"Happy Warrior" Hops Aboard the Willkie Band Wagon

Lewis Breaks With FDR To Support GOP Nominee

WASHINGTON, Oct. 26 (AP)—John L. Lewis' political partnership with President Roosevelt was pulverized today by Lewis' speech, carefully matched in this political year for coldly phrased denunciation, calling for the election of Wendell L. Willkie and staking his presidency of the Congress of Industrial Organizations on it.

During the night, the leaders of the labor movement headed by Lewis, which supported Mr. Roosevelt in 1936, were choosing between Lewis and the President. Many CIO affiliates and their leaders repudiated their labor chief.

ROME, Oct. 26 (AP)—The Axis Italian company today suspended the Italian air service from Brindisi to Athens. The company gave no reason for suspension of service and could not say when it would be resumed.

Berlin, Oct. 26 (AP)—The Canadian Pacific liner Empress of Britain, 42,844 tons, in which King George and Queen Elizabeth returned to England in June, 1939, from their visit to the United States and Canada, has been bombed and sunk by German airplanes, the official news agency said today.

The agency said the Empress of Britain, fourth largest merchant ship flying the British flag, founded after an aerial bombardment by German planes "in Ireland, a blackhead area north of Ireland."

The agency claimed that after the Empress of Britain was "hit heavily," German planes were seen near the wreck taking to Liverpool.

LONDON, Oct. 26 (AP)—British quarters today were without confirmation of German claims that German planes had sunk the liner Empress of Britain north of Ireland. It is not the policy of the admiralty to comment on German claims which it has strongly refuted.

Pinchot Asserts Willkie Not Able To Guide Nation

NEW YORK, Oct. 26 (AP)—Clifford Pinchot, former Republican governor of Pennsylvania, said in a radio speech last night that Wendell L. Willkie was incompetent to guide the nation through the critical four years ahead and that he favored President Roosevelt's reelection.

"Big Show" Performance Important to Teaching, Conference Speaker Says

By O. A. (Gus) KELKER

"Urging teachers to be a 'big show' in their classroom work rather than 'just a member of the sideshow troupe,' and also delivering a scathing denunciation against those who would even go so far as to have Communism or 'any other of the isms' explained to students in public schools, Howard (Pat) Patterson, Denver, Colo., today addressed teachers here for the closing sessions of the annual institute of the South Central Idaho Educational association.

Patterson, who is division manager of the Western Auto Supply company, member of the city board of education at Denver and also president of the Clayton College for Boys in Colorado, spoke to the educators both this morning and afternoon.

His denunciation of Communism, and the other "isms" against those who would attempt to even explain such theories in public schools, brought a spontaneous burst of applause from his listeners.

Prior to Mr. Patterson's address this morning, a business session was held with J. B. Fridley, president, presiding. Among other things, Mr. Fridley was elected to represent this association on the state board.

Two men were nominated to run for the office of president and two for the office of vice-president. For president there was E. F. Mahoney, Declo, and Earl Ramsey, Piler. Seeking the vice-presidential post are H. Mannesman, Jerome, and F. E. Brown, Piler.

It was decided that the new president and vice-president be authorized to call such a meeting as they may see fit, in order that one might be held close to the home communities of the officers.

The teachers accepted the invitation of the Twin Falls Chamber of Commerce to hold the 1941 convention in local high school building, one received. Other business included the cancellation of the 25 cent fee collection from each teacher which has been such a sore point of the law without alterations.

Voting on the new officers was scheduled for 10:30 p. m. with the ballots to be counted as soon thereafter as possible.

A total of seven resolutions was adopted by the educators, one of them "re-affirming faith in the state equalization law as it now stands, and that no such money be used to aid in financing."

Another resolution asked that the state of Idaho be a member of the League of Nations, and that the state should be a member of the League of Nations, and that the state should be a member of the League of Nations.

The first great aim of education is to develop the individual to the point where he can contribute to the welfare of his community.

It is the duty of the educator to see that the child is not only taught to read and write, but also to think and to act.

The educator should be a guide, not a dictator. He should lead the child to the truth, not force it upon him.

The educator should be a friend, not a foe. He should be a guide, not a dictator. He should lead the child to the truth, not force it upon him.

VICHY, France, Oct. 26 (AP)—An official statement today said that Premier Marshal Henri Philippe Petain and Adolf Hitler had agreed on the principle of collaboration between Germany and France.

Details of the agreement will be worked out in later negotiations as soon as possible, it was stated.

(The NBC reported that a French radio report heard today said that the future position of France in the new European order had been decided and France would be "on the basis of a partner with complete equality" rather than a conquered nation.)

The negotiations on details will be continued as rapidly as possible, it was indicated, with Vice-Premier Pierre Laval expected to return Monday to Paris to resume talks with German authorities.

The communique said Hitler and Petain met in an atmosphere of great courtesy and with the marshal receiving honors due his rank.

The conversations which followed permitted a general examination of the situation and particularly of means for reconstructing the peace of Europe, it added.

The two negotiators agreed on the principle of collaboration. Detailed methods of application will be examined later.

The communique was issued after Petain met late today with his cabinet.

Petain, it was understood, intended to ask his cabinet to approve a collaboration program on the conditions submitted by Adolf Hitler in the past.

It was emphasized that the collaboration would be a military nature. Unanimous approval by the cabinet, sitting as a formal council of ministers, was expected.

French sources said they had no knowledge of any intention by Germany and Italy to ask President Roosevelt to initiate a peace move, as reported above.

Under the pact with Russia, the American republics will be machinery to establish protectorates over the western hemisphere possessions of the Axis powers.

Although Hull did not specify the nature of the President's message, it was indicated that Mr. Roosevelt had informed the French leaders that the United States and other American republics will not permit any change in the sovereignty of European possessions in the new world.

The French island of Martinique in the Caribbean has been of particular concern to the country, in view of the concentration of the French naval force there and the possibility of a clash between that force and the British warships in nearby waters.

Approximately 100 American-made planes, bought by France before the capitulation to Germany, also are stored on the island. Both this government and Britain have sought to negotiate for their purchase but without success.

Hull reports to the nation tonight on American foreign policy in the past six months.

He will speak before the National Press club here and his remarks will be broadcast to the nation over a National Broadcasting company network.

German Economic Program Starts Retreat in Europe

By J. W. T. MASON

United Press War Expert

Hitler's ambition to make the European continent economically self-sufficient has begun to waver. It is beginning to show a retreat, indications that the Germans are realizing an economic dictatorship for Europe is impossible are revealed by instructive Hitler's latest speech to Reich Marshal Goering to self-sufficiency for another four years.

One of the major reasons for Hitler's economic program in the present was to expand German territory so that the reich would not have to struggle against the handicap of living materials and the failure of the German people to appreciate artificial substitutes for natural products make normal international trade imperative if the reich is to elevate its standard of living.

The plan to make Germany self-sufficient started in 1936, and was given four years to run because by the end of the period Hitler believed he would be able to break down the barriers separating war and peace.

Teachers Hear Blast at "Isms"

Howard (Pat) Patterson, shown above, today delivered five addresses before members of the South Central Idaho Educational association in closing sessions here. He urged teachers to be "big top" rather than "side show" instructors and also flayed those persons who would "even want Communism or any other lam to be explained to students in public schools."

Special Forms Sent For Draft Objectors

By JOHN A. NEICHMANN

WASHINGTON, Oct. 26 (AP)—Special forms that must be filled by conscientious objectors to military service were distributed to local draft boards today to aid in determining whether such men should be deferred from training.

They will be passed out to men who file claims for deferment on these grounds in the regular draft questionnaire which will be filled out by all registrants in the order in which their numbers are drawn in next Tuesday's lottery.

The form is divided into two classifications: Those willing to do non-combatant service and those unwilling to serve under any circumstances. In either case, the objector must establish that his opposition is "by reason of his religious training and belief."

Draft Director Clarence A. Dykstra pointed out that the conscientious objector act provides that men desiring such claims cannot be inducted into the army if they object to all forms of military training.

The provisions, he said, are "generally liberalized" in comparison to similar regulations of the World War draft which required that conscientious objectors had to be members of a recognized religious sect whose creed forbade participation in war.

Meanwhile, plans for the lottery were moved forward rapidly. Draft objectors who were locked in a room at draft headquarters to place the registration numbers in small opaque capsules for use in the lottery, completed the task last night. Every registrant had been taken to prepare capsules from being inducted into the army.

The capsules, 8,000 in all, were locked into an armored truck and taken to the treasury, there to be placed in a vault for storage until Tuesday. They will be transferred to the interdepartmental auditorium and deposited in the glass bowl used in the World War draft lottery.

WASHINGTON, Oct. 26 (AP)—Mrs. Franklin D. Roosevelt said today that she does not mind the campaign button which proclaims "We don't want Keweenaw either."

She added, however, that she doesn't believe she is an idiot in the campaign.

"If I could be worried about anything, I would have been about long ago," she said.

GERMANS STAGE TERRIFIC RAIDS

LONDON, Oct. 26 (AP)—German planes penetrated London's inner defense tonight, drawing terrific fire from anti-aircraft guns after a day of furious raids which gave the city seven alarms and saw widespread destruction and heavy casualties.

A bomb struck a movie theater while a flak was being shot. A four-story tenement house was demolished and a bomb struck a block of new buildings in another quarter.

The Germans apparently were using incendiary bombs, but within hours there was no rest for the defenders in the air and on the ground.

4 Plans Announced

The raiders ranged over heavily congested districts. By evening it was announced officially that four planes had been shot down.

It was feared many were killed in a nocturnal raid. One bomb struck a four-story tenement house in the Lambeth area. Many were trapped in the rubble whose rescue workers were toiling through repeated alarms.

Incidents came in such rapid succession that in early afternoon, just as the air clear after a fourth alarm, a bomb which fell on a fifth attack was exploded in the billiard room of a house in the Strand.

Party Leaders Blast Foes as Last Round-up Opens for Votes

(By United Press)

Ballots' political camps rounded today with criticism of various candidates as Democratic and Republican state headquarters announced additional meetings for next week.

State Republican Thomas Heath announced Senator-Elect H. O. Brewster of Maine will speak at a meeting at Lewiston Nov. 3, replacing a scheduled appearance of GOP Vice-Presidential Nominee Charles McNary in Maine. Heath said McNary would be unable to speak in Maine because of previous commitments. Another national GOP speaker, Thomas E. Dewey, will speak in Lowell Oct. 31.

The Democrats will bring in Sen. Claude E. Pepper D., Fla., for a talk in Boise while he is on route to Tallahassee, Fla., Oct. 27.

The battle over Townsendette support continued in Oregon. A local, independent Democratic representative in Idaho, Dwight L. Miller, declared in the primaries, he would support the Republican ticket "in its entirety." H. C. Howell, second district congressman for Oregon, also declared in support of the Republican ticket.

At Post Falls, Bert H. Miller, Democratic candidate for Oregon governor, charged "Wendell L. Willkie and his Republican cohorts are trying to create a panic among workers in Idaho."

"Willkie has attempted to create panic about the stability of social security," Miller declared.

Boise ABC Govt. Affairs attorney and defeated national candidate in the primaries, he called the qualifications of Democratic senate nominee Taylor, "Taylor is no more qualified to enter the senate as the successor of William E. Hatch than is John Thomas to go on the Vanderbilt stage," O'Connell declared.

The election of Sen. Thomas was advocated by Sen. Alexander Wiley, R. W. Va., before he left for a stumping tour in Oregon and Washington.

Sen. Thomas is highly regarded in the senate," he stated.

Republicans also announced a tri-county meeting will be held in Homedale Oct. 28 with Rep. Henry Dwarakath and ex-governor H. C. Huldridge as chief speakers.

CIO ASSOCIATES REPUDIATE LEWIS AID FOR WILLKIE

BIG UNIONS HEADS PLAN ON VOTING FOR ROOSEVELT

By United Press

The endorsement of Wendell L. Willkie by John L. Lewis, president of the Congress of Industrial Organizations, was repudiated today by many CIO affiliates and their leaders.

The Amalgamated Clothing Workers of America, the Textile Workers of America and the United Retail and Wholesale employees all announced in New York that they were sending messages to President Roosevelt today pledging him their support for reelection.

Guastave A. Strubel, president of the New York state industrial union council of the CIO, which endorsed Mr. Roosevelt for a third term at its convention last month after 23 left wing unions had walked out in protest, said he would denounce Lewis in a statewide radio broadcast.

Endorse Lewis' Stand

Allan S. Hayward, national organization director for the CIO, said in New York that he and regional directors and organizers with whom he had talked by telephone all endorsed Lewis' stand.

Pro-Roosevelt CIO officials charged that Haywood and those for whom he spoke were on the CIO's national staff and depended on Lewis for their jobs.

Irving Abramson, first vice-president of the New Jersey state industrial union council of the CIO, repudiated Lewis as his leader, and charged that Lewis had "organized labor for the moneyed interests of Wall Street."

Speaks for Himself

Officers of the American Federation of Hosiery Workers (CIO) at Philadelphia messaged Mr. Roosevelt that the 50,000 union members would support him and that Lewis spoke only for himself.

At Camden, N. J., Philip V. Van Cleave, national secretary-treasurer of the Industrial Union of Marine and Shipbuilding Workers of America, said his union was for Mr. Roosevelt.

Support for Lewis came from the state, county and municipal office workers of America, which announced at New York that it opposed Mr. Roosevelt's "disastrous policies."

Philip Murray, CIO vice-president, chairman of the steel workers organizing committee and vice-president of the United Mine Workers, Lewis' own union, said at Pittsburgh that he had "no comment" on Lewis' speech. Last week Murray announced at a Democratic rally he would use every bit of his influence with labor for the reelection of President Roosevelt.

For Roosevelt

At Kenosha, Wis., J. Thomas, international president of the United Automobile Workers of America, which claims 412,000 members, commented, "I am for Roosevelt."

He said that "Lewis is a free American and has a right to express his views last night that I can't understand."

The executive board of local 601 of the United Electrical, Radio and Machine Workers at the Westinghouse Electric & Manufacturing company, East Pittsburgh, Penn., largest CIO local in the country, unanimously voted to reject Lewis' plea for Willkie.

LEWIS DEMANDS TERMED ILLEGAL

CHICAGO, Oct. 26 (AP)—John L. Lewis, before announcing his support of Wendell L. Willkie, made certain demands of President Roosevelt that were "impossible and perhaps illegal to grant," Daniel J. Tobin, president of the American Federation of Labor, a United Mine Workers affiliate, charged in a radio speech last night.

Tobin is chairman of the labor division of the Democratic national committee. Lewis' charge was regarded, at least semi-officially, as of the Democratic national committee and his first reply to Lewis, Tobin's address had been billed in advance as a reply to Lewis. He was on the radio a half hour after Lewis, though his network was only a fraction of Lewis'.

Exiled Carol Fears Safety Of 2 Friends

SEVILLE, Spain, Oct. 26 (AP)—Fear for the safety of his two friends, the only two in the world whom he pitia enough to rescue, made a "changed man" of exiled King Carol of Rumania, servants at his hotel yesterday said.

Carol's entire hearing has been changed, servants of the Hotel Astor said, by news that his former palace minister, Eusebio de Azavedo, might be extradited to Rumania. He also is said to be worried that his Jewish mistress, Rosa Luxemburg, would be taken from him to be held in the anti-Semitic iron clutches in control of his homeland.

Although the return of Azavedo was known to have been demanded, it was not believed that either Carol or his mistress would be extradited.

Hotel servants depicted a Carol far different from the recklessness of his youth. They said he now lived in a state of nervousness, in a mood and nervous.

It was reported here that if the red-headed Rumanian prince is extradited back to face trial, Carol is determined to follow her, no matter the sacrifice.

Townsend Chief Repudiates Vote Endorsing Taylor

In a statement given to the Evening Times today, Orland A. Scott, Townsend chief, said that the vote of endorsement for Glen H. Taylor, candidate for U. S. senator on the Democratic ticket, by the second congressional district council of Townsend clubs meeting in Goodhue on Sunday, Oct. 26 "is in direct opposition to the policy of the Townsend organization."

"Townsend national voters league and Dr. Francis E. Townsend alone are granted the authority to make political endorsements," Scott said in the statement. "Senator John Dr. Francis E. Townsend alone are granted the authority to make political endorsements."

CANDIDATE TELLS OF TRADE SWAPS

Earl E. Walker, Democratic candidate for probate judge, last night was principal speaker at the Kimberly Grange session, speaking on the subject of the reciprocal-trade agreements policy of the United States.

In his talk, Walker briefly reviewing world economic conditions which have made it necessary for the United States to abandon the protective tariff policy that had long been followed by this country and to adopt a system by which required adjustments could be made as necessary.

The speaker explained that the trade agreements were, in effect merely a "swap" between nations by which one country agreed to export to the second party of the agreement, certain specified commodities under a low tariff, in exchange for the second party, the other nation would likewise be permitted to export certain other commodities to the first party of the agreement, also with benefit of a low tariff.

Quotes on Votes

"Unless there is a 100 per cent vote, we can't be sure that the candidates elected represent the will of the majority"—Joe Donahue, chairman, 50-50 club "increase the vote" committee

"The first party of the agreement, also with benefit of a low tariff. He pointed out that, quite generally, authorities were agreed that the reciprocal trade agreements had already benefited American consumers since at the same time it has been recognized that such agreements would also greatly improve the position of this country consumers which when returns to the world."

POT SHOTS WITH The Gentleman in the Third Row

Insult (City Dads, Note)

Dear Kingpin: I have my seconds all chosen and the weapon selected. Just in case this results in a challenge to a duel.

THE PICKET THREAT OUGHT TO WILEY THE EVILTIMES: We as good true American Democrats feel that our President has been insulted.

—One Who Thinks There Are as Many Democrats There as Republicans Reading Your Paper.

LADY, YOU SOUND LIKE A FERN-DON-CHACHER: Dear Mr. No. 3: Send me the contest dollar immediately after you finish the judging.

THIS MAN MUST BE A MARVEL: Dear Pot Shots: My idea of a good husband is Mr. C.

MIND OVER MATTER Third Row Gentleman: It only goes to show your power of mind over matter—or over leg.

Re, the Vandals: Composing into a nutshell all the verbal blabbering about and at Coach Ted Hank and the hapless and hapless who are putting out today the pithy comment by Tony Warner, himself a former inmate of the big "C."

Ho Hum Dept.: "Gibson Hear at Paris, Turkey"—Evil-tines headline. About this they heard 'em, and at their ages, too.

HISTORY REVINDED: Kaitimble About do Pal: See the Evil-tines got properly jumped on by one of your contributors and by yourself, for that headline about the check out.

What do I hear you say about a good husband? This never was and this never will be "was" when there was or was an animal.

NEW YORK JUNGLE BY WRAY WADE SEVERN SERIAL STORY

"Yes, there were," Sidney admitted. "Murphy believed that a Miss Hemphill helped herself to a gun at the garage, and when she got opposite Mr. Langdon—whom she had seen when the lightning had made him visible for a second—the fired and then looked at the door."

BARRES HAS A THEORY CHAPTER XV WHEN Sidney came down in the morning he found Henry Barkes waiting for him at the drawing room door.

"What's on your mind?" Sidney followed the man into the room. "It's about Murphy," Barkes explained. "Owing to the storm, the poor devil had done double duty. He was not only out to get up a bottle, he took a big one and it really hit him. I imagine that's how he happened to fall asleep on the sofa."

"I DIDN'T agree with Murphy," Barkes reassured Sidney. "Here's my own theory—for what it's worth. "I don't know if you heard it, but the 'Jap looms out.' 'I fail to see it.' 'For many reasons, he told me Langdon arranged to change their wills after marriage. He knew this to be true, but he made no comment."

"I certainly did. I wasn't engaged to do maid's work but the Jap had to get the house in some kind of order before the family arrived so I finally turned in and helped him. I admit I grumbled at the time, but I hardly think that's the type."

George Rogers Clark is an important figure in early American history who has been sadly neglected by historians. Harold Bicknell makes up for that neglect in a great story of Clark and his winning of the Northwest Territories in West-mitted with his confidants.

Grange Gleanings By A HARVESTER

NORTHSIDE You can't tell me that it doesn't pay to advertise. Last week members of the Grange had a very busy day and this week, here comes a bit of general northside Grange news.

Three candidates were given the fifth degree at this meeting, and from 12 to 17 have waived the obligation at each session this year. A splendid suggestion was made by Brother Will Snyder—that one meeting be set aside for study of the national Grange program, and that Grangers inform their neighbors of the same.

Several resolutions were presented for action by the Grange. Mr. Jarvis of the Union Pacific, showed his moving pictures.

On Wednesday evening, Oct. 18, Mr. Trendy organized a Grange at Elk Creek, on Camas prairie, with more than 40 members on hand and was elected master.

We Must Not Neglect Our Own

America's concern with suffering abroad is to its credit. The food, the medical supplies, the help of every kind crossing both the Atlantic and the Pacific testify that America has not lost its heart.

But there comes a time when we must turn from London and Paris and Chungking to consider our own situation. That time is now, the annual Mobilization for Human Needs.

It is little enough. The American job is a big one. It is to make our country the best place in the world in which to live—to set up a standard to which other countries can turn when the fires of war have burned themselves out.

It is America's annual opportunity to show that the old ways of voluntary help for one's less fortunate neighbors are not dead. It is our opportunity to fling defiance in the face of all those old enemies of a decent social life—poverty, and sickness, and despair.

The annual Mobilization for Human Needs is a challenge—a challenge which 9,000,000 Americans met last year with an \$85,000,000 answer.

Let's Be Patient

The tremendous impacts and collisions at the center of a great war are reflected around the world. At the edges of such a whirlpool there is some inevitable friction.

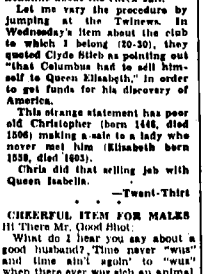

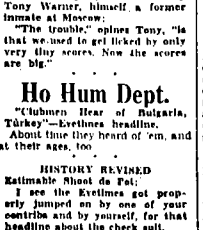

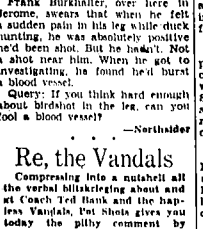

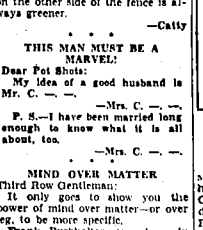

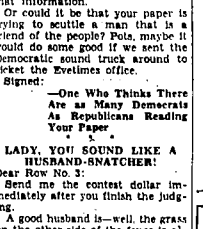

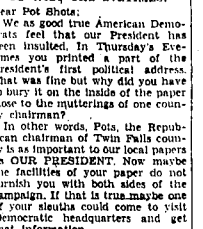

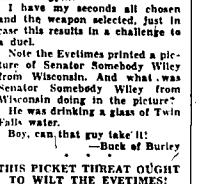

Canada is for a time. Necessity demands, because of the stringent American cash-and-carry law, that Canada conserve every possible American dollar to buy desperately needed war supplies in the United States.

Patience with a good neighbor who is being sorely tried would seem the only just and rational attitude.

Ridicule and Lese Majeste

The proposal to bar from the congressional press galleries newspaper writers who hold up members of congress to ridicule has made certain members more ridiculous than anything the newsmen could write about them.

HISTORY Of Twin Falls City & County

As gleaned from Files of "The Times" 15 YEARS AGO OCT. 26, 1925

Prof. John Fildhusen and his stock judging team from Twin Falls high school, Keith Cowan of Greenfield, Alfred Stronk and Gordon Laird, will leave tomorrow for Portland where they will judge the Smith-Hughes stock judging for the Pacific states.

The finishing touches so far as preparation for immediate use as concerned has been put on the new school of the Rock Island Hotel, Green and Supply company on Bridge street, which in capacity and equipment is second to none in the state of Idaho.

27 YEARS AGO OCT. 16, 1913 Twin Falls Humstead 1114 Brotherhood of American Youth, celebrated their second annual children's day at the Rock Island Hotel. The program consisted of songs and recitations by the Youth children. Refreshments were served with nuts and candy for the children. The four winning prizes given by the supreme body were, Hazel Peters, William McDowen, Nedie Kendall and Willard Reed.

'U' STUDENT DIES AS CAR CRASHES

BOISE, Ida., Oct. 26 (AP)—Douglas H. Duff, 22-year-old University of Idaho student from Coeur d'Alene, was killed and five other students were injured in an automobile accident here today.

Winnipeg police and Ada county sheriff's officers said the car, driven by Duigle, apparently struck a truck trailer late last night about one-half mile west of the intersection of Bend hill summit on the north and south highway. The car overturned twice. Hurdstone Bend hill is about 40 miles west of Boise.

The driver of the truck, Daniel Webster of Boise, was uninjured. Boise county authorities had not decided whether an inquest would be called.

Mrs. Tomlin Elected Head of PTA Section

Mrs. J. E. Tomlin, Twin Falls, yesterday afternoon was elected president of the P.-T.-A. section, held annually in connection with the fall conference of the South Central Idaho Educational association. Mrs. W. Scott Ellsworth was elected secretary. The election took place in connection with the P.-T.-A. leadership training course at the Twin Falls high school, in charge of Mrs. D. I. Foreman, Caldwell, first vice-president of the Idaho Congress of Parents and Teachers.

Announcement was made that Mrs. Julia Harrison, Boise, chairwoman of the state P.-T.-A. adult education committee, would be in Twin Falls for 10 days, starting Feb. 22. During her stay here she will address P.-T.-A. groups, classes in family living and classes in adult education.

Parliamentary Law
Introduced by Mrs. H. H. Burkhardt, president of the P.-T.-A. council, Mrs. Foreman discussed parliamentary procedure during the morning session.

Following no-hostess luncheons at various downtown cafes, at noon the group assembled for an afternoon session, conducted as a regular unit meeting, with Mrs. Foreman presiding during the first part of the afternoon, and Mrs. J. E. Hayes, Twin Falls, national publicity chairman, taking over the meeting at 3 o'clock. Typical reports were presented by Mrs. John Rasmussen, record book; Mrs. J. E. Tomlin, hospitalities; Mrs. J. B. Nelson, membership; Mrs. Frank G. Klefner, publicity; Mrs. George W. Erbland, publications; Mrs. Ray Henry, Education; Mrs. E. Hayes, home representatives; Mrs. Walter Dix, program; Mrs. T. W. Hicks, study group; and Mrs. Roy J. Evans, projects.

Mrs. Hayes presented "Gleanings From the National Convention." She also spoke of the induction into citizenship ceremony planned for next Friday afternoon. Mrs. Burkhardt gave a resume of the meetings.

Report Presented
Mrs. George Erbland, outgoing president of the P.-T.-A. section of the South Central I. E. A. then took charge. Mrs. Cora Garner, Butte, read the secretary's report of last year's meeting.

Room members of the Junior-Senior High School Parent-Teacher association held a post-session business session, with Mrs. Hayes in charge.

High School Nowadays Prepares Girls For Home Careers, Colleges, Business

By JEAN DINKELACKER
Remember when the commencement speaker addressed the high school graduates about their "12 long years of preparation for life" as though life itself, with a capital "L," and its happiness and complications, was something you stopped into the day after you received your diploma?

Educators don't think that way any more, nor do they teach that way. The high school was once regarded as a college preparatory institution, but now, what have we? It's more like a laboratory, training boys and girls in living.

Vocational Help
Dr. Joseph Roemer, dean of Peabody Junior college, Nashville, Tenn., addressing the South Central Idaho Educational association yesterday afternoon, stressed the importance of vocational guidance, and he might have been using the Twin Falls high school as an example, so completely did some of his illustrations apply.

Of course, there are still the classical courses to prepare those who will go on to college, but more and more attention is being given to those who will take their places almost immediately as homemakers and active citizens of the world.

Let's see what's happened to the 100 girls of the Twin Falls high school class of 1940, since diploma day last May.

Eleven of those girls have already changed their titles from Miss to Mrs. and let's hope they have taken advantage of the revised curriculum which has provided such practical courses as home economics, home arts, practical English, con-

sumer's chemistry and practical biology.

Of the group, 19 are in the midst of first-year "campus" experiences, freshmen at colleges and universities. Eight are enrolled at business schools; three are taking hospital training; one is taking a post-graduate course at the local high school; 28 are at home, and 42 are working at jobs.

One of those girls has started on an exciting adventure, traveling with a show troupe. Here's what the others are doing for that weekly pay check:

Clerking, 18; office, 6; housework; 2; theater cashier, 2; waitress in cafe; 2; beauty shop worker; 2; banking, 1; and miscellaneous, 8.

At the last meeting of the senior unit of the Girls' league in the spring, Mrs. Rose Murray North, dean of girls, gave each girl a stamped, self-addressed post card asking that on the following Oct. 1, 1940, the card be sent to her telling what each girl was doing and where she was. Out of 100 girls, only eight failed to respond.

All Appreciative
"Nearly all expressed appreciation for what the high school had done in helping them grow into capable, self-directive women," said Mrs. North.

The fact that such a large percentage of girls sent in their cards would seem to indicate that the high school really does function as a happy, effective period in their lives.

Buffet Supper, Gridiron Clash Attended by GR

Seventy-five members of the Twin Falls Grid Ironers of the Y. W. C. A. attended the annual buffet supper, preceding the football game. The affair was staged at the Idaho Power company auditorium, and Miss Mary Jane Shearer and Miss Julia Ann Ryan were co-chairmen. Miniature goal posts marked either end of the long table, and megaphones, pompous and chrysanthemums were the traditional gridiron decorations.

Among the guests were Mrs. Tom Alworth sponsor, and Mrs. Helen Henderson, Y. W. C. A. secretary. Group singing and toasts formed the dinner hour program. Later the group went in a body to the football game.

Annual vesper services will be held Sunday, Nov. 3, it was announced. Miss Emma Lou Siskner, Miss Maxine Nielsen, Miss Betty Edmondson and Miss Betty Herbst arranged the tables; Miss Judy Jones, Miss Helen Brown, Miss Babe Gies, Miss Marilyn Webster, Mrs. Betty Rommelvelt and Miss Marion Tensley were in charge of the food and room decorations were arranged by Miss Afton Hewitt and Miss Rosella Quint.

Recreation Unit Plans Halloween Party for Public
Twin Falls recreation center will be the scene of lively activity next Thursday, Oct. 31, when two Halloween parties are staged and anyone in town is invited to attend.

The children's party will begin at 2:30 o'clock in the afternoon, and the party for adults will start at 7 o'clock in the evening.

Programs are being planned, and refreshments will be served. "The entertainment is free to everyone," Pat Smith and Miss Jeanette Muse, in charge of arrangements, announced today.

Other members of the recreation staff are assisting.

MILITARY MOTIF FOR K. T. LUNCHEON
Current military drift served as a motif for the dessert luncheon at which Mrs. James Alstra entertained for members of the K. T. club last week.

A crystal plique bearing eight soldier blue bud vases, holding small silk flags, from which red, white and blue streamers radiated, each placed, centered the lace covered table. Tallies were also in the patriotic theme.

Mrs. Louis Satterlee, Jr., and Mrs. O. M. Tucker won prizes, cleverly patriotic. Mrs. Kenneth Ridgeway was a guest.

An evening meeting, date to be announced, is planned by the club members and their husbands at the home of Mrs. and Mr. Lyle Jones.

FRIENDSHIP CLASS MEETS FOR LUNCHEON
Women's Friendship class of the Methodist church was entertained by Mrs. C. A. McMaster and Mrs. Jessie Harlow at the home of the former this week. 22 members responding to roll call with current events.

Christian Endeavor State Speakers Told

Idaho Christian Endeavor Union will hold its 48th annual state convention in Nampa Oct. 31 to Nov. 3, local leaders announced today. The program of addresses, conferences and music will be built around the theme "Triumphant in Christ."

Several Christian Endeavor leaders from other states will appear on the program. Albert Arend, Spokane, Wash., who is a member of the executive committee of the International Society of Christian Endeavor and regional vice-president for the Pacific coast, will meet a regional conference of leaders from Washington, Oregon, Idaho, Utah and possibly California during the convention.

Chester P. Gates, Seattle, Wash., superintendent of Evangelical churches in Washington and a frequent speaker in conventions there, will be one of the principal speakers of the convention. He will bring three addresses and lead a conference on "Triumphant in Christ."

Ward Rice, pastor of the Christian church, Walla Walla, will be in Caldwell for an evangelistic campaign at the time of the convention and will deliver the address Sunday afternoon.

Walter L. Myers, Christian Endeavor field secretary for Oregon and south Idaho will be one of the conference leaders of the convention. The music will be under the direction of H. T. Richards, King Hill. M. W. Brown, Kimberly, will conduct at the banquet Saturday evening.

Other speakers and conference leaders will include Dr. Thomas Addison and Rev. B. C. Bailey, Boise; Rev. Phil Wedell, Aberdeen; Rev. Fred Willis, Jerome; Alvin Kleinfelder, Burley; George Moore, Homedale; Milo Ross, Orofino; Dr. H. F. Jones, Weiser; Mrs. Dr. Florio, College of Idaho; Mrs. Fred Keller, Idaho Falls; Mrs. E. D. McKenna, Nampa; Lon Chamber, Boise.

An intermediate convention directed by Mrs. Raymond Chandler, Caldwell, and a junior convention by Mrs. J. Q. Hook, Boise, will begin at 9:30 o'clock Saturday morning and include a pot-luck lunch at noon.

Attending ministers will meet at a fellowship hall at noon Saturday.

Mrs. Ulline Garvin, Caldwell, is state Christian Endeavor president in charge of program and convention arrangements while Mrs. M. D. Beall, Nampa, is local convention chairman.

October 31 will meet for their annual picnic dinner at 1 p. m. Sunday at the Twin Falls county fairgrounds. A brief program will follow the dinner, that those who wish to attend the dedication of Federation Lookout at 3:30 p. m. may do so.

22 TEAMS RISK UNDEFEATEN RECORDS TODAY

Pennsylvania vs. Michigan Tops National Program

NEW YORK, Oct. 26 (AP)—Twenty-two undefeated football teams risk their records on the line against stern opposition today and by nightfall the carnage will be terrific. The biggest explosion will occur at Ann Arbor, Mich., where Michigan, banking on the hipper-dipper running of Tom Harmon, meets Pennsylvania and Francis Xavier Regan, greatest back of the east. Both teams are undefeated and untied and it will be the top game of the day with Michigan slightly favored in the betting.

The other undefeated major teams—some of them have been tied—are Mississippi, Tennessee, Mississippi State, Texas A. M., Columbia, Cornell, Fordham, Georgetown, Rutgers, Penn State, Boston College, Texas, Notre Dame, Minnesota, Northwestern, Stanford, Southern California, Navy, Lafayette, and Franklin-Marshall.

Among the Michigan-Penn game a close second in national interest is the one between Stanford and Southern California. Also, Michigan has good chance at the Rose Bowl, and generally, this one is rated as an even game.

The other good ones in the far west—UCLA-Oregon State, Washington-California, Washington State-Idaho, Idaho-Utah State, Colorado-Wyoming, and Utah-Denver.

The midwestern schedule is dotted with good games. These include Penn State-Michigan, Cornell-Penn State, Illinois-Kansas, Michigan State-Santa Clara, Minnesota-Iowa, Nebraska-Missouri, Northwestern-Indiana, Purdue-Western Michigan, and Ohio State-Indiana.

Top game of the east sends undefeated Cornell-dreaming of a national championship—against Ohio State at Ann Arbor. Ohio State is in two games, is hurting for revenge on the licking Cornell handed out at Columbus last year.

Other games worth watching in the east—Columbia-Syracuse, Fordham-Maryland, Cornell-Dartmouth, New York University-Georgetown, Princeton-Rutgers, Temple-Penn State, Army-Laurel, Wake Forest-Navy, Boston College-St. Anselm's, and Franklin-Marshall-Cornell.

Two games coming off in this state the best team in the south, has a fairly easy game against Florida, but the Volunteers can't afford to lose too many if they are going to another bowl this season.

Some others worth watching in the south—Arkansas-Mississippi, Georgia Tech-Auburn, Louisiana-Vanderbilt, North Carolina-Tulane, Wake Forest-Duke, North Carolina State-Mississippi State.

Two games coming off in the southwest and all the attention in the west will be the price of admission. At Waco, Tex., undefeated Baylor will meet the unbeaten Baylor of the Southwest. At Houston, Tex., featuring Coach Jack Crain, takes on Rice, which is one of the best in the country. The game, which is expected to be a different story by sundown.

Utah Tackles 69,000,000 Waterfowl Targets Denver in Comeback Try

By STAN DECKER
SALT LAKE CITY, Oct. 26 (AP)—A big question mark settled down on the schools of the Big Seven conference today. Can Utah's football team come back after its loss last week to the undefeated Utah Aales? Favored as one of the teams to beat in the conference title race this year before its beating last week, Utah went onto the field in the stadium this afternoon as underdog to one of the mightiest teams to come from Denver university, which has performed well.

Hope for Win
The Denverites had their first conference game of the season to lose, while the Utes were battling to put themselves into the upper bracket again.

The betting odds favored Denver university, which has performed with consistency throughout the early part of the season. But no one was willing to say the breaks could not bring another upset.

The contest at Boulder between Colorado and Wyoming appeared to be another early season test which allowed the Buffs to go undefeated so far in conference competition.

The non-conference series scheduled for mountain states elevates provided interesting possibilities, but several games pointed to win for the States of Utah and Colorado.

Idaho Has Chance
Playing on a neutral field at Boise, Utah State met Idaho university, which had lost to some of the best teams in the country. But the game was the first opportunity against what might be termed a weak team, and the Vandals could not be classed as a push-over.

The condition was much the same at Denver, where Colorado State and New Mexico met in a football game. Colorado State was favored to win its second non-conference game in light of New Mexico's loss to Wyoming at the season's opening.

Brilliant Back Scores 25 Points as Fans Watch One-Man Show

Nearing the end of a brilliant high school football career, Chuck Thomas, fancy-stepping Twin Falls high school backfield star, staged a one-man show here last night as he ran rough-shod over the Caldwell Cougars to score a 26-0 win for the Bruins.

The victory was the first conference win of the season for the Twin Falls club and their fourth triumph in six starts this year.

In staging his great running display, Thomas scored 25 of the 26 points of the game and cut through with brilliant runs of 60, 65, and 97 yards. One was on a punt return, the other two from scrimmage.

Great Blocking
The credit can't go to Thomas however, as his teammates came through with their finest blocking of the season to clear out prospective tacklers, the line charged well to let Twin Falls keep the ball most of the time.

U.S.B. Takes Movie Thriller From Abion Normal, 30-26

POCATELLO, Oct. 26 (UP)—University of Idaho, southern branch late yesterday pushed over a touchdown on the last play of its football game with Abion Normal to win 30-26 as the lead changed for the fourth time.

A desperation pass from deep in Abion territory from George Atkinson, halfback, to Erikson, end, was good for the winning margin. Three Abion safety men who "broke up" the play knocked the pigskin directly into Erikson's hands for the goal.

Abion took an early two-touchdown lead, which was smothered by three branch scores in the third quarter while the Cougars pushed over one touchdown drive.

The final touchdown came after the gun had sounded, with the U.S.B. taking 10 seconds before the game ended.

Abion scored first on the fifth play of the game when they kicked that went out of bounds on their own 23. From there Erikson passed to Price for the score.

WATCH FOR, AND KEEP THE
WHITE FLAG OF SAFETY
FLYING FOR MAGIC VALLEY!

It's Time to THINK of

SAFETY

BACK TO SCHOOL

in Magic Valley means that thousands and thousands of children of school age are once again using thoroughfares and high-ways day after day. In school busses, on foot, on bicycles, in private cars they are swarming to and from city and country schools.

These thousands of young souls need your protection—the protection which you as a citizen can give them in a battle for life. For the mere fact that school is in session again constitutes a new complication in traffic safety.

The bright side of this picture is that ordinary thought and carefulness will bring them the protection which they need. Courtesy of the road will solve many of our traffic safety problems—education of our school children and our drivers can do the rest!

Last year over 40 deaths stemmed from traffic accidents—many of which could have been averted through more careful consideration of the "other fellow"—that's the way to prevent traffic fatalities.

KEEP THE WHITE FLAG OF SAFETY FLYING!

With the hope of reminding every citizen of his duties toward these school children and his fellow citizens, these Twin Falls merchants have banded together to bring the problem of safety—and its solutions—home to each of us. Let us drive safely, think carefully and act accordingly.

As a symbol of safety, these merchants have chosen a white flag to fly in your daily newspapers on each day which passes without a traffic fatality in Magic Valley. It will be our job to keep the white flag flying as a signal that we are using our thoroughfares and high-ways carefully. The black flag, the symbol of a traffic death, has already flown twice. Let's keep that white flag flying.
