

POP NOISES BLASTS DEMOCRATIC MACHINE IN CHICAGO

WILLKIE VOICES THREAT TO JAIL EVADERS OF TAX

By WILLIAM H. LAWRENCE
CHICAGO, Sept. 14 (AP)—Wendell Willkie attacked the Chicago-Kelly-Nash Democratic political machine and threatened to send the state tax evaders to jail.

After his six-month whirl before an estimated 1,000 Chicagoans yesterday, the Republican candidate had more speech left than when he got to the railroad station to board his special campaign train.

"To stiffen Chicago" Addressing nearly 1,000 persons who crowded around the observation platform, Willkie cracked back at U. S. Sen. Scott Lucas for making capital of his "to hell with Chicago" slogan before electrical workers in suburban Cicero yesterday.

"Watch the New Dealers—Sen. Scott Lucas and his gang—try to discover the cheating through who cheat me," Willkie said. "They can well be afraid. Any defender of the Kelly-Nash machine are in a tough spot."

"When I elected I'll take Kelly-Nash to the nether regions. No hellishness to them."

"People of Chicago: Get rid of them and I'll hold them there if there is no income tax settlements when I'm President. We'll send them where they ought to go."

"Thanks from the bottom of my heart and God bless you."

"Dear platform spectators were introduced for Willkie at Joliet, Morris, Oklawaha and La Salle, Ill. He was to leave the train for Peoria, Geneseo, Rock Island, Ill. and Danvers, Ia.

"To hell with Chicago" Incident which drew the sharpest Democratic retort to Willkie's Chicago remarks was made before 25,000 members of the Electric employes and officers of Cicero.

"Here in Chicago—Willkie beat it," he said.

"This is Cicero," some in the crowd yelled.

"You're right, we're in Cicero, to hell with Chicago," he said. "We're out of Kelly-Nash of Chicago."

Primary business His assignment of Chicago to eternal damnation is a revelation of primary business of the Willkie campaign, said Sen. Harold Lloyd, Illinois, head of the midwestern moderate campaign.

"I get the result of Willkie's media show invasion of Chicago yesterday will be, I predict, that the city will rebuke him next November and Roosevelt majority of 90,000 head of the previously expected 100,000, and that domestic will join the great metropolis in turning its profane insult back upon it."

Ostend and Antwerp," the air ministry said in describing the British counter-measures.

Raid Renewed
Renewal of German raid operations over London this afternoon followed all night attacks in which the "V" flying bombs were used.

High explosives dropped midway along the western side of the great central hall of the law courts, blasting four courtyards and the west and east wings, and the first, second and third chancery courts.

Nevertheless, responsible sources indicated that negotiations at Berlin that London surrender or be destroyed.

"No one source asked," it doesn't seem there is any more reason for surrender now than months ago.

The government and people are undismayed by German bombings. Food is plentiful. The homes are being carelessly another instance of wishy-washy propaganda. It is also a possible sign Germany is weaker under the leadership of Hitler than ever-growing royal air force counter blows.

Six Selected to Head Committee On Fall Opening

Committee to make arrangements for the annual fall opening of the merchants' bureau of the Chamber of Commerce was named this afternoon by Frank Cook, general chairman in charge of the event.

The fall opening this year will be held Friday and Saturday, Sept. 27 and 28, and will feature "new entertainments" according to Mr. Cook. Complete arrangements are scheduled to be made at a session set Monday night.

Members of the committee named today by Chairman Cook are H. A. Painter, Rialto (Bud) Kimb, Ernest Schiffer, Al Gilbert, Robert H. Warner and Jay Spracher.

HOLLISTER BOARD FIGHTS TAX WRIT

Claiming that further increase of taxes by the Hollister school board will bring continued decline in valuation, trustees of that district have filed answer today to a writ of mandate for a peremptory writ of injunction.

The board, fighting the state's effort to force a higher tax rate for 1940 in order to help retire Hollister district bonds, asked the district court to reject the state request for a writ. The answer also requested that costs of the suit be assessed against the state.

Set for trial

Hollister, focal point in controversy for the past several years because of the bond problem, set a 24 mill levy last June. That request, \$2.20 per \$100 assessed valuation. Although this is higher than the levy fixed by other independent districts, the state in a petition filed in district court Sept. 3 charged that the 22 mills will not be sufficient to handle regular expenses as well as bond payments.

Atty.-Gen. J. W. Taylor requested a writ forcing the Hollister board to make a levy and issuing a mandate to the county commissioners to make the board if the board does not.

Set for trial

The answer on file today analyzed the yearly slump in valuation of Hollister district since 1929. Private owners transferred their property within the district. Valuation increased, this valuation drop will continue until nothing is left except the utilities.

Valuation in 1929, the board said, was \$332,273. Last year, 10 years afterward, it had dropped to \$169,600. "Total valuation" fell from \$83,000 in 1929 to \$73,745 in 1939.

30 Mills Fretfully

The answer told the court that the Hollister school board has levied 30 mills, highest tax rate among the schools, but continuation of this high level would bring ruinous results to the valuation.

The answer was filed for the school district by Chapman and Chapman and James T. Murphy. The trustee-defendants are M. S. Knudson, Elwood Henstock, Ora Jones, R. O. Henstock, Virgil Jewett and M. P. Corak.

No Opposition

In the senate, Sen. Key Pittman, D. Nev., the gray-haired, slender legislator, presided, called the conference report for a vote 17 minutes after the members had convened. There was no opposition to the avails produce.

In the house, the report was laid down at 12:10 p. m. Under its rules, an hour debate was in order. No one seemed eager to use that much time, and the report was approved in about 25 minutes.

After the vote, senate isolationists held a "post mortem," Sen. Burton K. Wheeler, D. Mont., quoted an editorial that the draft should accept "strong, fine, smart and brutal men exclusively."

"You mothers of America," Wheeler said, "they say to you they will take your sons and train them to be young brutes. They will teach them that the sermon on the mount is wrong. They will teach them that the ten commandments are wrong."

Seen Today

Couple of youngsters carrying cardboard box, filled with water, across street. Right persons standing in front of local store one hour before grand opening this morning. Two young men in combat attire taking elevator ride up to county jail to await extradition on Okla. claim of horse theft. Group of boys on Seventh avenue east gleefully pelting motorists with bean-shooters. Booklet of old song favorites mailed out by Willkie New York office with this week.

"For the night shall be filled with music, and the cares of a New Deal day shall fold their tents like the Arabs and silently sink away." And four boys engaged in heated fistfights at farm labor camp.

liable to a 30-year imprisonment. He is a second offender, having served a term for white slavery 27 years ago, and the Hauness habitual criminal law is applicable.

Scales had written all night in the courtroom for the verdict, which came at 8 a. m., after 17 1/2 hours of deliberation.

Scales' previous conviction was in 1913, when he was sentenced to four and a half years in the federal penitentiary at Atlanta, Ga., for the same offense. He was making his third attempt to regain his civil rights through a presidential pardon at the time of his arrest on the theft charge.

SCHOOL DISTRICT FINISHES CENSUS

Census of the school-age population in the Twin Falls school district has been completed, Ernest F. Stettler, clerk of the board of trustees, announced today.

Three census-takers carried out the annual count requested by law. They were Mrs. R. V. Jones, Mrs. Lena Johnson and J. E. Tomlin.

Complete results of the county-wide listing of the enumerators to 21 years of age, inclusive—will not be known definitely for some time since the census will be checked with the annual state census that will be held in October. That check-up reveals many additional names which had not been included during efforts of the enumerators.

When completed, the school-age census roll will be submitted to Mrs. Doris Stradley, county superintendent of public instruction. A similar count must be taken by all school districts in the state. It is now underway in the other school districts but no completed results have yet been turned in, Mrs. Stradley said.

MEDICOS HONOR TWIN FALLS MAN

SUN VALLEY, Sept. 14 (AP)—Dr. A. N. Newton of Pocatello today took over duties as president of the Idaho state medical association at the close of the group's annual convention.

Dr. Paul Ellis of Wallace was chosen president-elect to take office next year.

Other officers were: Dr. F. D. Jessen, Boise, secretary; Dr. W. E. Shellenbarger, Chubbuck, O., will be principal speaker. Three services will be held Sunday, at 11 a. m., 2:30 p. m. and 8 p. m.

ESTATE WILLED TO LOOF LODGE

The fraternal lodge which formed the chief social interest of aged Charles Brockstedt, died today through his death, the sole beneficiary of a \$7,000 estate.

That was revealed today as Mr. Brockstedt's will was filed for probate in Twin Falls.

The fraternal group named as beneficiary in Twin Falls lodge was the Order of Odd Fellows, No. C. Clark, an officer of that lodge, filed Mr. Brockstedt's will today and administered probate courts that lodge has instructed him to seek administrative authority. The holographic will—written in long-hand and un-witnessed—names the late resident's next of kin, who are nephews and niece all living at Peolota, Estado do Rio Grande do Sul, Brazil.

Mr. Brockstedt died Aug. 31 in Twin Falls at the age of 80. His estate includes the Twin Falls lodge and buildings plus some \$2,000 in personal property.

The petitioner informed the court that he will care for the late resident's own householding.

George M. Paulson and Edward Babcock are counsel for the I. O. O. F. officer. Hearing will be Sept. 26.

The civil population of the Canal zone in 1939 was 29,918, of whom 8,000 were American.

400,000 MEN TO BE DRAFTED SOON

(From Page One)
Both Mr. Roosevelt and his opponent in the November election, Republican Presidential Nominee Wendell L. Willkie—came out in favor of conscription which congress was debating the issue.

The bill provides that not more than 900,000 draftees shall be inducted into the service in any one time. The navy may take some conscripts next year. Use of the conscript army is restricted to the western hemisphere and U. S. possessions and territories, including the Philippine Islands.

The measure also carries a job-protection clause for draftees. Unless it is "impossible or unreasonable" to do so, private firms will be required to give jobs back to conscripts after they have completed their period of "satisfactory" service and proved that the draft files application for re-employment training.

A draftee is not given back his old job, he may petition the U. S. courts. If employed by the government, his job is restored automatically.

When the final action came today, the galleries which had been packed during the session, were mostly filled. Many members of congress were taken unaware by the rapidity of the action.

No Opposition

In the senate, Sen. Key Pittman, D. Nev., the gray-haired, slender legislator, presided, called the conference report for a vote 17 minutes after the members had convened. There was no opposition to the avails produce.

In the house, the report was laid down at 12:10 p. m. Under its rules, an hour debate was in order. No one seemed eager to use that much time, and the report was approved in about 25 minutes.

WILLKIE'S VOICE SHOWS WEAKENING

PEORIA, Ill., Sept. 14 (AP)—Wendell Willkie's voice began to show signs of giving out today after a whirlwind start of his western campaign trip and his party sent for a throat specialist.

Willkie's aides were alarmed last night when he was unable to stand the strain of back platform talks plus a 45-minute nationally broadcast speech from Coffeyville, Kan., Monday.

NEW APPLE CROP GOES TO MARKET

Magic Valley's 1940 crop of apples had begun moving to market today.

First carload of the new apples went out in the Twin Falls district Friday, according to Fred O. Farmer, Union Pacific freight agent here. The car consisted of the "twice-ripe" variety of apples.

What is a Bulb Snatcher

A bulb snatcher is a character who goes around stealing lamp bulbs from one fixture for use in another. Another trick of his is to replace a bulb of proper wattage with a bulb of much smaller wattage. Results of his ruggare are headache and strain for other members of the household when they are forced to get along with improper light.

DAMAGES SLIGHT AS HAIL FALLS

Little material damage resulted from a series of scattered hail storms which struck this section of Idaho yesterday afternoon, a check by the Idaho Evening Times revealed today.

At the Jerome county agent's office it was reported no new or any of the hail damage had been reported that county. Likewise agents at Burley and Gooding announced no reports of damage. At Burley the hail was light.

Only damage reported in this locality was in the Miller-Murtagh section where some farmers reported beans "dusted" in the fields as the hail stones split the pods. Some damage was noted to sugar beet tops and potato tops.

Gold Star Mother Concludes Visit

Mrs. Winifred W. Gardner, Akron, O., left yesterday for Portland and San Francisco, following several days' visit with her sister, Mrs. E. A. Landon. Mrs. Gardner, a Gold Star mother, made the pilgrimage to France in 1918 as one of the guests of the United States government.

Dedication Looms for Federation's Lookout

Dedication of Rural Federation Lookout, scenic rock-walled turnout at the end of Washington street north, overlooking Snake river canyon, will probably be held the middle of October, Mrs. R. E. Commons, now president of the Rural Federation, announced today.

Already 25 feet of the 125-foot native rock and cement wall, which will outline the rim of the canyon drive, have been constructed by the Twin Falls highway district and WPA workmen, according to Mrs. Commons. Just a year ago this month, Mrs. B. Lindsay, inspired by the beauty of the canyon from that point, in contrast to the ugliness of the canyon, weeds and rubbish that cluttered between the canyon rim and the Washington street turning, suggested to the Rural Federation that they sponsor an improvement project.

POT SHOTS WITH The Gentleman in the Third Row Obie and the Infant

SERIAL STORY THIS COULD BE YOUR STORY BY MARGUERITE GAHAGAN

OUR COUNTRY BY HERWOOD ANDERSON

A "Seventh Column"? How about mixing a fine metaphor in true Irish style, and saying that the fifth column is now on the other foot?

Reports from several of the occupied countries of Europe suggest that a little fifth columning is now being tried in reverse. Like this: Hitler takes over a country, with the aid of sympathizers within, who sabotage and disorganize defense.

As the initial shock wears off, these people begin to turn their resentment into deeds, small and unorganized at first, but later more daring and better organized, which tend to undermine the occupying forces.

For instance, three Norwegians have been sentenced to death for radioing information to the British. That is merely a straw. The wind evidently blows in such a way as to indicate widespread spying by Norwegians, and a constant relaying of information to the British.

Similarly in Denmark, one air raid in particular suggested "inside collaboration." There were four oil tanks in this town, and air raiders concentrated on only two of them, ignoring the other two. They were empty.

Repressive measures have had to be taken by the invaders against the Dutch for "non-cooperation" and there are rumors that extensive sabotage has taken place in the Skoda munitions works seized from the Czechs when that country was overrun.

For Pot Shots, Seen Today, We the People of Where were you on the night of June 17-18, W. I. McFarland is still chucking over the books of construction and the high interest exhibited by three women at the fair when Obie, the taller (not Omar) put on an act for them.

It seems that Mac found Obie standing on the midway with a small baby in his arms, and jokingly asked "Where'd you get the baby, Obie?" And Obie, for the benefit of a couple of women onlookers and overhears, was a tale of how over a woman had thrust the baby into his arms and then made off through the crowd over an hour before. The women evinced real interest, made suggestions, offered to call the police. But Obie remained steadfast and said if it was necessary he would take the infant home and rear it.

The baby was Obie's grandson (for grandpa) and had been left with him for safekeeping by its parents not more than 10 minutes earlier.

ALL PULLING TOGETHER FOR AMERICA, NOT Dear Shot Pots: I am glad to see you are back because I have a very special ketchup you see, Pot. I have just learned that several national guardmen within Magic Valley have been fired from their jobs so that their employers will not have to hire them back at the end of their year's training.

Now it seems to me that this is a lousy thing to do, not to mention a few adjectives such as unpatriotic and un-American.

Private Doe Who Is It Dept.

It was all confused, rather fascinating and yet annoying to one who, like Sue Mary, had a passion for cleanliness and order. Even while her eyes widened in wonder and she burst into laughter at the sight of the red and green tub in the old-fashioned bathroom, she had an almost overpowering desire to pick up a bar of soap and scour the grimy gray ring away from the sides.

They were nearly all young, many with the colorful personal names and the foreign sounding names. And yet there had been some who reminded Sue Mary of the boys and girls with whom she had gone to school.

Only they all talked at though they were arguing to make the world. Right now they were considering a mass meeting to be staged by the Youth Progress group.

It felt bothered her. Remembering that was the dark spot in the evening. She opened the window and the wind blew in. Tomorrow she would get up early and start back on their familiar routine at the office. Today there had been a high tide in being with young people; with those who had the crusader's drive and fire.

It is a sickening thought—the final surrender to the Axis. It must be stopped. Man must regain his feeling for man. And why not here, in America? It is still a new, fresh land. All of our traditions cry out against surrender of freedom of movement, of speech, of the right of the individual to his way of life.

HOLD EVERYTHING

Have you any dog biscuits?

REYDER
SHE DAD! DO YOU SUPPOSE THAT MARRIED MAN IS GOING TO HOLD UP THE TRAIN?
GET DOWN, YOU! HE'S GOING TO HOLD UP SOMETHING!
THERE'S ANOTHER NED TO THAT STONE!
If you care, write your letter to this country alive.

MILLIONS OUT OF WORK! BUY SHEET METAL. JOHN GOING BEGGING! It's hard to believe, isn't it? Yet, with the government defense program getting under way, trained men are hard to find. Particularly trained sheet metal men who can do gas and electric welding, painting, layout, design and fabricating. It is estimated 60 per cent of the workers in the aviation industry are sheet metal workers, and this is only one of the hundreds needing trained sheet metal men. If you want to get into this field, there are hundreds of possibilities with big pay jobs, or write today for information on the new Adcock Sheet Metal course. It's your first step to a big pay job. L. A. Adcox, president, Dept. No. 14, Adcox Trade School, 221 N. Broadway, Portland, Ore.

BRITISH CONCENTRATION CAMPS BREAKING NAZI INVASION

BOMBERS ATTACK CENTRAL GERMAN MILITARY POINTS

By J. W. MASON
By the Staff Press Wire Report

For the last 48 hours British bombers have been concentrating their attacks against possible German preparations for an invasion. There have been no retaliatory raids over Berlin, despite the provocation of German air assaults on Buckingham Palace. The British high command is now giving major attention to the primary military objective of disrupting invasion plans. Railway junctions, concentration points and channel ports along the German occupied coast have been heavily attacked. No exact results or serious dislocation and damage have resulted. It may be significant that simultaneous with these assaults, dispatches from Berlin are beginning to say that an invasion must await further preparation by Germany.

Air Force Important

A Berlin report said today the Germans are seeing how air power can be decisive in warfare. One British air defense and fact-finding mission of planes was demolished, this informant added, when invasion becomes only a secondary technical affair. Judged by this factor, this statement seems to mean that invasion should await annihilation of the British air force, which is far from having taken place.

Still further delay of an invasion is suggested by General Paul Hoesler, chief of the German air force in the Berlin Boerzen Zeitung, a newspaper of high financial authority. He stated that the German strategy consisted first of destroying the British air force, then cutting off British foreign trade—making total blockade effective—and after that, an invasion.

Caution Discarded

Hitherto Berlin has been cautious about invasion speculations. The present discussions are the first to find their way abroad. The German high command, of course, would not announce in advance that an invasion was immediately to occur. While it might inspire stories of delay to try to catch the British off guard, yet the caution of Berlin commentators cannot be dismissed lightly.

The British, however, are taking no chances, as their bombing concentrations against channel military objectives, railway junctions and channel ports and troop assemblages indicate. Too, it was observed reported from Gibraltar yesterday three French light cruisers and three French destroyers had passed into the Atlantic from the Mediterranean where they were engaged in British possession. These ships, comparatively new and of great value for operations against an invasion must be considered to be bound for the channel.

Invasion Plans Complete

All preparations to defeat an invasion, including advance air activities, have been taken, and are now operative. It would seem that militarily the Germans now have serious notice of British advance action against an invasion, especially while the British air force still has high striking power.

The Berlin invasion comments may point to this fact. If so, to fix a date for an invasion is still would be foolhardy; and this is justification for Prime Minister Churchill's assertion that though an invasion may come, it may not come at all.

C. W. Ross Heads Burley Trustees

BURLEY, Sept. 14 (Special)—C. W. Ross was named chairman of Burley school board at a business meeting this week, with E. Crane elected treasurer and M. W. Couch as clerk.

Increased enrollment in the Burley schools has necessitated the employment of one more teacher. Figures indicated there is a decrease of 10 pupils in the elementary schools, and the same enrollment in the senior high school, but in the junior high school there is an increase of 26 pupils over last year. The total enrollment for this year there are 100.

A leave of absence was granted to Jimmie Hays, who will serve in the national guard this year, and a leave also granted to Mrs. Mary Stevens because of illness.

Resignation of Miss Helen Barrett, recently married, was accepted, but Mrs. Helen Hays named to her place. Elliott Hunter was named for junior high music, and Miss Billie Sullivan will teach physical education in the junior high school.

Approval was made by Hazel Nelson district 24 temporarily to consolidate with the Burley school. Yale district and Miller were also consolidated for this year. Under these consolidations these common school districts will have an enrollment of 1,100 and pay cost of pupil transportation in cases where they file Burley school zone.

Adopted of 1939-40 school year by Orland Hutton was accepted. The audit showed a total of \$14,000 in bonds paid off during the year. The school budget for 1940-41 was accepted, being slightly below that of last year.

Local Man Named To Direct Estate

An Illinois woman today had requested appointment of J. P. Marshall, Twin Falls, as administrator of the Idaho portion of her husband's estate.

The petition was filed for Mrs. Elie A. Packard, Linnak, Ill., by John W. Graham, attorney. The estate is that of Thomas I. Packard, who died in the middle of the year. Farm property in Illinois and Twin Falls county and other real estate are valued at \$100,000 and two sons are heirs.

War Driving Italians to Wear Shorts

ROME, Sept. 14 (Special)—The Italian government has started a campaign today to get Italian men out of trousers and into shorts as part of Italy's effort to become self-sustaining despite the British blockade.

The report adds that the rains, however, caused some interruption to having the harvesting and threshing of late grains and the picking of peaches and pears.

Harvesting and threshing of grains in the late districts the report shows, continues while it is completed in some localities. Picking of peaches and pears made good advance and is about finished in some districts.

Corn, beans, late potatoes and late peas are maturing in good condition and corn is being cut for silage in some localities. Pastures and ranges show improvement since the rains and livestock continues in good flesh. Haymaking was active throughout the week, except during the rainy weather interruption.

The report shows that the rains have put the soil in very good condition for fall plowing and fall seeding and these activities are now being resumed.

Magie Valley Reports
 Following are three reports received from as many counties, with the reporting station being listed in each case.

Elmore county, Mountain Home: Light rain on Aug. 4. Corn hardening nicely. Peas good, third crop of alfalfa being cut, good rain over ranges.

Lincoln county, Richfield: Harvest of grains almost completed; corn, beans and potatoes looking good; meadows and truck crops dry; pastures and ranges dry.

Twin Falls county, Burley: Peaches and prunes ripe and picked; bean harvest and threshing continue.

2-Hour-Old Infant Found On Doorstep

VICTOR, Ida, Sept. 14 (Special)—A two-hour-old infant was found on a doorstep in Victor, Idaho, today. The child was discovered by a woman who lives on the street.

The child was discovered a week ago after Hutton, a forest ranger, received a telephone call from an unidentified man.

RAIN BENEFICIAL FOR LATE CROPS

Rains during the week ending Sept. 12 were highly beneficial for growing crops and for conditioning the soil for fall plowing and seeding of winter grains, a report received here today from the U. S. department of commerce weather bureau shows.

The report adds that the rains, however, caused some interruption to having the harvesting and threshing of late grains and the picking of peaches and pears.
