RESIDENT SETS REGISTRATION FOR OCT. 16

Texas Solon Is Chosen Leader to Follow Bankhead

By LYLE C. WILSON
WASHINGTON, Sept. 16 (U.P.)—Congress, President Roosevelt, cabinet members and a supreme court justice today participated in a state funeral for the late speaker of the house, William B. Bankhead of Alabama, in the chamber over which he has presided since 1936.

The rites were conducted shortly after the house had elected Rep. Sam Rayburn, Texas Democrat, to succeed Bankhead, who died early Sunday morning after a brief illness.

Rayburn was selected for the speakership as Bankhead's body lay in state in the flower-decked chamber. He immediately appointed a four-man committee to superintend funeral arrangements and a 60-man committee to attend Bankhead's burial services at Tuscaloosa.

Before the house services began, Rep. Henry B. Steagall, D. Ala., director of the Alabama home department, suggested that the speaker in an address to the chamber.

Republican leader Bankhead was a member of the House of Representatives for 21 years, serving as speaker from 1936 to 1940.

Bankhead died shortly after midnight yesterday in Naval hospital following a rupture of the aorta. He had been in the hospital for several days.

Bankhead had served in congress since March 3, 1917, and one time was a member of the cabinet. He was a member of the House of Representatives for 21 years, serving as speaker from 1936 to 1940.

WILLKIE EXPECTS DICTATORSHIP IF ROOSEVELT WINS

By WILLIAM H. LAWRENCE
COFFEYVILLE, Kan., Sept. 16 (U.P.)—Wendell L. Willkie predicted today that a reelection of President Roosevelt would result in an American totalitarian government before the end of the "long third term."

"The Republican presidential nominee said another four years of Mr. Roosevelt's administration, which he charged had 'materially assisted Hitler in his aggressive plans and estrained our democratic institutions to the breaking point,' would lead to dictatorship."

"The doubt in the President's heart," Willkie said, "has weakened this country that Mr. Roosevelt is being pushed—I believe against his will—toward unconstitutional government."

"He is being pushed by the foreign situation in which he considers himself justified in violating the constitution."

"He is being pushed by the failure of his own domestic policies to relieve us of unemployment, which has been the result of dictatorship in other lands."

"He is being pushed by his own incompetence in dealing with American industry, an incompetence from which his only escape can be confiscation of our unfreeled enterprise."

"He is being pushed by his cynical advisers, who have intended all sorts of tricks to short-circuit the democratic process."

Glenn Frank, Noted GOP Leader, Killed In Wisconsin Crash

GREEN BAY, Wis., Sept. 16 (U.P.)—Wisconsin voters will pause an extra minute over the name, Glenn Frank, when they mark their primary election ballots tomorrow, and many will also recall a name.

Sudden death in a skidding automobile Sunday night cut short the career of the noted educator, former president of the University of Wisconsin and chairman of the Republican policy committee, who was seeking the party's nomination for U. S. senator. He was 53.

Frank, son of Glenn, Jr., 21, driver of the car, also was killed and Theodore Stumpf, their house man, was injured. The son was a reporter on the Madison State Journal.

Their automobile, speeding to a campaign engagement, failed to take a sharp curve near here.

Election officials said printing of ballots for Tuesday's primary was completed and Frank's name would appear against six other Republican candidates for the senator nomination.

If his name should receive a plurality, they said, the state committee would name a nominee.

Frank became the center of national discussion when he was ousted as president of the University of Wisconsin in 1937 after stormy hearings. He blamed the Gov. Philip F. LaFollette for the ouster. During the present campaign, Frank had promised to "stamp out LaFollette."

ENGLISH PILOTS BAG 185 GERMAN PLANES SUNDAY

LONDON, Sept. 16 (U.P.)—German warplanes were destroyed 185 during repeated "hitler" air raids during today after fierce battles Sunday in which a record-breaking total of 185 German planes or one third of the attacking fleet, was officially reported to have been destroyed.

Heavy anti-aircraft barrage in the London area greeted Nazi planes—most of them apparently on reconnaissance during the fourth air raid alarm of the day.

The German raiders flew directly over London, where heavy machine-gunning was heard.

Squadrons Intercepted
Other German squadrons flew in from the southeast coast heading toward London, but were intercepted and driven back toward France.

Meanwhile, it was disclosed the famous gallery in the museum by a bomb during last week's raids, but officials said all art treasures had been removed.

The raid Sunday, which was proceeding down the Thames during Sunday's raids, had shot down a German bomber.

It also was disclosed police, soldiers and air raid workers had extinguished two fire outbreaks which were dropped Sunday near Buckingham palace, which has been bombed three times. The bombs were carried to the edge of a small lake in the palace park.

Conscription Act Signed; 16,500,000 Eligible to Draft

By JOHN REICHMANN
WASHINGTON, Sept. 16 (U.P.)—President Roosevelt today proclaimed Oct. 16 as registration day under the new conscription law.

The President proclaimed that date immediately after signing the unprecedented law at 2:09 p. m. CST.

All men of 21 to 35, inclusive, will register for selection for compulsory military service. About 16,500,000 men must register.

Signing of the law and the fixing of a registration day came two days after congress passed the measure.

The registration will take place at 101 g. places throughout the country from 7 a. m. to 9 p. m. on Oct. 16.

In the proclamation fixing the registration day, Mr. Roosevelt declared: "America stands at the crossroads of its destiny."

"Time and an distance have been shortened. A few weeks have seen great nations fall. We cannot remain indifferent to the philosophy of force now rampant in the world. The terrible fate of nations whose weakness invited attack is too well known to us all.

SENATOR TRAILS IN NEW MEXICO

SANTA FE, N. M., Sept. 16 (U.P.)—Return from outlying parts of the state was expected today by the first direct primary, held Saturday.

Most of the 10 divisions which had not reported were in the northern part of the state. Spanish-speaking counties which supposedly are Chavez strongholds.

Chavez supporters predicted returns from these counties would swing the nomination to the incumbent.

Gov. John E. Miles held almost a 50-50 lead over former Gov. Clyde Tingley, mayor of Albuquerque.

MONTANA POPULATION GAINS
WASHINGTON, Sept. 16 (U.P.)—The census bureau announced today the population of Montana showed an increase of 16,526, or 3.1 per cent in the 10 years, totaling 554,138 compared with 537,600.

Guards Officially Become "Regulars" On U. S. Army Duty

The 16th engineers of Hull, Twin Falls and Burley, the medical detachment, Twin Falls, and the 4th ordnance company, Jerome, today ceased to exist as units of the Idaho national guard—and officers and men all became members of the regular United States army.

Members of the various units this morning started a one-year's "hitch" in service of the country and a week from today will entrain for the coast and permanent camp.

In Twin Falls, the army, located in the basement of the American Legion hall, assumed the aspect of a regular army post with guards patrolling the sidewalks outside the structure.

Inside the armory, on the front lawn and also in the various groups of the 90 members of the local company were drilling, studying the latest rules and regulations and also receiving equipment.

Officers this morning were given physical examinations with no less than three physicians and one dental giving them the "once over" of the military unit and a week of the physical this afternoon while examination of the men in all units is expected to start late this afternoon or tomorrow morning.

Company members started to "run the gauntlet" probably starting Wednesday morning.

INITIATIVE BILL TERMED ILLEGAL

BOISE, Sept. 16 (U.P.)—An initiative measure calling for county control of the state's liquor industry was today ruled illegal by the state supreme court.

Attorneys for W. E. Henke and Chester Hancock, Boise merchants who filed the suit, filed the supreme court decision in the state supreme court.

The court's decision was a major victory for Henke and Hancock, who had argued that the initiative was unconstitutional.

MARRIED MEN ON DEFERRED LISTS

WASHINGTON, Sept. 16 (U.P.)—All married men, regardless of the financial independence of their wives or children, will be deferred from the first draft call, according to a new regulation.

This will reduce the number of men who otherwise would be Class C-1 material for the draft. But the army anticipates no difficulty in reaching the 400,000-man goal set for this fall's initial conscription, which will total 1,000,000 men later and that 400,000 is only 24 per cent of this total.

WILLKIE BLAMES 'CRISIS' ON FDR

ABOARD WILLKIE CAMPAIGN SPECIAL EN ROUTE TO COFFEYVILLE, Kan., Sept. 16 (U.P.)—Wendell L. Willkie charged today that President Roosevelt had contributed to the world crisis by failing to restore prosperity in this country.

Carrying his campaign into court and before a crowd gathered in front of the Pocatello hotel, Willkie, his voice almost completely hoarse, said that if he is elected he will revitalize business and industry and make the nation so strong that "no dictator will dare seek to strike."

NATION MOURNS LOSS OF NOTED BANKHEAD FAMILY MEMBER

FATHER, BROTHER BOTH SENATORS FROM ALABAMA

WASHINGTON, Sept. 16 (AP)—Loss of William B. Bankhead, speaker of the house of representatives since 1939, today was termed here as "a loss to the nation" by co-workers in congress.

Born of a family that has been represented in congress for the past 50 years, the speaker was one of the better known Americans.

William Brockman Bankhead became speaker of the house of representatives in 1939 because of his good nature, his long term in congress and an excellent record. He died of the death of his friend and predecessor, Joseph W. Byrns.

Bankhead had been an opponent of Byrns when the Democrats organized the 74th congress but the Tennessee congressman outmaneuvered him. Bankhead's defeat with good grace and became majority leader. When Byrns died suddenly and a successor's point was not made, Bankhead's defeat was so that the legislative machinery would not stop. Bankhead was the logical man. He had represented the seventh Alabama district since 1917.

The Bankhead family long has been known in politics. Bankhead's father, John Hollis Bankhead, was a U. S. senator for many years, while his brother, John Hollis Bankhead, was a U. S. senator for many years. Bankhead was born April 12, 1874, on a farm near the town of Washington, Ala. He was educated at the University of Alabama, where he was a star footballer on the school's first football team.

Studied at Georgetown

He was awarded his A. B. degree in 1895. He then went to Washington to study law with his father, and in 1895, after attending school two years, was awarded an LL.B. by the Georgetown University law school.

But Bankhead wanted to go to places. So shortly after he went to New York City and was admitted to his shingle and joined Tammany Hall.

Bankhead, at this point in his career, was on the stage as a life work. Good looking, he thought theatrical work would be a good thing. A life work could be found.

Bankhead's mother, however, had different views. Legend has it that she was the first woman to offer a life work to a man. She offered him a chance to make a start in theatrical work, but he had already accepted it when she offered it. He was, by dint of much arguing, dissuaded him from the idea.

In a short time young Bankhead returned to his father's home, and, longing for the quiet, restful Alabama hills, he moved to Huntsville, where he fell in love and married Ida Eugenia Sledge, of Memphis.

The union resulted in two children, both of whom are well known to the public. Tallulah—the name is supposed to be Indian, and has been in the Bankhead family for generations—is one of America's most famous stage stars, and Eugenia—now Mrs. Eugenia Bankhead Hoyt, of Fairfax, Va.—is known for her frequent marriages.

Children Left Motherless

The children were still young, however, when Bankhead's wife died. He moved to Jasper, Ala., so that his mother could help take care of the children, and immediately joined in a law partnership with his brother, John.

In the next few years Will took an active part in local politics, and served in the state legislature.

He married Miss Florence McGuire, of Jasper, and then in 1914 was named majority leader of the house. He was a patient in Washington's naval hospital when he was chosen for the latter post, and not once was he able to appear on the floor during the entire first session of the 74th congress.

He returned to his congressional post in 1926, however, apparently in excellent health. On June 4, 1936, Bankhead was selected as speaker of the house.

FARM CAMP PAIR FACES SENTENCE

Two youths from the federal farm camp will be sentenced in probate court at 10 a. m. Tuesday on charges of petty larceny, and a third boy will face juvenile authorities on the same accusation.

All three entered pleas of guilty at arraignment today before Judge C. A. Bailey. They are Earl Ballard, Ben Boas and Edwin Bambo. When Bambo advised Judge Bailey he is only 17, his case was transferred to the juvenile jurisdiction.

Complaints against the youths were signed by Deputy Sheriff Claude Wiley. The boys are accused of breaking into automobiles and taking a camera, auto tools, cooking utensils and some money Sept. 1.

The trio is now in county jail.

Bank and Trust Buys Steer, Then Gives It to FFA

Because the Twin Falls Bank and Trust company purchased a champion steer and then gave it to the Future Farmer chapters in this county, treasurers of four P. F. A. units had received unexpected news today to start the 1940-41 school year.

The bank purchased the champion steer entered at the P. F. A. and 4-H club division at the Twin Falls county fair by Naomi Otley, Elba. Paying the impressive price of 31 cents per pound, the bank then donated the steer to the county's P. F. A. organizations.

These immediately placed the steer up for re-sale, disposing of the animal at 12 1/2 cents per pound to Galloway, Twin Falls.

Proceeds have been divided among Buhl, Piler, Kimberly-Mauraha and Twin Falls P. F. A. chapters. The money probably will be used by each group in the buying of better livestock, several chapter advisers said.

The Bank and Trust company also purchased the grand champion lamb entered by Leonard Winkle, Piler. Price was 39 cents per pound.

INSISTENT

A World war veteran and rural mail carrier insisted that he be permitted to attend training camp with the Idaho national guard for the next year and because of this fact, President Roosevelt intervened and the man will go.

The man is George H. Burdick, Twin Falls, who is married and the father of three children. When the guard mobilization came he attempted to waive being discharged because of dependents. The waiver was not allowed, however, so Burdick appealed to Idaho's representatives in congress and to the President.

Through the postoffice department, President Roosevelt ordered that Mr. Burdick be permitted to carry the rural mail in order that her husband might attend the year's camp. He is a member of the medical detachment.

In the World War Burdick served with the Second Kansas infantry, 52nd field artillery and also the 130th field artillery regiments.

60,500 NATIONAL GUARDS ANSWER CALL TO COLORS

YEARS' TRAINING SCHEDULED WITH REGULAR TROOPS

WASHINGTON, Sept. 16 (AP)—The first contingent of national guardsmen—60,500 from 26 states—answered President Roosevelt's mobilization call today.

The national guardsmen were called to the colors by the President two weeks ago for a year of training with the regular army. He acted under the national guard mobilization act.

The guardsmen reported today at armories where they have drilled once a week in recent years to receive full equipment, undergo physical examinations and take the oath of allegiance to the United States government. Within 10 days the army is expected to absorb them at training centers previously designated.

During the first two weeks guard units will be reduced about 15 percent by resignations of those with dependents, physical disability and because some are needed in important defense jobs. These losses will be made up by a recruiting drive.

The guardsmen called up today are the first contingent under a plan which ultimately will take in all the guard and a large part of the nation's reserve officers and enlisted men.

Another group of 55,000 guardsmen will be called about Oct. 15; 85,000 about Nov. 15, and about 40,000 Dec. 1.

Hen Quits Egg-Laying for Crowing!

The chicken, shown above being held by Rev. Calvin E. Lichty, 211 Locust street, used to lay eggs but now contents itself by crowing like a rooster in its pen at the gear of the Lichty home. Local "chicken experts" say this condition is extremely rare. (Times Photo and Engraving)

This Hen Flouts Nature and Seems to Be a Rooster Now!

By O. A. KELMER

She used to say "look, look, look what I did," but now she says "cock-a-doodle-do."

This might appropriately describe a hen which is owned by Rev. Calvin E. Lichty, 211 Locust street.

Today the minister revealed that the hen, a Rhode Island Red, laid eggs up until about July 1 of this year. Then a change started to take place.

The laying of eggs ceased. The hen became listless and appeared to have some kind of an obstruction in its throat. Rev. and Mrs. Lichty came to the conclusion that there was nothing left to do but kill the hen.

Then a sudden change took place. The hen "perked up" and seemed to take a new interest in life. One morning, early, she crowed a little.

The owner wasn't quite sure that his ears were working right so he continued to observe the hen closely. Sure enough, the hen was crowing.

This morning, when this writer visited the Lichty home to take a picture, the hen was emitting a series of lusty "crows."

Through a strange quirk of nature, Lichty's hen has apparently changed into a rooster.

CLUB WILL HEAR FAR EAST CRISIS

What is happening to America's interests in the far east? This and other questions concerning trends in the Orient and the militant ambitions of the Japanese are to be answered in the talk before the Twin Falls Town Hall club at its meeting in the high school auditorium Thursday, Sept. 24, by Don Bate, the former publisher of the China Clipper in Shanghai, who has just returned from China, Japan, the Philippines and Hawaii.

Don Bate was in China and Japan last summer when the latter adopted an aggressive attitude toward Great Britain and the United States in its efforts to end the war in China and look for new worlds to conquer. It was a crisis-filled summer and the veteran journalist has returned to give an unbiased, uncensored account of developments, according to J. A. Cederquist, Town Hall president.

Since his days as a reporter in New York, San Francisco and Hawaii Bate has been around the world four times. He worked as a newspaperman in the far east and as a special European correspondent for the China Press. His reputation as an authority on world affairs has been earned by his continuous and persistent search for information in the many corners of the world. In 1939 he visited South America.

In his talk here on "Yellow Peril—1940 Version" he will discuss the threat of Japanese expansion, and the probability of its effect upon the Philippines, French Indo-China, the Dutch East Indies and other trouble spots on the other side of the Pacific ocean.

Memberships for the 1940-41 Town Hall season "are coming in rapidly," President Cederquist said today. The maximum this year will be 400 because of space limitations.

GIANT AIRPLANE WILL VISIT HERE

A 27-passenger Boeing airliner, the largest tri-motor airplane in the country, will arrive at the Twin Falls airport Tuesday and will remain here three days, making both night and day flights over the city. It was announced here this afternoon.

The great ship, according to Alton Walker, manager of the All-American Airways, is now making a nationwide tour in an effort to encourage everyone to fly.

Pilot of the plane is Fred Kane, who has over a million air miles to his credit, as well as 11,000 hours flying time.

The huge ship weighs 17,500 pounds and takes 15 gallons of gasoline just to get off the ground. The wingspread is 88 feet; while from the tip of the center motor to the end of the tail is a distance of 84 feet.

Records show that last week at Salt Lake City more than 1,000 passengers were carried by the ship in one day.

Germans Map 10-Year Plan After Battle

BERLIN, Sept. 16 (AP)—The Nazi government intends after the war to divide all wages into two parts, "free" and "fixed," the "fixed" part to be usable only to purchase such things as the government-sponsored "people's car," homes and other state-dictated products, it was disclosed today.

The division is part of a 10-year program for "improvement of the social position of workers," Robert Ley, leader of the Nazi labor front, said in an outlining of the plan to foreign correspondents.

Adolf Hitler, Ley said, intends to do away after the war with compulsory military and labor service.

Basic points of the 10-year plan, he said, include drastic reduction of working hours, facilities for every worker to travel either inside or outside Germany during his 10 days' annual vacation, and a free weekend from Saturday noon to Monday morning for all workers.

Exports of the British Lazard Islands, in the Lesser Antilles, are salt, sugar, molasses, cotton and tobacco.

20-30 AWARDED IDAHO SESSIONS

First sub-district convention of 20-30 clubs, attracting delegates from over the entire state of Idaho, will be held in Twin Falls Oct. 5 and 6 in connection with charter sessions activities of the newly formed local club, it was announced definitely this afternoon by Ray McFarland.

McFarland returned today from Provo, Utah, where he attended the central intermountain district convention as a sub-district of the Twin Falls club. Also making the trip were Frank Gliese and Howard Parrish, who are likewise members of the club here.

Decision to hold the sub-district convention in Twin Falls was reached at the Provo session, McFarland said. At the Utah convention the state of Idaho was designated as a sub-district of the intermountain district.

Entertainment feature of the convention came Saturday night and was held on the Shio-Road on Utah lake.

Business sessions started Sunday at 10 a. m. at the Robertson hotel with Robert Rodman, district governor, presiding. Announcement was made of the charter approval of the Twin Falls club and Rodman said the club charter number would be 238.

Announcement was also made that the national convention would be held in Salt Lake City in 1941 and that each club will be assessed a certain amount in order that arrangements for the national meeting might be completed.

PROVO, Utah, Sept. 16 (UP)—Max Booth of Ogden yesterday was elected lieutenant governor for the Utah division of 20-30 clubs at a district convention that attracted delegates from Utah, Idaho and Wyoming.

Idaho and Wyoming officers will be elected later.

The district group pledged its full support to the Salt Lake City club, which will be host to the 1941 national 20-30 club convention next August.

2 DROWN AS CAR GOES INTO CANAL

BLACKFOOT, Ida., Sept. 16 (UP)—Dingham county sheriff's officers today had recovered the bodies of Fern Stary, 18, Blackfoot, and Dorothy Williams, 17, Thomas, who drowned when the car in which they were riding plunged into a canal 10 miles northeast of here.

Two other passengers, Mary Alice Vanorden and Stanley Requistus, and the driver, Blaine Anderson, all of Blackfoot, escaped injury when the car failed to make a sharp turn.

Grange Gleanings

By A. HARVESTER

COUNTY FAIR
Went to the fair and looked over the Grange booths and got a hasty view of the livestock. And speaking of livestock, those cows over at Deep Creek aren't the only ones that are getting temperamental. We have one that we very much suspect of "pith cow-knocking" activities or so-called subversive activities. She kicked me in the back the other day while I was sitting under a cow, trying to milk the interest on the mortgage out of said cow, and caused the interest-defraying milk to be scattered promiscuously about the place, but mostly on me. Just a plain case of sabotage, we think.

Well anyhow, the fair was fully up to the high standard we have come to expect, and the Grange booths showed a lot of painstaking thought and effort. Guess that pep talk that Cliff Thomas gave Piler Grange was a good one as they look first on artistic arrangement, first on quality and third on completeness.

Fairview took second on artistic arrangement and Cedar Draw took second on quality and second on completeness. Kimberly took first on completeness, while Northview took third on artistic arrangement and Twin Falls took third on quality.

The patriotic theme seemed to predominate in the decoration of the various booths. A notable feature of Mountain Rock's booth was a plate of almonds (California please note). In case you are interested in finding out how the judges arrived at their decisions, we don't know either. However we jotted down a list of the first, second and third prizes taken by each Grange and here are some of them:

Piler had 17 firsts, 10 seconds and nine thirds. Cedar Draw had 15 firsts, seven second and 11 thirds. Twin Falls had 12 firsts, five seconds and nine thirds; Buhl had 12 firsts, four seconds and seven thirds; Hansen had eight firsts, 14 seconds and six thirds; Fairview had nine firsts, eight seconds and 11 thirds; the other Granges got what was left with the exception of those taken by Clover, which had a very creditable showing. Northview should have had a better showing of quality, as that is one of the best farming sections of the Twin Falls tract. Takes time to pick quality stuff.

Was the least interesting feature of the agricultural exhibit, the chemurgic exhibit. Buhl Grange deserves a lot of credit for sponsoring this part of the show, as many think this is the way out for agriculture. Also of interest was the exhibit of the results obtained with the use of fertilizer. When we came to this tract in 1918, many of the farmers were burning their manure to get rid of it as they felt that it was not needed on the land. But times change.

LUCERNE
Lucerne Grange met Sept. 8 and had as their guests the members of Buhl Grange. During the business session, a committee was appointed to promote some definite action

toward a remedy for the dangerous bridge over Deep Creek, on highway 30. This is the bridge on the road by the Hejmanek ranch, and has been the scene of several bad wrecks in the last few years, in one of which, Ralph Bacon, Twin Falls producer, lost his life. It is a little difficult, to say the least, to be driving along a well kept highway and suddenly come onto a bridge not nearly so wide as the road. Especially is this true with strangers to this region.

Hope they get some action on the resolution they passed, as such bridges have no place on a well planned highway system, though they may be all well enough on a goat road. Lucerne is asking the support of all the Granges in this movement, when it gets under way.

Pomona Master Eric Jones made announcements concerning the Pomona booth or stand at the fair and the lecture by Stella Benes at the Buhl high school auditorium. This lecture was sponsored by the Pomona Grange. After the business meeting, Mrs. E. A. Mason, lecturer of Buhl Grange, presented the following program: Group singing by the Grangers; "Song of the West," by Mrs. Peterson; "The Waltz You Saved for Me," Charlotte Smithson accompanied by Jerry Richardson, agricultural research, at the lecture by Stella Benes at the Buhl high school auditorium, Sept. 22, 1939.

KIWANIANS WILL MEET EX-LEADER

Twin Falls and south Idaho Kiwanians will be able to meet personally the immediate past-president of Rotary International, A. S. Gilbert, head of the local Kiwanis club, said today with receipt of data concerning his visit to this district convention at Sun Valley, Sept. 22-24.

Bennet O. Knudson, of Albert Lea, Minn., who has just completed his Kiwanis International presidency, will attend the Sun Valley gathering, Mr. Gilbert said. The convention will draw scores of Kiwanians from Magic Valley as well as several hundred from other areas of Idaho and from Utah, Caldwell is the host club.

Mr. Knudson, honor guest at the convention, was president of Kiwanis International during the convention year 1939-40. He was elected to the presidency at the Boston convention in June, 1939.

At the San Francisco convention in 1938, Mr. Knudson was elected as international vice-president. Previously he had served two terms as a member of the international board of trustees, first elected at Toronto in 1934, and again at Washington, D. C., in 1936.

He was district governor of the Minnesota-Dakotas division in 1931 and chairman of the international committee on laws and regulations in 1932. He is a charter member of the Albert Lea Kiwanis club and acted as its first president. He was vice-president and director of the Minnesota-Dakotas Kiwanis educational foundation in 1934.

He is a practicing attorney in Albert Lea, Minn.

Coming to Idaho

Kiwanis International will send its immediate past-president to Sun Valley for the Utah-Idaho district convention, Sept. 22 to 24, officials of the Twin Falls club said today. The leader is Bennet O. Knudson, of Albert Lea, Minn.

Congress Hopes to Adjourn Sept. 28

WASHINGTON, Sept. 16 (UP)—Congress, with the major part of the national defense program out of the way, got adjournment fever today and cast eager eyes on Sept. 28 as a possible quitting date.

Administration leaders said that only two "must" bills remained to be sent to the White House: The excess-profits tax measure and a final deficiency appropriation to cover the costs of the conscription bill.

3RD AIR SCHOOL ENVISIONED HERE

With CAA authorities giving assurance that such a program will be established here, Milton Powell, chairman of the Chamber of Commerce aviation committee, today had announced possibility of a third ground training and flight school for Twin Falls.

Second ground school is now moving rapidly toward completion, with flight training for 10 of the students set for the near future. If sufficient interest is shown by the third ground course, enabling selection of 10 for a third flight course, the project will be approved, Powell said.

All interested persons who can qualify are urged to report at the Twin Falls Chamber of Commerce at the earliest possible time. Complete details concerning requirements can be had at that place, Powell said.

If the third course gets underway, Jack Wise, pilot and instructor for the first two courses, will be in charge.

CALIFORNIA PAIR WITH HERE. Two Los Angeles residents were married here Saturday afternoon by Justice H. M. Heller. The nuptial pair was Raymond David Blackwick and Miss Maxine Idaho Purman.

The area of Australia equals that of the United States but its population is no more than that of New York City.

Early 1900 Wardrobes Sought for "Our Town"

By MARGARET ELLSWORTH. Authentic wedding dresses of any period—any dress which was worn by a bride at an actual wedding—and the clothing for both men and women of the first decade in this century are wanted by the play cast of "Our Town," all-school play for Twin Falls high school to be given Oct. 17 and 18, directed by Miss Florence Rees.

It is hoped that the play may be made truly a play of this town, by costumeing it entirely from clothing which residents of Twin Falls may have stored away, and which they will be willing to loan to the school, Miss Rees says.

The play, a Pulitzer prize winner by Thornton Wilder, is the story of life in small town New England as seen through the eyes of Frank Crumator, and takes place from 1900 to 1913.

The entire auditorium will be used to present the play and some characters will enter the stage from the audience. First acts tell of a day in the homes of the Gibbs and Webb families in 1900, second act in 1904 climaxes the love story of George Gibbs and Emily Webb with marriage. Miss Rees Greenwood, who has moved to the cemetery on the hill.

Buttons, Shoes, Pompadors. The time of the play includes the days of button shoes, pompadour and stiff petticoats, and for men of celluloid collars and buffs, peg top hats and high collared shirts.

Wedding dresses are wanted because it is planned to have a wedding dress assembly, with dresses modeled. Already several have been promised, including one as long ago as 1863, and others of 1908, 1912 and 1913.

Clothing of all kinds is wanted for men and women. Women were dressing with high boned collars, with ruffles peeping over, and leg or mitten sleeves, or lace collars and lace tops. Cotton stockings and button shoes will be needed.

Hats were large, with heavy willow plumes, and girls wore hair bows. Shirtwaists with high collars were popular wear, worn with high waisted skirts, which had stays in the waist to hold them stiff. High laced shoes with French heels, or Mary Jane slippers, and several stiff muslin petticoats with ruffles were other items in dressing.

Prince Albert Coats. Catwalk coats with tight checked woolen trousers and string ties were apparel worn by men. Prince Albert coats were chosen for dress. Detachable cuffs and collar with cuff links were worn on shirts, some of which had tucked bosoms. Peppermint striped shirts, and turnover collars and cuffs were popular, and so were fancy vests of silk, or any other dressy material. Woolen caps with ear flaps were practical for winter wear, and watch chains with ornaments added dignity to dress.

The list of articles which are wanted is long, but it is hoped by the cast of "Our Town" that anyone who has clothing of this period will telephone either the high school of Miss Rees, at 1267-J.

Clothing will be received, labeled and well taken care of, and returned intact, the director pledges.

Achievement Prizes Offered State BPW

Idaho Business and Professional Women's clubs this year are being given a yardstick by which to measure their progress. Known as "Achievement Standards for Idaho Clubs, 1940-41," the "measuring rod" was accepted at the state convention last spring in Boise.

To the club receiving the highest number of points, Miss M. Izetta McCoy, Twin Falls, state president, will present at the annual convention in 1941, a B. P. W. emblem gong.

The district comprising the most points, will take present an emblem gavel, this to be the property of the district.

All reports on the achievement standards must be in the hands of Mrs. Martina Yeller, Buhl, state coordination chairman, by May 1, 1941, and no reports received after that date will be considered for award.

Told in "Newspaper". Full text of the "Achievement Standards" was printed in the September issue of The Idaho Business Women's official club bulletin, of which Mrs. Bernice Talley Lee is editor.

Entirely new in form, the bulletin is now appearing as a four-page, tabloid sized, edited with "snap" and streamlined in appearance. While the number of pages have been reduced, there are 20 more inches of printed space.

The bulletin carries the name of the publication in large letters, and below it the theme of the year, "Making Democracy Work." In the upper left-hand corner is the club emblem.

Revolving Prize. Miss McCoy, in announcing the plan for the attainment of achievement, states that any club winning the gong three years in succession will become the permanent owner. In that event, it is suggested the state then purchase another suitable token.

Club participation for points includes such items as observance of National Business Women's Week Oct. 6-12; payment of national and district dues within a certain time; following the national program; conducting study classes and special projects; maintaining educational fund; having 50 per cent membership participation in programs; attendance at club sessions, regional conferences and state conventions.

District participation covers such items as organization of new clubs; membership attendance district meetings and number of clubs with district participating in achievement standard contests.

The result in wood gives twice as much heat as the wood itself.

RE-ELECT. Corn E. Stevens, Democratic nominee for Your County Treasurer.

CORA. Courteous, Obliging, Dependable, Accommodating.

E. Experienced.

STEVENS. Start Thinking Early and Vitalize and Nominate Stevens.

Longtime Friend Reads Marriage Service for Pair

Miss Mary Pierce and Theodore Gardner, Jerome, were united in marriage at 3 o'clock Sunday afternoon at the Methodist parsonage, Rev. H. G. McCallister officiating.

Rev. McCallister had a Miss Edith Friend of the Pierce family, and baptized the bride when she was a child.

Mrs. Nelson Pierce, mother of the bride; Mrs. S. Gardner, mother of the bridegroom; and Mr. and Mrs. P. Brown, all of Jerome, attended the couple.

A white-colored crepe dress was worn by the bride for her marriage. Mrs. and Mrs. Gardner will live in Jerome, where Mr. Gardner operates a farm.

Farewell Party For Miss Griggs

Miss Eney Jane Griggs, who is leaving soon to attend school in Salt Lake City, was honored at a no-hostess dinner yesterday at the home of Miss Mary Alice Buchanan, 143 Eighth avenue east.

Later the group bowled, and returned to the Buchanan committee for light refreshments and the presentation of a farewell gift to Miss Griggs.

Other members of the party were Miss Joan Benoit, Miss Genevieve Benoit, Miss Margaret DeWetter, Miss Norma Dickey, Miss Hilda Sweet, Miss Owen Davis, Miss Alice Haral, Miss Lucille Thomas, Miss Grace Bruley, Miss Virginia Campbell, Miss LaVerne Schier and Miss Janet Pank.

PARTY PLANNED FOR REBEKAH, I. O. O. F. A card party and dance for Odd Fellows and their wives and Rebekah and their husbands will take place Thursday evening at 8 o'clock at the I.O.O.F. hall, inaugurating the section's social activities for the two lodge groups.

Similar events will be held every second Thursday of the month until March. Odd Fellows committee includes Clyde Hieck, Robert Nelson, C. V. Pomeroy, Dale Bowman and Kyle Walte. Rebekah committee includes Mrs. Annette Mahnen, Mrs. Dorothy Nelson and Mrs. Marie Guttery.

PRESBYTERIAN "YOUNG MARRIEDS" MEET. All young married couples of the Presbyterian church are invited to attend an organization meeting Wednesday evening at the church, Rev. G. L. Clark, pastor, announced today.

The session will begin at 8 o'clock, and activities for the coming season will be outlined.

Viehweg-Perry Vows Exchanged at Church

In the presence of relatives and a few intimate friends, Miss Fern Amelia Perry, Pocastello, and Paul Gaylord Viehweg exchanged nuptial vows at 12:30 o'clock Sunday afternoon at Immanuel Lutheran church, Rev. H. Schultze, Eden, officiating.

Mr. and Mrs. Ed Ehlers, sister and brother-in-law of the bridegroom, attended the couple. The bride is the daughter of Mrs. Vera Perry, Portland, Ore.

The professional and recreational matches were played by Edward Werner, church organist. The bride wore a pink sheer afternoon model with a white silk turban and matching white accessories. Her flowers were gardenias, arranged in a corsage.

Mrs. Ehlers was frocked in an inter-club green afternoon dress with which she wore a brown hat and brown accessories, and her corsage was of pink roses.

Following the ceremony a wedding dinner for 22 guests was served at the new apartment of the bride and groom, 459 Second avenue north. Autumn flowers, similar to those banking the altar at the church, formed the decor for the apartment, and the dinner table was centered with a floral arrangement.

INTER-CLUB COUNCIL HAS DANCE. Prefacing individual club meetings, which were held yesterday, an inter-club council arranged an informal dance last week-end at the American Legion Memorial hall.

Members of the Tri-C, MeT, Red Knights, Sigma Delta Psi and Zu Zim clubs attended. Bob Pence, president of the council; Miss Helen Thomas, secretary-treasurer; Fred Meach, secretary-at-large, had charge of the affair.

Sigma Delta Psi Already-Planning For Crystal Ball

Perfection of detail should mark this year's Sigma Delta Psi Crystal ball, considering the fact that plans for the annual holiday event will be considered at the very first meeting of the season, and will continue until formal dance is held.

Initial meeting of the season will be held Tuesday evening at 8 o'clock at the home of Bob Pence, Rex Arms apartments, he announced today.

In addition to consideration of plans for the dance, tentatively set for Dec. 23, the club will discuss fall rushing and pledging procedure. Pence is president; Bill Dunlap, vice-president; Russell Smith, secretary-treasurer; and Pat Wallace, sergeant-at-large.

HIGH LEAGUE HAS SCAVENGER HUNT. Initial autumn social for the High League of the Methodist church took the form of a scavenger hunt, following church services, last evening.

Thirty-five members participated in the fun. Concluding the hunt, the group assembled at the fireplace at Harmon park for refreshments. Pence and Mrs. H. G. McCallister accompanied the group. Miss Barbara Ravenscroft is president.

THE RECORD... Facts That Concern You

...BUT WHY COURT-MARTIAL THE WHOLE REGIMENT?

There are bound to be one or two bad soldiers in every regiment. But why court-martial the whole regiment? The same applies to beer retailing. Out of hundreds of thousands of wholesome, law-abiding beer retailers, there is bound to be a small minority who disobey the law or permit anti-social conditions. To protect your right to drink good beer, the Brewing Industry wants even this small minority of undesirable retailers eliminated entirely. Beer is a refreshing, appetizing beverage — the beverage of moderation.

UNFAVORABLE WEATHER FAILS TO HALT NAZI PLANES

GERMANS CLAIM HEAVY DAMAGES IN ISLE BOMBING

By Frederick C. Ochsner

BERLIN, Sept. 16 (AP)—Unfavorable weather conditions failed to halt Nazi aerial attacks on gas works, docks and aircraft factories in London and on the coast of England, the high command said today after two British air raids on the Berlin area.

While Nazi sources threatened new reprisals against London because of bombing of their base at Berlin, the high command reported German bombs had started new fires in London and the great commercial cities of Birmingham and Liverpool while Nazi planes attacked ship convoys as far away as the Irish coast and the east coast of Scotland.

Two ships totaling 18,000 tons were reported sunk, or set after and a third was severely damaged. An 8,000-ton ship was sunk in the English channel, the high command said.

Channel "Unsuccessful"
In regard to the British attacks on the reich, the high command said British planes which were "unsuccessful" in attempts to reach Berlin dropped bombs on residential quarters in western Germany.

British air losses were listed at 79 planes and German at 43 planes. More mines were reported dropped in British harbors.

"Gas works at Bromley were struck with a heavy bomb," the communiqué said in reference to German raids on London during the night.

"Oil tanks were set afire and railroad stations as well as war industries in Wolschick and other parts of the city were bombed."

Severe Air Battles
"Severe air battles developed. Harbor works at Dover and Portland and aircraft factories at Southampton were bombed."

There were few details of the British raids against the reich, but two alarms sounded in Berlin.

It was the first time since the war started more than a year ago that Berlin had two air raid alarms in one night.

Anti-aircraft fire was heard in suburban areas during both raids. Official statements said the raiding planes were driven off before they could reach the city proper.

Uncasiness Develops as Guns Smuggled Over Mexico Border

MEXICO CITY, Sept. 16 (AP)—Uncasiness over Gen. Juan Andreu Almazan's claims to the Mexican presidency had increased today after reports from Chihuahua, the state bordering southwest Texas, that guns were being smuggled in from the United States and that unidentified airplanes were shooting back and forth across the border.

The smuggling was said to be on an important scale and Chihuahua officials were described as "heroic." Reports from across the border told of Almazan's followers gathered at El Paso, Tex.

Almazan, who claims to have won the July presidential election, is in Baltimore, Md. He is backed in this country by the party of national unification, which has set up its own "congress" in competition with the government headed by President Lázaro Cárdenas.

"Cardenas' Mexican revolutionary party, entrenched in office, supported Manuel Avila Camacho for president, and congress declared this week Camacho had won and would succeed Cardenas Dec. 1. The rump "congress" has declared Almazan president-elect, has "impeached" Cardenas and has named Gen. Hector Lopez "provisional president."

to serve until Dec. 1 when it will "inaugurate" Almazan. Ernesto Madero, head of the Almazan party here, said his communications with Almazanistas in the United States virtually had been cut off, that his telegrams and telephone calls were "tapped," and that he did not know what was developing at El Paso.

LISBON, Portugal, Sept. 16 (AP)—Destroyers of the United States Atlantic fleet, stationed here are leaving for New York because they are of the same type traded by the United States to Great Britain and have been mistaken by Germans for the traded ones. It was learned today.

The United States has maintained a naval squadron here to safeguard American lives in the war zone. It was understood that the recalled destroyers would go first to Ponta Delgada, in the Azores, and proceed from there to New York, meeting the cruiser Omaha en route.

YOUTHS CONFESS TO THEFTS HERE
JEROME, Sept. 16 (Special)—Gene Nash and Grant Ostler, between 18 and 19, Jerome, Donald Hendrickson and Ronell Ash, Utah, around the same age, are all being held in Hatley jail, according to Sheriff Lee S. Johnson. Jerome, who reported today that the boys were arrested last week on charges of bicycle theft.

The boys will have their hearings at Hatley where they assertedly stole two practically new bicycles and were arrested on suspicion of attempting to sell stolen property here.

Jerome on Sept. 11. Police here said that the boys had already succeeded in selling one of the wheels, which was valued at approximately \$25.

The two Jerome boys also confessed, police said, to being implicated in a fire theft at Twin Falls recently and on another occasion admittedly participated in the theft of a 200-foot garden hose from the Twin Falls Lincoln school.

Also professed to be implicated in the theft was Billy Boyd, about 20, who is being held in Twin Falls county jail.

Each of the boys has confessed their part in the crimes, police stated at Jerome.

SENATE STUDIES CHARGES ON FDR
WASHINGTON, Sept. 16 (AP)—Members of the senate campaign committee today had decided to study two speeches by President Roosevelt in the Tennessee valley area before acting upon a Republican request to investigate the matter for possible violations of the Hatch "pure politics" act.

The request for an investigation, made by Joseph W. Martin, Jr., chairman of the Republican national committee, asserted that one speech at Chattanooga was obvious-

ly made to "influence the results in November."

"Therefore," Martin declared in a letter to the committee, "in my judgment it must be considered in part political, and the train costs and the radio time would of necessity be a campaign expenditure under the Hatch act."

Campaign Committee Chairman Guy M. Gillette, D. Iowa, said that the committee could not determine action upon the request until its members "had an opportunity to review the president's speeches made on this trip." Furthermore, he declared:

"The president of the United States will and does make many trips. During a campaign, it is almost impossible to make a speech that does not have some political application and flavor, although the same trip and speech under-

other circumstances might not be open to the charge. It is manifestly difficult to draw the line between political purposes and official discussion of public matters."

POTATO GROWERS LASH UNIVERSITY

POCATELLO, Sept. 16 (AP)—Directors of the Idaho State Potato Growers association today criticized University of Idaho officials for "apparent lack of interest in many important problems confronting the potato industry of Idaho."

F. L. Hansen, secretary of the association, was authorized to inform university President Harrison C. Dale of the directors' opinions.
