British Evacuate Somaliland as Italians Advance

INVADING LOSSES PLACED HIGH AS DEFENDERS QUIT

LONDON, Aug. 19 (U.P.)—The war office tonight announced that British forces have evacuated British Somaliland.

The war office announced that the evacuation was accomplished with the aid of British naval forces.

The evacuation followed an intensive 10-day drive by strong Italian motorized columns upon the capital of the 68,000-square mile protectorate.

British forces, heavily outnumbered by the Italians, have been retreating in the face of the Italian attack and it had been hinted in London for several days that evacuation was imminent.

Enemy Losses Heavy

The war office announcement said:

"Enemy losses, particularly among blackshirt units, have been heavy out of all proportion to our own."

The war office said that "all British guns except two which were lost in the earlier stages of the action have been embarked."

"The greater part of the material, stores and equipment also was evacuated and the remainder was destroyed," the announcement said.

"The size of the British force in Somaliland was not known specifically but it was estimated as being estimated as low as 1200 men. It was believed to have been opposed by an Italian force comprising an estimated two divisions, approximately 30,000 men."

Blame French Failure

The war office attributed the withdrawal, primarily, to collapse of the original joint Anglo-French plan for defense of the territory due to the French defeat.

The East African protectorate was the first portion of Britain's overseas empire to be lost in the war. Only previous British territory to be given up were the tiny Channel Islands which lie close to the coast of France.

Auto Industry Mourns Chrysler Death

MOTOR HEAD, 65, SUCCUMBS AFTER 2 WEEKS' ILLNESS

GREAT NECK, N. Y., Aug. 19 (U.P.)—The automobile industry mourned one of its Alger heroes today—Walter P. Chrysler who gave up a successful career in another field to become one of its "big three."

Chrysler, 65, chairman of the board of the Chrysler company and builder of one of New York City's three tallest skyscrapers, died of a cerebral hemorrhage at his estate here yesterday. He had been ill two years.

Funeral services will be held Wednesday in New York and he will be buried at Tarrytown, N. Y.

He was born in Wamego, Kan., the son of a railroad engineer. Beginning at 10, he showed aptitude for making money. He ran errands, sold milk and eggs, printed calling cards, and during his high school years, worked in the general store as a delivery boy, for \$10 a month. By the time he had finished high school, he had saved more than \$100.

Roosevelt Calls For Quick Action On Naming Board

HYDE PARK, N. Y., Aug. 19 (U.P.)—President Roosevelt today called on the state, war and navy departments for quick action to implement the United States mutual defense agreement with Canada, and set Thursday as a deadline for such action.

In telephone conversations with departmental heads at Washington, Mr. Roosevelt made clear he wants immediate action on establishment of a permanent Canadian-United States joint board on defense of North America.

Under Mr. Roosevelt's speed-up orders, it appeared the four or five American members of the board will be named by Thursday, and may meet with the Canadian members early next week.

Site of the first meeting was not disclosed, but temporary White House officials said this point was unimportant. Acting White House Secretary William D. Hassett said the board will meet both in Canada and the United States and at various cities as its work develops.

HYDE PARK, N. Y., Aug. 19 (U.P.)—President Roosevelt, by an agreement with Canada amounting virtually to a defense alliance, served notice to aggressor nations today that the United States would never permit an invasion of the dominion.

Within the next few days he will name four or five members of the army and navy high command to a permanent Canadian-United States board on defense of North America.

The new defense agreement was an integral development in the President's plan for protecting of the new world against aggression from overseas.

The agreement, reached by Mr. Roosevelt and Prime Minister W. L. Mackenzie King of Canada, in a railroad car near the border, indicates the army and navy high command "into a new era of defense planning, in which they must think in terms of all of North America, and not merely the continental United States and its possessions."

Joint Board

The joint board on North American defense to be set up immediately, will have a maximum of 10 members, evenly divided between the United States and Canada. A majority of United States members will come from the army and navy.

It was considered probable Mr. Roosevelt would appoint Gen. George C. Marshall, army chief of staff; Admiral Harold R. Stark, chief of naval operations; Maj. Gen. H. H. Arnold, chief of the army air corps, and Rear Admiral John H. Towers, chief of the navy's bureau of aeronautics.

Mr. Roosevelt arrived at the summer White House here late last night after concluding his conference with Mr. King. The statement, in which he and Mr. King announced the agreement, made it clear no time would be lost in linking the defense of Canada to that of this country.

Discus Defense Problem

"The prime minister and the President have discussed the mutual problems of defense in relation to the safety of Canada and the United States," their statement said.

"It has been agreed that a permanent joint board on defense shall be set up at once by the two countries."

Defense Problem

"This permanent joint board on defense shall commence immediate studies relating to sea, land and air problems including personnel and material."

"It will consider in the broad sense the defense of the north half of the western hemisphere."

"The permanent joint board on defense will consist of four or five members from each country, most of them from the services. It will meet shortly."

Mr. Roosevelt is expected, shortly, to follow the Canadian agreement with an announcement that the United States is about to buy or lease key British possessions in this new naval and air bases.

DEBATE REOPENS ON CONSCRIPTION

WASHINGTON, Aug. 19 (U.P.)—Ben. Lister Hill, D. Ala., reopening senate debate on the military conscription bill, charged today voluntary enlistments "place a premium on slackness and a penalty on patriotism."

Compulsory selective service, Hill argued, is "the only democratic way" to build up the defense forces.

"The senate met an hour earlier than usual in an effort to expedite consideration of the bill, which lawmakers hoped to pass sometime this week. Only a few senators were present at the outset and a half-hour was consumed in rapping up a quorum. The galleries were jammed."

Before resuming the debate, which has largely featured anti-conscription arguments, the senate will confer the bill authorizing "Pro..."

Germans Relax Pace of Air Attack on England

WARNING ISSUED ON PARACHUTISTS

Charlie Chaplin Gives First Peek at His Show

BERLIN, Aug. 19 (U.P.)—Germany relaxed the pace of her air bombardment of Britain for a period today and warned the British through neutral sources, that reprisals would be taken if German parachutists were treated contrary to usages of international law.

The official DNB news agency reported only a few air battles were fought over Britain during the afternoon. They developed, it was said, when strong German reconnaissance groups, protected by heavy fighter squadrons, flew over Britain to observe results of yesterday's heavy bombing.

The reconnaissance aircraft flew over the channel at a great height, DNB reported, and in only a few cases were British Spitfires able to engage them. Near Ramsgate, it was reported, two British planes were shot down and a third was believed destroyed.

The German planes were said to have flown over Bristol channel where bombs were dropped yesterday and to have photographed damage to airbases, anti-aircraft placements, barrage balloons, oil stores, harbors and transportation centers.

The warning regarding treatment of parachutists was sent to Britain through Switzerland. It was directed against use by the British of civilians to fight parachutists. The German note contained a description of parachutists' uniforms and equipment for identification purposes.

It said retaliation would be taken against British airmen prisoners if Britain allowed civilians to fight parachutists or otherwise violated customary usages of international law.

Assessors Meet With Equalizing Board at Boise

BOISE, Aug. 19 (U.P.)—Assessors of Idaho's 44 counties met in the house of representatives caucus chambers today with the state board of equalization to study assessment abstracts, preliminary to fixing assessment valuations for the next fiscal year.

The assessors' meeting with the board will last all week, members said, and will include hearing statements by representatives of utilities and other private concerns upon which the taxes will be levied.

COMPLAINTS HIT BUHL WPA STAFF

BUHL, Aug. 19 (Special)—Three district WPA office employees here will face charges of drinking intoxicating liquor in a public place and disturbing the peace when they appear before Justice of the Peace Charles Coker Tuesday at 10 a. m. court records showed today.

The charges were filed by Ray Banbury, son of J. W. Banbury, owner of the natatorium which bears the same name and which is located 12 miles west of here on highway 30.

One Served Today

The records show that warrants of arrest were issued against Frank Craven, Robert Hampton and Pete Beall. Judge Coker said today that the warrant had been served on Craven this morning but that he had asked continuance until Tuesday at 10 a. m.

Hampton and Beall were out of town today but the judge said that they would be back this evening and that the warrants would be served on them at that time.

It was stated that the charges against the three grew out of an office picnic which WPA officials and workers attended at Banbury's last Wednesday. The management refused to permit one woman to enter the pool, stating that her condition was such that it would not be safe for her to swim.

Visitors' Inist

When members of the party insisted that the woman be permitted to swim—and after several threats were assertedly directed against the elder Banbury, against the caretaker and against the latter's wife—Banbury fired a gun above the head of one of the visitors. The action was merely a warning shot, according to Ray Banbury. The elder Banbury said he fired the shot to "scare them."

The charges against the three men were filed late last week, report of Judge Coker show.

Twin Falls Faculty Stays at 113 Total

FACULTY OF 112 teachers and supervisors plus Supt. Homer M. Davis will staff the Twin Falls public school system for 1940-41, according to the complete list issued this afternoon by the superintendent.

Size of the faculty is identical with the total for the past two years.

Replacements in the faculty during the present summer have "about the same as in the past several years" Mr. Davis said. When students resume classes Tuesday, Sept. 3, they will be greeted by 10 new instructors in high school and junior high, and by eight in the elementary schools.

Major cause of replacements, as usual, was marriage.

Heading for a new year, the city's educational chief revealed today that the average daily attendance in the Twin Falls public schools for 1939-40 was greater than at any time in local history. The average attendance each day was 3,213; highest total registration at any one time was 3,700. The total was second greatest in the system's history—in 1928 it was 3,086 although the average daily attendance that year did not reach the figure achieved in 1939-40.

Supt. Davis emphasized today to members of beginning students that youngsters must be six years old by Dec. 1 in order to start school Sept. 3.

New instructors in high school and junior high will be these:

Yulo Holland, Preston, vocational agriculture; Bert Christensen, Kimberly; M. C. Grantly, Oakley; basketball coach, "Blackground"

FDR PICKS AIDE TO CABINET POST

WASHINGTON, Aug. 19 (U.P.)—President Roosevelt today nominated Undersecretary of Agriculture Claude R. Wickard, of Indiana, to succeed Secretary Henry A. Wallace.

With Wickard's nomination, the President also sent to the senate the nomination of Paul H. Appleby of Iowa, former assistant to the secretary, to succeed Wickard in the undersecretaryship.

Wickard is 47 and has a farm near Camden, Ind., which he began managing as soon as he was graduated from Purdue University.

In August, 1933, Wickard became assistant chief of the corn-hog section of the agricultural adjustment administration. He was named chief of the section in February, 1935. Following the inauguration of the soil conservation program in 1939, Wickard was named assistant director of the north central division and director of the division in November, 1939. He was appointed undersecretary of agriculture by President Roosevelt on Feb. 1, 1940.

Indiana Solon Will Keynote Meeting Here

Rep. Charles Halleck, R., Ind., who nominated Wendell L. Willkie for President at the Philadelphia G.O.P. convention, will keynote the Idaho Republican state platform convention at Twin Falls Aug. 31, State Chairman Thomas J. Heath of Preston advised today.

In telegrams to state Republican leaders, Heath said the temporary chairman and principal state speaker would be announced upon his return home from his current trip to Elwood, Ind., where Saturday he served on a committee that officially notified Willkie of his nomination.

He filed suit in common pleas court today to compel the state industrial commission to pay him workmen's injury compensation because he says his lung collapsed while he was playing with the band.

PRISONER CONFESES

BOISE, Aug. 19 (U.P.)—Chief of Police Austin Diley announced today Vern Clair Henson, 35, Oakland, Calif., arrested Saturday by Boise officers, had confessed a long series of car thefts and bogus check cashings in California, Oregon and Washington.

ACTUAL WORK STARTED ON IRRIGATION PROJECT

BOISE, Aug. 19 (U.P.)—Actual survey work on the mammoth Mountain Home irrigation project, through which it is hoped thousands of now-dry acres of Idaho land will be brought under cultivation, has started, E. H. Nichols, engineer in charge of project investigations here for the U. S. bureau of reclamation, announced today.

"One field party has set up headquarters at Smith Ferry to begin the study," he said. "Another will go out later this week, operating out of Mountain Home and studying in particular the service area—the land where the water will be used."

Nichols explained the "survey involves a number of technically delicate problems," such as distribution systems, tunnels, canals and dams, and will include studies of the watersheds of three rivers, the Salmon, Payette and Boise.

The engineer estimated three or four years would be required for the survey, which is a necessary preliminary to any actual construction. The federal agency is cooperating closely with the state bureau of reclamation in the study.

A new season is at hand! And with it go a new array of responsibilities for every homemaker and housewife! There are the children's clothes to be made ready for school; winter clothes for Dad and Mother to be re-conditioned for another season of wear—and if there is an older child in the family college-bound, he or she demands first attention in prepar-

ation for a winter's stay at school. And with the changing season the home deserves a change of costume, too! Drapes, curtains may need renewing; rugs, upholstered furniture demand attention as well. Summer apparel for all the family must be checked over, cleaned and stored for the winter months. Between family and home, fall becomes the year's busiest season for the housewife!

ACEDIA SCHOOL Board Assembles
ACQUITA, Aug. 19 (Special)—Acquia and Orono consolidated school boards held a meeting last week, electing Oscar Hallowell, Emerson, to fill the vacancy made by the resignation of Burton Thorne from the junior high school. He has accepted a teaching position at Orono.
The board selected Monday, Aug. 20, as the opening day of school. Delbert Parker and George Griswold were chosen to drive the school buses.

Sit Tight, Congress!
Back in June it had been proposed that congress adjourn as soon as possible. We were among those who felt that congress should sit tight and saw wood, the critical state of affairs being what it was.
Since then, congress has done work of the most urgent kind for national defense. It has started rolling nearly five billion dollars in additional defense funds. It has passed the "two-ocean navy" bill. It has gotten well into discussion of the program of training for the National Guard and for universal selective service. It is deep in discussion of tax measures critically affecting the defense program. It has confirmed a new secretary of the navy and of war.
That is work that fully justified staying in session since June when adjournment was proposed. Since then world affairs have become more, not less, critical. Problems have piled up. Congress' duty to continue in session and get to grips with the national problems is today even plainer.
One Life for Other Lives
When Capt. Robert M. Losey, U. S. military attache in Norway, was killed by a chance bomb splinter last year, it seemed an unfortunate incident quickly forgotten in the welter of misfortune engulfing all Europe.
Now it appears, however, that Captain Losey was rendering a service that remains of great value after his death, and may save the lives of others. A trained meteorologist, he had made valuable observations of the performance of Russian planes in Finland in Arctic cold.
These reports, despite Captain Losey's death, reached the war department, and will be used as a basis of tests at the Fairbanks, Alaska, station this winter, when army flyers will get thorough training in Arctic flying. Thus the information in gaining which Captain Losey lost his life will be placed at the disposal of other American flyers who may thereby save their own.
Now it's the combination plane-auto that's being developed. A parachute as well as roller skates will be standard equipment for the gals from now on.
British leader calls Nazi propaganda leaflets tedious, boring and baldordash. The American would streamline it merely as hokey.

TENSION GAINS AS ITALIAN PRESSURE LOOMS ON GREECE

DEMAND NEARS FOR TERRITORY ALONG ALBANIA

By REYNOLDS PACKARD

TIRANA, Albania, Aug. 19 (AP)—Italian and Albanian gendarmes were called out to guard the Greek consulate general here and other Greek establishments in Albania as anti-Greek feeling rose to new heights.

Precautionary measures were taken in several southern provinces, especially in towns and villages close to the Greek frontier.

It was the first time guards had been placed at the Greek consulate. They also were ordered to protect Greek establishments in Valona, Argirocastro, Porrojada and other towns of southern Albania.

Albanian newspapers carried front-page editorials attacking the Greek government and contending Albanians in the Clamuria region of Greece were being persecuted.

Booted and hissed on the streets of Tirana last night when I asked a group of Albanians the way to the Greek consulate. They refused to answer me until I explained I was not a Greek but was trying to locate a house in the same street as the consulate.

The Tomori, Tirana morning newspaper, said "Clamuria is a hell for Albanians" and asserted each night Greek gendarmes make "Albanians come out into the streets while they go into the houses and confiscate whatever suits their fancy."

A quick tour of Albania—the first by any foreign correspondent in 16 months—convinces me Albania's claims against Greece and Jugoslavia will be pressed shortly.

Claims important
The Albanian claims against Greece are the more important of the two and appear most likely to receive attention first.

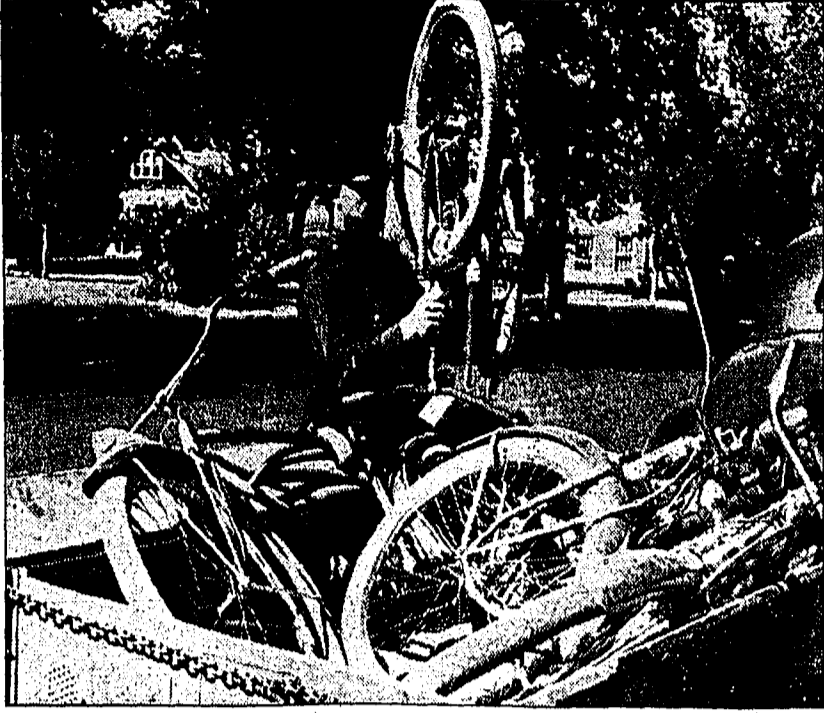

The assassination of the Albanian leader, Haut Doggia, who had demanded that Greece give up the province of Clamuria has put this issue to the forefront.

The Jugoslav situation does not seem as pressing. I found only scattered Italian forces along the Jugoslav frontier. Most of the soldiers in the passes on the Albanian side were newly-recruited Albanians, not Italian regulars.

"Wheel-Catcher" Impounds Another!

"Two kids on a bike" are getting fewer and far between in Twin Falls as a result of a police drive to rid local streets of this hazard to motorists. With a trailer pulled behind a police car Patrolman Virgil Borden (above) tours the city. When two riders are noted on one bicycle the wheel is placed in the trailer and taken to the police station garage where it is kept from 10 to 30 days. Despite the nature of his task, Borden says that the youngsters are "very cooperative." Above, Borden loads another wheel on the trailer.

Confiscating Bikes Isn't Thankless Job, After All

When Virgil Borden, Twin Falls patrolman, was designated as the man to see that the law prohibiting riding double on bicycles was properly enforced, he thought it was a thankless job—but a checkup by an Evening Times reporter yesterday afternoon revealed that he was actually making friends with the "kids."

Briefly, here are Borden's duties, in addition to his other police work, of course:

Keeps Lookout
He hitches a trailer to the small police squad car and then drives up and down the city streets. He spots two or more children riding on one bicycle. He stops, puts the bike on the trailer after explaining to the children why he is doing it, then takes it to the city police garage where it is held from 10 to 30 days.
"These children are giving me fine cooperation. When I spot a couple of them riding on a bike they usually jump off and come up grin-

ning. They know that they are wrong and admit it. Many even help me load their bike into the trailer.
"Personally, I think the boys and girls are swell about the whole thing. I figure that if we can save one boy or girl from getting crippled for life, or killed in a traffic accident, then it's worth all we are putting into it. That was the reason the law was passed (prohibiting double riding) and that's the reason it is being enforced," Borden said.

Licenses Needed
Other bicycles are now being plucked up because they do not have a city license. Along this line, Municipal Judge J. O. Pumphrey pointed out that if a person resides in the country, or in another community where licenses for bicycles are not required, a license must be purchased here if the wheels are used on local streets. Licenses issued in other communities will be honored here, providing the owner still resides in that community.

FORMER CHAMPS WIN IN TOURNAY

WICHITA, Kans., Aug. 19 (AP)—The three former championship teams entered in the national semi-pro baseball tournament advanced into the second round today.
The defending champion Halliburton Cementers of Duncan, Okla., defeated the Burbank, Calif., Lockheeds, 4 to 1. The 1938 champions, the Buford, Ga., Bona Allens, won an 11 to 2 victory over the Aurelia, Iowa Merchants. The Champlins of End, Okla., champions in 1936, trounced the Okemune, Okla., nine to 4.
Minter City, Miss., a town of 72 persons, sent more than a fifth of its population to the tournament, but the team was unable to hold off a late rally staged by Natrona, Penn., and the easterners won a close game 6 to 5 in 11 innings.
The Sanford, N. C., Spinners, defeated El Dorado, Kans., 12 to 4.

BUHL

Mrs. Maude Duff, Los Angeles, and Orville Duff, Grand Island, Neb., visited Grace Baxter last week.
Mrs. Biggett and three children, Ogden, Utah, arrived Friday to visit her parents, Mr. and Mrs. J. M. Wright.

ENVOY PREDICTS WAR IS NEARING

PHILADELPHIA, Aug. 18 (AP)—William C. Bullitt, U. S. ambassador to France, advised all possible aid to Great Britain and predicted "war is coming toward the Americas" in his first public speech since returning from the European war zone.

Bullitt told 5,000 persons at historic Independence hall last night the United States was in "imminent danger of Nazi invasion"—"in as great peril today as was France a year ago."

He was attended by members of the diplomatic corps, including Anthony J. Drexel Biddle, ambassador to Poland, and John Cudahy, ambassador to Belgium, as he delivered the address—approved by the state department. Bullitt spoke over a worldwide radio hookup as he endorsed the Burke-Wadsworth conscription bill and other defense policies.

It was voted to send Mr. Day word of appreciation of his services. A new director will be elected this week. Committee to work with Jaycees in promoting tonight's comic game is Stanley A. Webber, Jack Frost and Frank Briggs.

Mrs. Edward Hickman, Klamath Falls, Ore., and Mrs. Frank Griffen, Boise, sisters of Mrs. Olin Smith, and Mr. and Mrs. Ellis Shull, Myrtle Point, Ore., visited Thursday.

WHAT HOPS DO FOR BEER AND ALE

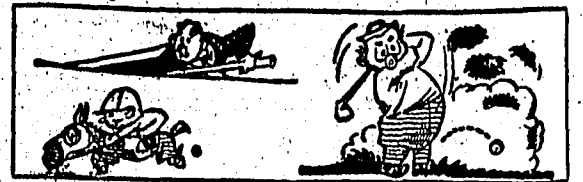

Hops are for flavor. They give to good beer and ale their lively, appetizing flavor, their pleasant, aromatic tang.
Brewers select and blend their hops with extreme care. In fact, every step in making beer and ale is conducted with masterly skill—to give you better-tasting, more wholesome beverages.
Now the brewing industry wants to do one thing more. It wants to protect your right to drink good beer and ale—by keeping the places where beer and ale are sold wholesome, too.
We want undesirable, anti-social establishments "cleaned-up or closed-up." A plan of action has already been put into effect in a number of states. This plan is being extended. We'd like you to know about it. Send for interesting free booklet.

Gooding Clinches Tie for Championship in SCI League Battle

Maddened Bull Gores Homer Holcomb; Bronc Riding Title Won by South Dakota Ace

By HAL WOOD
Evening Times Sports Editor
SUN VALLEY, Aug. 19—
The roughest, toughest and meanest bunch of horses and Brahma bulls ever to enter in this great pageant of the west, thrilled some 6,500 spectators here yesterday afternoon with some of the goriest action that many a hard-boiled westerner had ever seen.

Just Before Homer Was Caught
Here's a bit of action at Sun Valley yesterday—just before a wild Brahma bull caught Homer Holcomb, nationally famous clown, and did a little "roughing"—the result being a trip to the hospital for Homer with two fractured ribs. Just after the cameraman snapped this picture, the bull caught Homer and tossed him 10 feet through the air.

Featured by maddened Brahma bulls which raged about the arena and finally caught up with Homer Holcomb, popular clown, the Sun Valley rodeo saw Bill McMacken, Trail City, S. D., win the bronc-riding championship during the two-day meet, while the bulldogging went to Dick Herron, Carmel, Calif.
Calf roping championship was annexed by Roy Lewis, Taos, N. M., and the amateur bronc riding title went to Bill Watson, May, Ida.

With the usual splash of color that has featured all four of the resort events, a long parade, led by the Union Pacific band, started off the program, with Gov. C. A. Bottolfsen of Idaho riding in an ancient carriage, right behind. Mixed with many carriages and cowboys and cowgirls were the Gooding high school band, Twin Falls drum and bugle corps, Sons and Daughters of the American Legion (Ketchum post), a six-ox team, and Banrock and Shoshone Indians from Fort Hall.

Tangle incident of the day was when a maddened Brahma bull attacked the teasing Homer Holcomb, world famous rodeo clown who was born and reared at Filer. Homer stepped out of the way of the on-rushing animal, but the bull swerved enough to knock him down and then followed through to gore him. The animal was chased off and Holcomb made it to the fence. He was badly injured at the time. He refused it and went out to flag down another bull. The result was the bull caught him square and lifted him high in the air. He suffered two fractured ribs and minor bruises and contusions. He was in the Halley hospital today.

Prize for the wildest ride of the day on the broncs went to Al Fletcher, Carpenter, Calif., youth, who was tossed clean over the seven-foot fence by his bronc. Complete results of the rodeo follow:

Second-Place Pilots Gain On Salt Lake

By United Press
The second-place Boise Pilots trimmed another full game from Salt Lake's Pioneer league lead Sunday, defeating the Bees 8 to 7, in a five-hitting game. The Bees led by 3 1/2 games.

Two Salt Lake pitchers—Mel Ristau and Nig Tate—gave up 20 hits, while their teammates collected 12 off Rasmussen and Mentz. Lorenzen's home run inside the park in the fourth with one on, gave the Pilots the victory margin, and an equal split in the four-game series.

REDS 3, CARDS 4
BOISE, Aug. 19 (AP)—The Boise Pilots won their third game in a row to Idaho Falls—by a 12-10 count, despite the fact that Ken Myers, Twin Falls catcher, hit a home run and drove in a total of five runs.

Rain Saves Game For Indians as Tigers Are Beaten

NEW YORK, Aug. 19 (AP)—Good ball clubs are lucky and lucky ball clubs win pennants. Cleveland seems to fit that description.

The Indians were licked, 6-2 yesterday by the Browns when rain washed out the game in the tenth inning. The score was tied; 2-2, going into the tenth. The Browns made four runs but they didn't count because the rain halted the game before the Indians could bat in their half of the tenth.

Cowboys Lose Finale to Russets, 12-10
Gaining an even break in the eight games played on their road trip, the Twin Falls Cowboys today returned to the home fold and prepared to take on the league-leading Salt Lake City Bees in a three-game series starting here Tuesday night.

Last night the Wranglers got their third game in a row to Idaho Falls—by a 12-10 count, despite the fact that Ken Myers, Twin Falls catcher, hit a home run and drove in a total of five runs.

Blows 5-1 Lead
Last night the Cowboys held a 5-1 lead going into the last of the second, but Ned Rogers blew sky-high and the Russets pounded him for six runs in that frame to tuck the game away. The Cowboys were never able to recover from that setback, despite the fact that they collected a total of 11 hits—compared with 15 lashed out by Rogers and Art Carpenter.

Vernb Reynolds, John Arnerich and Myers each got two bingles for Twin Falls with Pete Hughes of the only runs in the Cowboy lineup, outside of the pitchers, failing to get a hit. Sheldon McConnell, Russset outfielder, and George Oldenberg, thrower, led their team, each with four safeties.

Keller, Livingston Combine to Bring 2 Victories Over Buhl

BUHL, Aug. 19 (Special)—Dee Keller, the veteran Gooding star, who went from behind the bat to the pitching mound when the north side hurling staff was in bad shape a month ago, pitched his team into a cinch tie for the SCI league championship here yesterday when for the second Sunday in a row he hurled and won two games.

Keller pitched 3-1 and 3-3 victories over Buhl in the two seven-inning games and now the worst his club can get is a tie for the league title. Shoshone also won both its games yesterday, but still has a postponed game to play with Buhl—a game it must win to stay in the running for the crown.

Yesterday it was Keller's hurling and Ross Livingston's big bat that brought the visiting club victory. In the first game Livingston hit a home run with a man on base in the first inning to clinch the game. He duplicated that performance in the first inning of the second contest when he got a four-ply swat with two on to provide Gooding team with a three-run margin.

In both games Buhl outdid the winners, but the extra base blows of Livingston and some faulty fielding accounted for the margin of victory. In the first contest, while Keller was giving up seven hits, Dick Atkins was allowing only six. Keller struck out 11 Buhl batters in this game.

The second game saw George Atkins allow only four hits—but still the home club couldn't win. Meanwhile, Keller was pitching steady ball and again gave up seven blows and this time struck out nine.

MURTAUGH 4-1, EDEN 0-8
MURTAUGH, Aug. 19 (Special)—Murtaugh's second division baseball club permanently knocked Eden out of the race for the SCI league championship here yesterday by taking the first game of a double bill on the last day of the season.

It isn't often that the Yankees sell a player out of their organization and regret it, but there's some criticism of the deal that sent Shortstop Eddie Miller from Kansas City to the Blues.

One of the big disappointments in the National League is Kirby Higbe, the Phillies' right-hander who started out to burn up the circuit and could have brought \$100,000 in May.

The L. D. in the name of Dutch Meyer, the Tigers' new second baseman, stands for Lambert Dayton. That charley horse is expected to keep Charley Gehring out another week.

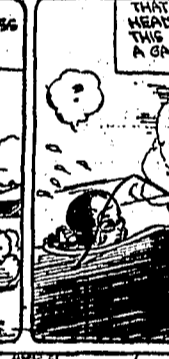

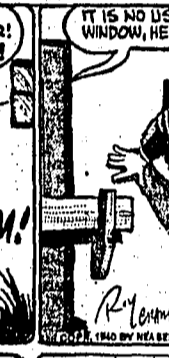

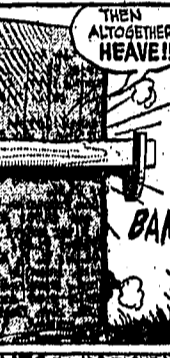

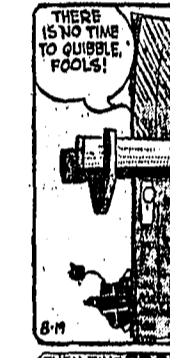

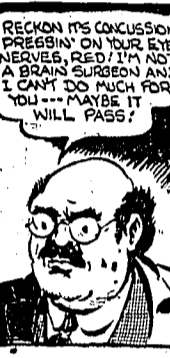

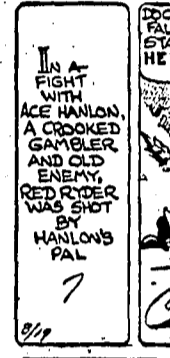

American leaguers are more than ever convinced that Freddie Hutchinson, the 21-year-old former Detroit ace, is not fast enough to be a stand-out pitcher.

Lady Luck Decides Varied Justice, Constable Posts

Lady Luck was to decide this afternoon the nominees who will run in November for five justice and constable posts in various Twin Falls county precincts.

Lady Luck entered the picture because write-in votes had produced five ties involving 19 persons. Actually 21 were involved, but two of these were deadlocked for two different jobs.

Drawing Today
As many of the deadlocked write-in choices as actually desire the offices were scheduled to meet with the board of commissioners this afternoon. They were to settle the ties by lot, probably by drawing names or numbers out of a hat.

Only after drawing of lots will the complete justice and constable line-up for November be known. The official canvass of the primary vote, however, definitely settled a number of races for those precinct offices.

In Twin Falls, the city's two veteran justices of the peace were nominated on both party tickets. They are H. M. Holler, Republican, and Guy T. Swope, Democrat. Holler received 1,664 G. O. P. votes and was written in by nine Democrats to give him No. 2 spot on the Bourbon ticket. Swope had 1,148 Democratic votes to win that nomination, and 89 ballots on the Republican side to place him No. 2 on that ticket.

Can't Run on Both
The maneuver of double nomination, arranged by friends of the two men to assure Twin Falls two experienced magistrates, succeeded in the primary but success now hinges on the Democratic and Republican central committee. Since Prosecutor Everett M. Sweeley said that neither man can run in November on both tickets, Holler and Swope must select the nomination they will accept. Then the committees have the power to fill the No. 2 spots on each ticket—if they so desire.

Efforts are underway to have the committees leave the second positions blank. It was understood today. If this is done, both would be certain of election in November.

Holler is the veteran G. O. P. incumbent; Swope was incumbent until two years ago, when H. N. Boland, nominated as second on the Republican ticket by two write-in votes, was swept into office in the general balloting by the 1938 G. O. P. upsurge. Boland did not seek nomination this year.

Other justice and constable results:
Charles W. Ronk, sr., was nominated in Twin Falls with 1,530 Republican votes. Democrats had no constable candidate on the ballot; L. F. Morse, with eight write-in votes, won the nomination if he wishes to take it.

PARADE PLANNED FOR CASSIA FAIR

BURLEY, Aug. 19 (Special) — With Burley's biggest parade now being planned, preparations for the Cassia county fair and Oregon Trail revue are moving forward rapidly, according to Ben Mahoney, secretary-manager.

A thin-cement floor is being laid in the agricultural exhibit building and will be ready for use when entries are taken the morning of Sept. 3. This will eliminate the dust conditions in this building in the past and will make possible a much better agricultural and educational display. A cement floor has been put in the girls' 4-H club building and all other buildings repaired to make for a better and bigger fair.

Work will be started this week on a curb and gutter which will extend the full length of the south side of the fair grounds. This will also provide for a drive-in entrance to the fair grounds off highway 30 which will lead directly to free parking ground and put the cars near the carnival which is not playing under a pay gate this year. No charge will be made where the cars enter.

Plans are now under way to stage a giant parade the afternoon of Wednesday, Sept. 4, beginning at 3 o'clock. F. G. (Brick) Thompson, chairman of the parade committee, and his parade assistant, Dave Bush, are working hard to assemble the largest and most attractive parade ever to pass through the streets of Burley.

It is hoped that many private and industrial business firms as well as group organizations will be represented with floats. At present a committee headed by Joe Weldon is working on the floats which will carry the revue cast and band, and the fair queen contestants for the 1941 fair. A national guard unit has been promised, a float from the Paul CCO camp, a float from the Cassia Rod and Gun club, several units of Boy Scouts and 4-H club members. Leon Greene's pet parade will be represented with a large unit. At least three bands will march in the parade and among them may be the Union Pacific band of Ogden.

Fifty people registered for emergency service, 35 members being Legionnaires and 15 non-members.

Those enrolled with the Legion will be catalogued and divided into squads, each with a captain, according to Ben Mahoney, secretary-manager.

CASTLEFORD DISTRICT DEMOCRATS nominated Mel Nihart for justice with 91 votes and Walt Reese with two write-in ballots. Republicans also nominated Nihart with six write-ins; Fred Pinkston, with three, is the other G. O. P. choice.

HARMON CHOSEN
Constable voting at Castleford saw Parley Harmon nominated by Democrats with five write-ins; Charles Perkins, Arthur Brown and Charles Shorthouse got one write-in apiece to tie for Republican nomination.

It was all write-in at Hollister, where Democrats picked D. Henstock, five votes, and N. W. Smith, three, for justices. Republicans wrote in one vote apiece for Oscar Peterson, E. E. Lathrop and Elvie Barry.

The constable voting on the Salmon tract showed W. H. Snyder figuring in both results. Republicans wrote in one vote each for Snyder, Frank Loser, L. V. Deane, A. E. Dobb, and Mr. Lathrop. Democrats deadlocked with three write-ins apiece were Mr. Henstock, Mr. Farrar, James Green and Mr. Snyder.

FIVE TO ATTEND PARTY SESSIONS

At least five members of the Twin Falls county Young Democratic club are expected to attend the state convention set for Grangeville Aug. 23, 24 and 25, it had been announced today by James Rynd, Twin Falls, chairman of the transportation committee.

Rynd said that the local members would join a caravan which forms at Boise at 8 p. m. Friday. Other south central Idaho delegates will be in the caravan.

Delivering the keynote speech at the convention will be Norman N. Little, Washington, D. C., assistant attorney general. Making the trip to Grangeville with Mr. Little will be Mrs. Verda Barnes, vice-president of the national association.

CANAL GIVES UP BODY OF MAN, 51

JEROME, Aug. 19 (Special) — No inquest will be held into the drowning of James H. Wheatcroft, 51, prominent local businessman whose body was found in a canal north-east of here Sunday at 4:10 p. m., it was announced this afternoon by Sheriff Lee S. Johnson, after a conference with Coroner J. R. Wiley.

The body of the man who had disappeared Thursday afternoon was found by Delbert Crowthers and Willard McMillan, farmers, at a point in "J" canal where it flows through the property of Fred Otto.

The body was located only after the water in the canal system had dropped after the headgates were shut Saturday afternoon.

Wheatcroft, who was manager of the Farmers' elevator and a past president of the Rotary club, had been suffering from headaches and had been ill for some time, friends said. His automobile was found on the main canal bank Friday by two boys who were rabbit hunting. When the sheriff and other officers arrived on the scene, tracks could be seen leading from the car to the water.

Funeral services will be held at 6:30 p. m. today at the Jerome funeral chapel with members of the Masonic lodge in full charge. Burial will be in the Jerome cemetery under the direction of D. A. L'Herisson, of the funeral chapel.

A federal survey of 3,000 key farms indicated that more than one-fourth of the farmers' trucks were 10 or more years old.

IN A TRADE IT'S THE MONEY DIFFERENCE THAT COUNTS

GET THIS ITEMIZED INVOICE WHEN YOU BUY AND

- ✓ Know what you're paying;
- ✓ Know what you're getting;
- ✓ See the value in the car;
- ✓ See all items in the price.

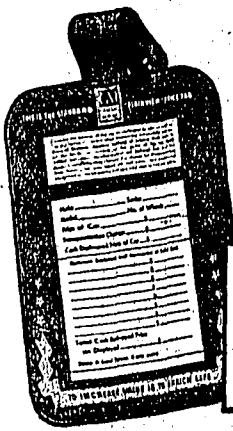

MOST people who buy automobiles these days have an old car to trade in. And many of them think they get the best "deal" when they buy where they get the biggest allowance for that car.

But as you can easily see, what really matters in a trade is the money difference between the old-car allowance and the new-car delivered price.

For the new-car delivered price may be "packed"—an extra amount may be slipped in to provide for a bigger allowance on the old car.

You think you get a better deal—but you may find you are actually paying out more money in the end.

To enable you to better understand the items which make up the price of the car you buy, General Motors

This is the standard price tag furnished by General Motors to its dealers to show what makes up the local delivered prices of new cars delivered to customers.
