Who told you?

In your newspaper, of course, or perhaps in a bulletin from a newsgathering service, broadcast to you over the radio.

How news is gathered, how it is brought to you in articles and dispatches and advertisements is a long and interesting story. But you get the news—cheaply, accurately, quickly. Now let's see what you do with it when you get it.

In the first place you, the people, govern yourselves, regulate the affairs of your community, the state, the nation. Because you know what's going on, you are able to adjust your lives and your laws and your thoughts to the actual and factual world. In Germany or Russia fairy tales will serve as well as news, because the subjects of those states have all their thinking and governing done from what passes for the top.

In the second place you, the people of America; having the news and information about all that's offered in the market place, know how and where and when to buy the things you need and want for human comfort. In Russia you'd stand in line and take what was offered—if anything. In Germany, even before the war began, you'd get measured amounts of "ersatz"—substitutes—and like them.

In America, then, the things you learn from your newspaper contribute largely to your liberty and mightily to your comfort. Of course, you must pay for your newspapers. The nation's newspaper bill is slightly less than the bill for candy—just a few cents a day.

I call it a fair bargain. NOTE: The purpose of these regular Thursday institutional advertisements is to make American life and American business better. Your suggestions, criticisms or corrections will be appreciated by the Newspaper Publishers' Committee and its chairman. Address the committee in care of the Business Office of this paper.

### Jannazzo Wins Maryland's Welter Crown

**BALTIMORE, Md., Oct. 15 (UP)**—Izz Jannazzo of New York City held the welterweight title of the state of Maryland today but was beaten only in a footling contest by the New York and national boxing commission.

At the recognition of the Maryland board last night by pounding out a 15-round decision over the Cocoa Kid of Puerto Rico, Jannazzo gained the record when Jack Dempsey, referring the bout, and Judge Ed Brockman cast their votes in favor. Charley Baum, the second judge, voted for the Cocoa Kid.

The New Yorker won by using a sharp left jab and a steady leg that kept him out of range of the Puerto Rican's heavier attack. Cocoa forced the fight, moving in constantly. He tried to land his jab but Jannazzo's jabbing left fist which kept him off-balance most of the time.

His left jab and steady leg, which were recognized from the start, were strong as well as fast just a few days before Armstrong lost his title to Fritz Zivic.

### Redskins Set Offense Mark

**NEW YORK, Oct. 15 (UP)**—The Washington Redskins, eastern division leaders and the only undefeated team in the National Professional Football league, may set three new offensive records if they continue their record-breaking week.

The Redskins are two completions and one punt a game better than all-time league records made a year ago as well as one per cent more efficient in forward passing for four games.

Washington leads in scoring with 113 points and in forward passing with 83 completions in 89 tries for 59 per cent.

Philadelphia and Cleveland are tied in passing efficiency with 59 per cent but the Eagles have 62 completions compared with the Irons 60.

Only non-Texas in the Jimmy T.O.U. roster in Jimmy Hampton, center, a native of Hope, Ark. None of the southern clubs are beginning to brag about the southern draft.

Also playing for Miami this year is Raymond Collins, 248 pound tackle from New York who is a cousin of old Luckman, a former over produced at Columbia.

Red Green, crack sophomore guard at Duke, is a brother of Stan Green, Oregon state guard who is still searching for the sackling dumplings from Washington college practice field two weeks ago.

Brown has a new mascot, Buster Brown, a five-month old Canadian honey bear. Bill Parks, Franklin and Marshall's smacking fullback, is a "maverick" Andy Pares of the Washington Redskins.

## Trojan Horde Mows Down Illini 13-7

In the inter-sectional game of the week, University of Southern California overcame a light but surprisingly stout Illinois team, 13-7. Here's Pfeifer, Illinois fullback, as he carries the mail around end for six yards in the initial quarter. No. 19 is an Illinois guard.

## Five Teams Share Leadership in Central States

**CHICAGO, Oct. 15 (UP)**—Five midwest giants are up there today unbeaten and untied—and there they'll stay for another week unless Ohio State's returned Big Ten champions come back with as great a football team as their bullyhood made out in September.

Ups in the sector now are Northwestern, Notre Dame, Michigan, Minnesota and Iowa.

Of the five, only Minnesota runs into trouble this week and that little problem is Ohio State. After the Purdue scare two weeks ago and Northwestern's 6-3 victory Saturday, the question of Ohio State's return is open to debate.

If the Ducks actually lose it, Minnesota may drop from the ranks as a contender for national honors, because it will be an era-long lurch of Buckeyes battling Minnesota Saturday and that may swing the tide in a contest between teams of virtually equal personnel.

Northwestern travels to Wisconsin this week and expects little trouble against the Badgers, who held out until the third period before collapsing at Iowa, 30 to 12. Iowa's victory game makes it a favorite over Indiana, which added a 13 to 7 defeat by Nebraska to its one touch-down game in 1939.

Remembering his fatal day at Illinois, Michigan will try to pour it on the Illini at Ann Arbor, Mich. A medalist tournament was played the plucky showing Illini's turned in against Southern California last week.

It's true what they say about Notre Dame—great down to the second hour. That 20 to 20 victory over crippled Georgia Tech was achieved chiefly by the first eleven with a 60 point barrage in the second period. Carnegie Tech is no match at South Bend this week.

The largest area of quackland in the world is said to be the Diamond Shoals, off Cape Hatteras, N. C.

## Promoter Announces Former Dempsey Aide To Fight Ex-Champ

**BURLEY, Oct. 15 (Special)**—When James J. Braddock, champion of the world a few years back, enters the ring here on Thursday night he will be faced by a man who will not in any way be quaking in his boots.

The man is Jack League, at one time associated with a Jack Dempsey tour of the same kind and a veteran of many a fistie encounter.

Braddock, making his only appearance in south central Idaho, will go four rounds (or less) with League and the battle is expected to draw boxing fans of this area "how it's done" in the big time. The card, which features boxing coming first, will get under way at the Burley Athletic club at 8:30 p.m.

## Missouri Ace Throws Seven T. D. Passes

**KANSAS CITY, Mo., Oct. 15 (UP)**—Paul Christian, seeking a "third team" All-American football player, has lost his favorite target, but he goes merrily on throwing touchdown passes and boosting Missouri's stock as the choice to repeat as champion of the Big Six conference.

When Coach Don Faurel told Christian early in the season that he needed Jimmy Starnes as a blocking back, he was well aware that he was putting the best pass "fielder" on the squad into comparative obscurity, but he also was confident that the change would make much difference to "Pitchin' Paul." It didn't.

Thus far, in the three games Missouri played, Christian has thrown seven touchdown passes, either to players in the end zone or to those who were so far in the clear that no opposing tackle could touch them.

Moreover, to substantiate his bid for All-American consideration again, he has developed into the squad's best punter and is one of the standout pluggers.

Christian will go up against a veteran line and a backfield that is concentrating on pass defense, when the Tigers play their second conference game against Iowa State at Columbia next Saturday.

The Big Six teams also are engaged in inter-league assignments. Kansas, which will be the surprise team of the conference season, plays Kansas State at Norman, Okla., which nearly upset Texas, meets Kansas State at Norman.

## Deer Survey Planned in Salmon Region

**BOISE, Oct. 15 (UP)**—The state fish and game commission has announced a survey would be made this winter in the primitive area of the south end of Salmon river to determine means of curbing overgrazing of deer in the area.

One representative of the fish and game commission and one from the forest service will cruise the area this winter and report on condition, mortality and browsing condition. A preliminary survey party that entered the area last week reported 19,000 deer in the forest, many of whom had died by starvation this winter because of a food shortage.

The commission also announced a policy against planting small trees back in watersheds until it had been proved they would not be detrimental to propagation.

Winners of the tournament will receive 50 points for their class toward the citizenship cup.

## Fordham Boasts Greatest First Team But Leaks Reserves for Tough Season

**By Leslie Avery**  
**NEW YORK, Oct. 15 (UP)**—Big skin popovers!

With less hullabaloo than usual, Fordham has come up with what promises to be the best football club of the Jim Crowley era.

Great defense and versatile attack, but it is a "60-minute" club which may encounter trouble later because of the lack of capable reserves. The Tennessee club, which is the hottest in the south and usually produces a big bowl game victory. In the last three years, the winners of this back yard bowl have gone to the Rose Bowl twice and the Orange bowl once. Although Alabama has won 12 of the previous 21 games with Tennessee, the club are all squares with four victories and to each since Frank Thomas took over at Tuscaloosa.

Since the Southwestern Conference was dropped, center and end have had won 23, six and six and four for an 44, average to lead

the league while Tennessee occupied a second place with 29 wins, 10 lost and two tied for 1923. Little Swann on the Tennessee mountainside is the only southern club to never win a conference game.

Long Island's team will try to capture Penn's first Monday to play Pitt. Francis' college. The upset as Creason is not big enough for the stillier to land, so the team will be New York who played Penn, and shifted in Creason by six.

Coach Clark says that traveling by train cheaper than traveling by New York in the morning and return the same night. No hotel and meals that they would be able to understand how Olmstead's Wake Forest so badly did in the game that Johnny Lett, a lowering left end, and Preston, 193 pound tackle, would be on the sideline with injuries.

North Carolina's team, which is throwing the first forward pass in football history for its 1885 team.

Only non-Texas in the Jimmy T.O.U. roster in Jimmy Hampton, center, a native of Hope, Ark. None of the southern clubs are beginning to brag about the southern draft.

# Mac Blasts Yale Athletic Manager's Viewpoint

By HENRY McLEMORE  
 NEW YORK, Oct. 15 (AP)—I did my best to count to 10 before writing this, but when I reached eight my temper overpowered my mathematics, so here goes on what I think of Ozzie D. Miller's speech to the New York Football Writers' association.

Miller is the new chairman of the Yale athletic council, and his listeners included representatives of all the metropolitan papers and such football coaches as Dr. Mal Stevens of N. Y. U., Major Svede Larsen of Navy, Lou Little of Columbia, Dr. Jack Sutherland of the Brooklyn Dodgers, Jimmy Crowley of Fordham, and Steve Owen of the New York Giants.

Miller read from a script. I have no doubt but that he wrote it himself, but it sounded exactly like pages 33 to 47 (inclusive) of the original Carnegie foundation report on the evils of football.

You know the old stuff—commercialism has reared his ugly head. Yale does not mind being beaten on papers and in Pennsylvania. There will be no criticism of the coaches or players. Athletes will play for money or no more treatment than any other student at Yale. Yale is 240 years old and has had its share of celebrities. Yale is cared for by 400 athletes if it is cared for. Dangerous times are ahead for football. Professional football is one of the out-

standing signposts. Football has no great value save for what it can be used in providing sports for the other students.

The time to talk purity in football is not two days after your victory over the Penn State team as Yale was by Pennsylvania last Saturday. That's the worst beating Yale has ever taken. Yale is 240 years old, don't forget.

Miller's unconcern about a winning football team was in sharp contrast to the feelings of the speaker who preceded him. Major Larsen of Navy was the major speaker on the previous times this country faces and expressed the belief that the winning spirit was what this country needs more than anything else.

Miller's remarks on pro football brought the flush of pride to the cheeks of Dr. Jack Sutherland, who was sitting only four seats away from Miller.

Dr. Stevens, an old Blue himself and a former coach at Yale, spoke immediately after Miller.

"I've got enough troubles of my own, without worrying about Yale," he said.

Miller and I am 242 years old, Mr. Miller—I just want to know one thing:

"If Yale is so scornful of football and the money it makes, why is it that Yale sells the broadcast rights to its home games to a gasoline company?"

# Drawings for Elk Hunt to Be on Nov. 6

Each application must be accompanied by \$5 and must be accompanied with the license number of the applicant and a stamped return envelope. Metal elk tags, costing \$1 each, must be procured locally by hunters who receive permits, the director added.

### CAMP SCHOOLING INCOME BOOSTED

Federal payment to the Twin Falls school district for operating the game school at the farm camp will be fully \$700 more than previously estimated, the board of trustees has been advised today by the regional administrator of the farm security administration.

Total income to the district will be \$2,940.15, according to word given to the trustees at their meeting last night in a letter from Walter Duffy, Portland, Ore. The funds will include \$1,200.27 in lieu of taxes to the school district under the Bankhead-Black act, and \$1,418.78 in lieu of taxes to the county with a check for transfer of funds payable to the school district.

Had Expected \$2,200

Before receipt of the more favorable agreement from Administrator Duffy the estimated amount was \$2,200. Even that had been secured only after prolonged controversy. The trustees sought to prevent placing an additional burden on taxpayers of the school district.

The school at the camp is for grades from the transient portion of the FSA development. Non-residents are brought into Twin Falls.

100 Now Enrolled

Superintendent H. M. Davis and trustee board enrollment at the four-room school is now 100. He said "The students seem unusually interested and we are receiving the best operation from the camp management and the parents."

Standing committees for 1940-41 were named last night by Chairman Ralph Pink. Ernest F. Stietler and Frank L. Stephan were appointed on the finance committee; Edgar H. Olmstead and Dr. O. T. Luke, buildings and grounds; John Soden and Mr. Pink, purchasing committee.

Boiler Job Praised

After leaving the boiler and stoker installation at the high school termed "a fine job," the board approved final payment on that contract to Deweller Bros., Inc. C. N. Douglas, Salt Lake City school district heating engineer, offered the commendation to the Deweller firm on an inspection trip to Twin Falls Saturday.

The big new boiler at the high school, with the new stoker, will save the district at least 25 per cent annually on the coal bill for the combined high school and junior high building, Mr. Douglas estimated. He advised other municipalities necessary changes in the near future.

Securities Ample

Securities on file with the county to the school district funds are "ample and satisfactory," Mr. Olmstead and Dr. Luke reported.

Although taking no action, the trustees discussed the Idaho constitutional amendment which goes before the voters Nov. 5 to protect the state's endowment money for schools. The amendment would prevent investment of the endowment cash in farm lands or real estate mortgages because such investments often become "frozen" and thus yield no revenue in interest to the school fund.

Data presented to the trustees showed that of all endowment funds now invested in farm lands the total annual income is 14 per cent. Such money in farm land investments returning no interest to the endowment set-up has averaged above 30 per cent for the last six years.

Purpose of the pending amendment, trustees were told, is to force investment of the school endowment money in "safe" securities. There are certain to keep a flow of revenue coming in.

### Buhl Firemen Win At Rupert Meeting

BUHL, Oct. 15 (Special)—Buhl firemen's work team received the cup for the fastest drill at the great-district meeting of the firemen's organization last week-end in Rupert. The Buhl team completed the work with hose and ladders in 100 minutes and 26 seconds. The Twin Falls team received the honor of second place, completing their drill in two minutes and 78 and one-half seconds.

Attending the district meeting from Buhl were Fire Chief and Mrs. Bob Brown, Mr. and Mrs. Leonard Howard and Mr. and Mrs. George Harvey.

Advanced R.O.T.C. UNIVERSITY OF IDAHO, Oct. 15—Seven southern Idaho men were accepted in the advanced ROTC course to fill the quota of 100 advanced students. Sixty four junior students were chosen. Only 50 will receive compensation for the course.

### Phone "Skit" Boosts Play At Assembly

A telephone conversation between numbers 1940 and number 1904 was presented as an advertising stunt for the all-school play at an assembly for students of the Twin Falls high school today.

The skit which was a discussion of plans for the play, included in its cast Preston Truman, Robin Black, Marie Leaton, Bob Prince, Betty Darrin, Fred Baron, Eleanor McNeil and Beth Henderson, all members of the play cast.

In advertising the play to adult school students have made speeches at various organizations and clubs.

This is the first play by the Twentieth Century club Oct. 8. Nella Makinson, women of the Lutheran church Oct. 3; Maxine Nesler, P. A. H. Oct. 7; Mrs. Vivian American Legion auxiliary Oct. 10; and War Mothers Oct. 11; Jean Nienhuis, women of the Methodist church Oct. 10; and Margaret DeWitt, who gave a character reading to the women of the Methodist church Oct. 10.

Several other advertising specialties will be given before the production of the play. Material of this kind is also presented with some of the skits.

The play "Our Town," Pulitzer prize drama by Thornton Wilder, will be presented in the high school auditorium Thursday night at 8:15 p.m. with curtain calls set at 8:15 p.m.

Standing committees for 1940-41 were named last night by Chairman Ralph Pink. Ernest F. Stietler and Frank L. Stephan were appointed on the finance committee; Edgar H. Olmstead and Dr. O. T. Luke, buildings and grounds; John Soden and Mr. Pink, purchasing committee.

After leaving the boiler and stoker installation at the high school termed "a fine job," the board approved final payment on that contract to Deweller Bros., Inc. C. N. Douglas, Salt Lake City school district heating engineer, offered the commendation to the Deweller firm on an inspection trip to Twin Falls Saturday.

The big new boiler at the high school, with the new stoker, will save the district at least 25 per cent annually on the coal bill for the combined high school and junior high building, Mr. Douglas estimated. He advised other municipalities necessary changes in the near future.

Securities Ample

Securities on file with the county to the school district funds are "ample and satisfactory," Mr. Olmstead and Dr. Luke reported.

### RUPERT THROWS TO G. O. P. RALLY

RUPERT, Oct. 15 (Special)—A stunner passing through the quiet, almost empty streets of Rupert Saturday evening might well have thought it "The Deserted Village" for a glance in the municipal auditorium would have shown most of the citizens there to hear Gov. C. A. Bottelless.

The Republican rally began with a 6:30 p.m. banquet at the Cathedral hotel with the Republican committee hosts and the governor the honor guest. C. B. Wiley, committee chairman, presided at the banquet and at the general assembly in the municipal auditorium.

Armstrong; two vocal selections by George Catmull, accompanied by his sister, Mrs. Zella Humphries; and two vocal numbers by Mrs. Bernice Cuckenburg, accompanied at the piano by Miss Helen Turley.
