FDR Pledges "Redoubled Efforts" to Send War Supplies if France Continues to Fight Nazis

By RONALD G. VANTINE
WASHINGTON, June 15 (U.P.)—President Roosevelt today promised French Premier Paul Reynaud the United States will "redouble its efforts" to supply the allies with planes and munitions so long as the French army continues to resist the German forces.

Mr. Roosevelt's message was cabled to Reynaud in reply to the latter's final "desperate" appeal for more planes, guns and war equipment of all kinds.

Mr. Roosevelt also assured Reynaud the United States would not recognize any conquest of French territory.

The text of Mr. Roosevelt's message: "I am sending you this reply to your message of yesterday which I am sure you will realize has received the most earnest, as well as the most friendly, study on our part. First of all, let me reiterate the ever-increasing admiration with which the American people and their government are viewing the resplendent courage with which the French armies are resisting the invaders on French soil."

"I wish also to reiterate in the most emphatic terms that, making every possible effort under present conditions, the government of the United States has made it possible for the allied armies to obtain during the weeks that have just passed airplanes, artillery and munitions of many kinds and that this government so long as the allied governments continue to resist will redouble its efforts in this direction. I believe it is possible to say that every week that goes by will see additional material on its way to the allied nations."

Verdun Falls to Hitler's Soldiers; Forts Are Taken

Allies Shell Germans Claim Retreat Broken

ROME, June 15 (U.P.)—Allied warships have shelled the Italian coast and have caused some casualties but have lost two destroyers in their bombardment, the high command said today.

By RICHARD C. HOTELET
BERLIN, June 15 (U.P.)—German troops today captured the town and citadel of Verdun, the high command announced in a special communique from Adolf Hitler's field headquarters.

It was asserted also that Italian troops, in the first real clash on the Italian-French Alpine frontier, had taken several positions in French territory.

The high command announced also that German troops had broken through the Maginot line on a wide front south of Saarbrücken.

The communique said the Italian torpedo boat Calafati had torpedoed two allied destroyers and sunk one off the Genoa coast, indicating the northwest Italian coastal region, near the French border, had been the target of the allied warships.

The Nazi legions smashed into one of France's main fortified positions behind the Maginot line after an assault which gave them forts Marre and Vaux—the latter scene of bitter fighting in the World War.

Several towns on the Italian coast had been shelled, it was admitted.

An earlier high command communique had claimed that in addition to smashing into the Maginot line the Germans attacking French forces retreating from the Paris area had disrupted the allied line of retreat, hastening "the dissolution of the beaten French army."

As to airplane activity, the high command communique said Italian planes had again bombed Malta, the British mid-Mediterranean island north of Sicily; and that the port and airfield of Aden, the British base below the Suez canal, had been bombed again.

"After breaking through the line of forts on both sides of the Meuse, the town and citadel of the fortress of Verdun, hotly contested in the World War, have been taken," the high command said.

An Italian plane, it was asserted, had bombed and sunk an allied submarine.

The German attack on French forces which fell back from the Paris area was progressing, the high command said.

Italian quarters said the Spanish occupation of Tangier, internationalized zone across the straits from British Gibraltar, was an indication Generalissimo Francisco Franco was taking a hand in settling Europe's problems.

"South of the Argonne the enemy was thrown back to the southeast and turned out of the direction of his retreat," according to the communique.

Prisoners Taken
The high command said since the battle of France began on June 5, the Germans have taken more than 200,000 prisoners and an inestimable amount of booty.

In addition to bombing French forces in the Verdun, Metz, Belfort sector, the communique said, German planes bombed troop concentrations and columns and bombed and destroyed numerous railway trains, presumably carrying troops and supplies.

Magnot Broken
The high command said that after a major attack on the Maginot line in the Saar sector, in which the air force bombed fortifications, German troops "penetrated" the Maginot line fortifications.

Meanwhile, it was claimed, the continuing advances of the German forces which occupied the Paris area were hastening the "dissolution of the beaten French army."

Stating that the Nazi battle flag now flies over Versailles palace where the World War treaty was signed, the high command reported the "pursuit of the enemy is in progress everywhere" between the lower Seine and the Meuse rivers.

The allies yesterday lost 43 planes, the high command said, and it was indicated five German planes were missing. Thursday, according to the communique, the allies lost 23 planes.

German quarters, abundant over continued reports of German triumphs, asserted the French high command soon would order French troops to lay down their arms.

In claiming increasing numbers of prisoners, the high command said at many places the French had surrendered without resistance.

Russia Asks Resignation Of Premier; Persecution, Attacks on Reds Charged

MOSCOW, June 15 (U.P.)—A special radio broadcast of an official communique today said the Red army had been granted the right of free access to Lithuania.

The communique said the Lithuanians had accepted demands of the Soviet Union for the resignation of Premier Antanas Merkys.

(Lithuania adjoins the East Prussian frontier of Germany. The "free access" of Red army troops to Lithuania presumably would mean unlimited freedom for Soviet defense measures on that section of the German frontier adjacent to the Baltic sea. The Russian frontier southward, from Lithuania extends along the German border in Poland to Hungary.)

The communique said the Lithuanian home minister (Gen. Kazys Skucas is Lithuanian minister of interior) had arranged for formation of a new government after the resignation of Merkys.

Formed in 1939
The Merkys government, a coalition, was formed in November, 1939, after Lithuania had granted permission for Soviet defense bases to be established on the frontier opposite Germany and on the Baltic coast. A limited number—about 25,000—Red army troops were stationed in Lithuania at that time, and similar agreements were made with Latvia and Estonia, bringing the former spheres of German influence into close relationships with the Soviet Union.

The official communique did not mention how many Russian troops would be sent into Lithuania.

Troops Enter
(The German wireless reported that Soviet troops were entering Lithuania at 3 p. m. Saturday.)

In the background of the announcement, it was stated, was a serious situation in which Soviet Premier Vacheslav Molotov had charged Lithuanian authorities with persecuting and arresting many Lithuanian citizens serving the Red army garrisons in order to render impossible the position of the Russian forces. He also charged attacks had been made on the Red army troops.

"Ungrateful"
Molotov charged the Lithuanians were ungrateful despite Soviet friendship and the voluntary surrender of the ancient Lithuanian capital of Vilno, which the Soviets took from Poland and turned over to the Lithuanians.

The Lithuanians entered a military alliance with Latvia and Estonia, infringing on the Soviet-Lithuanian mutual defense pact, he charged. That pact enjoins any coalition directed against either signatory.

British Order
All Available
Guns in U. S.
LONDON, June 15 (U.P.)—Chances close to the British government had said today Britain had ordered by immediate delivery every available American field gun, machine gun and rifle now in United States army stocks or factories.

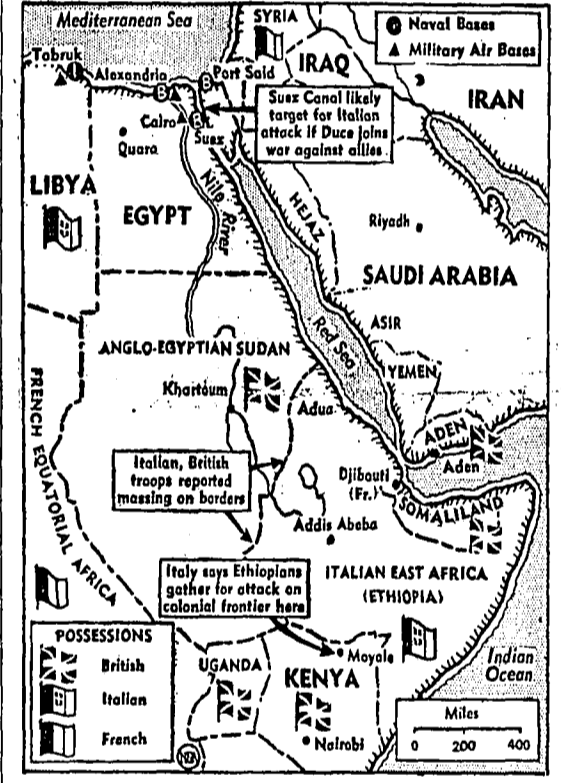

The British desire the arms and also ammunition to be available for action in France within a few weeks.

Large new orders were being placed in the United States for airplanes, tanks, trucks, explosives, tanks, shells, guns, tractors, trucks, machine tools of all types, it was said.

Such as we may ourselves prescribe," he stated. "We should build up in Idaho a great state consciousness."

George P. Richards, a member of the council of twelve apostles of the Latter Day Saints church, also spoke. Four pioneers, the only remaining members of the 1860 party of Mormon pioneers who founded the community, were guests of honor.

Nazi Conquests Net Rich Areas

Lands rich in agriculture and industries, many essential to warfare, have fallen into German hands through conquest of Netherlands, Belgium, Luxembourg and France. But with the land, Germany has acquired many thousands of new mouths to feed, and cannot utilize many of the industrial plants because of the proximity of battle fronts. Map shows Nazi-occupied areas and section of northern France hardest hit by war.

Senate Committee Approves Special Defense Tax Bill

WASHINGTON, June 15 (U.P.)—The senate finance committee, working at top speed, voted unanimously today in favor of a special tax bill designed to raise \$1,007,000,000 a year to help defray costs of President Roosevelt's huge national defense program.

Chairman Paul Harrison said the bill would be laid before the senate Monday. He predicted its passage by Wednesday and said he hoped congress would be able to adjourn a week from today. House leaders, however, believe that congress may remain in session indefinitely.

The committee accepted, 16 to 4, an amendment by Sen. Harry F. Byrd, D. Va., calling for a 10 per cent reduction in all government expenses except those going for defense.

ROMAN WARSHIPS DECLINE BATTLE

CAIRO, Egypt, June 15 (U.P.)—The allied fleet is roaming the eastern Mediterranean, trying to lure the Italian fleet into battle, a naval spokesman said today.

But the Italian warships, he said, have not come into the open to take up the challenge and the British and French ships have to content themselves with protecting merchant shipping, attacking marauding submarines and sweeping up mines.

MAGINOT FORTS USELESS IN FACE OF GERMAN SUCCESSES

HITLER ATTACKS AIMED AT HINGE TO PART ALLIES

By J. W. T. MASON
United Press War Expert

General Weygand's efforts to resist Germany's new offensive of annihilation are concentrated for the moment along the eastern flank of his battlefront. The Germans are centering their attack in the vicinity of St. Didier because here is the hinge of the French line which turns northward passing through Verdun to the northwest corner of the Maginot line, sixty-five miles away. If this hinge can be broken, and the main French line flung backward toward the new fighting area south of Paris, the allied forces will be cut into three sections.

Must Retreat
The first section, comprising most of Weygand's strength, will have to retreat southward. The second section will comprise the French forces between St. Didier and the northwestern pivot of the Maginot line, including Verdun and the Argonne. The third section will include all the rest of the Maginot fortifications, which will then become isolated and rendered useless for any major purpose.

Weygand's lines, however, are still intact and there is no indication as yet of the St. Didier hinge breaking. Nevertheless, only lessening of German pressure, it would seem, can prevent continuation of the slow allied retreat. If Weygand is forced to abandon Verdun, that part of his line may have to swing southeastward, himself pivoting on or near St. Didier. Should the retreat become extensive, he would have to consider abandonment of the Maginot line, between Metz and Strasbourg, using the Vosges mountains to protect his right flank.

Fort Endangered
The problem of giving up at least part of the Maginot forts is associated with the direction of the French retreat. If they were abandoned successfully, their heavy garrisons would be added to Weygand's mobile force; and it may be that some abandonment already has taken place to give Weygand reserves which he badly needs. The Maginot line has lost its principal purpose of preventing a German invasion of France; but it still serves as a long distance protection of Weygand's right flank. If the battlefront changes its course, however, part of this protection, north of Strasbourg, would become unnecessary.

Italian claims that some French Alpine posts have been occupied do not specify details. Earlier reports, however, said there were Italian operations in the Gila Alpine region and it may be here that the Italians are beginning to show their strategic objective. The Gila pass, a small defile, is too narrow and isolated to serve as an area for serious military operations. It is very near the Swiss border and is very near the French province of Savoie, formerly belonging to the present Italian royal family.

Italy Eyes Savoie
The annexation of Savoie is one of Mussolini's prime reasons for entering the war. About forty-five miles south is the important Mount Cenis pass, leading into Savoie. The present Italian Alpine thrust, it seems, may thus have preliminary significance of a later operation to be aimed on a wider scale toward Savoie.

German Refugee Talks to Lions
Kurt Mosses, who was teaching English in Germany before he became a refugee from Europe, addressed the Lions club at a luncheon yesterday noon at the Park hotel.

He contrasted the liberties enjoyed in America with the stringent orders maintained in Europe, and significantly said he saw hope for France despite present reverses.

The program was held in conjunction with flag week celebrations throughout the city.

Wilton Peck sang two patriotic selections.

line, the great majority of the guns were rigidly placed so that they could only fire in one direction, that being to the front. It would be impossible for the Germans to break the line with a frontal attack, but now that they have taken Verdun and have access to the rear, the line will probably be more or less helpless and the fortifications useless.

Could Win
He said that if France could succeed in stemming the German tide for perhaps half a year and could get needed supplies from the United States in sufficient quantities, it had a chance of winning the war although the future looks black at the present.

"That they will win seems doubtful at the present time," he said, "but there is always that one hope of the seemingly impossible."

His relatives, at the present, are residing at Cologne, Germany.

Although the local visitor was born in France and spent a good part of his life there, he made one mistake, he recalls. That mistake was in not becoming a French citizen when he became 21 years old.

Couldn't Go Back
"But after all, perhaps it is for the best. I tried from 1935 to 1939 to get back to the section of France where I was born and which I considered my home," he said. "They would not let me go."

"Today I'm in the United States and I can truthfully say I appreciate the freedom I have found and the way of living to which Americans are accustomed. Soon, I too will be an American."

See Move Helpful
The application asserted that the supreme court, now in north Idaho but scheduled to convene again at Boise Monday, will settle the jurisdictional matter. If the high justices decide the district court does not have the necessary authority, all parties concerned will save expense which would be incurred. If the supreme court upholds the district jurisdiction, the decision "will be of assistance in further proceedings," the application said.

In a previous memorandum decision regarding the demurrer filed by Mr. Beach, Judge Porter had found district court has jurisdiction to consider the alimony increase but does not have power to order a division of community property.

P.C.M. Initiation Comes to Finale At Jolly Party

They went through a trying week of initiation stunts, but the party they were given Friday was compensation for it all, neophytes of the P.C.M. club agreed today.

Formal initiation ceremonies, directed by Donna Lee Smith, were held last evening at the home of Madge Hayward in honor of the new members, Patty Kelly, Eugenia Schamp, Pearl Babel, Vanille Doan, Emma Holmes, Peggy Haggart, Lois Williams and June Hoops.

The "longest week of summer" began Monday for the initiates, when they were obliged to sweep a square block of sidewalk, and then taken through a chamber of horrors at the home of Beverly Block.

After they had hiked to the country home of Carmen Vazquez Tuesday, they were obliged to clean the potato and onion cellars, mow the lawn, walk across a narrow pole placed over a creek, and then "hoof it" back to town.

At the home of Kathleen King Wednesday they were put through all kinds of stunts and contests, including walking with books on their heads.

They tried out various concoctions of messy food Thursday at the home of Verla Bell, and then made biscuits which they ate as "dessert."

Friday morning they waded floors and washed dishes and did other "home work" for club members, and after lunch were permitted to relax with games of tennis.

At 2 o'clock the group assembled at the Hayward home for a lawn party, playing games, table tennis, croquet, bingo and cards, prizes given to Lois Williams, Verla Bell, Beverly Block, Vanille Doan and Eugenia Schamp.

Formal initiation in the evening included a welcome by the president, Madge Hayward, who told the meaning of P.C.M.; a speech by Mrs. Roy King, one of the club's sponsors, who talked on the flag and the singing of "God Bless America."

Congrats and certificates of membership were distributed to the club members. The home was decorated with American flags and tapers for the occasion.

"Welcome home, former" of Mrs. Ralph Palmer, formerly of Twin Falls, was arranged by Mrs. W. A. Van Engelen one afternoon this week at her home on Blue Lakes boulevard. Mr. and Mrs. Palmer have returned to Twin Falls after nine years' residence on the coast.

Luncheon for 17 guests was followed by bridge, Mrs. F. C. Sheneberger and Mrs. C. J. Cannon winning honors. Mrs. Palmer was presented with a gift.

Each table was decorated in a different theme, a patriotic motif being featured at one, and floral arrangements at the other.

Miss Margaret Van Engelen, Miss Dorothy Van Engelen and Miss Dahn Green assisted the hostess in serving.

WYOMING GUEST ENTERTAINS FOR CLUB

Sunshine Circle club members were entertained by Mrs. F. E. Hatch, Rock Springs, Wyo., former member of the club, one afternoon this week at the home of Mrs. Frank Krueger.

Favorite poems were presented for roll call response. The refreshment table was covered with a lace cloth and centered with a bowl of roses. Colorful artificial butterflies, suspended from the chandelier, added to the brightness of the room.

Mrs. Dorothy Pence, Duff, and Mrs. Jack Miller, Hollister, were guests of the club.

Train Ride Forms Thrill for Young Guests at Party

Evelyn Dean, daughter of Mr. and Mrs. Lionel Dean, asked members of her Blue Bird group to help her celebrate her 10th birthday, and bade them come to her home by 1 o'clock sharp yesterday afternoon.

Attached to each invitation was the warning note, "The train won't wait, so don't be late," which caused the guests no amount of worry, as they wondered what it meant.

Upon arrival the girls learned that a trip to Buhl by train was planned for them, a thrill to several who had never ridden on a train before.

Evelyn's grandmother, Mrs. George Dean, accompanied the girls on the train. Mr. and Mrs. Dean drove cars and met the girls at the Buhl depot, taking them to Buhl city park.

Lawn games were played and a picnic supper was served before the group returned from Buhl.

Guests of Evelyn were Jackie Beymer, Helen May Johnson, Rae Louise Salisbury, Billie Beckwith, Barbara Lehman, Sue Wilhelm, Afton Deane, Joyce Whitehead, Kay Gordon, Colleen Oatler, Dorothy Smith, Joan Gordon and Dorothy Davis. America in 1960 Forecast in Skit

Mrs. Juanita Hull projected her imagination into the future and the result was a rollicking skit, "The Relief Society of 1960," presented at the final social meeting of the first ward L. D. S. Relief society Thursday afternoon at the recreation room in the first ward church.

What the advancement of science and learning will do for Relief society members by 1960, was anticipated in the skit, which showed the society making air conditioned quilts, and taking "delicious refreshments" in capsule form.

A luncheon at 1:30 o'clock was served to 60 guests, preceding the program. American Beauty roses formed the decorations.

Tradition of Theater Maintained at Party

Traditionally, people of the theater assemble on the final night of a production to "talk it over," to pay compliments for work well-done, and to laugh off the mishaps and the trials of production, and last evening the cast, business staffs and production staffs of "Petticoat Fever" met at the home of Mr. and Mrs. George Warberg to do those very things.

There was talk, too, of the next production of the Twin Falls Community Theater association, which will be scheduled for the early fall.

The party was particularly a testimonial to Mrs. Dorothy Alworth, director of the production, which was presented three evenings before enthusiastic audiences; to Melvin Schubert and Roland Hutchinson, for their superior performances, and to other members of the cast, who capably fulfilled the requirements of their several roles.

Approximately 30 persons assembled at the Warberg home following the final curtain.

Mrs. Ronald Graves, one of the business managers, and Mrs. Tom Peavey, in charge of lighting effects, assisted Mrs. Warberg.

Refreshments were served buffet style from a table centered with an arrangement of roses and delphinium.

RUSSETS SLIDE COWBOYS TO CELLAR 9 TO 5

DODGERS TOP REDS 2 TO 0 AS FLATBUSH GREETS MEDWICK

Sandstrom Set To Pitch in Second Contest

IDAHO FALLS, June 15 (Special)—First you see them, then you don't. Today the Twin Falls Cowboys were again hiding in the basement of the Pioneer league as a result of a 9 to 5 shellacking at the competent hands of Johnny Zar and company of the Idaho Falls Russets.

The Cowboys had just finished winning two straight from Pocatello to take a three-game series from the Cardinals. The second win boosted the Cowboys out the cellar window by half a game, but just as it appeared the south central Idaho club might be regaining some of last year's fight, along come the Russets to kick them back into the basement.

Two More Chances The Cowboys got two more chances tonight and Sunday to even the score with the Idaho Falls outfit. Babe Sandstrom will take the mound tonight in an effort to offset the loss chalked up against Dick O'Boyle last night.

O'Boyle allowed 12 hits to bounce off Idaho Falls bats. Not only that, but he supplemented the hits with seven free passes to first and struck out only five men. Zar struck out 11, gave up nine hits and gave two gratis trips to first base. It was Zar's eighth victory in the Pioneer this season.

Cowboys Lead Twin Falls led 2 to 1 in the third inning after Manager Frank Tobin had got to first on a hit and was scored by Frank Mullens's safety. The count was tied up immediately by the Idaho Falls club.

Again in the fifth Twin Falls took the lead when Arnerich scored on Randall's fly to Arlett in right field after going to third on a hit by Wake.

Russets Score The Russets tallied four times in the sixth and added another two for good measure in the eighth to tie the game. Pilot Tobin of the Cowboys hit the longest inside-the-park ball of the season in the sixth canto, but Sheldon McConnell brought it down with a flashy run backward to the center field fence.

Errors—Randall, Endress, Blahop, Forn, Oldenberg. Sacrifices—Desabou, Stolen bases—Bates, Arlett, McConnell. Runs batted in—Wake, Randall 3, Marchal, Forn, Arlett, McConnell, Oldenberg, Reser, Beard. Three base hits—Bates, Desabou. Two base hits—Mullens, Oldenberg, Beard. Bases on balls—O'Boyle 7, Zar 1. Double—Marchal. Hit to hit—Endress. Umpires—Jordan and Woodward. Time 1:05.

DIAMOND DUST FROM THE COWBOY CORRAL Stuart Holdhusen, rookie pitcher of the Twin Falls Cowboys, never played college ball at South Dakota State for the simple reason there was no ball club there, but he did pile up some wonderful records in amateur and semi-pro ball before taking the plunge into pro ranks this year.

Beavers Beat Oaks 9-8 In Near Riot

By United Press Portland's last place Beavers shellacked Oakland again last night at Oakland, this time by a 9 to 8 count in a game that positively was not baseball.

Portland scored eight runs in the second inning. Pitcher Henry Pippen, who had won his first two starts for Oakland, developed a crick in the neck and received first-aid in the dugout, returning to the mound for a pasting. On two occasions one team or the other had ten men on the field of play. Manager Johnny Frederick of Portland was chased from the field, but detected running the team from the deep shadows of the dugout. Each team used four pitchers. Frequent fights broke out in the stands and all the while Oakland was pecking away at that eight run lead.

Ed Coleman missed an easy fly and was perked. Ad Liska walked off the mound in disgust. Bill Thomas, a pitcher, was sent in for Coleman and first anyone knew, he was pitching. Joe Gonzales, another pitcher, finally wound up in Coleman's outfield spot. Portland committed four errors. Each team got 13 hits.

Seattle, however, forged a full game ahead of Oakland by dropping San Diego 2 to 1 on Bill Walker's four-hit pitching.

Sacramento beat Hollywood 6 to 3, making it three straight for the Solons.

The San Francisco Seals made it two straight over Los Angeles, winning 8 to 1.

Indians Ask Removal of Manager Vitt

CLEVELAND, June 15 (U.P.)—Oscar Vitt, storm-center of many rebellions in his year and a half as manager of the Cleveland Indians, had met with Club President Alva Bradley today for a decision on whether he is to continue as manager.

A delegation of players called on Bradley Thursday, listed a number of grievances and demanded Vitt's removal.

It was believed the players drew up a long list of complaints against the manager, chief among them being his alleged tendency to belittle their efforts. It was reported also they criticized his baseball tactics.

Adams Boosts Bat Average to Lead Pioneer League

Robert Adams of Ogden, boosted his average seven points last week, and now tops the Pioneer league, leaders with a mark of .359, according to the last averages released today by the Howe News Bureau, including games of Monday, June 10.

Adams went to bat 167 times and made 60 hits, more than any other player in the league. Dale Laybourne of Ogden moved up to second from fourth place, also with a seven point increase to .349. Walter Lowe, Jr., Boise first baseman, jumped from fourteenth to third place since last week, by virtue of a 24 point rise from .314 to .338. Sheldon McConnell of Idaho Falls dropped from second to fourth spot with .333.

Walter Lowe knocked out most two-base hits, 18; and tied with Steven Andrade of Pocatello for most stolen bases, eight apiece. Andrade added four runs batted in to his total and now leads that department with 40. Gordon Duff hit most triples, nine, while Joe Egnatic of Boise rapped out one homer during the week and is still leader with a total of nine round trippers.

Mel Ristau of Salt Lake City has won eight and lost one game as lead all pitchers with a percentage of .869.

Junior Pioneer Loop Starts

Burley, Twin Falls and Jerome got off to victorious starts at the expense of other teams in the Junior Pioneer baseball league yesterday.

While the local entry in the league was lambasting Kimberly 13 to 6, Jerome was beating Filer 12 to 9 and Burley was shelling Rupert 21 to 3.

Sunday Play Set Sunday's games will see Twin Falls playing at Kimberly, Filer entertaining Jerome, and Rupert playing host to Burley. Games are slated to start at 2 p.m.

Dick Price took the mound for Twin Falls yesterday and turned back Kimberly with 12 strike-outs, gave up only eight hits, and then got three singles at bat. Ted Florence got three hits, including a triple, for Twin Falls.

Kimberly took a lead in the fifth frame with a five-run spree on three singles, a double, a walk and an error. The Little Cowboys came right back with six rallies in the last half of the same inning on three singles, a double, a three-bagger, a walk and three Kimberly errors.

Walters Down 16 Filer batters at Jerome and pitched his mates to a 12 to 9 win. Batteries were Filer-Carter, Carey and Peterson; Jerome-Walters and Brown.

Cincinnati Facing Possible Drop Into Third Place

NEW YORK, June 15 (U.P.)—The Cincinnati Reds, favorites to retain their National league championship, were caught in the middle today between the high-flying Brooklyn Dodgers and the onrushing New York Giants, the two hottest clubs in the league.

Threatened with the loss of second place to the Giants, Cincinnati counted on Bucky Walters, whose 9-game winning streak was halted recently by the Dodgers, to slow up

Cincinnati was feeble yesterday at bat against Luke Hamlin, who pitched one of the greatest games of his career, and dropped one full game behind the Dodgers. The Reds made only two singles off Hamlin and did not get a man to second base. Hamlin was superb in scoring a 2-0 victory. He didn't walk a man and went to three balls on only one hitter. Gene Thompson allowed only eight hits but in comparison to Hamlin's work his effort was only ordinary.

Joe Medwick made his debut with the Dodgers to the cheers of 27,988 fans. He struck out in his first time at bat, but singled home the Dodgers' second run.

The Giants slammed out an 8-6 victory over the Pirates for their seventh straight triumph. The Cardinals won their first game under Manager Billy Southworth by beating the Phillies, 6-2. Ernie Koy, obtained in the Medwick deal, hit a single and triple, driving in one run and scoring one.

Dick Ertirkson's 4-hit pitching featured the Boston Bees 4-2 victory over the Chicago Cubs. Reported mutiny in the ranks of the Cleveland Indians apparently jarred some of the boys to life as the tribe overwhelmed the Athletics, 8-0, behind Johnny Allen's 2-hit pitching.

Tigers 10 Senators 1 Nineteen year-old Hal Newhouseer lunched his way to a 6-hit game as Detroit thumped Washington, 10-1.

A night-game crowd of 40,104 watched the Boston Red Sox maintain their one-game American league lead with a 5-1 win over the Chicago White Sox.

Every player in the New York lineup but Joe DiMaggio hit safely as the Yankees overhauled the St. Louis Browns, 12-3 here, 17-0 in the other night game.

Red Cross Aide Says Cash Goes All for Relief

Refuting with unglorified facts the assertions that administrative costs will take a portion of the Red Cross war relief fund, Forrest Stewart, Boise, general field representative of the Red Cross in Idaho, declared flatly here this afternoon.
"Every penny donated for war relief will be used for that purpose only."

Confers With Mayor Stewart conferred with Mayor Joe Koehler, chairman of the Twin Falls Red Cross campaign to assist war sufferers.

Quoting figures not published in this area before, Stewart said: "The Red Cross has only 610 paid employees in the entire nation. That takes in everybody from stenographers and janitors up to the general manager. Average salary for these 610 is \$3,000 per year, which means those in the lower brackets receive much less than this.
"The general overhead for the last 10 years has been only 2.8 per cent. Not One Cent
"As regards the war relief campaign, not one cent goes for administration, which is already provided for from the general fund. Local chapters are allowed 15 per cent of the war relief funds to be used in buying material to make war relief garments. There is no compensation of any kind to anyone in a local chapter."
Stewart explained that the \$50,000,000 appropriation made by congress is to be used in buying surplus commodities. The Red Cross will distribute these commodities.
Mayor Joe Koehler said the Twin Falls war relief drive has now netted \$800, slightly over half the original quota. Donations, he said, may be left at both banks, at the Times-News office and at the Roxy theater.

Great Britain Turns to Defense of Home Regions

BRITISH EXPECT BLITZKRIEG WILL STRIKE IN ISLES

LONDON, June 15 (U.P.)—Great Britain turned urgently today to defense of its home territory in expectation of a German "peace offensive" against France and a Nazi blitzkrieg attack on the British isles.

So serious was the military situation in France viewed here that military experts frankly discussed possibility that the great Maginot line might have been abandoned.

It was plain Britain was paying close attention now to its own home defense, in belief the Germans would not regard any triumph as complete until they had made a direct attack on the British isles, with a fury even exceeding that of their continental blitzkrieg.

Britain had sent enormous numbers of men, guns, tanks and planes to France. But so urgent was the situation here, apparently, that emphasis was now put on the defense of Britain itself in some quarters. There was a report during the night—along with wild rumors of a French capitulation, which it was believed might have originated in a German "pirate" radio station, that the flow of reinforcements to France had been stopped. But this report was denied soon afterward with the explanation there had been a misunderstanding. It was said the flow of reinforcements had continued certainly up to midnight and it was indicated it would not stop until all reinforcements intended for France had left.

Wide Scope of Jubilee Spurs Jaycee Campaign

After instilling new life into the many-phased preparations for the Magic City jubilee July 3-5, the Twin Falls Junior Chamber of Commerce embarked today on the final three weeks of advance work.

The "shot in the arm" came at the Jaycee general membership dinner at the Park hotel last night when John R. Robertson, general jubilee chairman, mapped a tentative lineup of the three-day program including no less than four different parades, Robertson and Roy Hudson, merchants' bureau contact chairman, will connect with the jubilee by offering the Jaycees a blimby that a celebration as large as the 1940 event will require intensive effort by the rank and file of the Junior Chamber.

Tentative Lineup

Sketching the jubilee program briefly, Robertson said the lineup as now envisioned will shape up as follows:

Wednesday, July 3—Jubilee starts at 10 a. m. with whistles, firecrackers, massed bands and downtown group singing of "God Bless America." At 11 will come the mammoth formal parade, with floats in two different cost brackets and many musical organizations. Old timers luncheon will be at noon; the antique museum will open during the afternoon; public band concert will be at 4 p. m.; first showing of the colorful historical spectacle, "Magic City Cavalcade," will be at 8 p. m. at Lincoln stadium. A dance will probably conclude the first day. Throughout the day, in the downtown area, concessions and a carnival will be in operation.

July 4 Ceremony

Thursday, July 4—Patriotic flag parade in the morning, with patriotic organizations and others marching and carrying flags. This will be climaxed by Independence day exercises at which a prominent speaker will deliver the July 4 talk. Afternoon, contests and races (probably at Jaycee park), and swimming exhibitions at the Harmon pool. Band concert is planned at 4 p. m.; the Magic City Cavalcade at 8 p. m.; fireworks at 10 p. m., followed by a dance.

Friday, July 5—10 a. m., children's pet and historical parade, with all floats in miniature. Noon, tentative open meeting of the Chamber of Commerce. Afternoon, old fiddlers contest, band concert, free vaudeville acts, 8 p. m., Magic City Cavalcade; 10 p. m. the humorous Mardi Gras parade culminating the formal celebration events.

Saturday, July 6, will find all merchants offering jubilee special bargains. The carnival, rides and concessions will operate throughout the day, and the Twin Falls Cowboys will play a home game against Boise that night.

Wooden Nickels

The "wooden nickel" program, Robertson told the Jaycees, will swing into operation Monday. Printed on thin plywood, the rectangular-shaped wooden money will carry a jubilee message and the Idaho state seal marking 50th anniversary of statehood. The currency—in denominations of one, two and five nickels—will be given out by merchants as regular change and will be acceptable on all purchases. It is redeemable on demand.

Stanley Sturgeon, chairman of the formal historical parade—most elaborate of the four parades planned—outlined work done thus far and said 18 floats are already assured "with the job just getting underway." He said he is negotiating with a number of bands and music groups, and asserted the noted Union Pacific band from Ogden, Utah, has definitely accepted a bid to be on hand. Both Twin Falls drum and bugle corps are also certain entrants.

"Queens" Sell Tickets

Dr. Frank McAtee, chairman of the Magic City Cavalcade queen contest, explained that 15 girl contestants are now at work on the advance sale of tickets which will determine the winner of the queen title plus a free trip to the San Francisco fair. Because advance sale through the girls will provide cash savings to Cavalcade ticket purchasers, he urged Jaycees and the public to patronize the queen candidates.

"Ticket scale, he said, will be three for \$1 until July 1 for general admission; thereafter it will be 50 cents per ticket, after the queen candidates finish selling. Reserved seats are six for \$3.

Mardi Gras Parade

Robertson named Mr. Hudson and Claude H. Detweiler as co-chairmen of the Mardi Gras parade. Associates will be Jay Spracher and Robert H. Warner.

The Jaycees voted to hold weekly meetings on Tuesday evenings at the Park hotel for the period between now and the jubilee. Next week's session will start at 6:15 p. m. and will conclude in time for the Cowboy baseball game.

REHEARSALS SET FOR CELEBRATION

Monday and Tuesday rehearsal schedules for the "Magic City Cavalcade," which will be presented July 3, 4 and 5 as part of the jubilee celebration here were announced this afternoon by F. P. Gorman, director.

MINISTERS HEAR WAR DISCUSSION

JEROME, June 15 (Special)—Principal Harold B. Roberts of the Jerome high school was guest speaker at the meeting of the Snake River Ministerial association this week, addressing the ministers and their wives on the background and implications of the present world conflict. A lively discussion followed the address.

Henry Kessler, Boise attorney, and legal adviser of the Idaho Allied Civic forces, told of the drive for signatures for the two liquor regulating laws now being circulated. He urged all local groups to finish their drives by June 20 to give the state officers ample time in which to obtain names so that they might be in the hands of the secretary of state before July 4.

Since the president of the Ministerial association, Rev. Leroy Walker, is leaving Buhl, Rev. W. F. Willis, vice-president, will act as president until the election of officers at the October meeting.

Other rehearsals were held at the church basement this morning. Gorman reports many more characters are needed to fill scores of parts in the 20 scene spectacle.

Groups for which participants have already been assigned include the Virginia reel number, Oregon Trail and old pioneers, drum and bugle corps, national guard, Boy Scouts and Camp Fire Girls.

COOPERATION AID IN WATER CRISIS

"Fine cooperation" by Twin Falls householders in rotating their lawn and garden sprinkling has helped in the current water crisis—but the rotation measure must continue for another three weeks—Charles P. Larsen, street and water superintendent, said this afternoon.

"We want to thank householders for their cooperative spirit," Larsen said. "We must continue, however, with the rotation plan to meet the situation and avert a general water shortage until the new reservoir starts to fill about July 5."

The rotation plan, for the next three weeks, he explained, is simple. Residents of houses having even numbers may sprinkle lawns and gardens on even-numbered days of the month. Those living in houses with odd numbers may sprinkle on odd-numbered days.

SHACK

One Pennsylvania woman visitor in Twin Falls had learned today that south central Idahoans, even those who find it necessary to live in tumbledown shacks in the sagebrush, appreciate what America means.

The visitor was taken yesterday on a motor trip through this area by her Twin Falls hostess. As they left the more populous regions and drove for miles through desolate sagebrush-glimpsing shanties here and there in the sage, the Pennsylvanian asked in amazement:

"Do people really live in those shacks?"

More miles . . . and another shanty appeared out in the sagebrush . . . remote from neighbors, lonesome in the miles of desert.

Proudly above the shack, flying in the breeze, was the American flag.
