Hollywood hair colors for a 30 year period, said the transition could be expected this year, probably this fall.

Some of Hollywood's top crooners—Rudy Vallee, Bing Crosby, Tony Martin, and others—are preparing the "pirates' den," a new, informal night club.

Mrs. Knute Rockne has appealed to Mrs. J. E. Rorden Harrison, U. S. minister to Norway, to assure her of the safety of a memorial at Rockne's birthplace. She said the memorial was a bronze plaque and childhood furniture of her husband at Bergen.

A suit in the name of the late Frank Hawks, aviator, asked \$2,000,000 damages from Paramount for allegedly pirating the scenario used in the film "Men With Wings." The suit was brought by Wallace Blair and Louis Lamont, who claimed they collaborated with Hawks in 1934 on a play which later was made into the movie.

One peck at a scar on the bared hip of Hugh Herbert, film comedian, was worth \$10,000 to him. A superior court jury which included five women who blushed when they viewed his unromantic leg, awarded him judgment against the Consolidated film company, whose truck struck Herbert.

Buhl Mother of Six Asks Divorce

Claiming her husband has been cruel ever since they were married in Twin Falls almost 26 years ago, Mrs. Verrie M. Charlton, Buhl, filed divorce suit in district court today against David Frank Charlton, west end rancher.

Mrs. Charlton, mother of six children, asked for custody of her three youngest sons, ranging in age from nine to 17 years. She also seeks \$40 monthly support money and division of the family property which includes an 80-acre ranch. Two other sons, although minors, are self-sustaining and one of the couple's six children is past legal age.

J. H. Sherry is attorney for the petitioner.

Brand Program Help Is Sought

Bill of sale should be given to buyers who purchase livestock because the brand inspector cannot issue a transportation certificate without proof of ownership, Twin Falls cattle producers were advised today by Earl E. Burke, assistant state brand inspector.

Burke said the enforcement campaign against cattle livery is progressing at a high level. But he pointed out that wide cooperation is required.

He conferred here with Harold Halverson, county brand inspector.

Fifth Graders of Bickel Visit Plant

Room 14 of the Bickel school learned all about "the front page"—and all the rest of the paper for that matter—when they visited the Times and News publishing company plant yesterday afternoon. Their teacher is Miss Clio Rigg.

Those escorted through the building were Maurice Allen, Donnie L. Barnes, Dorothy Harrington, Norman Hulst, Vivian Moriseman, Wanda Lewis, Florence Eberhart, Boyd Owens, Junior Owens, Maurine Draper, Shirley Mae Jensen, Shirley Van Dine, Juanita Cobb, Dolores Reed, Wayne Murphy.

Delmar Wood, Dan Mulvihill, Calvin Balmer, Elmore Goetsen, Erna Mae Dennis, Robert Moore, Arthur House, Maurice Allen, DeMar Forner, Robert Moore, Gladys Lennon, Tom Stevenson, Barbara Paulson, Allan Miller, Milton Bertram and Patty Ruston.

ITALY, GERMANY EXCHANGE IDEAS

ROME, April 18 (AP)—A communique today said Italy and Germany were exchanging military missions in a program to maintain constant contact between the armed forces of the two nations.

"An exchange of military missions composed of experts and technicians belonging to the various corps is occurring between Italy and Germany," the communique said.

"Some already have arrived (from Germany) in Rome."

"These will form a part of a general program to maintain constant contact between the armed forces of the two nations."

(The position of Italy toward the European war has aroused wide speculation in Italy because of its more hostile tone in the fascist press toward the allied powers at a time when the Italian fleet is maneuvering in the eastern Mediterranean.)

(In England, yesterday, the British minister of economic warfare, Ronald Cross, declared as Italy is neutral she must act like a neutral. Official British sources in London stated today that the British desire is for friendly relations with Italy.)

Landscaping at Carey Underway

CAREY, April 18 (Special)—The faculty member of the school here decided to buy shrubs, flower and bulbs for the school grounds and the Carey Progressive Woman's club donated the money for two weeping white birches for the same purpose.

These were all bought from the Kimberly nurseries, who drew the landscape plans for the school grounds.

Mr. and Mrs. W. W. Kirkland and Orvell Shore drove to Kimberly last Saturday to bring home the items for planting. Mr. Kirkland, who donated his truck for the trip to Kimberly, went to Ketchum Tuesday to bring back pine trees to finish planting the grounds.

Two of the smaller school buildings are being painted this week and more dirt will be hauled in and the lawn will be seeded around them this spring.

County Receives Present of Tree

DEULO, April 18 (Special)—State Representative and Mrs. Hyrum S. Lewis presented Cassia county with a large evergreen tree to be placed on the grounds at the new courthouse in Burley.

This tree was moved from the Lewis lawn on their farm west of Deulo. The tree is about 35 feet high, and was planted on the Lewis homestead in the spring of 1920. The tree then was about 12 inches high. It used to be great sport for the children of the community to come and play on the lawn and each one would take a turn running and jumping over the tree.

This is the third tree Mr. and Mrs. Lewis have given away. One is at the L.D.S. church in Deulo, and one at Albion State Normal school. This has been planted on the campus and has been used for the official Christmas tree since 1932.

Former Burley Man Dies in Washington

BURLEY, April 18 (Special)—Word came received this week telling of the death of P. K. Kelly, former Burley resident and husband of Marjorie S. Shaver Kelly, well-known Burley woman.

Kelly died March 26 at Washington, D. C., and was buried in Arlington national cemetery. During the World war he served as a sergeant in the army engineering corps, and has been employed as a tax expert in the department of internal revenue for the past 15 years.

Sweethearts to Be Featured at Prom

Sweethearts and their beaux will dance to soft music in an old-fashioned garden setting of flowers and trees, lighted by garden lanterns, as the junior class of Twin Falls high school follows a traditional custom in honoring the senior class at a Sweetheart prom tonight, with the grand march starting at 8:30 o'clock in the school gymnasium.

As an introduction to the grand march, 30 selected couples will form a huge heart in the center of the floor which will merge into the grand march, led by junior class president, Gene Hull, and Miss Marjorie Lash.

In the grand march will be Miss Patricia Smith, junior class secretary, and John Bales, Miss Judy Jones, junior representative, and Fred Meech, and senior officers and their partners leading the home guests and junior class members.

Only juniors and seniors regularly enrolled in high school will be permitted to attend.

Special guests will be Miss Helen Lindeman and Miss Agnes Schubert, class advisers, school board members and their wives, school officials and faculty members and their partners. Mothers and fathers of juniors and seniors will be invited to look on.

Will Wright's orchestra will furnish music.

Purple spotlights at each end of the room, which will reflect up on huge silver hearts, and other lighting effects will be handled by John Bales, Larry Arma, Lloyd LeClair and Frank Hampton.

They Planned From Juniors who worked on committees include Miss Janet Kloppenburger, Miss Mary Jean Shipman, Miss Phyllis Greenwood, Miss Helen Brown, Miss Judy Jones, Bob Orrie, James George, Alton Sept and Hollis Hoover.

Miss Helen Brown, Miss Lola Landrum, Jim Kloppenburger, Miss Barbara Havenscroft, Miss Mildred Patterson, Miss Wanda Wilde, Miss Edgerman, Tyler, Miss Welda Mary Leason, Miss Marie Miller, Miss Marjorie Lash, Miss Virginia Allen, Miss Betty Babcock, Miss Margaret Orvengren, Miss Alta Franzen, Miss Charlotte Miller, George Olapner, Miss June Dentala, Miss Bernice Grainger and Miss Priscilla King.

Hill-Billy Barn Dance Scheduled By P. C. M. Club

Anticipating with interest the barn dance Friday evening, May 10, at the country home of Miss Don Lee Smith, are members of the P. C. M. club, who plans were perfected when the group met yesterday afternoon at the home of Miss Kathleen King.

Hill-billy costumes will be worn by the club members and their partners and other guests. Members of the club are privileged to invite two girl friends and male friends. A hayrack ride will take place after the dance, and music will be in hill-billy style.

Miss Fern Salton, Miss Beverly Greenwall and Miss June Hooper will have the decorations in charge. Miss Venile Dolan and Miss Mary Ruth King will be in charge of the food. Miss Kathleen King and Miss Beverly Block are the musical committee, and Miss Barbara Montgomery and Miss Enna Holmes are arranging the floor show.

Mrs. Hoy King served refreshments to the girls.

Calendar

F. M. club will meet Friday at 2 p. m. at the home of Mrs. Edna Orsiga, 430 Third avenue east.

Gran State Study club will meet Friday at 1:30 p. m. at the home of Mrs. C. A. Bickford with Mrs. Earl Bickford as hostess.

Fidelis Installs Staff at Dinner

Stanley Walters, installed as president of the Fidelis class at the Baptist church Sunday school at a banquet service, following the annual banquet of the class.

Walters gave a toast on "Showers of Friendship" and Mrs. Ethel Warberg presented a dramatic reading.

Other guests found their places at quarter tables which were also centered with floral arrangements.

The afternoon, following luncheon, was spent playing contract.

Immanuel League Has Bible Instruction

Immanuel league of the Immanuel Lutheran church conducted a business meeting Wednesday evening.

Ray, M. H. Zapel led the Bible discussion, and hymn singing was a feature of the evening.

During the social hour, Mrs. Helen Deane and Mrs. Dorothy Dahse served refreshments.

Films Viewed By Garden Club

Colored slides illustrating delphinium culture were shown by Mrs. B. B. Buehler as a special feature of the Twin Falls garden club program yesterday at the home of Mrs. P. H. Barber.

Seven members of the Home and Garden department of the Twentieth Century club were guests, Mrs. Buehler had planned to show the film at the meeting of the department Tuesday, but it failed to arrive in time for that meeting.

Plans to show films on iris and another film on delphiniums. May meeting, to be held at the Idaho Power company auditorium, will inaugurate the series.

False Teeth That Loosen

Pinocchio Meets His Match

"You'll pass very well as Pinocchio," Don Toolson, extreme left, tells Dick Trowbridge, wearing a quill-dressed hat, as he compares himself with a caricature of the wooden puppet who recently seemed to fame. Trowbridge sang "When I Wish Upon a Star" during the Red Knights spring sports dance last evening at Radioland. Standing next to Toolson, R. K. president, is Miss Charlotte Mounahan. On the other side of Trowbridge are Miss Margaret Detweiler and Fred Meech, secretary-treasurer of the R. K. club. (Times Photo and Engraving)

Daughters of Rotary Members Entertained

Figures of Pinocchio, topping "prize jars," established the theme of decoration for the annual father-daughter dinner arranged last evening by the Twin Falls Rotary club at the Park hotel. Beano was played and when a representative table won, strings were pulled to distribute gifts to the home guests at that table.

Music was furnished by the Blue Notes, a girls' sextet, directed by Mrs. John Quincy Adams, Jr., who sang selections from the Walt Disney, technicolor talkie, "Pinocchio," Members of the musical group are Miss Betty Babcock, Miss Vera Lou Bowman, Miss Melba Holmes, Miss Marjorie Lash, Miss Helen Thomas and Miss Mary Jean Shipman.

Dr. J. N. Davis exhibited motion pictures which he had taken in Yellowstone national park.

Grand prizes at beano went to Miss Margaret Van Engelen, Miss Mary Hany, Mrs. A. J. Peavey, Jr., Mrs. Hazel Perry, Miss Norma Finkbe, Miss Joan Gordon, Miss Barbara Frice, Miss Phyllis Kimble, Miss Alta Franzen and Miss Kathryn Graves.

Other guests found their places at quarter tables which were also centered with floral arrangements.

The afternoon, following luncheon, was spent playing contract.

Immanuel League Has Bible Instruction

Immanuel league of the Immanuel Lutheran church conducted a business meeting Wednesday evening.

Ray, M. H. Zapel led the Bible discussion, and hymn singing was a feature of the evening.

During the social hour, Mrs. Helen Deane and Mrs. Dorothy Dahse served refreshments.

Views in Verse

Oh, I've got the flahin' fever, too And the river keeps a callin' 'till I don't know what to do. All these figgers that I'm addin' git as jumbled up as hash; Now, 't'd never be workin' if I didn't need the cash.

As I set here e'er this ledger I can see the river shine I can feel the yank and struggle of a rainbow on my line; I tremble to remember how he'd churn and twist and splash... Lord, I never would be workin' if I didn't need the cash!

(Now is the time for spring fever, and Mrs. May Napier Burkhardt, Carey, expresses it in rime in today's contribution to "Views in Verse." Some of her poems are included in the Yearbook of Modern Poetry, 1939. As the age of 37, when most girls were first experiencing the pangs of pining love, Mrs. Burkhardt, then May Napier, was giving advice in the matter, conducting a "Love Lorn" column for the Antio Daily Journal in Wisconsin. "Unfortunately the lovers in that part of Wisconsin were able to solve their own problems without my intervention as the column didn't last long," explained Mrs. Burkhardt. While attending the University of Wisconsin at Madison she later edited a political column. She now writes articles and verse for newspapers and magazines.)

Claar and Hoover Vows Exchanged

Miss Kathryn Hoover, daughter of Mr. and Mrs. J. H. Hoover, Idaho Falls, and Wilbur Claar, son of Mr. and Mrs. J. N. Claar, Twin Falls, were united in marriage Monday of this week by Rev. T. W. Bowman, pastor of the Methodist church at Kimberly.

They left yesterday for Montana to make their home. Mrs. Claar was graduated from the Idaho Falls high school and Mr. Claar from the Twin Falls high school.

The couple was unattended. The bride wore a navy blue traveling suit with rose accessories.

NAZI "TROJAN HORSE" RUMORS FRIGHTEN NEUTRAL

SCARE HITS ALL COUNTRIES AFTER INVASION TACTICS

LONDON, April 18 (AP)—All Europe from London and Stockholm to Bucharest and Istanbul took emergency precautions today against "Trojan horse" activities by enemy or potential-military agents.

What constituted a Europe-wide scare was due to the tactics which Germany used in its invasion of Norway, of filtering men into the country in advance.

Britain's Scotland Yard, it was learned, has reached into the drawing rooms of smart Mayfair for society women to act as counter-espionage operatives against women agents of the German Gestapo.

Both Hungary and Bulgaria showed signs of alarm at the arrival of strong groups of German "tourists," all young men of military bearing.

French newspapers began demanding the government take additional precautions, particularly against men who had been affiliated with the now outlawed Communist Party.

"Trojan horse" activity was made especially dangerous because of the scores of thousands of refugees in all European countries from Austria, Germany, Czechoslovakia and Poland.

Active Gestapo Agents It is generally believed that among these refugees are thousands of active operatives of the Gestapo.

Britain awakened only recently to the refugee situation. It had intercepted only 53 aliens and put restrictions on the movements of another 7,000.

Now, under the direction of the British Home Office, it is expected to hear cases of 25,000 aliens.

German "students," pacifists, stop-the-war groups and known communists and fascists. Police suspect that funds of some stop-the-war groups may be traced back to Berlin or Moscow.

AROUND the WORLD

(By United Press)

BANDONG, Java, (Dutch East Indies)—Military precautions proceeded today but there was little sign of nervousness in the Dutch East Indies because of Japan's newly declared interest in the islands.

THE HAGUE, Netherlands—Dutch observers said that United States Secretary of State Cordell Hull's definition of aggression regarding the Dutch East Indies was important to the Pacific situation generally, but Holland was not asking anybody's help or making arrangements with anyone to defend the islands.

SAN FRANCISCO—Representatives of the Pacific Coast Shipowners' association, today called a meeting with the American Communications Association (CIO) in an effort to adjust a dispute over radio's pay which threatened to shelve more than 1,000 seamen out of work.

KIRUNA, Sweden—Civilian refugees being taken to Norway, reported that German troops up to 50 to dig trenches and aid the German defense near Narvik.

ROME—News over the international situation, aggravated by rumors that Italy would send in the war, were blamed today for a break in the Rome stock exchange yesterday. The fall was general in all quotations except those on government bonds and gilt edged securities.

WASHINGTON—The house judiciary committee today postponed until next Tuesday further consideration of the Hatch "clean political bill."

LYONS, France—In the first exchange of interned civilians of the war, 20 French citizens held in Germany since September, were freed at Basle, Switzerland, today for 30 German women and children who had been interned in France.

ZURICH, Switzerland—The Swiss government today announced that it had received 25,000 Swiss francs in the form of a loan from the United States.

WASHINGTON—Great Britain and France, it was learned today, want to buy 50 or 60 of the army's newest type, long-range, super-bombers.

CLAUD C. PRATT, 'O' Claud Pratt Ain't Mad at Nobody

This is Claud Pratt speaking and the subject for discussion is R. X. Pennsylvania, the Utah store lump coal. We have our new coal shed erected. It has a solid concrete floor and a good roof. All you customers can come back and start getting your coal here again now, \$8.40 a ton, and if you have a membership card it's \$8.15 a ton, 45 cents for a 100 pound sack, and we'll exchange sacks. We have about 100 sacks sacked up ahead now for quick service.

All right now, we'll get back to the R. X. Mrs. Mr. Howard A. Welser, traveling man that lives at 1228 St. W. Glasgow St., Portland, Ore., has driven four of these 600x16 R. X. Pennsylvania tires for 25,000 miles and still they're in excellent shape with a lot of good tread on them yet. The reason I gave you his address—if you doubt my story just write the tire and his name. If it's so, he said they're the best tires he ever saw in his life. And he said they didn't cost him any more than just ordinary tires. And I expect he had bought them from Claud Pratt, they wouldn't have cost him the price of butter and eggs. I've forgotten the coal, boys and girls. I've a pretty tough time in this coal business. I live in the business section of the city, my coal yard across the street from me is in the industrial section, and I milk my cow in the residential section. And we're located pretty close to the city limits, and my middle name is Clifford, but what has that to do with the price of butter and eggs? When you're purchasing merchandise just come around to see who is the cheapest. Claud Pratt or the mail order houses. Some people have traded so many years with the mail order houses they don't even stop to inquire around to see if they could buy more reasonable at home. I've known people to pay 17 cents more a gallon on quality house paint from mail order houses than they could buy right at home, but they've been disappointed so many times by just shopping around that they figured they'd nobody could sell for less. Don't you know people like that. Well, the next time you think about mail order houses, just think about Claud Pratt and come on down and let's get acquainted. There's a company in my office that just finished a nice job of laying some of Pratt's No. 3 oak flooring, 12 1/2, and he said to tell you that the best second grade flooring he ever laid. And he said: "I'm not ashamed to tell you my name is Fred Gilson and I'm working on a job for Pratt's No. 3 oak flooring. He says: 'Come on down and see some of Pratt's material.' Claud Pratt is the white shirt man and he deals with the whitest people."

CANCER CONTROL TOLD AT JEROME

JEROME, April 18 (Special)—Dr. L. C. Kroehler, Twin Falls district health unit physician, addressed Civic club members and their guests Tuesday on control of cancer. There were approximately 30 in attendance.

Dr. Kroehler delivered a comprehensive talk and explained cause, cure and symptoms of cancer. He stated that there exists only about three proved treatments for the dread ailment, namely, surgery, X-ray or radium treatment.

He explained that cancer is no respecter of man but attacks all ages. Even babies he stated are many times born with cancer. He stated that the susceptibility of cancer in humans is just about balanced between sex of male and female.

Dr. Kroehler was introduced by Mrs. Del Smith, chairman of the cancer control program, which program is being sponsored this year by the Jerome Civic club organization.

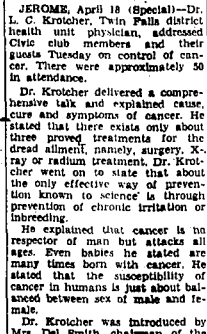

A brief business session was presided over by the president, Mrs. E. E. Connor.

Members decided also to postpone their next meeting which falls on April 30. They will disband with this meeting that day to participate in the celebration of the lifting of the toll from the Twin Falls-Jerome inter-county bridge.

Refreshments who served refreshments during the afternoon included Mrs. Harold Morrill, Mrs. L. W. Crandall, Mrs. A. L. Woodcock and Mrs. E. E. Connor.

Mrs. T. W. Gamble and Mrs. Clark Hens poured. Informal music was played during the occasion by Mrs. Eugene Whitman.

THE PAYOFF

by HARRY GRAYSON (NEA Sports Editor)

NEW YORK, April 17.—Word and to the point: Joe McCarthy's handling of Bill Dwyer on the Yankee exhibition tour should be the tip-off on who the manager of the world champions regards as his key man.

Nearly all the regulars went the route in exhibition games, but the scheduled lineup with rare exceptions was held to six and seven innings. McCarthy has used this system for the last few years.

Dwyer has a tough time of it in hot weather and Joe makes sure he takes it easier in the spring so that he has enough reserves to fall back on in the stretch drive.

Replacements anywhere else in the New York lineup will more than do, but the drop from Dwyer to Buddy Rosen or Arndt Jorgens is a radical one.

DWYER Ford Frick, National league president, has promised Len Williams a contract to become a loop manager when the Cardinals pitcher's active days are over. Hugh Casey, Dodger manager, has a clause in his contract which says he can't touch a glass of beer until Oct. 1. It was Casey's own idea. He takes on weight.

Bucky Harris asserts Rubeck Jimmy Fohall is the best defensive shortstop Washington has had since Roger Peckinpaugh. . . and in time may be even better than Peck.

Frank Roucher, coach of the New York Rangers, annoyed by suggestions to improve hockey, counters with the suggestion that baseball would be better off if managers had their pick of batters every inning. . . which would change the strategy of the game and allow outstanding players like Williams eight or nine times a contest. . . Problem is, how would guys like Lefty Gomez ever get a time at bat?

International league pitching records for last year come up with this outfit: John Tainor scored victories over eight clubs in an eight-club loop. . . Made possible because he worked for Syracuse and Baltimore. . . Jimmy Rogall will never forget his major league debut. . . He hit into a triple play.

Fox Gets \$600 Extra as Red Sox Field Captain

That Kansas City second base combination of Gerry Friddy and Phil Romano (Yankee property, 'know) is hotter than ever this year. . . You could count on your thumbs the number of major league clubs they could make right now. . . Jo Cronin last appointed Jimmy Fox field captain of the Red Sox. . . which carries 600 bucks in extra pay. . . the reason for the appointment, no doubt, inasmuch as Shortstop Cronin runs the club on and off the field.

Unless a couple of other major league clubs move their training quarters to Texas the St. Louis Browns probably will abandon San Antonio as their spring conditioning site. . . You can get quite a few critics to say Maris Ruzo of the Yanks is the best foreign pitcher in baseball. It's a moot point, however, when you consider Bucky Walters of the Reds, and Fred Fitzsimmons of the Dodgers.

United Press Correspondent Covers Big European Stories

Ralph Forke in strategic Stockholm for the United Press during the Scandinavian conflict, has covered some of Europe's biggest stories.

A native of Boston, Mass., he joined the United Press Rome bureau in 1923 after graduation from the University of Rome.

At the outbreak of the Russo-Finnish war, Forke hurried to Helsinki, Finland. Promptly assigned as assistant in a letter to Joe Alex Morris, U. P. foreign news editor, he said:

"I wasn't so bad, except for the numbing cold and the strenuous air trips to the Finnish battle fronts." Forke moved over to Sweden at the end of the Russo-Finnish war, when it appeared that the northern neutrals might be drawn into the allied-German conflict.

Some of the previous big stories he has covered include the death of Pope Pius XI and the election and coronation of Pope Pius XII, the Munich pact and the 1938 Olympic games.

TOP 15 SELECTED IN FLIGHT CLASS

Ten non-college students who will be eligible to receive flight instruction under the CAA program here if they successfully pass physical examinations—were announced today by officials of the Chamber of Commerce.

At the same time five alternates were named, eligible for the flight instruction if any of the first 10 fails to qualify. The 10 ranking highest, and also the five alternates, were announced at the meeting of the Rotary club Tuesday at luncheon in Wood club on the subject, "Youth and Crises of Today."

Appointment of these delegates to the On-to-Ogden convolve May 6 and 7 was made. They are "Ladd Nelson, Guy B. Simpson and H. Maine Shoun. John Woolley was appointed to represent Jerome Rotary organization on the 4-H club round.

WELFARE HEADS MEET AT BOISE

RALPH FORKE

BOISE, April 18 (U.P.)—Public welfare officials today were completing arrangements for the first Idaho state conference on social work to be held here April 25, 26 and 27.

Purpose of the conference is to afford an opportunity to Idaho social workers to study problems of their field and plan methods and remedies for their solution.

The social workers will hear David C. Adie, commissioner of the New York department of public welfare, deliver the opening address.

Katherine C. Lennox, chief of the United States children's bureau, will speak at the banquet session of the conference.

Social workers and organizations engaged in welfare work have been asked to take out memberships to aid in financing the first conference, which officials hope to make a permanent event.
