GERMANS 100 MILES FROM PARIS

Flying German Columns Drive to English Channel

By JOE ALEX MORRIS
United Press Foreign Editor

Flying German columns are driving northwest toward the English channel from near the French border, it was reported today, forcing an allied withdrawal from the defense lines which protect Brussels.

The German threat was that Belgium would be cut off from France, isolating allied armies in Belgium from their communications and supplies.

Germany claimed the last allied defenses of Brussels have been crushed.

The Belgian government evacuated Brussels and moved to Ostend on the channel. The British public was being prepared, apparently at government order, for bad news. The gravity of the situation was emphasized in London.

Armored Columns

The German thrust toward the channel ports was being made, it appeared, by heavy armored columns which plunged through the deep gash in the Maginot line extension from Metz to Sedan. These columns cut through the breach and dashed northwest.

Official statements in Berlin—partly confirmed by allied dispatches—said the Nazi blitzkrieg toward the English channel had broken the main British defense lines along the Dyle river in front of Brussels, captured the Belgian fortress of Namur and smashed westward down the Sambre river into the French Maginot line defenses at Maubeuge.

On French soil, according to the German high command, the Nazi forces widened their break into the Maginot line west of the Meuse river so that they now claim a 62-mile front from Maubeuge to Carignan, south of Sedan, from which flying mechanized columns have stabbed deeply into French territory.

In Paris, it was admitted these thrusts had reached Rethel, 100 miles from the French capital, and that tremendous German power was being thrown into the main offensive in an attempt to win the war by a quick and devastating blow.

Allies Fight Back

The allies fought back with every thing they could command. The battle along the Maginot defenses. Paris dispatches said that allied planes and guns were hurling tons of high explosives into the German positions around Rethel in an effort to collapse the Nazi thrust.

The German blitzkrieg offensive methods appeared, on the surface at least, to mean that Adolf Hitler had shot the works in an offensive that might win or lose the war. In Berlin, however, Nazis insisted that that was not necessarily true, although they expressed confidence that the allied forces from Belgium and establish bases for attack on England over a short air route.

Neutral sources in the Nazi capital also said that while the German break through into France was a "staggering" triumph it did not necessarily mean a decisive action since the Nazis face the problem of pouring more and more men into the breach and of a probable French counter-attack.

Military Situation Grave

Both London and Paris admitted that the military situation was grave as a result of the big bulge created by the Germans in their main defense lines, but both expressed confidence that it would be overcome.

The blitzkrieg methods of the German attack made it difficult to determine the full extent of their gains, because flying mechanized columns have struck in many directions under protection of the Nazi air fleet.

The advances claimed in Berlin, however, appeared to have undermined the main allied positions in central Belgium and to have opened the way for lightning thrusts either toward the channel ports, or toward Paris or behind the main Maginot line on the German-French border—or for all three.

President Plans ON REPAIRING 35 OLD DESTROYERS

WASHINGTON, May 17 (U.P.)—President Roosevelt revealed today he is planning to recommission 35 more old World War destroyers and is expediting work on airplane manufacturers to move their new plants away from exposed seaboard areas.

The President said at his press conference the destroyers will have to be recommissioned for national defense, at a cost of approximately \$6,000,000.

Discussing the \$200,000,000 "blank check" item in his \$1,182,000,000 defense program which he asked be left to his discretion to spend, Mr. Roosevelt disclosed this fund will be utilized to meet contingencies and situations which could not possibly have been visualized at the time the program was drafted.

He indicated government funds may be used to build new airplane plants for production of part of the 50,000 airplane armada which he projected in yesterday's message. Conceivably, some of the \$200,000,000 fund assigned to the President might be used for development of government-owned plants.

Such plants, said the President, probably would be operated privately, although they would be retained by the government. It was in connection with this fund, he disclosed, that federal officials are exerting pressure on airplane manufacturers to persuade them to locate all new plant units somewhere between the Rocky mountains and the Allegheny range.

Airplane factories now are concentrated around Los Angeles, with others in the northwest and close to the eastern seaboard.

ITALIANS DEMAND ISLAND'S SEIZURE

ROME, May 17 (U.P.)—Rome was plastered today with thousands of posters urging that Italy seize Corsica, French island in the Mediterranean, the birthplace of Napoleon.

The posters, plus widespread demonstrations against Great Britain and France and an unofficial coolness toward what was reported to be a new peace proposal by President Roosevelt, combined to increase the feeling that Benito Mussolini was ready to enter the war on Germany's side when he felt the moment was right.

"Italian brothers," the posters appealed, "do not forget Corsica—the most Italian earth for 2,000 years."

The anti-allied demonstrations and comment in the government-controlled newspapers have stressed that Italy's "natural aspirations" include the Suez canal, Djibouti, Savoy, Nice (French), Malta (British), Corsica, and even sections of Yugoslavia.

Corsica is strategically important to France, in that it lies in the north Mediterranean along France's shipping lanes to the east and contains a number of good naval and seaplane bases. The island has been French for 172 years. Population is 300,000.

BELGIAN HEADS FLEE BRUSSELS

LONDON, May 17 (U.P.)—The Belgian government has left Brussels, radio Brussels said today. The announcement was made by the Belgian minister of interior, A. Vandepoort.

"The government's decision to leave the capital was taken because of evident necessity," Vandepoort said.

"Thursday our troops repulsed a German attack. However, towards the end of the day a partial change of positions occurred and Belgian troops occupied new positions in a most orderly manner."

"Allied troops repeatedly counter-attacked, fighting vigorously," Vandepoort said. "The struggle against the enemy was reminiscent of the first week of 1914. Belgian troops were fighting in full confidence and in the best of spirits despite the fact that they were facing superior forces."

HOUSE BOMBED

PARIS, May 17 (U.P.)—German planes today raided Arras, where several houses were destroyed. Of seven bombs dropped, only four exploded.

Students Killed

Tragic death struck at these two Burley high school seniors only a week before they were to have been graduated. Top Melvin Wheeler, 19, member of the district championship Burley basketball team this year. Bottom, Fay Hogg, 18, prominent in dramatics. Both were fatally injured Tuesday evening as their auto overturned on the Oakley road.

CITIZENSHIP GOES TO 6 APPLICANTS

Six brand-new citizens of the United States emerged from district court at noon today, wearing proud smiles that signified court approval of their final naturalization test.

The six received citizenship papers in a group of 10 men and women who appeared before District Judge J. W. Forier this morning. Three other applicants found their petitions continued for further study. One petition was continued because the applicant failed to appear for hearing.

SCHOOL TO BE BUILT

KELLOGG, May 17 (U.P.)—Plans were made here today for construction of a \$25,000 school at Wardner, and the erection of an auditorium for the Sunnyside school. The latter building is expected to cost about \$15,000.

LATE FLASHES

LONDON, May 17 (U.P.)—Germans are driving toward Lyon and Marib, about 70 miles northeast of Paris, it was reported reliably tonight and allied troops are withdrawing from their Brussels defense positions because of a German flank attack.

PARIS, May 17 (U.P.)—Gen. Maurice Gamelin in an order of the day said tonight that "every French unit which is unable to advance must accept death rather than abandon its terrain."

"The fate of the country and that of the allies and the destiny of the world depends on the battle now taking place," Gamelin said.

BERLIN, May 17 (U.P.)—Nazi sources declared tonight that German troops have entered Brussels.

LONDON, May 17 (U.P.)—Prime Minister Winston Churchill has informed the French government of "a new measure" taken to increase Great Britain's armed striking power. It was stated tonight in an explanation of the prime minister's one-day visit to Paris.

ALLIED SITUATION TERMED SERIOUS ON FRENCH LINE

By WALLACE CARROLL

LONDON, May 17 (U.P.)—The German army today was reported to have driven a wedge into allied defense lines running south from Louvain to Montmedy on the Maginot line in what Prime Minister Winston Churchill now calls: the "Battle of the Bulge."

The situation was said in authoritative quarters to be "very serious" but full confidence the allies would be able to hold their own was expressed.

As reported here the front now runs southeast from the Zealand corner of Holland to Antwerp and Louvain. It then bends southwest to the river Sambre, somewhere near Charleroi. (That would indicate a withdrawal from Namur which the Germans claimed today to have captured but it was thought likely the Namur forts are still resisting). From the Sambre, the front swings further west of Mezeres to a point near Rethel on the river Aisne. It then runs east to Montmedy on the Maginot line.

Line Runs North, South

Thus, the allies now appear to be holding a line which cuts almost due north and south through the center of Belgium with the Germans overrunning the entire eastern and southeastern portion of the country.

Heaviest pressure was being applied by the Germans, it was said, on the Louvain sector, held by the British and Belgians, and the Mezeres-Montmedy sector.

The German technique was rapidly becoming clear. Military quarters said that swift, heavily armed, tank-led columns are slashing into allied defense positions at high speed. The columns are under orders to break through the fortifications at any cost and drive into the open country to the rear of the fighting lines.

At Maximum Speed

These columns, it was said, push on at maximum speed as far to the rear as possible. When they can advance no farther, it was said, they "explode" break up into small detachments which dash out in all directions, blasting roads, railroads, telegraph and telephone lines and terrorizing the inhabitants.

Royal air force planes were blasting German communications in an attempt to break up German supply lines and relieve pressure on the allied forces.

TAYLOR SLASHES SCHOOLS' FUNDS

BOISE, May 17 (U.P.)—Atty.-Gen. J. W. Taylor advised State Auditor Calvin E. Wright to distribute liquor commission profits according to a 1939 law and invited a court test of the method of distributing the funds.

Taylor's opinion, a reversal of a ruling he handed down in Oct. 1939, cut public schools in the state 25 per cent of their revenue from liquor profits.

The attorney general ruled liquor profits should be apportioned 25 per cent to the general fund, 25 per cent to the county governments, and 50 per cent to the county schools.

He based his ruling on the theory the 1939 liquor control act was signed by Gov. C. A. Bottolfsen prior to signing another act which provided for apportionment of liquor profits 50 per cent to the counties and 50 per cent to the schools.

"It is unfortunate that the laws above referred to should have been finally acted upon and approved by the governor without some consultation from the office of the attorney general," Taylor declared. "In this connection, I wish to say that a special effort was made by this office and by the state auditor's office to have a discussion of these laws while they were yet in process of the obvious contradictions, but the governor refused to grant a conference and approved the laws as they were written."

GOP LEADER DIES IN PHILADELPHIA

PHILADELPHIA, May 17 (U.P.)—The death of Ralph E. Williams, 70, Portland, Ore., dean of the Republican national committee, halted temporarily today preparations for the party's national convention.

Williams, who was chairman of the committee on arrangements for the convention here June 24, died at a hospital last night shortly after suffering a cerebral hemorrhage. He had collapsed while addressing a meeting of the committee.

His continuous service as a Republican committeeman dated from 1908 and was a record without parallel in either the GOP or Democratic national committees. Known as the "backbone" of the national committee, a major part of the arrangements for the convention rested on his shoulders. He had been "chairman" of several previous conventions.

Here's Solution To Fat-Worried Eaters of Spuds

YONKERS, N. Y., May 17 (U.P.)—Glamor girls and other calorie counters get a break today with the announcement of the successful getting of potato and tomato plants to produce a starchless potato that won't make anybody fat.

George H. Ohlholm, superintendent and horticulturist at the estate of the late Sanford Undermyer, developed the starchless spud. Ohlholm has already carved his niche in gastronomic annals by introducing honey dew melons with liquor, producing fruit flavored with cognac, benedictine and port.

Idaho Demos Uphold Third Term for FDR

Idaho's Democratic delegation to the national convention in Chicago July 15 today had been instructed to "use all honorable means" to secure the nomination of Franklin D. Roosevelt for President.

This action came early last evening during the closing moments of the party nominating convention which had been in session at Radioland since noon. The endorsement of the President for a third term came in the form of a resolution which was unanimously adopted by the 231 delegates present from all counties of the state with the exception of Butte and Caribou.

Walker Ousted

By slightly less than a 10-vote margin, State Sen. Carl E. Brown, McGill, was selected as national committeeman, succeeding Ramsay M. Walker, Coeur d'Alene, who sought reelection. Mrs. Emma Simmons, Boise, was successful in her quest for reelection to the post of national committeewoman and defeated Mrs. Frankie K. Alworth, Twin Falls. After the votes had been tabulated and the winners announced, both defeated candidates moved that the records show the vote as being unanimous for the victors.

After the committeeman and committeewoman had been selected, the party leaders got down to the business of naming delegates to the national convention.

The following delegates-at-large were selected to attend the convention:

U. S. Sen. D. Worth Clark, Pocatello, who was the temporary chairman and keynote speaker; First District Cong. Compton I. White, Clarkfork; State Democratic Chairman Ben Davis, Pocatello, who is recovering from an operation; Senator Brown, Mr. Walker, Mrs. Simmons (Continued on Page 5, Column 1)

Oddities

LOSS

MINNEAPOLIS—George Bowman, hotel manager, held an overcoat in default of a \$7 bill. The debtor's wife claimed the coat, paid the bill and walked out with the garment. Then Bowman remembered he had been using the coat's pockets as a hiding place for the hotel's receipts. Loss: \$400.

DOUBLE

DETROIT—Traffic Judge Thomas F. Maher found two men guilty of driving the same car recklessly at the same time. Joseph Galbany and Paul Versak were fined \$50 each. Galbany, who never had driven an automobile before, sat in the driver's seat while Versak got out at a gasoline station. Galbany began fooling with the interesting dood-dads in front of him and just as Versak returned the car started. Versak pulled it one way, Galbany pulled the other. The car veered down the street until it hit a pole.

LATE

WRENTHAM, Mass.—A woman doesn't have to be scorned to be furious. Police answered a telephone call and found a young man with a lacerated head. He explained he was 15 minutes late for a date and his proud lady belted him with a milk bottle.

PARIS, May 17 (U.P.)—Massed German tank fleets supported by motorized and marching infantry attacked the allied armies on three separate sectors today, the closest only 100 miles from Paris, a militant informant disclosed.

It was at Rethel the Germans had reached their nearest point to Paris.

Attacks of the greatest ferocity were loosed at dawn first against the Louvain area, secondly against the area north of the Sambre river, at the deepest point to which the Germans had penetrated toward the coast, and at Rethel, against all-French troops at the deepest point inside the French lines southwest of Sedan.

Louvain is 16 miles east of Brussels. Namur, where the Sambre joins the Meuse, is 105 miles from the coast.

The Germans made their attacks in the blitzkrieg manner, a thick frontal wedge of massed tanks behind which came troops in motorized columns and afoot, supported by massed fleets of bomber and strafing planes which machine gunned troops and took the place of artillery until the big guns could be moved up.

Both the French and the British asserted that everywhere along the Meuse area they were holding the German drive but it was admitted here it was still too early to get details of the three new attacks which the Germans began this morning as soon as it was sufficiently light.

The government had ordered last night that effective today the entire Paris military region is part of the army zone, and thus completely militarized. The region includes the Seine department, at Paris, the Seine and Oise department to the southwest, the Seine and Marne department to the east and the Seine inférieure department northwest of Paris on the coast and a fraction of the Eure department between there and Paris.

Churchill to Paris

It was announced that Prime Minister Winston Churchill, who is also British defense minister, had arrived at Paris yesterday, accompanied by "experts," and had at once conferred with Premier Paul Reynaud, Edouard Daladier, war minister, and Gen. Maurice Gamelin, French commander-in-chief.

From Montmedy to Basle, Switzerland, along the Maginot line including the Rhine area, there was absolute calm, military informants said.

The Germans were throwing all their strength into the Meuse pockets in a desperate win or lose gamble, according to reports here, because of extremely heavy losses in five days of attack, and thus wary skimping their fronts.

Situation "Difficult"

A high French authority reviewing operations admitted frankly the situation on the Meuse was difficult. But he said also the night operations yesterday and during the night permitted him to have a generally favorable impression. The result of the day's attacks remained to be determined.

Fighting reached its greatest intensity south of Sedan yesterday, a military informant said, and continued throughout the night.

IRRIGATION GROUP IN SESSION HERE

Gov. C. A. Bottolfsen and members of the Idaho reclamation advisory committee this afternoon were meeting in Twin Falls to discuss matters pertaining to the investigation and construction of irrigation projects in various sections of the state.

The session of the advisory committee was a prelude to the Idaho State Reclamation association convention which opens tonight with a banquet at the American Legion hall starting at 7 o'clock. Principal speaker at the banquet will be C. J. Strick, Boise, president and general manager of the Idaho Power company. Toastmaster will be Walter C. Clark, Kellogg, member of the planning board.

Preview of Exhibit

Feature of the banquet tonight will be a preview of the Idaho World's fair program at San Francisco, built around the personage of "Idaho Ike," the mechanical man who tells of the wonders of the state and discusses the history of irrigation.

"Idaho Ike," seated on a nail keg, is surrounded by transparent pictures showing representative scenes. Featured in the pictures are road, harvesting, scenic, agricultural, pleasure and sports scenes. The exhibit, vastly improved over the last year's fair, was assembled here this morning. It is being transported to the coast at the present time but permission was granted for the preview showing here.

Planning Board Meet

Also in session this afternoon were members of the Idaho planning board. They led off with a discussion on means of coordinating improvement of water facilities to aid both agriculture and industry. Both the planning board and the advisory committee will meet with the association at tonight's banquet and also at the business sessions which get underway Saturday at 10 a. m. at the I. O. O. F. hall. Thirteen speakers are scheduled to be heard during Saturday morning's program and a luncheon will be held at the Legion hall. The afternoon program, starting at 1:30 p. m., will feature additional speakers and also the report of the secretary-treasurer and adoption of resolutions as well as the meeting and organization of the new board of directors.

It is estimated that 300 will attend Saturday's sessions.

QUICK ACTION IS ASKED ON FUNDS

WASHINGTON, May 17 (U.P.)—President Roosevelt today called for quick congressional approval of the \$111,000,000 relief appropriation, and asserted that proposals to earmark the funds for specific projects approached "pork barrel" methods of administration.

The bill was debated in the house today and is expected to be passed by that body next week.

The President said the country can not afford to drop additional people off relief this summer or fall if anything, he added, he would prefer to place more persons on relief rolls in an attempt to take care of all of the needy families of the nation. "The relief question," said the President, must be reviewed in terms of human values. The new defense program may give increased employment in the steel towns and various other centers, he said, but that will not alleviate the plight of a man who is out of a job and whose family is hungry in Waterbury, N. Y., or Manchester, Ga.

"If congress decreases the present scale of relief, a great many people are going to lose their jobs and means of support, he said, adding that even the present program is falling considerably short of caring for all families who cannot find work in private enterprise.

ENGLAND ADMITS GERMAN CLAIMS

LONDON, May 17 (U.P.)—A British military source, commenting on the claims made in the German high command communique—of an allied retreat from the river Dyle, the German capture of Namur, and their 62-mile breach in the allied lines from Maubeuge to Carignan—admitted tonight many of these assertions probably are in accord with the situation.

However, he asserted that allied withdrawals should be interpreted in the nature of jockeying for battle positions. He said that the German claim of the capture of 12,000 prisoners did not sound unreasonable in view of the magnitude of the contact.

Actress Obtains Divorce Decree

HOLLYWOOD, May 17 (U.P.)—Murtha Raye, film comedienne, today obtained a divorce from David Rose, composer, on the ground of cruelty after she testified Rose was "sullen and abusive," stayed away from home for days at a time, and "couldn't stand" her friends.

Mrs. Raye and Rose married in Escondido, Mexico, on Oct. 8, 1938, shortly after she obtained a final divorce decree from Hamilton "Buddy" Westmore, member of the famous makeup family. They separated last April 7.

FOOD STAMP SALE

COEUR D'ALENE, May 17 (U.P.)—The federal food stamp plan went into effect yesterday in five north Idaho counties. Stamps were placed in the hands of agents and sales started in designated stores.

NAZI CRIMINAL LAW

LONDON, May 17 (U.P.)—The German-controlled Amsterdam radio said today that German criminal law had been instituted in all occupied districts of Holland. The people were forbidden to listen to non-German radio broadcasts.

AARONIC GROUP TO SUN VALLEY

In an outdoor setting at Sun Valley, a program commemorating the 11th anniversary of the restoration of the Aaronic priesthood will be presented tomorrow. Members of the priesthood will assemble at 6 a. m. tomorrow at the L. D. S. tabernacle and leave in cars for the outing site. Each boy is requested to bring a lunch and a dollar.

Ray Wells will be the priest in charge; Vern Eggen, first assistant, and Howard Arrington, second assistant.

Song by Chorus
The opening song will be sung by the priesthood chorus, with Orem Hyde, teacher, offering prayer. The priesthood chorus, directed by Bill Luke, will sing preceding the sacrament service with Charles Seaton and Rex Wells, presiding. Teachers, and Edward Carroll, Les-ter He Mock, Kenneth Peck, Robert Crandall, Rollin Johnson, J. Darrell Moorhead, Kenneth Holman and Kay Ainsworth, deacons, in charge.

Wayne Arrington, Robert Peck and Gall Poulton, teachers, will read from the Scripture, and Benjamin Hughes will read a statement from President Brigham Young.

Discuss Restoration
Dale Lincoln, Leroy McNeely, Golden Barlow and Chad Fillmore, deacons, will discuss the restoration of the priesthood, and William Luke, priest, will tell how the restoration fulfilled prophecy.

The chorus will sing; R. K. Whitehead will give a talk as Aaronic priesthood chairman; Bishop Noah Arrington will speak; the chorus will sing, and Dan Freeman, deacon, will give the benediction. The chorus includes Francis Guest, Clinton Luke, Golden Barlow, Malloh Barlow, Preston Luke, Kenneth Arrington and Dean Freeman.

I. O. O. F. OF FIVE LODGES GATHER

Odd Fellows from Hazelton, Jerome, Filer, Twin Falls and Rupert assembled at the Odd Fellows hall here last evening to greet D. E. Rathbun, Idaho Falls, grand master, who was making his official visit to the local lodge.

A banquet in his honor was served at 8 p. m. under supervision of the Primrose Rebekah lodge.

The Rho Girls' club presented an effective drill, prior to Rathbun's address.

Four candidates, one from Hazelton, one from Jerome and two from Twin Falls, were initiated.

Motorists Cited Into Court Here

Three motor vehicle operators today had been ordered to appear in municipal court on charges of operating their cars with one headlight burning.

The citations to the court were made last night as five state police officers staged a "safety lane" on Shoshone street. During the operation time of the lane, 120 motorists were given "courtesy" tickets advising them to have lighting defects on the automobiles repaired at once.

Similar check-ups have been staged at Buhl, Burley and Rupert. More can be expected from time to time, and none will be announced in advance, the officers said.

Buhl Boy Must Repair Damages Or Land in Jail
Ten-day jail sentence had been suspended this afternoon for Harold Shaddy, 18, Buhl, for a 30-day period during which he must repair and pay for damages he admitted causing at the Claud Parkes slaughterhouse in Buhl.

Judge C. A. Bailey ordered the jail term and then suspended it after Shaddy entered a guilty plea at arraignment Thursday afternoon in probate court.

Bailey sternly told the west end youth that if he doesn't make up the damages he caused to windows and lights he must go to jail. Complaint was signed by John A. Brown, county juvenile officer, who accused Shaddy of malicious injury to property May 14.

MRS. PEBERDY IS CALLED BY DEATH

GLENNIS FERRY, May 17 (Special)—Mrs. V. E. Peberdy, prominent member of the Catholic church, Neighbors of Woodcraft and other organizations, died shortly after 8 a. m. today at St. Alphonsus hospital in Boise.

She suffered a paralytic stroke Saturday evening. Mrs. Peberdy had been ill for the past five years.

Rosary will be recited at 8 p. m. Sunday at the Zacher-Bey funeral chapel here, and funeral services will be held Monday at 10 a. m. at the Catholic church.

The family will take the body to Philadelphia, Penn., for burial beside the grave of her mother.

Mrs. Susan Godshall Peberdy was born at Pekasee, Penn., July 12, 1862, and was married at Falmouth, O., March 4, 1912.

The family moved to Nampa in 1919 and a year later to Glennis Ferry.

She is survived by her husband and one son, William Joseph Peberdy.

Four youngsters riding on one bicycle alongside junior high school... Bud Wallace looking around carefully, then surreptitiously combing that black beard on his face... Very old truck with Texas license, all fixed up for traveling, and containing a Mexican driver, his wife and a whole bevy of children like "stair steps"...

Chief Gillette offering a new trim on his whiskers... And man borrowing wife's compact to gaze into mirror while he rubs soot off his nose.

Annual drill team contest at the Idaho grand commandery meeting in Pocatello last night was won by Twin Falls commandery, Knights Templar, according to word received from Claude Gordon, generalissimo of the local commandery.

The local team scored 95.58 points; Gate City, Pocatello, 94.03, and William Wallin's All-Stars, 94.01.

Horse-theft charges filed last Dec. 10 will be aired in probate court next Wednesday morning.

Probate Judge C. A. Bailey set 10 a. m. that day for preliminary hearing in the grand larceny complaint against Seymour Davis, accused by J. B. Somers of taking a five-year-old black gelding.

Davis has been at liberty under \$500 bond.

RED CROSS GROUP RECEIVES PRAISE

Twin Falls Junior Red Cross members, attending an inter-school council meeting yesterday afternoon at the Washington school auditorium, were praised by Forrest Stewart, Boise, state supervisor, for the excellent manner in which they are carrying out Junior Red Cross projects.

"The reports of your activities are an incentive and an inspiration to the other schools of the state," he told the enthusiastic group. Mrs. Cecil Jones is director of local Junior Red Cross work.

Mrs. Emma Glouchek also addressed the group, telling of attending the national Red Cross conference last year in Washington, D. C. Reports on activities were given by Lyle Gordon, junior high school; Ted Ryan, Bleske; Gerald Williams, Lincoln, and Mary Barron, Washington.

Opening the program, Phoebe Jane Francis sang "The Grand Old Flag." Betty Jane Glante, accompanied by Della Staker, sang "The Woodpecker's Song." Connie Jean Cochran played "God Bless America."

GRADERS FINISH IN FIVE SCHOOLS

BUHL, May 17 (Special).—Five west end schools held joint eighth grade graduation exercises Wednesday evening at the Fairview hall. The schools participating were Syringa, Superior, Willowdale and Sunnyside.

Louis Billington, principal of the Fairview school, was chairman of arrangements.

Invocation was given by Bishop Roy Wood of the L.D.S. church. Introduction of graduates was made by Edward Adams, Fairview. Violin solo was played by Helen Cojka from Superior. The class will be read by Leonard Miracle, Fairview; guitar solo, played by Merlin Prell, Fairview, and the class prophecy was read by Willowdale group. Piano solo was played by Ernest Peterson, Fairview, and a reading was given by Dorothy Books, Sunnyside. Girls' trio, Elsie Nichel, Barbara Allen and Deloras Hahn, Fairview, sang; poem, "Graduation," was read by a group of students from Willowdale.

Address of the evening was offered by Rev. J. A. Howard, pastor of the Buhl Presbyterian church. Piano solo was played by Mary Lou Wegener, Syringa, and presentation of diplomas was made by county superintendent, Doris Stradley. Duet number by James Childs and Vernon Herzinger, Syringa, accompanied by Arthur Johnson; song by the entire group and the benediction by Bishop Wood concluded the program.

Eighth grade graduation exercises were held Wednesday evening, April 15, at the Cedar Grove school auditorium for the eight graduates. Rev. Virgil Gaines, traveling missionary of the Presbyterian church, delivered the address to the class and the diplomas were presented by Principal E. B. Medearis.

The valedictory address was given by Shirley Weaver and Max Fife and Hilda Mueller tied for salutatory honors with Max Fife giving the address.

The class presented a play entitled "Pumpkin Hill Grammar School Graduation." Hilda Mueller gave a reading "Room at the Top" which has also been the class motto of the year. A musical number by Hilda Mueller was given. Rev. Gaines, at special request, gave many of his popular bird imitations.

It has been the custom of Mr. and Mrs. W. J. Holmes to present an award to the outstanding student in spelling and penmanship for the year. The medals were presented this year to Hilda Mueller for penmanship and to Shirley Weaver for spelling.

The fourth grade students receiving awards for penmanship and spelling were Glen Caster and Barbara Hill respectively.

Faculty Changes Noted at Jerome

JEROME, May 17 (Special).—According to an announcement released this week from the offices of H. Maine Shoun, superintendent of schools, there have been several changes made in the faculty list for the coming year.

Miss Lillian Scott has resigned her position here in the Lincoln grade school as teacher of penmanship and spelling and the vacancy has been filled by Miss Alice Patterson, who has been teaching at Inkom. Miss Patterson is a resident of Lewiston. Miss Scott plans to be married May 27 at the Presbyterian church to Delbert Kimball.

Miss Josie Handy, who resigned to accept a position as primary grade teacher in the Burley schools, will be replaced by Calypso Hawley, Melba. Miss Hawley has been teaching at Hansen.

Position made vacant by the resignation of Miss Geraldine Langer in the Pleasant Plains school, will be taken by Miss Adelaide Webster, who has been teaching at Hillsdale

school. Miss Langer plans to be married this summer.

Miss Dorothy Crow, who also plans to be married soon, will be replaced by Miss Goldie Heath, Idaho

Falls. Miss Heath has been teaching at Osgood school.

Prof. O. F. Merrill, who has not been teaching the past year, has accepted a contract for the coming

year in the high school. Position of Miss Frances Wimer of the English department has not been filled as yet. Miss Wimer also plans to be married.

The Dutch Indies—West and East

The invasion of the Netherlands, because of her overseas colonial empire, makes it possible that shell splinters from the European war may fall directly into both the western hemisphere and the Far East.

The Dutch Indies—in the west, off the northeastern coast of South America, and in the east, off southeastern Asia—may very possibly be affected by the new turn of the war.

At this point it is desirable to do some quick and crystal-clear thinking about these problems as they may affect the United States. It has been widely suggested that either or both might be protected by the United States against force.

If Propaganda Ruled U. S.

Dear Shot:
We happy-go-lucky Americans don't realize all the boons we have. Take freedom of the press, for instance. Just consider what might happen if some petty two-bit official of the propaganda ministry held power in each American community. He determined that censorship should put his community in the best possible light.

IDAHO FALLS, May 15 (Pants Press)—The Idaho Falls Russsets won a smashing victory here tonight over the Twin Falls Cowboys by a 2 to 1 margin, according to a communique by the Idaho Falls department of information.

The home forces battered at the enemy defenses constantly, and were in control of the situation at all times. Twin Falls rushed up reinforcements in a desperate effort to stem the tide of battle but the attempt proved disastrous.

TWIN FALLS, May 15 (Pants Press)—Reports that the Idaho Falls Russsets defeated the Twin Falls Cowboys were termed propaganda tonight by the Twin Falls department of information.

The battle was actually a victory for Twin Falls, according to a communique issued here. Idaho Falls was never in control of the engagement and the Twin Falls reinforcements achieved a smashing moral triumph by halting the Russsets cold.

Strategically retreating in order to lay the groundwork for the far more important campaign against Salt Lake City, the Cowboys withheld the full fury of their armament.

The communique from the Twin Falls department of information censored any mention of the score.

Calling All Commissars

The political commissar, that peculiar feature of the Russian army, has been junked.

The position arose in revolutionary days. Then the only trained officers were Czarists. The revolution had to use them because of their training. But it did not trust them. So over each was placed a civilian political commissar, a Communist party member, to keep watch on the officer and make political speeches to the troops.

Divided authority; no authority. In Spain, in Finland, the system didn't work too well. The political commissars were always in the hair of the military commanders, and usually of the men, too. Now they have been abolished, or definitely subordinated to the military.

That ought to make for a better army. But it also makes it more like other large conscript armies in tending to create an officer class. In such a setup as Russia's this is always dangerous. Such a body tends to become a power in itself, one to be reckoned with in time of emergency. Stalin must have pondered this decision long and earnestly.

A Record to Be Proud of

A complete year has passed without a single lynching in the south.

Does it seem strange to cite this as a "record?" Mrs. Jessie Ames of the Association of Southern Women for Prevention of Lynchings, is authority that this record has not been equaled in 118 years.

To Mrs. Ames and to thousands of courageous men and women like her throughout the south belongs much of the credit. They have worked steadily and faithfully to erase this blot on the national honor. The existence of these brave and far-seeing men and women is a source of pride to their country. They are a ray of hope for continuation of this progress toward law and order.

Members of this association and of others working to combat share-cropping evils, civil liberties abuses, "one-crop-ism," economic colonialism, and other sectional evils are serving their section as bravely as ever their grandfathers did in arms, and at the same time they are serving the whole country.

You May Not Know That

BY H. L. CRAIG

The 10 men who served as delegates to congress from Idaho territory were paid a total of \$60,028.80 in mileage fees. Holbrook received the greatest amount, \$15,000, for four journeys each of 18,000 miles, round trip. Wallace was paid the largest sum, \$6,192, for attending a single session. Both traveled to Washington by sea and the isthmus of Panama. The smallest mileage fee paid was \$480 to John Halley.

THE DOMESTIC GAS ATTACK STARTS SOON!

Dear Fottle:
You can't say Hitler isn't publicity-minded. He knew darn well if he didn't get all his war thunder on the front pages in America pretty quick, the roars of American political candidates would soon reduce Europe to a whisper.

THE GENTLEMAN IN THE THIRD ROW

SERIAL STORY

BET ON LOVE BY CHARLES B. PARMER

YESTERDAY: Derby Day and the horse parade to the post. Paul came to Sherry, taken by the idea to watch the race. Sherry is glad to have him near. Pepper Boy and Red Soldier are in second division—peppered. Red Soldier makes a big—Grant holds his pace as they come into the stretch. "Sherry!" shouts Sherry. "Make your bet! Make your bet!"

CHAPTER XVIII

SHEP GRANT heard Sherry's shouts—or so it seemed; for she distinctly saw him lift the reins—then his whip-arm rose—and fell. He jerked the reins up again. Pepper Boy shot out from the pack.

Suddenly, Sherry's heart seemed to stop. A horse, colored yellow with blue stars, was sweeping forward—was even with Pepper Boy. It was Castanets.

Paul Wharton was muttering at Sherry's ear. "You, Mann—come on—Get going if you're ever going to!"

Mann, too, appeared to hear; he lashed out with his whip—once—twice. Red Soldier shot forward on the outside—Red Soldier swept past Castanets and Pepper Boy at the furlong pole.

A stunned silence fell upon the course, like a wave's retreating; then cheers broke out again, louder than ever. Paul was shouting:

"Look, honey—look! Pepper Boy's coming again—look—look—it's you who's winning—it's you!"

Leaning far over his mount's neck, Shep Grant was putting up one of his powerful finishes. His hands were shooting forward with the horse's stride—were shoving against Pepper Boy's neck—they were passing Red Soldier—Mann was lashing out with his whip, but Red Soldier had nothing more to give—while Pepper Boy's stride lengthened—he was tearing up the ground.

Pepper Boy went under the wire—winner by a full length. Castanets was second—the tiring Red Soldier third.

"PAUL—Paul, dear, I won!" Sherry cried. "You don't mind, do you?"

"Mind? I'm happy for you!"

"I know, but you were trying so hard—and you gave me every advantage—even advised a heavy ride—"

"Hush!" She saw the light of joy in his eyes. "Come on—you've got to lead the winner in!"

She stopped. "I'm not going to face all this alone—"

"Hush! Don't you hear the loud speaker?" It was blaring:

"Will Miss Sheridan Bond please come forward and lead her winner in! Miss Sheridan Bond, please—make way for Miss Bond—"

"Oh, darn it, let 'em wait!" Sherry raised her face. Paul Wharton smiled shyly, then quickly his lips were on hers—in a long, cool caress of sheltering love.

Someone was speaking in breathless tones—someone small and black—alongside them. It was Elijah, the exercise boy. "Miss Sherry—didn't you know it?"

"I know what, Elijah!" she managed to say, trying to hide her confusion.

"You done win the Derby, Miss Sherry."

"Come on, Paul!" Now she had his arm, and together they ran toward the gate leading to the track. "I'm going to give Shep—10 per cent of the purse—for expenses—he's still such a boy—but he'll grow up—some day—"

SHERRY found herself on the track—alone. Sam was leading the colt toward her; Shep Grant was lifting his whip in salute. He leaned over and whispered, "Told you nothing to worry about!" She flashed him a smile.

"Here you go, winner, Miss Sherry," Sam, bursting with joy, thrust the reins into her hands. "Thank you, Sam," She looked up. "A great ride, Shep!"

The band was playing the Triumphant March. She was leading Pepper Boy into the winner's circle—a lot of fenced-off grass, reserved of the entire year for this single moment. Garlands of flowers were being thrust into her arms—were being draped over Pepper Boy's withers—still cameras were clicking and movie cameras were trained upon her.

Two familiar and proud faces popped out of the crowd: Uncle Willie and Cousin Ted. The school

HISTORY Of Twin Falls City & County

As Gleaned from Files of The Times

15 YEARS AGO

MAY 17, 1925

A great part of Hansen is in this city today hearing the evidence, or giving evidence in the case of the state against Bill Caton and Orville Bunch, arrested on a charge of disturbing the peace, preferred by Rev. Tom Blodgett. The state claims that Caton and Bunch interrupted a ball game between Hansen and Excelsior and that in the row they were kicked by George Merriell, the umpire, but that they were all to blame. They deny it all.

27 YEARS AGO

MAY 17, 1913

At a meeting of delegates from Bliss, Hagerman, Buhl and Twin Falls held in the Commercial club rooms on Thursday, May 15, for the purpose of considering the location of the state highway through the southern portion of the state, the following committees were appointed:

Hagerman, W. G. Holcomb, C. N. Dilatuh, John Kern; Twin Falls, E. J. Ostrander, F. F. McAtee, A. J. Peavey; Bliss, E. M. Roberts, J. A. Baker, M. R. Owen; Buhl, E. W. Burns, W. H. Harvey and Walter Forbes.

The cantata, "King Rene's Daughter," will be given Thursday evening in the school auditorium by the Twin Falls Conservatory of Music which has gathered together a splendid chorus of local musicians.

Bees in Clover

The absence of humble bees prevented the fertilization of red clover in New England. Then, 48 humble bees were shipped in and nine years later that country produced 41,000,000 worth of red clover seed.

BRUCE CATTON IN WASHINGTON

BY BRUCE CATTON

Washington, May 17 — One reason for the quiet air of relieved confidence pervading the Taft camp these days is a tabulation of delegate strength just made by a prominent New York lawyer—who, by the way, is not attached to the Taft bandwagon.

This man gathered his own information, state by state, and worked out three sets of figures for the coming convention. These are:

Certain votes on the first ballot; Taft, 227; Dewey, 206.

Probable strength on the first ballot. Taft, 394; Dewey, 255.

Probable strength after the favorable son delegations split up. Taft, 431; Dewey, 333.

This gentleman figures that approximately 200 delegates at Philadelphia will be seriously looking for a dark horse.

He made his survey without the knowledge of Taft headquarters, and the Taft people aren't claiming his hope is necessarily right. But his figures certainly aren't discouraging them any.

GERMANS CLAIM ALLIED BELGIAN DEFENSE LINE BROKEN

TROOPERS MARCH INTO FRANCE ON 62-MILE FRONT

By FREDERICK C. OEBCHNER, BERLIN, May 17 (AP)—Germany's shattering offensive toward the English channel was reported officially today to have broken the main allied defense lines in Belgium, captured the fortress of Namur and "deeply" pierced France's Maginot line along a 62-mile front.

The high command communiqué said the German forces had smashed into France on a front extending from the French town of Maubeuge to Charignat (south of Sedan), thus broadening their break through west of the river Meuse.

The high command, in a communiqué issued from Adolf Hitler's field headquarters, said the German airplane, tank and infantry onslaught against Brussels and Antwerp had broken the Dyle river defense lines to which the allied forces had clung in a tremendous battle in central Belgium.

French tanks defeated French tank units also were defeated west of the Belgian town of Dinant, on the Meuse river near the French frontier, and units of the German army and air force are "pursuing the fleeing enemy westward everywhere," the high command said.

The high command said that: 1. Two French generals, 12,000 French troops and much booty were captured by the Germans southeast of Sedan. That would presumably be along the river Meuse near Montmédy or Longwy.

2. The allied forces counter-attacked the Germans on "the south wing" (presumably below Sedan) but the Germans continued to gain ground in that sector.

3. German operations on the Saar front on the French-German frontier continued, but was largely reconnaissance activity.

4. French artillery "without reason" attacked the undefended German town of Rastatt and the heaviest German batteries opened fire on the French town of Haguenau in reprisal.

5. One enemy cruiser and one gunboat were sunk and one transport ship and two French destroyers damaged badly off the Dutch and Belgian coasts. In the North sea an enemy submarine was struck by a German bomb and probably destroyed.

6. In Holland, islands in the province of Zeeland were being subdued. The island of Tholen captured.

7. The air force succeeded in destroying numerous railway and roads sections in France and Belgium and "devastatingly" attacked transport trains, troop concentrations and marching columns.

The high command said the enemy lost 59 planes on the western front yesterday. Of these, it said, 30 were lost in air battles, eight by anti-aircraft fire and the remainder were destroyed on the ground. The Germans admitted losing 15 planes.

Near Narvik, Norwegian Arctic port, one enemy battleship and one light cruiser were struck by bombs, the high command claimed. A tanker of 15,000 tons was said to have been set afire.

The German advances in Belgium and France radically changed the battlefront from Antwerp to Luxembourg, where several million men are estimated to be in action with many thousands of airplanes and tanks.

Lone Girl Student Gets First Flying Tips

Getting a little advance information on this business of flying airplanes is Miss Florence Loving, Twin Falls, only woman to meet all requirements of the civil aeronautics non-college flight course which gets underway at the local airport Monday. Nine men will also be in the class. Seated at the rear controls of the Cub training ship, she hears the "line points" from Jack Wise, instructor, shown leaning in the window. (Times Photo and Engraving)

Girl Who Used to Envy the Birds Will Now Sprout 'Wings' Herself

Once there was a little girl who watched the birds fly. She was thrilled by the possibilities.

One day she told her mother: "I want to fly like the birds some day, mother."

Her mother answered, as most mothers speak to their little girls: "Well, daughter, you are a good little girl and some day you'll have wings of your own."

Starting next Monday the "little girl," now grown up, will start to get her wings.

She is Miss Florence Loving, 21, who resides at 421 Third avenue east. She is the only woman to "make the grade" in competition with the men for the honor of be-

ing among the 10 named to take the civil aeronautics non-college flight course here under Jack Wise, instructor.

"I've never flown a plane before," she told an Evening Times reporter yesterday. "I must admit that I'm thrilled and that I can hardly wait. I wonder what I should wear, silk or gaberdine slacks?"

The reporter informed her that the gaberdine slacks would be more appropriate—since the air is still a little chilly up there.

The 10 students met at the airport at noon Monday to confer with Wise and set flight schedules. Weather permitting, it is expected that the first student will "take to the air" with Wise early that afternoon.

President Roosevelt, other resolutions adopted provided as follows:

- 1—Opposed all forms of dictatorship.
- 2—Commended Senator Clark and Cong. White for their "valuable and efficient support of the national administration in these days of strife."
- 3—Commended the President for "guiding our beloved nation in the course of safety and preservation of our liberties and democracy." His defense program was approved.

Senator Clark, as keynote speaker, said Roosevelt could have the nomination "by acclamation" if he wanted it. Details of Clark's speech were carried in last night's Idaho Evening Times.

"Now that's what I call good coffee"

You Can Always Rely On Hills Bros. Coffee

For over sixty years Hills Bros. Coffee has been the choice of women who take pride in making coffee. And today its fine, unvarying quality is accepted as a standard of excellence. When properly made, Hills Bros. Coffee has aroma and flavor that pleases the most critical taste.

The Correct Grind is guaranteed to give best results by any method of coffee-making if directions are followed. Hills Bros. Coffee should never be reground. Regrinding results in a loss of flavor and aroma and the coffee loses freshness faster.

IMPORTANT: Carefully observe timing for each method. Measure 2 level tablespoons of coffee to each cup of water. Vary water slightly for exact strength desired. Keep coffee-maker clean.

DIP METHOD: 6 to 8 minutes preferred. If less than 2/3 capacity is made, water will drip too fast, giving weak coffee.

HILLS VACUUM-MAKER: Put upper bowl on after water boils. The coffee and water should be in contact 5 to 7 minutes.

PERCOLATOR: Start with cold or hot water. Percolate slowly 7 to 10 minutes after steady pumping starts.

COFFEE-POY: Bring coffee to boiling. Stir. Remove from fire. Add a little cold water and let stand 3 minutes to settle.

STEeping: Pour boiling water on coffee. Stir well. Sit again in 3 minutes. Steep for a total of 10 to 15 minutes.

ON THE SIDE of every can are directions for obtaining best results by any method of coffee-making. Write Hills Bros. Coffee, Inc., San Francisco, for free copy of "The Art of Coffee-Making."

HILLS BROS. COFFEE

Hint of the week

Thoroughly wash and is convenient for preparing large quantities of coffee. Use a clean kettle. Put the coffee in a clean cloth bag. For every 20 cups use half a pound of Hills Bros. Coffee. Use a gallon of water.

INDUSTRIAL ARTS AWARDS GRANTED

From those who displayed work from the industrial arts department of Twin Falls junior high school at the all-school exhibit Tuesday, six boys have been selected to receive annual awards for the best articles shown.

Ninth graders who will receive prizes are Edward Yragui, first for a modern desk; LeRoy Ehler, second for a dropleaf tea table, and Fred Shaffee and Walter Roller, third for a modern table and smoking stand. Three awards were made in the ninth grade class because these boys had had greater experience, and the pieces were more showy.

Eighth grade awards went to Ralph Ward for a coffee table and end table, and to Tom Church for a stand and magazine rack. Seventh grade winner was Francis Jarran for an ash tray, corner shelf and tie rack.

Awarding the prizes by the Idaho Department store, which has given them annually for several years. Eleven dollars worth of merchandise will be given the boys in the department are approximately 275 students. Instructor is Earl Peck.

Winning pieces will be displayed in the store windows next week, with those which won honorable mention. These were a nut bowl by Rollins Johnson, a smoking stand by Leonard Andrews, candy bowls by Steve Gilbert and Bobby Adams, and a lamp by Ben Hughes.

Only persons who have been dead for 25 years are considered for memorials in the Hall of Fame.

Old Felts Go Up in Smoke Here Monday

Old felt hats will "go up in smoke" here Monday at 3:15 p. m. as merchants inaugurate straw hat week with a ceremony scheduled for the corner of Main avenue and Second streets east and south.

At that hour, weather permitting, members of the city council as well as representatives of men's wear stores connected with the merchants' bureau of the Chamber of Commerce will officially open the week by "burning the old felts."

During the first part of the week, and up to Thursday, May 23, all "felts" presenting old straw hats at the Orpheum or Idaho theaters will receive free show tickets, through courtesy of the management.

Other events for the week will be announced later.

Weather Aids as Business Climbs

NEW YORK, May 17 (AP)—Retail trade activity improved this week under the influence of favorable weather conditions following several weeks of irregularity, Dun & Bradstreet, Inc., reported today.

Retail volume for the country was estimated at 6 to 12 per cent ahead of the corresponding 1939 period, the best year-to-year gain since late in March. Last week showed a gain of only 3 to 4 per cent over a year ago.

There are 6,000 instruments in the full kit of a dentist.

TOWNSENDS MAP PUBLIC MEETING

Plans were completed here this afternoon for the appearance Sunday at 2:30 p. m. of Sidney W. Townsend, Mountain Home, who will discuss the Townsend plan at a public session slated for the I.O.O.F. hall.

The lecture by the visiting speaker is the first in a series of "educational talks" to be given by a group of speakers now being contacted by Townsend officials.

Sunday's speaker is said by Townsend officials to be well informed in political and economic circles. At one time he was connected with the troupe of a ministerial lecture-ship plying Missouri waters.

No admission will be charged to Sunday's session.

Limit Urged for First Cover Spray

First cover spray should be applied not later than May 23, G. C. Magers, horticultural inspector for the state department of agriculture, advised Magic Valley orchardists today.

Components for the first spray, Mr. Magers said, should be one gallon of summer type oil and three pounds of arsenate of lead to each 100 gallons of water. He urged a "suitable" spreader.

FIVE STAR QUIZ

HERE'S TODAY'S WIT WORK-OUT! ARE YOU UP TO IT?

★ Was the SOS radio distress signal derived from "Save Our Ship" or "Sink Or Swim"?

Neither. These letters were easiest to send and were received most clearly. If you're looking for satisfying whiskey enjoyment — sound your SOS for G & W Private Stock!

★ Can you name 3 rulers who lost or gave up their thrones within the last 10 years?

Edward VIII of England, Alfonso XIII of Spain, Haile Selassie of Ethiopia.

★ Can a sheriff be arrested?

Yes, in many counties. In some only the coroner has that power.

★ Did the word "honeymoon" stem from a period of time or a drink?

Both! It was an ancient Norse custom for couples to drink a honey beverage for the first 30 days of married life. You can enjoy G & W Private Stock for years and still be on a "honeymoon" with whiskey mildness, mellowness, and satisfaction.

G & W Private Stock BLENDED WHISKEY PINT No. 186

G & W PRIVATE STOCK

DOES A LIGHT WHISKEY HAVE FULL AUTHORITY?

You bet! Private Stock is lighter because mildness is distilled in BEFORE blending—mellow flavor with the lift of a catchy tune—but warm authority—full 90 proof! Smooth is the word for G & W Private Stock—and mellow! Try Private Stock. De-light-fully satisfying to your palate!

Club Women of South Idaho Plan Conclave

When members of the First District Federation of Women's clubs assemble in Idaho Falls next Monday, Tuesday and Wednesday, Twin Falls women will have important roles on the three-day program. Other southern Idaho club women will also figure prominently in the convention activities. The convention will open Monday evening at 7:45 o'clock with a reception at the Methodist church. Dr. John R. Nichols, dean of the University of Idaho, southern branch, Pocatello, will speak on "Internationalism—Dead or Alive."

Mrs. W. D. Asire, Blackfoot, district president, who has been entertained at numerous occasions in Twin Falls, will preside at the Tuesday morning convention session. Mrs. Frank Miller is president of the hostess club and Mrs. Royt Ray is general chairman.

Mrs. A. J. Peavey, Twin Falls, endowment fund chairman; Mrs. Fred Harting, Buhl, loan scholarship chairman; Mrs. Fuller Woodie, Albion, recording secretary; Mrs. E. W. Walters, Kimberly, auditor; Mrs. Roy Coward, Rupert, forestry and wild life; and Mrs. Fred Ringert, Buhl, roadside beautification and tree planting.

Rigby and Ririe clubs will sponsor a banquet Tuesday evening. Southern Idaho women on Wednesday's program include Mrs. George Potter, Filer, child welfare and public health; Mrs. Walter Fender, Twin Falls, mother-craft; Mrs. Vaughn Thompson, Twin Falls, American citizenship; Mrs. Stuart Scott, Hansen, junior clubs; Mrs. J. D. Ehardt, Twin Falls, motion pictures; Mrs. M. T. Anshur, Twin Falls, legislation; Mrs. Arch T. Colner, Twin Falls, international relations.

Several representatives of the Rural Federation of Women's clubs, the Twentieth Century club and other interested groups will attend the annual sessions at Idaho Falls.

Among those making department reports Tuesday afternoon will be Mrs. E. G. Eager, Kimberly, public instruction; Mrs. Irene Wogensen, Oakley, animal parks, forestry and wild life; and Mrs. Fred Ringert, Buhl, roadside beautification and tree planting.

General representatives of the Rural Federation of Women's clubs, the Twentieth Century club and other interested groups will attend the annual sessions at Idaho Falls.

Calendar

B and H club meeting has been postponed until Thursday, May 23. At that time it will meet with Mrs. Leona Bodenstab.

Rural Federation of Women's clubs will meet at the Y. W. C. A. rooms Saturday at 2:30 p. m. Installation of officers will be conducted.

Twin Falls chapter, American Red Cross, was to have met today at 5 p. m. at the Twin Falls public library. Anyone interested is invited to attend chapter meetings of the Red Cross.

Berean class of the Church of the Brethren will meet immediately following church services Sunday at the home of Mr. and Mrs. Marion Holloway, Sidney street, for a picnic dinner and regular class meeting.

Meeting of Star social club has been postponed from May 20 to May 27 because of commencement week. Mrs. Hulda Champlin will entertain the club at that time.

Mrs. J. E. White, elected by division No. 5, Methodist Ladies' Aid society, met at the home of Mrs. J. R. Nelson yesterday afternoon for a 1:30 o'clock luncheon. Seventeen members and four guests, Mrs. George Brennen, Mrs. Pugh, Marlin and Marilyn Latham, were present.

Mrs. J. E. White was elected president; Mrs. J. H. Murphy, secretary, and Mrs. Mary Stafford, treasurer. Covers were marked by garden flowers and each guest told something of interest concerning the species found at her plate. Roll call responses were current events.

Mrs. Frank Kellogg and Mrs. Everett Rice presented a musical program which included two songs, "Mother" and "You'd Better Ask Me." Mrs. Kellogg, a musical reading as a charge to the new officers, Mrs. Rice; a song honoring the retiring officers, Mrs. Rice.

Mrs. Stafford and Mrs. James Personette assisted the hostess in serving luncheon. Mrs. E. P. Lauenheim, retiring president, conducted a business session.

ROOM MOTHERS HONOR CHILDREN Mrs. Ed Petroky and Mrs. Henry Powell, room mothers of the St. Edward's Parent-Teacher association, entertained the third and fourth grades of the parochial school yesterday afternoon.

In honor of the birthday anniversary of her daughter, Rosemary, Mrs. Powell also treated the first and second grades.

Flash-Back to School Days at Kiwanis Dinner

Twin Falls Kiwanians were asked to remember "may back when they were 10, 11 or 12" last evening when wives of club members staged a humorous evening's entertainment at the Park hotel, having an old-fashioned school day theme. Mrs. Homer Saxon, as Miss Birdie, recalled amusing incidents when she was reputed to have taught various Kiwanians.

Mrs. U. N. Terry presided as toastmaster, and members of the Twin Falls Community Theater association presented an original skit, "School Days With Kiwanis."

Receiving line Mrs. A. S. Gilbert, chairman of the entertainment committee; Mrs. Wilbur S. Hill, Mrs. John Kinney, Mrs. Terry, Mrs. W. H. Barnard and Mrs. Cecil Jones were members of the receiving line.

Blue notes, directed by Mrs. J. Q. Adams, sang musical numbers. The sextet includes Miss Helen Thomas, Miss Mary Jane Shipman, Miss Melba Holmes, Miss Marjory Lash, Miss Verna Lou Bowman and Miss Betty Babcock. Miss Thomas burst into a typical line of gossip before Miss Patricia Smith could complete a piano solo, "Hark, Hark the Lark."

Part of the community sing, led by James Reynolds, was entitled "Sobanuck," a take-off on the Kiwanians as museliars. Mrs. O. P. Duffall played the piano accompaniment for old-time school songs.

Members of the play cast were Mrs. Tom Peavey, Mrs. Helen Wilson Kauffman, Mrs. Tom Alworth, Miss Dorothy Dean Huddleston, Miss Kathryn Goff, Alan Duvall, James Reynolds and John Day.

Favors for Guests A. S. Gilbert introduced the program chairman of the month, Fred Farmer, who in turn presented Mrs. Terry. Small diplomas containing colored handkerchiefs were the favors for the women. Mrs. Frank Stephan and Mrs. Roy Washburn won the door prizes.

At the speaker's table was a miniature log school house and an old oaken bucket bristling spreading chestnut trees. Playground equipment decked the other tables.

Mrs. Gilbert was assisted in arranging the event by Mrs. Fred Farmer, Mrs. Miles Browning, Mrs. Harry Eaton, Mrs. Duvall, Mrs. Ray Holmes and Mrs. Kinney.

DRILL TEAM APPOINTED BY GRANGE Drill team members were appointed by the committee, Mrs. Ben O'Harrow, Mrs. J. W. McDowell and Mrs. Oscar Estlinger, when the Mountain Rock Grange met Wednesday evening at the school house.

Mrs. Robinson gave a report on the pie and apron sale, and the purchase of chairs.

Roy Smith spoke on matters of interest to Grangers. Refreshments were served to 44 members. Hosts for the next meeting will be Mr. and Mrs. Ben O'Harrow, Mr. and Mrs. John Clair and Mr. and Mrs. Parist.

WOODMAN CIRCLE WELCOMES MANAGER Supreme Forest Woodman circle, meeting Wednesday evening at the Odd Fellows hall, was addressed by Mrs. Edna R. Ross, Boise, state manager, who spoke on insurance and cooperation.

Drill team members and others of the local circle who attended the district meeting in Boise April 27 gave reports on the season.

Plans for the summer meetings were discussed, as vote was taken to continue the meetings throughout the year.

Mrs. Edith Neely and Mrs. Gwendola Lohr served refreshments.

MRS. BACON HEADS METHODIST SOCIETY Mrs. T. C. Bacon was named chairman of division No. 1 of the Methodist Ladies' Aid society at an election yesterday at her home. Mrs. R. A. Sutcliff was elected assistant chairman, Mrs. Earl Dougherty, secretary.

FARMERETTES ARE GUESTS AT EDEN HOME The Farmerettes motored to Eden Thursday where they were guests of Mrs. Don Silvers at her new home.

The afternoon was spent socially. Guests of the club were Mrs. John Detweller, Twin Falls; Mrs. Fat Day, Mrs. Parrott and Miss Ruth Peters, all of Eden.

The next regular meeting will be held Friday, May 24, at the home of Mrs. Clell McDowell.

At the close of the afternoon Mrs. Ehlers served refreshments. Mrs. Ude presided at the urn.

Guests were Mrs. Erhard Dohse, Mrs. John Ingalls, Mrs. Roy Weathers, Mrs. Irvin Ehlers, Mrs. Olaf Halverson, Mrs. Walter Mathieson and Miss Lenora Lierman.

HELLO FOLKS! THIS IS 'CHICK' HAVES

We Are Now AT WAR On Chicken Mites

We will rid your poultry house of these dirty, stinking, blood-sucking invaders and give you a written money-back guarantee that you will be free of them for ONE YEAR. Our motor-driven, 105-lb. pressure sprayer drives the powerful spray into every crack and crevice. Details and estimates on request.

On Sheep Ticks With the same power sprayer we can spray your ewes and lambs and rid them of ticks. Satisfied users state that a lamb will easily gain an extra 5 to 5 lbs. as a result of having been sprayed with this Malar chemical spray.

One prominent sheep breeder in Cassia county states: "That he has used the Malar chemical spray on his sheep for six years and that he would not be without it at any cost; that it does everything claimed for it and no sheep man, large or small, can afford to be without it, even though he uses it only for maggot-gets with a hand sprayer." This man's name will be given on request.

Ask for complete details about spraying your flock. We can spray 2,000 head per day but will come to your ranch for a small flock, or we can supply you with a special hand sprayer and material with which to do the work yourself.

COWBOYS, BEES TANGLE IN SECOND BATTLE

Mel Marlowe Sets Local Club Down In First Contest

By HAL WOOD
Evening Times Sports Editor

The Salt Lake Bees in general, and Lefty Mel Marlowe in particular, put the sting on the Cowboys of Twin Falls last night in the first game of a four-titl series by a score of 5-1. So tonight the Cowboys will bring out their lariats in an attempt to corral the Robello men in the second contest. On the mound for Manager Frank Tobin's club will be Stu Holdhusen, the South Dakota youngster who has shown the most promise of any Twin Falls twirler, while Robello's choice is Jack Bowen, the big 200-pound right hander.

Last night old Lefty Mel, the former WSO ace, continued his flux over Cowboy teams, as he did in 1939, by setting the local boys down without the least sign of trouble. It may be recalled that Marlowe shut out the 1939 champions twice, defeated them four times and finally lost in his fifth attempt—by a 3-1 score at Salt Lake City. All told, in five games last year, the Cowboys scored only six runs off the portly southpaw.

Hitters Don't Hit

And he got off to about the same start this year with his sweeping slants having the left-handed batting order of the Cowboys breaking their backs all evening. Tommy Canavan and Tommy Bellia, two of the league's leading hitters, didn't get much more than foul balls, while the bingles that he did allow were mostly of the scratch variety.

However, it was one of those nights when the Cowboys weren't supposed to win. In the late innings, when they were hitting the ball hard, all the drives were into the fielders' hands. Meanwhile, high pop flies were falling between the Wrangler infield and outfield like Nazi parachute troops.

Rubo Sandstrom on the mound for the Cowboys, hurriedly shut out ball until the first of the fifth. Then he walked Jack Hatchett and Marlowe moved him to second on a bunt. Moresco singled and Hatchett scored when the ball rolled through Frank Mullens' legs in left field. Perry was out, Endress to Canavan for two down, but another pop fly dropped between March and Mullens and by the time the ball was picked off the ground, Al Steele was perched on second and Moresco was across the plate. Then Robello got a clean two-bagger down the left field foul line for the third run.

Score by Seventh

The Cowboys got their lone run in the seventh when Mullens made first on a scratch infield single. Keating and Sandstrom were out, the latter on a sensational outfield catch, but Ernie Bishop drew a walk and Al March scored Mullens with a solid line smash.

Salt Lake added two more in the eighth when Robello singled and went to second when the ball rolled through Mullens' legs again. Burleson was safe on an error by Bishop and Robello scored. Creighton singled to bring in Burleson.

Sandstrom was touched for 10 hits during the evening, the doubles by Robello and Steele being the only extra-base blows. The Salt Lake infield turned in a fine all-around performance, the outstanding stop probably being Robello's leaping catch of a line drive by Ken Keating that would have scored a run in the second inning.

Rainiers Move Into Second; Beat Portland

(By United Press)

Seattle moved into second place in the Pacific Coast league today at expense of Oakland when San Francisco missed a chance to move into the third spot when Hollywood licked the Seals 4 to 3.

The Rainiers came from behind with a three-run blast in the ninth inning to nip the Portland Beavers 4 to 3. Dick Barrett gave the Beavers only four hits, and until the ninth, Seattle had managed to find Whitney Hiltner for only five.

San Diego lost its third straight to Sacramento, 6 to 5, although a late-inning rally almost caught the Solons. Tony Freitas gave the Padres only four hits until the eighth, when they got him for five to score three runs, and added three more hits in the ninth for two runs. Wally Hebert, who pitched the first seven innings for San Diego, was charged with the defeat. Pat Tobin finished.

Los Angeles liked Joe Mulligan's fast ball and belted Oakland for 8 to 0 triumph while Les Stine was turning the Acorns back with five hits.

Frank Dasso, making his debut as a starting pitcher for San Francisco, and Rugger Ardizola of Hollywood put on a pitching battle last night, the Stars winning out in the seventh inning on successive singles by George Mandish, Babe Herman and Rupert Thompson. Dasso struck out nine Stars and Ardizola fanned 11, but each walked seven men.

Sunday's Tilt Set for Night Due to Regatta

Business Manager Hugh Pace today announced that due to the annual boat regatta at Thousand Springs park Sunday afternoon, the baseball game between the Cowboys and the Salt Lake Bees will be held at 7 p. m. Sunday.

It had been planned to hold the game during the afternoon, after a ballot by fans showed favoritism toward daylight ball for Sundays, but to cooperate with the Buhl people, Pace stated it would be held in the evening, as has been the custom in the past.

Meanwhile, a revised list of released, suspended and eligible players was announced.

Released—Bob Naslund, catcher; Jolinsky Vukas and Eldon Thornton, infielders; Dick Hillier, outfielder.

Suspended—Vern Reynolds, Dick Wake and Ken Wyatt.

Eligible—Tommy Canavan, Ernie Bishop, Al March, Ernie Endress, Tommy Bellia, Ken Keating, Frank Mullens, Bob Stagg, Sam Fenech, Ruben Sandstrom, Stuart Holdhusen, Ken Gables, Dick O'Boyle, Hank Anderson and Gene Fenter.

Hiller will leave today for Preston, Ida, where he has been offered a job as an infielder-outfielder with the fast semi-pro club of that city.

Vandal Track Stars at Division Meet

MOSCOW, May 17 (Special)—A small Idaho track team, expected to be especially strong in distance runs and some of the field events, left here today to compete in the northern division track and field championships in Seattle Saturday.

Leading the Vandal competitors will be Phil Lieblich, Idaho record smasher in the mile and two-mile runs. After breaking the Idaho mile record on two successive Saturdays, Lieblich turned in a 6:25.4 two-mile race against Eastern Washington college of Education. The time was two seconds faster than the long-standing Idaho record.

Vic Dyrvall, another outstanding two-miler, will also enter the northern division championships. Dyrvall lost his first race of the year when he followed Lieblich to the tape last week.

Al Fletchner, lanky senior who set a new Idaho high jump mark of 6 feet 4 1/2 inches last week, will renew his rivalry with Woodcock of Oregon State at the division meet. The Beaver ace edged out Fletcher in both of the Idaho's favorite events—the high jump and javelin throw—at a recent Moscow dual meet.

George Makela, sophomore pole vault star, will probably not compete at Seattle. Coach Mike Ryan said. A recent abscess coupled with an old back injury confined Makela to the infirmary during last week's meet. Ryan said he would probably be unable to compete during the rest of the season.

Though the Idaho squad will probably be limited to about six men, fans here thought they would be able to win their share of points in competition with restricted squads from other schools.

Red Sox Boost Lead To 3 1/2 Games After Winning Over Browns

NEW YORK, May 17 (AP)—Baseball's mystery team, the Chicago Cubs, came to town today riding high on a four-game winning streak and hoping to oust the New York Giants from third place in the National league race during their two-game series at the Polo grounds.

The Cubs' 5-4 victory over the Boston Bees yesterday in the only National league game enabled Gabby Hartnett's club to move within half a game of the Giants and within 4 1/2 games of the league-leading Reds.

Champions in 1938, the Cubs dropped to fourth place last season, but now are rebuilding.

Hartnett has juggled the Cubs around this season more than any club in the league. He's used five outfielders—Lieber, Galan, Gleason, Nicholson and Dallesandro—two first basemen, Russell and Cavarretta, two shortstops, Sturgeon and Mattick, and after starting out with Todd behind the bat Hartnett has now come out of the dugout to do some relieving himself.

Big Bill Lee, who got off to a slow start, yesterday pulled through to his third victory against four defeats. He held the Bees to nine hits, Gleason's triple and Russell's homer featured the Cubs' attack.

Herb Hash's relief work and homers by Lou Finney and Jimmy Fox featured the Red Sox 7-5 victory over the St. Louis Browns in the lone American league game. Hash relieved Denny Galehouse, who had allowed 12 hits in five innings, and checked St. Louis with two hits in the last four frames. Galehouse was credited with the victory. The Red Sox pounded Vernon Kennedy out of the box.

The triumph increased the Red Sox lead over the idle Indians to three games and to 9 1/2 games over the last-place Yankees.

Teeth are composed of approximately one-fifth water.

Gomez Sent to Hospital for Health Check-up

NEW YORK, May 17 (AP)—Lefty Gomez, New York Yankee pitcher, was en route to Johns Hopkins hospital in Baltimore today to have his ailing side examined by Dr. George Bennett.

Gomez has been complaining of pains in his left side and pitching arm since late last season.

Mac Backs Down and Finds That Bimelech Is Not True Champion

By HENRY McLEMOBE
 NEW YORK, May 17 (U.P.)—The question of how great a race horse Bimelech is was settled, once and for all, with the arrival in the big town of Col. Edward Riley Bradley, master of Idle Hour farm.

The colonel had here a horse named Bimelech, which he had secured long ago to order a new supply of his famous gaiters—collars before announcing Bimelech would not start in the Withers mile at Belmont park Saturday unless the track was fast.

As a matter of fact, the colonel went further than that. He made it clear Bimelech would pass up all of his major three-year-old engagements unless nature were kind and provided a dry, quick-as-lightning footing; at least an hour or two before post time.

Cuppy tracks like the one Bimelech found at Galloway, when he was beaten by Callahan in the Kentucky derby, may be dry and muddy tracks, heavy tracks, dry, dig out tracks, silt tracks and even just good tracks.

In short, Bimelech is a choosy

fellow. Like Johnstown of a year ago, the son of Black Toney and La Trionne is a champion in a restricted sense only. He hasn't in him to go out on any given day and accept any given track and take his chances against any given horse.

The old colonel must be getting old, indeed, for only a few minutes after he said Bimelech would demand a certain type of racing strip, he spoke of his colt as a true champion. Now I am not one to argue matters of the horse with the master of Idle Hour. While I have spent more than the budget allows in what is known as "improving the breed," I have never owned a racing stable. My silks are not known on any track in the world, and I have yet to have the thrill of standing in the saddling ring and getting roses in my hair.

Still, I know what a sports champion is.

A real champion, that is.

A real champion, he has man of heart, is one who does not have a "handle with care" tag on him. A

champion can go in the rain or the sunshine, over the sprint distance or the long route. He is one who needs to know nothing more than the time and place of battle.

To say a horse who can't go in the mud or on an off track is a champion is to say that a boxer is a champion who can only guarantee to beat men who promise not to hit him with a left hand. You might just as well give the national tennis singles title to a fellow who could win only if opponents promised not to lift lobbs when he came to the net. Carrying the idea further, how much would you respect a world champion baseball team the opposition was, considerable enough not to employ bunts or home runs?

Many a horseman will tell you that not until a thoroughbred picks up weight and goes a mile and a half has he any right to distinction. Bimelech never has gone that far. He'll get the first whack at the long run when—if the track is good—and just to his liking—he goes in the Belmont stake.

"This may all sound like heresy from a man who spoke so glowingly of the colt in Kentucky, and who predicted he would win the Preakness despite his defeat in the blue grass. But when a colt's owner comes right out and says his pride needs the aid of nature to win, then there is but one conclusion. He is not good enough to stand on his own."

The PAYOFF

By HARRY GRAYSON (NEA Sports Editor)

NEW YORK, May 17.—Short and to the point: Baseball statisticians are giving Paul Derringer something of a modern record for control. . . The Cincinnati ace has walked only 23 batters in five years and averaged only one pass for every six innings. Which gives you one idea why the Reds are the N. L. champions. . . Derringer, in turn, claims Johnny Mize of the Cards is the best judge of balls he ever pitched to. . . "Toss him one just an inch outside the plate and all he does is look at it," says Oom Paul.

Frank Frisch, who should know whereof he speaks when it comes to second-basing, insists Bobby Doerr of the Red Sox is the classiest infielder in baseball. . . Calls him a \$25,000 player who'll have a lot of trouble ever getting that amount because he executes the most difficult plays so easily that even veteran baseball men don't recognize his true worth.

Can't Figure Knuckle Ball

Clark Griffith has watched pitchers work for 50 years—including the days when there were no limitations on frisk deliveries—but never has he seen one like Emil Leonard's knuckle. . . Griff insists it never takes the same course twice. . . Southern association owners moaned plenty about the weather when first round games drew less than 20,000 for the entire loop. . . The opener in New Orleans alone last year brought out 23,000.

Lon Warneke, veteran of the Cardinal hurling corps, is the lone National of victories over every other club in the loop. . . Washington is the only major league club that has no native son on any of the 16 big-time clubs.

In 12 years of service in six leagues, Cal Hubbard, huge American league umpire, hasn't missed a day. . . but admits the number of plays he has missed is a different matter. . . Rabbit Maranville has been added to the faculty of Ray Doan's traveling baseball school which gets under way June 1.

Sympathizes With Ump

Max Bacon, Dodger southpaw, never argues with umpires when they call one he doesn't like. . . He learned to sympathize with their job in the winter of basketball in the canteen in Indiana. . . Charley Gelbert, Washington utility infielder, has decided to take a whiff at pitching and has asked Bucky Harris to give him a trial the first time the club is shy of relief pitchers.

The old, old Orioles once were known for the toughies they put on the field. . . The Baltimore roster now includes several Ivy leaguers, including Ted Olson of Dartmouth, Eddie Collins, Jr., of Yale and Dawson Farmer of Princeton. . . Red Sox fans are planning a Bob Grove day for June 8, and will present Lefty Moss with everything but the kitchen sink.

OSC Hurler Fans 14 Vandals, Wins By Score of 9-1

MOSCOW, U.S.S.R., May 17 (U.P.)—Behind the two-hits pitching of Sophomore Glenn Elliott, Oregon State college achieved its fifth consecutive northern division triumph yesterday, defeating the University of Idaho 9-1.

Elliott fanned 14 Vandals and gave out his only hits in the fourth when Price and Hilton singled, the former scoring on a misplay.

Oregon State, already assured of the division title, scored six times in the second inning to drive Pitcher Dick Snyder to the showers.

Short score:

Buhl High School Baseball Team Cops 7th Straight

BUHL, May 17 (Special)—Coach Floyd Luffie Buhl Indians won their seventh consecutive baseball game of the season here yesterday as they turned back the Invaders Eureka high school nine by a score of 9-6, a count identical with an earlier victory.

The win ended the local season. The Indians dropped their first three games—two to Flier and one to Dietrich—and after that won every contest.

Batting hero for yesterday's contest was Jack Bishop, who did the catching for the winners. He clouted out two home runs during the contest. Hicks and Bloods did the hurling for the winners, while Acaturri and Onuch shared the pitching duties for Bury.

Popular Support Looms on Roosevelt Call for Arms

BUILDING OF BIG AIR FLEET WINS SOLON APPROVAL

By LYLE C. WILSON
WASHINGTON, May 17 (AP)—Congress arose today to present Roosevelt's call to arm against possible invasion.

Committees in both houses scheduled hearings and conferences on parts of his \$1,182,000,000 emergency national defense program.

Congressmen today believed some—perhaps all—of it may be disposed of by next week.

This new emergency billion hinges national defense spending plans for the year beginning July 1 over \$3,000,000,000, which is nearly \$25 for every man, woman and child in the nation.

But it is only a beginning if Mr. Roosevelt's plan for invulnerable defense and a program for an ultimate military and naval armament of 50,000 fighting ships is realized.

Scattered Compliments
There was scattered congressional approval that Mr. Roosevelt made no suggestion for raising new taxes or lifting the national debt limit to cover new expenditures. A few congressmen grumbled the President was asking for another "blank check"—items aggregating \$200,000,000 which would be voted to him directly. It is estimated the national debt will reach \$48,000,000,000 in about a year. The existing limit is \$45,000,000,000.

The "blank check" issue may yet cause dispute. But a non-partisan national defense tide is running strong in congress and pleas for budget balancing and new taxes are feeble as yet. Congressional veterans believe both the tax and national debt limit questions may be passed over until next session although simple resolutions either to boost the debt limit or add an arbitrary 10 per cent to some categories of existing taxes might catch congressional fancy.

Air Program Popular
Telegrams showered into the capital uniformly were reported to support Mr. Roosevelt's armament project. His proposal that the nation plan now a program to provide 50,000 military and naval planes evidently caught popular imagination.

The heads of the country's major airplane companies indicated their willingness and readiness to get behind the program. They estimated the proposed program would necessitate tripling existing personnel and floor space.

Military experts estimated two years to 30 months as the time required to create such an armada and indicated that not the least problem would be training pilots to take the ships into the air. A program for 30,000 planes—20,000 for the army and 10,000 for the navy—in two years appeared to be the immediate defense objective.

THUNDER of WAR
(By United Press)
LONDON—Refugees reported today the former United States liner President Harding had been bombed and sunk off the Belgian coast. The 13,869-ton liner was one of several ships sold to a Belgian shipping concern by the United States Line when American neutrality regulations prohibited American ships from operating in most European waters.

SOMEWHERE IN EGYPT—The second contingent of the Australian expeditionary force arrived in Egypt today to join the formidable allied near eastern forces at a moment when the world was waiting to see whether Italy would enter the war on Germany's side.

ZURICH, Switzerland—A German bomber was forced down by a Swiss pursuit plane after a brief air battle last night. Two of the bomber's crew attempted to escape internment it was said, but were captured and imprisoned. The bomber was damaged.

TOKYO—Italy's decision as to her role in the European war is Italian business solely and not of the United States, the newspaper Asahi said today in commenting on President Roosevelt's message to Premier Benito Mussolini.

CAIRO, Egypt—Authorities denied today Italian firms generally were winding up their business although some deemed it expedient to do so. It also was denied Italian authorities had advised their nationals to return to Italy.

PARIS—A Paris-Midi correspondent on the Swiss-German frontier asserted today German troop concentrations continued on the frontier and that belief was growing that a move into Switzerland might come soon.

ROME—American consular officials today denied reports that they had been ordered to prepare to destroy their codes on a women's notice. The reports were described as "most sensational but without foundation."

LONDON—Radio Stockholm quoted the Norwegian Telegraph agency today as saying allied and Norwegian troops had withdrawn from certain points in the mountains north of the Norwegian front on part of Narvik.

PARIS—The newspaper L'Intransigeant said today that Germans had begun the town of Arras, 55 miles from the English channel, on Tuesday night. (Ten words of this message were deleted.)

PROBE BEGINS IN WATER DISPUTES

HAILEY, May 17 (AP)—Official probe of discrimination charges made by upper valley users of Big Wood river irrigation water was underway today.

The investigation, promised by Reclamation Commissioner James Spofford, is being made by O. D. Becker, state supervisor of water resources.

Land owners along the Big and Little Wood rivers and Silver creek met in joint session here under chairmanship of I. E. Rockwell, Bellevue, Tuesday night. The parley climaxed a 20-year argument over assertions that lower valley ranchers are favored in the water distribution.

The Upper Big Wood River Water Users association named directors and chose a committee which will confer with Blaine county's board of commissioners next week. The conference will seek to secure funds for an attorney to handle a separate probe. Committeemen are John Fetter, William Buhler, Roy Justice and Smith Farrlan.

Shoshone Holds Burglar Suspect

SHOSHONE, May 17 (Special)—Burnett M. Focht was returned to Shoshone Wednesday by Sheriff G. M. Brown.

Focht, arrested in Pocatello, is accused of having entered the Palace pool hall Monday night and taking a large amount of merchandise.

The bladderwort plant lives partly on insects, which it captures in tiny traps attached to stems submerged in water.

Both projects are located in the Buhl city hall. The sewing rooms will be open to the public from 9 a. m. to 5 p. m. daily.

IF IN THE FUTURE a new method of coffee making is devised that calls for other than our Standard or Drip grinds—the makers of GOLDEN WEST will grind to that new measure.

Golden West Coffee

THE MEN WHO TAKE TIME OUT FOR LUNCH know!

IN THE WEST IT'S Golden West!

DRIP OR STANDARD GRIND IN THE 8-OUNCE GLASS JAR

Boy HOWDY! Push over your cup! It's no accident that the West's reputation for hospitality is so often expressed in the offer of a cup of coffee! It isn't accidental that men who work—know the "quality ability" of Golden West, under every drinking test... know that at noon it is as satisfying as it was at early breakfast! In the West there is friendliness—and Golden West Coffee!

Flavor treasure from far away

Wherever finest vanilla beans grow, there the Schilling quest for quality never ends! That's why Schilling pure Vanilla has that exquisite, delicate flavor which won't bake or freeze out.
