POT SHOTS WITH The Gentleman in the Third Row. Mr. Hiller and The Rabbit.

SERIAL STORY BET ON LOVE BY CHARLES B. PARMER. YESTERDAY, shep Grant, stoppessess rider, tells Sherry if Wharton had claimed her, she could not have entered Pepper Boy in the Derby.

BRUCE CATTON IN WASHINGTON. By BRUCE CATTON (Evening Times Washington Correspondent). WASHINGTON, May 6—The man who sets the stage for the Republican national convention is gray-haired Ralph Williams of Oregon.

Shall Courage Be Wasted? It is a shameful thing to have to report that some people snickered a little when Paul Satko's "ark" was halted by Seattle authorities as he was about to sail for Alaska.

Mr. Hiller and The Rabbit. Hey, Dick! Hiller has a new method for sharpening up his battling eye.

CHAPTER VIII. NOW the field was coming back to the finish line, for the jockeys to dismount and weigh out. Red Soldier was last in—and Sherry saw Paul Wharton push through the track gate, go out and meet his victorious colt on the center of the course.

ADDITIONAL NEWS. GADGETS ARE HIS HEADACHE. Back in the Tart administration, when there was no radio and newsreels didn't amount to much, fixing up a good part of the job consisted of rigging things up for the mikes and the cameras.

Satko was unemployed in Richmond, Va. Using odds and ends as material, he built a strange-looking "ark," an amateurish and flimsy 40-foot boat. He loaded it on a trailer and hauled it all the way across the country to Tacoma, Wash.

DO WE DETECT REFERENCE TO MONKEYS? Dear Pats: Well, I and John (John is my husband) was in your town a week or so ago to bring our kid to music festival and honest to goodness, Mr. Pats, I just had to write in and tell you about it.

HOW much money was she going to have after everyone was paid? Standing there on the lawn, Sherry made rapid figures on her program. Twice she totaled the figures; the result was astounding. Why, she would have only \$16 left out of that \$100.

PLANS INCLUDE DOCTORS AND A POSTOFFICE. All of this is just the starter. Space must be found downstairs for 1,000 telegraphers. There must be rooms for a dozen-odd committees, working rooms for the press, quarters for the official reporter, a dispensary for which a medical staff must be arranged.

Without attempting to judge between Satko and those who are holding him up at the moment, there is something there on the Seattle docks that must not be wasted. It is courage and determination and initiative, and it must not be frustrated.

HISTORY OF Twin Falls City & County. As Gleaned from Files of The Times. 15 YEARS AGO. MAY 6, 1925. George D. Aiken, in behalf of an unnamed buyer, purchased for \$900 the old bridge over Dead Man's gulch from the board of county commissioners yesterday afternoon.

HOW to EAT to BEAT the HEAT. BY ALICE H. SMITH, Nutritionist, Cleveland Health Council. Your food holds the fate of your figure. Any food you can gain weight on which you eat too much of it, "fattening" begins when the body gets an excess of what it needs.

DECLAM WINNERS Speak to Rotary. RUPERT, May 6 (Special)—Miss Ina Snapp, Frank Snyder and Ralph Campbell entertained Rotary club at luncheon at the Caledonian hotel Wednesday.

Theory and Practice. A few years ago there spread widely over England, especially among young men, a movement whose adherents took oath never to shoulder a gun in any war.

INTERLUDE FROM LIFE—UNVARNISHED! Dear Sherry: This is a tale with no beginning and no end; just a middle. What it's about I don't know.

HIGHLIGHTS FROM LATEST BOOKS. SHE HID 11 DAYS IN HOLLOW TREE FROM INDIANS. You are certain of some exciting reading, and a wealth of sound history to boot, in two important new books. They are T. Wood Clark's "The Bloody Mohawk" (Macmillan; \$3.50).

FAMOUS EDUCATOR. HORIZONTAL. Answer to Previous Puzzle. 1 Last century American educator. 2 Miss Worry.

Attention—Twin Falls and Jerome Jaycees! We're waiting for action on the Pot Shot proposal for that tug of war at the state Jaycee convention in Jerome.

37 YEARS AGO. MAY 6, 1913. The keen pleasure and anticipation with which the ladies of Twin Falls and neighboring towns look forward to each year, the "blossom party" given by Mrs. I. B. Perrine at Blue Lakes, was in no way dimmed this year when on Saturday last some 125 representative women of the Greater Twin Falls country, wended their way to the famous Blue lakes for this annual feast.

HOW to EAT to BEAT the HEAT (continued). Only a given amount of food is necessary to do all these things for the body. It is what we eat in excess, or what we lack that proves the liability.

VERTICAL. 1 English coin. 2 To putrefy. 3 To offend. 4 Kind of sugar. 5 Eagles. 6 Bitch. 7 Preposition of place. 8 Prong. 9 To recount. 10 Bundle of sticks. 11 Carpet. 12 To piece out.

Distinction Without Difference. Probably this time of ours will stand out above all others for its hypocrisy. We like to invent little locutions to make the unpleasant taste more palatable.

DEAR THIRD ROW. The Pharaoh of Filer says he is now convinced that a wife is the only living species which can be jealous of a fish and a golf ball.

YOU MAY NOT Know That—. BY H. L. CRAIG. In the vicinity of Twin Falls a degree of longitude is about 60.5 statute miles. At the Canada-Idaho boundary it is 46.4 miles.

WOMEN IN RUPERT Choose Officers. RUPERT, May 6 (Special)—Mrs. H. M. Carter was elected president of Rupert Women's club at a meeting Thursday in the city library.

Two days after the Queen Mary is reported off Norway, a mariner says he spied her in the Cape of Good Hope. Maybe she should be rechristened the Eleanor Roosevelt.

FAMOUS LAST LINE. Your pancakes aren't heavy, dear—they're just, er—unusually heavy.

TRAFFIC VIOLATOR. JEROME, May 6. (Special)—Walker McLaughlin, Jerome, appeared last week before Justice of the Peace E. G. Houston where he pleaded guilty to charges of having failed to observe a stop sign.

Women in Rupert Choose Officers (continued). This club year will close with the annual luncheon which will be held Thursday, May 16.

Census takers report finding women no longer touchy about questions concerning their age. No, nor truthful either.

THE GENTLEMAN IN THE THIRD ROW. Mr. Hiller and The Rabbit.

TRAFFIC VIOLATOR (continued). Walker McLaughlin, Jerome, appeared last week before Justice of the Peace E. G. Houston where he pleaded guilty to charges of having failed to observe a stop sign.

WOMEN IN RUPERT Choose Officers (continued). Mrs. Albert Fricke was chosen vice-president, Mrs. Fuller Phoenix re-elected secretary, and Mrs. C. Warren Daigh re-elected treasurer.

# GERMANS MAY MAKE NEW DRIVE FOR RUMANIAN TRADING

## ALLIED PRESTIGE FALLS IN WAKE OF NORWEGIAN LOSS

BUCHAREST, Rumania, May 6 (AP)—A slump in allied prestige as the result of what is called the fiasco in Norway was expected today to foreshadow a new German drive to obtain economic and political domination in the Balkans, with Rumania the most likely focal point.

A week ago Balkan countries feared a German defeat in Norway might bring some military push in eastern Europe to offset it. Now it is held Adolf Hitler is likely to capitalize on "allied inefficiency" to penetrate more deeply into Balkan economies and politics. Rumania would be expected to be the prime objective because of the value of its sources of supply and because of its vulnerability.

### Britain Caught Napping

There could be no question of the impression left here by the withdrawal of allied troops from southern and central Norway. To the average Rumanian, Britain was caught napping.

Neutral observers held that Rumania politically, economically and above all militarily was not equipped to meet a German attack. They said it was questionable whether Rumania would even be able to wreck her oil well machinery before German transport planes began to unload troops in the oil district "to take charge."

### Economic Head in Bulgaria

Dr. Karl Clodius, Germany's economic negotiator, is now in Bulgaria. There were reports he might come here within a few days to start a new economic drive, coupled with diplomatic pressure and expert propaganda among Rumanians as well as among the German minority.

In addition, Alfred Goering, brother of Field Marshal Hermann Goering, Nazi No. 2, was here to open an office for the Hermann Goering Iron Works of Germany. There was some belief this might be an important economic step by Germany.

There is no foundation for the belief that there is hot lightning and cold lightning, and that the latter will not start a fire.

## Jerome Health Leaders See Optimistic Note

Some of the leaders chosen at the joint meeting of the three Jerome county health councils are shown above scanning a poster offering an optimistic note in progress of work undertaken by such groups as these, in cooperation with the medical profession. The poster says: "Today's baby may expect to live 62 years." Left to right, Mrs. John H. Peterson, first vice-chairman; Mrs. George Lattimer, chairman; Mrs. A. T. Jorgensen, corresponding secretary and publicity; Mrs. Carl Wrigley, third vice-chairman; Mrs. C. M. Stone, second vice-chairman. (Times Photo and Engraving)

## GERMANS MARCH TOWARD NARVIK

BERLIN, May 6 (AP)—Well informed sources asserted today that German forces were marching northward from the Trondheim area and were already half way to Narvik.

This would mean the Germans had advanced nearly 200 miles northward from Trondheim and had reached the neighborhood of Mosjoen, proceeding along the coastal highway. Beyond Mosjoen, the roads get bad.

The high command said another "enemy" battleship had been hit by a heavy German aerial bomb off Narvik.

It said German planes, aiding besieged German forces at Narvik, had attacked allied troop concentrations and exploded a munitions dump.

Earlier, the official radio had claimed a British battleship was damaged by a bomb off Narvik but both the high command and the official news agency called it an "enemy" battleship, which might be British or French. The news agency said "strong smoke showed the effect of the hit."

The high command communique said German troops had begun a march, northward from Grong, 20 miles east of Namsos.

## New Proprietor In Credit Office

With Nathan P. Morgan purchasing the Twin Falls branch of the Great Western Service, credit reporting system for southern Idaho, scope of the organization is now expanded to Boise, Twin Falls and Pocatello.

Mr. Morgan is a former resident of New York City. He pointed out that the credit reporting "coverage" now blankets all of south Idaho. The Twin Falls office was the first in the group.

## Auxiliary Sponsors Benefit Card Party

BURLEY, May 6 (Special)—American Legion auxiliary members gave two benefit bridge parties Wednesday afternoon and evening at the home of Mrs. Charles McDonald, with seven tables at play at each party.

Dessert was served prior to the playing, with the tables decorated with spring flowers. In the afternoon, Mrs. M. E. Miller received high score prize and Mrs. Retta Payne the high cut. For the evening, Mrs. George Klink and K. P. Slusser received high score prizes.

Wednesday, May 8, the Legion and auxiliary will hold a dinner meeting at 7 p. m. in the Odd Fellows hall.

## COURT UPHOLDS OIL CONVICTIONS

WASHINGTON, May 6 (AP)—The government's anti-trust prosecution won a significant victory today when the supreme court upheld the conviction of 12 major oil corporations and five individuals convicted of Sherman act violations at Madison, Wis., in 1937.

Reversing the seventh circuit court of appeals which had ordered new trials for the group, the court sustained the jury verdict that the companies and some of their officers conspired unlawfully to raise and maintain artificial gasoline prices in the midwest in 1935.

The high court's action today came by a divided vote. Justice William O. Douglas wrote the 67-page majority opinion with which four colleagues agreed.

Justice Owen J. Roberts wrote a dissenting opinion in which Justice James C. McReynolds concurred. Chief Justice Charles Evans Hughes and Justice Frank Murphy took no part in the case.

The American company having the largest fleet of trucks, 16,210, does not delivering whatsoever, maintaining the trucks for maintenance work only.

## JEROME HEALTH COUNCILS ELECT

JEROME, May 6 (Special)—Nomination and election of officers featured the business program at the May day health tea conducted here Saturday afternoon by combined health councils of Jerome, Eden and Hazelton.

The tea, held at the Jerome Civic club rooms, attracted more than 60 members and guests from all three northside cities and from Twin Falls. Program numbers were arranged by the three health councils.

Reflecting the May day theme, bouquets of seasonal blossoms in colorful groups were room decorations.

Miss Russell Presides

Greetings were extended by Mrs. John Peterson, chairman of the Jerome health council followed by the lengthy business session which was in charge of Miss Harriet Russell, R. N., Jerome county public health nurse.

### Election

The constitution and by-laws of the organization were read and approved by the members in attendance. A nomination of new officers for the coming year was conducted with Mrs. George Lattimer, Eden, being named and elected as new chairman. Mrs. Ella McVey, Jerome council, was nominated and elected secretary. For corresponding secretary Mrs. Lucile Jorgensen, Jerome health council, was elected.

Mrs. Robert Fowler of the Hazelton group read and presented a petition on Bangs disease.

The following program was presented by the three council organizations.

### Radio Skit

"Waltin' in the Shadows, Comes Wellesley," a skit from the Eden grade school. The Jerome health council presented a play in the form of a radio skit, entitled, "A Lost Family." In the cast of characters were Mrs. Lydia Oldham as the field worker for the Idaho department of public assistance; Mrs. Amy Peterson as field worker for the state of Idaho department of public assistance; Miss Leah Dunagan as child welfare consultant for Jerome county; Ralph Dunn, principal of

## Presidents His Kin

Born in Vincennes, Ind., John Scott Harrison was the son of William Henry Harrison, ninth President of the United States. His own son, Benjamin Harrison, became 23rd President of the country.

Mrs. Lucile Jorgensen of the Jerome health council directed the presentation which highlighted features of child welfare work and the services available to families through public health nursing assistance.

The Eden grade school sextet sang "Lena and Hans" by Van Norman followed by a dialogue, "What Is It," by Jackie Craner and Treva Lee Maxwell, both of Eden. "The Awakening," a clarinet duet, was presented by Miss Lucille Wrigley and Miss Gwendolyn Bott, both from the Hazelton grade school. Accompanists were Mrs. Bott and Miss-Rugh. Tea was served by Mrs. E. M. Snodgrass and Mrs. Carl Norton, Jerome. The serving table was covered with a lace cloth with an attractive arrangement of spring flowers as a centerpiece.

Committees who assisted in making the occasion successful were program, Mrs. C. Wrigley, Hazelton; Mrs. Henry, Eden, and Mrs. Lucile Jorgensen, Jerome; constitution and by-laws, Mrs. Oscar Peterson of Jerome.

A vote of thanks was extended Miss Madrid Crossman, Jerome, in appreciation for the cleverly designed program covers depicting a free hand drawing of a small boy and girl. Below the picture was the slogan, "Speed children on the road to health." Miss Crossman is employed in the offices of Miss Russell.

# I'LL TELL YOU WHY I TRADE INDEPENDENT

"I owe everything I have to the Independent system of business. If it weren't for the fact that there are a great many home-owned and home-operated business firms in Idaho, there would be no reason for my living here. We depend on each other for our success, and the more individually owned businesses there are in a town the better that town is going to be.

"It so happens that Mrs. Sims and I own our home here... in fact everything we have is here, and we want to do everything we can to help our town grow and improve and become a better place to live.

"We've talked it over, Mrs. Sims and I, and we believe that our future and our fortunes are tied up with those of other Idaho business men and women whose investments and profits and personal properties belong to Idaho. Anything we do to benefit them will benefit us along with every man, woman and child to whom Idaho is Home.

"That's why we trade INDEPENDENT."

### Balanced Circulation

Here is the constructive INDEPENDENT system that keeps money at home where it BUILDS for the immediate benefit of all.

If a dollar could only be spent ONCE it certainly wouldn't be worth much as a medium of exchange. But, as a matter of fact, one little dollar can be responsible for hundreds of dollars worth of business simply by circulating through many hands. Now, if a dollar stays at home in your community where it belongs, it will

### Unbalanced Circulation

Here profits are sent out of town thus draining your community of its circulating cash. Result: unemployment, higher taxes, lower wages, DEPRESSION!

work for you and come back to you again and again and again. If it is sent out of town it is lost to you forever.

Independently owned business BUILDS IDAHO and HELPS YOU by reinvesting its profits here at home. TRADE INDEPENDENT FOR YOUR SAKE.

## Who's Latest Movie Glamor Girl? Pam Caveness, Once of Twin Falls!

Fancy having your name in a banner lit right along side that of Bette Davis?

That was the thrill Pamela Caveness received when she opened the April 17th issue of the Los Angeles Evening Herald and Express. Pamela Caveness, as you know, is Dorothy Mae Bascom, daughter of E. E. Bascom, Stanley, Ida., formerly of Twin Falls.

"The headline shouted the news, 'R-K-O Signs Bette Davis' Find, Pamela Caveness.'"

And here was the accompanying story:

"Hollywood's newest glamor girl, Pamela Caveness! And now Bette Davis can really pat herself on the back as yet—but it will be forthcoming, who made good. It was Bette who

found Pamela, encouraged her and urged Hollywood biggies to give the little girl a hand.

"Bette's protege got her first good start yesterday when R-K-O signed her to a long term contract. Orders have been issued to groom her immediately for featured roles. Pam, too, will get special attention from the publicity department as R-K-O's bid in omph competition to Warners' Ann Sheridan and M-G-M's 'sweater sweetie,' Lana Turner."

It looks like Pam is going places. Next thing you'll be seeing her name in neon over theater marquees all over the United States.

Not that we have the exact date as yet—but it will be forthcoming, you may be sure.

SHOSHONE, May 6 (Special)

Shoshone's baseball team held the season's inaugural victory nicely sewed up Sunday—until after two outs in the ninth inning.

Four Hits in Ninth

The Gooding victory came as a result of four successive hits bunched in the ninth. Prior to that frame Jan Hansen and Whitey Jenkins, who shared the pitching chore for Shoshone, had held the invaders on the mound for the first five frames, the Redskins climbed into the lead by pushing across a counter in the third. They came back with another in the fifth after Gooding scored once in the first half of that canto.

Lefty Porterfield, Gooding

Porterfield struck out the top batter 13 Shoshone batters and kept eight hits scattered except in the third and fifth.

Few Long Hits

Extra-base blows were scanty. Porterfield got a triple as his long-est hit for Gooding; Jenkins connected for a three-bagger and Bob Haddock got a double for Shoshone. Line score and batteries:

R. H. E. Gooding . . . 000 010 003-4 7 4, Shoshone . . . 001 010 000-2 8 4, Porterfield and Keller; Hansen, Jenkins and Pederson.

Gallahadion Knocks Derby Right off Bimelech

Gallahadion, Milky Way stable's three-year-old, had a few friends at Louisville Saturday—and he rewarded them by scoring a surprise win in the Kentucky derby. Telephoto shows (from the rail to left) Gallahadion winning, Bimelech and Dit fighting for second place; Midland just out of the money. Behind these are Roman (next to the rail) and Sirocco. Last two, in order, are Royal Man and Pictor.

Biggest Reward: Hug From Trainer

Gallahadion, a season of campaigning on California tracks behind him, didn't get much of a tumble as a Kentucky derby contender—but the finish of the classic Saturday saw him a surprise winner, paying about 35 to 1 to his backers and a purse of over \$50,000. There was a lot won by the horse—but the hug of happy Trainer Waldron meant most to Gallahadion.

Yankees Flounder as Red Sox, Indians Fight for Leadership

NEW YORK, May 6 (U.P.)—With the DiMaggio-less Yankees floundering in their worst slump since they rose to baseball dominance, the Cleveland Indians and Boston Red Sox have moved up as the two top contenders for American league honors. In the first battle for the league lead yesterday, the Indians knocked off the Red Sox, 6-1, and moved half a game out in front.

Bruin Entries Lead for District Meet

Outstanding track and field talent from throughout south central Idaho—youngsters who have proved to be the best in their sub-district—will gather here on Friday and Saturday in the annual district meet to determine regional champions and those eligible to enter the state tournament at Boise the following week-end.

Six Teams in Running

However, at least five other teams conceded good chances of scoring a victory and it may be the breaks that tell the tale. Burley and Rupert, both with strong entrants, bring 11 men each to the meet. Buhl follows closely with 10, while Jerome has nine and Gooding eight.

Bimelech Defeated in Kentucky Event by Mrs. Ethel Mars' Colt

LOUISVILLE, Ky., May 6 (U.P.)—The three-year-old race that was considered a closed case only two days ago opened as wide as the doors of a blue grass-country barn today as six of the horses who ran in the Kentucky derby headed for Baltimore and the second race of America's big three—the Preakness.

Instead of a small, close contest the Preakness now becomes a large, loose affair which may draw as many as 14 starters. For Bimelech, the colt who was heralded as a second Man o'War, has been beaten and now other owners and other horses have found the courage to run against him for the rest of the year instead of staying in their stables. The chief contender who shipped out today for the rich Maryland fixture was Gallahadion, the surprising stretch-runner from Milky Way farm who won the 66th derby at the second highest price in history—\$72.40. With him went Bimelech, Royal Man, Dit, Midland and Pictor, each hoping to become another Head Play or Challenge.

Reversed Decision For it was in the Preakness in 1933 that Head Play reversed the derby decision on Brokers' Tip and it was in the same race just a year ago that Challenge conquered Johnstown. Perhaps the best chance to turn the tables of the turf next week is held by Bimelech, because neither his handlers nor his backer believe he was beaten Saturday by a better horse.

Bimelech will hold one advantage in Baltimore. The Preakness is run on a course a sixteenth of a mile shorter than that of derby, and it was the extra sixteenth which enabled Gallahadion to humble the Bradley beauty at Churchill Downs. It was that factor alone, and not a bad ride, a bad track or bad luck.

Six Derby Starters In addition to the six derby starters, the Preakness will bring out several other eligibles who wouldn't have gone if Bimelech hadn't been beaten. They may include Your Chance, Straight Lead, Wolf Wood, Andy K., Shov Ridge, Jacomar, Aronstou, and possibly a few others.

Leading Padre Team Visits Portland Club

San Diego, back in first place in the Pacific Coast League, faced the fall-end Portland Beavers this week in San Diego and appeared to be a cinch to increase their half-gamg margin over Oakland's Acorns, who must face the fourth-place Hollywood Stars.

San Francisco's Seals took a four to three series from the Acorns and moved over to Sacramento. The Seals were on the short end of a four to three game count with the Padres last week.

Seattle, which won one of three games with the Portland Beavers, goes to Los Angeles. The Angels lost a series to their cross-town rivals, four games to three, last week but still are in third place by a half game over the Stars.

In Sunday's encounters, San Francisco beat Oakland 10 to 2 then dropped the nightcap 7 to 4; San Diego twice thumped Sacramento, 5 to 4 and 11 to 8, the latter game in 10 innings. Portland led Seattle 5 to 1 then had the second game called by rain in the third. Los Angeles and Hollywood divided, the Angels taking the first 7 to 4 and the Stars the second 3 to 2.

Cardinals and Pilots Tie For Loop Lead

(By United Press) Pocatello Cards and Boise Pilots were tied for leadership of the Pioneer league today. The Cards humbled Twin Falls, 15 to 5, Sunday, while the Pilots, who held a game lead, lost to Ogden Reds, 6 to 5.

Gibbons and Lambert teamed up to beat the Pilots before 2,500 Boise fans. The Pilots made only four hits and crossed four of their five runs across the platter in one big inning—the eighth. The Reds found three Boise pitchers for seven hits, and scored five runs in the first two innings.

At Twin Falls, the Cards went on a hitting and scoring rampage. Eight of their 15 runs were scored in a big ninth inning swiftness. While Pavilge and Archuleta held the Cowboys in check, the Cards stickers pounded three pitchers.

Salt Lake Bees beat Idaho Falls, 6 to 4, to take the series, two games out of three, before 1,500 fans at Idaho Falls. Both Bob Creighton and Bradley, who started on the mound for Salt Lake and Idaho Falls, were chased to the showers when the teams were tied 4-all. Mel Ristau was the winning pitcher and Eddie the loser. Catcher Ray Farrow's homer in the fifth scored a runner ahead of him.

The teams will be idle today. Tuesday, new series will find Idaho Falls at Boise, Ogden at Twin Falls, and Salt Lake at Pocatello.

# Mac's Still in Louisville— Because He Bet on Bimelech

By HENRY McLEMORE  
LOUISVILLE, Ky., May 6 (AP)—Don't let the Louisville date line on this story surprise you. And don't be surprised if the next 30 stories I write come from here.

Did you ever hear of a horse named Bimelech? I did. I learned about him from my own story, and, being a great admirer of Henry McLeMores' stuff, believed every word of it.

If you are sore at McLeMores telling you Bimelech was unbeatable in the Kentucky derby, how do you think I feel about him? Theascal was so convincing to me I can't get out of Louisville. He cost me every cent I have, and just as soon as I finish this I am going to send the following letter to the United Press in New York:

"Dear Sirs:

"How on earth did you ever hire a horse race writer named McLeMores? He couldn't distinguish between a railroad pony and a 'hook' and had rooked me for one full week he touted, gambled and howled the praises of a horse named Bimelech. He said he could

run in front, come from behind, go a distance, carry a freight car on his back, and was a mortal cinch to win the derby. Nuts!

(Signed) Disputed Reader.

"That's how I feel about the guy. He says Gallahadion run on the coast and he knew what the horse could do. But I'll take an oath that not once during the DAZE leading up to the derby did he even mention Gallahadion, except to make alighting remarks about his ability.

As I said before I can't get out of Louisville.

I haven't any money. Before the field went to the post in the derby I robbed my money belt, shook the last copper out of my pig bank, and borrowed some money to bet on McLeMores' unbeatable-Bimelech.

Most of the other newspaper men have left Louisville. But not I. I haven't been able to find a railroad that takes an I. O. T., or a plane company that will let you work out your passage, or a bus line that welcomes deadheads. This is being written on the side

of the highway that leads from Louisville to Cincinnati, and if it reads a bit jerkily that is because I have to lift my head every moment or two to try to thumb a ride.

Lots of autoists stop, but, once they hear my name, stop, and they try to run over me. One sidly couple who was going as far as Harrisburg, Pa., let me in the car and drove about two miles before asking who I was. When I told them, the husband said I had cost him next summer's vacation money by touting Bimelech and I could take my choice of either getting out or being thrown out.

Still there's always consolation to be found. Louisville is a lovely city, and a fellow could live here for 50 years and be happy. It has many spacious parks. Its fire department is modern to the last degree. The average mean temperature is 75 or so, and the rainfall is just as good as the rainfall of any city you can name.

So, if you drop down this way in the next year or two give me a ring. In the meantime bet on Bimelech in the Preackness.

# Cardinals Trounce Cowboys With Aid Of Eight Misplays

Twin Falls Cowboys, winner of the first game over Pocatello in the opening Cardinal series here, got no better than an even break for the two games when the home club dropped a 15-4 decision at Jaycee park last night.

The other game of the series, scheduled for Saturday night, was called off because of cold weather.

Last night's tilt saw another fine pitching performance by a Cowboy twirler for as naught when Pocatello scored seven unearned runs in the first eight innings off Lefty Ken Wyatt.

Allows Only 3 Hits  
During that time Wyatt allowed only three hits—two of which were flukes—but his teammates backed him up with eight miscues. However, Wyatt issued eight free tickets to first base and kept himself in hot water with wild tosses to home plate that had Catcher Bob Stagg pretty well worn out by the end of the game.

The Cowboys started out early to tuck the game away as Wyatt sailed smoothly along. Tommy Canavan, converted from a first baseman into an outfielder, poled a home run over the right field fence in the first frame.

In the second inning, Pocatello tied the score when a fly ball in right center dropped free after Dick Wake and Canavan collided. An error by Johnny Vukas at second with two down let the runner score. Wake was carried from the field with a sprained leg and will be out of the game for four days to a week. Three stitches were taken in the wound.

Cowboys Rally  
Twin Falls came right back with three more counters when Reynolds singled, Thornton doubled down the left field line, Wyatt was safe on an error and Canavan singled—his second hit of the game. But that just about ended the scoring for Twin Falls.

In the first of the third the Cardinals pushed across three runs without the aid of a hit. Wyatt walked Pavlice, Pocatello hurler. Bridges was safe on an error at second and Andrade was safe the same way after White had grounded out. Then a walk to Patras and a wild pitch helped the cause along with two runs scoring. An infield out brought in the other counter.

Cardinal Score  
That tied up the score and the game remained that way until the sixth when a lone hit—a double—resulted in two more counters. Two walks, an error and a wild pitch caused the winning counters to cross the plate. Pocatello added another score in the first of the seventh—still without the aid of a hit. Two

# USE THESE 8 AIDS in your Spring Housecleaning

Troy & National leads with these individualized and outstanding home aids to housewives

## 1. Dinginess disappears! CURTAINS

Made fresh and bright as new!

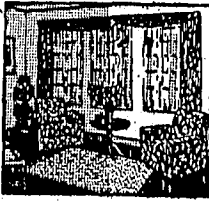

New curtains for old. Winter's grime and soil removed to give them the bright and airy, light appearance you want. All curtains stretched to size without the use of pins or hooks. Stain-proofed for protection against stains and moisture.

Our routeman will be glad to tell you how inexpensive your curtains may be done!

## 2. Housecleaning includes DRAPES!

We send them back ready to hang!

No worry or fuss when you delegate us to clean your drapes. Pleats, folds, linings—are all carefully done. Dri-Sheen dry cleaning plus Stain-Pruf is the answer to this phase of your housecleaning problem — an exclusive service in our plant.

Expensive? No! A Troy or National routeman will explain this service in detail to you!

This is not only a modern age, but an age of economy as well. Troy & National services not only free us from undeserved, plain hard work, but also help us economize in our household budget. In other words, we can't do it as cheaply nor as well as the Troy & National Launderers and Dry Cleaners.

We say—patronize TROY & NATIONAL

## 3. Make it a thorough job! RUGS

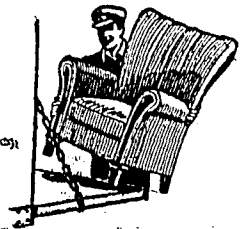

Shampooed in rain-soft water.

This feature makes housecleaning a real success! With your rugs returned to their original lustre and richness, your rooms will look completely cleaned! Dust, dirt, grease and grime go in this thorough cleaning. And each rug is resized to its original dimensions!

Typical value in this service: a regular 9x12 rug cleaned, shampooed and resized for only \$3

## 4. Be sure to include your UPHOLSTERED FURNITURE

Don't let the appearance of soiled upholstered sets spoil the joy of a real spring housecleaning. "CHROMOTONED" upholstered sets have the appearance of being brand new! Only Troy & National offers "CHROMOTONE" — the process which removes every sign of soil!

You may send a regularly sized 2-piece set for only \$7.50 (Moth-proofed — \$12)

## 5. Protect and Recondition WOOL BLANKETS

Washed, Cleaned and Stored

Don't leave valuable woolen blankets in your home this summer. Don't leave them a prey to ravaging moths and summer heat. Let us wash them carefully in our special appliances and store them away from the danger of moths. Send your pillows, too. An economy price prevails on these important items. 50c, 2 for \$1.

These inexpensive spring services are at your command! Ask a Troy or National routeman!

## 6. Here's Magic Valley's finest storage service!

## FUR STORAGE

Use southern Idaho's only above ground, modern storage vault for the protection of your furs. Our modern vault is completely adequate in every respect — controlled cold, controlled humidity — and each fur is completely sterilized before storage. You'll want to know about our repairing, remodelling and alteration service, too! Minimum storage charge, \$2 — 2% of valuation to \$200 and 1% thereafter.

Store your whole winter wardrobe at a very moderate cost
